PORTALES, NEW MEXICO THURSDAY, SEPTEMBER 26TH

NUMBER 49

GOV. DILLON LEADS BIG PARADE FRIDAY MORNING

On Friday morning at 10:30 o'clock, the big parade of floats will start at the Lilac Park and from there parade through the business section of Portales to the Livestock and Dairy Show grounds at the Young & Hatch Feeds pens. The parade will start promptly at 10:30 Governor R. C. Dillon will lead the parade mounted on a black horse from the J. B. H. Young ranch. The Governor will be escorted by four Cow Girls of Portales.

About forty decorated floats representing the Portales Business interests will be in the parade. Mayor Clyde Tingley of Albuquerque will also have a place of honor in this parade.

Bob Anglin, secretary of the Chamber of Commerce of Clovis will be down with the Clovis Band and fifty or more cars to take part in this parade.

At noon Friday a banquet will be served at the Chamber of Commerce rooms in honor of Governor R. C. Dillon and other visitors. This banquet is open to the public, who are requested to secure tickets for their plates at once so as to know how many to prepare to serve.

At 1:30 o'clock at the arbor at the Fair Grounds, there will be speaking by Gov. Dillon, Mayor Tingley and others. Immediately after the speaking the will go to the High School Football field, where the Governor will toss the first ball and open the first game of the season between the Portales and Melrose High School Teams.

This game promises to be a fast one and every football fan should be on hand.

Melrose vs. Portales

The first football game of the year comes Friday, Sept. 27th, with Melrose High School. This promises to be a very interesting game. These are the names of the boys who will probably play in Friday's game:

Backfield Men
Phil Smith, Alfred Duncan, D. L. Smith, Homer Watts, Truman Green, Vincent Cox, Elmer White, Clark Foster.

Line Men

David Lefler, Loyd Vaughn, Floyd Raymond, John Minor, J. B. Maxwell, Myron Jones, Merle Forbes, Kerr, W. E. Wooley, Carl Jones, John Bradley, Clay Rickard, Virgil Watts, Wade Gunn, Ray Hendricks, Frank Judah, J. V. Bostick, Mitchell Nidever, Griffin Foster, Chas. Crow, James Compton.

Motorcade to Tri-State Fair Saturday

On Saturday morning a motorcade from Portales will leave at 8:00 o'clock for Amarillo, to attend the Tri-State Fair.

This Motorcade will also be led by Governor R. C. Dillon. Wilbur C. Hawk of the Amarillo News Globe has promised good publicity for this motorcade and also that the New Mexico visitors will be served with an banquet at noon at the fair grounds.

Every Portales citizen who can possibly do so is urged to have his car in readiness for this motorcade, as it is important to secure full delegation.

Coe Howard is working on this affair.

Read Priddy & Fooshee's Ad.

The advertisement of Priddy & Fooshee Company will be found on page two this week. This is not their accustomed position, but owing to the crowded condition of the paper this change was made necessary. It is full of bargains that will pay you to look it up.

Sam Seay Given Leave of Absence

At the meeting of the directors of the Portales Chamber of Commerce on Tuesday of this week, secretary, Sam M. Seay was granted a sixty or ninety day leave of absence.

Mr. Seay asked for this leave of absence on account of business which would call him out of town during this period.

MRS. G. W. CARR AT HOME

Friends of Mrs. G. W. Carr will be glad to know that she has been able to return home from the hospital and is recuperating from her operation.

Gov. Dillon to Open Football Game

Governor Dillon will toss the first whistle of the Rams season here, tomorrow afternoon at 2:30 when the Rams go into battle with the Melrose eleven. Not only will Governor Dillon be present at the first game of the season, but Mayor Tingley of Albuquerque of Albuquerque and Austin D. Crile, State Land Commissioner, will be there.

The game between these two teams is attracting more attention than is usually the case with first games of the season. A large number of the citizens of the town have shown lots of interest this year in the outcome of the Rams' season and have done a lot in support of the team. Then too, the Dairy and Livestock show which will be in full swing by that time is expected to add impetus to the game.

Coach Brown has been working hard for three weeks whipping the team into shape and he says the boys will be primed about right for the first whistle. More than enough material reported for practice this fall to make three good teams and the boys are having to fight hard to win a berth. In fact, no player is sure of a place for the entire season and the best of them have competitors close on their heels.

Portales and Melrose played two games last year. Portales won the first one 6-0 and Melrose took the last one 7-6. Nothing is known of the strength of Melrose this year, but it is likely she will have a good team and plenty of excitement is promised this game.

Heifer Calf To be Given as Prize

Wednesday word was received that the Midwest Dairies Co. Inc. of El Paso had sent a 10 day old heifer calf to be given as one of the prizes at the Dairy and Livestock Show. This calf is from an 8 gallon cow and is a beauty.

Who Says There No Santa Claus

On Tuesday of this week, Judge I. R. Kelso, president of the New Mexico Utilities Company was in town and played the part of Santa Claus to Portales by announcing a substantial reduction in rates to residents users of electricity.

The new rates will probably be announced next week.

These rates represent over 100 per cent reduction over that that was in force when the N. M. Utilities took over the city plant here several years ago.

Since that time reductions in rates have been made from time to time, and this latest reduction puts electricity where every resident owner can well afford to use all the current that they need for any purpose.

Judge Kelso, may rightly be termed Santa Claus, as on his visit he always brings something of interest to the public.

The Judge stated that he was well pleased with the development of this section, and that it is now recognized by the bankers of the east as a substantial community.

Judge Kelso is a man of pleasing personality, and it is always a pleasure to meet and visit with him.

Enrollment At U. Takes Hike

Running 150 Above Figures of Last Year

Total enrollment at the University for the first semester is 874, according to figures given out by Miss Alice Olson, registrar. Of this number 360 are freshmen. Last year's total was 714 with 335 freshmen.

Late registration during the next few days is expected to bring the enrollment over 900.

Total enrollment two years ago was 617.

Of this year's total, 424 are women, 450 men. Last year's figures were 388 women and 326 men, while two years ago there were 317 women and 300 men.

The number of men students this year showed an increase of 124 the number of women 36. This increase in the number of male students was somewhat unexpected because of the new three year athletic rule which it was feared would curtail enrollment of freshmen men.

Dairy and Livestock Show Opened Today

On the 26-27-28 of September 1929 there will be held in Portales a Stock Show covering all classes of Live Stock.

It will require certain funds to meet this obligation, which funds must be raised by contribution by citizens of the county.

We, the undersigned, realizing the importance of the Live Stock and Dairy interest, and its development, to the future welfare of the county, wishing to put a part of our earnings back into the development of our county, agree to contribute the amount opposite our individual names to the support of this show.

