City's Newest Business Reports Mounting Sales

This city's newest business reports that it has around half-a-million dollars worth of orders before it has turned a wheel, and is having to expand even before it begins production.

The Rockport Trailer Manufacturing Corporation, which moved here only about a month ago, and is still engaged in setting up machinery, will begin manufacturing next week, and expects to turn out at least four trailers in short order, while negotiating for more ground to build an additional 30x90 foot building.

After production gets under full swing, according to Ed Bayro, trailer company head, trailers will be produced at the rate of about 20 per month for the rest of the year.

These will range from 24-footers down to others measuring only 13 feet from stem to stern, and there will be a few pick-up campers, also to accommodate Bayro's customers in San Antonio, Houston, Brownsville, Corpus Christi, McAllen, Harlingen and Kingsville. Others will be sold in Rockport through the W. P. Bryan trailer sales lot, which is opening in front of Bayro's plant.

The trailer manufacturer moved here from Fort Worth in December, to evade high freight rates to the Coastal Bend and South Texas, and since that time has purchased a location from G. N. Dietzel, of San Antonio, through local realtor Mrs. R. B. Sipe, with whom he is negotiating for more property.

Since then, he has received orders from a number of dealers, aggregating \$480,000, and has individual orders for another \$30,000 of custom built trailers.

CEMETERY ASSOCIATION NOMINATING COMMITTEE HOLDS MEETING MONDAY

The nominating committee of the Cemetery Association met with Mrs. Henry Schmidt Monday afternoon for the election of new officers for the year.

THE SILENT SEASON. When the first snows fall, an eerie silence seems to descend on the landscape. Most of the songbirds are gone, the animals are hibernating or are huddled hiding in the shadows beyond the snow, and all is hushed, as though the earth itself is sleeping, and waiting for the spring.

Chamber of Commerce Directors Meet

At the regular meeting of directors of the Chamber of Commerce, Weldon Cabanis, chairman of the nominating committee presented a slate of ten from which five new directors will be chosen.

Those on the slate include Mrs. Denver Agler, of Corky's Restaurant; Mrs. Eugene Everett, of Pepper's Realty; James H. A banquet committee was appointed, consisting of the Chamber president, Miss Lola L. Bonner and executive committee members John Ross and Mrs. James A. Jarboe, vice presidents, and Mrs. Mary Juergens, manager.

Aransas Pass Wins Toast of Coast

Lynn Tempde poured in 29 points as Aransas Pass defeated Ingleside, 60-49, to win the eighth annual Toast of the Coast basketball tournament here last Tuesday night.

Woodsboro grabbed third place with a 58-54 win over host Rockport and Calallen took consolation honors by nudging Refugio, 53-49.

In the semifinals of the championship bracket, Aransas Pass dumped Woodsboro 62-53, and Ingleside nipped Rockport, 50-47.

The consolation semifinals saw Refugio clip West Oso, 50-48, and Calallen down Bloomington, 60-43.

Temple's 29-point effort was the high-scoring performance of the day but Gary Slusher had 28 and 20 points in the two games for Calallen. Thomas Lewis led Rockport in its game with Ingleside by scoring 21 points while Horace Lawrence was hitting 24 against Woodsboro in the battle for third place.

Slusher was an unanimous all-tournament choice while William Toliver of Woodsboro; Charles Brightwell, Jerry McDonald and Temple of Aransas Pass and Lewis of Rockport were others chosen to the honor team.

Library Board Plans For New Books In 1965

Officers were elected and plans were laid for the new year by the Board of Aransas County Public Library at its first meeting of the new year.

Re-elected as chairman was J. L. Baughman; Mrs. Robert L. Harrell, a new member, was chosen to succeed Mrs. George Dickey, as vice president, and Mrs. Dickey was elected secretary in place of Mrs. F. L. McCord, whose term expired this year and who did not seek re-appointment.

The chairman welcomed Mrs. Harrell and another new member, Mrs. Clifford Tidd to the Board.

Plans were laid for somewhat more extensive purchases of new books this coming year, as Judge John D. Wendell, a guest at the meeting, told board members that some donations had been made to the library for the purchase of reference and non-fiction books.

