66 Roundup Celebration Opens Next Wednesday

Banners were being strung all across McLean this week, as the city prepared for its biggest annual festivities—the 66 Roundup Rodeo and Horse Show celebration. Early Thursday morning—at 5 a. m., to be exact—a whole host of local and area residents head their horses and wagons westward on the yearly trip to Amarillo.

The Wagon Train, with Faris Bass as wagonmaster, is due to arrive in Amarillo late Friday evening. Thursday night will see the group stopped at Lark, where a large number of residents left behind are expected to join them for an evening of visitation and fun-making. The Wagon Train travels through Amarillo Friday morning and goes to the KGNC-TV studios for an hour-long show, hosted by Cotton John Smith, farm director of the television station. The show is to be taped for

presentation between 2:30 and 3:30 p. m. Saturday. Many of the top cowboys from this section of the nation are expected to come to McLean next week for the annual rodeo at the Felton Webb Arena, north of town on SH 273. The local rodeo has gained the reputation of being the best amateur rodeo in the Texas Panhandle. Four nights of action are planned, Wednesday through Saturday.

Showtime each night is 8 p. m., and admission is \$1.25 for adults and 50 cents for children. The celebration begins with a parade through the heart of McLean at 4 p. m. next Wednesday. Old Settlers will register at Lovett Memorial Library for their reunion the same afternoon. Another outstanding feature of the celebration is the Horse Show and cutting horse contest, approved by the American Quarterhorse

Association, scheduled for 9 a. m. Saturday, June 8. Outstanding horses are entered in the event each year. The Old Fiddlers' Contest also is set for June 8, beginning at 2 p. m. A calf scramble for McLean 4-H and FFA youths will be a feature of the final night of the rodeo. A total purse of \$2,400—\$400 for each event—is being offered

Each event winner also will receive a \$225 trophy saddle. Competition will be in saddle bronc riding, bareback bronc riding, bul riding, calf roping, heading and heeling and bulldogging. Entry fee for the cowboys is \$20 in each event. A girls barrel race also is being planned, with a \$15 jackpot. In addition, the winner will receive a buckle, with the second place rider receiving a pair of spurs

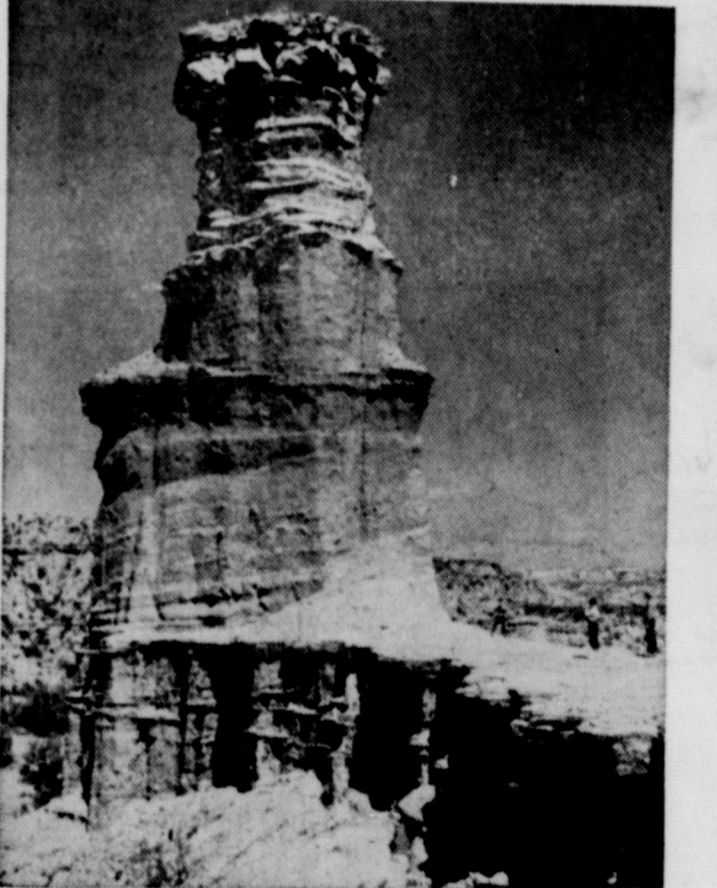

and a belt going for third place. Books close at noon next Wednesday for entries in the rodeo events. Rodeo headquarters will be at Ellison Chevrolet Co. Stock for the rodeo will be furnished for the third straight year by Ratjen Brothers Rodeo Co. of Happy. Nat Flemming of Wichita Falls will be the rodeo announcer, and Richard Walters of Amarillo is returning as rodeo clown.

