Newty Moore Chalks Up Sixth Straight Win to Beat Lockney

The Littlefield Cats added another scalp to their list last Sunday afternoon, when the Lockney team was turned back with a score of 6 to 3 in one of the best played games of the season.

Moore, local mound ace, pitched great ball, and kept the visiting nine hits well scattered, while the Cats were held in check to eight safeties by Mathis, of Lockney, who showed real form. Hitting with men in scoring positions spelled victory for the Cats, and Moore's ability to cut down the opposition when it looked like anybody's ball game, was also a deciding factor for the winners.

The home club put one tally across the home plate in the first inning when M. Ratliff singled to center, stole second, advanced to third on infield out and scored on fielder's choice. Two more scores were marked up in the second frame when Cox was safe on an error, Walker drew base on balls, and a bouble steal was pulled, both men advancing and scored on Art Mueller's single through third.

On hits by Champion and Smith, an error and two infield outs, the visitors got their first score in the third inning.

The game was a pitcher's battle throughout, Moore having the better of the argument most of the way. With the bases full at two different times, Moore proved to be the Master pitcher by striking out men in the pinches. His total for the afternoon was 13. Hanks and Cox hit homers for the Cats that counted largely in the scoring for the day.

Roswell Here Sun. and Mon.

The Roswell baseball club will come to Littlefield next Sunday and Monday for a two game series with the Cats. The local team and fans are expecting to see one of the fastest nines in action when the New Mexico Champions invade the local ball park. In two games played in New Mexico last season the Littlefield club lost to Roswell 5-3, and defeated Arboles 3-1 in a 10 inning game. These two games were real contests, and Roswell has an even stronger line-up this year. The Roswell club is a salaried ball club, and will no doubt give the Cats the two hardest games played this year. Local fans can not fail to miss these two games. They will be called at 3:00 p. m., Sunday and Monday, June 1 and 2.

SALES HEADS THE ROTARIANS COMING YEAR IN LITTLEFIELD

The newly elected board of directors of the Rotary club met Thursday afternoon at four o'clock, in the office of the secretary, J. S. Hilliard, and officers for the new Rotary year, beginning July 1st was elected.

Those named were: President, F. S. Hilliard; Vice-President, R. T. Badger; and J. S. Hilliard was reelected secretary and treasurer.

Population Increase Proves Popular Theme As Reports Come In

Figuring percentages and discussing population increase of towns and counties in West Texas is the prevailing pastime of many citizens since Uncle Sam's census enumerators have begun turning in their reports to district managers.

Reports given out last week show Hockley county with a population of 9,297 for 1930, whereas in 1920 the population was only 137.

Cochran county, one of the newest organized counties in the state, showed a population this year of 1,963, whereas for 1920 the population was only 67.

County	1930	1920	Gain
Hockley	9,297	137	9,160
Cochran	1,963	67	1,796
Kent	3,851	3,365	486
Haskell	16,643	14,193	2,249
Dawson	13,558	4,309	9,249
Dickens	8,630	5,876	2,804
Garza	5,586	4,253	1,333
Borden	7,505	965	540

Total 61,033 33,165 27,918

At the same time, the farms in the seven counties, as enumerated, were 9,112. No comparative figures were given on these statistics.

By counties, the farms enumerated were: Hockley, 1,340; Cochran, 285; Kent, 589; Haskell, 2,269; Dawson, 2,218; Dickens, 21,224; Garza 796; Borden, 291.

Towns in This District

In the Plainview district, O. M. Unger, supervisor, the following figures have recently been given out:

Plainview, with a population of 8,834, is the largest in the district. Quanah, with 4,464, is second, and Littlefield, with 3,218 is third.

Following are figures which Mr. Unger has made public:

Plainview, 8,834; Quanah, 4,464; Littlefield, 3,218; Paducah, 2,802; Floydada, 2,636; Tulia, 2,202; Chillicothe, 1,610; Lockney, 1,469; Matador, 1,309; Sudan, 1,014; Hale Center, 995; Turkey, 975; Estelline, 950; Quitaque, 945; Silvertown, 873; Dimmitt, 830; Muleshoe, 779; Happy, 725; Abernathy, 675; Olton, 684; Petersburg 548; Roaring Springs, 405.

Instruction School of Eastern Star Will Be Held Lubbock June 4

A school of instruction in esoteric work will be held for members of the Order of Eastern Star, district two, at Lubbock, Wednesday, June 4.

The program embodies music, addresses, drill in secret work, exemplification of degrees, study of ritual and a question box.

Among the guests of honor to be present will be Mrs. Beulah Rawlings, worthy grand matron; Mrs. Maud Ripley, Grand Examiner; Mrs. Eula Brown, district deputy grand matron, Mrs. Minnie Woodall, deputy grand matron, and others.

The address of welcome will be given by Mrs. Minnie Nelson, and the response by Mrs. H. W. Wiseman, this city.

All members of the Eastern Star are urged to attend, bringing with them their rituals, constitutions and receipts for dues.

POPE CASE CONTINUED

Trial of John M. Pope in connection with the closing of the Southland Bank which was set to come up during a hearing at Post last Monday during a special term of the District court, was postponed until Thursday of this week, and will probably be postponed until next Monday, according to Attorney E. A. Bills for the defendant, the delay being occasioned by a motion on part of the district attorney.

A civil suit against John Heard, growing out of the same cause, was also set to be heard the first of next week.

The average husband and wife simply were not made for bridge partners.

This country would be far more beautiful if a lot of "nature lovers," spent as much time pulling weeds as they spend pulling other people's flowers.

And She's Out of Reach

By Albert T. Reid

THOUGHTS ON MEMORIAL DAY

Once again, in the course of time, the nation pauses for a day, set apart in the honor of, and to commemorate, the brave sons of this republic who have, in the past, sacrificed their lives on the altar of liberty.

It would be tragic indeed if those of us now living, who have enjoyed the blessings of a great nation, should forget the supreme service that has been rendered, and allow the dead past to bury glorious heroism and noble patriotism.

The blind worship of war, now gradually being discarded, should not be confused with the proper recognition of duty well performed, or hinder a grateful people in paying homage to those who responded in the hour of national peril. Whatever may be our idea about the abolition of war the men who gave themselves to meet dangerous emergencies deserve the appreciation of their posterity.

The Leader joins with its readers in calling attention to the purpose of Memorial day and gladly halts labor to direct public attention to the virtue and valor of American soldiers, sailors and marines. May those of us, now living in peace, practice in daily life the same patriotic impulses which moved them and unselfishly give ourselves to the service of our state and nation, to the end that this republic shall well and truly be, "of the people, by the people and for the people."

Commercial Body In Discussion Of Many Matters of Interest

J. S. Hilliard, past president of the Littlefield Chamber of Commerce, struck a popular chord at the Tuesday noonday meeting when he condemned in forcible language the practice of allowing automobile wrecks to clutter up the streets and vacant down town lots, citing special instances where such accumulation was not only unsightly but actually dangerous to traffic. A committee was appointed to confer with Mayor Jones in an effort to remedy the situation.