Baughman reported that he had conferred with Mrs. Phyllis Burson, head librarian of La Retama, Corpus Christi, and that Mrs. Burson had promised aid with selection of the books.

Plans were made by the library board for as many members as possible to visit the Refugio County Library, to see the facilities and books there.

Baughman told the Board that he had asked Charles Garrett, commander of the local VFW Post to stage a library game night and that Garrett had promised to take the matter up with his board.

The Board decided, after some discussion, that the library would not be open on Monday nights in the future. Miss Susan Hulet, high school senior, who has faithfully staffed it on Monday as a volunteer, and adults who worked on that night, also, were complimented on their public-spirited assistance.

The Board also decided to stage some morning sessions in the library, when no patrons were present, in order to accomplish much needed routine work, such as typing, preparation of books for the shelves, and similar tasks.

An appeal was made by Mrs. Dickey for more volunteer workers. Due to the large number of books still remaining to be processed from the book drive, and to others that will be purchased later this year, shelves in the preparation room are crowded, making it difficult to handle the mechanical work of the library.

It was suggested that church circles might be willing to help with this work from time to time. If so, they should contact Mrs. Dickey at SO 4-2478. Also, any persons who are interested in helping this project, and who are willing to give some of their time and energy, are asked to get in touch with her.

\$168 Million New Telephone Construction for Texas in 1965

Continuing improvements in telephone system will make your service even more dependable and valuable

Telephone service in Texas ranks with the world's best. It always has. Even so, in 1965 Southwestern Bell will spend another \$168 million to make it better still.

This construction program is the biggest in history. It is necessary to provide for the growing telephone needs of Texas.

But it's more than that.

It also is an intensified effort to make even better the service you already have, whether you live in a big city, a small town, or on a farm or ranch.

Our objective is to make your telephone service more useful, dependable, convenient and valuable than ever before.

Texans will also benefit economically from this telephone construction program. Because hundreds of individual projects reach into virtually every community served by Southwestern Bell, the economic impact will be significant and widespread.

New jobs will be created. We expect to add 500 new telephone jobs in Texas in 1965 — bringing to 25,000 the number of people on our payroll in Texas.

But more important will be the economic boost for the hundreds of Texas firms which sell supplies, services and materials to the telephone company.

Here are some of the things we'll do in 1965 to make your telephone service better

NEW STORMPROOFING

In 1965, we'll put more than 500 additional miles of telephone cable underground, because that's the safest place for it. Safe from wind, rain, hot weather, cold weather, stormy weather. This will add to the dependability of your long distance service.

DDD IMPROVEMENTS

For those customers who have Direct Distance Dialing, service will be faster and easier than ever before. Complex new testing and trouble-reporting equipment is being built into the system to help maintain the quality of transmission and quickly trace and remedy problems that might affect your service.

NEW BUILDINGS, WORK CENTERS

Southwestern Bell will erect 15 new buildings in Texas in 1965. The largest will be the new \$13 million South Texas headquarters building in Houston. Other new telephone buildings will be erected in Amarillo, Midland, Dallas (two buildings), San Antonio, Beaumont, Rosenberg, Cleveland, Waco, Pasadena, and a three-building complex in northwest Houston.

Additions are planned for telephone buildings at Fort Worth, Dallas, Amarillo, Forney, Monahans and Houston.

Also, 16 new installation, repair and construction centers will be built across the state.

NEW MICROWAVE MAGIC

The magic of microwave will provide thousands of new voice ways for long distance calling in Texas this year. For example, new systems will link Sweetwater and San

Angelo, Fort Worth and Waco, Houston and Beaumont. Via a network of such microwave antenna towers and transmitting stations, your phone calls are relayed from point to point with the speed of light.

WE are looking ahead to another year of telephone progress in Texas in 1965:

- Your telephone service will be a better buy, dollar for dollar.
- Texans everywhere will benefit from the surge of new dollars, created by our expansion program, into the state's economy.

The Police Beat . . .

New Years was quiet in the city of Rockport, but on New Years Day, things began to happen.

One Rockport man was in custody of Chief of Police Bob Hewes and Patrolman Joe Dominguez after an alleged cutting incident at a local bar. The man was filed on by the bar owner for disturbing the peace and was fined \$104.00 by City Judge G. D. Johnson. He was released on Jan. 3, 1965 after his fine was paid.

