(Q) I would like to know why there are some stores in this town that don't let Blacks work in their places.

When I first came here, every store up town had black people on the job, even if they did nothing except clean up the store at night.

I guess that is why so many black people are on welfare: no job, no money.

(A) All of the merchants contacted about this question said that no discrimination was practiced. Their procedure is to advertise that there is a position open, take several applications and then hire the person that is best qualified for the job.

Senior citizens win battle

Loraine Senior Citizens, Inc., has finally won their battle to obtain all the property necessary for their long-awaited housing project for senior citizens in Loraine.

The first big obstacle they encountered concerned two lots that belonged to the City of Loraine.

The previous city council had told the Senior Citizens that they could

have the land, but the contract had expired by the time the present city council became involved.

The present city council was of the opinion that the previous council had not acted according to proper procedures in promising the group the two lots.

After much discussion, Loraine City Attorney Frank Conard, Jr., and the attorney for

Loraine Senior Citizens, Inc., Pete McKinney, worked out a way to overcome this obstacle and the city agreed to sell the land to the Senior Citizens.

The next problem to arise was that of closing a street that ran through the middle of the project.

The Loraine City Council refused to act on the group's request to close the street (Colorado

Street between Main and Kindred Streets) until the group contacted the Mitchell County Commissioners' Court, since they owned lots abutting the street.

On Monday, September 13, McKinney, Roy Wells, president of Loraine Senior Citizens, Inc., and Darlene Hamrick, coordinator for the organization met with the Commissioners in their regular monthly

meeting. McKinney explained to the Commissioners that the housing project involved a \$385,000 FHA loan.

Precinct 4 Commissioner Billy Preston stated his objection to the closing of the street, saying that it was a used street and would interfere with traffic to have it blocked off.

Preston offered a compromise solution:

the Senior Citizens could buy the two lots owned by Mitchell County and then the decision to close the street would be out of their hands.

Commissioners Johnny Shackelford, Paul Hunter and Paul Logsdon agreed that they would abide by the opinion of Preston, since the problem area was in his precinct and he was most directly affected. See SENIOR, Page 2A

Council okays new speed limit

The Colorado City Council okayed an ordinance Tuesday night that will lower the speed limit on the 100 block of Main Street from 30 to 20 miles per hour. The reduction in the speed limit was requested by Andy Cook, president of Truss King, and was recommended to the council by City Manager Rick Crowley.

The ordinance will go into effect 10 days from passage—September 24. Truss King operates an assembling plant which manufactures wooden trusses to be used in buildings. They say they have a large number of fork lifts making

frequent trips into the street in order to move lumber into the building and completed products out of the building. They are fearful that some driver will make the corner at Main and Elm fast enough that he will be unable to dodge the forklift which may be in the street.

The fine for exceeding the speed limit will be an amount not to exceed \$200.

The council also accepted the bid of Lydick Hooks to reroof the Civic Center, City Hall, Police Department, and Museum. The bid total was \$24,239. City Manager See COUNCIL, Page 2A

Court accepts bid on sheriff's cars

The Mitchell County Commissioners' Court faced a full agenda when they met Monday afternoon, September 13.

Bids for two cars for the sheriff's department were opened and the Commissioners voted to accept the bids from

Hutchins Ford Sales for two 1983 Ford LTD's at a total cost of \$18,253.68.

Curtis Jones, District Supervisor of the Law Enforcement branch of the Texas Parks and Wildlife, along with Mitchell County Game Warden Ronnie Aston, appeared before the Commissioners to request that the county either provide more manpower for patrolling Lake Colorado City or rescind the ordinances forbidding skiing in the channels.

Johnny Shackelford reminded the Court that the ordinance had been passed seven years ago at the request of the Parks and Wildlife Department with the understanding that the state would be responsible for enforcing it.

