Fire destroys lake house, teens save neighbor's home

A FIRE destroyed a Lake Colorado City mobile home Jan. 2. A correctional officer at the Wallace Unit had been renting the house. He and his family lost all their belongings in the fire.

The first fire of 1997 destroyed one Lake Colorado City mobile home Thursday, Jan. 2. An adjacent house was spared extensive damage because of the quick thinking of two visiting teenagers.

The Colorado City Fire Department received a report at 4:24 p.m. of a house fire on CR 252, near the Cherry Creek bridge.

The house was rented by Robert Santibanez, a correctional officer at the Wallace Unit who was at work at the time of the fire. His wife and three children, ages 5, 3 and 1, had recently moved to Lubbock but had all their belongings in the house.

Odessa teens Justin Kolb, 15 and Matt Awthey, 17, saw the fire while jet skiing. They had been visiting Kolb's aunt, Vickie Harmon, for the weekend. Kolb, a ninth grader at Ector Junior High in Odessa, is the grandson of Ed and Ginny Harmon of Colorado City. Awthey is a senior at Odessa High School.

The youths said that when they got to the fire, the fire department had not arrived and neighbors were using water hoses on the house that was engulfed in flames.

The fire was also spreading to the adjacent house that belonged to an elderly woman, Betty Alvarez.

"Betty Alvarez's porch was on fire and the sides of the house were starting to catch fire," said Kolb.

They salvaged a hose from the burning house and ran about 300 feet to Lucille Driver's house to get her hose. They said they spliced the hoses together to reach the Alvarez house and sprayed water on the house until the fire department arrived.

When the firemen took over the job of putting out the fire at the Alvarez house, Awthey turned the hose on the fire spreading to the adjacent field while Kolb beat the flames with a blanket.

Later the youths said they found that the hair on their arms had been singed during their firefighting attempts.

"We were just glad to help," they said the following day.

Sanchez to appear on Telethon Saturday

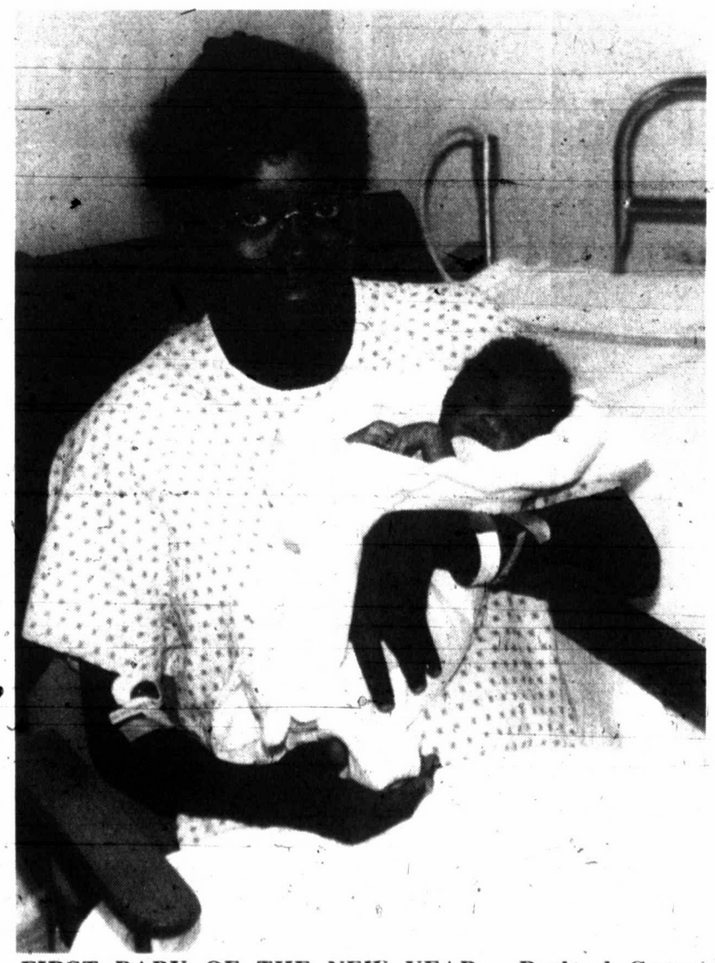

A Colorado City youth will be featured on this year's West Texas Rehab Center Telethon Saturday evening.

Christopher Sanchez, a local boy with cancer, will appear on the Rehab '97 telethon Jan. 11 on television stations KWAB, Channel 7 and KLST, Channel 11.

The telecast will originate from the Abilene Civic Center and will be carried live, via satellite, by 12 television stations in Texas and Oklahoma. The Rehab '97 telecast will air from 7 p.m. until midnight.

A film clip of the rehabilitation center's work with Sanchez will be shown. Sanchez is scheduled to appear between 8:30 and 8:50 p.m. Bill Hayes, a soap opera star on "Days of our Lives", will sing a song to the local child.

The event raises $1 million to help the center provides its services to more than 15,000 children and adults each year through its campuses in Abilene and San Angelo.

FIRST BABY OF THE NEW YEAR: Rosland Green holds her daughter, Mortayle Te'shae.. The baby weighed 6 lbs. 4.6 oz. and was 19-1/2 inches long. The first baby of 1997 at Mitchell County Hospital was delivered at 3:52 p.m. January 4 by Dr. Dee Roach.