J. W. Hammock urged immediate action in obtaining the \$7,500 guarantee for a cotton division federal classer to be established here, stating many of the farmers of this section would be glad to join in the guarantee.

J. C. Hilburn stated the ladies of various civic organizations were ready to co-operate in the beautification of Lakeside park, and it was suggested by Secretary J. W. Hale that the work be divided among the various service organizations of the city for accomplishment. T. Wade Potter, J. F. Bumpass and Dr. M. V. Cobb were appointed a committee from the chamber of commerce to act for that body.

It was stated that about 15 citizens from here would attend the annual meeting of West Texas Chamber of Commerce, Abilene, which began today.

Rev. Grizzle imparted the sad news that the ladies of the Baptist church would no longer be able to serve the body with noon-day luncheons, and a

CITY COMMISSIONERS TO BUY NEW PUMP FOR WATERWORKS

At a meeting of the City Commission held last week R. E. McCaskill was appointed to procure data, prices and general information looking toward the purchase of a new pump for one of the first wells put down for municipal use.

The Commission recently placed an order for two cells for the jail to be located in the new City Hall now being constructed, also purchasing the run-around. There is room for six more cells in the jail.

The sum of \$1,680 was also authorized for the purchase of office equipment, such furniture and other equipment to be used in the offices of the mayor, city clerk, police department, ladies rest room and the court room.

A committee was named to find another place to eat.

It was announced that the annual meeting of the Littlefield Chamber of Commerce for the purpose of electing officers for the coming year, would be held the night of June 10th, as prescribed by the organization's constitution and the Secretary was instructed to make the necessary preparations for such meeting.

R. A. Davis announced that C. E. Crain, former director of the Sudan and Morton bands, had been employed to direct the Littlefield band; that he would move here immediately, and that a concert would be given on the streets Saturday afternoon.

The matter of resuming trades day was discussed and a committee consisting of R. E. McCaskill, J. H. Cain, R. A. Davis, T. S. Sales and J. W. Hale was appointed to complete arrangements.

NO "BEER HEAD" CASES ARE KNOWN IN LITTLEFIELD

"Every once in a while I see a case of 'swell head' remarked Sheriff Len Irvin, but I have not official knowledge of any 'beer heads' being in Lamb county," he said.

"Beer head" is supposed to be the latest fad of fashion among intoxicated persons prohibited by the Volstead act. Just who named the disease is not known, in fact, none of the county officers residing in Littlefield seemed to have any official knowledge of the new disease of elephantine incinations.

The disease, according to report, is said to come from drinking home brew, and produces a swelling of the head, in some instances the skin surrounding the skull becoming so struted as to almost burst. Like "jake paralysis," its cause is still a mystery. Analysis has been made of various quantities of confiscated home brew in different towns of this section, but the germ, microbe, parasite, poison or peculiar chemical combination causing the super-swelling of the cranium department of the homo genus has not yet been discovered.

Unofficially one or two cases have been reported in this vicinity, but doctors interrogated, true to their professional ethics, disavow any information and no one seems to have any official knowledge of any victims in this section. Cases have been reported in the papers at Borger, Pampa and Amarillo and some other smaller towns in West Texas.

LIONS INVITE SUDAN CLUB

The Lion's club met Friday in the basement of the First Baptist church, at their regular luncheon.

Dr. T. B. Duke presided over the meeting due to the absence of the president, and a committee was named to see about getting a city or county hospital located in Littlefield. Dr. Duke was named chairman of the committee.

A decision was made to invite the Kiwanis club, of Sudan, to put on the program at the Lion's club meeting in the early part of June.

Rev. Joe L. Grizzle, who was a guest of the club and Rev. R. B. Freeman put on a burlesque argument, which seemingly was true but turned out to be a farce.

RAIN AT SUDAN

A heavy shower of rain was reported northwest of Littlefield last Monday evening, beginning about two miles east of Sudan and extending west toward Clovis, and north into the Earth section.

Scouts Promoted And Give Program at The Meeting of Rotarians

The Rotary club met Thursday at their regular weekly luncheon at the Methodist church with 28 members present, also a number of guests.

Dr. C. C. Clements, the president, announced the annual election of directors and a committee was appointed to distribute and take up the ballots, when it was found that the following members were elected as directors for the Rotary year beginning July 1st: R. T. Badger, J. S. Hilliard, J. H. Ware, J. C. Hilburn, Joe F. Grizzle, Dr. C. C. Clements and T. S. Sales.

D. T. Jennings, Lubbock Scout executive, was present together with two Boy Scouts from Lubbock and 21 scouts from local scout troops Nos. 25 and 26 staged a court of honor to demonstrate their work in scoutcraft.

Jennings delivered the charters for the two troops to J. S. Hilliard and F. G. Sadler, chairmen of the troops committee. He then presented badges to 16 of the scouts from these two troops, after which the following exercises were put on, displaying Fire Building; Mike Crenshaw and their scout ability by the following: Clarence Mast, of Lubbock; Signaling Carson and Emory Glass; First Aid Bandages; Sidney Lucas and Bobby McCaskill.

Second class badges: Cecil Hall, Emory Glass, Lee Beckner, Otis Connell, David Glenn and Leon Stansell.

First class badges: Linton Smith, Marshall Burleson and Carson Glass.

Merit badges: Sidney Lucas was awarded five badges, which advanced him to a Star scout; Bobby McCaskill and Carson Glass were awarded four badges each.

Scoutmaster H. B. Teal, of troop No. 25, was in charge of arrangements for the occasion. He is deserving of much credit for the enthusiasm he has manifested in the work of the Boy Scouts in Littlefield and for the rapid progress in advancement they have made during the past few months.

Joe Watson has been appointed Scoutmaster for troop No. 26, who will assist in the future work of the troops.

Additional guests attending the meeting were: Rotarian C. C. Crenshaw, of Lubbock, W. E. Ferguson and Bob Strickland, of Levelland.

Legion Plans Fourth Of July Celebration To Visit Slaton Post

The Richard New post of the American Legion met in regular session Monday evening at the Presbyterian church.

A number of items of importance were discussed, wherein plans were made to advertise the picnic which is to be held here July 4th, and a committee composed of Jim Powers, W. C. Barnes and Lon Humphries, was formed to look after the advertising, and the amount to be spent for that cause was decided upon.

A letter was read by R. E. Riley from the American Legion post at Slaton, which urged the local post and auxiliary to send a large delegation to the district convention to be held at Slaton June 14 and 15. Plans will be formulated at the next meeting to send a delegation, it was decided.

Legion caps were received last week by 12 members, and an order was placed for an additional number.

