## Judge Wendell Urges Compliance With Flood Protection Ordinance

Aransas County Judge John D. Wendell this week warned all persons planning to build homes or other structures in the county (outside the city limits) that they must comply with the county flood protection ordinance.

Specifically, Judge Wendell emphasized the requirements of Section 8 of the ordinance.

Titled "Establishment of Flood Hazard District," this section states:

"The flood hazard areas within the jurisdiction of this Ordinance are hereby designated as Zone A as shown on the Flood Hazard District Map. Within this District the base flood elevation is eight (8) feet above mean sea level and all uses not allowed as permitted uses or other permitted uses requiring a permit shall be prohibited."

Judge Wendell pointed out that there are elevation maps in the County Surveyor's Office, in Commissioners Courtroom and in the Judge's Office.

If a person plans to build a structure in an area below eight feet above sea level (in the county outside the city limits), he must get a building permit from County Surveyor Tommy Griffith. If the structure is to be built in an area above eight feet above sea level, no building permit is required, according to Judge Wendell.

## City Police to Work Extra Hours On Traffic to Protect Children

Chief of Police Everett D. Taylor announced this week that the City Police Department has instituted a new program of extra traffic patrol to protect school children.

With two accidents here during the past week in which children were hit by cars, Chief Taylor said:

"My men and I are going to do everything in our power to enforce traffic laws and provide protection for boys and girls on their way to school and on the way home."

His first step to beef up traffic patrol coverage was to announce that three members of the Police Department have already started working two additional hours daily on school traffic.

Taylor pointed out that traffic patrol will be concentrated on Enterprise (where the speed limit is 30 miles per hour), Omohundro (where the speed limit is 30 miles per hour) and Liberty (where the speed limit is 25 miles per hour when the school warning blinker lights are flashing).

"No warning tickets will be issued and the law will be strictly enforced," Chief Taylor said.

### Rotarians Hear Drug Problem

A review of the drug problem in the Coastal Bend area, especially with reference to young people, was given by Joe Williams, recently appointed Aransas County Deputy Sheriff, at the weekly luncheon meeting of Rotary Club September 13 at Corky's restaurant.

Williams, who formerly handled drug investigations for the Nueces County Sheriff's Department, displayed a case containing samples of various habit-forming durgs as well as apparatus for their use.

He said his brief observation of the situation in Aransas County leads him to believe the situation here is somewhat less serious than in many nearby communities. He added that the proximity of the Coastal Bend area to the Mexican border made drug control efforts difficult, especially with reference to marijuana.

Williams asserted the best hope of reducing drug usage, especially by young people, was through education. Parents, he said, have the basic responsibility for educating their children about the dangers of drugs. He also said doctors, teachers and athletic coaches could play an effective role in the problem of education.

Williams described ways in which drugs from Mexico are intercepted at the Mexican border, adding that many of the border seizures are the result of tips from drug sellers in Mexico who are rewarded for information they provide on their own customers.

While cars and trucks are commonly used to import drugs from Mexico, many of the larger batches are flown in and landed at remote air strips in border states, Williams said. Marijuana purchased in Mexico for $50 a pound sells for $90 in Corpus Christi and $300 in Billings, Mont., he said, as an illustration of the profit involved in drug traffic.

Williams asserted Texas has the most stringent laws in the country regarding use or sale of marijuana. He believes possession of marijuana may be reduced from a felony to a misdemeanor in the future. There is even a possibility of it being legalized although, while marijuana is not considered addictive, it usually leads to the use of heroin or other so called "hard" drugs.

The danger of allowing the residue of unused prescription drugs to remain in home bathroom cabinets where they can be used by children was described by Williams. He cited instances of such drugs being distributed by school children, even at the elementary level.

Williams is not very optimistic about the prospect of success in educating high school students in the dangers of drugs. By that time it usually is too late, he said. Junior high school and elementary pupils are more receptive, he added.

### United Fund Drive Offically Proclaimed

Along with other campaigns throughout the state, the present Aransas County United Fund Campaign for $14,442 has been officially designated by Governor Preston Smith, as follows:

The United Way in Texas through some 200 United Funds, Community Chests and United Way organizations is providing financial support, manpower, coordination and planning for some 2,500 health, welfare and character-building agencies in the State.

We as Americans share a unique tradition of responsibiliby, voluntarily assumed by individual citizens, for the conduct of community affairs. Concerned Americans have always banded together to cope with widespread human problems. It is the mission of the United Way to unite entire communities in solving these human problems and to provide a vehicle through which concerned citizens can fulfill the American dream of contributing toward a more satisfying life for all.

THEREFORE, I, as Governor of Texas, do hereby designate the months of September, October and November, 1972, as United Way Campaign Months in Texas, and urge all people of our State to work in and contribute generously to the campaigns in their local communities.

### Girl Injured By Hit-and-Run Driver

Becky West, 11, suffered bruises and lacerations Sept. 13 when struck by a car on Enterprise Street, just south of the Rockport-Fulton High School gymnasium.

The driver of the car, a 15-year-old youth, fled from the scene. He later called a friend in Dallas, told him what he had done and asked what he should do.

The friend told him to surrender himself to the police immediately. So the youth called the Sheriff's Department and Deputy Sheriff James Russell picked him up and took him to the scene of the accident.

There, State Highway Patrolmen who were investigating the accident took the youth into custody and later filed charges against him alleging failure to use precaution for a pedestrian and operating a car without a driver's license.

### Girl On Bike Hit By Auto

Lona Thompson, 7, daughter of Mrs. Alice Thompson, was slightly injured last Friday when struck by a car while riding on her bicycle near Rockport Elementary School, according to Chief of Police Everett D. Taylor.

Chief Taylor said a woman driving the car took the child to the girl's home and did not report the accident to police. Taylor said he understood that the girl accidentally drove her bike in front of the moving auto.

### County Reports

The Aransas County Commissioners Court has received the following fee reports for August: Justice of Peace J. Paul Rogers, $253.75; Justice of Peace Lawrence Miller, $1,001.50; County Clerk Ruby Hart, $1,776.65; Sheriff Bob Hewes, $269.50; and County Tax Assessor-Collector, $1,398.50.

The July report for Aransas County Airport listed 684 take-offs and landings and the following fuel sales: gasoline, 5,755 gallons; and jet, 8,027 gallons.

### Local Seaman Seeks $100,000

A Rockport seaman filed suit in federal court in Corpus Christi for more than $100,000 due to injuries allegedly received aboard a shrimp boat.

Bartolo A. Pena contends in his suit he was injured Dec. 26, 1971, while working aboard the shrimper La Louisianne. Oscar Galjour of Aransas Pass, described as owner of the vessel, is named as defendant.

### Library Burglarized

Chief of Police Everett D. Taylor reported that a burglar or burglars broke into Aransas County Public Library over the weekend and stole approximately $100. He said entry was made through a back window.

**FIRST CONTRIBUTION TO UNITED FUND — Continuing a tradition of several years standing, Elsie Hawes, assistant cashier of First National Bank, makes the first contribution to the Aransas County 1972-73 United Fund campaign by presenting her check to Jim Fowler, drive co-chairman.**

**The campaign, which started this week, will continue through Nov. 15, seeking a total of $14,442 to be allocated among 15 agencies. The campaign will be conducted largely by mail with a possibility of some personal solicitation at the end of the drive. Fowler pointed out that the United Fund Plan is the most economical and simplest way to raise needed money for charitable, health and character-building agencies.**

**It saves the time of solicitors and avoids duplication of expenses for separate drives, he added.**

### District Judge Miller Hears Seven Cases

District Judge John Miller of Sinton last week made the following rulings in seven cases:

James Allen Nettle, charged with driving while intoxicated (second offense), pleaded guilty and was fined $250 and costs and was sentenced to six months in jail. Instead of being put in jail, he was placed on probation for two years.

Joe Ruben Ramirez, charged with burglary of a private residence at night, pleaded guilty and was sentenced to five years in the penitentiary but was placed on probation.

Charles Hamilton, charged with felony theft, was granted a continuance.

J. Melgar, charged with possession of marijuana, pleaded guilty and was sentenced to two years in the penitentiary.

Clarence Kring, charged with procuring, pleaded guilty and was fined $200 and costs and sentenced to one month in the county jail.

Eddie Holt and William Holt, were charged with possession of marijuana. Eddie Holt pleaded guilty and was sentenced to two years in the penitentiary but was placed on probation. The case against William Holt was dismissed on motion of the state.