CHS teen tours London with U.S. cheerleaders

"It was one of the best weeks of my life," said Colorado High School's Jaime Ellis about her after-Christmas trip to London, England.

The CHS senior cheerleader spent countless hours last year raising funds to finance her trip. There were bake sales, car washes, chili suppers, hamburger suppers, buttons, etc. etc.

"The trip was definitely worth all the work. I'd do it again," she said.

She and the 2,000 other All-Star cheerleaders from around the U.S. visited a number of well-known sights, such as Oxford, Stratford, Buckingham Palace, and Windsor Castle. They also did a lot of shopping, frequently ate fish and chips and attended a play about the life of Buddy Holly.

"All of us from Texas, applauded everytime they mentioned the word "Texas". Going to the play was one of my favorite experiences," she said.

She said she'll never forget the gorgeous view from her hotel window. It looked out over London Bridge, resplendent with lights at night.

Her trip lasted from Dec. 26 until Jan. 2. She personally experienced the tightened security for international flights because the random customs checks selected her twice for a complete inspection of all her luggage.

Ellis said she especially enjoyed getting to know the other cheerleaders on the trip. She became best friends with one girl from Combine, Texas and now plans to room with her at Texas A & M next year.

Most of you may not know that each year around Christmas, the Audubon Society holds an annual bird count. When checking with state park officials, we found out there was no one in Mitchell Countywho was a member of the Audubon Society.

This might be a good project for a local bird watcher living in Mitchell County. Diana Finley said she had made an unofficial list of different birds various campers had told her about, so that might be a starting point for anyone interested.

Air bags save lives

Air bags save lives—nearly 500 in the last year alone. However, the National Highway Traffic Safety Administration reports that at least 26 children have been killed by the force of a deploying air bag. In many cases, the children were riding in the front seat either in a rear-facing child safety seat or "out of position," either unbuckled or not wearing the shoulder portion of the safety belt.

The Air Bag Safety Campaign is a national partnership of automobile manufacturers, insurance companies, occupant restraint manufacturers, government agencies, health professionals and child health and safety organizations. Its mission is *to inform the public that Air bag safety means Buckle everyone and Children in back.*

Efforts are in the works to improve air bag technology. In the meantime, as the number of motor vehicles equipped with air bags increases, so does the risk to children. Parents and other caregivers must know that they can entirely eliminate any danger to children from a deploying air bag by properly restraining children in the back seat.

Some safety points are:

1. Children should always ride buckled up in the back seat.

2. Little children and babies should always ride in age- and size-appropriate child safety seats:

- Babies one year old and younger or weighing less than 20 pounds should ride in rear-facing child safety seats in the back seat.
- Children weighing 20 to 40 pounds should ride in convertible car seats facing forward in the back seat.
- Children weighing 40 pounds or more should ride in booster seats in the back seat until both the lap and shoulder belts fit correctly.
- Drivers should make sure the child safety seat is properly secured by the vehicle's safety belts.

3. Bigger children (five feet and taller) may only sit in the front seat when:

- they wear both the lap and shoulder belt;
- the shoulder strap fits correctly, over the collarbone (never behind the back).
- the lap belt fits low on the hips;
- they understand they should always sit back buckled up in the seat;
- the front passenger seat is pushed as far back as possible.

Heart patients can get treatment in Big Spring

Shannon Regional Heart Center of San Angelo is seeing cardiology patients in Big Spring through a cooperative arrangement with Family Medical Center of Big Spring, according to an announcement by John Farquhar, M.D.

Physicians from the heart center's cardiology division include Charles Marsh, M.D.; Denver Marsh, M.D.; Michael Mitchell, M.D.; Gene Sherrod, M.D.; and Gorman Thorp, M.D. All are board certified.

Cardiology appointments in Big Spring may be made by calling 1-800-530-4143.

"Bringing the expertise and experience of the Shannon Regional Heart Center physicians to Big Spring is a great advantage for our patients," Dr. Farquhar said. "It can sometimes be hard for our people to get to San Angelo. This way, we can provide much-needed cardiology services without our patients traveling."

