Another winner in the monthly fishing contests at Captain's Bait and Tackle pier was Mrs. Jan Saul of Dallas who won a reel by catching a four pound seven ounce gafftop in July.

Educator Discounts Strikes In Texas

J. D. Gray, Superintendent of the Aransas County Independent School District, discounts the possibility of a teacher strike in Texas during the next school year.

Returning recently from a meeting of the Texas State Teachers Association in Dallas, Gray said TSTA feeling is strongly against teacher strikes.

"I don't think association members would condone it." he said, adding that he believes a majority of the teaching profession in Texas wants to remain professional and does not support teacher militancy.

Gray said leaders of TSTA are striving "with all vigor to keep the association professional and are hopeful there will be no further encroachment by the American Federation of Teachers, a branch of the American Federation of Labor."

In order to develop the best educational program possible, he said, teachers are going to have to become more active and more involved in developing educational programs.

Up to now, this has been the domain of the school boards and administrations to "too a great degree."

"Teacher salaries must be a competitive market with other professions if the teacher shortage is to be nipped," Gray commented.

Religious Film Shown Here

The religious film, "Four Religions," was shown through the courtesy of the Wesleyan Guild Aug. 22 in the First Methodist Church which was well attended.

The four religions are: Hinduism and Buddhism, Islam and Christianity, which will be the interdemonational study 1967-68 which is "Christ and the Faiths of Men."

Those viewing the film came from the surrounding communities of Taft, Ingleside, Aransas Pass and from the local churches.

The Woman's Society was hostess of Christian Service during the social hour following the film showing.

Drivers License Law Changes August 28

The Department of Public Safety reminded Texans today that August 28 marks the effective date of several amendments to the drivers license law which are designed to benefit Texas motorists from the standpoint of providing added protection.

The law sets a new minimum age limits for acquiring a license, provides for issuing a provisional license to any person under the age of 21, and increases the penalties for driving without a license and violations calling for automatic suspension.

It also sets penalties for counterfeiting or forging a license or for possessing such a license.

The age limits were raised to a minimum of 16 years for obtaining a license when a person has satisfactory completed an approved driver education course, and to 18 years for persons who have not had such a course.

The minimum age for operating a five-brake horse power motor scooter was raisto 15 years. A special examination will be required after Jan. 1 for applicants desiring a license to operate a motorcycle which includes an "off-street phase" and an "on-street phase." The applicant must provide the motorcycle and a passenger vehicle and licensed driver to convey the License Examiner during the road test.

Licenses issued to persons under 21 years of age will be stamped "Provisional" and may be suspended if the operator is convicted of two traffic law violations in a 12 month period. This becomes effective Jan. 1.

Upon conviction of driving without a license, a motorist is subject to a fine of up to $200 for the first offense and increasingly stiffer penalties for each successive conviction.

Persons convicted of driving while intoxicated (or similar offense) are subject to a first suspension of 12 months. Any subsequent suspension on the basis of this type of conviction will be for a period of 18 months. In addition, any driver whose license has been suspended or revoked may be required to attend a program of rehabilitation for problem drivers.

Auto Accident Here Wednesday

A car driven by Mrs. Jimmie Counts of Corpus Christi plowed into the rear of an auto owned by Mrs. Teresa Romero of Corpus Christi at the intersection of Highway 35 South and Lamar Street Wednesday morning.

Patrolman Joe Dominguez gave Mrs. Counts a ticket for following too close to another vehicle. He said the right front tire of the Romero car blew out, and the driver pulled off the highway and parked on the shoulder of the road where the auto was struck by the other car.

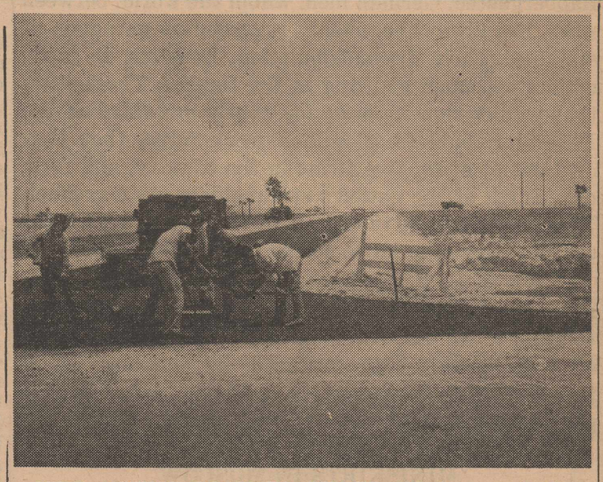

No one was injured but total damage was estimated at about $500.

WAGLEY LUMBER AGAIN WINS HOTPOINT CONTEST

For the second consecutive year, Wagley Lumber Co., in competition with 19 other Texas Hotpoint appliance dealers has come out winner in a contest based on sales January through July.

By achieving highest percentage of Appliance sales during this seven-month period, their award is a 5-day 4-night all expense paid holiday for two in Las Vegas.

Willie Hiller, Sales Manager, and his wife, Patsy, will be flown to Las Vegas by American Airlines Friday, Aug. 25, returning Tuesday, Aug. 29. A full schedule of activities and entertainment is planned for them, including tickets to the top shows.

