History Fund Reaches \$3,000

Emory M. Spencer, who initiated a movement to have a history of Aransas County written, announced this week that \$3,000 has been contributed so far to commission an outstanding historian for the project.

The history will be written by A. Ray Stephens, Ph. D., professor of history at North Texas State University at Denton.

Spencer opened the campaign with a \$1,000 contribution, a Dallas man who owns extensive property here gave \$500, and the Aransas County-Rockport Centennial Corporation contributed \$1,500.

Post Office Closed Dec. 25 and 26

The Rockport Post Office will be closed for business on Christmas Day and Saturday, Dec. 26; however, normal lock-box service will be provided and special delivery mail will be delivered. No delivery service will be provided on city or the star routes on Christmas Day or Saturday.

Postmaster Rowan stated that in order for the postal customers to get any late arriving Christmas parcels, a special parcel post window will be open from 9:00 a.m. until 11:00 a.m. on Saturday. No other window service will be provided.

Rowan added, "All of us at the Post Office wish to thank our postal customers for the fine cooperation given to us by mailing early during our present Christmas rush. We wish to extend to all a very Merry Christmas and hope that we have contributed to the cause of assisting everyone in having a most Happy Holiday."

C of C Happenings

Three handsome rod and reel sets are the center of attraction in the Chamber of Commerce building these days. These are the Grand Prizes in the current fishing contest being sponsored by the Chamber, and will be presented to three lucky fishermen who register the largest red fish, trout and flounder during the period of the contest ending Feb. 28, 1971.

Winter visitors in particular are cordially invited to stop by the Chamber office to see what they can win by entering this contest—only visitors can win, as residents of Aransas County or not eligible.

Refreshments this week for visitors to the C of C building are being furnished by Sipe Real Estate, with home-baked cookies daily from "Tony's Kitchen" (prepared by Antonia Rinche, boss of the kitchen at Sipe Real Estate).

Stores Bustling With Shoppers

Local stores report that Christmas business is good and that shoppers are busy making many gift purchases.

A wide variety of merchandise is being offered this year by Rockport area stores and many local people are looking—and finding—suitable gifts right here at home, thus eliminating a trip to Corpus Christi and at the same time helping the local economy.

If you haven't bought your presents yet, shop here first. Chances are you will find ideal gifts being displayed by your friendly local merchants.

FEE REPORTS

The following monthly fee reports were received this week by Commissioners Court: Justice of Peace J. Paul Rogers, \$310; Justice of the Peace Lawrence Miller, \$79.50; County Clerk W. E. Beasley, \$1,566.25; and Sheriff Bob Hewes \$145.

Christmas Decorations Judging Dec. 21

Dr. Jerry Shay, chairman of the Christmas Decorations contest, urges all residents, businesses, and civic clubs to have their outside decorations completed and lighted on the evening of Monday, Dec. 21, for the enjoyment of the caravan of cars, and also for judging in the Chamber of Commerce annual decorations contest. Having the caravan and the contest judging on the same evening affords an opportunity for more people to be sure to see all displays.

There are two categories in the contest—Residential and Non-Residential. In each category two prizes will be awarded—one for "Display" and one for "Originality."

It is not possible for the caravan to be routed past every residence and every business in the area but the route will be planned to see as many as possible. The judges however will view any display regardless of location if they are aware of them. Anyone putting up an unusual display or who particularly wants to be considered in the contest to call the C of C office, 729-6445, to leave their address so they will not be missed.

Hopefully most of the displays will be completed and lighted for weekend enjoyment, but particularly next Monday evening, from 6 p.m. until 10 p.m.

Participants will be rewarded for their efforts not only in their own enjoyment but through the knowledge of pleasure brought to many others throughout the holiday season.

Junior High Wins Again

The Fighting Bucs added two more wins to their string of victories last week as both teams beat Woodsboro. The 7th grade won 41 to 21 and the 8th grade won 48 to 33.

The 7th grade played good defense and was led by Scott Gillis with 20 points and Homer Saucedo with 8. The 8th grade also stood out on defense and was led by Joe Lee Green with 25 and J. D. Aleman with 13.

Team play was evident for both grades as they forced numerous errors on the part of Woodsboro and converted the errors into points. The 7th grade has now won 3 out of 3 games, and the 8th grade has won 5 out of 5 plus a trophy.

