

CRAFT DAY — The Plainview and Hermleigh Home Demonstration Clubs held an all-day craft meeting Tuesday at the Northeast community center. Some 21 women enjoyed a delicious covered dish luncheon at the noon hour. Mrs. Herman Stahl of the Pyron H-D Club was the instructor for the day and is shown with some of the lovely objects she has made from tin can lids. Note the beautiful electric clock and wall plaque she is holding. Gold and silver colors are featured in various constructions of roses, candle holders and Christmas decorations, to a plastic bottle made into a lovely vase decorated with the tin roses.

BRIDGE NOTES

Monday Junior Duplicate.
First, Mrs. Pete Morgan and Mrs. H. G. Friddle, Second, Mrs. L. G. Dean and Mrs. Jack Patchell. Tying for third, Mrs. James Wilson and Mrs. Wayne Eubank, Mrs. Buford Sterling and Mrs. W. O. Tipping.

Tuesday Morning Duplicate.
First, Mrs. Nina Cooper and Mrs. N. R. Clements, Second, Mrs. Prentiss Bass and Mrs. Brad Jones, Third, Mrs. P. W. Cloud and Mrs. M. L. Brown.

Zeta Lambda Chapter Is Honored At Colorado City

Members of Zeta Lambda Chapter of Delta Kappa Gamma were recent honorees at a birthday luncheon hosted by the Beta Epsilon Chapter of Colorado City. Zeta Lambda's second birthday as an independent chapter of Beta Epsilon was the occasion for the celebration. Mrs. Ann Halbert, Beta president, welcomed the honorees by leading the singing of "Happy Birthday" to the Zeta Chapter. Virginia Grove, Zeta president, gave a response.

Following the luncheon and the singing of the Delta Kappa Gamma song, the afternoon's program was introduced by Edith Wilkerson. Mrs. Henri Gay Ison, instructor in English at McMurtry College, spoke on "Challenging Women in a Changing Social World." Mrs. Ison has traveled widely to observe women in various parts of the world, and her reflections and comments were of firsthand experience.

Mrs. Ison related that since time was so precious, she usually traveled by plane so that her time could be better spent with the people of the countries which she visited. Her travels include two trips to Alaska, before it became a state, one to Western Europe to attend the Brussels Fair, one to Italy to secure first-hand pictures for her Latin classes, and a later trip to Sicily, just for personal study; a tour of the Holy Land, attending the Passion Play while there; one trip each on separate occasions to Scandinavia, Southeast Asia and the South Pacific. Several trips were made with tours personally conducted by Randall, with whom Mrs. Ison is personally acquainted.

Mrs. Ison spoke of the woman's place in each of the countries which she visited; and she presented slides depicting the various types of women, their unique

China Grove News

By MRS. N. F. HALL

Mrs. Arthur Berglund of Abilene visited her parents, Mr. and Mrs. Edward Brown and family over the Easter weekend.

Roger Williams of Odessa is visiting his aunt and uncle, Mr. and Mrs. Clarence T. Merritt over the Easter holidays.

Mr. and Mrs. T. J. Webb attended the fish fry given in the home of Mr. and Mrs. Lloyd Webb and son of Snyder Saturday.

Recent guests in the home of Mr. and Mrs. Jess Brown were Mr. and Mrs. Dan Hall of Geseo, Mrs. Arthur Berglund of Abilene, Mr. and Mrs. Johnny Brown, Ginger and Terri, and Mr. and Mrs. Stanley Merket and Gloria, all of Colorado City; Mr. and Mrs. Edward Brown, Dena Lynn and Gerald Wayne of China Grove.

Recent guests of Mr. and Mrs. N. F. Hall and Donna were J. D. Ball and R. L. Hall of Happy, Mrs. Pete White and Rayburn, Mrs. Don Wester, Rickey and Angela, all of Lubbock, and Mr. and Mrs. Jim Barkley and Gary Don of Colorado City.

Guests this week in the home of Mr. and Mrs. T. J. Webb were Mr. and Mrs. Cecil Webb of Floydada, Mrs. John Webb and Mr. and Mrs. Lloyd Webb and Jerry Lee of Snyder.

Miss Donna Hall was a Friday night guest of Miss Barbara Jackson of Colorado City. They attended the rodeo in Sweetwater.

Weekend guests of Mr. and Mrs. D. L. Cotton were Mr. and Mrs. Leo Fricks of Oxnard, Calif.

Mr. and Mrs. T. J. Webb were dinner guests Sunday of Mr. and Mrs. Whit Farmer of Ira.

Mrs. T. J. Webb and Mrs. N. F. Hall visited Mrs. Caleb Trousdale of Odessa Tuesday.

Union 4-H Club Has Monthly Meet

The Union 4-H Club met recently for their first meeting of the month. The meeting was called to order by Judy Tate, president. Elvina McArthur read the minutes of the last meeting. The leaders discussed the Team Demonstration Contest to be held April 20.

Lon Alice Mathis and Judy Tate gave a safety demonstration and Barbara Tate gave a food nutrition demonstration. Alma Worley led a game for recreation called "The Eraser Game".

Refreshments of punch and cup cakes were served by the messes. Susan Burney to Debbie Sims, Vicki Burney, Peggy Pate, Barbara Tate, Alma Worley, Regina Butler, Elaine McArthur, Janis Rhodes, Clara Ann Meadows, Sheila Prescott, Lon Alice Mathis, Judy Tate and the leaders, Mrs. Wayland Mathis and Mrs. O. P. Tate, Jr.

The National Aeronautics and Space Administration plans to launch 13 unmanned mooncraft called Rangers.

WHAT'S GOING ON

Mrs. Ethel Daniels of Stephenville spent the Easter weekend with her brother, J. J. Henry and family, 1710 Thirty-seventh Street.

Chocolate Marbled Cheesecake

- 2 cups dry cottage cheese
- 1 package (8 ounces) cream cheese
- 3 eggs
- 1 cup sugar
- 1 teaspoon vanilla
- 1/4 teaspoon salt
- 2 squares (2 ounces) semi-sweet chocolate (shaved)
- Cookie Crust
- Apricot Glaze

In a mixing bowl beat together cottage cheese and cream cheese until smooth. Add eggs, one at a time beating well after each addition. Mix in sugar, vanilla and salt until well blended. Sprinkle about 1 tablespoon shaved chocolate over bottom of crust, then spoon in about 1 cup cheese filling, spreading evenly to sides. Top with another tablespoon shaved chocolate, then 2 cup cheese filling; repeat layering until all filling is used. Reserve 1 tablespoon chocolate for garnish. Bake in a moderate (350 degrees) oven for 45 minutes. Cool. Spread with Apricot Glaze, sprinkle with reserved chocolate and sifted confectioners sugar, if desired. Chill before serving. Makes 10 to 12 servings.

Way Of Peacemaker Is Hard, And It's Not Getting Easier

By INEZ ROBB

Once his burial squads had done their job, he could walk into a city or countryside to find it undisturbed — its factories ready to go, its farms waiting the plow, its office buildings eager for new white-collar operators.

Men, women and children would be dead. But the Emperor, State Building or Moscow University would still stand. Long live real estate! Finally, in the last half of the 20th Century in the cold war, the battle between man vs. property, we know which is the higher good. It is property.

Those who have thought that humanity was ultimate good, and that man represented God's highest creation can now see the error of their reasoning. In this great and civilized age, it is man that is expendable, not property.

