

Sun Finds More Oil In 1 Jameson, Coke Discovery

By JAMES C. WATSON
Oil Editor

Sun Oil Company No. 1 Jameson, prospective discovery in Northwest Coke County cored through more than 1,000 feet showing oil and gas and is cored ahead.

That wildcat, located 1,980 feet from west and 660 feet from south lines of section 253, block 1-A H&C survey, about 20 miles air line northwest of Robert Lee, took a two-hour drillstem test at 6,225-40 feet.

No Water Developed

Gas showed at surface in nine minutes. No gauge on the flow was reported. Recovery was 590 feet of clean oil. There was no water. Shut-in bottom hole pressure was 210 pounds.

Operator cut a core from 6,240-45 feet, and was coming out with it Monday morning. It was planned to take another core to 6,450 feet, and then take a drillstem test at 6,240-50 feet.

Lion Oil Company No. 1 Tennie, (Cowden), outpost to production from the Devonian in the Dollar Hide field, in extreme Southwest Andrews County, and 680 feet from north and east lines of section 6, block A-55, well survey topped the Devonian at 7,901 feet, on an elevation of 3,144 feet.

It drilled to 7,935 feet, and took a drillstem test with the packer at 7,898 feet.

Flowed Clean Oil

The tester was opened at 12:10 p. m. Sunday and closed at 5:20 p. m.—for a total time of five hours and 10 minutes. Gas showed at surface in five minutes, oil flowed at top in two hours and 40 minutes. In the following two hours and 30 minutes the drill pipe flowed 46 barrels of clean oil. No water was reported. Recovery from the drill pipe, after the breakdown, had not been reported.

Informed sources reveal that this prospect found the top of the Devonian 218 feet low to Pacific Western Oil Company No. 1 Cowden, the nearest producer from the Devonian.

Making Some Petroleum

Sun Oil Company No. 1-B McKinley, probable discovery from the lower Permian, on the north side of the Hobbs field, in East-Central Lea County, New Mexico, and between Hobbs and Lovington, was swabbing at about 4,000 feet below surface, and was recovering some oil and some wash water.

It was treated in open hole at 7,543-7,658 feet with 4,000 gallons of acid. After the load and residue from the treatment had been recovered the well swabbed eight hours and made 60 barrels of fluid—75 per cent oil, and 25 per cent wash water. Informed sources reported that practically all of the 45 barrels of petroleum recovered in the eight hours was new oil.

Ralph Lowe No. 1 Blake, Northwest Garza County wildcat to 4,200 feet about six miles northwest of Post had spudded to 200 feet and had cemented surface pipe. Drilling will be resumed in a day or so.

Drilling in San Andres

Texas Gulf Producing Company No. 1 Rio Bravo Oil Company, Southeast Crane County wildcat, to the Ellenburger, in east corner of section 7, block 31, H&C survey, had reached 2,085 feet, in line, and was drilling ahead. Top of the San Andres was picked at 1,970 feet, on an elevation of 2,366 feet.

Humble Oil & Refining Company

No. 2 Sims, discovery for production in the Ellenburger, in extreme West Andrews County, set 5 1/2-in. casing on bottom, at 10,535 feet, with 250 sacks of cement.

Operator will drill out the plug and perforate the casing opposite the pay section, test and completed immediately.

Found Water Level

Humble No. 1-F Cowden, Northwest Ector County development, 1,980 feet from south and 660 feet from east lines of section 11, block 45, TP survey, T-2-N, and one-half mile south of the nearest Ellenburger producer in the Andetector field, was bottomed at 8,690 feet, in Ellenburger lime and was to run casing and complete.

After flowing oil at an estimated rate of at least 30 barrels per hour at 8,583-8,625 feet, the project drilled to 8,660 feet, and ran a 90-minute drillstem test at 8,630-60 feet.

