MORTON, TEXAS, THURSDAY, MARCH 31, 1955

NUMBER IV

MEETING WAS HELD LAST FRIDAY

## Doctors School Authorities Map Procedure To Be Followed If Polio Vaccine Is Okayed

When the eagerly awaited Francis Report on the Salk Polio Vaccine is made public, Cochran County will have the wheels in motion to proceed with the "go ahead" signal.

Dr. Brown told the group as much as has been released on the newest vaccine. He also passed out pamphlets. He said children will react somewhat similar to their reaction after receiving small-pox vaccinations.

Will the injection be recommended to all, even if the Francis report is favorable? That's the \$64 question. It seems likely that the question will be answered only by your regular physician. Naturally, certain age groups are more susceptible to polio. For this reason, the students in elementary schools, not

yet in school, and up to the ages of about 16 are those who would be more urgently in need of the vaccinations. As for others, the doctors will base their decisions upon the physical condition of the individual.

This fact was made clear to a gathering of about 20 persons Friday evening who met to hear the latest facts from Dr. Dan Brown, in the progress of the Salk Polio program.

Teachers from every school, two principals, at least two principals, the County Judge, the County Health Nurse, and several other county officers were present. The purpose was to outline what must be done quickly, if the Francis report says "Salk Vaccine is proved successful."

Dr. Brown outlined the latest facts known to date. They weren't much more inclusive than has already been reported. But the most important fact of all he brought to the quick action, as soon as the Salk vaccine is approved.

The whole program, and its conception is somewhat staggering when considered in the light of how much human suffering may be saved. Just about all we can do now is prepare ourselves for as speedy execution of the program as possible when the report becomes available. Then sit and wait, and pray.

Dr. Brown told the group that he and Dr. Norman Monk wanted to be ready the moment the report was made public, to place their order for as much vaccine as will be wanted in this county. That does not mean they'll get all they want. It does mean, that speed may mean the difference between getting what they need, and falling many doses short.

Regardless of the outcome of their efforts to get Cochran County to say whether or not they are going to want the vaccine, the doctors do know this much: Parents of every child in the 1st and 2nd grades of each school will receive a form on which they are to say whether or not they want their child to have "free" shots.

As many blanks as have been received back, will determine how many of the free shots will be ordered.

Dates have already been set for the administering of the shots. Bledsoe first and second graders will receive theirs, May 17. Whitehead youngsters in the first two grades will get theirs, May 20. Morton students in grades one and two will receive their initial shots May 25th.

The first shot will contain one cc of the vaccine. One week from the date of the first shot, the children will receive their second free inoculation. One month later the third and final shot will be administered.

How many other than the first and second graders may or will receive the series of three injections depends upon three things: (1) How much of the vaccine is available; (2) How quickly the local people respond to place their orders and (3) How much the series of shots will cost.

This third factor will be a highly important one. As best can be estimated, and it's purely a guess now, the series will cost at least \$10 and probably not more than \$20. Doctors have not yet been notified how much the vaccine will cost. But, as can easily be seen, the doctor cannot underwrite the cost of hundreds of 3 cc doses.

Of course, the old fact remains that the Francis report might prove negative. However, National Foundation Officials are greatly anticipating the report will be favorable. If so, it will be one of the most significant developments in medicine in many years, Doctor Brown says.

Parents of 1st and 2nd graders will receive a bulletin on the Salk vaccine and a parental request form. This must be returned to the school authorities before their children can receive the free shots.

It is possible that others may receive free shots. But that is not

entertainment was provided by a trio, a quintet and a four piece band, all accompanied by Miss Doanna Rose at the piano.

## Bond Issue Is Okayed

Opposition was so non-existent this week, that a small number of voters approved by an overwhelming 11-1 margin, the issuance of \$100,000 in revenue bonds for waterworks and sewer extension and improvement.

Indications were that the story had been presented clearly and concisely to the Morton public. Usually, any bond issue will draw a fairly extensive opposition vote. But not so, this one. Because the bonds were revenue bonds; because the city had made it plain that needed improvements would be financed and because the city had pointed out how the issuance of

bonds. The final balloting was 97 for and 8 against. On Proposition Two, the sewer extensions, 94 voted for and the same eight persons opposed it.

## BENNIE BEAKLEY BECOMES HERO Causey Youth Saves Brother's Life Smothering Flames With His Body

A 15-year-old Causey boy was quite a hero in his community today and in the eyes of his brother and his entire family, when his quick thinking perhaps saved the life of a 10-year-old brother.

The hero who exhibited a full measure of adult thinking in an emergency, was Bennie Beakley, Causey High school student. His quick thinking, was an act of falling on top of his burning 10-year-old brother and smothering flames which could have cost the younger brother his life.

## Arrive Wednesday, House Is Burned Thursday Noon

A brand new Morton family was left without a house to live in here Thursday morning when the four room house they rented Wednesday, was swept by fire.

W. L. Shumate and wife, who moved to Morton from Seminole Wednesday, lost several pieces of furniture and lots of belongings including many items ruined by smoke damage.

The home, a four room adobe stuccoed over was badly damaged. It belonged to Merle Ensor former Morton resident who now farms in the Goodland vicinity.

But the story is a little more involved than that. Three boys, staying on the farm of their grandparents, Mr. and Mrs. V. D. Leavitt, were burning tumbleweeds late Tuesday evening. One of the boys, a 4-year-old half brother to the older ones, was carrying a stick with which he had been probing about the flames. He plunged it into a can of gasoline.

Immediately the flames whirled up around the stick and caused a quick flash of flame. The 10-year-old brother who was holding the gasoline can was attempting to throw the burning can of gasoline away. Instead it spilled on him and in a split second his clothes were burning.

## CEMETERY DIRECTORS TO BE ELECTED Elect School Trustees Saturday; Five Men On Local District Ballot

Voting becomes a big issue today with the election of school trustees all over the state taking the precinct.

Last Tuesday's election was a minor one, to many persons, since Morton had no city officials up for election. The bond issue, with no apparent opposition move, did not pull a high vote.

Saturday, in Morton at least, a large number of citizens are expected to go to the polls to choose from five candidates on the local men to serve. One of the present school board members has withdrawn his name from the ballot.

## Hudsons Improved After Accident

The latest report from Mrs. B. R. Stovall concerning the condition of her father, H. E. Hudson, injured in an auto accident a week ago, is that he has regained consciousness but still does not remember what has happened.

## Mother Dies In Le'land Hospital

Services were held at 3 p. m. Wednesday in the Harmony Baptist Church of Levelland for Mrs. Pearl Melton, mother of Mrs. Herman Witte of Morton.

Rev. Joe Wibanks and Rev. Bob Robbins conducted the final rites for the 64-year-old Levelland woman who died Tuesday at the Phillips-Dupre hospital after four weeks of illness. Her husband died in 1951.

Mr. Leavitt was at work in Clovis. She called the neighboring Brown family. A 15-year-old boy was there but no auto.

She called the Jeffries, no answer. She called the Asbrooks, again no answer. By this time the grandmother, who was raising the Beakley boys, was beginning to get frantic. She couldn't think of names or phone numbers.

Four other candidates' names have been filed. Hadley Kern, Gene Benham, Charles E. Jones and O. B. Huckabee.

At Whiteface, where two members will also be elected, the names of H. L. Whittenburg, G. W. Garrett, F. L. Fred and Lee Smith are on the ballots.

At Bledsoe H. H. Rosson and G. B. McGuire are the only candidates. All of these are Independent District elections.

For County Trustee, Ralph Burt is the only candidate for County Trustee at Large. Each Precinct will vote on this office. But only two precincts, Three and Four Bledsoe and Neely Ward, will vote on Precinct trustees. Loyd Brown is unopposed in Precinct Three and U. F. Wells is unopposed in Precinct Four.

Anyone is invited to attend. Thompson expects a larger turnout than usual in view of the recent interest shown. It has been pointed out that the cemetery is used by the entire county which makes its welfare of county-wide importance.

A special program of music featuring the Oak Ridge Quartet, led by Wally Fowler, will be held Monday, April 4th in the County Auditorium, co-sponsored by two Assembly of God church organizations.

The program will get underway at 8 p. m., admission price, \$1 for adults and 50 cents for children under 12. The C. A.'s and the Women's Missionary Council of the church are co-sponsors.

