The Mias Amigas Club was organized in 1931 to keep alive the teen friendships of Eldorado graduates.

Each year at the annual reunion, a new class is eligible for membership. The only requirement is to have been out of Eldorado schools at least twenty years. This year, the class of 1972 will be

inducted into the club.

Also, each year the class that has been out of Eldorado schools for fifty years is honored. The class of 1942 will be honored this year.

Since that first meeting, July 12, 1931, the Mias Amigas Club has grown in magnitude to a grand reunion celebration held on the courthouse square. Class

members look forward to seeing old friends and reminiscing of days gone by.

The family of Ed and Josephine Murchison Hill will be well represented this year. Mrs. Josephine Hill is a charter member of the club. Sarah Hill McCravery is a member of the class of '42, and Jeanne McCravery Snelson is a member of the class of '72.

Booths Available For Main Street Day

by Pat Gentry

Arts and Crafts Booths are needed for "Old Main Street Day" in Eldorado on July 18, 1992.

The booths will be located outside and will be 8'x10' in size. The cost for each booth is \$10.00. Hand made items such as baked goods, fresh produce, farmers market items, drinking water booth, cold drink booth, iced tea booth, all kinds of crafts, are just some of the ideas to

consider. No flea market items and no commercial items, please. You furnish display equipment. Set up beginning from 7 to 9 a.m.

For information please call the County Library at 853-3767 or the Chamber of Commerce at 853-3109.

Mail booth fees to Pat Gentry, Mary Etta Strickland or Gloria Swift, Eldorado, Texas 76936. The deadline for booth requests is Thursday, July 14, 1992.

Schleicher County's Proposal For Pilot Site Accepted

In February of this year Schleicher County received information regarding making a proposal for a Health and Human Services Pilot Site. The proposal was submitted to the House Bill 7 Transition Team with your letters supporting our endeavors. On May 22, 1992, the Schleicher County Judge's office received notification that our proposal had been accepted as the rural area pilot site. Needless to say, we are both elated and apprehensive; but ready and willing to get the show on the road.

Agencies currently involved in the project include Department of Human Services, Department of Health, Area Agency on Aging and Schleicher County. We are currently exploring

the possibilities of adding other agencies to our team. If you would be interested, we would like to hear from you.

A meeting was held in Austin where the representative from the Pilot Team was given an overview of HB7, its approach, the problems that have been determined exist in health and human services and the objective of the system.

The Solution: A human services delivery system that focuses clearly on definable groups of people in need of services. The objective of such a system is to improve client access to services in order to meet needs in an effective, efficient, comprehensive and coordinated fashion.

Components/Functions: 1. Realignment of Regional Boundaries; 2. Co-location; 3.

Integrated Client Database; 4. Automated Information and Referral; 5. Centralized Client Intake; 6. Automated Worker Scheduler; 7. Integrated Eligibility Determination; 8. Service Management.

The Pilot Team is in the process of obtaining suitable facilities to co-locate. Implementation of the project is expected to be by September 1, 1992.

How can you help? Supply us information for the information and referral portion of the program. Be supportive and give us your input - participate.

For more information, contact Lorain Hamilton at (915) 853-2766. Correspondence should be sent to Johnny F. Griffin, Schleicher County Judge, Box 536, Eldorado, Tx. 76936.

TOP OF THE DIVIDE

Just when I think I've seen everything I get introduced to something completely different.

The other day on television they were showing how the sound portion of a movie is put together. It so happened that the scene they were using to illustrate this process was a Karate school of some sort.

The scene showed one fellow, obviously the hero fighting several of the Kung Fu students. Then the scene switched to the sound man

who was seated in front of a large panel board that had what appeared to be a thousand switches. He was explaining about the Foley method of putting the sound with the action. Next he introduced the Foley artists. These two happened to be two women who came into the sound room carrying a rug. They were dressed in casual clothes and were not wearing shoes. Before them were microphones and a large viewing screen.

