

Subscription drive is now underway

The annual subscription drive to help the CHS band raise money for school projects is in full swing.

Band members will sell RECORD subscriptions throughout the first week in September.

This is their major money making project and it will be the 22nd year they've sold subscriptions.

Educational trips, equipment and the annual band banquet are just a few of the things the money is used for.

The band gets a commission for each subscription sold and cash bonuses are awarded for daily volume.

Twenty-thousand dollars has been earned in the twenty-two years that the band has conducted this drive. In 1977 the band sold the most subscriptions totaling \$1,500.

The cost for subscription rates are \$12.50 in county; \$15 for Texas subscriptions; \$17.50 out of state and \$10 for college students.

Hurricane tales told

The Gulf Coast has a considerable colony of transplanted Colorado City people, mostly young people, working there while their parents live here.

They have just gone through Hurricane Alicia and have lived to tell the tale, according to some

of the mamas and papas involved.

Barbara Gray says that her son George and family are "okay." They had a big tree blown over on their garage, but they weren't hurt. They have no electricity or water and schools and jobs have closed.

George's wife is in law school and that's closed.

Mrs. Joe Morren says that daughters Lesa and Kari live in Houston.

Their neighborhood was littered with uprooted trees. They were without electricity and the water pressure was no

thing. One of the girls who works downtown was unable to get there. A battery radio was the only thing working. The two girls were unhurt.

Bonnie Calaway has a son living in Friendswood, just off Interstate 45. It was pretty rough, Randel, the son, says.

They lost their electricity but the telephone still worked. "They tried to leave," Bonnie says, "but it was too big a hassle; they just boarded up the house and rode it out."

Sonny Pawkett says his daughter lived in Southwest Houston and

there was no damage there.

Mrs. Howard Hardcastle's son Larry lives in Southeast Houston and was without electricity and water. "There were limbs everywhere and lots of water," he said. No big damage.

City works to solve water problems

City Manager Rick Crowley reported Friday that 10 inch and 8 inch pipes had been run through an existing conduit under Interstate 20 and tied in to eight inch pipes on the north side.

"This should help our water volume over there," he said. "Overhead storage will help our pressure problems."

Crowley said that the water seemed to be gaining in the water towers, making for better water pressure.

"Of course," he said,

New firetruck increases efficiency of department

Thursday, at approximately 6 p.m., the newest addition to the Colorado City Volunteer Fire Department was wheeled into town with four passengers of the fire department.

The new arrival was a shiny white 1983 Boardman fire truck. The vehicle which was purchased from the Boardman Company in Oklahoma City, has a Boardman

1,000 gallon per minute pumper with a Ford cab. It was purchased for \$69,188 and Fire Marshall L. O. Schafer and Fire Chief Brian Bassham along with firemen Don Webb and Dale Mathis drove the truck back from Oklahoma City.

The new truck will replace the red 1954 Seagraves Fire Truck which

will be loaned to the Texas Fire Museum in Grand Prairie.

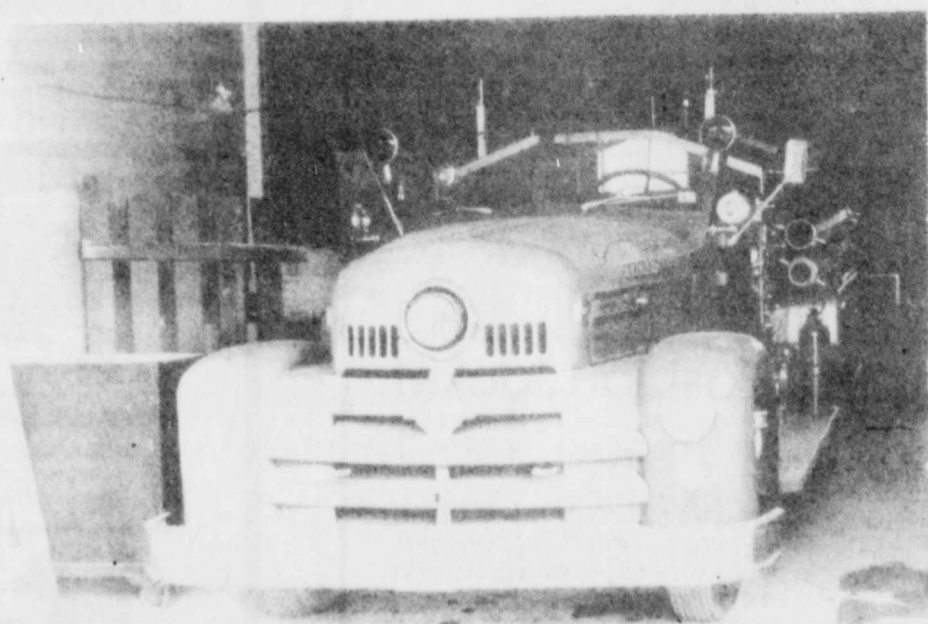

The Seagraves will be used by the museum as a riding truck used for tours. The museum has agreed to pay for repairs made on the truck and can keep the truck until Colorado City wants it back.