The intentions are to make this a permanent annual exhibition and we ask liberal contribution as possible in order to make this first effort successful and to stimulate interest in future shows.

Gov. Dillon and Party to Attend Dairy Show Fri.

Governor R. C. Dillon, Chas. Springer, A. D. Crile, Engineer Davidson, Col. Andrews, and other state officials will be in Portales on Friday to attend the Livestock and Dairy Show.

Portales will welcome these distinguished visitors and on Friday evening it is planned to entertain them with a banquet at noon.

This will be the first time some of these gentlemen have ever visited Portales, and the town will be glad to show them what is doing in this section of the state.

Governor Dillon has visited Portales on a number of occasions and has many friends in this section, who will be glad of the opportunity of again meeting him.

OLD FIDDLERS CONTEST

The Portales puts out a call to all the Old Fiddlers in Roosevelt County to join in a contest during the first two weeks in October to determine the County Championship. Suitable prizes will be offered and the winner will be the Carlebad Meet to compete with Edwy County, and from there to other places in the state. Fiddlers are asked to register as soon as possible so that arrangements can be made.

The 13 year old son of Mr. and Mrs. Bill Borden of Floyd was sent to Clovis Tuesday night for an appendicitis operation.

PARADE

City Marshall Bond who is in charge of the parade for the dairy and Livestock Show, reports that a splendid parade is in prospect for the morning of Friday, Sept. 27th. Many of the rural schools of the county will be represented in the parade, as well as business houses and individuals. A strong delegation from Clovis will also participate in the parade. Governor Dillon will be in the parade, according to present plans. The parade will start at the Lilac Park Service Station at 10:30 a. m. Friday the 27th. This will give farmers plenty of time to reach town. The route of the march will take in the business section of town, and will end at the Show grounds where the livestock will be on exhibit.

BE HERE

Farmers over the county are making their plans to be present at the Dairy and Livestock Show grounds on Saturday morning, the 28th, to see the judging of the stock. The judges will explain their reasons for the placing of the classes of stock, thus making the event an educational one, and one of interest to all farmers. The judging will begin at 9 a. m.

The firm of Young & Hatch have contributed their feed pens for the use of the Dairy and Livestock Show, and they deserve the thanks of the entire community for this service. Jim Hatch has put in days of his time in preparing the show grounds.

Also the business firms of Portales and elsewhere have contributed very generously to the financial support of the show.

A free matinee will be given at three o'clock the afternoon, on Friday, Sept. 27, by the Portales Theatre. Films of interest to the dairy and Livestock producers, as well as the general public will be shown by the courtesy of the Portales Theatre Management.

The New Mexico Utilities Company, under the local management of Mr. Sleeper, have cooperated in a fine way in helping put over the Roosevelt County and Dairy Show. This Company has put in all electric wiring at the show grounds, furnishing its own men for labor, free of charge to the Show. Show appreciates very much this the committee in charge of the fine spirit of cooperation which is typical of that given by all the business men and farmers.

FARMERS, BE SURE TO REGISTER AT FAIR

It will be to the interest of the farmers of the county to register at the fair.

This will enable you to participate in the premiums. It is desired to have the registration of every farmer attending and all should register sometime during the show, preferably before noon on Saturday.

Mrs. Ada Byrd Passes Away

Mrs. Ada Byrd, a resident of Portales, New Mexico, died at the home of her sister, Mrs. C. B. Bartlett, Mineral Wells, Texas, Sept. 19, at 12:45, a. m. Her sickness had been chronic for several months, but she became fatally ill while visiting her sister in Mineral Wells, Texas. Her daughter, Mrs. Fessie Hill and her husband, T. M. Byrd, with several near relatives, were present at the time of her decease. Her son Hamp Byrd was delayed and didn't arrive before her death.

She is survived by her mother, Mrs. M. J. Daniel, Ft. Worth, husband, T. M. Byrd, Portales, a daughter Mrs. M. Y. Hill, Portales, a son, Hamp Byrd, Panhandle five sisters, Mrs. J. T. Stansbury, Cleburne, Texas, Mrs. H. A. Gerstenkorn, Hollywood, California; Mrs. C. F. Bartlett, Mineral Wells; Mrs. J. K. Murphy and Mrs. M. E. Hillbaugh, Ft. Worth, Texas; seven brothers J. O. Daniels, Featherston, Okla.; C. L. Daniel, Cedarville, Ark.; Joe W. Dainel, Covington, Texas, W. R. Dainel, Shawnee, Okla. Dr. J. J. Daniel, White Deer, Texas.

Mrs. Byrd, a daughter of the late J. J. Daniel a pioneer citizen of Johnson County Texas, was born in Guntown, Mississippi, June, 21, 1870, on Nov. 4th 1888 she was married to Mr. T. M. Byrd. Her later years were spent in Portales where her home was at the time of her death. She obeyed the gospel call in August 1904 and joined the Church of Christ where her membership remained until her departure.

The funeral was held in the Central Church of Christ, Cleburne, Texas, Friday, September 20, Rev. W. K. Poe, was the minister in charge of the service. The body was placed in the Cleburne Cemetery, near where her father lies.

Hosts of friends join with the relatives in feeling her loss. She is free from all sufferings and is knowing what real peace and happiness is. We do not sorrow as after one who had no hopes.

WRIGHT BOY BREAKS LEG

The nine year old son of Mr. and Mrs. Frank Wright fell off the Ocean Wave at the Grade school Tuesday afternoon and broke his right leg just above the ankle.

Band May Be Organized Here

Friday, September 20—Mr. Ernest Poe, of Plainview, Texas was in Portales High at assembly period for the purpose of organizing a band.

There were 73 students reported who were interested in band and all were very enthusiastic about the work as it will add much to the "pop" side of Portales High School.

Monday morning a census was taken of the students to enroll. There were 36 High School students, 5 grade school students, and the Junior High students have not yet been enrolled. If there are enough students desiring this course Mr. Poe will be back Wednesday to schedule his classes.

MRS. M. E. GREY VISITS HER MOTHER

Mrs. M. E. Gray returned Friday from a visit to her mother at Starr, Hamilton county, Texas. Mrs. Gray had been at Artesia where she was taking care of her two great Grand children when she decided to go for a visit to her own mother. Her mother is 92 years old and is able with the aid of a walking stick to get around the house.

Mrs. Gray thinks the Santa Fe Railroad is wonderful. She says she left Hamilton co at 7 o'clock in the morning and with out a change of cars she came to Clovis at 7:30 that evening. There she took a bus and at 8:30 she was in her own home in Portales.