As the scene from the

karate fight unfolded on the screen before them they began to fall on the rug, slapping it, jumping up and landing on the floor feet first then falling back again. All the while the sound man was switching switches and coordinating the sounds the ladies made with the action on the screen. These two women are Foley artists. This is what they do for a living. They fall down, get up, slap the floor, and do other things to make noises that sound as if the Kung Fu fighters are actually hitting

each other and the floor. They also snapped pieces of cloth before a microphone to make the sound of the clothes of the combatants whipping through the air. What a job! Is that a great job, or what? It does not appear that there is anyway to train for this sort of work.

The Foley artists said not everyone could learn it correctly. There are no schools that I know of that teach Foley artistry. I guess to get this job you just have to "fall into it!"

Our Sympathy

William Rye "Dick" Bearce

William Rye "Dick" Bearce, 87, passed away Thursday, June 18, 1992, in Schleicher County Medical Center.

Services were held Saturday, June 20th, at 2 p.m. at First United Methodist Church of Eldorado. Burial followed in Eldorado Cemetery under the direction

of Kerbow Funeral Home.

Mr. Bearce was born on October 10, 1904, in Childress and moved to Eldorado in 1906. He was a rancher and very active in civic affairs. Dick started the first football team in Eldorado and had served as county judge for 11 years.

He was a member of the board of directors of Eldorado Independent School District, the library board,

Soil Conservation Service and Southwest Texas Electrical Co-Op, being a founder of that organization. He was preceded in death by a son, W.R. "Bill" Bearce.

Survivors include his wife, Winnie Cox Bearce of Eldorado; a daughter and son-in-law, Jo Ann and C.R. Sproul of Eldorado; grandchildren, Rhonda Blosschok of Atlanta, R.M. Sproul of Dallas and Rene Peckham of Dallas; four

great-grandchildren, Christopher Blosschok, Bryan and Alison Sproul and Paige Peckham.

The Pallbearers were Jimmy Belk, De Lux, Mike Lux, Charles Kellogg, Bob Sykes and Gary Smith. Honorary Pallbearers were Bob McWhorter, Martin Garcia and Pete Peters.

The family requests memorials be made to the Schleicher County Medical Center.

Our Sympathy to the family of Joe Kreklow

Joe Kreklow, a former Schleicher County resident, passed away on May 19th. Joe taught piano lessons to many Schleicher County residents, who will always remember him.

Joe and his wife, Vida, moved to Eldorado in the 1950's, where they lived on their farm west of town (now Steve and Ilse Williams farm).

Vida was a county home demonstration agent and a high school teacher, while Joe farmed and taught piano lessons.

Joe also played in various music groups in the area and performed for different social engagements. "He was a very warm and caring person. People enjoyed

his music and his personality," stated Lynn Meador, a former student.

He touched many lives with his music, and will be remembered fondly.

Health News

by Dr. Rico J. Forlano

One of the consequences of poor leg circulation is that skin on the foot becomes more susceptible to ulcers. As leg muscles, and nerve function falter in their job of pumping blood back to their heart, blood pools and the ulcers can form.

Some of the symptoms to watch for are itching and redness around bony bumps of the ankle and foot. Scratching can irritate the sore, resulting in a painful,

infected sore. The sores are usually found on the heels, around the ankles, or on the side of the feet.

Foot and leg exercises, wearing support stockings, and Chiropractic adjustments can help increase the circulation, which can heal or prevent the ulcer.

If you have a foot ulcer you should contact your doctor. Diabetic ulcers are usually painless, but dangerous so they need to be treated quickly.

Gary Smith's

To live in hearts we leave behind is not to die. Thomas Campbell

I was taken by surprise this past week by the news of the death of my friend, Dick Bearce.

Earlier this year my grandfather passed away. I have felt a sense of loss by his death and I am feeling some of the same for Dick.

Dick Bearce was a valuable part of this community. His wisdom, his insight and his memories touched many people.