Just Between Us

Even with the long-awaited 66 Roundup Rodeo and Horse Show fast approaching, we still can't get our minds off the hoped-for hospital for McLean. So we'll take a moment and let you in on the latest: John C. Haynes turned the last of the petitions over to the county clerk's office Monday, and it appears the required number of signatures now has been secured. If so, the petitions will go to the Gray County commissioners court due to meet Saturday. If they desire, the commissioners can set the date for the \$150,000 bond election at the meeting Saturday.

We hope you were able to figure out a couple of articles appearing on the front page of last week's McLean News. It's sort of embarrassing, and we hate to talk about it. But the mistakes should be corrected. You've probably discovered the scrambled lines in the story about Larry Williams being chosen new drum major of the Tiger Band. A couple of lines got switched, and the thought was a little difficult to figure out.

Then there was the boner in the list of honor students at McLean High School. In correcting a mistake in one line (freshman spelled "FGreshman") the correction was inserted in the wrong place. And as a (See JBU, Page 2)

LIGHTHOUSE ROCK: Sculptured by wind and water, this natural stone tower keeps its vigil near Palo Duro State Park, 35 miles southeast of Amarillo. Palo Duro Canyon cuts a spectacular 120-mile gash through the Texas Panhandle. Six miles wide and more than 700 feet deep, the canyon is considered one of the truly geological wonders of the state.

LITTLE LEAGUE MEETING TO BE JUNE 10

Interested Boys Invited to Meet At the Ball Park. A meeting to reorganize McLean Little League teams for the coming season is scheduled for 4 p. m. Monday, June 10, at the ball park.

Sammy Haynes, who is assisting with the organization effort for the Lions Club, said all boys interested in joining the Little League are invited to attend.

Those who failed to turn in their uniforms after the season last year should bring the uniforms to the meeting.

Haynes said it will be determined at the June 10 meeting how many teams are to be organized. Schedules will then be worked out and the length of the season decided.

The Little League baseball program is sponsored by the McLean Lions Club, and games are played in the specially constructed park immediately west of the football stadium.

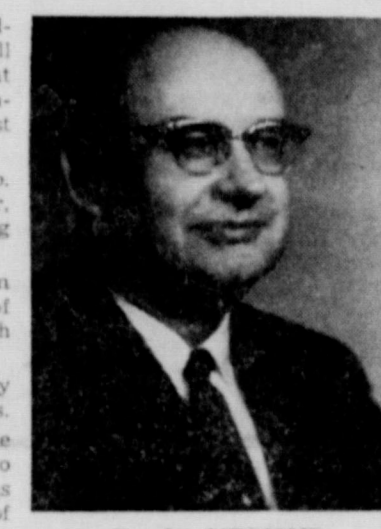

The park was completed in 1962, and includes regular dugouts for the teams, sturdy screen back of home plate and an adequate lighting system.

Lions to Observe Anniversary

R. A. (Lip) Lipscomb, outstanding Texas Lion from Odessa, will be guest speaker next Tuesday at the McLean Lions Club's 35th anniversary dinner in the Methodist Church.

The dinner, scheduled for 7 p. m., will be a Ladies Night affair, and all Lions are asked to bring their wives. McLean Lions President Jim Hathaway urged all members of the club to attend the special 35th anniversary observance.

Lipscomb has a record of many achievements in Lions activities. He served in all offices of the Wink Lions Club, including two years as secretary and two as president; was zone chairman of District 2-T-2; deputy district

R. A. LIPSCOMB

governor; 100 per cent district governor; chairman of the council of governors, 1953-54; international director, 1958-60; candidate for third international vice president, 1960; member of the board of international relations, 1960-61; holder of Ekstention Award; won the President's Award two years, and received the Citation of Merit in 1961.

The former superintendent of schools at Wink, Lipscomb also served the city as mayor.

He currently is in real estate development, insurance, banking and investments.

A Baptist Church member, Lipscomb is active in Chamber of Commerce work, is a Mason and Shriner and received the Silver Beaver Award in scouting.

Golf Tournament Winners Announced; Judges Pick Knees

Some 30 golfers participated in the Short Short Tournament at the McLean Golf Course Sunday afternoon, and judges selected the "prettiest" and "knobbiest" knees from among the players.

Winning foursome in the tournament was composed of Mrs. Johnny Haynes, who served as captain, E. J. Windom Jr., Joe Simpson and J. B. Roach.

The "prettiest" knees were displayed by Sid Lands, while John McCall had the "knobbiest" ones, according to a panel of judges.

Other Awards Several other awards were presented, including: Johnny Fuller, closest to pin on No. 5; Joe Simpson, closest to pin on No. 8; Johnny Haynes, longest drive on No. 9, and Eddy Windom, longest drive on No. 3. In a handicap tournament for the youngsters held Saturday morning, Johnny Mann and Terrell Thornton took first place. Bob Glass and Butch Lands finished in second place. E. J. Windom Jr., tournament chairman, said no further tournaments are planned until late June.

