Lake Waters Surge Over Emergency Spillway For First Time In 18 Years

Monday, for the first time since 1962, water flowed over the emergency spillway on Lake Colorado City.

Skies clouded and rains began Sept. 22 and continued until with a sigh of relief, county residents saw the sun break through and the skies clear, eight and one-half days later.

During that period, rains fell on every part of the drought stricken county, pouring water into creeks and tributa-

ries. The Colorado River, Morgan, Wild Horse and Willow Creeks swelled out of their banks, as water pushed down from surrounding counties toward the two county lakes.

Millions of gallons of water pushed tons of litter and debris into ditches, county roadways and city streets, where it was left marooned as the waters began to ebb.

City, county and state officials will offer no es-

timate as to the amount of time, energy or dollars it will take to clear and repair damages caused by the high waters.

Rising waters were due to accumulative rainfalls in surrounding areas which included a 10 inch rain on Monday in Coahoma for an eight day total of 12.60 inches and a .30 inch rainfall on Monday in Snyder for an eight day rainfall total of 16.12 inches.

Texas Highway De-

partment officials report extensive damages on the 30 miles of Interstate 20 which traverses the county.

Waters have eroded road shoulders, undercut pilings around bridges and seeped between asphalt road layers causing the constant pounding of traffic to crack and break up the road surface.

Some evacuations were necessary along Front Street in Colorado City as the rising waters

of the Colorado River crept into about five homes on the street.

Emergency evacuation plans were made by County Judge Bill Carter to house the evacuees in the First Baptist Church.

Colorado City Volunteer Firemen were called to the scene to assist in removing household items.

As it turned out, furnishings were removed only from one home and the remaining persons sought refuge with friends and relatives.

One apartment which sits directly behind the old Fina Station on west highway 80 on the banks of a creek had to be evacuated as flood waters pushed out of its banks and stood about two feet deep in the house.

Volunteer firemen were called to the home about 7 a.m., Monday and assisted in removing a large console television set to higher ground.

Firemen were confronted with two problems after entering the apartment.

The first problem became apparent when firemen realized the electrical power was still turned on in the house and water was up deep enough to cover wall sockets.

Rubber boots were

worn, but water was seeping in over the tops of them.

The second problem came when a rattlesnake, apparently seeking higher, dryer accommodations, curled up in the center of the bedroom bed.

Both problems were handily avoided, according to Fireman Jack Green. The TV was removed and the snake left to its own devices until the time when the water ebbed and the occupants decided to return to the apartment.

At about this time, trucks were called in to remove cotton bales from a nearby storage house. Firemen volunteered to give assistance to the Texas Highway Department as more and more low water crossings became in-

undated, making driving hazardous for traffic.

As the highway department manpower began to stretch thin, firemen took positions on Farm-To-Market 1229 and Willow Creek where waters washed over the bridge for about three hours and on FM 670 and Wild Horse Creek where water flooded the road for about one-quarter mile, two to three feet deep for about four hours.

The rescue truck was used to pull stranded motorists out of flooded underpasses and streets throughout the early morning and into the evening hours.

One real scare came when a school bus was reported caught in the flood and being carried

away by the rushing waters of a creek on the Spade Ranch.

After investigation, it was determined the bus was actually a bus placed there for hunting purposes and not occupied.

City officials reported only minor inconveniences caused by the rising water.

Lakes caught an estimated 12 year water supply.

Sewer lines in some sections of town backed up temporarily as the drainage and runoff system caught more water than it could hold.

Pumps at the lift station on Concho Street became clogged with sand, slowing down the system still further.

City, county and state See FLOOD Page 9

THE WEST SIDE OF LAKE COLORADO CITY was hardest hit by rising waters as evidenced by this cabin which sets near the Sportsman Club. The cabin set high and dry before rains began eight days ago. On Tuesday, four feet of water encircled the home.

LAKE COLORADO CITY went over the morning glory spillway between 6 and 7 a.m. Monday and the water coming out of the spillway soon filled up Morgan Creek behind the dam. Water coming out of the spillway can be seen bubbling up.

Farm Bureau Convention Elects New Board Members

Producers and merchants from across the county gathered for the annual Mitchell County Farm Bureau Convention Saturday evening.

Five resolutions were passed for the coming year during the meeting.

"Mitchell County Farm Bureau supports repeal of the Windfall Profit Tax."

"Although regulatory agencies such as OSHA and EPA have benefited us in some areas, Mitchell County Farm Bureau feels that these bureaucracies should be answerable directly to Congress for each regulation issued."

"Mitchell County Farm Bureau supports the removal and separation from the Department of Agriculture all social programs such as

welfare and food stamps.

"Mitchell County Farm Bureau supports the extension and continuation of the present farm program and disaster provisions as opposed to the Federal Crop Insurance as presently proposed."

"Mitchell County Farm Bureau supports the conversion of U.S.D.A. Cotton Classing Offices to mechanical means of classing as opposed to the present system."

Board members were elected during the meeting. Six persons were elected from a slate of 12 candidates. They were: Tommy Fuller, Wayne Oliver, D.M. Smith, Travis Turner, Alton Raschke and Gerry Ritchey.