NEW ACCESS ROAD TO BEACH—Workmen put the finishing touches on the new access road to Rockport Beach which was promoted by the Chamber of Commerce. The 630-foot road is an extension eastward of Laurel Avenue from Highway 35 and was financed jointly by the City Council and the Navigation District. It provides an additional way for motorists traveling south on Highway 35 to drive to the beach without going all the way south to the turn at the Woman's Club building. The road is now open.

High School Students Register By Aug. 25

All new students who are planning on attending the Rockport-Fulton High School, grades nine, 10, 11 and 12, should be registered in the principal's or counselor's office of the high school by Friday, Aug. 25.

The office will be open from 8 a.m. to 12 noon and from 1 p.m. to 4 p.m. on each day.

New students are those who did not attend any of the Aransas County Junior High or the Aransas County High School, during the last school year.

Those students who satisfied requirements for promotion or who have received credit by completing work in summer school should register at the time specified for new students if the principal's office has not been notified in writing of the credits earned.

Students who attended Aransas County High School last year and did not receive their report cards because of nonpayment of fees or fines should pay these on the dates listed above in order to be properly registered and to be able to attend their full schedule of classes on the first day.

New students should bring their report cards, book card, health record showing proof of having immunization for smallpox, whooping cough, and diphtheria.

All new pupils should be enrolled before Sept. 5, as school will begin on this date at 8:15 a.m. and pupils should be prepared to attend all their classes the first day of school.

Art Guild Plans Exhibit

The Rockport Art Guild will hold a "Starving Artists" art show Sept. 2 and 3 on the grounds of the Sandollar Motel.

All pictures exhibited will be for sale and each artist will be responsible for his own pictures. Non-members may exhibit by paying a $5 entry fee, and the Guild will retain a 10 per cent commission on any paintings sold.

Chas. T. Picton Lumber Co. will contribute fencing upon which the artists will stand their pictures. For further information, call Mrs. Estelle Stair, show chairman.

Junior High Registration

Junior High School students who have not registered for school should do so by 3:30 on Monday, Aug. 28. Students who attended the Junior High, Rockport Elementary, or Fulton Elementary are registered provided they have paid their fees for last year.

New students should bring a copy of their immunization records for D.P.T. and smallpox and their report cards from last year.

School will open on Sept. 5 at 8:10 a.m. and dismiss at 3:30 p.m. All students should be prepared for a full day of school.

Mundine Named To Draft Board

Dave G. Mundine has been informed that he has been appointed a member of local draft board No. 107 at Sinton to represent Aransas county.

Mundine was appointed by President Lyndon B. Johnson and was advised of his appointment by Col. Morris S. Schwartz, state director of Selective Service.

"I am sure your membership on this board will reflect great credit to yourself and the Selective Service System of Texas," Col. Schwartz wrote Mundine.

Local Board No. 107 has jurisdiction over Aransas, Bee and San Patricio counties.

Hunt to Attend Veterans' Conference

On Aug. 18 there was a meeting of the Commissioners Court with the following members present:

John D. Wendell, County Judge; W. B. Allen, Commissioner Precinct No. 1; Mrs. Wanda Sparks, Commissioner Precinct No. 2; Raymond Owens, Commissioner Precinct No. 3; Albert Wofford, Commissioner Precinct No. 4, and W. E. Beasley, County Clerk.

A letter was read from the Veterans Affairs Commission stating that the 20th Annual Statewide Service Officers Conference will be held in Austin, during the period of Sept. 11-14, and requesting the attendance of all Veterans Service Officers. It was voted to authorize James W. Hunt, Aransas County Service Officer, to attend.

An application for a pipeline easement from Lavaca Gathering Company was presented to the court. It was decided to deny the request for easement because of extensive damages to roads in prior easements, unless a consideration of $6.00 per rod, $1.00 per rod per year rental and $50.00 per road crossing was paid to the county.

The Commissioners Court granted permission to the Rockport Yacht and Supply Company to build a ball diamond south of the Radar entrance Road, Aransas County Airport.

CANCER SOCIETY TO MEET SEPT. 1

The local board of the American Cancer Society will meet at Key Allegro Islander Club Friday noon, Sept. 1 to make plans for service work during the coming year. All persons interested in helping in this worth-while work are welcome.

COACHES DISCUSS FOOTBALL PROGRAM

High School Football Coach Benny Bloomer and Junior High Coach Norman Spears discussed plans and prospects for the 1967 teams at the luncheon meeting of the Rotary Club Wednesday noon. Ten visiting Rotarians were guests.

Seven Wrecks Over Weekend

State Highway Patrolman Ray Brown spent a busy weekend investigating seven auto accidents. They included the following:

On Sunday night Salome Torres ran over a sign in front of the Los Amigos Barn on Highway 35 North. He was found guilty of driving while intoxicated and sentenced to $50 and costs, 10 days in jail and one-year probation.

At 6:15 a.m. Sunday a car driven by Edward Jones of Refugio hit two horses owned by C. L. Witty on FM 1069, four miles northwest of Aransas Pass. One horse was injured so seriously that he had to be destroyed. The other is under the care of a veterinarian.

