

On The BEAM

By J. W. King, Sr.

Fair weather the past few weeks has given farmers an opportunity to gather their cotton that inclement weather had been holding up so long. A lot of farmers are through gathering and are already in the field cutting stalks and plowing the land. Others have from a little bit to several bales yet to gather before the season ends. Gins have already turned out as large, if not larger, crop ever gathered here, it has passed the 14,000 bales mark by several hundred.

Astronaut Glenn failed to get the thrill of circling the earth three times last Saturday because bad weather closed in before launching time. He is to get another chance this week if weather will permit. For my part Mr. Glenn can have all the pleasure of the trip. Right now I don't think I would be interested in making it.

A rocket was launched last week however, aimed at the moon but it got off the track before it got there and is in orbit. Some valuable information may be obtained from the flight however.

COLORADO CITY BOY TO BE IN EXERCISE GREAT BEAR

Port Richardson, Alaska (AH TNC)-Army Pvt. James H. Hargrove, whose wife, Violet, lives on East 6th St., Colorado City, Texas, is scheduled to participate with other personnel from the 9th Infantry in Exercise Great Bear, a joint U. S. - Canadian winter maneuver in Alaska, Feb. 12-21.

The exercise will test cold weather military doctrine and the ability of the two allied armies to work together as a fighting team. Exercise Great Bear will be conducted in the vicinity of Tanana, Alaska, where the 9th Infantry and the 1st Canadian Infantry Brigade will be engaged in a simulated battle over a rugged terrain. The exercise will be the largest ever held in the 3,200 square-mile maneuver area. The Tanana river valley and the mountains, which range as high as 4,000 feet, converging on both sides of the valley.

Hargrove, assigned to the infantry's Company A at Fort Wainwright, Alaska, entered the Army in August 1961 and completed basic training at Fort Ord, California.

The 23-year-old soldier was graduated from Colorado High School in 1956. His parents, Mr. and Mrs. Willis C. Hargrove, live at 429 Oats St., in Colorado City.

SRA TESTS BEING GIVEN THIRD GRADE PUPILS

The SRA Primary Mental Abilities tests are being administered this week to third grade in the Loraine Public Schools by Miss Gladys Spikes and Preston C. Lightfoot, Supervisor-Counselor. The Junior Class and part of the Senior Class were administered these tests this past week by Mr. Lightfoot.

This year since the seventh grade participated in the Tests of Educational Ability under the State Testing Program, the PMA tests will not be offered to them as the TEA tests will suffice.

The PMA tests were administered to the first grade at the beginning of school. This test is also used for reading readiness for this group.

The SRA Primary Mental Abilities tests are designed to measure five of the "primary mental abilities". The five factors for the high school group are:

V-Verbal ability; S-Spatial ability; R-Reasoning ability; N-Number ability; W-Word-fluency. The five factors for the elementary group are the V, S, R, and N given above and also P-Perception.

A five-factor profile of the student's mental abilities is provided teachers and counselors. This profile provides an analysis of his specific intellectual strengths and weaknesses in addition to a measure of his "general level of learning ability."

A "reading aptitude" and an "arithmetic aptitude" score have been developed for use with students in Grade 3. An analysis of their relationship between the child's reading achievement and general experiential background is used for planning remedial programs in cases where the reading experience status is not well-balanced.

The PMA tests are profiled for high school and this mental ability pattern gives the relative strengths and weaknesses of a student's mental abilities. It is especially useful in educational and vocational guidance, for it gives a more complete picture of the mental abilities than has been previously available in mental tests. By use and analysis of the five separate abilities scores as well as the composite score, the teacher or counselor can better understand his students and adapt the curriculum or studies to their special needs and capacities.

Each student can also learn to understand his potentialities better through study of his profile and begin to direct his activities along lines that will make best use of his own unique pattern of abilities.