During the Legion meeting, which was held in the auditorium of the church, the play, "Corporal Eagen," which is being sponsored by the American Legion auxiliary, was being rehearsed in the basement of the church, and at the close of the Legion meeting the members and about 130 additional guests, who had taken part in the entertainment, were served to ice cream and cake by the members of the Legion auxiliary.

LITTLEFIELD 4-H CLUB

The club girls will meet at the Baptist church the first and third Wednesdays of each month, since school is out. Mrs. Zed Robinson will sponsor the club. All girls please bring their work boxes and meet at 2:30, p. m. June the 4th.

Legionnaires To Sell Poppies Here Saturday Made By Sick Soldiers

The American Legion auxiliary will devote Saturday to the selling of poppies in Littlefield. About one half of the number of poppies the auxiliary had on hand for sale, were sold last Saturday.

Saturday will be "Poppy Day" throughout the United States. On this day millions of Americans will wear the little red poppy in memory of the men who gave their lives in the World War. The poppy worn on that day will be an outward symbol of the reverence of those who hold

that memory. Every one of the ten million poppies which the American Legion and American Legion auxiliary will offer to the public on that day have been shaped by the fingers of some disabled veteran. Only men who receive little or no compensation have been given the work and the money which they have thus been able to earn has been of great assistance to them and their families.

The poppy making has a beneficial effect in addition to the money it enables the veterans to earn. The hours for sick men in the hospitals are long and monotonous. In idleness their minds are prone to dwell on the more unpleasant thoughts and of their disabilities. But men whose fingers are

busy with bright red poppies do not give themselves up to depressing worry. The hours are made shorter for them and they are given a new interest in life. The occupational therapy departments in the hospitals recognize the poppy work as having high therapeutic value.

Veterans with any form of communicable disease are not permitted to make poppies. In some cases the work is given to the wives of these men, special workshops being established for them outside the hospitals. The money they earn helps them keep their families together until their husbands can recover health and again become wage earners.

The original making of the poppies was by French women and children and they were made of silk, which was later adapted by the American soldiers and crepe paper is used for their construction.

WORK AMONG NEGROES

Mrs. G. S. Glenn, superintendent, social service work of the Missionary society, Methodist church, and her committee, have been doing some splendid work among the negroes, of Littlefield.

A missionary society has been organized among the negro women and they have been given mission books by the women of the local Missionary society, who have also distributed Epworth league literature for their benefit.

The women of the society have also been teaching the negro women better sanitation and cleanliness in their homes, which has been gratefully received and a permanent good is hoped as a result.

TABERNACLE W. M. U.

The W. M. U. of the Tabernacle Baptist church met Monday afternoon in regular session, at the church.

The hour was spent in quilting, at the close of which dainty refreshments consisting of sandwiches, cake and punch were served by Mrs. M. H. Briggs to the following: Mesdames Lee McLaughlin, M. M. Green, R. L. Ford, E. Griffith, R. L. Busher, Lillian Ford, J. D. Evans, W. G. Terrell, J. O. Connell, Bob Cox, J. H. Bivins, A. B. Green, J. S. Mills, James W. Smith S. M. Pruitt, E. W. Franz and 11 children.

METHODIST MISSIONARY

The Missionary society of the Methodist church met Monday afternoon in regular session and a very interesting lesson from the Mission book was led by Mrs. H. B. Teal.

Those present were: Mesdames W. C. Thaxton, H. B. Teal, G. S. Glenn, R. B. Freeman, Luther Kirk, Van Clark, D. G. Hobbs, J. H. Cain, B. L. Cogdill, J. T. Elms, A. G. Hemphill and W. H. Gardner.

BUSY BEE CLUB

Our club met with Mrs. Emzy Hobbs last Tuesday. Miss Maashburn was present and discussed children's clothing.

We had 13 present and four visitors. Our next meeting will be with Mrs. Young, Tuesday, June 3rd. The Council meet will be June 7th, at Amherst. All members are invited to attend, for an extra demonstration of cheese making.—Reporter.

"Ma" Ferguson With a Dry Plank for Governor

Adopting the platform of her husband, held ineligible to hold office by the Supreme court, Mrs. Miriam A. Ferguson, wife of former Governor James E. Ferguson, last Saturday formally announced her candidacy for Governor.

She announced she would accept her husband's platform "with only one change."

For Dry Law

"Instead of promising to veto all liquor legislation as he promised to do, I want to strengthen our liquor laws and see if some improvement cannot be made in their enforcement," she said. We who have been prohibitionists all these years have suffered much discouragement recently and I want to see one honest effort made to outlaw the liquor traffic before we give up the struggle."

Mrs. Ferguson served as Governor from 1925 to 1927, having been defeated for reelection by Governor Moody, who was Attorney General during her tenure. She was elected in 1924 after James E. Ferguson, impeached and removed from the Governor's office during his second term in 1917, was refused a place on the ballots.

Ruling Made Friday

The Supreme court Friday held that Ferguson's impeachment had disqualified him from again holding office and refused to issue a mandamus to compel the State Democratic executive committee to place his name as a candidate for Governor on the primary ballots.

SEALE BUILDS NEW BRICK FOR NEW GROCERY LOCATION

Mid Seale is this week having a brick building, 25x80 feet constructed on the lot between the Buick sales room and Evins Dry Cleaning plant which, when completed will be occupied by a grocery store.

J. D. Shotwell, of Sentinel, Okla., has closed a lease with Mr. Seale for the building, and expects to occupy it about the 15th of next month.

MISS BELL ENTERTAINS

Edna Bell Gillette entertained a number of her friends with a party Friday evening, at the home of her parents, Mr. and Mrs. W. W. Gillette.

Various games were played at the close of which refreshments were served to the following: Jocelyn Lambert, Earnestine Cundiff, Jack Harvey Dorothy Newgent, George Glenn, James Richard Cundiff, John Paul Davis, Nineva Thornton, Madine Kimmel, Lee Beckner, Linton Smith, Jim Frank Testers, Volle Dalton, Edwin Gerald Gillette and the hostess.

FIRST BAPTIST W. M. U.

The W. M. U. met all circles together at the church Monday afternoon in a business session and mission study.

Mrs. J. F. Grizzle led the devotional followed by a prayer by Mrs. Howard, after which a round table discussion on the Bible was carried out.

The ladies will meet in their respective circles next Monday in an industrial meeting.

BABE AT EARTH DIES

The infant son of Mr. and Mrs. O. B. Mudd died at the family home, one mile south of Earth, Monday.

Funeral services were held Tuesday, Rev. Charles Dyorak, of Littlefield officiating. Interment was made in the Spring Lake cemetery.

Burleson & Co., Inc., undertakers, were in charge of arrangements.

BAUCOM BOY DIES

Joe Baucum, age 7 years, succumbed to pneumonia Sunday afternoon, at the home of his parents, Mr. and Mrs. John Baucum, who reside in the north part of town.

