THE SNYDER DAILY NEWS

VOL. 8, NO. 146 | SNYDER, TEXAS, THURSDAY, OCTOBER 17, 1957 | FOURTEEN PAGES—PRICE 5¢

STREET LIGHT GOES UP—Members of the city street department are shown above hanging a new traffic signal light at the intersection of Avenue M and Thirty-seventh Street. The light was paid for by Scurry County and installed by the city. It will be maintained by the city. The light was placed to provide a safe crossing for traffic and pedestrians from the colored section of Snyder to the new county park. (Lee Watson photograph)

Hike In Oil Output Ordered

AUSTIN (AP)—The Railroad Commission ordered today an increase of 58,788 barrels of oil daily for November, setting the statewide oil allowable at 2,998,927 barrels a day.

The oil regulatory body retained the 12-day production pattern which is the same as that for this month. The increase comes because November is a shorter month. Under the conservation policy this means wells will be shut down 18 days in November compared to 19 days in October.

The major crude buyers were about evenly split in making nominations for 12 days and below. Six companies asked for 12 days while 4 wanted less than 12 days production.

Sinclair asked for an increase to 13 days.

D. H. Gregg of Humble Oil said the nominations by that firm were based on an 11 producing day schedule, stating that the company had suffered substantial losses in business during this month.

"Several Texas Gulf Coast refineries to which Humble supplies crude have reduced operations by as much as 50 per cent and this had reduced Humble's crude sales in October by one million barrels," Gregg said.

Queen Greeted In U. S. By Pomp And Ceremony

WASHINGTON (AP) — Radiant Queen Elizabeth II brought greetings from "a friendly neighbor and a staunch ally" on her arrival today for a state visit to the United States.

In colorful, full-dress ceremonies at National Airport President Eisenhower told the 31-year-old British monarch her stay will help strengthen the ties of friendship between the two great English-speaking nations.

Those ties, Eisenhower reminded his royal guest, "have been tested in the crucible of war when we fought side by side."

After the pomp and ceremony of the formal greeting, the two chiefs of state rode for nearly an hour through cheering throngs lining Washington's historic avenues, bound for the White House and another welcome from Mrs. Eisenhower.

Eisenhower, wearing a constant broad smile, sat between Elizabeth and her husband, Prince Philip, in the back of the bubble-top White House parade car.

The Queen, Philip, and occasionally the President, waved smiling acknowledgement to the cheers of crowds that stood in deep ranks along the sidewalks. Philip's acknowledgement of the cheers ran to vigorous gestures. At times his royal wife appeared to go a shade past her usual restrained flip of the wrist.

A few moments later the procession reached the White House where Mrs. Eisenhower greeted the house guests on the steps of the north portico.

Mrs. Eisenhower was hatless. Her dress was a dark green woolen one. She wore outsize pearls in a double-strand necklace.

Elizabeth was still animated as she arrived at the executive mansion but she appeared a bit tired.

Eisenhower stepped out, removed his hat and helped the smiling Queen from the limousine. They quickly mounted the five steps to the porch. As they did so the First Lady bent forward, extended her hand and welcomed the pretty monarch to the White House.

It was at the Lincoln Memorial that the crowds along the parade route came alive. A bevy of green-clad Girl Scouts let go with a loud, football type cheer.

So intent on the royal pair were the watchers that one little girl tugged at her mother's sleeve and asked, "Who was that in the middle?" It was Eisenhower.

It was the warmest ovation Elizabeth has received on her North American visit which began in Canada last Saturday.

Umbrellas, raincoats and the British Union Jack were everywhere.

Eisenhower's personal plane, Columbine III, bearing the Queen from a triumphant visit to historic Williamsburg, Va., touched down at National Airport at 11:12 a. m.

The splash and color and pomp of full military and official honors contrasted with the dull, gray autumnal day. But a light rain which had been falling earlier in the morning had stopped.

Washington, the nation, and the President receive other chiefs of state from time to time, but there was something special about this one which brought face-to-face the heads of the two great English-speaking nations at a critical time in the world's history.

Eisenhower, dressed in gray, arrived at the airport in a limousine two or three minutes before the Queen's plane came into view.

The color guard snapped to present arms, the band struck up ruffles and flourishes and "Hail to the Chief" echoed out across the airport.

HELD ON KIDNAP CHARGE—Robert LeRoy Ball, 18, a Dowagiac, Mich., high school student is being held in jail on a charge of kidnap and rape of two women teachers. Cass County Prosecutor Jerry O'Connor said Ball signed a statement admitting the kidnapping, raping and beating of the two women.

Marriage Memory Is Poor

LOS ANGELES (AP)—Clifford Burton, who police say may have married nine women in 16 years, sobbed to newsmen:

"I've been married several times, but I can't recall dates or details. I had two serious head injuries as a child and I have trouble remembering things."

Detective C. S. Stewart said Burton's career in matrimony began in 1941.

Police said his brides ranged in age from 15 to 20. Some marriages, Stewart said, have ended in divorce or annulment. Burton is the father of 9 or 10 children, the officer said.

Asked why, Burton said:

"I was looking for happiness, which I never found until I married my last wife four years ago. She has given me true happiness and three wonderful children. I want to devote my life to the children."

He was booked on suspicion of bigamy.

SPOT MUSE

THE WIDE-SPREAD flu epidemic has hit close to home.

Tomorrow night's Big Spring-Kermit football game scheduled for Big Spring has been postponed until Saturday night because of a flu epidemic in Big Spring.

Big Spring had 18 footballers down with the flu earlier in the week, leaving only 10 boys to work out Monday. Four of the 18 returned to school Tuesday.

Midland, tomorrow night's Tiger opponent, had 10 boys out with flu Monday but Midland coach Audrey Gill told Tiger coach John Conley yesterday that he expected all his boys to be ready for play Friday night.

INITIAL ESTIMATES on the turnout for the Oil Progress Week barbecue Tuesday apparently were conservative. Seasoned veterans who helped serve the food calculated that about 2,200 persons went through the lines, not counting those who went back for "seconds." Earlier, it had been estimated that between 1,500 and 2,000 people were on hand for the event. Without a doubt it was next to the largest gathering ever held here during Oil Progress Week, ranking second in attendance only to the big Diamond Jubilee event in 1953.

CHRISTMAS is already in the air, it appeared today, as many residents of the area around Snyder were in town stocking up on items which might serve as Christmas gifts. They were taking advantage of the big sales being thrown by most Snyder merchants in the Snyder Summons Days events, which last through tomorrow.

Syrian Army Is Placed On Alert Today

DAMASCUS, Syria (AP)—The Syrian army was placed on alert today and the Cabinet was reported weighing general mobilization in the crisis arising from charges Turkey is planning to attack.

A government spokesman disclosed the army alert, but said it amounted only to a cancellation of officers' leaves. The spokesman denied an Egyptian Middle East News Agency report that a state of emergency had been declared.

That would cancel all leaves and order all absent soldiers to report to their units. The Egyptian report was splashed in all Damascus newspapers.

The spokesman said the officers' leaves first were canceled a few weeks ago, then the order was relaxed for a while and now has been reinstated. The spokesman declared no mobilization or even partial mobilization of the army has been ordered.

Two Cabinet members who declined to be identified told reporters, however, the Cabinet was considering nationwide mobilization.

Turkish Minister Adnan Kural met with the acting foreign minister, Kalil Kallas, and delivered a note from his government.

It was understood the note denied Syrian charges that Turkey plams "premeditated action" against Syria.

WEATHER

SNYDER TEMPERATURES: High Wednesday 75 degrees; low 50 degrees. Reading at 7:30 a.m. today 57 degrees.

North Central and East Texas — Fair and mild through Friday.

West Texas — Considerable cloudiness through Friday with scattered showers El Paso area and through the lower Pecos Valley eastward. No important temperature change.

South Central Texas — Partly cloudy and mild through Friday. Scattered showers in extreme south.

Reports Come In Fast Here

About $26,500 had been raised by the Scurry County United Fund in its 1957 campaign by this morning, but reports were beginning to come in at a fast pace.