NEW FARM ROAD BILL PAVEWAY FOR 15,000 MILES NEW ROADS IN STATE

Austin, Texas January 26-The Texas Highway Commission today praised the new Farm to Market Road Bill as a "constructive piece of legislation" and announced that the bill will pave the way for an eventual 15,000 mile increase in total Farm Roads in the State.

Governor Price Daniel today signed the Farm to Market Road Bill into law.

"The establishment by the Legislature, through this legislation, of a long-range maintenance program for Farm Roads will make increased new mileage possible," said Herbert C. Petry, Jr., Chairman of the Highway Commission.

"The Texas Highway Commission," he said, "has this day passed a Commission Minute Order expanding the objectives of the Department from present 35,000 mile system of Farm to Market Roads to a 50,000 mile system." It was pointed out that this is in accordance with the agreement made by the Highway Commission to all of the interested road development groups to coordinate with the new legislation.

"The increased mileage will be developed over a period of years, logically balanced among the various areas of the State," Petry said. "Such a system of roads will be selected for the overall benefit of the road system and the areas involved and with the objective of developing all areas of the State up to the 50,000 mile system as uniformly as possible."

A total of 34,294 miles of Farm to Market Roads have already been designated.

"We are confident that we can secure under the new Farm to Market Road Bill more miles of newly designated Farm Roads than we have been getting in recent years," he said.

Chairman Petry added, "This new action of the Legislature will have the effect of relieving the growing pressure on the funds available for Primary Highways and urban traffic facilities. These funds have heretofore borne the burden of maintenance of the Farm to Market Roads. The new law provides a separate maintenance program for these roads, thereby relieving the tensions on the Primary Highway Fund, in which a deficiency has long prevailed."

Speaking for the Highway Commission, Petry expressed gratitude to the Members of the Texas Legislature "for the confidence they have displayed in the Highway Department in the passage of this legislation."

LORAIN TEAMS WIN OVER HOBBS TUESDAY NIGHT

Both boys and girls high school teams won games over Hobbs teams at Hobbs Tuesday night.

The boys won their game 54-50 and the girls were winners 50-47.

The girls fought from behind to defeat Hobbs 50-47. Hobbs led the entire game until midway in the 4th quarter. Hobbs built up an 18-11 lead at the end of the first quarter and increased the margin to a 9 point lead at half time 27-18. At the end of the third quarter the Loraine girls appeared to be headed for defeat as Hobbs jumped to an 11 point lead going into the final quarter.

Desire and determination proved the big factor in the final quarter for the Loraine girls. The Loraine girls started rolling at the beginning of the 4th quarter and never let up. They cut the margin to five points with about 6 minutes left and tied the score midway in the fourth quarter. At the end of the quarter Loraine had tallied 23 points while Hobbs managed only 9, to give the girls the victory.

Joretta Hall scored 28 points for high point honors while Peggy Phillips got 15 and Cindy Mahon 7.

Loraine plays Hermleigh Friday night for the final home game of the season.

Mrs. Dexter Taylor, president presided over the meeting and Mrs. Riden directed the program. Mrs. Riden, Mrs. Mac Farrington and Mrs. J. W. King brought the first three chapters in the book and Mrs. Harvey Leach closed the morning session with prayer.

A covered dish luncheon was served buffet from four o'clock to noon.

The afternoon meeting opened with group singing Mine Eyes Have Seen the Glory. Mrs. Dexter Taylor and Mrs. Woodrow Pratt gave the last two chapters of the book.

Those present were Mmes. O. C. Lucas, H. L. Leach, J. W. King, Lynn Compton, Mac Farrington, M. A. Gann, Harold Hallmark, Cullen Payne, Woodrow Pratt, Shep Compton, Edwin Hallmark, J. C. Hall, Dexter Taylor, W. H. Long, Jewell Wimberly, Lester Webb, Myrtle Martin, Cline Taylor Dan Butler, Roy Baird, Riden C. A. Land and Dottie Marshall.