Funeral services were held Monday afternoon at Carlisle, where remains were taken for burial.

Burleson & Co., Inc., undertakers, were in charge of arrangements.

BEE CAUSES WRECK

Newcastle, Pa.—one autoist was killed and three injured when a bumblebee flew into an automobile causing the driver to lose control of a car.

Home Projects Form Interesting Part Of Work in Lfd. School

Each student in Home Economics is required to carry on at least one major home project each semester. A home project is not merely a doing job, but is, in addition, a studying, planning, and managing job. The object of the home project in home economics work is to make the girl a good home maker through the use of her own home as a laboratory, with her teacher and her mother as a guide. The girl is led to choose as a project something at which she is not already expert, something that she wants to do and something which needs doing in her home.

To show the type of work done in the home project, two project stories are printed here.
Refinishing My Mother's Bed Room
 By Lorena Joseph
 My project, which I completed March 4, was a success so far as I can judge by the compliments of my friends and relatives. Although I found it to be a very interesting project, it proved much more difficult than I had estimated it to be. The first I did was to choose the curtains and draperies. I chose rose marquisette with a cream panel for the windows. The draperies for the doors are the same as the windows except a panel is not needed in the doors. I lacquered the dresser, bed, and two chairs ivory color. I was fairly discouraged after I had put on the first coat, but after the second coat was on, there was a great deal of difference and the furniture looked a lot better than it did before I began on my project.

I knew that I wanted to make the furniture ivory so I selected a rug with the main color just a little darker than the ivory of the furniture. As a result, the rug and furniture harmonize nicely.

I varnished the woodwork in the room a dark oak color. I also varnished one large rocker which is always left in the bedroom. Then after the varnish was dry, I hung the curtains and made two rose pillows. I also bought a rose rayon bed spread. The entire cost of my project was as follows:

Draperies	\$ 3.60
Panels	\$ 1.00
Bedspread	\$ 3.30
Rug	\$10.00
Lacquer	\$ 1.60
Varnish	\$ 1.00
Total	\$20.50

The room looks a great deal better than it did and I am glad I chose this for my home project, for I am convinced that what I did would not have been done if I had not chosen to do it.
Making a Linen Dress for Myself
 I chose for my project making a linen dress. The design I used was a tailored one with pleats in the front. These pleats proved very difficult to make fit correctly. After the third attempt I got them in right. Another difficult problem about the dress was the large amount of outside stitching. I found it difficult to get the stitching even and straight. When I first cut the dress I made a mistake and cut two yokes for the back and had to get some more material for the front yoke.

I enjoyed this project because I had rather sew for myself than have some one else do it for I can fit myself better. If I had not made the dress mother would have had to make it. The design of the dress is very becoming to me and so is the color. Since

I am a brunette I wear the orange shades well.
 I learned quite a bit in making the dress. One thing is to be more careful when cutting and not cut part of the pattern twice, as this is a waste of material. I also learned a lot about laying pleats. I think if I had not accomplished anything else it would have been worth while to learn to lay pleats in a dress, as they are used to such a large extent in present day styles.

Chesher Sells Townsite Addition for \$25,000

A. C. Chesher last week sold an addition to his townsite of New Hobbs, New Mexico for \$25,000, according to his brother, Wm. J. Chesher.
 Mr. Chesher, formerly of Littlefield, but now of Hobbs, New Mexico, was here Monday in his airplane, returning late that afternoon accompanied by his brother, Wm. J. Chesher, manager of the Palace theatre, this city.
 Hobbs is the latest oil town to spring up in this section, and is said to be growing by leaps and bounds. Numerous Littlefield people have visited the new oil area and several have made investments there.

PEP PARAGRAPHS

(Too late for last week)
 Owing to an epidemic supposed to be measles, the attendance at the school had fallen off so that the giving of the plays which had been in preparation some weeks, was abandoned. The school board decided to close school last Friday.

Friday afternoon, H. J. Greener president of the Community club distributed the prizes offered by the club to winners in the County Interscholastic league meet.
 Among the children suffering from the epidemic that is making the rounds in the community are: Naomi Hughes, Bertie Stengel, Freddie Albus, James and Edward Burt, Ida Jungman, and Adeline Jungman.

A beautiful ceremony took place at Pep last Sunday when a number of young girls were received into the Sodality of the Children of Mary. The girls dressed in white, wearing wreaths and veils, and carrying lighted candles, entered the chapel in procession and made before the altar the solemn promise of the order, dedicating themselves to virtuous lives and thus making themselves worthy children of her who was "blessed above all women."

Katherine and Louise Dupont who last Friday were graduated from the Reserve, New Mexico, high school returned home Tuesday.

F. S. Murphy and family left for Dubuque, Iowa, Monday morning. Loree Williams suffered a painful accident last week. Her sister who was drying dishes dropped a plate on her toe nail. Though it seemed a slight accident the little girl suffered much pain in the injured toe.

The prizes offered for best grades in the fourth, fifth and sixth grades were won respectively by Valeria Jungman, John Wm. Stengel and Wilma Gerik and Pierce Welty. The last two pupils tied for the sixth grade prize. The prize being in money was divided between them.

INFANT SON DIES

Bobby Geny, the infant son of Mr. and Mrs. Walter Lee Key, who reside near Amherst, died Sunday morning at ten o'clock, at the family home. Funeral services were held Monday afternoon and interment was made in the Amherst cemetery. Hammons Brothers, undertakers, were in charge of arrangements.

CLASSIFIED ADVERTISING

Want ads., Rentals, Lost and Found, Exchanges, Lands and Stock, Miscellaneous, etc. RATES: Classified, first insertion, 10c per line; minimum 25c; subsequent insertions, 7 1/2c per line; obituaries, 5c per line; poetry, 10c per line. SEWING of all kinds. Mrs. Hood, Room 1, Yellow House Tourist Camp. 4-3tp.

One thing you might say for golf, it has made a lot of men look foolish in knickers.

"THE PARTING OF THE WAYS"

Valedictory, Graduating Class of Littlefield Grammar School, by Lois Fair.

Friends, Parents, and Classmates; I consider it an honor and privilege to deliver tonight the valedictory address.
 Classmates, this evening brings to a close the years we have spent in the grammar school. Looking backward over the years since we entered the primary grades, and reviewing our work, step by step, grade by grade, we can realize that our happiness and pleasure in those years, that we treasure so dearly, were made so by the assignments, duties and tasks that were so cheerfully and willingly performed.

Classmates, the closing of this year brings us to the parting of the ways. Before us lies two paths, one of which we must choose. This decision will affect the remainder of our lives. Will this choice be wisely and thoughtfully made; or it will be made with a view only to present conveniences and at the dictates of an idle mind.