For what consolation there is in it, when the last man crawls out of his underground shelter, he will not have to take refuge in a cave, as has been predicted in case of nuclear war. He will have his choice of Versailles or Buckingham Palace or the Kremlin.

If my government believes that a neutron bomb is necessary to preserve liberty—since it then will not preserve life—then I must accept it, with wisdom, even if there is no one left for whom to preserve liberty. But the world has reached the ultimate in cynicism when its genius and its treasure are devoted to the destruction of man and the preservation of property.

"Universal peace is a good that interests all men without distinction," said the Pope when he signed the encyclical, in which he expressed the hope that the Light of Christ will "illuminate the minds of those who lead peoples so that, together with just prosperity, they preserve for all citizens the magnificent present of peace."

Speaking of "the rewards of peace," John XXIII added, "Let us say it with apostolic fervor: Bring peace, spread it and its benefits."

If the Pope can once more make peace respectable, he will have conferred a great blessing on the world.

A generation that can lay bare the mystery of the atom surely has the genius to control it, for man's good, to work for peace with honor and to secure both life and liberty for mankind. Life without liberty is intolerable; but liberty without life is futile.

The way of the peacemaker is hard, as we Americans have discovered at the endless disarmament parleys in Geneva. It isn't going to be any easier in the future. But we dare not quit trying.

No Change In Interest Policy Seen

By SAM DAWSON
AP Business News Analyst
NEW YORK (AP)—Higher savings, processing, and new bonds—greater industrial production and rising consumer business and government spending—more imports and an uncertain future for U.S. exports to Western Europe—all revive talk of how long interest rates can continue their long spell of stability.

The money managers say that the present official policy isn't about to change. Neither the prospect of increased economic activity, nor a growing federal deficit, nor the stubborn shortfall in U.S. international financial dealings foreshadows a shift in policy — they say.

Analysts note that fiscal affairs can change quickly. Money managers don't telegraph their purchases.

And today with all the talk of the possibility of rising prices and business expansion, and of business and government need for more borrowing, money management may be even more difficult an art than it has been in the last year or so.

The argument for continuing stability is that the amount of funds available for investment is large and grows steadily as pension funds and various forms of savings are swelled. This acts as a brake on rising interest rates on long-term debt.

The government policy on short-term rates is to keep them high enough to prevent the cashing in of foreign-owned short-term assets and the flight of those funds overseas where yields would be higher. The rise in imports and threats to exports make the money managers all the more anxious to maintain these interest rates.

Advocates of easier credit and lower interest rates to speed economic growth so far have come up against this stone wall.

With the federal deficit large and promising to increase, the outflow of dollars and gold could increase if the money managers let interest rates here fall. The proponents of continuing the present policy argue.

Increasing business activity, and the inflationary psychology that has gripped the stock market during the first uncertain days of the steel price rise attempt, could bring a demand for borrowed long-term funds in time that would strengthen rates. At the moment stocks look more attractive and government bond prices are weakening—meaning their yield is rising.

But the money managers are expected to try to hold the line on that. They presumably want long-term credit to remain available and relatively easy to encourage further growth, an economy that is still far from taking off on another boom. If they let government bond interest rates rise, money would flow there rather into mortgages and other private loans and other securities, and thus brake the hoped-for growth.

These, the bankers say, are the reasons the money managers will keep credit and rates about where they can. A change in public psychology could make this policy hard to maintain—or a change in political thinking in Washington.

Junior Editors Quiz on HERALDRY

QUESTION: Why did families have coats of arms in the early days?

ANSWER: In ancient days, few people could write their names, but most belonged to a tribe or clan which had an identifying mark or symbol. In the days of the knights individual marks became important. Since a suit of armor concealed a man's face, it was very difficult to tell friend from foe on a battlefield. Picture (1) shows how a knight used a shield symbol to tell everyone who he was. From this the practice of heraldry developed. The heralds were king's agents and they became experts at keeping track of all the various markings used by the knights. Special words were invented for the different markings, a few of which we show (2). As guns came in, knights no longer used suits of armor and heraldry ceased to be important as identification. But the proud noble families went on using the marks of their ancestors and from this came the "coat of arms"; these are still employed in England today. Since we don't have nobility in America, family coats of arms mean little to us. But we still use heraldry as in the design for the Great Seal of the United States and the seals of the individual states.

FOR YOU TO DO: Make a heraldic shield of your own. Just for the fun of it. You could take one of the shield designs we show and put a head of your favorite dog or cat in the middle. Bright blue, green, yellow and red were used in coloring these shields.

(Peter Romatowski of Gales Ferry, Conn. wins \$10 for this question. Mail yours on a postcard to Junior Editors in care of this newspaper and you may win \$10 or the weekly grand prize of a set of Britannica Junior Encyclopedias.)

Chief Rabbi Backs Nuclear Ban Appeal

JERUSALEM, Israeli Sector (AP)—Chief Rabbi, Izhak Nissim Tuesday Pope John's encyclical appeal for a ban on nuclear weapons and an end of the arms race. "I will have the sympathetic and active support of the Jewish people."

The Holy Land's chief rabbi also praised the Roman Catholic pontiff's plea for better relations between people and nations of the world.

OLYMPIC HOPEFULS—These Central Elementary girls will be among the wealth of youngsters who will be competing for honors this afternoon in the Little Olympics, which get underway at 4:30 at Tiger Stadium. Making up this aspiring relay team, from left, are Patsy Richardson, Starlett Vaughan, Connie Shuler, and Patricia Kay.

Jack, Gary Share Role Of Favorite

HOUSTON (AP)—Final practice rounds for the \$30,000 Houston Golf Classic took the form of a \$5,000 pro-am event today.

Players paired with local businessmen for the 18-hole preliminary rounds against each other, scheduled to be held at Tiger Stadium.

Gary Player shared the 5-1 odds with Nicklaus but passed up the pro-am in favor of a late afternoon practice round at the Memorial Park course.

Also in the pro-am were an 8-1 favorite, Billy Casper, and five previous winners of the classic—Jack Burke Jr., Bill Collins, Jay Hebert, Mike Souchak and Bobby Nichols, the defending champion.

Thursday's starting field of 149 pros and 10 amateurs was completed Tuesday as 66 non-exempt professionals competed for 56 qualifying spots.

Johnny Maca, an assistant pro at Houston's Golfcrest Country Club, shot a 34-59 for the only sub-par round. Right behind with identical 70s were Bob Duden of Portland, Ore., and Jerry Edwards of Fort Worth.

Nicklaus is playing in his second classic. He posted rounds of 68, 69, 71, and 70 a year ago to finish in a three-way tie with Nichols and Dan Sikes.

Nichols, a former Texas A&M star, won a playoff.

Ford Makes New Grants

NEW YORK (AP)—The Ford Foundation announced Tuesday assistance grants of \$5,296,200—more than half of this sum going to help less developed countries solve problems of overpopulation.

The foundation said \$2,636,200 of the grant will be used for training and research programs in family planning and reproduction biology.

The largest single birth-control grant was \$675,000 to Population Control, Inc., which will expand its research program in Pakistan at the request of that government.

Another grant went to India—\$480,000 to the All-India Institute of Medical Sciences at New Delhi and \$125,000 to Topiwala National Medical College in Bombay for expanded research in reproductive biology.