SUNBEAMS MEET

The Sunbeams of the First Baptist Church met in their regular meeting January 29th.

They continued the study about the Andrews family, telling of their tour down the Mississippi River and the stories Mr. Andrews told his children about the first settlers along the Mississippi and the needs of our missionaries.

Mrs. Donald Graham served refreshments of punch and home made cookies to the following: Nancy Graham, Don Graham, Robert Finley, Susan Compton, Bennie Sue Mosher, Tim Green, Gary Scarber, Donna Oden, Rita Sue Barron, Doug Graham, Nubbin Mahoney, Belinda Sheffield, Gwen Tarrt, Lenora Mosher, Richard Claxton, Debby Claxton, Jimmy Tarrt, Byron Byrne, Anita Brewer, Della Garcia, Esta Garcia Mary Edna Ellington, Cindy Hackfeld, Rhonda Sandford, Lynn Boyd, Ricky Sandford, Donny Lacrocy.

Leaders present were Mrs. Clay Graham, Mrs. Donald Graham and Mrs. N. C. House.

W. S. C. S.
The W. S. C. S. completed the study of Churches for Our Times, at the regular meeting at the church Wednesday morning.

Opening song, Precious Name, was led by Mrs. Wiley Walker with Mrs. J. D. McDonald accompanying.

Mrs. McDonald gave the devotional, reading Rev. 2, on God's Message to the Churches, closing with prayer.

Mrs. Tennis Wilson gave an informative talk on "The Church in Missions". Three thoughts brought out by Mrs. Wilson were 1. The conviction that world wide witness is the very thing for which the church exists. 2. Its whole purpose to spread the Gospel message to the world. 3. The language barrier is handicap to carrying the message to all peoples.

Mrs. Jim Johnson spoke on the various types of communities as urban, suburban, small towns, trailer camps, armed forces communities and their special needs.

The Local Circle of the W. S. C. S. will meet Wednesday, Feb. 7, at 9 a. m. in the home of Mrs. Frank Crownover, with the vice president Mrs. W. A. Taylor in charge of the regular missionary program.

All women of the church are urged to attend the Local Circle meeting.

Today's MEDITATION

The World's Most Widely Used
Devotional Guide

The Upper Room
THE UPPER ROOM, NASHVILLE, TENNESSEE

Read John 4:6-15

"The hour is coming, and now is, when the true worshippers will worship the Father in spirit and truth, for such the Father seeks to worship him." (John 4:23, RS V.)

When we were children on the farm, we frequently spent Sunday afternoons in the summer climbing the hills. By the time we thought we were high enough to

risk drinking water from a stream, we scooped up a cool drink with our hands. Because we were thirsty, we did not miss the usual containers from which to drink.

Being thirsty and in the presence of pure water, did we stand looking at our hands, admiring them, discussing size and shape of palms, and length and taper of fingers? No, we washed them and drank of the fresh water.

In the story of the woman of Samaria, we read that she later left her water jar for the higher mission. Can we today worship the Father "in spirit and truth" unless we leave our water jars for the higher mission-worship of God and fellowship with one another?

PRAYER: Our Father, teach us that true worship is not achieved merely by gazing at our beautiful church structures or admiring the splendid equipment they contain. Grant us contrite hearts and humbleness of mind that we may worship Thee in spirit and in truth; through Christ our Lord Amen.

THOUGHT FOR THE DAY:
The church is the fountain from which we drink the living water.

HEALTH AND SAFETY TIPS FROM THE AMERICAN MEDICAL ASSOCIATION

Is your household properly equipped to handle minor illnesses and accidents? Probably not. Most of us would have to make a quick trip to the drug store to meet most minor family emergencies.

There are a few staple items that it would be well to include in your stock of medical supplies. As listed in Today's Health, the magazine of the American Medical Association, these include:

Aspirin, to help get rid of headaches or the aches and pains accompanying a cold.