At 11:15 a.m. Sunday, cars driven by Cecil "Bopie" Cole of Rockport and Gualalupe Rodriguez of San Antonio collided at 7th and Broadway in Fulton.

At 4:45 p.m. Saturday cars driven by Mrs. Della Monsma of Nederland and Jimmy Hattenbach of Rockport collided at the Highway 35 entrance to the Sandollar Motel. Hattenbach was slightly injured and received first aid treatment by Officer Brown. Mrs. Monsma received a ticket for failure to control speed.

At 2:30 p.m. Saturday a collision on Highway 35, half a mile north of Aransas Pass, involved cars operated by Dominga Garcia, Port Lavaca, and Guadalupe Guerro, Fort Hood. Miss Connie Cortenas, 18, of Rockport, was treated for minor cuts and bruises at Lyman-Roberts Hospital and released. Garcia was charged with failure to pass to left in safety.

Saturday noon a gasoline truck driven by Floyd Fahrenthold of Ingleside overturned on FM 881, five miles west of Rockport. Fahrenthold suffered neck and back injuries and was taken to Lyman-Roberts Hospital.

Two persons were injured, one seriously, in an auto accident Aug. 18 on Highway 35 North, about four miles north of the city.

Mrs. Frank Martin of Corpus Christi sustained a fractured arm and leg and was taken to Memorial Center. Harold Schwiening of Sonora received bruises and was taken to Spohn Hospital.

Sheriff Joe Earl Hunt said investigation disclosed that Mrs. Martin probably would not have been seriously injured if she had been using her seat belts.

OVER 3 INCHES RAIN

July Shrimp Landings Set Record For Texas

Work Started On Band Calendars

At Monday night's meeting of the Band Boosters Club, plans were made for the 1968 Band Calendars.

Club members will call on business establishments and sell front cover advertisements for $10 each, Band members will sell calendars for 50 cents and listing for 25 cents each.

Local business and individuals will be contacted within the next few days and if anyone is overlooked who wants an ad, listing or calendar, please call Bob Massey, Band Director, at SO 4-6333, or contact a Band Booster Club member. Sept. 15 is the deadline for placing orders.

The Band Calendar is the only fund raising project planned each year and the proceeds are used to cover expenses for out-of-town trips. The Band members and the Band Boosters Club members appreciate the public's support of this project.

At the business meeting, a motion was made and passed to change the name of the Club from the Aransas County Band Boosters Club to the Rockport-Fulton Band Boosters Club.

Mrs. Paul Sorenson, Club president, introduced Massey who discussed future activities of the band.

The next meeting of the Band Boosters Club will be held in the Band Hall on Oct. 2. Dues are $1, and parents of Band members are urged to join and support this group.

Junior G.I. Forum Car Wash Saturday

The American Junior G.I. Forum's first fund raising project will be a car wash day at Anderson's Service Station on Highway 35 on Saturday, Aug. 26 from 10 a.m. to 5 p.m. A car wash and wax job will be $3.50. The public is invited to support this project.

On Aug. 17 the Forum was host to Miss Rosa Longoria and Ruben Patino of the Corpus Christi American Junior G.I. Forum at a meeting in Sacred Heart Parish Hall. A film was shown, depicting the objectives of the Forum.

NOTICE

The "Jademen" of Victoria will play for the teenage dance Saturday night from 8:30 to 12:30 p.m. at the VFW Hall.

Admission will be $1.00 and no one under 14 will be admitted.

RYSCO Completes Two Jap Trawlers

Rockport Yacht and Supply Company has completed two more 72-foot steel trawlers for a Japanese fishing company, Nippon Reizo Kabushiki Kaisha, with headquarters in Tokyo.

John P. Mitchell, Jr., vice president of RYSCO, said the streamlined shrimp boats, Shinyo Maru No. 70 and Shinyo No. 71, will join the present fleet of the Japanese firm which includes four other trawlers previously manufactured by RYSCO.

Designed by Albert B. Silchenstedt, vice president in charge of production at RYSCO, the new trawlers are powered by 340-horsepower diesel engines.

Rockport Yacht and Supply Company presently is building three additional steel trawlers for the same Japanese firm, Mitchell announced.

DANNY ADAMS' BOAT BURNS

The Ventura, Danny Adams' 33-foot charter fishing boat, was destroyed by fire Monday morning at the Sandollar Marina.

Adams started the boat's two motors at 5:30 a.m. and piloted the craft to the gasoline pump. Securing the Ventura, he walked to the marina building to turn on the electric switch to activate the gasoline pump.

Before reaching the switch he heard an explosion and saw flames quickly envelop his boat. In a matter of minutes the fire spread throughout the craft and even burned the rope holding the boat to the dock.

The Ventura then floated toward the bulkhead with the flames spreading fast. Fulton Volunteer Firemen arrived quickly but the fire spread so fast that the boat could not be saved and it burned down to the hull. The firemen made quick work of extinguishing a blaze that had started on the pier.

The boat was valued at approximately $15,000 and was covered by insurance. It is planned to replace the Ventura in the near future.