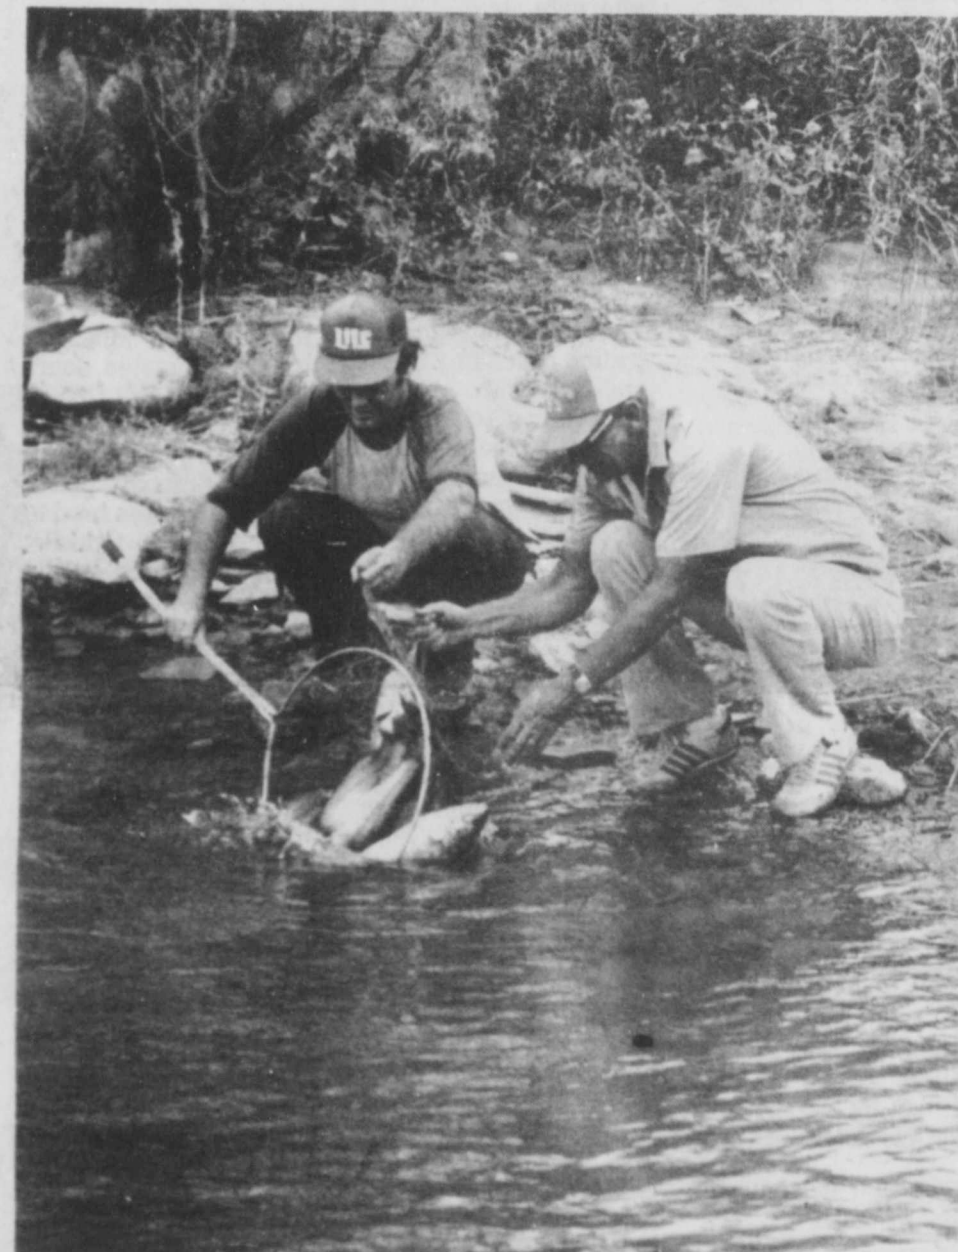

Aston explained that the main reason for the request, which had to do with jet-skis, had largely disappeared and that now the ordinance caused more problems than it solved.

According to Aston, many complaints were received about skiers in the channels, even though the skiers were observing all other rules of water safety and there was not enough manpower to effectively handle the situation.

The Commissioners decided that before the could rescind the ordinance, public hearings

Farm Bureau convention held

The Mitchell County Farm Bureau held their annual convention Saturday, September 11 at the Civic Center to elect six members to the 12 member Board of Directors, and discuss the upcoming general election.

A barbeque supper was served to 116 Farm Bureau members before the business meeting began.

Board members who were re-elected were Wayne Oliver, Alton Rasmussen, Gerry Ritchey, D. M. Smith and Travis Turner. Tommy Fuller asked not to be nominated again, since he had too many commitments so Carl Guelker was nominated in his place and was elected.

Other members of the Board of Directors are Billy Cornutt, Ronnie Feaster, R. B. Golden, Dwayne Harris, Tommy Morris and David Stubbsfield.

Dennis Weaver, agent

cy manager, gave the insurance report. He said that there were 183 new member families this year, bringing the total to almost 1,000 member families in Mitchell County. Weaver also reported that \$1½-2 million had been paid out as a result of the June 18 storm.

Ed Cumble, Area 11 Field Representative, was also present at the meeting and explained Proposition 3 that would be on the ballot in the November general election.

He told the group that Farm Bureau was "an organization which could move a mountain if you wanted to do it and that it was "growing, active, responsive to your wishes."

Board of Directors President Alton Raschke introduced a resolution recognizing that government intervention in farming and ranching is a fact of life and that

County Judge Bill Carter informed the Commissioners that the county had received \$133,461 in revenue-sharing funds and the court set the date for the

revenue-sharing budget workshop as Tuesday, September 28 at 9 a.m.
Representatives of Loraine Senior Citizens, Inc., were also present at the meeting. See related story in the RECORD.