Dick was a story teller of the finest caliber. He could hold a crowd of people spellbound with his quiet style. I remember one story in particular that Dick told one night. He told of the first people who came to this country. He vividly described their living conditions. He explained as I had never heard how difficult and trying were the ocean voyages that the founders of America faced. He helped us understand the hunger that these people felt.

As Dick gave this history lesson, it was easy to see that he had compassion for these people. They were people that he had never known. They were people that had died before he was born. Yet, he empathized with them and shared their pain.

This is just the way that Dick was. He cared about people and truly loved people.

When it became necessary for Dick's wife, Winnie to stay at the nursing home Dick took her there. Then, instead of going back to his house, he stayed there with Winnie. During the day, he would do his business. He would go to his house and work in the yard. He would visit his friends in town. Then, he would go home to Winnie.

Winnie suffers from Alzheimer's disease. It has been a while since she could understand much. It has been a while since she could carry on a conversation or be a homemaker. But, she was a homemaker for Dick. Wherever Winnie was, that was Dick's home.

The thing that was so great about Dick is that he didn't even realize how wonderful and loving he really was. He did not consider it a sacrifice to stay in the nursing home. That was just the thing to do. You see, his love was not some syrupy, sentimental, shallow love. His love was acted out in the way he lived.

This world would be a better place if there were more Dick Bearces. This world is a sadder place now that he is gone. This world is a warmer place because he was here.

Till The Next Time...

MAY GOD BLESS!

EHS Graduate Writes Book

by Bonnie Reese

I was born November 12, 1930 in a farmhouse outside Eola, Texas, the second child of Chester (Check) and Vera Biggs. We moved to Eldorado in 1933. There, we farmed the Hill place some five miles south of town until the mid-1940's.

I graduated from Eldorado High School in 1948 and married Clyde Reese in June of 1952. Our daughter, Clydean was born in October of 1953. We have lived in Hobbs, New Mexico since 1957. Clyde was employed in the oil fields until he retired in 1991. My time after work, studying, and being a wife and mother was mostly spent writing. In 1982 I quit work to write full-time.

However, quarter horses, grandchildren, operating the computer for Lea County Packer Sales and Rentals, Inc., elderly parents, and now marketing The Picnic Tree, take up most of my time. Clyde, my brother, Chester Jr., and I enjoy cutting horses. I can't imagine not being with Anthony and Jessica. Faye, my sister, helps me - I help her. Our parents were too good to us to ignore their plight now. And writing anything and not making an effort to get it published negates the effort that goes into developing the story. It took a while for me to understand that.

The wonderful thing about living sixty-one years is the knowledge that comes to one about the growing years in a small town like Eldorado.

School was indeed a learning place, though I certainly did not appreciate it at the time. Values learned from loving parents, good friends, and various relatives made it easy to understand the need for me to develop ideals for living which were underscored by the lessons taught in the Sunday School classrooms.

It was a good time and a good place to grow in.

The Picnic Tree was inspired by an incident in my mother's young years, but in no way portrays the people or the events in her life. It is set in the early 1900's in south central Texas. Evasive actions taken by the two main characters, Lee Ann and Luke McCallum, take them from there to Houston, down toward Austin and San Antonio, out to Van Horn and up to Sante Fe, New Mexico. From there they went to Amarillo, down to San Angelo, and eventually settled somewhere near Christoval, Mertzon, or Eldorado. Just somewhere in the general area.

I enjoyed writing The Picnic Tree. My sister, Faye, helped edit it as I loaded it onto the computer at Best Printing. Candi Robinson, an artist from Hobbs, read the prologue and the first three chapters and produced the cover.

From the time I decided to market the book myself, until now, has been an ongoing learning experience.

I wouldn't have missed any of it!