CONGRATULATIONS... 7th grader June Kennedy, daughter of former Precinct Three Commissioner John Kennedy and Mrs. Kennedy, is shown receiving the congratulations of County Judge Fred Stockdale after she won the county spelling contest held recently. June, representing Bledsoe schools, defeated Ann Pond of Whiteface in the final showdown. Pictured, left to right, are: Jayce Fannin, Morton; Jackie Neal Brown, Morton; Fred Seabolt, Whiteface; Mike Miller, Morton; Clyde Brown, Bledsoe; Judge Stockdale, Miss Kennedy, Miss Pond; Laquita Todd and Sandra Brown. (Tribune Photo)

## Special Awards For Service to Morton Schools

The First Annual Awards Banquet of the Morton Schools, honoring past and present school board members, school employees and faculty members who have been in the system for five years or longer was held Tuesday in the County Activities Building.

## Farm Bureau Legislative Group Cites Need for Organization

If Friday night's Farm Bureau meeting was any indication of things to come, Cochran County's Farm Bureau is going to make it self heard where "being heard" counts.

## THOSE RECEIVING WELFARE COMMODITIES MUST MEET STATE WELFARE REQUIREMENTS

Ed. note: Second in a series of three installments on the Welfare Commodities program in which Cochran County is sharing.)

Dr. Dossie M. Wiggins, former President of Texas Tech and now a Lubbock banker, delivered the main address of the evening. Judge Fred Stockdale emceed the program with Truett McCuisin, immediate past president of the School Board, offering the invocation.

His main points being: the five-year average figure for cotton acreage is wrong, and the "adjustment for trend" figures are not always what they are cracked up to be.

Ed. note: Second in a series of three installments on the Welfare Commodities program in which Cochran County is sharing.)

H. A. Owens presented the service pins to 18 employees, 14 of them teachers. Nath Crockett, Jack foreman and Miss Lonora Jackson, teacher received 20-year-service pins. Ten year pins went to Elmo Smith, Mrs. J. A. Gowdy, Lula Mae Blandford and R. H. McCasland. Five year pins were given to J. B. Kempton, Jim Middleton, Ina Fern Gray, Geraldine Miller, Dorothy Rose, Alice Stockdale, Iva Williams, Naomi Thompson, Eta Marie Doty, J. E. Carter, J. C. Houghton and Helen Crane.

Hub King, bureau district director of Terry County, briefly outlined the power of the bureau on state and national government levels.

Part II Just what do the people who sign up for the welfare commodities receive, and what qualifies them for receipt of these goods.

D. M. Wiggins, former president of Texas Tech, was the principal speaker. He took the American public to task for not realizing what actually was the business of the schools. He felt that we should develop through our schools more attitudes of appreciation of values.

Wiggins told the group our business in education was not to change civilization, but to induct our students into a world with a changing civilization.

He fills out a form stating his name, age, etc., listing his dependents and their ages, stating his job if he has one or where he last worked. Stating his salary if he has one.

## Softball Meeting Planned Tuesday

A meeting is to be held next Tuesday night, April 5th, in the East Side cafe, to discuss formation of the Morton Softball League for its sixth year of operation.

## Funds Lagging For Red Cross

The Cochran County Red Cross drive reached \$300 in the first two weeks according to the latest report to area director, Jim Watson.

These applications are not passed on, in other words not actually investigated by Mrs. Pierce. She couldn't be expected to. She does, as anyone would do under the circumstances, accept the application as fact and signs them up.

Watson did re-emphasize that the need for more funds is urgent and the local chapter could not be maintained without some additional donations.

The goal for this year has been set at \$1,175.

With the population shifting more and more to urban centers, large and small, he said that unless farmers organize with a purpose their voices would become less and

who need it, would be smaller. The county receives only a certain amount of the commodities. For instance, at the present, Mrs. Pierce gets 1200 lbs. of cheese, 950 lbs. of butter, 240 four and one half lb. cans of non-fat dry milk, 240 2-lb. cans of shortening, 700 lbs. of beans and 700 lbs. of rice.

needed if it weren't for the surplus items. And yet, can we afford to let the list grow, and grow and grow, indicating more and more people have decided to take the "easy" way of getting some groceries? Can we afford to let our own neighbors throw away their self respect and become dependent upon the county for help?

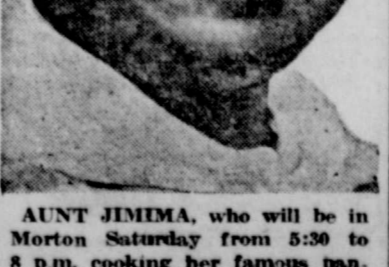

Another stipulation is that those receiving the groceries must have been in the County six months and the state one year. This also is not necessarily checked.

Remember this! If it's the county's problem, it's your problem and mine. We can neither blame the county officials for what has happened nor can we expect them alone to work out the situation. If nearly one sixth of our population is on relief, we should see what can be done about providing them means to earn their food.

They must be a native or a naturalized citizen. Does all of this mean that some are receiving the commodities who do not need them. No, not necessarily. It does imply that many could be in that position. And it implies that if such should be the case, in only a few instances, then the amount of allotment to those

Now some persons may think that nearly all on the list would be Mexican or Negro families. Such is not the case. Just the natural, proportion of whites to Negroes and Mexicans in Morton would suggest a 2-1 ratio or better. The breakdown shows 161 white families, 84 Mexican families and 32 Negro families on the list. One family listed has 10 children, many of them have five or six.

So we see the Federal government, with its surplus commodities purchased to maintain price supports, has come to the aid of Cochran County to the tune of an estimated \$200 per month. With the shape our county is in, that \$200 is no drop in the bucket. We could ill afford the \$2,400 additional in expenses each year — and possibly as much as \$4,000, that would be

AUNT JIMMIE, who will be in Morton Saturday from 5:30 to 8 p. m. cooking her famous pan-cakes to be served by the Campfire girls at the County Auditorium Activities Building. Tickets are 50c each and may be purchased from any Campfire girl or at the door.

# edlines..

By Eddie Irwin

TO A LOT of people whose names are easy to pronounce and easily spelled, the habit of learning people's names correctly, means very little.

but in . . .

THE NEWSPAPER business, you earn very quickly that names are very important to people. They expect you to spell them correctly and pronounce them the right way.

with that . . .

IN MIND, we'll just pass along the information concerning our new fellow businessman, W. H. Mahan. His name is not pronounced like the name of our Congressman. W. H. pronounces his name Mahan, with the first "a" long and the "han" rhyming with the word "man". Now he probably wouldn't think much about it if you pronounce it wrong. He's probably as used to that as we are to having our name called "Irwin" or spelled "Erwin."

however . . .

LIVING IN A county where all of us are tremendously affected economically by the farm crops, we naturally are striving to learn all we can about it. And perhaps, not being a farmer, it is much easier for us to see where some foolish mistake cost them a crop or lots of money.

and if . . .

YOU ARE still in doubt, W. H.

has been handed the nickname of "Mack" sometime ago and would be perfectly satisfied if you call him that.

it was . . .

TOO LATE before it was called to our attention that we had a mistake in the salaries paid county officers, in our column last week. The second Sheriff's deputy does not make more money than the first. They both have a base salary of \$3600.

we don't . . .

SPEAK WITH AUTHORITY on the farm program because we know very little about it. But at the same time we often find that those who know the most about it seem to assume we all know a lot that we don't know, so we never get the information we are really asking for instance . . .

SEVERAL HAVE asked us just what happens if a farmer planted all his acreage in cotton instead of the land allotted. Certainly every farmer is entitled to know what the "tooth" are in the law. As best we've been able to find out, a farmer would have to pay one half the loan price in penalty on all his excess cotton. In other words, about 16 cents per lb.

we hope . . .

NO ONE WILL take anything we say about farming as authoritative comment. When we are quoting an authority, we'll say so. Other information in the paper, bearing the Soil Conservation label, or Farm Bureau or County Agent, etc., has been submitted by them.

however . . .

OUR FATHER before us and his before him, I'm sure had the same fate accorded them thousands of times. The only difference it makes is that it creates a much better impression and makes a man feel a lot better if you call his name out correctly and spell it the right way.

fact remains . . .