WELCOME FOR LOTS

Saturday afternoon Rev. and Mrs. Calude A. Lorts and son Jack Gordon and Mr. and Mrs. H. Bremer returned from a months visit to their old home at St. James, Mo. About 6:30 friends were seen hurrying to the Christian Parsonage, loaded with good things to eat as a welcome sign to these good people.

Rev. Lorts is a fine Christian character and his members and other friends are always glad to honor him. The party was strictly informal.

From Elda.

Mr. and Mrs. Rufe Walker, Mr. and Mrs. S. F. Miles, Mr. and Mrs. H. H. Richardson and children and Mr. and Mrs. O. Z. Butler and little daughter were up from Elda Saturday.

Governor Asks Cities Put Up Signs For Fliers

Santa Fe, Sept. 26—Governor Dillon, in a proclamation today, requests all cities and towns in New Mexico to put signs, giving their names in white letters eight to 10 feet in length on top of buildings to guide air pilots.

A similar request was made some time ago, but not all have complied with it, the Governor remarks.

In New Mexico such signs are highly important because of the great distances between towns, in creating the chances of pilots getting lost temporarily in storms. These signs may be means of saving human lives the Governor says.

Frank Simpson Killed When Truck Crashes

On Way to Tinne With Load of Gasoline When Truck Overtakes Pining Him Down.

Frank Simpson, aged 27 years, was instantly killed yesterday afternoon at 3:45 o'clock when a truck which he was driving plunged from the road at a point a mile this side on Tinne and overturned, crushing him beneath the wreckage.

Simpson, with his two year old boy, William, were on their way to the Walter Counts store at Tinne with a load of gasoline at the time. Just how the accident occurred probably will never be known. It was reported this morning that a Ford touring car, bearing Arizona license No. 34-486 had crowded the truck off the road. However, nothing definite as to this theory could be learned today.

Simpson was caught under the door and his neck was broken. It was several minutes before anyone reached the scene of the wreck and examination at this time revealed that Simpson was dead.

The little boy was standing on the highway crying when the first persons arrived at the wreck. He was unhurt and told friends last night that he crawled out of the cab window after the truck overturned. Aside from this he was unable to throw any light on the cause of the wreck.

Simpson left Roswell yesterday afternoon at 1 o'clock with a load of gasoline for the Counts store. It was on the trip up that the accident occurred. From the best that could be determined from evidence on the road, the side of the highway gave way and the heavily loaded truck overturned.

The truck was badly wrecked. Mr. Simpson had been four years with the Texas oil Company of this city and was a most efficient and valued employee. Prior to this time he was in the delivery department of the Gross-Miller Grocery company.

A coroner's jury summoned yesterday returned a verdict to the effect that Simpson came to his death as a result of an automobile accident.

The body is being held at the Talmage chapel awaiting funeral arrangements.

Aside from his wife and two year old son, he is survived by his father and mother, Mr. and Mrs. L. W. Simpson, five sisters, Mrs. A. A. Hickson, Mrs. Clyde Cole, Mrs. C. C. McGuffin, Mrs. James Cox and Mrs. Lige Lamontine, all of Roswell.

The funeral of Frank Simpson will be held tomorrow (Saturday) afternoon at 3 o'clock from the Talmage Mortuary with Rev. Van Bonneau, pastor of the Church of Christ in charge. Music will be furnished by the choir of that church.

Active pall-bearers will be, Ralph Page, George Davis, Noel Basing, and D. E. Nelson. Honorary pall-bearers will be F. G. Keys, F. A. Lynn, R. E. L. Denton and Fred Fair.

Burial will be made in South Park with Talmage Mortuary directing — Roswell Record, Friday Sept. 20th.

Mr. Simpson was a cousin of Mrs. R. D. Wright and Mrs. Effie McCarty of Portales, who attended the funeral.

Visit in Kansas.

Mr. and Mrs. B. F. Smith and Mr. and Mrs. D. F. Smith and Mr. and Mrs. Carl Bremer left in the Smith car Tuesday for a visit to relatives in Kiowa, Kansas.

Sometime after 12 o'clock Tuesday night, burglars jammed the front doors of the Universal Motor Company and the Wheeler Bros. Hardware Store.

At the Universal Motor Company the knob of the safe was battered and the contents scattered over the floor. Nothing of value having been left in the safe, the night before, their efforts was in vain.

The safe had a sign on the door reading, "Safe is not Locked", so the damage to the door was unnecessary.

Drawers of the desks had also been rifled, but nothing was missing. From the stock room one auto casing, tube and pump was missing.

At Wheeler Bros. the safe was also unlocked, no money having been left in it the night before. Here again the contents were pulled out on the floor.

The only article missing was the new \$100.00 saddle, fully toolled, which had just been completed by J. Harve Baker, to be used by Governor Dillon in the parade Friday of this week.

At both places many finger prints were left on safe and other places in the offices. A finger print expert was called in to make examination.

Portales Ranks Well With Postal Dept.

In the Publication of the New Postal Guide, Portales ranks with Artesia and Cloudcroft in postal receipts.

There are only thirteen towns in the state that rank ahead of Portales.

The Portales Post Office has grown in the past few years until it is rapidly becoming one of the leading post offices in the state.

The receipts now warrant free delivery, but this can not be until a charter is changed from that of a village to that of a city and side walks regulations complied with.

This is a matter to consider before the coming city election next spring.

Notice!

Prizes will be given at the Dairy Show for the best home made butter, Buttermilk, Cottage Cheese and ches dishes. For complete list see column on the County Extension Notes.

Watch Your Mineral Rights

Earlier have been in town the past week on a proposition to represent those who filed under the grazing act, where the government retained all mineral rights. The proposition is to bring suit against the Department of the Interior to have the oil and gas rights restored on this land.

The Texas Company has already brought suit in this matter and it is now before the Supreme Court of the United States, and if you enter in any agreement giving half of your rights to get this suit until this suit is decided.

If the Texas Company wins in this suit it will automatically restore to you the oil and gas rights on your land.

It is the opinion of the News that all land owners should lay off any proposition of this nature until this suit is decided.

County Tax Rates

Attention has been called by the County Commissioners to an error in the publication of the tax rates for Roosevelt county.

The increase in the county rates should have read an increase of .6334.

This increase is brought by the falling off of the valuation in the amount of \$92,818.00, from that of a year ago.

Last years valuation was \$8,413,460.00.

This years valuations are \$8,320,642.00.

Carr Lumb. Co.

Somebody's Boy

On last Saturday, there was a case in the Justice Court which should have touched the heart of the hardest citizen in the county. A week or so before a 14 year old orphan boy blew into town, and was given a home at the Greer Garage, which he paid for by doing odd jobs.

He got in with the wrong bunch of boys and was brought up before the Justice Court on a charge of petty theft.

He stated that he had friends in Calesbad, and was dismissed with the condition that he leave town.