Dear Editor,

We, the undersigned parents and fans want to counter the allegation made by the unknown writer of the letter to the editor concerning the attitude of Little League coaches. Hopefully the writer was describing only one or

two individuals involved in the baseball program. The coaches we have observed in the "minor league" program have given of their time, effort and finances to take kids with more desire to play baseball than ability and taught them the basics in fielding, batting, running and

throwing. They have spent the hot afternoons repeatedly helping the kids with the proper batting stance, fielding positions and encouraging them when they do good. Some of the coaches seem to have the patience of Job!! We say - "Let's hear it for all the good coaches and other volunteers who make the baseball program a success. They all deserve a pat to the back and a sincere thank you!"

Dear Editor,

This is a Flowery letter!! I am so happy to see all of the beautiful gardens that have sprung up the past year. The color is definitely prolific all through this precious little town called Eldorado. I not only enjoy looking at all of the gardens, but have also had the pleasure of actually assisting in putting in some of the plants which were so generously donated by various individuals and organizations and businesses. Last year we spent a couple of days planting the old hotel lot on Main and Murchison and the new slant-rock bed on North and Divide. The cooperative effort of our crew to create an eye-catching garden turned out to be a fun and rewarding effort. Eldorado won 2nd place for beautification projects and wound up with a beautiful Silver Cup this year. Even though I only spent a few hours helping, I am so

glad that I was a part of the Pride Committee's efforts. To those of you who have spent more than just a few hours, I want you to know that you are well appreciated and my family and I thank you. We see you devotedly attending each project with a special love and pride for your community and home.

Last week, we began another project in the Middle School patio. We decided to spruce things up for the Fall and the coming visit of Governor Richards. Donations were given by Cathy Niblett ad the Middle School faculty. Helpers included Lacy, Bobby, Casey, Victor, Ashley, Ernesto, Cathy, Stacey Dunlap, Lois Dean and me, too. The kids got a big kick out of this "hands-on" experience. The teachers thought it might even be a good seasonal project for their classes to start this fall tending the Patio Gardens by letting their classes learn "from the ground-up" how to plan, plant and cultivate their area...another source of pride for the community!

Hopefully, as soon as the ground dries up, we will again be working in the Patio area. We welcome anyone who would like to contribute flats of flowers, transplants, bedding soil, and of course, a "helping hand"....especially kids!!! This will be another loving effort to give our community another "extra special touch!!"

Thanks Pride Committee and Eldoradoans!!

Your friend,
Janee L. Finley

Wedding Announcement

Missey Wilde & Russ Dacy

Mr. and Mrs. Pete Wilde of Wall, Texas wish to announce the upcoming marriage of their daughter, Missey, to Russ Dacy of San Angelo, Texas, son of Mr. and Mrs. Monroe Dacy of Eldorado.

Missey is a 1988 graduate of Wall High School and is attending Angelo State University. She is majoring in Accounting.

Russ is a 1987 graduate of Eldorado High School and is also attending ASU, while employed at LTV Energy Products in San Angelo.

The wedding will take place on August 15, 1992 at St. Ambrose Catholic Church in Wall.

The regular meeting of the Board of Trustees of Schleicher County Independent School District was held on June 15, 1992, at 6:00 P.M. in the Administration Building.

A group of high school students including Matt Williams, Trey Morrison, Lee Ann Lamb, Adrienne Pina, Shanna Edmiston, and Belinda Martinez presented the proposal to the board that high school students be allowed to wear shorts to school. Discussion of the matter included the possibility of abuses of the privilege and of allowing the wearing of shorts as a reward for academic achievement.

After examining base bids and bids on alternates, because of unexpected high costs for construction board

members voted to decline all bids for gym construction and to accept N.C. Sturgeon's bid for renovation of the cafeteria contingent upon qualifications and time of completion and adding in renovation of the high school teacher workroom as a Change Order.

For the second time in three years, SCISD Maintenance Department was presented with an award for the outstanding job site. The award is given to districts participating in the Concho Valley Council of Governments summer youth employment program. John Kotsch was present to receive the award.

