

Early Buying Urged As 5th War Loan Drive Opens

Prospects are good for this county to go over the top in the 5th War Loan Drive—if everyone will do his part and will continue buying bonds at the rate shown during the first three days since the drive officially opened. This is the belief of John Forbis and Morris Wells, chairmen, after they had checked the progress of the work Wednesday morning.

"We urge each person to make up his mind how much he is going to invest in bonds, go to his bank or post office and buy them, then report to the committee of his community or leave word at home for workers who call," the chairmen declared.

Solicitors will be expected to see everyone in their community or their section of town, but since this is one of the busiest crop seasons of the year, the co-operation of the people will do much to put the drive over the top, it was pointed out.

The communities will be given

credit on those bonds bought by rural purchasers in Wellington.

Committees named to have charge of the drive in various sections, were announced. These were for the most part those who have taken part in former drives and include:

Wellington, residential section, Mrs. Harry Gilbert, chairman, Mrs. Lee O'Neil, Mrs. R. S. Pinkston, Mrs. Bill McClaskey, Mrs. Judge Holton, Mrs. John Bevers, Mrs. J. B. Stevenson, Mrs. V. H. Lindsey and Mrs. Alvis Derryberry.

Wellington, business section, Dewey Ellis, chairman, Cameron Beam, Pink Sullivan, John D. Glenn, F. A. Hatch, I. O. Ruby, Sandy Parsons, Bryan Denley, Howard Riggs, Bura Handley and Logan Cummings.

Aberdeen, China Grove, Ella, Elm Valley, Needwood and Roundup: J. I. Ammons, chairman, Mrs. J. L. Light, Mrs. W. E. Bra-shears, and J. H. Hobbs.

Buck Creek: George Aduddell,

chairman, Roy Cunningham, Wren Hartman and Mrs. W. E. Thomas.

Dodson: Mrs. E. C. Alexander, W. S. White, R. J. Holland, Mrs. Hattie Scott and Mrs. B. B. Martin.

Dozier: C. H. Caperton, chairman, J. A. Coleman, P. W. Phillips, F. M. Stafford, W. M. Davis and Mrs. W. R. Coleman.

Midway: George Brewer, chairman, Allen Peters, Hunter Peters, and Mrs. Claud Cason.

Swearingen and Rolla: Ernest M. Trew, chairman, Frank Boyles, Benton Shields, Mrs. W. E. Powell, Bibb Bowen, Wallace O'Rear and Mrs. Osborn.

Quail: Tom C. Crabtree, chairman, Frank Coleman, J. C. Lewallen, Ben F. Farmer and Lee Min-yard.

Shinnery: Bill Reeves, W. R. Ward, Lee Hughey, Mrs. Fred Yarbrough, E. L. Hively, U. V. Helbert and Mrs. Floyd Nipper. Samnorwood, Hackberry, and

1944 Wheat Loan Is \$1.28; Other Grains Listed

Wheat loans averaging nationally \$1.28 a bushel at the farm will be made by the War Food Administration's Commodity Credit Corporation on the 1944 crop. Last year the average was \$1.23.

Loans will be made on a note and chattel mortgage basis for wheat stored on farms and a note and loan agreement for wheat stored in approved warehouses, according to Millard Brown of the local AAA office.

Wheat produced in 1944 grading U. S. No. 3 or better or grading U. S. No. 4 or U. S. No. 5 because of test weight only, will be eligible for loan. Loans will vary from the basic rate of \$1.28 per bushel at the farm to take into account location, grade and quality. For example, the loan rate for No. 1 hard winter wheat at Kansas City for 1944 is \$1.44 per bushel as compared with \$1.38 in 1943.

Seven cents per bushel storage allowance will be advanced at the time of the loan on all farm-stored wheat. Loans on both farm-stored and warehouse - stored wheat will mature on demand but not later than April 30, 1945. Any loan may be liquidated by the payment of the full amount advanced plus 3 percent interest from the date of the note. All loans will be administered in the counties by county Agricultural Adjustment Agency committee under the general supervision of the State committees, Mr. Brown said.

Loans are also available on barley, rye and grain sorghums produced in 1944. The loan rate per bushel for eligible barley shall be 85c per bushel of 48 pounds for No. 1 and No. 2, 80c for No. 3, 77c for No. 4 and 70c for No. 5. The loan rate per bushel for eligible rye shall be 75c per bushel

Baptist Revival To Open June 25

Rev. Dick Cagle, pastor of the Ervay Street Baptist Church in Dallas, will be in charge of the preaching at the revival services of the First Baptist Church in Wellington, which opens Sunday, June 25, and will continue for two weeks.

Rev. Dallas Alford, assistant pastor of a Fort Worth Church will be in charge of the singing. Both men formerly lived here. Services will be held twice daily. Rev. H. H. Kinkeade, the pastor, has announced. These will be at 10:00 a. m. and 8:30 p. m.

Complete arrangements for the revival will be announced next week.

High Wind At Childress

Considerable damage was done to trees, and billboards were blown down when a high wind struck Childress Tuesday about 9:15 p. m. and continued for half an hour.

The heavy downpour of rain during the evening measured 4.10 inches.

A report from The Childress Index Wednesday morning, after rumors of a cyclone reached here, stated that so far as was known then, no buildings were blown down.

A railroad bridge between Childress and Kirkland was damaged and rail service held up until after noon. Due to this, Wellington had received no mail at the time The Leader went to press Wednesday afternoon.

Electric service was disrupted in Childress during the storm and at noon Wednesday some sections of the town were still without electricity.

New Setup Given For Norwood Farm Machinery Courses

Samnorwood school officials have announced a new schedule for the defense courses to be offered during the summer. The Food Production War Training classes are offered through the co-operation of the school and the government, under the direction of the vocational agriculture department.

Crops In South Part Of County Damaged By Rain

"GOTTUM SOUVENIRS—SELLUM CHEAP"

Enlisted men on Espirito Santo in the South Pacific barter with natives across the barbed wire which marks "out of bounds" for sailors. (Navy photo.)

Washing rains Monday, June 12, destroyed crops through the south and southeastern parts of the county, and a small cyclone unroofed outbuildings and blew down trees at and near Dodson in the most destructive rainstorm of the year in this county.

Showers last week, an inch and a half of rain Sunday night, 74 hundredths of an inch Monday afternoon, and showers Tuesday brought the total moisture in Wellington to 2.11, J. M. Strong, who is in charge of the official rain gauge, said Wednesday morning.

Rain was lighter in the north part of the county, but so far as could be learned, rain this spell has been general over the county.

N. L. Wesson of Dodson reported Tuesday that it was estimated that the rain there Monday afternoon amounted to three inches,

Dodson received unexpected air warning service Monday afternoon when a small cyclone formed in that area. An airplane pilot, flying through the section, saw the cyclone traveling from the Arlie section northwest toward Dodson.

He flew low over the town, but not getting the response he wanted, he wrote on a book "There's a tornado coming," and dropped it out of the plane.

"You should have seen us scatter when we read that," one Dodson resident reported.

and that most of the little cotton and feed will have to be replanted. Some of the larger feed was not badly damaged. The damaging rains covered a strip at least 10 miles broad, he believes. However, the rain was lighter three miles south of Dodson and crops were not badly damaged. This followed a good rain which fell Sunday night.

Practically all crops were destroyed from Fresno to Loco. Crops in this section had been damaged previously and farmers had done a large amount of planting during the last week, G. T. Austin, mail carrier on Route 5, said. Water is still standing in a number of fields, and it is estimated that from three to four inches of rain fell. Hail in the Houselog section damaged the larger feed. Several small bridges on this route were washed out in the Fresno section and the area east of there.

A number of farmers had just begun to cut wheat, and in some of these fields, the dead-ripe heads were badly bent.

A heavy rain was reported in the Swearingen and Rolla communities by L. A. Moore, mail carrier on Route 2. Some hail fell northwest of Swearingen in the vicinity of the Newel Shields and R. O. Thomas farms, and the Thorne land. Curtis Savage who lives five miles southwest of town reported some hail and rain damage.

East of town the rain was reported good but not heavy. Similar reports came from the north-east section of the county. The northwestern part of the county received a good rain Sunday night, with no hail, and no rain Monday, according to John Groves of Abba. Harvest has started in that section.

Tommy Austin Receives Degree

Tommy Austin, the son of Mr. and Mrs. G. T. Austin of Wellington received his B. A. degree from Howard Payne College at Brownwood at the recent graduation.

He was a ministerial student and took active part in all religious affairs of the school. Within a short time he expects to enter the mission field.

Attending the graduation from here were Mr. and Mrs. Austin and Mrs. Ed Cherry. Mr. and Mrs. Tommy Austin and baby returned here to visit for a while.

A. Belew Sells First '44 Wheat

First of the 1943 wheat was sold in Wellington early last week by Arthur Belew, who lives five and one-half miles south of Wellington. The wheat tested 57 and was bought by Bob Stephenson for \$1.35 per bushel.

Mr. Belew's crop is averaging from 10 to 12 bushels per acre.

City Rotary To Entertain District Assembly June 21st

Dick Richards Is Worshipful Master Of Masonic Lodge

Dick Richards was named Worshipful Master of the Wellington Masonic Lodge No. 763, A. F. & A. M. at the election meeting Thursday evening, June 8. He takes the place of Sheriff Paul Bell, who has served in that capacity for the last year.

Other elected officers were Arthur Hennard, senior warden; Orval Couch, junior warden; Clark Anderson, treasurer; Frank Anderson, secretary; and Mr. Bell, tiler.

Appointive officers are Logan Cummings, senior deacon; Stanley Larson, junior deacon; J. T. Slay, senior steward; Lee Fortenberry, junior steward; and Rev. H. H. Kinkeade, chaplain.

Clark Anderson, Frank Anderson, Mr. Slay and Mr. Fortenberry were re-elected. Mr. Richards was senior warden during the year just closing and Mr. Hennard the junior warden. Mr. Cummings was tiler, while Mr. Couch was senior deacon and Vince Thompson was junior deacon. The late B. F. Ford was in the office of chaplain, where he had served for a number of years.

Mr. Richards is the third generation of his family to serve as an officer of the Wellington lodge. His grandfather, the late R. H. Cocke, held the office of treasurer for many years and was serving

(Continued on Page Ten)

McCarver Asks Constable Place

Bill McCarver this week authorized The Wellington Leader to announce his candidacy for the office of constable of Precinct 1. Mr. McCarver's statement follows:

In response to the many requests of my friends I am announcing for the office of Constable of Precinct No. 1 in this County, and in this connection I wish to state, that, due to the scarcity of labor I feel that it is my duty to assist the farmers in harvesting their wheat crops, and for that reason I will not be able to make a personal campaign as I would like very much to do, but I will be in the harvest until after the July. Primaries are over, and the matter therefore leaving the matter entirely

Alanreed Pastor To Preach At Aberdeen Sunday, June 25th

Rev. Vernon Willard, pastor of the Methodist Church at Alanreed, will preach at the Aberdeen Methodist Church Sunday morning, June 25.

Rev. Willard was born and reared near Aberdeen and his return there to preach will be of interest to his many friends.

The public is cordially invited to attend these services.

The Wellington Rotary Club will be host to the Sectional District Assembly of the 127th District of Rotary International Wednesday, June 21. Officers and committee-men from clubs in 16 Panhandle and West Texas towns are expected to be here for the Assembly.

One of the outstanding events of the Rotary year, this is also the first time that the assembly has met with the local club since its organization.

Guest speaker will be Dr. Harris M. Cook, dean of men at West Texas State College, Canyon, J. Edd McLaughlin, Ralls; James M. Willson, Floydada; Lee Johnson, Canyon and Guy Sanders of Amarillo.