Workers, asked to complete their contacts by the time the United Fund holds a community report breakfast next Tuesday, are responding to the call, and numerous envelopes were being turned in today.

Still lacking over $12,000 reaching the goal of $38,934, United Fund leaders were urging workers to contact every prospect on their lists sometime this week if possible.

The United Fund here contributes to the support of nine youth and benevolent agencies.

Latest United Fund contributors:

D. A. Porter, R. W. Boyd, G. L. Autry, Ivan Gatlin, E. E. Shuler;

Homer Cary, H. A. Smith, David McIntosh, Henry R. Treet, Newt V. Bonner;

Alimony Cut Being Sought

LOS ANGELES (AP)—When actor Charles Winninger, 73, appeared in court to ask that his alimony payments to actress Blanche Ring 81, be cut, he said:

"Why, I'm not sure if Blanche is still alive."

At this point yesterday, Superior Judge Wallace Ware ordered the case continued and said: "In heaven's name, let's get busy and find out if she's still alive."

Newsmen ascertained last night that she is indeed alive and residing at a New York City hotel.

The actor asked that the alimony be cut from $175 a week to $50, saying he had paid his former wife "more than $300,000 since we separated in 1928." Winninger now is married to actress Gertrude Walker.

San Francisco Has Chinese Cop Again

SAN FRANCISCO (AP)—San Francisco, which boasts the largest Chinatown in the world outside of China, has its first Chinese policeman in the 101 years of its police department. Herbert P. Lee, 24, was sworn in yesterday.

Police said few Chinese ever had applied for the jobs, largely perhaps because the minimum height requirement is 5 feet 9.

French Moralist Gets Nobel Prize

STOCKHOLM (AP)—Albert Camus a French moralist and one of the sharpest contemporary critics of totalitarianism of all kinds, today won the 1957 Nobel Prize for Literature.

The 43-year-old author of "The Plague" and "The Fall" was cited for "his important literary production which, with clear-sighted earnestness illuminates the problems of the human conscience in our times."

Camus was the second youngest author selected by the Royal Swedish Academy of Literature for the international prize. British author Rudyard Kipling was 41 when he was tapped in 1907.

On Monday a committee of the Norwegian Parliament chose Lester B. Fearson, former Canadian foreign secretary, for the 1957 Nobel Peace Prize. The prize in medicine will be announced next Thursday and the physics and chemistry awards a week later.

Camus will receive more than $42,000, the largest amount ever given a Nobel literature winner. Size of the awards depends on the income from the fund established by Alfred Nobel, Swedish inventor of dynamite, who died in 1896.

In a radio talk today on Camus and his works, Dr. Anders Oesterling of the Swedish Academy said the French writer illustrates an idealistic aim in describing life around him and above all accents the positive by showing an energetic demand for revolt against futility.

This is the kind of knocking on doors, Oesterling said, that represents the very basis of the Nobel award.

Although "The Plague" and "The Fall" are his best known works in the United States, Camus himself claims to like best "Man in Revolt," a major treatise on the philosophy of oppression through the ages.

A Communist himself for one year at the age of 21 in his native Algeria, Camus in this book sums up his later views thus: "Every revolutionary ends as an oppressor or a heretic. . . . Revolt and revolution both wind up at the same crossroads: the police or folly."

Camus himself advocates a "Greek middle way" of reason, modesty and classical restraint between what he calls the physical or moral "hangmen" of the extreme left and right.

Other Schools Are Closed By Flu Bug

By The Associated Press

Influenza had closed new public schools across Texas Thursday.

New schools closed by flu epidemics were at Winters and Rochester, Goree, Blooming Grove, Frost and Purdon.

Schools at Munday remained idle. They shut down last week.

Winters authorites said about 412 of the 1,000 pupils and seven teachers were ill.

Killed By Shotgun

SAN ANTONIO (AP)—A shotgun blast struck Mrs. Marina Conamar, 50, in the neck and killed her yesterday. She knocked over the weapon while cleaning.

Permanent Injunction Issued In Galveston

GALVESTON (AP)—The first permanent injunction in the state's crackdown on Galveston County vice was issued yesterday.

Judge William Stone permanently enjoined Jessie Elliott from operating illegal gambling, liquor or bawdy house activities at the Ace Rooms in Galveston.

She did not contest.

Asst. Attys. Gen. Jim Simpson and Riley Fletcher said they expect others of the 64 operators now under temporary injunction to agree to permanent injunctions within the next few days.

Daniel Trying To Mollify Big City Critics Of Water Bill

AUSTIN (AP)—Gov. Price Daniel sought today to mollify big city critics of the administration's water bill as legislative attention centered on conservation, a key point in Daniel's special session program.

The governor assured representatives of San Antonio and Houston that the interests of cities would be guarded along with all others. Some opposition has cropped up on grounds the measure might put in jeopardy the present first priority of water for "domestic and municipal use."

Daniel said if the bill does not protect that priority, he would back amendments making it crystal-clear.

House and Senate committees studied the water measure after a Senate committee heard considerable questioning yesterday of the administration-backed lobby measure.

Sen. Crawford Martin, sponsor of a bill which follows generally recommendations of the Texas Legislative Council, had rough sledding before the Senate State Affairs Committee. It recessed until Monday after a three-hour question-and-answer match.

In the House, the State Affairs Committee sent to subcommittee two resolutions drafted by the segregation bloc. One would tell President Eisenhower that federal troops were not wanted in Texas for any purpose and that he not interfere with operation of the public schools; another would ask the President to bar from Texas Negro servicemen who are married to whites.

Martin admitted, "There's plenty of ways of going around this bill."

No funds or officials are provided to supervise the act, neither are there any in the other versions offered in both Houses.

The Hillsboro senator told the committee "as long as the lobbyists don't discuss legislation, they don't have to report."

He replied in the affirmative when Chairman Wardlow Lane asked:

"You mean if a lobbyist wines and dines me for nine days and never discusses legislation, that he can feed me sardines and crackers on the tenth day and just report that?"

"I think it's got 'oo many loopholes," said Sen. Jimmy Phillips, who has his own bill on lobby control. Phillips branded Martin's as "too loose" and "not logical."

SCUFFLE IN COURT—Miami Herald photographer Steve Wever, center, struggles with Dade County Circuit Judge Stanley Milledge, right, and Baliff Charles Michel in a dispute over taking pictures of the judge in the courthouse corridor. The commotion started when a TV cameraman had his film taken from him on orders of the judge who opposed having his picture taken. Then another cameraman was detained at the courthouse for making a picture of the judge. The struggle took place when Wever was assigned by his paper to get a picture of Judge Milledge in the courtroom corridor.

Commies Are Calling For French Protest

PARIS (AP)— Uneasy calm prevailed in France today in the wake of a Communist call for demonstrations against the war in Algeria.

Factories operated about normally despite a Communist demand for a strike. Streets were peaceful through most of the day.

Police remained on the alert since traditionally street fighting does not break out until factories and offices close at 5 p.m. Right wing groups have threatened demonstrations if the Communists start anything.

The nation, meanwhile, struggled along with a caretaker government. Former Premier Antoine Pinay was trying to form a cabinet to end the 16-day-old government crisis.

A 24-hour power strike crippled the entire country. It defied a ban by Premier Maurice Bourges-Maunoury's lame-duck regime. The government was convinced that riots would result.

The Communists called the ban "fascistic," and the party newspaper L'Humanite said: "Tomorrow in Paris, and in all of France, the great voice of the people will be raised on behalf of peace in Algeria."

Other organizations, including several powerful veteran groups, organized counterdemonstrations.

The Communists support Algerian rebel demands for immediate, complete freedom for the North African land. Some veterans organizations are prominent in the right wing, which insists France must hang on to Algeria at all costs.

Beset by unrest and sharp disruption in the nation's political and economic life, most Frenchmen were aware they faced one of the gravest of their many post-war crises. The realization bolstered Pinay's slim chances of ending the Cabinet crisis.