Strake Talk

SMALL BUSINESS—A RESOURCE WE MUST PROTECT

You can look around the square of any Texas town and see the backbone of the state economy—and of the national economy. It's small business and it provides half of all jobs. By the current state definition there are 260,000 in our state—that's 97% of all Texas businesses. The small businessman and woman not only provide jobs and pay taxes; their independent tradition also helps explain the enduring quality of our democratic form of government.
The state of Texas recognizes the importance of small business and has programs to help it. But we can do better. For one thing, we can abolish the sales tax on utility bills which now falls basically on small business owners. Large manufacturing and processing firms don't have to pay the tax; but the grocer, retailer and florist do. It is not fair.
My opponent opposed doing away with this tax in the last session of the legislature. The tax will bring in an estimated \$220 million in 1984-85. But when you compare that with the extra \$5.1 billion the legislature will have to spend during that time, I feel we can do without the tax and the revenue

it will bring. And, as Lt. Governor, I would support its repeal.
I would also support putting into effect recommendations of the small business task force initiated by the Governor. Two of these recommendations are especially appealing. One is to help small business borrow money at better rates. Most small businesses which fail do so because they are undercapitalized. To help that situation, franchise tax money would be deposited in participating banks, which would, in turn, make loans at lower rates to small businesses.
The other recommendation is that we form a group of small business development centers at colleges and universities statewide. Money for the centers would come from the U.S. Small Business Administration, the state and participating schools. The centers would provide training, counseling and other help to small business owners so that they could be more competitive in the marketplace.
If you have any thoughts on this, I'd like to hear them. Please write me at 1213 W. 34th Street, Austin 78705.

Let's talk.

Information about your changing telephone service from Jim West, Community Relations Manager.

We're Changing Today, Preparing for Tomorrow

As you probably know, there's been a lot of talk in recent months about the "break-up" of the Bell System. But "reorganization" is probably a more appropriate word. It's something many of the larger and more successful corporations have been going through lately. Technological, economic and social changes make it necessary for businesses to change, too.
Even after attempts over the years by Congress, the FCC and the courts to effect sweeping changes in the telecommunications industry, there are still many uncertainties about the future.
As employees of Southwestern Bell, however, we face the future with confidence that we will be able to serve you even better. After all, we have the technical background and the spirit-of-service traditions acquired over 100 years.

Many Factors Influence Local Service Charges

Questions I hear most often are: What will happen to my local rates? Is it true they're going to skyrocket? Rates are not going to skyrocket, but they will go up. Local rates will rise because of many factors, among them inflation and changes in accounting and financial procedures. In addition, Southwestern Bell has been subsidizing local telephone service with its profits from long distance and other services. In the future, local service will have to pay more of its own cost.

Prevent Phone Troubles In Your Own Backyard

I've been asked by our repair technicians to remind you to be on the lookout for buried telephone lines and cables when you dig, whether it's

preparing for a garden, planting a shrub, putting up a fence, or digging a ditch.

It was only a few years ago that we started moving our cable and wire from overhead to underground so service would be protected from ice, wind and rain. But as more and more goes underground, the greater the problem with people literally cutting off their own service, usually with a ditch-digging machine or a shovel.

If you think there may be a cable or phone lines underground in the area where you want to dig, but you don't know for sure, just dial "O" and ask for "Enterprise 9800." We'll tell you what to do, maybe even send a telephone person out at no cost to you, to show you where a cable runs through the area.

Sharing Makes Community A Nicer Place for All

A final note... it's time to think about United Way pledges. Like me, Southwestern Bell employees statewide believe in the organization.
The United Way sponsors more than 60 agencies which bring people together—caring and sharing. So, give what you can... your time or a donation... to make our community the best it can be.

Remember, if you have something to talk about, don't hesitate to drop me a line. Here's my address:

However, Hunter did say that the county owned building on one of the lots "has been a source of contention throughout the community" and that Commissioners were "caught in between."

McKinney stated that "if the street doesn't get closed, it's going to kill the project."

He also informed the Commissioners that an FHA representative had told him that if this project didn't get through, "Mitchell County had better think twice about getting FHA money."

Preston reiterated that he was opposed to closing the street unless the property is sold.

Hunter again pleaded for a solution that would "restore peace and harmony that belongs in Loraine."

Preston also reminded the Commissioners that the Loraine City Council could close the street if they so wished without the consent of the Commissioners' Court.

McKinney agreed to consult the architect who drew up the plans to see if there could be an alternate plan.

The tide turned in favor of the Senior Citizens, though, at the Loraine City Council meeting Tuesday, September 12.

McKinney attended that meeting, accompanied by John Wolf and Mary Robertson of Farmers' Home Administration office in Abilene and Roy Wells.

McKinney told the Council that the architect had said that it was absolutely necessary to close that portion of Colorado Street, which was really only about a half a block, not the entire section from Main to Kindred.

He said that in his opinion, no one would be inconvenienced by the

closing of that part of the block and asked the Council to "fulfill an obligation that the previous Council had made."

He also said, "It isn't going to cost the city money, it's going to get the city money," explaining that when people moved into the apartment complex, the houses they now occupied would be free to be rented to other, younger people.