Calamine lotion for minor skin irritations, insect bites and the early stages of poison ivy.

A cough syrup containing soothing ingredients and no habit-forming drugs.

Petrolatum for chapped skin and superficial burns, cuts, and bruises.

An oral thermometer, and a rectal one for small children.

A bulk or mild saline laxative for occasional use.

Epsom salts and rubbing alcohol.

Sick room supplies such as hot water bottle, ice bag, vaporizer, enema bag, medicine droppers, tongue depressors, tweezers, scissors, a handy reference poison chart and a good first aid manual.

An antiseptic for wounds. Don't bother with antiseptic for minor cuts. Hot water and soap will do a good job.

A final word of caution: Keep your medical supplies out of the reach of small children. The candy-coated aspirin are fine for children, but they also are tempting and children sometimes will eat the whole bottle of small pills, with dire results.

There are other useful household medical supplies and equipment, but those listed here will handle most minor home ailments and injuries. Don't try to treat a more serious illness or injury yourself. Call your doctor.

Treva Hays of Hardin Simmons University returned Tuesday after visiting since Thursday with her parents, Mr. and Mrs. H. H. Hays during the mid-winter holidays. Others visiting Mr. and Mrs. Hays Sunday were grandchildren, Brad, Cherry, Steve and Kelly Brannon of Hermleigh.

WHAT does it MEAN?

TENNIS RACKET
A racket can be a loud noise; or it can be a tool used for hitting a ball. In its latter sense the term comes indirectly from an Arabian word that actually meant "the palm of the hand." A racket, in some ways, looks something like a hand.

QUESTIONS AND ANSWERS

Q. As an orphan of a deceased serviceman, is it necessary that I be 18 and have finished high school to become eligible for schooling under the War Orphans Educational Assistance Act?

A. Specialized vocational training in a below-college-level school may be taken if you have quit school, are above the compulsory school age, and the VA finds it would be to your advantage to begin your vocational education before reaching age 18.

Q. What is the patient turnover in all VA hospitals in one year?

A. During fiscal year 1961, which ended June 30, 1961, a total of 537,022 veterans were admitted to VA's 170 hospitals, and 540,068 were discharged during the same period.

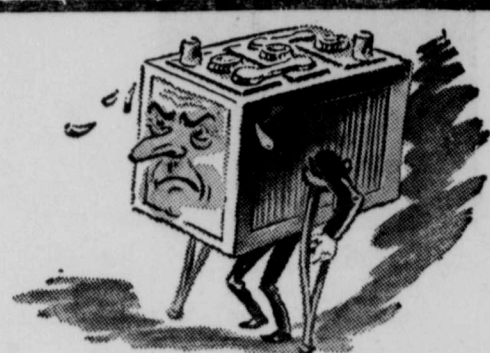

Q. I would like to sell my GI loan house. How do I get clear of liability for the loan?

A. If the purchaser takes over your loan, ask the VA regional office that has your loan records for a release from liability. If the purchaser refinances the loan and pays you, you would have to pay off the loan to be clear of liability.

Q. As a war veteran's widow I have been told that I may be eligible for a pension but not all widows are. How is eligibility determined?

A. For eligibility for a VA pension, a widow must have lived continuously with the veteran from the time of marriage until the veteran's death, except where there was a separation due to the misconduct of, or procured by, the veteran without fault on the part of his wife.

Flameless Electric Clothes Drying

So clean . . . so safe . . . so modern . . . that's what electric dryer owners say they like about flameless electric clothes drying. Clean, flameless electric heat gentles your clothes—dries them fluffy-soft and sweet-smelling—never fades colors. And it's so precisely controlled that even your most delicate fabrics can be dried with complete safety.

An electric dryer brings wonderful ease and convenience, too. You can dry clothes any time of day or night in any kind of weather . . . with little more effort than setting the controls. See your favorite appliance dealer soon for a flameless electric clothes dryer that will save you time and work . . . help you live better . . . electrically.