Pinay, a Conservative Independent, agreed last night to form a cabinet. He planned to submit his lineup to the National Assembly tomorrow for approval which appeared to hinge on whether the Socialists would support him.

More pay was demanded by more than 100,000 utility workers who struck yesterday, cutting off electricity and gas service during the day. Communist, Socialist and Catholic unions joined in rare unity in asking 30 per cent raises to keep up with the cost of living.

TV VIEWERS SEE NUDE DANCERS

LONDON (AP)—Three dusky girls, nude from the waist up, danced before British television viewers last night.

One girl sat on the floor in front of the TV cameras and stayed there several minutes writhing and wriggling for a closeup shot.

The show was on commercial television, and the dancers were from the African Ballet currently appearing in London.

"We decided to let them dance exactly as they do normally," said a TV official.

"We have had only two calls from viewers. One was disgusted and the other thought it was all very nice."

OIL ROUNDUP

Three Producers Logged In Fields

Three Scurry County fields have logged new producers this week.

C. R. Wiley No. 1 Etta Roberson has been completed for a daily potential of 72 barrels of 28 gravity oil in the Sharon Ridge (1700) field. On the potential test the oil was pumped from open hole at 1,746-76 feet, and top of the pay was 1,745 feet. The location is in section 143, block 3, H&GN survey.

Mildred Pundt No. 4-C J. E. Murphy also has completed in the Sharon Ridge (1700) field. It made a potential of 33.26 barrels of 28 gravity oil, pumping from perforations at 1,762-82 feet. It is in section 115, block 97, H&TC survey.

Trice Production Co. No. 1 Hill was completed in the Tri-Rue field. It made a daily potential of 216 barrels of 41.5 oil flowing through perforations at 6,917-33 feet. The location is in section 170, block 97, H&TC survey.

FISHER COUNTY

West Central Drill Co. No. 6 A. S. Brown is a new 5,100-foot rotary project in the Round Top (Palo Pinto) field.

The drillsite is 994 feet from the south and 1,300 feet from the east lines of block R, W. E. Richardson survey, or nine miles west of Hamlin.

KENT COUNTY

Fletcher Oil and Gas Drilling Corp. of Dallas has plugged its No. 1 Bilby Wallace, Central Kent County Wildcat, at 6,980 feet. The location is 660 feet from the north and 789 feet from the west lines of the northeast quarter of section 60, block 98, H&TC survey, or four miles east of Clairemont.

TODAY'S MARKETS

FORT WORTH (AP)—Hogs 700; off 25; choice 18.00.

Cattle 1,000; calves 300; steady; medium and low grade steers, heifers 12.00-18.00; fat cows 13.50-15.50; good and choice calves 18.00-21.50; common and medium 13.00-15.00; good and choice stocker steer calves 20.00-22.50; heifer calves 20.50 down.

Sheep 500; steady; good and choice lambs 21.00-21.50; feeder lambs 19.00-20.50.

AUSTIN (AP) — Poultry steady. All areas 2½-3¼ lb 17.

NEW YORK (AP)—Cotton was 5 to 40 cents a bale lower at noon today. December 34.55, March 34.68, May 34.75.

CHICAGO (AP) — Butter 460,000; unchanged. Eggs 5,900; unchanged to 1½ lower; 65 per cent A white 54; mixed 50, mediums 38½; standards 38.

STOCK AVERAGES

Compiled by The Associated Press.

	Indust.	Rails	Utils.	60 Stks.
Prev. day	239.5	98.1	76.0	161.0

Labor Faces Big Problem, Speaker Says

AUSTIN (AP) — Organized labor faces alternatives of "self-restraint or legislative restraint brought about by an aroused public opinion," a major oil company executive said last night.

"The leadership of organized labor may well recognize that it has now become a significant power in our society," Hines Baker, vice president and a director of Standard Oil, told University of Texas students at a Great Issues session.

"It faces the same alternatives that the leadership of industrial corporations faced a few years ago: Either self-restraint or legislative restraint brought about by an aroused public opinion," he said.

Baker said legislation was necessary to prevent labor unions for organizing in what he called "giant federations" which result in long distance bargaining. Labor should be prevented from forming monopolies in the same manner industries are controlled, he said.

"In the long run, I believe the labor union movement will be strengthened and made more effective for long-range good when such equality is enforced by law," he said.

Baker said unions need to substitute other means "than coercive rules to win and keep members... prophetic insight is hardly required to forecast that the alternative is very likely to be restrictive legislation."

Slaton Man Jailed After Appeal Fails

Otis Williams, Slaton man convicted here last February on a charge of illegal transportation of intoxicants, was placed in the county jail today after his appeal of the case failed.

The sheriff's office placed Williams under arrest after receiving a mandate from the Court of Criminal Appeals which denied Williams' plea.

The Slaton man was given 90 days in jail and fined $523.50, including court costs, in the case.

Blast Kills Girl

LEWISVILLE, Tex. (AP)—A little girl died and her mother and sister were injured in an explosion and fire which razed their ranch home yesterday. Firemen said the child, Vicky Stillman, 2, apparently was trapped by the unexplained blast. Her mother, Mrs. A. V. Stillman, and a sister, Donna, 4, were treated for burns.

Man Is Fined Here On Check Charges

Albert Milam, Jr., 24, of 2109 Avenue C, was fined $38.50, including court costs, in county court here yesterday when he pleaded guilty to a charge of swindle by worthless check.

Milam was fined by Gene Dulaney, special judge. He was still in jail today, not having paid the fine.

In Mood For Love

VALLEJO, Calif. (AP) — These thieves could be in the mood for love. After smashing a jewelry store window, they fled with wedding and engagement rings valued at $8,000 but left other gems.

The planet Uranus was first named Georgium Sidus after King George II when it was discovered by Sir William Herschel in 1781.

Maybe Man Should Have Stayed Home

OKLAHOMA CITY (AP)—Door to door selling is not the easiest life and it was just a little harder for brush salesman William Meinon yesterday.

Meinon told police he returned to his car from a call and found two women in it.

"What are you doing in my car?" Meinon asked.

"Your car? What do you mean? This is our car," the women were quoted as saying.

Meinon told officers he checked the license plate then returned and was met by assorted kicks, screams, bites and a wallop on the head with a bottle of the cleaning solution he was selling. The bottle broke.

He called police who booked Mrs. Alla Jackson, 43, on a drunkenness charge and Mrs. Erma King, 59, on an assault charge.

Neither woman offered an explanation, but one asked, "How come we're being booked in Oklahoma City? We thought we were in Tipton."

STATE PRESIDENT HONORED—Visiting over a cup of coffee yesterday morning, prior to the luncheon held at the Martha Ann Woman's Club, were a group of local doctors wives and Mrs. H. S. Renshaw. Pictured from left to right are: Mrs. Edward Rogers, presenting Mrs. Renshaw with a cup of coffee, and Mrs. Thomas Hartley, hostess to the group. (Lee Watson photograph)

WOMEN'S CALENDAR

THURSDAY

Gamma Upsilon Chapter, ESA, preferential tea in home of Mrs. T. A. Boren, 1804 Thirty-seventh Street, with Mrs. Bob Boren and Mrs. W. W. Springer hostesses, 7:30 p.m.

Order of Eastern Star, stated meeting at Masonic Hall, 8 p.m.

Ladies Auxiliary of the Fire Dept. 7:30 p.m. at the West Sub Station

FRIDAY

Ladies Golf Association meets at Country Club, tee off time 9 a.m.

SATURDAY

American Association of University Women, coffee at Martha Ann Woman's Club, with Mrs. Carolyn Reon hostess, 10 a.m.

Altrurian Daughters Study Club will hold a rummage sale, opening at 9:30 a.m. one-half block north of the square on Avenue S.

SPINACH TIP

Lemon juice, crisp bacon and sliced hard-cooked egg do wonders for buttered cooked fresh spinach.

SALAD TIP

Add choped fresh mint to a salad of cooked green peas and diced raw celery. Good with cold lamb or veal.

