Eighth Grade Wins District Track

The Eighth Grade track team won the District 30AA title last Saturday by soundly beating George West, the only challenger, by 41 points. The Bucs scored in every event but the high jump enroute to the victory. George West was leading at the conclusion of the field events by 13 points but the Bucs came back for the finals and easily outpointed the Shorthorns.

The Seventh Grade team battled it out all the way to the wire with Calallen but came out on the short end by virtue of 15 points. A costly disqualification in the 440 relay cost the team 16 points and that would have made the difference in favor of Rockport-Fulton.

This District Track Meet ends a spectacular year in sports for the Junior High School. Never in the history of the school have there been so many district championships won and trophies brought home. This is what the boys and girls of Rockport-Fulton brought to their school and community this year:

Football — 7th and 8th Grades were District Champions.

Basketball — 7th Grade was the District Champion.

Volleyball — Our team won the District.

Track — 8th Grade won the District and both teams together won 23 trophies during the season.

This brings the total number of trophies won this year in athletics to thirty. The Coaching Staff of the Junior High School wishes to thank all of the boys and girls that took part in athletics this year. It was an honor for us to be a part of your victories and for us to be associated with you off the playing field — for you were truly "Good Sports" on and off the field.

Miss Smith First In Shorthand

In Regional meet competition, Miss Nancy Smith won first place in Shorthand competition in Kingsville April 23. She will compete in the State Meet in Austin on Saturday, May 1.

Miss Lynn Lang was a participant in Shorthand competition and Mr. Rene Pena was a participant in the mile run at Regional Meet.

Wildlife Biologists Convene Here

Wildlife biologists of Texas Parks and Wildlife Department from all over the state met in Rockport April 20-22 in their annual staff meeting. Three days of intensive inservice training and an opportunity for each biologist to learn what was going on in other parts of the state in their chosen field resulted.

Well over 100 wildlife scientists from the Department, several Federal Aid administrators from Albuquerque, New Mexico, as well as guest speakers from NASA, Texas A&M University, and Welder Wildlife Refuge, and some Austin Headquarters personnel attended.

Subjects discussed included Automatic Data Processing in wildlife management; the point-system for waterfowl harvest; abortive disease studies in deer, antelope and aoudad sheep; new deer census methods; the recent bighorn sheep release; mourning dove hunter harvest survey; extreme mortality of redhead ducks; and many others.

C. K. Winkler, Wildlife Restoration Supervisor for Region V, who was the host of the meeting, said that informal discussion relating to techniques, problems, and data compiled that were held during off-duty time, was probably of as much value as the formal training.

Pirate Band Wins Sweepstakes Award

For the second year the Rockport-Fulton Fighting Pirate Band has won the Sweepstakes Award in the Region 14 University Interscholastic League Music Contest. A beautiful trophy was awarded the band April 23 in Kingsville after a grueling day of performing prepared music, sightreading new music, and anxious waiting.

To receive the Sweepstakes Trophy, a band must get a first division rating in each of the three areas of competition—marching, concert, and sightreading. The Pirate Band received top honors in marching last November 20th in Robstown. Last Thursday the band received top honors in both concert and sightreading. The numbers played for concert were "Carrollton March" by King, "Pageant" by Persichetti, and "Festival Prelude" by Reed.

The young people of the band and their directors worked diligently many hours—day and night—to perfect their performance; and as is most often true, perseverance brings rewards.

So once again—CONGRATULATIONS—to the Fighting Pirate Band, Bob Massey, and Bill Stephens for the most excellent achievement.

Proclamation

In this time, as throughout our history, the American nation rests fully and finally upon the loyalty of the American people.

Every day Americans around the globe bear witness to their national allegiance. In doing so, some bear final witness by giving up their lives for the life of this nation. Not all are called to that extremity. But all are called to that degree of devotion. For that reason it is fitting that we set aside one day in the year when every citizen may pause to reflect on his own debt to the devotion of other Americans, and to bear witness in every appropriate way to his own loyalty.

To that end the Congress by a joint resolution of July 18, 1958, has designated May 1 of each year as Loyalty Day and requested the President to issue a proclamation inviting the people of the United States to observe such day with appropriate ceremonies.

NOW, THEREFORE, I, DELMAR R. HILLER, Mayor of the City of Rockport, Texas do call upon the people of the City of Rockport, and upon all patriotic, civic, and educational organizations, to observe Saturday, May 1, 1971, as Loyalty Day, with appropriate ceremonies in which all of us may join in a reaffirmation of our loyalty to the United States of America.