To the right we see a narrow, stony path, that is hard to travel. It has no places of rest, where one can leisurely spend his time, but is a path of ever working—

"Toiling, rejoicing, sorrowing;
 Onward through life he goes;
 Each morning sees some task begin,
 Each evening sees its close."
 Here a steep hill to climb, there a thorny detour, yonder a deep cannon to cross. Finally the path becomes broader and easier to travel, and now after we have made this gain in life, we may stop to rest at the shady waysides that are gradually appearing.

To the left we see a path that is broad, smooth, and pleasing to the eye. Here one may linger, leisurely spending his time, slowly wandering on. Gradually the path becomes a little rougher, narrower, and as it slowly descends it becomes still more difficult. Finally we see the wayfarer in a bare, and desolate country, waiting for assistance from others to complete the unfinished task of life.

The first, will lead us on to mental training, and discipline; it will teach us respect and obedience to authority the advantages of concentration and perseverance; it will show us that the welfare of the individual is largely dependent upon the welfare of the group.

The other way tempts us to leave school at this time, and accept a position, illly prepared as we are, and meet in competition with well-trained minds and bodies that are being sent out by our well equipped educational institutions. Friends, classmates, which path shall we select? It may not be possible for us to enter and wend our way through high school together, desirable as it may be. Some will drop out of school altogether, and take their places in the bee-hive of industry. This is a time of specialized work, and every business and industry; and every employer is seeking the man or woman that has specialized talent in their work. One, who, by training, has learned to think and advance ideas, and then put the ideas into execution. There is always a place for such an one, and the best, surest way to arrive at this point is by a systemized course, which we find in our schools.

We have but attained the first principles of an education; have but laid the foundation upon which to build the structure of achievement, and we realize that a continuance of our studies is the best method of acquiring that learning that will prove so valuable in future years; the climb that we have made from the beginning to this junction, should have inculeated in us a thirst to acquire such knowledge as is available.

To the School Board, we as a class offer our thanks and gratitude for their efforts in the organization of the splendid school system we enjoy. To the Superintendent we give due credit for his administration, while to our grammar school principal we gratefully acknowledge our gratitude and affection for his wise counsel and patience with our blunders and heedlessness. The influence of our teachers, one and all, during the formative years of our association has been for our upbuilding and their example to be emulated by us, remembering that "As the twig is bent, so the tree inclines."

To my Classmates, allow me to say that the beautiful friendships are very dear to me and I shall always treasure in my storehouse of memory, fond recollections of you, my Pals. We have stood shoulder to shoulder in work and play, and it is largely within range of our own ambition, whether or not we shall enter and weave our way through high school. Let us resolve, then, each and all, to continue our work and so far as possible meet again next term as the bell sounds its warning, and may we be found ready

ROCKY FORD CLUB

(Too late for last week)
 The Rocky Ford club met May 12, at Mrs. T. M. Hurrell's, with 20 present, including five new members, Mrs. Ira Thompson, Mrs. C. H. Singer, Mrs. Jim Cates, Mrs. Dave Edgin, and Mrs. W. M. Atkinson.
 The club started with eight members and now has 21.
 We had a general discussion as the material for the dress forms did not come.
 Dainty refreshments were served. We all spent an enjoyable afternoon. The club will meet June 9th, at Mrs. Dave Edgin's.
 New members and visitors are welcome. County Council meets the first Saturday in each month.—Reporter.

Whether she is engaged in conversation or running an automobile, it is often hard to tell what a woman is driving at.

LAMB COUNTY LEADER

Published every Thursday afternoon at Littlefield, Texas.
Subscription: \$1.50 per year; 75 cents for six months.
Advertising rates given upon application.

No. Entered as second class matter May 24, 1923, at the post office 27 at Littlefield, Texas, under the Act of March 3, 1897.

JESS MITCHELL,

Editor and Publisher

Subscribers who change their addresses, or fail to get their paper, should immediately notify this office, giving both new and old addresses. Communications of local interest are solicited. They should be briefly written, on only one side of the paper, and must reach this office not later than Wednesday noon of each week. The right of revision or rejection is reserved by the publisher.

Advertising that does not show in its text or typography that it is paid for must be marked as an advertisement. All local advertisements remain in this paper for the time specified or until ordered out. All notices, it matters not by whom nor for what purpose, if the object is to raise money by admission fee or otherwise, is an advertisement and when sent in for publication must be paid for at the regular advertising rate per line for each issue printed.

Obituaries, cards of thanks, and resolutions of respect will also be charged for at the same rate. Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation which may appear in the columns of the Littlefield Leader will be gladly corrected upon its being brought to the attention of the publisher.

In case of errors or omissions in local or other advertisements, the publisher does not hold himself liable for damage further than the amount received by him for such advertisement.

MEMORIAL DAY

We are not a warlike people. But when it comes to cherishing and honoring the memory of our heroic dead and to pay a tribute to those who rallied to the call to arms in defense of the nation, we do not believe any land on earth boasts a more patriotic people.

Memorial Day, which Littlefield will join with the rest of the nation in celebrating, is our opportunity to pay a tribute to those who served in the one and only misunderstanding we have ever had among ourselves—or will ever have. They fought in a war that ended war so far as fighting among ourselves is concerned. And we thank a kind Providence that their fight was not in vain, that their sons and daughters, who now bow in tribute to them, regardless of on which "side" they fought, are united as a result of their sacrifices. It brought a deeper understanding of our greatness as a united people; it tied us into a union of states that cannot be severed and that grows greater and stronger as the years roll on.

To those who rallied to the bugle's call back in the darkest days the nation has ever known—whether living or dead—we join in a prayer of thankfulness. Their sacrifice wiped out all sectionalism, and made us one. Even in defeat those who struggled for the "lost cause" did so no less gloriously and are no less loved

by the entire nation. There was but one victory—a unified nation in which one section now shines as brilliantly as another; one people with but one flag and one God. Let us be thankful in our hearts that we spring from such heroic blood; let us honor them by renewing, each man in his own heart, our pledge to the flag that waves above us.

A church seat may not be as soft as a seat in a sedan, but in a church seat you don't have to be ready to dive out the window.

HOW ABOUT FRUIT?

Just now there is one thing worrying the housewives of the country far more than disarmament or wet-and-dry straw votes, and that's the actual outcome of this season's fruit crops. There are so many conflicting reports it is impossible to determine just how widespread has been the damage caused by frosts this spring.

We have kept an eye on papers reaching Littlefield from various parts of the country in the hope of getting a line on the probable damage. While it appears that some sections have not suffered at all, in other communities great destruction is reported. The Ohio and Mississippi Valleys seem to have been unusually hard hit though reports now indicate that the damage will not be as great as at first feared. But the thrifty housewife, who still prefers to do her own canning and preserving, cannot help feeling anxious.

If you knew just how important a good fruit year is in the homes of America you would probably be joining with her in her worry.

Thank goodness they didn't have to depend on a postoffice pen to get the declaration of independence signed.