The 7th grade will not play this week. The 8th grade has won 5 out of 5 plus a trophy.

The 7th grade will not play this week. The 8th grade will go to Calallen to play in their tournament and will play Woodsboro at 5 p.m. today (Thursday) in the first round.

JEAN DE PAREJA, a mulatto assistant to 17th-century Spanish painter Velasquez, was worth \$5.54 million at a New York art auction—or at least this portrait of him was. Velasquez painting was purchased by the Waldenstain Gallery.

Fire Dept. Christmas Tree December 17

The annual Rockport Fire Department Christmas Tree will be held Thursday, Dec. 17 at 7:30 p.m. on the east lawn of the courthouse. This will be the 20th year for this event.

Santa Claus will be there with goodies for all children of Aransas County.

There will be a drawing for five turkeys. Contact any fireman if you want tickets. A donation of 25 cents per ticket or five tickets for \$1 is planned. The money received will pay for the Christmas tree expenses. The drawing will be held at 7:15 p.m., Dec. 17.

Youth Christmas Program Dec. 20

On Sunday evening, Dec. 20, at 7 p.m., the youth of First United Methodist Church will present a Christmas pageant entitled "He Came Among Us".

The 40 voice Youth and Carol Choirs will sing, directed by Mrs. W. J. Sprigg and accompanied by Miss Beverly Young and Miss DeLois Young. The pageant is directed by Mrs. Lee Roy Young, and Mrs. Robert Massey is organist for the program.

After the program all youth, their families and members of the congregation are invited to a Christmas party in the Fellowship Hall. Christmas carols will be sung and refreshments will be provided. Mrs. Richard Stafford is director of the party.

Bank to Present 'Hansel and Gretel'

As a Christmas gift to the community, First National Bank is sponsoring a radio presentation of the famous and well-known opera, "Hansel and Gretel" by the New York Metropolitan Opera Association, the day before Christmas Dec. 24, at 3 p.m., it was announced Wednesday by James H. Sorenson, Jr., bank president.

The opera will be broadcast by Radio Station KTOB, 101.3, with appropriate explanations of the three-act opera by the Rockport radio commentator, J. Allen Fry. Fry is a graduate of Peabody Conservatory of Music in Baltimore, Md.

Although "Hansel and Gretel" is not basically a Christmas story, it has become closely associated with the Christmas season in America because the Metropolitan Opera Association has for many years performed it on Christmas eve. It holds great charm for listeners of all ages.

In addition to beaming the presentation to the Rockport area, arrangements have been made to have it channeled through the public address systems of Spohn Hospital and the Driscoll Foundation Children's Hospital in Corpus Christi.

"Hansel and Gretel" is a folk-tory with widely recognized folk-songs, and is based on one of Grimm's Fairy Tales of the same name. The opera was written in 1891 and 1892 by Engbert Humperdick. It was first produced in 1893, and has been presented frequently since, all over the world, often during the Christmas season.

Beware of Phony 'Rate Analysts'

W. W. Janeczek, manager of the Central Power and Light Company office here, reports that bogus rate analysts claiming to save people money on their electric rates are in this area.

"Our district manager has informed CPL offices in this area that a firm from Dallas recently sent some fast talking men to Kingsville and a motel operator was contacted with the usual sales pitch on saving him money on his power rate," Janeczek said.

He pointed out that CPL offers rate analysis on a continuing basis to any customer interested.

TO CLOSE

Central Power and Light Company's office will close Dec. 23 at 5 p.m. and reopen Dec. 28 at 8 a.m.

United Fund Reaches \$8,829

A total of \$8,829 in pledges has been received toward the Aransas County United Fund goal of \$10,400, it was announced Wednesday by Rev. Cecil Lang, general chairman of the campaign. This represents 85 per cent of the total.

Pledges totaling \$1,300 have been received from the public schools. A number of team captains responsible for home solicitation have not yet reported. Some of the solicitors have not yet covered all their assigned territories. Lang urges all workers to complete solicitation as soon as possible and report results to the Chamber of Commerce office.

Lang also reported that a number of business firms have yet to report their firm's contributions as well as those of employees.

Those who have not been solicited at their homes are asked to make their pledges or contributions at the Chamber of Commerce office or mail them to United Appeal, Post Office Box 581, Rockport.