Early Start Pays Off

AUSTIN (AP)—Texas wound up its non-conference baseball schedule by defeating St. Mary's University 6-3 Tuesday. The Longhorns jumped on Rattlers starting pitcher Walter Stein for all of their runs in the first two innings.

Rear Linkmen Win

FORT WORTH (AP)—Boys' defender Texas Christian 4-1 to 1-1 in Southwest Conference golf competition Tuesday.

Sigma Xi, the national honorary scientific society, was organized at Cornell University in 1866.

Annual Little Olympics In Opening Stages Here Today

The Little Olympics, which blossomed forth into a two-day affair this afternoon at 4:30 with the running off of the various girls' events.

The boys will pick up and carry the ball Thursday. All of the competition, which pits boys and girls from all the local elementary schools against each other, is scheduled to be held at Tiger Stadium.

Events offered the girls include the 50-yard dash, 100- and 200-yard relays, standing broad jump, and softball throw. Two age limits will be adhered to, also—group "B" being girls 12 years of age and older and group "A" 11 years and under.

Jack, Gary Share Role Of Favorite

HOUSTON (AP)—Final practice rounds for the \$30,000 Houston Golf Classic took the form of a \$5,000 pro-am event today.

Tigers Latch Onto League Lead; Spank Lamesa, 5-4

By Jerry Jackson
 News Sports Editor

Snyder's Tigers, with steady pitching from Raymond Matthews and timely hitting to supplement his effort, propelled themselves to the top of the District 3AAA standings here Tuesday with a stand-ting 5-4 triumph over the Lamesa Toros.

Right fielder J. N. Wall experienced his finest day at the plate, helping the Bengals to the important decision. He had a perfect day with the hickory, rapping out singles in the first, third and fifth frames to drive in three of the needed runs of the day.

The victory earned for Coach Speedy Mottet's Tigers a 4-0 record at the halfway point in the district scramble, and dropped Lamesa to 3-1 and second place. For the season the Bengals stand 6-15 to 5-8 for the Toros.

The Tigers trailed twice during the contest—in the first and fifth innings—but each time gained the incentive to leap ahead in the home half of the frame, as a three-

run first and two-run fifth combined to turn the winning trick and preserve for Matthews his third district win. For the entire season his record stands 3-2.

Lamesa touched off scoring early in the game when leadoff hitter Jimmy Wyatt plopped a two-bagger into the slot in left center, and came home when Drew Gubler led a grounder get through him at second. That run was the first of three unearned tallies scored by the Toros before the day's firing ended.

Undaunted, the Tigers came back in the bottom of the first to explode for five hits and three runs. Bullard initiated hostilities by beating out an infield single to short, then was advanced on a perfect sacrifice bunt by Kenny Gay. Dalton Walton next floated a Texas Leaguer into short right that fell in for a double. Bullard had held up pending a possible catch of the fly ball, and thus was unable to score on the play.

Kenny Wellborn then bounced

one to the mound and was cut down at first for the second out, runners holding. Wall followed by lining one right, back at pitcher Jerry Corbin, who could only flick it with a glove finger. That hit brought home both Bullard and Walton to put the Tigers into a 2-1 advantage.

Southpaw slogger Roy Hall, followed by Slicing a single into left and Jim Marcum rapped out another one-baser between third and short to score Wall before Leslie Brown pepped out to second to end the firing.

After being put down in order in the second the Toros fought back with a pair of hits in the third, when Lamesa came alive again. Wall each collected singles to set the stage. James Woods whiffed for the second out, after which cleanup hitter Woody Scott singled to left to platter Wyatt. Robert Hollmann lined out to Matthews to end the inning.

One man was out in the fifth when Lamesa came alive again. Wyatt singled through the left side of the infield to start things, then moved on to third as Martin doubled to left. Woods went down swinging again for the second out, then one run scored on a muffed grounder by Brown and the other consecutive walks to Robert Hollmann and David Clark.

The Tigers pushed over the tying and winning runs in the fifth. One man was out when the fifth began, as Walton, Wellborn and Wall each pounded out consecutive singles. On a heads-up play Walton had taken second on the only Tornado error of the game when second baseman Mann permitted the peg from left to get past him and he came on in to score on Wellborn's single through third.

Wellborn raced to second on the throw to the plate and scored on Wall's single into short right.

Lamesa's final bid to tie up the contest was foiled in the seventh when Woods, who had led off the inning with a scratch single toward second, was doubled off first on a pop fly by Hollmann for a game-ending double play.

Matthews' control was near-perfect throughout the game. He issued free tickets to only two batters, and one of those was intentional. On the way to the win he also set nine men down on strikes, and in the fourth succeeded in striking out the side.

The Tigers will have a full week to rest on their laurels before leaving back into the middle of the race Tuesday at Colorado City. Lamesa and Colorado City tangled Friday, in the meantime, to launch the second half of the double-round-robin slate.

Pesky Balks Cropping Up

By MIKE RATHEE
 Associated Press Sports Writer

Can you visualize a stopwatch hanging in Baseball's Hall of Fame?

It could happen. National League umpires are bellowing "balk" with such startling rapidity, they're advancing base runners quicker than the batters.

Seven balks were called in the National League Tuesday, bringing the over-all total for less than two weeks of the season to 30 balk calls in 32 games. For the same period of the 1962 season, there were only four. Not one balk has been called in the American League.

The scorecard showed five balk calls at San Francisco, where the Giants whipped Houston 7-0 behind Billy Pierce's six-hitter. Two were called at Pittsburgh as St. Louis edged the Pirates 4-3. The other three escaped.

The Chicago Cubs handed the Los Angeles Dodgers their fourth setback in the last five games, 2-1 in 12 innings. Warren Spahn's four-hitter gave Milwaukee an 8-0 decision over Philadelphia and Cincinnati made it seven straight losses for the New York Mets, 7-4.

In the American League, Detroit belted the New York Yankees 7-2. Kansas City downed the Chicago White Sox 7-4. Boston defeated Baltimore 6-1. Cleveland blanked Washington 3-0 and Minnesota nipped the Los Angeles Angels 11-0 in 13 innings.

In Manager Harry Craft and pitching coach Art Deal suggested that Augie Donatelli make a stopwatch part of his standard umpiring equipment when they questioned the third balk call against Colt pitchers. The suggestion was not well taken, and Craft and Deal were thrown out in less time than it takes to call a balk.

Pierce, called for two balks, had no complaints. He "remained unbothered at Candlestick Park with his 14th straight regular season victory. The 37-year-old left-hander struck out six while walking three before 40,732 attending the home opener of the National League champs. The Giants put out of reach with four runs in the first inning, two coming home on a double by Felipe Alou.

The Cardinals came up with two runs in the last of the ninth to give rookie Harry Fanok his first major league victory. Duke Carmel's first major league homer,

Stan Mastal, the major league record-holder in the department, accounted for his 6,000th total base with an eighth-inning single.

The Cubs pushed across the tie breaker against Ed Roebuck on a two-base error by Willie Davis on Billy Williams' fly, an infield hit by Ron Santo and a sacrifice fly by Ernie Banks. Banks accounted for Chicago's first run with a fifth inning homer. Lindy McDaniel was the winner in relief of Bob Buhl, who had a five-hit shutout working until the eighth when Willie Davis singled in a run.

Spahn won his 329th game and posted his 56th career shutout. Eddie Mathews supported the 41-year-old left-hander with his 400th league homer. Spahn now is eighth on the all-time list in both victories and shutouts while Mathews' two-run shot made him the eighth player to reach the 400-circle. Cal McLish was the loser.