SCISD has been notified that both the elementary and middle school are eligible to receive recognition from the 1991/92

Texas Successful Schools Award System. The recognition is based on the Texas Academic Excellence Indicators including TAAS scores, dropout rate, attendance rate, etc.

Board members received a thank you note from Maxine Page for the restoration of the Steinway Grand piano in the auditorium.

In action items, board members adopted the Academic Excellence Indicator System report for Schleicher County ISD as provided by the Texas Education Agency. SCISD consistently scored above the state, regional, and group averages on TAAS (Texas Assessment of Academic Skills Test) for the 1991/92 school year. SCISD as a district surpassed the state, region and district group in percent of student attendance and in the percent of graduates with an advanced seal on their transcripts. SCISD students' ACT scores are improving and are slightly higher than our comparison groups. Board members expressed the desire for continued improvement especially in the area of math where we are traditionally below the national average.

Members adopted the proposal as presented by CNA with \$1000 deductible for an employee accident

policy and approved the following members of a mediation committee to meet with Mr. Zambrano of the Department of Justice: Scott Barton, Phil McCormick, Lynn Williams, Glen Nix, and Maureen Hodges. Dr. Blair also noted that, upon Mr. Zambrano's recommendation in May, contact with either Mr. Zambrano himself or the group he represented should be postponed until after the superintendency position was filled. Dr. Blair offered this information to clarify a concern that the school district was not being responsive to Mr. Zambrano's initial visit.

A budget amendment for \$35,000 and the financial report for the month of May were approved. Members also approved as presented a bid for fresh beef from M & M, for milk and milk products from Borden's Dairy, and for gasoline from Griffin Fuels. Members accepted low item price as bid by McClain and Ben E. Keith for food services, and to accept low price item as bid with consideration to service and availability on athletic equipment and supplies, and to accept the low price item as bid for instructional supplies.

Members accepted the resignation of Greg Cleveland as health teacher and coach.

The meeting was adjourned at 9:49 p.m.

When it comes to electricity, knowing the truth can save your life

Electricity is a wonderful product that most of us wouldn't dream of doing without. It is the hardest-working, cleanest, and safest form of energy available to us today.

But keeping electricity safe requires knowledge - knowledge of when electricity is safe and when it isn't.

* **Fiction:** The fuse continues to blow; maybe I need a larger one.

✓ **Fact:** If a fuse is blowing repeatedly (or a circuit breaker tripping), the circuit should be checked to find the cause. Replacing a fuse with one of a higher amperage could result in a fire.

* **Fiction:** It is safe to work on a machine or appliance if it is turned off.

✓ **Fact:** Power to the appliance should be disconnected completely - by unplugging it or turning off the circuit breaker - before any maintenance or repair is done.

* **Fiction:** Low voltage, such as a household current, cannot me.

✓ **Fact:** Low voltage can kill you. Normal household current has many times the minimum amperage necessary to render the heart and/or lungs inoperative.

* **Fiction:** The wire on the ground is dead. It isn't moving, arcing, sparking, or popping.

✓ **Fact:** Never be fooled by appearances. Many times wires may give every indication of being dead when the opposite is true. Do not try to move any wire using rope or wood. Stay at least 10 feet away and send someone to notify the utility.

* **Fiction:** I can work around electricity safely if I wear rubber boots.

✓ **Fact:** Common rubber boots are almost no protection at all. Most rubber boots contain lamp black which is a conductor of electricity.

The folks at Southwest Texas Electric Cooperative know the facts - and the fiction - about electric safety and want you to know, too. Call us today to learn more.

Guaranteed Single Family Housing Loans

Neal Sox Johnson, State Director of the Farmers Home Administration in Texas, is pleased to announce that it is now accepting applications from approved lenders such as banks, savings and loans, and Federal Land Banks for Guaranteed Single-Family Housing Loans.

