VOL. 6 LAMESA, DAWSON COUNTY, TEXAS, THURSDAY, SEPTEMBER 3, 1936 NO. 33

Several Changes Made In School Faculty This Year

The published roster of Lamesa teachers carries the names of some replacement teachers and one additional faculty member at this date. The names of Mrs. Carriewood Stephens, Miss Winnifred Halley are not appearing in the high school list. Mrs. Stephens asked to be relieved of her teaching duties for the 1936-37 term for health considerations and upon the advice of her physician. The requested leave was granted with appropriate regrets. Mrs. Stephens has taught seniors for ten years and was the successful coach of the One-Act play casts which have won such signal honors for the Lamesa high school in Statewide competition.

Miss Halley was married this summer and will make her home in Honolulu She had taught for several years in Seminole high school prior to her one year in Lamesa.

The names of Mr. W. K. Compton and Mrs. Ruth McLaughlin appear in the High School list for the ensuing year.

Mr. Vernon Bryant who has been in charge of physical education activities in the elementary grades for several years has tendered his resignation that he may devote his time to business. He has joined his father, Mr. J. W. Bryant, at Bryants Pharmacy. Mr. J. M. Kayser is the replacement teacher.

Mrs. Ruth McLaughlin was assigned to the high school faculty after several years service in the upper elementary grades. Miss Inez Allen will be the replacement teacher for the vacancy created by this change.

Miss Helen Massengale, popular teacher of second grade, accepted a similar position at Pampa. Miss Thelma Lee Norman was elected as the replacement instructor for this vacancy.

The increased enrollment made another teacher neecssary to which position Miss Louise Wolffarth was elected.

The total teacher personnel now totals thirty-eight persons.

Postal Receipts Show Nice Gain

Postal receipts of the Lamesa post office for the quarter period ending on July 31, was $5,024.56. This was an increase of 22.7% over the corresponding quarter of 1935. This is probably the biggest percentage increase in the local post office for the past several years, although the exact data was not available.

No news has been received in regard to the selection of a site for the proposed Federal building, according to Postmaster Owen Taylor.

DuBose Expresses Thanks To Voters

I hope that my friends will take this as a personal message of thanks to each and everyone who contributed support in any way to my efforts to be elected County Judge. Any man on earth would feel distinctly honored by having such type and quality of friends to support him. I trust that you will never regret your support of me and that I shall never bring a blemish upon such friendship by any act done or by any word spoken.

I had several things that wanted to accomplish as a matter of service to my county and I realize that you voted for me largely because you thought that I would best serve you as a County Judge, for I made no issue of a personal need for the office.

I now ask my friends to accept my defeat as I accept it, with all good cheer and to support the nominee and co-operate with him. My purpose is constructive, not destructive, to help and not to hinder.

Now that the people have spoken, I retire from the political arena, calmly, peacefully and gratefully.

Let us now turn our attention to the November elestion and see to it that Dawson County gives our Great President Roosevelt an overwhelming vote of thanks, confidience and gratitude.

Thankfully yours,
P. W. DuBose.

LEGION TO ELECT OFFICERS

Every member of the American Legion post is urged to attend the regular meeting at the hut next Monday night, September 7.

A good entertainment has been planned, and the annual election of officers for the next year is scheduled for this meeting.

Stanley Cathey returned to his home in O'Donnell Wednesday morning after a short visit with his aunt, Mrs. S. P. White. He was accompanied home by his cousin, Miss Elwanda Oliver.

THE BEST STORY OF THE WEEK

This is really good enough to send to Ripley for his Believe It Or Not, but it is too good to keep so we are telling it here. We were talking to W. T. Webb, super car salesman de luxe, and a member of the Lamesa Auto Company, and kidding him about selling Fords, when he said, 'Why I've even gone to selling cars to hitch-hikers.' Then he told, for the truth, that recently he picked up a hitch-hiker on one of the roads leading into Lamesa and talked the quality of his demonstrator so forcefully that he sold the party a new car as a result of the sales talk.

Now we are passing it on without comment, other than to say we know Mr. Webb is a faithful church member and considered veracious. But it has been mighty hot in this country the past few weeks. That might account for it.

City Officials Stress Needs Of Stricter Traffic Observance

With the opening of school on September 7th, bringing about an increase of traffic, both pedestrian and automobile on our streets, it is quite evident that our traffic hazards will become more acute than has been the case during the summer months. For that reason the City Officials are making every effort to enforce our traffic regulations and are issuing a warning to those who might be negligent or careless in observing the traffic laws. No one can plead ignorance of the rules and regulations. If so, he must have his drivers license revoked.

The stop signs are placed at points on the streets for the purpose of regulating traffic and reducing the hazards to a minimum. These signs must be observed. Those who do not observe the stop signs will be dealt with according to the penalties of the law.

Careless bicycle riding is also becoming quite a nuisance, and is adding much to the hazardousness of traffic conditions in Lamesa. Parents are urged to cooperate with the City Officials in seeing that their children exercise care and observe the traffic regulations when riding bicycles on the street. A bicycle rider on the street must observe the same rules as an automobile driver.

Baptist Church Is Enlarging Capacity For Sunday School

This week, the First Baptist Church started the erection of a temporary Sunday school building, thirty-two feet wide by ninety feet long. This new building will house the Young People's Department, the Beginner Department, a class for each of age 1, 2 and 3, and a church office. By this increase in space, the Sunday school will be able to care for about 700.

Alterations will be made in the Primary and Junior Departments to almost double their space. The Adult Department will meet together.

Sunday, September 13th, has been designated as 'Opening Day' for the new building. Attendance goals have been set by all departments for the Sunday school for this special occasion.

Mrs. Emma King Succumbs To Heart Attack Wednesday

Another Dawson county pioneer was called to her reward on Wednesday, August 26, when Mrs. Emma L. King suffered a fatal heart attack at the home of a son she was visiting in Odessa. The remains were returned to Lamesa for burial.

Funeral services were held in the First Baptist church here, Thursday afternoon at 2 o'clock with Rev. Aslin conducting the services. Interment was in the Pride cemetery.

Mrs. King was born in Haywood, Tenn., December 9, 1864. She was converted and joined the Baptist church at the age of 16 and for 55 years she remained a devout and consistent Christian.

When her husband died, fourteen years ago, she came to live with her daughter, Mrs. J. T. Denton, and has lived in Dawson county since that time, having made many friends here who will miss her cheerful greetings.

