Improvements Total $257,163

The city and county, representing the citizens of Colorado City and Mitchell County, have used a total of $257,163.32 in revenue sharing monies for improvements during the past year.

The breakdown of expenditures shows many areas which have received benefits and improvements from use of the federal funds, including transportation, water treatment, jail and library, social services at Wallace and the Kindercare Center and for the ambulance service and other areas, including recreation.

The breakdown of figures shows the following:

CITY

--$44,000, new street in front of the high school, Lone Wolf Boulevard.

--$15,000, new water line across the Colorado River at the West River Bridge.

--$9,000, repair intake pumps at the lake (pumps water from lake to water treatment plant west of the city).

--$6,000, Kindercare Center operations.

--$3,750, city's share of grant for new ambulance and equipment.

--$14,000, new accounting machine for City Hall.

--$5,500, water plant equipment.

--$6,000, balance.

--Total, $102,750, the city's revenue sharing money.

COUNTY

--$59,636.93, Public Safety expenditures including dispatcher, uniforms, car for the sheriff's department and balance of the jail repairs.

--$10,500, Mitchell County Ambulance Service.

--$5,813.10, Multipurpose, including courthouse repairs, paneling and air conditioner compressors, etc.

--$1,500, Bicentennial Commission.

--$31,332.48, Transportation, Road and Bridge, sealcoating, etc.

--$2,907.07, Library in addition to regular operation budget.

--$3,094.38, Little League baseball field and Southside baseball field.

--$5,400, Social Services, contribution to Wallace Center.

--$34,229.37, balance to be used to purchase maintainers.

--Total, $154,413.82, the county's revenue sharing money.

Revenue sharing money is determined by tax valuations, per capita income and other factors and comes in quarterly checks. It has enabled improvements in key areas without the necessity of a tax increase locally.

City Manager James Campbell said that there was a balance on hand of $40,866.29 and it was carried over into the expenditures shown by the city. City figures are rounded off but the county amounts are actual.

The present revenue sharing appropriations law expires Dec. 31, 1976, the end of this year, and the city will get only two more checks in the next fiscal year's city budget, about $30,000 Campbell said.

The city's fiscal year is from May 1, 1975 to April 30, 1976 but the county's budget figures are for the calendar year Jan. 1, 1975 to Dec. 31, 1975 even though the county fiscal year runs from July 1-June 30 of the following year.

Get 1976 Sticker

License plates go on sale Monday morning at the County Tax Assessor-Collector's office in the courthouse.

Actually, this year instead of buying completely new plates, new stickers will be issued to go in the left-hand corner of the permanent five-year back plate which was issued last year.

The sticker is blue, has a white star and the letters "Tex" and state the type of license--passenger, truck or whatever. In the upper right-hand corner of the sticker, a serial number is printed which matches the serial number on cards being sent out to vehicle owners.

If a person does not have a registration card, tax assessor-collector C. G. (Skeet) Harkins said that the vehicle title can be used to complete registration.

All types of license are for sale, including automobile, motorcycle, trucks, recreational vehicles and trailer houses. Harkins said mobile homes licenses do not have to be renewed unless moved.

Deadline for installation of the new stickers is April 1.

Town Talk

By MAC McKINNON

Mitchell County residents served by Lone Star Gas Co., by now have received their gas bill for the past month which included that cold snap.

In addition to the increased usage of gas, everyone found higher than ever rates when they opened their bill.

City Manager James Campbell told the City Council here Tuesday night that one reason for the many complaints is that gas bills this month are some 90% higher than they were in 1972.

Campbell explained the reason for this drastic increase was not Lone Star Gas Co., but the Railroad Commission which has dictated that Lone Star will buy gas from the Lo Vaca Gathering Co., at a price much higher than Lone Star can get gas from other sources.

Members of the council said a number of persons have blamed the city council for granting Lone Star Gas a rate increase this past August.

However, it was pointed out that when the gas company goes to the council, the rate increase being requested has already been approved by the Railroad Commission and the council really has little choice in the matter.