MRS. BOB POST CANDIDATE FOR COUNTY TREASURER
Mrs. Mary T. Post, wife of R. E. (Bob) Post former vocational agriculture teacher in the Colorado City High School for 12 years, has authorized The News to announce to the voters of Mitchell County that she is a candidate for the office of County Treasurer, subject to action of the Democratic Primary in May. Mr. and Mrs. Post have been

residents of West Texas since 1938. Mr. Post served as vocational agriculture teacher in Colorado City High School for 12 years before leaving Colorado City in 1956 to go to El Paso where he was manager of the Southwestern Livestock Show and Rodeo for three years. His health failed and they returned to Colorado City in 1959. While they were living in El Paso Mrs. Post found time to attend Texas

Western College for one year. Besides raising a family of three, two boys and a girl, Mrs. Post was secretary-treasurer for the First Methodist Church in Colorado City for six years 1946-52. Since coming back to Colorado City she has been employed at Root Memorial Hospital until December 1961.

Mrs. Post is a member of the First Methodist Church in Colorado City and the Hesperian Daughters study club. She and her husband have three children. The eldest son Bob Jr. is Lt. Commander U. S. Navy aboard USS Constellation; Martha Jo is in Naples, Italy, teaching first grade for Navy personnel children; Bill is a civil engineer with the Southern Pacific Railway in El Paso.

In making her announcement Mrs. Post said: "I am earnestly seeking the office of county treasurer and will appreciate the consideration of my candidacy by all the voters of the county. I feel that I am well qualified for the position because of training and experience. If elected I shall do my best."

Mr. and Mrs. W. E. Stribling and Billy spent the weekend in Dallas visiting relatives.

VAN BAUCUM SEEKS OFFICE STATE REPRESENTATIVE
Van Baucum, Sweetwater businessman, is a candidate for State Representative for the 80th District which is composed of Dickens, Fisher, King, Mitchell, Nolan and Stonewall Counties.

Van Baucum

In announcing his candidacy for the Democratic nomination, Baucum hammered at the need for a broader representation of the

interests of this area and at what he believes to be a vast field of opportunity for encouraging its economic and industrial growth. Baucum is a director and the secretary-treasurer of the Sweetwater Industrial Foundation and a member of the Sweetwater Board of City Development, an organization that has worked closely with the West Texas Chamber of Commerce.

In outlining his position to the reporter, Baucum stated that his campaign will be keyed to the following basic principles:

1. He will work for the building of a strong and responsible Democratic Party.
2. He strongly favors any measure that will increase the industrial development of this District, and he will propose and back measures looking toward an industrial climate in the District that will encourage plants and other businesses to locate here.
3. He is for sound fiscal policy.
4. He will work to eliminate present inequities in our tax structure.
5. He is against increased taxation.
6. He will work to provide a secondary school system in Texas that will be second to none in the United States.
7. He pledges his support to the original farm-to-market road program.

Baucum was born in Jones County, and after moving to Sweetwater, he attended and was graduated from Sweetwater High School in 1950. He graduated from Texas Tech in 1954.

He is a veteran of the United States Army, in which he served as an enlisted man. He was married to the late Pat Ely in 1954, and has two children, Kay, 5, and Matt, 1, with whom he now resides at 1916 Lake View Drive in Sweetwater.

Since returning to Sweetwater in 1958, Baucum has been made a member of the Board of Stewards of the First Methodist Church, a member of the Sweetwater Lions Club, a member and past vice-president of the Sweetwater Junior Chamber of Commerce, secretary-treasurer of the Sweetwater Red Cross, and secretary-treasurer of the Sweetwater Athletic Association. For the past three years, Baucum has been associated with the real estate firm of Bennett and Baucum.

PERFORMANCE OF COTTON VARIETIES SUMMARIZED

College Station—Several dozen named cotton varieties are offered for sale in Texas, and the cotton producers success may be greatly influenced by the variety he selects.