Officers for the board

will be selected during the next regular meeting.

A financial statement was presented for review and indicated an

Barber Is Kiwanian's Choice

Dell Barber was named Kiwanian of the Year Tuesday night during the annual Colorado City Kiwanis Club ladies night that featured the installation of officers for 1980-1981.

The award was presented to Barber by Robert Hoback, the newly installed president of the Kiwanis Club here. Installation ceremony See YEAR Page 2

Grannies To Brag At Fair

Two special attractions will be presented during the Mitchell County Fair; the Grandparents' Brag and the Children's Pet Show.

The Grandparents' Brag is an event included in the Antique Division. This gives grandparents an opportunity to display a favorite portrait, picture or snapshot of their grandchild.

For more information on this event, interested persons may contact Mrs. Sidney Compton, chairman.

The Children's Pet Show will be held at 10 a.m. Saturday in the fair grounds.

Children are invited to bring any type pet they may own to enter. Judges for the event will be selected by Co-Chairmen Bill and Chris Jany.

Ribbons will be awarded to winners in all categories.

Categories will be set after registration. No entry fee will be charged.

Deadline For Entering Best All-Around Competition Nears

Tuesday is the deadline for Mitchell County cowboys to enter the best all-around cowboy competition set for Oct. 11 and 12 in the rodeo arena at the County Ag Barn.

Entries may be made in the Sheriff's Office between 8 a.m. and 5 p.m. today (Thursday), Friday, Monday and Tuesday.

Events include calf roping, calf-team roping, double mugging, steer wrestling and bull riding.

Entry fee for each event is \$30, except bull riding and that fee is

\$30. Both entrants in team events will be required to pay fees. Fees must be paid at time of registration.

Each participant will be allowed four head of stock, except in bull riding and only one head will be offered for that event.

A \$700 saddle will be awarded to the cowboy who wins the title of Best All-Around championship Cowboy. Buckles will be awarded to winners in each event.

Flagnen and barrier judge officials will be used in all timed events. Tommy Marricic of

Snyder will announce for the contest, with Mary Ann Fincher, Betty Wilson and Judy Dobbs serving as officials and timers.

Last year's winner will not be eligible to win the saddle.

Gate admission will be donations of \$1 for adults and 50 cents for children under 12.

This event is sponsored by local merchants and individuals.

A special cowboy auction and steak supper is planned in conjunction with the contest at the Colorado Country Club on Oct. 9.

The meal will be served at 6 p.m. and the auction is scheduled to take place at 9 p.m.

Anyone interested in competing for the title of Best All-Around Cowboy may contact Sheriff Bill McGuire at 720-5261 for more information.

Wolves Win Lone Wolf Tournament

Colorado City's varsity volleyball team won three matches to take first place in the annual Lone Wolf volleyball tournament held here Saturday in Wolf Gym.

The Wolves varsity squad defeated Water Valley to take the championship in two straight games, 15-9, 15-10 Saturday night.

Earlier in the day, they defeated the Water Valley Junior Varsity easily, 15-6, 15-1. The Wolves' second match of the day appeared to be their toughest as they had to keep coming back before finally defeating a skillful Jim Ned team, 15-13, 15-11.

Odessa came in third in the tournament, defeating Jim Ned. In fifth place was Irion County while Novice finished sixth, Water Valley Junior Varsity, seventh and Colorado City Junior Varsity came in eighth.

The local JV lost all three of their matches, 15-3, 15-11 to Water Valley; 15-4, 15-8 to Irion County, and to the Water Valley JV 15-8, 15-3.

For the varsity, Kim Hardegree scored 21 points, Sidney Stewart 10, Karla Herm 16, Stacy Hamrick eight, Diana Castillo nine, Della Ausbie 13, Carolyn Green one and Pam Wilson eight.

Kim Hardegree and Karla Herm received all-tournament honors. They were both Offensive Players of the Week. Sidney Stewart was named Defensive Player of the Week.

"Diana and Stacy did an outstanding job of moving and playing their positions," said Coach George Martin. "Della did a super job setting and saving out of bound balls."

"Pam Wilson, Carolyn Green and Rachael Lujan did an outstanding job while in the matches. As young and experienced as we are, we try to get as many playing time as possible, but in a close game it doesn't work out that way. These young ladies are patient and know that it takes time before they'll be getting a lot of playing action," said Martin.

"The whole varsity team has a super attitude. They all pull for one another whether on the bench or playing on the court," said Martin. "Our ultimate goal is to win district title."

Coach Wiley's junior varsity did not do quite as well as the varsity. They ranked eighth in the tournament.

High point for the total of games was Kerry Spivey with 11 points.

"Venita Johnson kept the ball game going for us with her good spikes," said Coach Laura Wiley. "Mona Molina set the ball up to Venita for the spikes."

"Loretta Morris was responsible for keeping the girls enthused. She was an inspiration to us all," said Coach Wiley.

"Other girls on the team doing a good job were Holly Taplin, Tomika Randle, Michelle Franco, Michelle Grafton and Misty Tammen," said Wiley.

