## Nab Suspects In Robbery

On April 4, two men entered the Village Center Drive Inn Grocery in Fulton. One of the men threatened the clerk, Mrs. Annie Cox, with a knife and made her lie down on the floor in the rear of the store. They took approximately \$150 in currency and three cartons of cigarettes.

They left the store with a warning to Mrs. Cox that she was not to call anyone for ten minutes. The Sheriff's Department was called and an investigation was started immediately.

After 3 days of a thorough investigation two men were arrested by Sheriff Bob Hewes and Deputy Sheriff Bob McCormick. The men were arrested at a local motel where they had been living for about 5 days.

They were James Collins, 19, of Alexandria, Louisiana, and Charles Ledbetter, age 23, also of Alexandria. Also arrested at the motel were two 15-year-old runaway girls from Louisiana.

The girls have been returned to Louisiana and the two men are in the Aransas County jail unable to make a \$5,000 bond placed on them by Justice of the Peace Roy Hinton.

Deputy Sheriffs Ken Mancaux, Jim Pridden, Constable I.E. McLester and Deputy Constable Rickey McLester and Texas Ranger Jim Peters aided in the investigation.

## Newly Elected Aldermen and Re-elected Mayor Sworn In

Dan Ward, who won the race for alderman from Ward 1; Dr. J. Martin Shaw, who won the contest for alderman from Ward 2; and Walter S. Falk, Jr., who was re-elected mayor with no opposition, were sworn into office at the City Council meeting Monday night.

Ward succeeds Joe "Pepe" Zambrano, who did not seek re-election since he is a candidate for County Commissioner from Precinct 1. Shaw succeeds

the late Seth H. Steele. The oath of office was administered by Municipal Court Judge J. Paul Rogers.

Following the swearing in ceremonies, the Council went into session and took the following actions:

--Opened bids for a garbage packer from Pak-Mor Company and Econo-Pac Company and instructed city staff to review bids to see that they meet specifications. Council agreed to award contract to low bidder if that bid meets specifications.

--Appointed the following: Alderman Charlie Garrett, mayor pro tem; J. Paul Rogers, municipal court judge (re-appointment); and Elva Mullinax, fire marshal (re-appointment).

--Set May 10 as date to open bids for repairing exterior and interior of ground storage tank and painting the tank.

--Adopted a new ordinance which will raise garbage pickup rates to produce approximately \$9,500 additional revenue which the city says it needs to keep pace with increasing costs.

--Regarding insurance matters, Council approved renewal of insurance on water plant motors, decided to get bids for employees hospitalization insurance, and instructed the city attorney to review two proposals regarding liability insurance to cover city officials and employees.

--Agreed to send a letter to the Park Board stating that \$1,000 has been budgeted for improvements in Mathis and Spencer Parks and asking the Park Board for recommendations.

--Discussed the possibility of increasing the ratio of assessment for city taxes from 33 1/3% to 40% which would produce about \$30,000 per year for operation of city service. Council agreed to take definite action (for or against the proposal) at the next meeting on April 26.

--Approved signing of checks in the amount of \$250 or more and checks affecting transfer of funds internally by mayor or mayor pro tem, together with city secretary, or in absence of both mayor and mayor pro tem, by any other alderman.

--Approved a request for a street light at the southeast corner of North Wood and Sabinal.

--Rejected a request by fire marshal Elva Mullinax for a \$50 a month gasoline allowance.

## Aransas County Commissioners Approve Two Day Care Centers

Two day care centers for Aransas County have been approved by the commissioners court.

The centers will be set up and supervised by the San Patricio County Community Action Agency's family day

care project, according to a spokesman for the agency.

Commissioners were told by Christine Harris, project director, that the family day care centers will be placed in two homes in Rockport and will be restricted to children from Aransas County.

Money for the centers will come from the agency. There will be no Aransas County expenditures.

The agency will train and supervise persons who work at the centers. Commissioners were told that the agency was asked by a Rockport resident to start the day care facilities. However, permission is needed from the commissioners court and city council before the centers could be started.

The centers will be inspected frequently by the agency to make certain they are being operated correctly, she said.

She said the centers will care for 12 children. The centers will be able to handle children from infancy through age 14.

The agency now operates 21 similar day care homes in San Patricio County. Children there are also restricted to San Patricio County.

County Judge John Wendell said he believed the day care centers would be okay as long as they are restricted to children from Aransas County. He said the county has had bad experiences with homes that bring children in from other counties.

He said the county ends up being responsible for medical care for children from other areas.

The judge also said he has not been too happy with the state welfare department's handling of local cases.

There was some concern on how the two centers might affect nurseries already in operation but commissioners were assured there would be no noticeable effect since a small number of children would be involved.

In other business, the commissioners decided to sit as a board of equalization on June 7.

## WATER DISTRICT NAMES ATTORNEY

S. Reese Rozzell, local attorney who currently is serving as assistant county attorney, was appointed attorney for Aransas County Conservation and Reclamation District at a meeting

Richard Beck, druggist, was elected first vice president, with Rev. Thomas McClung, Methodist pastor, as second vice president, and Gene A. Garcia, attorney, third vice president.

Rev. Josef A. Barton, Brethren clergyman, was re-elected secretary/treasurer. A. Sam Harris, retired Cities Service employee was renamed tail-twister.

Seventy-three senior citizens gathered at the Recreation Building on Airport Road on April 8 and reported having a real good time. Gene Rickles and his music were on hand to entertain. Refreshments were also served. Serving on the committee for this social affair were Gertrude Mills, Grace Rowe, Katie Lou Mundine and Evelyn Horton. They were assisted by Bessie & Zolzie Glass.

Mrs. Pat Works, social chairman, announced that the dances will continue each month throughout the summer. The next dance is scheduled for May 20—one week later than the usual time—so everyone please note and mark your calendars accordingly. Rickles will be present again also.

## LITTLE LEAGUE SPONSORS NEEDED

Sheriff Bob Hewes, president of the Aransas County Little League Baseball Association, announced that the Little League is in dire need of one additional sponsor for one of its teams. Hewes said that because of the increase in younger boys that an additional minor league team had to be formed. Any person or business wanting to sponsor the team, please get in touch with Sheriff Hewes.

## Pilot Sets Deadline of 5 P.M. Monday for Ads and News Items

The Rockport Pilot has found it necessary to establish a new deadline for receiving ads and news articles.

Beginning next week, the deadline for all ads (display and classified) and for all news items will be 5 p.m. each Monday.

The reason for the deadline change (from Tuesday noon to 5 p.m. Monday) is that a change has been made in the schedule of the printing firm in Sinton which prints our paper. This

firm prints more than 15 area weekly newspapers.

In order to have the Pilot printed on time for distribution in the Rockport area on Wednesday, we will have to deliver the page paste-up to Sinton earlier than in the past.

Some ads and stories can be brought in, or mailed in, on Wednesday, Thursday or Friday for use the following week, and this will help us greatly to continue publishing what we trust is an interesting and informative newspaper.

We hope that the new Monday 5 p.m. deadline will not inconvenience our friends who supply the ads and news articles which are vital to our existence. We will appreciate your understanding and cooperation.

## Schools to Buy New Bus

The Board of Trustees of the Aransas County Independent School District met Monday and canvassed the election returns of the April 3rd election.

The new Board members were administered the oath of office and welcomed as Board members.