While the council is asked to approve a certain rate increase, Lone Star is allowed to a fluctuation rate increase, depending on the average price Lone Star has to pay each month for gas. This allows more of an increase than the City Council approves.

All of this goes back to the Railroad Commission which, in my opinion, has become much too powerful and needs to be brought under control. It behooves Texans to pay attention this year to the race for the railroad commission and elect the right person.

In other business news around town, Western Auto, operated by Larry and Jeanne Blassingame, is now open; J. C. Britton will open his furniture store in a week or two; Security Corner will complete its move from Hickory to the downtown area about mid-February; a sewing shop with alteration service might be opened in the downtown area soon; a new gift shop is to open this spring where Security Corner is now located and I understand two other businesses have changed hands. The Record will have more on that later.

Specific instances of negligence cited include "failing to inspect gaslines and fittings, failing to properly inspect installation of a cut-off valve and having a defective relief valve."

Time of the fire was given as 6:30 p.m. Feb. 24, 1974 and the Colorado City Volunteer Fire Department put out the fire that day, which was a Sunday afternoon.

The Loraine girls basketball team triumphed over Roby in Roby Friday night, taking a 48-35 victory over a team which had handed them their only previous district defeat and then in a triple overtime.

This time the Loraine girls led all the way, taking a 5 to 12 point lead and keeping it until they got into scoring touble in the third quarter, scoring only 17 per cent of field shots and letting Roby get within four points of the lead. Then, though, they finished with a strong scoring surge and won, giving them a 10-1 record, tied with Roby at 10-1 for the district crown.

The team shot 55 per cent from the floor and 63 per cent of free throws, made 20 rebounds, 18 violations and 13 steals. Pay Raise Granted

Mitchell County commissioners met in a special called session last Thursday, discussing once again the bridge at Red Bank Creek in the southern portion of the county and setting the salaries of the District Clerk and County Treasurer at $765 per month for 1976.

Bill Erwin is District Clerk and Mildred Boyd is County Treasurer.

The clerk's increase was $52.20 monthly and the treasurer's raise amounted to $35.70 monthly.

Plans have been drawn up by ARMCO for a completely new steel bridge to replace the one destroyed by an oil transport tanker last year and plans for a permanent low water crossing are being submitted with the aid of West Central Texas Council of Governments.

After the plans are completed for both alternatives, the costs and benefits of each will be compared and a decision made as to type of construction.

Paul Hunter is commissioner of Precinct Three, the precinct where the destroyed bridge is located.

Mitchell County Historical Museum

A recent addition to the Mitchell County Historical Museum here in Colorado City is the old kitchen now on display for the public.

The homemade cabinet shown in the picture (which was built in 1873) was made especially for Mrs. D. N. Arnett who was a very small person. It was made of rough lumber and put together for practical purposes, primarily for ranch kitchens.

Mr. and Mrs. D. N. Arnett were among the first cattle people to come to this part of the country. Arnett was a manager for the Renderbrook Spade Ranch when Colorado City was Colorado, Texas.

The old table shown in the picture was brought here from North Carolina by the Cook family in the late 1880's or early 1890's. The feet were homemade but the top has been replaced. Cook was a carpenter and he is the one who replaced it with oak flooring, which is a grooved wood.

Also on display are several churns which were used so much that some of the dash handles are worn down to the size of a pencil.

The walls around the kitchen and on down the front of the museum have been painted recently. This, which is the main Bicentennial project was headed by Mrs. Charles C. Thompson who furnished funds for renovating and painting.

The storeroom toward the back of the museum had been converted into a Mini Museum of Natural History, which includes a 2-headed calf, a stuffed bear cub, tusks and bones of mammoths and fossils. A set of mammoth tusks which were excavated from the Colorado River gravel bed were measured to be about 15 feet long and 12-14 inches in diameter at the base.

Also in the collection are snakeskins and arrowheads among many other things of interest.

The Museum is open from 2-5 p.m. weekdays except Monday.

Original Photos are available at the Record. $1 plus tax; reprints are $2 plus tax.