Rev. Hubert Thomson, president of the club, will preside.

The sessions will be held at the Methodist Church, while the Fellowship Luncheon is scheduled for the Christian Church.

The program will open at 9:45 a. m. with singing, lead by S. R. Pinkston of Wellington. Elmore H. Dodson of Dodson will give the invocation, while Rev. Thomson will welcome the visitors. The opening statement will be made by Dr. Cook. Discussions on "International Service" will be given by Mr. Willson; "Club Service" by Dr. Cook; and "Work Pile" by Mr. Johnson.

Group meetings will be held immediately following the luncheon. Mr. McLoughlin, a cousin of Ro-

Paul Bells Asks Re-Election

Paul Bell this week authorized The Leader to announce his candidacy for re-election to the office of sheriff. His statement follows:

In making my announcement for re-election to the Office of Sheriff of Collingsworth County, Texas, first of all, I want to assure you that it has been a great source of pleasure to serve you in the past in such capacity, and I want to express my most sincere and heartfelt thanks to the entire citizenship of this County for the loyal support and cooperation that you have given me in my endeavor to perform the duties of that important office. Should I have achieved any favorable results, I shall claim no honor for myself, but place the entire credit at the feet of the good law abiding citizenship of this county, with which we are so

Annual Abra Rodeo Set For Fourth Of July

The fourteenth annual Fourth of July Rodeo and Picnic will be held again this year, John Groves of the committee in charge announced Tuesday.

Candidates are invited to speak during the morning, a basket dinner will be spread at noon, and the rodeo events will begin at 2:00 p. m. Steer riding, calf roping, bronc riding and cigar races will be the chief contests.

A special invitation is being given the ropers of the Wellington

Final Date On 1942 Loan Cotton Set

The War Food Administration through the Commodity Credit Corporation will allow producers until August 15, 1944, to repay outstanding loans and redeem cotton pledged under the 1942 loan program. All of this 1942 loan cotton not redeemed by August 15, 1944, will be placed in a pool, as provided in the loan agreement, and sold in an orderly manner by Commodity Credit Corporation, Millard Brown of the AAA office announced.

On final liquidation of all cotton in the pool, the net proceeds—if any, after deduction of all ad-

Hand Injuries Painful To Local Men Recently

Hand injuries were reported during the last week by two local men.

George Richards, pioneer of the Cross Roads community, was painfully injured Friday when his left hand was caught in a planter which he was adjusting. The top of his hand was torn and the leader in his fore finger was cut. Ten stitches were taken in his hand.

Will C. Alexander had the tip of his left thumb cut off and three other fingers deeply cut when his hand was caught in an electric saw at a local lumber yard Monday. Mr. Alexander is a carpenter.

Car Use Tax Stamps On Sale

New \$5.00 federal car use stamps are now on sale at the Wellington Post Office employees said Monday.

These stamps are similar to the stamps which have been used for the last two and one half years.

Drivers have until July 1 to buy these stamps and get them on their cars and the local post office urges that they be bought early to avoid a rush during the last days of the month.

Rodeo Association and those from Quitaque to take part in this rodeo. All other amateur riders and ropers are also urged to attend and take part.

As in the past, the rodeo will be held at the Abra grove. Detailed plans will be worked out within the next few weeks.

Members of the committee in charge are Mr. Groves, W. R. Breeding, Dee Kincannon and Carl Amerson.

LETTERS FROM MEN IN SERVICE

(James L. Gosnell GM 3-c wrote the following letter to his mother, Mrs. J. R. Gosnell, Rt. 3, Wellington. He is in the South Pacific.)

Hello Mom:

Well, here I go at two o'clock in the morning so don't be surprised at anything I might write. I'm standing the twelve to four watch now, also. You can blame anything I might say on the time and not me.

We are due in port in about a week, hope I have mail there and hope you are getting what few letters I get to write because I'm sure not getting yours.

I wrote Virginia where I am, but it might have been censored but if not, she can tell you.

There is a good chance that it will be a long time before I get to see you. I mean by that it could be next winter, but it could be pretty soon too, because I never know for sure.

I have been wondering if you are still working. I haven't heard from anyone for nearly two months. Our mail is messed up somewhere along the line. I guess things could be better for me, but they could be a lot worse, too. When things look pretty bad I just figure they could be worse that helps, you know. I try never to worry about anything and I'm doing a pretty good job of it.

I wish I could be there now, because it should be spring. I guess Dad is really giving the old Farm all a bad time. School should be out soon. Kelsie will be a Junior next year I guess. Try to sell him on the idea of college, if possible. If I had had the brains of a loon I would have entered myself. Don't talk up the service too much because he will have the chance to get in before this thing is over, if I don't miss my guess. This Rat race isn't any place for anyone, and it sure isn't any place for a kid.

I guess the people there think it will be over any day now. I wish they knew what I do. Its not because we are about to loose. Far from that, but it is going to take a lot of time.

I'm studying for second class petty officer. When I make it I am thinking of writing a book, it may sound crazy, but the more I think about it the more I want to. At least a story, out there would be a good place to write one.

It gets pretty dull out here some times, no recreation of any kind. One of the other gunners mates and I picked up a couple of baseball gloves and some balls in the last port, so he and I put in a lot of time playing catch. That helps a lot.

Well, so long for now. I have to go call the watch that relieves me. All of you be good and I will write again soon.

I am looking forward to a leave when I get back to the States, in fact it is nearly a sure thing. Tell everybody to go slow and I will see them as soon as possible.

Love,
James

PATENT NO. ? ?

Clementine, milk source on Midway Island in the Pacific, had an accident which hampered her fly switching operations, but the trouble wasn't too much for the inventive Seabees, who drydocked her and secured a three-quarter inch manilla rope to the stub of her lost tail. Thus repaired, Clementine does business as contentedly as before. Note the finishing touch; raveled end of the rope, so the flies won't know. (Navy photo.)

(The following letter was written by Pvt. Louis E. Berg to his parents, who live on Rt. 3, Wellington. Pvt. Berg receives his mail % postmaster, New York.)

Dearest Mother and Dad and All: Will write a few lines in answer to yours, which I received yesterday. This leaves me still well and happy, hope it finds everybody at home the same.

Was really glad to hear that dad got the transmission for the Ford O. K. Sure wish I was there to help him put it in.

Have you heard anymore from James? I received a letter from him about three weeks ago, but it was written the latter part of March.

I went into town this afternoon on pass and while there I visited the Red Cross Recreation Center and had a very enjoyable afternoon. I went with a buddy of mine who lives in Los Angeles. We had a supper with baked ham which was really a swell meal. I ate so much ice cream and drank so many cokes that I will probably be sick tomorrow. The ice cream cost just about the same that it does at home and the fountain drinks are even cheaper.

I also got the picture I had made some time ago. And am sending one of them home in this letter. One of the boys that I work with took it one night in the hut. I am also sending a group picture of some of the fellows that I work with. I had several pictures made so I can send one to the folks that have been asking for one ever since I came to Iceland.

We have been having some wonderful weather here. Day before yesterday we played our first game of softball.

Tex Holmes was over to see me yesterday. We don't get to see each other very often and it is really good to talk with him. I gave him a copy of the Leader to read because he used to give me his Shamrock papers after he finished reading it. I received two more copies of the Wellington Leader. I read in it where Millford Harris, one of the boys from Wellington that came into the Army with me is still in the States. I sure enjoy reading letters written to the paper by the boys in service.

I received a letter from Victor Deger a few days ago. He is working in a picture show in his camp and is still stationed in the States. Oliver Wischkaemper is somewhere in the Southwest Pacific now.

Well, I guess I have written just about all I can think of for this time so I must close and get some rest, as tomorrow is another work day.

Can you get candy and chewing gum there now? If you can I would like very much if you will send me a box and when you do, send me some sport shorts like I wore when I was at home. It doesn't make much difference what kind of candy you send as long as it isn't hard candy because we get

it here plenty often. Most all the packages the boys here are getting they get bars of candy.

I will close for this time hope this finds everyone well and happy. I hope it won't be long before I can be at home again.

Your loving son,
Pvt. Louis E. Berg.

Your County Agent Says . . .

By J. W. THOMAS

VICTORY GARDENS—Don't let the leaf hoppers, aphids and other insects eat up your Victory garden. We have some fine gardens and let's keep after the insects and save all the food to eat, can, and sell.

POULTRY—Hot summer days will bring your poor laying hens into a moult and they will stay in a moult from four to six months. These hens do not pay. Get them out of the flock and make room for the pullets that are coming on. Ordinarily hens that moult before late August are not profitable.

BAG WORMS—Watch for the bag worms (larva stage) on ornamental shrubs. Be ready for him with lead arsenate, dust or spray. Also check shrubs for aphids. Use soap, nicotine sulphate and water to control them.

CATTLE—The Bureau of Agricultural Economics points out that there has been a considerable expansion in cattle numbers in various areas of the United States. There has also been a decided drop in feed supplies. These conditions, along with the high feed prices, make it advisable to market grass-fed cattle when they are ready. Cattle numbers may be reduced by marketing through the summer and early fall those that are grass fat and need culling. Each individual producer can judge for himself and bring his cattle number in line with his feed supply and range conditions.

FARM LABOR—Farm labor is scarce and it is hoped that all farmers needing labor will contact the County Agent's office and all persons seeking employment on the farm should also contact this office.

BANGS DISEASE—If you want your cattle tested for Bangs leave your name and number of cows at the County Agent's office. This is done by a veterinarian. The cost is one dollar per cow.

WAR BONDS—Let's back the attack with bonds. This is such a small part especially when we think of the price paid by our boys on the beach heads of France.

NOW FOR THE BIG PUSH!

IT'S "ZERO HOUR" ON THE HOME FRONT, TOO!

THIS IS IT! This is the big push you have been waiting for! This is the "zero hour"! Our fighting men are ready—ready to strike anywhere . . . anytime . . . anyhow . . . BAR NOTHING!

What about you? Are you ready to match this spirit with your War Bond purchases? Every bond you

buy is so much more power behind the big push . . . the push that will send Hitler and Tojo into oblivion.

Get behind the invasion drive! Invest MORE than ever before! Double . . . triple . . . what you've done in any previous drive. The job is big—you've got to dig!

Back the Attack!—BUY MORE THAN BEFORE!

Creep Feeding Makes Beef At Wartime Speed

Many feeders of beef cattle are discouraged by the narrow margin between feeder cattle and finished animals, the higher market value of grains, compared with the present market prices of finished cattle, says A. L. Ward, Educational Director, National cottonseed Products Association. As a result, fewer cattle are in feedlots today. This situation demands a streamlined feeding program for those who want to produce beef under present conditions.

Needed beef can be produced at wartime speed on many farms and small ranches by creep-feeding early, good quality calves, experience and experiments show. Calves that are creep-fed make faster gains on less feed, and usually have desirable market finish by weaning time or after a short period of full feeding.

Average results at the South Carolina Experiment Station for four years show that creep-fed calves gained 89 pounds by weaning time than those not creep-fed; their slaughter value was \$1.95 per hundredweight higher, and the average profit per calf, above feed cost, was \$8.03.

Convenient location of the creep, so that calves will feed regularly, is important in creep-feeding; and the best location is near water and shade where the cow herd usually "loafs". Elaborate creeps and feeders are not necessary, but they should be well built and should protect the feed from weather.

A practical mixture for creep-feeding calves up to 4 months of age is: 200 pounds of shelled or cracked corn, or grain sorghum chops; and 100 pounds of oats, or coarsely ground barley or wheat. At 4 months, start using a mixture of 800 pounds of coarsely ground farm grains and 100 pounds of cottonseed meal, or cake, or soybeans or peanut meal. Hay or other roughage is needed if grazing becomes short, and a mineral mixture should always be available.