The following officers were elected for the coming year: Otis Mundine, president; Gary D. Smith, vice-president; and James W. Hunt, secretary.

The Board discussed the absentee policy, band uniforms and the insurance program.

The resignation of one teacher was accepted and a teacher for the coming year was employed.

The Superintendent was authorized to place an order for a new bus which will be delivered next year.

## Hearing Soon For Lynch

The fate of alligator farm operator Warren Lynch could be known in the next several days, depending on when his attorney can arrange a hearing. Lynch is in Aransas County jail awaiting both a probation revocation hearing and arraignment for possession of marijuana. The two court appearances were postponed several weeks ago while Lynch underwent psychological testing in a Corpus Christi hospital.

The testing was completed about a month ago and Lynch was returned to his cell here. Testing was done by Dr. Richard Austin, a Corpus Christi psychologist. Albert Pena, Lynch's attorney, also sought Lynch's military medical records but they have not been received.

Lynch, 45, attracted nationwide attention when he stood off lawmen overnight on an island in an alligator pit. He fled to the island to avoid arrest on a probation violation complaint.

He had been arrested in early February on a marijuana charge, the second in less than a year. Lynch made bail and returned to the alligator farm off Highway 35 between Rockport and Aransas Pass.

However, a deputy sheriff visited the farm to arrest him on a warrant for probation revocation. Lynch then fled to the pit. He was indicted several days later for possession of marijuana.

Lynch's wife is now caring for the farm which houses a number of alligators.

## C of C Adopts New Budget

A budget of \$16,650.00 was adopted by the Chamber of Commerce Board of Directors at the April 6 meeting held at Duck Inn. Curtis Goodman, budget chairman, presented the budget to the members, drawing special attention to a retirement program for Chamber employees and increase in salaries.

The Chamber will contribute 5% to the retirement program and the employee has the option to pay into the program up to 15% of salary. Other increases in the budget included utilities, insurance and organizational dues.

It was stressed that continued support of each member will be needed to maintain the Chamber office and efficiency and at least ten new members would be needed to help supplement this proposed budget.

A clean up, fix up campaign for the July 4 Bicentennial celebration will be co-sponsored by the Chamber and the Rockport Art Gallery. Nancy Cooke will work with an art association member on this project.

Mick Ladner, president for 1976-77, appointed the following committee chairman: Richard Beck, Civic Award; Bill Christian, Advertising and float; Jerry Shaw, Membership; Bill Janeczek, Red Carpet and banquet speaker; Nancy Cooke, Community Planning and Development. Other officers for the new year are: Joe Randow, 1st vice president; Eddie Ratliff, 2nd vice president; Curtis Goodman, treasurer.

Directors attending this meeting were Curtis Goodman, Bill Janeczek, Mick Ladner, Steve Mahnke, John McDavid, Jr., George Peirce, III, Joe Randow, Mick Shellenberger. Also attending were Raymond Owens, Walter Falk, W.M. Muecke and Lee Wideman.

## PUBLIC HEARING IS CANCELLED

Due to an inadvertent error on the part of the city with regard to a number in a public notice, a public hearing scheduled for April 26 has had to be cancelled.

The public hearing, which will be held later, was to have given the Planning and Zoning Commission and the City Council the opportunity to consider a rezoning request in connection with a proposed retail fish market.

A new public notice will appear in the Pilot at a later date, setting a new date for the hearing.

## CB Group Is Growing

Eighty-six charter members strong, the Aransas County Citizens Band Radio Association, the community's newest civic, non-profit organization, is believed to be unique in several ways but primarily because it's believed to be the only group of CBRs in the nation to elect as its president a law enforcement officer.

Sheriff Robert (Bob) Hewes of Aransas County, who was elected the association's president, this week announced the appointment of the 4-member board of directors along with special committee chairmen and co-chairmen. He also announced that the projects committee has met twice and is confirming plans for the association's first civic service project.

**ACCEPTS TV SET** — Pictured above is Sheriff Bob Hewes presenting a new color television set to Cathy Cotton, juvenile officer, for use in the John D. Wendell Juvenile Shelter. The television set was donated by Ed Harper of Harper Real Estate. The antenna wire and accessories were donated by Jim Hailey of Hailey Homes. The set and antenna were installed free by Rockport Electronics, Ray Thomas, owner.

**PLAN EASTER SUNRISE WORSHIP SERVICE** — The Aransas County Ministers' Association is again sponsoring an Easter Sunrise Service to be held at 6 a.m. on the bayfront in the Navigation District parking lot. This year's service will feature a dramatic reading of accounts of the resurrection in first person. These dramatic monologues will be the message portion of the worship service. The account of Joseph of Aramathea will be portrayed by the Rev. Tom McClung; Mary Magdalene by Mrs. Ted Gorton; Simon Peter by the Rev. Josef Barton. The Rev. Paul Bohot will be the narrator. The Rev. Charles Fake is the chairman of the planning committee for designing this year's service.

Persons are encouraged to bring their own seating facilities—blankets, stools, or folding chairs, etc. In case of inclement weather the worship service will be moved to First Baptist Church.

Shown above (standing) are the Rev. John R. Bradshaw, pastor of First Presbyterian Church, and the Rev. Walter D. Clark, Jr., rector of St. Peter's Episcopal Church. Seated are the Rev. Charles Fake, pastor of First Baptist Church, and the Rev. Tom McClung, pastor of First United Methodist Church.

## Direct Deposit Plan Growing

The direct deposit plan recently authorized for Social Security checks is growing in popularity both nationally and locally, according to R.D. Mosier, Jr., executive vice president and comptroller of First National Bank.

Hundreds of Social Security check recipients in the Rockport area have taken advantage of the convenient plan in which the government mails checks to the bank for deposit to the checking or savings account of the recipient, according to Mosier.

Nationally more than 3 million people have signed up for the direct deposit program according to the Social Security Administration.

The Administration points out that under the plan the possibility of loss or theft of checks is eliminated and a special trip to the bank to deposit the check is no longer necessary. Also, the money becomes immediately available for use when the recipient is away from home, and there never is a problem of getting checks cashed.

Mosier points out that this safe and convenient plan can be put into operation by filling out one simple form at the bank authorizing direct deposits. Thereafter, checks are mailed to the bank by the government. Also, this arrangement can be terminated at any time the depositor wishes. This program also is available for almost any checks received on a regular basis, Mosier added.

## CB Group— (Continued from Page One)

growing hobby in America today, Sheriff Hewes said that contrary to "general opinion the majority of CBers are good, law-abiding citizens who enjoy the use of this form of communication and in our local association we know the majority are dedicated to using their equipment for the betterment of the community in all ways possible."

In addition to Hewes, the other officers are: Bruce McMahon, vice president; Sue Stinson, secretary; Joyce Lee, treasurer. Members of the board of directors are: Pete Bell, Jimmy Metzger, Mrs. Eddie Frazier and Harry Wilson.

In the board's first official session vice president McMahon was authorized to design an official association decal and identification cards for all members. Board members also approved a sample membership application which will be required of not only the charter members but of future members. They also approved the preparation of a booklet containing a general outline of the constitution and by-laws and explanation of parliamentary rules for each member.

In other business the board agreed to the creation or addition of a committee which would direct a special program to train all members interested in training for "search and rescue."