MRS. DICK ROBERTS

Busy But Interesting Life Led By Mrs. Jan Roberts

After reading an article in the paper about Mrs. Eleanor Roosevelt visiting in Russia for three weeks and not seeing a smile, her story would probably be reversed if she should visit Snyder.

One smile we feel sure whe would notice if she entered the Sun Pipe Line Co. office, would be that of Mrs. Jan Roberts, supervisor of the West Texas area office here. She is never shy of a hearty welcome and friendly smile in business or in social gatherings.

Jan has been with Sun Pipe Line for five years. Her duties consist of the supervision of the other four ladies employed there. Complete records are kept here of runs made of lease gatherings, calculated and transmitted to the Beaumont office. It is her duty to see that all necessary business with the Texas Railroad Commission and the Federal Petroleum Board are transacted in the proper manner, as well as filing of tenders and issuing regulatory reports to such bodies. Figures compiled in the local office are used in payments of oil royalties.

Prior to her employment with Sun Pipe Line Co. Jan worked for the local Chamber of Commerce and for Mid Continent Supply Co. in Fort Worth.

Mrs. Roberts has been active in civic projects since she came to Snyder in 1950. She will be remembered by many for her presentation of the "Magic Suitcase" last year during Oil Progress Week.

Jan has been a member of the Desk and Derrick Club for three years, serving as a director for the first two and at present serves in the capacity as president. She is also a member of the Jaycee-ettes.

Mr. and Mrs. Roberts live at 3749 Highland Drive.

Mrs. H. S. Renshaw Honored With Luncheon Wednesday

Mrs. Thomas Hartley entertained with a luncheon Wednesday at the Martha Ann Woman's Club honoring Mrs. H. S. Renshaw of Fort Worth. Mrs. Renshaw is the State President of the Texas Medical Auxiliary.

The dining table was beautifully laid with a white Maderia cloth embossed in gold, centered with an arrangement of large bronze mums, fall leaves and bronze button mums.

Other guests present were Mrs. Edward Rodgers, Mrs. Harry Ward, Mrs. Robert Pierce, Mrs. Harry Redwine and Mrs. Wilton Jones.

Mrs. D. Oglesby Hostess To Parks Circle Tuesday

The Parks Circle of the First Baptist Church met in the home of Mrs. David Oglesby, 2302 Sunset Avenue, Tuesday at 9:30 a.m. for Bible Study. The lesson on "Witnessing for Christ" was brought by Mrs. Ruth Corbell.

Members present were Mrs. Ralph Kee, Mrs. Dora Morris, Mrs. Bessie Moore, Mrs. Edna Malone, Mrs. Josephine Oglesby, Mrs. Faye Ritchie, Mrs. James Patrick, Mrs. Hattie Scarbrough, Mrs. Bessie DeLoach, Mrs. Corbell and Mrs. Willie Dickerson.

Mrs. Arel Faver Hostess To Sorority Tuesday

Mrs. Arel Faver was hostess to the Exemplar Chapter of Beta Sigma Phi in her home, 4107 Denison Avenue, Tuesday at 8 p.m.

Following the short business meeting, presided over by Mrs. C. D. Henry, Mrs. Howard Gray brought a program entitled "Public Speaking."

During the social hour, cake and coffee were served to Mrs. Gray, Mrs. Forrest Beavers, Mrs. Henry, Mrs. Jack Croff, Mrs. Joel Griffin, Mrs. Carolyn Reon, Mrs. Chris Mickler, and Miss Louise Taylor.

Plainview 4-H Holds Meeting

Mrs. F. B. Hollis was hostess to the Plainview 4-H Club Monday afternoon at 4:45 in her home on the Roby Highway.

Miss Ruby Butts, County Home Demonstration Agent, gave a demonstration on "Money Management."

Refreshments were served to the 11 members present.

Petroleum Peggy Presents

A Latin name, a Greek origin, the ability to write any language on earth, fully qualified to make a mark in the world of letters — the subject of this recommendation is known in every household. It's the fountain pen.

Considering the many famous words first set to paper with a fountain pen, it's very appropriate that the oldest known ancestor of this writing tool was found in the tomb of Aristotle, the Greek Plilosopler. Naturally it was very crude — just a hollow metal tube with a point. And it held only whatever ink made its way into the tube when the pen was dipped.

The modern fountain pen is a precision mechanism, with as many as 64 separate parts. Into the sleek barrel, which is occasionally made of metal, but most often of oil-based plastic, is fitted a minutely engineered system for drawing up, storing ink, and releasing it at the exact flow for your particular kind of handwriting. Every material in a pen is carefully chosen for wearing quality — such as the petroleum plastic used for the ink sac, which must be resilient and resistant to cracking, as well as to acids and alkalis.

In recent years, a new "cousin" to the fountain pen has leaped into popularity — the ball point pen. It's much simpler in construction but just as carefully made. The point, as the name proclaims, is a tiny ball, fitting precisely into the pen so that it revolves as you write, bringing its inked surface in contact with the paper. The viscous ball point inks, like regular writing inks, are specially compounded of various petroleum products, and other ingredients.

Like the fountain pen, products of the American petroleum industry have made their mark all over the world — not only in the field of letters, but in virtually every new development of modern industry.

OMELET FILL

Tny cubes of bread, fried until golden in butter or olive oil, make a delightfully crisp filling for an omelet.

Central Elementary P-TA To Help Needy Children

The Central Elementary School Parent-Teacher Association has begun a clothing drive for needy children from 6 to 12 years old.

The organization has asked that those who have clothing they would like to give in the drive either call Mrs. Jake Harmon at 3-5762 or turn the clothes in at the Central Elementary School.

If the clothing needs mending, members of the organization will do the repair work. The P-TA organization asked that only clothing which will fit children from 6 to 12 be turned in.

The drive was planned at a meeting held last week by the group. At that meeting, the Rev. Jack Dean, pastor of the Northside Baptist Church, was speaker.

Mrs. L. Bearden Hostess To O'Neil Circle

The O'Neil Circle of the First Baptist Church met in the home of Mrs. Lowell Bearden, 1802 Twenty-eighth Street, Tuesday for WMU.

The meeting was called to order and opened with a prayer by Mrs. James Luedecke, chairman.

Mrs. Durwood Miller, community missions chairman, passed out names of unlisted Baptists to be visited.

The group returned after visiting for cookies and punch.

Members present were Mrs. Tommy Ivison, Mrs. John Brown Mrs. E. N. Inman, Mrs. Durwood Miller, Mrs. Luedecke and Mrs. Bearden.

The next circle meeting will be held Tuesday Oct. 22 in the home of Mrs. John Brown, 2205 Forty-second Street.

Bulldogs To Have Weight Advantage Over Tigers

The Midland Bulldogs, tomorrow night's Tiger foe, holds a decided weight advantage over the Bengals, both in the line and backfield.

The Bulldog forward wall averages 185 pounds per man to 177 for the Tigers, an average of eight pounds per man advantage. The difference is even more in the backfield where the Bulldog secondary averages out at 174 pounds per man to 159 for the Tigers, a 15-pound per man advantage.

Midland, according to scout reports, uses its weight to good advantage. The Bulldogs are extremely tough on power plays with fullback Don Boyce at 187 pounds the key man.

Tiger scouts also say the Midland line is tough to penetrate.

The Tigers held another lengthy drill yesterday in their last full-scale workout before the Midland game.

All hands are due to be ready for the Midland game, including Israel Hinojos, who has been sidelined since the start of the season because of a dislocated elbow.

Hinojos has been used only as a placement kicker but he is due to get in on the contact work in tomorrow night's game.

Sophomore Dick Hayes took over the rushing lead among the Tigers in the Breckenridge game. Hayes gained 45 yards in the Buckie game to bring his season total to 236 yards.

Richard Mahan, with 219 yards, is the second leading Tiger ground gainer. Two other Tigers have also joined the "200 club." Mickey McGrew has gained 212 yards and Bud Morgan 208.

Bill Phillips increased his tackle lead last week with 13, boosting his season total to 41.