Mayor Royce Beights disagreed, saying that he didn't see how that would be bringing money into town since renters would not be paying taxes. He also said that it seemed the project would only be of benefit to about 16 people.

Wells replied that some of the units would

Council

ager Crowley said that insurance is expected to cover about \$23,333 of this.

Crowley submitted his 1982 tax roll and recommended a tax rate of .3774 per hundred dollars of valuation. This would make a house valued at \$10,000 cost \$37.74 in city taxes. The council approved the tax roll as well as the tax rate.

The total amount of taxes on the tax roll was \$238,923.

The council will study recommendations made by Crowley and others for a uniform policy at the landfill. Among suggestions to be considered are designated areas for different kinds of trash, and stated hours for the landfill to be open, possibly 8 AM until 6 PM on weekdays, and additional police patrols along the road to the landfill. Crowley said that police should ticket persons found to be dumping along the road.

Among suggestions made was a \$10 fee to be charged people who want to have the dump opened at times when the dump is closed.

The council will probably consider an ordinance including some of the above suggestions at its next meeting.

The council also: (1) approved a new landfill contract with

house more than one person, so more than 16 people would be living in them.

Beights commented that the situation "should have been firmed up before things got this far."

McKinney replied that they had saved the city for last because Beights himself had said that they would wait until they could see if the project went through.

City Councilman Jack Brewer made a motion to refuse to close the street.

A heavy silence filled the room until McKinney said, "I hate to see you walk away from a \$385,000 project."

Tommy Green stated that although he had

the State Park. The State Park will continue dumping refuse at the landfill and will pay the city \$100 per month.

(2) authorized the retention of a lab to make core tests at the sewer treatment plant. The Southwestern Company will make six borings to a fifteen foot depth for \$1,800.

(3) heard a report from the city manager that about \$200 will be spent on herbicides at the airstrip.

(4) heard a report from the cemetery committee that the committee had voted to make no exceptions to cemetery regulations. This was in reference to the request by David Hines that he be allowed to erect an upright stone in an area in which only flat stones are approved. Hines has since told this reporter that he plans no further action.

(5) heard a report from Mayor Elmer Martin that he had appointed Robert Bracy to the Colorado City Housing Authority. Bracy replaces Luke Thomas, who resigned.

(6) listened to Crowley, who said that the Museum Board has recommended Donna Reed for curator of the local museum. Crowley said that she will be offered the job.

Hunter safety school slated next week

Ronnie Aston, game warden for Mitchell County, has announced that there will be Hunter Safety School on September 21, 22 and 23 from 7 p.m. to 10:30 p.m. each night. The classes will be held at the Lone Wolf Medallion Room.

Aston said that all interested persons are invited to attend, but in order to be certified they must be there all three nights.

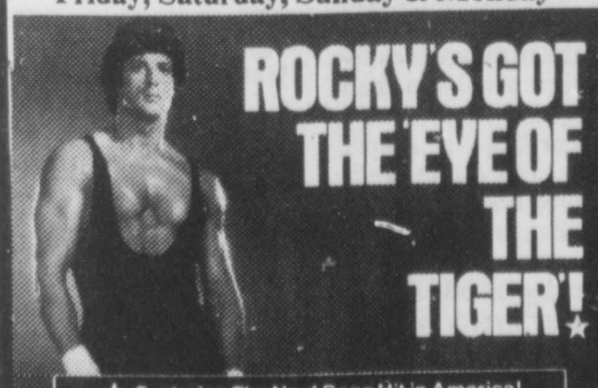

Aston noted that certification is required by several other states before they will issue a hunting license, notably in Colorado which requires that all persons born after January 1, 1949 must have a license.

When the Loraine City Council met in regular session Tuesday night, they were faced with the resignation of Councilman Raymond Hackfeld.

In a letter to the Council, Hackfeld expressed the opinion that they could appoint "a replacement that will do a better job."

Mayor Beights noted that Council accepted the resignation "with deep regret."

Hackfeld had been appointed to the City Council to replace Claud Woods who had also resigned.

Lake Club to sell wares at fair

President Fannie Morris presided over a called meeting of the Colorado City Lake Extension Homemakers that took place Monday, September 13 at the Westbrook Tax Office.

The purpose of the meeting was to finalize plans for the club's participation in the Mitchell County Fair on September 23-25.

The club plans to have their annual booth and sell their popular knives and flavorings.

The booth this year is sponsored by the Sportsman's Club. All money collected and earned by the club goes for helping organizations and local rest homes.

The club voted to send a money gift to the State Hospital in Big Spring. There is also a project

underway to give Christmas gifts to Kristi Lee Manor residents. Minnie Anderson is Chairwoman of the project.

Several members volunteered to work in the booth and kitchen at the fair and also to make home-made pies and brownies.

President Morris asked for volunteers to work in the booth and kitchen and also to make home-made pies and brownies. She also said that the club would work the 1 p.m. until closing shift on Friday.