The Red Cross blood donor service employs 1,500 trained technicians and nurses but it has 23,000 volunteer workers—15 for every paid worker.

READY FOR THE LUFTWAFFE

As far as the eye could see American anti-aircraft guns were stored in England last week waiting to go into action on D day.

Joseph D. Dickson Out For Court Of Criminal Appeals

Hon. Joseph D. Dickson of Seymour, Baylor County, this week has sent in his announcement for the office of Judge of the Court of Criminal Appeals of Texas. In a statement to the press he says: "If elected, I can and will write short opinions, so that the people may know the Criminal Law in Texas."

A native Texan, Dickson attended Texas University and Cumberland University; securing his LL.B. in 1923. He has served as County and District Attorney; and special County and District Judge. He is a member of the State Bar Association and the Delta Theta Phi Legal Fraternity. He is also active in civic, religious and fraternal orders; being at the present time president of the Seymour Chamber of Commerce, chairman of the Baylor County Chapter of the American Red Cross, and County Appeals Agent.

Judge Dickson is the son of the late Hon. Jo A. P. Dickson, and has spent all of his life in West Texas. One of his campaign appeals will be that no judge has ever been elected to this court who lived west of Fort Worth, and in every paid worker.

simple justice this part of the state is due such representation.

For more than 20 years Judge Dickson has been engaged in the practice of law at Seymour and in other courts in this part of the state. He is recognized as a jurist of clear thinking and forceful expression, and has been highly successful in the prosecution of his cases. He will have the practically unanimous support of the legal fraternity in the section where he lives and is not unknown elsewhere.

A man of the highest integrity, with a personality that has made him a friend of all whom he has met, the candidate applies for the office of Judge of the Criminal Appeals Court with every qualification needed in the successful discharge of its duties. He welcomes an investigation of his record; and for the voters of Texas to know him thoroughly would be a certain guarantee of the successful issue of his campaign.

Judge Dickson will make as active a campaign as is possible, and he will take pleasure in the effort to become better acquainted with as many as possible of the vast array of intelligent Texas voters.

The first crossing of the English Channel by air was made in 1785 by balloon.

LILLIE By MRS. G. D. THOMAS

Sunday School was well attended Sunday and everyone enjoyed a good message delivered by Rev. Vernon Jones Sunday night.

Rev. Ernest Byrd was taken to the hospital Saturday, and he is wished a speedy recovery.

2-c Herman Sullivan is home on leave from California.

Mr. and Mrs. Mack Horton visited in the Clyde Brown home at Rolla Sunday.

Sgt. S. E. Jenkin and wife are visiting his mother, Mrs. Beatrice Jenkins and his brother, Herman Lee.

Miss Letha Lowe was brought home from the hospital Saturday.

Mrs. Claud Brown and children of Borger visited in the Luke Beck home Saturday night.

It has been reported that Joseph G. Thomas, who is in the hospital in India, is improving.

The greatest known depth of the Atlantic Ocean is five and three-tenths miles, at a point north of Puerto Rico.

Unlike most substances, water is lighter in the solid than in the liquid state.

United Gas To Offer Canning Aids This Year

Canning aids are offered to the public again this year by United Gas Corporation, according to R. W. Lindsey, district manager of the company. Due to the big demand for labels and canning booklets last year, the company decided to make them available for this canning season, it was said.

During last year, United Gas Corporation supplied over a million of the canning labels and thousands of the canning booklets to home canners in the territory served. The use of the labels has simplified the labeling of canned goods. A place for the name of the vegetable, fruit or other product canned is provided as well as a space for the date. All the home canner has to do is to fill in the blanks, dampen the glued side of the label and apply to the surface of the jar or can, which should be free from all dirt or grease.

The canning booklets, prepared by the Home Service department of United Gas Corporation, were in great demand last year, because of the simple manner in

which instructions for canning were presented.

These canning aids are available in limited quantities at the office of the company.

The American Red Cross pioneered in community nutrition education as long ago as 1908 when classes in dietetics and household economy were given by local Red Cross chapters.

LIFE'S Little TROUBLES

-CAN'T SLEEP-

No need to lie in bed—toss—worry and fret because CONSTIPATION or GAS PRESSURE won't let you sleep. Be sensible—get up—take a dash of

ADLER-I-KA

as directed, to relieve the pressure of large intestines on nerves and organs of the digestive tract. Adlerika assists old food wastes and gas through a comfortable bowel movement so that bowels return to normal size and the discomforts of pressure stop. Before you know it, you are asleep. Morning finds you feeling clean—refreshed and ready for a good day's work or fun. Get Adlerika from your druggist today.

MOOS OF THE MOMENT BY UNCLE BOB of the Kraft Dairy Farm Service

With the coming of hot summer weather, every dairyman faces the attack of one of our most dangerous enemies—the insect. It's a merciless war and if the insect pests win it means irritated cattle and lowered milk production. The loss that insect pests inflict upon dairymen runs into the scores of millions of dollars every year.

There's no time like the present to open up a "second front" upon these allies of the Axis and we've prepared a handy guide to help you win the fight. It is called "Your Handy Guide for your War on Insects". It contains a brief description of the principal insect pests, where they are found, what they do, and what you can do in the way of control and treatment.

This guide may be tacked to the wall of your barn for ready reference. I am giving this guide away free. There is no charge or obligation of any kind. You may get the guide from your Kraft fieldman or by writing to me in care of the Kraft Cheese Company, 500 Peshtigo Court, Chicago, Illinois.

If we give our insects here at home the kind of a beating that the Allies are handing the "insects" in Asia and Europe, we'll be doing all right.

A few weeks ago I mentioned the studies made at the University of Minnesota which showed how much faster milk could be cooled with water than with air. Since then, I have had several requests for information on how to build a good emergency water cooler. A bulletin from Tennessee illustrates how one may be made from a barrel with a minimum of expense.

Now if I could just figure out some way of walking around in one of those barrel coolers during hot weather, I'd be mighty happy.

Of course, every dairyman who wants to do the best kind of a job should be thinking right now about the kind of a milk house he intends to have sooner or later.

Your county agent probably has plans for different types of milk houses which have been made up by the state agricultural extension service. Your Kraft fieldman or the manager of your nearest Kraft plant will be glad to co-operate in any way he can.

The fellow who wants to go to the city and make hay—hey, would be a lot better off if he would go to the field and make hay—hay for his cows.

Which brings up the subject of the right time for cutting hay. All of the extension services agree that hay has different food values at different stages of maturity. They also agree that it should be cut early for highest food values.

For example, in Bulletin 218, Minnesota advises that clover hay will be much higher in food value if cut when the first heads begin to ripen. They also recommend that all grass hays be cut before they come into bloom to get the maximum protein content. Sweet clover, too, should be cut before the first blossoms appear because the stems rapidly grow woody.

In Bulletin 242, Purdue University recommends that alfalfa be cut after the one-tenth bloom stage and before full bloom. In Bulletin 346 on soybeans, Purdue describes a series of chemical analyses to determine the food content of soybean leaves, pods and stems during the later stages of the growing period.

As a result of these analyses, Purdue recommends that soybean hay be cut when the pods are completely formed, the beans practically fully developed in the pods with the lower leaves turning yellow. This stage is superior to earlier ones for both milk and butter-fat production.

If you do not have Minnesota's Bulletin 218, write the Extension Service, University of Minnesota, St. Paul, Minnesota.* For the Purdue Bulletins, write the Extension Service, Purdue University, Lafayette, Ind.*

*NOTE: There usually is a 5c charge for pamphlets mailed to non-residents of a state; but possibly your own state has a free pamphlet on the same subject. Ask your county agent.

Uncle Bob

Protect Your Cotton Investment

You've got a big investment in the acres of cotton you planted this year.

They've already cost you money, time and labor.

These cotton acres are worth protecting. They can be worth a great deal to you—PRACTICALLY NOTHING—depending upon what happens between now and the time that your crop is picked and ginned.

YOU CAN INSURE YOUR INVESTMENT

Important steps that you can take to insure your investment are:

1. Don't let insects "cash in" on your investment—keep the crop for yourself.
2. Cultivate shallow and often enough to control weeds and grass.
3. Don't let careless plowing or chopping destroy your stand. Supervise chopping and plowing carefully, especially if done by inexperienced labor.
4. When the crop opens, pick as soon as possible pick clean—pick dry—and market your clean, dry lint and your seed promptly to prevent weather damage.

Childress Cotton Oil Mill, Inc.

CHILDRESS, TEXAS
P. O. Box No. 749 Phones: Local—502, L. D.—8

• Through the dawn mists looms a Jap island and the Marines are dressing for battle. On the voyage down, they had relaxed in shorts and skivvies—the "fatigue uniform" used so much that Corps specifications demand the utmost in comfort and long wear.

• Make sure of comfort, fit and wear in your own underwear. Ask for Hanes by name. During the past 43 years, Hanes has specialized in knitting underwear that looks good and feels good on you. Fine workmanship gives you long service and satisfaction—at moderate cost.

• From coast to coast, millions of men prefer this well-known brand. If sometimes your dealer's stock is low, he should have more soon. Hanes production is serving both our fighters in the field and men at home. . . . P. H. Hanes Knitting Co., Winston-Salem, N.C.

Colored People Raise Notable Victory Gardens

Victory gardens in Wellington are producing a sizable quantity of food this year and those of the colored people are notable in every respect. Many planted small plots on their own land in the north-west part of town; and many others rented larger plots from people who owned vacant lots.

The gardens are clean of weeds and the vegetables are flourishing in a season that has been kind to gardeners. The Leader has secured from Sam Kennedy a list of those who have exceptionally fine gardens this year.

They follow:
Lunacy Smith, Clara Frazier, Privacy Boston, Henryetta Thomas, Rosia Rendels, Carrie Archie, Early Lane, Carrie Thornton, Eugenea Bess, Lottie York, Mary Hunnpuett, Minnie Jones, Ida Riley, Francis Jones, Olean McCullen, Roberta Coffee, Earline Powell, Lillie Nickelberry, Agnes Cornie, Laura Jones, Eula Bess, Mitelda Jones, Magnolia Brackett, Fannie Young, Sara Young, Dora McKee, Iva Jackson, Jake Ansley, Tom Porter, Lillian Archie, Lessie Fagen, George Boens, Florence Boyd, Jodie Hunyutt and Bell Blackburn.

DOZIER

By MRS. ROY BILLINGSLEY

Rev. Pickens filled his regular appointment at the Methodist Church Sunday.

Nell Porter and Ray Clark were elected to attend assembly at Abilene last week. They returned home Sunday.

Helen Carreker spent last week in Pampa with relatives.

Bobbie Dunlap of Santa Fe, New Mexico, came last week to spend the summer months with her aunts, Mrs. Marie Schaub and Mrs. Roy Billingsley, of Dozier, and her uncle, Odus Ofutt of Lutie.

Bettie Joe Laycock spent the week end with Marie and Helen Carreker.

Miss Willie Massey of Shamrock spent the week end here with her parents, Mr. and Mrs. Frank Massey.

Mr. and Mrs. Jewell Tanner and children visited with her brother, Mr. and Mrs. Jack Myers, Sunday.

Mr. and Mrs. Odus Offutt and children, of Lutie spent Sunday evening in the home of Mr. and Mrs. Ernest Schaub.

Mr. and Mrs. H. E. Sewell and family left Thursday for College Station, where their son, Loel Lee, plans to enter A. and M. College. Gerard Darrow, small son of Mr. and Mrs. Euell Darrow, was a patient in St. Mary's Hospital last week.

Mr. and Mrs. Frank Mayo visited with Mr. and Mrs. Roy Billingsley Sunday.

Mrs. Gilbert Settiff and daughter, Martha Joyce, of Quitaque, visited in the T. W. Beck home last week.

