

Heavy Rains Quench Thirsty West Texas

VOICE OF THE Foothill Country

Matador Tribune

MATADOR, MOTLEY COUNTY, TEXAS, THURSDAY, MAY 12, 1955

PRICE SEVEN CENTS

Outlook Bright After Rain Pattern Changes

DRENCHING RAINS have set a new pattern in West Texas and brought relief to dry fields and pastures—and restored hope to the hearts of the people. Motley county is soaking wet from border to border and distressed farmers, ranchers and businessmen are wearing smiles "from ear to ear". Even the parched "long drouth" areas have been soaked and the outlook is brighter than at any time in years. In the path of a series of "squall lines" Motley county has received its share of the precious rainfall. Here in Matador the official registration is 3.15 inches, however, several privately-owned, unofficial rain gauges have measured four inches.

Roaring Springs had 3.70 inches late Tuesday but more rain-fall was received after the reading. Some sections southeast of Roaring Springs had between (unofficial) 5 and 6 inches. An area in the neighborhood of Teepee Creek ten miles east

of Matador has possibly received over seven inches, including the rain of ten days ago. A report late Tuesday said Flomot had received over three inches and more showers fell during the night.

Twisters Are Seen
Several cyclones were seen in clouds Tuesday and Wednesday but no reports of damage have been received. Cyclones were seen in clouds south of Lubbock, in the Sundown area, near Stanton and other points on the Plains. A cyclone was observed yesterday in a cloud north of Childress and a report of it was heard on the West Texas Utilities Company two-way radio. Frank Montgomery said he saw the funnel in a cloud from a point at his farm, in the general direction of Childress. Storm warnings were out at different times on various radio stations.

One of the greatest benefits derived from the rainfall was the fact that in most instances it fell slowly, and went into the ground. Farmers and ranchers say the runoff was light considering the amount of precipitation. Former resident Kenneth Jeffers of Paducah, said Tongue River was running bank full when he crossed enroute here Wednesday morning. Ballard Creek here in Matador carried away water several times during the three days and nights of intermittent showers, but the runoff was light. (continued on back page)

American Legion Honors Seniors

Barbecue and many other good things to eat were on the menu Monday night, May 2nd, when the American Legion gave a dinner for the seniors of Motley county.

The dinner, which was served buffet style, started at 8 p. m. During the meal, music was played by Mike Groves and Gerald Pipkin, and immediately following the meal, selection was sung by Mrs. Bob Van Meter.

The program of the evening started when representatives from each of the senior classes of Motley county introduced their class members. When this was completed, the speaker of the evening was introduced by Mr. Albert Rattan. The speaker, Mr. Noblett from Clarendon, gave a very interesting talk on how thinking could influence your future life.

Although most of the senior class of Matador was unable to attend because of sponsoring the donkey baseball game, those who attended, Janey Sue Norman and Dorothy McMahon, enjoyed it very much, and would like to take this means to thank the American Legion for their thoughtfulness.

Seniors Sponsor Donkey Ball Game

The donkey baseball game sponsored by the senior class, Monday, May 2, was a big success. The seniors battled underclassmen and outsiders to a tie of one and one.

In the third inning of the game Robert Smallwood made a slow run around the bases for the first point of the game. The game raged on and finally the underclassmen made a point at the last minute of the game. DeWayne Martin made the point for them.

Ten boys competed in a special race just prior to the game. Each boy was required to run across the football field, get on his donkey, and ride him back to the dollar, which was on the opposite end of the field, and pick it up. The winner was Robert Smallwood.

The Seniors made approximately thirty dollars which will go to the senior class fund for their trip to Colorado Springs, the 12th of May.

TEEPEE FLAT COMMUNITY QUILTING CLUB MIX PLEASURE AND WORK MEETING WEEKLY

A "Community Quilting Club" composed of women of the Teepee Flat community which had its origin as the result of tragedy has emerged as a social gathering thoroughly enjoyed by its members who mix work with pleasure.

The club started when the farm home of Mr. and Mrs. O. B. Scott burned, on the day of the polio fund drive at Roaring Springs (last day of January). Mrs. Scott was making a cake for the auction that night, when her stove exploded.

The next week her friends and neighbors had a quilting for her at the home of Mrs. Walter Scott. The day was short and only two quilts were completed, but the women enjoyed the get-together so much that it became a weekly affair with each taking a dish of food, and gathering just as soon after the school bus ran as possible, and spending the day.

Every Thursday now is "quilting day" for Teepee Flat community. The pre-school children enjoy playing together, and sometimes when it is convenient their husbands join the women for the noon meal.

Complete 33 Quilts

To date, 33 quilts have been quilted, according to Mrs. Alfred Dye, who explained, "If we quilt in shells and squares, we complete 3 in. one day, but if we quilt by the piece or design, we complete only 2. Visitors are always welcome and we have had them from Northfield, Matador and Roaring Springs. Three from out-of-state who have met with us are Mrs. M. B. Lumpkin, Charleston, Mo.; Mrs. J. L. Burnett's mother, and Mrs. I. D. Merrill's sisters, Mrs. Mable Wood and Mrs. Adelaide Crawford of Montezuma, Iowa. Mrs. Josie Smallwood of Matador attended the quilting Thursday, May 5, in Mrs. Merrill's home."