Nominees are officers for 1983 were announced by Chairwoman Benita Smith. No other nominations were made and the officers elected were: Lucille White, president; Ester Will-

iams, vice president; Frankie Cummings, secretary; Frankie Massie, treasurer; Billie Woods, council delegate; Ruby Shaw, reporter.

Several members mentioned the names of

women living in the lake area that are interested in visiting the club meeting since summer is almost over, school has started and vacations are coming to an end.

Members agreed that it was time to resume

meetings and enjoy the fellowship and friendliness the club stands for.

President Morris invited to anyone interested in visiting or joining the club to stop by the booth at the fair or call her at 728-2794.

Spanish course slated at Wallace Center

A 45 hour course in Farm and Ranch Spanish will begin September 28, at the Wallace Center, sponsored by Western Texas College.

The class will meet on Tuesdays from 6:30-9:30 p.m. for 15 sessions with Rita Latimer as instructor.

The fee is \$45 per person plus a \$4.75 book

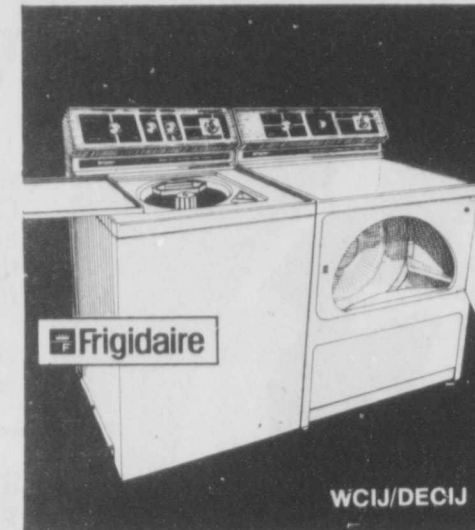

fee. Students are to pre-register by September 24 at the Wallace Center office.

The purpose of the course is to assist in the every-day activities of ranchers and farmers. A working knowledge of Spanish will save much time and get better results on the job. Even if you do not speak Spa-

nish at all, the course will help you converse in the language in a very short time.

The book used will contain most of the phrases you would say to the worker in connection with farming.

Lake Champion.

Ware's 9 lb, 1 oz, stringer Sunday raised his two day total to 17 pounds 11 ounces and moved him from fourth place to the lead ahead of Don Scott of San Angelo, whose six fish weighed in at 16 lbs., 8 ozs.

Ronny Foster, also of San Angelo, was Saturday's leader with 15 pounds even. However, Foster was unable to net a keeper on Sunday and finished in third place.

Sam Wright of Sweetwater didn't weigh in a single fish on Saturday and only one of his fish on Sunday met the 14 inch minimum length requirement. That one fish however was the largest of the tournament—7 lbs., 2 ozs.

Ronnie Foster of San Angelo had Saturday's biggest bass, a 6 lb. 7 oz.unker. Both Wright and Foster collected cash in the daily calcutta which paid \$184 Saturday and \$176 Sunday.

Ninety-seven fishermen signed up for the two day contest and they weighed in a total of 304 pounds of black bass. Forty-eight anglers gathered in 197 pounds on Saturday whereas only 22 managed to haul in the 107 total weight on Sunday.

The top twenty finishers in order of finish were:

Maxey Ware, Westbrook; Don Scott, San Angelo; Ronny Foster, San Angelo; Gary Boyd, Sweetwater; Steven Holly, Buffalo Gap; Blake Hammond, Colorado City; Charles Becker, San Angelo; Billy Roe, Robert Lee; Ivan Browne, San

Bronte wins top honors at volleyball tourney

The Junior Lone Wolf Volleyball Tournament was held last Saturday at Colorado Middle School gym and Bronte came away with top honors. Bronte defeated Sweetwater 14-16, 15-7; 15-9 to claim the title.

Colorado City had an eighth grade "A" and "B" team, and both teams fared well. The "A" team defeated Water Valley 15-3, 15-9. Holly Hickman scored 12 points and Paula Tarter added seven. The "B" team lost its first game to Sweetwater "A" 15-6, 15-0. Jennifer Selvera and Lisa Holman had two points each.

In the second round, Sweetwater "A" defeat-

ed C-City "A" 15-9, 15-4. Robin Edwards had four points and Holly Tarter scored three. The C-City "B" defeated Water Valley 15-2, 15-12. Vicki Gonzales scored seven points and Maria Colorado added five.