Guaranteed Single-Family Housing Loans are loans whose funding is backed by the support of the FmHA, the lending agency of the United States Department of Agriculture (USDA). They offer opportunities for home ownership to families of moderate and low income who otherwise are unable to afford a conventional loan or credit elsewhere.

Guaranteed Loans may furthermore be made for up to 100% of the value of a property, and income is considered as a factor when establishing monthly payments.

The Farmers Home

Administration is proud to bring the FmHA Guaranteed Housing Program to its neighbors in the surrounding community. In keeping with this commitment, FmHA will work with its approved lenders to ensure that rural citizens have an equal opportunity to fulfill the American Dream of home ownership.

For further information and a list of approved lenders, please contact Ben T. Rucker, County Supervisor, Box H, Eden, Tx. 76837, or call 915-869-3941. They will be happy to assist you with your home ownership needs.

Farmers Home Administration, as an Equal Opportunity Lender, makes loans or grants to individuals or groups and guarantees to approved lenders without regard to race, creed, or ethnic origin. Complaints of discrimination should be sent to: Secretary of Agriculture, Washington, D.C. 20250.

Square and Round Dance To Be Held

A Square and Round Dance will be held at the Stockpen Crossing Park on Saturday, June 27, 1992 at Menard, Texas. Richard Lawson from Pipe Creek will be the Featured Square Dance caller and Weldon and Reanna Riley of San Angelo will be the Round Dance leaders. The dance is coordinated by Dub and M'Lu McDaniel of San Angelo. Dub will also serve as a Square Dance caller.

Everyone is invited and square dance attire is optional. Spectators are welcome. All dancers and spectators are invited to a tour of the historical sites of Menard at 1:00 p.m., some of the attractions of Menard's forthcoming Jim Bowie Days festivities. Everyone should meet at the Chamber of Commerce office, San Saba Street, at 1:00 p.m. Saturday.

A Pot-luck-Supper will be held at the Stockpen Crossing Park (1/2 mile west of town on FM 2292) at 5:30

p.m. Everyone is invited. Bring a covered-dish and folding chairs; silverware, paper plates, tea, coffee and water will be furnished.

Pre-Rounds begin at 7:00 p.m. and the Square Dance begins at 8:00 p.m. Every third tip will be plus and there will be Rounds between tips. The after party will begin at 10:15 p.m.

The Stockpen Crossing Park is near the beautiful San Saba River. Seating is limited so everyone should bring their own folding chairs.

Some dancers will arrive Thursday and Friday for fishing, boating, meals, golfing and camping and all are invited to join them at the Pie-in-the-Sky RV camp next to the Stockpen Crossing Park.

R.V. facilities are available at the Pie-in-the-Sky, (915) 396-2793; Holmes Self-Serve, 396-4379 and Rabbit Haven, 396-4745. Motels are Navajo, 396-2362 and Motel 83, 0396-4549.

Little League All-Stars Attend Tournament

Pitcher Chris Barajas is pictured above throwing a pitch at the Ozona Tournament. (Photo by Charlie Bradley)

by Coach Larry Mitchel

Thrills, Chills, and all kinds of Spills was the theme of the All-Star Tournament in Ozona last week-end. The excitement began on Friday night with a game against Ozona.

Since our regular season ended on Thursday and there was not time for practice, trial and error was the name of the game. Eldorado's All-Stars played very hard but new positions, new teammates and new coaches for most players were too much overcome. Ozona won 6-5. Ozona advanced to the winners bracket while we went down to the losers bracket.

Since the tournament was double elimination, our team still advanced to the finals. Neither the long day, numerous games, nor the hot weather deterred the Eldorado Eagle All-Stars.

The play began at 8:00 Saturday morning against Rankin. We beat them 13-3. Next, we eliminated Sonora by a score of 5-2. Junction was our third adversary and our boys really dug down deep to remain in the tourney. Eldorado was down 9-2 at the bottom of the third inning and then the desire and

determination exploded. Eldorado finally won 12-11.

