Foodhandlers School Starts Here Tomorrow

Anyone Interested May Attend Daily Classes This Week

Childress' first Foodhandlers, School will open at 9:30 o'clock tomorrow morning at the courthouse.

The school will be held twice daily through Friday, May 9.

"Although the school is principally for foodhandlers, housewives throughout the city and county or anyone else interested in the handling of food may attend," said Dr. Raymond Hander.

Dr. J. H. Jernigan will open the school with a brief talk.

The school will hold classes each day at 9:30 o'clock in the mornings and 2:30 o'clock in the afternoons.

"The classes will not be over one and a half hours and may be a little less," Hander said.

All who attend all of the classes will receive a certificate and each store that has as many as 80 per cent of its employees in the school will receive a placard from the State Health Department which is conducting the school.

The school will be principally conducted through films and the following subjects will be shown: "The Danger Point," "Defense Against Invasion," "Eating Out," "40 Billion Enemies," "Vandals of the Night," "The House Fly," "Twixt Cup and Lip,' "A Dishwasher Named Red,' "Winged Scourge," and "Hashslingin' to Foodhandling."

There will be no admission charge.

Country Club Group To Meet Tomorrow Noon

The Membership Drive Committee of the Childress Country Club will meet at noon tomorrow at Hotel Childress, it was announced Saturday by J. M. Crews, president.

The committee was named at the organization meeting of directors Thursday.

"We want to start our club off with the maximum 200 members allowed and hope to have that number for Monday's meeting," Crews said.

The drive committee is composed of 22 members or 11 teams and reports indicated Saturday that teams were meeting with exceptional success.

The drive committee is composed of the directors: Crews, W. C. Harp, Mrs. Della Layton, C. C. Broughton, Iley Compton, George Barry, C. A. Williams, Mart Coyne, Fred Sherwood, J. H. Thorne and L. W. McClendon. Other members are C. E. Johnson, Mrs. Bertha Nave, Morris Higley, Jim Corlett, C. B. Gloar, Paul Ord, Truman Webb, John Herren, W. T. Ross, W. H. Newberry and O. H. Gibbs.

H. J. Dollinger To Address All County Educators

H. J. DOLLINGER

* * *

Prominent local educators will be the guests of the Childress Chamber of Commerce Tuesday, May 13, at a meeting designated to promote better understanding of educational problems by local business men.

Featured speaker at the session will be H. J. Dollinger, assistant manager of the southwestern division of the U. S. Chamber of Commerce, whose topic will be "Education-An Investment in People."

Dollinger will present the results of a special study recently completed by the national chamber, an association of business men, because of its belief that since the nation's schools are training the workers and the consumers of tomorrow, business has an interest in determining how well this job is being done. The results make a highly interesting story which may have important local applications.

F. F. Weddington, chairman of the educational committee will preside at the meeting. Guests will include all Childress and Childress County teachers.

89th Birthday Observed By Q. S. Barrett

Judge Q. S. Barrett was 89 years old yesterday.

During his lifetime he has played no small part in the building of this section of the state.

He has been county judge of this county, holding that office periodically for 25 years. From 1922 until 1929 he was county attorney. Before he came to Childress in 1902 he had been county attorney in Kaufman county and assistant county attorney in Grayson county.

At one time during his career of pioneer he was in the grocery and brick business in Terrell.

Judge Barrett has been active in the legal profession since his graduation from Baylor University in 1881 and but for a slight illness the present time could be found in his law office in the court house.

He and Mrs. Barrett have been active during their 45 years in Childress in both social and civic activities and recall many fine memories in the building of Childrses from a little cowtown in the 1900's to the trading center it is today.

Final Rites For Mrs. Simmons Held Yesterday

Funeral services for Mrs. W. A. Simmons, who died suddenly in her home Friday afternoon, were conducted at 3 o'clock yesterday at the First Baptist church. Rev. W. H. Colson, pastor, officiated.

Mrs. Simmons, who was 85 years of age, was born in Labonia and moved to Childress in 1910. Her husband died in 1933.

She is survived by three sons, John, of Childress, J. E. of Wichita Falls, and Robert L. of Cincinnati, Ohio, 16 grandchildren and eight great-grandchildren.

Serving as pallbearers were H. V. Buster, John Prettyman, A. B. Carter, Truman Webb, W. F. Issacks and Preston Harp. On the flower committee were Mmes E. A. Beaver, W. F. Issacks, V. A. McCoy, T. J. Stanford, J. J. Addington, Joe Wilson and Preston Harp.

Interment was in the Childress cemetery by the McMinn Funeral Home.

The Linen Shop will open this week at 216 Commerce Street, with imported linens and many wonderful gifts for Mother's Day.

Government Phone Plan Unacceptable

Company Rejects Federal Proposal For $5.14 Settlement

WASHINGTON, May 3—(U.P.)—An official of the American Telephone and Telegraph Company said tonight that a government proposal to settle the 27-day nationwide telephone strike by granting employees a $5.14 weekly increase would be "entirely unacceptable" to the company.

George S. Dring, A. T. and T. assistant vice president, said the strike would be settled only on the basis of "free collective bargaining." He declined to discuss a specific wage basis for a settlement except the $4 increase already offered by the company.

The government proposal was made during a four-hour bargaining session today between the A. T. and T. and the American Union of Telephone Workers, long lines affiliate of the striking National Federation of Telephone Workers.

Government conciliators asked both parties to refrain from disclosing the offer but it was revealed to the press later by an informed source.

Dring, who was present during the four hour House bargaining session, refused to confirm or deny the government proposal had been made.. But informed that such a story was being carried by the press, he said:

Morgan Medical Library Given To Proposed Hospital

Dr. T. M. Morgan's medical library and bookcases have been given to the proposed Childress County Hospital, according to County Judge P. J. Harp.

Dr. Morgan operated the Morgan Hospital here until his death a few years ago.

The hospital was sold recently to Dr. E. A. Boaz of Dalhart and who plans to open it this week with all new equipment.

The library is now stored in the Chamber of Commerce office and is the first contribution to the new hospital.

"I have kept the library intact, hoping that the time would come when it could be utilized for the benefit of the people," Mrs. Morgan said.