"All of our competition was against varsity teams and considering our competition, I think we did very well," said Wiley. "They all had good team work, hustle and a great attitude."

Junior varsity's next game is to be played in Wolf Gym at 6 p.m. Monday against Irion County.

Wolves To Play Arch-Rival, Coahoma Friday

Colorado City's Wolves will face arch-rival Coahoma in what has been termed the annual high school version of the Texas-Oklahoma shootout.

The match will take place at 8 p.m. Friday in Coahoma.

The game is rated even by the Harris Rating System.

You can throw out all the records when these two teams get together, said Wolves Head Coach and Athletic Director Tom Ramsey.

The game between these two teams in recent years has been the game to decide the district championship. However, this year, the two are not in the same district and it will not have the same significance.

However, as in past years when the two were not in the same district back when Colorado City had a higher classification, you'd never know that the game wasn't for the state championship.

Coahoma's Bulldogs are much better than their record indicates, Ramsey pointed out. They have had a tough schedule, Ramsey added.

The Bulldogs won 22-0 over Wall; lost 20-18 to Stanton; lost 43-0 to Tahoka and lost 14-0 to Sonora.

Coahoma has a big team, Ramsey said, adding that it might well be the biggest team the Wolves will play all year. They have three players listed as being over 200 pounds but they actually have five or six over the 200 mark, Ramsey said.

However, Coahoma doesn't have as much speed as they had last year, Ramsey said.

On offense, the Bulldogs have had different formations during the last three weeks, Ramsey said. They run out of the Pro I, the Power I and the Wing Set as well as the shotgun. They pass a lot as during the last three games, the Bulldogs have put the ball in the air 70 times.

On defense, Coahoma also has three different sets, a 6-2, a 6-1 and a 5-2 as well as stunting a lot and they are three and four deep in the secondary.

The Bulldogs have good talent, Ramsey said.

At Quarterback for the Bulldogs will be Phillip Ritchey, who does a good job, the Wolves Coach said.

About the Wolves, Ramsey noted that Jay Green is on crutches with a knee injury and will miss the game. Jeff Hammond is still hobbling with a knee injury and Dennis Heredia still has a cast on his hand after suffering broken bones in a hand.

Ramsey noted that Gary Rowe and Todd Neff are both back in the lineup. However, Doug Johnson's shoulder is still tender from a separation he suffered in the Slaton game. He will play more than he has as he and Mark Piland will be in the backfield, Ramsey said.

Here is the ratings by Harris of Colorado City and teams the Wolves have faced or will play this season:

- 1. Breckenridge.
- 3. Slaton.
- 5. Stamford.
- 76. Colorado City.
- 77. Clyde.
- 78. Coahoma.
- 109. Denver City.
- 111. Post.
- 140. Ballinger.
- 161. Wylie.
- 171. Coleman.

Back row members are (left to right) Mona Molina, Della Ausbie, Stacy Hamrick, Coach George Martin, Karla Herm, Pam Wilson, Robert Hoback, president of the Kiwanis Club which sponsored the tournament, Kim Hardegree, Sidney Stewart and Coach Laura Wiley.

Varsity Games Reset

Wolves varsity game scheduled with Breckenridge for Monday night was cancelled but was rescheduled for Thursday.

Wolves will also play Irion County at 7 p.m. Tuesday in Mertzon. The game was scheduled for Sept. 9 but was cancelled.

Loraine Rated Under Gorman By Harris

Loraine football team is rated 34 power points under Gorman's rating of 119. Loraine is scheduled to play Gorman in Gorman Friday at 8 p.m.

Gorman is rated ninth in the state in their district by the Harris Rating System.

Jimmy Johnson, Gorman's strongest running back, according to Coach Ted Wiley, was named all state running back.