Following is the Tiger offensive-defensive chart:

PLAY HERE TONIGHT—Snyder's only undefeated football team—the Tiger Freshmen—will entertain Edison of San Angelo tonight at Tiger Stadium. Kickoff time will be 7:30. The Tiger Yearlings, coached by J. P. Ward and Speedy Moffett, have won four and tied one in five starts. Members of the Freshman squad, from left to right, are: FRONT ROW—Larry Patterson, Charles Newman, Bubba Fleming, Weldon Ware, Robert Strickland, and Junny Ivison. SECOND ROW—Ronnie Maroney, Franklin Moore, Mokey Hale, Billy Frank Andrews, David Wiman, Ted Creason, Alvis Casey and Graydon Hicks, student manager. THIRD ROW—Coach Ward, Jesse Crawford, Charles Gladson, Roger McMennamy, Jack McDonald, Mike Moffett, Maurice Craig, Roland Key, Reggie Scarborough, Ronnie Wylie and Coach Moffett. TOP ROW—Jimmy Don Robinson, Keith Lloyd, Doyle Sharp, Stanley Kruse, John Weaver, Tommy Minton and Jan Lindsay. (Lee Watson photograph)

BUCKIN' THE LINE

By BUCK FRANCIS
News Sports Editor

BRECKENRIDGE SPORTS scribe Bill Creagh said, in his Sunday article of last Friday's game with the Tigers, that the Tigers' speedy halfback, James Vincent, reminded Buckie fans of ex-Buckaroo Bill Dendy.

And fans here well remember Dendy who gave the Tigers some uneasy moments a couple or so years back.

Creagh also said Tiger quarterback Richard Mahan handled himself like a typical Buckaroo quarterback.

The Breck scribe, too, brought out the same "breaks" in the game as mentioned in the Abilene story but he didn't harp on it as much as did the Abilene writer.

Only One Alternative

No one will ever convince us that a team facing a fourth-and-five situation on the other team's 36-yard line and 14 points behind should do nothing but try for the first down.

The Abilene scribe, Fred Sanner, labeled the play a "gamble" and then followed up by saying it was a bad break when they didn't make the first down.

Some fans here said that we let Sanner "off too light" of his biased report of the game.

It's too bad when a scrobe, who is supposed to be unbiased on a situation such as last Friday's, lets his sentiments run away with him.

Just for curosity, we ran down Fred's story on the Tiger-Breckenridge game two years ago when the Tigers fumbled nine times in losing, 14-7.

Both Breckenridge touchdowns were set up by Tiger fumbles, the Buckies recovering on the Tiger 10 and 17 yard lines to pave the way for their TD's. In addition, the Tigers lost the ball once on the Buckie two yard line to rub out an almost certain TD for themselves.

Held Wide Edge In Statistics, Too

Not only that, the Tigers outgained the Buckies on the ground, 133-61, and led in first downs, 9-7. The passing was about even, with the Tigers completing two out of five for 35 yards to one out of 9 for 48 yards for the Bucks.

This type of game would give Sanner a far more reason to blame a defeat on bad breaks than last Friday's game yet the story Fred wrote on the game led one to believe that the Buckies "earned" the victory.

Fred didn't take into consideration, either, that in last Friday's game that the Tigers, owning a 20-0 halftime lead, elected to play it safe in the second half, doing away entirely with their passing game which featured the three scoring drives in the first half.

It was as plain as the nose on one's face what the Tiger strategy was in the second half.

Well, regardless of what Sanner says, we'd like to reassure the Tigers that they richly earned that victory over Breckenridge through and through.

Now it's time to forget that game with the Buckies and get set to get a Bulldog. Midland will be just as tough — if not tougher — than Breckenridge and it'll take an all-out effort to corral the Doggies in Midland tomorrow night.

The Tigers moved up in two state polls with the Breckenridge victory. The Bengals advanced to 4th in the UP poll and to 5th in the Fort Worth Star-Telegram rankings.

IRA-ACKERLY GAME CANCELLED

The scheduled game between Ira and Ackerly at Ira tomorrow night has been cancelled, according to Roy Sallee, superintendent of Ira schools.

Sallee said Ackerly had a mixup in her schedule and asked to call the game off. Ackerly scheduled a district game for tomorrow night although she had previously agreed to playing Ira at that time.

Ira coach R. C. Taylor attempted to line up another opponent yesterday for tomorrow night but his efforts were futile.

Next game for Ira will be Oct. 25 against Hobbs at Ira.

HERMLEIGH GAME CHANGED TO 7:30

Tomorrow night's Hermleigh-Robert Lee game at Hermleigh will start at 7:30 instead of 8:00 as previously announced, according to Orville Paty, superintendent of Hermleigh schools.

The Hermleigh-Robert Lee game is a crucial District 6-B tilt. The Cardinals of Hermleigh lead the race at the moment by virtue of a 7-6 win over Bronte last week.

Tomorrow's game is the first conference game for Robert Lee, the pre-season favorite to win the title.

In other area games tomorrow night, Hobbs hosts McCaulley and Gail goes to Dawson.

DEWITT MAY BE HIRED

Cleveland Fires Hank Greenberg

CLEVELAND (AP) — Bill DeWitt of St. Louis, a man with 28 years of baseball background, seems to have the inside track to become the next general manager of the Cleveland Indians.

The Indians' directors fired Hank Greenberg yesterday without any mention of who might succeed him. Those in the know say DeWitt is being considered.

DeWitt, 55, who was with the St. Louis Cardinals, the St. Louis Browns and the New York Yankees at various times, says he's interested in the Cleveland job, although he hasn't been approached.

"I'm very happy in my present position," he said, "but a fellow's always willing to improve himself." His present position is coordinator of the major leagues' fund for aid to minor league clubs.

Although 10 of the 13 directors voted to fire Greenberg, none had a bad word for him. They dropped him because they believe the fans didn't like him, he had a bad press, and a new face might stop the steady decline in attendance.

At yesterday's session no mention was made of moving the franchise, and Greenberg called such rumors "ridiculous."

Talk that the team would move to Minneapolis started last season, when attendance fell to 722,256 as the club finished 'xth for its worst performance in a decade.

After the last game, Greenberg fired the field manager, Kerby Farrell, with the comment that injuries to key players might have had some effect on his poor showing.

Greenberg hired Bobby Bragan to succeed Farrell, and the directors said Bragan has their "full support."

There was some question whether the club lost money in 1957. Greenberg said it didn't. President William R. Daley smiled and said: "I suppose we could appreciate certain items and make it appear that we operated at a profit."

Greenberg said he plans to stay in Cleveland and keep his stock in the team—a reported 20 per cent.

He may be called on to help select his successor.

SWC In First Full Week Of Loop Play

By The Associated Press

The Southwest Conference plunges into its first full weekend of conference play Saturday.

Texas A&M plays TCU, Arkansas plays Texas, and SMU and Rice meet at Dallas.

Baylor tries Texas Tech.

Texas A&M looked sloppy Wednesday in practice, according to Coach Bear Bryant. The Aggies were forced indoors by rain Monday and Tuesday.

The first two teams worked on punting drills and timing while the third and fourth units scrimmaged.

Coach Abe Martin's TCU team defended against Aggie plays and added a final light contact session.

Coach Jack Mitchell of Arkansas ran the Porkers through a sloppy 45-minute scrimmage as a third straight day of rain bothered the Razorbacks. The Porkers stressed defense, timing and dummy scrimmage.

Texas worked on defense with little contact work and much conditioning.

Star linebacker and right guard Don Gillis and fullback David Kelly were expected to return to action for Rice against SMU. Both were injured some weeks ago. The Owls drilled outside after being forced indoors by rain for two days.

Don Meredith and Charlie Arnold, both recovered from old injuries, worked the quarterback slot for SMU. Starting quarterback Billy Dunn broke his nose in scrimmage yesterday, but will be able to play Saturday.

Baylor ran through a two-hour workout with contact stress on defending their passer and breaking up passes. A 30-minute scrimmage left halfback Joe Allen on the injured list, which includes Doyle Traylor, Dobie Craig, Farrell Fisher, Jerry Mar ontell, Willie Froebel, Albert Witcher and Clyde Letbetter.

