City Accepts New Park Site At Lake

City Council here voted unanimous approval of a resolution from Parks & Recreation Board here that the proposed new site for the city park at Lake Colorado City be accepted.

New site is on the west shore of the lake south and west across the water from the present park. The acres chosen for moving of Lake Colorado City Park were offered by Texas Electric Service Co. Move will become necessary when construction of the \$30 million addition to Morgan Creek Power Plant begins in September.

Inspection of the proposed new site accepted Monday by City Council was inspected by Mayorberry Wilbanks, Chairman of the Parks & Recreation Board.

Resolution of the board to the council that the new park site be accepted and approved also advised that a complete work plan be drafted before the move for present park site facilities and trees be attempted.

Mrs. Lena Porter made the motion for acceptance of the resolution with Martin Weaver, mayor pro-tem, seconding the motion. Members of the council inspected the site on an earlier date with Don Benson, Texas Electric manager, as host and guide.

Council voted unanimously to accept the resolution. Appointment of Mrs. Bob Reilly as new member of the Parks & Recreation Board was also approved.

Signed by Roy Warren, 1241 Hickory St. and by 33

other citizens, an anti-litter petition was presented to City Council.

Petition formally requested an ordinance prohibiting the throwing of paper cups, paper napkins, cans and other litter in the vicinity of two popular local drive-in sandwich and refreshment stands.

Both stands, favorite stopping places of Colorado City young people, are located at corners of Hickory St. between 12th and 13th Sts.

City Manager Ford Merritt told council members that he and the Colorado City Chief of Police Leon Yeager had visited managers of both drive-ins after the petition was filed. Managers of both drive-ins named in the petition offered to take steps to stage their own anti-litter campaigns and to help prevent further complaints from citizens with homes in the area, Merritt said.

Present city ordinances, already on city statutes, cover the litter offense, Merritt told the Council.

"Then we'll leave the matter up to you and to Chief Yeager," Dr. John Chinn, mayor, said.

In one of the fastest business sessions in their recent history, member of the council took care of all city business in little more than half an hour at their June session this week.

Council accepted low bids for two new police cars. Jay Adams Chevrolet Co. was low bidder with \$2,150 with trade-ins.

Bid of Lydick Hooks Roofing Co. with a bid of \$1,200 won the contract for putting a new roof on Colorado City Recreation Center building.

Council also approved a new clause added to the deed for the 40 acres recently purchased from the city by Colorado City Industrial Team, Inc. The team bought the 40-acre tract for use as an industrial site to attract new industries and business firms to Colorado City.

New clause states that the

WESTERN RIDING CLUB

C-City Rodeo Dates Set For July 9-11

Dates for their second annual Colorado City Amateur Rodeo have been announced by the Western Riding Club here for July 9, 10, 11.

A first for the show will be a gate prize—a Shetland pony to be given away to the holder of a lucky gate ticket. That pony will be awarded to the holder of the winning ticket stub the third and last night of the three-night western show.

Special attractions for the evening performances will be thrills and spills of bareback riding contests, saddle bronc riding, bulldozing and bull riding.

An added highlight this season will be barrel races for cowgirls, an event which is expected to attract entries from a wide area.

Mitchell County calf roping will vie for a shop-made saddle. The saddle is already on

display in Smith, Gunn & Bissham Barber Shop.

Stock of the lively variety will be furnished for the rodeo by Lawrence Kline of Henrietta.

Western Riding Club arena, Highway 80 business route, west, will again be the scene of the Thursday, Friday and Saturday events July 9-11.

Plans for an opening day downtown parade are in the tentative stage.

Western Riding Club, an organization of Colorado City and Mitchell County riding and roping fans, will also sponsor their Junior Rodeo this summer with dates to be in August. Junior Rodeo last year attracted more than 140 contestants.

Second Annual Amateur Rodeo Western Riders plan as a major summer event planned to draw entries from West Texas, Oklahoma and New Mexico.

Three Alarms Call Fire Fighters To Local Scene

Explosion Adds Danger

Three separate alarms for the same stubborn fire called out Colorado City fire fighting equipment and the Volunteer Fire Department Monday morning, afternoon, and evening.

Scene of the hot workout was a blazing lumber yard office building and adjacent buildings being used for storage.

Fire of undetermined origin almost completely destroyed the building and properties being stored there. Site of the triple-threat blaze is a location north of town on the Snyder Highway.

Explosion of some highly inflammable substance also stored at the site added to fire-fighting hazards during the first go-round of the three-day spectacle.

Charles Root, owner of the lumber yard buildings, said that they were "about a two-third loss." Insurance coverage, he said, would be "about 50 percent."

Root estimated his loss from the fire at "about \$10,000." An additional \$1,000 worth of old hospital equipment which had been replaced in Root Memorial Hospital here was also lost.

Les Fuller, Colorado City business man, suffered the highest financial loss of property he had stored at the old lumber yard building site. Fuller's losses were estimated by Root at "about \$18,000." About half of that evaluation was covered by insurance, Root said.

Fuller, former operator of a truck air-conditioning factory and installation service here, had stored metal tools and air-conditioner parts from the company which has suspended operations.

Also stored by Fuller at the site were several drums of diesel oil and methyl alcohol.

Vigil Eaton, Fire Marshal here, attributed the explosion Monday morning the diesel oil stored with intense heat from the blaze.

First alarm was turned in by Dennis Walding who operates an Enco service station just south of the Root building which once housed Allied Lumber Supply Co. Walding reported the fire to the Fire Department and City Police station at 11:24 a. m. An explosion mushroomed high in the air shortly after firemen started fighting the blaze.

Firemen left the fire, apparently extinguished, at 3:18 p. m. At 4:45 p. m. J. A. Sader Jr., city building inspector, turned in the second alarm.

Second alarm kept firemen busy at the burning storage building and site until 6:15 p. m.

At 6:58 p. m. Colorado City Chief of Police turned in the third alarm. Firemen fought

Building Goes to Blazes After Explosion

This building on Snyder Highway, on the edge of Colorado City, went to blazes Monday when fuel stored exploded while Volunteer Firemen and Colorado City fire fighting equipment were working to extinguish flames. Building, owned by Charles Root, was formerly occupied by a lumber yard. More recently, it was being used as a warehouse for storing air-conditioner parts, hospital furniture and drilling mud. Firemen answered three alarms at the site.

A Look at Nuclear Displays

Colorado City High School science teacher Bo Merket, right, explains to John Triller, student, some of the items displayed at the Texas Nuclear Science Symposium held this week at the University of Texas. The two were guests of Texas Electric Service Company at the four-day meeting jointly sponsored by the University and the Texas Atomic Energy Research Foundation, composed of 10 electric power companies operating in Texas.

See City Park page 2

Plane Rides for Sale At C-City Airport

Licensed pilots will again have plane rides for sale at Colorado City Municipal airport Saturday and Sunday from 4 p. m. until dark.

Money made will be used to pay expenses for the Fly-in Day celebration planned for July Fourth here.

Short rides are \$1.50 per person, longer cruises, \$3 per passenger. The "See C-City by Air" project will continue through every weekend in June, said Paul B. Hunter and Dr. Berkman, co-chairman of Fly-in planning.

Non-English Class Has 18 Small Pupils

Eighteen little first-grade pupils-to-be are enrolled in the special English training class for non-English speaking children.

Classes are part of Colorado Public Schools program of preparation and orientation each summer.