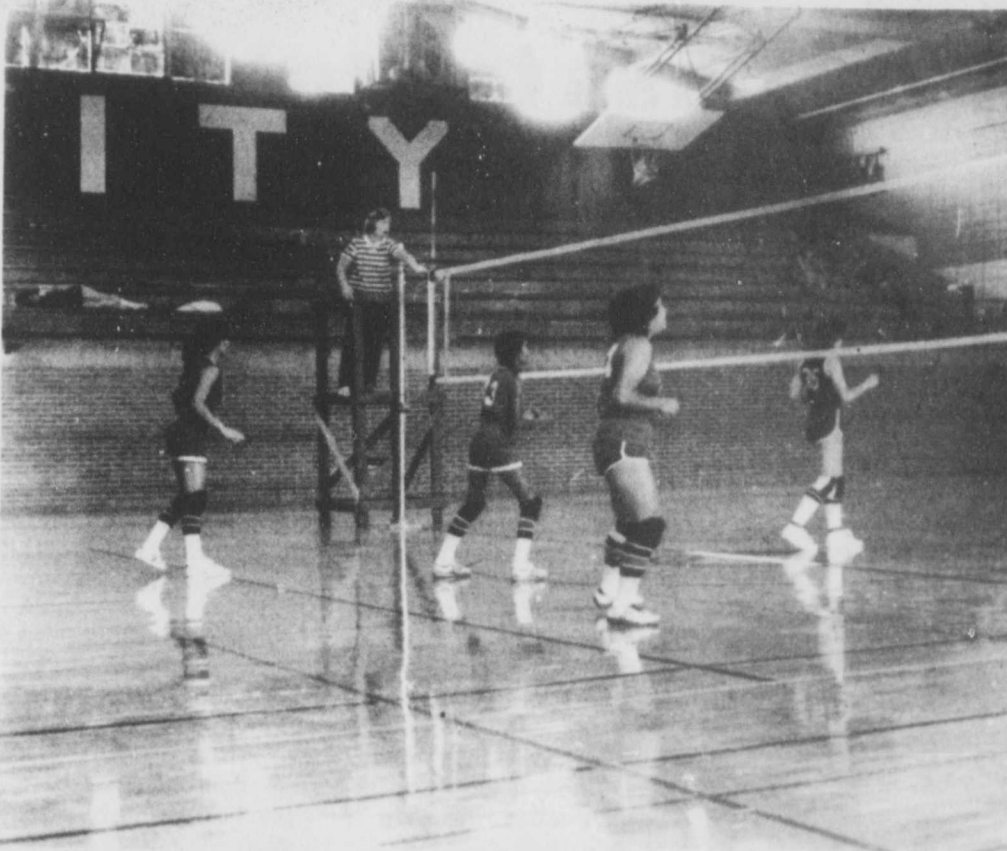

In the consolation game, Sweetwater "B" jumped to early leads in both matches to down the C-City "B" 15-6, 15-2. The third place tilt saw Miles win the first match against the C-City "A" 15-8.

The second match Miles jumped to a quick 4-0 lead on the Wolves. But the Wolves came roaring back on the strength of Edward's nine consecutive points to surge

ahead 9-4. C-City held on to a 15-11 victory.

The rubber match looked bad for the home team as Miles jumped to a 10-5 lead. Then Tarter reeled off four points and the Wolves were right back in it. But with the score tied 12-12, Miles scored three quick points to take the match and game 15-12.

Tarter was named to the All-Tournament Team. Others were Joann Touget and Estella Pouentez of Bronte. Robin Carroll and Rachile Mulanax of Sweetwater, and an unidentified player from Miles. Carol Reyes of Bronte received the Most Valuable Player award.

READY FOR ACTION are members of the Colorado City Eighth Grade "A" team in a contest against Water Valley at last weekend's Jr. Lone Wolf Tournament. The Wolves won the game 15-9, 15-3.

JV girls win Tuesday games

Tuesday night at Wolf Gym, the Wolves volleyball teams split victories with a tough crew from Miles. The junior varsity won their game and the varsity dropped their game in three matches.

The junior varsity started off slow in the first match as Miles jumped out to a 6-1 lead. But C-City came back when Rebecca Erwin served four successive points to cut the lead to one.

The Bulldogs then stretched their lead to 10-5 and that's when the Junior Wolves said "The buck stops here," as they reeled off seven straight points, capped off by Sonja Mercer's two points to give the Wolves a 12-10 victory. That is when the eight minute time limit ran out.

of Dee Ann Coppinger's four points.

After the Wolves got the service back, Pam Wilson's two points upped their lead to 7-4. Then with the score reading 8-6, Wilson set Tomika Randle who hit a bullet and the score was 9-6 Wolves. Coppinger came up to serve again and retaliated by scoring three straight to knot the game at 9-9.

After a service exchange, Wilson scored a point when Baum hit an open shot as C-City regained the lead 10-9. But Denise Haechten, who was a thorn in the Wolves side all night with her serving and spiking scored two points, and Miles had the lead for the first time in the match 11-10.

In the second match, C-City jumped ahead and never lost the lead. Aided by points from Erwin, Anita Silva, Jodi Mann and Sherri Morris, the Wolves jumped to a 6-3 lead.

The Bulldogs cut the lead to 8-6, but that's as close as they got as Cres Aguilar's bump got the Wolves the service back. Then Aguilar proceeded to score three points and the Wolves coasted to a 13-9 victory. The win pushed the JV's record to 3-2.

The varsity contest was a tough loss for the Wolves as they saw a four point lead go down the drain in the final match.