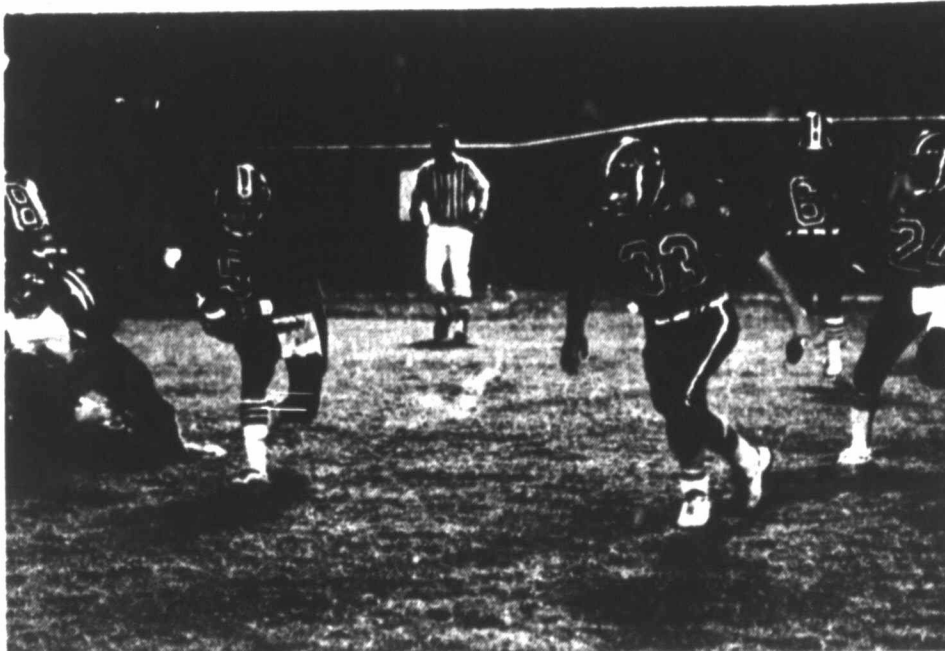

"If we can hold Johnson and play good defense, then we have a pretty good chance of

winning the game," said Wiley.

Gorman's starting running back and linebacker is out with a spinal injury indefinitely.

Loraine has no injuries and all players seem to be ready for the game as reported by Wiley.

"They will be running power plays on us. It is possible they they will also run a few straight T's against us. They have a five stack defense. Gorman is mainly a power running team," said Wiley.

WOLVES QUARTERBACK Mark Carter, No. 5, prepares to handoff to No. 33 Mark Piland during this action in the game against Ballinger Friday. In background is No. 24 Jay Green and No. 6 Yancy Spivey.

WINNERS OF THE WATER VALLEY TOURNAMENT are pictured above. Wolves are the champions of the tournament for two consecutive years. Front row members (left to right) are Karla Herm, Kim Hardegree, Sidney Stewart and Diana Castillo. Members on the back row (left to right) are Mona Molina, Carolyn Green, Pam Wilson, Rachael Lujan, Stacy Hamrick, Della Ausbie and Tomika Randle.

Gary Hulme Selected For Howard Payne University Football Team

Gary Hulme, son of Wayne Hulme of Colorado City, is playing his second year of football for Howard Payne University in Brownwood. Gary Hulme is a 1979

graduate from Colorado City. He moved here from Coahoma at the beginning of his Freshman year in high school. This left Gary Hulme open to play on the varsity team, which he did for four years. Hulme was a four year starter for Wolves team. His freshman year Hulme played the position of line backer and fullback. He got an

All-District award as fullback.

He had injuries during his Sophomore year, but still managed to achieve all district linebacker.

Hulme received two way All-District awards both ways in offensive and defense.

He was a starter for Howard Payne last year as linebacker. His major at Howard Payne is physical education.

Open Tennis Tourney Reset

Colorado Country Club's Annual Open Tennis Tournament scheduled for the previous weekend was rained out. The tournament has been rescheduled for the coming weekend. The tournament is a tribute to Ken Godsey for his efforts in improving the standards of

tennis in Colorado City.

Three classifications will be listed in the tournament: women's doubles, men's doubles and mixed doubles.

Championship games will be played beginning at noon Sunday and carried on through 5 p.m.

Colorado City Top Of District

District standings for 7-AAA volleyball as of now are: Colorado City 1-0 Clyde 0-1 Breckenridge 0-0 Stamford Dropped Wylie No Team Colorado City will play Breckenridge tonight for the first time. Comments by Coach George Martin to his team after their last tournament were "It's great to be champions of two tournaments, but they will not mean much

if we do not become more determined in the next three weeks and become champions of District 7-AAA. Let's get with Breckenridge and be on our way to the regional tournament in Lubbock. We'll play every game as if the title is on the line. Good hustle and team work by everyone."

At present Wolves have a 17-4 win-loss record for all the games they have played this year.

Hospital District Approves 1980-81 Budget

Mitchell County Hospital District Board of Directors gave approval to a \$3,451,088 budget for 1980-81 during their regularly scheduled meeting Tuesday.

Included in the budget is a 7.5 per cent raise for all hospital employees, effective January 1.

J.W. Hicklin, director of x-ray, appeared before the board and requested all x-ray film over one year old be reduced by minification, a special process designed by Kodak for copying x-ray film.

The copy film has the same base color and gray scale as x-ray film therefore giving a copy with accurate details.

This process would allow film, now requiring two rooms for storage, to be stored in one file cabinet.

Under the law, x-ray film must be retained for a period of at least five years and some up to 23.

A Midland based firm agreed to process the film in exchange for the right to reclaim the silver from the x-ray film. This contract would represent a \$6,000 savings to the hospital, Hicklin said. He said he had been in contact with other companies and the least any other would agree to was \$6,000 plus the x-ray film silver.

The board approved the minification of the x-ray film.

Bob Ratliff Insurance was granted the contract on workmen's

compensation insurance during the meeting.

Ken Godsey Insurance Company also submitted a sealed bid for the coverage. His bid was lower.

However, the board

decided to renew with Ratliff because it was less expensive due to a \$4,914 penalty if the existing policy is cancelled at this time.

A new "get tough policy" is being considered

by Hospital Administrator Ray Dillard. Due to the large number of small bills not being paid annually, Dillard is checking with different agencies on collection policies.