The News only learned of it after he left. He was bright looking lad, and with the proper care would doubtless have developed into a useful citizen. Turned out on the world he may go the criminal route.

We tried to find the lad, thinking that perhaps someone would give him a home and an opportunity to attend school.

Doubtless there are a number of people in the county who would have been glad to have given the boy a chance. A chance to earn his living and get an education. With a little care he might have made a valuable citizen.

The News is not criticizing the county officials, but its sympathy goes out to the homeless boys, who are kicked and cuffed here and yon.

A charitable organization to look into such cases as this is what Portales needs.

Society Annex

(By The Boss.)

Now that a scientist has formed a plan to shoot a mail rocket across the ocean in thirty minutes, how would it be to utilize this device for sending out the first of the month statements.

A minister inquiring about Portales, with the view of locating states that he and his wife speak Spanish fluently. With a good English Interpreter, this would fill the bill.

From L. C. Cooley of the Park Avenue News, Des Moines, Iowa come the following:

We clipped this one from the Evening Tribune here and just couldn't refrain from sending it in, thinking perhaps that it would be good enough to clutter up your column at some future date when you run a little short of material. Hoping you get as big a kick out of reading it as we did, we remain, etc.

And "this one" is:
RED OAK—Rev. Ira E. Carney, pastor of the Red Oak Christian church, published the following write-up by a South Carolina editor of a wedding in his regular church bulletin Sunday:

"Mr. Robert Chetway and Miss Alice Broadkin, were married at noon Monday at the home of the bride's parents Mr. and Mrs. P. D. Broadkin, Rev. M. L. Cassaway officiating.

"The groom is a popular young man who hasn't done a lick of work since he got shipped in the middle of his junior year at college. He manages to dress well and keep a supply of spending money because his dad is a soft-hearted old fool who takes up his bad checks instead of letting him go to jail where he belongs."

"The bride is a skinny, fast little idiot, who has been kissed and handled by every boy in town since she was thirteen-years old. She paints like a Sioux Indian, smokes cigarettes in secret and drinks mean corn whiskey when she is out joy riding in her dad's car at night. She doesn't know how to cook, sew or keep house.

"The house was newly plastered for the wedding and the exterior newly painted, thus appropriately carrying out the decorative scheme, for the groom was newly plastered and the bride was newly painted.

"The groom wore a rented dinner suit over athletic underwear of imitation silk. His pants were held up by green suspenders. His number eight patent leather shoes matched his state of tightness and harmonized nicely with the axle-grease polish of his hair. In addition to his jag, he carried a pocket knife, a bunch of keys, a dun for the ring, and usual look of imbecility."

"The bride wore some kind of a white thing that left most of her legs sticking out at one end, and her bony upper end sticking out at the other.

"The young people will make their home with the bride's parents— which means that they will sponge on the old man until he dies, and then she will take in washing."

"Postscript: This may be the last issue of my paper, but my life ambition has been to write up one wedding and tell the unvarnished truth. Now that it is done, death can have no sting."

FORD OWNERS ARE BOOSTERS

Henry Ford designed a motor car of quality, stamina, with low cost of operation and ownership, and after much time and repeated tests put his personal O K on it just a little over a year ago and began shipping to dealers. Two months ago and since motor numbers OVER TWO MILLION have been passing thru us to buyers.

The main Highways are getting thicker every week with Model A Fords and they are universally strong boosters and shout the praises of this quality car with stamina, quality and easy riding, quality un-excelled in any car regardless of price.

During the Dairy and Livestock Show, you are invited to come see and ride and drive and know better this Model A. Ford that has so many booster owners, and the model will not change this fall or winter.

Science Dep't
Orders Films

Miss Venter, head of the science
Department has ordered several
films and apparatus for different
classes to use, on their work. Some
of these classes, one Biology, Phy-
siology, Physics and General Science.
Some of these films are to be
shown next week in the Biology
and Physiology classes.

The Biology Class went on a field
trip Monday morning at Sidda's
Farm. The purpose was to collect
specimens of different plants and
animals. Among some of the
specimens that were collected were,
a striped lizard, one dead bird,
worms of all sorts and descriptions
caterpillars, grasshoppers, bees, bugs
beetles.

Junior Hi Has
Physical Education

When you pass by the Junior
High School and see a group of
healthy pupils out on the campus
doing exercises don't be surprised.
It is K. E. Livingston and his
physical exercise class. A little ex-
ercise mixed with fresh air and
sunshine is a great hindrance to
disease. If you don't believe it
just take a squit at those Physical
Education pupils.

Mr. Livingston is also drilling a
few football ideas into the heads
of his followers. There are some
huskies attending school at the
Junior High, that look as if they
will make a lot of competition on
the High School team next year.
At any rate we hope they will.

Year's Program
Well Outlined

The Junior High Faculty and
students highest ambition is to
make the year of 1929-30 the
greatest year of the Junior History.

On account of the lack of seats
and lockers they have been hand-
icapped in getting organized. The
seats and lockers will be in by
Monday 23. Mr. A. E. Hunt has
made out five qualities to be used
as the basis by which the grade
of the pupils will be determined,
these are, Scholarship, Initiative at-
titude, Cooperation, Individual im-
provement. If the pupils will fol-
low these qualities they will have
no trouble in making their grades.
An Honor Roll and a failure list
will be published each week to
give the pupils some idea as to
how they are standing up to
these qualities. The pupils on the
Honor Roll in the following sub-
jects are:

Physiology: Kathleen Goodwin,
Melvin Cissel, Dudley Hatch, Rex
McCauley, Durwood Wright, Fay
Gunn, Ruth Gryder, Letha Hawes,
and William Traugler.

English 7th: Margaret Eck, Mar-
gie Hise, Velma Marr, Cornelius
Crume, Francis Shaw, Wilma New-
man, Margaret Adams.

History 7th: Billy Shumpert, An-
drew Moore, Selwyn Jackson, Harry
Burke, Onice Kilgore, Harold Mc-
Donald.

History 8th: Ruby Orisman,
Della Mae Brown, Melvin Cissel,
Ruth Gryder, Letha Hawes, Ethel

Ohr, Durwood Wright.

Geography: Vandon Littlejohn,
E. L. Hammitt, Cornelia Crume,
Benjamin Gilbert.

English 8th: Ruth Gryder, Fay
Gunn, Mary E. White and Margaret
Rhyme.

Arithmetic 8th: Ellen Bell and
Margaret Rhyme.

The Junior High have six teach-
ers and the Eight and Sixth
Grades are divided into three
sections, each are home rooms.
The following teachers are sponsors
of the home rooms.