With neither team converting their serves, Miles' Gina Schniers caused in one three points to up the lead to 14-10. Regaining the serve and facing defeat in the eye, the Wolves gamely fought back. With Linda Scott serving, the Wolves got a point on a kill by Stacy Hamrick and an ace by Scott to make the score 14-12. But after regaining the service, Miles iced the contest when Schniers hit a well placed dink shot to hand the Wolves their fifth loss in six games.

The first match was all Miles as the Wolves never got into the game. The Bulldogs rallied behind Schniers' serving and spiking to take a 10-2 lead. The match ended 15-6 Miles.

The second match got a 3-0 lead on serves by Ausbie and Wilson and then the "Tomika Randle Show" started as she nonchalantly recorded 10 consecutive points, as the Wolves went on to take a 15-2 victory.

Wolves face tough Denver City Mustangs

There is one thing for sure, no one can accuse the Colorado City Wolves of playing a weak non-district schedule.

First they opened up the season against a very big and speedy Slaton team, and are downed 20-0 in front of the home folks. But the

game could have been a lot different if a couple of plays had went the Wolves way. This isn't so bad considering Slaton has the weapons that could challenge number one ranked Post for the District 3AAA crown.

Next the Pack travels to Seminole to face a

fundamentally sound Indian ball club and come up on the short end 35-0. But this Seminole team can play with any AAA team in the state, and proved it the week before by playing the number four ranked AAA Andrews Mustangs a very close game.

This week it doesn't get any better for the Wolves as they travel to Denver City to do battle with a tough Mustang crew. The 'Stangs will be riding high after last week's 13-7 upset victory over the number four ranked AAA team in state, the Kermit Yellowjackets.

The Wolves will be searching for some of-

fense this week as they have yet to put some points on the scoreboard. This will be a tough task Friday night at 7:30 because the Mustang's strength lies in their defense.

But last week Coach Tom Ramsey's crew showed improvement in this department as they managed 153 yards total offense, compared to only 40 yards the week before. The Wolves offense will have to control the ball more in order to give the defense a little more resting time.

Denver City returns an experienced ball club from a squad finished 6-4 last season. Coach Mike Wartes' team has allowed only seven points in two contests. They defeated Morton 38-0 in the season opener.

The heralded Mustang defense will be led by All-District performers David Hemmeline and Ronnie Glaze. Hemmeline is a 6-1 190 pound senior defensive end, and Glaze is a 5-9 145 pound noseguard. Other returning stars are defensive tackle Mark Curtis (215) linebacker, James Pena (140) and free safety Doug Brown (150).

So far Wartes has been pleased with the play of his defense. "We have a good defense, because we have most of our returning starters

there. Our blocking and tackling is getting better, and we are playing with a great amount of intensity," he said.

Denver City will employ a split-back offense and will try to utilize the running of Butch Burkhalter, a speedy 178 pound senior. Quarterback Tye Sefcik is also a powerful blocker at fullback. Burkhalter is averaging 75 yards a game on the ground. Clearing the way for Burkhalter will be Glaze, Curtis, Greg Williams (210) and Brent Clare (215).

Wartes had these comments concerning

the Wolves. "Colorado City is a very young team, they don't have much experience, but it seems as though they are improving every quarter. We expect a tough contest. To be successful against them we will just have to line up and play good football, which means executing well."

Wartes said he was impressed with the play of Wolf free safety Stacy Tarter. "Stacy Tarter is a very fine football player," he said. He was also impressed with the play of defensive end Tom Rees, linebacker Ruben Luera and quarterback Doug Chitsey.

Dancing class slated

Sonny Pawkett will be the instructor for a new course in Square Dancing beginning on September 27 at the Wallace Center.

The class will meet Mondays and Thursdays from 7:30-10 p.m. for eight weeks. A minimum of four couples is needed to begin the class. The tuition is \$25 per person.

The class is designed for those who would like to learn basic movements in square dancing. Pre-registration is required.

For more information, call 728-2392, Community Education Office at Wallace Center.

ly Montgomery who was out with a groin injury.

This week he will be healthy, and it will be an added plus to the offense. Against Rochelle the 5-10, 160 pound speedster tallied 110 yards on seven carries from the multiple offense that the Wildcats use. This includes the I, Power-I, T, and Wing-T formations.

But McSpadden said that his offensive line might have a few new faces in it. "We will have a shakeup in our personnel, we were not pleased with the offensive line's performance and might have to change some people around. We feel like we have some good kids, but we just need to work some kinks out."