Mrs. Ace McShan is teacher for the vocabulary training in English. The class meets each Monday through Friday in south wing of primary building from 8:30 a. m. until 11:30 a. m.

Parents are responsible for transporting their children to and from the special school. Enrollment is still open, said Frank W. Wilson, superintendent of schools, Thursday.

Non-English speaking class project is designed to help small speakers of Spanish become more familiar with English, language of their future textbooks in Colorado Independent Schools.

SCHOOL BOARD LIST

Junior High Paint Job On School Repair List

Junior High School is to get a new coat of paint between now and the fall term return to classes.

Painting of Junior High School building's exterior walls is one of the top items. School Board expects to advertise for bids for the project and to let the contract for the painting job to the low bidder.

Another major improvement approved by board members was the replacement of the cyclorama in Colorado City High School auditorium. (The cyclorama is the background curtain for the auditorium's stage.)

Wolf Stadium is due for a fresh paint job this summer. Bleachers and seats will be replaced. School labor will be used to accomplish that project.

June meeting of the board, Monday evening, also approved contracts for two teachers. Contract of Donnie Benjamin, 7th grade coach and social studies teacher, was approved. Mrs. Alfred (Ruby) Hender-

Junior High Paint Job On School Repair List

son was elected to teach middle-grade subjects at Wallace School.

Resignations were accepted from Mrs. Austin McCloud, 3rd grade teacher at Primary building; from Mrs. Frank W. Wilson, librarian at Junior High School; and Mrs. Billie Walker, 4th grade teacher at Hutchinson School.

Mrs. Walker has accepted a teaching position in Silver Peak School, community of her home, Mrs. McCloud, wife of the district judge and Mrs. Wilson, wife of the school superintendent, will devote next term to homemaking, Wilson said.

School business included approval of outstanding bills and a review of the school insurance program for the purpose of possible future saving.

Board approved sale of a used school bus to Central Baptist Church for the sum of \$225; the sale of a 1950 flatbed

187 Demos, 60 G. O. P.'s

County Vote Light In Second Primary

Only 187 Democrats voted in the Second Primary Election in Mitchell County Saturday, June 6, when Texas Democrats nominated Joe Pool, incumbent, as the party's candidate for re-election as Congressman-at-large.

Mitchell County Democrats gave Pool, of Dallas, a total of 123 votes. Consolidated boxes for Second Primary, with no county or district runoff races, were in Lorraine, Westbrook, and Colorado City.

Sixty members of the Republican Party in Mitchell County voted at their county-wide poll at City Hall here.

Mitchell Republicans favored Jack Cox, defeated candidate, over George Bush, Texas Republican nominated as Re-

Enrollment is 36

Summer classes for Colorado High School students, now in progress, now have a total enrollment of 36.

English classes have enrolled a total of 18 students and social studies have semester of other 18 for first semester of the summer session.

Driver Education At School

Driver Education class work has been completed by a total of 70 Colorado High School students.

Behind the wheel phase of the training is now in progress for the 70 students with Jimmy Cawthron, as driving instructor.

Class instruction was completed under direction of Cawthron and Milton Bordin, in May. Thirty hours of study were completed by Driver Education enrollees before and after regular classes, school days.

Each student is required to have six hours at the wheel and driving a car as student driver. At the wheel training will go on six days each week until the 70 students have completed their actual driving required practice.

Cawthron is instructing the budding drivers in the order of their date of birth, with older students trained first. Each student-driver will drive one hour on alternate days. Students who complete the Driver Education course will earn one-half credit.

NEW INDUSTRY

Hy-Lay Hatchery, Inc. Installing Equipment

Equipment is being moved into the Hy-Lay Hatcheries Inc. building under lease in the south part of Colorado City.

Enlargement of the concrete block building, owned by Root Enterprises, to a plant 30 by 100 feet with a 3,000 square foot floor space has been completed.

Plant capacity will be 11 incubators of 10,000 egg capacity each. Chicks to be hatched by Hy-Lay in the Colorado City hatchery will be sold throughout the country as "caged egg" producers.

The plant, to employ three full-time employees, will be shipping chicks in an area bounded by El Paso, Wichita Falls, Lubbock, Amarillo.

Headquarters for the company are located at Bryan. Other branch hatcheries are operated by Hy-Lay, Inc. at Littlefield, at Clyde, at Wylie and at Naples.

Hy-Lay was brought to Colorado City as result of Colorado City Industrial Team, Inc. nonprofit corporation which has a goal attracting new industries and business to Colorado City. Charles C. Thompson and Charles Root are co-chairmen.

Operation of Hy-Lay here, first set for "about June 1, is expected to begin when equipment has been installed.

Formal opening with the public as guests has been tentatively set for the week of July 1.

Location of the national hatchery-branch plant here is just across the Colorado River bridge, Highway 163, south of the river, at the left.

Four Girl Scouts To Attend Camp

On Tuesday afternoon at 2 o'clock, four Colorado City Girl Scouts will be among the first campers to check in at Camp Boothe Oaks, established by the West Texas Girl Scout Council, for the twelfth season of camping.

Scouts are Kathleen Chinn, Vivian Pender, Brenda Robertson and Leah Spiller. Miss Fane Downs, District Adviser in the West Texas Council, will again be Camp Director.

The land for Camp Boothe Oaks was purchased in 1952; the camp, all of its buildings and fixtures were purchased from the profits of the annual Girl Scout Cookie Sale, held for a week each year since 1952 in the West Texas Council. The camp is located eight miles southwest of Sweetwater in Nolan County, and there are facilities in permanent units for 80 campers each session.

Session I will last 12 days beginning on June 9 and ending on June 20. Other sessions in 1964 are Session II, June 21-27, Session III, June 30-July 11, Session IV, July 12-18, and Session V, July 19-25.

During the course of the

five sessions this year, there will be a total of approximately 420 Girl Scout campers at Boothe Oaks.

An additional attraction of the first session this year is the Pioneer Unit for advanced campers. Pioneers must have completed the eighth grade in school and have had at least two years' experience as established campers. These Girl Scouts do not live in an established unit; they select their own campsite, clear it, and set up an entire primitive unit. The Pioneers live in their unit and cook all their own meals during the twelve days of their camp.

Miss Rebecca Morrow of Lamesa will be Unit Leader of the Pioneer Unit this year, and Miss Georgia King of Sweetwater will be the Assistant Unit Leader.

Leaders of the four established units during Session I are Mrs. Jack Dumphy of Big Spring, Miss Burnell Hargrove of Rotan, Miss Jan Baethe of Baytown, and Miss Alma Agee of Lamesa.

Assistant Unit Leaders are: Misses Judy Sticher, Diane Hitchcock, Mary Lou Smith,

Helen McGinty, Gayle Dorniny, Carol Houston, and Candy McCracken of Abilene, and Miss Carolyn Critz of Sweetwater.

The waterfront staff are Miss Elaine Cross of Abilene, Waterfront Director; and Mrs. Wayne Raines of Roscoe, Assistant Waterfront Director. Mrs. A. M. Nelson of Winnetka is dietitian and cook; Mrs. Ruth Ware of San Angelo is a cook; and Miss Jorja Hooker of Abilene is the kitchen helper.

Mrs. Frank Neely of Abilene is Business Manager, and Mrs. George Hughes of Abilene is camp First Aider.

David Redwine of Snyder is the camp Handyboy for the 1964 season.