Mr. Hunt, 8th B. Miss Pad-
dock, 8th A.
Mr. Livingston, 7th A. Miss Gal-
loway, 7th B.

Mrs. Bailey 7th C. Miss Ribble
7th D.

The home room officers were
elected Tuesday but only 7thC
home room has made out a pro-
gram for Friday the other will
take up Parliamentary procedure.

The Junior High enrollment is
214 all teachers believe that the
students are interested in their
work and think they will have no
trouble in carrying out their plans.

Miss Naoma Silvers was called
home Friday on account of sick-
ness of her mother. She returned
to school Monday.

Miss Vera Nilong spent Saturday
in Clovis attending to business af-
fairs.

The Agriculture Club is plan-
ning to white wash the trees a-
round the school lawn and the
posts around the football field.

Miss Bess McCall spent Sunday in
the country with several friends.

John Stokes, a former student
of P. H. S. started to school Mon-
day.

Lloyd Vaughn, Carl Jones, and
Gren Kerr went to Elida Sunday.

Mr. Steiner referred a football
game between Clovis and Sudan at
Clovis Friday afternoon.

Mr. and Mrs. P. M. Bailey had
as their dinner guest Saturday eve-
ning, Mr. and Mrs. J. P. Steiner.

W. W. Gilstrap of Roy, New
Mexico was in Portales last week
prospecting.

Junior Hi Home
Room Program

The Junior High has worked
out a very attractive home room
system and have started in full
swing.

Officers to be re-elected at the
beginning of each semester, the
regular officers are: President, vice
president, Secretary-treasurer and
Sargent at Arms.

Special type officers are: Cheer
leader, Athletic director, one mem-
ber of Junior High Student Sen-
ate and an alternate.

There is to be a standing so-
cial committee and a program com-
mittee.

The pupils are to do the plan-
ning and directing and the home
room teachers are to supervise.

Procedure in the home room shall
rules. The President will call the
house to order, and the secretary
calls the roll immediately preced-
ing the reading of the minutes.
Following these are the committee
Home Room Topics for study
reports and General business
and program building.

1. Parliamentary procedure and
elevation of office traits. Also elec-
tion of home room officers. 2
weeks.

2. School citizenship and tradi-
tion. (1 week.)

3. Patriotism—study of school
songs and yells, flag salute, Ameri-
can and student creed, and Pream-
ble to constitution.

4. Thrift. (1 week.)
5. Health. (2 weeks.)

In addition to the regular out-
line of home room study each home
room will observe these special
days, at the nearest date to their
occurrence upon which the home
room meets.

1. Columbus day, Oct. 11.
2. Armistice day, Nov. 11.
Thanksgiving day (observed all
during Thanksgiving week.)

4. Christmas day, December 25.
There will be no home room
meeting on Monday. On that day
the third period will always be
used as a study period.

The Junior High is somewhat
handicapped by the lack of seats,
but the seats are expected to be
in soon.

The lockers will be ready for
use by Monday.

The 7 A home room will give
their first home room program
Friday. The subject will be "Good
Citizenship in our Home Room."

Peppertettes Get
New Members

Pep in P.H.S. is beginning to
leak out all over the school, but
we found the largest break to be
at the meeting of the Peppertettes.

There are approximately twenty-
five old members and eight new ones
All of the new ones, especially, are
quite enthusiastic over the plans
for this year.

A stunt is already being worked
out by the girls, under the super-
vision of Mr. Coe Howard, for
the first game of the year.

Bennetta Boren, president of
the Pep Club, met with the new
members Wednesday afternoon and
all eight were present. No es-
pecial plans were made, but the
girls are ready to start on any-
thing that may be done.

The new members of the Club
are, Leora Jernigan, Annie Maude
Hunter, Murie Kimmons, Knight
Edward Kornegay, Estelle Landess,
Ida Mae Hart, Flora Lovorn and
Dorothy Forbes.

SOCIETY NOTES

Community Affairs A Success

On Friday evening, September 20 a Community Get Together Meeting sponsored by the Chamber of Commerce and the Portales Women's Club was held at the High School Auditorium. About two hundred people gathered in the hall to enjoy the program provided. This was the second annual affair of its kind and was quite a success, bringing together new-comers, teachers, and residents of longer standing.

After the audience sang America led by Miss Zeran, A. D. Ribble made a short address in behalf of the Chamber of Commerce, welcoming to Portales, newcomers, including the teachers, and pledged the C of C to support to the Faculty in whatever undertaking they engage in, that is for the good of the boys and girls of Portales.

Mrs. Bill Judevine, who has a lovely Soprano voice, sang "Trees" by Joyce Kilmer, and responded to an encore with Grandma P. M. Bailey read a well chosen selection by Edgar A. Guest, entitled "When You Know a Fellow." The quartet "It's All Gone Now" and an encore "Three Wandering Jews" sung by Messrs L. L. Brown, Sam Fletcher, P. M. Bailey, Chester Brown, created quite a bit of merriment.

Mrs. J. C. Compton, representing P. W. C. gave a splendid address. Among other good things she said that a community is what we make it and that the Portales Women's Club tries to live up to its motto and purpose which is "To encourage a Love of Literature, to Foster Social Activities and Raise the Standards of the Community."

Miss Zeran in a beautiful contralto voice sang "A Gypsy Love Song" and an encore "I pass by your window." After Mr. Golden's talk, entitled "We thank You," on behalf of the teachers, all retired to the Gymnasium, where a few laugh provoking contests were staged, and delicious Ice Cream and Angel Food cake were served.

Judge C. M. Compton acted as judge for the contest.

Miss Bloomer, Mrs. Lacy Armstrong, A. Woodburn, and Ike Hughes ran the bean race. Mr. Hughes was declared winner and received as a prize a ladle to carry beans in the rest of his life.

In the Orange contest Messrs. J. C. Cox, J. N. McCall, C. J. Whitcomb, Coe Howard, pushed oranges with pencils from one end of the Gym to the other. Coe won and received as a prize a red handled knife and fork.

In the yo-yo contest which fol-

lowed L. L. Brown of the faculty, Mrs. T. E. Mears of the P. W. C. Bill Judevine of the C. of C. and Arthur Jones of the board were called on to yo-yo. In Mr. Jones' absence A. D. Ribble took his place. The C. of C. won as Bill no doubt has been practicing with his young son Billy. He received a "duster mit". Guess the Missus will have to put him to work.

The last but by no means the least comical of the contests was the Honeymoon Trip, taken by four members of the faculty, the Steiners and Browns. For this trip they were given two suitcases and required to open them, don the contents, leave the Gym by one door and return by another, remove the articles and close the suit cases. The Steiners won the prize which was a glass rolling pin. (She can't play Maggie with this one). The consolation prize was a Long Horn stick of peppermint candy.