This month the hospital wrote off about \$50,000 in bad debts and charity.

The new policy will be discussed during the next regular meeting Oct. 28 at 7 p.m.

The board heard a report from Business Manager George Witten in which he stated the need of the district to borrow \$100,000 for about 75 days to pay outstanding debts.

The note would be repaid as tax dollars are collected.

The board approved the loan and noted this was done at the same time each year.

Board member Bobby

Lemons noted this coming year the loan might not be necessary due to the increased revenues from taxes and increased number of doctors in the community.

New Baby

Jerry Neal, son of Mr. and Mrs. Jim Baker, City, was born September 24 in Root Memorial Hospital weighing 7 lbs., 1 oz. He was 20 inches long.

Fall appears to have arrived on schedule bringing more moisture to both Mitchell and Scurry Counties. Boll worms are still posing problems in late maturing cotton fields but, for

the most part, pose no serious threat to most county fields. Boll weevils are increasing as indicated by our catches and army worms are destroying many acres of small grains.

Begin thinking of ways you can reduce the number of diapause boll weevils entering overwintering sites around your fields. Both early stalk destruction and plow-up and the addi-

tion of an insecticide with a desiccant have been used successfully to reduce the number of diapause boll weevils. The insect cannot overwinter in areas where the ground freezes hard.

Each year, the adults must migrate from the more tropical regions of the county to the northern areas. The number of generations per year then depend on how long a period.

Fall army worms can be controlled mechanically or with insecticides. If you have a field that has been severely damaged by these larvae, a high larval mortality can be achieved by discing your field and replanting 3-4 days later.

I thought you might be interested to know what one bale of cotton equals: 7,820 handkerchiefs, 3,015 baby diapers, 1,217 tee-shirts, 896 women's blouses, 782 terry cloth towels, 764 men's shirts, 542 women's skirts, 330 blue jeans and 180 bib overalls.

Educational programs conducted by the Texas Agricultural Extension Service is for people of all ages regardless of socio-economic level, race, color, sex, religion or national origin.

crews worked around the clock to correct problems and assist motorists.

The department of the interior sent two units down to gauge the Colorado River hourly and the railroad commission came to investigate a report of oil and kerosene in the raging waters.

The commission decided the oil mixture came from a sludge pit on an oil well and there was no danger from pollution, according to Chief of Police Robert Bailey.

City streets in the Sands area and at Cypress and 16th Streets were damaged extensively as deep gashes were cut by the rushing waters.

Colorado River waters crested at 3 p.m. Monday after rising 28 feet above normal.

Lake residents began to be uneasy Sunday as the shorelines began to recede when flood waters continued to pour millions of gallons of water into the two lakes.

Champion Lake stood at 2057.25 feet above sea level on Sept. 22 when gentle rains first began what would turn into a week of solid rain.

By Thursday, Champion Lake stood at 2060.15 feet above sea level and by 2 p.m. Monday, Champion had filled to 2065.00 feet. This is 18 feet below the service spillway. The full mark is 2083.00 feet. It had caught 6,456 acre feet or 2,103,694,056 gallons of water by the time it reached that point. To be full, the lake must catch 21,675 acre feet of water.

The boat ramp and parking lot constructed this Spring during the drought was completely covered by the high waters.

Lake Colorado City stood at 2057.50 feet above sea level on Sept. 22 and although only .26 inches of rainfall were recorded at the lake, the lake level increased to 2057.00 feet on the 23rd.

By Sept. 24, after receiving 1.71 inches of rain on the 23rd, the lake had risen to 2057.65 feet.

About one-half inch of rain fell on the 25th and the lake level rose to 2058.10 feet. Rains continued on Friday and gauges indicated 1.30 inches of rainfall and a lake level of 2058.40 feet.

Lake residents watched as the waters inched closer to the homes on the 27th when .61 inches of rain fell and lake levels reached 2059.10 feet.

Then on Sunday, when 3.46 inches of rain fell and lake levels reached

2061.15 feet, lake residents began to remove cherished items from their cabins.

Monday the die was cast and by 7 a.m. Monday Lake Colorado City went over the full mark of 2070.00 feet and hit 2071.45 feet.

At 1 p.m. Monday when the lake level reached 2073.35 feet, a trickle of water could be seen flowing over the emergency spillway.

Water began pouring out of the "morning glory" spillway, but the lake level continued to rise and about midnight hit the 2074.20 foot level and at about 3:30 a.m. Tuesday morning, water began to pour over the emergency service spillway.

Waters steadily ebbed as thousands of gallons of water poured over the spillway. By 9 a.m., Tuesday, waters had receded sufficiently to stop flowing over the emergency spillway and by 1:30 p.m. Tuesday, they had receded to 2073.60.

Water continued to flow over the "morning glory" spillway and will continue to do so until the waters recede to 2070.30 feet.

Lake View Trailer Camp on the west side of the lake reported water up into all the trailers. Waters rose to within a foot of the Sportsman Club on the west side of the lake.