City Park - Continued from page 1

city will continue to receive lease money from Frontier Electronics on 265 acres of the 40-acre tract. Frontier leases the land for their TV cable operations.

Industrial Team Inc. pays the city \$4,000 for the industrial site located on Interstate 20, north and west of town.

SEARS PROGRAM

Don Goss Winner Of Swine Contest

Mitchell County Agent Bud Logsdon announced Tuesday that Don Goss, 15 year old Colorado High School Junior, was the 1963-64 winner of the Sears Swine Management Contest for Mitchell County.

Sear's Swine program in Mitchell County was judged by Herb Helvig, Howard County agent and Ken Harrod, Howard County Assistant agent. Judges consider the overall management of the boy's program, evidence of effort, facilities and sanitation and number of pigs weaned.

Don is the son of Mr. and Mrs. Tom Jay Goss II of Colorado City and the older brother of John Goss, last year's winner.

Second place winner was Woody Anderson, son of Mr. and Mrs. Warren Anderson of Route 3, Colorado City. Third place winner is Calvin Grant,

son of Mr. and Mrs. Irving Grant of Route 1, Colorado City. Prizes are \$12, \$8, and \$5 for 1st, 2nd and 3rd place.

Logsdon also announced that gilts had been given to five boys who will be competing in the Sears Management contest for next year. They are: Jim Goss, Allen and Lindley Smith, David Helm and Lynn Northcutt. All five of gilts will compete in the Sears show in Colorado City in September and the winner will go to Sweetwater to enter the area contest.

The Sear's boat, given to Don Goss this year, will compete in the area show at Sweetwater in September, also.

Fire Alarm - Continued from page 1

the recurrent flames for a third time. Fire Marshal Eaton, said

that fire under the floor continued to spread and break out because of drilling mud stored on the premises by Dick Dergory Jr.

Gregory estimated his fire loss at approximately \$500. He carried no insurance on the property he had stored there.

First fire alarm of the day, Monday, was at 8:25 a. m. when firemen were called out to help extinguish a burning pickup at 12th and Walnut Sts.

School Repair - Continued from page 1

truck to Market Brothers for \$250; and the purchase of a 1955 flatbed truck for \$239.

Bond for the school tax assessor-collector, Nick Farrar, was re-approved at the figure of \$50,000.

Rainbow Worthy Advisor Is Miss Dana Deregibus

W. Worthy Advisor of Colorado City Assembly 174, is Dana Deregibus, daughter of Mr. and Mrs. Deregibus, 970 East...

Godwin, who spoke the invocation. Miss Merket gave a speech of appreciation for her term in office and a tribute to Miss Deregibus. Installing officers were presented by Mrs. Stanley Merket, acting Mother Advisor. They were Miss Godwin, installing officer; Miss Smith, marshal; Miss Merket, chaplain; Mrs. Nobles, musician; Miss Anderson, recorder. Mrs. Merket and the installing officers wore corsages of red carnations, gifts of the Worthy Advisor. Other officers who will serve with Miss Deregibus are...

DON REDWINE
A&M graduate

BS Degree From A&M For Redwine

David Redwine received a Bachelor of Science Degree in Agricultural Education from Texas A&M University in recent commencement exercises at College Station. He was named to the Distinguished Student honor roll for the last semester at A&M. Qualifying for this honor requires a scholastic grade point ratio of 2.25, with 3.00 comparing all A's. Redwine plans to teach sciences or enter military service. Members of the graduate's family attending the exercises were his parents, Mr. and Mrs. W. H. Redwine, Mr. and Mrs. Morris Hammond, and Mr. and Mrs. Don Redwine.

Carol Copper, Worthy Associate Advisor; Joyce Godwin, Charity; Joyce Allen, Hope; Carol Ginzel, Faith; Janice Edison, chaplain; Debbie Baker, drill leader; Miss Anderson, recorder; Arla Jo Payne treasurer. Color stations are Patricia Allen, love; Cathy Dibble, religion; Kay Morrison, nature; Reggie Long, immortality; Kathy Standefer, fidelity; Cheryl May, patriotism; Melaine Erwin, service. Confidential observer is Beth Wallace, with Wilma Currie as outer observer, Delza Kay Moore is musician, and Brenda Graham is choir director. Members of the choir are Peggy Guita, Janet McMullen, Jill Richards, Bobbie Bedford, Dana Craddock, Candy Currie, Suzane Kirschbaum, Jennifer Holbert, Jean Looney, Mary Jane Wood. Each officer carried a long stemmed carnation, alternating red and white. Miss Merket presented the traditional arm bouquet of rainbow hued carnations from the assembly to Miss Deregibus, who then introduced her parents and brother. She gave her mother a corsage and her father and brother each a boutonniere. Her father presented her with a gavel as symbol of her office. Dr. Elton Berkman gave an address on the theme, Love. Mrs. J. C. Garrett sang "Love Makes the World Go Round" accompanied by Mrs. Nobles. Presentation of Merit Awards was made by Charles Godwin. Girls receiving awards were Misses Currie, Cooper, Dibble, Moore, Ginzel, Erwin, McMullen, Baker and Anderson. Perfect attendance pins were presented. Miss Merket received a Rainbow Bible from Mrs. Merket, in behalf of the assembly. Benediction was given by Godwin. Refreshments were served from a table covered with a red cloth overlaid with an overskirt of white net. Crystal punch bowl and a white cake decorated with red roses. Presiding at the refreshment table were Miss Sharon Nuekolls and Miss Merket. Guests were registered by Miss Nuekolls.

WORTHY ADVISOR OF RAINBOW
Miss Dana Deregibus

KENTUCKY'S MAMMOUTH CAVE

Ministerial Student Nat'l Park Worker

Barton Smith, ministerial student at Perkins School of Theology at Southern Methodist University, is an employee at Mammoth Cave National Park in Kentucky this summer. He is sponsored by the National Council of Churches and works under the direction of the National Park Service. During the week Smith performs the duties assigned to him as a park service employee, working mostly in the cave itself. On Sundays he is in charge of all the religious services conducted for tourists in the park. Residence quarters are provided within the park area for employees. This is Smith's fifth year of summer work away from his home town since he graduated from Colorado High School in 1958. Immediately following graduation he worked his second summer as senior life guard at the municipal pool in Ruddick Park. The next summer he worked in the yard at Col-Tex refinery here while he was on vacation from McMurry College in Abilene. The young ministerial student has worked as a youth director in the First Methodist Church in Spur (1960), and as a life fighter for the National Forest Service in the Rocky Mountains of Montana (1961). In the summer of 1962, following his graduation from McMurry, he was an elevator operator for congressmen in the capitol building in Washington, D. C., and an office worker for Congressman George Minton. Last summer Smith was an employee of the national park at Mesa Verde, Colorado, home of the Hopi Indians. Smith has followed the athletic love of his high school days — basketball — through his college life playing on church teams while a student at McMurry and Perkins. He received a Bachelor of Arts degree in history from McMurry in 1962 and will return to Perkins for his senior year of studies in September. He is the son of Mr. and Mrs. Arnel Smith of 805 East Fifth.

Local Student Leaves For Yellowstone

Roberta Craddock, daughter of Mr. and Mrs. Jay Craddock, left by bus Sunday for Yellowstone National Park where she will work during the summer months. Miss Craddock will be employed in the employees' cafeteria at the Lake Hotel near Fishing Bridge. She was to report for work Tuesday, June 9, and will complete her employment September 7. While working in the national park, the nineteen-year-old college student will have an opportunity to meet some 1300 other college students, also employed in the park. Dormitories are provided for all students, who receive a salary plus room and board. Staggered shifts amounting to a 48-hour week are worked by all summer employees. Miss Craddock will return to Southwestern University at Georgetown on September 10, where she will begin her sophomore year of study.