Pittman Named Boat Examiner

John K. Pittman, Sr. has been appointed District Staff Officer, Motor Boat Examinations, United States Coast Guard Auxiliary, Eighth Coast Guard District, effective Jan. 1.

The Eighth District covers an area from Panama City, Fla. to Brownsville, and contains 10 divisions. There are 1439 members and 507 examiners in the district. Pittman will be responsible for motor boat examinations and activities of division and flotilla examiners.

The United States Coast Guard Auxiliary was created by Congress, June 23, 1939, designed to assist the Coast Guard in promoting safety and effect rescues in the maritime region; to promote efficiency in the operation of yachts and motor boats and to foster a wider knowledge of, and better compliance with, the laws and regulations governing the operation of all watercraft. It is the civilian component of the Coast Guard dedicated to promoting recreational boating safety.

Pittman has been a resident of Rockport six years, coming from Fort Worth after retiring from Ben E. Keith Company as vice president and chief promotion officer.

The first courtesy motor boat examination in this area was conducted by Pittman in 1964 and only seven boats were examined—this has grown to over 100 in 1970. These boat examinations are free and are offered as a public service.

SCHOOL BOARD HOLDS MEETING

The Board of Trustees of the Aransas County School District met in regular session Monday and approved the payment of bills as presented.

The Board ratified the appointment of two additional teachers to relieve overcrowded classrooms. Mrs. Floy B. Shirey was elected as a second grade teacher at Fulton Elementary and has begun her teaching there. Mrs. Mary E. Turner was elected as a first grade teacher at Fulton Elementary and will begin work at mid-term.

In order to relieve the overcrowded classrooms at Rockport Elementary, approximately 37 students, first and second graders, will be transported to Fulton Elementary. With the addition of these two teachers, all classrooms in the elementary school will be in use daily.

The Board also heard a report on the total enrollment of the school district, the greatest area of increase being in the elementary schools where twelve percent increase in enrollment has occurred this year over last year. This large increase was unexpected. This has created crowded conditions in a number of classes. On December 11, the total enrollment was 1,100.

School District Announces Free And Reduced Price Lunches

Xmas Caravan December 21

A treat is in store for all who participate in the 3rd annual Caravan of Cars sponsored by the Chamber of Commerce, and a cordial invitation is extended to winter visitors to join this caravan to view Christmas decorations in the area.

The caravan will form on the Rockport beach near the tree of lights, and with Sheriff Bob Hewes in the lead, will begin to move at 6:30 p.m. next Monday evening. The caravan will follow a pre-established route to view both residential and commercial Christmas decorations displays.

Amplified Christmas music from speakers mounted on one of the lead cars in the procession will herald the approach of the caravan as it winds through the community. Bill Holm, local retired resident, will provide this enjoyable feature.

The tour will conclude about 8:30 p.m. at the Paws and Paws Square Dance building on Fulton Beach Road where refreshments will be served and a short square dancing program presented. The Rev. Cecil H. Lang, Jr. will lead the singing of Christmas carols, and souvenir song books will be distributed.

Last year over 70 cars participated in the caravan and winter visitors in particular seemed to enjoy the touch of old-fashioned hospitality at the conclusion; the fellowship of carol singing and comparing notes with other visitors on winter activities.

All residents, business, and civic groups are urged to have their outside decorations completed and lighted on the evening of Dec. 21, for the enjoyment of the caravan and also judging in the Chamber of Commerce annual decorations contest.

Sunken Treasure Film Shown

Modern methods of seeking sunken treasure at sea were depicted in a color motion picture presented by Dr. Jerry Shaw at the Rotary Club luncheon meeting Wednesday at Corky's Restaurant.

The search pictured was in the Caribbean in an area where a Spanish galleon was known to have foundered 327 years ago. After mapping the location, preliminary surveys were made by a team of scuba divers. Water jets were used to remove bottom silt, and this was followed by exploratory borings.

After evidence of a sunken vessel was uncovered, debris and remnants of the ship and its cargo were recovered with suction lines which deposited material on screens aboard the ship.

After extensive exploration and recovery of many artifacts, it was determined that the vessel was not the one sought on the basis of a weight from the wrecked ship's scales dated 1756, many years later than when the treasure ship was lost.

Although no gold or silver was recovered, the film captured a wealth of beautiful undersea scenes.