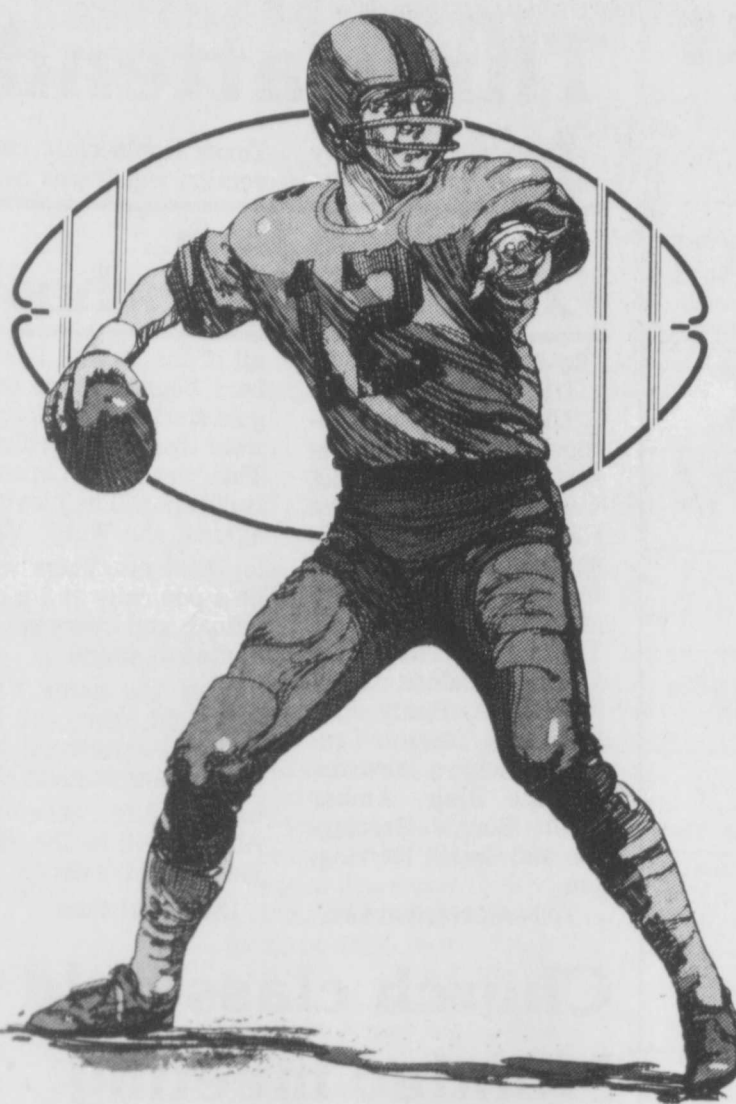

Water Valley will use a 59 defense and according to McSpadden the key will be to contain Loraine. His front five has been doing a good job of it so far this season. They are Montgomery and Frankie Juarez (175) at the ends, and down lineman Tim Smith (160), Ted Bagwell (225), and Chris Hoster (255). But McSpadden calls 5-9, 145 pound linebacker Bruce Dye the most aggressive ball player he has.

"He is kind of like Loraine's Merket, (defensive back Adam Merket) always around the ball."

McSpadden said his team will have to execute well, and play like they normally do, because if they break down, Loraine has the potential to blow them out.

"They have 15 of the best athletes that I've seen. They have some fine ball players in Darnell, Griffin, Merket and Blankenship. And Rodriguez is a very underrated player, he is one of the finest defensive tackles in the district," said McSpadden.

He also added that this game will see how much Loraine has improved from last week, how well they can come back after "taking one on the chin" from Robert Lee. And it's a good bet that the Dogs will come back clawing.

Baumann T.E.H.A. club meets

The Baumann T.E.H.A. Club met with Mrs. Harvey Leach at 2:30 p.m. Tuesday, Sept. 7th with Mrs. Charlie Harris presiding.

The meeting opened with club prayer repeated in unison. Vada Preston brought the recreation and the roll call was

answered with "An item in your first aid kit."

Pauline Smiley gave the treasurer's report and Bernice Hallmark read minutes of the last meeting. Plans were made for booths for the Mitchell County Fair next week.

The nominating committee recommended the following officers for the new year and they were elected as follows: president, Mrs. Bernice Hallmark; vice president, Mrs. Charlie Harris; treasurer, Mrs. Pauline Griffin; council

chairman, Mrs. Harvey Leach; reporter, Mrs. Mable Givens.

Mrs. Harris brought the program on "Nutrient Needs at a Glance." In her talk, she stressed the importance of getting the necessary vitamins and minerals in our diet and gave some selections of food that were economical as well as high in food value for our bodies.

She said that rice was very nutritious and gave the difference in looks and food value in brown rice, regular milled white rice, the most popular kind, wild rice, etc.

Then there is our every day egg, which is nature's own convenience food she said. They are great for meals, snacks, any time, any season of the year and are nearly perfect food

because they contain all nutrients except vitamin C and are an excellent source of iron, phosphorus, magnesium and vitamins A, B, D and E.

She also discussed the pecan, a taste tempting, nutritious, year-round treat and favorite of Texans. They are not only delicious, they are nutritious. They give you an excellent source of protein, fat and carbohydrates, energy producing nutrients. However, their reputation as fattening is misleading because 10 large halves contain only 65 calories.

Refreshments were served to Mmes. Harris, Hallmark, Clara Butler, Lynne Compton, Preston, Lester Webb, Willis Cornutt, Givens, Smiley, Cullen Payne and Leach.