Surviving Mrs. King are three sons, B. B. King of Lamesa, P. E. King of Odessa, and M. B. King of Welch; also a daughter, Mrs. J. T. Denton of Lamesa. And one brother, W. F. Edwards of Rotan, Texas.

MARTIN SERVICE STATION UNDERGOING REMODELING

Extensive repairs and changes are being made in the building occupied by C. E. Martin, Sinclair dealer and DeSoto and Prymouth automobile representative, at the corner of Houston and North First street.

A new roof has just been put on the building and work is now in progress on remodeling the front part of the interior of the building. The partition separating the display and office space from the work shop has been set back several feet. The office will be moved to a balcony being built at the rear of the show room, which will make a much more attractive show room for the display of new cars as well as tires and accessories carried by the firm.

BAPTIST PASTOR RETURNS FROM VACATION TRIP

The pastor, Brother E. F. Cole, returned this week, and will preach next Sunday. The Sunday school is making plans for a large attendance. During their vacation, the family have visited relatives and friends in Shreveport and other points. They also visited the Centennial in Dallas. Brother Cole preached in an eight-day revival in Honey Grove, Texas, while away.

Miss Nell Goodloe of Lubbock spent the week-end here with friends.

Two School Busses Will Be Added

Three school bus routes are being planned for accomodation of pupils whose grades are not taught in their home districts to attend Lamesa High School for the coming term. One of these comes from Patricia through districts to the southwest. Another starts at Lamesa and goes through Liberty, to Fivemile, Mount Olive and Key districts returning up highway No. 15. The third starts in the McCarty district and serves a portion of the Hancock district. This is an increase of two over last year.

NEW CARS REGISTERED

The following new cars were registered in Dawson county the past week: 1936 Chevrolet Master town sedan, G. W. Holley, August 25; 1936 Ford tudor, Warren D. Smith, August 26; G. M. C. pickup, H. R. Cope, August 25; 1936 Dodge truck, A. E. Moore, Seagraves, August 26; 1936 Dodge sedan, W. D. Arnett, August 27; 1936 Chevrolet Master town sedan to A. M. Klondike School Has Record Enrollment

With school in progress for the past two weeks, the Klondike school has started on what promises to be the best year in its history. Already over 200 pupils are enrolled, 100 of them being high school students.

The school is operating three school busses which make connection with busses from three adjoining school districts and brings the entire high school grades from Loyola and Three Leagues districts in Martin county; the 10th and 11th grade students from Sparenberg; and 9th, 10, and 11th grade pupils from Natilee. This has crowded the school some but officials report work progressing nicely.

The school board and faculty are anxiuos for the patrons of the adjoining districts to visit the school when they can and see the work that is being done.

MARRIAGE LICENSES

Only four couples have applied for license to wed in Dawson county the past week. They were: W. A. Oakley of Seminole, and Miss Cecile Phillip of Galveston, Texas; Richard Paul Oswalt and Miss Emma Jean Aslin of Lamesa; D. C. Cornett and Miss Zumalee Garrett of Lamesa; and E. G. Woolsey and Miss Eva Jo Holt, Lamesa.

BICYCLE PARADE

Quite a bit of attention was drawn to a parade of bicycle riders which passed through the business streets of Lamesa Wednesday afternoon, when about forty bicycles of all kinds and colors were ridden by boys and girls. The parade was promoted by C. L. Fenner, who has opened a bicycle rental shop here. Among the wheels in the parade were two tandem wheels and two Ingo cycles, which were new and unusual sights to local people.

FRANKLIN COUNTY REUNION

Franklin County reunion will be held at Three League school building in Martin county on September 6th. If you have ever lived in Franklin County, Texas, you have an invitation to come and bring a full basket and gossip.

CCC Boys Exhibit Taximermy And Wood Specimens

An exhibit of craft work on display in one of the windows of the Earnest Motor Parts company this week is attracting considerable attention. The articles were placed on display last Thursday and will remain for one week according to L. R. Tidwell, manager of the store.

Articles in the display were made by classes in woodwork and taxidermy at the local CCC camp and consist of a number of lamps with lathe-turned bases, an inlaid serving tray, an oak clock case, turned candle sticks, a vanity dresser, and mounted animal specimens. The mounted specimens include two hawks, horned toads mounted on Centennial memorial shields, and a gun rack ornamented with a mounted snake. Copies of the birthday issue of the "Sandpaper", which commemorates the first birthday of the camp here and published at the camp by the class in journalism, are also included in the exhibit.

John I. Dean, educational adviser of the camp, is instructor of the woodwork class; and Stanley Reid, an enrollee, is instructor of the class in taxidermy.

Radio Stars Will Present Program On Court Lawn

J. A. Long, representative of the Armstrong Packing Co., was in Lamesa Wednesday, completing arrangements for the public appearance of the Armstrong Cowband Band, radio stars and favorites of listeners to their programs from WFAA and WBAP.

The band will be official Goodwill Ambassadors from the Texas Centennial to the Big Spring celebration on September 7, 8 and 9. They will appear at the rodeo there during the day and will play for dances at the Casino on the nights of September 8 and 9.

Following the Big Spring engagement they will make a tour of cities nearby, coming to Lamesa September 10th, they will give a free entertainment on the Court House lawn at 11:45 A. M.

They are also scheduled to appear at Ackerly at 10:30 A. M. the same date.

Committees Named In Dawson County Fair Association

At a meeting of the Dawson County Fair committees Saturday afternoon, Joe M. Peterson was elected president of the Fair Association, and A. G. Bearden was elected Vice-president. At that time membership of the Executive Committee was determined as follows: Mrs. J. M. Ranson, chairman county home demonstration council; Mrs. E. L. Craddock, chairman girls 4-H club sponsors; Miss Mattie Phoenix, home demonstration agent; F. L. Grissom, chairman Dawson county agricultural conservation association; R. B. Wilkerson, chairman Boy's 4-H clubs; Joe C. Williams, County agricultural agent, and officers of the Fair Association.

The Executive Committee met Tuesday afternoon and selected Roy Weeks general livestock superintencent; Ted Turner, beef cattle; Youland Echols, dairy cattle; Wesley Holt, swine; and Arlee Gowan, Poultry. B. B. Bratcher will be general superintendent of the agricultural exhibits.

The Fair will feature 4-H Club work and only 4-H Club livestock will be included in the fair. Others may exhibit if they so desire. Exhibits will not be limited to registered livestock and no distinction will be made. All 4-H exhibitors must present a complete record book from beginning to date on any exhibit.