Gas showed at surface in seven minutes. There was a slight blow throughout the period. Recovery was 720 feet of oil cut drilling mud and 5,490 feet of pipe line oil. No water developed.

The hole was continued to 8,690 feet, and a 74-minute drillstem test was taken at 8,660-90 feet. Gas showed at surface in 18 minutes. Mud flowed at surface in 20 minutes. The drill pipe flowed oil and water for 54 minutes. It was 40 per cent sulphur water and 60 per cent oil.

Wildcat for Howard

Bond Oil Corporation and L. C. Harrison have staked location for their No. 1-C Texas Land and Mortgage Company, in East Howard County. It is at center of northeast quarter of southwest quarter of section 17, block 30, TP survey, T-1-S, and three and one-half miles southeast of Coahoma. It is to use cable tools to drill to 3,500 feet, starting immediately.

Government Will Call Krug And Ten Federal Officials As Witnesses In Lewis Trial

WASHINGTON—(P)—The government Monday announced it will call Secretary of Interior J. A. Krug and 10 other witnesses in the trial of John L. Lewis on contempt charges in the soft coal strike.

As the third day of the trial opened, United Mine Workers' counsel was still hammering in cross-examination at the first government witness, Federal Coal Mines Administrator N. H. Collison.

John F. Sonnett, chief government counsel, interrupted to announce his full panel of prospective witnesses, explaining he did so as a courtesy to the defense.

Sonnett said that in addition to Krug and Collison, the government will call these witnesses:

Joseph A. Genau, special FBI agent; Lt. Cmdr. Hamilton Arneson, coal mines administrator of the Iowa sub-area office; Lt. Cmdr. R. H. Behnke, coal mines administrator of the Fairmont, W. Va., area; Briggs M. Rogers, general superintendent of the De Bardeleben Coal Corporation, Sipsey, Ala.; Lt. Ralph N. Clalola, coal mines administrator, representative, from the sub-area office in Uniontown, Pa.; Dr. Glenn Parker, chief prices and markets sub-section, coal economics division of the Bureau of Mines; Dr. Philip Hauser, assistant to Secretary of Commerce Harman; and George Haas, director of research and statistics for the Treasury Department.

Krug of Official Family

Although it had been expected that several cabinet officers would be called by the government, Krug was the only one of the President's official family named among the witnesses. He signed the mine contract which Lewis terminated, touching off the walkout of the 400,000 soft coal miners 12 days ago.

Collison, who has testified that Lewis never disclosed his direct demands in the mine dispute before cancelling the contract was cross-examined closely by Welly K. Hopkins, Lewis' chief attorney.

Hopkins pursued the same line of questioning as he did before the court recessed on Friday.

This was intended to show that the government had not called on the Wage Stabilization Board for approval of disputes, over the coal contract prior to November 1.

Lewis Did Not Ask WSB

The court inquired last week as to why Lewis had not submitted the current dispute to the Wage Stabilization Board, as permitted under the Smith-Connally Act instead of serving the "termination" notice which precipitated the coal strike.

Collison acknowledged again that in some instances the government had not filed notices of disputes with WSB.

By this questioning of Collison, the UMW counsel apparently sought to prove there had been no interference with the "sovereign" functions of government, and thus, that Judge Goldsborough's "stop strike" restraining order was void.

LOST TEACHERS FOUND—

HARRISBURG, PA.—(P)—Two teachers, who lost their way in the densely wooded mountains north of here while searching for evergreens for class-room decorations, were found early Monday huddled beside a fire.

U.S. Says Reds Plan To Outlaw Bomb, Veto Arms

Molotov Is Seen As Possible Stalin Successor

LONDON—(P)—An unexpected new publicity buildup for Soviet Foreign Minister Vyacheslav M. Molotov in the government-controlled Russian press set tongues wagging throughout Europe Monday in the popular game of trying to pick Prime Minister Stalin's successor.