LOOK OUT!

Paul Bell -

(Continued from Page One)

wonderfully blessed. By way of explanation for being so late in making this announcement, I was expecting to be inducted into military service, but due to the twenty-six year age limit ruling of the Selective Service Board my call was indefinitely postponed.

In this connection I wish to state that if you wish to return me to this office it shall be my purpose to continue to discharge the duties of office that are incumbent upon me in the future as I have in the past, and I want you to know that I will appreciate your continued aid in administering the affairs of this office in the future, for without your help it will be impossible for me to do my full duty as an officer.

I want to thank you in advance for any consideration that you care to give me in the July Primaries.

Paul Bell

Army Duncan, son of Mr. and Mrs. Al Duncan, underwent a tonsil operation Tuesday in St. Joseph's Hospital.

News

— from the —
**Army Navy
Air Force Marines
Coast Guard**

A-C Wallace E. Dawson has completed his basic flying training course and was recently graduated from the Marona Air Field, Tucson, Arizona. He has been sent to the advanced flying school at Ft. Sumner, N. M., and when he successfully completes this last phase of his cadet training, he will be awarded his silver wings as a pilot in the Army Air Corps.

After two years overseas, during which time he took part in two invasions and five major battles, Pfc. J. C. Scott, Jr. is now in Ashburn General Hospital recovering from wounds he received in Italy March 11.

His mother, Mrs. J. C. Scott, and his sister, Mrs. Vera Minter, returned recently from McKinney. They reported that he is doing well and that he was able to secure 24 hours leave to be with them.

Pfc. Scott reached United States shores Mother's day of this year, a co-incidence, since it was Mother's Day 1942 that he sailed for North Africa.

He remembers one thrill from that trip, for his ship was the Queen Mary, largest passenger ship afloat. But he remembers, too, the bombing attacks the ship went through, and of the time one bomb fell just in front and two just behind, but the ship wasn't hit. At the time, Pfc. Scott was at one of the guns on deck.

After being wounded, he was first hospitalized just behind the lines, then sent to Naples.

The soldier told his mother that he didn't believe the German airmen tried to bomb the hospitals, but that their bombs fell close enough anyway to shatter the windows.

Mrs. Scott brought home with her a locket containing hers and Mrs. Scott's pictures that her son wore through his fighting overseas—and which was badly battered at the time he was wounded.

Mrs. Claud Brown and children, Claudia Marie, Verdon Dale, and Joe Clinton of Phillips visited her parents, Mr. and Mrs. T. W. Beck, and other relatives here recently.

Canning School Meeting Held

A canning school demonstration was held in Wellington Friday for supervisors and vocational teachers connected with the canning program in the various towns of this area.

Proper canning methods were shown and canning problems discussed.

Attending were Mrs. Bill Perrin, Mrs. Max Wiley, and Jack A. Spence of Wheeler; Miss Mary I. Hanvey and J. B. Patterson of Quail; Miss Marion Duren of Memphis; Mrs. Maye Jeanes and Francis E. Todd of Chillicothe; Mrs. Wayne Terry and Leo Meier of Quanah; Mrs. J. C. Christal of Lela Lake, Mrs. L. C. Richburg and Ronald Davis of Estelline, J. R. Gillham of Clarendon, W. H. King of Lubbock, and Mrs. Abbie Burch, Mrs. Irene Harris, Tom Henry, Mrs. J. W. Peeples of Wellington.

Boy Scout Notes

The Cub Scouts of Den No. 2 had an outing and picnic at the City Park on Monday, June 5.

After the outdoor play the boys enjoyed a picnic lunch along with weiners and soda pop.

One of the outstanding features of the play during the afternoon was the Indian head dress given each boy as favors. They also indulged in Indian war whoops.

Those attending were Jimmy Leggett, Jimmy Thomson, Farrel Ray Kent, Donald Wayne Henard, Bobby Jack Watson, James Holloway, Guthrie Hite, Billy Dale Watson, Jimmie Robert Scott, Lee

Hite of Wichita Falls, W. Bruce Hite, Den Chief; Mrs. Cecil Leggett, Mrs. Bruce Hite, Mrs. Jack Watson and Mrs. Dale Watson.

The next meeting of this Den will be next Tuesday, June 20, at 5 o'clock at the home of Mrs. Bruce Hite.

Ice Delivery Service Restricted

The Office of Defense Transportation, by order No. 6, dated April 20, 1942, placed certain restrictions on ice deliveries, to conserve rubber and transportation equipment. The principal restrictions are as follows:

- 1 ONLY ONE DELIVERY to any one customer for any purpose.
- 2 NO SPECIAL DELIVERIES except to hospitals, to the armed forces, or in emergencies in which the public health, life, and safety are imperiled.
- 3 NO CALL BACKS on any given day for any purpose. A call back is defined to mean any call by a vehicle at the premises of any person or customer subsequent to the first call on any given day, regardless of what the call is made for.

The order also requires that, each ice company shall reduce the total mileage of its trucks to 75 per cent or less of the total mileage of such trucks in operation during the same month in 1941, exclusive of the mileage eliminated as a result of discontinuing special deliveries, call backs and more than one call per day to any one customer.

With only one delivery a day to each customer permitted under this order, all users of ice should anticipate a full day's requirements and obtain them from our ice service man on his regular daily trip.

Ice users may of course continue to purchase ice at our plant and dock at any time as in the past. The restrictions apply to the deliveries only and are still in effect.

Take Ice Regularly from Your Ice Service Man

Rev. A. A. Daly Holds Revival In Artesia, N. M.

Rev. A. A. Daly, pastor of the Assembly of God, is in Artesia, N. M., conducting revival services. In his absence, this week and next week, Rev. J. J. Grubbs will conduct the Sunday services.

The pastor will return here in about two weeks.

Miss Ellen Jackson left Tuesday for Dallas, where she is visiting a schoolmate.

ACTION DRAMA AT RITZ SUNDAY

Randolph Scott, as Colonel Thorwald, gives last minute instructions to his Raiders in Universal's action drama of the Marine Corps, "Gung Ho," which starts Sunday at the Ritz Theatre.

LETTERS FROM MEN IN SERVICE

May 26, 1944

Dear Deck:

I have intended to write you before now, but have been pretty busy. I received my second copy of the Leader about two weeks ago, dated April 17th. Soon I should be receiving them regular. I have received mail daily for three weeks.

I was over talking to Earl Clark this afternoon and found out that Willie Jo Cummings is here now, but I haven't been able to find him. Will look he and Dub Aldridge up soon, Dub is close to me too. Oh, Yes, Skeet hasn't received any Leader at all, so I took mine over to him.

Last night was the graduation night at home. I really would have enjoyed being there. I am a day earlier here since I've crossed the Equator and International Date Line.

Mother said you got to see the Post Cards and Jap money I sent home. That's swell. I now have a Jap bayonet, water proof bag, dogtags, stamps, watch and a few other things. I am going to send them home soon.

I haven't as yet had the malaria. I am really careful about it too, because as you know, it will really knock you in sports. I take Atrabrine every day and all other precautions. I am going to be able to do some boxing soon, I think.

Got a letter from Paul Bell today, said he, John Lee, Junior Melton, and several others were going to the Navy. I really hated to hear that, but take it from me, they will really make good sailors, that is really a good life.

I really was glad to hear that Andy Langford is alive, and safe, even if he is a P.O.W. Maybe he and Joe Langford will get to come home soon.

I guess you don't believe it, but every night I sleep under a blanket. I am allowed to tell you now that I was in New Guinea, New Caledonia, Australia and New Britain, as well as several other places I can't say just yet.

We have a wonderful camp now, its on a beautiful Island that the Japs once occupied. Our camp is located on a big coconut plantation. Sure is swell. What I like about it, the climate is wonderful, never too hot or cold, just right, but it rains a lot. Now my dislikes are that we can't go swimming here,

for the alligators and the rough corals reefs. They will cut you to pieces, but I have a good sun tan anyway.

I would like you to see the natives I've been with. They are really comical. You can give them two ayoutk and they will do your washing for you or anything else.

I guess I had better shove off for now. I'd like to hear from you and I know I'll be receiving some Leaders soon.

As Ever,
Pfc. R. S. Montague, Jr.

Ritz Theatre Employees Entertained At Picnic And Swim

Sunday evening the employees of the Ritz Theatre and several guests were entertained at a picnic and swimming party. Twenty-six employees and guests were served a picnic supper following a swim in the Shamrock Swimming Pool. The pool was rented after the official closing time and the group had the use of the entire pool.

Attending were Mr. and Mrs. Horace Clark and children, Mr. and Mrs. Bryan Denley and children; Mr. and Mrs. Heber Brantley and daughter; Mr. and Mrs. Newt Butler and daughter; Mrs. C. C. Terry, Jimmy Ray Holder, Billy Jo Hajek, Sam Holcomb, Helen Langford, Carra Beth Ball, Eddie McClaskey, Claudine Melton, Jerry Graham, Pollyanna O'Neil, and Florence Langford.

Amelia Earhart made the first solo flight from Honolulu to California.

Capt. and Mrs. J. M. Moore of Ripley, Tenn., announce the arrival of a daughter on Saturday, June 10. The baby weighed five pounds at birth and was named Cynthia Lynn. Mrs. John C. Harper of Wellington, grandmother of the new baby, is visiting in Ripley with Capt. and Mrs. Moore. Mr. and Mrs. L. A. Moore of Wellington are also grandparents of Cynthia Lynn.

Mr. and Mrs. J. J. Jones are the parents of a son born Monday night, June 5, in a Hollis hospital.

Mr. and Mrs. James Lucien Souder are the parents of a daughter, Phenetta Gale, born June the first in St. Joseph's Hospital.

John Douglas Elsloo, born June 4th in St. Joseph's Hospital, is the son of Lt. and Mrs. John Henry Elsloo, who live in Wellington. Lt. Elsloo is stationed at Childress Army Air Field.

Mr. and Mrs. Frances Wesley Turner are the parents of a daughter, Tommie Joe, born June 6.

Kenneth Doyle Tallet is the son of Mr. and Mrs. Harmon Luther Tallet that was born June 12 in St. Joseph's Hospital.

Mr. and Mrs. Elmer Jones are the parents of a daughter, Cotle June, born June 12 at St. Joseph's Hospital.

Miss Rosemary Jones arrived home Wednesday to spend the summer with her parents, Dr. and Mrs. C. B. Jones. She had been visiting in Springfield, Ill., since May 24th. Miss Jones has been attending Mt. St. Scholastica College in Atchison, Kansas.

Barbara Brickey, the daughter of Mr. and Mrs. Glenn Brickey, is visiting her grandmother, Mrs. Ella George, in Erick, Okla., this week.

Women Should Tell Social Security Upon Marriage

Women workers should notify the Social Security Board when they marry so their names can be changed on the board's records at Baltimore.

If they do this they will make it easier for themselves and the board when the times come to file claims for old-age and survivors insurance benefits.

For the woman who marries and wants to change her name, the board has provided a special form, which may be obtained at the local field office of the board. She should fill it out, attach the social security card bearing her maiden name and send the form to the board.

The board does not assign her a new number, but issues a new card bearing her present name and the number that was originally assigned to her. She thus will have only one social security number during her life-time. If she had more than one number, she might stand to lose her benefits.

The board keeps all information it receives from the worker strictly confidential. The worker may obtain further information from the field office of the Social Security Board, Room 324, New Post Office Building, Amarillo, Texas.

Mr. and Mrs. C. A. Smith were in Lone Wolf, Oklahoma, Sunday to attend the funeral of a friend.

Have You ... Rendered Your Property for 1944 Taxes?