Campbell Infant Dies; Funeral Held Yesterday

Michael Don Campbell, infant son of Mr. and Mrs. Don Campbell, died at approximately 11 o'clock Friday night at a local hospital. Funeral services were conducted yesterday morning in the home of the grandparents, Mr. and Mrs. C. M. Hill.

Rev. W. H. Colson conducted the service. Interment was in the Childress cemetery under the direction of the McMinn Funeral home.

Survivors are, besides the parents, Mr. and Mrs. C. M. Hill and Mr. and Mrs. W. E. McKinney, grandparents.

RACE RIOT QUELLED IN FORT LEAVENWORTH PENITENTIARY

Truman Carries Price Cut Fight To Wholesalers

WASHINGTON, May 3—(U.P.)—President Truman tonight carried his campaign for lower prices to the nation's wholesalers with the declaration that high costs must be battled "in all segments of our economy."

He said he had been particularly impressed by a request by the National Association of Wholesalers, Inc, that each of its members make an "honest contribution" to a sound economy.

The U. S. Chamber of Commerce., meanwhile, suggested that some prices may go even higher.

The Chamber of Commerce made public a report by its committee on economic policy asserting that "it is clearly misleading to place the major or sole responsibility for the present level of prices upon business men or to suggest that they could bring all prices down by an action which they individually could take."

The report said food prices had risen 91 per cent above 1939 in contrast with a rise of 31 per cent in non-food prices.

"The moderate increase of 31 per cent in the non-food items since pre-war is in sharp contrast to the 85 per cent increase in average hourly factory earnings in the same period," it continued.

The report said food prices had been driven up primarily by high levels of national income and heavy government purchases to supply foreign demands.

It said, "average real factory earnings are up 28 per cent over 1939," and added that "the current second round of wage increases may make it still more difficult to prevent some further price rises."

Quarterback Club To Meet Monday

A meeting of the Childress Quarterback club will be held in the Bobcat Lounge at the High School gymnasium at 7:30 o'clock Monday night, it was announunced today by President Dub Nelson.

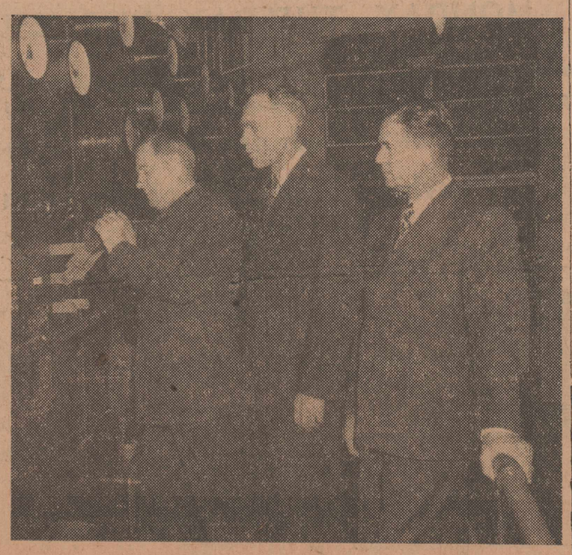

Head Coach Dan Salkeld and former president Vernon Eubanak will make short talks in regard to the sale of tickets to the spring intersquad football game and the Ruth Fite fund.

It will be a short meeting and will adjourn in time to see the softball league's opening game, Nelson said.

Rev. Neetz To Preach At Assembly Of God Church Tonight

Rev. Arthur Neetz will conduct the evening service at the Assembly of God church tonight, it was announced yesterday by the pastor, Rev. Virgil C. Sparks.

Rev. Neetz is an evangelist among the Jewish people and has contacted over 250,000 in 600 Texas cities, according to Rev. Sparks.

Above is shown Mayor H. C. Preslar turning on the switch which made Childress the "best lighted city in West Texas." Standing back of Mayor Preslar are Carl Hudson, local manager of the West Texas Utilities, and T. A. Shahan, district manager. Since the downtown light were turned on, a string of nine 4,000 lumens lights has been added on Avenue B. Sw., and new 1,000 lumens lights have replaced the old lights throughout the residential section.

CHARGE OVER 1500 MILITARY PERSONNEL WITH 'TREASONABLE DEMONSTRATION' IN PARADE

WASHINGTON, May 3—(U.P.)—The House Unamerican Activities committee charged tonight that some 80 United States military officers and 1,500 men in enlisted uniforms staged a "treasonable demonstration" by marching unler the Communist banner in the New York May Day parade.

It said the episode provided "flagrant evidence" that the Communists have infiltered the armed forces.

The committee urged the army and navy to launch an immediate investigation to determine the identity of the men involved. It added that any officers on active duty who participated should be court martialed and an inactive personnel dismissed from the Reserve Corps.

The demand was contained in a letter from committe chairman J. Parnell Thomas, R., N. J., to Secretary of War Robert P. Patterson. Thomas said he was sending similar letters to Secretary of Navy James Forrestal and other appropriate officials.

"There is no place in the active or reserve ranks of our army for an officer or an enlisted man whose allegiance is to a foreign government," Thomas wrote. "I need not remind you that these men take an oath of allegiance to the United States when they receive their commissions."

He said committee investigators had gone to New York and taken close-up motion picture and still shots of the marchers in the parade last Thursday. Thomas said he was sure Patterson would "share my concern" at the investigator's reports.

"They reported to me among other things," he said, "that there was one platoon or approximately 80 officers of the various branches of our services which marched in this parade under the banner of the Communist party of the United States."

Thomas said about 1,500 men in enlisted men's uniforms also paraded under the Communist flag.

"In the past, there have been numerous charges that the Communists have infiltrated into the army of the United States. Certainly yesterday's (Thursday's, demonstration provides flagrant evidence of such infilteration," he said.

Thosa wrote that under the law Patterson has every right to court martial any of the parading officers who are on active duty and revoke the commissions of any reserve officers.

"I am sure you will agree with me," he said, "that the Communist party in the United States is the agent of a foreign power and that the allegiance of its members and officers rests not with the United States but with the Soviet Union."

Texas City Known Dead Placed At 471

TEXAS CITY, May 3—(U.P.)—The American Red Cross announced tonight that 12 new names have been added to the list of identified victims of the Texas City disaster during the past 48 hours. This increased the identified dead to 362.