The Reds struck for five runs on five hits, including a key-double by Gordy Coleman. In the fifth inning to take a lead they never lost against the Mets. Duke Snider, who collected his 2,000th hit in the second inning, hit a two-run homer as the Mets scored four runs in the sixth, but fell short. Jim Maloney was the winner with Jay Hook the loser.

the climb has been an uphill one much of the way for Ronnie Overby, former Snyder Tiger vaulter, but he has overcome the odds with a quiet will and determination that does him credit.

Young Overby is the son of Mr. and Mrs. Eugene Overby of the Lion Oil Camp, and at present a star sophomore vaulter at Howard County Junior College in Big Spring. His progress has been such that he has achieved a height of 13'2", a record made during the conference meet in Roswell, Texas, last year. That is some two feet greater than his best high school mark.

This has been accomplished after Overby's grim and determined fight against a severe bone disease (osteoporosis) that put him on braces for a period of two years.

Overby took up vaulting in his sophomore year at Snyder High on the suggestion of his father, a sometime vaulter himself. The very first day he vaulted for HJC he broke all his previous personal highs by springing over the bar at 11'9", then 12 feet, 12", and finally 12'9".

He is planning to attend North Texas State University next year, where he is in hopes of landing an athletic scholarship. "I think his chances of being granted such a scholarship are excellent provided he can clear the 14-foot mark this year.

To coin an old - used phrase, his is a "lifty ambition". It's one that could very well be attained, however, with a strong will being the deciding factor.

Tough Break Overcome By Vaulting Ace

Backache relief pills bring mild diuretic action through the kidneys

Drinking water is a source of mild but annoying bladder irritations making you feel restless, tense, and uncomfortable. And if restless nights, with nagging backache, headache, or muscular aches and pains due to over exertion, strain of emotional upset, are adding to your misery—don't wait—try Doan's Backache Relief Pills 3 ways for speedy relief. — A wonderfully mild diuretic action through the kidneys, tending to increase the output of the 12 miles of kidney tubes. — They have a soothing effect on bladder irritations. — A fast pain reliever, acting on nagging backache, headache, muscular aches and pains to get the same happy relief millions have enjoyed for over 60 years. For convenience, get the large size Doan's Backache Relief Pills today.

Home-Happy Contests

LUBBOCK (AP)—An even dozen home runs were hit at Texas Tech and Abilene Christian split a doubleheader Tuesday. ACC took the first game 7-6 and the Red Raiders won the nightcap 7-4.

REPORT FROM MOTOR TREND MAGAZINE EXPERTS ON THE '63 RAMBLERS:

"Cruising is effortless... fine balance of performance and economy"

RAMBLER 600 V8 "Car of the Year"

"Rugged, dependable Six proved by winning economy runs and performance trials," said Motor Trend about the Rambler Classic's Six that averaged 23.1 mpg in their own road tests.

About Ramblers in general, they reported, "completely responsive... stable at high cornering speeds.

Cruising is effortless, economical." And now Rambler offers an entirely new 198-hp V-8 in the Classic. It fits 6-cylinder budgets. Based on manufacturers' suggested retail prices, it costs \$76 to \$195 less than Sixes offered by the other two best-selling, low-priced cars. See the "Car of the Year" at your Rambler dealer!

TO REGIONAL INTERSCHOLASTIC MEET—Ira's first place winners at the district interscholastic league meet April 9 in Westbrook are shown along with their instructors just before the debate team left yesterday for a practice debate in Anson. The entire group will compete Friday and Saturday in the regional contest sponsored by the Odessa Junior College. Pictured in the front row are L. B. Taylor, English coach, Aaron Crawford, who will compete in declamation, Larry Wiggins, extemporaneous speaking, Ricky Sterling, debate, Robert Ryan, track coach; second row, Mrs. Tommy Taylor, typewriting coach, Carolyn Clark, typing, Darla Moore, persuasive speaking, Myron Crawford, debate coach; third row, Norman Turner, discuss throw, Don Kimbrell, persuasive speaking, Kent Sterling, debate, and Bill Alexander, prose reading.

Grieving Father Takes Own Life

CHICAGO (AP)—James Lee, a grieving father who gave away nearly all his possessions to charitable institutions in memory of his 9-year-old daughter, is dead by his own hand. Two police officers found Lee, 46, Tuesday night moments before they said he fatally shot himself in a tavern telephone booth. In his pockets, they found a child's crayon drawing, much folded and worn. On it was written: "Please leave in my coat pocket. I want it to be buried with me." The drawing was signed in childish print by his blonde daughter, Shirley Lee, who perished March 4 in a flash fire in their apartment. Her mother had died when she was 2. Lee was so grief stricken then that he asked total strangers to attend the services so Shirley would have "a nice funeral." He said he had no family to attend. Shortly after Shirley's funeral, Lee gave his 19-apartment building, where the fire occurred, and a two-flat building to the Lutheran Church of St. Philip, which Shirley attended. Several plaques in her memory were placed in the church and her school.

HONOR STUDENT—The School of Arts and Sciences at Texas Tech presented a certificate to Ray Lashaway of Snyder for scholastic achievement. The award qualified him for the deans honor list, awarded only to students who attain a grade point ratio of 3.0 or better during the past semester. He is the son of Mr. and Mrs. Roy Lashaway.

BIRTHS
Mr. and Mrs. Vernon Lolley, 711 Twenty-seventh Street, are the parents of a 7 lb. 1/2 oz. baby boy born at 1:26 p.m. April 16 at Cogdell Hospital.

Hospital Notes
COGDPELL HOSPITAL

Goldwater Advises Party To Avoid Appeal Based On Race

By JACK BELL — Sen. Barry Goldwater, R-Ariz., advised Republicans today to avoid "any sort of special appeal based on race or creed" in seeking voter support in next year's elections. Goldwater, a spokesman for party conservatives, said the GOP ought to leave "emotional gimmicks and fantastic promises" to the Democrats. Gov. Nelson A. Rockefeller of New York, regarded as a front runner for the 1964 Republican presidential nomination, and Sen. Jacob K. Javits, R-N.Y., have been looked as speakers for a Young Republican National Federation rally opening in New York City Friday. Invited to speak on the program, Goldwater said in a letter to Leonard J. Nadassy, federation president, that he couldn't attend. But he offered some advice. "It seems to me," he said, "that the whole subject of ethnic and minority groups and their relationships within our society have been talked to death. "Cynical politicians are continually harping on the problems of minorities and offering glib solutions to them. The words they use refer to ending the divisions between our people. But, I'm convinced that the net effect of this talk is to divide the American people, and to inflame, rather than solve, the very real problems of our racial and religious groups. The Republican party must seek the minority group vote in the only sensible and honorable way open to us. We must appeal to all racial and religious groups with well-reasoned arguments that do not insult them or their intelligence. We should avoid making any sort of special appeal based upon race or creed."

WTCC Backs I-Price Plan

MIDLAND, Tex. (AP)—Directors of the West Texas Chamber of Commerce have endorsed a one-price system for cotton. In a resolution adopted Tuesday the directors asked Congress "to make it possible for the efficient American cotton farmer to meet both foreign cotton producers and domestic and foreign manufacturers of man-made fiber at domestic and world mills under a one-price system, with competitive prices and freedom from acreage controls which destroy efficiency." Another resolution urged the wool associates of the New York Cotton Exchange to establish a delivery point for the wool futures market in San Angelo, Boston now is the nation's only such point. The directors endorsed two proposals before the legislature. One is house bill, 106, which asks revision and clarification of the state sales tax and extension for one year of the temporary 50 cent surcharge on franchise taxes. The other is the "Texas 65 plan," under which insurance companies would be authorized to form private associations to insure elderly persons not now covered under other medical care programs.