Must Be Rendered to Get Your Homestead Exemption

If you have not made your rendition, be sure to get in touch with your Tax Assessor-Collector and make certain that they are on the rendered roll.

Many people who are buying property from or through loan companies are under the impression that the Loan Company renders their taxes for them. This is incorrect. Unless you have made the rendition yourself your taxes are unrendered.

The law states that your property must be rendered NOW or such property will be placed on the UNRENDERED ROLL and you will not be entitled to the HOMESTEAD privilege and you will have to pay the STATE TAX.

The tax assessor office will try to see you, but if you are missed please call at the office, and the Tax Assessor-Collector will see that you are placed on the rendered roll.

Your cooperation will be appreciated very much.

Editorial

Another War Loan drive has just been launched.

This is the fifth such drive, and it probably will not be the last. Virtually every sort of appeal has been made to the American public to invest in bonds. There has been a great deal of emotionalism stirred up in past campaigns; perhaps there has been too much. But it was necessary to sell the bonds.

Is it likely that the public has unconsciously developed a resistance to this type of salesmanship. Some of us may ever have become impatient over these regularly recurring campaigns. We may feel that we did our part in earlier drives.

There's an answer to that.

No matter how tired we get of War Bond appeals, there are American boys scattered over the world who are much more tired of what they are doing. But they are doing it just the same, knowing it is their job. And what they are doing is considerably more dangerous than buying War Bonds.

These days we cannot indulge in luxury or become tired of the war. As long as one doughboy must continue to pick up his rifle and face the enemy, not one of us on the home front can afford to say: "I have done my part. Let somebody else carry on from here."

You are expected to buy bonds in this campaign, and you will be expected to buy them in later campaigns. It is a practical reasonable expectation.

You are not being asked to give anything. It seems a little silly, sometimes, that American people have to be begged to invest their money profitably. The bonds you buy are as good as money. They draw high interest. After the war you will have the money for a thousand things you will want to do.

Another aspect of this bond-buying business is this: Every idle dollar put into bonds today reduces just that much the danger of inflation. If you hoard your dollars now, or spend them on non-essentials, they won't be worth as much after the war as they will be if they are in bonds. If all of us spent our idle money today and refused to buy bonds, the inflation spiral would shoot up until a post-war dollar might not buy any more than a war-time quarter buys today.

So aside from the emotional appeal and the possibility that you are tired of hearing about War Bonds, there is this two-sided practical consideration: The govern-

Other Editors Say

• Passing The Buck

"When the boys come home" is the stock phrase of various groups of people as they consider reforms that should be made now. They hope "the boys" will demand action. In other words, those of us who stay at home are doing the cowardly thing in postponing "until the boys come home" jobs which we should have the common decency enough to do now. Let's do the cleaning up now! At this Memorial Day time we should consider those who are giving their lives for American freedom. Allowing selfish interests and groups to continue preying on the nation shows a lack of patriotic interest in the welfare of the nation at the present time. We show a lack of respect for those who fight and die for Democracy, just as we did 25 years ago.—Clyde Warwick in The Canyon News.

• Bond Quota

Merely reaching a quota, in itself, is not the main objective for which we should strive; the desire to do everything within our power to back our fighting men at the front, should be the guiding motive. Coupled with this should be the determination to do something for ourselves by creating a "nest egg" in gilt-edged securities for the years to come after the war. This combination is one which should spur every citizen to make whatever sacrifices that are necessary to buy bonds—and then more bonds.—T. E. Johnson in The Memphis Democrat.

• Planning At Home

When it comes to post-war planning the planning that will do our local community the most good will be the planning that we do here at home. Washington may be able to hit a few high spots in national post-war planning but the planning that is going to get the job done here at home will have to be done here at home.—T. B. Klepper in The Foard County News.

• Stumped

When the county price panel met Wednesday to investigate alleged violations of the ceiling prices set on used trucks in the county, they found all transactions had been between neighbors. Both the buyers and the sellers of the vehicles were satisfied with the transactions even though higher than ceiling prices were used in some deals. Where so much love and affection existed following a deal, the panel could find nothing to work on, offered by either party. Where there was a slight infraction of the rules, it was found that it was done only to assist a friend and the friend appreciated the favor.—Anton Koch in The Quanah Tribune Chief.

By government order, Mexicans must forego their traditional three-hour mid-day siesta because time is wasted going to and from war work. It remains to be seen what attitude Mexico's organized labor will take toward this new night work.

In the matter of income tax returns, it is well to remember that a certain kind of dependent can make you a defendant.

ment has to have your idle money as quick cash for the purchase of war materials, and the purchase of bonds will tend to keep down inflation. It's as simple as that.

How about that extra bond today?—Amarillo News.

At least this war has produced one good result: when you buy a new shirt it is held in its folded condition by bits of gummed paper instead of by innumerable pins. The only way to find all the invisible pins was to put the shirt on—and get scratched in three or four places.

All of us talk sentimentally of "the little red schoolhouse." As a matter of fact, I don't know of a single such schoolhouse in the State though I have seen countless little white schoolhouses.

Likewise we speak of the "blue-backed speller" but the one that I studied—and this was almost 40 years ago—had a red back.

It takes more than a ton of gasoline to "deliver" a ton of bombs—

Over half of all supplies shipped to the front is petroleum in one form or another—

Since 1942, the output of 100 octane aviation gas has increased eightfold and it requires almost as much crude oil to produce a gallon of 100 octane gas as it does to produce a gallon of regular automotive gas—

Training one pilot uses more gas than the average car owner would burn in 18 years—

In one hour, a Flying Fortress consumes enough gasoline to last the average motorist six months.

These are some of the facts pointed out by District 3 product conservation subcommittee for the Petroleum War Industry in its campaign to acquaint the public with the need for conserving gasoline and to eliminate the black market. The committee declares: "Fighting forces must come first and will get what they need. As a result, the home front will get less than it wants; and the biggest part of the home front allotment must go to essential needs—farms, trucks, buses, industry, doctors. Needs of this group are imperative; they are the supply line to victory."

The Temple Telegram culled these gems from relief workers' case reports in Texas: "Man has ulcer on his stomach."

"These people are extremely cultured. Something should be done about their conditions."

"Milk needed by baby and father unable to supply it."

"Man hit by automobile—speaks broken English."

BRIEF TOPICS

Remember the good old days when a girl could keep her make-up in good order for a month with a nickel's worth of prepared chalk?

The reason some fellows stop going with a girl is sometimes a parent.

Town And Farm In Wartime

Reminders

Meats, Fats—Red stamps A8 through W8, good indefinitely.

Processed Foods—Blue stamps A8 through V8, good indefinitely.

Sugar—Sugar stamps 30 and 31, each good for five pounds indefinitely. Sugar stamp 32 becomes good for five pounds, June 16. Sugar stamp 40, good for five pounds of canning sugar through February, next year.

Gasoline—In 17 East Coast states, A-10 coupons good through August 8. In states outside the East Coast area, A-11 coupons good through June 21, A-12 coupons good June 22 through September 21.

Fuel Oil—Periods 4 and 5 coupons, good through September 30. New period 1 coupons for the 1944-45 heating year may be used as soon as they are received from local boards.

Shoes—Airplane stamps 1 and 2, good indefinitely.

Begin European Liberation

The historic news flash, "First Allied landings in Western Europe have started," sent over the teletype of the overseas branch of the Office of War Information, at 3:43 a. m., Tuesday, June 6, was part of the second, or actual combat phase of psychological warfare being waged directly under Supreme Headquarters Allied Expeditionary Forces. The first phase of psychological warfare was the strategic or preparatory phase—the softening-up—during which the American and the British bombarded the enemy and occupied countries with leaflets designed to undermine enemy morale and bolster the morale of the enslaved peoples. Germany, France, Belgium, Holland and Norway have been receiving miniature newspapers with a combined circulation of almost 16 million. Part of the present combat phase will be carried on by psychological warfare branch combat teams who will be equipped with portable printing presses and radio equipment to keep the local population in liberated areas informed as to the progress of the war and to give in the local language the regulations of the military command.

Less Civilian Supplies

Recent shortage of many civilian supplies may be attributed to military demands of the forces of liberation. Examples are radio tubes and parts gasoline and oil. In spite of a radio manufacturing output over 10 times as great as pre-war, military demands for radio tubes and repair parts have increased. This explains why civilians are finding it hard to get these items, the War Production Board says. Every military plane has radio equipment, some as much as \$100,000 worth each. Ships, tanks and other mobile equipment also use radio equipment. A five-month supply of 100-octane aviation gasoline is required for each of the 11,000 planes backing up Allied liberation forces, the Petroleum Administration for War reports. Heavy and imperative demands for oil by General Eisenhower as early as last winter almost made New York, Boston, and Philadelphia the first indirect invasion casualties. Increased production by East Coast refineries, the "big inch" and "little big inch" pipelines, and emergency deliveries helped avert civilian shortages of oil and gas in the East.

Farmers Help In War Loan

The nation's farm army of six million along with their town and city neighbors went into action this week on the Fifth War Loan, the War Finance Division of the Treasury announces. Total goal for this loan is 16 billion dollars by July 8. Last year farm people bought \$1,200,000,000 in War Bonds—about 10 per cent of their net income. With an estimated net farm income of 13 billion dollars for 1944, bond purchases by farm people are expected to be higher this year than last. The War Bonds bought during the Fifth War Loan will enable our Government to get more and better war equipment for its fighters than the bonds bought a year ago, according to a compilation of war equipment costs by the War Department. A heavy bomber, which a year ago cost \$500,000, today costs half that much. A

I Saw

—By VIRGINIA ROBEY

Corbett Ford, talking to a neighbor, saying of something or other: "Well I say it's just like shooting dice by telephone . . . Dennis O'Brian, the son of Mr. and Mrs. D. W. O'Brian of Quail, here for about the first time since he went into the Navy.

Mrs. J. W. Peeples saying that more than 400 jars of pineapple were put up in one day recently . . . Several friends, passing the Kelso Funeral Home one evening, saw several cars parked and wondered whose funeral it was. Next day they learned: The Jimmy Kelso was just having company.

Mrs. Hubert Bowen—Ineva Cudd before she married 10 days ago—telling about her lovely shower over which she was still excited. But like the other young brides here recently, she's still house-hunting.

Mrs. Harold Elbert getting ready to brush up on her typing for a job, now that her husband has been called for the Marines . . . Edmund Schaded helping repair the screen door for The Hub.

What you hear never sounds half as important as what you overhear.

Bofors anti-aircraft gun formerly cost \$25,000, now costs only \$13,000. A year ago the Garand rifle cost \$80. Today it costs \$35. A few items, among them the good old army mule, have gone up in price. A year ago Uncle Sam paid \$190 for an army mule. Today such a mule costs Uncle \$225.

More Farm Implements

Certain small manufacturers are permitted to produce unlimited quantities of any farm machinery, equipment and repair parts made entirely from surplus materials or materials needing no allotment or priorities assistance higher than AA-4 preference rating, WPB announces. Items most manufacturers will be able to produce under this relaxation, include corn shellers, feed grinders, pitchforks, hand cultivators, rakes, hoes, shovels and barnyard and poultry equipment.

New Prices On Food

Retail prices for snap beans, under new ceilings are expected to be from 16 to 18 cents per pound during June, while field grown cucumbers will sell for 9 to 10 cents from June 16 through June 30, OPA announces. Hot-house cucumbers will sell for about 22 cents per pound. For the remainder of June, prices on early 1944 potatoes will be increased about 1/4 cent a pound in all states except California and Arizona. Cabbage ceilings range from 3.9 to 4.3 cents a pound. Effective June 17 retail prices on fresh fish and seafood will be reduced from one to three cents a pound.