Adams said the one thing he was grateful for was that he and a party of fishermen who had planned a trip were not aboard at the time of the explosion and fire.

Bissett Youth Wins Rodeo Honors

Albert Bissett, 18, of Bay City, entered two events in the 13th annual Nueces County Youth Rodeo, which ended in Robstown Saturday night, and walked away with two championship saddles and a $150 scholarship, awarded each year to the show's all-round cowboy.

Bissett, the son of Mr. and Mrs. W. G. Bissett, won top honors in both tiedown and calf roping and steer dogging at the rodeo. He also was awarded the A. W. Talley Memorial Scholarship.

Albert is the grandson of Mrs. Stanley Bissett of Rockport.

Two Out-of-Town Accidents Tuesday

State Highway Patrolman Ray Brown reported two out-of-town accidents occurred Tuesday afternoon during the height of the rain.

On FM 881 about seven miles west of here, a car driven by Ray Love of Corpus Christi crashed into the side of a truck operated by Weston Wayne of Aransas Pass as Wayne was making a left turn.

Curtis Myrick of Corpus Christi, a passenger in Love's car, suffered neck and back injuries and was taken by Cage-Marshall ambulance to Lyman-Roberts Hospital in Aransas Pass. Love was given a ticket for failing to pass on the left safely.

The other accident happened on Highway 35 about 1½ miles north of the city. It involved a car driven by Kenneth Ince, of Rockport, which struck a car operated by Rex Jenkins, of Houston.

Ince was jailed on a charge of driving while intoxicated. Also jailed were two passengers of Ince's car, William Ince and Billy Bradshaw, on a charge of being drunk in a public place. Brown said a third passenger, a minor, was to be turned over to juvenile authorities on a charge of possession of alcoholic beverage.

The Presbyterian Kindergarten will open Sept. 5.

Landings of headless shrimp at Texas ports amounted to 12.7 million pounds in July—by far a record, challenged only by landings in August 1960 of 10.1 million pounds, according to Orman H. Farley of the Bureau of Commercial Fisheries, Galveston.

All ports except the Brownsville-Port Isabel areas had record landings. The following data represent landings of headless shrimp for specified areas and periods:

Port Arthur-Sabine: 179,200 pounds, July 1967; 738,400 pounds, Jan.-July 1967;671,200 pounds, Jan.-July 1966.

Galveston-Seabrook: 1,566,000, July 1967; 3,300,500, Jan.-July 1967; 1,384,000, Jan.-July 1966.

Freeport: 3,730,100, July 1967; 6,366,400, Jan.-July 1967; 194,800, Jan.-July 1966.

Port Lavaca-Port O'Connor-Seadrift: 739,700, July 1967; 1,635,200, Jan.-July 1967; 645,700, Jan-July 1966.

Aransas Pass-Rockport: 3,379,600, July 1967; 6,989,900, Jan.-July 1967; 4,218,600, Jan.-July 1966.

Brownsville-Port Isabel: 2,759,600, July 1967; 8,829.000, Jan.-July 1967; 7,496,600, Jan.-July 1966.

Totals: 12,714,000 pounds, July 1967; 28,546,000 pounds, Jan.-July 1967; 16,878,700 pounds, Jan.-July 1966.

Trawl vessels working waters along the Texas and western Louisiana coasts established new records in both volume and catch per night's effort. At the close of July, one Louisiana trawler working waters southeast of Freeport landed 224 boxes for 14 nights' effort. This record trip surpassed the top Texas vessel trip of 207 boxes landed the same day from the same general fishing area.

July landings in Texas not only established a new monthly record for the state, but also for the United States. Louisiana follows closely with a record 12.4 million pounds landed in June 1967.

Vessels completed trips at will throughout July without any loss of time due to weather conditions. Trawlers worked brown shrimp from southeast of Cameron, La., to northeast of Port Isabel. Catches were as high as 2,000 pounds per 10 hours' effort in all areas of fleet concentration.

Several factors contributed to the vitality of the shrimp fishing. First, early estimates of an abundant brown shrimp crop were proven correct throughout the northern Gulf. Second, the quantity of gear used increased considerably by means of larger vessels using larger trawls. Third, weather conditions have been very good.

The shortage of ice reported last month at north Texas ports was alleviated in July

Fire Victim Listed In Poor Condition

Mary Sheldon, 73, was seriously burned about 7 a.m. Saturday when her clothing caught fire outside her home in the West Terrace addition, 1½ miles west of here.

She was listed in poor condition at Memorial Center in Corpus Christi. A spokesman said she suffered burns over 70 per cent of her body, 30 per cent of which were third degree burns.

RIDING ASSOCIATION RODEO SEPT. 3-4

The Aransas County Riding Association will hold a rodeo at its arena, just off Highway 35 in Fulton, on Sunday and Monday, Sept. 3 and 4 with the events beginning at 4 p.m. each day. On Monday, Labor Day, members of the association will stage a parade through the business district, starting at 10 a.m. at the Post Office and ending at the Yacht Basin.