City Manager Rick Crowley said he was pleased with the purchase

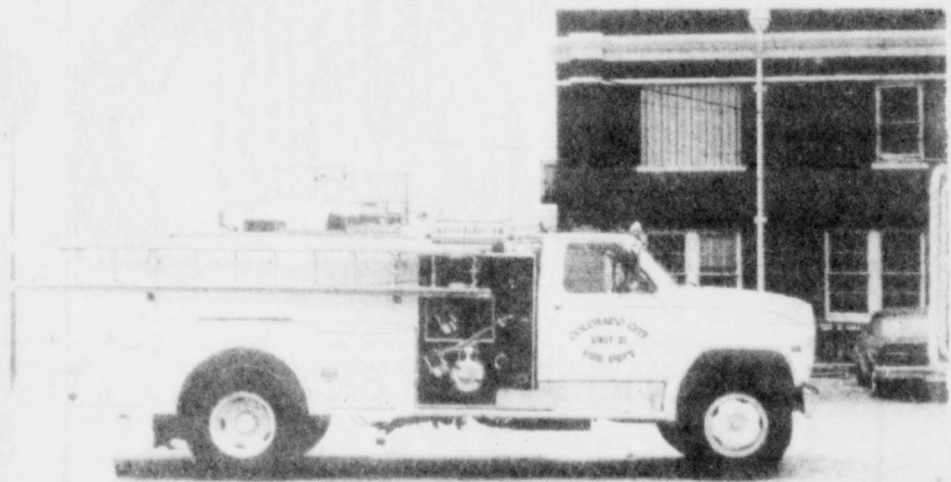

of the new truck and said "It will be worth our while." Crowley stated that the new truck was a necessity because

the insurance would no longer carry the Seagraves. But the Seagraves will still be in use for a

while if needed because the fire department is awaiting soft suction hoses for the Boardman.

the curriculum at high school are that there will now be seven 55 minute periods instead of six. School will begin 10 minutes earlier and last 15 minutes later to gain the extra period. The extra period will allow students to take more elective courses, said Useton.

Useton also stated that in the elementary classes (grades 1-3) a district ruling will require students to a half day of language arts and mathematics. More time will also be allotted for language arts and mathematics in grades 4-6.

Loraine ISD began classes Thursday, August 18 and Superintendent Glenn Sanders stated that the first two

days of school went really well. The attendance will be about the same as last year but several have not enrolled as of yet.

On the first day of classes, a general assembly was held for grades sixth-12th. The high school band and cheerleaders were presented and Sanders instructed students on rules and regulations.

A new program has been added for the upcoming year. A leisure reading period will be held twice a week for 15 minutes and everyone in the school will read what they want.

At Westbrook, classes for all students will begin at 8:20 a.m. and be

dismissed at 3:40 p.m.

School superintendent L. M. Dawson says the school enrollment will be about the same as last year. Last year 192 students attended the school. "I am looking forward to a good year," stated Dawson.

White, Vasquez exchange marriage vows

Valerie Casanne White and Manuel Vasquez, Jr., were united in marriage on Saturday, August 20th at 4 p.m. at the Colorado City Civic Center with Judge Charles Watlington officiating.

Parents of the couple are Mr. and Mrs. Eugene E. White and Mr. and Mrs. Manuel Vasquez, Sr., all of Loraine.

The double ring ceremony was performed before a brass archway decorated with greenery, lavender bows and lavender minipoms and daisies. A seven branch candelabra decorated with lavender bows, white and lavender tapered flanked each side of the archway. Four baskets of pink and orchid Glads with roses in shades of lilac, lavender and deep purple were accented with lavender floss and gypsophila, and tied with orchid net and lavender ribbon were set between the candelabras and archway. Pew markers of lavender bows accented the setting.

Given in marriage by her father, the bride was attired in a long gown of white polyester and sheer lace. Chantilly lace, sequins and flounce over a fitted bodice was accented by a split neckline in trimmed Venice lace. A slightly raised waist was trimmed with satin ribbon coming to a bow at the center back. The long puffed pinched lace sleeves were self-flounce and tied with satin ribbon. The full skirt was accented with Venice lace motif. The lace flounced hem line extended to an apron effect on the cathedral train. The fingertip veil

of white illusion net accented with seed pearls were gathered to a headpiece covered with lace and accented with pearls. For the reception and wedding dance, the train gathered to the center back waist and fashioned into a butterfly bustle.

For something old, the bride wore a single strand of pearls belonging to her late paternal great-grandmother, Pearl Lord; something new was her wedding dress and accessories; a white lace handkerchief belonging to her late maternal great-grandmother, Fannie Crotts, was borrowed from her maternal grandmother, Ruth Eisiminger of Partridge, Kansas; something blue was her garter.

The bride carried a lavender lace fan with white silk roses and lavender baby's breath. Lavender ribbons with tiny lavender forget-me-nots cascaded from the fan. The bride's fan was designed by her mother.

Miss Tammy Olson, from Pretty Prairie, Kansas, served as the maid of honor and wore a floor length dress of beige lace with a long sleeve lace jacket. She wore beige flowers in her hair. She carried the throw away bouquet of silk lilac roses, white baby carnations and baby breath to accent. The flowers were edged with white lace and tied with white lace and light orchid ribbons.