To provide the producer with information that will help him make the best choice, the Texas Agricultural Experiment Station has been actively engaged in the testing of cotton varieties for the past 60 years. A recently released bulletin, the fourth in a series of 3-year summaries, summarizes the data obtained from tests conducted during 1957-59.

Because of the great diversity of soil types, climate and production practices in Texas, variety test sites have been established in practically all land resource areas of the state. The entries included in the various tests differed from year to year, although certain designated varieties were included in all years to provide a consistent basis for comparison.

Data report in the new bulletin, B-983 "Performance of Cotton Varieties in Texas," include yield of lint per acre, lint percentage, boll size, staple length and fiber fineness.

In order to present a comprehensive summary of varietal performance, the data have been summarized for various cotton production areas in Texas. These areas are closely related to the land resource areas of the state, although certain production areas have been combined. The area summaries given include only those varieties which were grown at all locations.

For a complete report on these tests, see your local county agent and request a copy of this bulletin. Ask for it by name and number. It is also available from the Agricultural Information Office, College Station, Texas.

SUPPORT PRICE LEVELS ANNOUNCED FOR IMPORTANT TEXAS CROPS

College Station—Price support levels for 1962 crops of cotton, peanuts, rice and honey have been announced by Secretary of Agriculture Orville L. Freeman.

The minimum national average support price for upland cotton will be 31.88 cents per pound, gross weight, the same as last year. This reflects approximately 82 percent of the current parity price. For extra long staple cotton, the price will be 53.17 cents per pound, net weight, and 65 percent of current parity price.

In the event the minimum level of support for upland or extra long staple as required by law on the basis of parity as of the beginning of marketing year is higher than the level announced, the level of support will be increased accordingly, the secretary said.

The minimum national average support price for peanuts will be \$221 per ton, the same as for 1961 and it reflects 85 percent of parity price on January 1.

The support level for rice was set at the same level as 1961, \$4.71 per hundredweight, and is dependent on a favorable vote by producers in the upcoming rice marketing quota referendum set for January 23. If quotas are approved by two-thirds of the voters, producers who comply with acreage allotments and marketing quotas will be eligible for support on their 1962 production. If quotas are not approved, acreage allotments will remain in effect as a condition of eligibility for price support at 50 percent of the parity level.

The support price for honey was set at 11.2 cents a pound. The same as the 1961 rate but substantially above the 1960 level, and reflects 74 percent of the January 1962 parity price adjusted to a 60-pound container basis. The support announced applies to honey marketed during the 1962 season, which begins on April 1.

Mrs. John Bullock and daughter, Mrs. Charles Fletcher of Abilene were guests of Mrs. Roy Baird Saturday afternoon.

Mr. and Mrs. C. W. Mahoney of Big Spring and Mr. and Mrs. Walter Lehmann and Beth of Abilene visited Mrs. Bessie Mahoney and Mr. and Mrs. George Mahoney and Nubbin Sunday afternoon.

Mrs. David Faulkenberry of Big Spring carried Mrs. J. A. Faulkenberry to Big Spring Monday to an eye specialist for check up after she had had eye surgery several weeks ago for the removal of cataract. She is now being fitted for glasses, after the second operation for this trouble.

Mr. and Mrs. Buddy Blair and Peggy of Colorado City and Mr. and Mrs. T. J. Blair and Tommy of Sweetwater visited Mr. and Mrs. O. P. Blair Sunday.

Mr. and Mrs. Calvin Forbus and Marilyn went to Lamesa Tuesday night after receiving the message that his sister, Mrs. Jack Jennings had suffered a stroke. They report her condition improved.

Mr. and Mrs. Hal Bennett returned home Monday after visiting since Thursday in Odessa with their son and daughter and their families, Mr. and Mrs. R. C. Bennett and Mr. and Mrs. Joe Reeder.
