Mules Will Take On Colorado City Friday

Coming off a big win Friday night, the Muleshoe Mules will be traveling to Colorado City this Friday night in the last non-district football game of the season.

Last week the Mules stirred up a lot of excitement as they played the Lubbock Roosevelt Eagles, breaking a long losing streak and defeating the Eagles 34 to 26.

Colorado City was defeated last week by Lubbock Cooper.

With 11:14 left in the first quarter, Roosevelt raced down the field 65 yards for the first touchdown of the game. The point after was good and Roosevelt led 7-0.

Marvin Lewis made it into the endzone, with 1:14 left in the first

quarter, after the Mules had blocked an Eagle punt. The kick was good and the game was all tied up at 7-7.

The Mules took the lead in the second quarter with a 30-yard pass from Ruben Gonzales to Chad Freeman. The point after kick was good and Muleshoe was in the lead 14-7.

Tying the game up, the Eagles scored on a 33 yard pass with 1:28 left in the half. The kick was good and the teams were tied 14-14 at half time.

The Mules were forced to punt to the Eagles, early in the second half of the game and on the first play, after the punt, the Eagles fumbled the ball and the Mules recovered. With 9:32 left in the third quarter,

Brian Rasco raced down the field for a 25 yard touchdown for the Mules. The kick was good and the Mules were once again in the lead, Muleshoe 21-Lubbock Roosevelt 14.

With 8:02 left in the quarter, Rasco recovered a Roosevelt fumble on the Mules 40 yard line. Three plays later Lewis raced down the field 50 yards, putting the Mules into scoring position on the Eagles five yard line. The Mules took it into the end zone on a five yard pass, putting the Mules on top 27 to 14. The kick was good and the score was Mules 28, Lubbock Roosevelt 14.

The Eagles came back with a touchdown with 10:53 left in the game. The Mules blocked the kick and the score stood Mules 28-Eagles 20.

With 8:26 left in the game, the Mules took possession of the ball, on downs, and a few plays later

National 4-H Week To Be Observed Oct. 4-10

Bailey County 4-H'ers will be celebrating National 4-H Week, October 4-10, along with over 9.5 million other 4-H members across the United States. Over 460,000 of these 4-H'ers reside in Texas.

One of the major activities scheduled for National 4-H Week is the annual Bailey County 4-H Achievement Banquet. It will be held on October 11 at 1 p.m. in the Bailey County Civic Center.

Outstanding 4-H members, leaders, families and friends will be recognized during the banquet. Every 4-H member in the county will receive recognition, even the 22 new members. Most of the 4-H members will be receiving project achievement medals.

Bailey County had 105 4-H'ers enrolled in two community clubs last year. With 22 new members already enrolled for the 1992-93 year, there should be a bigger and better group of young people this year.

The community clubs meet once a month during the months of September through May and then special county-wide activities are conducted throughout the summer to keep in touch with other 4-H families.

The Muleshoe 4-H Club meets on the first Monday of each month at 7 p.m. in the Bailey County Civic Center. The next meeting will be October 5. The Three Way

Support Staff Member Of Month Named

Carl Ellington was the recipient of the September Support Staff of the Month Award, presented Monday night at the Muleshoe Independent School District board meeting.

This is the tenth year Ellington has been employed by the Muleshoe ISD as a bus driver.

"Carl's calm, pleasant demeanor and his sound judgment make him a truly respected, reliable member of our staff," said Bill Moore, superintendent. "His safety record is unblemished, and his obvious regard for students is reciprocated by them---there are no student discipline problems on Carl's bus."

Ellington and his wife, Evelyn moved to Muleshoe in 1954. He was an employee of Piggly Wiggly from 1954 to 1960. In 1960, he put in his own meat market, and operated it until 1979.

Mr. and Mrs. Ellington have two children, Carla Kelley and Ed Ellington. Both children reside in Muleshoe. Ms. Kelley runs a Day Care Center and Ellington is Grounds Supervisor at the Muleshoe Country Club golf course.

An additional facet of Ellington's service to MISD is his unpaid, volunteer services to the staff at Mary DeShazo Elementary where he goes in two - three times weekly to run off papers and do all kinds of tasks to assist the teachers and office staff.

Ellington says that he drives school buses and does volunteer work for selfish reasons---he enjoys it. "I need the association with young people. I have learned to love the drive in the country---and the kids."

"We are indeed proud to recognize this valued employee as the Support Staff Member of the Month," Moore continued.

Cindy Purdy, president, called the regular school board meeting to order at 8 p.m. in the School Administration Building.

Minutes of the previous meeting were approved as printed.

Mrs. Purdy recognized the guests including: B.H. Adling, Sandy Adling, Evelyn Ellington, Carl Ellington, Kayla Kelley, April Kelley, Carla Kelley, Ed, Linda and Lanelle Ellington, and Evelene Harris.

"I have been talking to Bill (B.H. Adling) about the renovation of the high school lab and library," said Moore. "We have also discussed architect fees and how to finance

the project."

The board voted to contract Adling and Associates for the lab and library.

Adling showed different plans for the lab. The plans were tabled until next meeting.

The board voted to go with Texas School Bus Center, on a lease purchase agreement on a 84 passenger bus.

Mrs. Purdy was appointed ISD representative to the Bailey County Appraisal District.

The 1992-93 budget was amended.

An appointment of the MISD Textbook Committee for 1993 was adopted.

In the informational reports, Mrs. Purdy reminded the members of the upcoming workshops.

Edwin Cox and Arnold Price gave a report on a workshop they attended in Houston recently.

Autopsy Of Earth Child Reveals Broken Bones

According to autopsy reports, five year-old Shawnlee Perry had several broken bones and her clothing was turned inside-out when her body was found in rural Lamb County on August 26.

However, examiners have been unable to determine whether the bones were broken before or after her death.

Shawnlee's death was ruled a homicide last week by Lamb County Justice of the Peace R.J. Brock. The ruling was based on an autopsy conducted by Lubbock forensic pathologist Jody Nielsen.

Nielsen said her examination and subsequent lab tests failed to reveal an exact cause of death, but the circumstances surrounding the child's disappearance led her to believe the death was a homicide.