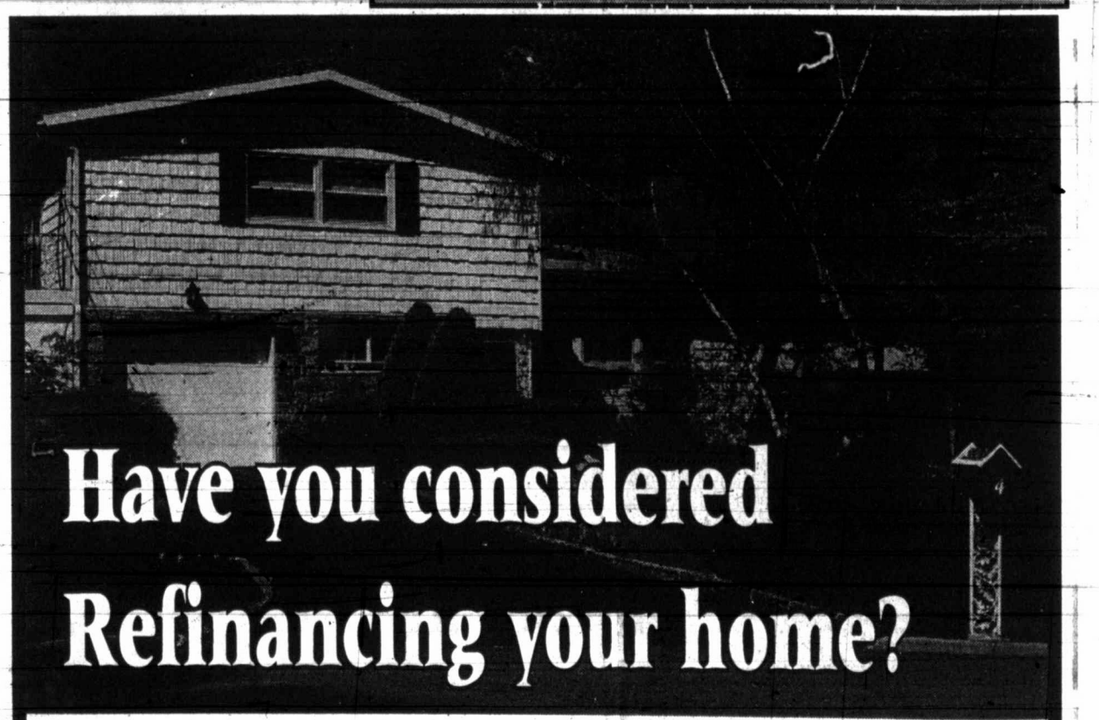

Shannon Regional Heart Center is the only such facility in this area. Located in the Shannon Medical Plaza, 102 North Magdalen, directly across from Shannon Medical Center, the regional heart center brings together the five board-certified cardiologists and two board-certified cardiothoracic surgeons, James A. Knight, M.D. and Peter J. Napoli, M.D.

COOK'S CORNER

Heather Harkins

Heather Harkins, a newcomer to Colorado City, learned to cook by helping her mother in the kitchen. As the oldest of four sisters, there was plenty of opportunity for hands-on experience. According to Heather, she was in about the sixth grade when she first discovered her interest in cooking.

Cornish game hens are among Heather's favorite things to cook. She usually prepares the birds with stuffing and trimmings. She said that one hen will feed two people. "They make a meal pretty," Heather said. Although the preparation is not difficult, she normally only makes this meal when company is expected for dinner.

Heather's favorite type of food is one that she doesn't prepare for herself. She loves seafood but only eats it on special occasions. Her husband Glenn, on the other hand, enjoys a type of cuisine which is pretty common in this area, Mexican food.

She couldn't recall a specific flop, but Heather did share with us a problem she had in the kitchen. She would put on a tea kettle and get busy doing other things, returning later to the burned kettle. After ruining a few kettles in this way, she made a special trip to the store for a whistling kettle. Now burned tea kettles are no longer a problem around the Harkins' household.

Glenn and Heather often cook together in the kitchen. Glenn's specialties are main dishes while Heather enjoys cooking side dishes. Because neither of them eats a lot of sweets, desserts are usually made to share with others.

The Harkins' latest cooking endeavor was preparing lunch for a Kiwaniannes meeting. Heather said that they prepared a little each day for several days so that the cooking didn't overwhelm them.

Heather got involved in the civic club through Glenn's grandmothers. She said that she was impressed with the group's activities within the community and thought club membership would grow if it were well promoted.

Heather and Glenn moved to Colorado City four months ago from Lubbock. She is originally from Abilene and he is from Big Spring. Glenn also has a lot of family here in Colorado City. Heather works as a Mary Kay consultant and Glenn is employed by the Texas Department of Criminal Justice at the Wallace Unit.

The Harkins, along with some of Glenn's family, are involved with an emu farm. Heather has submitted a recipe using emu as an ingredient. We hope you get a chance to try it as well as these others she has shared with us.

Emu Stroganoff

1 pound ground emu
1 package egg noodles
1 teaspoon oil
1/2 cup onion chopped
garlic to taste
Worcestershire sauce to taste
1 can cream of mushroom soup
1/2 can milk

Brown emu in oil. Ground emu must be browned slowly with a little oil because emu meat has virtually no fat. Add garlic, onions, and Worcestershire sauce or use your favorite spices. Stir in soup and milk. Simmer until all ingredients are hot. Cook egg noodles according to directions on package and drain. Serve meat mixture over noodles and top with sour cream.

Sour Cream Chicken Enchiladas

1 pound cheddar cheese, grated
2 cups chicken, cooked and diced
1 pint sour cream
1/2 cup green chiles
1 can cream of mushroom soup
1 can cream of chicken soup
1 can Rotel
corn tortillas
Velveeta cheese

Heat corn tortillas individually in hot grease for about two seconds and allow to cool. In a bowl, mix grated cheese, chicken, sour cream and green chiles. Place a spoonful of chicken mixture in a corn tortilla and roll it up, then place in baking pan. Continue until mixture is all used. Melt 1/2 pound of Velveeta cheese into soups and add Rotel. When the cheese has completely melted and mixture is hot, pour over enchiladas in baking dish. Cook for 20-25 minutes at 350°.