An accident marred January 2 and a Houston man was arrested by Chief Hewes, assisted by Highway Patrolmen Carr and Brown. He was charged with driving while intoxicated.

On Dec. 30, 1964, two Corpus Christi youths were apprehended by Chief Hewes and Patrolman Dominguez for minors in possession of alcoholic beverages and one of them was booked for drunk and the other for driving without a driver's license. Both are in Aransas County Jail laying out fines of \$52 a piece.

A 16-year old Houston youth was picked up at 3 a.m. Dec. 29 as a runaway by City Patrolman Joe Dominguez and was released to his parents later that day. A Rockport man was apprehended for the Palacios Police Dept. by Chief Hewes on Dec. 29. He was charged with negligent collision in the City Court at Palacios. Chief of Police Tom Hill came to Rockport and returned the subject to Palacios later that day.

STANLEY-THOMPSON NUPTIALS CELEBRATED

The First Presbyterian Church was the setting on Dec. 26 for the wedding of Miss Kay Thompson and Gordon Reed Stanley.

Mr. and Mrs. H. S. Thompson are the bride's parents, and Dr. and Mrs. Oran B. Stanley of Hamilton, N. Y. are the groom's parents. Rev. Cecil Lang, Jr., officiated at the ceremony, before the altar decorated with baskets of white gladioli flanked by gleaming candles, and white carnations with satin bows marked the family pews.

Mrs. Norvell Jackson was the organist.

The bride, who was given in marriage by her father, chose a white wool suit trimmed with a natural mink collar, with a mink hat, and carried a white bible covered with feathered carnations and centered with an orchid.

Mrs. John V. Melcher, of Beaumont, was matron of honor, and she wore a red ribbon-knit suit, with white feather hat, and carried a bouquet of white buttercup roses.

David DeKraaker, of Grand Rapids, Michigan, was best man, and ushers were Charles Dennis, Houston; Charles Maslonka, of Rockport; David Maxfield, Chicago; and John V. Melcher, Beaumont.

Immediately following the ceremony, a reception was held at the Key Allegro Islander Club.

In the house party were Mrs. David Maxfield, Mrs. J. Paul Appling, Miss Ann Shults, Mrs. Hubbard Sayman, Mrs. Bobby Johnson and Mrs. Russell Gibbs.

The bride's mother wore a beige suit, with blue feather hat; the groom's mother wore a silver gray suit, white beaded hat. Both wore corsages of red sweetheart roses.

After a short wedding trip, the young couple returned to Rockport, where Stanley is a partner in Marineland.

The bride attended the University of Oklahoma and is a member of the Delta Delta Sorority.

The groom graduated from Colgate University, and is a member of the Kappa Delta Rho Fraternity. He served three years as a lieutenant in the U. S. Air Force.

Dear Rockport:

"It's Christmas Day in Carhuaz and according to the Voice of America and my make - shift calendar, its Christmas all over the world. But for the few that can afford it, December 25th is just another day here, except for the mass given in the morning. There are no street decorations, no visible Christmas trees, and few children with real gifts from 'Papa Noel'.

"But in spite of what I have just said, there does seem to be a spirit that only could be here in Latin America. The Indians, that have them, have put on their best fiesta clothes, even if they still go to the fields, or to the market, or if they just sit on the sidewalks. Between friends there is the customary hug and salute of 'Feliz Pascuas.' The spirit is there, but for someone used to the pageantry, to the constant sound of Christmas carols, to the comparatively enormous exchange of gifts, and to the wide commercialization, it somehow remains foreign. But I think by next Christmas this spirit should be part of me as each day I become more and more Latinized.

"My Christmas began last night at midnight when Livia and I attended midnight mass. Except for the four hundred year old church and the poor Indians who sat on the floor, it is the same mass. Although the words were Spanish, the music was the same—the same carols heard in all churches. There was the same devotion paid to a babe in a crib. And, afterwards, there were the same dinners waiting—for those that could afford it.

Livia had prepared a huge table with all sorts of food and snacks but we were the only two that ate. For our dinner, we had Cuy (guinea pig), potatoes, tomatoes, beets, and countless snacks. Afterwards, gifts were exchanged and the Christmas spirit joined us in the room.