Sheriff Hewes named the following as chairmen and co-chairmen of the established committees:

Grievance - R.H. Rheinlander and Linda Lanfair; projects - Don Snowden and Louise Metzger; nominating -

Dr. Jerry Shaw; membership - Richard West and Betty Kelly; technical - Bill Janacek; activities - Carla Hare; publicity, public relations - Sue Stinson.

The regular meetings of the ACCBRA are to be held at 7:30 p.m. on the first Tuesday of every month at the Rockport-Fulton Tourist Association at the Aransas County Airport.

"However, since we are a new group we may find it necessary to call full membership meetings more often as we get all our programs underway," Sheriff Hewes declared. "If it does become necessary all members will be notified via a notice in the local news media."

Sheriff Hewes also announced that CB members voted unanimously to use Channel 11 as a call and monitoring channel then moving to another channel for communications. He pointed out and emphasized that Channel 9 is the national emergency call channel and is monitored by not only the local but most law enforcement agencies throughout the nation.

"Of course, one of our first goals as a group is to have every member know the Federal Communications Commission rules and regulations and abide by them to the best of their ability at all times," he concluded.

## Probation Officer Talks

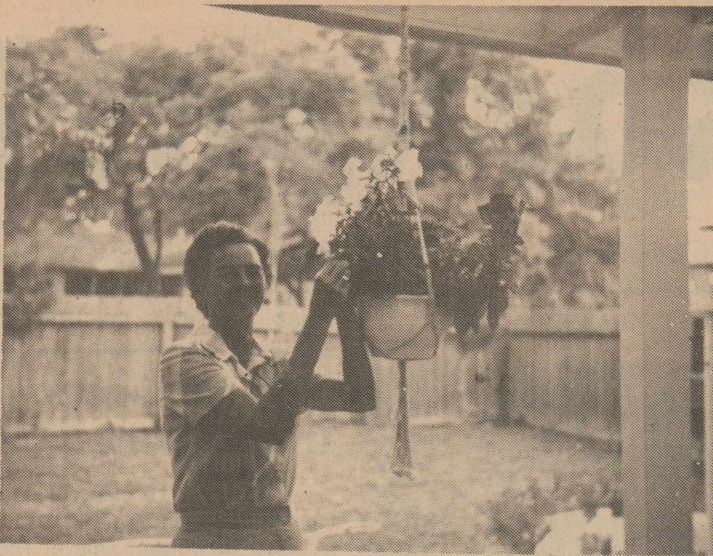

The economic as well as the moral justification for a probation system was the subject of a talk given by Ray Hymel, Aransas County adult probation officer, at a luncheon meeting of Rotary Club April 7 at Sandollar Restaurant.

Rymel began by exploring what he called some generally-held myths about probation. First, he said, a probation officer is not a police officer and does not report to police authorities. In his case he is responsible to the 36th judicial district. However, he does work in close cooperation with all law enforcement officers. He is in fact an officer of the district court.

Rymel explained the difference between probation and parole. Probation involves a suspended sentence while parole involves law violators who have served prison sentences.

He said, contrary to general belief, an offender who is given probation does not "get off." Anyone on probation is under a public cloud as to his character, having been arrested and found guilty. Also, he must pay a probation fee, usually \$10 a month, and is required to make restitution. Further, he must report to his probation officer regularly and may not move his residence without permission. In addition he faces imprisonment if he violates terms of his probation.

The typical probationer in this area is under 30 years of age, and often possesses a high degree of intelligence, although his formal education is inadequate. Contrary to the opinion of many, the typical probation-

**FLOWER SHOW APRIL 15** — The Bicentennial flower show will be presented by the Rockport Home and Garden Club Thursday, April 15 from 3 p.m. to 6 p.m. at the Meredith Long Art Gallery. Pictured above is Mrs. William G. Walston grooming a petunia-filled hanging basket to be shown.

There will be an abundance of blue ribbon horticulture and hanging baskets displayed and judged. The artistic arrangements will be judged for their design, interpretation, color, texture, distinction and condition. Mrs. Bob Evers, flower show chairman, and the club members urge everyone to attend.

er is not necessarily a member of a minority group. Rymel said all racial and ethnic groups usually are represented in about the same proportion as the general population of the area. Probationers most frequently are members of lower economic classes, lack a sense of responsibility and usually can't seem able to keep a job, he said.

As to the economics of probation, Rymel pointed out that "we just don't have enough jails to lock up all convicted law violators." Further, he said it costs at least \$1,200 a year to keep a man behind bars, while a probationer costs the state \$400 to \$500 a year, and some of that cost usually is repaid by the probationer in fees and restitution.

Some of the benefits of probation for the individual and the community according to Rymel, are that he can continue to live with his family, hold a job, and help rehabilitate himself at little cost to the state. It also was claimed by Rymel that probation is 75 to 85 per cent successful, while some 40 to 50 per cent of parolees go back to prison. Also, Rymel said too many prisons have become schools for crime, a place where prisoners learn to be "more efficient" criminals.

## Dist. Firemen Hold Session

The South Central District Firemen's Association met April 11 for its second quarterly meeting and pumper races.

## Blood Bank A Reality

The Aransas County unit of the Corpus Christi area Community Blood Bank became a reality April 12 with the first donation of 20 pints of blood by as many donors in the mobile unit parked at the Sea-Aire parking lot in front of Super-D.

The mobile unit was staffed by Glenn Harrison, Gloria Clay and Ysa Camacho of the blood bank staff, according to Earl Stephens, Jr., and Jerry Iles, local Lions Club chairmen of the new project.

The first donors were 12 members of the Rockport Lions Club, sponsoring organization, and 8 high school teachers and students.

Another date will be set for a second blood collection visit of the mobile unit.

More members are being accepted locally to give blood for medical needs of the area and to guarantee the availability of blood for members and their families whenever such a need arises. Each member whose blood is acceptable is asked to give once every two years, according to the rules of the Blood Bank.

## Cancer Drive Reports \$4,600

The \$5,000 goal for the Cancer Drive is near at hand, according to Betty Whitney, drive chairperson, with over \$4,600 deposited and more expected.

An additional \$2,000 will be raised in the "Art for Cancer" drive which will end on July 4 to make the \$7,000 over-all amount to be raised in Aransas County for the work of the American Cancer Society represented here by the locally affiliated unit headed by Gene A. Garcia.

Workers in the residential crusade were under the leadership of Mrs. Robert Lawler and Mrs. Kenneth Haley, chairpersons. Nineteen crusade captains worked with 75 volunteers. The captains are Mes-

The other members of the Senior team are Susan Stroot, Sarah Shenk, Claire Picton, Jerry Lewis, Maureen Mixon and Mary Walston.

In the Junior division boys singles Bryan Bracht lost to Chavana of Taft in the finals by a score of 6-1, 6-0. The Junior Girls Singles was won by Tamie Bush who defeated Mary Todd of Tuloso-Midway by a score of 6-1, 6-4. Barbara Allen lost in the semifinals to Mary Todd in the Junior Girls singles. In the Junior Girls doubles Squeaky Love and Deena Kramev lost to Acuna and McDaniels of Sinton by a score of 6-1, 6-1. The rest of the winning members of the junior division are Vic Gehring, Mark McGlathery and Jimmy Garrison.

The members winning first, second and third place awards received medals for their efforts. The senior and junior teams won two big beautiful trophies that are on display in the principal's office.

The tennis team would like to thank the Rockport Racquet and Yacht Club for the use of their courts for without them the team probably would not have been able to go as far as they did in district.