Beef calves will be shown in two classes, those weighing less than 850 pounds and those weighing over 850.

Premiums will be offered for all classes of agricultural exhibits and home demonstration exhibits.

Committees for the women's department have been selected as follows: Mrs. C. F. Gowan, general chairman; Mrs. Hattie Wasson, Mrs Harvey Weir, and Mrs. L. E. Page, foods committee; Mrs. Oscar McLendon, Mrs. Gene owns and Mrs. George Hardesty, clothing; Mrs. L. A. Sasser, Mrs. H. C. Williams and Mrs. J. C. Stuart, quilts; Mrs. Clyde Edmonson, secretary; Mrs. Myrtle Thorp, publicity chairman.

Hostesses who will serve during the Fair are: First afternoon, Mrs. J. H. Adkins; first evening, Mrs. J. L. Morris; Second morning, Mrs. Ralph Ranson; second afternoon, Mrs. Bud Riley; second evening, Mrs. R. W. Mitchell; third morning, Mrs. Gus Schmidt; third afternoon, Mrs. Myrtle Thorp; third evening, Mrs. E. P. Craddock.

Mr. and Mrs. E. C. Nix returned this week from a visit to Waxahachie where they attended a family reunion. They attended the Texas Centennial in Dallas while away. Mr. Nix reports Dawson county has the best crops of any county he visited.

Instructions For Pupils In Elementary Grades

Enrollment will begin at nine o'clock Monday morning, September 7. Completion of enrollment, issuing of books, and assignment of lessons will take most of the day. Every pupil should study the schedule below to ascertain his exact assignment and report there with as little confusion and as few questions as possible. No changes should be requested and none will be granted except upon extraordinary circumstances, and even then only atfor the first two or three days. The following schedule is for the purpose of enrolling only and it may be necessary to make many changes before final adjustments are made.

Dairy Ordinance Will Be Discussed

All persons interested in the passage of a City Milk Ordinance, involving the rules and regulations of the State Milk Ordinance, are requested to attend a meeting which is to be held in Mayor Marr's office at 2:30 P. M. on September 8th. A representative of the State Department of Health will be present and explain the requirements of the Ordinance. The local City Health Board will also be in attendance. It is especially urged that all dairymen attend the meeting.

SCOUTS TO MAKE EXHIBITS FOR SOUTH PLAINS FAIR

Scout troops in the South Plains Council will construct exhibits to be displayed in the South Plains Fair in Lubbock September 28, 29, 30, Oct. 1, 2 and 3. Each troop can enter exhibits for troop, patrol and indiivdual competition. B. G. Langford of Lubbock has been selected as Chairman of the Scout exhibits which will include such things as these: Knot boards, neckerchief slides, totem poles, rock, glass, insects, birds in exhibit and a number of merit badges.

RETURNS FROM HOLLYWOOD

Mrs. L. M. Pratt returned Sunday night from Hollywood where she has just finished a six weeks course in dancing with Franchon and Marco, and dramatic art and speech with Oliver Hinsdell, dramatic coach at Metro-Goldwyn-Mayer, and a radio course in a theatre school. Mrs. Pratt is ready to resume her work in her local studio.

Kelley Expresses His Gratitude

The best way that I can show my appreciation of the friendship shown me and the confidence placed in me is to exert myself to the utmost to faithfully perform the duties of the office. This I have at all times promised, which promises I now renew. I want it remembered that I am the servant of those who did not support me the same as of those who did, and I hope not to be so small as to let the question of one not being my friend and supporter in anywise interfere with the faithful discharge of the duties of the office.

Your humble servant,
Oscar G. Kelley.

Democratic Rally Here Saturday; Mahon To Speak

Democratic leaders announce that a Roosevelt-Garner rally will be held in the District Court room Saturday, September 5, at 3:00 P. M., at which time the Honorable George Mahon will make the principal address.

In a business session there will be elected a lady co-chairman of the county democratic committee who will appoint a co-chairman for each precinct box. Plans will also be made for raising the Dawson County quota of the Democratic national campaign fund.

It has been pointed out that the average per capita benefit which Texans have received from the Roosevelt-Garner administration is $167, while the quota of this county to the coming campaign fund is only about 20c for each qualified voter of the county —a very small percentage of the sum received during the present administration.

All voters are invited to attend the rally and precinct chairmen are especially urged to be there.

High School Work Will Begin Monday

New pupils should have vaccination certificates or exemptions from physicians; their last year's report cards and book cards. Pupils should come prepared to spend the day or to return after lunch. No short sessions are tolerated even for opening days. All preliminary work of enrolling will follow after a general meeting in the high school auditorium at 8:45 A. M. where detailed announcements will be made.

The elementary school auditorium is too small to accomodate the pupils in that school and for that reason, the following announcement regarding pupils in those grades is given in detail.

Lamesa Gins Are Prepared To Handle Bumper Cotton Crop

With the sale of the Texas Cotton Growers Association Gin to the Farmers Co-op at Hale Center, who have dismantled it and moved it to that town, the number of cotton gins in Lamesa has been reduced to six. This is three less than the highest number to operate here, which was in 1931 and 1932 when nine gins were in operation.

However local ginners assure the growers that there are still plenty of gins here to care for the bumper crop which is expected to be gathered in Dawson County. With the increased efficiency in the latest machinery and enlarging of the present gins, the capacity of the Lamesa gins is equal to the capacity in former years when more gins were in operation.

All the gins have been busy the past few weeks overhauling their machinery, remodeling and replacing out-of-date equipment.

At Lambert Gin workmen have been busy building additional room to care for a new round bale press and extra storage space. The machinery has been gone over and the gin cleaned and repainted. It is equipped with 5 80-saw gin stands.

McDonald Gin has installed new saws and replaced other equipment, built a new cotton house and thoroughly renovated their gin. They are equipped with 5 80-saw stands and have both round and square bale presses.

The Plains have had the the best gin mechanics available at work overhauling their equipment and replacing where needed. They have installed a new press to care for increased business at their 5 80-saw stand gin.

The Tinsley Gin, formerly the West Texas Gin, the manager, Walter Jones stated that they had put in everything new but the manager and they were overhauling him. And a trip through the gin verified his statement in regard to the equipment. This gin is also equipped with 5 80-saw stands, of the latest Munger all steel type.

The Co-Op Gin has been repainted and thoroughly gone over inside and out in preparation for the coming season.

The Jacobs-Snell Gin has also been busy working over and cleaning their equipment for giving better service.