Drive Out The Devil

Father John Busch, O.M.I.

Priest

St. Ann's Catholic Church

He was a well-to-do farmer in the community and for a long time had been one of the most miserly. However, through the grace of God, he had begun to realize that he was only the caretaker of his many acres and his many dollars. Then one night a neighbor's house burned to the ground, so he decided to give him a ham from his smokehouse so that this man's family would have something to eat. On his way to get the ham, the devil whispered to him: "Give him the smallest one you can find." He struggled with his old stingy spirit, but finally his new generous spirit won out. He picked out the largest ham he could find. "You're a fool" the devil sneered. But this man silenced him: "If you don't keep quiet, I'll give him every ham I have."

One of the scripture readings in the Catholic Service of this Sunday tells us of one incident in which Christ drove the devil out of the man possessed (Mark 1, 21-28). In our day there is a great interest in the devil not only because of the book and the movie called "The Exorcist," which means someone who drives out the devil, but also because of certain weird groups who actually worship the prince of evil!

Another big mistake common today is to think that the evil one is "out there somewhere; he is in someone else, not in me." The fact is that the devil is present in all of us. We are not fully under his control, thank God, but the spirit of evil is present in most human beings. The miser in our story has defeated the devil of stinginess, but that devil was still tempting him to be stingy again. Happily he conquered him again.

The devil of pride is in many of us. We may conquer him now and then, or even most of the time, but we always have to be on our guard lest he trip us up into thinking we are really somebody great on our own merits.

Gluttony is another devil. He tries to make us eat too much and especially drink too much. He never gives up trying to push you off the wagon of soberness. Impurity is one of the devil's favorite masquerades. He has plenty of help from television, films, divorce courts, filthy literature and immoral companions. Nevertheless, he still can be conquered. Millions are doing just that.

No matter what form the devil takes, we can always count on Christ to help us. Our Lord drove out the devil many times during His life on earth. But satan kept coming back. He even succeeded in killing Christ on the Cross. It looked as if the wicked spirit had finally and completely won. But the Resurrection gave Christ the victory. Never had things looked so bright and promising for the forces of evil as on that first Good Friday but Easter morning changed all that and made it possible to make that change in our own lives - we see him so easily in the lives of others, but he disguises himself so well in us that only too often we don't recognize him. We must find him in our lives, no matter under whatever disguise he may be "possessing" us - only then can we, with Christ's help, drive him out.

Consumer Savings

Consumers can "get the cost of living down"--instead of vice versa according to a new letter series on shopping at sales--currently offered to Mitchell County residents by the county Extension office.

"Consumers can save as much as 30 per cent by shopping wisely at sales--and this newsletter series tells them how," Mrs. Janis Choate, Mitchell County Extension agent, said.

"It explains why articles are on sale, which sales to expect throughout the year, and how to distinguish the real bargains from the 'lemons'--so the consumer can become a smart shopper," she added.

The series, "S.O.S.-Smart on Sales," is available from Mrs. Choate by writing Box 1349, Colorado City, Texas 79512 or by phoning 728-3111. Please do so before Feb. 6 to insure receiving the first mailing.

"S.O.S." newsletters--mailed each month--will feature such topics as buying bedding, men's and women's clothing, gardening supplies and tires along with a calendar of annual sales and a shopping log to help consumers "chart their sale course," the agent added.

Freeman Returns Home

Mrs. Elsa Freeman has returned from Kerby, Ore., where she spent almost a month with a son and family, Mr. and Mrs. Edgar Baumann, Stephen and Eddy and with a grandson and family, Mr. and Mrs. Roddy Baumann and little daughter, Mi Kendra. She was there for the Christmas holidays and for Roddy's 25th birthday party.

Roddy and Stephen are both government fire-fighters. They were in the group that fought the big L.A. fire last fall.

They are on 24 hour stand by for calls and answer a big or little fire.

Also in the winter when fires are scarce, Stephen drives trucks carrying planting trees to plant where places in the forest have been burned out. Roddy and his crew of more than 100 clears land for planting where fire has been.