"FREAK LETTERS" STOPPED

The postal department works wonders when it comes to being able to deliver letters that are defectively addressed. In recent years it has even gone to the trouble to puzzle out freak addresses placed on envelopes just to see if they would reach their destination. Now this is to stop.

An order has just gone out, and Littlefield letter writers will do well to keep it in mind, that no letters will be handled unless they are plainly legible to the ordinary postmaster and mail clerk. Any address put on a letter as a test will be sent direct to the dead-letter office.

Uncle Sam always has time to be painstaking and his postal employees pride themselves on their ability to decipher some pretty tough specimens of handwriting. But they're too busy to devote time to jokers.

So from now on letters bearing "freak addresses" will reach but one destination—the dead letter office in Washington City.

Now there's a plan to provide education by radio. Think of being able to play hookey just by turning a dial.

EAT LESS BREAD

For the first time in eight years, according to reports from newspapers the housewife in some of the Eastern states is now able to buy a pound of coffee, a pound of sugar, a pound of butter, a dozen eggs and a loaf of bread for a dollar. But if she doesn't give up this onerous fad of dieting to attain a slim figure she is going to make it a lot harder for her husband to get the dollar to buy these things with.

Dick Byrd's Back

Rear-Admiral Byrd photographed at Panama on his return from his Antarctic voyage of discovery and flight over the South Pole.

The consumption of bread fell off 20 percent last year, and they say the dieting fad is responsible. So the wheat grower and the miller and the baker are hit. Potato growers also found it harder to market their 1929 crop, for potatoes are held to be fattening. These are but two of scores of food affected by the fad, and if it keeps up others will be added to the list.

Today the blacksmith of other days has gone into the garage business and the wagon factories of old are now turning out automobiles. If the dieting fad keeps up we suppose farmers will have to resort to the same tactics and take to raising nothing but lettuce and spinach.

LITTLE LEADERS

We've noticed that the average Littlefield woman stops telling her age when her age starts telling on her.

The good old days in Littlefield were the ones when the only thing that traveled fast was bad news.

We're fast getting to where in the average Littlefield home it's easier to find the can-opener than it is the Bible.

The old-fashioned Littlefield mother who used to wonder how the children would turn out now has a daughter who wonders when hers will turn in.

This is the season when a lot of Littlefield boys must make up their minds whether to get married or go on driving with one hand for a while longer.

A newly invented rocking chair is said to operate a churn, a fan and a sewing machine. But how many young men around Littlefield would want to marry a rocking chair.

Life seemed to run along a lot smoother in some Littlefield families before the women folks got the idea that a peanut butter sandwich and a glass of milk constituted a meal.

WOMAN'S STUDY CLUB

The Woman's Study club met Wednesday afternoon of last week with Mrs. T. Wade Potter, at her home.

Mrs. W. H. Gardner led the program with a discussion of "Heaven Trees," by Stark Young; Mrs. Irvin Miller discussed, "Travel in Mississippi and Georgia" and Mrs. F. G. Sadler discussed, "The Future of the South." Mrs. G. M. Shaw, of Lubbock, led the club in singing, "Texas Our Texas," after which she sang, "The Night-in-gale Song" by Nevin.

The meeting marking the close of the club year, the roll call report showed a 100 per cent attendance, by Mrs. F. G. Sadler.

Those present were: Mesdames J. H. Arnett, M. M. Brittain, W. H. Gardner, E. M. Harrison, A. G. Hemp hill, J. C. Hilburn, Irvin Miller, E. S. Rowe, F. G. Sadler, W. G. Street, J. E. Whicker, G. M. Shaw, of Lubbock, Miss Gladys Wales and the hostess.

As one of the admirers of the so-called weaker sex, we rise to remark that it has acquired equality plus.

FOLKS USED TO TALK ABOUT GIRLS BEING GRACEFUL BUT NOW MOST OF THE TALK IS ABOUT 'EM BEING DISGRACEFUL.

The Family DOCTOR

JOHN JOSEPH GAINES M.D.

WHEN IS A MAN OLD?

"I dread to come to the end of a year," said a friend to me recently; "it makes me realize I am growing old."

That suggests a question. When is a man old?

In Shakespeare's time a man was old at forty, and often invalidated long before that.

Sir Walter Scott at fifty-five lamented the fact that he was an old man.

Montaigne retired to his castle at thirty-eight to spend his declining years in peace and study.

Dr. Samuel Johnson once remarked that at thirty-five a man has reached his peak, and after that his course must be downward.

Physiologists tell us that in all mammals except man the period of life is five times the period of growth. A dog gets full growth in two years and lives ten; a horse in five years and lives ten; a man in twenty-five years and lives seventy.

But William James, the great psychologist said that most men are "old fogies" at twenty-five.

He was right. Most men at twenty-five are satisfied with their jobs. They have accumulated the little stock of prejudices that they call "principles," and closed their minds to all new ideas they have ceased to grow.

The minute a man ceases to grow—no matter what his years—that minute he begins to be old.

On the other hand, the really great they have ceased to grow.

Bismarck, who died at eighty-three, did his greatest work after he was seventy.

Titian, the celebrated painter, lived to be ninety-nine, painting right up to the end.

Goethe passed out at eighty-three and finished his "Faust" only a few years earlier; Gladstone took up a new language when he was seventy; Commodore Vanderbilt increased the mileage of his lines from 120 to more

R. P. GRIFFIN

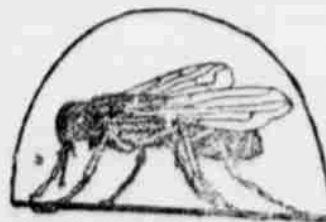

CONTRACTOR and BUILDER

than 10,000 between his seventeenth birthday and his death at eighty-three. Laplace the astronomer, was still at work when death caught up with him at seventy-eight. He died crying, "What we know is nothing; what we do not know is immense."

I suppose that is the real answer to the question. When is a man old? Laplace at seventy-eight died young. He was still unsatisfied, still growing, still sure that he had a lot to learn.

As long as a man can keep himself in that attitude of mind, he is still young.

This Case Cotton and Corn Lister

SAVES EXPENSE

AS FINE A Lister as man can build or money can buy—is this Case 2-Row Cotton and Corn Lister.

Smooth-running, easily handled and does the fastest, cleanest job you ever saw. Plants and covers as uniformly in uneven ground as on the level—the heavy tongue truck with pan type wheels steadies the machine and prevents weaving motion and pole lashing.

Beams fixed to sturdy angle steel frame. Wide range of spacing between bottoms—easily changed. Axles crank forward

causing forward pull of team to aid in raising—also places bottoms in line with wheels which causes bottoms to penetrate uniformly over rough ground.

Single seed cell drop cotton and corn plates. Also plates for sorghum and other row crops. Tip over seed hoppers—you change from one kind of seed to another, quickly, or change plates from bottom without removing seed. Drops one seed at a time—no bunching; no cracking.