Murray Case Under Probe

AUSTIN (AP)—The Travis County grand jury heard six witnesses Tuesday in its opening session of an investigation into dealings of former Railroad Commissioner William J. Murray Jr. The grand jury called Asst. Atty. Gen. Alfred Jones, Jimmy Murray, a Dallas News reporter, George Singletary, a commission oil and gas engineer, and three employees of the Department of Public Safety, Bill Kavanaugh, an administrative assistant; H. A. Albert, director of the polygraph section; and George Read, an intelligence agent from Houston. Murray resigned last Wednesday, two days after the News published a report of a 1958-60 West Texas oil venture by Murray. He said he made a "nice profit" in the venture. Atty. Gen. Waggoner Carr continued to gather Murray's personal records. Carr asked Tuesday for oil production and bank records, and records of the RBM Drilling Co. of Houston. Murray formerly owned an interest in RBM. Murray's phone call records are under study by state auditor C. H. Gaines.

Hawaii Faces Big Cleanup

HONOLULU (AP)—The job of cleaning up after Hawaii's worst storm in 12 years got under way today. The state asked President Kennedy to help. Gov. John A. Burns declared the hardest hit islands of Oahu and Kauai, State disaster areas Tuesday night and appealed to the President to make available federal emergency assistance to aid in restoring public property. Skies cleared over the mid-Pacific islands Tuesday. Residents forced from their homes by rising water began trudging back to survey damage. Two veteran soldiers drowned when a fast-rising stream forced their jeeps into flood waters. The bodies of Lt. Col. Chester F. Suits, 43, of South Wash., and Sgt. Maj. Quiver P. Anderson, 48, of Whitesboro, N.C., were recovered Tuesday.

8 Inches Of Snow Falls In Anchorage

ANCHORAGE, Alaska (AP)—Snowfall totaling nearly eight inches in 24 hours was recorded Tuesday, raising the total for April to a record 21.5 inches. The heaviest previous April snowfall was 18.7 inches in 1955. Street crews kept main thoroughfares clear. Anchorage International Airport reported normal traffic except for a few brief delays while snow was cleared from plane wings.

She has your number

... She's your telephone service representative

It's her job to look after your service needs.

A call to the telephone company quickly puts you in touch with her. Your personal telephone file is at her finger tips so she can give you immediate service.

She'll help you decide the best location for an extension phone. Explain charges on your bill. Aid you in choosing the telephone colors best suited to your home's decor.

BEAUTICIANS MEET—The Snyder Beauticians Unit No. 77 met Tuesday evening in the community room of Snyder National Bank. Pictured above from left, Jean Black, membership chairman, Gladys Bearden of Lubbock, State Inspector of the Cosmetology Department, Glen Nealeigh

of Abilene, who presented the latest in hair fashions, Margarete Bortel, from the State Board Cosmetology of Austin, and Johnnie Taylor, president of the local unit. Mrs. Glen Nealeigh, seated, assisted her husband in demonstrating hair styles.

DOING HER FLAT Work... Miss Leona Sepielli pilots her steamroller, shouts orders at her paving crew.

Not Only Russia—

By STAN LEPPARD
Los Angeles Herald-Examiner
LOS ANGELES (AP)—We've grown more or less accustomed to lady doctors, lawyers, merchant chiefs, and an occasional grandmotherly bank robber. Even present newspaper company noted, a lady city editor.
—But have you seen a lady running a steam roller lately?
They meet Miss Leona Sepielli, hard-driving boss of a paving outfit, wheeling a roller over hot asphalt while she shouts directions to a construction gang.
Miss Sepielli is owner of a paving company here and she has had her own contractor's license for about eight years.
She works on the job with her men and does every chore that they do. "I was a comptometer operator at one time until I decided the ones out on the job were the ones who got the fun out of the work," she says.

Asked if customers sometimes were surprised when she showed up with her crew, she shrugs. "Sometimes."
"Sometimes we get jobs because I am a woman. I think a man or a woman panned up in an office or building seems to get a second-hand kick out of seeing me operate, I guess."

Laundry Problems

If you live in a hard-water area and you're having trouble with iron spots on clothes, take a look at the information on the identification plate of your water heater. If the heater tank is not lined with glass or one of the new alloyed metals, there's a likelihood of corrosion and rust in the storage tank. Most water heaters now feature non-corrosive tank linings. These are the models to consider when you replace your present heater.

Iota Psi Elects New Officers

The Iota Psi chapter of ESA met in the home of Mrs. Margaret Wood, 3738 Dalton Drive for the regular monthly business meeting recently.
Officers for the coming year were elected: Mrs. Mary Pitner, president; Mrs. Beverly Ainsworth, vice president; Mrs. Ann Walton, secretary; and Mrs. Ann Matthews, treasurer.

The program was presented by Mrs. Mary Pitner and Mrs. Marcia Overman on "Women in the 19th Century".
Refreshments were served to: Etta Wilson, Beverly Ainsworth, Faydean Hart, Ann Walton, Marcia Overman, Sue Mahood, Mary Pitner and the hostess Mrs. Wood.
April 15th the group met in the home of Mary Pitner 2301 Ave. T for the regular Monthly social. A Mad Hatter's party was held, with Mrs. Ann Payne winning the prize for the most outlandish hat. Refreshments were served to Margaret Wood, Etta Wilson, Beverly Ainsworth, Anita Payne and Mary Pitner.

The 11 western states served by El Paso Natural Gas Company are growing 2½ times as fast as the rest of the nation

An adequate supply of energy is essential to progress. In the 11-fast-growing western states served by El Paso Natural Gas Company, demand for energy has risen astronomically—as population has soared and the pace of the economy quickened.

Since 1950, these 11 states have grown 2½ times as rapidly as the rest of the nation. California today is the nation's most populous state. The populations of both Nevada and Arizona have more than doubled. This growth is accelerating year-by-year.

Vast supplies of energy are needed to meet the mounting demands of these millions of new citizens. And El Paso Natural Gas Company has played a growing role in providing one of the most important sources of this energy.

Back in 1950, El Paso Natural marketed 295-billion cubic feet of natural gas. By 1962, we were marketing 1.31 trillion cubic feet of gas—four and a half times as much as in 1950. That's approximately 10 times more energy than is produced each year by all of the federally financed electric power generators, including the giant Bonneville Power Administration and Hoover Dam, in these 11 states.

El Paso Natural's 1962 annual report gives full details on a year of service to America's booming West. For a copy, write: El Paso Natural Gas Company, El Paso, Texas.

BS Camporee Set Friday, Saturday

The Lone Star District Scout Camporee will be held this Friday and Saturday, according to Russell Jones, chairman of the district's Camping and Activities Committee.

Site of the function — involved the 1961 Fit For Tomorrow Camporee — is the Wilkingsham Ranch located 10 miles east of Snyder on Highway 100 and 2 1/2 miles south. Signs will be posted for use of guidance to the campsite.

All of the district's Scout Troops are invited to participate under their own leadership, and each Explorer Unit is invited to have representatives on the service crew that will help conduct the various events.