As waters crested, waves lapped at the roadway across the bridge over Cherry Creek and only two feet remained before waters reached the roadway where Interstate 20 crosses Morgan Creek, according to Sheriff's Office reports.

At different times during the day Monday, road blocks were set up by the Highway Department on: State Highway 206 to Snyder; FM 1229 at Willow Creek; FM 670 at Wild Horse Creek; FM 1899 by the east airport; FM 1982 east of Buford; FM 163 at Concho Street and FM 1983 on the bridge west of Colorado City on Highway 80. As water spilled over the emergency spillway, Highway 163 was also temporarily closed.

One large area of highway was destroyed by flood waters when pavement washed out north of the interstate near the Howard County line.

County, city and state highway departments anticipate an extended period of road repairs.

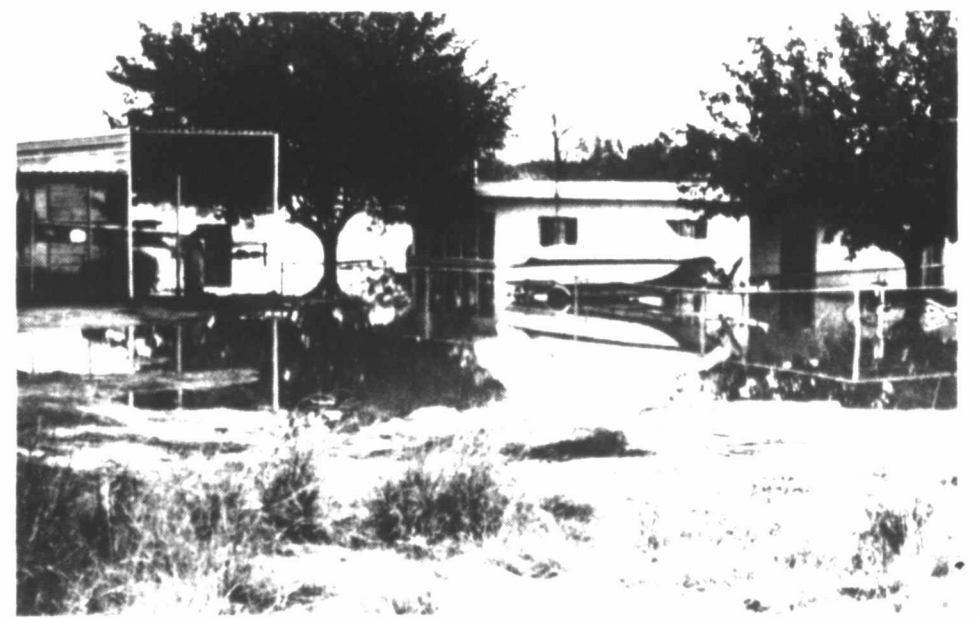

Only minor terrace damage has been reported by area producers.

Baptist Women Meet

Women of the First Baptist Church in Loraine met with Mrs. Harvey Leach at 9:30 a.m. Wednesday for a mission and Bible study.

Mrs. Leach presided and Mrs. Frances Porter gave the introduction and led in discussion of the mission study entitled "Planting Churches in the Philippines."

"New Testament Churches Around The World" is the goal of Southern Baptists in response to the challenge of Bold Missions Thrust. The goal is 70,000 church overseas, by the end of the century. Methods vary from country to country as some areas are more responsive than others.

It was found there had been rapid growth in the Philippines which is made up of 7,000 islands. It takes playful planning and devotion to the task for this work to continue. In the Philippines

as in other South-east Asia countries, field evangelists are known as church planters. Missionaries begin work in a new place by holding prayer meetings, when they receive Christ and become capable of leading, churches are organized and eventually become self-supporting.

Mrs. Lynne Compton brought the Bible lesson entitled "Jesus Is The Message." She read Scriptures from Isaiah, Malachi and John.

There were nine persons present.

Charles Stenholm To Speak In Loraine Soon

Congressman Charles Stenholm will be in Loraine Oct. 28 to speak to the people of the community in the Senior Citizens' Center at 11 a.m.

Geory Martin Is Reported Better

Mr. and Mrs. George Martin carried their son, three-year-old Geory, to Dallas last Tuesday where he was observed and treated at the Scottish Rites Hospital for trouble in his hip.

About 2 1/2 months ago, they noticed Geory had a slight limp, which worsened. After several weeks treatment with local and Abilene doctors, they were advised to take him to Scottish Rites.

His condition is reported to be Legs Perthes, a condition caused when the blood is not flowing and circulating as it should through the socket. They say this trouble is seen quite often in children 3-8 years-of-age, but is usually corrected successfully by traction for a period of time.

Mr. and Mrs. Martin were given instructions and shown just how to apply and adjust the traction. They are at home and Geory will be in the traction 24 hours a day for ten days, then only at night until they return to Dallas Oct. 24 for his check-up.

Parents are very pleased with the report of doctors there who believe this treatment will correct his trouble.

Tests Made On Hamilton At VA Hospital

The senior citizens of Loraine are applying to the FmHA for a loan to construct a 16 unit apartment complex for the elderly to be built around the center. Rudy Baumann, president, said they have high expectations that it will come to pass. Coordinator for this project is the retired Rev. Fred Wita. His wife, Adeline, is the On-Site Manager of the Center.