Round-Up

Farmers bought and accepted early delivery of the largest tonnage of commercial fertilizers and fertilizer materials in the nation's history during the past 12 months, the War Food Administration says, thus enabling plants to keep working at the capacity permitted by available labor and also avoiding a critical shortage of fertilizers on farms . . . Ration certificates issued for purchase of men's rubber boots and rubber work shoes are now good indefinitely, OPA says . . . Householders should fill their coal bins during the summer months because the shortage of motor trucks and drivers for distributing coal is expected to reach a critical stage by the beginning of the coal season, the Office of Defense Transportation advises . . . On July 1, nearly 100,000 Cadet Nurses from the 1,064 approved schools of nursing will celebrate the first birthday of the U. S. Cadet Nurse Corps . . . Candy production of more than 2 1/2 billion pounds reached an all-time high in the U. S. last year, according to the Department of Commerce . . . No large-scale resumption of bicycle production will be possible until the war in Europe has been brought to a successful conclusion, WPB says . . . Carry-over of feed grains at the end of the present feeding year probably will be the smallest for any year since 1937, the Bureau of Agricultural Economics predicts . . . A new type of cotton-gauze bandage, developed in a Department of Agriculture Laboratory, tends to fit and cling better than ordinary gauze and it allows greater freedom of movement in bandaged joints, the Department of Agriculture reports.

Wherein Lies His Power

Army Navy
Air Force Marines
Coast Guard

Petty officer 2/c Earl Asbeck, of the coast guard patrol, visited in the home of Mr. and Mrs. George Scott Monday.

Elton McKinney F1/c is in the U. S. Navy Convalescent Hospital in Asheville, N. C. In a recent convoy trip across the Atlantic, while he was on the U. S. S. Blokeley, both of his arms were broken as a result of his slipping on deck while in a storm. He is doing well now.

Ensign R. E. Parker, who formerly lived here, was here on leave last week. He has been stationed at Vero Beach, Florida, for the last few months. While he was in operational training, he entered the navy in October, 1942 as a cadet, and received his commission three months ago. He is pilot of a Navy F6F Hellcat.

Fred Pepper, who recently completed the months indoctrination period at the Midshipmen's school of Columbia University, New York City, is now stationed at Naval Training school of the University of Illinois. He is a recent graduate of the Naval V-12 unit of Tulane University, New Orleans.

Second Lt. Elba G. Hunt, son of Gilbert Hunt, Route 1, Dods, recently qualified as a Flying Fortress pilot at Hendricks Field, Sebring, Fla., and was assigned to Lincoln, Neb. He won his army wings and commission March 12 at Moody Field, Ga.

AN AIR SERVICE COMMAND STATION, "Somewhere in England."—Daily percussion bombing requires delicate instruments, carefully adjusted, to get our planes to their pin-point targets. The highly important job of overhauling and rebuilding all of the Accessories Section of an Air Service Command depot in England.

Sgt. Perry L. Gosnell, son of Mr. and Mrs. J. W. Gosnell, of Route 3, Wellington, Texas, is one of the highly-trained technicians whose job it is to see that those instruments are in perfect working order. He is one of the men recently commended by Lieutenant General Carl A. Spaatz, Commanding General of the United States Strategic Air Forces in Europe, when production at the depot increased by over 100 percent.

Before entering the army, Sgt. Gosnell was employed by the U. S. Air Forces in Sacramento, Cal., as an Aircraft mechanic.

WITH THE 15TH ARMY AIR FORCE, Italy.—Serving with the 15th Air Force somewhere in Italy, Second Lieutenant Lonnie D. Thompson of 214 North 8th Street, Memphis, Texas, was recently awarded the United States Air Medal "for meritorious achievements in aerial flight while participating in sustained operational activities against the enemy."

Lt. Thompson is currently serving as a pilot with a B-24 Liberator Heavy Bombardment Group of the 15th Air Force.

A graduate of Memphis High School in 1937, he entered the army on February 20, 1939, and received training at Randolph Field, Texas, and Brooks Field, Texas.

His mother, Mrs. E. O. Patrick, lives at Route 2, Wellington, Texas, and his father, Mr. Glynn L. Thompson, resides at the Memphis address.

Aviation Cadet Lloyd J. Holloway, son of Mr. and Mrs. Lloyd Holloway, Rt. 1, Wellington, Texas, today was commissioned a second lieutenant in the Army Air Forces after completing bombardier training at the Carlsbad (New Mexico) Army Air Field.

Lieutenant Holloway now becomes one of the Army Air Forces new "triple-threat men"—airmen who have completed instruction in dead-reckoning navigation and aerial gunnery in addition to the regular bombardiering course.

As an officer in the Army Air Forces ready for active duty, his destination is not disclosed.

He is a former student of Texas Tech., Lubbock, Texas.

George Cristy, AMM 3-c of the Naval Air Corps, wrote his parents, Mr. and Mrs. Alva Cristy, recently of a narrow escape when the hydraulic system of the dive bomber of which he is a crew member broke and it was necessary to crash land the ship. He wrote: "Day before yesterday, June 7, while on a dive bombing run, the hydraulic system on my plane broke, causing essential parts of the dive bomber to not function. Barely getting out of the dive by the skin of my teeth, thanks to my pilot, we managed to get back into the air. Trying to save the ship, we decided to make a crash landing. Thanks again to my pilot, he did a good job of it and I only received two cuts which amount to nothing serious. Our plane was torn up pretty much, but at least all the pieces are there."

Like the other young flyers, an experience such as this doesn't dampen his enthusiasm, for the next paragraph of his letter reads: "There's something about it I love. There is something about it no one can explain but there is a feeling of freedom and excitement that gets into your blood."

Petty Officer Cristy is stationed somewhere on the California coast. He has been flying for several months.

We have been notified that Cadet Lilburn Fred Cox has arrived in Garden City, Kansas, to take ten weeks of intensive study in aerial and academic schooling. This is the basic training that he will receive and upon its completion, he will attend an advanced school for the completion of his course. Cadet Cox was formerly trained at Mustang Field, El Reno, Oklahoma.

Pvt. Harris Creed, whose parents, Mr. and Mrs. Harry Creed live near Quail, is here on furlough. Pvt. Creed has been in Africa for the past twenty-one months, and was sent home because of an injury, which kept him in the hospital. He has been in service two years and seven months.

FREED FROM JAPS

Looks pretty chipper for a liberated captive of the Japs, doesn't he? He's August Johnson, an Australian lad held at Hollandia, New Guinea, until the Yanks landed. Those are Japs army brogans, three sizes too large.

A letter from Mr. and Mrs. D. A. Brewer who formerly lived on Route 3, Wellington, but now reside at Costa Mesa, Calif., had enclosed a clipping concerning one son, Browning Brewer, and items about two other sons, Elery Brewer and Truman Brewer.

The clipping read: "Browning M. Brewer of the Air Transport command headquarters in India has been promoted to the grade of corporal. Brewer, son of Mr. and Mrs. D. A. Brewer of 108 Rochester St., Costa Mesa, was an automobile mechanic before he joined the army Dec. 30, 1942. He is now a medical technician. He has been in the China-Burma-India theatre since August 10, 1943.

"The India-China wing of the Air Transport command is the U. S. Army Air forces unit which hauls military freight from India to China by air, flying huge unarmed cargo planes day and night over the north Burma 'hump' of the Himalaya mountains, an area where enemy air attack is no novelty. This wing was recently cited by President Roosevelt for 'exceptionally outstanding performance.'"

Elery Brewer has been in the Navy since November 1942. He

took his basic training at Faragut, Idaho, and was stationed there as a barber until he was recently transferred to San Francisco. His rating is Ships Service Specialist 1-c, and he is now the barber of his ship. He was a traveling salesman before entering service.

Truman Brewer, S 2-c, went into the Navy March 21, 1944. He took his boot training in San Diego, Calif., and is in motor machinist school at the naval repair base there. At present he has the highest average in his class. He was a welder at the Hubbard South-coast Shipbuilding Co. before entering the service.

Truman and Elery visited their parents at Costa Mesa recently. Elery and Browning have not seen each other since entering the service.

John Calvin Harper, Yeoman 2-c of the Seabees left Wednesday from Amarillo by plane to report to Camp Parks in California after a 30 day visit at home with Mrs. Harper and his parents, Mr. and Mrs. John C. Harper. John Calvin, who is just back from 16 months on Adak and Kodiak Islands in the Aleutians, was mighty glad to visit at home and spent most of his time right around his father's place just north of town.

While Yeoman Harper did not see any combat duty he encountered mighty rough weather and stayed busy helping build air fields on the islands.

Harold Elbert left Tuesday, June 6, to report for service in the Marines at San Diego. Mrs. Elbert and their little daughter, Glynel, will remain here for the present.

Clinton Epps, just through boot training in the Navy, was here last week for a visit with his wife and small daughter, Clinona.

He had just received the petty officers rating of Electrician Mate, third Class. He reported for duty last Friday.

Dennis O'Briant Mo. M. M. 1-c is home on leave, after spending the last ten months in the Mediterranean. He was aboard a Destroyer and took part in the action on Sicily and the Anzio Beach. The last ten months in the Mediterranean he was in the Pacific for a year. He is the son of D. W. O'Briant of Quail.

Mrs. Eva Mayes and daughter, Mrs. Eva Mary Thomas, of Los Angeles, Calif., spent last week in the home of their aunt, Mrs. A. C. Muncie, and other relatives.

An Advertisement Addressed to Buyers of BLACK MARKET Gasoline

Phillips production of 100-octane gasoline could fuel enough Flying Forts to drop 3,000 tons of bombs on the "Invasion Coast" every day!

Gasoline shortage on the home front is a grim reality, and gasoline rationing is our American system of sharing the available supplies fairly, in accordance with car-owners' essential needs.

Why is gasoline short? ... Re-read the headline above. It is presented not in boastful spirit, but in explanation of one of the vital military uses of the gasoline which you cannot purchase.

Remember, Phillips is only one of many producers of 100-octane aviation gasoline, of butadiene for synthetic rubber, of various fuels for ships and tanks and combat cars. The petroleum raw materials which go into the literally oceans of these military

fuels are obviously not available for the manufacture of civilian supplies of gasoline.

Every Black Market purchase reduces the already greatly diminished pool of gasoline which must suffice for our country's essential transportation needs. That is why no thinking, patriotic American will be a Black Buyer. And without Black Buyers there can be no Black Markets.

So do your patriotic part to break the Black Market in gasoline: Endorse every gasoline ration coupon in your possession. Don't accept any gasoline at any price without giving up coupons. And most important of all, use the legal gasoline you buy for essential driving only.

Ida L. Knoll And Lora B. Kellison Attend 4-H Girls Leadership Camp At Ceta Canyon

Miss Ida Louise Knoll of the Samnorwood 4H Club and Miss Lora Beth Kellison of Dodson attended the 4H Girls Leadership Camp at Ceta Glen Canyon held on June 8 and 9, as representatives from Collingsworth County. Miss Knoll and Miss Kellison were chosen to represent the 4 H Clubs of the county by essays which they wrote of their 4 H Club life.

Thirty-one girls from 16 Pan-handle counties were registered along with five sponsors, 15 county demonstration agents and one district agent.

The following account of the trip was written by Miss Lora Beth Kellison:

Miss Rose Erisman, our demonstration agent, took us to the camp in her car. We left Wellington at 8:15 Thursday morning and arrived at the canyon about 2 o'clock that afternoon.

Soon after arriving, we went on a nature study hike which was led by Miss Oliver of Deaf Smith County. She told us the names of many plants growing in the canyon.

Miss Bound of Wheeler County assisted us in rifle practice, and I won second with a score of 18.

We learned to make rafia belts and necklaces of thread and cellophane straws in the handicraft period. Many of the girls enjoyed recreation periods of swimming.