THAT FARMING, just like our business or anyone else's is full time occupation. Those in it for a sidelight, usually have to hire someone to help them get it done. And the many who are farmers but won't work at it, are just like a lot of the merchants who go under after being in business only a short while. It's easy to see that the farmer who sits by and waits for the crop to "make itself" usually winds up without a crop.

another fire . . .

IN MORTON LAST week. Not nearly as bad as it could have been but it probably did several thousand dollars worth of damage to the home belonging to Merle Ennor and the belongings of the new couple that only the day before moved to Morton from Seminole.

we have had a . . .

PRETTY GOOD CHANCE of getting a better fire insurance rate for Morton this year. Inspectors were in recently and additions here in the past five years gave us a much better key rate. But the losses in the past two fires could take enough off our rating so as to wipe out some of the good we've accomplished.

all the same . . .

EFFORTS BY THE city, in purchasing new fire hose, adding water storage and fire plugs, etc., have paid off for the people as a whole. The money is certainly well spent when you figure it this way. The people of Morton paid in the neighborhood of \$28,000 in insurance premium last year. The city could spend \$1,500 on various fire prevention methods and the credit earned might save the people of Morton several thousand dollars.

don't be . . .

ONE OF THOSE who continually beef about money spent when it directly comes back to save you and your fellow man, several times the amount the city spent and hundreds of times the amount you as an individual had to contribute in tax money from which the spending by the city were made possible.

an aftermath . . .

OF THE SPELLING contest, Mike Miller, the Morton student who stayed the longest in the County contest, was awarded \$5 by the Morton school, according to the school paper War Whoop.

if fires . . .

KEEP MOUNTING up like they have the past two weeks, we're going to lose all the credit rating we've had. Fact is, we've probably lost it already. As you probably know, our insurance rates are figured directly on the amount of fires we have as well as the preparations and facilities we have with which to prevent fires.

just happens . . .

THE FIRE inspectors were in town only a few days before these blazes and the outlook was very favorable for a nice drop in rates. But, since that time, Hub Variety lost in the neighborhood of \$25,000, building and contents; the Merle Ennor home was damaged nearly \$2,000 worth and Tarver Service station probably had another \$1,500 in loss.

even so . . .

WE'VE BEEN very lucky in Morton the past few years, with very little fire loss. But fire prevention is not a fire department's job alone. It takes a lot of work on the part of a lot of interested and careful people, to prevent fires.

it wouldn't . . .

HURT, IN VIEW OF all the misfortune we've had recently, for everyone to take an hour or so to effect a home or business cleanup of all potential fire hazards. You don't need a fire prevention week nor a clean-up week to get the job done. Hazards can be a dangerous thing, especially on the cold nights we've had the past week.

out west . . .

OF TOWN, A Morton farmer probably barely escaped death a month or so ago when he was jolted by a high powered voltage line. The information came to our attention this week at a recent meeting.

the man . . .

ACCORDING TO the best information we could receive, was handling irrigation pipe, changing it, and had one joint of the pipe hoisted in the air when it came in contact with a 7,200 volt line. Luckily, according to the story, one end of the pipe was resting on the ground and most of the electrical impact went into the ground.

and so . . .

HADLEY KERN, who was handling the pipe, only received a big shock and a burned finger.

we have . . .

IN TIME PAST, heard a lot of talk on the subject of whether or not we need more than two commissioners on our City Commission. The question, as we see it, varies with the type of men that are in-

Attorney General John Ben Shepperd, seated right, briefs his three top assistants in the veterans land investigation. Standing left to right are Cecil E. Burney of Corpus Christi, chief of the veterans land division; T. Kellis Dibrell of San Antonio, chief of the veterans land civil section; and Bill Alcorn of Brownwood, chief of the criminal section of the new division of the Attorney General's office.

duced to serve.

for instance . . .

WITH GOOD UNITY among the members of the Commission, three men can sometimes get a lot more done than five men could. There's not so many men to pass on everything from bills to projects.

however . . .

SOMETIMES, the fact that you have five or seven men on a Council or Board, will tend to inject a lot more opinions into things and the members are not so likely to jump to a quick decision on any controversial move.

so you see . . .

A LITTLE OF the old six-of-one and half-dozen-of-another idea. As we see it, the chief advantage of having a five or seven man Commission, would be that you could stagger the offices so that two men would go out one year and three the next, or so that you always maintained a majority of three or four of the older members.

in this case . . .

THEY WILL HAVE a lot of valuable experience in handling the matters of office and the newer Councilmen will benefit by those men's experience. We'd personally be in favor of it. But, that doesn't in any way reflect on the job done by the present men in office.

right here . . .

WED LIKE TO inject a word of praise for the present Councilmen and for the mayor, for the fine way in which they've handled the office. All three took over at the same time with no holdover men to guide them. They've even got a new secretary now. All of them have done extremely well, they've met the problems presented to them in a fine, gentlemanly manner, and they've had no occasion at all to be short spoken with anyone who came to them about a problem.

while we . . .

WOULDN'T EXPECT to agree with every decision they've made, we admire their ability and their efforts. We'll miss Mayor Max Bowers who is about to move out of town.

## Coffee Saturday Honors Sponsors Y-M Study Club

A coffee honoring the co-sponsors of the Y-M Jr. Study club will be held Saturday morning at 9:30 a.m. at the home of Mrs. N. A. Monk.

Co-sponsors of the Young Matrons are the 1936 Study Club and the L'Allegro Study Club. Also, invited to attend the special coffee are members of the Town and Country Junior Study Club.

Mrs. Miller Hosts S and Q Quilters

The S and Q club met with Mrs. J. C. Miller, Thursday March 24th and tackled a quilt for the hostess.

Those attending included: Mesdames W. E. Grantham, L. W. Marlar, Ollie Smith, C. B. Betts and Earl Outlaw.

Mrs. Earl Outlaw will hostess the next meeting on April 7th.

## MRS. ROBBIE KEY IS HONORED WITH SHOWER

Mrs. Robbie Key was feted with a pink and blue shower March 25th at the home of Mrs. N. H. Steed.

Thirteen ladies were co-hostesses for the affair. In addition to Mrs. N. H. Steed, others were: Mesdames Francis Cunningham, O. D. Chesler, Mary Nieman, Woodrow Cunningham, Joe Jones, Elra Oden, Pole Lindsey, Jr., George Williams, Danny Key, Wayne Gresham, Joe

# ASK YOUR PREACHER

where you can find the name of your church in the Bible? I do not know the name of the church to which you belong for I do not know all who are reading this article. You know which church you are a member of and its name. So just go to your preacher and ask him to give you book, chapter and verse in the Bible that mentions it. If it is there, he will surely know where to find it, and will be glad to tell you. If it is not there you have a right to know. Paul said: "prove all things, hold fast that which is good" (1 Thessa. 5:21).

I can read the language of Paul in 1 Cor. 12 in which he addresses "the church of God which is at Corinth." When he made his last will speech to the Ephesian elders he said: "Take heed, therefore unto yourselves, and to all the flock, over which the Holy Spirit hath made you overseers: to feed the church of God, (the Lord's A.S.V.) which he hath purchased with his own blood." He wrote to Timothy concerning "the church of the living God" in 1 Timothy 3:15. When he wrote the Christians in Rome he said: "The churches of Christ salute you" (Rom 16:16). In the section of the country from which Paul was writing, there were a number of congregations of Christians, and they were sending their greetings to the congregation of Christians in Rome. It is evident if a number of congregations were called, "churches of Christ", one congregation of Christians would be a "church of Christ."

This in the Bible is read of the "church of God" — "church of the firstborn" — "churches of Christ" and like designations referring to the congregation or congregations of Christians.

Is it possible to read anywhere in the Bible any mention of the name of the church to which you belong? This is an important matter, as the Bible is our map or guide from earth to Heaven. Certainly none of us should be satisfied to take the word of some man (even if it is a preacher) concerning such important matters. We should not want to belong to a church the Bible says absolutely nothing about. So ask your preacher to help you find in your Bible, just one chapter and verse where the name of the church to which you belong is mentioned. Surely he will not become offended if you ask this favor of him.

### Garden Club Hear Fertilizing Tips

Mrs. Len Chessher, local florist gave informative tips on fertilizing when the Cochran County Garden Club met, March 22, in the home of Mrs. E. H. Tucker.

son and then disband for the winter months.