"As the decedent was found in a grassy field over five miles from her home and had disappeared at a time when exposure to the elements would not have caused her demise within a short period of time, it is my opinion that homicide is a likely manner of death with the cause of death best classified as violence of an undetermined nature," Nielsen wrote in her report.

In a supplemental report, Entomologist Jack Hays stated that the body had been at the location for almost three months.

Nielsen also called on the help of anthropologists Nevin Lamb of Texas Tech University and Stan Rhine of Albuquerque, N.M., who noted the bone fractures.

The child's right hand, back portion of the rib cage, a portion of the skull, the collar bone and a hip were broken.

The reports notes that the rib fractures are "suggestive of a rear impact" and that the hip fracture is "consistent with decay."

Nielsen added that she did not

know whether the bone abnormalities were "consequential" to how the child died or if the fractures were suffered before or after her death.

The child's clothing did not show any signs of "foul play or trauma (knife or bullet defects)," she said.

Gearld Shanks Takes First Place In Contest

Two persons missed four games in this week's football contest, so the Journal judges had to go to the tiebreakers to determine a winner.

Gearld Shanks came out in the number one spot, being off in the tiebreakers by 11 points. Shanks will receive 10 points toward the grand prize of \$150.

Second place winner was Tony Nicolas, who also missed four games but was 21 points off in the tiebreakers. Nicolas received six points, added to a first place win last week, makes him a total of 16 points.

Four people missed five games, so once again the judges had to turn to the tiebreakers. Terry Field, missed five games and was only off four points on the tiebreakers for a third place win.

Others missing five games included: John Graves, six points off on the tiebreakers; Francisco Torres, seven points off; and J.E. McVicker, 16 points off.

Twelve persons missed a total of six games and most of those were less than five points off on the tiebreakers, with one contestant hitting the tiebreakers right on the money.

A lot of new names have been added to the contestant list, so keep those entries coming in. It's early and is still anyone's game.

SUPPORT STAFF MEMBER OF MONTH---During the school board meeting Monday night Cindy Purdy presented Carl Ellington a plaque proclaiming him Support Staff Member of the Month. (Journal Photo)

Homecoming Mums Available From Juniors

The Junior Class Members are selling Homecoming Mums for Muleshoe Football Homecoming on Friday, October 9. The mums range in price from \$15.00 to \$45.00. Boutonnieres are \$5.00 and garters are \$10.00.

See any junior class member or junior sponsor to order your mum before Tuesday, October 6.

All proceeds will go to fund the Junior-Senior Banquet.

Creative Living

by: Sheryl Borden

Information on gift baskets for newlyweds, paper shopping bags and spoon desserts will be the featured topics on "Creative Living" on Tuesday, September 29 at 12 noon and Saturday, October 3 at 2 p.m. (All times are Mountain.) "Creative Living" airs on public broadcasting station, KENW-TV, from Eastern New Mexico University.

Deborah Durham, Creative Consultant for JC Penney Home, will demonstrate how to assemble the perfect gift basket for newlyweds. Ms. Durham is from Malibu, CA.

Owen Edwards, representative of the American Paper Institute, will discuss the importance of the paper shopping bag in enhancing the environment. Edwards is from New York City.

Lynn Nusom, cookbook author and newspaper columnist, will demonstrate how to prepare spoon desserts just like the ones grandmother used to make. Nusom is from Las Cruces, NM.

On Tuesday, September 29 there will be no evening play due to special programming. "Creative Living" will return to its regularly scheduled time on October 6. On Thursday, October 1 at 12 noon "Creative Living" will present information on quilted garments, shortcut desserts and easy cleaning.

Donna Wilder, representative of Fairfield Processing Corp., will show how three quilts have been incorporated into beautiful garments. Ms. Wilder is from Danbury, CT.

Lynn Tolley, proprietress of Miss Mary Bobo's Boarding House, will demonstrate some delicious desserts using convenience products to cut down on time. Ms. Tolley is from Lynchburg, TN.

Sheryl Flomenhoft, representative of Black & Decker Household Products Group, will demonstrate how to bust the dust out of housework and make cleaning

easier. Ms. Flomenhoft is from Connecticut.

"Creative Living" is produced and hosted by Sheryl Borden. The show is carried on more than 100 PBS stations to the United States, Canada, Guam and Puerto Rico and is distributed by Pacific Mountain Network, Denver, CO.

Viewers can request copies of materials offered on the show by

sending one 29 cent stamp for each handout requested. Send the stamps, along with your name, address and booklets requested to:

A&M Favored Over Texas Tech Saturday

After three games on the road to open the 1992 season, Mississippi State finally gets a chance to perform in front of the home folks. Last year's Southeast Conference champion Florida, with a week off after its 31-14 loss to Tennessee, will be the other half of the attraction on Thursday night. The Gators were undefeated in the league last fall, losing only to Syracuse outside the conference. The Bulldogs still have high hopes in spite of a surprise 24-3 setback three weeks ago at the hands of L.S.U. Florida whipped State last fall 29-7, and we favor the Gators again this week.

One of the real biggies of the season will take place in Miami Saturday as 1991's undefeated Hurricanes entertain Florida State. The Seminoles lost only two games last fall and both were in intra-state rivals. Miami nipped them 17-16 and they lost to Florida 14-9. Florida State has already beaten last year's Atlantic Coast Conference champion Clemson and Miami whipped Iowa in the season opener. The nod again this year goes to the 'Canes.

Southern California is another team that opens with three straight games on the road. The Trojans were tied by San Diego State (and almost lost it) - then surprised Oklahoma two weeks ago - and now they travel to Seattle to take on our

Neil Simons "Rumors" On Stage

The Eastern New Mexico University Department of Theatre and Dance is gearing up for its presentation of Neil Simon's "Rumors."

Cast members for Rumors are Christina Allen as Cassie Cooper, Linda English as Cookie Cusack, Erin K. Moots as Claire Ganz, Kelli W. Westerfield as Chris Gorman, Terri Wilson as Officer Pudney, Brian Black as Ernie Cusack, Bill Richmond as Lenny Ganz, Greg Robertson as Ken Gorman, Marcus L. Tharpe as Officer Welch and Michael Williams as Glenn Cooper.

The comedy is being directed by Dr. Patrick Rucker, Chairman of the Department of Theatre and dance. Performance dates are Oct. 1-3 at 8:00 p.m. in the University Theatre Center.