Fruit Tostadas

Chip ingredients:
flour tortillas
honey
sugar
cinnamon
Fruit salsa ingredients:
apples
Mandarin oranges
crushed pineapple
kiwi
pears
lime juice
Topping ingredients:
1/2 cup sour cream
2 teaspoons sugar

CHIPS: Cut tortillas into quarters. Heat honey for 10 seconds in microwave and spread evenly over tortilla quarters. Sprinkle with cinnamon and sugar and bake at 400° for 5-10 minutes.
FRUIT SALSA: Dice apples, pears and kiwi. Mix with orange slices and pineapple. Squeeze lime juice over fruit for tartness and to keep fruit from browning.
TOPPING: Mix sour cream and sugar in separate bowl and refrigerate for 30 minutes.
Top each chip with a spoonful of fruit mix and topping. Enjoy!

CHIEF LONE WOLF

By Jim Baum

House Speaker Sam Rayburn disliked the congressman so much he barely would talk with him. President Roosevelt became so angry with him he accused the congressman of seeing a Communist under every bed.

The congressman was Mark Dies. And he was born in Colorado City, Texas in 1900. In fact, Dies was the son of a congressman, also named Martin Dies, who moved to Colorado City in 1899.

The next year, Dies and his wife, Olive, became the proud parents of the future congressman.

The younger Dies only lived here for a short period of time, no more than eight years. He later graduated from Beaumont High School, and in 1920 earned a law degree from National University in Washington, D.C.

In 1931 Dies was elected to the congressional seat formerly held by his father. At the age of 30, Martin Dies was the youngest member of Congress. For the next six years he was regarded as an up and coming lawmaker, strongly supporting FDR's New Deal programs.

Then, in 1937, he and the president had a falling out.

"The president and I were the closest of friends," Dies wrote in his book, *The Martin Dies Story* (1963). But Roosevelt's attempt to pack the Supreme Court and his failure to condemn sit-down strikes, which Dies considered communist-inspired, led to their split.

Nonetheless, the former Colorado City resident achieved nationwide publicity when he was named the first chairman of the newly created House Un-American Activities Committee, which became known simply as the Dies Committee.

The year was 1938 and the Dies Committee eagerly sought testimony against any Communist or fascists. The congressman said after his committee was approved, "There was an uproar from the Left and the proposal was dubbed a 'witchhunt.' "

Eventually the Dies Committee recommended the dismissal of 3,800 government employees who supposedly had communist leanings. The Justice Department investigated and 36 persons were taken off the federal payroll.

Prior to that, in 1935, Dies had introduced a bill to deport Communist aliens. The measure was defeated, causing Dies to say, "It had been a magnificent opportunity to strangle the infant monster of communism in its cradle."

During a meeting with President Roosevelt, Dies says he told FDR that "thousands of Communists and their stooges and sympathizers were on the government payroll.

"Mr. President," Dies continued, "we must do something about this."

Roosevelt was furious, according to Dies. "He called me 'Mr. Congressman.' He had always called me 'Martin' before.

"Mr. Congressman. You must see a bug-a-boo under every bed," Roosevelt sputtered to Dies. Then the president added, "I do not regard the Communists as any present or future threat to our country. In fact, I look upon Russia as our strongest ally in the years to come." (This conversation took place prior to World War II.)

In 1941 Dies set his sights higher, deciding to run for the U.S. Senate when a vacancy was created by the death of Texas Senator Morris Sheppard. Dies says he was promised the support of then-Texas Governor W. Lee O'Daniel, so he threw his hat in the ring. So did another congressman named Lyndon Johnson.

"He hired a burlesque show to travel with him," Dies said of Johnson, "and gave a government bond at each meeting to the holder of a lucky raffle ticket."

To make matters worse for Dies, O'Daniel decided he would run for the vacant seat after all. O'Daniel won the election and Dies remained a congressman.

Also in 1941, the Dies Committee completed a 285-page report on Japanese intelligence activities, well ahead of the attack at Pearl Harbor.

"Our material included a strategic map prepared by the Japanese Military Department, along with Japan's proposed conquest of the Hawaiian Islands and the Far East," Dies wrote in his book.

When the congressman told Secretary of State Cordell Hull about his information, Dies said Hull urged him not to make the report public. "Relations between our two countries are extremely delicate," Dies quoted Holl as stating.

"I have never been able to understand why our government did not take the necessary precautions to protect our fleet from destruction after our committee had furnished such precise information on the proposed attack," Dies wrote.

In 1944, Dies decided not to seek re-election to Congress. But after an eight-year absence he ran successfully for an at-large seat from Texas in 1952. However, he was not allowed to return to the House Un-American Activities Committee because it was believed he had damaged the cause of anti-communism. (If so, his opponents were soon to meet another Red Hunter, Senator Joseph McCarthy.)

Dies retired from public life in 1958. He died in Lufkin, Texas on November 14, 1972 and was buried there.

The house where Dies was born in Colorado City still stands at 305 Hickory. It has a historical marker recognizing the structure (now in need of repairs) as the birthplace of Martin Dies, U.S. Congressman.