The Red Cross said 109 bodies at the Camp Wallace Morgue still remain to be identified. The overall toll of known dead now stands at 471.

Of the 12 new names added to the death list, four were new bodies recovered in the past two days. The remaining eight were from the unidentified in the Morgue.

The last identified are: M. L. Antwine, Mose Rollins, B. R. Durst, Harvey Menge, Charles Joseph Barre, Humberto Sacuedo, Arthur A. Dranchenberg, Edward Joseph Bunker, J. W. Friend, T. J. Lewis, A. J. Mentzel, and R. D. Southerland.

The Red Cross reported 198 patients are still hospitalized in Galveston and Houston, as the result of injuries received in the Texas City explosions.

Opponents Attempt To Kill Aid Bill

Present Amendments Hoping To Restrict Scope Of Greek Aid

WASHINGTON, May 3—(U.P.)—Opponents aimed a dozen or more amendments at the $400,000,000 Greek-Turkish aid bill tonight in the hope of restricting its scope—if they can't kill it outright.

But its supporters were confident the measure embodying President Truman's program to quarantine Communism would pass the House next week, perhaps with minor changes but in ubstantially the form approved by the Senate a few weeks ago.

Republicans opposed to the bill, however, may demand a conference of all GOP House members to argue that the party should take no stand in favor of the measure.

Twenty-four Republicans held an informal meeting last night and appointed a delegation to call on Speaker Joseph W. Martin, Jr., today to discuss the situation.

Members of the delegation refused to be specific about the results of their meeting with Martion, but one of them said, "there may still be a conference."

Martin, however, told reporters that the delegation did not request a conference and that he did not plan to call one because "Foreign affairs are non-Partisan."

One member of the group said last night's meeting was called partly because some of those opposed to the measure were disgruntled about Martin's public prediction that it would pass overwhelmingly.

Among the amendments that will come from the opposition, a coalition of midwest Republicans and New Deal Democrats, were:

1. A proposal that the entire Greek-Turkish problem be turned over to the United Nations.

2. A proviso cutting out all semblance of military aid, and authorizing $150,000,000 in economic assistance for Greece only.

3. A requirement that Greece and Turkey take steps toward achieving "truly Democratic" government as a prerequisite to aid.

Those amendments were expected to provide the major battles during consideration of the bill by the House.

In any event, Rep. Lawrence H. Smith, R., Wis., the only member of the House Foreign Affairs committee to write a minority report on the bill, intends to offer a motion to send the bill back to the committee.

Aleman Says Mexican Loan Self-Liquidating

NEW YORK, May 3—(U.P.)—President Miguel Aleman of Mexico said today that a proposed loan to Mexico by the United States would be self-liquidating and guaranteed by his government.

Aleman spoke at a mass press conference in his hotel suite with 100 reporters after his visit to the United Nations general assembly meeting in Flushing.

Smiling genially, he answered a barrage of questions. Aleman spoke in Spanish, with his chief press officer, Alejandro Carrillo, acting as interpreter.

"Each of the projects the Mexican government undertakes with the loan will be sufficient to bring back the loan," Aleman said. "And the Mexican government."

Of the press conference itself, he said:

"I think we are undertaking a very important work together. We are uniting our two peoples through the means most important to all Democracies—that is, the press.

One Dead; Eight Hurt In Federal Prison Rebellion

FORT LEAVENWORTH, Kans., May 3—(U.P.)—Col. Graeme Parks, commanding officer of the U. S. Disciplinary Barracks, announced at 6:40 p. m. today that a survey of the riot-shattered cell block No. 6 revealed neither dead nor wounded after the last rebellious white prisoner was marched out at double time.

The white prisoners—514 of them—had been barricaded in cell block No. 6 and subjected to round after round of tear gas following a race riot with negro inmates which resulted in the death of one prisoner and injuries to eight men, one a guard.

The capitulation of the white prisoners began at 4:45 p. m. and was completed at 6:20, Parks said. They held out for almost 24 hours without food.

All prisoners, white and negro, were fed in the normal manner at the barracks messhall tonight, Parks said. Both whites and negroes, he said, entered the messhall together but are served at different steam tables.

There was no further disturbance as the cell block was vacated or during the mess period, Parks said.

Col. W. A. Drowns, supervisor of prisoners, directed the white prisoners as they emerged, hands in air, from the littered cell block. He spoke over a public address loudspeaker:

"Everybody come down to the main floor," he ordered. "Line up behind the door. We'll bring you out in small groups. Obey all orders."

Announcement of the capitulation of the white cell block was made at 5:15 p. m., by Maj. Henry C. Triesler, Jr., Post Public Relations Officer.

Parks said that the prisoners would be denied all privileges but that no disciplinary action would be taken until completion of a formal investigation. Barracks officers immediately began a preliminary investigation.

Work crews began cleaning up debris-strewn cell block No. 6 tonight. All white prisoners were placed in cell block No. 4.

One man was hospitalized as the last group marched out. He was ill as the result of an old injury.

"If there are no further incidents and the investigation does not interfere," Parks said, "normal routine will have been restored by Tuesday."

Say Truman Will Veto GOP Tax Reduction Bill

WASHINGTON, May 3—(U.P.)—A source close to the White House predicted tonight that President Truman will veto the Republican tax bill.

There was however, little likelihood that the veto warning would lessen GOP determination to push through Congress the Republican program to cut individual income taxes.

Senate Republican leaders gave no indication that they would be willing to compromise to avert a veto. They intend to put their program up to Mr. Truman on a "take-it-or-leave-it" basis.

The president opposes any tax cut now. But he has not said definitely that he would veto the GOP bill. Some congressmen expressed doubt that he would take what they consider the political risk of a veto.

The Senate Democratic leadership is confident it can muster enough votes to sustain a tax veto. That foreshadows a deadlock that would result in taxpayers getting no relief this year.

The Republican controlled Senate Finance Committee appeared virtually certain to approve—with not more than one major change—the GOP-sponsored bill passed by the House. It would reduce personal income taxes by 30 per cent in brackets up to $1,000; by 20 per cent in the $1,000-$302,000 brackets and by 10.5 per cent on higher incomes.

SPRING IS SPRUNG AND ALL IS IN READINESS FOR THIS YEAR'S GRUELS IN THE SUN

BY CHARLEY BUSTER

In spring a young man's fancy turns to baseball and other forms of pitching.