Memorial Day Service Thursday

Rev. David Thomas, pastor of the First Presbyterian Church, will deliver the Memorial Day address at Thursday's Hillcrest Cemetery service. The Memorial Day program, sponsored by the Hillcrest Cemetery Association, will start at 10 a. m. and the public is invited to attend.

Veterans' graves are to be decorated by the American Legion post, and the Boy Scouts will place a wreath at the cemetery entrance. Memorial Day Thursday is a holiday in McLean and throughout the nation, as citizens pause to honor the dead.

Virtually every business establishment in the city will be closed all day Thursday.

Glass, Stewart Get Phillips Pins

Two McLean men have received service pins from the Phillips Petroleum Co. J. R. Glass, Phillips distributor for this area, received a 20-year pin from the company, while Truitt Stewart, who operates a service station here, was awarded a five-year pin.

The presentation was made Tuesday by Carroll Cole of Pampa, district sales representative for Phillips.

Bible School Will Be Held at Heald

Vacation Bible School will begin next Monday at the Heald Church, according to Mrs. O. O. Tate, director. Classes will be from 8 to 11 a. m. daily through the following Friday, and Mrs. Tate invited all children aged 3 through 17 to attend.

The commencement program will be held on Friday night, June 7. Teachers include Kindergarten—Mrs. Roy McMullen and Mrs. Gerald Tate; primary—Mrs. Kester Rippy, Miss Mickey Lankford and Mrs. Leonard Hutson; juniors—Mrs. Earl Carpenter, Mrs. Buster Cofer and Mrs. Ott Davis; intermediates—Mrs. Nida Rippy Green.

MHS SENIORS GET DIPLOMAS

McLean High School's seniors stepped forward to receive their diplomas last Friday night during graduation exercises in the school auditorium.

The commencement program officially closed the 1962-63 school term in McLean. Several awards were presented during the evening, with most going to the valedictorian, Linda Gull, and salutatorian, Don Woods.

Miss Gull was awarded a tuition scholarship to any state school, a trophy for being the top-ranking student in the class, the American Legion Award and scholarships from several church-operated schools of higher education.

Legion Awards Woods also received the church school scholarships, the salutatorian's trophy, the American Legion Award and the I Dare You book award.

LaVon Watson was the girl recipient of the I Dare You book award.

The awards were presented by Supt. Lee Welch. Miss Gull delivered the valedictory and Woods the salutatory.

Principal speaker of the evening was Jon Jones, minister of the Edgefield Church of Christ in Dallas.

Sammy Haynes presented diplomas to the graduates, after each was introduced by Principal Robert L. Green.

Special music was by Mrs. Jeanne Brown, Mrs. Jane Simpson, Mrs. Gladys Stewart and Mrs. Mary Lee Boyd.

The invocation was by Rev. L. R. Green, pastor of the Assembly of God Church, and the benediction was "The Lord's Prayer," sung by Mrs. Jeanne Brown.

Mrs. H. F. Fabian played the processional and recessional.

Judith Going New Worthy Advisor Of McLean Rainbows

Judith Going, daughter of Mr. and Mrs. Frank Going, was installed as worthy advisor of the McLean Order of Rainbow for Girls in public ceremonies Saturday night.

The installation of Miss Going and other Rainbow officers was held in the McLean Masonic Lodge Hall.

Taking office with her were: Mikki Green, worthy associate advisor; Lana Grogan, Charity; Linda Lisman, Hope; Teresa Mertel, Faith; Linda Smith, chaplain; Martha Brown, drill leader; Sharon Jones, Love; Carolyn Keen, Religion; Gail Fry, Nature; Donna Glass, Immortality; Terry Taylor, Fidelity; Connie Marshall, Patriotism; Susie Seaney, Service; Toni Mertel, confidential observer; Joyce Beasley, outer observer; and Dorothy Beasley, musician.

Installing officer was Barbara Simpson, with Linda Smith serving as marshal; Marilyn Magee, recorder; Toni Mertel, chaplain, and Mrs. Doris Ritter of Shamrock, musician.

Guests were registered by Bryan Going.

Miss Going used as her theme "Faith, Hope and Charity." Her chosen colors of pink and lavender were carried out in the hall decorations, along with her symbols—the dove, anchor and money bag—and a rainbow bearing the words "Faith, Hope and Charity."

Refreshments of punch and cupcakes decorated as May baskets were served to the members and guests by Patricia Howard.

A May Day theme was carried out in the centerpieces—a maypole attached to May basket cupcakes by delicate ribbons.