## CHAMBER CORNER

This is the beginning of a new year for the Chamber of Commerce. Our fiscal year begins April 1. There are lots of plans in the making for this coming year and we will need all the support of our members and all enthusiastic residents. The first thing on the agenda is a clean up, fix up campaign co-sponsored by the Chamber and the Art Association. We want everyone to join in; paint, chop weeds, clean or whatever

in preparation for the big July 4 weekend. This will be the 7th annual Art Festival and we anticipate many visitors to the area. Already inquiries are being received at the Chamber office and the Art Gallery about the event.

A report published by U.S. Travel Data Center showed travel industry receipts were up 10% over '74. The merchants and businessmen of Aransas County know this. We had the best winter tourist season ever and are looking forward to another one next year. There wasn't a day went by that there weren't 10 to 20 people in the Chamber office looking for things to see and do in the area this past winter.

Newest member to the Chamber roster is Robert Maxwell, owner of Toast of the Coast Herald. Welcome to the Maxwells.

**IT'S PRETTY** — Four-year-old Robert Konvicka, Jr., appears to enjoy Gertrude Bryant's oil of a large magnolia blossom on display in the lobby of First National Bank.

The painting is a part of a display sponsored by Rockport Art Association, and includes an architect's rendition of the gallery-museum to be constructed in Navigation Park by the association. Also on display is a gulf seascape by Estelle Stair, manager of the association's present gallery on Austin Street.

The exhibit in the bank lobby is the latest in a series of displays arranged by the bank's continuing committee on art of which Gladys Gibson is chairman.

Young Konvicka is the son of Mr. and Mrs. Robert Konvicka. His mother, Lois Konvicka, formerly was assistant cashier at First National.

## Collins And Fair Wed

Miss Shawn Rae Fair became the bride of Wayne Clark Collins in a Saturday afternoon ceremony at First Presbyterian Church. The Rev. John Bradshaw performed the double ring ceremony.

The church was decorated with yellow and white daisies. An archway of greenery and daisies was at the front of the church.

Parents of the bride are Mr. and Mrs. Paul A. Fair, Rockport, and the groom is the son of Wayne E. Collins and the late Oleva Collins, Rockport.

The bride, given in marriage by her father, chose a gown of ivory organza with a wedding band neckline and short cap sleeves. The empire bodice and sleeves were appliqued with white venise and venetian point lace.

The A-line skirt was held in soft gathers at the back and fell into a chapel length train. The white lace appliques were repeated down the front of the skirt and around the bottom. White venise scallops bordered

the double layered walking length mantilla of ivory illusion, attached to a raised lace cap. She carried two yellow roses on a white Bible.

Maid of honor was the bride's sister, Renee Fair, and bridesmaids were Terry Lon and Pam Hurt, Houston, and Melissa Ramirez, Rockport, friends of the bride. They wore floor length dresses of voile with polka dots and carried nosegays of white daisies with yellow ribbons.

Flower bearers were Holley Tiner, Rockport, and Ryan Krueger, San Antonio, nephew of the groom. Ring bearer was Bart Collins, brother of the groom. Best man was Jackie Mundine, friend of the groom. Ushers were Dean Krueger, San Antonio, brother-in-law of the groom, Robert Bryson and David Tiner, friends of the groom.

The groom wore a white tux with black pants and vest. Best man and groomsmen wore yellow

luxe with black pants and vest.

Miss Lynn Lang furnished the music. Mrs. David Tiner sang "Entreat Me Not To Leave Thee" and Bobby Jackson sang "The Twelfth of Never."

A reception was held at the Rockport Racquet and Yacht Club. The cake was decorated with 420 handmade daisies. Daisies and greenery decorated the club. There was also a champagne fountain.

After a wedding trip to Lakeway, Austin the couple will be at home at the Villa del Palmas Apts., #D4. The bride chose a white linen pant suit for her going-away attire.

Mrs. Collins is a student at Rockport-Fulton High School and is employed at Winn's. Clark is a graduate of Rockport-Fulton High School and is owner of Coastal Marine. The groom has been a resident of Rockport the past eight years and the bride one year.

## Council on Aging Meets

The Executive Board meeting of the Aransas County Council on Aging was held on April 12 and presided over by Neil Gage, chairman and director. During the month of March, 47 individual trips were made by both the director and members to take people to doctors in Corpus Christi.

The following members were present: John L. Leslie, Rev. John Bradshaw, William McNickle, Neil Gage, Geneva Taylor (secretary), Rev. Tom McClung, Zolzie Glass, Raymond Owens, Beatrice Tijerina, Evelyn Townsend, Jim Bibbs and Neva Sorenson.

A general discussion was

held on plans of operating more efficiently during the coming months as well as to promote additional operating funds.

The regular monthly meeting has been changed to the first Monday of each month at 10 a.m. at First Presbyterian Church.

Various phases of the operation also were discussed by the members present.

## RFHS Drama Club Play

An evening with the RFHS Drama Club begins Apr. 24 with the VIL play, "Cave Cat" which won fourth place in the one-act play contest.

The actress, Brenda Valdez, was selected to the all-star

cast, while Molly Hynes and Bonnie Evans were named honorable mention.

In this play watch the Cave Cat stand up for his own beliefs, while different groups try to make the Cave Cat like themselves.

Next in line will be performances by the Super Saxes during intermission. These fine young students of RFHS: Larry Young, Scott Hiller and Mark Gilliam, will entertain you with rag-time music.

The melodrama, "Egad, What a Cad!" follows. Watch the sweet, innocent nurse be

saved by the dashing, romantic gentleman despite the vain attempts of the plotting villain.

Come and enjoy the "Cave Cat" while you learn about yourself and society. At intermission you will be pleased to hear your old rag-time favorites played by the best saxophonists around. You'll love looking and listening to the melodramatic "Egad, What a Cad."

Tickets will be sold at the door for \$1.25 per person. Please come. This is one program you'll remember for years.

## Home & Garden Club Meets

The Rockport Home & Garden Club met in the Ronald Levy home on April 8th. Following refreshments, the president, Mrs. Connie Garcia, called the meeting to order. The secretary, Mrs. Louella Harrell called the roll and read the minutes from the previous meeting. Mrs. Alice Moore read the correspondence. She also reported that reservations must be made for the May luncheon. If needed, a called summer meeting will be held to plan for the fall SeaFair.

The meeting was turned over to the flower show chairman, Mrs. Pat Evers. She reported that everyone has done a fine job in planning the show, and she knows it will be a fun show. Each committee concerning the flower show reported on its progress.

The program was a question and answer time since members had many questions concerning the arrangements and horticulture exhibits for the show. Mrs. Lillian Thomas, chairman of horticulture entries, and Mrs. Betty Adams, chairman of artistic entries, reviewed the rules of shows and answered many questions that will help make this a good show.

## FACT ON ISSUES IN THE STATE SENATE RACE

SENATOR A. R. "BABE" SCHWARTZ has authored and co-authored legislation to create a Texas Public Utilities Commission since his election to the Senate in 1960.

In 1975, SCHWARTZ co-authored a bill creating the present Public Utility Commission of Texas and fought to retain provisions in that bill for the Commission to regulate all utilities.

On March 20, 1976, SCHWARTZ requested that Governor Dolph Briscoe call a special session for the purpose of legislating to reduce the runaway utility cost being paid by Texas consumers.