Returning home, Mrs. Freeman spent last weekend in Fort Worth with her other son, Mr. and Mrs. Lester Baumann and Ricky.

Because Igran® is the sorghum herbicide that really fits the sandy soil conditions in the South High Plains and South Rolling Plains.

And because it fits, Igran is easier to use. There's no guesswork or experimenting with rates. Just follow the label directions.

Then watch your sorghum come through clean and healthy. Because Igran controls those tough broadleaf weeds like carelessweed and annual morningglory. Controls them early, before they have a chance to rob your crop of vital soil moisture and nutrients.

Igran. Once you try it, you'll keep on using it. Because now you've got a sorghum herbicide that really fits your sandy soil conditions.

Jaycee Radio Day Today

Colorado City's Jaycees take over the KVMC Radio airways this afternoon (Sunday) in a money raising campaign termed by Richard Wistrand, Jaycee President and Woody Anderson, Radio Day Project Chairman, "to be full of programming of interest to all segments of Colorado City society."

The Jaycee organization has long had a good record of accomplishment in Colorado City.

"If you're a sports buff we are going to offer a satire of the sports boosters 'sports spectator of the year award.' If your interest is politics we are going to have a lively discussion with several C-City officials including the mayor and city manager," he added.

"We'll offer in our first hour of programming a general discussion of the Jaycee organization and interview several ex-Jaycees in the community along with an educating interview on what the Jaycees have to offer.

"The Bicentennial theme will fill our second hour as the Jaycees individually discuss what the Bicentennial means to them and we will offer several tidbits of information for your consideration and thought.

"The third and fourth hour have a few components in common as the Jaycees relate their satire in an imaginative effort and hold a panel discussion in a political hour. We also hope to have a phone open on a delayed playback basis so we can offer a public comment on our discussion. We're also planning a favorite DJ contest, dedication hour, music and adding to your index of trivia.

"The final hour will include an editorial and gripe hour where the Jaycees will editorialize the pros and cons of securing a section of the Texas Correction Center in or about Colorado City, discuss the State of the Union, offer a few public gripes and give a general political overview."

Principality
by Thomasville.

Provincial Mediterranean designs inspire this new collection of bedroom furniture from Thomasville. Here, talented designers have blended the cherished 17th Century decorative motifs of skilled craftsmen from the border areas of Italy, France and Spain. Case facades feature dramatic statements in country furnishings. End post overlays offer strength and authority to the design. Drawer sections are framed with deep, multiple level moldings and sculptured corner overlays. A casual counter point is seen in the vertical scoring on the door panels reminiscent of polished antique paneling. The extended tops and deep plinth bases offer an attractive look from the ends. Beautifully crafted hardware based on provincial baroque designs grace the door and drawers. Another noteworthy feature of the group is the flowing baroque bonnet top on the armoire. In keeping with the country casualness of the collection, pecky pecan veneers, oak solids and wood products are carefully selected and blended together to provide a grain texture appropriate to the style. For crisp detailing with lasting strength, certain decorative parts and carved effects are of simulated wood. Hand rubbing and other special finishing techniques create a new finish for PRINCIPALITY with unusual clarity and brilliance to reveal the dramatic beauty of the wood grain. Whether selected for the master bedroom or guest room, PRINCIPALITY offers you the pleasing country Mediterranean beauty and the Thomasville quality that your home deserves.

--Friendliest Boy and Girl, Wayne McKee, Gerald Hill and Shelia Shaw.

--Most Academic Boy and Girl, Mark Apperson and Kathy Crockett.

--Most Courteous Boy and Girl, Ruben Ornelas and Joni Holder.

--Most Cooperative Boy and Girl, Luis Rios and Leslie Moore.

Quill and Scroll president Sally Sparks along with officers Jamie Harris, vice president; Jane Ann Burt, secretary-treasurer; Wayne McKee, reporter and Toni Wulfjen, parliamentarian, initiated the following new members: Lisa Bolin, Mark Brooks, Shirley Brown, Kathy Crockett, Camille Curlee, Terri Edwards, Debbie Haggerton, Jamie Harris, Gerald Hill, Dawn Leonard, Chop Love, Leslie Moore, Sherri Muncrief, Wayne McKee, Ruben Ornelas, Kathleen Ustman and Belinda Vann. Connie Jones and Tony Love are also Quill and Scroll members.