Public Invited To Attend Horse Show

Horses from five states will be shown at the fifth McLean Horse Show at the Felton Webb Arena Saturday, June 8, Mrs. Ruby Back, co-chairman of the event, has announced.

Mrs. Back invited everyone from McLean and throughout this area to attend the show and see the outstanding animals. There is no admission charge.

The Horse Show, approved by the American Quarterhorse Association, will start at 9 a. m.

LONG DISTANCE RATES REDUCED

Reduced long distance telephone rates for most evening station-to-station calls after 9 p. m. within Texas will be introduced by Southwestern Bell Telephone Co. on June 15, 1963, George Newberry, manager of the company, announced this week.

The new rates will provide a maximum charge of 80 cents for a three-minute call anywhere within the state, he said.

Reductions of up to 50 cents on the longest calls within Texas will result from the new schedule.

Along with this reduction there will be a slight increase in most person-to-person calls within the state, Newberry announced. This will amount to five cents in the basic person-to-person rates on most day and evening calls.

Three Brackets The new reduced station-to-station rates for three-minute calls will fall into three brackets, according to Newberry.

Calls of 83 to 202 miles will cost 50 cents, a reduction ranging from five to 25 cents under present rates.

Calls of 203 to 360 miles will cost 60 cents, a reduction of 20 to 50 cents.

Calls of 361 miles or more will cost 80 cents, a reduction of 20 to 50 cents.

Station-to-station rates will not be reduced on calls made between 6 p. m. and 9 p. m., nor will the reductions apply on collect calls or calls charged to a third telephone.

Here are several typical three-minute calls between Texas cities as examples of the reduction for "after 9" station-to-station telephoning (present night and Sunday rate given first, followed by new "after 9" rate):

Dallas-Brownsville	\$1.10	80
Houston-Amarillo	\$1.20	80
Lubbock-San Antonio	\$1.00	60
Tyler-Dallas	.55	50

Interstate rates on station-to-station calls after 9 p. m. were announced early in April.

Rodeo Dinner Set

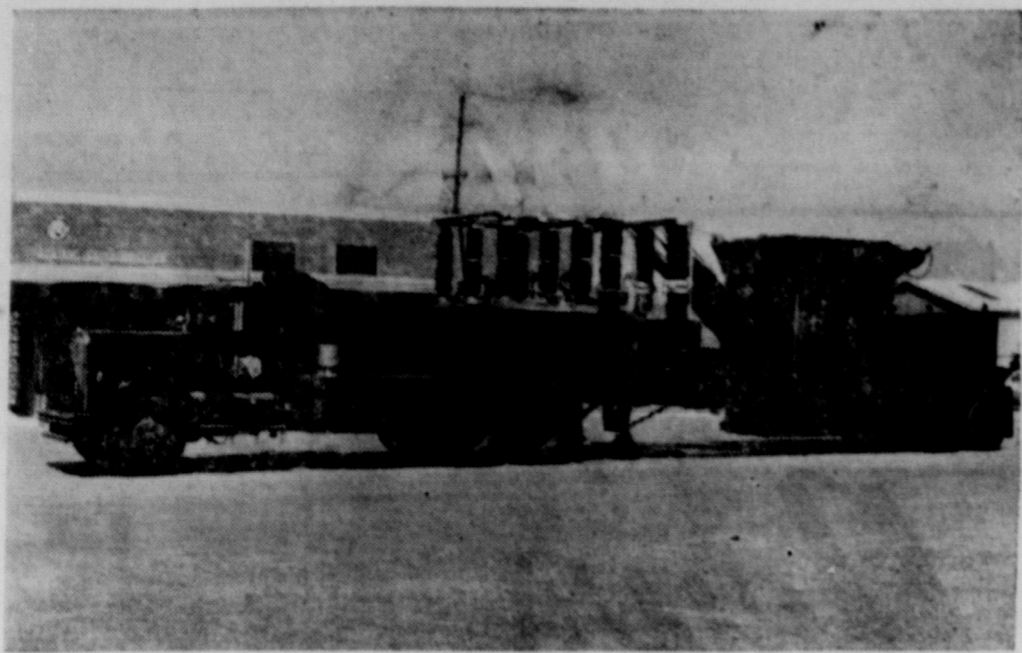

Ladies of the First Presbyterian Church will serve a rodeo dinner next Wednesday, starting at 5 p. m. at the church.

The dinner will be \$1.25 per plate, and the women invited everyone to attend.

TRAVELING TRANSFORMER: This is Southwestern Public Service Co.'s traveling transformer. The new unit, built to special specifications by General Electric, is designed to replace almost any transformer in the company's system in case of scheduled repair work or emergency. The

transformer can be connected to any one of three voltages on the "high," or transmission line, side, or any one of five voltages on the "low," or distribution side. The cost of the unit? \$1.50 per pound, and it weighs 82,000 pounds.