Daughter Born To Wm. Drakes

Filibuster's End Is Best for Nation

The U.S. Senate action Wednesday calling a halt to the 75-day-old filibuster against the civil rights bill is in the interest of representative democracy.

No matter what a person's thinking may be concerning civil rights legislation, there is no denying the fact that the opposition has had ample time to state its case and delay voting on the measure. Now, with approximately 500 amendments already offered for the bill, the Senate can go ahead and decide what it believes is in the best interests for our nation.

There are those who will denounce the Senate vote that cut off debate and enforced the rule of cloture. They, no doubt, will attempt to mislead the public into believing that cloture stifles free expression and the rightful representation.

But the truth is just the opposite, as the 72 to 29 vote ending the filibuster plainly reveals.

The filibuster long ago extended beyond the point of healthy opposition.

It had become a glaring example of a minority opposition opposing the will of the Senate majority against any constructive action in a critical field of human rights.

By its action the filibuster blocked the senate from even expressing whether it was for or against the bill.

The 71-29 vote for cloture was bipartisan. Forty-four Democrats and 27 Republicans voiced their "ayes" for ending the filibuster. Only 23 Democrats — mostly the Southern bloc — and 6 Republicans opposed.

There is no denying the fact that every voice should be heard before civil rights legislation is finally passed. And this opportunity has been provided, first in the House with a heavy majority approving the civil rights bill, and now in the Senate after more than 3 months of debating and hundreds of amendments.

Neither is there denying that the rights of individuals and minorities are still withheld and trampled upon throughout our nation in a manner contradictory to our constitutional rights.

Because of this continued denying of the individual rights, it is imperative that a sound and just civil rights bill be enacted.

STATE CAPITAL HIGHLIGHTS

National Platform May Tax Democrats' Harmony

BY VERN SAFFORD
Texas Press Association
State Democratic party leaders here have completed advance preparations for a June 16 Texas party convention which could turn into a donnybrook or off smooth as silk.

Action will take place at Houston's big coliseum and swank Shamrock Hilton Hotel, convention headquarters. Delegates and alternate delegates who will cast the 2,834 authorized votes (some counties are sending up to 15 times their authorized strength) will be quartered in 27 hotels scattered all over Houston.

Big job is selecting delegates to the August national presidential nominating convention in Atlantic City and picking Texas national Democratic committee representatives.

The question is whether the convention will go on record as favoring the as-yet-unwritten national Democratic platform.

Gov. John Connally, who claims a two-thirds to three-fourths margin of control, prefers that delegates remain silent on the national program, until it is adopted. He wants to write his own state

party platform at the September state convention along moderate to conservative lines.

Sen. Ralph Yarborough and State AFL-CIO President Hank Brown say the convention not only should pledge its support to President Johnson (there is no argument about that) but to his program as well.

Some 26 per cent of the convention's seats are in contest.

Austin Attorney Will D. Davis, chairman of a State Democratic Executive Committee sub-panel on credentials, has instructed heads of 14 rival delegations from seven counties to send him advance written briefings on their positions.

Hearings will begin Monday (June 15) at 9 a. m. in the Shamrock. Recommendations of Davis' group will be passed along to the full SDEC, which will decide in an 8:30 a. m. Tuesday (June 16) session which delegations will be seated. The convention opens at 10 a. m.

Rival fund-raising events are scheduled Monday (June 15). The pro-Connally SDEC will stage a \$10-a-plate dinner to finance the convention. Yarborough's Gulf Coast friends have scheduled an appreciation dinner for the senior senator at the same time.

If President Johnson has any preference about how things should go, he apparently kept silent on them during his recent trip to Texas. Aides maintained to the end of the visit he did not discuss politics with his old friend Governor Connally, Senator Yarborough or anybody else.

REDISTRICTING — Texas Legislative Council Study committee has set three hearings to gather firsthand advice from the homefolks on how to form 23 Texas congressional districts of equal population. Dates are July 9, July 10 and July 17.

They will be held in Fort Worth, Dallas and Houston. Others apparently will follow.

Legislators, political party spokesmen and the general public from counties where the meeting will be held and surrounding counties are invited to attend the sessions and give their views on how best to comply with federal court redistricting orders, said Committee Chairman Sen. George Moffett of Chillicothe.

Atty. Gen. Waggoner Carr warned the committee that the 1965 Legislature must solve the congressional redistricting question. Carr said, "The more you base it on any other considerations, the greater risk you run of having to go through the same thing again in the courts."

LOAN REGULATIONS — Small loan company advertisements of such terms as lowest costs, "quickest service" and "easy payments" is "misleading" under new state regulations. All advertising

claims by lenders are subject to the test of absolute accuracy.

Regulations were adopted after public hearings here and go into effect on July 1. Regulatory Loan Commissioner Frank A. Miskell has announced.

Miskell lists other regulations as: No strong arm collection practices permitted. Companies must keep detailed records showing all charges on loans. Borrowers must be furnished copies of insurance policies purchased in connection with loans.

Money collected in premiums must be turned over to the insurance companies promptly.

COURTS SPEAK — State Supreme Court in a Sweetwater case said cities, by ordinance, can establish compulsory retirement ages for policemen.

The high court also held oil field truckers don't have to haul pipe at lower rates set by the Railroad Commission in 1962 until a court attack on the rates finally is settled.

Set arguments for July 8 on Dallas County Flood Control District's suit to keep the city of Irving from annexing district lands and on appeal of Dr. Daniel William Scott Jr. of Houston from revocation of his license by State Board of Medical Examiners order.

Court of Criminal Appeals was urged to reverse the murder conviction and death sentence of Carl Junior Hackstorn, 19, for slaying Mrs. Bobbie Jewel Nuttycombe, 18, of Dallas.

That court also was called on to order a \$100,000 bond reduced to \$10,000 on Samuel Spivey, another 19-year-old charged with robbery by firearms in a bizarre Houston robbery-torture case.

The attorney general's office asked federal court to dismiss state appeal of an interstate commerce commission.

SENATOR'S REPORT

Anti-Poverty Bill Is Hopeful Start

BY S. S. SENATOR RALPH YARBOROUGH
The Anti-Poverty Bill, one of the major priorities facing the House and the Senate, has been ordered reported out favorably by the House Education and Labor Committee.

I am a member of a special Senate Committee working on this bill and support it as a co-sponsor.

As presently planned, the poverty bill calls for a Federal Job Corps for young men and women between 16 and 21. It would establish residential centers for voluntary enrollment to provide these youths with education, vocational training and other useful work experience.

In most cases, high school graduates would not be allowed to join. This job corps is intended to help young people with less than high school training. About 40,000 enrollees would be sought during the first year to be divided between 200 small conservation camps and about 20 residential training centers.

Another part of the bill calls for work-training programs for young men and women 16 to 21. The Federal government would cooperate with state and local agencies and private, non-profit organizations to develop work-training programs.

Still another part of the bill would establish work

study programs to provide part-time jobs of less than 15 hours a week for students from low income families, to help them to go to college.

This is not primarily an education bill. It is not primarily a farm bill. It is not primarily a conservation bill. But it does some of all of these. Its main purpose is to help poor young people help themselves, not just temporarily but permanently.