The club will meet in the home of Mrs. Dye today, (May 12) and with Mrs. Peggy Ham on May 19. It has met previously in the homes of Mesdames J. L. Burnett, J. L. Farris, Bill Morris, Walter Guinn, Clyde Clifton, Rudolph Moore, Foy Moore, Margie Payne, Nig Holcomb, Elmo Kingery, Joe Bridges, Jr., Lee Marshall and I. D. Merrill.

AT FATHER'S BEDSIDE

Mrs. P. L. Marshall of Moriarity, N. M. visited here Sunday at the hospital bedside of her father, A. M. Bourland, who has been a patient at Stanley Hospital the past several weeks. Carroll Bourland and his son, Gerald of Orlando, Florida, who came recently, have returned to their home, and Edwin Bourland who has been here from Elk Grove, Calif., is visiting this week in Oklahoma City, after a visit in Dallas with a daughter.

Tea Is Courtesy For Mrs. L. C. Harp

A tea Wednesday afternoon from 4 until 6 o'clock in the home of Mrs. G. E. Hamilton, was a courtesy for Mrs. L. C. (Claude) Harp, recent newcomer to the community. Mrs. Harp is the former Helen Price of Childress.

Mrs. Hamilton and Mrs. Forrest Campbell, hostesses, were assisted with hospitalities by Mrs. Harry Willett, who received the guests. They were then presented to the guest of honor by Mrs. Hamilton.

Tapers in 4-tiered crystal holders flanked an arrangement of Fashion roses of coral shading which centered the lace covered refreshment table. Rose-decorated cake squares, mints and nut punch was served, and frosted lime punch was poured by Mrs. Campbell. Plate favors were calling cards containing the inscription, "Helen-Claude, April 2, 1955" and decorated with a miniature tinted hand wearing a tiny rhinestone on the ring finger.

Approximately sixty visitors called during the reception.

VISITOR PRESENTED QUILT MADE BY CLUB

Mrs. M. B. (Grandmother) Lumpkin, who plans to leave this week for her home in Charleston, Mo., after spending the winter with her daughter, Mrs. J. L. Burnett of Teepee Flat, was honored recently when the Quilting Club of that community presented her with "The Colonial Lady" quilt. She was also honored with a handkerchief shower as a farewell gesture. Mrs. Lumpkin has been a faithful member of the quilting group, and will be greatly missed.

The quilt was presented during the surprise announcement tea held for Miss Ida Lois Farris in the Burnett home, Tuesday afternoon, May 3. The quilting was done by various guests who called, including Mrs. Lem Miller and Mrs. M. S. Thacker of Roaring Springs.

Approximately twenty-eight guests were present.

HEAVY RAINS...

(continued from page one)

The rain began with a shower Sunday night. Heavier rainfall was received about midnight and slow rain fell during the balance of the night. Official registration was .89 inches while some private gauges registered one to one and one-fourth inches. Rain fell at intervals Tuesday and Tuesday night and continued into Wednesday. The rain was accompanied by little electrical disturbance and a minimum of wind.

Heavy At Ralls

Radio reports received here said Ralls had a cloudburst Wednesday with as much as eight inches falling in a short time. Lockney also reported almost five inches in a brief period of time.

While no extensive highway damage was reported here, local highway crews were alerted to go into immediate action if heavy rains continued to fall. Roads in some sections south of here were threatened by exceedingly heavy rains in the Foothill county.

and the title of "Sweetheart". The presentation was made by President James Taylor, who also presented his father, Commissioner Taylor, with the honorary FFA membership emblem. Chapter indebted to many.

President Taylor said that the chapter was indebted to many for outstanding services. He said the four men selected had each contributed what the membership considered as the highest degree of service and merited the honors. Rep. Reeves and Commissioner Taylor were each cited for making available land and equipment in conducting FFA studies. Woodruff was cited

for making available to the chapter the use of a new Ford pickup and Meador was cited publicly to FFA activities through his weekly newspaper, the Tribune. The program was concluded with the showing of film provided by the Firestone Tire & Rubber Company, depicting the FFA national meeting held last year in Kansas City.

Following the program members of the chapter served as guides to their parents and other visitors in a tour of the agriculture building and plant. Vocational Agriculture Teacher Bill Moss received many compliments on the excellent condition of his class rooms and departments and the interest being shown in the work. Visitors said the equipment and plant is equal to schools in towns several times the size of Matador.

Besides President Taylor, other FFA chapter officers are Tom Hamilton, vice-president; Stanley McDonough, secretary; Alvin Lynn, treasurer; Pat Groves, reporter and David Keith, sentinel.

All officers were at their posts with the exception of the vice-president, whose place was filled by A. B. Simpson, Jr.

buqueque, N. M., revealed the plane, piloted by Dr. Lathrop had cleared the Carlsbad airport about 6 a. m. (MST) on a flight to Enid, Okla., and Minneapolis, Minn. CAA said the plane had been loaned to the doctor by a Carlsbad automobile agency.

Friends in Carlsbad told Clark the four people were going to a religious camp meeting near Minneapolis, and planned to stop at Enid for the doctor to see his daughter who is in school there. Dr. Lathrop was president of the Carlsbad Gideon Society.

Describing the crash to the sheriff, Tomison said he saw the plane hit the ground, nose first, and burst into flames. A few seconds later, he said, a wing came tumbling out of the air. This observation led investigators to believe a severe wing caused the accident.