JBU

(Continued from Page 1)

result, Martina Giesler's name was omitted entirely and Janice Barker was listed twice.

Martina actually was the only freshman to finish the second semester with high honors. Janice made the "with honors" list.

-jbu-

This type of error happens often in the daily newspapers, where there's an eternal rush. But last week was the first time that we know of it occurring in The McLean News in the almost three years we've been here.

And we did it up right—two times in one issue.

-jbu-

Perhaps the McClellan Creek watershed project can get started earlier than had been anticipated.

The Texas Senate-House conference on appropriations gave approval during the just-completed session of the Legislature to a speed-up in planning watershed flood protection projects.

An allocation of \$100,000 per year was given to the state Soil Conservation Board to be used to plan small-watershed programs.

It has appeared since application was made for the McClellan Creek watershed program that a wait of five to eight years may be necessary.

These added funds could step this timetable up somewhat, if the Gray County Soil Conservation board of supervisors continues to press for action.

The dozen or so dams planned on the McClellan watershed could serve a two-fold purpose—protect the land and provide recreational benefits.

We're for both.

-jbu-

Last Thursday was John Sublett's birthday (one day before our own), and Mrs. Martha Alkridge has written an appropriate poem for the occasion, entitled simply "For Uncle John."

We think it worthy of publication:

What a beautiful world, this world of ours, filled with love, and with friends and flowers . . . When four score years and seven have come and gone . . . and Father Time creeps on and on . . . and silver locks in your head appear . . . that bespeak the passing of another year . . . But life is not over yet, nor the battle won . . . if one deed of kindness is left undone . . . At 87 we look back without shame, upon deeds done . . . all written in our name . . .

Thank God for an open hand, time is short, the sun is sinking in the west . . . When my sun is set, I can say I have done my best . . . That I have loved and served my fellow man . . . and fought and served with an open hand . . . Old age is but a term, there is no time . . . The frost of age is but a crown sublime . . . And deeds of charity are written there . . . Run, the battle is never won . . . if a deed of kindness is left undone.

Mr. and Mrs. E. C. Lisman attended graduation exercises for their daughter-in-law, Lesla Lisman, at West Texas State University in Canyon last Sunday.

(Meaning: To recognize)

MRS. ALICE CORTS CROCKER IS PIANO GUILD CHAIRMAN

Mrs. Alice Crocker, former resident of McLean, has been appointed chairman of the National Piano Guild Auditions in Tulla and surrounding area.

The appointment came from national headquarters in Austin. Founded in 1929, the National Piano Playing Auditions and American College of Musicians are active throughout the United States and some of the outstanding pianists have participated in the guild work.

A very outstanding young pianist, Van Cibur, received much of his basic training through the work of the auditions.

Mrs. Crocker, the daughter of the late Charles Cortis and Mrs. Cortis of the Denworth community, came to the Texas Panhandle as a small child and lived on the Morse Ranch north of McLean where her father was superintendent of the Adams and McGahey oil lease.

She attended schools at Webb, Lefors and McLean, where she graduated in 1944. While attending McLean High School Mrs. Crocker received many honors, including being elected most outstanding senior girl, senior class favorite, football queen of the 1944 football squad and serving McLean High as school pianist.

She was also chosen sweetheart of the McLean Lions Club, where she served as pianist.

Upon graduation from McLean High School, she attended West Texas State University for two years, later transferring to Trinity University at San Antonio, where she graduated in 1949.

She became the wife of Donald Crocker in 1948 and after graduation from Trinity University the couple moved to Tulla, where Mrs. Crocker has been teaching since 1960.

The couple has one son, Charles Donald Ross Crocker, a student in Tulla Junior High School.

Recently Mrs. Crocker appeared in the Massed Piano Concert in Amarillo City Auditorium along with other area pianists, under the direction of Virgean Estes Latson, concert pianist of Amarillo. This program was dedicated to the late Emil Myers, who founded the Panhandle Music Festival in 1914.

While a resident of this area, Mrs. Crocker was active in musical affairs and studied private piano with Mrs. Willie Boyett of this city from early childhood until her graduation from high school.

At present she is working on her master of arts degree at West Texas State University.