We left the camp at 4 o'clock p. m. Friday after having a very enjoyable time. All our thanks to the Rotary and Kiwanis Club for having made the trip possible. They paid all of our expenses.

Lora Beth Kellison. Miss Ida Louise Knoll reported her trip in the following paragraphs:

I was privileged to make the trip to the Ceta Canyon Leadership Camp from the essay covering my work in the 4 H Club of Samnorwood. At this camp I learned to make belts out of rafia, and learned how to make necklaces from cellophane straws in the handicraft classes. Another interesting feature of the outdoor activities was the rifle practice.

Among the many interesting things I learned at the camp was how to make plans for a camp for the 4 H Club girls in our home county.

The food was delicious at Ceta Camp and I am grateful to the Rotary and Kiwanis for having paid our expenses on this enjoyable trip.

Ida Louise Knoll.

Mrs. Jimmie Gillentine and small daughter, Sara, of Hereford, were here from Thursday until Tuesday visiting her parents, Mr. and Mrs. J. B. Castleberry, and with Mr. and Mrs. R. L. Gillentine and Miss Elizabeth Gillentine. Jimmie Gillentine, who attended the Texas Press Association convention in Dallas, was here last Thursday. He is publisher of The Hereford Brand.

Mrs. Price Dukeminier and children, Betty and Johnny, of Oklahoma City, spent the week end with her mother, Mrs. W. W. Sugg and other relatives.

Mrs. Hubert Bowen Complimented At Shower And Lawn Party Thursday Evening

Thursday evening, June 8, a lawn party and shower complimented Mrs. Hubert Bowen, recent bride, at the home of Mrs. C. A. Bradford. Misses Bonnie Willis and Bessie Jean Willis and Mrs. Howard Frost of El Paso were co-hostesses with Mrs. Bradford in entertaining. The honoree was before her marriage last week, Miss Ineva Cudd.

The guests were received by Mrs. Bradford, Mrs. Bowen and Mrs. Noel Cudd, mother of the bride. After the guests were registered in the bride's book and invited to see the display of gifts they were served tea on the lawn. Mrs. Neil Braboy presided at the punch table which was decorated in carnations. She served iced punch and cookies. Sweetpeas and garden flowers were used throughout the house as a decorative note.

Mrs. Wayne Cudd, sister-in-law of the bride, and hostesses were members of the house party.

Attending were Mmes. Noel Cudd, G. M. Grooms, Wayne Cudd, L. E. Gribble, Neil Braboy, E. M. Hix, J. B. Stevenson, Cleo Templeton, Arthur Hudson, Chas. D. Slay, Rodman Stafford, S. L. Lindsey, Earl Epps, Bill James, Lee O'Neil, E. W. Jones, Earl Bowen, Bibb

Hairdo You Do???

Fandango red cotton yarn woven in the hair makes an attractive hairdo, and Jins Falkenbur, currently seen in "Cover Girl," is shown above demonstrating this latest fashion. The hair is parted from the center front to the center back, and starting just behind and above the ears is braided, weaving fat lengths of yarn in and out through the hair. The loose ends are tied on top and tucked behind the braid.

Stork Shower In James Home For Mrs. Jack Miller

Thursday afternoon, June 8, Mrs. Bill James was hostess at a stork shower honoring Mrs. Jack Miller of Amarillo. Mrs. Lena Miller assisted Mrs. James in entertaining.

The James home was decorated with pink and white daisies, and the pink and white color theme was carried out in the refreshments. Mrs. Ralph Gray entertained during the afternoon with piano numbers. After refreshments the group enjoyed "table talking."

Mrs. Lucille Dodd served punch and angle food cake from the dining table which was laid with a lace cloth. The centerpiece of pink and white sweetpeas also carried out the color motif.

The following attended: Mmes. Elmer Jones, Ralph Gray, Clyde Alexander, M. A. Branum, Claude Savage and Aneita; Jim Brown and Wanda; Dan Miller and Dan Joe; Earl Chitwood and Alice; Lucille Dodd, Diane and Dickey; Miss Claudine Melton, Mrs. Jack Miller, honoree, Mrs. Lena Miller and hostess, Mrs. James.

Gifts were sent by Mmes. Claude McKinney, Hugh Longino, Mack Saied, Glenn Essman, John Bullington, Brown Lamb, Virgil Estes, and Miss Louise Bettis.

Mr. and Mrs. C. C. Logan of Odessa, Miss May West Bell of Okwood, Va., Mr. and Mrs. Regan Brayan and Donnarea of Clarendon, and Bula Bess Bell of Abilene, are spending their vacations here with their parents.

Personal

Out of county guests of Mr. and Mrs. L. C. Craven of Seale during the week end were their sons, Pfc. Carroll Craven of Camp Hood, Mr. and Mrs. Cecil Craven and family of Farwell, and their daughter, Mrs. J. T. Horton and daughter of Amarillo. Pfc. Craven was accompanied here by Cpl. Fred Cantra.

Mrs. Troy Gardner left Thursday for Breckenridge, Ky. to visit Pvt. Troy Gardner.

Mr. and Mrs. Otis Wood, Jim Bob, and Cecilia Ray, who moved to Muleshoe last fall, were here visiting friends and relatives over the weekend.

Joyce Fay Fulcher visited Miss Bertie Lee Long in Borger last week.

Mrs. John J. Ford is visiting in Amarillo with Mr. and Mrs. John Bullock.

Mr. and Mrs. Earl Hunter, Mary, and Mrs. Horace Small are visiting in Dallas this week.

Mrs. L. C. Yourwe of Clarendon spent last week with Mrs. Odell Finney.

Albert Riley returned from Quanah Saturday, where he has been working in the place of Gerald Hardy, who was on vacation.

Mrs. R. C. Easterly has returned home from Sioux Falls, South Dakota, after an extended visit with her daughter, Mrs. Blane Branum.

Sgt. and Mrs. Bobby Groves and daughter, of Alpine, and Cpl. and Mrs. Raymond L. Morris of San Antonio visited with their parents, Mr. and Mrs. Buck Morris, last week.

Miss Addie Mae Thomas has returned to Van Nuys, Calif., after spending a few days with her mother, Mrs. Wilcie Davis and sister, Mrs. Lester Dodd and family.

Pfc. Lonnie C. Dodd of Camp Marysville, Calif., has been here visiting his mother, Mrs. J. M. Dodd and family.

Mrs. J. M. Dodd is visiting her daughter Mrs. Lillian Roberson and family in Amarillo.

Mrs. Ed Cherry, Miss Faye Moore, Binnie, Howard and Joe Lynn Moore visited in Amarillo last week.

Mrs. W. D. Aldridge and daughter, Andrea, have been visiting in Dumas with relatives for the past week.

Miss Molly Dale Phillips is visiting her grandmother, Mrs. J. C. Hampton. Miss Phillips' home is in Dallas.

Miss Margaret Hix of Amarillo visited her parents, Mr. and Mrs. E. M. Hix, over the weekend.

Miss Virginia Williams and Miss Mary Lou Hawkins visited in Quanah over the weekend with Mrs. Hawkins sister, Mrs. Kate Hawkins and family.

Mr. and Mrs. Edwin D. Parker and Mr. Ralph Messer spent Sunday afternoon in Memphis visiting with friends.

Mr. and Mrs. H. E. Tolleson of Amarillo spent the weekend here visiting friends and relatives.

Miss Robbie Wells, who teaches school in Austin, is home for the summer.

Mr. and Mrs. J. C. Estes and son, formerly of Altus, Okla., spent two nights with relatives here before leaving for Los Angeles, Cal., to make their home.

Pvt. Norman Lee Clark who is stationed at Camp Robinson, Ark., was here on a three day furlough with his parents, Mr. and Mrs. R. S. Clark.

Mr. and Mrs. C. M. McGee, and daughter, Betty Fern, of Hess, Okla., spent the weekend with Mr. and Mrs. R. S. Clark, who are Mrs. McGee's parents.

Jack and Jill Kelly, small children of Mr. and Mrs. A. L. Kelley, are here from Tucumcari, N. M., visiting with Mrs. J. E. Leggett and Mr. and Mrs. Fleet Pruden. Mrs. Kelly is now in Oregon visiting with her husband, who is in service.

Miss Louise Willis, who has been teaching school in Pampa, has returned here for the summer.

Maine's First Lady

Mrs. Summer Sewall, wife of the Governor of Maine, and her daughter, Alexandria, join the cotton industry's "First Lady" portrait parade in July. This attractive photograph, made in historic Blaine House at Augusta, shows the charming Mrs. Sewall and Alexandria wearing smart cottons designed especially for them by Dorothy Coj of McMillen, outstanding New York fashion authority. Mrs. Sewall wears a sunback dress of greenhouse madras with matching bolero and contrasting plaid sash, while her daughter's dress of the same plaid provides a charming variation of the ever popular "mother-and-daughter" theme. This portrait is the seventeenth in a series being published by the National Cotton Council and the Cotton Textile Institute.

Miss Thelma Fisher Is Bride Of Clyde Wisdom In Vows Spoken In Hollis

Mrs. J. Gillentine Honoree In Nix Home On Monday

Mrs. Jimmie Gillentine of Hereford was named honoree Monday afternoon at a dessert bridge party in the home of Mrs. Darvin Nix north of Wellington.

The guests were served dessert upon their arrival at 3 o'clock. Bridge games followed in which prizes were awarded to Mrs. John D. Glenn for high and to Mrs. Frank Eikenburg for low score.

Attending were Mmes. John Walker, John D. Glenn, L. C. Hill, Jr., Harold Watkins, Jones Singley, Sandy Parsons, Jr., Frank Eikenburg, Miss Elizabeth Gillentine, honoree, Mrs. Jimmie Gillentine and hostess, Mrs. Nix.

Mrs. Orval Couch Hostess To W.M.U. Circle No. 2

The Baptist W.M.U. Circle No. 2 met in the home of Mrs. Orval Couch on Monday afternoon, June 12, at 3 o'clock p. m. for a business and Bible study under the direction of Mrs. L. A. Moore.

Prayer was led by Mrs. J. A. Dukeminier prior to the lesson taken from the 8th Chapter of John given by Mrs. T. E. Bengé. Mrs. D. L. Worley led the group in the closing prayer.

Refreshments were served to Mmes. L. V. Moore, D. L. Worley, L. A. Moore, C. A. Bradford, J. A. Dukeminier, Logan Cummings, C. R. Leggett, Paul Bell, T. E. Bengé, Cicero Gulley, C. S. Crouch, and hostess, Mrs. Orval Couch.

Mrs. Willie Merle Kuykendall and little daughter, Marilyn Ann, of Hobbs, N. M., who have been visiting Mrs. Kuykendall's grandmother, Mrs. A. C. Muncie, left Wednesday of last week for Hedley, where they will visit before returning to their home.

Mrs. Lou Watson of Amarillo visited her son, A. E. Watson and family last week.

Miss Thelma Fisher, daughter of Mr. and Mrs. I. D. Fisher, Wellington, and Clyde Wisdom, son of Mr. and Mrs. D. E. Wisdom who reside just north of Wellington were married by the Methodist Minister W. S. Vanderpool Saturday afternoon, June 10, at 4:30 o'clock p. m. in Hollis, Oklahoma. They were attended by Mrs. W. O. Sears, sister of the bride and Emmitt Wisdom, brother of the groom. D. E. Wisdom, father of groom, Miss Bernice Gibson and Mrs. Vanderpool were also present for the ceremony.

The bride was attractively dressed in a dusty blue crepe dress and used white accessories. Her shoulder corsage was of pink carnations.

Mrs. Wisdom, a resident of this county all of her life, attended the Wellington Schools graduating from high school in the class of 1942.

The groom attended the local schools and has made his home in this county for a number of years. He is farming north of Wellington where the couple will make their home.