Rozzell Killed In Accident

Bart Clark Rozzell, 23, of Fulton, a former star athlete at Aransas County High School, was killed late Friday night when his car overturned on a curve on Farm Road 1351, ten miles west of Goliad.

Highway Patrolman Russell Montgomery said Rozzell was thrown from his 1970 model sedan after he lost control of the vehicle which left the side of the roadway and overturned.

Montgomery said the accident occurred at approximately 10:30 p.m. but the wreckage was not discovered until 11:40 p.m.

Rozzell, an employee of Reynolds Aluminum Co. at Ingleside, was pronounced dead on arrival at a hospital early Saturday morning.

Montgomery, who investigated the accident with Patrolman Gary Bourland, said Rozzell was en route to a hunting lease when the accident occurred.

Rozzell, who was born Oct. 26, 1947, in Victoria, starred in football at Aransas County High School. He later attended Del Mar Tech College in Corpus Christi where he received his welding certificate. Funeral services were held at 3 p.m. Monday at the First Baptist Church in Fulton with burial in the Rockport Cemetery Marshall Funeral Home was in charge of arrangements.

Rozzell was a member of the First Baptist Church in Fulton. Surviving are his wife, Mrs. Essie Darlene Rozzell, and his parents, Mr. and Mrs. S. C. Rozzell, all of Fulton; a brother, Steirly Rozzell, stationed with the Army; the maternal grandmother, Mrs. B. McConico of Port Lavaca, and the paternal grandmother, Mrs. Lois Rozzell of Rockport. Pallbearers were David Picton, John Johnson, Wesley Schwitz, Leslie Casterline, Jim Russell and John Pace.

Aransas County Independent School District recognizes the need for helping meet the nutritional needs of its students. All schools in this district serve a well-balanced and nutritious lunch each school day. The charge to students who can pay is 40 cents in the elementary schools and 45 cents in the junior high and high schools.

However, since some families find it difficult to pay this full price, the school will provide these lunches free of charge or at a reduced price to those children determined by the school dietitian to be unable to pay the full price for their lunches.

Families who feel that their children may be eligible for free or reduced price lunches may apply. Copies of the application form were sent home in a letter to parents earlier this week. The completed application, signed by an adult member of the family should be sent to the School Dietitian, P. O. Box 907, Rockport, Texas.

Such applications will be reviewed promptly and within three days the family will be notified in writing as to the decision made. All information provided on the application will be held in strictest confidence.

Any unusual circumstances or hardships which affect the families' ability to pay for school lunches (such as prolonged illness in the family) will also be considered.

If a family is not satisfied with the decision made on their application, they may request a hearing to appeal the decision. This request may be made orally or in writing to the school superintendent who will review the application with them and see if different arrangements can be made.

The school district's formal free and reduced price lunch policy statement and the procedure that will be followed when a decision is appealed are on file in the school dietitian's office and may be reviewed by any interested person.

The Kinsey Report

The most beautiful Christmas story is related in the second chapter of the Gospel according to Saint Matthew:

Now when Jesus was born in Bethlehem of Judea in the days of Herod the king, behold, there came wise men from the east to Jerusalem,

Saying, Where is he that is born King of the Jews? for we have seen his star in the east, and are come to worship him . . .

And he sent them to Bethlehem and said, Go and search diligently for the young child; and when ye have found him, bring me word again that I may come and worship him also.

When they had heard the

King, they departed: And, lo, the star which they saw in the east, went before them, till it came and stood over where the young child was.

When they saw the star, they rejoiced with exceeding great joy.

And when they were come into the house, they saw the young child with Mary the mother, and fell down, and worshipped him; And when they had opened their treasures, they presented unto him gifts; gold and frankincense and myrrh.

Mrs. Kinsey and I wish everyone a Merry Christmas and a Happy New Year.

We are looking forward to the arrival Dec. 21 of our son, daughter-in-law and grandson, Mr. and Mrs. David R. Kinsey and Scott, from Deerfield, Ill. Oh, yes Kelly, their Labrador retriever pup is coming, too.

First medical school in America opened in Philadelphia in 1765.

DRAFT CUTOFF FOR JANUARY IS NO. 100

Selective Service said Monday that men with numbers of 100 and below will be eligible for the January draft. The number 100 is expected to be the ceiling for several months, the agency said.

These numbers make up the First Priority Group include those men who reached the age of 19 in 1970, received their lottery numbers at the July drawing, and have not been deferred or exempted.