The evening was considered quite as success. Such informal evenings help one to get acquainted.

Honoring Mrs. Jordan

Mrs. T. E. Mears was hostess on Saturday evening from 3 to 6 at her home at one of the nicest parties of the fall season. The affair was given in honor of Mrs. P. E. Jordan of Dallas who has recently come to Portales.

A profusion of autumn flowers added a charm to the Mears home.

The guest list included Mesdames, J. J. Spires, H. H. Buchanan, E. N. Neer, Lucile Cumble, S. F. Moore, James Christie, J. E. Camp, J. Rex. Forrest, J. P. Teiner, W. E. Daniels, H. Walton, P. M. Bailey, R. G. Bryant, Chester Brown, Jno. W. Wright, Coe Howard, Edwin Lanzer, H. F. Jones, Lillian Taylor, Floyd Golden, Ed J. Neer, I. D. Johnson and J. C. Whitcomb and the honoree Mrs. P. E. Jordan.

Mrs. E. N. Neer won high score and Mrs. Jordan received the guest prize. Prizes for high score at each of the other three tables were won by Mrs. Spires, Mrs. Christie and Mrs. Camp. After the game a delicious plate lunch was served.

U. D. C's

The first meeting of the year of the U. D. C. will be held at the home of Mr. and Mrs. W. B. Oldham at 2:30 in the afternoon of the first Tuesday in October.

The President Mrs. H. F. Jones is very anxious that a full membership be present at this the beginning of the new year.

Birthday Celebrations

Birthdays were celebrated in general Sunday at the Edwin Taylor

home in the Hinkley Valley neighborhood. It was the birthday of Deskin Cothorn, Mrs. A. M. Stevens, and Will McClintock.

The day was spent in feasting and visiting. Those present were Mr. and Mrs. Will McClintock and sons Richard Glen and Cyril. Mr. and Mrs. M. O. Butts, and son Orland, Mr. and Mrs. Eugene Butts. Mr. and Mrs. D. E. Blivins and children, Ethel, Jewel and Robert, Mrs. E. G. Taylor. Mr. and Mrs. Deskin Cothorn and daughter, Mrs. W. T. Cothorn, Mrs. Ruben Cothorn and children, Albert and Mixine, Mrs. Ben Grunig and children.

The day was a most pleasant one

Elmer Beard was in from Kentucky Valley Monday.

Ben Grunig is running a tractor for John Glen at Rogers.

Ben Stuart made a trip to his old home at Groom Texas last week.

From Los Angeles

On Monday of this week, Mr. and Mrs. Geo. Mitchell of Los Angeles, California, were the guests at the home of Mr. and Mrs. O. S. Strickland. Mrs. Mitchell was formerly Miss Mary Nicholson of this place. They are touring the country and visiting the Carlsbad Caverns.

To Tri-State Fair. Mrs. Carl Turner and son Jack and Mrs. J. C. Cox, Mrs. S. N. Hancock and Miss Mary Elizabeth Hancock attended the Tri-State Fair at Amarillo, Tuesday.

New Stamps

The local post office has received a small supply of the special commemorative stamps Battle of Fallen Timbers, picturing the General Anthony Wayne memorial statue. These are 2c stamps and have just been issued by the Department this month.

Visit Friends

Mr. and Mrs. Olan Schleuter and Miss Annie Nicowarner, of Texico and Miss Frankie Langton of Dalhart were guests Sunday of Mrs. Elie McCarty and daughters.

To Clovis

Otto Kapitina and Ray Bonner went to the Ball game at Clovis Tuesday.

To Arkansas

J. J. Spires left Tuesday for points in Arkansas on a business trip.

INEZ

About two weeks ago some of the young folks met at the school house, organized a literary society, and will give their first program Friday night. Following the program there will be a pie supper. Funds to be used for school library.

Quite a number of Inez folks attend singing at Longs Sunday night. We wish to congratulate Longs on their better singing equipment. The singers voted singing to be at Inez next Sunday night. (the 5th Sunday.)

The parsonage work of the M. E. Charge is going forward. The Local Committee did some collecting Tuesday and the foundation of the building was to be laid Thursday.

The new carbide agent was down from Clovis this week looking over repairs on installed plants and soliciting new sales.

We now have a fine road from Inez, South-north-east and west, try it out.

Broom corn threshing is about completed in this vicinity.

Mr. John Harth has hauled out two car loads of bricks for their new house. Mr. Geo. Albert of Roller are now living in an almost finished nice new home.

If any one desires the mumps go to Bill Mullins.

Dora

Editor—Wren Drew. Reporters—Jesse Lott, Ethel Radcliff, Lois Brown and Walter McClintock.

"The Necessity of Cooperation" In order to make our school a success you parents must cooperate with our school. Parents have you met your child's teacher? If not get acquainted. There are parents in every community who are never inside our school building the school term.

Listen, if all the parents followed their example, our school would be a failure. There are also parents in our community who have never seen a ball game and yet they have children playing on the teams. The child's welfare depends on the fathers and mothers, and how do you expect them to succeed with out your cooperation? Instead of your school lets make it our school.

If your child fails on his subjects, don't blame the teachers just find out the real cause, and pat the child on the back and say "Try again". If our teams lose a game of basketball, don't blame the players, find out the cause and pat him on the shoulder and say, "Try again". If you give up hopes the players are sure to do the same.

If our school needs money remember that it is for your children as well as your neighbor and his children.

Lets all pull together, and we are sure to come out winners in the end. Lets feel that we are pupils too and give three Raahs for D. H. S.—Lois Brown.

Parents let think along this line I am sure some of you have never given it a serious thought—Editor.

Community Activities

Dora is getting to be quite important. There were three services taking place in the little town Sunday night. There were unusually large audience at the three which were, preaching at the Odd Fellows Hall, Bible Class at the Christian Church and singing at the school house.

Rev Miller is holding a meeting in the Odd Fellows hall which will continue through the week. Every one is cordially invited to attend.

Singing was very good Sunday night. There were several visiting singers, including Mr. Coleman and Boyd Rice and Mrs. Fred Marshall. We were very glad to have them and invite them back the first, third and fourth Sunday nights.

Church at Mt. Zion Sunday, morning was a success. Seventy were present and Rev. Scott of Abilene, Texas delivered the sermon. Several young people from here attended the fruit supper at Mr. Tom Fortenberry's Saturday night. A most enjoyable time was had by all.

Mr. and Mrs. A. J. Burkett and son James went to Lubbock, Texas Sunday where James will enter Tech College.

The death of Mr. Fyre last Tuesday morning brought sorrow to his many friends and relatives.