FREE try it... then **BUY IT!**
X-33
formulated from **DUPONT** TYZOR organic titanate
the water repellent that breathes

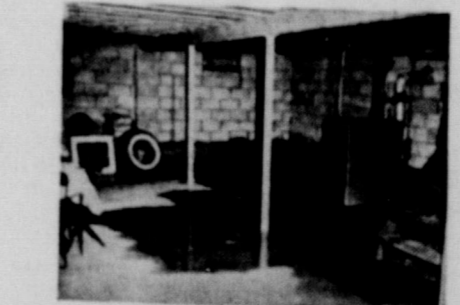

Conditions against:
Water Penetration
Dampness
Freeze-Thaw Damage
Flaking and Chipping
Erosion from Acids and Alkalis
Staining and Efflorescence

HOMES / Why does paint peel, blister, crack and chip? Because rain water penetrates and when evaporation takes place the thin film of paint is broken. Initially the tiny pinholes are invisible to the naked eye but as time goes on serious deterioration takes place and another expensive paint job is inevitable. Avoid frequent repainting. Apply X-33 which is unconditionally guaranteed for at least ten years and makes your paint impervious to the harmful effects of water penetration and water evaporation.

For:
Exteriors
Interiors
Basements
Wood,
Masonry
and
Porous
Surfaces

SILOS / Peace of mind for the farmer now available for the first time! Inspection of silage at feeding time is now no longer necessary. Mold, rust and algae cannot occur. Your ensilage is now insured against rotting, spoiling and excessive fermentation. Air holes cannot occur in staves because cement or wood can now be acid-proofed and water-proofed with X-33.

BASEMENTS / Floors and walls in cellars can be made completely bone dry and waterproof by applying X-33 with an ordinary paint brush, roller or spray gun.

Below grade seepage can now be avoided. Reasonable hydro-static heads can be controlled. Dampness, mildew and condensation can be eliminated.

Barns, Brooders, Farmhouses: Must not only resist the elements but provide living comfort within. X-33 assures dry, livable quarters—protecting not only the buildings and premises but the great investment in livestock as well. There's no water problem from the weather outside or the necessary sanitary precautions inside when the invisible water barrier of X-33 is established throughout. And it's so easy to apply to any surface by brush or spray!

GRAIN ELEVATORS / X-33 prevents caking of grain caused by damp slabs. Whether you have flat slabs or tubes, X-33 is a must. Wet pits, damp tunnels, etc., and totally unnecessary. Costly cracks in tube walls caused by rain penetration followed by freeze-thaw action can now be eliminated for at least ten years.

INSTITUTIONS / Schools, churches, commercial and industrial structures, government buildings—all entail heavy investment. Proper preventative maintenance is a must!

BIRTHDAYS

June 2—Zola Tate, Rodney Barker.
June 3—Sherry Biggers, C. E. Hunt.
June 4—Edwin Howard, Teresa Mertel.
June 5—Lawrence Watson, Mrs. A. N. Hardman.
June 6—Reo Heasley, F. L. Jones, Emory Smith.
June 7—Ruby Cook, Alta June Watson.
June 8—Herbert Butrum.

Mrs. Fiddle Stubbs' daughter, Mrs. Lee Halbert, and Miss Annette Sweatt of Amarillo spent last Tuesday with Mrs. Stubbs. Mrs. Halbert brought several dozen roses from her rose garden and they all went to the Alanreed Cemetery and placed them on the family graves. They then went to the Stubbs farm north of Alanreed and enjoyed a picnic lunch which Mrs. Stubbs had prepared.

We Are Future's Leaders

(Printed below is the salutatory address presented by Teresa Mertel at last Friday's commencement exercises for the McLean eighth graders. Miss Mertel, daughter of Mr. and Mrs. Johnnie Mertel, was salutatorian of the class.)

By TERESA MERTEL

The world has a tendency to think of youth and juvenile delinquency as synonyms.

Youth, to me, is all of the good things in the life of a young person. Youth is a look at the future, and youth is the future.

A juvenile delinquent is a child who becomes a menace primarily because of his inability to adjust to his surrounding circumstances.

Never let it be said that stage of life called youth is all bad. Just because we hear more of the bad than of the good doesn't mean there is no good in youth.

Wasn't it a youth that grew into the great man and first President of the United States, George Washington?

It was also youth that grew into every great man that ever lived. Every idea and every goal that was ever set grew out of the foundation laid in youth.

With the right guidance from the hand of parents, teachers and God, all youth can become good. Let them guide us through the early years of life; then let God take over as we reach maturity.

Our class chose the song "Somebody Bigger Than You and I." The words of this song itself show that we, the youth, realize that no matter how mature or how strong or how famous we may become, there is someone bigger, someone greater.

There is someone who in all His divinity loves youth as He loves the age of the tiny, helpless infant and the age of maturity.

We, the eighth grade class of 1963, are the Washingtons, the Lincolns, the leaders of tomorrow. We ask you to bear with us through these trying years.

Guide us, help us to build the foundation on which to build the future.