5 Big Games In Schoolboy

By The Associated Press

Five games stand out this weekend as the schoolboy football race digs into championship play.

The number one battle, however, is not a conference test—it's Abilene's clash with Waco Friday.

Abilene, unbeaten in 42 straight games, can tie Hull-Daisetta's 1936-40 record of 43 consecutive victories.

Important conference games in Class AAAA match Lubbock Monterey and Amarillo Palo Duro, both unbeaten in Dist. 3, and Corpus Christi Ray and Brownsville in Dist. 14.

Temple, undefeated and untied, steps down for a crack at Killeen, with a perfect record in Class AAA. Port Neches, one of the teams with a perfect record in Class AAA, steps up to meet Port Arthur of AAAA.

Class AA has three standout conference games but the headliner is in Dist. 32 where Mercedes and Rio Grande City, both undefeated and untied, clash for what should be the championship. Crockett will be at Jasper in Dist. 18 and Belton at Rockdale in Dist. 20 for a couple of other important conference tests.

Graham could have its record fractured at Sweetwater. The Steers are undefeated, untied, unscored on and have averaged 73.7 points per game. But Sweetwater, which has a somewhat spotty record because it has been meeting top teams, might surprise Graham.

Tiger Frosh Hosts Edison

Three Snyder football teams will see action tonight, one of which will play before the home folk.

The undefeated Tiger Freshmen will host Edison of San Angelo at Tiger Stadium, starting at 7:30.

The two Junior High teams journey to Big Spring for games tonight. The 7th grade game will start at 6 with the 8th grade tilt to follow immediately.

Rounding out the week's play among the lower divisions teams, the Tiger B hosts Lake View B Saturday night.

Season records to date show the Tiger Freshman with a 4-0 mark; the 8th grade with 3-1; the 7th grade with 3-1; and the B team with 0-3-1.

Jockey Willie Hartack won the United Nations turf race at Atlantic City in 1954 with Closed Door and in 1956 with Blue Choir.

Keaton Named To Advisory Council

Paul A. Keaton, Snyder implement and appliance dealer, has been named a member of an organization which will seek immediate and long-range solutions to problems of recruiting and educating excellent administrators and teachers for the state's elementary and secondary schools.

Keaton is a former Snyder school board member and a former officer of the Texas Association of School Boards.

He is among 13 Texans on the committee, known as the Teacher Education Foundation Advisory Council.

The council was appointed by Logan Wilson, president of the University of Texas.

Other members are O. C. Armstrong, Fort Worth, chairman; Dr. W. W. Jackson, San Antonio, vice-chariman; Garth C. Bates, Houston; C. O. Chandler, Victoria, M. W. Glossernian, Lockhart; Dr. R. M. Hodgkiss, Austin; George W. Jalonick III and Charles E. Simons, Dallas; Dr. Hollis A. Moore, Tyler; Miss Golda Phillips, Fort Worth; Mrs. H. G. Stinnett, Jr., San Antonio; nad Joe B. Wolverton, Wichita Falls.

PAUL A. KEATON
. . .On advisory council

The council has mapped out an action program to alert Texas business and industry and private citizens to the need for "excellence in education."

"Our investigations have convinced us that the problem of recruiting and properly educating excellent people for the teaching profession is one of crucial importance," Armstrong said, adding "Widespread public support is essential if the quality of our schools is to go up as it must.

"With the full cooperation of university officials, we are undertaking a thorough study of how teachers are educated and how their preparation may be improved. We shall be most interested in how the leaders, the teachers of outstanding excellence, can be produced," he continued.

The group also will seek private fund support for "leadership awards" for advanced study by teachers and administrators already in service and for scholarship aid to college students of unusual promise.

"Every other profession has scholarships to attract the bright student, and the teaching profession must have such scholarships also," the chairman said.

The council also has a goal of research in educational procedures. "Texas citizens spend more than a half billion dollars annually on education, and we simply must carry on the research necessary to guarantee economy and maximum efficiency," the group said.

The Teacher Education Foundation is sponsored by the University of Texas Development Board.

SPECIAL PROGRAM

Scout Leaders Meet Tonight

A special program has been announced for the Boy Scout leaders roundtable, to be held at 7:30 o'clock tonight at the high school in connection with the monthly 10-in-1 meeting.

Bill Smallwood, roundtable commissioner for Boy Scout leaders, said there will be a demonstration of suitable hiking clothing and exhibit of typical hiking and pack equipment, directed by Earl Stubbs, scoutmaster of Troop 27.

The game, "Who Am I," will be presented by Bob Warren, scoutmaster of Troop 26.

Bill Zimmerman, chairman of the district health and safety committee, will discuss the fire and hazard inspection program set for Snyder Nov. 13.

A discussion on the troop budget plan will be led by E. G. Garrett, scoutmaster of Troop 123.

"Reliving History" will be by Wesley Fillmon of Troop 26.

The opening ceremony will be conducted by T. S. Thomas, scoutmaster of Troop 38.

Bill Wise, scoutmaster of Troop 36, will discuss use of the compass.

Florida Child Dies After Eating Pepper

JACKSONVILLE, Fla. (AP)—Ten-month-old Dave Fulford died yesterday after eating black pepper.

Police said the child was being dried on a kitchen table after a bath and, when left for a moment by a woman taking care of him, reached for the pepper shaker and swallowed a large quantity.

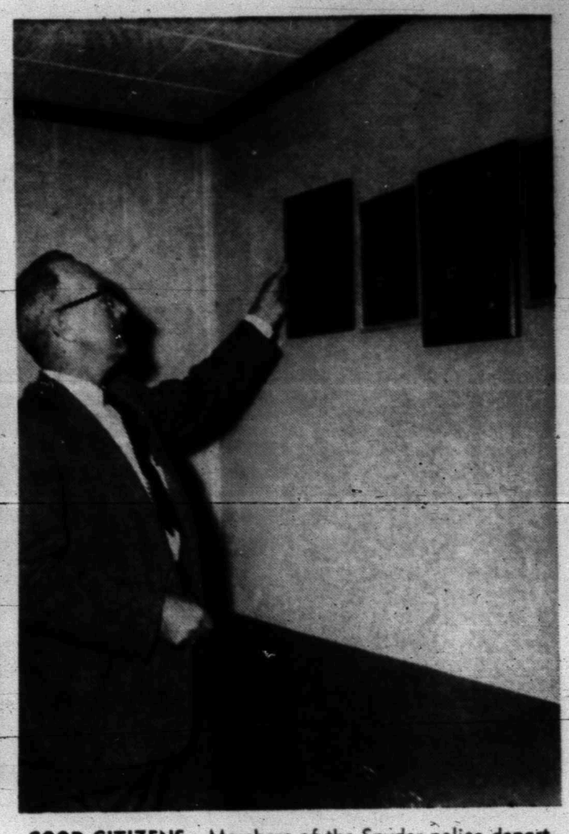

The mother, Mrs. Dorothy Fulford, was at work at the time.

100 PER CENT—All members of the Snyder paid fire department earned the United Fund outstanding citizenship award for their department when they scored 100 per cent participation in the campaign. D. A. Porter, fire chief, is shown hanging the plaque in the fire hall above.

PLAQUE PRESENTED—Leighton (Doc) Griffin, left, city tax assessor-collector, presents a United Fund Outstanding Citizenship award plaque to K. O. Pitner, city secretary, right, who conducted the UF campaign in the city utility office. The office participated 100 per cent, with 90 per cent of the employes giving at least one day's pay. (Lee Watson photographs)

GOOD CITIZENS—Members of the Snyder police department proved themselves good citizens by winning the United Fund's outstanding citizenship award with 100 per cent participation in the UF fund drive. T. L. Steele, police chief, is shown above hanging the plaque beside the National Traffic Safety Council plaques won this year and last year by the department.