"This was my Christmas. A modest Christmas, overshadowed by poverty and despair, but still a Christmas. Chau, Robert."

OBITUARY

Hundreds of Christmas cards died Dec. 25, just as they have in past years.

There were no known survivors—due to lack of proper addresses.

Authorities agree death could have been averted if first class postage had been used and a return address applied in the upper left hand corner.

Services were conducted in the nation's post offices, with burial in their waste paper baskets.

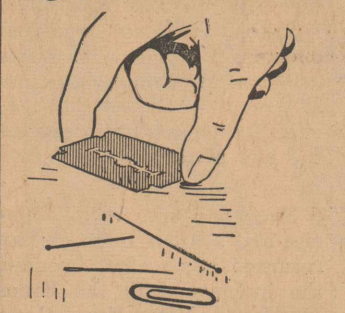

Interment of the demised was under the auspices of the Dead Letter Branch of the post office department.

Pall bearers were local postmasters and clerks.

Mr. and Mrs. Roy Hinson and children of Missouri have returned to their home in Missouri after spending the holidays with her parents, Mr. and Mrs. Jim DeWhitt.

FORMER RESIDENT DIES IN HOUSTON

John M. Moore, 71, a retired accountant and former resident of Rockport, died in Hermann Hospital recently, on Nov. 23, after an illness of several weeks. The body was flown to Arlington National Cemetery in Arlington, Va., where graveside services were held. His grave is just across the roadway from the burial place of the late President John F. Kennedy.

Moore was born on a ranch near Normanna, the son of C. P. and Lois (McCain) Moore, and he was a grandson of the Rev. and Mrs. John N. McCain, who settled at Normanna in 1871. Rev. McCain was president of Aranna College in Goliad for several years before moving to Normanna, where he died in 1904.

John M. Moore graduated from Jones High School in Beeville, and for a number of years was a clerk in the Beeville office of the Wells Fargo Express. Later he became manager for Heldenfels Brothers Lumber Yard, and still later was with this firm at Rockport, where attempts were made to construct four ocean-going concrete ships for use by the government in World War I.

Moore was a veteran of World War I, and was the holder of a Congressional citation for bravery and distinguished service with American forces during the Meuse-Argonne offensive in France.

He married Miss Margaret Hunt in Rockport in 1925. Two years later the couple moved to Houston, where Moore was an accountant for the Kirby Lumber Co. until he retired in 1958.

Mrs. Moore, his only survivor, is a professor of economics at the University of Houston.

Moore was a member of the First Baptist Church in Beeville. He had been a member of the Beeville Masonic Lodge since 1917, and a member of the Royal Arch Chapter, Royal and Select Masters Council and Knights Templar, all of Houston, and was a 32nd Degree Scottish Rite Mason. The Knights Templar of Houston formed a guard of honor and accompanied his body to the Arlington National Cemetery.

Free Business Services

Every business has to render free business services. For instance, whether you are a customer or not, you can go into a bank and get change for a \$20.00 bill: It would be hard to figure how much it costs the bank to make such transaction, but nonetheless, no charge is made.

Modern Abstract & Title Company, Incorporated, in the past has rendered many of such free services. Although it costs us thousands of dollars each year to keep our indexes up to date, we make a daily take-off of the filings in the office of the County Clerk, we extend the courtesy of the free use of our books to all attorneys. The local attorneys have the greatest occasion to use them. We do not have any information that is not of record in the office of the County Clerk. We just have it in a different form. An attorney could find in ten minutes some certain deed reference which they might spend a day looking for in the office of the County Clerk and then not find it. Not all abstract companies extend such courtesies. In addition to attorneys such courtesy is extended lease brokers, title searchers, historians and others interested in such matters.

For fifteen years our company has had the only 1250 Multilith in Aransas County, one other one having been brought into the community last year. This machine is an offset printing press. While we use it principally in the printing of abstracts, we have had occasion to render many free services with it. In a small way we have been in the printing business, that is the free printing business, furnishing both paper, ink and even art work, printing forms for attorneys, church bulletins, work for civic organizations and individuals.

One of the reasons that we have rendered so many free services is that up until this time we have been the only abstract company in Aransas County.