The bridesmaids all wore floor length dresses made from orchid dacron polyester. Their capes were orchid voile with small flowers in shades of lavender to

deep purple. They all wore halo styled headpieces covered with flowers in the bride's colors. A light orchid ribbon tied at the back complimented each headpiece. They each carried a purple rose bud accented with white baby's breath and tied with light orchid ribbon.

The bridesmaids included aunts of the groom, Linda McElmurry of Sweetwater, Mary Jane Abrigo of Loraine, Fela Sequa of Bellville, Texas; sisters of the groom, Crestina and Adeline Vasquez of Loraine; cousins of the groom, Anna Arellano, Dianna Calderon, Rosa Calderon, Sylvia Lara, and Lucy Garcia all of Colorado City and Minnie Garcia of Roscoe; Mary Lopez, Ester Espinoza, Suzy Rodriguez, Carmen Wells, Karen Hackfield, Mary Ann Leija all of Loraine and Rosa Maldonado of Hermleigh.

A sister of the groom, Amelia Vasquez of Loraine, was flower girl and carried a basket of silk flowers in hues of lavender and orchid. The handle was covered in orchid ribbon and accented with a double bow and streamers. Small orchid butterflies complimented the handle. The basket of flowers was made by the bride and her mother. The flower girl's dress was white dotted swiss with eyellet lace trim on the bodice and a wide eyellet ruffle at the bottom and puff sleeves. Lilac bows and ribbon at the waist completed her outfit. She wore lilac rose buds in her hair.

The candlelighters were Ambrosia Vasquez, sister of the groom from Loraine and Tawnya Sivils, cousin of the bride from Nickerson, Kansas. They wore identical long sundresses made of pale orchid cotton polyester with tiny flowers in light orchid with deep lavender borders. The dresses were complimented by light orchid bows at the bodice and a light orchid ribbon belt tied in a bow at the back waist. Their headpieces were flowers in shades of orchid and lavender.

The groom was attired

in a silver tuxedo. His boutonniere was a lavender carnation with a white rose bud in the center.

Eugene White, II of Loraine, brother of the bride, served as best man. He was wearing a black classic tuxedo with a lilac shirt. His boutonniere was a white carnation with an orchid rose bud in the center.

The groomsmen were attired in dark suits with lilac shirts and dark bow ties. Their boutonnières were complimentary to the bridesmaids headpieces.

The groomsmen included: uncles of the groom, Joe McElmurry of Sweetwater, Simon Abrigo of Loraine, Ben Sequa of Bellville, Texas; cousins of the groom, Sammy Castro of Sweetwater, Joe Lara, David Arellano, Gabriel Garcia all of Colorado City; Joe Garcia of Roscoe; Adam Merket, Manuel Lopez, Don Epperson, Ronny Woodell, Stan Hackfield, Ruben Garza all of Loraine; cousin of the bride, Tracy Sivils of Nickerson, Kansas; Robert Quiroz of Colorado City; Phillip Vigil of Westbrook and Euesio Maldonado of Hermleigh.

The guestbook was attended by Josephine Vasquez, sister of the groom and Delia Calderon, cousin of the groom from Colorado City. Miss Vasquez wore a floor length dress in light blue and Miss Calderon wore a long beige dress. Their corsages were a large carnation accented with orchid ribbon and white net puffs and they were tied with large orchid bows. Miss Vasquez and Miss Calderon also attended the gift table. The guest book was signed at a table covered with an orchid cloth and a small basket of lavender rose buds and white baby's breath.

The gift table was covered with a deep purple cloth and overlaid with an ecru lace tablecloth. The centerpiece was a large cut glass bowl filled with Japanese Iris, white and

lavendar mums, baby's breath and orchid ribbons.

Popular selections were played by Mrs. Ann Gregory of Colorado City for pre-nuptial music. During the lighting of the candles, the theme from "Ice Castles" was sung by Leslie Rose of Loraine. The bridesmaids entered while Mrs. Gregory played "I Love You Truly." The traditional "Wedding March" was played while the bride entered. After all the guests joined in the Lord's Prayer, Miss Rose sang "Truly." The "Wedding March" was played for the recession.

The mother of the bride wore a sleeveless floor length gown in orchid polyester knit. The dress was topped with a floor length sheer veil poncho in orchid with small flowers. She wore lavender mini carnations in her hair. The father of the bride wore a black classic tuxedo and a lilac shirt. His boutonniere was a deep purple rose bud with baby's breath.

The mother of the groom wore a peacock blue chiffon dress. The dress was floor length with an attached sheer overlay on a V neck. Her flowers were white carnations with lavender bows. The father of the groom wore a brown suit and white shirt. His boutonniere was a deep purple rose bud with baby's breath.

The groom's grandparents, Mr. and Mrs. Daniel Vasquez of Loraine and Mr. and Mrs. Trino Abrigo of Sweetwater were presented corsages and boutonnières. The grandmothers each wore a silk orchid accented with purple gypsophila, baby's breath and tied with orchid ribbon. The grandfathers boutonnières were deep purple rose buds.