By March 27, 1976, Governor Briscoe replied to the SCHWARTZ request, which had then been joined in by a substantial number of legislators by stating in a press conference that he would call such a session if the legislative leadership could agree on a plan to reduce utility rates.

On March 31, 1976, SCHWARTZ proposed a three-point program to the Subcommittee on Consumer Affairs of the Texas Senate which would:

- (1) eliminate the sales tax on utilities in Texas
- (2) restructure the severance tax on natural gas to a unit tax rather than a percentage tax at the wellhead, and
- (3) move up the effective date of the Public Utility Commission regulation of utilities in Texas to July 1 and immediately place gas utilities under that regulatory authority as proposed in his original bill.

Texas collected 40% greater revenues from the natural gas severance tax in January, 1976, than were collected in January, 1975, and much of that increase is being paid by Texas consumers rather than out of state users who now buy Texas gas cheaper than Texas citizens and pay less tax for it.

On April 12, 1976, SCHWARTZ proposed his plan to the Subcommittee on Consumer Affairs and sought their support for his program and the Special Session so badly needed by the consumers of this state.

SENATOR A. R. "BABE" SCHWARTZ is the only candidate in this race who has ever done anything to bring about utility regulation and lower rates in Texas and the only one with proven ability to do anything in the future and a commitment to do so.

SENATOR BABE SCHWARTZ will continue to use his legislative ability and seniority in the Texas Senate for utility regulation in Texas.

RE-ELECT SENATOR A. R. "BABE"

## Nursing Home News April 5-11

The activities at the Aransas Pass Nursing and Convalescent Center were very good.

Monday afternoon Mr. Kielly, a winter visitor in our area who comes from Fort Collins, Colo. and plays piano, was back over for an hour of the playing and singing of the old time favorites that so many of our residents enjoy singing and which bring back fond memories of days gone by.

Tuesday morning we got our exercise class under way. This group of residents who do take part in the exercises are convinced they are a very necessary part of their day.

Tuesday evening Susan McVey from the San Patricio County Library out of Sinton, was over to show movies to our residents.

Wednesday our paint class

had to be postponed but will resume again this week.

Thursday morning Bro. Alton Pruitt and his ladies from the Aransas Pass Pentecostal Church of God were out for their weekly program. Bro. Pruitt is going to bring his group that entertained us several Monday evenings ago on the nineteenth of this month so anyone that wishes to come hear this very beautiful program, you are invited to do so.

Thursday afternoon the Aransas Pass Rebekahs were out for their game day which everyone looks forward to.

Thursday evening "Stations of the Cross" was observed for our Catholic residents.

Friday was rather a day for doing the things our "little people" enjoy doing by themselves or in a foursome, playing canasta or dominoes. Some crochets and then some just watch TV and sit around and

visit. Our ladies, of course, are busy getting the hair done up pretty.

Saturday morning Father James Hamilton was out to administer Holy Communion to our Catholic residents.

Saturday afternoon we were entertained by our very own duo, Pat and Al, "The Musical Pals." This program is always enjoyed by all. We are so very proud to have such talented people living with us.

Sunday morning Rev. Al Bankert was out for our church service. Johnnie Dunbar, another one of our talented residents, plays for this service.

Sunday afternoon the members and friends from the Ingle-side Church of Christ were over to have their monthly group singing.

I would like to say thanks to Mrs. Darlene Fisher for the clothes and the walker she gave to us that had belonged to our very much missed Gladys Harris. Darlene was Gladys' niece. Also, to the Rebekahs for allowing us to continue using the wheelchair that Gladys was using.

Thanks to the family of Lela Mae Hartman for all the nice clothing they gave to us. Again, I must give a loving thanks to Wayne Pruitt for donating our Easter decorations.

Also, Mr. Eugene White, who is a resident in our home, on behalf of his wife and his daughter who so artistically made one of the most beautiful "Easter egg trees," we say thanks. This tree is one of the most beautiful as well as unique that I have ever seen. You must see it to really know what I am talking about.

This being Holy Week, we hope to have you that wish to, come out to visit us and see our gay decorated home. We are very proud of our home, our staff and of all of you in this area who help to make it a nicer place to live.

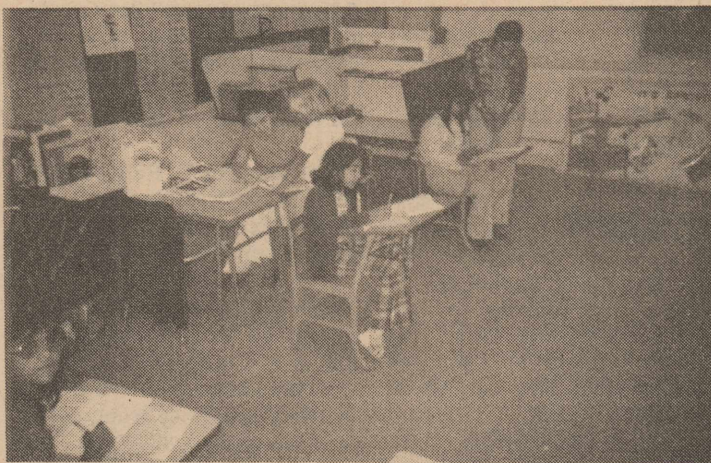

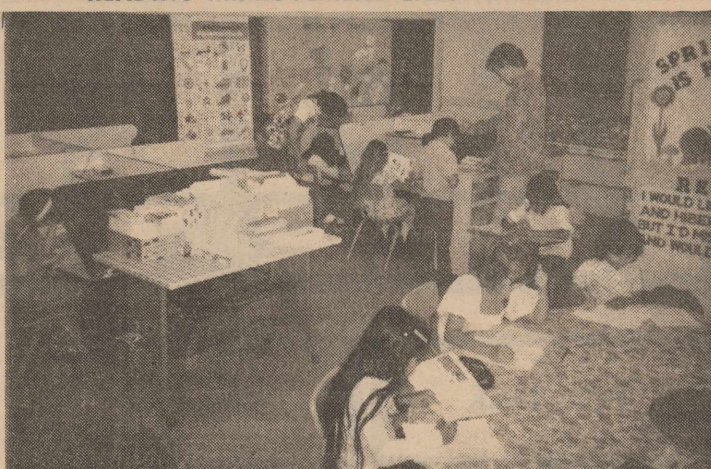

### LETTER TO EDITOR

I would personally like to thank the many volunteers who worked hard during the United Cerebral Palsy Telethon March 7th. I would also like to thank the many persons who donated to such a worthwhile cause.

It was a pleasure working with the people of Rockport. Best wishes,

### READING IMPROVEMENT LABS AT SCHOOL

Two hundred pupils of Rockport Elementary School have participated in a reading improvement program this year. They have received small group instruction in the reading improvement labs under the direction of Mrs. Sara Miller and her aide, Mrs. Minnie Benavidez, (top photo) and Mrs. Sofie Perkins and her

aide, Mrs. Jackie Hattenbach (bottom photo).

A variety of materials including the tutorette, cassette players, read-along records and tapes, books, learning games and kits are available. Areas of instruction include vocabulary development, phonetic and structural analysis and improvement in comprehension. The teachers and their aides

have developed a game library consisting of over two hundred games which may be checked out in the same manner as library books. They provide reinforcement of the skills being taught and make learning fun. Parents are encouraged to play the games with their children, too.