Delegates attending the District One Garden Club Convention reported to the club. They told that 200 delegates attended the meeting, including visitors from 58 counties in the district. Speakers from Texas Tech and from France and Italy highlighted the convention.

States to have a "look see" at the American way of life under the auspices of the Department of Labor.

Miss Lella Petty, new Home Demonstration agent was visitor to the club. Mrs. Tucker served a refreshment plate to Madamess H. A. Barnes, L. A. Cochran, Lem Chessher, Roy Hill, T. M. Tanner, A. E. Sanders, H. O. Rogers, and Miss Petty.

### State Examiners Inspect City On Fire Prevention

A State fire insurance inspection of Morton was conducted recently, according to City Secretary Van Greene.

The members of the state group covered the city of Morton noting general conditions and improvements that have been made in fire protection devices since their last inspection, several years ago.

Greene said this week that several points of credit would probably be added to the Morton rates. Last year's key rate was 57 cents for the businesses and a little over half that much for residences. Greene believed it was highly possible the key rate would drop a nickel or more for the year because of increased credits allowed. He noted that 6 cents could be saved by the hiring of a full time fireman, 24-hours a day duty. However, the saving, would perhaps not be enough to pay the salary.

Greene revealed that \$28,000 in premiums were paid in Morton last year. He had no direct information on how the fire of recent fires would affect insurance rates in Morton but two local insurance men expressed the opinion that losses at Hub Variety, Ensor's home and Tarver Service station might wipe out any gains that were made in credits for better fire prevention methods.

The base rate was 61 cents last year but 8 percent allowed in credit meant a four cent savings for local policy payers.

### Theatre Manager Injured As Horse Falls On Him

T. J. Simpson, local theatre manager was injured painfully last week when he backed his horse into a fence, was thrown to the ground and the horse fell on top of him.

Simpson suffered a broken pelvis and was hospitalized for four days. He will remain in bed at his home for three or four more weeks and then will have to use a crutch to walk for another month or so.

Simpson had just traded his posse horse for a smaller one. The new horse, named Bonnie, weighed several hundred pounds less. Simpson was attempting to find out if the horse would back up. He backed her into a low fence. She reared up on her hind legs, dumping him to the ground and then lost her balance falling on him. The horse was not injured.

### Band Continues Bake Sale

The Morton Band will continue this Saturday, and for the next five weeks, their weekly bake sales in an effort to raise funds for the San Antonio trip coming up next month.

The first sale was a big success, the band reports. Leave your order with a member of the band and your cake pie, cookies or other pastries will be delivered. The band has been working on the contest numbers, recently.

A demonstration drive can help you

# WIN

one of 102 new CHEVROLETS

plus a \$1,000 U. S. Savings Bond

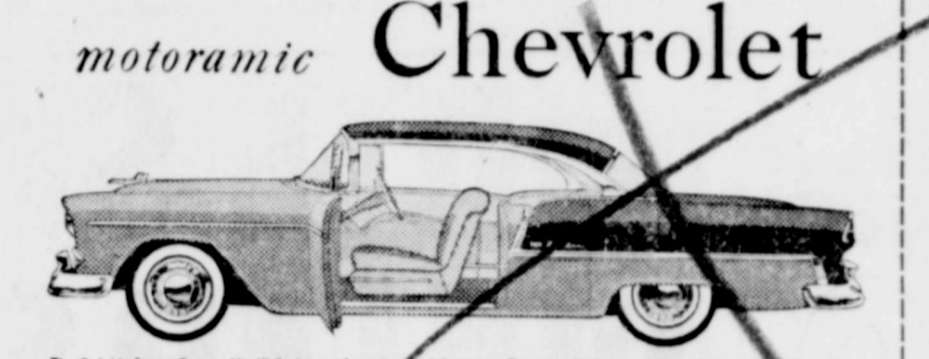

in our big MIRACLE MILE CONTEST

... and you'll have the driving time of your life!

Come in and drive the Motoramic Chevrolet just for the fun of it. And when you do, you'll make discoveries that can help you be a winner in our Miracle Mile Contest. For example, you'll notice how exclusive Anti-Dive braking control lets you stop with far less lurching or diving.

And you'll tingle to the peppery response you get when your toe nudges the accelerator. Come in and have the driving time of your life at the wheel of a new Chevrolet! Enter our big Miracle Mile Contest, without cost or obligation, and you may win one of 102 new Chevrolets given away.

STEALING THE THUNDER FROM THE HIGH-PRICED CARS! CHEVROLET

**Texas Fliers Challenge Others For Red Cross**  
 HQ FFAF, March 1—For the  
 second straight year, the sons and  
 daughters of Texas have sworn by  
 the Lone Star to raise more money  
 for the Far East Air Forces Ameri-  
 can Red Cross Campaign than per-  
 sonnel of all other states combined.

Last year the Texans had to eat  
 their words, but they achieved a  
 measure of distinction. Texans sta-  
 tioned in FFAF did not contribute  
 more than the other 47 states com-  
 bined, but they did raise well over  
 5 percent more money than any  
 other state.

In a statement issued in connec-  
 tion with the opening of the FFAF  
 Red Cross drive Friday, the men  
 and women of Texas with Lt. Lt.  
 Bill E. Polasek, Lancaster, Texas,  
 as their spokesman repeated their  
 aim and added: "This is not an idle  
 boast but is based on our past re-  
 cord which substantiates an old  
 Texas slogan, 'Men are measured by  
 the size of their hearts and Tex-  
 as is noted for big men.'"

Many U. S. governors from other  
 states, in statements to men and  
 women in Far East Air Forces,  
 have indicated that the Texans may  
 expect a big battle for their goal,  
 goal.

George N. Craig, Governor of  
 Indiana, said: "I understand Texas  
 has again issued its challenge of  
 last year to contribute more money  
 in the campaign than any other  
 state. I would like to see Indiana  
 call their bluff. Texas is big, but  
 Hoosiers are just as big-hearted."

The Governor of Wisconsin, Wal-  
 ter J. Kohler, stated: "Without  
 meaning to disparage our fellow  
 Americans from Texas and with  
 all due honor to servicemen and  
 women from all other states, I wish  
 to assert my faith that the cream  
 from America's Dairyland will  
 slowly but surely rise to the top  
 and maintain the lead position in  
 this praiseworthy contest of gener-  
 osity."

Others typical comments were:  
 Governor George Bell Timmer-  
 man, Jr., of South Carolina: "Al-  
 though the sons and daughters of  
 Texas may sound the challenge,  
 I am confident that South Carolin-  
 ians will not be found lacking in a  
 drive of this kind."

Governor Lane Dwinell, of New  
 Hampshire: "We have no trephid-  
 itation about our good neighbors from  
 the Lone Star State outdoing us."

FFAF Red Cross Chairman Col.  
 G. F. Blunda said: "The friendly  
 rivalry generated by the Texas  
 versus the U. S.'s intensive drive to  
 assist an organization which never  
 hesitates to assist us."

# Bulletin On Polio Discusses All Plans For Using Newest Vaccine

If the Salk polio vaccine is licensed, it will not be used by physicians to others. If the vaccine is not licensed, it will not be used.

Recipients of the Vaccine

1. Vaccine purchased through the March of Dimes will be offered to the following groups of children:

a. Children in all communities who are enrolled in the first and second grades of public, private and parochial schools as of spring 1955

b. All children who were enrolled in the first three grades of schools in the 217 test areas at the time of the 1954 vaccine trial, but who did not receive vaccine

Polio vaccination will be voluntary. Children will receive vaccine only if parents request it.

First and second grade school children were selected because of the high polio incidence in their age group and because their accessibility in schools would speed completion of the vaccination program. The National Foundation feels it has a moral obligation to offer vaccine to those who participated in the 1954 field trial and did not receive the vaccine.

2. After the vaccine is licensed, manufacturers will make available for purchase supplies of the vaccine to be given by physicians to others. If families wish to obtain it, they should ask their doctors or health officers about it. Chapters of the National Foundation will not be able to pay for this vaccine or its administration.