The bride's grandparents, Mr. and Mrs. Floyd Eisiminger of Partridge, Kansas, were presented with flowers also. Mrs. Eisiminger's corsage was a large silk lilac rose with lilac tea roses and lavender buds. It was accented with baby's breath and tied with orchid ribbons.

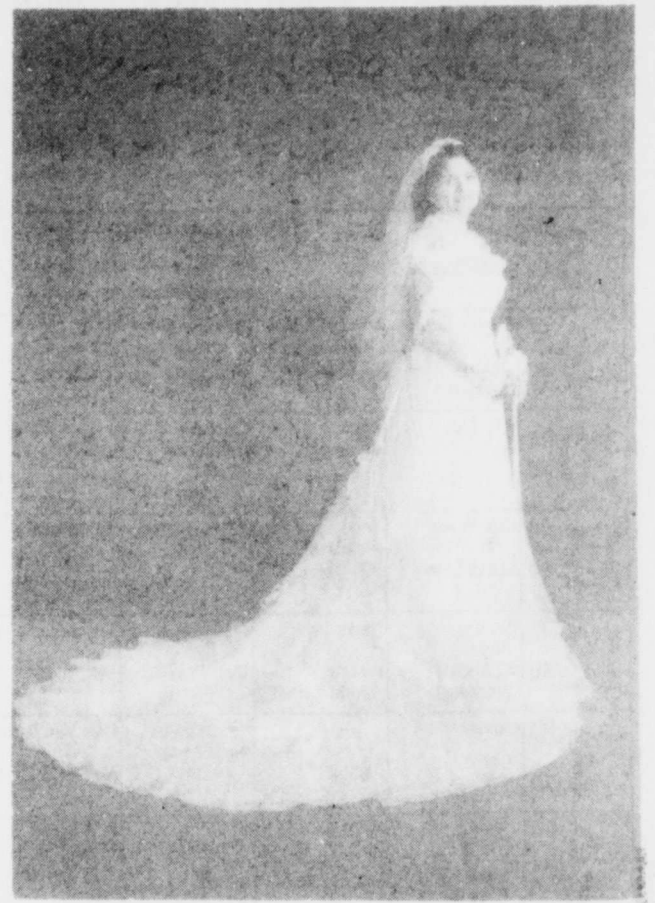

Mr. Eisiminger's boutonniere was a deep purple rose bud.

Following the traditional ceremony, a reception dinner dance followed. The bride's table was covered with orchid material matching the bridesmaids dresses and topped with white lace gathered at the front and accented with orchid ribbon. The table held a four-tiered wedding cake accented with orchid roses, light green leaves and white wedding bells and cupids. The cake was highlighted by an ornament of white bells and lavender baby's breath. The entire cake was displayed atop a fountain flowing with lavender color water surrounded by white wedding bells and cupids. Punch was served from a crystal punch bowl and a large bouquet of lilac roses and mixed flowers set in a glass pedestal complimented the table.

Rice bags made from white net and orchid ribbon were passed out to the guests as the couple departed.

The rice bags and all the flowers worn by the wedding party were made by the bride's mother.

The bride-elect was honored with a miscel-

Mr. and Mrs. Monte Hamilton

Couple united in afternoon ceremony

Kristi Vonne Hardy and Monte Kim Hamilton were united in marriage in a double ring ceremony August 13 in the afternoon at the home of the bride's maternal grandparents, Mr. and Mrs. Elmo Dunn, Lake Thomas Road.

Rev. Clarence Minton of Snyder performed the 3 p.m. rite.

The wedding vows were written by the bride and groom.

The bride is the daughter of Mr. and Mrs. Raymond Hogg, Big Spring and Frank Hardy of El Paso. She is also the granddaughter of Mrs. W. E. Hardy of Snyder.

The bridegroom is the son of Mr. and Mrs. Rusty Hamilton of Big Spring.

The vows were performed before a yellow

lattice archway made by Elmo Dunn, grandfather of the bride, and decorated with lemon leaves, yellow balloons and satin bows.

Shirley Dunn, pianist, and aunt of the bride provided music for the ceremony.

The bride, escorted by her father and step-father, wore a white formal length gown of eyelet organza. A sheer yoke enhanced the high neckline. The dress was accented by off-the-shoulder bouffant sleeves and fitted bodice of raised embroidered flowers outlined in seed pearls. Alencon and Venice lace bordered the dress. A white lace bow was worn in place of a veil. The bride wore a yellow satin garter sewn by her mother, and carried a promise ring tied

to the garter with a green bow. She carried a bouquet of yellow rosebuds, white carnations, forget-me-nots, and stephanotis, that she made. The bouquet was accented with lace and satin bows of green and yellow. Corsages and boutonnières for the attendants were made by Mrs. Elmo Dunn, the bride's grandmother.

Carla Hendley, of El

Paso, was maid of honor. Staci Dunn, cousin of the bride, was bridesmaid. They wore long dresses fashioned after the bride in shades of green. The best man was Kurt Dunn, cousin of the bride. Scott Hardy, brother of the bride,

carried a ring pillow of green satin, overlaid and bordered in lace, sewn by her mother.