Onward With Courage, Hope

(Published here is the valedictory address presented by Dorothy Mae Beasley, daughter of Mr. and Mrs. Guy Beasley, at the eighth grade commencement exercises last Friday night. Miss Beasley was valedictorian of the class.)

By DOROTHY MAE BEASLEY

Today's teenagers are sometimes prone to wonder, "Is there any hope left for the world?"

After listening to the news and reading newspapers and magazines, it seems as if the world situation is very grave indeed. People seem to forget all the good things of life and concentrate on the problems. Never before has the world needed so much courage and hope.

"As long as there's life, there's hope," is an old English proverb. For hundreds of years, men have thought that the world was doomed. Some believe that every new

invention is going to destroy the world. The world has survived the invention of spears, gunpowder and bombs, however.

A good example of this is: When Hiroshima was bombed, everything was burned and beaten to the ground. The Japanese who survived were heart-sick and could see no reason for continuing to live.

There were cherry trees growing along the hillsides, and they were burned and beaten like all the things around them. The next spring those same trees grew new wood and blossomed. This gave the Japanese people renewed interest, and they began rebuilding their lives and homes.

Today's young people need to be courageous. Courage is not the absence of fear, but courage is doing what is right even though fear is present. It takes courage to take a low grade because of limited knowledge rather than to cheat and make good grades. It takes courage to maintain high religious and moral standards.

It is sometimes hard for teenagers to avoid following the "herd instinct." It takes real courage to refuse to do something we know is wrong, if everyone else is doing the same thing.

We need to see our goals and aims for life. We can set no

higher goal for ourselves than to be an upstanding citizen and active member of our community. No matter how successful we become in our careers, it won't mean a thing unless in our hearts we know we deserve to be successful.

We may never attain the goals we set for ourselves, but the fact that we have, at least, tried to reach them is important. We can never become a success by drifting along with the tides of life.

what does a squirrel have to do with ELECTRIC heating?

■ We can learn a great lesson from the squirrel. He's noted for his foresight and planning. Early in summer he starts to gather delicious nuts, when he doesn't need them—then he stores them for the coming cold winter season, when he will need them. We can use the same principle in our homes. Now is the time to install clean electric comfort heating... you'll be warm and snug when the next winter winds start to blow.

Your heating dealer will...

- ★ Be responsible for complete winterizing of your home!
- ★ Guarantee his workmanship and equipment!
- ★ Arrange for easy monthly payments, if that is your wish!

RAIN SKIRTS AREA AGAIN

Thundershowers were spotted across the Panhandle again during the past week, but they again skipped around this area.

The best the rains could do was .01 inch last Thursday, increasing the amount of moisture to 3.21 inches for the year.

Up to Wednesday noon, the month of May, which is rapidly drawing to a close, has seen .87 inch.

By this date a year ago the moisture total here was 4.34 inches, and May finished with 1.76 for the month.

NEWS from YOUR COUNTY AGRICULTURAL AGENT
 TEXAS A & M COLLEGE EXTENSION SERVICE

FREE COTTON CLASSING

Last week I left necessary papers at the McLean Gin to get signed by two cotton growers that will entitle all people who gin at the McLean Gin to get their 1963 cotton crop graded and classed.

This has been a standard procedure for years. The gin must execute a cotton sampler's bond, which is being done at the present.

The Memphis office will again handle the samples from this area. All the equipment has been paid for and, to my knowledge, there will be no charge made this year for grading the cotton.

WEED PROBLEMS

On my way down to McLean last Tuesday I dropped by Mr. Charlie Carpenter's to see how the weed reacted to being sprayed with 2-4-D.

It looks like a perfect kill. They were Canadian thistles.

We expect some return next year because they are a perennial. I believe it would pay the average rancher to watch for this very vicious weed.

STATE 4-H ROUNDUP

On Sunday, June 2, I will depart for Texas A and M College for the State 4-H Roundup. There will be two 4-H Club teams that will accompany me.

At the district contest at Canyon these two teams placed first. One is a rifle team; the other is a farm management team.

According to the judges, these boys were way out in front. I believe both teams have the potential it takes to win first in the state.

We will return from Texas A and M next Thursday, June 6. Therefore, we will not be in the McLean vicinity on our regular Tuesday visit.

CALF SCRAMBLE

Any 4-H boys who are interested in participating in the Top of Texas Rodeo calf scramble should drop me a card. We are allowed only 10 entries with five alternates.

Should the committee secure additional calves, five additional boys will be allowed to participate for each additional calf secured. Let me know if you are interested.

Last Rites Held For Mrs. Jackson

Last rites for Mrs. Jose Jackson, mother of Mrs. J. H. Ashcraft of McLean, were held Sunday in the Clarendon First Baptist Church.

