J. P. DAVIDSON, Secretary-Treasurer

(Bond of $2,500 applied for to guarantee the faithful performance of the affairs of the association)

PURPOSES OF THE ASSOCIATION

"Realizing the great need of a County Operation Association, and the many who have been sent to the operating table without warning or funds to meet this emergency, who cannot then make the necessary preparations, we therefore band ourselves in an organized association for the purpose of giving our friends, our families, ourselves a protection when it is sorely needed to defray the necessary expenses of an operation."—paragraph taken from Policy Certificates issued to each member.

MEMBERSHIP FEES:

Each Family of 3 or less at time of joining $1.00
Each Family of 4 or 5 at time of joining $1.25
Each Family of 6 at time of joining $1.50

THE COST FOR MEMBERSHIP

35c per individual member on July 15 and December 15 of each year for dues;

20c per individual member in good standing for each operation, except in cases where funds are on hand to pay for operation without drawing on membership.

Benefits not to exceed $150 for any major operation of a member in good standing.

The organization is formed under the Benevolent Laws of the State of Texas;

We Want to Buy Your Wheat

We have everything in readiness to handle your wheat crop. We realize that economy is most important and that your margin of profit must be "stretched" as far as possible this year.

With the welfare of our customers in mind, we plan to handle your wheat on as narrow a margin as possible.

BRING US YOUR WHEAT—PROMPT, EFFICIENT SERVICE, BEST PRICES THE MARKET WILL AFFORD.

Elevators at Floydada, Barwise and Dougherty for your convenience—We will certainly appreciate your business.

NOTICE—We will operate under the provisions of the country elevators code that became effective May 21.

We have just finished installing a new 76 inch truck dump that will dump long wheel-base trucks. Therefore, we can now take care of any size truck.

THAN ANY FORD EVER BUILT

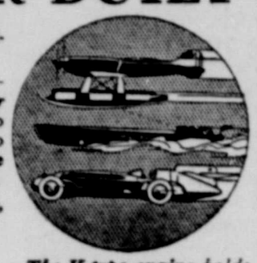

THE smartest car that Ford has ever built is the smartest buy your budget has ever seen. The new Ford V-8 is the most economical car that Ford has yet produced.

That big Ford V-8 engine, which is capable of a generous 80 per, is miserly when it comes to fuel. It consumes *less* gasoline than many engines with less cylinders and less power.

Aluminum-alloy pistons minimize carbon formation. Tungsten steel valve seat inserts virtually let you say "good-bye forever" to valve grinding.

The Ford V-8's dependable springs—which give you free action on *all four* wheels—have shackles that require no lubrication. And the whole car is so reliably built that you will never be plagued with repair bills.

Before you buy *any* car at *any* price, drive the Ford V-8.

The V-type engine holds every record for speed on land, water and in the air.

$515 and up F. O. B. Detroit. Easy terms through Universal Credit Company—the Authorized Ford Finance Plan.

Funeral arrangements were in charge of Harmon's Funeral Directors.

Excess Wheat May Be Fed At Home If Farmer Will Comply With Contract

In a conference with Mr. John R. Edmonds, Special Agent of the Wheat Section for Texas, on Monday, June 11th, County Agent, Glen A. Lindsey obtained the following information of interest to the wheat growers of Floyd County.

1. If a producer has harvested his wheat before it was measured by the supervisors there is no reason for him to be allarmed if he has attempted to comply with his contract. If it is found that he has harvested a small excess acreage of wheat by mistake he may comply with his contract by furnishing the County Allotment Committee an affidavit that he will feed the wheat from his excess acreage at home. This rule applies to a small overrun which would come within the limits of accuracy of measuring the land. If the producer has harvested a large excess acreage of wheat he will either have to destroy the excess wheat or have his contract cancelled.

2. The Wheat Section has modified the regulations concerning the contracted acres to permit the planting and harvesting of all forage crops except corn and grain sorghums. This regulation does not permit the harvesting of any kind of grain or planting and harvesting of grain sorghums in the form of bundles. Sudan, millet and cane may be planted and harvested for forage or sudan may be planted for grazing.

EMPLOYED AT BISHOP'S

Billy Joe Welch, who has been attending Texas Technological last year, has been employed at Bishop's Pharmacy. He relieved Verner Norman who has gone to Morse, Texas, to work in the harvest.

Miss Eddie Mae Gilliland, who had been employed for the past several months a scounty health nurse, left Monday afternoon for Lubbock where she is employed as nurse in a hospital.

Miss Noma McPeak And Mr. D. B. Adair Married Saturday

Miss Noma McPeak, daughter of Mr. and Mrs. Jonah McPeak, and Mr. D. B. Adair, also of this city, were married Saturday afternoon at 2:20 o'clock.

Rev. G. W. Tubbs, pastor of the Mt. Blanco and McCoy Baptist churches, officiated at the ceremony.

Both the bride and groom have resided in Floyd County for a number of years. They plan to make their home here.

AVIATION VACANCIES IN THE MARINES

It is announced by Major P. D. Cornell of the U. S. Marine Corps Headquarters, 535 St. Charles, St., New Orleans, Louisiana, that men who have served in the aviation departments of the Army, Navy, or Marine Corps, and who desire continued aviation duty,will be sent direct to an aviation unit of the Marine Corps upon re-enlstment. In the past it has been necessary to obtain sepcific authority from Washington for a transfer of this kind. This authority has been delegated to Major Cornell, who states that n addition to aviation, there are a few vacancies in the Marines for general service. Full informaton will be furnished on request.

Mr. and Mrs. C. H. Davis and son, of Ranger visited in Floydada last week with friends.

Little Miss Elizabeth Watkins, of Petersburg, is visiting in Floydada with her grandmother, Mrs. Arthur B. Duncan this week.

Orville Moore, who had been working for several months at Vellevue, Texas, arrived last week to reside here.

Miss Wilma Fuller spent last week end visiting in Amarillo. She returned Monday.

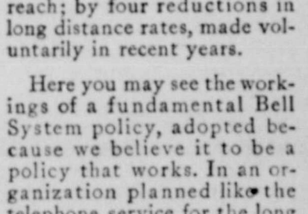

John Denman and L. F. Moore, of Lubbock, visited in Floydada Sunday with Mrs. Josie Moore and other relatives.

Rev. F. O. Garner, of Petersburg, was a visitor in Floydada Saturday night with friends.

HERE'S ONE

REASON

why long distance calls are *fast*

Within its own boundaries, this company, like each of the 24 Bell System associated companies, operates its own long distance system. But A. T. & T. trunk lines (*shown on map*) link these 24 separate systems into a nation-wide unit, over which skilled operators can send your voice almost with the speed of a local call to the remote reaches of the country.

Such nation-wide service would be virtually impossible without equipment built to the same designs and used in the same way . . . without operators trained in the same methods . . . without, in short, a nation-wide organization behind it.

How effectively A. T. & T. meets this need is shown by the fact that today 9 out of 10 long distance calls go through while you hold the line; by the constant pushing back of the frontiers of the voice until 92 per cent of the world's telephones are now within your reach; by four reductions in long distance rates, made voluntarily in recent years.

Here you may see the workings of a fundamental Bell System policy, adopted because we believe it to be a policy that works. In an organization planned like the telephone service for the long pull, we feel that what is best for the telephone user becomes in the end the course that will bring us the sounder, more certain success.