Robert Rowland was charged with felony theft. The defendant failed to appear for trial. Judgment was rendered for the state for the amount of the bond ($1,500) and costs of rearresting the defendant.

### Beautification Project Planned

The Rockport Home and Garden Club has undertaken the planning and executing of a major Urban Beautification Project which was announced by Mrs. Bill Stubbs, President.

The project will include planting of trees and shrubs along the major travel routes and around the water front on public property. Detailed planning of the architectural landscaping, location and cost will be done by the club members.

This project plan will be submitted to the City Council for approval and application by the City for an Urban Beautification Grant. The local portion of the funds will be provided from funds remaining after the Centennial Celebration.

The planning stage is expected to take from 3 to 4 months with final completion within 6 to 9 months.

Other officers of the Rockport Home and Garden Club are: Mrs. W.K. Thomas, 1st Vice-President; Mrs. E.N. Adams, 2nd Vice-President; Mrs. Danny Adams, Corresponding Secretary; Mrs. R.G. Stafford, Recording Secretary; Mrs. Ross Demory, Treasurer; and Mrs. Tom McClung, Auditor and Parliamentarian.

The club's membership consists of 23 members and is limited to 25 active members.

The aim of the Home and Garden Club is to stimulate interest among the members in horticulture, landscaping and flower arranging and to help in the beautification of the city.

**R.F.H.S. CHEERLEADERS for 72-73 are left to right, Lisa McDavid, Jerri Smith, Fufu Smith, Betty Cassel, Melanie Harwick, Kathy Flores (front).**

**These six spirited cheerleaders will lead the yells and bring spirit to all major sports of the athletic program throughout the school year.**

# PIRATES PLAY FIRST HOME GAME FRIDAY

The Pirates will host the Tuloso-Midway Warriors this Friday night in Rockport with game time at 8:00. The Warriors come into the game with a win under their belt, so the Pirates, who are injury riddled, will have their hands full trying to break into the win column this Friday night. This will be the district opener for the Pirates.

Tuloso-Midway defeated Cotulla last week by a score of 12 to 0.

Those spectators who wish to sit between the 40 and 50-yard line will have to have reserved seat tickets which sell for $7.50 for the season.

## Two High School Students Named Scholarship Semifinalists

Principal C.R. Barre has announced that two students at Rockport - Fulton High School have been named Semifinalists in the 1973 National Merit Scholarship Program.

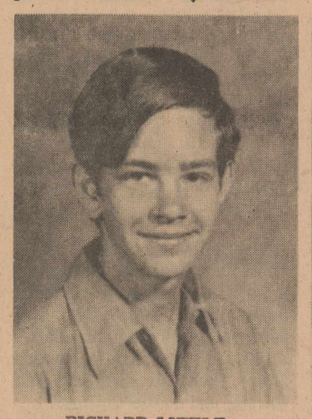

The students are Richard G. Little, son of Mr. and Mrs. R.G. Little and William C. Hunter, son of Mrs. W.L. Hunter.

The approximately 15,000 Semifinalists appointed today are among the nation's most academically talented high school seniors. They will compete for some 3,000 Merit Scholarships to be awarded in 1973.

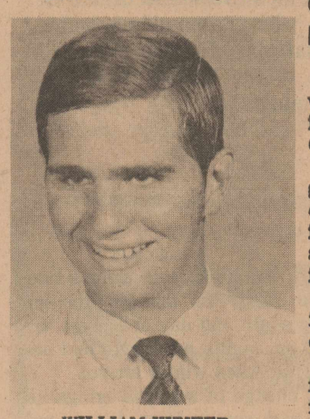

The Semifinalists received the highest qualifying scores in their states on the Preliminary Scholastic Aptitude Test/National Merit Scholarship Qualifying Test (PSAT/NMSQT), which was given last October to over one million students in about 16,600 schools nationwide. They constitute less than one percent of the graduating secondary school seniors in the United States.

The Semifinalists show high promise for leadership in their adult careers, according to Edward C. Smith, president of the National Merit Scholarship Corporation (NMSC). "They have already demonstrated both high intellectual capacity and a readiness to develop their abilities," he said.

"These students deserve credit and honor. They bring honor to their families, who deserve much credit, as do their teachers and their communities. The future success of these young people will, however, depend upon their ability to become productive at the high intellectual levels that they are capable of attaining."

RICHARD LITTLE

WILLIAM HUNTER

Semifinalists must advance to Finalist standing to be considered for the Merit Scholarships to be awarded next spring. Semifinalists become Finalists by receiving the endorsement of their schools, confirming their high PSAT/NMSQT performance on a second examination, and providing information

### Football Game Reserved Tickets

Reserved tickets for the Tuloso-Midway football game to be played Friday night will be sold in the high school principal's office until 3:00 p.m. on Friday.

Ushers will be available at the game to help those people who have purchased reserved seats to find their places. All seats in the center of the field on the north side between the 40-yard lines are reserved seats.

Reserved tickets are $1.50 each, general adult admission will be $1.25, and student admission will be $.50. The pre-game ceremonies will start at 7:45 p.m. with the game starting at 8:00 p.m.

The south side main ticket booth will be the only booth that will sell reserved seats.

### Homemaking Students Learn to Manage Home Successfully

"Oh, if only I had more time." How often have you spoken those words, or have you heard someone else speak them? Or, "Gee, I sure wish I could have that beautiful gold rug, but I just can't afford it right now!" These are some of the situations which the Homemaking I and II classes taught by Miss Frances Mutscher, at Rockport-Fulton High School have been discussing during the past three weeks while they have been studying a unit on Home Management.

The students have been actively involved determining what their values are, and what is important to them as individuals. They have worked on setting goals for themselves, or objectives which they wish to accomplish. They have also been analyzing and managing basic resources of time, energy, and money.

The students initially established the difference between the way that they need

### Community Action Program Described

Mrs. Clifford Zeisler this week gave the Pilot the following information regarding the Community Action Program:

"The Community Action Program platform is to have one civic club sponsor a fund raising program and ask each club and organization to participate in fund raising efforts.

"The aim of these programs is to provide entertainment for our community.

"The goal is to raise funds for a community building and for other needs such as development of the new city park.

"Our first program will be a Halloween carnival and masquerade ball. The first project will be to raise funds for a new swimming pool.

"Other future projects include forming a Little Theater group, organizing a rock band composed of young people, forming a glee club and country and western band.

"We hope to be able to hold one musical program each week, with one amateur program included.

"We are asking the Boy Scouts and Girl Scouts to conduct toy drives throughout the year to collect toys that can be repaired and sold in December at a 'country store'.

"Also, women who do craft work are welcome to prepare articles for sale in the country store and receive a percentage of the sale price, with the rest going into the Community Building Fund."

Mrs. Zeisler urges all persons interested in these plans and programs to call her at 729-0845.

### Charter Sought For Fulton Bank

AUSTIN - Application for a charter for a state bank in Fulton has been filed with the State Department of Banking.

Proposed capital of the Aransas Community Bank for the Aransas County town is $300,000; surplus of $300,000 and reserves of $120,000.

Proposed directors are George C. Cone, Jr. of Corpus Christi, Conwell Smith of Austin, J. Alfred McMurtry, Gordon R. Stanley, J. Martin Shaw and Carl C. Krueger, Jr., all of Rockport.

The bank would be located at the intersection of Texas 35 north and Fulton Beach Road. Cone is projected as president.

No date for a hearing before the banking board has been set.

## *Editorial*

A little girl was struck by a speeding car Sept. 13. She was knocked to the ground on Enterprise Street, and the driver of the car sped away. Later, he surrendered himself to authorities.

Fortunately, the girl was not seriously injured. She suffered bruises and lacerations, but was not badly hurt.

The Rockport Pilot appeals to all motorists in the Rockport area to please drive carefully at all times but particularly when boys and girls are going to school and when they are returning home.

We have fine schools here and hundreds of young people are acquiring the education so necessary to succeed in life today.

Let's all of us drive our cars with caution, so that all boys and girls in our area will be safe and sound.

# Editorials

This week Aransas County's most important community effort of the year was launched. It is the annual United Fund campaign which represents community effort at its best.

Goal of the campaign is $14,442 with which to finance the activities of 15 welfare, health and character-building agencies for a year, activities which have a vitally important bearing on the quality of life in our community. The campaign started Sept. 18 with the expectation that the goal will be reached by Nov. 15.