Many diplomats and others who had no regard for Molotov as the most likely candidate were inclined to guess again after Moscow newspapers, reporting the 56-year-old Russian diplomat's election as an honorary member of the Soviet Academy of Science, lauded him lengthily as Stalin's closest assistant.

This almost unprecedented singling out of a Staling deputy for public praise came less than a month after Stalin, 67 years old and by some accounts in "poor health," failed for the second consecutive year to take part in the recent nationwide celebration of the Russian Revolutionary Anniversary.

Stalin May Step Down

To some students of Soviet affairs it looked as though Stalin might be stepping down, or perhaps he was gradually relinquishing his powers, and as though Molotov was perhaps being groomed for advancement.

Molotov, undoubtedly the Russian leader best known to the Western World by virtue of his prominence in big power deliberations at London, Paris and New York, has been a life-long worker for the Communist Party and is one of eight vice-chairmen of Russia's Council of Ministers, of which Stalin is chairman.

Should Molotov succeed Stalin it would surprise those who have been "backing" such other leading officials as Georgi M. Malenkov, Andrei Andreyev, A. A. Zhdanov, A. I. Mikoyan, and L. M. Kaganovich.

No. 1 Navy Medical

Capt. Clifford A. Swanson has been named surgeon-general of the U. S. Navy, with the temporary rank of rear admiral. He has been serving as chief of the eye, ear, nose and throat division of the Navy Department dispensary and as surgeon at the Bethesda Naval Medical Center.

Senate Committee Begins Hearing In Bilbo Election

JACKSON, MISS.—(P)—Senator Theo. G. Bilbo (D-Miss.), ready for a Senate Investigating Committee to open its hearing here Monday on complaints against his recent election, boasts of more legal assistants than the number of volunteer witnesses the committee expects to testify.

The 69-year-old senator, who left his Poplarville "dream house" Saturday and took up residence at a hotel here, said he has "two or three lawyers" on hand to represent him "if anything hot develops," and has available "about 50 more if I need them."

Senator Ellender (D-La.), chairman of the committee, said the committee's legal staff has sent out registered letters or telegrams to 300 potential witnesses, but only "about 20" have volunteered to testify.

May Use Subpoenas

"The committee is hopeful that it will not be compelled to resort to the use of the subpoena to obtain witnesses," Ellender commented. "We are appealing to the people of Mississippi to give their testimony voluntarily. Of course, if we do have to use the subpoena, we do not hesitate to do so."

Ellender added that Bilbo has not indicated whether he will testify or offer witnesses.

The hearing, Ellender said, is being held to determine "to what extent, if any," speeches and actions by Bilbo in the July 2 Mississippi Democratic Primary caused an "intimidation of voters and unlawful election practices."

In the balloting Bilbo was nominated for a third term.

Decision Expected Soon On Renewal Of Draft In January

WASHINGTON—(P)—An Army decision is expected this week on whether to resume the draft in January after a two-month holiday—a step manpower advisers are reported to favor.

Officials said recommendations are in the hands of Secretary Paterson and General Dwight D. Eisenhower, Chief of Staff, awaiting action.

Those advisers favoring a call on Selective Service for a quota next month are understood to contend it would spur volunteer recruiting as well as supplement it.

Officials are giving no hint whether the Army will ask extension of the draft beyond March 31.

That question is wrapped up with the War Department's announced intention of pressing in the new Congress for universal military training on grounds that "some form of compulsion is imperative to meet needs of the Regular Army, the National Guard and Organized Reserve Units."

If extension should be asked, officials have said the War Department would propose that the draft terminate with the start of universal training.

GOP Polling Truman Cabinet On Needless War Restrictions

WASHINGTON—(P)—Republicans are polling President Truman's cabinet on the question of which emergency war powers can be safely cut off and which should continue.

Senator Wiley (R-Wis.) said Monday he has sent the inquiry to cabinet members and the head of the Veterans Administration to prepare the way for quick action by the new Congress to terminate all possible war powers and controls.