The Pentagon announced Saturday a January draft call of 17,000 men.

However, Selective Service said, the "first priority" group does not affect the liability of the "extended priority" group whose numbers have been reached, but not called.

This "extended" group remains eligible for induction in the first three months of next year, and, under present policy must be ordered to report

ahead of the 1971 pool.

The "extended" group is made up of men born between 1944 and 1950 who have not reached their 26th birthday, were classified I-A or I-A-O at the end of 1970, and had a number that had had been

reached, that is, lower than the highest number called by their local boards.

They say there are two kinds of men who don't understand women—bachelors and husbands.—Irish Digest.

MERRY CHRISTMAS

Circle 3 Xmas Party Held

Mrs. Volney Cavitt was hostess for the Christmas meeting for Circle 3, Women of the Presbyterian Church on Monday. Mrs. Walter G. Hatley, president of WOC, and Mrs. Ed F. Godde were guests. Eleven members were present.

Mrs. H. H. Dick opened the meeting with prayer and presided at the business meeting. Circle 3 decided to "adopt" two Sunday School classes, Mrs. Cecil Lang's and the Adult Class. The members plan to visit the classes, become acquainted with the children and parents, add to the furnishings in the rooms and will provide extra educational material for them.

Members reported making 29 visits and sending 61 cards since the November meeting. Members were reminded to contact inactive members and to urge them to come to meetings if possible.

Mrs. John Kinsey moderated the Bible lesson on "Judgment". The Least Coin offering was taken while Mrs. Bird Hurrell read a prayer. The

meeting was adjourned with the Mizpah benediction.

Following the meeting, Mrs. Ann Williams played the organ and Christmas carols were sung. Mrs. Cavitt's home was decorated beautifully for the occasion and the Christmas table and refreshments were enjoyed by everyone.

The January meeting will be at the home of Mrs. Kathryn McLester.

The first election of five Commissioners will be held on the second Saturday in July, 1971, and an election for five Commissioners will be held on the second Saturday in July in each odd numbered year thereafter. Internal Revenue Service News

District Director of Internal Revenue R. L. Phinney said today that household employers in the Austin District will receive through the mail on or about Jan. 2 pre-addressed Forms 942, "Employer's Quarterly Federal Tax Return for Household Employees," for use in reporting Social Security taxes for the calendar quarter ending Dec. 31, 1970.

Phinney pointed out that the use of these pre-addressed forms, which also carry the correct employer identification number, will insure the prompt and proper credit to taxpayer accounts when these quarterly returns are processed through the ADP systems at the regional service center.

Phinney said further that blank forms are available in the District and local offices for new filers and urged that those employers who have been assigned identification numbers make sure the number entered on the tax form is correct.

The deadline for filing Forms 942 for the fourth quarter is Feb. 1, 1971, Phinney said.

The most certain result of achievement is criticism.—Decorah (Iowa) Public Opinion.

CARD OF THANKS

I want to thank all the people in Precinct 4 who made it a pleasure for me to serve you as your County Commissioner during the past three years. I know that you will continue to show the same cooperation in dealing with my successor, Charlie Hale. To each of you, a Merry Christmas and a Happy New Year.

Church of Christ

"It is not what the Bible teaches that divides the world into religious groups, it is what the Bible does not teach that divides the world."

It was T. Eugene Milholland who made the above statement, and with it I could not agree more. It is our opinions and prejudices that is to blame and not the Bible. The diversity of religious opinions and the variety of religious worship is a sad misrepresentation of what the Bible really teaches.

street. No objections to his request were voiced and he was asked to submit plans in writing.

Norvell Jackson appeared before the board in regard to

need for additional dockage for large boats in Rockport Harbor. Plans were discussed for construction of two piers along south bulkhead, which would provide dockage for three boats. Commissioner Maguglin made motion, seconded by Commissioner Fox,

and vote carried, that piers would be constructed immediately, for occupancy by Jackson in January.

Jimmie Ankele stated that he is in the process of sub-leasing lots 88 through 93, Cove Harbor, from Jack Sanders, and requested board's ap-

proval of plans to construct metal building on cement slab, with hurricane fence to be erected. The Board tentatively approved, requesting that he submit detailed plans.

Assignment of least on lots 94, 95, Cove Harbor, from Rosemary L. Wolbrecht to Robert McClellan, was reviewed. The transfer had been previously approved by the board.