Administration of the Vaccine

The administration of the vaccine in any state or territory will be responsibility of the state or territorial health officer, with plans worked out locally in cooperation with medical societies and education officials. In your own community, local health officials are making plans with the assistance of physicians, school administrators,

National Foundation Chapters and other key groups. To complete rapidly the vaccination of millions of children will require the voluntary cooperation of many people. Even before it is certain that the vaccine will be licensed for use, you will be informed of vaccination plans.

The routine for administering vaccinations will be determined by state and local officials and may vary from place to place. However, arrangements are being made for each child to receive three "shots" of vaccine. The second shot will be given one week after the first; the third, four weeks after the second.

Suggestions for Teachers

There may be a good deal of discussion about polio vaccinations, even before they become a certainty. This may provide occasion for a health lesson. Especially if children are troubled or have questions, you will want to satisfy their curiosity and avert any fears.

As teachers, you will know best how much information primary grade children can absorb. Probably these youngsters can be expected to understand that:

Polio is a disease some children get

2. Vaccinations help keep children from getting certain diseases

3. This vaccination is intended to keep them from getting polio

4. Each child will receive three inoculations, before the vaccination is completed

5. The needle will prick a little, but it will be over quickly

6. The doctor, nurse and others in the vaccination room are kind and want to help them keep well

7. Only children whose parents want them to have it will receive vaccine

Vaccinations will also provide motivation for learning at higher levels, particularly as if the vaccine is licensed, it will be available eventually to everyone.

All plans and preparations are contingent on licensing of the vaccine this spring. Once licensed, the Salk vaccine no longer will be experimental and no further national trials or tests of this vaccine are planned. All vaccine used will have met standards of the National Institutes of Health for safety, purity and potency.

radios, refrigerators, and freezers at new low prices.

Only this week the new appliances begin to arrive at Ray's Hardware and Furniture, located on the west side of the square, Morton.

Carl Ray, operator of the business establishment, has given area residents a cordial invitation to attend and see for themselves the new Admiral appliances now being offered.

## Jaycees Rolling Sport Car Ticket Sales

More than 100 sports car tickets were reported sold at Monday's regular noon meeting of the Morton Jaycees.

Plans were also completed for the stationing of a Jaycee at the Rose Theatre each night except Sunday to promote sale of the tickets.

Other action included the voting of sponsorship of a boy to Boys' State this year, discussion of means to aid in rounding up the names of those who will desire polio vaccine, provided the vaccine proves successful.

Further action about the cemetery was postponed pending the election of cemetery association officers Saturday at 10 a. m. at the county activities building.

## Pancake Dinner By Campfires Saturday Night

Saturday's the night several well known manufacturing firms combine to help the Morton Campfire girls stage a big pancake feast.

Saturday, beginning at 5:30 p. m. and continuing until about 8 p. m., the famed Aunt Jemima will be in the County Office and Activities building to serve the pancakes prepared by her special recipe.

Aunt Jemima's company will furnish the pancake flour and other necessities will be furnished by Swift and Co., Folger's, Bluebonnet, Log Cabin and Bell and Borden companies.

The local Campfires, assisted by their leaders will help cook and will serve the pancakes, all you can eat for 50 cents. The food is to be donated so all the proceeds will go toward paying for the girls' camp expenses. Tickets may be purchased from the Campfire girls in advance.

## Sheriff Posse Ready For Spur Roundup

The Cochran County Sheriff Posse plans to have a big part in the Spur roundup, Friday, Saturday, and Sunday, April 15, 16, 17, it was announced this week.

The roundup will include sheriff posses, and riding clubs from throughout West Texas.

Four trophies are to be awarded the first place being a rotating trophy that must be won three years in order for a group to lay claim to it. Last year it was won by the Fisher County posse which included 49 riders.

The roundup is sponsored by the Dickens County Sheriff Posse and Spur Chamber of Commerce.

Other action will include a trail ride Saturday morning, parade Saturday afternoon, church services on hoseback Sunday morning, and polo Sunday afternoon.

All interested riders have been invited to attend next Tuesday night's meeting.

## New Four-door Oldsmobile Showing At Hawkins Oldsmobile Co.

Oldsmobile has done it again with the latest new model sensation since the introduction of the famous hardtop in 1949.

It's the Oldsmobile Holiday sedan a hardtop with four doors and now on display at Hawkins Oldsmobile company, Morton.

And, the new body style will be available in all three Oldsmobile series, the '88', Super '88', and '98'.

It features full-opening windows all-weather protection with windows up, extra strength and protection through the truss-type roof reinforcement, and cantilever-type half-center posts securely welded to the heavily reinforced floor pan.

H. S. Hawkins, agency operator, has given the public a cordial invitation to drop by and inspect this new auto, the first new body style since the introduction of the hardtop coupe six years ago.

## Public Invited To Band, Choral Club Recital

The Town and Country Study Club will sponsor a recital Sunday, April 3, at 3 p. m., in the County Auditorium featuring John Bealmeier, local band instructor, and his students are included in the program.

The public is cordially invited to attend the program, which is free of charge.

Refreshments will be served immediately following the program to students in the band or choral departments.

Program chairman will be Mrs. Fred Stockdale.

## Garage Destroyed In Tarver Fire

A third fire in Morton in the past two weeks, swept a small frame garage building at Tarver Service Station, Friday evening about 6 p. m., almost completely destroying the building.

The blaze, which evidently started in the rear of the building used as a wash house, was going full blast when the attendant looked back after stepping out the front of the building for just a minute. He had been cleaning a pickup truck motor with coal oil. The truck was pulled to safety.

Destroyed was the building which will have to be completely reconstructed, a pressure pump, and numerous small items of equipment.

Volunteer firemen squelched the blaze in a matter of minutes.

One fire was levied to a Latin American who deliberately drove over the outstretched fire hose, a violation of a state law.

## First Grade Class Will Appear On TV Monday At 4 P. M.

Members of Mrs. Shelton's 1st grade of Morton Schools will appear on the Jack Huddle TV show next Monday, at 4 p. m. Mrs. Shelton said this week. The children will be split into groups and will sing and recite.

They will travel by school bus, will stay over for the Weegee, the Clown show and may make a tour of Baldrige Bakery before they return.

## Mr. and Mrs. John J. Bryant of Levelland, a baby boy born, March 16th; Mr. and Mrs. Jake Reid, a girl, March 22; Mr. and Mrs. Gilbert Perez, a boy, March 28; Mr. and Mrs. Weldon Killcrease, a girl, March 28.

## Mr. and Mrs. George Graham and children of Hobbs, N. M. spent Saturday and Sunday with Mr. and Mrs. Babe Van and Miss Mary Graham.

## Hero . . .

(Continued from page one)

Misfortune has been a constant companion for the past several years.

The Leavitts are farming in the "dry belt" which extends from west of Morton on into New Mexico. They've had virtually no crop for three years. Mr. Leavitt has taken work in Clovis to help things out, but the 15-year-old was taking care of a man size job tending to things at home. On February 12 of this year he broke a bone in his foot playing basketball. Just a week ago, the family was notified that an older son 18-year-old Bobby Joe working in Colorado in a saw mill, lost a finger of his left hand and broke another when his hand was caught in a pulley.

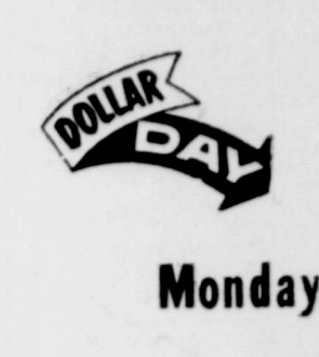

Bob returned home a few days ago. The Leavitts are farming some 800 acres now. The Beckley boys' mother, Mrs. Compton had returned for a visit and brought the two boys, a small baby and 4-year-old H. C.

Wednesday, H. C. again reminded Buddy he was sorry for the trouble he caused, Buddy said, "that's ok."

"I'll forget it."

But chances are, he won't soon forget his brother's act of heroism. Nor will Mrs. Leavitt soon forget the heroism on the part of both the boys.

For seldom is found in one family, two boys whose first reaction in emergency is to think of the other fellow. Buddy may have saved the life of his four-year-old younger brother; in throwing the gasoline can and 15-year-old Benny certainly saved the life of Buddy. Ask Buddy, he'll tell you.