It has been estimated that 26 million Americans live on incomes so low that they would be classified as living in poverty. Obviously no Federal program can ever eliminate all the causes of poverty. But I believe that a bill of this kind can help rescue some of the young people from the economic damage that is done by lack of training and education.

The bill has other provisions for helping local communities develop their own anti-poverty program, for helping in adult education programs, for helping low-income farm families obtain loans, for helping migrant farm workers through state and local agencies and farm organizations.

This bill will help tens of thousands, not the millions needed now, but it is a start. And from this start we hope for great growth and a productive future for millions not now making their contribution to our society.

TEXAS AGRICULTURE

Market Route Is Value For Foods

BY JOHN C. WHITE
Agriculture Commissioner

FARM TO MARKET
You can't go whizzing around the country side with a shopping cart to buy the food you need for your family.

With few exceptions, you must depend on that food being funneled from farms throughout the country to retail outlets in your area.

That funneling process, which includes every step that takes products through until they are produced in your neighborhood store, is known as our marketing system.

The Texas Department of Agriculture works constantly to develop and promote efficient marketing methods which will not only help reduce retail costs, but also increase the habitually narrow profit margin of the farmer.

At present, twice as much money is spent on marketing food and other farm products after they leave the farm than is spent in producing that food — and twice as many people are employed as "marketers" than as farmers.

Take the carrots you buy today in polyethylene bags. Not too many years ago, you bought carrots in bunches with the tops on and when you got home you usually wrenched off the tops and threw them away. But the consumer paid for transporting those tops from where ever the carrots were grown to your store.

With the carrots bagged, not only are transportation and handling costs reduced,

but the bags reduce loss of moisture and the carrots remain in better condition during transit, in the store, and in your home refrigerator.

The most effective and least costly system for each different packaged product you use is constantly under study. And this study results in a better product for you at a better price. A new insect-proof, multi-layer paper bag is being developed which fights off insect infestation long before the consumer ever sees the product.

Instruments and machines are also used to protect you from internal defects in products. Some of these instruments "see" through the food and sort it automatically without damage to the food.

You are probably not overly concerned with the way food products are loaded on a truck or freight car, so long as they get to you in good condition. On the loading patterns can be important to you. When more efficient loading methods are used, a truck or freight car can carry more in the same space and transportation costs are held down.

It has been estimated that the produce from one out of every five acres growing fruits and vegetables is lost through waste and spoilage after harvest. To reduce this tremendous waste and to insure better quality in the food products which do reach you, the Texas Department of Agriculture will continue to seek new and more successful means of food handling and preservation.

IT NEVER FAILS

Put And Take - For Auto Insurance

America's young men (who are better drivers than many have realized) may be paying less for automobile insurance in the future years.

But, whether in your own case, your premiums are less or more, you can thank, or blame, the electronic brain — as may be appropriate.

The computers have proved to the satisfaction of the National Bureau of Casualty Underwriters and the National Automobile Underwriters Association in the course of a major, nationwide overhaul of driver classification:

1. that young men do, "settle down" when they marry,
2. that girls do, too,
3. that high school driver education pays off,
4. that the most claim-free drivers in the U.S. (and no snide remarks, please) are women from 30 through 64 who live alone or are the sole operators in a household.

The purpose of the two rating agencies in developing the new system (which has just been filed with state insurance authorities for approval, effective January 1), is to achieve a fairer distribution of insurance costs. Thus, groups that cost the most in claims would pay the most in premiums.

The tremendous mass of driver experience data that had to be evaluated in order to accomplish these reforms is so incomprehensible that the job would never have been completed were it not for the electronic computer.

Under the new system, young male drivers may be rated by exact ages, not grouped as "under 25 years," but bachelor car-owners from 25 through 29 would be designated "youthful operators."

The best risk among "under 25" males, says the computer, is the married 24-year-old who would be paying only ten per cent more than the adult male, instead of nearly twice as much as at present.

The poorest risk of all categories is the youth of 17 or under who is the owner or principal operator of a car and has had no recognized driver training. But the computer shows his driving improves as he grows older, so he would reap the benefit of this maturity year by year in premium reductions.

Insurance people are confident the new system would save money for those who have been paying more than they should, and produce adequate revenues from those classes whose claims have tended to outrun premiums.

We should soon see whether the electronic brain knows best.

ACCENT ON HEALTH

Good Sense Is Best For Summer

BY J. E. PEAVY, M. D.
Commissioner of Health
Officially, summer doesn't arrive until the later part of June, but you couldn't tell it by the weather.

Hot weather is here for the summer, but if you follow a few simple health rules your summer can be a bit more bearable.

First of all, avoid heavy, fat-loaded meals. They are difficult to digest during hot weather. Emphasize fruit and vegetables on your summer menu rather than protein foods—eggs, fish and meat—which your body needs for fuel during winter months.

Perspiration helps cool the body, but at the same time it drains the body of vital fluids. Drink plenty of water or other liquids. Fruit juices are a pleasant way to make up the loss. But don't gulp down large amount of ice water when you are overheated.

The body also loses salt through perspiration. Replace your salt loss at meals,

or if your work or exercise causes you to sweat profusely, take salt tablets—about one every half hour with a glass of water.

Parents' can place extra salt in children's diet with salted nuts or crackers plus a little added salt during meals.

Your clothing plays an important role in keeping cool. Loose, light clothing is highly recommended for summertime wear. Normal body temperatures are dependent on the evaporation of sweat.

Avoid wearing clothes that inhibit evaporation. Also remember that white or light colors are cooler than dark ones, since they do not absorb hot sun rays so readily.

Exercise is an essential part of a well-rounded, healthy life, but it can easily be overdone in the summer. Use common sense and start gradually if you are initiating a summer exercise program. Also, confine any long periods of hard yard work or

Officers Installed Sunday For WSCS

By MRS. W. A. BELL, Record Correspondent

WESTBROOK — The Woman's Society of Christian Service of Methodist Church met Monday afternoon with Mrs. John Hawkins in charge of the pledge service.

Mrs. J. L. Rees, past president, completed the study on India.

Sunday morning the Rev. C. T. Jackson, pastor, installed officers of WSCS for the new year as follows: Mrs. Price Hendrix, president; Mrs. John Hawkins, vice-president; Mrs. J. L. Rees, recording and promotion secretary; Mrs. C. T. Jackson, spiritual life secretary; Mrs. L. R. Messimer, Christian social relations secretary; Mrs. L. E. Gressett, missionary education secretary; Mrs. O. T. Bird, literature and publication secretary; Mrs. Frank Oglesby, supply secretary; Mrs. J. D. Iglehart, youth secretary, and Mrs. E. L. Ashford, children secretary.

Seven members were present for the Monday meeting.

The Woman's Missionary Society of Baptist Church met Tuesday morning with Mrs. Hoyt Roberts, president, presiding. Mrs. H. M. Rice gave the call-to-prayer. "Awakening Brazil, a Challenge to Advance" was topic presented by Miss Roberts. Rice, Willie Byrd, Paul Byrd, W. A. Bell and Charles Ranne.

The ladies will study the WMJ yearbook next Tuesday.

Mr. and Mrs. Doyle Rice and family of Midland spent the weekend with his parents, Mr. and Mrs. H. M. Rice.

Visiting in the A. C. Moody home Sunday were Mr. and Mrs. W. T. Wyatt of Sweetwater.