The growers of this trade territory can bring all their cotton to Lamesa for ginning and be assured of courtecus and efficient service from any and all the local gins.

YATES THANKS VOTERS

Thanks, Dawson County Voters, for the good support you gave me in my race for county judge. I shall do my best to merit your confidence.

W. M. Yates.

JANICE JARRATT

Texas bade goodbye to its "Sweetheart of the Texas Centennial" this week when Janice Jarratt, lovely San Antonio girl who found fame in New York as America's most photographed girl before returning to Texas as official State hostess for Centennial celebrations, signed a long-term movie contract and departed for Hollywood. Released from her duties by Centennial officials, the Texas beauty signed her contract in executive offices in Austin in the presence of Governor James V. Allred. J. Cheever Cowdin, chairman of the board of directors of Universal Pictures, and Harry Evans, Universal casting director, flew to Texas from New York to present the contract.

Delegates To Shorts Course Give Report

The delegates from the Home Demonstration clubs and Council of Dawson county to the annual short course held at A & M College, July 20 to 25, met in the District Court room on last Saturday and gave reports of their trip to the Short Course. This followed a joint meeting with a committee of farmers to discuss the coming Dawson County Fair.

The following topics and demonstrations were reported on:

"Recreation" — Mrs. Ralph Ranson, member of the Hancock Club.

"The Texas Home Demonstration and Its Work" — Mrs. J. L. Morris, member of the McCarty Club.

"Growing up with Your Family"—Mrs. L. B. Stuart, member of the Sparenberg club.

Eastern Star Celebrates Founder's Day With Picnic

The memory of Robert Morris, founder of the Order of the Eastern Star, was honored here Monday night at the City Park on the birthday of the deceased at a picnic-party, the event having become an annual tribute to his memory.

The affair was one of the most delightful of the seasons social activities, members of the order demonstrated their admiration for their founder in devoting the entire program to him. The evening program was highly interesting from a historical angle, to members of the Order of the Eastern Star, opening with a sketch of the life of Robert Morris by Mrs. Jack McLaughlin. Following was a poem, 'We meet upon the level, and part upon the square,' written by Mr Morris and dedicated to the Eastern Star, rendered by Mrs. Mary D. Chilton. The program closed with all standing and singing 'Blest be the tie that binds.'

The picnic supper, consisting of sandwiches of various kinds, pickles potato chips, cake and iced tea, was spread on the tables under the trees and served to the following: Mr. and Mrs. Dell Barron, Worthy Matron and Worthy Patron; Mr. and Mrs. C. E. Martin, Mrs. Jack McLaughlin, Mrs. A. G. Bearden and daughter, Mrs. Walter Jones, Mrs. C. H. McCormick, and daughter Ruth, Dr. and Mrs. Cutler and son, Mr. and Mrs. F. Kutch and daughter Daisy Bell, Mrs. Daisy Smith, Miss Melba White, Mrs. R. E. Speck and daughters, Patsy and Peggy, Mrs. Sam Bockman and daughter Nelva Joy, Miss Ethel Barron and Mrs. C. E. Ault.

Delphian Club Hold Initial Meeting Of Club Year

The Lamesa Delphian Club had its initial meeting of the year Tuesday evening, September 1 at the Club House.

After the roll call which was answered by each member with a report of her vacation, Mrs M. C. Lindsey expressed the club's appreciation for the outgoing president and presented her in behalf of the club with a Delphian Club pin. Mrs. Jacobs then gave tribute to the outgoing secretary, Mrs. Russell Clark, for her faithful service and presented her with a picture from the club. For the past two years Mrs. Clark had not missed a single meeting of the club.

Mrs. Arthur Hull introduced the new officers: Miss Pauline Bulsterbaum, president, and Mrs. A. J. Thweat, secretary. A discussion of the year's programs by Mrs. J. L. Morris followed. The final number on the program was a piano solo, 'Pale Moon,' beautifully rendered by Mrs Matt McCall.

Punch and cookies were served to those present after the program.

BALLARD

Mrs. Aubrey White, corres.

The meeting that has been going on with Brother Alvie Fox doing the preaching closed Sunday night. Mr. E. Everhart conducted the prayer meeting Sunday night and Mrs. A. H. Porterfield will lead the prayer services next Sunday night.

Mr. Summerlin and Adine returned from, Jefferson where they have been visiting Mr. Summerlins' brother. They also visited the Centennial in Dallas while away.

Mr. and Mrs. Aubrey White attended the Centennial in Dallas last week.

Mr. Cunningham visited his daughter in Abilene last week-end.

Frank Hogg accompanied his mother to Rotan last week.

We are sorry to state that one of Lefty Davis' children is on the sick list this week.

A number from this community have visited G. F. Ward of the Hancock community, who is seriously ill. We sincerely hope and pray if it be the Lord's will, that he will be restored to his health. To know the Ward family is to love them. They have been great leaders in our community for many years.

ACKERLY

Hazel Ward, corres.

We had a good crowd out for Sunday school Sunday. Reverend Wayne Cook preached to a good crowd Sunday night.

Warren Jeffcoat of Pettit is spending a few days with his daughter, Mrs. W. C. Ward.

Mr. and Mrs. Lester Brown are visiting her mother, Mrs. Kirby of Fort Worth.

This community was saddened by the death of Mrs. Odessa Quinn. She has been ill with typhoid fever for some time. We greatly sympathize wth the loved ones in their loss.

Mrs and Mrs. C. T. Tombs and Mrs. Edwards and son have returned to their home in Tulsa, Oklahoma after two weeks visit with their brother, Mr. Ward.

Messrs. Edd and Fred Creswell received a message that their mother at Ralls was ill. They left immediately for her bedside. The last report, she was resting easier. She has many friends in the Ackerly community who are wishing for her a quick recovery.

Mrs. Sewell is on the sick list this week.

Our school will start Monday, September the seventh. Everyone is looking forward to the opening. We have a nice new school building and the old one has been repaired throughout. Everything looks nice, thanks to our school board.

Mrs. Ward and daughter Wanelle, and Mr. Warren Jeffcoat of Pettit, spent Sunday with Mr. and Mrs. H. C. Jeffcoat of Flower Grove.

Mrs. Busby of Stamford is here visiting her daughter, Mrs. Sam Cooksey.

We regret to report that Mrs. Dr. Cates is ill at this writing. She has been in ill health for the past several years. We are hoping that she will soon be on the road to recovery.