Spring is here and Childress sports minded citizens are afield.

The baseball season has already begun, softball begins Monday night. The new country club has been organized and soon the familiar yell of "fore" can be heard. Some of the kids (old and young) have already been swimming in the tanks and ponds that are dotting the county now, thanks to an abundance of rain in April.

The Veterans of Foreign Wars will have a county wide marble championship with the winner competing against other county winners with a final goal of competing in the national championships in Boys Town, Neb., next month.

The tennis courts at the high school are doing full time duty and the city council has taken under consideration a plan to provide more tennis courts throughout the city.

The Rotary Club is ramrodding a movement to get all the civic clubs and everyone else behind more playgrounds in the various sections of the city for the younger set. The Lions Club has already raised a great deal of money to improve and enlarge the playground in the park and to fence it so the older of the youngsters (15 to 95) won't wear it out while the kids are asleep.

Spring training for football has brought a number of boys out and is progressing very well under new head Coach Dan Salkeld. A plan has been under consideration for some time to have a summer supervised recreation program for Childress children.

Fishermen ore flocking to Grosbeck and Possum Kingdom and bringing back some beauties and tales of some more elegant that "got away."

Boy Scouts have begun their summer hiking and exploring and things are beginning to shape up for parties and picnics in the park for young and old.

A summer full of outdoor fun and frolic is shaping up even if it is only sitting in the front yard or on the porch in the evenings and watching the cars go by.

Most of the town's wives have got most of the town's husbands mowing the lawns or trimming the hedges or painting the fence or something. Some of the husbands have even got the wives doing that but none of them will tell the secret of their success.

Backyard lights have been repaired and barbecue pits cleaned out and many a budget will suffer from hotdogs and hamburgers cooked over charcoal at home.

The majority of the men have turned their attentoin to chasing straw hats around the streets. Probably that was why they were thought up in the first place, not to cool the men's heads off but to keep them trim and fit by blowing all over the place.

Even the women are wearing sailors, or picture-book hats as they call them. They're even bigger and floppier than the men's but they never seem to have to chase them.

Ties have been thrown away, coats have been hung, handily of course, in mothballs, tweeds and heavy woolens are in the closets and slacks and sports shirts have come into their own again for a few months.

The amount of water used each day in the city is increasing and people are spending more time under the shower or cooling off in the bath tub; lawns are being watered, flowers have been planted and spring has definitely sprung.

Even the automobiles know that spring is here with changes of oil and a lot more driving around town and in the country and weekend trips to other towns.

Air-conditioners have been taken out of wraps and are already leaking on pedestrians and on kids who play in the back yard.

Vacations are being planned and new gear bought to replenish what was lost or worn out last year; people are consulting maps and writing relatives and making reservations. Everything is in a spin.

The radio programs are coming on an hour earlier than they did during the winter and people are missing their favorite programs because they are unaccustomed to Daylight Saving Time.

Spring-cleaning is the order of the day in most homes and papa is being made to beat the carpets and repair the fans, clean-up the ice cream freezer and in general prepare for the hot days ahead.

Yes, soon the gremlins that cause golf balls to go in the rough and star fielders to drop flies or raise the net to foul up perfectly good tennis returns are due for a lot of cussing and "as sure as Spring is Here They Will Be Cussed."

IT'S IN THE AIR

SPRING is just around the corner. Soon will come the day to lay away winter woolens and step right out in a new spring suit, And for millions of American men who want the very best in style, fit and value, that means a CURLEE Spring Suit.

If you are a regular Curlee customer, you will know what to expect in these new spring suits; styling by master designers, skilled tailoring that builds comfort into every garment, quality materials in the season's smartest patterns. If you have never given yourself the pleasure of owning a Curlee Suit—then here is a real treat in store for you.

Come in and see these Curlee Spring Suits today. You are sure to like them and will find that every suit is priced right.

Predict Hot Baseball Game This Afternoon

There should be plenty of dynamite in today's baseball game between Childress and Kirkland. Both teams will be going "all out" for a win and both teams are in a second place tie in the Red River Valley League.

John Pelley will start his left-handed ace Cliff Jones on the rubber with Bill Harper behind the plate.

Pelley will be on first base. Doug Harper on second, Otto Owens on third and Pee Wee West shortstop. In the outfield will be Frank Trosper, Cletus Moore and Buster Harris.

Childress manager Walter Price will start either Wayne Butler or W. M. McDonald on the mound with Eddie Griffin or Bill Dennis receiving.

Bill Loter will occupy first base, Adron Lobban second, "Doodle" Smith third and W. J. Redwine shortstop.

In the outfield Price will probably start Ross James, Bill Petty-John and Slick Mills, the same line-up that beat Wellington last Sunday.

The game will start at 3 o'clock and admission charge of 50c will be made for adults.

Softball League Play To Start Tomorrow Night

The Childress Softball League will get underway tomorrow night when Griffin and Butler meet Coats in the first game and Carey meeting the Bank's school boys in the second game.

More accommodations for the crowd have been made this year and the lighting has been enlarged. It is believed that the Fair Park field is the best lighted in West Texas with the new lights.

Most of the teams entered this years are out for blood and the earliest predictions list three of the teams playing tomorrow night as those who will probably be in the play-offs at the end of the first half.

Predictions are that of the four teams in the playoff, Griffin and Butler, Coats and the Bank will be three of them.

Rogers Comes In Second In Mile At State Meet

Tom Rogers lost the first place position in the mile run yesterday to Javier Montez, bantamweight track man from Bowie High in El Paso.

Rogers came in second behind Montez who clipped five and one-tenth seconds off the state record in the Austin meet.

Montez time was 4:25 flat and according to the United Press he paced the field at the finish by 100 yards.

Rogers was the only Childress High School entry in the state interscholastic meet, having won district and regional first places earlier this spring.

Jet Pilot Wins Kentucky Derby In Photo-Finish

LOUISVILLE, Ky., May 3—(U.P.)—Jet Pilot won the Kentucky Derby today before one of the greatest crowds in sports history by defeating the favored Phalanx in a thrilling photo-finish.

Faultless was third, scarcely a hair's breadth behind.