All of us can take pride in the accomplishments of these organizations in the past. We can assure their continuing benefits to our community by supporting the current United Fund campaign. Without these organizations Aransas County would be a less desirable community in which to live and rear our children.

Almost everyone agrees that the United Fund program is the most efficient and the most economical way to provide necessary funds for carrying on community-wide welfare, health and character-building activities.

A single united effort saves duplication of effort by hundreds of solicitors and eliminates the expense of separate campaigns. Everyone saves this way, and the savings go to essential organizations which can exist only with community support.

So, when you get material through the mail asking for a contribution to the United Fund, respond generously and promptly.

## September, 1972

There was that nameless splendor everywhere,
That wild exhileration in the air . . . ,
-Longfellow.

September brings with it fall, which this year arrives late --at 5:33 p.m. (EST) on the 22nd. On that day the sun crosses the equator moving south and day and night are about equal and from the 23rd on, nights are longer and become longer until December 21st, when winter arrives.

The month that brings this change of seasons brings us the Harvest Moon, so popular with song writers, lovers and farmers.

The cooling night air of September brings into view the brilliance of several planets, among them Mercury and the brighter Venus on the western horizon, Mars which rises just ahead of the sun and Saturn, which rises two or three hours after sunset in Pisces.

Labor Day falls on September 4th this year, September 9th is Admission Day in California (dating to 1850 when California became a State), the 11th is the anniversary of the lost battle at Chadd's Ford, Pennsylvania, where General Howe defeated a lesser force under General Washington in 1777 and went on to capture the capital at Philadelphia.

In Maryland the 12th is remembered as Defender's Day, dating to 1812 and the repulse of a British fleet and army bent on capturing Baltimore (Washington had just been burned). The gallant defense of that city and Fort McHenry (the inspiration for Francis Scott Key's "The Star Spangled Banner") saved the city from ashes.

## Library News

Alexander Solzhenitsyn's "August 1914" has been added to our collection. The Soviet Nobel prize writer's novel takes place at the beginning of World War I and is the story of the Tannenberg Campaign. A number of critics believe this book will be the most important book of the fall publishing season.

Other new books are "The Poor Seekers", a novel by Dick Dromgoole, the story of a poverty program, from origin through riot; "On the Night of the Seventh Moon" by Victoria Holt, and "Zane Grey: The Outdoorsman" edited by George Reiger.

The Library wishes to thank Miss Jane Turner, Mrs. Estle Turner and Mrs. Walter Hatley for their donations.

Miss Shafer's third grade from Rockport Elementary visited the library last Thursday. There were 23 students in the class; they were accompanied by Miss Shafer, Mrs. Pina, Mrs. Grumble and Mrs. Ed Harper. The children were given a brief talk on the use and rules of the library.

People tire easily when they're doing something they dislike.

## Homemaking Students Are Challenged

The Homemaking I and III classes taught by Mrs. Janice Spears are working on challenging home experiences. The students are charting their progress on a bulletin board resembling a football field. Each student has her name and the title of her home experience written on a construction paper football. Each student is responsible for moving her football as she progresses toward accomplishing her goals.

Each student enrolled in homemaking education must conduct an approved supervised home experience. The students made their plans and established the goals they wanted to accomplish in class. The intensity and depth of a home experience determines the time length -- the experience should continue for a period that will allow for the development of skills and growth for maturation. The home experiences are evaluated according to the achievement of goals and plans established prior to the beginning of the experiences, rather than in terms of time spent.

Several of the students have invited Mrs. Spears to their homes to meet their mothers and evaluate and discuss project plans. The home visitation facilitates parent-pupil - teacher planning, development, and evaluation of experiences.

The following students were visited and are working on projects in the areas of clothing, foods, home decoration and personal improvement: Carol Shaver, Marsha Carpenter, Terry Tumlinson, Sue Reid, Pat Garcia, and Pattie Collins.

## Letter to the Editor

Dear Sir:

The new City Park is a potential asset to the City; second only to the Beach and Ski Basin.

It offers an opportunity for civic minded citizens to offer their interests and talents for the planning and development of the park.

The appointment of new Park Board members is purposely delayed in order to offer citizens the opportunity to apply for consideration as members of the Board. If a citizen is interested, this is an opportunity to participate in a worthwhile community activity. Just contact the Mayor through City Hall.

Sincerely yours,
s/Walter S. Falk, Jr., Mayor

## New Membership Coffee Sept. 26

A morning coffee sponsored by the Women's Society of Christian Services of the United Methodist Church will be held September 26, from 9:30 a.m. to 11:00 a.m. in the home of Mrs. Dick Stafford, 1716 Sorenson Drive.

The New Membership Coffee, an annual event, will honor all ladies who have become members of the church during the past year. All church women are invited. Members may bring guests.

about their accomplishments and interests.

About 96 percent of the Semi-finalists are expected to become Finalists, and each will be considered for the 1,000 National Merit $1000 Scholarships which are allocated on a state basis. Many will also be considered for the renewable four-year Merit Scholarships provided by some 500 corporations, foundations, colleges, unions, trusts, professional associations, other organizations, and individuals. Each Finalist will receive a Certificate of Merit in recognition of his outstanding performance in the program.

Winners of four-year Merit Scholarships may receive up to $1,500 a year for four college years, depending on their individual need. Winners of the National Merit $1,000 Scholarships will receive their non-renewable one-time awards after they enroll as full-time students in accredited U. S. colleges or universities.

High school grades, accomplishments, leadership qualities, and extra-curricular activities of the Finalists are evaluated, along with test scores, in selecting Merit Scholarship winners.

NMSC identifies the Semi-finalists to all regionally accredited colleges and universities and to certain agencies that provide financial aid. Many of the Semifinalists receive financial aid from sources other than the Merit Program.

Names of the winners in the 1973 Merit Scholarship Program will be announced in the spring of 1973. Over 31,000 students have received Merit Scholarships in the seventeen annual programs to date.

to spend their time, money and energy; and the way they would want to spend their time, money and energy. They then organized their activities and planned a time schedule so that they could manage to do all of the things they had to do, and still have time to do the things which they would enjoy doing.

Presently, the students are analyzing the many financial needs and wants of family members. They are learning the significance of developing a spending plan so that financial needs may be adequately met; and that there will still be some money left over.

The students are also encouraged to evaluate their achievements and accomplishments in terms of success or failure, and then to determine in what ways they may make improvements.

Home management is involved in every aspect of family living. The main job of the home manager is to keep the family happy during the continual adjustments which the family must make. Planning is an essential part of management. But values must be determined and decisions made almost minute by minute. Knowledge used wisely in making on-the-spot decisions, or the application of common sense, has a tendency to make for happy family living.

**DRAFT NO. 95**

The Selective Service announced that about 15,900 young men holding lottery numbers 95 and below would be drafted during the October-December period. Secretary of Defense Melvin R. Laird hopes to stop all inductions by the end of this year.

# Mathis Turns Off Pirates 33-8

By BOB CRAWFORD

With 10:34 remaining on the scoreboard clock in Mathis last Friday night, the lights went out on the playing field and surrounding areas putting an end to any Rockport-Fulton hopes of pulling closer to the Mathis Pirates who were out

RICKEY McLESTER

front on the score by 33-8. The game was called after 42 minutes of darkness.

Mathis used quickness and speed to subdue Rockport-Fulton in the shortened contest. Mathis scored after only six minutes had elapsed in the game on a 46 yard run by quarterback Odie Edmonds, a constant thorn in the RF Pirates' path all evening.

Rockport, plagued by 3 fumbles in the first quarter, turned over the ball, and again Mathis drove deep into Rockport territory, but the RF Pirates held, only to lose the ball around the 20 on a fumble.

Mathis fullback Shane Nelson scored from 15 yards out to put Mathis in front 12-0 before Mathis added the extra point.

Mathis came back to score again early in the second period on a one yard plunge by Edmonds. At that point it was 19-0, and that score remained until halftime.

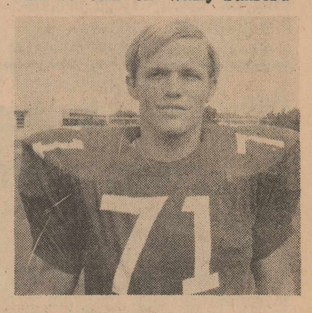

Rockport came back in the third period following a punt deep into Mathis territory by John Vick, and then the RF Pirate defense stiffened and took over the ball on the Mathis 33, the first time all evening that Rockport had field position. Just four plays later, Rickey McLester skirted the left end for the score for Rockport-Fulton, and McLester added the two points to put the RF Pirates closer to Mathis at 19-8.