More Jobs Opening Up For Women

By NORMAN WALKER
WASHINGTON (AP)—Some robust men are beginning to worry — what with women entering the work force in ever growing numbers — that the girls are pushing the men out on the unemployment rolls.

The experts at the Labor Department say there is no real ground for such fears.

With 45 million workers unemployed, considerable attention was directed to a recent Labor Department announcement that a third of all married women are now holding paid jobs as well as their husbands. Moreover, the total of working women is rising faster than that of men.

This is an indication of what is happening in industrial life. Introduction of machines and technical innovations have an accompanying increase in the amount of paperwork required, typically women's work.

Secretary of Labor W. Willard Wirtz reflects a feeling held in many quarters that jobs should be filled on the basis of ability rather than sex.

"Women play an important role in our economic life. Their contribution as factory workers, teachers, nurses, secretaries, typists, laboratory aides, librarians and in other occupations, is a major factor in production of our needed goods and services," Wirtz told the Associated Press.

The charge is often made that women workers are filling jobs they do not need and which could be filled by unemployed men if the women were not working. Our studies show that women work for the same reasons that men do — to support themselves and their dependents. Women's earnings in many families are a substantial factor in meeting living costs.

Stewardesses Protesting Age Limits

NEW YORK (AP)—So at 35 do I look like an old bag?

Asking the question Wednesday was an American Airlines stewardess, Dusty Roads, 5 feet 8, shapely—36-24-36 — weighing 125 pounds, and a natural blonde.

The stewardesses at American are fighting the clause in the union contract which stipulates that the girls must resign at age 32. Miss Roads is exempt because the age embargo went into effect Dec. 1, 1953, and Dusty was flying for American before that.

The union's contract expired last June and negotiations have failed to bring agreement on a new pact. The age clause is a key issue.

A company spokesman said 10 of the airline's 1,300 stewardesses are approaching the 32-mark this year.

Nancy Collins, master executive chairman of the American Airlines unit of the Airlines Stewardesses Association of the AFL-CIO Transport Workers Union, says that isn't so. She contends the number of almost 32 is nearer 100.

The American spokesman said that being a stewardess is a younger girl's type of job.

"The girls said they have slogan for their fight — 'Too old to fly—too young for Social Security.'"

1963 Vanguard Automobile Air Conditioner

Completely Installed In Any Make Car \$245

WARRANTY

In accordance with published warranty agreement, your VANGUARD Automobile Air Conditioner is warranted to be free of defects in material and/or workmanship under normal use and service for a period of twelve months from date of installation or twelve thousand miles, whichever shall occur first.

NATION-WIDE SERVICE

Wherever you travel, you will find a VANGUARD dealer eager to serve your every requirement. Although service is seldom required, it's a comfort to know that you're never far away from a factory-trained representative.

Elephant One Of Routine Purchases

NEW YORK (AP)—The city Purchase Department made a number of purchases described as "routine" for the Central Park Zoo. They included fresh fish, pill-boxes, soap, and—oh, yes—a 2,000-pound elephant.

The elephant, a 7-year-old female, was described as handsome and quite tame. She is en route from Orchard Beach, Maine.

100-Year-Old JP Performs Ceremony

PLEASANT VALLEY, Mich. (AP)—Jasper Township's 100-year-old Justice of the Peace, Clara J. Kelsey, 48, of Midland and Wanda Briggs, 38, of Freeland, Mrs. Moyer was elected Justice of the Peace April 1, officiated at the wedding of Melford and Mrs. Moyer, performed her first marriage ceremony Wednesday.

Cancer Is Slowed By Strange Broth

By JOHN BARBOUR
Associated Press Science Writer
ATLANTIC CITY, N.J. (AP)—There is a mysterious something in the laboratory flasks of Dr. Jorgen Fogh which somehow slows and inhibits the growth of human cancer cells.

Remarkably, the substance does not interfere with human cells grown in laboratory flasks.

Still more remarkable, it doesn't bother normal cells even when used in solutions 10,000 times as strong as those which hamper cancer growth.

Studies have continued to find out what the something is, and how it works, but it has eluded evaluation so far, Fogh told a meeting Wednesday of the Federation of American Societies for Experimental Biology.

Fogh came on the phenomenon while working with mixtures of colonies of cancer cells and normal cells taken from humans.

By mixing these colonies with a nutrient broth, Fogh, of New York's Sloan-Kettering Institute for Cancer Research, found the cancer-inhibiting fluid.

Since then he has tried seven different kinds of human cancer cells—and in each case found that the inhibiting factor is produced.

Further studies indicate that the mystery factor may enter the heart of the cancer cell, altering its life processes.

In the past year, Fogh and fellow researchers have been able to grow stronger and stronger brews of the cancer-inhibiting fluid. They have not tried it on a living creature, although such experiments will come about eventually.

Fogh there is much to learn about the material's mode of action and effects.

Three Small Children Die

MISSION (AP)—Three small children died early today from what police said apparently was food poisoning. Four other children in the same family and their mother became violently ill.

Mission police said someone at the farm home of Hernandez Lopez Vega, near here in the Lower Rio Grande Valley, summoned an ambulance from McAllen.

It took Mrs. Vega and six of the children to a hospital at Edinburg, 12 miles northeast of Mission by highway. Another child was sent to a Mission hospital.

Three youngsters died before the ambulance reached Edinburg about 3 a.m. They were Claricia, 4; Jose, 5; and Reylando, 9. Attendants said Mrs. Vega and the other children were seriously ill.

Damaging Storms Hit In Midwest

By The Associated Press
Storms diminished across the Midwest today after destructive tornadoes and damaging thunderstorms ripped across areas in Illinois, Indiana and Michigan. One person was killed, scores were injured and property damage was extensive. Some 200 persons were made temporarily homeless.

The hardest hit region was in the area of Kankakee, Ill., a city of some 26,000 about 45 miles south of Chicago. A tornado cut a path 200 yards wide and 3 miles long, first striking on the edge of Kankakee and skipping into nearby Bourbonnais and five other communities.

Bourbonnais, a community of 1,335, suffered the heaviest property damage, estimated at \$2 million by Leon Blandette, village president. Sandra Rivard, 24, was killed as she fled from her home with her three-month old daughter.

The infant and some 60 other persons in the area were injured seriously. About 200 persons were forced from their wrecked and damaged homes. The storm caused extensive damage to buildings on the campus of Olivet College.

The twister moved eastward into northern Indiana, across northern Jasper County, injuring 18 persons and causing an estimated \$300,000 damage to property. Three of the injured were reported in critical condition. All of the injured live near Gifford, 16 miles northeast of Rensselaer.

Lesser damage from wind storms were reported in Monroe County, Mich., where electricity was cut off to about 1,000 homes. Tornado winds hit near Coldwater, overturning a trailer and seriously injuring the only occupant, Asa E. Weaver, 86.

The violent weather was caused by the clash of warm moist air from the Gulf and the cool air moving south from Canada.

Near blizzard conditions were reported in Flagstaff, Ariz., with strong winds, snow, and temperatures in the 20s. The snow spread into parts of Utah, Idaho, Colorado and Wyoming.

Light rain fell during the night and early morning along a warm front from the Lower Great Lakes region to southern New England. Generally fair weather prevailed in the Southeast, the northern Plains and the Upper Mississippi Valley.