In "Rumors", America's funniest playwright, Neil Simon, tries his hand at what "Time" hailed as 'old fashioned, door slamming, crockery smashing farce' with hilarious results.

A deputy mayor of New York

and his wife have invited four couples to their fancy suburban home to celebrate their 10th wedding anniversary. When the first couple arrives, they find the hostess gone and the host lying upstairs with a superficial bullet wound. They try to find what they fear is a scandal from the second couple, who tries to hide it from the third, and so on, until all the guests are caught in a mad melee of rumor and misunderstanding. An off-stage car crash, a therapist who attempts infidelity-suspecting wife, and a disappeared Oriental domestic provide additional grist for the rumor and humor mills.

"Rumors" opened at New York's Broadhurst Theatre Nov. 17, 1988, and was Simon's 23rd play to reach Broadway. Since 1960, a New York season without a Neil Simon comedy or musical has been a rare one. His first play, "Come Blow Your Horn," was an unexpected critical success and launched Simon into a playwriting career which

some critics have called one of the most commercially successful ones in contemporary English speaking theater. Other Simon plays include

"Barefoot In The Park," "The Odd Couple," "Sweet Charity," and the Corral Playhouse's summer title, "The Last of the Red Hot Lovers".

"Rumors" is the first production of the UTC 1992-93 season. The box office opened on Wednesday, September 23. Box office hours are noon to 6:00 p.m. Monday through Friday. Tickets and/or reservations for both productions will be available at that time by contacting the box office at 562-2710.

The 1992-93 UTC season includes "Rumors," October 1-3; "As You Like It" Nov. 19-21; "Mikado" Feb. 18-21; "Crimes Of The Heart" March 31-April 4; and "An Enemy of the People" April 29-May 1. More information on the 1992-93 season is available by calling the college of Fine Arts Promotions Office at 562-2378.

The Birthday Party at the Muleshoe Health Care Center honored Wilmoth Clements, 9/10/1913, Ona Porter, 2/20/1896, Joe Weaks, 9/23/1897, Stella Morgan, 9/28/1899, Homer Millsap, 9/18/1908 for the month of September. The Needmore Community Club hosted the event, with Mr. and Mrs. J.C. Shanks and Debra Noble assisting with the entertainment. Flowers were provided by Kreations by Kathy.

Music Is In The Air

Music is in the air as the Eastern New Mexico University Symphony Orchestra and conductor Rob Radmer prepare to raise the curtain on the 1992 Silver POPS Dinner Concert. Radmer is an instructor of music at ENMU.

The University Symphony League will celebrate its 25th annual presentation of the musical extravaganza Oct. 10 at 7:30 p.m. in the Campus Union Ballroom. This year's theme commemorates its 25th anniversary - Celebrating 25 Years of Musical Excellence.

The Symphony Orchestra will present a Musical Fanfare - Music of the Past 25 Years, in honor of its Silver year. Music lovers of all ages will find something to suit their fancy.

Along with spectacular music, dinner promises to be an event itself. The menu will include stuffed pork chops, twice-baked potatoes, green beans almondine, Woldorf salad, rolls, beverage and Black Forest Cake. The door prize will be two pairs of POPS tickets for 1993.

Tickets for the POPS Dinner Concert are \$18 per person and will be sold at the University Theatre Center Box Office Sept. 30, Oct. 1-2, 5-6 from noon to 6:00 p.m. Ticket sales end Oct. 6.

For mail orders, those interested should send check or money order payable to the University Symphony League and send to POPS Concert, UTC Box Office, Station 37, Portales, N.M. 88130, no later than Oct. 2.

Nancye Gressett of Clovis is President of the University Symphony League. The USL's goal, Gressett said, is to promote the ENMU Symphony Orchestra's concerts and encourage greater attendance; to encourage the participation of more public school children in the school of Music's preparatory program; to increase the USL Endowment for Strings; to provide financial support for preparatory string program and for outreach activities involving the orchestra.

The USL Board is comprised of Nancye Gressett, president; Richard D. Hood, vice-president and mem-

bership chairman; Dr. Donald V. Paschke, secretary; Jim Lyon, treasurer; Robert Radmer, orchestra conductor; Nancy Asbury, ENMU School of Music director; Karen Braswell and Dean Foust, orchestra representatives; Monte Kathleen Salter, Gracella Stewart, and Charles Wade.

More information about the POPS Dinner Concert and/or the University Symphony League is available by contacting Nancye Gressett in Clovis at 762-0619.

Muleshoe Square Dancers

The Muleshoe Square Dancers have had a busy September. Those of you who have not been able to be in attendance have been missed! In September, we danced on the 10th and 24th at the American Legion Hall; also, Wilbur Kalbas had a fun BARN DANCE and watermelon feast on the 17th (there were square dancers from Muleshoe, Clovis, Portales, Ft. Sumner, Elida, Lubbock, and Melrose-approximately 70 square dancers were present).

Harvest of pumpkins and corn are in process, so a lot of our members will be unable to attend square dancing over the next month. So, please come if at all possible! James Pettus will not be able to call on October 8th, as he will be calling in Ruidoso that Thursday. Therefore, we will not dance on the 8th, but will dance again on October 1, 1992. We will not be having a salad supper at the American Legion Hall, as we are having the Benefit Dance on the 24th of October. Please look at your flyer from the Federation for all of the opportunities coming up this next month. DON'T FORGET THE FEDERATION DANCE ON OCTOBER 3rd, PLEASE BE IN ATTENDANCE IF AT ALL POSSIBLE.

Please make an effort to be able to be in attendance on October 1st, as we will start making plans for the benefit Dance scheduled for October 24, 1992 (proceeds to Muleshoe Heritage Foundation).

Health News

Many teenagers this school year could be chanting "there's fungus among us" if they are not careful, says a pediatric dermatologist at Baylor College of Medicine in Houston.

"Athlete's foot is a common fungal disease in young people," said Dr. Andrea Dominey, an assistant professor of dermatology at Baylor. "Teens who wear a favorite pair of sneakers repeatedly or who use school showers are targets for the disease."

Athlete's foot can take on different forms, including a "moccasin" type that forms a dry, white scale on the edge of the soles, or blistering beneath the skin of the soles, the discomfort can be annoying.