On the ensuing kickoff a series of events began to plague Rockport again, and before Mathis was through they had added two more touchdowns and conversions to put Mathis ahead 33-8 when the lights went out. Both TD's came on long pass completions.

Offensively and defensively the RF Pirates easily saw the edge Mathis had in playing a game the week before while Rockport was idle.

McLester led the Pirate rushers with 71 yards in 15 carries.

Defensively the RF Pirates had to call on Wally Sanford

RUSTY MORRISON

to make some saving tackles in the open field, but Paul Kuehn was the most consistent tackler in the thick of action close to the line.

The offensive line was paced by Rusty Morrison who made holes for the Pirate runners throughout the contest.

## Story Hour

The Library thanks Mrs. Murray McMillan for filling in for Mrs. Mary Layshock last Wednesday morning. Mrs. McMillan read "A Rainbow of My Own" and "Dog and Butterfly". Mrs. Marilyn Bennett is the scheduled reader for the next Story Hour on Wednesday, September 20 from 10:30 to 11:00 at the library. All children are welcome.

## Boys Join Girls in 4-H Dress Revue

SPECIAL - Another barrier to males has fallen! 4-H boys all across the country can now participate in the 1972 national dress revue program, sponsored by the Simplicity Pattern Co., Inc. Previously, boys served only as escorts, while the girls were eligible for the competition. Now, for the first time, boys, as well as girls, can make their own garments, model them in the dress revue program, and be eligible for recognition awards provided by Simplicity.

Held at the National 4-H Congress, late in November, in Chicago, the National 4-H Dress Revue climaxes a year's activity for over 373,000 4-H members.

Leading to this year's National 4-H Dress Revue 4-H boys and girls participated in dress revues conducted by the Cooperative Extension Service in nearly all of the nation's 3,000 plus counties and 50 states.

Each state and Puerto Rico will select a girl or boy, from the thousands of county medal winners to represent them in the National 4-H Dress Revue. These 51 lucky 4-H'ers will receive an expense paid trip to the National 4-H Congress, in Chicago, Nov. 26-30.

During the Congress, the 51 boys and girls will be honored by Simplicity at a special dinner and preview of spring fashions. At the conclusion of the 1972 dress revue, six outstanding members will be awarded $700 scholarships.

Simplicity also provides added support of the 4-H dress revue program through assistance of 4-H stylists and publications on modeling.

For further information about the national 4-H dress revue program and about locally scheduled dress revues, contact your county extension office.

## Regulation Pushed On Roadside Ads

The Texas Highway Beautification Act, which became effective June 29, 1972, controls outdoor advertising signs located within 660 feet of the right of way of all Interstate and Federal Aid Primary Highways. The procedure for the first phase of the Act has been established.

The law provides that any person who erects or maintains a sign within 660 feet of the highway must have a license to engage in outdoor advertising and a permit for each sign covered by the Act. Signs advertising the sale or lease of property upon which they are located or relating solely to activities conducted on the property and certain utility marker signs are exempt.

The Texas Highway Department will issue all licenses. Application blanks are available at the Department's District Office, P. O. Box 7708, Corpus Christi and at the Right of Way Division in Austin. Sign permits will be issued by either the Highway District Office or by those cities which elect to issue their own permits. All cities have been contacted and to date the only city in this district to indicate they will issue the permits is Portland.

Plans are currently being formulated to implement the section of the Act dealing with illegal, abandoned, and nonconforming signs.

### BIRTHDAY OBSERVED

On September 9, Linda Kelly celebrated her 17th birthday with a surprise tackey-swimming party. The party was held at the Peninsula Oaks swimming pool

Party members were served roasted hot dogs, chips, dips, Coke and cake.

Approximately 24 guests attended. Those attending were: Brenda Bush, Janet Bowles, Paula Rogers, Sylvia Frazier, Debbie Milley, Joanne Davidson, Jean Heffel, Ruby Gastauer, Alan Barre, Charles Bowles, Ricky Gillit, Robert Frazier, Gary Thompson, Andy Cox, Dennis Milley and the entire Kelly family.

The party was given by the honorees' sister, Debra and her mother, Mrs. Kelly.

### Safe Secret

"Please remember," said the irate female, "that I am a lady!"

"Madam," replied her acid male escort, "your secret is safe with me."

## Means of Taking Migratory Birds

AUSTIN--Take a look around, North Zone hunters, the dove season is upon us.

Before hustling out the door with shotgun in hand, stop and consider the legal means of taking mourning doves.

Mourning doves, along with white-winged doves, ducks, geese, brant, Wilson's snipe, jacksnipe, plover, sandhill cranes, coots, gallinules, rails and woodcocks, are migratory birds.

As such, the Federal Government sets frameworks on seasons, bags and directs how the birds may be taken.

Texas laws state that mourning doves and other migratory birds can be hunted by shotguns no larger than 10 gauge permanently plugged to a three-shell capacity.

Migratory birds may also be hunted by falconry and long bows and arrows.

Hunters may use manual or mouth-operated birdcalls, dogs and artificial decoys and blinds or other forms of concealment except sink boxes or livestocks.

Floating craft are legal only when beached, anchored or tied within or alongside a fixed blind.

Power boats, sail boats or other craft may be used only as a means of retrieving dead or injured birds.

It is illegal to bait or hunt over baited areas. This does not include standing crops, flooded standing or harvested crops, grain properly shocked in the field where it was grown or grain scattered as the result of normal agricultural practices.

Now go, and good hunting.

Few people study to discover the truth; most of us seek to confirm our errors and perpetuate our prejudices.

## Pirate Freshmen, Junior Varsity Drop Openers

By BOB CRAWFORD

Mathis defeated the Freshmen Pirates last Thursday night 20 to 16.

After a scoreless first quarter, the Freshmen Pirates scored the first touchdown of 1972 on a punt blocked by Bill Smith when Gaspar Garcia picked up the loose football and rambled 27 yards into the Mathis endzone. Quarterback Scott Gillis took the ball over for the 2 extra points.

Following the ensuing kickoff, Mathis scored on a 74 yard run for the touchdown, but the extra points attempt was no good.

Late in the second quarter the Pirates scored again with Gillis sneaking over from the one yard line. Gillis threw a 2 point conversion pass to Jay Watkins to put Rockport-Fulton out front 16-6.

Mathis came back in the last half to score twice and take the win 20-16.

Outstanding hitters on defense were Frank Zamudio, Ricky Herron and Gaspar Garcia.

*

Mathis won over the Junior Varsity of Rockport-Fulton 14 to 8.

Rockport-Fulton's JV fell a few seconds and a few points short of victory when their last efforts were ended on the Mathis 15 as time ran out.

Mathis had taken the early lead on a 23 yard run, followed by a run for two points after moving the ball deep into Pirate territory on a 52 yard pass play.

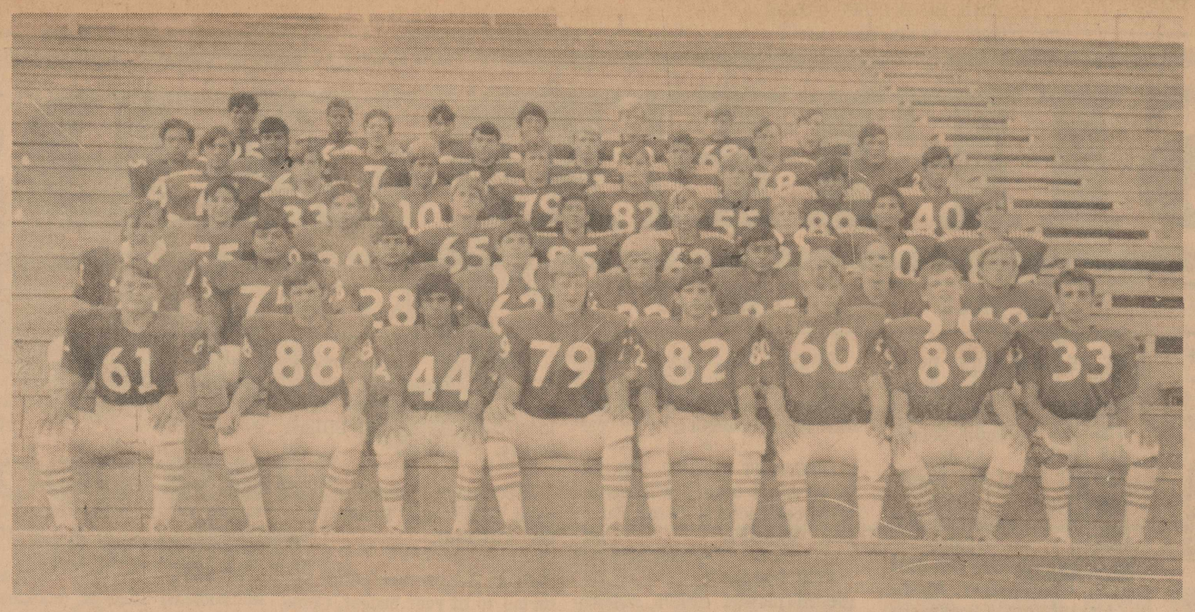

The Pirates came back after the kickoff to put together a 14 play drive for 74 yards with Dwight Mills finding paydirt from 10 yards out. Denzell Bardwell punched the ball over for the 2 points.