Dora High School

School started September 16 with the largest attendance in the history of the school. We are going to work and make this the best year. There are seven teachers and an attendance of 116 pupils in the grades and about 34 in high school. Some of the pupils are out helping parents gather crops.

We have four teachers in the grades viz; Misses Lucy Cathey, Ruth McClintock, Lurline Baker and Mrs. Kelley; three teachers in eighth grade and high school. Mr. Carl Radcliff, Miss Martha E. Hodges and Mrs. W. A. Stevenson.

There are fine school trucks in service here this year. All in A-1 condition. This means that there will be good truck service thru out the winter.

There have been several improvements made since last year for the school; a new school building for the seventh teacher and a new coal house.

Sport News

Both boys and girls have received their volley balls with which they are playing with today for the first time. The girls have been playing baseball for the last week while the boys have been playing "Blackman". It is the intention of both boys and girls to play volley ball until basket ball season opens.

MRS CYNTHIA ANN STURMAN PASSES AWAY

Mrs. Cynthia Ann Sturman died at her home in East Portales last Thursday, 19th of September at 11:30 p. m.

She was 76 years, 1 mo. and 19 days of age.

Interment was made at Causey cemetery after services conducted at Causey School house by J. S. Blair, Johnson and Wheeler were in charge.

WHEAT SHOULD BE TREATED FOR SMUT

As wheat seeding time is here again, attention is called to the fact that seed should be treated for smut. During the past season some of the wheat that was treated was smutty and was docked on the market. The Farmers Cooperative Elevator Association has given notice that next year smutty wheat will be marketed separately and not mixed with the clean wheat. In this way each lot of wheat will be sold on its merits.

Copper Carbonate is recommended for treating wheat, an has been used successfully in Roosevelt County for a number of years. It is a dry powder and is mixed with the seed dry at the rate of 2 ounces per bushel.

That fertilizing pays when used on cantaloupes and watermelons is the conclusion of Jno. V. Miller, who reports that he secured fine results from the use of 18 per cent superphosphate. Mr. Miller planted 24 rows of cantaloupes last spring and used fertilizer on 18 rows. Every fourth row was left unfertilized as a check. The unfertilized rows were given the same treatment otherwise. To date Mr. Miller has sold \$115.00 worth of cantaloupes from the 18 fertilized rows, and less than \$2.00 worth from the unfertilized rows.

Such striking results could not be expected under ordinary conditions but it goes to show that there is a place for this type of fertilizer in the Portales Valley.

FERTALIZING PAYS

Cotton, corn and alfalfa will be the principal crops featured at this meeting, and as work in these crops has been carried on for a number of years progress will readily be seen by the visitors.

Altho a very large crowd attended the meeting in 1928, an even larger crowd is expected this year. In 1928 most of the visitors were from the southern part of the state, but a number are expected from the extreme northern and eastern portions this year. Altho many local people are expected, lunch will be served on the campus at noon.

This date is also the date of the annual meeting of the New Mexico Crop Improvement Association. The seed growers will meet in the morning and adjourn for the Field Day which immediately follows their meeting.

SHOULD WE SHOOT 'EM POISON 'EM OR LET 'EM STARVE

The problem of the indigent tourist is one of the most serious which the city is called upon to face during the summer months, says the Raton Reporter. It continues:

There has been for a time, a surplus in the number of itinerants who have applied for aid—but for the past several days such case has been brought to the attention of city officials and has more or less "got their goat."

A couple from Kansas City stopped in Raton the last of the week driving a Ford. They are entirely without funds and are on their way to Amarillo for the winter. The man is an electrician and refuses to do any other kind of work, since work in his line is not available. He is a war veteran and the American Legion and Salvation Army both gave the couple money and free meal tickets.

But instead of thanking these organizations for the charity given the couple complained about the food, saying they could get nothing but chile and beans.

They cannot go on because repairs to about \$8.00 are necessary for the car. They will not work because they cannot find the particular kind of work they want to do. They are willing to ask for charity and take it, though apparently they expect teabone steak and fried chicken for every meal. They are both perfectly well and able to work. They refuse to accept aid to return to Kansas City, "the winters being too cold."

Shall we force them to work, continue to give them unappreciated charity, or let 'em starve?

CHEVROLET MAKES EXECUTIVE CHANGES

Several executive changes in Chevrolet Motor Co. which became effective Sept. 1st, were announced yesterday by H. J. Klingler, vice president and general sales manager.

M. D. Douglas, formerly assistant general sales manager has been appointed general parts and service manager, a position heretofore held by J. P. Little, who goes to General Motors.

R. K. White, who formerly was general sales promotion manager and recently Atlanta zone sales

manager has been appointed assistant manager, succeeding J. Grimm, Jr. who after occupying the position for 5 years has been summoned to General Motors.

J. C. Chick, who has been regional sales manager at Flint, Mich. has been brought into the central offices to assume Mr. Douglas' place as assistant general sales manager.

C. L. Alexander, Chicago zone manager for several years is to be brought into the central offices to succeed Chick as regional sales manager.

R. L. Myers, until recently zone sales manager at New York is to succeed Alexander as zone sales manager at Chicago.

ANNUAL FIELD DAY AT STATE COLLEGE

The annual Field Day of the New Mexico Agricultural Experiment Station has been definitely set for 10 a. m. September 23, 1929. This meeting will be devoted largely to field crops but an opportunity to visit other departments as well as a few farms near the College, will be given all those who attend. All of the Experiment Station workers will be on hand to help show visitors over their work at the station and to take them thru the various departments. Since our last Field Day marked progress has been made in some of the departments of the College. Outstanding results in cotton improvement may be seen. Corn and alfalfa work and sugar beet seed production have also shown marked development. Livestock has been added, and a new dairy laboratory has been erected.

Cotton, corn and alfalfa will be the principal crops featured at this meeting, and as work in these crops has been carried on for a number of years progress will readily be seen by the visitors.

Altho a very large crowd attended the meeting in 1928, an even larger crowd is expected this year. In 1928 most of the visitors were from the southern part of the state, but a number are expected from the extreme northern and eastern portions this year. Altho many local people are expected, lunch will be served on the campus at noon.

This date is also the date of the annual meeting of the New Mexico Crop Improvement Association. The seed growers will meet in the morning and adjourn for the Field Day which immediately follows their meeting.

GRAPES

Are a good crop for the diversified farmer of the Portales Valley. They will clear more money than any single crop. Grapes are recommended for this section by Mr. Jones, Agr. Lubbock Experiment Station, Mr. Will County Agent Roosevelt County, and by the Agricultural Committee of the Portales Chamber of Commerce. We have special prices for community grape planting program. We want to place 100 acres of grapes in the Portales Valley.

See our representative Mr. M. E. Snider at the Chamber of Commerce office. He also does landscaping and carries full line of nursery stock.