**Chehelos Learn One Phase of Woodgathering**

The Chehelo Campfire Girls had one of their most interesting meetings on March 15, 1955 when Shirley Miller had charge of the program to complete one requirement for the Woodgathering rank on which she is working. She had planned a number of group activities by which the girls could earn Frontier Honors. These honors are so named in Campfire because they are the ones given for a girl with an exploring mind learning some principle of science that was new to her.

Those present at the meeting were Shirley Miller, Vivian Ledbetter, Linda Williams, Penny Grubbs, Glenda Chessier, Billie Crockett, Mrs. M. C. Ledbetter, Mrs. Lloyd Miller, and Mary Ruth Coon, a new member who joined the Chehelo group that day.

**Campfire Girls Display Project To Lions Club**

As a part of their 1954 Birthday Study of people of all countries the Wahanka and Chehelo Campfire Girls placed an exhibit of model houses to the Lions Club meeting on March 16, 1955.

The Wahanka group under the leadership of Mrs. Tokio Doty had a Mexican adobe house made by Winona Brookshire, an Alaskan igloo by Katrina Hardberger, an African straw house by Martha Doty, an Arabic desert tent by Patsy Amx, and a Swiss Cottage by Mary Ledbetter.

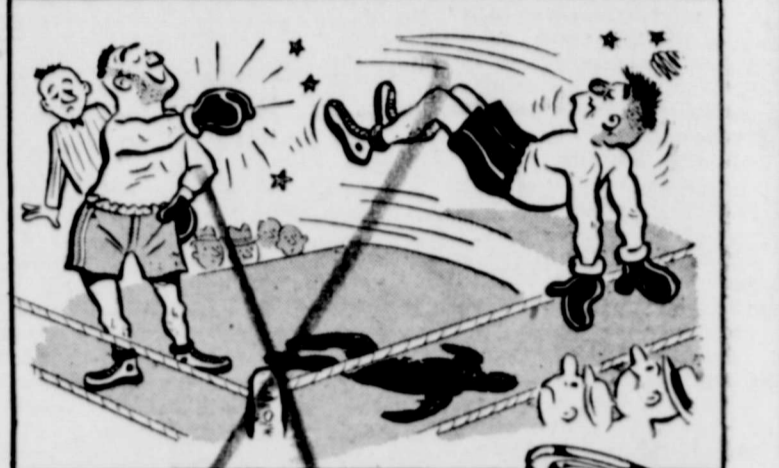

Shirley had the girls fish for cork and pin fish using small magnets for fish hooks and they discovered they could not catch some

**Cpl. Reports On Error In Story; He's Not Married**

It has been called to the attention of the Tribune, via letter from Mike Tamez, Marine Corporal, now on sea duty aboard the carrier Yorktown, that an error was made recently in a story about him.

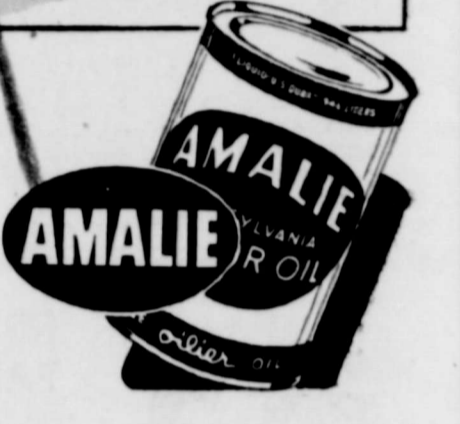

The story, printed in the Tribune, came from Marine headquarters and listed Tamez as married to a Morton woman. However, since the original papers were filed with the Marine Corps, Tamez says the marriage was annulled. He was married in California, separated there also, and the marriage annulled.

# MY ANSWER...

The following was received by me recently in the mail . . .

**AGREEMENT**  
The speakers agree: (1) To discuss the propositions attached here, to be in the order in which they are written, devoting two hours of one night equally divided into thirty minute speeches to each proposition.

(2) To conduct themselves as Christian gentlemen from making any show of demonstration or allow the same to be made by those of like faith during the time of the discussion each night.

**FIRST PROPOSITION**  
"The scriptures teach that baptism with the Holy Ghost is for the sanctification of all Christians, the eradication of evil nature, or in-born sin, and is to continue throughout the gospel dispensation, or Christian age."

**SECOND PROPOSITION**  
"The scriptures teach that water baptism is a penitent believer of the gospel is unto (or in order to obtain) the remission of alien sins."

**THIRD PROPOSITION**  
"The scriptures teach that the signs and miracles done by the apostles and other disciples, as recorded in the New Testament were to cease, or be done away, at the close of the apostolic age, or by the time the complete will of God was revealed and confirmed in the New Testament."

**FOURTH PROPOSITION**  
"The scriptures teach that the signs and miracles as done by Christ and early disciples as recorded in the New Testament were intended to last throughout the Christian age and are being performed today."

(I was asked by Mr. J. W. Brookshire to take the affirmations, the negative on the second and third propositions. Here is the answer I prepared.)

March 28, 1955  
Mr. J. W. Brookshire:  
Box 273  
Morton, Texas  
Mr. Brookshire:

This is to acknowledge your letter of the 21st of March, and challenge to debate upon God's written Word. I see the same old fighting spirit that I harbored for twenty-four years as a Campbellite. Of course, in those days if anyone had called me a Campbellite or inferred that I was a humbug, I too would of stood up on both hind-feet and issued a challenge to debate which is just a sham of fighting. I met many opponents on the wrestling mat and in the streets and alleys in a fist brawl in this same spirit. And I know that the spirit is of the devil and worldly.

Mr. Brookshire, any man that has been truly born again has been humbled to the dust and he loses that old spirit of pride, egotism, and fight. Jesus called the religious leaders of His day "deceivers" which is in our modern language sometimes called humbogs, both have the same meaning. I believe that all of Satan's preachers of righteousness today affirm that Christ is Christ and have good things to wrap their poison up in. Yes, he has a form of Godlessness but denies the power of God.

For some time in my life I was religious. Even when I knew that I was not religious I was quick to debate with anyone that opposed what I thought was the doctrine of the "church of Christ." I met in this way many times Hardshells (Baptists) in debates. Consequently they were the only ones that had the same old fighting spirit that we Campbellites had. I can see now that no good ever came out of such a debate. I never won a hardshell to Christ, and they never won a Campbellite to Christ. I only satisfied our egotism and desire to fight just like the world fights. You may say what harm are there in debating in this way, there is plenty of folks that have not made a decision for Christ are hardened to-

wards the wooing of the Holy Spirit simply because if they see the same old worldly spirit that they have the church loses all its attraction to them. In all the debates that I ever did or you ever did for the "church of Christ" never got a sinner on his knees repenting out to a living God, confessing out his need for salvation and calling upon the Lord for same. After all that is the end of debating the truth.

Christ never debated in the worldly order that you proposed, neither did the Apostles. Peter was head of the General Assembly of the Church of God at Jerusalem. When Peter issued a decree that the Gentiles must be circumcised as a condition of entering the one church that the Spirit opens up for all, Paul took an issue with him. They were men of like faith in the same pentecostal church of God, or Assembly of God, the church of the first borned, mentioned a few times as the Church of Christ. In those days they had a Council in which such issues could be discussed before the other apostles and a decision was made. Paul withstood Peter to his face later at Antioch somehow he learned that the blame of the commandment was his. If you will get your Bible and turn to the 15th Chapter of Acts and read it all you will find that the General Council at Jerusalem gave Paul and others the written authority to preach against the first commandment that the Gentiles had to be circumcised. Read also verses four and five of the 15th chapter. You will find that the Council was made up with Apostles and Elders. The Campbellites claim of having no Government or Council to govern the Doctrines of the church in itself is unscriptural, for the first Church had such a Council. Never do you see where the Apostles or Elders challenged the Scribes, Saducees, Pharisees, to a debate. They had a Council that settled all points of arguments in the Church of God. I believe all worldly debates as you propose is of the devil, and all debaters of this order will have their place in the lake of fire. Rom. 1:28-32, II Cor. 12:20, Rev. 21:8.

Now, Mr. Brookshire, I surely do believe that everyone should be able to give an account for the things that he believes, even if it is before his enemies. If you will allow me to I will gladly come to your church house and testify and preach on the subject of Baptism of Holy Ghost. In a sense we debate the Truth every time we stand in the pulpit and preach, but we do it not in the spirit of the world, not as the spirit of lawyers fighting for to win a case, not in the spirit of boxers. If you will let me come and preach I will assure you I will not preach in such a spirit that sinners will harden their hearts toward the true Gospel of Christ, and there will be much good come out of my testimony and sermon.