I also call upon appropriate officials of the government to display the Flag of the United States on all government buildings on that day as a manifestation of our loyalty to the nation that Flag symbolizes.

DELMAR R. HILLER, Mayor
ATTEST:
MARY LAKE SEGLER, City Secretary.

Motorists who turn off Highway 35 and drive on Fulton Beach Road along Little Bay are urged to take it easy and give ducks the right-of-way.

Recently there have been several instances of ducks being killed as they slowly waddled across the road. A little caution will save a life—that of a wild duck—and maybe a human life.

This column would like to pay tribute to the many local men who give much time and effort to boys' activities such as Little League and Boy Scouts.

And a special "pat on the back" to those men who do not have sons in these activities.

The names of several men come to mind, but we will not mention these names because we undoubtedly would inadvertently leave out some names of men that we don't know about.

The men who help guide our boys in worthwhile activities are a special breed of men.

They are unselfish individuals who don't spend all their spare time on their own personal interests.

Some time ago I reported that a cat "adopted" us. After moving in, she soon started having a number of male callers. Later our cat began to put on weight and you didn't have to be a veterinarian to recognize that she was pregnant.

Then for a short period the cat just disappeared. Still later, she returned, slender and tired looking. We looked everywhere for the baby kittens and finally found that their mother had made a safe

home for them under our tool shed.

We now have a dog, cat and three kittens. Anybody want a free kitten?

What of the many "Modern translations" of the Bible? All modern speech translations have that advantage. A word of caution is in order—most of these modern speech translations are "one man translations", and are almost always long on modern speech and short on accuracy as to the original Hebrew and Greek text.

Some of these "new Bibles" are more of a paraphrasing than a true translation. A classic example is the New Testament "Good News for Modern Man" by Blanchard. It's great in modern speech and artistry, but very poor as to a trustworthy critical text.

May I commend to the reader the work of revision by the "Lockman Foundation" as to the American Standard. The New Testament is out, and it's a good "modern speech" Testament true to the original Greek text.

Denise Atchley, Norman Horton Wed

Mr. and Mrs. Eugene Horton announce the marriage of their son, Norman Horton, to Denise Atchley, daughter of Mr. and Mrs. Leonard Atchley of Corpus Christi.

They were married April 10 in the home of his parents at 1909 Cochran Lane.

The bouble ring ceremony was performed by the Rev. Charles Fake. They are now making their home in Fulton.

Peninsula Oaks Garden Club Meets

The Peninsula Oaks Garden Club met April 22 in the office with 12 members present. Mrs. Thelma Sours, president, called the meeting to order and Mrs. Bernita Kinsey introduced the speaker of the evening, W. D. Shirley of Shirley's Nursery in Aransas Pass.

He gave some of the important basics when starting new yards in the order of their importance—as trees, grass and shrubbery. A question and answer period was interesting and helpful. He suggested a 10-10-5 fertilizer containing iron and sulphur be used and suggested watering in early morning and early afternoon (to allow the grass to dry before dark—which is the time the bugs come out). He suggested spending money on better plants and adding new things each year.

During the business that followed, Thelma Sours gave the gardening report for May. It was decided that this would be done each month by a different person. Meceal Caster-

line will give the report in May.

It was decided that the club have dues of 50 cents per month — starting in May. Ideas for programs were suggested—some of them being a tour of gardens, indoor plants, flower arrangements, roadside flowers, cactus, and Christmas decorations.

For the next meeting the group will meet at the office at 6:30 p.m. on May 27th and they will tour the beautiful garden of the R. L. Eckman's — returning to the office for the business meeting.

Harrison Hunt's 50th Anniversary

On May 1, Mr. and Mrs. Harrison Hunt of Fulton will celebrate their 50th wedding anniversary. Mr. and Mrs. Hunt moved to Fulton upon Mr. Hunt's retirement 12 years ago from Hammond, Ind. Hunt is a member of the Fulton Fire Dept.

Mr. and Mrs. Hunt will be honored on Saturday with an open house reception from 5 to 7 p.m. at their home. All friends are invited to attend.

Mr. and Mrs. Paul Roger of Munster, Ind., son-in-law and daughter of Mr. and Mrs. Hunt, will be here to celebrate their 24th wedding anniversary.

Miss Ehrlich Honored At Tea Shower

Miss Daphne "Becky" Ehrlich was honored recently with a tea and miscellaneous bridal shower at the home of Mrs. Samuel Crosby on Key Allegro Isle. Co-hostess was Mrs. Arlo Hansen.