Mitchell County soil tested

By JOE RAFF, CEA-AG

This year, Mitchell County was lucky enough to be included in a statewide soil test. We received enough money to have 30 fields tested for nitrogen, Ph, phosphorus, potassium, calcium, magnesium, salinity, sodium and sulphur.

These 30 fields were picked at random and were sampled on December 10, 1996. Of the 30 fields, 22 were cotton, seven wheat and one hay grazer field.

Listed below are the averages, highs and lows of the 30 fields (numbers are represented in PPM):

Category	Average	HML	High	Low
Ph	8.3	M	8.5	7
Nitrogen	3.5	VL	43	1
Phosphorus	22.5	M	55	2
Potassium	246.8	H	486	91
Calcium	7,729	VH	27,480	760
Magnesium	215	H	489	68
Salinity	520	None	1,885	71
Sodium	55	VL	453	5
Sulphur	77	H	232	0

As expected, little can be concluded by the averages because of the vast differences in the highs and lows. Even when the data were arranged by region, there were no similarities among fields.

Nitrogen, Ph, sulphur and calcium were the only categories that showed any correlations across all fields. Nitrogen was low across fields with only two samples that didn't require a nitrogen treatment. Ph was mostly alkaline across all fields with 24 fields testing eight or greater, and only one field tested neutral (seven). Sulphur and calcium were both found in abundance. Only two samples required a sulphur application and all fields were high in calcium.

As always, it is recommended that fields should have a soil test before applying any fertilizer. The cost of a routine analysis is $10 and you can pick up a soil test bag with instructions at the County Extension office.

4-H friends and alumni receive generous donation

The Texas 4-H Friends and Alumni Association recently received $10,000 from Bill Hubbard, general manager of the John Deere Company in Dallas.

Citizen pleased with housing development

While visiting his son in North Carolina over the Christmas holidays, local realtor Jay McCollum took advantage of the opportunity to check out a housing development that was built by the same company proposing the Hillcrest project here.

A major housing development project involving 80 modular homes has been under public discussion recently. Bill Lee, the developer with Coventry Communities, met with city and county officials and the public in November and December to outline a proposal for the Hillcrest Community here.

Coventry Communities has built similar housing development projects in other areas. McCollum said he learned that one of the developments was located between Fayetteville and Sanford, N.C., near where his son is living.

The development, designed to meet the needs of low to moderate income families, was built six to eight years ago, he said.

"I wanted to get an idea how our comunity will look as it matures," said McCollum.

He said he was impressed with what he saw but he had to take into account several differences between the projects. The one in North Carolina was in a rural area, a few miles away from any town while the proposed development here will be in the northwest portion of the city.

Also, the lots were larger, about 100 ft. by 100 ft. compared to the 50 by 105 feet Hillcrest proposal.

Few of the modular homes in the North Carolina community had front porch overhangs, as proposed here, which McCollum said makes a difference in the finished look. The houses there are starting at $60,000 while the ones here are estimated to start at $42,000.

McCollum was disappointed that the sales office was closed because of the holidays. However, he was able to speak to one homeowner who had lived at the community several years and was pleased with his three bedroom, two bath home.

McCollum said he brought back some ideas about the appearance of the development that had not been discussed by the developer here but would be addressed by city and county officials.

"In my opinion, if this development is representative of what we will have here, it will definitely be an asset to our community," said McCollum.

Loraine News

By BESSIE ANN VAUGHN

Greetings from Loraine.

Have you made new year's resolutions? Have you broken them all yet? What's funny is to read some of the new year's predictions in the "rags" on the newsstands.

Here are some of my predictions:

1. Elvis will be seen on Lone Wolf Mountain playing guitar and singing "You Ain't Nothin' But a Hound Dog." (Leona, be on the lookout.)
2. "Rosie" Wright at Rosie's Gun Ship is seeking contributions and backing in order to run for president on the "four legs" ticket in the next election. I see her in the oval office with a blue litter box trimmed in red and white. Rosie will marry Socks and they will decide on the White House china soon.
3. Louis Small will be offered a romantic part in "As the World Turns" and he will take it!! ....By the way, he received EIGHT shirts for Christmas.

Just in fun, folks.

* * *

Visiting with Nell Doyle over the Christmas holidays were Tommy and Becky Doyle from Arlington, Shannon and Amanda, along with Raymond Jay, Amanda's fiance, all from Arlington; Beverly and Chester Collier from Westbrook Jimmie, Jodie and Hudson Collier from Silver. (Hudson is the new great grandson, born the day after Thanksgiving.)

Also visiting during this period were Frank and Gloria Hernandez from Sweetwater, plus grandchildren Scottie, Angela and Brenna Dyess from Houston.

* * *

Ida Baird of Loraine and Allene Baird of Big Spring spent Christmas week in Dallas with Dale and Olga Ann Baird and other relatives.

* * *

The Bill Longs returned to their home in Savannah, Ga. December 29 after spending Christmas week with their mothers, Annie Belle Jones and Irene Kidd.

* * *

Margaret Brame spent the Christmas holidays in Nashville, Tenn. in the home of her son, Kenneth Brame.

All of the family celebrated together: Kenneth's wife Nancy, and Debbie, Steve and Joshua Zabica.