Favored by a slow track and the second choice in the betting, Jet Pilot was off first and led the way. He gave Mrs. Elizabeth Arden Graham and her Maine Chance Farm a triumph in the 73rd annual running of America's most storied horse race.

Ridden by Eric Guerin, the chestnut colt by Blenheim II, Black Wave, just managed to last as Phalanx, who was off to a bad start, but came like the wind down the stretch and nosed out Faultless for second place.

On Trust was fourth.

Jet Pilot, was the only good two year old that did not perish in a fire which destroyed Mrs. Graham's other 1947 Derby hopefuls at Arlington Park on the day before last year's Derby. Today he proved himself a true champion. He ran the mile and a quarter in 2:06 4/5.. Good time for an off track.

He paid $12.80, $5.20 and $4.00 across the board. Phalanx, the 2 to 1 favorite, returned $4.00 to place and $3.00 to show. Faultless' show price was $4.60.

CARD OF THANKS

Mrs. Ruth Newell

Come unto me, all ye that labor and are heavy-laden, and I will give you rest—Matt. 11:28.

I cannot think of her as dead,
Who walks with me no more:
Along the path of life I tread—
she has but gone before.

The Father's House is mansioned fair,
Beyond my vision dim;
All souls are his, and Here or there
Are living unto Him.

And still her silent ministry
Within my heart hath place,
As when on earth she walks with me,
And met me face to face.

Her life is made forever mine;
What it to me has been
Hath left henceforth its seal and sign
Engraven deep within.

Mine it is by an ownership
No time nor death can free;
For God hath given to Love to keep
Its own eternally.

We wish to express our apreciation for the kindness shown us in the loss of our wife and mother. O. D. Newell and daughters.

We wish to thank our many friends and neighbors, especially The Knights of Pythias, The Pythian Sisters, The Buster Brothers, and Brothers Colson and Heath for the beautiful floral offerings and the many kindnesses shown us during the brief illness and death of our beloved husband, father, son, and brother. Mrs. S. W. Moore and children, Mr. and Mrs. G. A. Moore and children, Mr. and Mrs. E. E. White and children.

Expecting a Baby?

Mother's Friend massaging preparation helps bring ease and comfort to expectant mothers.

MOTHER'S FRIEND, an exquisitely prepared emollient, is useful in all conditions where a bland, mild anodyne massage medium in skin lubrication is desired. One condition in which women for more than 70 years have used it is in application for massaging the body during pregnancy... it helps keep the skin soft and pliable...thus avoiding unnecessary discomfort due to dryness and tightness. It refreshes and tones the skin. An ideal massage application for the numb, tingling or burning sensations of the skin...for the tired back muscles or cramp-like pains in the legs. Quickly absorbed. Delightful to use. Highly praised by users, many doctors and nurses. Millions of bottles sold. Just ask any druggist for Mother's Friend—the skin emollient and lubricant. Do try it.

MAURINE NEWBERRY PRESENTS PROGRAM AT B&PW MEETING

Debussey's "Clair De Lune" presented by Comellia Maness at the piano, opened the regular meeting of the Business and Professional Women's Club held yesterday evening at the Hotel Childress.

Maurine Newberry was chairman of the program which followed. Topics discussed during the evening were "The Trouble With Jobs Is People" by Louise Bowers, "The Big Open Door" by Maurine Newberry and "Every Man A Capitalist," by Christine Menefee.

The speaker's table was attractively decorated with a floral centerpiece of a bowl of floating pansies graced on either side by burning tapers. A tulip arrangement was placed on the piano.

During the business meeting the following delegates and their alternates were elected to attend the state convention of the B&PW club to be held in San Antonio June 6, 7 and 8:

Nell Rogers—Wanda Johnson, Grace Powell—Julia Ross, Alyeen Ater—Maurine Newberry, Montye McMinn—Vera Swafford.

It was also announced that a new B&PW club had been organized in Olney.

Members present were Alyeen Ater, Frances Ballew, Marjorie Ball, Louise Bowers, Pauline Cannon, Lula Mae Carter, Myrtle Cates, Colene Clift, Creola Day, Mary Hale, Aubra Hankins, Clara Isaack, Cornelia Maness, Charlotte Martin, Cristine Menefee, Lorene Metcalf, Maurine Motley, Jewel Murrah, Montye McMinn, Maurine Newberry, Mildred Phillips, Grace Powell, Bonnie Reeves, Nell Rogers, Julia Ross, Sadie Seward, Joyce Sheats, Loretta Shoemaker, Vera Swafford, and Maurinne Travis. Guests attending were Lucile Myers of Wichita Falls and Hattie Weaver of Dallas.

We, The Women

A widow whose grown and married children have walked right out of her life wants to know how a parent manages to keep the love and interest of children after they leave the parental roof to live their own lives.

Here's the advice of one mother who has solved this problem:

If you can't help worryig over the problems of your grown children, at least hide your worry from them. If they're really mature adults, they will resent your concern and pity.

Don't offer them advice, even if you know you are right. That's another thing they will resent.

Don't let them feel you are dependent on them for your happiness in life. Make your own happiness.

Don't put on a pathetic act hoping to make them feel sorry for you and give you more attention.

BE ON THEIR SIDE

Don't criticize their friends or their way of living. They won't feel comfortable around you if you do.

Show your admiration for what they have accomplished or are trying to accomplish. That puts you on their side.

Be ready and willing to offer a hand in case of a real emergency. But don't give them too much, either in the way of financial help or by letting them dump their children on you. They'll have more respect for you if you assume they are capable of standing on their own feet and meeting their own responsibilities.

"Buying Wisely" Discussion Topic At HDC Meeting

The Rivercamp Home Demonstration club met Thursday afternoon at the community school house for a discussion by Miss Sadie Seward, home demonstration agent. Her topic of discussion was "Buying Wisely."

Miss Seward also brought an interesting talk on labels and frands.

Two new members, Mmes. Guy Mayo and S. T. Hammond, were admitted to the club.

Other members present were Mmes. Edna Monicel, Ray Stone, B. J. Teague, Lyle O'Daniel, T. P. Roberts, Fred Hall and Tlelma Stewart.

One guest, Mr. A. J. Weatherbee also attended.