Mr. and Mrs. L. F. Forbes had as their guests last week his parents, Mr. and Mrs. L. W. Forbes of Amarillo.

Mr. and Mrs. E. E. Ferguson and son, Kenneth, of Lubbock visited in the Altis Clemmer home Sunday.

Mr. and Mrs. Robert Hutchins and family left Sunday for Lubbock. Hutchins will be attending Texas Tech for nine weeks.

Donnie Hardin of Levelland is spending the summer with his grandparents, Mr. and Mrs. C. W. Hutchins.

Mrs. M. J. Whirley spent last week in Coahoma with Mr. and Mrs. Joe Whirley.

Mr. and Mrs. Anson Henderson and Rita Sue had as their weekend guests his niece, Mrs. Rudy Clark and daughter, Vickie, of Fort Worth. Other guests were his parents, Mr. and Mrs. J. D. Henderson of Colorado City.

Mr. and Mrs. Clyde Smith of Lubbock were guests of her mother, Mrs. Willie Byrd, during the weekend.

Mr. and Mrs. Jack Roberts of Big Spring visited in the Hoyt Roberts home Sunday.

Mr. and Mrs. G. C. Ranne of Midland spent Sunday night with Mr. and Mrs. Charles Ranne. They were enroute to Arkansas for a vacation.

Mike Oglesby is on a camping trip this week in the Davis Mountains with a group of Boy Scouts from Big Spring.

Mrs. Gordon Coe of Sweetwater spent Saturday through

Tuesday in the home of her daughter and family, Mr. and Mrs. George Sweatt.

Marlene Whirley of Coahoma is visiting her grandmother, Mrs. M. J. Whirley this week. Weekend guests of Mrs. Whirley and Mr. and Mrs. J. D. Iglehart were Mrs. Mac Wooley and son, Rodney, of Fort Worth, Mrs. Wooley's mother of Hobbs, New Mexico, and Mr. and Mrs. James Quinney and children of Abilene.

Mr. and Mrs. John Waddill and son of Big Spring visited her mother, Mrs. Toy Stewart, Sunday.

HEATH —

Continued from Page 4

active tennis games to the cooler parts of the day.

Swimming is one of the best summer sports, provided the proper safety rules are followed — including not swimming alone, getting chilled, waiting at least an hour after meals and avoiding tiredness.

All in all, summer can be one of the most enjoyable seasons of the year... provided you use your head as well as your body.

HIGHLIGHTS —

Continued from Page 4

ion order permitting higher passenger train fares in Texas.

SCHOOL SITE—The big question of location of a newly-approved West Texas State School for the mentally retarded will not be settled until September, according to most recent reports from the Board for State Hospitals and Special Schools.

Board's site selection committee, made up of C. E. Bentley of Abilene, former Lt. Gov. Walter Woodul of Austin and Jesse M. Osborn of Muleshoe, has been visiting some 30 West Texas towns which are competing for the school.

AIRPORT AID — Texas Aeronautics Commission is seeking \$450,000 in state aid to help build local airports during the next two years.

At budget hearing here Commission spokesmen and representatives of towns over the state argued for a program to insure at least one airport in all 254 counties. Thirty-five now have none.

Commission requests a \$1,100,000 budget for the next biennium, including the airport program and \$200,700 for an agency headquarters building at the Austin Municipal Airport. All funds except the building cost would come from aircraft fuel taxes.

AG DECISIONS —

Attorney General Carr has ruled that a county clerk should not accept for recording in the Deed Record a certified copy from another court of record where the seal of the court has not been affixed thereto.

Held state highway funds cannot be used to finance a Texas travel exhibit at sports and vacation shows under either the state constitution or current laws.

Concluded that the party whose candidate-for-governor received the most votes in the 1962 general election will have first spot on the general election ballot this year.

HIGHWAY PLAN— State Highway Commission authorized a \$166,000,000 improvement program to get more safety and less congestion on 2,067 miles of primary and state highways.

Of the amount authorized, \$151,000,000 is earmarked for construction, and \$15,000,000 for right-of-way. About 65 per cent of the cost is expected to come from state gasoline tax revenue and license fees and the rest from federal grants in aid.

Ruth Coffey's

CONVERSATION CORNER

NEW definition for middle age shows up in the Wall Street Journal.

"Middle age is when you blow out all the candles on your birthday cake and then wish you could get your breath back," the Journal's quote goes.

Yeah, it's also when all you get is a catch when you try to play catch. Catch in the back, that is.

It's when you'd rather be comfortable than die rather than be arrested.

MIDDLE AGE is the time you find that the hands you'd rather just sit and hold are your own.

It's when 'bridge' does not mean a game of contract. It could be a dental appointment.

Middle age is a progressive state. It's nearly always somewhere in the future. Everybody knows that a middle-aged person is anybody who is ten years older than you are.

OH, it's a lot of things. It's when you'd rather stay on the bank than jump in any tank — and get your hair wet.

It's when you ride two blocks to church. When Cheese cake comes to mean just a snack before bedtime.

It's when you find yourself reading the obituaries before the comic strips. It's when you give your short shorts away — unless you've broken evenly in the house.

ALL in all, middle age is a very broadening period in any person's lifetime, though.

It's the time when you stop blaming the very young for their very youngness.

When you know in your heart that a psychic young is rarely fatal. That time is the very best friend a young broken heart can have.

Time is like a patient old country doctor. No miracle cures. Just the elixir of slow healing. Just the tonic of time.

Middle-age is broadening.

It can broaden the shoes.

The chin-line, the grille.

Why not the views?

Middle-age is broadening.

It should temper the lips.

Stretch the compassion...

As same as the hips.

Middle-age is broadening.

It may broaden every part

of the human anatomy...

Why not the heart?

WORRIED? NERVOUS

Over Change-of-Life?
Ease your mind. Get welcome relief with special woman's medicine.

Don't dread those seemingly endless years of misery and discomfort, of sudden hot flashes, waves of weakness and irritability. There is a special woman's medicine which can relieve those heat waves, weakness, nervousness, so you can enjoy life again. So that you can once more be an affectionate wife and mother.

If you are going through the change, don't despair. Do as countless thousands of women

The gentle medicine with the gentle name **LYDIA E. PINKHAM**

do—take a special woman's medicine—Lydia E. Pinkham's Vegetable Compound—developed by a woman—specially to help women by relieving such functionally caused female distress.

In doctors' tests woman after woman found that Pinkham's Compound gave dramatic help to all this without costly shots.

Irritability is soothed, hot flashes subside. So don't sit and brood and feel unable to help yourself. You can feel better. Get gentle Lydia E. Pinkham's Vegetable Compound today.

NEW NEIGHBORS

We've got some new neighbors here in our part of town. And we're mighty proud of 'em, too.

Maybe you haven't noticed because the folks of Robinson Drilling Company are the quiet, busy type who don't spend much time blowing their horn.

But they've moved into the late Frank Kelley's Mobil Oil building at the corner of Walnut and E. Fourth while Harry Ratliff has moved his law offices back to his own building in 100 block of Walnut.

This company owned and operated by Bob Robinson, our former mayor, is one of our areas' best and most consistent payrolls and, best of all, is made of good folks.

Henry Bilberry,
CORNER DRUG

RAYMOND GARY, former of this town, was here Tuesday, to help...

He was saying that he had wife Charles, and that the Garys were staying in the hospital and that the Garys were staying in the hospital and that the Garys were staying in the hospital...