Following the ceremony a reception was held. A three tiered cake decorated with yellow rose clusters was topped with an original "Creations in Glass" gazebo by GERAL R. Neff of California. A kissing bride and groom stood in the gazebo with two glass doves kissing above them.

The groom's cake was German chocolate and

decorated as a smiley-faced balloon. The table was covered with a white cloth accented with ruffled lace. Two alabaster doves along with the bouquets of the wedding party served as a centerpiece.

Guests were from El Paso, Snyder, Azle and Ira. The couple will make their home in Big Spring.

Marian's Memos

By Marian Morris

Clothing for children going back to school need not be expensive. When choosing back-to-school clothing, consider the child's preferences and activities, styling, fabric type and care factors. Also, pay special attention to choosing shoes.

In planning your child's school clothing purchases, remember that garment styling is very important to youth. They like to "fit in" with the crowd which means wearing clothing similar to their peers. Therefore, observe what his friends are wearing. Plan to take your child shopping with you. Prepare him for what you are looking for, too, before you go. When you do go shopping, shop only for him, as children get tired of shopping if there are many other tasks to be done.

Make a list of specific items needed before you go. Also include the quantity needed. Consider the child's growth patterns when deciding

how many of each item to buy.

Purchasing a lot of clothes he may grow out of in three months is expensive. Also, consider purchasing two or three outfits that can be mixed and matched for a more useful wardrobe.

Evaluate what special activities the youth may be involved in, too. If special clothing will be needed for each activity, consider these as a share of the clothing budget.

Decide if parts of these garments could be worn with his regular

school clothing for a wardrobe extender. Unplanned expenditures such as special-activity items can wreck a budget. However, such clothing may be very important to the youth and should be planned for.

Choose styles and fabrics that will grow with the youth. Raglan sleeves, cuffs on pants, large hems in dresses and tops are features that can add to the wear-life of a garment. Knits, especially cotton or cotton-polyester, are easy to care for and have stretch for comfort. Choose durable fabrics such as denim and corduroy to withstand children's abuse and repeated laundering.

Always take special care in choosing shoes. Select at least two pair that can be interchanged for longer wear and comfort. Have a reputable shoe salesman determine your child's size. Then choose sturdy shoes that provide support.

Children should not wear hand-me-down shoes, because such shoes force children's feet to conform to the footprint already in the shoe.

The Month of August...
...Dog days...

And we are hounded...hounded by the "dogs" of the "times". We are hounded by fear...insecurity...doubt...and all those other "dogs" of "the times." Hounded as we are we may feel that all life's "cares and strife and toil seem strangely valueless."

What's a body to do?
You fight off fear with the 23rd Psalm: "I fear no evil, for Thou art with me." You fight off insecurity with Psalms 91: "...say to the Lord. My refuge and my fortress: my God in whom I trust." You fight off doubt with Psalm 77: "I will call to mind the deeds of the Lord: yea, I will remember thy wonders of old."

Let us not run before the hounds of "The Times." Let's turn upon them with the resources of God's Word.

Then we will not grow weary or lose heart. What's more those who depend upon us will not lose heart either. And in due season we shall reap the harvest of courage, steadfastness, and faith.

Railroad Commission to set production rate

The Railroad Commission set the Texas oil production rate for September 1983 at the market demand factor of 100 percent for the 79th month in a row. The Commission first went to the ceiling level in April 1972.

Chairman Mack Wallace and Commissioners Buddy Temple and Jim Nugent directed the continuance of the maximum statewide allowable after receiving and reviewing purchaser nominations for Texas oil in September totaling 2,444,632 barrels per day, a decrease of 10,035 barrels daily when compared with August buyer requests. September 1982 nominations totaled 2,464,552 barrels daily.

Next month's permissible rate of output is calculated to average 2,868,566 barrels per day with actual production estimated to 2.355 million b-d. The maximum allowable applies to all but 10 fields in Texas that are assigned lower legal rates of flow for conservation purposes. Actual production in September 1982 was 2,393,216 barrels daily.

Wallace reported that September 1983 nominations for the purchase of Texas gas totaled 18,955,002 Mcf-d (thousand cubic feet per day). Gas nominations for August amounted to 19,251,969 Mcf-d. September 1982 gas nominations totaled 21,484,229 Mcf-d.

The next statewide oil and gas hearing will be held Friday, September 16 at 9 a.m. at the Kiva Inn in Abilene.

Crane may be the team to beat in 6-AAA district race

As one sports reporter put it, the Crane Golden Cranes may have their own version of the seven blocks of granite for the upcoming football season.

The Cranes, coached by Rickey White, sports probably one of the better and certainly the biggest offensive and defensive lines in the district, and if they find adequate backfield, they could be the team to beat in district.

Last year it looked like the Cranes were going to set the district 6AAA football world on fire. They got off to a

flying start by winning their first seven games. Crane faltered in the final three games by losing to Ozona 17-8, Ballinger 10-0 and Colorado City 21-14. But Coach White thinks that this year's team will be better than last year.