WE KNOW IT'S THE THRIFTY GASOLINE

Just figure how far you go between gas-station stops . . . with your present gasoline and with the new Phillips 66 Poly Gas! That will tell you why so many users say that Phillips 66 delivers more miles at *rock-bottom cost.*

Certainly there's a reason. No other gasoline, not a single one, is so *accurately matched to the constant changes in your climate.* In September or April, every day in the year, Phillips 66 Poly Gas is 100% custom-tailored to the weather *at the very place* in which you are driving.

Every gallon is, in addition, enriched with extra energy units by the patented POLYmerization process. So less gas does more. This not only helps mileage, but steps up the power-output of your motor.

You'll notice that the extra power saves shifting in a line of crawling traffic. You will feel the fast, smooth, flexible response every time your toe says "go" to the engine. Knock and noise are so reduced that the motor is as easy on the ears as this improved gasoline is easy on the pocketbook.

For greater driving economy and pleasure, make your car an outstanding performer . . . by filling up with Phillips 66 Poly Gas . . . the stand-out gasoline that costs nothing extra.

This modern motor oil is rich, full-bodied, and more carbon-free. It is *all oil,* 100% lubricating value. At a price which makes it a great money-saving value. In cans, 30¢ a quart. In bulk, 26¢ a quart.

A Security For Exacting Investors

Some of the leading business executives and some of the foremost corporations in the United States have placed part of their own funds in shares of Federal Savings & Loan associations.

Their motive is two-fold:

1. Safety–Every investor's holdings in a Federal Savings & Loan Association are fully insured up to $5,000.
2. Public Service–Funds so invested are loaned mainly for the building and improvement of homes, leading to the employment of labor and the purchase of materials, thus creating business activity from which everyone benefits.

We will be glad to give you further information on the ways in which this Association protects your savings and serves the interests of this community.

Story Of Bedroom Work, By Edna Earle Craddock

At the beginning of the bedroom demonstration the walls were papered with building paper. The paper was very ragged when the wind and rain had torn and spotted it. The paper was green and tan, a very ugly color, because green calcimine had been applied.

When I started to fix my bedroom, granddaddy said that it would not do any good until the house was shingled on the east side. After he shingled the house I asked him to buy the paper and he said that he would.

Granddaddy told me to go to the lumber company and get it, then mother and I picked bedroom paper. The ceiling paper is light cream. The border is a mixed stripe that is pink, yellow, blue and black. The paper has a cream back ground with pink, yellow, blue and tan flowers with green leaves.

Mother and I washed all the old calcimine off so that the paste would stick, then we took rags and pasted over the cracks so that the paper would not burst.

I first put a coat of Ivory paint on the woodwork. While the paint on the woodwork dried I papered the walls and ceiling. The border was the last to be hung. The second coat of paint was applied to the woodwork.

The windows had to be tightened and a window light replaced. The screens were off the hinges and I put a hinge on them. I tacked the screens back on to their frames. I next came into the house to inspect my two windows and found that the curtains and shades were too far from the walls. I took the old blacks off and sawed new ones about three by three inches. I rehung the curtains and shades.

The floor had an old blue checked linoleum rug on it. I threw it away and smoothed the floor with a floor scraper, then I put one coat of Mosaic Oak enamel. When this dried I put on another coat then waxed and polished it. I finished my floors, adding two rugs made from old worn out blankets. They are pink, brown and green.

Before I began my demonstration the room contained two beds, an old worn-out green dresser, a box on the floor beside the dresser for my little brother's clothes. An old dark oak wardrobe with one door off, a box with a broken lid where the family hose were kept, an ironing beard, and several pairs of discarded overalls were kept behind the door I used an old tall kerosene lamp on the dresser when I studied.

My room was changed from an untidy, crowded room into a restful place of use and beauty in the following ways: I moved one of the beds out, changed a mattress from an extra bed in the house to my bed, made a spring covering out of clean gunny sacks, made a mattress pad out of an old quilt, pillow covers were made from a discarded sheet, made four sheets, put a slat in for each row of coils of springs, made a quilt, three coats of paint light, pink enamel were applied to the bedstead.

The old dresser was moved out and a dark oak dresser was brought in. I cleaned out the dresser drawers, sandpapered the outside and put on three coats of light pink enamel. I found boxes to put my purses in. The mirror frame was then removed and the mirror hung on the wall. The dresser ornaments are: cream color crash scarf, pink jewelry jar, and a black vase.

The dressing stool was made out of an old incubator. The legs were made out of the legs of the incubator. They were made a bit shorter. The top was made out of the inside of the incubator. I enameled it with light pink. The top was stuffed with cotton and covered with an old striped dress. The stool was finished with a blue crash cover.

Then came the wardrobe. I papered the inside with the scrap paper that I had and some that my aunt gave me. I tried to sandpaper it, but could not. Twenty-nine years had been too much for it so I gave up sandpapering and put on three coats of enamel. I painted the rod on the inside with light green and put my clothes on the racks. I made me a shoe bag out of an old sheet. It holds two pairs. The family had kept their shoes in the lowest shelf. I moved them and put my quilts in there. My sheets, covers, towels, and bath clothes were kept in the other shelves. The door was put on and I made room for my hats in the top shelf.

As I had no table, Miss Baker gave me a rather large one. It as almost black. I put three coats of light pink enamel on it. This is to be used as a combined study table and a bedside table. The editor of the paper gave me a large blotter to put on my table to be used as a scarf. On my table I have a clock that I got out of an old Rockne car. I took a pasteboard box and made a frame for my clock. I varnished this light pink. I have a lamp made out of a pickle jar that Mrs. Myers gave me. I enameled this light pink. I took the wick and chimney off of an old lamp. I had to buy me a small shade for my lamp. I have a vase of wild flowers and a box of stationery on it also.

I next made a bathing center out of two orange crates. Bath accessories are kept in it.

An old cane bottom chair was mended with a discarded one, and a pillow cover of blue checked print was used for the cushion cover The cushion was made from an old thrown away pillow. The chair was cleaned with lie and varnished.

The rocker contained a standard upholstered cushion. I covered it with blue crash material to harmonize with the rest of my room.

The foregoing story is correct as far as I am able to tell it. I have enjoyed the work and know I probably shall enjoy living in my room more than I have enjoyed the labor.

The total cost of the room was $7.60.

Four of my co-operators have completed their bed rooms. They are done according to instructions. Oleta Harrison ,Elnora Bass, Dorothy Painter and May Bell Ham. Five other girls are working on their rooms. All of them have refinished their furniture, and arranged their rooms, and one of the five has repapered.