The tea table was covered with a lovely embroidered organza tablecloth underlined with pale yellow. The centerpiece was a tall arrangement of yellow spider mums in a silver and crystal epergne. Punch was served from a silver punch bowl by Mrs. Herbert French and Mrs. Alfred McMurtry. Coffee and tea were served from a silver tea service by Mrs. Paul Harris and Mrs. Richard Small.

A miniature bride on a yellow net trimmed pedestal was centered on the gift table that held the bride's book. Mrs. Jack Liston, Sharon and Nancy Hicks assisted the honoree at the gift table.

Corsages of pale yellow rosebuds were worn by Miss Ehrlich, her mother, Mrs. Hugh A. Ehrlich and Mrs. Cleo V. Craig.

Jeff Crosby surprised the bride-to-be with his rendition of "Here Comes the Bride" on the tenor saxophone.

Approximately 45 guests registered during the afternoon.

Miss Daphne Ehrlich, daughter of Mr. and Mrs. Hugh A. Ehrlich, Key Allegro, will become the bride of Donald Ray Craig, son of Mr. and Mrs. Cleo V. Craig, Vanderbilt, Texas on Saturday, May 1, at the First United Methodist Church, Rockport.

Luncheon Honors Daphne Ehrlich

Mrs. Alfred McMurtry and Mrs. Gene McCarth honored bride-to-be, Miss Daphne "Becky" Ehrlich, with a luncheon and recipe shower at the Key Allegro home of Mrs. McMurtry on April 23 for 35 guests.

Punch was served on the terrace by Mrs. Samuel Crosby. The punch table was covered by a yellow linen tablecloth and arrangements of wild flowers surrounded the crystal punch bowl. During the refreshment hour, the guests were entertained by having their fortunes told by Mrs. Elva Chalfant.

The luncheon buffet table was laid with matching yellow linen tablecloth. The centerpiece was a large basket of orange gladioli, carnations and yellow mums. The honoree, her mother, Mrs. A. Ehrlich, and Mrs. Cleo V. Craig wore pale gold orchid corsages.

The wildflower theme was carried through the dessert course. Cake and ice cream were served in individual small white flower pots adorned with wild flowers.

Out of town guests were Mrs. Cleo Craig, Vanderbilt, Texas, mother of the groom-to-be, Mrs. Tom Clark, Clarendon, Texas, daughter of Mrs. McMurtry.

Mr. and Mrs. Tommy Bradshaw and sons and Mr. and Mrs. John M. Zinc and children of Baytown spent the weekend with their parents, Mr. and Mrs. Edric Deason and Cathy.

Q—I work part-time as a maid. How can I tell if social security is being paid for me?

A—Ask your employer whether these taxes are being paid for you. Employers are required to file a return and pay social security taxes for household employees when cash wages of \$50 or more are paid to an employee during any calendar quarter. Employers are also required to provide employees with a statement of wages paid and social security taxes withheld.

A full statement of your Social Security coverage may be obtained by writing the Social Security Administration, Baltimore, Maryland 21235. Give your name, address and social security number when you write.

Q—The bank where my daughter opened up a savings account wants her social security number. Where can she get one?

A—Your daughter may apply for a social security number by filling out Form SS-5 which may be obtained from your local Social Security or IRS office. Banks and other financial institutions are required by law to report certain dividend and interest payments by the identifying number of the recipient.

Q—When my divorce comes through will I still be able to claim a withholding exemption for my wife?

A—No, after your divorce you cannot claim her exemption. Make the necessary change in your withholding by filling out a new W-4, "Withholding exemption Certificate," and giving it to your employer.

Q—I want to protest the disallowance of some deductions by the IRS agent who audited my return. Do I have to make a written request or can I just come in and talk to someone?

A—You can ask for a district conference. If the amount of tax involved is not more than \$2,500 for any one year, no formal written protest is required to obtain a district conference. This provides you the opportunity to present your side of the dispute to an impartial third party.

Q—Both of my children are having orthodontic work done and I'm going to have a big medical expense deduction for this year. Is there any way to get some kind of tax credit for this now to help me pay some of the bills?

A—Yes, you may be able to have your employer reduce your income tax withholding based on the larger itemized deductions you expect. Instructions for making this

change are given in Schedule A, Form W-4. Ask your employer for a copy.