If you can trust your people to hear my testimony and sermon and wait until the next service about any opposition to it, I will surely come at an early date. If you had rather let me preach some Sunday morning, if by night you still want to fight against God's Word, then you may do so. I have hopes that you are wise and receptive to the Truth and will no longer wish to argue. We have some Mighty men in our church that once preached for the Campbellites, who know you might repent.

It might be a good idea to wait until you have another evangelistic meeting, and let me have one service night. Rest assured I will be there the next night also.

Sincerely Yours,  
Clyde F. Watson  
Maple Assembly of God

## Alfred Coats Take Two 1sts In His Track Specialty, High Jump

The Morton Indians working hard on track events, have maintained one steady winner this season in two meets as Alfred Coats topped the high jump championship both at Crosbyton and Odessa. Morton gathered in six points at Crosbyton and then Coats' first place earned five points in the rugged Odessa meet. Coats topped the 6 foot mark in winning the event in both meets.

Other Indian competitors this season include James Holleyman if the high hurdles; Coats in the 100 yard dash and the broad jump as well as his specialty; Donny Baker and James Holleyman in the 220; Eddie Thompson and Ed Gattis in the 440-yard dash; Paul Cox in the 880-yard run; Lyndon Cathright and Dick Kennedy in the mile and Johnny Howton in the broad jump.

At Odessa, Coats entered the high jump and Howton the broad jump and Cox and Cathright in the mile run, all competing in the preliminaries on Friday. Saturday, Baker, Gattis, Kennedy, Eddie Thompson and Holleyman made the trip.

Although the Indians could schedule only a few meets, Coach Walters is highly optimistic about their chances to place higher in District Competition than they have in the long time and Coats is one of the state's outstanding high jumpers and could cop the state crown in Class A.

Ladies of the WSCS met Monday afternoon, March 21, at Monument Lake Methodist Church and quilted. Those present were Mesdames: Lowe, Jordan, John Shackelford, Pete Tarlton Cecil Cole, Dolly Ann, Tommy Galt, Leon Reeves, and Cass Stegal.

Kay and Sandra Lemons, daughters of Mr. and Mrs. Thurl Lemons have been confined to their home the past week with the mumps.

Mr. Elmer Beattas and Bonnie were on the sick list the past week.

Charles McCafferty, president of the Junior class of Three Way, reports preparation for the annual Junior-Senior Banquet is underway. It is to be some time in April.

Visitors in Three Way community Sunday were Mr. and Mrs. Jeff McGinnis and children of Lubbock, visiting Mr. and Mrs. Marion Walker. Mrs. McGinnis and Mrs. Walker are sisters, visiting Mr.

Weldon Bright, popular radio star of KGNC says, "My wife has always used light Karo for cooking . . . and on the table . . ."

it's Karo for me, the best-tasting waffle syrup of 'em all"

Yes, indeed . . . biscuits go like hot cakes when you pour on plenty of delicious Karo waffle syrup. There's nothing like it for good eating. Satisfyin' flavor. So rich it stands right up on top of biscuits (keeps 'em light and fluffy). Keep Karo on your table morning, noon and night . . . it tops anything!

Ask your grocer for Karo waffle syrup, in pints and quarts

# Three Way News . . .

**By MRS. FRANK GRIFFITH**  
Three Way PTA met in the high school library Monday March 21. Mrs. Frank Griffith, vice president presided over the meeting in the absence of Mrs. Bill Eubanks, president.

Mr. John Criner, commercial teacher and high school principal, and Mrs. Burl Green, English instructor, talked on outstanding progress of pupils in the various subjects.

The project for this year is to help buy library books for the school superintendent for that purpose.

The last meeting of the year will be April 18. Everyone is urged to attend.

During the social hour, Dr. Peppers were enjoyed by the organization.

The high school will enjoy a trip to Lubbock and a picnic in McKenzie State Park, April 1. Two school buses will be furnished to transport the pupils and their teachers. This is to be one of the three parties for high school students.

Ladies of the WSCS met Monday afternoon, March 21, at Monument Lake Methodist Church and quilted. Those present were Mesdames: Lowe, Jordan, John Shackelford, Pete Tarlton Cecil Cole, Dolly Ann, Tommy Galt, Leon Reeves, and Cass Stegal.

Kay and Sandra Lemons, daughters of Mr. and Mrs. Thurl Lemons have been confined to their home the past week with the mumps.

Mr. Elmer Beattas and Bonnie were on the sick list the past week.

Charles McCafferty, president of the Junior class of Three Way, reports preparation for the annual Junior-Senior Banquet is underway. It is to be some time in April.

Visitors in Three Way community Sunday were Mr. and Mrs. Jeff McGinnis and children of Lubbock, visiting Mr. and Mrs. Marion Walker. Mrs. McGinnis and Mrs. Walker are sisters, visiting Mr.

Weldon Bright, popular radio star of KGNC says, "My wife has always used light Karo for cooking . . . and on the table . . ."

it's Karo for me, the best-tasting waffle syrup of 'em all"

Yes, indeed . . . biscuits go like hot cakes when you pour on plenty of delicious Karo waffle syrup. There's nothing like it for good eating. Satisfyin' flavor. So rich it stands right up on top of biscuits (keeps 'em light and fluffy). Keep Karo on your table morning, noon and night . . . it tops anything!

Ask your grocer for Karo waffle syrup, in pints and quarts

## First Grades In Colorful Pageant

A colorful Easter pageant in two parts was presented by the Morton Public School's 1st grades as their annual program last Thursday night.

As usual the auditorium was nearly two thirds filled with parents and friends of the youngsters who did a fine job. Under the direction of the teachers, Mrs. Ina Fern Gray, Mrs. J. W. Shelton and Mrs. Fred Stockdale the colorful program featuring brightly colored costumes included parts for more than 60 children.

The first part concerned telling the story of Easter, what it means and its interpretation through the Bible. Several hymns were presented.

The second portion of the program featured the pretty ladies, the Easter bunny, the spring show, the budding flowers, the little elves — all of whom wanted to lead the Easter Parade.

Those taking part in the evening's entertainment were: Kathleen Wilson, Susan Blackley, Kay Peterson, Margaret Elaine Pritchard, Carolyn McAnelly, Kenny Palmer, Claude Hobgood Jerry and Jean Cox, Clyde Gunnels, Tommy Slaton, Nancy Webb Sherry Lynch, Juanice Skaggs, Janetta Rowden, Terry Anglin, Butch Kernell, Larry Crowder, Netro Yurgues, Toni DeVale, Linda Freeman, Reggie Self, Jerry Mings, Perry Crockett, Jimmy Gunnels, Johnny Carrasco, Terry Pace, Jerry Elliott and Melvin Neagle.

Also, Everett Lee, Mike Irwin, Herman McCamish, Paul Zielinski Arlice Wittie, Larry Embry, Stewart Davis, Danny Drum, Lee Carroll Simmons, Lonnie Hamilton, Joe Watts, Carlis Luter, Alice Head, Darlene Lyle, Carla Teal, Arlie Ellen Reed, Mary Carrillo, Aurora Esautista, Marlene Ferguson, Sylvia Tilley, Barbara Linton, Gracie Lee Reed, Glenda Black, Patricia Sandofer and Peggy Mitchell.

And, Billy Bob Freeland, David Barnes, Larry Ward, Gary Walton, Willard Ware, Dennis Avery, Betty Lou and Mary Sue Taylor, Freda Newman, Arlen Haralson, Freddy Turney, Dale Lamons, Jimmy Thomas, Eddie Lyons, Larry Walters, Terry Collins, Bobby Lowe, J. T. Lewallan, Linda Blackstock, Margaret Hansen, Jo Ellen Landrum, Charlotte Smart, Mary Ann Hobbs, Larry Jeffcoat, Kenny Coats, Lem Chesser, Mike McDermott, Jimmy Roddy, Robert Pond and Penny Burke.

McIlroy's home run, double and single paced the team at the plate. They were to return the game at Three Way this week.