Kenneth is senior vice president, management information of Service Merchandise stores. The corporate headquarters are at the edge of Nashville in Brentwood.

Margaret flew back to the Midland/Odessa Airport on Monday, December 30 and drove home from there.

* * *

We are concerned about several of our friends at this time and hope each one's health has greatly improved: A.K. and Billie Sheffield, Mary Love Allbright, Sidney Compton, Lela Bowlin and Mause Webb.

* * *

Dorothy Green said she and Jr. enjoyed having all their children here during the Christmas holidays. I noticed a handsome young man working at the store last week. It was grandson Brian.

* * *

Longtime residents Hubert and Nina Meadows are in the process of moving to Abilene, with the completed project depending on the weather.

We hate to see this nice couple leave Loraine and will miss them. This will always be home to them, I hope.

* * *

The Meadows' guests at their new home in Abilene were daughters, son and grandchildren James and Catherine Walls, Ashley and Nathan of Charlestown, Ind.; Tony and Marla Davis, Ashley and Aaron Davis of Albuquerque; James and Carla Meadows, Julie, Melissa and Amy of Merkel.

* * *

Thursday, January 2 was spent with the Meadows family at the Loraine farm. The grandchildren got to play one more time at "The Fun Place."

* * *

Christene Britton had all her children here for Christmas: Janna and Troy Hollaway and children from Carrollton, Mike and Rachel Britton and children from Colorado Springs, Carla and Dwight Aston and sons from Abilene, along with Christene's sister, Mary Shearer of Lubbock.

* * *

Beverly Nichols and Heather Ralph of Kansas City, Kan. were guests in the home of Effie Wheeler and Jimmie Jacks from December 27 until January 3.

On New Year's Day 20 people, including uncles, aunts and cousins, came together for a mini-reunion, enjoying a potluck lunch.

* * *

I'm sure many of you remember Eldie Bryant's daughter and son-in-law, Doris and Glen Camp from Dallas (Doris Camp is Effie Wheeler's niece).

Mr. Camp passed away just recently, and we want to send our condolences to all family and friends.

* * *

Chrystene Hall returned from Alabama last week where she spent the holidays with her son Jimmie and his wife Barbara. Also, there was her youngest grandson and his family, Kyle and Susan, with children Rush, Shelby and Jackson Christofer. The Mings family was also present.

While there, Jimmie and his brother-in-law, Gerry Martin from Stephenville, brought in from a trot line one 48 lb. catfish, one 38 pounder and one that weighed 13 lbs.

I would say Santa Claus was good to a couple of fellows!

* * *

We will be having a lot of entertainment for the month of January down at the center. Come get a calendar of upcoming events.

* * *

Donna Givens has a very handsome little grandson (her first). He is walking well and doing a lot of jabbering. Grandmother can probably understand his jabber.

* * *

Brian Randall Key of Lubbock made the dean's honors list in architecture at Texas Tech University. He is the son of Steve and Marsha Key of Lubbock, and grandson of Mack and Nell Key of Big Spring and T.J., Jr. and Dorothy Green of Loraine.

Congratulations and good luck to Mr. Brian R. Key.

* * *

Joy Dickenson enjoyed an early Christmas while her grandsons could be here. (Her daughter and son-in-law were also here.)

Their boys are Brandon and Brian Robey. Brian is a senior at Tech and Brandon works in Dallas.

* * *

Manor News

Jeff Wooddell, social director at Loraine Manor, reports that Mr. Chester Hart is a new resident and I believe most of you know that Chester is a brother to Syble Walker and Juanice Butler here in town.

I hope Mr. Hart will enjoy the Manor and being near part of his family.

* * *

Having birthdays this month at the nursing home are David Arnold, Agnes Hogue, Domingo Gomez, Modess Lucas and Linda Derrick.

The birthday party for all five will be on January 27 at 2:30.

* * *

On January 31, Steve Auston will be at the Manor to sing and play for everyone. The music begins at 10:30.

Lady Wolves wallop Sonora to open district play

The Lady Wolves opened defense of their district title in top form last Friday night in Colorado City, defeating Sonora 65-45 for their 12th victory of the season.

It was an all-around fine team effort for the Lady Wolves, who went undefeated in district play last season and look to be the team to beat in the district this season.

The Lady Wolves shot the ball very well early, but Sonora stayed with them for most of the first half. The pace of the game slowed down in the second quarter, and the Lady Wolves went into halftime with a 29-23 lead.

The third quarter was all Lady Wolves. With sharp passing, the Lady Wolves opened up a huge lead, outscoring the Lady Broncos 20-8 in the period.

Sonora scored most of its second half points on free throws, as the Lady Wolves held the Lady Broncos to three baskets the entire half to complete the 65-45 victory.

Kendra Anderson led the Lady Wolves with 27 points and 11 rebounds. Eighteen of Anderson's points came in the second half.

Bettina Bridgford had a great all-around game, scoring 11 points, grabbing seven rebounds and dishing out eight assists.

Jana Redwine had nine points and Mica Merrill had eight points and six assists. Casi Joiner had four points and Barbara Rivera had four steals.