Farmers To Elect Committeemen Tuesday

The polls will be open in the County Courtroom of the Midland County Courthouse Tuesday for the election of community committee-agricultural convention and the selection of community committeemen, by farmers participating in the U. S. Agriculture Conservation Administration program.

Voting hours are from 9 a. m. to 5 p. m. for producers who have not sent in their ballots by mail. A delegate and alternate delegate will be named to the county convention from each of three agricultural districts in the county and a chairman, vice-chairman, committeeman, and first and second alternate committeemen will be chosen in each area.

Judges of the election will be the present county agricultural committee—W. E. Pigg, Terry Elkin and Dwight McDonald.

City Police Seek Skylight Burglar

Midland city police Monday sought a "skylight burglar," who used a knotted rope ladder to drop from a skylight into the Basin Supply, 103 South Main sometime Sunday evening.

The burglary was discovered at the store Monday morning. The burglar had left the rope ladder used to drop down into the store from the roof.

A rifle and a pistol were stolen from the store.

Mrs. Lyles Payne Dies Sunday

Mrs. Lyles Irma Payne, 56, a resident of Midland for the past 12 years, died at her home, 411 South Terrell Street, Sunday at 10 a. m. after an illness of two months.

The Rev. Fred McPherson officiated for the funeral services at the Calvary Baptist Church Monday afternoon. Mrs. Payne was buried in the Midland cemetery.

Mrs. Payne is survived by her mother, Mrs. E. J. Dalby of Aspermont; a son, M. E. Payne, Jr., and a daughter, Mrs. Louise Zobb of Midland; two brothers, Fred and Jeff Dalby of Aspermont, and two sisters, Mrs. J. B. Osborn of Vernon and Mrs. Charles L. Gibson of Aspermont.

Mrs. Payne was born in Bowie County.

GRAND CHAMPION AT WESTERN LIVESTOCK SHOW
LOS ANGELES—(P)—Roy Esar, Jr., 850 pounder, has been judged the Grand Champion Steer at the Grand Western International Livestock Show. The steer is owned by 14-year-old Jack MacArthur of San Antonio, Texas.

Connally Says Soviet Proposal 'Too Narrow'

LAKE SUCCESS—(P)—The United States charged Monday that the primary object of Soviet Russia's arms limitations program seemed to be to get rid of the atomic bomb and then place all other arms questions under the United Nations Security Council where they would be subject to the "atom bomb of the veto."

Sen. Tom Connally (D-Texas) continuing the arms reduction debate before the 54-Nation Political Committee of the General Assembly, bluntly rejected the Soviet proposals as "too narrow and too circumscribed."

Connally made it clear that the United States was opposed to any injection of the veto into the inspection and control machinery which would be set up to make sure that no nation violated the proposed international agreements on arms limitations.

Must Be Outlawed

He said the Soviet proposal, while emphasizing that the atomic bomb must be outlawed, made no mention of jet-propelled weapons, poison gas or other weapons of mass destruction, and added:

"We think a man dead of poison gas is just as dead as if he were struck by an atomic bomb. We think other weapons must be included—all forms of these extraordinary weapons of mass destruction."

Connally said Soviet Foreign Minister V. M. Molotov had accepted the principle of international inspection and control. He then asked: "How can there be international control if any member of the Security Council can rise in his seat and veto inspection? That is individual control."

Must Be Effective

He said the United States insisted that measures of control must be "effective," and pounding the table he added "that means effective."

Connally said the United States was firmly opposed to any interruption of the work of the Atomic Energy Commission or any interference with its work.

A small nation drive to curtail the veto privileges of the Big Five was sidetracked Monday as two international groups—the United Nations Assembly and the Council of Foreign Ministers—grappled with the twin tasks of penalizing the aggressors of the last war and preventing a new one.

Over Britain's claim that it was a move to "pass the baby," the Assembly's Political and Security Committee sent the question of veto modification to a sub-committee from which there seemed little chance of positive action before the end of the session.