Other symptoms of athlete's foot include an irritating itch, a burning sensation, an unpleasant odor and scaling between the toes.

Dominey says teenagers should wear shoes that allow the feet to "breathe," such as athletic footwear with ventilation and open-toe sandals.

"Even though summer is over, some areas are extremely humid and your feet can perspire," she said. "A damp, closed environment is the perfect place for fungus to grow."

Over-the-counter antifungal medications work well, Dominey says, but are ineffective in some cases. A physician may prescribe more powerful medications to combat the problem.

"Foot powders and odor-absorbing shoe inserts may help, but they are not cure-alls," Dominey said. "If the condition does not improve after two to three weeks, see a dermatologist. You could avoid the spread of infection at school and save yourself the discomfort."

Scouts Donate Clothes-Mrs. A.V. Wood, of the Heritage Foundation, accepts clothes recently donated by Wolf Scout Troop # 620 as a community project. They are Michael Tosh, Levi Valdez, Michael Garcia, and Buddy Copeland.

Bridal Shower Honors

Mr. and Mrs. Jimmy Wayne Johnson

A Bridal Shower honoring Mr. and Mrs. Jimmy Wayne Johnson (nee Gin Cornelius) was held Sunday, September 27, 1992 in the Parlor of the First United

Methodist Church in Muleshoe. Guests were greeted by Jackie Scoggin (mother of the groom) and Jan Cornelius (mother of the bride). Jennifer Johnson registered the

guests.

Refreshments of sweet breads and punch were served from crystal appointments by Teisha Akens. The table was dressed in an ecru linen tablecloth donned with a centerpiece of pearl lilies with teal accents in a brass pedestal container.

The bride wore a shoulder crescent shaped silk corsage of teal carnations, accented with pearl ribbon, teal hearts, and white pearls.

The couple was presented with cookware and money from the hostesses.

Special guest was Thelma Howell, grandmother of the bride.

Hostesses for the occasion were: Sherry Barrett, Betty Jo Carpenter, Regena Clarkson, Donna Green, Paula Madrid, Betty McCall, Sheila Stevenson, Peggy Buhrman, Beckye Conklin, Brenda Lackey, Johnett Marlow, Cynthia Noble, Jackie Jean Whatley, Rhonda Carpenter, and Nelda Wilhite.

Who's Old

You can be sure you're growing old if you discover yourself saying "I remember when" more often than "What's new?" -Herald, Clinton, Ia.

Mrs. Jimmy Wayne Johnson (nee Gin Cornelius)

Kerri Thuett and Alan Finney

AARP Report

AARP met in their regular luncheon meeting Friday at noon. The Volunteer Couple of the Year was honored with an award and a bouquet of flowers. The couple was married on May 8, 1933.

They have two sons, Doyle and Max. They have always been active in the church and community affairs. He has taught a Sunday School Class for 41 years, and has been on the Board of Men for 14 years at the Orphan's home at Waxahachie, TX. They also sponsored a little girl at the home, and kept children in their home when they came to visit. In community activities, he was on the Board of Directors of the Bailey County Electric Corporation, and was acting manager until a manager was hired. His wife worked in the office there for several years. In AARP, he has been very active as Legislative Chairman, and she has been hostess many times for our meeting. She is also active in the Dusty Prairie Extension Club. The honored couple is J.T. and Theron Eubanks.

COMMENT NOTES,

Fiber optic cable and digital compression of video signals are increasing the number of channels cable can provide and improving the quality of reception.

More than 462,000 older American volunteers are contributing to their communities through ACTION programs.

There's a blank audio tape available for every recording need, say experts at Sony Recording Media of America.

Magic Markers are celebrating their 40th anniversary and are used in many interesting ways, from marking cattle to touching up nicked furniture and shoes.

December Wedding Planned

Mr. and Mrs. Ronald Thuett of Post proudly announce the engagement and approaching marriage of their daughter, Kerry, to Alan Finney, son of Mr. and Mrs. Bob Finney of Muleshoe.

Kerry is a 1986 graduate of Post High School, and a 1992 graduate of Texas Tech University with a Bachelor of Science in Zoology. Alan is a 1985 graduate of Muleshoe High School and a 1991 graduate of Texas Tech University with a Bachelor of Arts in Music

Performance. Alan is employed by the Farwell branch of Muleshoe State Bank.

While attending Texas Tech, they were members of the "Goin' Band from Raiderland," and the Tau Beta Sigma and Kappa Kappa Psi Honorary Band Sorority and Fraternity for five and six years, respectively.

They plan to wed on December 19, 1992 at the First Baptist Church in Post, and will reside in Muleshoe.

Teacher Spotlight

Leon Hagerman
by Summer Wiley

Leon Hagerman fills many rolls in his coaching assignments at Muleshoe High School. He coaches the boys varsity basketball, JV football, and golf. Hagerman's basic philosophy of life, "Do right", affects his life as husband, father, coach, and friend.

Coach Hagerman received his college degree at West Texas State University, where he majored in Math and P.E. and played football. Prior to attending college, he worked in a machine shop, but he could not escape the strong influence of his high school coach, Gregg Sherwood, and he later made the decision to become a coach. He has been in the education realm for 12 years.

As with all coaches, Hagerman's dream is to win the State Championship in basketball some day. At the present time, however, he does express high hopes for this year's varsity boys basketball team as the team members continue to show improvement. He finds his greatest joy as a coach in the little things such as seeing the students improve and helping them recognize their abilities and to see their excitement as they improve in their chosen sport.

Although he loves coaching, not every experience has been positive. For example, he gave as his most embarrassing moment, the game at Idalou during the 1990 season. He and his team arrived at Idalou and discovered they had forgotten their uniforms; therefore the Black and White Mules had to wear the Wildcats' green uniforms. Adding insult to injury, Hagerman received a ticket while driving the school bus back to Muleshoe.

Hagerman speaks with obvious love for and devotion to his family. He and his wife, Valerie, eloped 9 years ago and have now added Tanner, 7 years, and Molly, 4 1/2 years, to their family. He enjoys doing things with his family, and takes great pride in them. In addition, during his "spare time", he enjoys playing golf, working in the yard, and playing the role of mechanic and/or carpenter.