The game was not decided until Mathis blocked a punt in the Pirate endzone and recovered it for the touchdown, making the score 14-8 in favor of Mathis.

The Pirates then used their running game to again pull close to the Mathis goal as time expired.

Denzell Bardwell was the top Pirate ball carrier with 107 yards in 21 attempts. Leading the defenders for the Pirates were David Brooks, David Mundine and Gary Thompson. Glafiro Solis in the quarterback role for the first time directed the Pirates well.

Next week the JV and Freshmen travel to Tuloso-Midway for their first district encounter.

### KNOWS HER CARS

Baltimore -- For the last 18 years Mrs. Jackie DePaul has worked in the traditionally all-male province of the junkyard. She started repairing cars 26 years ago when her husband, Louis, began working in a garage. Later, the couple started their own auto junkyard and sell auto parts and a few used cars.

### FHA News

Tuesday, September 12, a luncheon meeting of the FHA executive council was held in the Homemaking Department of the High School. All the officers brought their lunches and discussed plans and activities to begin the year.

Carol Shaver was elected as 5th Vice-president to replace Debbie Brisbin who moved during the summer.

It was decided to hold regular meetings on the third Monday night of each month at 7 p.m. However, the first meeting will be held Monday the 25th in the Junior High Cafeteria at 7 p.m. At this meeting plans will be made for the initiation picnic to be held Saturday, September 30, from 1 to 3.

The officers for this year are: President, Debbie Brown; 1st Vice-President, Pam Rowan; 2nd Vice-President, Jean Heffel; 3rd Vice-President, Mary Cuellar; 4th Vice-President, Mary Jones; 5th Vice-President, Carol Shaver; Secretary, Sue Driver; Treasurer, Atoma Bateman; Historian, Linda Kelly; Parliamentarian-Reporter, Sylvia Frazier.

The group is sponsored by Mrs. Janice Spears and Miss Frances Mutscher.

## Delta Kappa Gamma News

The Gamma Psi Chapter of Delta Kappa Gamma Society International held the September gathering at a luncheon in Sinton.

This meeting was the first for a new slate of officers: President, Mrs. Della Mae Baylor of Odem; First Vice President, Mrs. Margaret Ferguson of Rockport; Second Vice President, Mrs. Dorothy Pitzer of Refugio; Recording Secretary, Mrs. Virginia Matzinger of Ingleside; Tresurer, Miss Sudie Kornegay of Portland.

Delta Kappa Gamma was founded, May 11, 1929 in Austin, Texas. Society chapters are now in every state, Canada and several countries of Europe. This summer was a fitting time for the International Convention to return to Houston, Texas. Gamma Psi's contribution was place card holders for an Executive Board meeting for which Virginia Matzinger chose bits of driftwood and sea shell from the Coastal Bend area.

Also this summer in June, Mrs. Della Mae Baylor and Mrs. Margaret Ferguson attended the Fourty-third Alpha State Convention held in Fort Worth, Texas. Mrs. Ferguson reported the activities and her own impressions as a first time guest. Her enthusiasm generated a similar pride in membership in an organization with high ideals and goals as expressed by speakers. She was impressed by the friendliness and sincerity of officers and members, and their genuine interest in individuals.

The October meeting will be of the Southwest region. Alpha Nu Chapter in Laredo, Texas are to be hostesses. Registration begins at 9:30 a.m. October 14 at the Hamilton Hotel.

Local women who attended the luncheon in Sinton were, Mrs. Joseph A. Burton, Mrs. Frank Cermin, Mrs. E. T. Eller, and Mrs. Margaret Ferguson.

## Realtor Meeting Schedule Given

"The next three or four weeks are loaded with educational opportunities for members of the Aransas-San Patricio County Board of Realtors," announced Bud Wise, president of the board here as he urged attendance at seminars and Realtors Institutes.

"We're convinced that every time a member attends meetings of the Texas Association of Realtors or participates in the classes of the Realtors' Institutes and special interest seminars, the member gains in professional stature and his clients, as a consequence, gain too.

"We have just come back from the fall meetings of TAR in Wichita Falls where committee members valuated their accomplishments in 1972 and at the same time shared outlooks for '73. Now, September 18-22, the Austin Board will sponsor a National Institute of Real Estate Brokers course in 'Principles in Investment Property'. Then September 24-30, TAR offers a course as the Realtors' Institute in McAllen, and in September 28-30, the Texas Property Exchangers open their seminar in San Antonio," said Wise.

"But, that is not all as far as outstanding educational opportunities are concerned for our members in just the next few weeks. The Texas Society of Farm and Land Brokers will hold an October 2-3 land syndication seminar in Austin with Monte Lord of Houston, a distinguished investment manager-lecturer, as the principal speaker. Immediately following that, October 3-5, the Fort Worth Board will sponsor a NIREB "Introduction to Commercial and Investment Real Estate."

Wise said that "what all this means is that each board member can choose the particular area that he or she would like to specilize in. It's our feeling that the complexities of the seventies demand each of us acquire as much additional education as possible."

Here at the Aransas - San Patricio County Board of Realtors the Education Chairman is Mrs. Ana Wishert.

## Cpl. Joe Garcia Receives Praise

Marine Corporal Joe R. Garcia was highly praised in the following letter received by his parents, Mr. and Mrs. Ernest P. Garcia, from H. Wayne Gillies of Houston:

"Recently, I completed a world tour for the United States Senate for the purpose of studying the international flow of narcotics. While I was at the Embassy in Saigon, I had the pleasure of meeting your son, Joe, and I wanted to take this opportunity to compliment you on having raised such a fine young man. Every time I was around Joe, his uniform was perfect and his attitude and demeanor were that of a proud Marine.

I inquired about Joe to several of the Embassy Officials and they informed me that he was extremely well regarded by his associates and that they had never seen him at a time when he was not truly "on the ball". I cannot compliment him enough for the impression that he made on me.

If I can do anything to assist you, please call upon me. When Joe gets home, have him contact me immediately as I would be most pleased to be able to assist him in any way possible."

### ON USING METRICS

The Senate has approved the partial conversion of the United States to the metric system. The bill passed by the Senate was a compromise measure that would have only the Federal Government c verting to the metric system.

## Marine Corps News

The United States Marine Corps is now enlisting young men with prior military service for appointment to the rank of Lance Corporal if they were honorably discharged in pay grade E-3 and meet other additional requirements.

Applicants enlisted under this program will be required to undergo basic training at the Marine Corps Recruit Depot. They will receive the pay of a L/CPL but will not wear the rank insignia until completion of boot camp. Enlistments must be for a term of four years.

Additional details may be obtained by contacting the Marine Corps Recruiting Office at 732 N. Upper Broadway, Corpus Christi or by calling 882-6822 collect.

## The Kinsey Report

There are two things that we hope local people will think about and act on.

One is to drive carefully at all times, but particularly when you are in the areas where you see boys and girls going to school and returning home.

Two children have been injured during the past 10 days when struck by cars. We must all do our part to see that accidents of this type to not happen again.

The City Police Department is doing its share. Three members of the Department are now serving an additional two hours every day on traffic patrol duty to provide extra protection for the school children.

So now, let's do our share and drive with extreme care.

The second thing we recommend for the serious consideration of every resident of Aransas County is to give generously to the United Fund Campaign to put this drive "over the top" and raise the necessary funds to help the various agencies carry on their worthwhile services for the benefit of hundreds of persons in this community.

Two things to think about and do: drive carefully and give generously to the United Fund.