Another highlighted spot in the evening's lineup was a two-part comedy routine presented by CHS teachers Bo Merket and Mrs. Chrystene Hall. They represented Grand Ole Opry stars Granpa Jones and Minnie Pearl and joined in singing "With What Will I Fetch It?"

Feature Twirler Janice Kimmel twirled a fast-paced "Thank God I'm a Country Boy" and twirlers Beth Hanks, Lesa Wilkinson, Shari Lewis, Beverly Fuller, Kathy Ratliff, Sharon Coldewey and Kathy Wilson twirled to "Down Yonder."

The CHS cheerleaders Jackie Palmer, Ginger Noel, Shelia Shaw, Lisa Bolin and Leslie Moore danced to "Buttons & Bows."

Master of Ceremonies Scott Weaver then introduced the skit, written by journalism students and presented by journalism and publications students and other CHS students.

It featured Wayne McKee as saloon owner Uncle Archie Johnson, a true character from 1880 Colorado City history, when the town was known as Colorado and offered more saloons than any other town in Texas.

Gerald Hill as Loaded Lou and the Professor (Piano Player) Craig Carter, along with numerous saloon girls headed by Sally Sparks as Miss Sally, made up the rest of the opening scene characters.

The cowboys came in, played by Andy Chalker, Jackie Ellis, Bill Everett, Pete Fincher, Drex Grisham, Jim Jordan and Kenneth Lain and got into a fight over a poker game.

Tex Rich, a Western type played by Mickey Neff, came in to renew acquaintance with Miss Sally.

Brother Thurman was played by Truman Alberts, also a true-to-life event as he preached the first sermon in Colorado as legend has it in Uncle Archie's Saloon. Alberts was aided by psalm-singers Camille Curlee, Ann Holbert and Kathy Crockett.

Banditos Manuel Arellano, Ruben Ornelas and Joe Moreno were carried off to jail by Sheriff Ware and Deputy Doodle, played by Tony Love and Hoby Bolin, after they came into the saloon boasting of their bad deeds and Loaded Lou got the drop on them after they were challenged by Good Guy, Chop Love.

Saloon girls were played by Lisa Bolin, Shirley Brown, Jane Ann Burt, Terri Edwards, Debbie Haggerton, Jamie Harris, Leslie Moore, Sherri Muncrief, Kathleen Utsman and Toni Wulfjen.

Population Explosion

The city's dog problem has proliferated recently, even though city animal warden Minnie Garza has caught and impounded 126 dogs in the past two months.

In December, there were 73 dogs put in the pound and in January, 53 dogs were caught and put in the pound. Most of these 126 dogs were stray dogs and were put to sleep although some were redeemed by owners.

Delinquent Accounts

Texas Comptroller Bob Bullock's office has issued a list of names with delinquent accounts for the Colorado City area and those names listed for Colorado City include the following:

--Homer L. Holloway, 833 E. 12th St., $192.65.

--Velma Lindsey, Rt. 2, $614.62.

--Homer Leon Holloway and Edna Ruth Holloway, 2145 Hickory, $305.47.

--Ted R. Hughes, 1819 Colorado, $232.97.

--Grover Murdock, General Delivery, $145.03.

scale. The center of the recent quake was pinpointed by National Earthquake Information Center at Golden, Colo., to be five miles North-Northwest of Kermit.

The Bulletin stated that geologists have reported that there are two faults underlying Winkler County and it is believed they may be contributing factors in the recent earthquakes.

This news item was very interesting to me as I didn't know there had ever been in recent history any earthquakes in Texas, although a few have been reported in nearby states.

Pink punch and pink iced cupcakes centered with pink candles were refreshments served during the Pink Birthday Party and room and table decorations were also done in a pink motif. Members also exchanged gifts during the party.