SEEN LATELY with Margaret Lanning, Mrs. Lanning...

ANNUAL DAY CAMP

Camp Tasajillo Draws 150 Girl Scout On Opening Day

Camp Tasajillo, a hackberry and catclaw thicket on the D. E. Light farm northeast of town, has sprung to life this week with the excited shouts and giggles of over a hundred Brownie and Girl Scouts from Colorado City, Loraine and Snyder.

Annual Girl Scout Day Camp officially began Monday morning at 8 o'clock when scouts, leaders, and little brothers and sisters boarded school buses at the Primary School for the trip to the camp site. Return trip is made each day in the same fashion, arriving at the school by 2 o'clock.

Parents, scouts and leaders had a work day Sunday when they cleared areas for each unit, headquarters tent and hospital tent.

Mrs. John Morgan, Jr. is director of the camp with Mrs. T. J. Green, Jr. of Loraine as her assistant. Nurses are Mrs. John Chinn and Mrs. Carl Bell.

There are nine units at the camp, starting with the Papoose Unit for small children of scout leaders, two Brownie units, four units for junior scouts and the Senior Scout Unit. There is also a unit for sons of leaders from 8 to 10 years old, directed by Explorer Scout Donnie Camp and Perry Ruddick.

The two teenage boys are also camp guards, spending each night on the camp site. They also serve as camp helpers, performing jobs requiring masculine skill.

Schedule for each day's activities is left up to the individual unit except for the opening and closing flag ceremonies at 8 a.m. and 1:30 p.m. The raising and lowering of the flag is preceded and followed by a group sing-song.

Leaders for the camp units are: Papposes - Mrs. S. L. Terral of Snyder, Mrs. Clay Graham of Loraine, Boys - Mrs. Delmar McDaniel of Loraine, Camp and Paddick; Seniors - Mrs. Bob Johnson; Juniors - Mrs. Bernhard Bartels of Snyder, Mrs. W. J. Camp of C. City, Mrs. Rex Kidd of Snyder, Mrs. Harold Bank of Snyder, Mrs. D. W. McCommas of Snyder, Mrs. Jesse Bodine of C. City.

Brownies - Mrs. Jack Chastain of Snyder, Mrs. Franklin Pruitt of Snyder, Mrs. Johnny Garrison of Snyder, Mrs. Travis Toland of C. City, Mrs. Kenneth Terral of Snyder.

Mrs. C. L. Pawkett of C. City, Mrs. M. W. Palmer of C. City, Mrs. Weldon Claxton of C. City, Mrs. R. L. Mickle of C. City.

Activities planned for this week include a cookout for each unit, which the scouts will plan themselves according to a budget. Each cookout meal will include a salad, main dish and dessert. Cookouts scheduled for today (Thursday) and Friday.

Scouts in the Senior Unit are setting up a model camp home as an exhibit for the other units. They will make lashed tables and other items from material at hand. An overnight camp is planned by the Senior Scouts who also act as program aides for headquarters.

Approximately one hundred and fifty persons attended the first day of camp Monday.

Mrs. Latham Presents Recital

SILVER - Local pupils of Mrs. E. L. Latham were presented in a piano recital recently in the Medallion Room of the Lone Wolf Electric Coop building in Colorado City.

Students participating were Gay Kubanks, Marita Duncan, Patti Hearne, Susan White, Kaye Henderson, Kay Jameson, Tana Brubaker, Mike Parrish, Brenda Henderson, Ernest Howard, Kathy Degeman, Phyllis Davis, Lynn Brubaker, Rose Ann White.

Mr. and Mrs. Bob Howett and sons are spending their vacation at Red River, New Mexico.

Larry Lindsey, son of Mr. and Mrs. Earl Lindsey, is a patient of Post Memorial Hospital in Colorado City.

Mr. and Mrs. John Hogue of Andrews were recent guests of Mr. and Mrs. Billy Jones.

Gayle Conley, Aletris Ackerman and Karen Fugate will leave Sunday to attend Mt. Wesley in Kerrville. They will be accompanied by Mrs. George Fugate.

Angelo College Boys Spend Night at Lake

Johnny Millington of San Angelo entertained a group of Angelo College boys at the lakeside cabin of his uncle and aunt, Mr. and Mrs. A. A. Harrington, Thursday night.

Friends staying overnight at the cabin on Lake Colorado City included Bobby Van Der Horst, Jim Austin, Frank Wood of Baltimore, Keith Yocum of Abilene, Mike Prush of Abilene, Roger Fox of San Angelo, Archie Evans of Muleshoe, Joe Edwards, Cleve Moore and Micky Redwine, all of Colorado City.

Fire Wood Crew At Work

Members of the Senior Girl Scout Unit at Camp Tasajillo this week are shown as they busied themselves gathering fire wood for a weiner roast lunch. Scouts are Margaret Carter, Judy Kincaid, Fredda McCabe and Cynthia Davis. Judy, Fredda and Cynthia are residents of Silver, Margaret is a local girl. Unit leader for the annual day camp was Mrs. Bob Johnson. Activities for the Senior Scouts during the week included the weiner roast, a cookout, and an over-night stay on the camp grounds.

Silver Teenagers Elected Officers

BY SANDRA CIPTON

Record Correspondent SILVER - A number of local teenagers have been elected to offices of various organizations at Colorado High School for the coming year giving Silver students a good representation in the school.

Keith Jones will head the Wolf Band next year as president. He will also represent the Spanish Club in the student council. Judy Kincaid is president-elect of Quill and Seroll, journalism society, and reporter of the Wolverines.

Sue Kennedy will be president of the Future Teachers of America Chapter at CHS. She is also parliamentarian of the Spanish Club as vice-president. Fredda McCabe is new secretary of Spanish Club and also secretary of the Junior Class.

Students working as roustabouts for the production department of Sun Oil Co. This summer are John Clark, Godwin, Douglas Janney, Raymond Kincaid, Jerry Mayo,

Stanley Post, Richard Ramsey, Lynn Thornhill, Ann White will work on the clerical staff.

Roustabouts for the gas department are Eddy Cagle, John Shepard, Milton Ward, Wesley Weed, Jr., Adrian Welch, Paul Hunt.

New officers for the Methodist Youth Fellowship have been elected for the coming year. They are Bill Paul, president; Judy Kincaid, vice president; Aletris Ackerman, secretary; Gayle Conley, treasurer.

Area chairman are Karen Fugate, fifth; Joyce Allen, outreach; Debbie Hines, citizenship; Cynthia Davis, witness; Patty Allen, fellowship. Mrs. Billy Jones is sponsor of the group.

Have you ever seen 7,000 grown men cry? You'd think success would make them happy, but ever since Mustang came out, seven thousand Ford Dealers all over the country have been weeping and wringing their hands. They can't get as many Mustangs as they would like. All this would upset us, too, except it's happened to us before. You see, this was the hottest sales year in Ford Division history even before Mustang came out. At the beginning of the model year, dealers couldn't get enough of our big, hot Super Torque Ford Hardtops (sales up 54%)...or luxurious Thunderbirds (sales up 68%). Falcon sales are almost as big as Chevy II and Valiant combined. Fairlane continues to be a leader in its field. So, even though some people would like us to put all our plants to work on Mustang, we can't let down our hundreds of thousands of Ford, Thunderbird, Falcon and Fairlane lovers. Why don't you come see what all the shouting's about! Ask your Ford Dealer for a test drive. (You might even get him to smile.)

logy at Southern Methodist University. Mr. and Mrs. Don Casius were present from Arlington. Mr. and Mrs. Reed Ashley of Snyder visited Mrs. J. D. Hill and children Thursday night in China Grove.