A definite showdown on the issue elsewhere was negligible. Brownsville's low was 55 degrees.

Lowest temperature Monday was 25 degrees at Pampa and Clarendon.

A reading of 26 was reported at Amarillo, Abilene, Wink and Lubbock. Wichita Falls had 27. The average in West and North Texas was in the upper 20s and low 30s.

The forecast for Texas, said the weather bureau, can be summed up in three words—fair and warmer.

Kermit Girl Fatally Injured In Accident

Bobbie Jim Sparks, 17, daughter of Mr. and Mrs. Cecil Sparks of Kermit, died at the Odessa Hospital following injuries received in a three-car accident, Saturday night near Odessa. Funeral services were held Monday at 3 p. m. at the First Baptist Church of Kermit with the Rev. Straus Atkinson officiating.

Miss Sparks, who was a student in Sul Ross College, Alpine, is survived by her parents, two brothers, Billy Frank and Jack, and a sister, Louella.

Released after treatment in the Odessa Hospital were Wino Sue Mallow, a student in Texas Tech, and Carroll Martin and M. E. Thompson, students in Sul Ross.

Glenn Beard, Sul Ross student, and Jimmie Humphreys, Texas A&M student, escaped injuries.

Prospects For Political Harmony

It was not surprising that Republican congressmen gave a friendly reception to President Truman's offer of co-operation, his pledge of faith with faith, and his promise to meet good will with good will. For Truman has seemed to retain his personal popularity with his former GOP colleagues.

Their chief criticism has been of Truman as executor of President Roosevelt's legislative legacy, and even more so of Truman as the political ally of leftist liberals and of the powerful labor leaders who gave Roosevelt such strong support. But they haven't felt particularly bitter toward Harry Truman, the affable erstwhile senator from Missouri.

So the possibility of Capitol-White House harmony, which seems so hopeful right now, may hinge on a possible change of the President's attitudes and sympathies as a result of the recent elections.

Truman committed himself to carry on the program and preserve the tradition of the Roosevelt administration when he took office a year and a half ago. And while he has been his own President, making his own appointments and decisions, he has tried to promote legislation which Roosevelt is known to have favored. This is particularly true in domestic matters.

Largely for that reason the labor leaders who supported Roosevelt stuck to Truman. And Truman stuck to them. For, until November 5, those labor leaders—especially those connected with the PAC—headed a politically powerful group that he could not afford to offend. But the CIO-PAC isn't as formidable as it was before the elections. Only 73 candidates who received its blessing were winners in the race for 318 contested House seats.

So today Truman is largely free to withstand political pressure from a badly beaten PAC, if he is so inclined. He is largely free to propose legislation according to his own convictions with less regard for political expediency. Now he must decide which is better for the country's domestic welfare and nearer to the country's wishes—to hew to the New Deal line and risk a long, stubborn fight with Congress, or to achieve closer co-operation from Congress by pursuing a more conservative course.

As senator, Truman was a liberal and a faithful supporter of New Deal legislation. As President, he has shown himself less inclined toward social and economic innovation than was his predecessor. He is certainly a little to the right of Roosevelt's "a little left of center." And though he displays an almost reverential regard for Roosevelt's abilities and accomplishments, he hasn't hesitated to shoo the top New Dealers out of Washington and replace them with more congenial assistants and advisers. These are among the factors which will weigh heavily in determining Truman's choice of action. That choice will decide more than anything else whether we have a harmonious or discordant government from now until January, 1949. And that decision, in turn, will have a profound effect on the national and international history of the next two years.

JayCee Directors Will Meet Tuesday Evening

Kiwanis Hears Hopper Speak On Community

The Rev. Hubert Hopper, pastor of the First Presbyterian Church, outlined four ways Midland could improve its community spirit in a speech before the Kiwanis Club at a luncheon in the Scharbauer Hotel Monday.