Take Off Ugly Fat With This Home Recipe

Here is an inexpensive home recipe for taking off ungainly weight and help bring back alluring curves and graceful slenderness. Just get from your druggist, four ounces of liquid Barcentrate (formerly called Barcel Concentrate). Add enough grapefruit juice to make a pint. Then just take two tablespoonsful twice a day. Wonderful results may be obtained quickly. Now you may slim down your figure and lose pounds of ugly fat without back breaking exercise or starvation diet. It's easy to make and easy to take. Contains nothing harmful. If the very first bottle doesn't show you the simple, easy way to lose bulky weight and help regain slender, more graceful curves, return the empty bottle and get your money back.

MISS PATRICIA HUDDLESTON TO WED WAYNE RESLAR JUNE 1

The engagement and approaching marriage of Miss Patricia Huddleston to Wayne Reslar, son of Mr. and Mrs. Dale Reslar of El Paso, has been announced by her parents, Mr. and Mrs. Ray Huddleston of El Paso, formerly of Childress.

June 1 has been set as the date for the wedding, which will be held in the Trinity Methodist church in El Paso.

The betrothal was told at an announcement tea held recently in the Green Room of the Hilton Hotel.

A red and white color scheme was used in the decorations for the party with a bouquet of red roses centering the lace covered table.

Miss Huddleston's aunt, Mrs. Phil Berry of Stanton and Mrs. King Sides were co-hostesses. Assisting with the courtesies were Mmes. Reslar, P. S. Bailey, Bishop Bailey, Paul Dyal and Misses Gladys Gregory, Bonnie Reslar, Joyce Dyal, Georgianna Hammett and Frances Davidson. Miss Nancy Miller player soft background music at the piano.

For her announcement party Miss Huddleston was attired in a red net frock trimmed with silver sequins and fashioned with drop shoulders and a bouffant skirt. Her corsage was of gardenias.

Miss Huddleston is a graduate of El Paso high school, where she was a member of several school social clubs. She also attended Childress schools until her junior year in high school. She acted as president of the Teen Club her freshman year and was elected into the Sub-Dub club at the beginning of her junior year.

She is now attending the College of Mines. Last fall she was a student at Texas State College for Women in Denton.

The bride-groom elect was graduated from El Paso high school and served two years in the army at which time he was stationed in India. He is a freshman at the College of Mines majoring in business administration. His fraternity is Lambda Chi Alpha.

TODAY MARKS BEGINNING OF TWENTY-FOURTH OBSERVANCE OF NATIONAL MUSIC WEEK

Today begins the 24th observance of National Music Week, the keynote of which stresses the social values of music and gives emphasis to it as a cultural value and its enrichment of life for individual and community.

The Harmony club of Childress represented by a committee of three headed by Mrs. J. A. Hilburn, chairman, will participate in this observation in co-operation with the churches, schools, civic clubs, music teachers and radio. Mrs. Hilburn was assisted by Mrs. Bob Watkins and Miss Carrie Mae Diggs in preparation of a Music Week program centered around the theme, "Music Is Especially Needed—Now."

Misses Carrie Mae and Lucia Diggs, Mmmes. Roy Coffey and Hilburn, music club sponsors and teachers of piano students will observe Music Week with student recitals. A special service at the First Methodist church on Sunday, May 11, the closing day of the Music Week, will combine a Mother's Day program with a musical service. Other local churches will also bring out National Music Week in their services.

On Tuesday at the luncheon of the Lion's club. Mrs. Chester Gleason, member of the Harmony club, will present a vocal solo.

The High School Parent-Teachers Association also furthered Music Week by presenting a Navy Festival last week.

"Music is that art which must be fostered among the peoples of the world if civilization is to survive," said Mrs. Hilburn in a brief address to further Music Week.

"Good will, give and take," mutual respect, understanding of each other's difficulties, pleasure in other's success—those are the foundation stones of the co-operative spirit, out of which alone can come a lasting peace. Institutions and "machinery" may help but the breath of life for peace is generated in the hearts and minds of people. Let us make Music Week obervance the effective influence it should be for the community, for the nation and for the world."

Bag Packing Tips Given To Globe Trotters

Do you know how to fold and pack a dress so that it emerges from a suitcase uncreased?

Since every girl who travels usually complains about the technique of packing, we've asked the globe-trotters to pass on their infallible tricks.

Warning first that nothing comes out free of wrinkles if a bag is crowded, veteran feminine travelers beg you to limit contents to wardrobe essentials. Choosing the dress that will do for several occasions and carrying one instead of three are globe-trotters' tricks for out-witting wrinkles.

Stand convinced? Well, to pack that dress, stretch it flat, wace down, on a bed or table. Pin in folds or pleats along the hemline. Blanket the back from neckband to hem with tissue paper. Now, fold the lower half of dress around a cardboard such as laundries use as a backbone for shirts. Fold upper half of dress at waistline, with sleeves slanted in, and double back over the cardboard. If you want to wear this dress on arrival, pack it last.

More tricks apply to space-devouring shoes and handbags. These should be packed first, at the bottom of the bag. Before stowing them in, stuff with oddments such as rolled-up belts, scarce, gloves, lingerie and hose Shoes and handbags should then be tissue-wrapped.

More to be avoided than wrinkles, expert bag-packers say, are cosmetic bottles that leak and threaten clothes with ruin. To avert this hazard, you are urged to carry perfumes and lotions in a separate case. Even then perfume that has been unsealed should be resealed by coating the neck of the bottle with melted paraffin.

Expert Care Saves Hosiery

Hosiery box used by movie stars like Dorothy Lamour, above, is an air-tight coffee jar (inset below) which protects stockings from moisture and insects. Stockings washed by gloved hands (inset above) are safe from snags from rough fingernails.

Sheathe Hands To Avoid Snags

BY ALICIA HART
NEA Staff Writer

How soon after you peel off your stockings do you wash them? If you wait until the next morning or toss them into the hamper for a weekly dunking, you cut the life-expectancy of glamorous sheers in half.

You probably observe experts' precaution to wash stockings before wearing. But do you protect stockings from fingernail nicks? Easiest way short of settling down with a fingernail file is to slip on a pair of cotton gloves before you douse your stockings.

Lovelies as sheer as pipe smoke —15 denier nylons and silk hosiery of comparable weight—should for safety's sake be pulled on by gloved hands.