"This was our best shooting game of the year. Early in the year we were not making the easy shots," said Lady Wolves Head Coach Darrin Leverton. "We played very good defense, especially in the second half."

The Lady Wolves (12-8) were scheduled to take on Reagan County Tuesday, January 7 at 6:30 p.m. in Big Lake. Reagan County was expected to be one of the Lady Wolves' biggest threats for the district title.

Haskell defeats Wolves with 4th quarter run

The Wolves varsity team fought neck and neck with Haskell last Thursday night in Haskell until the fourth quarter, when Haskell used a late run for a 69-53 victory.

Haskell, who came into the game with a 15-1 record, got all they could handle from the Wolves who, despite their losing record, have been in the thick of most games until the very end. They also played this game shorthanded, as much of the team battled with the flu.

Colorado City trailed 20-16 through one period, but didn't let Haskell improve on their lead as the Wolves narrowed the gap to two points early in the fourth quarter before Haskell ran away with it the rest of the way.

Despite the loss, the Wolves played solid basketball, particularly at the foul line, where they hit each of their 11 free throw attempts.

"We played very well," said Wolves Coach Hayden Merket. "The final score really didn't indicate how close it was."

Robert Garza led the Wolves with 14 points, with Lance Dockrey scoring 12, Terry Green, eight and Jaime Gutierrez, six.

The Wolves, who dropped to 4-11 this season, get a fresh start as they enter district play this week, beginning with a game against Reagan County on Tuesday, January 7 at 8 p.m. in Big Lake, followed by a battle with Kermit on Friday, January 10 at 8 p.m. in Colorado City.

The Wolves then take on Greenwood Tuesday, January 14 at 8 p.m. in Colorado City. "We've really improved since the beginning of the season," said Coach Merket. "We'll see what happens in District."

JV Wolves fall to Haskell

The Wolves JV team fell to Haskell 49-26 on Thursday, January 2 in Haskell in the Wolves' final game before district play begins.

The holiday layoff may have hurt the Wolves, who lost their tenth game of the season. The Wolves were looking to pick up their second victory of the season against Reagan County on Tuesday, January 7 at 5 p.m. in Big Lake.

Basketball games cancelled

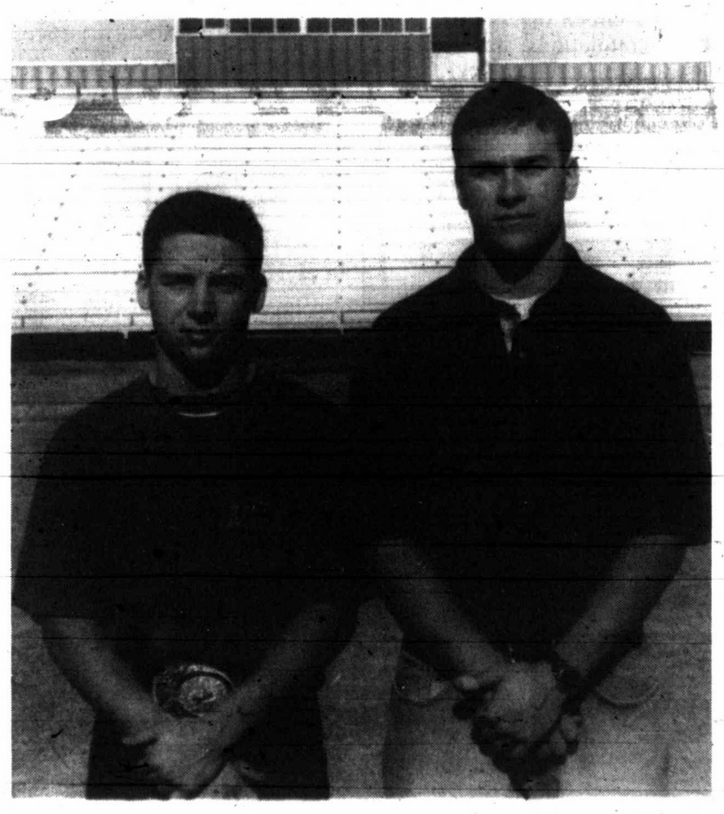

The Wolves' ninth grade boys and girls teams and seventh and eighth grade boys and girls teams' basketball games scheduled for Monday, January 6 against Lamesa were cancelled due to bad weather and have been rescheduled for Thursday, January 9.

The ninth grade boys and girls teams and the seventh and eighth grade girls teams will take on Lamesa in Colorado City beginning at 5 p.m. The seventh and eighth grade boys teams will play in Lamesa beginning at 5 p.m.

The ninth grade boys team will also play on Monday, January 13 against Andrews beginning at 6 p.m. in Andrews.

The Lady Wolves ninth grade team will take on Kermit Friday, January 10 at 6:30 p.m. in Colorado City, followed by another home game on Monday, January 13 against Andrews at 7:30 p.m.

Lady bulldogs drop two in tournament

By CARL GRAHAM

The Loraine Bulldogs boys and girls basketball teams didn't fare too well in the Klondike Cotton Classic Tournament held last weekend.

The girls drew host Klondike as their first opponent and it became apparent from the start that they had their work cut out for them.