CITY TRIPLES IN POPULATION

Rockport has grown from a village of 2,266, officially enumerated by the last census in 1950, to a city of 6,500 people only seven years later, if statistics of the Central Power and Light Co. are correct.

During the same period Aransas county has grown from 4,252 in 1950 to 11,767, with the extra 5,267 persons living in Lamar, Fulton, Estes, the north section of Aransas Pass or in the country areas.

These estimates are based on the number of electric meters installed in the county and using the CP&L estimate of an average of 4.5 people per meter.

WHY HIGH FOOD PRICES

The president-elect of the Ohio State Grange partially explains some the reasons why women are losing their tempers over the high price of groceries. He's a brave man to do so for he blames housewives for the rising costs.

"They want pretty packages, instant-this and no-bake that. These ready to serve foods boost prices and often a decorative package costs more than the food," said Byron Frederick.

The man, indeed, has a point.

Especially among the younger housewives, the thinking up-and-down the supermarket aisles is to buy foods which are easiest to serve. If gravy comes in an envelope, they'll have a fit for it. The ladies jump with joy when they find a type of instant mashed potatoes the folks will eat. They, dear sweet ladies, dote on TV dinners. Anything to hurry up and get the food on the table.

Little does the Little Lady of the house realize that this further processing costs more to put the merchandise on the shelf. She apparently thinks she should buy instant mashed potatoes for the same price she pays for the spuds in the produce department. She isn't apparently, interested in the fact that the foods have to be cooked, sent through expensive equipment, all of which are reflected in the retail price. Someone's got to pay for the fiddling at the factory.

Then, as Mr. Frederick says, if the package isn't attractive the Little Lady isn't going to buy it.

Also, there's a hunch that the average housewife today is spending money in gobs at the supers for non-food items. She must have paper towels when she used to use a rag. She buys her pots and pans at the super, and over in the corner of the store, she's apt to pick up a pair of hose. She may even buy a blouse, or a pair of slacks. By the time she gets to the checkout counter she's loaded with dry goods, drugs, hardware and paper goods.

And when the cash register at the checkout counter runs up a total of, say $30 she complains about the cost of groceries.

It might be wise for housewives to try a little experiment. Buy nothing but foodstuffs at the grocery and see what a difference it makes in the budget for food.

Also she might try again to cook from "scratch". She might find it cheaper than the ready-to-eat stuff. Not that we have anything against convenience foods.

WHERE YOUR TAX $$$ GO

Would you believe it if someone told you that if one government record was burned each second, it would take 1,000 years to destroy them all?

The House Post Office and Civil Service subcommittee says so.

Further, it said government paper work is costing you—the taxpayers—$8 billion a year.

It takes 15 billion copies of 360,000 government forms to operate the federal agencies, and 225,000 employees most of their working time to put these papers into 25 million cubic feet of files.

The government spends $1.5 billion a year writing about one billion letters.

Not included in these figures are the costs incurred by individual citizens and business firms that have to do business with the government.

What can be done about it? Well, even a 10 per cent cut-back on all this paper work would be sizeable. But don't expect it to happen.

EDITOR'S VIEWPOINTS

IT'S A SIGN OF THE TIMES

The American adult male, long discomforted about the steadily increasing encroachment of the fair sex on his domain, and his British counterpart, overwhelmed by the mini-skirt influence, can now share their crying towels with another kindred soul, the West German.

Statistics amassed by the Karlsruhe Marketing and Sales Managers' Club have astonished, even flabbergasted, German men, whom the world, between wars, has always commonly regarded as paragons of stolidity. Their discombobulation, however, is easily understood upon glancing at the figures. These show that women now account for nearly one-third of the Federal Republic's 28-million work force, that they own one of every five firms in the country, and form one-fourth of the nation's stockholders. As a crusher, 70 per cent are entrusted by their husbands with the entire salary in order to do the family's business.

Where is all this leading? Your guess is as good as anyone's. All we can do is extend a word of consolation to the German men. Even though his posture of stolidity has been ruptured, he shouldn't let it throw him. Old images are tumbling daily, in this pellmell era.—Wilmington (Del.) News.

MINISKIRTS IN MOSCOW

Good gracious, miniskirts in Moscow? Impossible! The grim masters of the Kremlin would never permit such an intrusion of Western decadence, such subversion by captalistic imperialism.

Oh, they wouldn't eh? Well, they just have! The All-Union House of Fashion, arbiter for styles in the Soviet Union, is fronting skirts ranging to three inches above the knee in its autumncollection. And, not to slight the men, it has decreed such daring male modes as tight, long jackets and cuffless trousers with a definite Edwardian flair.

Perhaps this is a backdoor revolution—or, on the woman's part, a battle on the Bridge of Thighs—against the customary drab, conservative Soviet attire. And, if it is, where will it lead?

Speculation on these questions and their ramifications is a bit foolish, considering the enigma of the Kremlin. Yet there are two things which appear to be beyond dispute:

1. Western fads, including jazz have established a solid beachhead in Muscovite territory.

2. The Soviet women are, at long last, making their velvet influence felt and are determined to show the world that they, too, have knees.