Charlie Hamilton spent several days last week in the Veterans Hospital in Big Spring and was transferred to the Veterans Hospital in Albuquerque, N.M., for further tests. Hamilton was carried to Albuquerque from Big Spring Monday. Mrs. Hamilton accompanied him. They have a son and family, Mr. and Mrs. Darwin Hamilton living in Albuquerque.

Hart Honored

Mrs. Kenneth Butler and Mrs. Wiley Walker hosted a noon luncheon in the Butler home Saturday for relatives who had come to attend the reception honoring their brother, Chester Hart of Colorado. The reception was held in the fellowship hall of the First Baptist Church in Colorado City.

Those present for the luncheon and visit were Dr. and Mrs. Bill Hart and Mr. and Mrs. Jimmy Terry of Corpus Christi; Dr. James Hart, Mr. and Mrs. L.K.

Hart and Mr. and Mrs. Bud Johnson of Lubbock; Mr. and Mrs. W.B. Williams and Mr. and Mrs. J.G. Kilgore of Wichita Falls; Mr. and Mrs. Jack Allbright, Mr. and Mrs. Dee Finn and Jerrod and Mr. and Mrs. Bruce Hart of Odessa; Mr. and Mrs. Clyde Hart of Eunice, N.M.; T.A. Hart of Artesia, N.M.; Mr. and Mrs. Homer Hart, Mr. and Mrs. Danny Butler and children of Loraine.

The decorated birthday cake was served after the meal.

Leisure Lodge News

Marsha McAdams

We were so glad to see the rain and it was much needed, but like everyone else, we're ready for some sunshine. However, rain or not, it hasn't dampened our activities lately. Taking a bus with Root Valley Lodge to the circus in Sweetwater were Vera Mae Robinson, Alice Tucker, Aileen Williams, Abe Licon, Cora Dodd, Oma Sheffield, Effie Stevens, Opal Rakes and activity assistants, Rosie Rosas and Mary Lopez. Everyone had a very thrilling time, proving you never outgrow fun.

Our domino tournament was to take place in Roscoe but due to their problems it was moved to Sweetwater Leisure Lodge. It was our first time in Sweetwater and everyone was

so hospitable. Due to the efforts of the following people, we were able to bring home the trophy for first place: R.N. Gray, Thelma Johnson, Rosie Pierce, Elizabeth Thomas, Vera Robinson, Effie Stevens and Opal Rakes. It was a close tournament with Loraine winning by one game. Attending were Sweetwater, as hosts, Loraine Leisure Lodge and Kristi Lee of Colorado City. We hope Roscoe is able to attend the next one at Kristi Lee Thursday, Oct. 16.

Our birthdays for September were Madaline Cline and Abe Licon. Cake and punch were served to the guests and friends who attended.

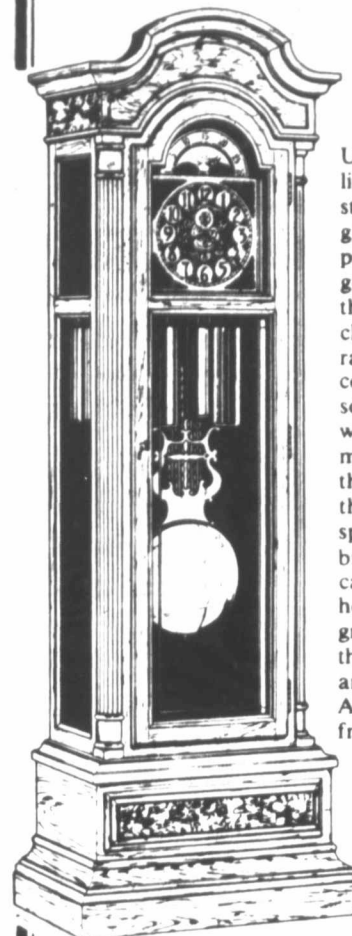

Rosie Rosas attended the Big Chapter of Activity Directors meeting in Abilene. Speakers were Glenn Roenfeldt from Colorado City and Beverly Vaughn, coordinator from Rose Park Senior Citizens in Abilene. While there, she was able to purchase some Obie dolls for Physical Therapy work on the hands. We are very glad to have these.

The musical last Friday was low on guest attendance due to bad weather and the football games. We hope to see everyone back when the weather is better. Next musical is Tuesday, Oct. 10.

We welcome Wimberly Butler to our Home. We are so glad to have him.

Our family night dinner was well attended with more than 75 guests. Fried chicken, mashed potatoes, gravy, green beans and a great variety of luscious desserts were served. Everyone had a marvelous time visiting and eating. A special thank you to Gladys Oden for showing our movies two times a month. We appreciate her.