The Cranes have a line that many class 4A teams would envy. The front wall will feature All-West Texas performer Trey Morgan 6-2, 220 at guard, John Cavazos 6-0, 195 at guard, center Johnny Fox 5-9, 185, tackle Wally Heredia 6-1, 200, tight end Bobby Ryan 6-0, 180 and end Joe Morrison 5-10, 165. White said that there is a chance he might use mammoth Junior Bishop at tackle. Bishop stands 6-3 and weighs 270.

All the interior linemen are returning lettermen. End Ryan should step in and play with the best of them, White said, although he did not play last year.

White feels that his

team should be much better because of their size, the strength of his linemen and they all know the system well.

The back situation is not as steady as the linemen positions. Handling the quarterback duties this season will be letterman Tod Rogers, 5-11, 160. While backing up last year's quarterback Eugene Morris, Rogers got to put the ball in the air only 15 times. The running back problem is evident when fullback Junior Sena, 5-11, 180 is the only experienced back, carried the ball only 57 times last season.

White said he might move Alonzo Carrasco to the running back spot. Another possible back is William Southerland, 5-10, 185. White feels the best way for his team to win games is to stay in the I-formation and control the line of scrimmage.

Bishop will anchor the defensive line, and not

many people ran over big Junior last season. Morgan will man the other tackle spot.

Stationed at the defensive ends will be Ryan and Joe Carrasco, linebackers will be Cavazos, Fox and Billy Gallaway, 5-10, 170. The Cranes operate out of a 2-6 defense with three linebackers. In the secondary, Mark Velesquez, 5-10, 155 played 10 games as a freshman last season. Sena, Dwayne Tarpley, 5-10, 140, and Rogers will be used.

White says his defensive unit is agile and quick and more than likely will run a straight defense. Morgan runs a 5.0 40 yard dash, Heredia a 5.0, Cavazos, 5.0 and Fox who started all games at linebacker is the best tackler on the team.

So if the Cranes can get a few horsemen to run behind the seven blocks of granite, they will definitely be a team to be reckoned with this season.

St. Joseph's Fiesta Day to be today

Sunday is the big day for the third annual Fiesta Day Fall Festival sponsored by the St. Joseph's Catholic Church in Loraine beginning at 11 a.m.

The festivities will be held at St. Joseph's and highlighting the events will be the crowning of the festival queen and the presentation of the queen and her princess from 1981 and 1982. This year's candidates are Christina Lopez and Amy Garcia.

Miss Lopez is the nine-year-old daughter of Mr. and Mrs. Manuel Lopez of Loraine. She is a fourth grader at Loraine Public School and attends St. Joseph's. Cristina had these comments on the festival, "It has been a lot of fun, and I like doing things to help my church."

Miss Garcia is the 12-year-old daughter of Mr. and Mrs. Gabriel Garcia of Colorado City. She will be a seventh grader at Colorado Middle School and she attends both St. Joseph's and St. Ann's Catholic Church in Colorado City. Amy stated that

she entered the contest "To help raise money for the church and because it would be fun."

The queen coronation begins at 7:30 p.m. and Father John Busch will crown the new Fall Festival Queen. The queen and princess from 1981 will be present at the ceremonies. They are Kristi Moreno and Christina Vasquez. Queen and princess from 1982 are Ester Espinoza and Sandra DeLoera.

The festivities will begin at 11 a.m. with a barbeque dinner. Tasty barbeque and all the trimmings will be served. Also various game booths will be set up for everyone's enjoyment. Some of the games offered will be a cake walk, darts, horse shoe throw, ducking booth and balloon throw plus many more.

In addition, there will be food booths set up for anyone who gets hungry after the barbeque dinner. Favorite Mexican dishes will be served along with nachos, sandwiches, hamburgers, cold drinks, snow cones and pop corn just to

name a few.

Festival chairperson Manuela Pantoja said that various items such as tableclothes will be

raffled off and a store will be set up which has handmade items such as crocheted items with

stuffed dolls.

Also highlighting the festival will be a Mexican dance after the queen coronation. Ballet Azteca of San Angelo will be the special performers. Mrs. Pantoja also stated that after Ballet Azteca's perfor-

mance, entertainment will be provided by volunteers in the crowd.

All of Mitchell County is invited to come and join in the festivities and help make the third annual Fiesta Fall Festival a success.

Motorists should observe rules

School-age children are active, fun-loving little people that in their zest sometimes forget to stop, look and listen whether riding their bicycle or just walking.

A child is extra vulnerable when outdoors, and a careless driver can become a deadly threat. It's your job to look out for them.

Parents themselves can prevent a great number of mishaps and maybe even prevent another kid becoming just another casualty. Parents and motorists should observe these simple rules to help safeguard the kids:

- Be especially careful near schools.
- Know all traffic rules and observe them.
- Obey crossing instructions!
- Always be prepared for the unexpected.
- Remember children are always dashing about. Watch out for those peak traffic periods... mornings, noons, and afternoons.
- When in doubt...