For economy's sake, buy three pairs of stockings of the same shade when you renew supplies. Then, alternate their wear. The alternating routine adds weeks of life to each pair of hose. More pairs of the same shade make it possible to make more matches among singletons.

If you wear seamless nylons, take a half size larger than you would in seamed stockings. There is less "give" in seamless nylons, it is claimed.

New kind of "hosiery box" adopted by Hollywood stars who give stockings thoughtful care is an air-tight container. This keeps hosiery safe from moisture, silver fish or moths.

So says Dorothy Lamour, whose "stocking box" is a coffee jar. To make this container a more decorative adjunct, Dorothy paints its cap a gay color and ties a ribbon around the jar to match.

Correct Shampoo Makes Hair Shine

Now that hair is coming out from under cover, let's talk about ways to make it gleam.

The difference between a dull mostly upon a good shampoo and mop and one that dazzles depends how often you have one.

Oily hair should be washed as often as dulling film appears. That may be every three or four days —oftener, if necessary. Frequent shampoos are not harmful to hair. What may be harmful, however, is allowing an oil-and-dirt embedded scalp to go too long unwashed. The danger is a scalp flare-up.

Excessively dry hair needs less frequent shampooing than oily hair. But dry hair should be brushed daily to whip up gleam. More dazzle can be kindled by using a dressing of promade or brilliantine on dry hair.

As for the "good" shampoo, this calls for a third soaping, more "elbow grease" and movement in water.

You can agitate water, as does the beauty shop operator when she shampoos hair, by attaching a hand spray to the faucet of the wash basin. Lacking a spray, take your shampoo under a shower-bath spray, turned on full force.

Women Students In Medicine Find Work, No Glamor

MORGANTOWN, W. Va., (UP) —Seeking to disprove the old contention that medicine is mostly a man's profession are eleven determined women students at West Virginia University's school of medicine.

This year's class has the largest enrollment of women students in the history of the medical school. Florine Hampton, first- year student, of Kermit, W. Va., expressed the thought common to others in her class when she said, "We probably counldn't have chosen a more difficult field for ourselves."

Most of the women turned to medicine as a life's work when they discovered a natural inclination for scientific subjects.

Miss Hampton, however, had a special reason. She decided to study medicine after her mother died of cancer in 1942, despite the fact that she had been out of school since 1935.

Find No Glamor

There is no glamor in medical school, Artha Jane Shutts, of Fairmont, W. Va., said, adding that "You don't come here for social life." She explained that 'when you enter medical school your social life ends, but it is compensated by the fact that you'd rather study than do anything else."

Giving up their profession for marriage should not be necessary, the women students agreed.

That problem has already been solved for one member of the group, Mrs. Helen Patterson, of Fairmont. The mother of a two-year-old daughter, Mrs. Patterson said her husband, Lt. Cmdr. David Patterson, has no objection to her continuing in medicine.

The women medical students have a sympathizer in Dr. Edward H. Van Liere, dean of the school of medicine. He realizes that their fight will be tougher than that of the man when they attempt to enter another medical school to complete work on their degree and finally do a year or more as an interne.

New Field Opening

The dean observed that "women still seem to be in the minority in the medical profession," but there are "at present many fields opening to women." He explained that some of these include medical research, obstetrics, psychiatry, X-ray and pediatries.

Women gained an "inroad into the field of medicine during the war, when colleges were depleted of masculine students. To fill their quotas, the schools reluctantly began to open their doors to the women.

Two of the six second-year students here, Mrs. Martha Pelletier of Charleston and Angelina Guido of Morgantown, already have been accepted into other medical schools, the former at the University of Pennsylvania, while Miss Guido has been accepted at the University of Maryland.

Get bonus mileage for the same price — see us for a set of DeLuxe tires now. $16.10 plus tax 6.00x16

LIBERAL TRADE-IN ALLOWANCE FOR YOUR OLD TIRES

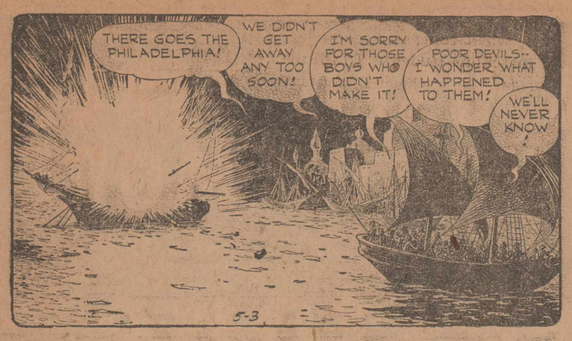

GOODYEAR TRUCK AIRWHEELS
Better tires for light trucks. Rayon body, heavier beads, thicker tread and more plies than most passenger tires. $22.55

NEW TIRES DESERVE NEW TUBES
Worn, stretched tubes can ruin the best tire built. Don't take a chance — get Goodyear Heavy Duty Tubes. $3.65

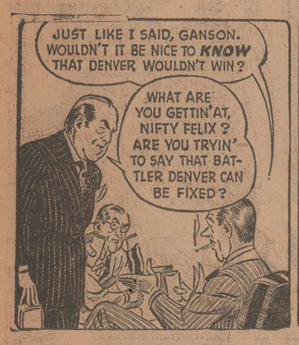

(If you offer wheel balancing service, your newspaper can insert this copy in your ad, just above the signature box.)

PROPERLY BALANCED WHEELS help to give you a smoother ride. Out-of-balance wheels directly or indirectly cause abnormal tire wear. Make this small extra investment in comfort and saving. Stop in at Tire Service Headquarters today for new Goodyear tires, mounted and balanced by "Wheel Specialists".

Meet A Man Who Digs Into The Past Of Texas

DALLAS, May 1—(U.P.)—Meet a skeleton detective.

Meet King Harris, who makes his living as a fireman on the Texas and Pacific Railroad and spends his spare time digging into the past.

Harris is the leading archeological expert on the Trinity River watershed. He is director of the Texas Council of Archeology and in 25 years he has collected 50,000 artifacts and learned all there is to know about the earliest settlers of Texas.

Harris was called in recently when a human skeleton was found half buried in a slough near the Trinity River.

