On The BEAM

By A. W. King, Sr.

We took a little trip last Saturday and saw some wonderful crops on the Plains, even saw it rain, nearly all the lakes had some water in them and it was still running in. What a sight for eyes that have become accustomed to dust flying in the air and the land parched for lack of rain.

We went to Loveland by way of Post and Lubbock and returned home by the way of Brownfield, Lamesa and Gail. Crops all the way from Post to Brownfield are good even where there is no irrigation, but from Brownfield to Lorraine the crops are spotted and poor. We saw hundreds of acres of land that had no crops and great sand dunes piled high in the fields.

It made us thankful that our territory is as well off as any except the favored plains.

At the time this is being written very little rain has fallen in this territory the past several days but we have hopes that before the week is out good rains will have come. Should good rains cover all of this section now a fairly good crop of cotton will be made.

We're Sorry Hiram

In last week's paper we made an error in the advertisement of Hiram Childress who is a candidate for District Attorney.

The adv. stated that Hiram is a graduate of Southern Methodist University with (2) year experience as an attorney.

It should have read TWELVE (12) years as an attorney. We are sorry, Hiram. It was certainly an unintentional error.

City Has Parking Problem At P. O.

We have a problem in our city which has been existing for some time now and is extremely dangerous. To avoid a serious accident in our city, something needs to be done about the way in which people park around the post office. There are times during the day a car wanting to go through on the street going by the Post Office cannot get through. In case of a fire in our city or an ambulance wanting to get to the hospital by way of the Post Office street, a serious accident could occur. We are asking the people of the City and Community to cooperate with us in relieving this situation. Let's all try to remember and leave the middle of the street open and park on each side. By doing this, you, your car, and the other fellow will be less likely to be involved in an accident. We trust everyone will keep this in mind when visiting the Post Office.

OPPORTUNITY

They do me wrong who say I come no more
When once I knock and fail to find you in.
For every day I stand outside your door,
And bid you wake, and rise to fight and win.
Wait not for precious chances passed away
Weep not for golden ages on the wane.
Each night I burn the records of the day
At sunrise every soul is born again.

Layton A. Webb
Makes Statement

Layton Webb, candidate for State Representative, was born and raised in Fisher County about 4 miles south of Roby. He attended public school in Roby, and entered Texas Technological College at Lubbock in 1940, and attended that school until he entered the Armed Forces in 1942. After serving 3 years and 4 months in the Air Corps he returned to Tech and received his B. A. degree in Government in 1947. He then entered The University of Texas Law School and received his Law Degree in 1949. After graduation from Law School he returned to his home town of Roby and opened a law office. The next year he was elected County Attorney of Fisher County and is now serving his first term in that office. Webb is married and has no children.

Layton Webb asks for your support in his race for State Representative and in doing so states that he well knows the responsibility and the importance of such office, and feels that he is capable and qualified to do the job. He states that he is opposed to taxing gasoline not used on highways and that he will fight vigorously any attempt to repeal our present tax exemption on such gasoline.

He further states that he is opposed to the automobile inspection law as it was passed at the last legislature because: In the first place, there were many requirements that the average motorist could not meet; and in the second place, it delegated legislative authority to the Department of Public Safety to set up the requirements and to change the requirements any time they felt like it. Layton A. Webb believes, and has always believed, that our legislature, not our ad-

Judge Mauzey Makes Statement

Judge A. S. Mauzey, who has made an enviable record as Judge of the District Court of the 32nd Judicial District composed of Mitchell and Nolan counties, is asking the voters of the district to re-elect him to office. Judge Mauzey made the following statement to the voters:

"I think it is the desire of all candidates for office to meet the voters personally and be able to call each of them by name. There none of us can do, but some have better opportunities than others, depending largely upon the number of voters. In the 32nd Judicial District, with two courts in session all the time and with twelve or fifteen thousand voters, I have not attempted the impossible. I must attend the courts first. You have entrusted the responsibility of this office to me and must do my duty by taking care of the courts. Therefore, I have to depend upon such as this announcement as a method of soliciting your support in my candidacy for re-election."

"Whatever success I have had in my public life I owe to the voters of this district. As your District Judge I have never permitted myself to forget the grave responsibility resting upon me to uphold the honor and the importance of the office. There is no such thing as reaching perfection or graduating into a mastery of all the problems that a District Judge meets from day to day. Each day he is faced with new and difficult decisions to be made. Only by constant application and devotion to duty, with absolute impartiality, can one become better fitted to preside over the District Courts of our country. With these ideals in mind, I have tried to serve you. If honored with re-election, they shall continue to be my guide."

"You have honored me in the past by trusting me with the responsibilities as Judge of your District Court. Each time that you have expressed your confidence by retaining me has made me more strongly determined to uphold the honor of the office, which I most highly regard."

"This is my sincere solicitation for your continued support."

Administrative agencies, should make our laws. Layton Webb recognizes the need for economy in government, and promises that he will support all measures for economy that are not inconsistent with a sound program of progress and development in our state as a whole.

If you elect Layton Webb your representative he promises that he will represent no special group; that he will be open minded on all measures which come before the legislature, that he will listen to both the opponents and the proponents of such measures, and will give honest and careful consideration and then cast his vote solely on what he believes to be for the best for our district and our state.

Your Questions—God's Answers
Send all Questions to Box 192

WHY I AM NEITHER CATHOLIC OR PROTESTANT IN RELIGION:

I am not Catholic because the scriptures say "but if a man suffer as a Christian let him not be ashamed; but let him glorify God in This Name." 1 Peter 4:16.

1. The Catholic Church was established in the wrong place, by the wrong person. (read carefully Isaiah 2:2-4; Luke 24:47; Acts 1:3) The Church was established by Christ (Matt. 16:18; Acts 20:28) in 33 A. D. (Acts 2:47).

2. They do not have the doctrine of the New Testament—claim Pope to be authority—They have such unscriptural practices and languages, as Penance, confess sins to the Priest, purgatory, assumption of Mary, and many more.

I am not a Protestant because the word originally referred to objectors or protestors of Catholicism, and these same Protestants have taken hold of and practice the same doctrines as Catholics—notice a few Easter Day; St. Patrick's Day, Good Friday; Lenten Season; Christmas Day; Sacrament Thursday; Robes; Rituals; Sprinkling and etc. Paul said "Ye observe days and months, and times and years, I am afraid of you lest I have bestowed my labours in vain. (Gal. 4:10-11).

1. They too have their beginnings in the wrong places, at the wrong times, and by the wrong founders.

2. Denominations have left the Bible and practice man's creeds and disciples without respect to the Word of God.

I claim to be nothing, but a Christian Acts 4:12; Acts 11:26 doing nothing, but what is taught in the Word of God for it is sufficient 2 Tim. 3:15-17; also keep in mind Gal. 1:8, 9.