The Tax Reform Act of 1969 allows you to claim additional withholding allowances for large estimated deductions even when they exceed what you claimed last year. Until this change in the law, taxpayers were limited to the total claimed the previous year.

Twenty-eight On Trail Ride

There were about 28 riders of the Aransas County Riding Association who rode out Saturday morning from the S&W Drive Inn Grocery at Lamar on the way to Doctor Fagan's ranch in Tivoli. At the night stop about 70 members and guests enjoyed a fish fry.

Mr. and Mrs. Lynwood Eller and Mr. and Mrs. Joe Lee cooked fish furnished by D. M. Meador, Reagan Lee and Bunker Wendell, and French fries which had been donated by H.E.B. Benny McLester helped furnish the drinks, Village Center Drive In Grocery, Fulton, donated bread, onions and pickles; Running Bear Cafe donated catsup and some food for the noon stop and Mr. and Mrs. Eller furnished a huge tossed green salad.

Pat and Nicky Fagan and Shorty Neill furnished music around the campfire, which was good country music and enjoyed by one and all. The Aransas County Riding Association would like to thank everyone who donated food, drinks and the S&W Drive Inn for letting the riders head up the ride and disburse on their lot and the Running Bear for letting the members stop on their lot.

Shrimp Landings—

Brownsville - Port Isabel area: Mar. 1971, 914,600 pounds; Jan.-Mar. 1971, 2,763,000; Jan.-Mar. 1970, 2,644,800. Totals: Mar. 1971, 1,679,200 pounds; Jan.-Mar. 1971, 5,403,600; Jan.-Mar., 1970, 5,305,800.

Shrimp trawlers made short, broken trips throughout March due to unsettled weather conditions. Vessels working brown shrimp fished waters beyond 25 fathoms from south of Morgan City, La., to the lower Mexican coast off Vera Cruz. Catch rates were seasonally low at 100-225 pounds per night in all areas. White shrimp catches were poor in most areas with the exception

of occasional heavy catches of small whites by small units around major passes. High winds and rough seas made inshore working very difficult. Pink shrimp catches from the distant Campeche area were low throughout March, however, some vessel crews working waters east of the Yucatan area reported spotted, heavy catches of Brazilian shrimp the last 3 or 4 days of the month.

Oyster fishermen harvested 32,000 barrels of oysters in March compared with 31,800 barrels in March 1970. Galveston Bay accounted for 71 per cent of the current volume and 29 per cent from coastal bend bays. Oyster meats were of good to excel-

lent quality in all bays with meat recovery of 2 1/2-2 3/4 gallons per Texas barrel. Fishermen received from \$6.50-\$9.00 per barrel for shell oysters.

Blue crab landings in March 1971 totaled 250,000 pounds. This was unchanged in volume from the previous month's catch but 25 per cent greater than March 1970 landings. The strong demand for crab meat resulted in some increased effort in this fishery. Fishermen received 9-10 cents per pound for live crabs.

Three large steel trawlers entered the shrimp fishery in March. One vessel was lost at sea. Three new units in to 10 to 20-ton class were added to the Texas Bay fleet.

SHELLEY ROATEN

The sixth century Greek Aretius wrote about many ailments such as headache, pleurisy and epilepsy, and accurately described treatments for them.

The possibility of creating tailor-made drugs for specific diseases, using mathematical models in conjunction with computer technology, was predicted at a meeting of the American Chemical Society in Chicago.

Studies have found that many commonly prescribed drugs can impair driving performance behind the wheel of a car. Always check this point with your physician.

Well over \$30 million has been spent by the drug industry in screening millions of soil samples, molds and yeasts to find new and better antibiotics.

A Pennsylvania oldster who had long complained of stomach trouble finally had an exploratory operation which turned up two 1917 pennies and a peach pit.

Letter to the Editor

Dear Editor:

I feel we the people owe Shelley Roaten a great big thank you, to Shelley for his 20 years of continuous faith and fine service as a member of the School Board, which board has done a fine job. We are each and all thankful.

You and other Board members being individuals, don't always do exactly as we each think. You have had the money as a tool along with other good tools, plus fine raw materials and have certainly run a fine plant which has and is producing the best of finished products, our lovely girls and boys.

Thank you Mr. Roaten for being a Board member, a man, a good citizen and for a good job well done.

With warmest personal regards and best wishes, I remain.