### Vietnam Era GI Education Program

New insights into veterans' use of G. I. Bill education benefits are revealed in a comparison of World War II, Korean Conflict and Vietnam Era participation rates at the six year point in all three programs, according to A. A. Hunter, Veterans Administration Regional Director.

The Vietnam Era program was six years old in June 1972.

When only those who enrolled in school are considered, Vietnam Era veterans are now ahead of both the World War II and Korean Conflict groups in participation.

Vietnam Era veterans, though they were already the best educated group of servicemen in history, are going to school at the rate of 36.9 percent compared to 34.1 percent for Korean Conflict veterans and 32.7 percent for World War II. They are going to college at the rate of 21.9 percent compared to 20.1 percent for the Korean Conflict veterans and 13.8 percent for World War II.

When all forms of training are considered, Vietnam. Era veterans are participating at a higher rate than Korean Conflict veterans, the study reveals, but they are still behind World War II veterans.

The overall participation rates are: Vietnam, 40.6 percent; Korean Conflict, 39.8; and World War II, 45.3 percent.

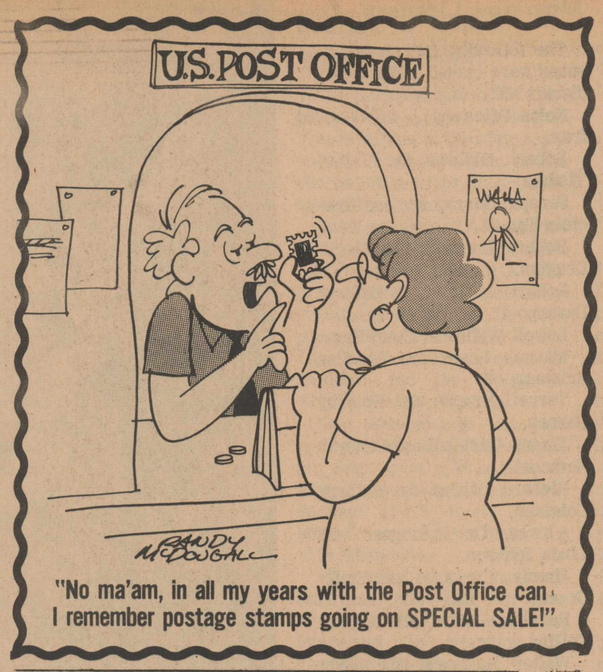

Of 5.9 million eligible Vietnam Era veterans, 2.4 million have used their education benefits. At the same point in time for the Korean group, 2.1 million out of 5.3 million eligibles have participated. Some 6.9 million out of 15.3 million eligible World War II veterans trained during the six year comparison period.

### Key Allegro Seeks Dredging Permit

The U.S. Corps of Engineers reports that Key Allegro Development and Sales Company has applied for a dredging permit as follows:

The applicant proposes to dredge a channel 100 by 850 feet to a depth of 6 feet below mean sea level for the purpose of furnishing access from the proposed navigation canals on Key Allegro Isle to an existing channel in the bay. Approximately 18,000 cubic yards of material would be removed and placed on the south side of the island behind levees so as not to return to the bay. The Texas Water Quality Board has certified that the proposed work would not violate applicable water quality standards.

The location is Little Bay, adjacent to the westerly shore of Key Allegro Isle and approximately 1 1/4 miles northeast from Rockport.

### In Fashion

Long dresses for day or evening seem to be very much in the picture for the coming season. The practical girl will choose a simple garment that can be dressed up for occasions or worn without colorful accessories for casual wear.

### LADYBUG WORKERS

Berkley, Calif. -- More than a quarter-million ladybugs were released recently in California to help control common pests. The California Farm Bureau said the ladybugs will feast on mealybugs which have infested residential gardens and shrubs.

Being born poor need not be a permanent handicap but only hard work will erase it.

## TV COMMENTARY

By John Smiley

THE ARM-CHAIR SPORTS FAN can develop a championship-size tummy as he exercises his appetite while watching television's inventory of athletic fare this TV season.

NBC's coverage of baseball will close the season with the play-offs and World Series. The World Series begins October 14. The All-Star game will be seen in July. Of course, the NBC "Game of the Week" will be back next April.

APPROXIMATELY 190 live telecasts of pro football games will be aired on the three networks. Meantime, ABC begins the first year of its new two-year $27-million NCAA contract. The yule holidays will be supersaturated with bowl games.

THEN COMES basketball, dribbling on. Beginning January 7, the NBA will be covered through play-offs and championship. College basketball will be included in the round ball coverage. NBC will air the NCAA Tournament in March. CBS has coverage of the NIT on March 17, 18, 24 and 25.

SANDWICHED between the major sports, also included this year will be an abundance of golf, tennis, bowling, hockey, horse and auto racing, and I don't know what-all! ABC's "Wide World of Sports" will continue to offer the thrill of victory and the agony of defeat in many sport quests.

MATCHING potato chip with potato chip, peanut with peanut and soda pop with soda pop, the arm-chair athlete will be right there when it all happens, gaining pounds instead of victory and sweet contentment instead of defeat.

AS A RESULT of the competition, viewers can look for a big thrust in major drama, and may see anything from Homer's "Odyssey" to "Hamlet" to a treatment of a Broadway hit.

ON OCTOBER 27TH Captain Kangaroo will air his 5000th show. That's 17 years worth of kiddy programs. He has done an outstanding work. Adult youngsters look upon him as a part of the family and a warm, old friend who stirred in their being the priceless commodity of inquisitiveness.

## Information On Proposed Amendments

Continuing its analysis of the proposed amendments which will be voted on Nov. 7, the Pilot offers the following information regarding Amendment No. 8.

This proposed amendment to Article IV, Sections 4, 22, and 23, would establish four-year terms for certain elected and appointed state officials whose term of office is now two years.

Section 22, setting forth the term of office and qualifications of the attorney general, and Section 23, establishing the term of office and other requirements for the comptroller of public accounts, the treasurer, and the commissioner of the General Land Office, would be amended by adoption of the proposal to change the terms of these officials from two to four years. The amendment of Section 23 would make the same change with respect to the term of office of any statutory state officer who is elected by the people at large and whose term is not fixed by the constitution. This would include the commissioner of agriculture. The amendmend of Section 4 as proposed would change the term of office of the governor from two to four years. Also, since the constitution provides that the secretary of state (Artic1 IV, Section 21), who is appointed by the governor, and the lieutenant governor (Article IV, Section 16), who is elected at the same time as the governor, shall continue in office during the term of service of the governor, the proposed amendment of Article IV, Section 4, would effect the same change to a four-year term for each of these officials without the necessity of amending the specific sections cited as creating these offices.

Officials elected in or after the election of 1974 would be affected by the proposed amendment.

Background: The two-year term of office for elective state officials other than the judiciary has been the rule since early statehood in Texas, although there have been exceptions from time to time, particularly during the reconstruction era. Two-year terms were designated for elected officials in the Constitutions of 1845 and 1861, but immediately following the Civil War terms were generally lengthened to four years. The Constitutions of 1866 and 1869 provided for four year terms for the governor, comptroller of public accounts, state treasurer, and attorney general. Following this period the desire to make state governments weak and ineffective resulted in a return to the shorter, two-year terms in the Constitution of 1876.

The office of commissioner of the general land office first appeared in the Constitution of 1869, and at that time a four-year term was established for this official. The two-year term was incorporated in the Constitution of 1876.

Terms of office for the lieutenant governor and the secretary of state have been concurrent with that of the governor since 1845. Thus provision in the proposed Amendment No. 8 to extend to four years the terms of these officials is in keeping with tradition.

The trend toward longer terms for public officials has already been manifested in Texas. In November 1954, Article XVI, Sections 64 and 65, was amended to establish four-year terms for county and district officials.

Arguments for: 1) State officers elected for four-year terms would have sufficient time to master the functions of office before embarking on campaigns for reelection. By spending less time on campaigning, officials would be able to devote greater energy on their prescribed duties.

2) Becoming effective with the general election in 1974, an off-presidential election year, the proposed amendment would perpetuate elections for state office in non-presidential election years, thus generating greater interest in state politics.

3) Expenses in campaigning for state office have become so exorbitant as to make it impossible for many highly qualified individuals to become candidates. A four-year system of elections would almost halve the campaign expense involved, thus making it unnecessary for candidates to accept support of special interests. Better candidates could result and greater integrity in office would be encouraged.