After describing community spirit as real, yet intangible, selfish, yet charitable; and irreligiously religious, Mr. Hopper said the community spirit in Midland could be improved by separating it from the spirit of "keeping up with Jones." He said the city further should unravel itself from isolationist tendencies which makes the citizens worry if a project will help a neighboring city as well. It should look forward, 10 or 15 years, he said, and make a master plan so all the service clubs and other groups in the city would know for what they are working; and the citizens should exchange the present standard of measuring projects. "What's in it for me?" for "Is it good for the community as a whole."

The Rev. Robert Snell, program chairman, introduced the speaker. Floyd Boles made announcements concerning the plan to build a junior college in the city.

Try This Old Home-Mixed Cough Relief. Surprising!

Child Could Make It. No Cooking. Big Saving.

You may not know it, but, in your own kitchen, you can easily prepare a really surprising relief for coughs due to colds. It's old-fashioned—your mother probably used it—but for real results, it's hard to beat.

First, make a syrup by stirring 2 cups granulated sugar and one cup of water a few moments, until dissolved. Or you can use corn syrup or liquid honey, instead of sugar syrup. No cooking needed. It's no trouble. Then get 2½ ounces of Pinex from

any drugist. This is a special compound of proven ingredients, in concentrated form, well known for quick action in throat and bronchial irritations.

Put the Pinex into a pint bottle, and fill up with your syrup. Thus you make a full pint of splendid cough syrup, and you get about four times as much for your money. It never spoils, and children love its pleasant taste. And for quick relief, it's a wonder. It loosens the phlegm, soothes the irritated membranes, eases the sore throat, and makes breathing easy. If not pleased, your money will be refunded.

How To Relieve Bronchitis

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

Kitchen Gift Party Honors Bride-Elect

Alice Fleming, who will be married to Rex Stultz this month in Terrell, was complimented with a kitchen gift party recently at the home of Mrs. Charles Reeder, 407 North Loraine Avenue.

Assisting Mrs. Reeder in entertaining were Mrs. Howard J. Atwater, Joyce Melanson, and Lois Terry.

The table was centered with a basket of roses circled with kitchenware. An "add a recipe cookbook" was the registry.

Favors were miniature plastic knife, fork, and spoon on each plate.

Guests were Mrs. Rex Biddy, Mrs. Bill Wyche, Jr., Mrs. Virgil Brown, Mrs. Artie Shaw, Mrs. J. R. Smith, Mrs. Hugh Bliss, Mrs. Johnny Carter, Carolyn Oates, Beth Prothro, Mrs. Ed Metzger, Ruby Millard, Lila Stewart and Jean Richards.

RETURN TO MIDLAND
Mr. and Mrs. Edward E. Reigle and children, Gordon and Carolyn, 613 West Storey Street, have returned from Fort Worth where they spent the Thanksgiving holidays.

Gordon was a guest of Jacqueline Garrison for the Tux Sorority Thanksgiving dance.

BACK ACHE DUE TO KIDNEYS?
Read This: If excess acidity of your urine makes your back ache so you groan... so you get up three or four times a night to pass water, now be of good cheer. Three generations ago a famous doctor noticed that hundreds of his patients had this backache. He developed a medicine made of exactly the right amount of sixteen herbs, roots, vegetables, and balsams—truly Nature's own way to relief.

Now millions have used it. The medicine is Dr. Kilmer's Swamp-Root. Instantly you take it, it starts to work flushing out those excess acids that may be causing your backache... increasing the flow of urine to help ease that burning sensation when you pass water... and that bladder irritation that makes you get up nights. Caution: take as directed. You'll say it's really marvelous.

For free trial supply, send to Dept. U, Kilmer & Co., Inc., Box 1235, Stamford, Conn. Or—get full-sized bottle of Swamp-Root today at your druggist.