Yours truly,
Chester Johnson

VA Cautions Vets
To Return School
Certification Cards

"Don't forget to return those certification of attendance cards," P. J. Mims, director of the Veterans Administration regional office, Houston, today reminded veterans, servicemen and dependents attending area colleges and universities under the G.I. Bill.

About 24,976 students in the Houston regional area are receiving VA educational allowances, Mims said. Of that number, nearly 15,000 are enrolled at institutions of higher learning.

Throughout the country more than 692,000 eligible persons are being paid VA training allowances for some form of schooling or training.

The VA periodically reminds veterans to return their "cert cards" during the last full month of their enrollment period, which is normally April for most schools of higher learn, Mims said.

And there are two very good reasons for jogging their memories: (1) the VA cannot prepare a final payment for the spring 1970-71 school year until the agency has received the certification of attendance card from the student involved; (2) if the card is not returned at the end of the current semester the student cannot automatically be enrolled under the G.I. Bill for a subsequent summer or fall semester.

Mims said that trainees attending school below the college level also must return their certification of attendance cards, but they must do so every month.

Notaries Public
Should Renew
Bonds By May 15

Secretary of State Martin Dies, Jr. announced that all qualified Notaries Public desiring appointment for the new term which begins June 1, 1971 and ends June 1, 1973, must pay the required fee and file a new oath and bond with the County Clerk between May 1, 1971 and May 15, 1971, inclusive.

Secretary of State Dies further stated that any person not now a Notary Public who desires appointment for the beginning of the new term on June 1, 1971, should apply to the County Clerk before May 14, 1971. The required application forms may be obtained from the County Clerk.

Mr. Dies emphasized that Notaries Public should not send requests for appointment or for commissions directly to the Secretary of State inasmuch as the law specifically requires that the County Clerk approve Notary Bonds and forward copies of the application to the Secretary of State.

We want to wipe out cancer in your lifetime. Give to the American Cancer Society.

VA Benefits

Veterans will receive faster services on veterans' benefits claims if they will bring a copy of their separation or discharge papers, including the DD 214 with them when coming to Veterans Administration offices for service according to P. J. Mims, Regional Office, Houston.

Also, Mims added, veterans applying for education benefits, which vary with marital status and number of children, should bring their marriage certificate and children's birth certificates.

Legislation renewing GI loan benefits, and release from service of Vietnam veterans, have brought large numbers of veterans into VA offices seeking benefits and bringing such documents will mean speedier processing of veteran claims.

Veterans may apply for benefits at any VA Regional Office, Contact Office, or VA Hospital. In addition, the Veterans Affairs Commission has authorized representatives in each county and most cities who can process claims for veterans.

Social Security News

Social security retirement, survivors, disability, and Medicare benefits can be yours if you cook, clean house, garden, baby-sit, or perform other duties for wages in or about a private home. Household employees, both men and women, are covered by social security if an employer pays wages of \$50 or more a calendar quarter, according to H. M. Cleveland, social security district manager in Corpus Christi.

To make sure that you get credit for your earnings, show your social security card to your employer and at the end of the year, ask her to give you a statement of your total wages for the year.

Social security taxes pay

for the insurance benefits which are shared equally by the worker and the employer. A tax amounting to 5.2 per cent of your wages will be deducted from your pay, and your employer will pay an equal amount. A household employer can learn how to make out reports for a household worker from the Internal Revenue Service or by asking the social security office for information.

Increased Benefits For Veterans With Dependents

Veterans in training under G.I. Bill were reminded today by P. J. Mims, Director of the the Houston Veterans Administration office that they are entitled to more money when they get married or have children.

For example, Mims said, a full-time student in school will have his \$175 a month increased to \$205 when he gets married and to \$230 if he becomes a father.

Veterans taking cooperative, apprenticeship, on-the-job or farm cooperative training also have their VA payments increased when they get married and have children. Apprenticeship and on-the-job trainees get additional payments for only two dependents, while the others get them for all dependents.

Previously, Mims said, veterans could be paid the additional amounts only from the date they notified the VA of their new dependent. Under legislation effective Dec. 24, 1970, however, students have one year from the event to present the marriage license or birth certificate to the VA based on the date of the event.

Since the new law is not retroactive, veteran students who were married or had a child before Dec. 24, 1970, and failed to notify the VA, can be paid only from the date, Mims said.

Veterans who are eligible for increased payments were urged to contact the VA office, 515 Rusk Avenue, Houston, Texas, (713) 226-4132.

I believe they deserve praise. I hope that they continue their efforts in other areas.

Yours,

Richard L. Thoms