Wrapping the subject up, one cannot help wishing that the Communist bigdomes would allow the Beatles to tour Russia, accompanied by their hairdos. That certainly would make Westerners roll in the aisles!—Wilmington (Del.) News.

THE NICKEL IS HISTORIC, BUT THAT'S ABOUT ALL

The nickel has had a glorious past—but not much of a future. You can't make a phone call with one or buy an ice cream cone. It takes two to buy a candy bar in the office machine and, in some parts of the country, they are even in short supply.

These days about the only good thing you can say about the nickel is that it's historic—a century old. But the time the Civil war had run its course, people were hoarding silver and coins had almost passed from circulation. Sort of like the half dollars these days. To fill the change gap, an enterprising miner, who had a surplus of nickel, talked the government into minting the coins. The official name is the "5-cent piece," although few have ever called them that.

In the century, there have been only four versions: The shield, Liberty head, Indian head (sometimes called buffalo) and the present Jefferson nickel, minted since 1938. Even the coin has had little value and billions have been made, it's funny, but you never seem to have a nickel when you need it.—Kansas City Star.

New Caller-Times Social News Policy

The Rockport Pilot has been notified by Mrs. Anne Dodson, Women's News Editor of The Corpus Christi Caller-Times of the following policy changes by that paper regarding women's news:

"We are changing our policy regarding coverage of weddings. Effective Jan. 1, 1968, only one picture, either with the engagement announcement or with the wedding story, will be used. Both stories will be published, but only one picture. The bride-elect may select which picture she wants.

"In the Caller, we will run no reports of regular club or P-TA meetings or church circle meetings. We will use reports of large, important women's club activities and church programs that involve all of the women of that church.

"We will not run stories of parties for brides-elect or announce wedding attendants in the Caller.

"Please emphasize the fact to the brides-elect in your area that their engagement announcements and wedding stories will run in the Caller—not in the Sunday edition. (Only local stories appear in the Sunday paper.) Also, in a Caller wedding, we do not use a description of the attendants' dresses.

"These changes are made necessary by the great increase in population in South Texas."

Oil News

Continental Oil Co. No. 36 St. Charles Co. Aransas County Burgentine Lake Field test 8.4 miles south-southwest of Austwell, was waiting on cement after setting 5½-inch casing to 8,114 feet. Total depth is 8,144 feet.

Midwest Oil Corp. No. 2 State Tract 361, proposed 8,500-foot Aransas County Southwest Burgentine Lake Field test 15 miles southwest of Seadrift, was preparing to run 5½-inch casing after drilling to 8,400 feet.

W. Earl Rowe No. 1 State Tract 19, scheduled 9,600-foot wildcat five miles northwest of Lamar, was digging below 7,945 feet. Earlier 10¾-inch casing was set to 1,798 feet.

Continental Oil Co. has completed the second string of a dual find in Aransas County St. Charles Field 8.4 miles south-southwest of Austwell.

The lower string of the No. 37 St. Charles Co. was gauged for a daily flow of 6,180 million cubic feet of gas with gas-condensate ratio 39,338-1 and liquid gravity, 55 degrees. Production is from perforations at 7,722-27 feet. Maximum flowing pressure on adjustable choke was 2,460 pounds and shut-in pressure was 3,007 pounds.

Earlier, as reported, the upper string was potentialed for 220 barrels of 39.5 gravity oil plus 1.6 barrels of water from 7,650-58 feet. Flowing tubing pressure on 10-64-inch choke was 1,125 pounds. Gas-oil ratio was 1,227-1. The dual discovery was found in Aransas County School Land Survey, A-12.

Prairie Producing Co., Dallas, plans immediate drilling of a 9,700-foot Aransas County wildcat 10 miles north-north-east of Rockport.

The No. 1 State Tract No. 12 scales 467 feet from the south and west lines of the state tract and is 1,700 feet west of the shoreline in Copano Bay.

Continental Oil Co. No. 38 St. Charles Co. is slated 8,100-foot St. Charles Field test 8.5 miles south-southwest of Austwell. Location is 852 feet south of the northwest corner survey and shoreline, and 467 feet east of shoreline in Richard Pearce Survey, A-172.

S.B.A. Man In Corpus Sept. 7

The Small Business Administration will have its representative available for interview from 9 a.m. to 4 p.m. on Thursday, Sept. 7 and Thursday, Sept. 21 at the Corpus Christi Chamber of Commerce, 1201 North Shoreline Boulevard, Corpus Christi, Texas.

W. E. Woodman, Regional Director of the San Antonio Office of Small Business Administration, announced that anyone desiring information concerning the SBA Program may contact the representative when he is in the Corpus Christi area or at the San Antonio address.

Mr. and Mrs. Tom Scott and two daughters of North Carolina visited Mrs. Violet Brundrett over the weekend. Mr. Scott was formerly associated with the Parks and Wildlife.

Man has long been aware of the contagious nature of diseases. The Hebrews in 1500 BC segregated their sick, and in 1348 Venice quarantined ships with sick passengers.

Agriculture Dept. Authorizes Loans

The Department of Agriculture has authorized the making of emergency loans in Aransas and 12 other counties in Texas because of prolonged and continuing drought conditions, unseasonal freezes, and extreme heat during the entire month of June.