Weekend guests of Mr. and Mrs. Arnel Smith during the weekend were their son and daughter, Barton Smith was here from Dallas where he attends Perkins School of Theology at Southern Methodist University.

Thrifty new 2.8 ton gas air conditioner that cools and heats average-size homes. Own it for as little as \$25 a month!

The same top-quality central gas air conditioning you'll find in large mansions is now sized for medium and smaller homes. This new 2.8 ton gas unit has 2 to 3 times the durability of comparable electric models, lower maintenance costs and gas economy. The new low price includes installation. Own it for as little as \$25 a month after down payment. For an estimate on gas air conditioning customized for your home, call your gas air conditioning dealer or Lone Star Gas.

Lunch Time at Day Camp

This group of Junior Girl Scouts were caught by the camera as they gathered for lunch at the annual Girl Scout Day Camp held this week on the D. E. Light farm northeast of Colorado City and one-half mile west of the Municipal Airport. Sack lunches were carried every day except one. A balanced meal was cooked over a camp fire one day. Girl Scouts from Brownie age through Senior age attended the camp Monday through Friday from Colorado City, Lorraine, Silver and Snyder.

Cheerleaders Attend 4-Day School

Cheerleaders for the coming year at Colorado High School attended a cheerleading school in Snyder Monday through Thursday of last week.

The girls, led by Myra Ellen Robinson, head cheerleader, took first place in competition three days and a second place another day. Competition was held every morning with each squad performing two yells. Judging was based on the yells, motions, personality and spirit.

Instructor and judge for the school was Barry Harrell, a sophomore cheerleader at the University of Texas last term. He was sent by the cheerleading school at Southern Methodist University. Harrell coached the girls in 14 new yells. He lectured each afternoon on the selection of uniforms, school spirit, pep rallies and technique.

Cheerleaders from eleven area towns attended the school, totaling approximately sixty girls. Sessions were held in the Snyder High school gymnasium and on the school grounds.

Girls attending from here were Miss Robinson, Sharon Montgomery, Martha Sheppard, Kay Lindsey and Mary Jane Nobles.

THE DEPENDABLES: SUCCESS CARS OF '64

Not all leaders are born

some are made

The rather handsome car above is what you might call a two-time winner. Dodge led the nation in percentage sales increase last year and continues to set and smash these lofty sales marks in 1964. It's also called a 1964 Dodge. Or the low-priced car that doesn't look like one or feel like one. People who have bought one, and who, incidentally, are trading in all kinds of other cars in record numbers, say they like it. The looks. 2. The roomy and rather posh interiors. 3. The extra savings of its famous Slant Six.

4. The lively V8 that goes on regular gas. 5. The self-adjusting brakes and 32,000-mile interval between major grease jobs. 6. The solid way it's put together—with a fully utilized, rust protected body. 7. The price (right with Ford and Chevy).

If these seem like pretty good reasons for buying a car, join the swinging trend-setters who are changing the look and feel of the low-price field. You'll find them at your Dependable Dodge Dealer's.

Summer Librarian

Miss Sandra Williamson, summer replacement at the Mitchell County Federation Library, is pictured placing new books in the shelves in preparation for the annual Summer Reading Program which started Wednesday. All county children are invited to visit the library and make their selections. State reading certificates will be offered again this year to those students completing the required reading list of twelve books. Mrs. Boyd Dozier, county Librarian, has announced final date for the program as August 22.

China Grove News Items

By MRS. N. F. HALL
Record Correspondent
CHINA GROVE — Recent guests of Mr. and Mrs. Leonard Allen were Mr. and Mrs. Rocky Allen, Lerry and Kris of Big Spring.

Susan Hughes Trains For Nursing Career

Miss Susan Hughes, Colorado High School graduate is a Sophomore Student in the Baylor University School of Nursing, in Waco.

She is the daughter of Mr. and Mrs. R. L. Hughes, who reside at 1414 Tanya Ave., Sweetwater.

Miss Hughes began clinical training at Baylor University Medical Center in Dallas. She is pursuing a four year professional nurse course at the University.

Quick!

Pick a Chevrolet and fill in the spaces

Now's the time to see the great outdoors in a great Chevrolet buy!

Here you are on the brink of vacation time. There's your Chevrolet dealer in the midst of Trade 'N' Travel Time. You two should get together! Object—celebrating the joys of summer in a new Chevrolet.

Why a Chevrolet? Well, with 15 models in four series, what possible reason is there to look further?

Take the Impala Super Sport (and a lot of people do just that). Comes as a Sport Coupe or Convertible. Has trimmings like front bucket seats, center console, special trim—all as standard equipment. And offers a

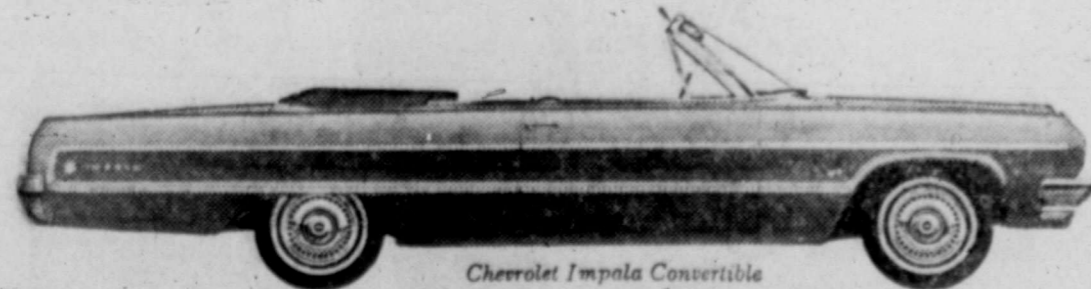

typically Chevrolet array of extra-cost options.

Plain Impalas are anything but. They come in all popular body styles, including wagons. They're dressed up to a fare-the-well: fully carpeted interiors, upholstery as durable as it is attractive.

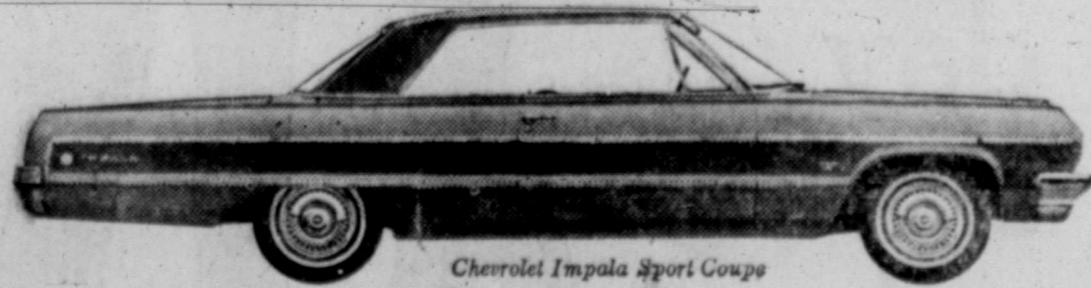

Bel Airs and Biscaynes, the lower priced

Chevrolets, make a practice of hiding it. All the conveniences, no sacrificing comfort or style.

Did we mention that Trade 'N' Travel Time won't last forever? It won't. So see your Chevrolet dealer. Then go fill in the spaces.