Klondike began on a 14-0 run before Loraine's first point came on Amanda Cooper's free throw, with 4:55 left in the first quarter. Klondike increased its lead to 22-5 at the end of the period.

The girls matched up better in the second quarter, but were unable to cut into the Cougars' lead. The score was 40-18 at the half.

The Loraine girls came out cold to begin the second half, scoring their first points with 4:54 left in the third quarter when Misty Bailey hit a basket.

At the end of the quarter, Klondike had stretched its lead to 61-24 and both teams began to empty their benches. With both teams using mostly JV players, the point output was held down with a final score of 74-26 in favor of Klondike.

The high point scorer for Loraine was Amanda Cooper with 12, of which 10 were from the charity line.

The next day of the tournament, Loraine drew Southland as its foe. Southland jumped off to a quick start and led 18-5 after the first quarter.

Coach Garcia went to a platoon system to begin the second quarter and the result was a more balanced attack. Loraine netted 10 points to Southland's 11 to go into halftime down by a 29-15 count.

Loraine again came out cold after the half, allowing Southland to increase its lead after three quarters to 44-19. Loraine continued the platoon system but was unable to cut the lead and went on to lose game two by a 57-26 count.

The high point scorers for Loraine were Amy Garcia with seven and Leslie Garcia with six. The Lady Dogs were scheduled to take on Abilene Christian Tuesday at 6:30 p.m. in Abilene, followed by a Friday game against Moran at 6:30 p.m. in Loraine.

Bulldogs battle Klondike, lose 65-42

The Loraine Bulldogs drew Klondike as their opponent in the first round of the Klondike Tournament.

Loraine came out a little rusty at the beginning of the game, but took a 7-6 lead on a three-point shot by Bear Cooper. Klondike regained the lead and was ahead 13-9 after the first quarter. Loraine tied the game at 15-15 on a Cooper basket and took the lead again on a Miguel Gomez layup with 4:27 to go in the half.

The Dogs continued to build on their lead, using their pressure defense and great shot selection. Loraine took a 10-point lead with 2:21 left in the half on a Gomez free throw. Klondike cut the lead to 30-26 at halftime.

Loraine started the third quarter cold, which allowed Klondike to take a 40-36 lead into the fourth quarter.

Miguel Gomez went out with less than a minute to go in the third quarter with an apparent ankle injury. Without his rebounding ability and with several players in foul trouble the game got out of hand.

Klondike went on a 19-0 run in the final quarter, holding Loraine to six points and putting the game away with a final score of 65-42 in Klondike's favor.

The high point scorer for Loraine was Kyle Moore with 15. Miguel Gomez chipped in 12.

By virtue of their loss to Klondike, the Bulldogs were thrown into the losers' bracket to face Southland.

Loraine stayed close to begin the game and found themselves down by a 16-11 count after the first quarter. Southland pulled away in the second quarter when the foul bug once again hit the Bulldogs.

At the end of the half, Loraine was down by 37-22. Despite the efforts of Cooper and Moore, Southland stretched its lead to 55-32 at the end of the third quarter.

Bear Cooper hit key three-point shots to keep Loraine in the game, but fouled out with 3:34 left in the game.

Loraine was outscored 21-20 in the final quarter to the the game and force a quick exit in the tournament.

Kyle Moore had 21 points and Bear Cooper added 18 to lead Loraine.

The Bulldogs were set to take to the road in a non-conference battle against Abilene Christian Tuesday at 8 p.m., followed by a game against Moran on Friday at 8 p.m. in Loraine.

JV Lady Wolves win in overtime

The Lady Wolves JV team was forced into overtime by a stubborn Sonora Lady Broncos team, but pulled away in the extra period for a 49-43 victory.

After leading 25-21 at halftime, the Lady Wolves controlled the third quarter, outscoring Sonora 11-4 to take a commanding 36-27 lead going into the final period.

The Lady Wolves led 40-29 in the fourth quarter when Sonora went on a tear, scoring 11 consecutive points to even the game at 40 with just under two minutes left. Neither team was able to score the rest of the way, sending the game into overtime.

Colorado City regrouped and scored the first six points of the overtime and held on for the 49-43 victory.

Margaret Ann Jameson led the Lady Wolves with 15 points, with Staci Turnbow adding 12. Other scorers for the Lady Wolves were Edwina Ceballos and Ann Marie Scott with seven each, Amanda Rivera with four points and Sherry Ritchey with two.

"I was pleased up until the third quarter, then we let them back in the game," said Lady Wolves Coach Susan Gaona. "But we responded to the pressure and held our composure in overtime to pull it out."

The Lady Wolves (12-5) were scheduled to take on Reagan County on Tuesday, January 7 at 5 p.m. in Big Lake, then to battle Kermit on Friday, January 10 at 5 p.m. in Colorado City. On Tuesday, January 14, the Lady Wolves face Greenwood at 5 p.m. in Colorado City.

Joey, Katie and Todd will be performing your bypass.

Before you know it, these kids will be doctors, nurses and medical technicians, possibly yours.

They'll need an excellent grasp of laser technology, advanced computing and molecular genetics. Unfortunately, very few American children are being prepared to master such sophisticated subjects.

If we want children who can handle tomorrow's good jobs, more kids need to take more challenging academic courses.