I want to recommend the members of my club to you as future citizens. They have been loyal to me, their president, in attending our regular meetings, our recreation programs and our extra club activities.

I have won more than money can buy even after my granddaddy gave us paper to finish all of our house. I have won contentment in my home.

In addition to contentment, I have earned knowledge that will be with me in years to come. I have learned how to paint, hang paper, blend colors, smooth, varnish and polish floors, organize dressing center, make mattress pads, spring covers, dresser scarfs, dye and plait rugs, make a lamp use thrown away boxes to make furniture, and to write reports

Three of my club members have been refinishing their entire homes under the able direction of our County Home Demonstration Agent, Miss Mattie Phenix.

Texans Have Been Given Federal Grants Of Billion Dollars

Austin, Texas—The people of Texas have received from the Roosevelt-Garner Administration the grand total of more than one billion dollars in relief, grants, loans, bonuses, etc., according to a survey just received from the National Emergency Council by the Democratic Campaign headquarters here, of which Myron Blalock and Congressman Sam Rayburn are chairman, and Roy Miller, Director of Organization and Finances.

This is the first time the total benefits to Texas from the Roosevelt regime have become known, and Democratic leaders, including Gov. Allred, weer surprised at the enormous size of the showing. 'It saved Texas,' they all agreed. The more than $1,000,000,000 was so wide spread over Texas among all classes, groups and industries that the entire population of 6,000,000 was immeasurably helped in the time of its greatest need.

Proving what great assistance the helping hand of the Roosevelt Administration has been Frank Scofield, Collector of Internal Revenue here, announced that income taxes this year were nearly 60 per cent increased over a year ago, and he recalled this: 'Two years ago 10 Texas business firms paid no income tax whatever because they made no profits, but this year those same companies each paid over $1,000,000 as an income tax alone.'

When this fund of $1,000,000,000 sent to Texas is analyzed, compared and contrasted it presents an unusual picture to the people of this state. For instance, the Roosevelt-Garner Administration gave to Texas 4,000 times the amount sought as a campaign contribution in this state, which is only 250,000. Expressed in another way, Texas is asked to give but .00025 percent of the $1,000,000,000 toward the campaign war chest. Again, it meant $167 per capita, that sum going to every man, woman and child in Texas.

Another side of the picture, the Washington Government gave to Texas 10 times the total annual expenditure of the State Government, for in round numbers State Government costs $100,000,000 a year.

'Well, the least that the people of Texas can do to show their appreciation,' Miller said, 'Is to cast every ballot for Roosevelt in November and give the campaign chest a little fraction of the amount so graciously sent here that it may be used to carry all doubtful states, and so that the helping hand may continue to help.'

Roosevelt is the Centennial President just as much as Allred is the Centennial Governor, other leaders said, and they recalled that when President Roosevelt visited Texas this summer 1,000,000 people turned out to see him when he went to Dallas, Fort Worth, and was at the Alamo in San Antonio, and San Jacinto battlefield near Houston.

'We in Texas should make the November election another San Jacinto battle,' Attorney General McGraw said. 'This time with ballots and help out in other states by contributing to financial needs. Roosevelt did the same for us.' McCraw said Landon, Republican presidential nominee, was not entitled to a single Texas vote.

Here is the 'Box score' on the financial set-up the Roosevelt Administration made for Texas. All home runs, hits and no errors:

Reconstruction Finance Corporation, $69,387,174.

Farm Credit Administration, $187,208,160.

Resettlement Administration, $3,765,464.

Home Owners Loan Corporation, $103,068,735.

Public Works Administration, $48,114,641.

Federal Housing Administration, Title I, $9,830,308.

Federal Housing Administration, Title 2, $9,169,621.

Agriculture Adjustment Administration, $136,019,144.

Civil Works Administration, $31,695,715.

Federal Emergency Relief Administration, $98,459,763:

Emergency Conservation Work, $38,578,673.

Bureau of Public Roads, $67,158,113.

Public Works Administration, $64,610,891.

Emergency Relief Appropriation, $72,643,671.

Resettlement Administration, $1,231,503.

The grant total of grants, loans, loans insured, relief, etc. is $984,419,700, but with the soldiers bonus and other acts added, the sum exceeds a billion dollars.

This great sum of money, so well distributed to the people of Texas, was used to purchase clothing, groceries, medicines, seed, oil and gasoline, merchandise of all kinds, building materials, radios, and, well, everything sold on the markets, so farmer, rancher, merchant, manufacturer, laborer and the entire economic structure benefited. Saved! say those in touch with the situation.

And yet, directors of the campaign point out, in which they are joined by the governor and Attorney General, when the Republicans held a state convention in San Antonio recently such terms were applied to the Roosevelt Administration as 'gangsters,' 'mobsters' and 'Happy Hooligans'

'The people of Texas and of other states asked for bread and the Republicans gave them a stone,' to quote Blalock 'Roosevelt gave them bread and meat.'

Telephones between observation car and diner, and from the engineer's cab back to various train crew stations through the train, are the latest innovations on the Western Railroads' stearmliners.

Passenger traffic managers of the Western Railroads look confidently for one of the greatest tourist traffic seasons in history this summer. Everyone seems headed for the National Parks and the southwestern Expositionse.

Bedspread And Comfort Show At San Angelo

There will be a District Bedspread and Comfort Show in Tom Green County, November 20 to 23, inclusive. The following rules will govern the contest:

1. Only regular members of Home Demonstration and 4-H clubs will be eligible to enter the contest. Associate members may exhibit but not compete for a prize.

2. Only woolen comforts, tufted bedspreads and tufted pillow tops may be shown. Only one entry from each class will be accepted from an individual as one tacked comfort and one quilted comfort, and one tufted spread and one pillow top.

3. All entries must be in and checked into Tom Green County Exhibits committee not later than 10:00 a. m., November 20.

4. Judging will begin at 10:00 a. m., November 20th, after which all entries will be on display until November 23, 1:00 p. m.

5. The Home Demonstration Agent and two bedroom demonstrators from each county exhibiting are requested to attend the judging demonstration. If space is limited, these representatives will have precedence in attending the demonstration.

6. Exhibits committee of each County Council is responsible for packing exhibit to return. Each county shall make duplicate list of articles to be sent to exhibit, one list to be sent to the chairman of Tom Green County Exhibits Committee.