Reflecting on various incidents and influences in his life, Hagerman commented that the worst experience of his life was when he saw his best friend electrocuted. He and two friends were hunting, and as they raised an irrigation pipe, it came in contact with an electric wire. Apparently, his friend acted as the "ground wire" and was killed. When

speaking of influences, two people have profoundly affected his life. His mother, because of her Christian manner and honesty, has maintained the most influence; in addition, Ed Moore helped him to realize the proper approach to life. His own desire, if he could change one thing about himself, is to "Live a stronger Christian Life". His advise to teens is simply "Do Right".

Coach Leon Hagerman, a strong influence on the climate of Muleshoe High School, summed up his feelings toward the community by stating, "Muleshoe, to me, is a great town."

Ted Johnson
by Woody Villa

Ted Johnson always wanted to be a coach because of the influence of his own high school coaches. He currently fills the position of first assistant head coach at Muleshoe High School.

Coach Johnson attended Sterling College in Kansas, where he played football as a tailback and was line backer on defense. He also was a member of the track team and ran hurdles and the sprint relay; he also competed in high jump for a field event.

Johnson was born September 14, 1958. He met his wife Laura in college when they were in the same class. He still considers Laura to be his best friend. His most memorable moments were when his children were born.

Coach Johnson was looking for a better job when he applied and was accepted at Muleshoe Independent School District. His most outstanding memory of his time in Muleshoe was during the year when Muleshoe beat River Road. His future plans are to coach for years to come.

Reflecting on the past, Johnson commented that, as a child, he remembers climbing trees the day John F. Kennedy was assassinated. He added that JFK's death didn't bother him much as a five-year old child except that it kept him from watching cartoons.

When asked about his outlook on life, Johnson stated that if he could change one thing, he would study harder in high school and college. He added that his favorite book is the Bible. He enjoys listening to singers Rod Stewart and Alan Jackson.

Seventh-Eighth Grade Mules Win Games

The seventh and eighth grade Mules played Lubbock Roosevelt Thursday night in Benny Douglas Stadium.

The seventh grade rolled over Lubbock Roosevelt by a score of 32-0 giving them a 3-0 record for the season. They began their season with a 14-0 win over Idalou and the following week put down Lubbock Cooper 42-0. The match up with Lubbock Roosevelt was the first home game of the season.

Roosevelt took the opening kick-off but faced a tough defensive stand by the Mules and were unable to sustain a drive.

The Mules scored on their first drive when Joe Bob Orozco ran the ball into the endzone from the 16 yard line to put the Mules on top 6-0. The extra point failed.

The second trip for the Mules into the endzone came with only :08 seconds left in the first quarter when Quarterback Michael Woodard ran the ball in from the eight yard line. Once again the extra point attempt failed. At half time Muleshoe led 12-0 over the Lubbock team.

According to their coach, the fourth quarter was their best as they scored three more touchdowns and a two point conversion. Quarterback Layne Kemp passed to Right end Daymond Gossitt in the opening minute of the last period.

Ruben Ruvalcaba from the 25 yard line with 4:12 left in the game. The last touchdown came on an 85 yard run by Johnny Flores. Kemp hit tight end Payton Rennels on a play action pass to gain the two point conversion.

The seventh grade Mules closed the game out on top once again. The coach stated that he was really proud of the defense. They have not been scored on yet and have given up fewer than a dozen first downs in the three games combined.

The eighth grade Mules gained new life Thursday night as they defeated Roosevelt 20-6. This was the first win for this team and the boys played hard throughout the game.

The first quarter was scoreless for both teams, but the Mules found paydirt in the second quarter. Greg Cortez went in from the 15 yard line to score first. Quarterback Jeff Wheeler placed a nice pass in the hands of tight end Jason Rasco for the two extra points. Cortez once again found the endzone on a 60 yard run but the extra point attempt failed. At halftime the score was Muleshoe 14-Lubbock Roosevelt 0.

Opening the second quarter, the Mules received the kick and Ray

Rincon returned it 70 yards for a touchdown. Again the extra point attempt failed. Late in the fourth quarter with less than two minutes remaining in the game, the Eagles scored on a pass play but the extra point effort failed. The final figures showed Muleshoe with 222 yards total offense and 20 points to the Eagles 6.

Their coach remarked that he felt really great about the desire to win the boys showed. He also stated that they made a lot of mistakes and they were aware of them. They were able to put together good offensive drives and defensive stands.

They were inside the twenty yard line on four other occasions but lost the opportunity to score. The coach feels that taking all of this into consideration, the team is just beginning to show just what they can do.

4-H...

Cont. from Page 1

hobbies, 4-H has a wide range of activities and projects available to meet those interests. These might include photography, gardening, gun safety, energy conservation or housing, plus many more along with the livestock, cooking and sewing projects that may be more familiar.

Four-H is an activity that parents and children can share, and this is what makes 4-H so special. There are many activities available, but few which promote the parent-child relationship.

There are many other advantages that can be gained from becoming a 4-H member, but here are two:

First, is the opportunity for all 4-H'ers to work with and help younger members on various projects while learning from older members. Leadership is strongly emphasized.

Second, is the opportunity to serve others in the community. Four-H has a strong commitment to serve, which should be emphasized when children are young.

Mules...

Cont. from Page 1

Gonzales raced down the field 28 yards putting the Mules into scoring position. A two - point conversion attempt failed and the game stood Mules 34-Eagles 20.

With :59 left on the clock, the Eagles added the final score in the game with a 33 yard pass. A two point conversion try was no good and the game ended Muleshoe 34-Eagles 26.

MONDAY AFTERNOON ACCIDENT--- At 5:05 p.m. Monday afternoon Atanacio Martinez was driving west on American Blvd. in a U.S. Mail truck when he collided with an east bound Wagoner station-wagon driven by Joe Hilton of Texico. (Journal Photo)

City Police Report

Over the past few days the Muleshoe City Police Department has been kept busy with various incidents.

A wallet containing \$200 in cash and a 'Green Card' was taken from one residence.

In other incidents arrests were made on the following charges: Driving While intoxicated; Traffic Warrants; and Public Intoxication.

A door and window was broken at the Co-Op Elevator, one car was egged and items were taken from an unlocked vehicle.