There are similar reading programs in other schools in the Aransas County Independent School District. Mrs. Betty Foster and her aide, Mrs. Johnnie Kibodeaux, provide instruction at Live Oak and Fulton. Mrs. Billye Cooke and her aide, Mrs. Cheryl Johnson, work with pupils at Rockport-Fulton Junior High School.

## OUTDOORS 'n things

by  
L. D. NUCKLES

We have been talking planning for camping vacations for the last few weeks and we've discussed a lot of things. One of the unpleasant things we haven't talked about is the possibility of encountering rabid animals.

Rabies is a year-round disease that is often found in Texas wildlife. In some years almost a thousand confirmed cases are reported.

Some logical precautions should be second nature to the outdoorsman, and he should be sure that it becomes second nature to his children as well. One should never attempt to catch or handle wild animals. If you can catch them there's very possibly something wrong with them, and it could be rabies.

Never have anything to do with friendly wild animals. Any wild animal that acts friendly to man is bound to have something wrong with it. A fox or skunk, or any other wild animal, that wanders into your camp and appears to have no fear of humans could quite possibly be infected with rabies -- this is one of the symptoms, no fear.

If bitten by any animal, cleanse the wound thoroughly

and seek medical attention. If at all possible, kill or capture the animal involved so that it can be checked for rabies. The brain tissue of the animal is what is needed for examination so do not shoot it in the head. Keep the carcass cool but not frozen.

I am told that only 20 percent of the persons bitten by a known rabid animal will contract the disease. There are only about 30 cases of rabies in humans diagnosed in the United States each year, but remember, rabies is a fatal disease. Once you contract it -- you die. I only know of one case where it was confirmed that the patient had rabies, and the patient survived.

Prompt medical treatment after exposure, however, can prevent the disease.

A great deal has been said about the terrible pain of the treatment. I understand that it's nothing like as bad as it once was -- but everyone agrees that it's still no picnic. Regardless of this, the pain of the treatment is nothing like as permanent as being dead.

There are many other diseases that can be transmitted to man from wildlife. With this in mind, look with a jaundiced eye at any animal that acts peculiarly or looks sick. Insects, especially ticks and mosquitoes, transmit many diseases so use plenty of repellent and keep these pests away. Like so many other things, avoiding diseases that are carried by wildlife requires just a little bit of knowledge and a lot of common sense.

### PRIVATE PROPERTY WEEK APR. 18-24

"Whether you are a Vietnam veteran or a war protestor, whether you are divorced or married, the dream of owning your own home is still the big dream in America," said Jo Barkley, president of the Aransas-San Patricio Board of Realtors this week in talking about Private Property Week, April 18-24.

Certainly the younger generation has been critical of many of the values of the older generation, but when it comes to pride in ownership of a home, then all difference seem to vanish. This is proved over and over again in surveys of the national scene.

Today's young people want a house for the same reason their parents did 20 or 30 years ago.

Historically, a house on its own spot of land has always been and still is a reliable investment.

A home establishes its owners as responsible members, often permanent members, of the local community.

A home gives a great sense of privacy and a feeling of being able to create a place just suited to individual needs and interests.

A home produces an attractive living environment.

And, everywhere parents agree that this kind of life still seems to foster an atmosphere most happy and pleasant to raise a family.

It's great that the American Dream of having a home of your own is still the dream that comes true all over this nation. That's why the National Association of Realtors and our local board is so happy to celebrate this week, Private Property Week.

## Dropping The 'H'

One of the recent decision of speech experts is that Americans drop the "h." Why should we? "H" is an honorable letter in the alphabet and it's easier to understand words and sentences using it than to abandon its pronunciation. The Spaniards and those speaking the Romance languages tend to drop it but in the English language, derived from the Germanic, Ro-

manche, Scandinavian and other languages, there seems little justification for abandoning "h."

Therefore, dear readers, stick with old "h" if you like it. Those blindly following the latest fad take great pains to ignore its existence and often sound silly.

## 7th, 8th TRACKSTERS

Rockport-Fulton's seventh and eighth grade track teams both finished fourth in the district track meet in West Oso. The seventh grade totaled 74½ points while the eighth grade had 64 points.

First place medals were won by 8th grade 440 relay team consisting of James Stevens, David Smith, Alvin Bardwell and James Simmons. Simmons also won gold medals in the 100 and 220 yard dashes. Kroy DeForest remained undefeated in the shot put winning first in that event. Johnny Little also stayed undefeated in the 220 yard dash. Rueben Molina captured first in the 330 yard dash. Total first place medals for the Bucs was nine.

Second place medals were

won by the following Bucs: David Williams in the pole vault, Johnny Little in the long jump and 100 yard dash, Esiquel Hernandez in the 1320 yd. run, and the seventh grade 1320 yd. relay made up of Rueben Molina, Abraham Cocke, Kroy DeForest and Johnny Little.

Other finishers for the Bucs were David Smith, third in the 330 yard run; Kroy DeForest, 4th in the discus and the 1320 yard relay team (8th) David Smith, Bruce Bardwell, Alvin Bardwell and James Stevens finished 6th.

The medals and ribbons won by the Junior High athletes are a great accomplishment considering there were 30 contestants in every event. The District track meet ended the Buc track

4. That said decree permanently enjoin Defendants, each of them, and all persons claiming under them, from asserting any adverse claim to Plaintiff's title to said property;

5. For costs of this action; and

6. For such other and further relief as the court deems just and proper.

as is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

### W.S. COAKER DIES

Wm. S. Coaker, 74, died about 6 p.m. April 5 at Baylor Hospital in Dallas. Born April 22, 1901 in Red Level, Alabama, orphaned at an early age, he traveled the entire United States before adopting Texas as a home state. Coaker worked for Metzger Dairies in Dallas, Houston and San Antonio for 23 years. During World War II his son was taken prisoner of war on Corregidor and Coaker came to the coast seeking solace out on the water. His son was killed during the war and Mr. and Mrs. Coaker retired to Rockport permanently.

He owned and operated Coaker's Aquatic Foods for a few years then, losing his waterfront lease, followed the occupational seasons of the seafood industry, continually finding a comforting peace out on the water.

Among his survivors are his wife, Eva Coaker; daughter, Mrs. Steve Theodore; and four grandchildren: Katherine, Bill, David and Steve Theodore, Jr., all of Rockport.

## IN MEMORY

The following poem is printed here in loving memory of Wm. S. Coaker, born April 22, 1901 in Red Level, Ala. He died April 5, 1976 at Baylor Hospital, Dallas, Texas.

### THE BRIDGE BUILDER

An old man, going on a lonely way,  
Came at the evening, cold and gray,  
To a chasm vast and deep and wide;  
The old man crossed in the twilight dim,  
The sullen stream had no fear for him;  
But he turned when safe on the other side  
And built a bridge to span the tide.  
"Old man," said a fellow-pilgrim near,  
"You are wasting your strength with building here;  
Your journey will end with the ending day,  
You never again will pass this way;  
You've crossed the chasm deep and wide,  
Why build a bridge to span the tide?"  
The builder lifted his old, gray head—"Good friend, in the path I have come" he said,  
"There followeth after me today  
A youth whose feet must pass this way,  
This chasm that has been naught to me,  
To the fair-haired youth may a pitfall be;  
He, too, must cross in the twilight dim;  
Good friend, I am building this bridge for him."

## Demo Stump Night Success

The shrimp gumbo supper and old fashioned political "stump night" held this past Saturday night was a great success. A number of top democratic candidates were represented and most of the local candidates participated.