The purchase of a Case Lister is an investment for greater farm profits. Drop in soon and look it over. Try our service on all farm equipment.

FOXWORTH - GALBRAITH LUMBER CO.

CASE

COMPLETE LINE OF QUALITY IMPLEMENTS

Mrs. L. L. Massengill, Littlefield, Makes \$1.50 Profit From Each of 86 Hens During Past Five Months; Leads the Average of 50,00 Hens

Mr. and Mrs. L. L. Massengill, of Littlefield have a flock of 86 Single Comb White Leghorn hens that have made this outstanding record of \$1.50 each during the past five months. Here is how it happened: Each woman doing home demonstration work is to have some productive project, such as gardening, poultry or dairy work. Mrs. Massengill decided to take the poultry and keep a record on the flock, according to the method suggested by Mrs. E. N. Molmgreen

HARTS AND SPADES

Pie Supper
The pie supper and play, "Aunt Susan Jones," given at Spade community house Wednesday evening was well attended. The proceeds amounted to something over seventy dollars. Bibles and maps for the young folks class of the Sunday school will be purchased.

The candidates of Lamb county were well represented and each made a short talk.

Postmaster Brannen of Littlefield, acted as auctioneer and sold the pie

Extension Poultry Husbandman of A. and M. College.

Mrs. Massengill started her poultry work in December with 101 hens. In January the flock was culled and State accredited, leaving 88 hens in the flock. These hens have had a comfortable house, plenty of warm drinking water through the winter months, and a balanced ration. Their feed consisted of egg laying mash, grain of higeria, feterita, yellow corn and oyster shells. For the hens to get the necessary green feed ground alfalfa was fed until wheat could be grown for them.

To appreciate this gain one should know that there are more than 50,000 hens in demonstration flocks in Texas. County farm agents and home demonstration agents who are supervising this work send records to College Station each month. The averages when compiled for the state are returned to the agents in order that the county flocks may be compared with other flocks throughout the state. The records on the above 50,000 hens show that they have made a profit of 85.2 cents above their feed cost for the past five months. Mrs. Massengill has made \$1.50 cents profit on her hens above feed cost.

Through the early hatching season eggs from the Massengill flock were sold at a local hatchery, since then the eggs are being sold at market price.

The figures from the Massengill flock also show that it costs more per dozen eggs to produce fertile eggs with a high per cent of hatchability and of livability of chicks than it does to produce infertile eggs. But the difference in price of the eggs more than repays one for the small extra feed cost.

at a good price. Jake Hopping entertained the crowd with a couple of songs, "Down by the Winegar Woika," was one of the selections. He was accompanied on the piano by Mrs. Hopping.

Jake Hopping was unanimously selected as the ugliest man while Ruth Easley was voted the most popular girl.

C. E. Strawn is driving a new four door Chevrolet sedan these days.

Mr. and Mrs. McGavock entertained Mr. Barbarick on the occasion of his eightieth birthday with a birthday dinner.

Miss Rosalie Berryhill, of Post, has been spending a week with her aunt, and grandmother, Ruth and Mrs. R. H. Easley.

We are glad to welcome Miss Margaret McGavock home to our community. She has been attending school.

We are glad to note our little friend Pauline Cook is steadily improving at a Lubbock sanitarium. She has been very low with pneumonia.

The singing at Hart's camp was attended Sunday afternoon by the following Spade residents: Mr. and Mrs. Vann, Mr. and Mrs. Bostick, Mr. and Mrs. Gann, Mr. and Mrs. Darby, Martha Barberick, Lester Ragdale, Wayne Jackson and Maxine Eugene, O. D., Jr., and Will Dee Yeager.

The young folks at Hart and Spade communities enjoyed a party at Shepherd's Saturday night.

Mrs. Jackson, of Spade, spent the weekend with her son, Earnest and family near Anton.

Mr. Durham has opened a filling station and grocery on the old Olton highway.

Maxine Yeager, of Spade, spent Friday night and Saturday with Mrs. Claude Campbell of Littlefield.

Elder Baker, Yeager and Woody, drivers of the large school busses on the Spade, were in Littlefield Saturday, unloading the bodies from their trucks.

While he was attending the show Saturday night, someone attempted to turn on the switch of Wayne Jackson's car with a knife blade. As the blade had broken off, the borrower likely had to walk but Wayne had to get a new switch.

Mr. and Mrs. O. D. Yeager and daughter, Mickey, were in Lubbock, Friday visiting little Pauline Cook and Mr. Yeager's niece, Mrs. W. G. Yeager at a Lubbock sanitarium. Mrs. Yeager was brought over from Hobbs, N. Mexico., by airplane. Dr. Conner, of Hobbs, came as far as the airport, but returned immediately. Dr. Kruegar is attending her and will make a blood transfusion. She is unable to see visitors at present, but we are hoping for a speedy recovery.

Troy Hawkins was badly hurt Monday evening when the horse he was wire fence, cutting horse and rider severely. Mr. Mayfield took him to Littlefield to have his foot and hand dressed. His parents are visiting in Arizona at this writing.

Will Edd Jackson, of near Anton, spent the weekend with his uncles, Wayne and Truman Jackson, of Spade.

The Spade community house was entirely too small to accommodate the large crowd that came out to hear the Rev. Mr. Anderson, of Clovis, N. M., Sunday. His evening sermon was illustrated by means of a picture machine.

Mr. Vinthers has added 1200 more baby chicks to his flock of 1,500 bought earlier.

Mrs. Acie Robertson and small sons Gene and Billy, spent last week with her mother, Mrs. G. W. Chesher, of Anton.

Lester Fowler is very ill at his home on the Spade, with pneumonia.

Mr. and Mrs. McGavock left for a 30 days trip to California. They were accompanied by their son-in-law, Bill Day, of Clovis, New Mexico.

Mr. and Mrs. Calvin Patterson, of Harts Camp, entertained several from

Spade community Sunday.

Mr. and Mrs. D. D. Brown attended the pie supper at Spade community house, Wednesday.

Mr. and Mrs. J. W. Stewart and sons, Hawkins and Carl, and Mrs. J. Miller were in our community, Sunday, enroute to Deval, Oklahoma, to attend the funeral of Jack Tapp, who died at a Dallas sanitarium.

Mr. Bennett is now planting four rows at one time. He is running a new tractor. —Jack of Diamonds.

Mr. and Mrs. Calvin Patterson, of Harts Camp, entertained several from

Spade community Sunday.

Saturday, June 7, 1930

WILL BE

De Laval Service Day

Bring in your DeLaval

We urge that every De Laval user bring his complete separator to our store for a careful inspection, which will be made free of charge. Should any part need to be replaced, due to unusual wear or accident, this will be done, the only charge being for the price of the new parts used—no charge for service.