7. Labels of cloth must be sewed on the wrong side in one corner of each bedspread or article exhibited. These labels sould carry the name of the owner, club and county.

Individual prizes range from one to five dollars on the tufted spreads and the comforts. The prizes for the pillow tops range from twenty-five cents to one and one half dollars. The contest is open to girls as well as women.

Those who are interested in the contest should call at the home demonstration agents office for further information.

THE JAVA CLUB

The Java club of the Fairview school met at the usual time last Friday.

The subjects discussed were: Why I had rather live in the city; How times have changed; Why I had rather live in the country. If automobiles had never been invented.

These discussions were very interesting. We voted to edit a school paper by the name of Who's News'. It will be published every two weeks.

Koodaide was served to members.

Notice To Bus Patrons

A bus for high school purposes has been routed through Liberty, FiveMile, Mt. Olive, Mullins and Key districts to begin its regular run Monday morning, September 7. Patrons desiring transportation for their children into Lamesa should get in touch with Mr. Alvie Fox, driver of the bus. Mr. Fox will make a trial run over the route Friday, September 4, in order that pupils may know when and where to meet the bus.

The State Department of Education does not recognize both bus transportation and private transportation with in a district. Patrons are therefore advised that private transportation will not be paid on pupils coming from districts through which bus runs.

Mr. Fox is getting his bus in first class condition, and promises to render prompt, dependable service. Patrons are asked to co-operate with Mr. Fox in order that the route may function properly for all concerned.

Mrs. W. H. Plew left the first of the week for Greenfield, California to be at the bedside of her son, Earl, who was injured in an automobile accident there. She will also visit with her daughter, Mrs. Orpha Bowman in Salinas, California.

Mr. and Mrs. Truman Campbell and son, Truman David, and Miss Zula Koonce spent Sunday in Lubbock.

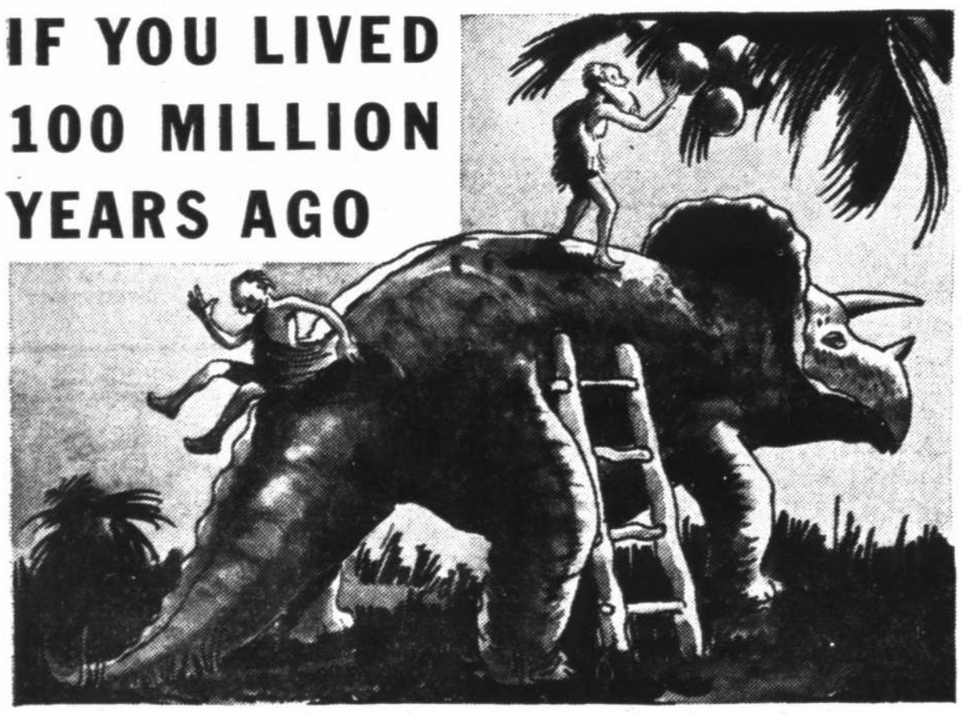

Mr. and Mrs. J. H. Harp spent Friday in Lubbock.

Mrs. Jack Ladd is visiting relatives in Roswell, N. Mex., this week.

Dr. and Mrs. O. L. McIlroy are spending this week in Lubbock.

Mr. and Mrs. Weldon Lindsey and Miss Louise Winters were Big Spring visitors Friday night.

IF YOU LIVED 100 MILLION YEARS AGO

...you'd find that Nature had already started the making of Sinclair Motor Oils. The crude oils now used in refining these Sinclair lubricants had been mellowing and filtering in the earth for millions of years. And an oil's lubricating qualities depend, to a large extent, on the age of the crudes.

Both Sinclair Opaline and Sinclair Pennsylvania Motor Oil, for example, give a lubricating film that is ten times tougher than your engine normally requires. Look for the dinosaur on the refinery-sealed, Tamper-Proof cans.

'Circulating Around' In Dawson County

By R. C. Dial, Cir. Mgr.

Last week was very pleasantly spent at Patricia with Rev. Wheeler of the Lamesa Circuit, as pinch hitter in the annual revival of the Methodist church. The meeting lasted a week, and resulted in two conversions, several reclamations and five additions to the church. The Methodists own a very good church building there. The Baptist people gave their hearty support to the meeting.

The people of this splendid community are no exception to the other sections of Dawson County visited, when it comes to Western hospitality. They know how to meet and treat strangers so as to make them feel at home and among real friends.

The farmers like most every one are disturbed about the dry hot weather which has damaged all farm products. However there will be more cotton harvested than they now think. Feed crops are undoubtedly cut short. These farmers are all alert to the fact that farmers should raise everything needed on the farm that can be raised.

They are painting and repairing the school house which is a good wooden building with three rooms where they teach to and including the 8th grade.

We welcome the time when we can visit the people at Patricia again.

WILSON H. D. CLUB HEARS ENTHUSIASTIC REPORT

'Cake which has frosting on it or which is soft to handle should be eaten with a fork.' The above quotation was taken from a report given to the Wilson Home Demonstration club by Mrs. Fred Norris delegate to the short course.

The meeting was held in the home of Mrs. A. B. Wall on August 27.th. Those present at the meeting listened attentively while Mrs. Norris brought to us some of the demonstrations she attended at A. and M. college on correcting your posture, table etiquette, diseases of poultry and other subjects of interests to most home demonstration women.