Special awards have been announced for the Morton FFA boys for the months of January, February and March. Herdsmen awards went to Raymond Hoffman, Wesley Loyd and Leo Wallace in the Sheep division, Leo Wallace, Eddie and Freddie Thompson in the swine division; Raymond Hoffman, G. W. Lyons and Doug Zuber in the cattle division.

Benny Benefield and Bill Ed Igo received awards in the woodworking division.

**IN TALENT SHOW**  
The High School quintette took part in a type of amateur show at Texico, N. M., recently. Joe Carroll, local Choral Director entered his group in the contest which was promoted and conducted by Fred Danforth, former Morton instructor.

The Morton senior class will bring the TV Radio stars, "The Serenaders" to Morton, next Thursday night, April 7th.

The colorful musical quartet and their comedy partner, Elmer Putter will appear here on the County Auditorium stage in a program starting at 8 p.m.

Billed as "Music and Fun for Everyone," the group brings string and western music by Kenny, Lucille, Stubby and Louise. Putter stars in several comedy skits. Admission is 75c for adults and 25c for children.

By PRICE DANIEL

By Price Daniel

Texas-grown rice and Rio Grande Valley ruby red grapefruit were served in the House and Senate dining rooms last week through the courtesy of representatives of these important Texas farm products.

On Monday a bountiful helping of rice and gravy was added to every plate served in the Capitol dining rooms. This was sponsored by Senator Johnson and the writer at the request of Marcus Mauritz of Ganado, President, and Kern Tipps of Houston, Public Relations Director of the Texas Rice Promotion Association. They furnished the rice and a box of rice recipes for each member of Congress.

On Thursday Senator Johnson and I arranged for each person in the Senate dining room to receive a Texas grapefruit, and Congressman Joe Kilgore did the same in the House dining room. The grapefruit were shipped to us by Mr. Austin Anson, Executive Manager of the Texas Citrus and Vegetable Growers and Shippers Association of Harlingen.

in the Capitol dining rooms has become an accepted means of advertising foods of the various states to the leaders in government. Senator Leverett Saltonstall has treated us with Boston clam chowder. Both the Florida and California Senators have served grapefruit. Former Senator Guy Cordon of Oregon last year served an entire meal featuring Columbia River salmon. We have also enjoyed Delaware strawberries, Idaho potatoes, Wisconsin chives, and Mich. black cherries, on special occasions sponsored by senators and congressmen from three states. We are advised that the next Texas product which will be sent to us will be whole Rio Grande Valley onions—a fresh truckload.

### National Rice Week

In addition to serving rice at the Capitol the Texas rice growers joined the American Rice Growers Association in a luncheon at the Willard Hotel in celebration of National Rice Week. Secretary of Agriculture Benson, many members of Congress, and representatives from the State Department attended. A color film on the rice industry and an informative speech by Dr. J. Norman Efferson, Director of the Louisiana Agricultural Experiment Station, convinced everyone present of the value of rice as a food and the importance of the industry to our country. The only trouble is that we are producing more rice than can be sold, and additional markets at home and abroad are being sought by the industry and government officials. Texas, Louisiana, Arkansas and California are our leading rice-producing states.

### Excessive Oil Imports

Independent oil producers and state officials from most of the producing states are urging Congress to place a limitation or quota on foreign oil import. I have joined Senator Neely of West Virginia and 15 other senators on an amendment to the reciprocal trade act which would direct the President to restrict excessive imports of any commodity when it is found that the imports are damaging domestic industries essential to national defense and security. The amendment would limit foreign oil imports to 10% of domestic consumption.

Excessive foreign oil imports are today's greatest threat to the independent producers and to all others in the industry who do not own and produce foreign oil. Texas has had to shut down its wells to as low as 15 days production per month, partially because of excessive imports. Continued restricted production at only half of capacity eventually will ruin the independent operators and throw thousands of Texans out of work to say nothing of the serious loss in tax revenues.

Some foreign oil importers have restricted their imports voluntarily, but others have failed to do so. After careful consideration it appears that legislation restricting oil imports to a percentage of domestic production is the only solution. We now have such import restrictions on many agricultural products. The President's Committee on Energy and Fuels has found that serious damage will be done to the national security if future imports are allowed to exceed the levels of 1954.

### Top Musicians

Will Conduct

### Summer Courses

LUBBOCK — Five outstanding music educators, including a former Fred Waring Glee Club director and the nation's top authority on marching bands, will join the Texas Tech faculty this summer to conduct short courses in choir, band and orchestra.

Announcement of the short course staffs was made today by Raymond P. Elliott, associate professor of music at Tech who will have charge of the special summer programs.

Lara Hoggard, who has directed both the Waring Glee Club and The Festival of Song, will direct the choir school, scheduled May 30, June 3. Elliott said registration would be limited to 200.

Glenn C. Bainum, director of the famed Northwestern University marching band, and Dr. A. A. Harding, former band director at the University of Illinois, will have charge of the band school, June 6, July 1. Bainum is currently considered without peer in this area.

Mrs. Marjorie Keller, instrumental supervisor for the Dallas public schools, and Dr. Herbert M. Preston, director of the Hardin-Simmons University orchestra, will co-direct the orchestra short course, July 2-July 22.

Application forms for admission to any of the three courses may be obtained by writing Professor Elliott at Tech.

### Tourists Increase Money Spent In Texas

AUSTIN — Tourists traveling in Texas during 1954 spent 15 per cent more money than they did in 1953, it was announced in Austin today, by D. C. Greer, State Highway Engineer. Figures compiled in the Department's annual Tourist Industry Report disclosed that \$409 million was spent in 1954 compared to \$356 million in 1953. The number of tourists also increased from 7,573,500 in 1953 to 8,673,860 in 1954.

Last year 3.3 million cars entered the state, each carrying an average of 2.6 persons. These visitors stayed an average of 5.5 days and spent an average amount of \$7.80 per person per day, Greer said. As in 1953 California topped all other states by sending 537,112 vehicles and 1,296,491 visitors. It is also interesting to note, Greer said, that approximately 208,000 visitors were from Canada, and descriptive material, Greer

Mexico, and other countries.

Texas witnessed the greatest influx of motorists during the period from March through October, and it has also been established that Texas enjoys a large repeat business from out-of-staters. Department statistics show that 37 per cent of the visitors in 1954 were in Texas for the first time while the remaining tourists had traveled in Texas in previous years.

Figures used to compile this annual survey are obtained from survey cards distributed to tourists at the seven Highway Travel Information Bureaus located on major highways entering the state, Greer said. Figures from these survey cards supplemented with data from other sources produce a report that is believed to be one of the more accurate of its kind compiled in the United States. He stated Over 121 thousand inquiries were received through the mail and nearly 400 thousand visitors stopped at the travel bureaus for curb service information and descriptive material, Greer

stated.

In an effort to assist and stimulate travel in Texas, the Department published and distributed over 500 thousand Official Travel Maps in 1954, and in addition, published a Road Condition Bulletin, Calendar of Vacation Events, and other tourist material.

### ANNOUNCEMENTS OF CIVIL SERVICE EXAMS

Civil Service examinations have been announced for the following positions:

Agricultural Extension Specialist in the specialized fields of Program Leadership, Educational Research and Training Subject-Matter Spe-

cialization, Educational Media. The jobs pay from \$7,040 to \$10,800 a year and are for duty with the Department of Agriculture in Washington, D. C. Extensive travel throughout the United States is required. Applications should be filed with the Board of Civil Service Examiners, 6th Floor, Administration Building, Department of Agriculture, Washington 25, D. C. Engineer, Physicist, Electronic Scientist, and Mathematician, \$5,660 to \$10,800 a year, for duty in U. S. Naval Laboratories in California. Applications should be filed with the Board of Civil Service Examiners for Scientists and Engineers, 1030 East Green Street, Pasadena 1, California.

Dietitian, \$3,410 to \$5,940 a year, for duty in various Federal hospitals throughout the country, and in Panama and Alaska. Applications should be filed with the U. S. Civil Service Commission, Washington 25, D. C.

No written test is required for these positions; applicants will be rated on the basis of their education and experience. Applications will be accepted for all positions until further notice.

Further information and application forms may be obtained from Mr. Billie R. Proctor, Information Representative located at Post Office or from the U. S. Civil Service Commission, Washington 25, D. C.