"I think this fellow died a natural death," he announced. "If he was murdered it happened around 1700 because this thing around his chest is a bone pendant made by Indians of the Wichita Culture."

Harris said the skeleton's teeth were excellent but were ground down from eating gritty corn and that his sloping, thick skull marked him as as ancient Wichita.

Harris, a towering 220-pound giant, and his articraft-hunting friends have located 153 Indian village sites in Dallas County. Most of them were there hundrers of years ago, he says, because only a few contain trade beans or gun flint indicating contact with white men.

Arabs and natives of some parts of India are particlarly fond of eating earthworms.

What Is Management?

Management is as old as the hills. There is nothing complicated about it at all. It is a natural function of human society.

A man and a woman marry, set up housekeeping, and raise a family. Both are managers.

They manage as they buy a home, educate the children, plant a garden, pick out a car, a refrigerator, a piano. A hundred decisions a day around the house are management decisions.

Management occurs at all levels in government, charity, education, lodge. It is the plumber with his helper, the elevator starter, the superintendent of schools, the master of the grange.

But in America, management probably has had its most scientific application in business.

Business management, even before World War I, helped build up a volume of production surpassing that of any other nation. In World War II, the results were even more spectacular. America outproduced all other countries combined.

By 1941, the value of an hour of work in terms of the staple necessities of life, bread and butter, had so been raised that an American could buy from 2 to 8 times as much as a man in Europe. This didn't just happen. Neither the men and women in industry nor the money in industry can be effective without good management. Nothing else is so important to the workers' welfare, the investors' welfare or the public welfare.

Lace Lengthens Short Petticoats

Shorn slips which must accommodate new longer dresses can be lengthened by adding lace at the hemline. The heavier and more closely patterned, the less transparent your hemline of lace will be.

The slip which must be worn wtih a sheer dress may be lengthened at the top by lengthening shoulder straps. Slips lowered at the top, however, present a problem of bra exposure unless you wear lower-cut wire bras. These will also eliminate a second set of traps which can look unlovely through sheer dress tops.

When laundering new, longer slips, wash carefully to avoid shrinkage. The slip that emerges from the wash tub two inches shorter usually suffers that loss because the water was too hot. To avert that fate wash a slip in lukewarm water.

The trick of pulling a slip its full vertical length when ironing will also help to keep original length intact.

The tall girl who has trouble buying slips long enough will be wise to take a larger size and sacrifice clinging fit for length.

Thin Togs Need Fastidious Care

Sheer blouses and low-cut dresses thrust the need for personal daintiness in summer grooming into first place.

To whisk stubble from arm-pits, cosmetic research chemists recommend using a safety razor and lots of soap and water. "Dry" shaving, they maintain, is irritating to sensitive skin. Little shavers—lady-sized razors—are less apt to nick skin than their bigger brothers.

After shaving, these experts suggest using a lotion for soothing and sealing minute skin abrasions. Recommended as one which you can mix yourself is a solution of half-alcohol, half-water. As effective is a four per cent solution of boric acid.

To apply, soak a cotton pad in the solution, and pat over shaved skin.

How long to wait before applying a deodorant or anti-perspirant? Experts' answer is to wait 24 hours, if you use an anti-perspirant. Non-astringent creams, which are usually milder in action, may be used much sooner.

Safest procedure, however, if skin is extra-sensative, is to shave before retiring; to apply cream the next morning.

WHAT TO DO WITH AN OSCAR

BY ERSKINE JOHNSON
NEA Staff Correspondent

HOLLYWOOD, April 30—(NEA)—Vivian Leigh has fully recovered from her serious illness following a vacation in southern Italy. Husband Lawrence Olivier just received that Oscar he won in March. "What do you do with this?" he asked. An American frend in London told him, "Just what they do with 'em in Hollywood. It makes a wonderful doorstop."

Our comment the other day about Maureen O'Hara always wearing the identical smile in her still photographs brough a quick response from the lady. Writes Maureen:

"There are smiles that make you happy,
There are smiles that make you blue,
But the smile of indignation,
Is the smile. sir, I have for you."

Blame the newspaper editors, says Maureen. "They are given a wide variety of smiles. If they consistently choose the "immobile' one, what can I do? Next time we meet, I shall have my best southern-honey-from-Alabama look. I'm sure it'll be a Mobile smile, suh."

THE NEW WALLACE BEERY

NBC finally okeyed use of the tune, "Huggin' and Chalkin' " but nixes the lyrics. In other words, it's for hummin', not talkin'. . . . Hugh Herbert's wife is about to tell a lawyer why she thinks he isn't that funny at home.

Arthur Lake's 65-foot cutter, "Twilight," will compete with Humphrey Bogart and George Brent's boats in the Los Angeles to Honolula race in July . . . Don Law observes that Ray Milland must be tapering off. In "California," he has only two drinks.

* * *

Wallace Beery should be blushing. In his new movie, "Alias a Gentleman," he pours himself into a tuxedo for the first time in 15 years, delves into classical music, and drinks tea with an upturned pinky.

* * *

A red face for Louise Rainer. Traveling to Hollywood by plane, she noticed one of the passengers looked air sick and "very frightened." She engaged him in conversation, told him about the many air trips she'd taken, and how safe air travel was. The fellow seemed very appreciative. When they arrived in Los Angeles, he thanked her graciously and handed her his card. He was Jack Fry, former head of TWA.

UNDERSTUDIED UNDERSTUDY

A baby working with Bill Powell in a scene for "Song of the Thin Man" needed make-up repairs. Director Eddie Buzzell called to make-up man Eddie Pollo, "Powder puff needed." Pollo yelled back, "For which end?"

* * *

Teresa Wright claims one of the humblest beginnings in show business. She says, "When Martha Scott was starring in the stage play, 'Our Town,' I understudied Dorothy McGuire, who was understudying Martha."

* * *

Vic Mature finally has to get a short haircut for a prison scene in "Kiss of Death." It's about time. . . . School authorities of Dallas, Tex., have removed from a local grammar school the desk at which Linda Darnell once studied. Dallas kids raised such a ruckus over the honor of sitting there . . . Alan Mowbray has written a book, "More Fun Than the Movies."

Cold, clean fresh water should be provided for livestock at all times. Evening and morning watering is not enough to keep the animals healthy.