Our next meeting will be with Mrs. Fred Norris on September 10 at which time we will have a demonstration on cutting up chicken. The members are asked to bring their quilting needles and thimbles. Plans have been made to serve some extras on the refreshment plate.

Mrs. W. G. Weekes returned Sunday from Marlin, Texas, where she has been the past three weeks.

Miss Lois Jean Weekes returned Sunday from a visit with relatives in Midland and Abilene.

Mr. and Mrs. Emery Edwards of Fort Peck, Montana, are visiting Mr. and Mrs. J. E. Edwards.

J. T. Sanders of Lubbock, spent the week-end here visiting friends.

by chicks of which he has saved one hundred fifty pullets from the flock for another year.

The total egg production for the nine months period was sixteen thousand, eight hundred thirty nine eggs, or fourteen hundred and three dozen.

Arlee is managing the flock of hens for his mother and keeping complete records. There are several other boys in the county who have started keeping records on flocks of their own. Arlee states that he is planning to get at least one hundred and fifty pullets for his own use and keep a demonstration on them.

Twelve Boys Get Baby Beef Calves:

Twelve 4-H club boys put one calf each on feed last Tuesday. The boys were Ted Turner, Lewis Glenn Clark, Wayne Bowles, L. A. and H. T. Duff, Lester Speck, Savoy Tennyson, Mervin Tennyson, Harrold Grissom, J. B. Neill, Newton Bowles, Carl Weakes and Paul D. Grissom.

Several other boys have calves on feed that have been feeding for several weeks.

4-H Club Boys Judge Dairy Cows:

Thirty two 4-H boys met at the J. M. Peterson farm last Saturday and had schooling in selecting Dairy Cows. Mr. Walter Davis of McCarty, who is a student of A. & M. college in the Dairy Husbandry Department had charge of the boys for this training school.

Nine adults were also at the meeting to see the boys do the judging and to hear the reasons given for the selection of the different cows.

FARM NOTES

By Joe C. Williams, County Agent

Measuring Land for Compliance:

Land measuring for compliance is now under way in most communities on the new farm program. All who have made an effort to comply with the regulations will be contacted some time within the next two or three weeks. This work is very important and farmers are asked to co-operate wth those who are measuring the land.

We in the office are very anxious to get this work completed in order that we can complete the work in the office and get the payments in line for all who complied with the agreement or work sheet.

4-H Club Boy Makes Three Hundred Dollar Profit.

Arlee Gowan of Star Route No. 2 gives the following report on his poultry record from November, 1935, to and including July, 1936, for the nine months that Arlee has ben keeping record on his poultry demonstration. He has paid out three hundred, three dollars and thirty seven cents for feed and other supplies. While he has sold six hundred, thirty-four dollars and sixty-four cents worth of poultry products from the flock of one hundred forty five hens.

The cost per dozen eggs, according to Arlees record ranged from ninety cents down to two and two thirds cents. The high month cost per dozen was during the month of November. The lowest cost was during the month of July.

Arlee further stated that he has raised one thousand twenty-three ba-

FARM NOTES

Leather Making Demonstration:

There will be a leather making demonstration the on the Gaston Martin farm, one half mile south of Sparenberg, the 9th and 10th of September. M. K. Thornton leather specialist of the Extension Service will have charge of the demonstration Mr. Thornton has devoted his entire time to making leather, in farm demonstrations during the past several years. The approximate cost per pound of finished leather for harness making, halters, lace leathers ,and other uses amounts to fifteen cents per pound for the finished product

The demonstration is free to all who care to attend the demonstration some of the finished products will be on exhibition at the Dawson County Fair for all to see, who care to inspect the leather made from Dawson County hides. The hides weigh thirty-five and fifty-two pounds respectively. The lighter hide will be made into lace leather while the heavy one will be made into harness leather. The date for the demonstration is 9th and 10th of this month, next Wednesday and Thursday. All who are interested are welcome to attend the demonstration and of course in case you plan to stay all day, bring your lunch along.

Trench Silos:

There are five new silos being dug at present and we know of at least five more that will go down within the next few days. It seems that the man who has a short crop would be interested in digging a silo due to the following facts: Eliminates the damage of rate, sand, weevils, drying out of feed. One acre in the silo will be worth two acres of dry fed in the stack, and livestock will have green feed equivalent during the winter months when all vegetation has been killed. With the prices for butter fat as they are, should they stay at the same level during the winter, silage [illegible] cows fill the bucket a litle higher and of course the larger the amount of milk with the same percentage of cream test, will give more volume to the cream.

Milo heads according to E. C. Mar[illegible] agent, will keep equally as well as in the trench silo as cut bundles He reports tha there was a trench sil in McCullough county last year with heads and when the silo was opened the heads were in as good c[illegible]ion as they were at the time they were put in the silo. The damage from weevils of course was none as well as the heads were free of sand. The heads when placed in the sun had their usual characteristics being in perfect cndition.

4-H Club Work:

Four more boys bought calves during the week for finishing out during the month of March.

Camp Bullis, Texas—Lt. Col. L. B. Reed of Lamesa is on duty with the 90th Division maneuvers now in progress. His assignment is with the 344th Field Artillery which he is commanding.

The former site of the Commercial Hotel, which burned recently, has been cleaned off and the lot is being used as a used car lot by the Lamesa Auto Company.

Rev. and Mrs. Alvin A. Rue and two children of Hillsboro were guests in the homes of Mr. and Mrs. V. Z. Rogers and Mr. and Mrs. E. R. Yates this week. Rev. Rue is pastor of the First Presbyterian church of Hillsboro.

KLONDIKE H. D. CLUB NEWS

'If you would be well dressed, look to the care of your face,' said Mrs. R. W Mitchell to the Klondike Club Tuesday afternoon in the home of Mrs J. D. Smith.

Mrs. Mitchell also told us to use Charm products if we would have a soft, velvet skin, always put on cream and powder with an upward movement. A committee was appointed to arrange for a recreation party each month. Mrs. G. F. Thorp and Mrs. Edd Lewis appointed were on this committee.

Women, here is a good way to raise money take a number three can, seal it and cut a slot large enough to allow a dime to go through. Bake a pie, place a dime in the can and take it to one of your neighbors. She will eat it and bake another and place a dime in the can and take it to another neighbor. You have no idea how much money you can raise and how much fun you will get out of this.

Sixteen members were out at our meeting We will meet in call session Tuesday, September 8 at Mrs. R. W. Mitchell's. Miss Phenix will give us a demonstration on kraut