THIS GRANDFATHER AGES WITH DIGNITY

Unlike many things in life, the value of this stately Howard Miller grandfather clock improves with age. From generation to generation, the almost 7ft. tall cherrywood case with rare mahogany burl accents will take on a handsome patina, seasoning with time. Precious metals incorporated in the Charleston, such as the 24k gold plated spandrels and inlaid brass, will add significantly to the value of this heirloom clock. An engraved brass plate records the original owner's name and the date of purchase. Another fine timepiece from Howard Miller.

Rusty Carroll Presents Talk To Foster Parents

The Oil Patch Foster Parent Association met Sept. 16 in the Sweetwater's Community Service Center with ten

parents and the Foster parent case worker attending.

Rusty Carroll, Attorney, gave a presentation on the Texas Family Code and the rights of the people involved in child welfare.

Also noted in the meeting was the Foster Parent Convention Oct. 3-4 in Longview, TX.

Reed Hosts Meeting

The Maranatha Study Club met in the home of Mrs. Dona Reed with a salad supper to open the new club year.

The club's flower, irises, were used as decorations in an arrangement serving at the center piece.

The invocation was given by Mrs. Edna Pace. The club history of the previous year was read by Mrs. Reed following the salad supper.

Miss Nelda Garrett gave the installation ceremony for installing the new officers by using flowers of Jesus as her theme.

She presented each new officer with a flower in which they added to the arrangement of fresh cut flowers.

Officers installed were Mrs. Della Fox, president; Edna Pace, vice president; Mrs. Billie Martin, secretary; Mrs. Marion Bassham, treasurer and Dona Reed, historian and reporter.

The subject for the club year will be taken from the books "Wisdom From Women In The Bible" by Edith Deen and "The Helper" by Katherine Marshall.

The wise thought presented to the club was "A gentle answer turns away wrath, but a harsh word stirs up anger."

Those attending were Mrs. Reed, Martin, Pace, Fox and Martha Callaway, new member. The guest attending was Miss Garrett.

Upton Wins Area Contest

Malcom Timothy Upton won the speaking contest at the Area Competition for the Boy Scouts Speech Contest in Roswell, N.M., on Sept. 19.

He won the contest by giving a presentation on "Energy Seen Through The Eyes of a Scout."

He was judged by four judges from the Toastmaster's Club in Roswell. He is the 15-year-old son of Mr. and Mrs. Charles B. Upton of Colorado City.

He has been competing in oratorical contests for one year.

On Oct. 6, he will go to Dallas to participate for regional competition. If he wins, he will go on to Washington, D.C., for national competition.

Upton has recently been appointed to the National Boy Scouts Jamboree Staff which is set for August of 1981 in Fort Appamadox Hill, Va.

"The Deweys"

Nashville Singing Family Perform In Colorado City On October 12

Walter Oden, pastor of the Lighthouse Assembly of God, said a talented family will soon appear in Colorado City in the Lighthouse Assembly of God located at 11th and Hickory Streets.

The Singing Deweys of Nashville, Tenn., will present a gospel music presentation Oct. 16 at 7:30 p.m.

The family group consists of Levo and Cleon Dewey and their two daughters, Cindy and Susie. The Deweys have travelled as a family unit since 1967, singing across the United States at denominational conventions, churches, colleges, fairs and have been seen on such TV programs as the PTL, 700 Club and the Jimmy Swaggart Show.

They have sung at the Grand Ole Opry, at the People's Church in Toronto, Canada and in the Avon Shakespearean Theatre.

Recent trips include several visits to Central America, Pacific Islands, India with Dr. Mark Buntain and Europe; one of which resulted in a fund raising effort to help build a church for missionary work among the Indians of San Blas Islands.

The Deweys credit a good portion of their success to the closeness of their family. Levo's father, Wayne, drives and maintains the bus that the group travels in; meanwhile his mother, Marie, helps in the office.

The Deweys play 14 different instruments during their program ranging from various stringed instruments to keyboard and wind instruments.

Rev. Oden said the whole family is invited to attend because it will be a musical experience to remember.

Cotton Stripper Meet Set

Key Brothers Implement Company Service Center in Colorado City has announced a farmers, owners and operators meeting today (Thursday) at 7 p.m. in their shop building, located on Highway 208.

The meeting will be covering changes and improvements of the new 283 and 484 John Deere Cotton Strippers.

The area service representative and the Colorado City dealer will have a film presentation and give a discussion on safety, preventive maintenance and settings and adjustments.

Key Brothers would like to invite all interested persons to attend.

An important message for customers of Texas Electric:

Electricity will cost more next year, partly because our biggest contract for low-cost* natural gas expires this December.

Next year, the gas we'll need to use to make your electricity will cost more. The chart below shows how this will affect your electric bill.

Check your bill; if you use this many kilowatt hours	Expiration of low-cost gas contract will add about
500	\$ 4.00
750	6.00
1000	8.00
1500	12.00
2000	16.00
3000	24.00

We're helping hold down costs by making as much electricity as possible in plants built to use lignite coal — a cheaper fuel.

You can help hold down your bill by conserving. Learn how at one of our Operation Tighten-Up workshops. Call us for information on a workshop in your neighborhood.

*This contract will have saved our customers more than \$700,000,000 on their electric bills by the time it expires.