DUPREE MOTORS IN UF—The staff of Dupree Motors, 2211 Avenue S, received a United Fund outstanding citizenship award plaque yesterday from Olan Griffin, team captain in the business employes division. Griffin is shown at left above presenting the plaque to Dave Young, who handled the campaign in the firm, while other members look on. From left they are Kenneth Borum, Hubert Bennett, David Orr and Royce Clanton.

Reds Boast Technicians

MOSCOW (AP)—The Soviet minister of higher education, V. P. Elyutin, said today Russia has enough trained technical specialists to "meet fully the requirements of our country."

In an interview with the Soviet news agency Tass, Elyutin said that in the past five years the Soviet junion produced 2,700,000 fully trained specialists.

In 1957, he added, Soviet institutions of higher education turned out 265,000 specialists of which 80,000 were engineers.

The Soviet Union's definition of specialist is a loose one. It covers all students who are given technical training. For example, Elyutin listed as specialists 770,000 graduates of both higher institutions and middle (high) schools.

Suspension Bridge Collapses

TAYLOR, B.C. (AP)—Left without support when the shale crumbled beneath a 25,000-ton anchor block, the north span of the four-million-dollar, 2,200-foot Alaska Highway suspension bridge crashed into the Peace River yesterday.

No one was injured and 3,000 persons watched as the 465-foot section buckled and dropped with a tremendous roar, seven hours after engineers had noted the northern anchor was sinking.

The collapse cut the main highway into Alaska but traffic — amounting to some 200 to 300 vehicles a day—was quickly rerouted to a small ferry 10 miles down stream.

The bridge is 600 miles north of Vancouver, B.C., and 40 miles northwest of Dawson Creek, B. C., starting point of the highway.

It was feared the center span of the bridge also would give way as its only support were two 190-foot cable towers. Engineers said the structure was sagging and might come down "pretty soon."

The bridge, largest of 133 on the northern road, was built in 1942 by the United States Army. The piers were built by a Canadian firm but the superstructure consists of the remains of a bridge hauled here from Oakland, Calif.

Missile Plant Opens

ST. PETERSBURG, Fla. (AP) — The Florida Inertial Guidance Center, a $4,500,000 missile equipment factory of tomorrow, swung into operation here this week. After formal opening yesterday, the plant started engineering and pilot production on contracts totaling almost $3,000,000, most of them secret missile projects.

Junior Editors Quiz on BIRDS

QUESTION: What is the largest bird ever seen by by man?

• • •

ANSWER: The largest bird ever seen by man is seen no more. It was the moa, which roamed New Zealand some four or five hundred years ago. There were about 20 species of moa, ranging in size from that of a turkey to some 12 feet high. The moa's wings were so stunted as to be almost completely useless. It built a grass nest on the ground and, because of its size and inability to fly, fell easy prey to man. The early New Zealand natives probably ate moas and used the feathers for costumes. By the time white men got there, they were all gone.

• • •

FOR YOU TO DO: This picture shows how the moa compared in size with the ostrich, the largest present day bird. You can mount the picture on cardboard, color it with your crayons and save in your scrapbook with others on birds. To see how tall the moa stood, measure the 12-foot mark on a tree with a tape measure.

• • •

Ricky Smith of Oakland, Calif., wins $10 for this question. Send yours to Violet Moore Higgins, AP Newsfeatures, care of this newspaper.) 10-17

Decisions In Court Smack Of Panhandle

By TEX EASLEY

WASHINGTON (AP)—The tang of the Texas Panhandle, to which he was long exposed, may have something to do with the clarity and interesting reading that mark opinions handed down by Chief Judge Marvin Jones of the U.S. Court of Claims.

Jones long ago attracted wide attention with the uncluttered prose and lack of legalistic language in his opinions.

If there's human interest in a case, he'll bring it out in his decisions and avoid technicalities that abound in most court decisions.

Just back from Amarillo and a fishing trip, Jones found himself the subject of George Kennedy's column in the Washington Evening Star. Kennedy wrote:

"Marvin Jones, chief judge of the U.S. Court of Claims, is back from vacation. This adds a blythe spirit to the capital, albeit in judicial robes."

The judge caught some bass in the Panhandle. His main purpose in returning to Texas each year is to visit his mother, who is 101 years old.

Jones represented the Panhandle in Congress during the early "New Deal" days of Franklin D. Roosevelt. As chairman of the House Agriculture Committee he wrote most of today's basic farm laws.

Navidad Is Short River

SCHULENBURG, Tex. (AP)—The Navidad River in southeast Texas, flooded during the heavy rains of September, is one of the shortest and perhaps least known rivers in the state.

Its headquarters are in two streams near here, midway between San Antonio and Houston on Highway 90. It meanders south for about 100 miles and empties into Matagorda Bay.

The mouth of the Navidad was discovered by LaSalle while he was searching for the Mississippi River.

When Sam Houston's army was marching from Gonzales to San Jacinto during the Texas revolution, the Texans camped the night of March 15, 1836, on the banks of the Navidad near Schulenburg.

A few days later the Mexican army of Santa Anna camped on almost the identical spot.

A legend says Santa Anna buried a considerable amount of gold along the Navidad or along Mulberry Creek, one of its tributaries.

Numerous fortune hunters have tried to locate the treasure.

French Youth Likes Texas

LAKE JACKSON, Tex. (AP) — What does a French teenager like most about Texas?

Pretty girls, swimming pools, milk and moss on trees, says Michael Colas.

Things haven't been the same for Mr. and Mrs. Joe Walters since Colas arrived. He is an exchange student under the American Field Service plan. He lives with the Walters and goes to Brazosport High School.

He is interested in oil fields. His biggest shock came when he saw Walters feeding the family cat a beef kidney. His astonishment increased when he heard Walter pays only a dime for a kidney.

"In my country, they are a big delicacy," said Michael—"cost, $1 each."

East German Leaders Call For Recognition

BERLIN (AP)—Communist East Germany today called upon other nations to follow the lead of Yugoslavia in recognizing its regime.

Banner headlines in the Red East Berlin newspapers jubilantly welcomed the Yugoslav act that cracked the diplomatic quarantine the West had built around the Russian satellite.

Neues Deutschland, the Communist party newspaper, declared Marshal Tito's government now accepts the reality that "two German states exist."

Town Votes Bonds On Truck Already Bought

MADILL, Okla. (AP) — Residents here voted on a $15,000 bond issue to finance a new fire engine which the City Council has already purchased. The vote was tied at 293 for and 293 against. A simple majority was needed for the issue to pass.

A proposed $85,000 bond issue to buy equipment for the city hall was defeated by one vote, 294-293. City commissioners are considering a recount.

Author Is Recovering

LONDON (AP)—The News Chronicle said today Britain will carry out a new series of hydrogen bomb tests over Christmas Island this winter.

On Nov. 5 1957, three proposed constitutional amendments will be submitted for approval to the voters of Texas. On of these, House Joint Resolution No. 2, would provide increased payments from State fund to needy aged persons (over 65), needy blind, and needy children (under 16). Total authorized State expenditures for these purposes would be increased from $42 million to $47 milion per year.

The maximum payment out of State Funds to each needy aged person could be as much as $25 per month, a $5 increase over the present $20 limit. But State payments could not rise above $21 per month unless matched by Federal funds.

There is no individual limit on amounts paid to needy blind or needy children under our present constitutional provisions or under the proposed amendments.

Under present laws, the maximum monthly payment of old age assistance to any individual in which the Federal government will share the costs with the State is $60. The immediate effect of increasing the State's per person limit would be to provide this full $60 amount, instead of the $58 limit now in effect.

According to figures published by the Texas Industrial Conference, for the fiscal year 1956, these three programs cost the State $41,996,045, while the total State and Federal cost for Texas was $130,669,700.

Under the proposed amendment, as under present laws, no payment may be made to needy aged or needy blind persons while an inmate of any state supported institution.

An additional requirement is that such persons must have actually resided in Texas for at least 5 of the 9 years immediately preceding the filing of an application for assistance. And they must have resided in Texas for 1 year preceding the application.