4) In 39 states the governors are elected for four-year terms of office. These include Oklahoma, Louisiana, and Colorado, all Texas neighbors. Officials in these states recognize the need for long-range plans and programs, which frequent changes in leadership resulting from a system of two-year terms make impossible.

Against: 1) Long terms of office tend to alienate the official from the electorate, making him less responsive to the rise and fall of public opinion. Forced to campaign biennially, the public official is under almost constant exposure to the wishes and needs of the people who elect him.

2) Too much power is inherent in four-year terms. For example, a governor serving two terms under a four-year system would be in a position, through his appointments, to dominate every state board or commission. Particularly this would be true for those boards to which members are named every two years for six-year terms on a staggered basis.

3) History has shown that long tenure in office and political corruption run hand in hand. The proposed amendment includes no restrictions on election to consecutive terms, thus permitting almost lifetime tenure for a powerful politician.

Over half of the states in which four-year terms have been authorized have included provisions as a safeguard against the service of consecutive four-year terms by the governor.

4) A four-year term would be too long to retain a poor public official and a good public official is generally reelected and retained in office under the shorter term for as long as he continues to serve the public well.

## In the Kitchen

**BAKED BROOK TROUT**

4 brook trout, cleaned and drawn
Juice of one lemon
3 tbsps. water
1 tbsp. grated onion
1 tsp. chopped parsley
Salt and pepper to taste

Marinate fish in lemon juice for one hour. Pour off juices into saucepan. Add the water, onion, parsley, salt and pepper. Taste for correct seasoning. Bring to boil and simmer for two minutes. Cool. Place fish in baking dish and pour mixture over the fish. Bake in a preheated (350 degrees) oven for 20 to 25 minutes, basting occasionally. Makes four servings.

## STATE Capital NEWS

By BILL BOYKIN

AUSTIN -- About 20,000 on Texas welfare rolls may lose their eligibility next month due to increased federal Social Security benefits.

Probably 110,000 more may get a cut in state Old Age Assistance as the federal benefit goes up.

However, Department of Public Welfare Commissioner Raymond W. Vowell emphasized that total income will still be higher even where state benefits drop.

Federal law requires the state welfare agencies to count Social Security income in figuring financial need for welfare grants.

Vowell said the Welfare Department is trying not to lower or deny welfare grants wherever possible.

He advised welfare recipients to notify their local aid offices of any recent changes in their need or other income.

Budgetary revisions in welfare procedures will permit continued assistance to about 4,700 old folks who otherwise would have had their welfare grants denied, Vowell said.

**It's 1973, and Chevrolet roofs are opening, seats are swiveling, bumpers are retracting, hatches are flipping up.**

Did you ever have so much to talk about that you didn't know what to say first?

We're happy to report that's us for 1973. But since everything must begin somewhere . . .

**Isn't it romantic?**

You see that rectangle beaming at you from above? That's a moonroof. Not to be confused with a sunroof. (Although many people will undoubtedly be caught using it like one.) A power roof is available on Chevelle and Monte Carlo; a manual one on Nova.

**Bumpers are exciting?**

This year's are something to get stirred up about. One of our new bumpers, for example, is built around twin hydraulic cylinders. So on minor impact, the whole system retracts to cushion the shock.

It's standard on all big Chevrolet, Chevelle and Monte Carlo models. Nineteen different models to choose from.

New Malibu Colonnade Hardtop Coupe.

(above) Caprice Coupe. Our new uppermost Chevrolet. Its luxury, comfort and quiet ride rival the most expensive cars you can buy.

(below) Monte Carlo S Coupe, America's newest road car. With the handling of the finest European cars, and the looks and comfort of an American car.

New Nova Hatchback Coupe.

**Look what we hatched**

You know us for our little Vega Hatchback. Now dependable Nova has one. Which literally makes it half trunk with the backseat down. It's a feature as practical as Nova itself.

**We've been thinking about your legs**

One of the few things people asked us to improve in our popular Chevelle was leg room in the backseat. Well, your knees will be pleased with the '73s. There's almost 3½ more inches in the sedans.

**So what else is new**

Naturally this is only a taste of what's new for '73.

Among other things, we're introducing larger gas tanks for longer cruising range, a new Exhaust Gas Recirculation system, a hatchback for wagons, and a highly refined flow-through power ventilation system.

Plus a reading light for front seat passengers, improved suspension systems, engines that give you performance combined with gas economy, reclining seats and scores of dramatic styling changes.

We invite you to see it all at your Chevrolet dealer's.

## Small Business Administration Special Assistance For Veterans

Vietnam era veterans can now get special assistance from the Small Business Administration on three areas of financial help as a result of a new program announced by the SBA on August 1, A. A. Hunter, VA regional office director, said today.

The new assistance which will make it easier for veterans to start and maintain businesses is in response to President Nixon's recent call for renewed committment by all federal agencies to help Vietnam era veterans.

Hunter said the World War II and Korean Conflict GI Bills included provisions for veteran business loans but the Vietnam era GI Bill does not. The SBA program will ease the way for veterans to go into business for themselves by making them eligible for SBA business loans, federal government contracts and management assistance that had previously only been open to socially or economically disadvantaged persons.

Donald E. Johnson, Administrator of Veterans Affairs, said the program will be administered by the SBA. VA will not be directly involved but will have a great deal of interest in the success of the program.

Interested veterans should contact SBA field offices for more details, Hunter said; however, for general information on the program veterans can contact their nearest VA office.

United We Stand - - -

In a world where conflict and division appear to be the order of the day, it is gratifying to have an opportunity to take part in a united community effort designed and organized for the sole purpose of improving the quality of life in our community.

Such is the Aransas County United Fund on which 15 of our welfare, health and character-building organizations depend for funds with which to carry on their important — even essential — activities.

Obviously, a united appeal for funds is the most economical way to raise money for these organizations. It saves time and money for both contributors and participating organizations.

A contribution to the Aransas County United Fund is a vote of confidence in our community and its future.

## Deadlines for Vietnam-Era Servicement

Vietnam Era servicemen returning to civilian life have key deadlines to remember, A. A. Hunter, Veterans Administration regional director, pointed out today.

Here is the countdown of deadlines:

* In ten days, report address to Selective Service through local board (in person or by mail).

* In 30 days, register with Selective Service or any local board, if not already registered.

* In 90 days, apply to former employer for reemployment.

* As soon as possible, register with local state employment service office. (Veterans have up to a year to apply for unemployment compensation, but applications filed after a long period of unemployment could result in a lower rate of unemployment compensation.)

* In 120 days, or one year if totally disabled at time of separation, convert Servicemen's Group Life Insurance (without examination) to private, commercial policy.

*Within one year from date of notice of VA rating on disability, apply to any VA office for G. I. life insurance based on service connected disability.

* Within one year, apply to any VA office for dental care.

* As soon as possible, apply to any VA office for G. I. education or training, which must be completed within eight years of separation from military service.

There are no time limits for veterans to:

* Apply to any VA office for a G. I. loan guaranty to buy a farm, or buy, build or improve a home.

* File claims with any VA office for compensation for service connected disabilities or disease, or apply for hospital care.

* Seek assistance from local offices of state employment service in finding employment or entering Labor Department job training programs.

Hunter said its 72 veterans assistance centers around the country are ready to help veterans get a quick start in civilian life.

## Home & Garden Club Holds Meeting

The Rockport Home and Garden Club held its first regular meeting of the year September 14 in the home of Mrs. Bill Stubbs. Mrs. Tom McGlathery was co-hostess.

A special coffee was held before the business meeting and programs honoring all officers and members. Wild olive flowers, hibiscus and bougainvillea, arranged in a large white shell, were used as the centerpiece on the serving table.

New year books were distributed and special thanks were given to Mrs. W. K. Thomas, Vice-President and Year Book Chairman; Mrs. Tom McGlathery, for designing the cover, and Mrs. Dick Stafford for the typing of the master copy and her work on lettering and painting of the covers.

The motion was made and passed that members may bring as their guests, to any regular meeting, any prospective member or out of town guests providing they notify the "hostess of the month" in advance.

Members were reminded of a plant exchange at the next meeting wich will be held October 12, along with a program and workshop on Christmas wreaths and decorations. Guest teachers and speakers will be Mrs. Henry Easley of the Lamar Park Garden Club of Corpus Christi. The club will begin a two-part series of programs on holiday decorations.

The club gratefully accepted a gift of four gardening and landscaping books from an anonymous local businessman. These books were then turned over to the club librarian, Mrs. T.E. McArdle, to be used toward the establishment of a club library.