As a result of this designation, the Small Business Administration has been authorized to accept and process applications under the Economic Injury Disaster Loan Program. According to W. E. Woodman, Regional Director of the San Antonio Regional Office of SBA, any business affected by the above conditions in above areas may apply for financial assistance under the program.

Any businessman interested in obtaining information relative to the Economic Injury Disaster Program should contact the Small Business Administration, San Antonio, Texas. (Farmers and stockmen are not eligible for assistance from SBA.)

To qualify for a loan under the Economic Injury Disaster Loan Program an applicant must be able to show substantial economic injury resulting from the adverse weather conditions described above, and the purpose of such loan must be solely to provide relief from the economic injury directly attributable to the disaster. Loans may be used to replenish working capital and to pay financial obligations (except bank loans) which the borrower would have been able to meet had it not been for the loss of revenues from the conditions in his area.

Woodman announced that the authority for accepting applications under the Economic Injury Disaster Program will expire on July 31, 1968.

The U. S. Public Health Service monitors the nations air, water, soil and foods throughout the year for traces of pesticide poisoning.

School System Has 'Book Lease' Program

Aransas County Independent School District students will be reading from a large and periodically-renewed supply of the latest books of leading publishers provided for the school system at a significant reduction in overall cost under a new "book lease" program, is was announced today by J. D. Gray, superintendent of schools.

Gray announced, "We can make available attractive books for curriculm enrichment in the class rooms of the schools. We are going to encourage pupils to read at home, both for improvement of classroom work where necessary, and for the general extension of learning. Where necessary, we are going to provide reference works which the student can keep at his home for aid in completing homework assignments, particularly in those homes in which reference works are not now available."

A spokesman for Responsive Environements Corporation said that the unique leasing plan has cut the cost of high quality books for school use by as much as 50 per cent versus the price of outright purchase. He added that the lease plan also gives the school an "eight-year protection plan against inflation of book prices." Some of the volumes included in the R.E.C. book lease plan sell for as much as $15.

Under the lease plan, there are no financing or shipping charges. At the end of four years, the books become the property of the school, and the school can order additional books at a price which extends the inflation protection for another four years.

The books cover such broad subjects as history, geography, science, social studies, general reading, art and music, and sports, and include reference works such as dictionaries and encyclopedias. The company said that the books carry the recommendations of no less than six major educational book reviewing organizations, whose duty it is to review school books on the basis of their technical merit and general acceptability for young students.

Gray further stated that funds from Title II of the Elementary and Secondary Education Acts will be utilized in this program.

Barbecue Planned For U.S. Rep. Young

A homecoming barbecue for Congressman and Mrs. John Young is in the planning stage following a committee meeting of area friends in Sinton. Tickets are being distributed throughout the 14th Congressional District for the affair which will be held at the Rob and Bessie Welder Park in Sinton on Thursday evening, Sept. 7, at 7 p.m.

Odell Burch of Sinton is overall chairman and will be assisted by Dr. J. E. Bauer of Refugio in supervising all arrangements for the affair. Committees have been appointed, plans are to make the 1967 homecoming barbecue the largest of all time.

Chairmen for Aransas county are Dick Picton, Emory M. Spencer and County Judge John D. Wendell.

Over 4,000 friends and supporters of John Young are expected to converge on this centrally located district site which has been the setting of several previous outings of a similar nature. The spacious Rob and Bessie Welder Park, under the oak trees, proves to be a popular spot for such affairs, since adequate barbecue and parking facilities are available there. The location is some three miles north of Sinton on U. S. 181.

Burch said that the ladies are especially invited to attend the old fashioned barbecue, which will include barbecued beef, entertainment, refreshments and all the trimmings. Congressman Young, who has served the district since 1956, has become a very popular figure throughout the 14th Congressional District especially due to his loyal and dedicated service to the people of South Texas.

Tickets will be distributed by a ticket sales committee and the various county chairmen. The price will be $2 for a fine evening of food, fellowship and entertainment. Tickets will also be on sale in various places of business throughout the 14th Congressional District, Chairman Odell Burch said.

Disability Benefits Show Increase

This is the 10th anniversary of disability insurance under the Social Security Act. Now more than 4,000 residents of the eleven county Coastal Bend Area are receiving insurance amounting to $227,103 a month. This is an increase of 20 per cent over the previous year, according to H. M. Cleveland, Social Security District Manager in Corpus Christi.

Much of the increase is due to a better informed public, and more disabled workers are applying for the insurance for themselves and their families.

Two requirements must be met for a worker to receive disability benefits. First, he must have social security credit for at least five years of work during the 10 years just before he became disabled; second, the worker must be unable to work due to a disability which has lasted or is expected to last at least 12 months, Cleveland says.

Disabled workers are urged to apply as soon as it appears the conditions will be met. Payments begin with the seventh month after the onset of the disabling condition. Medical evidence is obtained to determine if the disability is severe enough to meet the requirements.

Family benefits are paid to a disabled worker's children until they reach age 18, or to age 22 if they remain in school and do not marry. Benefits are also paid to a child of any age who become disabled before age 18, Cleveland added. Payments are also paid to the mother who has the care of a child under 18 or disabled who is entitled to benefits.