Notre Dame, Georgia, UCLA Claiming College Grid Title From Army Cadets

NEW YORK—(P)—Boosters of Notre Dame, Georgia and UCLA are claiming the college grid title Monday on the basis of Army's close call with Navy in the final pre-bowl roundup of the 1946 season.

Georgia and UCLA rank at the top of the 14 unbeaten, untied elevens in the nation on the strength of their major schedules but the Irish from South Bend, who wound up a defeatless campaign by trouncing Southern California, 26-6, have a valid claim through their 9-0 tie with the Cadets.

MHS Gridders Win All-State Honors

Jimmy Edwards, sterling center of the Midland High School Bulldogs, made the third team all-state selection of the Fort Worth Star-Telegram announced Sunday.

Dunny Goode, high-scoring Midland wingback, received honorable mention.

Here is Dub King's Star-Telegram all-star pick of Texas (first team):

Pos.	Player	School
LE	Troy Stone	Sweetwater
LT	Mickey Spencer	Pasadena
LG	Bill Sluder	Gainesville
C	Abe Lincoln	Sweetwater
RG	Herman Foster	Odesa
RT	Jerrill Price	Brownfield
RE	Bill Wright	Houston Milby
B	Kyle Rote	S. A. Jefferson
B	Harland Collins	Amarillo
B	Harvey Gabrel	Odesa
B	Roy Jackson	Denison
B	Don Cunningham	Graham

Cole Makes Herald All-District Team

Bobby Cole, triple-threat Midland High School Bulldog back, won a place on the Big Spring Herald all-district team.

Here is the pick of Tommy Hart, Herald sports writer:

Pos.	Player	School
End	Duane Hendley	Abilene
Tackle	Harold Hedrick	S. Angelo
Guard	Ike Robb	Big Spring
Center	Abe Lincoln	Sweetwater
Guard	Herman Foster	Odesa
Tackle	Dave Bowers	Abilene
End	Troy Stone	Sweetwater
Back	Hayden Fry	Odesa
Back	Horace Rankin	Big Spring
Back	Pug Gabrel	Odesa
Back	Bob Cole	Midland

Texas Schoolboy Play-Offs Begin Friday Afternoon

By HAROLD V. RATLIFF
Associated Press Sports Editor

The Texas schoolboy football championship play-off starts this week with Odesa's Bronchos and Thomas Jefferson's Mustangs top favorites to meet in the finals the last week of December.

But it's a veteran field that breaks from the barrier in the bi-district round with 14 schools that have been in the title play-off before, among them the real old-timers of schoolboy gridiron—penant battles—Amarillo's Golden Sandies and Waco's Tigers.

Each of these schools has won four championships over the 27 years of interscholastic league play. And there are four others that have figured in title results—Wichita Falls, Adamson (Dallas) and Tyler, each of which has won a championship, and Highland Park (Dallas), which tied for the title last year with Waco.

Only newcomers to the play-off are Pasadena, making its first race in Class AA, and Mineral Wells, the upset team of District 9. Odesa's undefeated, untied and unhurried Bronchos appear to have the easiest game in the first round, meeting thrice-beaten Ysleta, which lost to Midland by four touchdowns and Midland was slaughtered by Odesa 55-0.

Bi-District Pairings
The pairings in the bi-district round are:

Amarillo vs. Wichita Falls, Odesa vs. Ysleta, Denison vs. Highland Park, North Side (Fort Worth) vs. Adamson (Dallas), Mineral Wells vs. Waco, Tyler vs. Lufkin, Lamar (Houston) vs. Pasadena, Thomas Jefferson (San Antonio) vs. Edinburg.

Odesa, North Side, Waco, Lufkin, Lamar and Thomas Jefferson are big favorites but the Amarillo-Wichita Falls and Denison-Highland Park games are considered virtual toss-ups with an edge, if any, going to Amarillo and Highland Park.