The affair was sponsored by the Aransas County Democratic Women for two very special reasons. The Democratic women feel that the candidates should meet the voters and the voters should have an opportunity to see and talk with the candidates. The other major function was to raise funds to help pay for the upcoming Democratic Primary Election. The ladies wish to keep the Aransas County Democratic party self-supporting and free from having to accept state funds.

All of the members of the Aransas County Democratic women worked hard on this affair and it showed. The V.F.W. Hall was gaily decorated in red, white and blue, the food was great and everyone had a fine time.

A very special thanks is given to L.E. Casterline and N.F. Jackson, Sr., who so generously donated the shrimp for the gumbo. The women also wish to thank the public for its fine support and attendance.

### TUESDAY COFFEE

Pepper Everett was hostess at a coffee at her home Tuesday afternoon to a large group of Democratic women interested in the re-election of incumbent Ellis L. Clark to the office of County Attorney.

Clark spoke to the women and advised them of the duties of and services provided by the office. He also answered questions concerning the forthcoming Democratic primary. Among subjects discussed were absentee voting, precinct boundary lines, voting eligibility and the importance of voters being informed as to the capability of a candidate.

## TO THE PEOPLE OF ARANSAS COUNTY

It is a fact that most home and business burglaries occur after midnight. Burglaries have been on an increase over the past eight years. Did you know that under your present Sheriff's Department you have no officer on duty from midnight until seven o'clock? This means Mr. Voter that you are unprotected during one of the most crucial times of the night. When the burglar is awake, your sheriff's department is asleep! It's up to you, the voter to judge the facts and make the decision by way of your vote. The Sheriff's Department has five men including the sheriff. The manpower is adequate if everyone works. You must have a full time sheriff not one that works only when politics dictate.

- It is time to take the Sheriff's Department out of the hands of private enterprise and give it back to you, the people.
- It is time for money and politics to stop dictating the Sheriff's Department.
- You have seen what a little money can do, now see what your vote can do.
- The office of sheriff is a twenty-four hour job, not an eight to five job or just a sideline.
- If you want your Sheriff's Department to be operated as it should be, by the people and for the people, then do your part and vote for Don "Jolly" Moses on May 1st, 1976.

Together let's make this "Your Country", not Hewes' Country as certain people will lead you to believe.

## NURSING HOME NEWS MAR. 29-APR. 4

The Aransas Pass Nursing and Convalescent Center's activities for last week got off to a very good start Monday evening when Rev. Alton Pruitt of the A. P. Pentecostal Church came out with his family, which included his wife, three daughters, 2 granddaughters, 2 grandsons and Mr. and Mrs. Martin and a young choir of girls and let me tell you they really made some beautiful music together. All of our residents thoroughly enjoyed the program of playing and singing. Rev. Pruitt promised to come back for an encore very soon.

Tuesday morning we began our daily exercises and Tuesday afternoon was birthday party and game day. The WMU ladies of the First Baptist Church of Aransas Pass came out for this party as is their usual custom with ice cream and cupcakes, punch and dietetic cookies for our diabetic residents, and a gift for each resident observing a birthday in March. We all had a wonderful and entertaining day.

Wednesday morning right after exercises, Jean Windham and Ethel Woollard were out to teach our Tri-Chem Paint class. We are very proud of these two dear ladies for coming out and doing this. Jean also comes out on game days and does volunteer work.

Thursday morning, Bro. Pruitt and the ladies were again on hand for their weekly Pentecostal Hour.

Thursday evening the "Stations of The Cross" was again conducted by Dora Rodriguez and Penny Gonzalez for our Catholic residents.

Friday afternoon our own Alfred Zabel on accordion and Pat Baker on guitar gave us a very nice musical program which is always enjoyed. They also decided to give themselves a name, which is: "Pat And Al-The Musical Pals." I think it is a very nice "handle," don't you?

Friday evening the Aransas Pass Church of Christ came out for "The Bible on Film," which so many of our "Little People" enjoy.

Saturday morning Father James Hamilton was out to administer Holy Communion to our Catholic residents.

Saturday night Johnny Townsend and his group came out and played "Blue Grass" music for us. Everyone has really been missing Johnny. He used to come often when his work would let him. Thanks! boys, for making so many happy.

Sunday Church Services were held with Rev. Al Bankert leading our morning service.

Sunday afternoon the members from the Portland Baptist Church were over for their monthly program.

I would like to thank Sara Adams of Corpus Christi for the beautiful bouquets of sweet-peas she brought over last Sunday and also Mrs. Henry Schnabel of Fulton, whose sister lives with us for all the flowers and other things she brings to us. Again, we had a nice and busy week.

## Talks About South Africa

Members of First United Methodist Church heard an illuminating talk on "The Republic of South Africa" at a breakfast meeting at the church Monday morning.

The speaker was Charles M. Fenwick, who lived and worked in South Africa for 22 years and now resides at Key Allegro.

Fenwick said: "Quite a lot is published in the daily press on the subject and from what I have read most of what is published is derogatory and incorrect either by design or due to ignorance."

"Although the RSA comprises only 4% of the total land area of the continent of Africa and about 6% of its total population it is economically by far the most important African State as will be concluded from the following percentages of the continent's totals: 27% of its total geographical income; 40% of its industrial production; 20% of its exports, 18% of its imports; 45% of its mineral output; 50% of its foreign investment; 50% of its electrical power; 50% of its telephones; 50% of its vehicles; 45% of its gasoline consumption; and 30% of its railroads."

These figures, the fact that the major political parties in South Africa are committed to the principles of free enterprise; that no foreign company has ever been nationalized and South Africa's relatively low taxes, sets a most favorable climate for investment. Add to these facts that the average return on investment is from 15 to 17% (in some cases the figure was quoted as high as 22%) and it becomes clear why South Africa attracts 50% of all the total foreign investment in Africa.

"In the last census available to me the population of the RSA was made up by the following ethnic groups: Zulu-4,026,082; Xhosa-3,929,922; Whites-3,779,000; Coloureds-2,018,533; Tswana-1,718,508; Sepedi-1,603,530; Sesotho-1,453,354; Shangaan-736,978; Asians-620,422; Swazi-498,704; Vanda-357,875; South Ndebele-232,922; and North Ndebele-181,719."

"Other than the Asians, Coloureds and Whites mentioned

above the black people are collectively known as "Bantu" which means people and they are definitely not a homogenous group. They are distinct nations of primarily mixed Hamitic and Negroid descent differing from each other just as much or more so than, say, Sweden and Italy. There are 10 different Bantu languages.

"The Bantu migrated southwards from the vicinity of the great lakes of central Africa at more or less the same time as the settlers of European or Caucasian stock began to settle in the South."

"Western civilization was brought to the Southern tip of the African continent by the Dutch who settled at the Cape in 1652. Except for small bands of nomadic Hottentots and Bushmen, the land, for hundreds of miles to the North and East, was virtually uninhabited. The number of white settlers grew with the arrival of the French Huguenots (1688), the British settlers (1820) and the Germans (1848-1858). These were the ancestors of the White South African nation, which today is a nation in its own right, with its own way of life, and not a random assortment of immigrants. More than two centuries ago, the White South Africans chose Africa as their one and only fatherland at a time when many European countries still regarded Africa as a dark continent."