A De Laval Representative will be with us to assist in this important work. Bring in your Separator complete on the date mentioned and get the benefit of his advice on the care and operation of your separator, as well as the free service. It is our wish and that of the De Laval Company that every De Laval Separator give the best satisfaction at the least cost, and we urge you to take advantage of this free and useful service.

CONTROLLED VOLATILITY

BALANCES GASOLINE TO FIT EACH SEASON

Seasons change. So do the fuel needs of your car! That's why Phillips developed controlled volatility—the principle that balances gasoline to fit each season. Makes Phillips 66 a blue-ribbon performer all year 'round. A new-day motor fuel that's trigger-quick on the getaway. Smooth and rich in power. Long on miles per gallon. Fill up with Phillips 66—and take the lead!

SIGNS OF SPRING

The winter wheat shows green in the fields, the newly turned land smells rich and fragrant under the sun, the flivver sticks fast in the mud on the road to town—that's spring, and it's time to get busy.

For now is the time to get new screens on the porch, to paint things up a bit, to shed the old shingles on the roof, to get everything shipshape from screens to fence-posts. We can supply you with the building supplies you need at the right price.

WELLS ERECTING BRICK FOR THE GAS COMPANY

Work began last week on construction of a brick building 80x125 feet for J. H. Wells, which is located just south of Walter's drug store on South Main street.

The West Texas Gas Company will occupy the building as soon as it is completed, which will be about the first of August, according to the local manager, H. F. Brown.

O. E. S. STUDY CLUB

The O. E. S. Study club met Friday afternoon with Mrs. T. Wade Potter, at her home.

A reading on Eastern Star work was given by Mrs. R. E. McCaskill, and the following drills were given: Mrs. S. J. Farquhar, secret work; Mrs. W. H. Gardner, constitution; and Miss Lulu Hubbard ritual.

At the close of the afternoon, de-

licious refreshments were served by the hostess to the following: Mesdames J. R. Coen, K. E. McCaskill, A. H. McGavock, of Olton, J. M. Stokes, W. H. Gardner, E. S. Rowe, H. W. Wiseman, S. J. Farquhar, E. A. Bills, Miss Lulu Hubbard and the hostess.

Friday evening the Eastern Star will hold an installation of officers and the annual memorial service.

SORE BLEEDING GUMS

Only one bottle Leto's Pyorrhea Remedy is needed to convince anyone. No matter how bad your case, get a bottle, use as directed, and if you are not satisfied druggists will return your money.

Constipation Troubles

"I HAVE used Black-Draught as a family medicine for a good many years," says Mrs. Sallie Laughran, of Hunt Dale, N. C. "I have found it an excellent remedy for constipation and the troubles that follow it. I have suffered frequently from gas pains, and when I am bothered that way I begin at once to take Black-Draught. Relief follows quickly."

"I give Black-Draught to the children when they are constipated, and it is not long until they are running around again."

Thousands of others have reported good results from the use of this purely vegetable medicine. Insist on the genuine Thedford's

Women who need a tonic should take CARDUI. Used over 50 years. 8-122

BOSTICK OUT OF RACE TO THE VOTERS OF LAMB COUNTY:

Notwithstanding the encouragement I have received from my numerous friends, after making a survey of the political situation of Lamb county I have decided to withdraw my announcement as a candidate for the office of Sheriff, believing such action would be for the better interests of the

county. Permitted me to heartily thank my friends for their kindly support.

YOUTH KILLS FATHER

Lewiston, Mont.—Herschell Elm, 17, was acquitted by a coroner's jury after killing his father who was beating his wife and nine children. The boy and his father raced for a gun against the wall.

HOSE OR LEAD PIPE RISKY
Gas Connection
Flexible connections for gas stoves are dangerous. They are likely at any time to become leaky or disconnected, with the danger of resultant injury to health and property.
This is true not only of rubber hose, but also of lead or copper-coated pipe, which, bent a time or two, may crack and leak. There is this additional objection to lead or copper-coated pipe; the aperture in the usual leadpipe connection is only one-eighth inch in diameter. A bend reduces even this small diameter. The result is that an insufficient amount of gas reaches the burners. A three-eighths-inch iron pipe connection is the safest and most efficient for the ordinary room heater.
Natural gas, when properly used, not only is the cleanest, most convenient and efficient of fuels but it is also one of the safest and most economical.
If you are in doubt regarding the safety or efficiency of your gas equipment, call our Service Department. It is maintained for the free use of our customers.
WEST TEXAS GAS COMPANY
Headquarters for Gas Appliances
LITTLEFIELD, TEXAS

principal characters are rookies, who have been in the army only 30 days.
The play is a riot of laughter, not one sad moment throughout the entire play. Besides the play proper, there are many musical specialties and dances. There is an awkward squad and a sailor's chorus composed of business men and a girl's chorus who sing and dance.
The play proper consists of the following:
Red Eagen Kenneth Hemphill
Izzy Harrell Cooke
Sally Fannie Weaver
Sergeant Jim Powers
Abbie (Izzy's Papa) -- Dr. Walthall
Michael (Red's Dad) -- H. F. Brown
Kafloozzy Tom Matthews
The Southwest Community Day School will give a pie, supper, Friday night, May 30, at the home of Mr. and Mrs. N. L. Guy.
The proceeds of the supper benefit the Sunday school. Everyone is invited to come.

TO GIVE PIE SUPPER

"Corporal Eagen" Play Given Thurs.-Fri. Nights
The American Legion and Auxiliary report the cast and everything is in complete readiness for the big production, "Corporal Eagen," to be staged Thursday and Friday, May 29 and 30th, at the High School auditorium.
This army comedy promises to be one of the best amateur productions staged in Littlefield.
The production is a story of army life, and the scene is laid on the company's streets with an army barracks as a background. The show takes place during the late war and the

Our Lands Are SELLING RAPIDLY
And to people who will be a credit to our section
THERE IS A REASON
We are closing out about 60,000 acres of Littlefield Fertile Lands at prices and terms that cannot be overlooked by the Home-seeker and Investor.
Ride over the Yellow House holdings and you will find many thousands of acres of sod lands recently broken out and put in good condition for the 1930 crop, both old and new lands being in a better state of cultivation than ever before.
LAMB COUNTY SHOWS GINNINGS OF OVER 51,000 BALES OF COTTON FROM THE 1929 CROP. IN ADDITION, WORLD'S OF FEED AND GRAIN WERE PRODUCED
THESE GOOD LANDS MUST ADVANCE IN PRICE!
The eyes of Texas, Oklahoma and other states are on the South Plains, and more people from other sections are planning to own homes in this great diversified country than ever before.
NOW IS THE TIME TO BUY!
One hundred per cent Agricultural Lands, \$30.00 to \$35.00 per acre. Combination Farm and Dairy Tracts, \$15.00 to \$25.00 per acre.
TERMS: One-fifth cash, balance on liberal terms at six per cent interest.