Grade School Notes.

We are now on the last week of the first month and have an enrollment of 670. Everything is working smoothly. If they continue to come a place will be found for them, but as one little fellow said "If any more come in here Miss-, I guess they will have to sit on the floor." But they are always welcome, the more the merrier.

Mrs. J. H. Lee, Alma Ruths mother was a visitor Wednesday in Primary department.

Mrs. Carol, Lucy Belle's mother visited the school one day the past week.

Mrs. Smith, Bobby Joe's mother was a visitor in Miss Taylor's room.

Mrs. Richardson, Gloria Fay's mother visited Miss Hatch's room.

Mrs. Blanton, James Ralph's mother and Mrs. Lee, Buster's mother visited Miss Autry.

Mrs. Lindsey enrolled Mary Sue in Miss Autry's room Monday.

Mrs. Jim May was a school visitor the past week.

Miss Vada Mae Jackson has her room organized under a self government plan. In Golden City all the decorations are a bright yellow. They have officers, and laws which the children know and try to obey, with punishment for various offenses. It seems to be working smoothly, and the children are enjoying it.

In her English classes she is making paragraph writing more interesting by the use of clipped or colored margins and pictures to write about.

Miss Florence has a moving picture of Lumbering which the children of the 4th grade, have drawn and made into one continuous film showing the different steps in the process. A small box with a hand turned reel shows the pictures to the class. The children have enjoyed this and will make other films for their machine.

Miss Rowley who is teaching Health in the Fourth Grade has some very unique posters on Milk Drinking, displaying in some of the rooms. That the children are beginning to realize the benefit of milk an decoos to take the place of tea and coffee as shown by the large amount of milk and cocoa that is now being consumed in the Cafeteria. The teachers are very glad to see the nickels going for

real nourishment instead of all for sweets.

The girls are having a lot of fun playing baseball.

The new Primary materials have opened up and are being used to good advantage. Their new charts have arrived also, and the teachers are glad as now they have a set for each primary room instead of having to take one set back and forth each day. The Primary Department of Portales School is nicely equipped with teaching supplies and materials as well as with good teachers.

Mrs. Greenhall was an all day visitor in Mrs. Cumble's room Wednesday.

The Rowse children who have been in school for a few weeks have moved to Crosbyton, Texas. They will probably be back about Christmas.

The Watson children had a message that their uncle had been killed. Their mother left that afternoon to attend the funeral.

Miss Hamon was out of school one day the past week and Miss Adele Oldham took her place. She had her eyes examined and no longer needs glasses.

Miss Lets Smith has been out several days the past week, and her pupils were glad to see her back Thursday. They gave her a fruit and flower shower. Mrs. Floyd Golden took her place while she was out.

Mrs. Allen's pupils were glad to see her back in school again, and her many friends are glad to know that Gwendolin is about ready to return to school.

Mrs. Scott visited her daughter Mardell in Mrs. Cumble's room and her two nieces Fawnetta and Maxine in their rooms.

Mrs. Lea, Mildred's mother and Mildred's auntie visited Mrs. Pay-

ne's room Monday

Mrs. Sadberry, Ada Bell's mother was a visitor in Miss Taylor's room Monday.

The faculty had another melon treat at their meeting Monday. Mrs. T. E. Allen, second grade teacher brought in four large melons and Mr. Br own again took the bunch to the cafeteria to be served. They like such meetings.

W. H. Shipman, from Tulsa, Texas, has moved to Portales, and will put his two children in school.

Othell Bomar of Silverton, Texas enrolled in Miss McManaway's room Monday.

Jack Walters, is staying with his grandparents the Whit Smith's to go to school here. He is from Deming.

Howard Greenhall left Tuesday to enroll in Rogers school.

Hollie Moore is out of school for a trip to Texas.

The two 6 A's had a Spelling match Friday. Miss Warnica's room won.

Mrs. Willis White was a visitor in Miss Taylor's room Friday.

Floyd Smith, who has recently moved to Delphos and was in school at Captain last year, enrolled Monday in A 6.

Eria Westbrook is a new 6th grader in Miss Warnica's room.

The nature Study classes have been having a very thrilling time with the Spiders, watching them fight, eat, and spin their egg nets. They have seen five varieties of nests and seven different kinds of spiders. Now they are turning to the Praying Mantids and Walking Sticks. It has been interesting to watch the spiders and Mantids eat. The former with their

bite will numb their victim and keep it alive until ready to suck its blood, while the latter, "Eats them alive", devouring a grasshopper to the last bit. The flyswatter is kept busy every noon hour killing flies to feed the Insect Menagerie.

Locals and Personals

Miss Galloway at Home.

Miss Muriel Galloway was at home to a few friends on Saturday evening at the home of her parents Mr. and Mrs. Frank Galloway.

42 was the game of the evening and the guest list included Misses Sybil and Thelma Autry, Miss

Brannon, Miss Carolyn Paddock, Miss Bess Dehouay and Miss Lillian Marr who was a guest in the Galloway home overnight.

The hostess served delicious refreshments at the close of the game.

Miss Mae, Nina Lee and Oletha Cavener was well rendered. Then came the song contest by the various clubs. Mrs. Greaves of the Portales Valley News, Mrs. Christie of the Roosevelt County Herald and Miss Long acted as judges. Honors went to Roebuck, first, Richland, second and Floyd, Third, with honorable mention for Pleasant Valley and Dora. Mrs. Greaves in announcing the winners gave helpful criticisms and suggestions. We hope the girls will have the song contest again next year. Inter-spersed with the songs were the best club stories. These were read by the winners: Lillian Marr, East Valley View, Vina Davis, Floyd, La Verne Lightfoot, Roebuck; Lucille Stroud, Richland and Averill Richards, Dora.

Outperforming all other low-priced sixes at lower cost than ever

During 1928, a large public utilities corporation operated 996 automobiles of 33 different makes. And according to its own accurately recorded cost figures, its Pontiacs cost one cent less per mile to operate than any other low-priced six in the field at that time. Yet even that great record of economy is being surpassed by the Pontiac Big Six because of a number of refinements and advancements which this latest Pontiac includes.

NOW THE GASOLINE OF CONTROLLED VOLATILITY ADDS ETHYL

Today in ONE gasoline you can get ALL the famous Phillips 66 advantages —year-round easy starting, quick acceleration, power and mileage— plus the feature of "no-knock". Ethyl is a no-knock compound placed in gasoline—a few drops to a gallon. But don't overlook this: the quality of an Ethyl gasoline depends upon the qualities of the original gasoline to which it is added. Make sure the station pump says Phillips 66 Ethyl. Dispensed from sealed tanks to protect you against substitution.