Adding to the other activities three accidents were investigated.

One of the accidents occurred at 5:03 p.m. Monday when a Grand Wagoner Stationwagon driven by Joe A. Helton of Texico, New Mexico struck a 1976 Malibu Classic driven by Benigno Guerrero Codenz of Muleshoe in the 1800 block of American Blvd.

Helton then continued East on American Blvd and struck a U.S. Postal truck driven by Atanacio Martinez at 5:05 p.m. in the 800 block of American Blvd. Helton was taken to Muleshoe Area Medical Center by Muleshoe Ambulance Service.

Saturday afternoon, Muleshoe City Police were called to the scene of a two vehicle accident in the 300 block of West American Blvd.

Picnic Tables Added To MHS Campus

The ten new picnic tables adorning the Muleshoe High School campus are a shining example of teamwork in action.

In 1991, the MHS school board requested an architect to draw up plans for an outdoor student commons area at the high school.

When the plans were drawn, they were submitted to the MHS student council. The student council came up with a counter-proposal for picnic tables at various sites on campus.

Funding for the project was somewhat of a problem until an "angel" appeared in the form of Mrs. Doyce (Janelle) Turner.

Mrs. Turner, a parent-sponsor of the Senior Class of 1991, came forward with a donation of \$1,155 from the Class of '91.

This gift from the class of '91 allowed the purchase of the tables this summer, leading to their installation in early September.

In a recent letter of thanks to the administration the MHS student council noted "They look great and really perk up our school. They make the students have more pride in our school".

It has been observed that the students are using the tables daily, and are keeping them clean and graffiti-free.

EMPLOYEE OF THE MONTH---Mike McDearmon presented the traveling trophy to Dolores Torres Friday morning as members of the Chamber of Commerce, along with Mayor Robert Montgomery look on. Ms. Torres has been named Employee of the Month by the Muleshoe Chamber of Commerce and Agriculture. She is an employee of Joe's Boot Shop.

Services For Harvey Hudnall Held Wednesday

Services for Harvey Hudnall, 73, of Farwell, TX, were held at 2:00 p.m. Wednesday at the First Baptist Church with the Rev. Rick Sullivan, pastor, and the Rev. Robert Brown, pastor of the First Baptist Church of Texico, N.M. officiating.

Burial was in Castro Memorial Gardens at Dimmitt, TX.

Hudnall died September 27, 1992 at Muleshoe Area Medical Center after a lengthy illness.

He was born March 23, 1919 in Leetown, Ky. He married Lois Faye Heath on July 3, 1938 in Lazbuddie, Tx.

Harvey had been a resident of Farwell, TX, since 1974, moving there from Texico, NM. He also lived at House, NM. He was pastor at Rosedale Baptist Church, Rosedale, NM. Harvey graduated from Wayland Baptist University in 1949, and was ordained July 28, 1946. His first church to pastor was Fairview Baptist Church in Crosby Co. Other churches he had pastored were Fairmont Baptist Church; Salem Baptist Church, Tulia, TX.; First Baptist Church, House, NM; First Baptist Church, Fields, NM; and also at Ima and Hassel, NM.

Survivors include his wife; one son, Wayne Hudnall of Baton Rouge, La.; three daughters, Nancy Carol Warrick of San Antonio; Janell Jordan of Farmington, NM; and Sue Harmon of Portales, NM; eight grandchildren, Renee of Shallowater, TX; J.W. Warrick of San Antonio, TX; Bob Harmon of Texico, NM; Brenda Hammond of Hobbs, NM; Bryce Harmon of Riverbank, Ca; Dric Hudnall of Baton Rouge, La; Justin Jordan of Farmington NM; and six great-grandchildren, Kyle and Bryan Dilbeck of Shallowater, TX; Jason and Jeffery Hammond of Hobbs, NM; Kayci Harmon of Texico, NM; and Rachel Harmon of Riverside, Ca.

He was preceded in death by his parents, a son in law, and a granddaughter.

The family suggests memorials to Baptist Children's Home in Portales, NM.

Truth, though the Heaven crush me for following her.

Services For W.C. Masten Held Tuesday

Services for W.C. Masten, 72, of Amarillo, were held Tuesday, September 29, 1992 at the First United Methodist Church with the Rev. Jim Hawthorne, pastor, officiating.

Burial will be in the Sudan Cemetery.

Masten died September 27, 1992 at his residence.

He was born February 1, 1920 in Montague Co., Tx. He married Betty R. Glenn December 23, 1939 in Lubbock, Texas.

Masten had been a resident of Amarillo since 1988, moving there from Sudan, TX. He had lived at Sudan from 1929 to 1988. He was a farmer, a veteran of WW II, serving in the Army. He was a member of the First United Methodist Church of Sudan.

Survivors include his wife; two sons, Dale Masten of Durango, Colo. and Danny Masten of Amarillo, TX; two daughters, Glyn Harrison of Sudan, TX and Gale West of Littleton, Co.; three brothers, James Masten of Wellington, TX., Bob Masten of Morton, TX., and Donald Mac Masten of Morton, TX.; one sister, Charlene Wood of Morton, TX.; eleven grandchildren; and two great-grandchildren.

Claudine Embry, Lynda Low, and Laverne James came to shampoo and set the ladies' hair. Mandy Edwards gave manicures.

Wednesday morning Melvin Griffin hosted the men's Coffee Time. Special guest was Bob Jones.

The Family Support Group will meet Monday, Oct. 12 at 7:00 p.m. in the Conference Room. The film, will be available to be shown. Any interested party is invited to attend.

Thursday morning David McIntire, Clara Lou Jones, Rue Kimbrough, and Zora Mae Bellar conducted our devotional time.

Thursday afternoon Grace Scarbrough, Winnie Berry, Gladys McAlister, J.E. Embry, Erevin Nieman, and Shelby Murphy came to play skip-bo and dominos with the residents. Grace Scarbrough made and brought Rice Krispie treats for refreshments.

75th Panhandle South Plains Fair Begins Sat.

The 75th "Diamond Jubilee" edition of the Panhandle South Plains Fair will kick off at 10:30 a.m. Saturday with the annual Parade of Bands through downtown Lubbock, followed by a ribbon cutting ceremony at 11 a.m. at the main entrance gate just south of Fair Park Coliseum.