- Give kids a break by using your brake.
- Children themselves can help curb the rising number of fatalities involving children on bikes by obeying these rules:
- Obey all applicable traffic regulations, signs, signals and markings.

-Observe all local ordinances pertaining to bicycle operation.

-Keep right, drive with traffic, not against it. Ride single file.

-Watch out for drain grates, holes, bumps and other road surface hazards.

-Watch out for car doors opening, or for cars pulling out into traffic.

-Don't carry passengers or packages that interfere with your vision or control.

-Never hitch a ride on a truck or other vehicle.

-Be extremely careful at all intersections particularly when making a left turn as you are turning towards three flows of traffic.

-Use hand signals to indicate your turning direction or that you're stopping.

-To turn left point your arm that way. To turn right, stick your left arm out and bend it at the elbow pointing the forearm up. To stop, do the same but point down.

-Protect yourself at night with the required reflectors and lights.

-Drive a safe bike. Have it inspected to insure good mechanical condition.

-Drive your bike defensively; watch out for the other guy.

Children can also protect themselves when walking to or from school by remembering these rules:

-Cross only at intersections in the designated crossing area.

-Use sidewalks whenever available.

-If there are no sidewalks, walk against traffic.

-Wear light colored clothing, especially at

night.

-When walking at night, wear some kind of reflector tape.

-Cross at a signalized intersection only when the light you're facing is green. Then you still need to watch for cars turning towards you.

-Look left, right and then left again before crossing.

Remember, parents, you can be the surest prevention of accidents by merely staying alert. Their lives may rest in your hands.

Cover designed by retired lineman

The 1982 Colorado City telephone directory, in its usual array of colors, was scheduled for distribution beginning August 12, said Jim West, community relations manager, for Southwestern Bell.

The new directory contains 21 white pages and 64 yellow pages. The new cover features a sculpture by retired Southwestern Bell lineman Gerald Sanders of Pampa.

The bronze sculpture, titled "After the Storm,"

authentically details a telephone lineman repairing a pole and cross-arm damaged by a 1949 ice storm that swept through West Texas.

Each residential customer will receive one copy of the directory.

Approximately 8,450 directories were printed. Of that, 4,033 directories will be delivered to customers.

Extra books are for customers moving into the area throughout the year and customers requesting additional copies, West said.

SCIENCE

The GED Science Test will contain eight to ten reading passages dealing with biology, earth science, chemistry, and physics. Most of the questions on the test are on these passages. Other questions, called discrete items, are based on a general understanding of science and do not follow a reading passage. Some of the science questions will be based on interpreting graphic selections (diagrams, charts, tables, and graphs). The same basic skills required for reading comprehension that were used in Reading Skills will apply to Science and its discrete items.

DISCRETE ITEMS
The discrete selections on the GED Science Test will not ask you for specific facts or details but rather measure your understanding of basic concepts of science.

THE HUMAN PUMPING SYSTEM

The human heart is a very efficient fluid pump. It is located between the lungs in a compartment called the mediastinum.

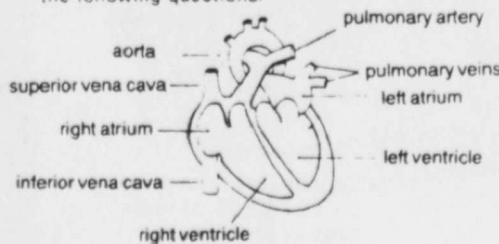

The chambers of the heart are composed of two atria and two ventricles. The atrium and ventricle of the left side are separated from the atrium and ventricle of the right side by partitions.

Most of the blood from the body flows into the right atrium through two large veins called the superior and inferior vena cava. The blood in the right atrium moves into the right ventricle through a heart valve. Next blood is transported from the right ventricle to the lungs by the pulmonary artery.

Blood leaves the lungs after exchanging respiratory gases and enters the left atrium through the pulmonary veins. From the left atrium, blood then goes to the left ventricle through another valve system. From the left ventricle, blood is moved to the body through the aorta.

Heart muscle is very active and requires a large volume of blood. This blood is supplied by special vessels called coronary arteries. If the coronary arteries become blocked by a clot or plug, the blood does not reach the heart muscles. This condition, called a coronary occlusion, may lead to the death of some of the heart tissue. A coronary occlusion may be fatal if it occurs in a major artery.

The basic pattern of blood circulation is from the heart to the arteries, to the capillaries, to the veins, and back to the heart. Choose the best possible answer to each of the following questions.

Chocolate, a refreshing taste for summer

The cool, refreshing taste for summer? Would you believe, chocolate! It's chillingly delicious in such recipes as Deluxe Chocolate Ice Cream Pie or Milk Chocolate Souffle.

With a grown-up's supervision, kids will enjoy making home-made ice cream in the blender, while adults can cool off with Milk Chocolate Souffle—a real treat with a hint of mocha taste.

Here are the recipes for Deluxe Chocolate Ice Cream Pie and Milk Chocolate Souffle.

DELUXE CHOCOLATE ICE CREAM PIE

Graham Cracker Crust:

One-third cup butter, softened.