Hemstitching Demonstrated At N. Wellington Club

The North Wellington Club met with Mrs. Jess Cook last Tuesday for a demonstration on hemstitching conducted by Miss Rose Erisman. During the social hour following the demonstration, the hostess served refreshments of punch and cookies.

Attending were Mmes. Alfred Cooper, Wayne Cooper, J. L. Hays, E. Smith, W. M. Tucker, E. M. Gulley, J. A. Dukeminier, Nevit Butler, Cicero Gulley, W. A. McClure, B. A. Vandivere, Earl Nipper, Jap Smith, Ed C. Smith, G. L. Gardner, Walter Franks, Claude McKinney, W. G. Hite, Jas. M. Wattam, S. F. Hughes, Georgia Balkum, C. A. Bradford, Fred Kersten, Miss Rose Erisman and hostess, Mrs. Cook.

The next meeting of the club will be on July 11 at the home of Mrs. Fred Kersten.

June Social Meeting For Legion Postponed

Mrs. Lee O'Neil, chairman of the American Legion Auxiliary, announced early this week the postponement of the June social meeting. All social committees appointed for the summer will go together and plan one large chicken barbecue to be held sometime during the summer. The actual date has not been set but will be announced at a later date.

Johnnie Faye Keys, Vinson, Bride Of Pvt. John I. Rogers

Miss Johnnie Faye Keys, daughter of Mr. and Mrs. Monroe N. Keys of Vinson, Oklahoma, formerly of Samnorwood, and Pvt. John Ishmael Rogers, son of Mr. and Mrs. O. O. Rogers of Vinson, were married on June 4, at Hollis, Oklahoma.

The bride wore a blue and white dress with white accessories. She attended school at Samnorwood where she lived for nine years before moving to Vinson in January of this year.

The groom, a resident of Vinson all of his life, until he entered the armed forces in April. He is now stationed at Camp Wolters near Mineral Wells where he is taking infantry training.

The couple will make their home at Vinson after the war.

LETTERS FROM MEN IN SERVICE

In Hawaii
3 June, 1944

Dear Deskins,

First, permit me to request of our good editor of our weekly newspaper to please send the paper to this new address unless you have already been notified by mother. Also accept the enclosed money order as a payment for a subscription of The Leader to J. E. Redden, Rt. 1, Colorado City, Texas. Yes, dad and mother live in Colorado City now, but they seem to be missing you people in and around Wellington as much as I; and that is just too much.

Today, I had the opportunity of unrolling two April issues of The Leader; the news was not old to me, however. It's always such a treat to read the home paper. Yes, we fellows read even the Want Ads; just why would be rather hard to say.

February 29 found me aboard one of the larger vessels and on my way to Hawaii, and here in Hawaii I was assigned to duty in the Freight Office of the Naval Supply Depot. The work is very good training, and I could not wish for a finer group of officers and enlisted men to work with; thus, I have no complaints of my assignment here. Frankly, I was quite eager to come here for duty and that eagerness was not in vain. I think the island country is beautiful with its terrain of mountains which display colors in greatest splendor as the many floating clouds continually float from winward to leeward Oahu, allowing the brilliant rays of the tropical sun to spread over the landscape at somewhat regular intervals. The sweeping opuas are very low, consequently, the mountain peaks appear to be covered with "shower screens," then a rainbow sets foot on the mountain side and you have one of the most beautiful landscapes in all Hawaii. I never realized a rainbow could spread its gorgeous array of colors in such glory; a common scene here which excites all malihinis (strangers) on the island. Incidentally, I have recently purchased a new set of oils, and am using some of my spare moments in trying to capture some of the beauty here for my canvasses.

I have found wartime Honolulu and Waikiki to be very interesting, very modern, and possessing an incredible degree of culture; definitely no longer primitive and not lagging too far behind the mainland.

Yes, Waikiki beach is the most colorful of beaches anywhere I suppose, and the Royal Hawaiian and Noana Hotels lend a great deal to the fascination of the beach, as well as the many beach clubs along the shore. Recently, I took a ride just off the kaha-kani of Waikiki in a glass bottom boat, and seeing the many species of various colored fish among the coral was a thrill indeed. Among other experiences I have had here I have visited the famous Dole Hawaiian Pineapple Plant, have been on a pineapple plantation, have piled coconuts in a real coconut grove, have been in the papaya groves, and am very happy to say that I have been able to take pictures of all these and many other things, so I can let you enjoy my stay in Hawaii when this mighty world struggle is over.

As I was standing on the highway with a thumb up last Wednesday I was given a lift into Honolulu by one of the senators of Hawaii. Our conversation was most enjoyable and he urged me to accept his special kono to call on him at the Iolani Palace (the capital) and he would find it a pleasure to show me around. I definitely assured him he would receive the call.

To all my hoalohas I wish to send greetings from the tropical peacetime paradise at the crossroads of the Pacific.

Aloha,
Alvie Redden, SK 2-c

Fred Erisman, president of the District and County Attorney's Association of Texas, has fostered the Frasier plan, which the association adopted as a solution to Juvenile Delinquency, as one of the most important projects ever undertaken in Texas. The Frasier plan is to prevent crime through education. Erisman who is a candidate for Attorney General has pledged himself to continue the work.

This is the one that counts!

"... Ask the Joes in the front lines!"

"... Ask that kid on the stretcher!"

"... Ask those who bury our dead!"

THEY KNOW. Every G. I. Joe knows.
"This is the big show. This is the pay-off. This is the one that counts."
"Sure, we're going to take 'em. But it's going to cost us plenty . . . thousands and thousands of lives . . .

billions and billions of dollars.
"That's the price we must pay for a decent world—a world in which we and all children can live in peace. We G. I.'s will furnish the bodies. Will you furnish the dough?"

..and it's going to cost us plenty!

NOBODY NEEDS to tell you that the fighting in this war is reaching a crisis. But we've got to realize also that we face a similar crisis in financing the war.
Make no mistake! The 5th War Loan is the biggest, most vitally important financial effort of this war!
We can't afford to fail.
Now is the time for every American, soldier and civilian, to go all-out . . . to make his supreme effort of the war. Buy double the extra Bonds you bought last time!

And here are 5 more reasons for buying Extra Bonds in the 5th!

1. War Bonds are the best, the safest investment in the world!
2. War Bonds return you \$4 for every \$3 in 10 years.
3. War Bonds help keep prices down.
4. War Bonds will help win the Peace by increasing purchasing power after the War.
5. War Bonds mean education for your children, security for you, funds for retirement.

Rites For Mrs. Leona Stockton At Dozier Friday

Mrs. Leona Frances Stockton, 84-year-old resident of the Lone Mountain community, died at the home of her daughter, Mrs. W. M. Davis, Wednesday, June 7, after a two-week illness.

Funeral services were held from the Methodist Church at Dozier Friday afternoon at 2:30 with Rev. F. R. Pickens of Shamrock Circuit in charge.

Mrs. Stockton, widow of the late John R. Stockton, was born at McKinney July 31, 1860. She lived at McLean from 1908 until 1926, when she came to this county to make her home.

She had been a member of the Methodist Church since girlhood.

Surviving are four sons and four daughters, W. L. Stockton and Mrs. Frank Scales of McLean, Fred Stockton of Olton, Frank Stockton and John Stockton of Bethany, Okla., Mrs. Davis, Mrs. J. C. Troywick of Mercury and Mrs. R. W. Francis of Kress. Thirty-seven grandchildren and sixteen great grandchildren also survive.

Dick Richards -

in the hands of my friends. If you see fit to honor me with this responsible office I shall be my purpose to discharge the duties incumbent upon me to the best of my abilities.

In advance I want to express my personal thanks to you for any consideration that you may deem me worthy of, in the July Primary Election.

Bill McCarver

LEE SATTERWHITE

of Austin is a candidate for Lieut. Governor of Texas, an office which he formerly held. Mr. Satterwhite is well known through the Panhandle, having owned and published The Panhandle Herald a number of years ago.

Miss Wilkerson At Western Union

Miss Mary Wilkerson has arrived in Wellington to take over her duties as operator for the Western Union Telegraph. She comes here from Smackover, Ark.

She stated that the old Morse system, used in this office for many years, has been removed and a new teletype installed. This is the most modern type of receiving equipment used in telegraph stations in towns this size.

Miss Wilkerson was born at Memphis, but reared in Springdale, Ark. She formerly attended the University of Arkansas. She has been with Western Union for the last two years.

1944 Wheat Loan -

of 56 pounds.

The loan rate per bushel for eligible grainsorghums shall be 95c per bushel of 56 pounds for No. 2 or better, 90c for No. 3 and 80c for No. 4.

Producers who are interested in obtaining a loan on any of the above listed grain crops should contact the A.A.A. office for further information.

Houselog Fathers Day Program Set

Fathers of the Houselog community will be honored with a program to be held at the school Friday evening, June 16, at 8:30 p. m.

Main feature of the program will be a play, "Love Wins at Last." While this has a "prodigal son" theme, many laughs will also be had. Taking part are Mr. and Mrs. Earl Bowen, Beth Bowen, Bennie and Bobbie Karnes, Betty Godbey and Mrs. Robert Karnes.

The program is sponsored by the home demonstration club, of which Mrs. Bob Stephenson is president and Mrs. Pete Chandler is secretary-treasurer.

The public is cordially invited to attend.

New Setup -

(Continued from Page One)

held in the Samnorwood School district to help farmers keep their machinery in repair. Attendance and enrollment in the past has been good, but the new set-up should be of much more help than in the past, Lee B. Carter, vocational agriculture teacher, believes.

The schedule includes Dozier, Monday, Tuesday and Wednesday of each week, from 1:00 to 6:00 p. m., with H. E. Conway in charge; Samnorwood, Monday through Friday, 9:00 a. m. to 7:00 p. m., Odd Ross and Granvil Riley in charge; and Lutie, Monday through Friday, 1:00 to 6:00 p. m., C. M. Simpson in charge.

"We expect to operate these courses until September 1 and then we hope to have plans to announce for next year," Mr. Carter said.

Four Generations-

(Continued from Page One)

singer, is to sing at the Methodist Church at the morning service.

Swat The Rooster Prizes Listed

Swat the Rooster prizes were announced early this week after the second annual Swat the Rooster campaign closed Saturday night. This is a part of the movement for better poultry in the county.

Winners were: for the rooster with the longest spurs, B. F. Wheeler; the largest rooster, John Cloud; the rooster brought the longest distance, Obie White; the most beautiful rooster, Mrs. E. D. Clay; and the onliest rooster, P. C. Judd. Each winner received \$1.00.

The committee in charge of this event, which was sponsored by the Kiwanis Club, included Guy Clay, chairman, Truman Jones, J. W. Thomas, Myrett Henry and Tom Henry.

Final Date -

(Continued from Page One)

vances and accrued costs, including storage, insurance, and handling charges—will be distributed among producers whose cotton has been placed in the pool, in proportion to their interest. No payment will be made to the producers at the time the cotton is placed in the pool and after August 15 individual producers will not be entitled to order the sale of the particular cotton which they placed in the pool.

The average 1942 loan rate for 15-16 inch middling cotton, net weight, was 17.92 cents per pound and producers should be able to redeem most qualities of this cotton with substantial equity.

LEWIS BROTHERS

The War Food Administration announced that Commodity Credit Corporation will continue to carry 1943 cotton loans subject to the producers' right of repayment after the maturity date of the notes on July 31, 1944. This will permit producers to repay their loans and obtain possession of the pledged cotton or to sell their equity in the cotton after July 31, 1944, in the same manner as prior to the maturity date of the notes. The loans will be extended for an indefinite period, subject to call by Commodity Credit Corporation as announced in connection with the stabilization program.