The ribbon cutting will include a brief program commemorating the official opening of the 75th annual extravaganza and will include Chamber of Commerce, county and city officials.

The parade, coordinated by Doyle Gammill, L.I.S.D. music coordinator, will begin at the intersection of Avenue N and 13th Street and march north one block to Broadway, turn right and march east on Broadway to the fairgrounds.

This year's parade will feature the Lubbock County Sheriff's Department Color Guard, Fair Association Directors and officials and bands from 19 area schools.

The parade will be staged in the following order: Lubbock County Sheriff's Department Color Guard; Fair directors and officials; Loop; Lubbock Christian; Nazareth; Ropes; Wilson; Klondike; Lorenzo; Spur; Petersburg; Whiteface; Sudan; Seagraves; Post; Abernathy; Idalou; Olton; Sundown; and Denver City.

Denver City will be trying for its 19th consecutive "Outstanding Band" award. Last Year's Class A winner was Sudan. Class AA was won by Sundown and Denver City took the

Navy Seaman Recruit William Nickell Completes Basic Training

Navy Seaman Recruit William A. Nickell, son of Judi V. Campbell of 301 E. Elm, Muleshoe, recently completed basic training at Recruit Training Command, Great Lakes, IL.

During the cycle, recruits are taught general military subjects designed to prepare them for further academic and on-the-job training in one of the Navy's 85 occupational fields.

Studies include seamanship, close-order drill, naval history and first aid.

The 1988 graduate of Muleshoe High School, joined the Navy in June 1992.

Class AAA honors.

Bands will not be allowed to stop or flip and perform in front of the judges' stand, which will be on the balcony of the Pioneer Retirement Hotel at Broadway and Avenue K. Violation of this rule will result in disqualification.

Buses will park on the First United Methodist Church parking lot, on 13th Street between Avenues N and M. for unloading. After unloading, buses will be driven to the fairgrounds and parked on the Broadway parking lot behind the fair office.

Parade results will be announced at 1:30 p.m. on the Outdoor Stage.

The fair will offer a full slate of entertainment throughout its eight-day run, with Fair Park Coliseum offering shows by Hal Ketchum and McBride & the Ride, Sawyer Brown, La Toya Jackson, J.D. Sumner & The Stamps with the Chuck Wagon Gang, Emilio Navaira, Marty Stuart, and Tanya Tucker.

The finals of the South Plains

Texas Panhandle Quail Unlimited Annual Banquet To Be Held October 17

Thank You

We, the family of Rudolph Moraw, wish to express our heartfelt thanks to all our many friends and neighbors who reached out to us during our time of sorrow. Mere words cannot adequately express our appreciation for all the calls, visits, cards, flowers, memorials, and food that we have received. We are never prepared for the loss of our loved ones, but the love that surrounded us at Rudolph's death helped each of us get through this very difficult time. A special thank you goes to the people who live in Precinct 4 - Bula, Enochs, Needmore and Muleshoe. Each of you gave Rudolph 20 years of support - support that was very important to him. We also wish to thank Todd Ellis and the staff of Ellis Funeral Home for easing our pain in such a professional, but very personal manner.