Interment was in Citizens Cemetery at Clarendon.

Mrs. Jackson died at her home in Memphis last Friday.

She was born on May 27, 1866, in Wise County and had lived in Donley and Hall Counties since 1915.

She was a member of the Travis Street Baptist Church in Memphis. Survivors, in addition to Mrs. Ashcraft, include one other daughter, Mrs. Ella Curtis, Memphis; two sons, Ed of Clarendon and John L. of Memphis; 30 grandchildren and 40 great grandchildren.

Jackie and Mike Johnston of Clarendon and Alice and Shirley West of Groom are spending this week with their grandparents, Mr. and Mrs. Elton Johnston.

SHAMROCK
SAFETY BELTS
 \$1 MONTHLY ON YOUR SHAMROCK CREDIT CARD

Safety belts, according to the National Safety Council, could save 5,000 lives a year and prevent or reduce injury in 4 million other cases. Shamrock and your Shamrock Dealer want to do something about it. So, they are making this special offer. A Beam's #200 safety belt for only \$5.98, installed.

Put them on your Shamrock Credit Card and pay for them \$1 a month per belt. Please stay alive and healthy. Put seat belts in your car today. Stop at a Shamrock Station displaying the special seat belt sign.

NEWS OF CONSERVATION

Ercy Cubine has about finished some terraces on his farm north-west of McLean.

Leslie Darsey completed a dam on his ranch north of Alanreed.

Loyal Bird has completed a diversion terrace on his farm west of Grandview.

Mrs. Adie Lea Hopkins completed a dam on her ranch south of Pampa.

D. W. Swain has started construction of a waterway, diversion and pond on his farm south of Kingsmill.

Elmer Balch has installed some irrigation pipeline on his farm south of Pampa.

Fayette Seitz is planning to construct a dam on his farm east of Laketon.

Rex McAnelly is staking 80 acres to be leveled for irrigation on Moody Farms.

Mrs. Doshie I. Anderson is planning to construct a diversion

Mr. and Mrs. Robert H. Hawkins and Mr. and Mrs. Walter Forbes of Borger were Sunday dinner guests of Mr. and Mrs. F. L. Bones.

Mr. and Mrs. Robert Green and children, Mikki, George and Jon, visited in Beaver, Okla., several days this week and attended memorial services at Fairmont Cemetery at Follett.

terrace on her farm south of Kingsmill.

Pasture planting farmers and ranchers who have irrigation can increase forage production by irrigating permanent grasses such as switchgrass, midland bermuda and bluestem grasses.

These grasses under good management can run 1 1/2 to two animal units per acre during the summer. With this type of forage resource, native grass pastures can be given an opportunity to improve through deferment and limited use. Permanent irrigated grasses will provide reliable forage during droughty conditions.

For assistance in installing conservation practices, contact your local Soil Conservation Service office.

Summer School Set at Clarendon

Registration for summer school at Clarendon Junior College will be at 7 p.m. net Monday.

Classes to be offered this summer include typewriting, shorthand, accounting, English (freshman), American history, government, Bible, art (crafts), chemistry, physics and intermediate algebra.

Further information may be obtained from W. W. Pinkerton, director of the summer school program.

Mr. and Mrs. Phillip Lisman of Borger visited his parents, Mr. and Mrs. E. C. Lisman, during the weekend.

Services Thursday For J. H. Clawson

Funeral services for James Henry Clawson, brother of A. R. Clawson of McLean, will be held at 2 p.m. Thursday in the Bula Methodist Church near Littlefield.

Interment will be in the Littlefield Cemetery.

Mr. Clawson died Monday at the Vivian's Rest Home in Amarillo at the age of 84.

He was a retired farmer and had lived in the Bula community for 27 years.

Mr. and Mrs. Kenneth Carter and daughters of Amarillo spent the weekend with Mr. and Mrs. Wheeler Carter.

Mr. and Mrs. Chalmus Moore announce the birth of a 6 lb and 13 oz. daughter on Monday, May 27, in Shamrock General Hospital. She has been named Carmel Deon. Grandparents are Mr. and Mrs. Bill Pettit and Mr. and Mrs. Bill Moore, McLean. Great grandmothers are Mrs. E. B. Lofton of Clarendon and Mrs. Sallie Moore of McLean.

Ichthyology is the study of fish.

Mr. and Mrs. Newt Barker spent several days last week in Missouri with Mr. and Mrs. Thomas Hawk at Nevada, and with Mr. and Mrs. R. B. Kinard at Eagle Rock, where the Kinards have a cabin on the lake. Other guests there were Mr. and Mrs. Raymond McReynolds and children of Forgan, Okla.

We are such little men when the stars come out—Hermann Hagedorn