Aliens Must Report Addresses

District Director Hoyt H. Harris of the Immigration and Naturalization Service stated that the annual alien address report program usually causes a sharp rise in the number of applications for naturalizations.

The law requires all aliens in the United States, with few exceptions, to report their addresses each January. Throughout the United States, almost 30 percent more applications for naturalizations are received during other months. Harris attributes this sudden rise to the Alien Address Report Program.

Aliens not required to make this report are diplomats and those persons accredited to certain international organizations.

Forms for making the reports will be available to aliens at all Post Offices and offices of the Immigration and Naturalization Service during the month of January. Art Gallery For Xmas Presents

The giving time has come again and monumental decisions must be made about what to give Aunt Amy, Mom and Dad. One gift that endures and generally appreciates in value is good art.

The Meredith Long Gallery at Key Allegro is chock full of delightful showing of paintings for Christmas.

Long has added certain new but noted artists to his Houston and Rockport Galleries and the list is quite impressive.

One of the artists now af-

filiated with the gallery is Leslie Wainwright, who now lives in San Antonio but will soon be a Rockport resident. Wainwright has done some lovely flower paintings now on display. He had a very successful show in England two years ago and recently in Corpus Christi at the Norman Foster Gallery. And another artist who moved to Rockport specifically to paint the wildlife of our beautiful area is Herb Booth.

Time Magazine had an article on the work of Lowell Nesbitt, who has a studio in New York City. He will have a one man show in London in February. Nesbitt has also had the distinction to be selected by the government to do some art for the space program. He attended the launchings of Apollo 9 and 13, and those paintings are now hanging in the National Gallery in Washington, D.C.

Nell Blaine has just completed a successful show in New York City and Hilton Cramer, the critic, featured her in one of his columns—something he rarely does for an objective artist, which she is.

In the Berger collection at the Cooper Union in New York hang some of Rosemary Beck's work, as well as in the

Whitney Museum of Art in New York. The Whitney has also just accepted a painting by Dorothy Hood, another of Long's featured artists.

An artist whose trademark is charming sunsplashed portrayals of children at play is Genevieve Reckling of Arizona.

All of these famous artists join the ranks of the great artists such as Cowan, Schwitz, Anzalone, and many others who have been shown here. Also, these new affiliates will have one-man shows here in the future.

Make Christmas Last a Lifetime

★

A First National Bank Savings Account opened in the name of a son, daughter, grandchild or some other loved one provides a Christmas gift which will grow in value through the years. It also can be used in the years ahead to make additional meaningful gifts marking Christmases, birthdays and other special occasions.

A First National Savings Account will help establish a life-long habit of thrift and begin a youngster's business education. Later it may help pay the cost of college, the start of a business career or marriage.

An account may be opened with as little as \$5. Four and a half per cent interest, the highest legal rate on such accounts, is compounded twice a year.

This Christmas make a First National Savings Account passbook the passport to a better, richer life for someone you love.

Eco-Talk

By Eddie Bradley

FALLOUT . . . Our present and future environment is important. The word is getting out, and more and more of tomorrow's leaders are getting with it. A new campus newspaper is coming out at the University of Texas which will be devoted solely to ecological discussions. The paper is to be published by the students themselves. It looks like they are going to practice what they preach, because they are conserving paper and the resulting wood by having a deposit on their publication. The paper will cost 15c. After you have read it, you get 5c return on the deposit when you turn it back in!

The University Interscholastic League has given special praise to the journalism students of Canyon High School in New Braunfels for one of their recent issues of the school newspaper. The entire issue was devoted to ecology in their area. The student-reporters interviewed local city and county officials, businessmen, factory managers, and scientists. After quoting the persons interviewed, the students editorialized with their own conclusions.

The city of New York is contemplating a ban on the sale of all phosphate detergents which are often blamed for water pollution. Suffolk County in New York state has already passed such an or-

dinance. The county has no sewers, only cesspools and septic tanks. Liquid wastes were seeping into the ground and contaminating the underground water supply. Chicago has passed an ordinance completely banning any phosphate in detergents by June

of 1972. . . .

Do you feel helpless when you see environmental destruction going on all around you with apparently nothing being done about it? Is it possible that one person can make any difference? Probably not, but a group of people can, and there are several groups in our country that are doing just that, making a difference.