One third cup firmly packed brown sugar

1 cup graham cracker crumbs

¾ measuring teaspoon cinnamon

Chocolate Ice Cream:

½ cup sugar

½ cup water

One 6-oz. pkg. (1 cup) semi-sweet chocolate morsels

2 eggs

2 measuring teaspoons vanilla extract

½ measuring teaspoon salt

1½ cups heavy cream, whipped

Graham Cracker Crust:

In small bowl, combine butter and brown sugar; beat until creamy. Add graham cracker crumbs and cinnamon; mix well. Press into bottom and up sides of a 9" pie plate.

Chocolate Ice Cream:

In small saucepan,

combine sugar and water. Bring to boil over moderate heat and boil for 3 minutes; remove from heat. In blender container, process at high speed about 6 seconds semi-sweet chocolate morsels and hot syrup mixture. Add eggs, vanilla extract and salt; blend for about 1 minute. Pour over whipped cream and mix well. Pour into prepared graham cracker crust. Freeze until firm.

Makes: One 9" pie

MILK CHOCOLATE SOUFFLE

One 11½ oz. pkg. (2 cups) milk chocolate morsels

1 envelope (1 measuring tablespoon) unflavored gelatin

¼ cup coffee flavored liqueur

¼ cup water

6 eggs, separated

¼ measuring teaspoon cream of tartar

½ cup sugar

2 cups heavy cream, whipped

Prepare a 2" foil collar for a 1 -1½ qt. souffle dish. Lightly oil collar and fasten to dish; set aside. Melt

over hot (not boiling) water milk chocolate morsels. Remove from heat. Cool 10 minutes. In medium saucepan, combine gelatin, coffee flavored liqueur and water. Stir over low heat until gelatin is dissolved, about 5 minutes. Quickly blend egg yolks and gelatin mixture into melted chocolate. Transfer to large bowl. In small bowl, combine

egg whites and cream of tartar; beat until foamy. Gradually add sugar, beating until stiff peaks form. Stir about ¼ cup of both egg whites and whipped cream into chocolate mixture. Fold in remaining beaten egg whites and whipped cream. Pour into prepared souffle dish. Refrigerate until firm (about 4-5 hours).

Shelton Ranches to sell quarter horses

Shelton Ranches will offer 75 registered American quarter horses for sale at a special Halter and Performance Accent Sale August 30.

The sale will feature the complete 1983 foal crop from Shelton Ranches halter and performance broodmare band, in addition to 16 top halter and performance broodmares currently bred to championship stallions.

"This year we've split our annual production sale into two distinct sales—a halter and performance sale and a cutting sale—to better market our product to our customers," says Robert R. Shelton, president and owner of Shelton Ranches. "Our serious halter and performance customers will have the opportunity to view our best halter and performance stock and their parentage without being distracted by other sale offerings. On September 14, our cutting customers will get the same opportunity. Not many people get the chance to choose from 75 finely-bred performance horses at one sitting. This enables the customer to choose the animal that is exactly right for his program."

The Accent Sale will showcase weanlings and yearlings by Conclusive, the 1981 World Champion Aged Stallion; Skipa Star, 1975 Superior Halter World Champion; Two-year-old Stallion; The Investor, American Quarter Horse Association Superior Halter Champions; Walaby, an AQHA Superior Halter Champion and 1967 High Point Halter

Stallion; and Leonard Milligan, the 1980 Copenhagen-Skoal Super Horse who is one of the seven Super Syndicate Ltd. Stallions.

The Shelton Ranch quarter horse sales have proven to be among the most popular auction production sales in the nation. Three previous production sales have grossed a total of \$2.5 million.

"We've made quality and integrity our breeding benchmarks," says Shelton, a great-grandson of King Ranch founder Capt. Richard King. "And it has paid off in the acceptance we've received from our customers in a relatively short period of time."

Shelton established a quarter horse breeding operation at his Comanche Trace Ranch near Kerrville in 1978. Today, after an intensive and selective building program, Comanche Trace boasts a broodmare band of over 200 proven mares, in addition to championship - quality foundation stallions.

"Our program is successful because we combine great bloodlines with technical expertise," says Shelton. "Our staff has developed an Equine Information Management System which makes such data as breeding status, medical history and feeding programs immediately available."

Shelton Ranches has also established an incentive program in conjunction with its Halter and Performance Accent Sale.

Any weanling, yearling or 1984 foal of a mare purchased at the sale who wins an AQHA World Championship in halter, western pleasure, cutting or working cow horse events, will be awarded \$10,000 by Shelton Ranches. This one-time payment will be split 50-50 between owner and trainer.

In addition, any weanling, yearling or 1984 foal of a mare purchased in the sale that earns an AQHA Championship or AQHA Superior Event Award in halter, western pleasure, cutting or working cow horse competition in the next five years will win a \$5,000 award. The cash prize will go to the trainer of that foal at the time he finishes qualifying for the award.

The Accent Sale, conducted by auctioneer Gordon Hannagan, begins at noon at the Shelton Ranch Arena. Horses are available for viewing between 9 a.m. and noon.

The Shelton Ranch Arena is located four miles south of Kerrville on Highway 173.