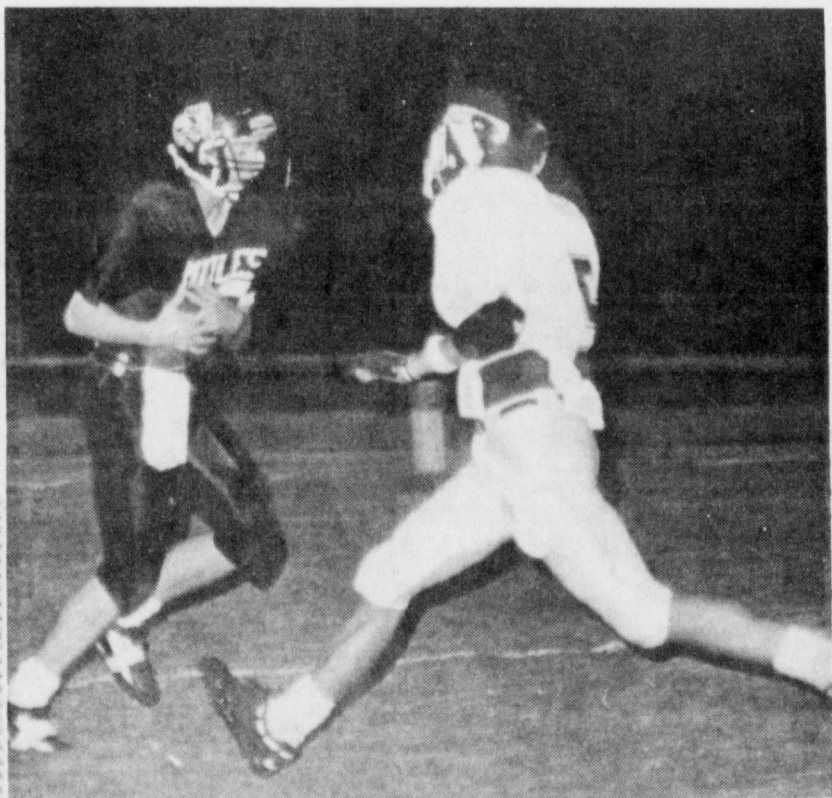

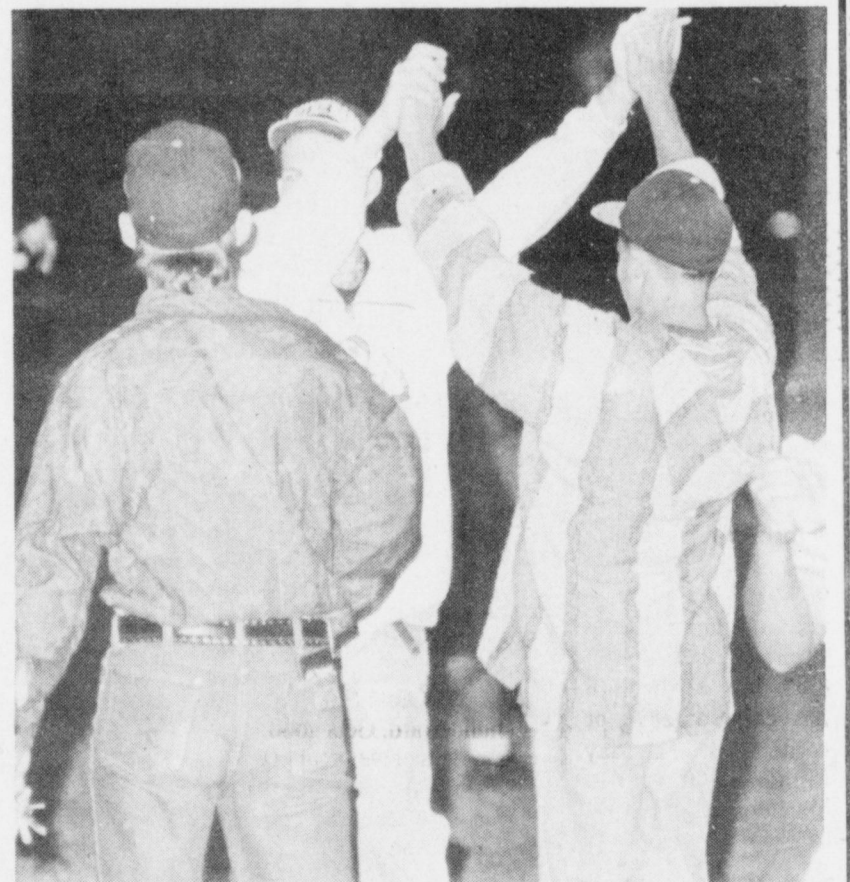

We will miss Rudolph very much, but knowing he was respected in the community where he lived and served gives us much pride and peace in our hearts.

Curious about interesting animal facts?

• Why do polar bears have flat, broad feet with fur on the bottom?

Similar to all living species, the evolution of polar bears has allowed them to adapt to their environment.

The fur on their feet prevents them from slipping on the ice. The broadness of their feet prevents them from sinking into soft snow. And their strong claws enable them to dig into the ice.

• The sea cucumber is a very strange creature. It will throw all of its internal organs at an attacker, and will still live.

Because the organs can not be drawn back into the body, the sea cucumber has to grow a whole new set!

• The nose of a camel is lined with an absorbent tissue that recycles two-thirds of the moisture it inhales!

• The camel does not store water in its hump. The reason the camel may go for longer periods of time without drinking is because of the way the camel's body tolerates and emits heat.

For example, when you become very hot and begin to perspire, it is because your body needs to cool down.

The camel can tolerate a much higher body temperature than humans, allowing it to retain water even though the air is very hot.

The camel also can tolerate a lower body temperature. This enables it to withstand cold during the night, while its body cools down from the day's heat.

• North American wood turtles have learned to dance for food. By stamping their feet on the ground, vibrations cause earthworms to surface. Presto! It's a quick supper!

• Talk about women's lib! Antarctic penguins have interesting male and female roles.

It is the male penguin who stays home, while the female goes out to search for food. The journey usually requires about two

months, and covers more than 100 icy miles!

• The North American wood frog freezes during cold winters. Two-thirds of its body water turns into ice, and its heart stops.

Why doesn't it die? Because its cells are preserved.

Water drains from the frog's cells. Then the cells are surrounded with a natural sugar, called glucose, which serves as an anti-freeze. (If a frog is cut when in this state, it will not bleed.)

Ask the Vet Dr. John Paul

Dear Dr. Paul, I have a nine-year-old cat that has been having diarrhea for the past two months. Our veterinarian hasn't been able to stop it. He says she doesn't have worms. She's eating well but drinks lots of water. I don't know what to do. Please help.

Diarrhea is a clinical symptom of some underlying cause. One could construct a long list of the conditions which cause diarrhea. The conditions can vary considerably and could include nutritional causes, parasites (including protozoa as well as worms), bacteria, viruses, fungi, metabolic and nervous disorders and even tumors. I would suggest that you go back to your veterinarian and discuss the possibility of having your cat referred to a specialty practice or a veterinary teaching hospital if there is one close by. With the proper expertise and facilities, the diarrhea problem can probably be solved or at least better understood. But you must be aware that the referral diagnostic process probably will be rather expensive. It is good that your cat is drinking lots of water to make up for the fluid lost in the feces.

Dear Dr. Paul, We have a fluke problem in our cattle (beef cows). We are treating for them, but it doesn't seem to do any good. What should we do?

If you have flukes in your beef cows, I'll assume you are located near the Gulf Coast or the far Northwest. If you are not in one of these geographic regions, you may want to verify the diagnosis of fluke infection. Fluke eggs do not show up on the commonly used

fecal examinations, but your veterinarian should have access to a special fecal examination for fluke eggs. Of course, liver flukes can be found in the bile duct with postmortem examination. If you confirm your cattle have flukes, be aware that there are only two compounds on the market that are approved and effective for removal of cattle flukes: clorsulon and albendazole. Both compounds are effective against adult flukes, but only a full dose of clorsulon is effective against the immature flukes. If you are not using the right product at the right time, you'll continue to have fluke problems. I recommend you check with your veterinarian or extension cattle specialist for the correct information in your area.

Dear Dr. Paul, For the past three to four weeks, our German Shepherd appeared to be pregnant although we are sure she was not bred when last in heat about three months ago. Her mammary glands are developing, and she seems to be quite jealous of her "nest". What can you tell us about her behavior?

You have described the classic signs of false pregnancy. This is a normal phenomenon which often occurs about three to four months after estrus (heat) in the non-spayed, non-pregnant bitch. In addition to mammary development, there may also be some mammary secretions. The nesting behavior you described is typical, and it is not uncommon for the pseudopregnant dog to "adopt" a toy or other small animal. The animal's behavior may be irritable or depressed, and she may even go off feed. In most cases, the condition resolves itself spontaneously. In severe cases, your veterinarian may prescribe hormone therapy. If problems persist, spaying may be the only permanent solution.

Muleshoe Journal

This may sound old-fashioned but it still thing some educators pays to buy at home. Truth is the last want to teach.

This is the season for beauty contests and contests and don't get test judges. What you don't expect and don't get doesn't disappoint you.

8. Real Estate