The business meeting was temporarily adjourned for the program.

Guest speakers were Delmar Hiller and the Rev. Tom McClung. They were introduced by Mrs. W. K. Thomas.

Hiller was invited to discuss a "Beautification Project" planned for the city. He pointed out there exists a $2,000 fund remaining after the Centennial Celebration. This money was set aside to be used in a major urban beautification project. These funds will be matched, on application by the city, with an Urban Beautification Grant, following the approval of a "project plan" by the city council.

The former mayor congratulated the members on forming a much needed garden club. He pointed out there is "Much need within the city for this type of organization."

The Rev. Tom McClung, minister of the First United Methodist Church and an avid organic gardener, spoke on "Organic Vegetable Gardening."

Rev. McClung stressed the importance of saving all grass clippings, leaves, plants and kitchen wastes to be composted. (Oak leaves can be used even though they are high in tannias and tannic acid, because these acidic materials disappear quickly during the early stages of decomposition.) The value of a compost heap is the re-use of wastes, cheap fertilizers and providing humus in the soil. Compost worked into the soil helps retain water, prevents diseases and slows release of fertilizers.

Though there are many ways to make a compost heap, his method consists of alternating layers of 6 inches of clippings or leaves, 2 inches of any material high in nitrogen and one-fourth inch of soil. This must be kept damp and rotated often.

Literature was distributed listing the "Nitrogen Content of Organic Substances," "Natural Sources of Potash" and "A Chart on the Percentage Composition of Various Materials".

The business meeting was resumed and the motion was made and passed that the club undertake the planning and executing of a "City Beautification Project."

**OVERSEING** construction of his new shipyard runway is Eddie Gilden, president of Aransas Marine Ways, Inc., Aransas Pass. When completed in about 12 months, Gilden said his firm will be capable of pulling into dry dock any seagoing vessel weighing up to 2,000 tons. Also to be constructed is a complete new machine shop. Gilden said repair work for all marine craft will be available at Aransas Marine Ways.

## Fix-It Tip

New couplings for rubber garden hoses consist of the coupling parts mounted on tubes inserted into the hose ends. The prongs are then pounded down or a clamp is used.

Coupling parts for a plastic hose are a little more complicated. The coupling tube is slipped over the hose and not into it. With the sleeve over the hose, a bushing is placed inside the hose at the end. The bushing is threaded and, when turned with a special key, seats itself inside the hose and exerts pressure on the wall of the hose against the metal sleeve.

## B.J. Crowley's HOROSCOPE

Week of September 17

**VIRGO -- Practical, careful, intelligent usually describe those born under this sign. Your lucky day is Wednesday. Your lucky numbers are 4 and 6. Your best color is blue.**

VIRGO -- Aug. 23 to Sept. 22 -- Try to keep your schedule running smoothly in spite of distractions which may be expected. Make an effort to be on time for appointments.

LIBRA -- Sept. 23 to Oct. 22 -- Put a little life into your marriage or courtship. Buy a small gift for the one you love. The response will be even greater than you hope for.

SCORPIO -- Oct. 23 to Nov. 22 -- Let your conscience be your guide. Doing the right thing brings peace of mind. Be kind to those around you.

SAGITTARIUS -- Nov. 23 to Dec. 21 -- Education is important. Investigate the possibility of continuing yours or if you are presently in school set your goals to achieve the highest grades possible.

CAPRICORN -- Dec. 22 to Jan. 19 -- Time to get control of money matters. Write down every cent you spend. Find out where your money is going.

AQUARIUS -- Jan. 20 to Feb. 18 -- Make certain you are scheduling a regular check-up with your physician or dentist. An ounce of prevention is worth a pound of cure.

PISCES -- Feb. 19 to March 20 -- If you are dissatisfied with your career field, explore the possibility of a change. Life is too short not to enjoy your field of endeavor.

ARIES -- March 21 to April 20 -- Your schedule should now be working effectively. The organization you have sought desperately for so long is now at hand.

TAURUS -- April 21 to May 20 -- With the advent of fall you will find satisfaction in walking outdoors. Also, find time to re-arrange your home furnishings. Change can create convenience.

GEMINI -- May 21 to June 20 -- How long since you've had a good laugh? See a comedy, be it a movie or live theatre.

CANCER -- June 21 to July 22 -- Someone has told another that your talents are valuable. A promotion could result.

LEO -- July 23 to Aug. 22 -- Find a corner to make a small office area or other system to do your at-home bookkeeping, bill paying, etc.

It's getting where a working man finds it very hard to keep up with his work.

## State Fair of Texas Oct. 7-22 at Dallas

The new Wax World in the New Dimensions Pavilion will open its doors for the "Dazzling Thirties" State Fair of Texas, October 7-22 at Dallas. Thirty-seven scenes depict authentic events in the lives of the presidents normally not found in text books and not necessarily related to their function as head of state. A number of sets, which have 76 figures plus animals and props, will be animated.

The 3-ring circus under the red-and-white Big Top with its beautiful girls, clowns, elephants, aerialists, acrobats and riding acts will be popular and free entertainment of the "Dazzling Thirties" State Fair of Texas, October 7-22.

## Allegro Club News

The Allegro Club, consisting of ladies who live on Key Allegro Isle, meets once a month on the second Thursday at the remodeled Community Building. The club donated time and money for the remodeling. The next meeting will be October 12 starting at 11 a.m. and followed by a catered luncheon.

Members of the committee to decide on allocation of funds raised through club dues and the Island rummage sale are Betty French, Sis Harper, Marian Allen, Julie Crosby, Kelma Turton, Wynon Hicks, Mary Leith and Frances Leggett.

At the September 14 meeting, it was decided to allocate funds as follows: educational aid, a drug program, $290; reserved for drug program, $60; vocational scholarship fund, $500; library (purchase of fiction books), $200; Fire Department for needed equipment, $250; Rockport Art Association building fund, $300; Allegro Club building fund, $500 and Allegro operating account, $272.88. The total is $2,372.88.

## LULAC News

Lulac's first annual Mexican Fiesta was a great success. Hundreds of people turned out for the parade and fair.

Miss Maria Cuellar was crowned Queen of the fiesta.

Lulac wishes to thank the City Police Department for their cooperation during the Fiesta. Thanks also go to Elroy Peters at Imco Services for his help and to the Rockport Art Association.

Through the proceeds made from this fiesta, Lulac will be able to establish their scholarship fund.

## League of Women Voters to Meet

The Rockport unit of the Corpus Christi League of Women Voters will meet Tuesday, September 26 at 7:30 p.m. in the church office of the First United Methodist Church.

Guest speaker will be Sandra Watts from the Corpus Christi Unit. She will present a slide presentation on Texas Constitutional Revision. The slide presentation was written by the League of Women Voters of Garland for the League of Women Voters of Texas.

New members to join the local unit are Mrs. Eddie Bradley, Star Route 1; Mrs. Beverly Jean Friar, 823 Austin, Mrs. Michael Smith, Route 1; and Mrs. Thomas McClung, Jr., 1414 Shadyside.

Mrs. C. E. Bryan, local unit chairman, said that any area or city woman, of voting age, interested in attending the meeting is welcome.

Hint to Public Speakers: Profanity does not improve oratory.

## Church of Christ

What is the church's attitude toward a "dress code"?

It goes without saying that Christian teaching supports accustomed propriety and decency. Of course in the matter of a dress code, we are involved with common sense and self-respect, and since there are those who have neither common sense or self-respect, it becomes necessary that responsible persons draw the line somewhere. And wherever the line is drawn, you are going to displease someone. In a free society it often becomes necessary for us to give up some little personal freedom in favor of the good of the whole..

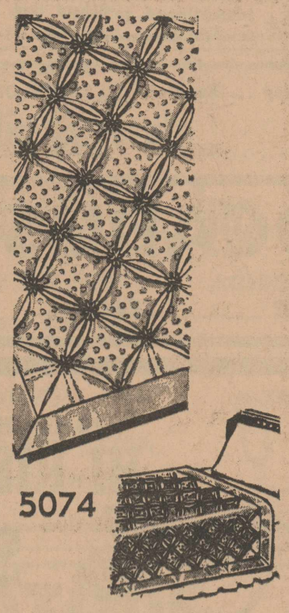

The attitude, "I am going to do as I please," or "I will obey only those rules that are to my liking," is wholly un-Christian. See the book of Romans, chapter 13, 1 through 5. By DON E. GRIFFITH