Outside the cold spots in the West, temperatures ranged from the 30s across northern areas from the Rockies to the Midwest to the 40s along the North Atlantic Coast states and the Pacific Coast. Readings in the 70s extended from Texas northward into the Ohio Valley and in southern Florida. They were in the 60s in most of the middle and southern Atlantic Coast region, the Middle Mississippi Valley, central Plains and the southern Rockies.

Sadler Trial Set For May

DALLAS (AP)—Trial of State Land Commissioner Jerry Sadler on a federal tax charge has been set for early next month.

Judge Howard Dawson Jr. of Washington will hear the case in the Tax Court of the United States during a session opening April 29 in Fort Worth.

The Internal Revenue Service has accused Sadler of filing a fraudulent return involving lawyer's fees paid Sadler in a Gregg County probate case. The document claims Sadler owes \$125,258 in taxes and penalty.

Sadler asserted he was due a \$4,538 refund.

The tax years are 1954-1957.

The government alleges that Sadler's fee in the case, less accounting and legal services, was \$254,000. The IRS claims that Sadler reported only \$150,000, leaving unreported income of \$104,000.

Sadler denied any intent to defraud. The fees in question, he said, were reported as income in the next year.

In many nations community television sets are installed in public places.

TOP TV TONIGHT

By BUDD EVANS

9:00 NBC "Andy Williams" presents a rebroadcast of his January 31st show highlighting a medley of moon songs and string music with guest stars Kate Smith and Arturo Romero and his Magic Violins. Williams' solo numbers are "Mack Sorensen's" "Fascinatin' and "Time After Time" COLOR

6:30 CBS "Fair Exchange" Eddie Walker's decision to buy a car and Tommy Fitch's efforts to get rid of one set off repercussions among their neighbors.

6:30 NBC "Wide Country" Mitch Guthrie accidentally flattens a famous prize-fighter with a haymaker but saves him from the hazards of the fight game. Bruce Yarnell and Audrey Dalton are guest stars.

7:00 CBS "Perry-Mason" searches for evidence half way around the world when he is asked to defend a famous American sculptor accused of murder. John Larkin, Marianna Hill and Faith Conner are featured.

8:00 CBS "The Nurses" Keenan Wynn is guest star as an ebullient, egotistic comedian who creates a considerable stir when he enters Alden General Hospital as a patient. Co-stars are Sharris Cotsworth and Edwin Starr.

8:00 NBC "Hazel" suffers a succession of mishaps which she attributes to a chain letter she destroyed and the Baxters try to convince her that a piece of paper cannot affect her destiny. COLOR

9:00 CBS "The Nurses" Keenan Wynn is guest star as an ebullient, egotistic comedian who creates a considerable stir when he enters Alden General Hospital as a patient. Co-stars are Sharris Cotsworth and Edwin Starr.

LEIGHTEST MEXICO

BY JOHN ABNEY

MEXICO CITY — The memoir season is upon us and everybody is busy scratching out recollections in the interests of history and public relations. The trick is to see who can record the most historical existence with the greatest amount of modesty.

So in response to 623,000 letters (give or take a few hundred thousand) I will modestly bare some rather insignificant facts concerning my own existence.

In the old days (this was around 1533) when I came to Mexico City it was called Tenochtitlan. Just after the Spaniards of Mr. Hernan Cortes secured things and drained the lake to keep Aztec warriors from padding up on him in canoes.

It was only a Quiet Village in the mud that surrounded the No-Mane Hilton Hotel where Les Baxter played strange and beautiful music in the Mud Room. That was when Les had 29 drums, a 300 lb. mallet and he played a roster by squeezing it under one arm like a bagpipe.

Eventually, Baxter was exiled to the United States where he was forced into wealth. He played a roster by squeezing it under one arm like a bagpipe.

Curiously, the Aztec survivors had volunteered at gunpoint to rebuild Tenochtitlan after the rains had washed the city away, ending a three day drought.

During this period a despondent Spaniard named Basil Mudberg sat in the moonlight playing "Love Me, Tender" on the cello. A neighbor with a chronic hatred for comas finally shot him.

The new city rose out of funds expropriated by the U. S. Congress the beginning of our foreign aid program) and it was at this time I met Mme. Conrad Ponton who ran the little tearoom with her half-daughter, Cosmic. Cosmic was a child by a distant husband.

The day was, Sad Tuesday and we sat at a table with Mme. Ponton having tea and ketchup by candle light. Ketchup is a Moorish delicacy made of pickled camel tips with buttered sauce.

The only sounds were a faint flickering from the candle and occasional soft screams of workmen whose playful friends dropped blocks of stone on them from buildings under construction.

It was historical and romantic

Hip Boots Will Be Allowed In Church

OTHELLO, Wash (AP) — Hip boots will be allowed in the Othello Christian Church Sunday, opening day of the trout season.

The Rev. Mr. Sullivan issued the hip boots ruling to his congregation Wednesday and added, "This will, of course, apply to the pastor as well."

The Rev. Mr. Sullivan said he hoped all anglers, including himself, would have their limits before the start of services.

The dispensation will apply to those not so lucky.

Keating Charges Soviet Force In Cuba Unchanged

New Arrivals Are Claimed

By STERLING F. GREEN WASHINGTON (AP)—In a direct challenge of President Kennedy's reassurance on Soviet troop withdrawals, Sen. Kenneth B. Keating charged today there has been "no substantial reduction" of Soviet military forces in Cuba since mid-November.

Keating, a New York Republican, said in a speech prepared for the American Society of Newspaper Editors that he has information that new Soviet arrivals have about matched the departures.

"There are no reliable evidence whatsoever of a decline in Soviet military strength or capability since those first withdrawals in November," he said.

He charged also that some U.S. Navy ships have specific orders not to search for the small vessels which he said constantly ply Cuban and Caribbean waters at night.

Despite U.S. surveillance designed to block the shipment from Cuba of weapons, personnel and other tools of subversion to other Latin American countries, Keating told the editors.

"None of these ships are ever searched by U.S. patrols. How can we hope to get evidence of support of subversion if we don't search them?" he asked.

Keating was the first major speaker before the 430 editors who, later in the afternoon, were to hear from the administration's top team in foreign policy.

Secretary of State Dean Rusk and Undersecretary George W. Ball and W. Averell Harriman.

The senator's top was "Relationship: The Lessons of Cuba," but his central theme was that the administration cannot expect real bipartisan support on Cuba from Congress or the public unless there is a firm policy to support "some overall long-term, consistent program to dislodge the Soviets."

Disunity also is fostered, Keating went on, when attempts are made to "discredit the motives and sincerity of every critic."

The senator contended that policy steps at the water's edge "only when the party in power shows full confidence in and proper leadership."

He said the party in power must have the confidence of the people and must have the support of the people.

Keating said that the party in power must have the confidence of the people and must have the support of the people.

QUADRUPLETS ALL HOME—The identical quadruplet daughters born March 4 to Mr. and Mrs. Phillip Axe of Lima, Ohio, are shown with their mother together at home for the first time. The last baby to leave the hospital, Rita Marie, smallest at birth now weighs 5 pounds, 5 ounces. The girls are, left to right, Julie Marie, Susan Marie, Rita Marie and Anna Marie. (AP Wirephoto)

Steel Price Increase Is In Mop-Up Stages

By ROGER LANE AP Business News Writer NEW YORK (AP)—The steel industry was in the mop-up stage today of its first successful drive for a significant price increase since 1958.