The schedule this week is like this:

Friday—Highland Park at Denison, 8 p. m.; North Side (Fort Worth) at Adamson (Dallas), 8 p. m.; Tyler at Lufkin, 2:30 p. m.; Pasadena at Lamar (Houston), 8 p. m.

Saturday—Wichita Falls at Amarillo, 2:30 p. m.; Odesa vs. Ysleta at El Paso, 2 p. m.; Waco at Mineral Wells, 2:30 p. m.; Edinburg at Thomas Jefferson (San Antonio), 2:30 p. m.

Texas Football Season Ends With Hardin-Simmons As No. 1 Team

By The Associated Press
Except for one game (Baylor vs Texas Mines) that may not be played and some bowl engagements January 1 the college football season is at an end in Texas with Hardin-Simmons' hard-riding Cowboys boasting the finest record of the year and one of the best in the nation.

Hardin-Simmons is the only team with an undefeated, untied standing, the Cowboys rolling up 302 points in 10 games while allowing the opposition only 48.

It appears the Alamo Bowl at San Antonio really got the prize when it obtained Hardin-Simmons to play Denver University there.

Texas and Rice boasted the third best marks of college teams in the state with eight wins and two defeats each. Rice, co-champion of the Southwest Conference with Arkansas, will play in the Orange Bowl at Miami.

North Texas State won the Lone Star Conference championship and will meet College of the Pacific in the Optimist Bowl at Houston December 21.

Southwestern and Abilene Christian College tied for the Texas Conference championship. The latter had the second best record among Texas college teams, winning eight, losing one and tying one.

Records of leading Texas college teams:

Team	W	L	T	Pts.	OP	Pct.
Hardin-Simmons	10	0	0	302	48	1.000
Abilene Christian	8	1	1	229	53	.850
Texas	8	2	0	290	68	.800
Rice	8	2	0	237	62	.800
Texas Tech	8	3	0	148	116	.727
Sam Houston State	6	2	1	130	53	.722
Southwestern	6	2	2	155	52	.700
East Texas State	5	2	2	157	107	.637
North Texas State	6	3	1	113	89	.650

Texas Golden Gloves Tournament Slated For February 12-17

FORT WORTH—(P)—The eleventh Annual Texas Golden Gloves, the amateur boxing tournament that has grown into a major mid-winter sports event, will be held here February 12-17. Five nights of fighting, broken by a day of rest on Sunday, February 16, will lead to the crowning of state champions.

District tournaments will be held in January and early in February, and the Texas winners will be entered at the Chicago Tournament of Champions February 25-26. The lineup of district centers has not been completed, but sponsors at Abilene, Amarillo, Beaumont, Big Spring, Brownwood, Corpus Christi, Dallas, El Paso, Houston, Lubbock, San Antonio, Temple, Tyler, Waco and Wichita Falls already have announced their intention to hold tournaments.

The state tournament is sponsored by the Fort Worth Star-Telegram and is under direction of the Texas Golden Glove Association. District tournaments are controlled by newspapers, responsible civic organizations or schools.

Competition again will be in eight weight divisions: flyweight, 100-112 pounds; bantamweight, 113-118; featherweight, 119-126; lightweight, 127-135; welterweight, 136-147; middleweight, 148-160; light-heavyweight, 160-175; and heavyweight, unlimited.

NOMINATED FOR PRESIDENCY
FORT WORTH—(P)—E. S. Douglas of Alto and Don Donathan of Amarillo have been nominated for president of the Texas State Rabbit and Cavy Breeders Association.

BASKET BALL GAME WILL END BIG SPRING COACHING CLINIC
BIG SPRING—(P)—A game between Abilene Christian College and West Texas State Monday night will conclude the two-day Big Spring Coaching Clinic which has been attended by nearly 200 coaches and players.

BUDD DIES AT 75
PHILADELPHIA—(P)—Edward G. Budd, who gave America its first all-steel automobiles, streamlined railroad trains and stainless steel airplanes, is dead at the age of 75.