"Asians (predominantly Indian) first came to South Africa in 1860 as indentured laborers on the sugar plantations in Natal under an arrangement sponsored by the British Government. Their numbers were subsequently increased by other Indians, who came to the country on their own initiative as traders, merchants and craftsmen."

"The Cape Town Agreement, concluded in 1927 between the Governments of South Africa and India, made provision for a voluntary State-aided repatriation scheme whereby Indians were given free passages plus cash bonuses for their return to India. Very few availed themselves of the repatriation scheme and in spite of the bonuses being increased in 1949, the scheme did not prove to be a success. Today many Asians are prosperous merchants, brokers, lawyers, doc-

tors, building contractors and industrialists. Others find a living as market gardeners and sugar-cane growers or as skilled and semi-skilled workers in industry. Until recently Indians have tended to concentrate on trade, but steps are being taken by the authorities to encourage occupational diversity. The Department of Indian Affairs has established a representative Indian Council which has power to handle the affairs of the Indian community."

"The only indigenous peoples with whom the early White settlers came into contact were the nomadic Hottentots and Bushmen. The Bushmen have remained a separate people. They live in the semi-desert areas of the north-western Cape and neighboring territories where they continue their stone-age existence."

"The Hottentots were decimated by two epidemics of smallpox soon after the arrival of the Dutch settlers. Those that remained have, over the years, interbred with other races and peoples and constitute the main body of the Coloured people of today."

"The Cape Malays, a separate community among the Coloured people, have for centuries retained their identity, their culture, their customs and their muslim religion."

"Most of the Coloured people live in the western Cape Province."

"South Africa is a sovereign independent Republic, established on 31 May, 1961. Prior to that from 31 May, 1910 to 30 May, 1961 the country was known as the Union of South Africa."

"The Republic of South Africa consists of the same four provinces as the former Union: The Cape of Good Hope, Transvaal, the Orange Free State and Natal."

"The Republic also administers South West Africa. In December 1920 the Council of the League of Nations confirmed the mandate granted by the Principal Allied and Associated Powers to South Africa to administer South West Africa. The mandate expired upon the dissolution of the League of Nations. South Africa has been administering the territory since 1920 as an integral part of the country, as was provided

under Article 2 of the erstwhile mandate.

"Cape Town is the legislative capital and the seat of Parliament; Pretoria is the administrative capital and seat of the civil service and Bloemfontein, the seat of the Appellate Division of the Supreme Court, is the judicial capital."

"Executive power is vested in the Head of State, the State President, who is elected for a term of seven years by an electoral college comprising both Houses of Parliament. Legislation approved by the South African Parliament becomes law when it receives the State President's assent."

"The State President is advised by the Executive Council which consists of the Prime Minister and 17 other Ministers of State: the Cabinet. There are six Deputy Ministers who are not members of the Cabinet. All Ministers and Deputy Ministers are appointed from the ranks of the governing party. Each Minister is the political head of one or more Departments of State, each having as its administrative head a Secretary who is a permanent civil servant."

"Legislative power is vested in Parliament which meets in Cape Town. Parliament is bicameral—a House of Assembly and a Senate."

"The 166 members of the House of Assembly are elected every five years, 160 by the registered voters of South Africa, 6 by the electorate of South West Africa."

"The Senate has 54 members, 44 of whom are elected by electoral colleges; 15 for the Transvaal, 11 for the Cape Province, 8 for each Natal and the Orange Free State, and 2 for South West Africa. (An electoral college consists of the members of Parliament and of the Provincial Council of the province concerned.)"

"In the case of South West Africa the electoral college consists of the members of Parliament and the members of the Legislative Council.) The State President nominates the other 10 members, 2 each for the four provinces and South West Africa. At least one must possess a thorough knowledge of the Coloured people of his or her province."

"The Senate is largely a house of review, although a Bill may be introduced in either the House of Assembly or in the Senate, with the exception of Finance Bills which may be introduced in the House of Assembly only."

"The current state of the parties is as follows: Senate; National Party-41 seats and United Party-13 seats;

House of Assembly; National Party-118 seats, United Party-47 seats and Progressive Party-1 seat."

"The National Party came into power in May 1948 and has won all subsequent elections (1953, 1958, 1961, 1966 and 1970)

"Each of the four provinces has a unicameral legislature known as a Provincial Council which is elected for five years on the same franchise as that of the House of Assembly. The chief executive officer of each of the provinces is the Administrator. He is appointed by the

State President for a period of five years. The Administrator and four members of each Province Council form an Executive Committee for the province."

"Legislation passed by Provincial Councils is called an ordinance and concerns matters such as education, hospital services, local authorities, roads, traffic, bridges, markets and pounds, fish and game conservation."

"Basic to South African Politics and government is the policy of separate development, leading towards sovereign independence for the different Bantu national units (nations) in South Africa. It envisages eventually a number of self-governing politically independent Bantu nations which will be free to associate with the Republic of South Africa for certain common purposes should they so desire."

"The focal points of this political development are the homelands of the various Bantu nations, those parts of the country larger than England and Wales in which they originally settled and which were subsequently enlarged by purchases of land from adjoining White areas with funds provided by the South African Government."

"In these homelands each Bantu nation is engaged in modifying its traditional system of government in ways which will enable it to carry the full responsibility of self-rule under modern conditions. Such political autonomy for the Bantu nations can only be attained by comprehensive social and economic development programmes to enable them to become as self-sufficient as possible in all spheres of national activity."

Top priority is being given by the South African Government to the implementation of these programmes in association with the recognized leaders of each national unit."

"Separate development is based on the concept that each of the various nations of South Africa is a nation in its own right, and that one is neither subordinate nor inferior to the other."

"Twenty-two religious denominations claim adherents in South Africa, but there are only five main faiths or groups of faiths. Of the Whites, more than 2 million are members of the Dutch Reformed Church (Nederduitsch Hervormde Kerk and the Gereformeerde Kerk.) More than 440,000 Coloured and 524,000 Bantu are members of the Dutch Reformed Mission Churches in South Africa. The Anglican Church claims just under 1.5 million adherents of all groups. There are nearly 1.25 million Roman Catholics, including 500,000 Bantu, and large congregations of Methodists, Presbyterians, Apostolics, Hindus and Muslims."

"The following churches and faiths are also represented: Congregational, Lutheran, Greek Orthodox, Baptist, Christian Science, Seventh Day Adventist, Full Gospel Church, Jewish and Confucian. There

are at least 2,000 Bantu sects. "Only about six per cent of the Asians are Christians."

"A last note, education, for it is by education that any people better themselves. In South Africa every cent paid in taxes by the Bantu is used EXCLUSIVELY for Bantu education, further, this taxation constitutes only 20% of the total Bantu education budget. The remaining 80% comes from the white taxpayer. The percentage of Bantu attending school in South Africa is higher than that of Europe and almost twice as high as the figure for the rest of Africa."

"I ask you, gentlemen, to

remember these numbers when you hear South Africa criticized, even by missionaries of Christian Churches and remember also that the Republic of South Africa, together with its northern neighbour, Rhodesia, is one of the world's leading opponents of that great menace to mankind—communism. As such it deserves the support of all Americans."

Hope So  
A small boy, visiting New York for the first time, went in an elevator to the top of a skyscraper. As he shot past the 62nd floor at breathtaking speed, he gulped, turned to his father, and asked "Daddy, does God know we're coming?"

Jim: Why do you call your dog Baseball?  
John: He catches flies, chases fowls, and runs for home when he sees the catcher coming.