If you are concerned about our environment or if you would like some additional information about the problems we face, write to some of these organizations; they will be glad to know you are interested. There are a great many nature and conservation organizations, but I will list here only the most active that I can think of:

Conservation Foundation, 1250 Connecticut Avenue N.W., Washington, D.C.—Friends of the Earth, 451 Pacific Avenue, San Francisco, Calif. 94133 — National Audubon Society, 1130 Fifth Avenue, New York, N.Y. 10038 — National Wildlife, 1312 16th Street N.W., Washington, D.C. — The Nature Conservancy, 1522 K Street N.W., Washington, D.C. — Sierra Club, 1050 Mills Tower, San Francisco, Calif. 94104 — The Wilderness Society, 729 16th Street N.W., Washington, D.C. 20005.

The members of these groups are people who really care. How about you?

Fresh Seafood—Handle With Care

AUSTIN—Proper handling of seafood by the consumer after purchase is as important as that done by the fishermen and processors who take care of preliminary steps, according to Mrs. Anthea Holden, home economist for the Texas Parks and Wildlife Department.

"We insist that the fish we buy is of top quality," said Mrs. Holden, "but then we may fail to keep it that way through negligence."

For example, fresh seafood should be cooked within one or two days after it is purchased. If this does not fit in with meal plans, the fish should be frozen, or cooked for use in a few days.

Although the idea of cold fish may not be appealing, there are several ways it can be used to a delicious advantage, according to Mrs. Holden. Fish can be cooked for about 10 minutes in boiling water and used later in various salads and sandwiches.

Frozen fish also needs careful handling, and the following points should be kept in mind. Solidly frozen packages which are clean on the outside should be selected. If the wrapper is transparent, packages with white, cottony spots or brown discolored portions on the meat should not be selected. This is an indication of freezer burn.

Frozen fish should be put in freezer immediately and held at zero degrees or below. The fish may be thawed by putting in the refrigerator overnight or holding it under cold running water for a fast thaw. Whether the fish is thawed on purpose or accidentally, the fish should be cooked within 24 hours.

With these points in mind here is a recipe that is nutritious and easy enough for a fancy luncheon or bridge party. Redfish, drum and gulf trout are all suitable choices. Fish, Egg and Olive Sandwich

1 pound fish fillets, fresh or frozen
1 quart boiling water
1 tablespoon salt
3 hard-boiled eggs, chopped
¼ cup chopped olives
½ cup mayonnaise or salad dressing
1 tablespoon horseradish
Dash pepper
12 large slices buttered rye bread
6 lettuce leaves

Thaw frozen fillets. Place fillets in boiling salted water. Cover and return to the boiling point. Reduce heat and simmer for 10 minutes or until fish flakes easily when tested with a fork. Drain. Remove skin and bones; flake.

Combine egg, olives, mayonnaise, horseradish, pepper, and fish; mix thoroughly. Add salt to taste. Chill. Spread 6 slices bread with approximately ½ cup fish mixture. Top with lettuce and cover with remaining 6 slices bread. Makes 6 meal-sized sandwiches.

Party size rye bread or white bread cut in fancy shapes can also be used when you are entertaining. Garnish with slices of hard cooked egg and stuffed green olives.

Number of men in U. S. armed services is now about 3.1 million.

Mrs. Edwards Honored

The shower given for Mrs. Davis C. Edwards of Lamar by Mrs. T. D. Brown and Mrs. L. V. Clark in the home of Mrs. Brown was attended by a large group of women from Lamar, Holiday Beach and Rockport.

Mrs. Edwards' home was destroyed by fire on Dec. 4 and she was presented with a large assortment of household articles as well as some cash donations.

Refreshments of cake, cookies, nuts, mints and coffee were served to about 30 people.

Tuesday Bridge

Mrs. Charles Cleveland entertained the Tuesday Bridge Club at her home Dec. 8. The Christmas motif was carried out in the decor. Members playing were Mrs. Jimmy Hunt, Mrs. Chester Johnson, Mrs. Harry Mills, Mrs. Tom Rogers, Mrs. Roy Woods, Mrs. L. G. Wood, Mrs. R. E. House and one guest, Mrs. Johnny Mitchell. Mrs. Mills won high score, Mrs. L. G. Wood was second high and also won the grand slam prize.