A needy child over 1 year old must have resided in the state continuously for 1 year preceding application. Or if the child is less than a year old, its mother must have continuously resided in Texas for 1 year preceding the application for assistance.

This column, prepared by the State Bar of Texas, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who is fully advised concerning the facts involved, because a slight variance in facts may change the application of the law.

There are 79 nations represented in Washington, D.C. diplomatic circles.

D&H SUPER MARKET
DAVIS & HUMPHRIES, OWNERS & OPERATORS

STOCKHOLDERS—Three employes of the C. R. Anthony Co. department stores here are shown receiving their shares of stock in the Anthony corporation from Olan Griffin, right, manager of the store here. The stock certificates, each with a $100 par value but actually valued at about $240 on stock markets, were purchased by the employes. From left they are Gladys Cummings, Mrs. E. E. (Annie) Thompson, and Jessie J. Ramsey. The company's employe stock purchase plan permits persons who have been employed one year to become stockholders in the corporation. Annual dividends average about 15 per cent. (Lee Watson photograph)

IN SNYDER

Schools Show Large Increase

The Snyder schools have had a net increase of about 65 students since the beginning of the school year, according to a report on enrollment by all schools at the end of the sixth week of school.

There has been an increase of more than 300 students in the school system since this time last year.

School enrollment at the end of the sixth week, last Friday, stood at 3,920. That is not the peak enrollment for this school year but is near the peak, which was 3,938 two weeks ago.

The number of scholastics in the Snyder schools has increased by more than 850 in the past five years.

While enrollments in most schools here have remained fairly steady for the past two weeks, the biggest increase has been seen in the Abraham Lincoln School, where enrollment has grown from 95 to 100 in the two-week period.

Elementary enrollment now stands at 2,428 here, while that at the junior high is 549 and at the high school 843.

Total enrollments by grades in all schools except Lincoln are 170 in the 12th, 171 in the 11th, 243 in the 10th, 259 in the ninth, 268 in the eighth, 281 in the seventh, 291 in the sixth, 380 in the fifth, 393 in the fourth, 395 in the third, 445 in the second, 515 in the first, and nine in the class for exceptional children.

Enrollments by schools:

Lincoln — 15 first, seven second, 10 third, 10 fourth, seven fifth, 13 sixth, eight seventh, eight eighth, five ninth, 10 tenth, three 11th, four 12th. Total 100.

Northeast Elementary — 70 first, 78 second, 59 third, 47 fourth, 44 fifth, 42 sixth. Total 340.

Central Elementary — 114 first, 92 second, 95 third, 91 fourth, 78 fifth, 59 sixth, nine exceptional. Total 538.

East Elementary — 102 first, 75 second, 71 third, 71 fourth, 78 fifth, 63 sixth. Total 460.

North Elementary — 64 first, 68 second, 50 third, 52 fourth, 50 fifth, 36 sixth. Total 320.

West Elementary — 165 first, 132 second, 120 third, 132 fourth, 130 fifth, 91 sixth. Total 770.

Junior high — 281 seventh, 268 eighth. Total 549.

High school — 259 freshmen, 243 sophomores, 171 juniors, 170 seniors. Total 843.

New Son For Queen

NEW YORK (AP) — Band leader Guy Lombardo will introduce a new song dedicated to Queen Elizabeth II during the Queen's visit here next Monday. The band leader said the song, "Her Majesty, the Queen of Great Britain," was written by his brother Carmen.

FOR SNYDER GIRL

Scholarships Are Numerous

A 1957 graduate of Snyder High School has probably received scholarships from more sources than any other former Snyder student.

She is Karleen Roberts, now a music student at the University of Texas.

Miss Roberts is the daughter of Mr. and Mrs. T. A. Roberts, 3001 Avenue W.

Outstanding throughout her junior high and high school days here as a band student, Miss Roberts first went to the University of Texas on four scholarships which took care of everything from tuition to room and board.

A few days ago, she received a $200 scholarship award presented from the memorial scholarship fund of the Ex-Students' Association of the university. Scholarships of that nature are awards given students chosen by the committee on loans and scholarship information for their desire for a college education, scholastic ability, character, and financial need.

And now, a new scholarship of $100 has been announced for Miss Roberts. She was among 24 University of Texas students awarded 1957-58 scholarships. The scholarships include the Fine Arts Foundation Scholarships, Anna and Fannie Lucas Memorial Scholarships, Friends of the Arts Scholarship, and Irl and Jessie Allison Piano Scholarship.

Miss Roberts' award was a cornet scholarship.

While in high school here, Miss Roberts was named to the all-state band several times and had received numerous awards in band competition.

Lubbock Man Is Convicted In Trial Here

A Lubbock man was fined $40 by a jury in justice court here yesterday.

Juries are unusual in justice court, but a man charged in that court can be tried by jury if he desires.

Convicted was Alex Howard, Lubbock truck driver, whose fine was set at $40 plus $21 costs by the six-man jury yesterday afternoon. Howard was found guilty of following too closely in traffic.

The complaint had been filed by Jim Kinser, highway patrolman, after a Sept. 29 accident 5.9 miles south of Hermleigh on U. S. Highway 84.

Howard's attorneys, Kent Waggonseller and Gene S. Cox of Lubbock, gave notice of appeal after the jury yesterday returned its verdict. Peace Justice W. C. Davidson presided in court. George Killam, county attorney, was prosecutor.

Jurymen were Kelly Abraham, J. W. Mears, E. L. Floyd, W. A. Rollins, Marsh Springer, and L. T. Allen.

Salesman Does Too Much Horsing Around

DUMONT, N.J. (AP)—A used car salesman, Robert Gill, 29, pleaded innocent last night to a singular group of traffic violations two weeks ago.

Hitching a horse to a public utility pole, having the horse on the sidewalk, and careless driving — that is, riding the horse against traffic.

Magistrate Felix M. Angelillis found Gill guilty and fined him $35.

Angelillis noted that Gill also could have been fined for not having a tail light.

Man Poses As Talent Scout

DALLAS (AP)—Police sought today a man a woman, 19, said raped her while posing as a television talent scout.

Officers said she told them a man drove her to the south Dallas outskirts, choked her when she tried to leave his car, and raped her.

Her husband, a dairy worker, 19, said the man stopped his wife downtown the day before and asked if she were interested in a TV test.

"My wife told him she'd have to check with me, and he told her he would call the next day," the husband said. "I thought it sounded all right because he had credentials showing he was a talent scout."

The woman said the man came to her home yesterday afternoon and the attack followed.

Pioneer Newsman Dies

OKLAHOMA CITY (AP) — Frank Welker, 85, pioneer Oklahoma newspaperman and political worker, died yesterday. Welker edited and published newspapers at Goltry, Quinlan and a town now vanished which was known as Cestos.

Fire Alarm Boxes In School Are Too Handy

PAWTUCKET, R.I. (AP) — So many false alarms were sounded from the first floor of the Tolman High School when it was built 30 years ago that the fire alarm boxes were disconnected.

Principal James P. McGeough told the school committee this week the boxes haven't been connected since then. He added, however, that an alarm box is in working order just outside.

Helena Rubinstein presents the 1958 "Convertible" Lipstick

If you've been a one-lipstick woman, you don't know what you've missed! Nothing can give you a lift so easily, as the color-changes you can make with Helena Rubinstein's new "CONVERTIBLE" case!... and if your mood is a reckless one, Playing With Fire is the color-change to make!

Helena Rubinstein has created a slashing new Red, crackling with brilliance in the daytime, smouldering with intensity at night.

Slip Playing With Fire into your "Convertible" case instantly, neatly ... and when you're feeling more softly feminine, slip it out—and pop in Rebel Rose. (There are eleven more glorious colors.)

Who said Playing With Fire is for sirens only?—Go on—get it... in one of three handsome "Convertible" models: Black enamel or Golden metal at 1.35*; Silver-plated at 2.00†; and "Collection-piece" cases at 3.50†. Color-Change Refills each .90*.

Change colors with fashion... the season... your mood.

The "Convertible" Closed — Lipstick Slips Out — Refill Slips In