All but a comparative handful of steel firms had posted mark-ups today, averaging three percent or less, on a narrow range of big-tonnage products.

It took eight days for the initial price rise, by Wheeling Steel Corp., to spread somewhat unevenly through the industry.

There was still no direct word on their actions from President Kennedy beyond qualified recognition a week ago that some boosts probably were justifiable and a caution to steelmen against going too far.

However, the President kept in close touch throughout. He was expected to be drawn out of his views in an appearance Friday before the American Society of Newspaper Editors.

The character and handling of the pricing move—conducted markedly with an abhorrent effort a year ago for an across-the-board increase.

Car-Truck Crash Fatal To Six Men

SULPHUR SPRINGS, Tex. (AP)—Six men died today when a car carrying workers collided with a truck loaded with hot asphalt at a highway construction site in Northeast Texas.

Five victims were Negroes, the other white. A sixth Negro in the car was injured. The driver of the truck escaped harm.

The accident occurred around dawn two miles south of Mount Vernon on Texas 37 where it connects with Interstate 30, which is under construction.

The white man killed was William Harrison, 65, of Pittsburg, also in Northeast Texas.

The other fatalities, all of Pittsburg, were Johnny Pook, 37; Julius Jordan, 32; Leon Allen, 22; Larry Wilkerson, 18; and Henry Junior Johnson.

Wilkerson died in a Mount Vernon hospital after the crash. Roy Pook, 21, was injured.

The driver of the asphalt truck was C. H. Pelton of Saginaw.

Harrison was a chicken-cocking contractor. He and his crew of Negroes rounded up chickens on boiler ranches in this North Texas area.

The accident was two miles south of Mount Vernon at the intersection of Interstate 30 and a detour of Interstate 30 under construction.

The asphalt truck, property of the McElroy Transport Co. of Fort Worth, was en route to another construction job south of here on Interstate 20.

OIL FIRE ON FREEWAY — Fire from 9,000 gallons of gasoline billows skyward on a Detroit freeway after the truck's cargo burst into flames after a tire failure. The driver spotted the fire in his rear view mirror and jumped from the truck in time to escape the flames. Traffic was delayed for hours while firemen battled the blaze. (AP Wirephoto)

Panel Says Lobbyist Made Contributions

WASHINGTON (AP)—The Senate Foreign Relations Committee released testimony today that a Washington lobbyist for Philippine sugar interests purchased \$8,000 in cash contributions to candidates for both parties.

The disclosure was made at a public hearing at which Chairman J. William Fulbright, D-Ark., also produced a series of documents detailing years of lobbying activity by John A. O'Donnell in behalf of the \$73-million Philippine war damage claims bill which Congress finally enacted last year.

One document purported to show that campaign contributions to friendly candidates for Congress were made with cash checks purchased from the Union Trust Co. of Washington Dec. 12, 1960 from an \$18,000 fund supplied by O'Donnell's Philippine clients.

O'Donnell was questioned by the Senate committee in a secret session March 1. A lawyer, he is a registered agent for the Philippine Sugar Association.

Among his purported campaign contributions was one of \$2,000 to Rep. Clement J. Zablocki, D-Wis., who introduced the war damage bill in the House.

Another was one of \$1,000 to Edward J. McConroe, nephew of House Speaker John W. McCormack, D-Mass.

At that time, the younger McCormack was a candidate for Massachusetts' attorney general.

He was a candidate for the Department of Education for the Senate.

Another was one of \$1,000 to Rep. George E. Brown, D-Calif., who introduced the bill.

Fronzizi Advisers Charged With Plot

By ROMAN JIMENEZ BYENOS AIRES (AP)—The Interior Ministry announced today seven close advisers of deposed President Arturo Fronzizi have been accused on charges of plotting a Communist revolution in Argentina.

It said eight other men are being sought.

Fronzizi is a sociopolitical prisoner in the San Martin Argentine mountain resort of Bariloche. He was overthrown March 28, 1962 by military leaders who blamed him for election victories posted by followers of ex-president Juan D. Peron.

Army patrols appeared suddenly on the streets of Buenos Aires overnight, bringing new fears of another military crisis. There have been three major military uprisings in the last 14 months.

No explanation was given for the military patrols.

An Interior Ministry communiqué said the seven arrested and the eight being sought were members of a group known as the "Frondizistas." This is a reference to Rogelio Frigerio, who was considered the power behind Fronzizi during his last months in office.

Frigerio is reported living in neighboring Uruguay.

The arrests were carried out at WEATHER

Registration Bill Cleared

AUSTIN (AP)—The House State Affairs Committee approved today a bill to require voter registration in Texas.

The committee approved a Senate-passed measure setting up an annual registration and providing a 25-cent fee for voting.

A permanent voter registration bill, with no fee, has been approved by the House Elections Committee and is scheduled for floor debate Monday.

Rep. Don Bell of Sherman, House sponsor of the Senate bill, said the bill is scheduled for floor debate Monday.

He said the bill is scheduled for floor debate Monday.

The bill is scheduled for floor debate Monday.

Turbulence Swirls Into Oklahoma

By The Associated Press TULSA (AP)—A violent weather system crossed part of Northwest Texas during the night and several counties adjoining the southwest corner of Oklahoma were under a severe thunderstorm alert for a time.

Early Thursday another special forecast warned of more violent weather in the area.

The advisory said these storms might grow into tornadoes by the time they reached Kansas.

Wind peaked at 40 mph at ground at Wichita Falls as a sudden storm struck about night Wednesday. Some of the heaviest rain in the area was reported there.

There was damage to trees, roofs and windows at Wichita Falls.

The subsequent forecast of severe thunderstorms in force until 1 a. m. covered an area including Wichita Falls, Vernon, Quanah, Paducah, Childress, Wellington, Shamrock and Wheeler.

Gusty winds flamed much of the state Wednesday, starting about midnight at El Paso and Wink in far West Texas.

Senate Attention Is Turned To Local, Uncontested Bills

By JERRY PILLARD AUSTIN (AP)—State Senators agreed today to take care of local problems today before deciding whether Texas may advertise for tourists.

The Senate set a special calendar for 9 a. m. to consider a long list of "local and uncontested" bills.

Wednesday the House gave final approval and sent to the Senate about 50 such bills.

Senators began debate on a tourist proposal Wednesday but adjourned before taking a vote.

The House passed bill would set up a Texas Tourist Development Agency with a six-member advisory board and administrator appointed by the governor.

Sen. Andy Rogers of Childress spoke against the bill, as he has against several previous recommendations of Gov. John Connally.

Pearson Ready To Take Oath Monday

OTTAWA (AP)—Liberal Leader Lester B. Pearson said today he will take the oath of office Monday.

However, Social Credit Leader Robert N. Thompson said his party will support Pearson as premier.

Thompson said his party will support Pearson as premier.

Pearson said he hopes to meet with President Kennedy late this month or early in May.

Pearson said he hopes to meet with President Kennedy late this month or early in May.

GOP Solon Coming Here

By The Associated Press DENVER (AP)—Sen. Frank J. Lausche, R-Ohio, is expected to arrive in Snyder Friday evening.

Lausche will address a group of conservatives at the Snyder County Club at 8 p. m. His talk will be preceded by a dinner at 7 o'clock.

Local Republicans, however, emphasized that attendance at the dinner was not necessary in order to hear Rep. Morgan, nor is it necessary to be a Republican.

All persons interested in conservative philosophy are invited to hear the speaker.