Now let's recap. Beginning at 8:00 a.m., we beat Rankin, Sonora and now Junction. In the meantime, Ozona played only 1 game to beat Junction. Since Ozona beat us Friday night, we had to beat them twice because they were still undefeated.

Eldorado's fourth game of the day began against Ozona. We were tired, but determined and outscored Ozona 12-6. It was now time for our third game in a row, our fifth game of the day. It was an outstanding game with amazing effort exhibited by both teams. The lead changed hands at least four times with neither team wanting to concede. It was the bottom of the 5th and Ozona was ahead 11-9. We got 2 on the base with no outs. Then we scored one run which put us within one, 11-10. The fifth inning ended, but we still had last bat. WE held Ozona in the top of the 6th and had one last chance to win. We were unable to score, so the score remained 11-10 in favor of Ozona. Ozona ended up first and Eldorado second.

What a delight to see fine young boys perform under adverse conditions and never, never quit. You guys made many fans, parents and grandparents very proud. You are number one in our hearts. Congratulations and Good Luck in the Eldorado tournament this week-end!

Hospice Coming To Eldorado

In an effort to begin offering services to the terminally ill and their families in communities around San Angelo, the Hospice of San Angelo is bringing its program to Eldorado.

According to Peggy Soldano, patient coordinator at Hospice of San Angelo, the program recently made the decision to begin working with people in outlying

communities. Soldano expressed excitement about the opportunity to establish Hospice services outside San Angelo. She said the program is making plans to begin Hospice groups in Eldorado, Sonora, Ballinger, and Big Lake, to name just a few communities around San Angelo. Some communities that are close together may share volunteers and resources.

Hospice offers a wide range of services to the terminally ill and their families, according to Soldano. These include medical help, help getting needed equipment, support group meetings, emergency aid and individual counseling.

"Our goal is to let people die with dignity in their own homes, to let them call the shots," Soldano said. Even when the patient dies, Hospice is there to help with funeral arrangements, and they continue to follow up for a year afterwards in whatever the family needs.

Soldano is hoping to use nurses and volunteers who live in Eldorado to staff the town's Hospice program. She maintains that hometown people are closer by in an emergency and it is more economically sound for communities to keep the salaries of the paid staff at home, and to use local pharmacies and other resources.

Hospice services are provided regardless of ability to pay.

Breast Cancer Detection

Breast Cancer cannot be prevented, but early detection can save many lives. Breast Cancer will strike one in nine American women. The American Cancer Society predicts that about 44,000 women will die of Breast Cancer this year.

Experts estimate that if every woman had regular mammograms according to guidelines established by the American Cancer Society, nearly a third of the women who die of Breast Cancer would survive. The guidelines are: A) Begin mammography by age 40; B) Age 40-49 mammogram every 1-2 years; C) Over age 50 annual mammogram; D) Monthly breast self-examination; E) Regular breast exams by a physician

Mammography is the best means for early detection of Breast Cancer.

Transamerican Diagnostic Services has been accredited by the American College of Radiology since 1989. The American College of Radiology program is voluntary and designed to insure women receive optimum quality mammographic examinations. The accreditation is done through evaluation of the facility's staff qualifications, (technol-

ogist, radiologist, and physicist), equipment, quality control, quality assurance, image quality, and breast dose. Transamerican Diagnostic Services is also approved by the Texas Department of Health to accept self referred patients and is approved by Medicare as a provider to the Medicare Mammography Program.

Transamerican Diagnostic Services, recently has been contracted by the Texas Department of Health to be an official provider for low income women.

Transamerican Diagnostic Services will have a mobile breast cancer detection unit available to local women on Thursday, July 2nd. The unit will be parked at Schleicher Count Medical Center, 400 W. Murchison, Eldorado, Texas. Appointments may be made by calling 853-2507. For more information, you may call Transamerican Diagnostic Service, Inc. at (915) 561-8888.