For further information on disability insurance or any of the provisions of the Social Security Act, visit or write to the Social Security Administration 1802 South Staples Street, Corpus Christi Texas 78404.

Rockport Firemen's Auxiliary Meets

The Rockport Firemen's Auxiliary met Tuesday night at the home of Mrs. Julius Malchar for the regular business and social session.

After roll call and a short business meeting, the treasure chest furnished by Mrs. Malchar was won by Mrs. Somer Smith.

Refreshments of cookies, Coke and coffee were served to Mesdames Gilbert Hill, Jr., Mrs. Max Simpson, Mrs. Elva Mullinax, Gene Howland, H. J. Gurley, Bill Gray, Smith, Coy Truelove, Edward Truelove, Gilbert Hill, Sr., and Mrs. Malchar.

The evening ended with the ladies watching the next to the last episode of the TV program, "The Fugitive."

Shower Held For Miss Niki Dick

A beautiful miscellaneous shower was given last Thursday evening from 4 to 7 p.m. at the Vermillion home in Fulton for Miss Niki Dick.

Hostesses were Mrs. Charles Vermillion, Mrs. F. L. McCord, Mrs. F. S. Dobkins, Mrs. Robert Harrell, Mrs. Hugh Morrison and Mrs. J. C. Gurley.

Miss Dick, daughter of Mr. and Mrs. Harold Dick, will be married Aug. 31 to Edward Ford Corbin, son of Mr. and Mrs. Evans Corbin of Ingleside.

The register table, covered with an embroidered cloth, was at the entrance of the living room. A gold filigree mirror held a blue silk and net pillow on which lay two gold rings. A gold candlestick held a blue candle.

The refreshment table was covered with a white linen cloth. A decorated cookie jar was in the center, filled with painted daisies and real sugar cookies were served. Each guest brought a cookie recipe for the bride-elect.

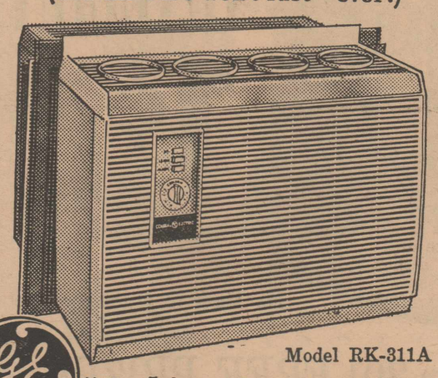

The entertainment consisted of riddles on cards for Niki to read and hunt for various cooking items hidden around the home.

Assisting the hostesses were Mrs. Tommy Moon, Mrs. Katherine Johnson and Miss Lisa Dick. Eighty guests were invited.

OUTDOORS IN TEXAS

BY VERN SANFORD

Night coon hunting with dogs has developed into a great sport in Texas.

Successful coon hunting takes a special breed of men and dogs. Just anyone can't take it . It is an arduous sport. But it's one filled with many thrills.

Throughout Texas there are a number of local coon hunt clubs, and somewhere every weekend there is an outstanding coon hunt. Also, there is a state club that holds annual meetings. Featured are coon dog trials that last nearly a week. During this period, dog swapping and lie swapping reach their peak.

Coon hunting is encouraged by landowners in many areas and tolerated in others. Since it is impossible to confine either coons or dogs to one barbedwire enclosure, fence crossing is a necessity. Coon hunters must (or should) get landowner permission.

Also, it is advisable to keep the game warden informed of coon hunts. If the warden catches a hunter in known deer area, with a light and a gun, it could lead to trouble . . . . or call for a lot of explaining.

Most of us think of coonskin coats in connection with coon hunting. However, there are people who like to eat coons. A recent issue of Hunting Dog, a new magazine published in Greenfield, Ohio, and devoted to all types of sporting dogs, provides interesting recipes for cooking coons.

Thoroughly clean the game and soak it overnight in saltwater, Rinse in three washes to remove all traces of the saltwater.

Cook in a deep roasting pan with the following ingredients: 2 or 3 chopped onions; carrots and two or three sticks of celery. Cook in a covered pan at 350° for one-half hour. Cool, then remove from water and rub the inside with 2 parts of salt and 1 part pepper, plus a dash of paprika.

Skim off the fat from the broth, saving one cup for the dressing, mixed as follows:

2 or more quarts of bread crumbs; 1 teaspoon of salt; ¼ tsp pepper; 1-½ tsp poultry seasoning; 1 beaten egg; 1 chopped onion; 1 cored, sliced apple; and 1 cup of broth or milk.

Stuff the coon and skewer as you would a turkey. Cook at 350° until tender, basting occasionally. Draw off the fat. Let it brown without sticking to the pan. Serve hot with cored apple for each serving.

If you want gravy, skim off the fat and use broth with a mixture of salt, flour and water.

Roast possum is another delicacy seldom found on tables, except in some areas of East Texas. Roast possum is very delicious, baked with sweet 'taters, much as you would roast a young pig. Or it can be barbecued.

It must be kept in mind, however, that both coons and possums have considerable fat. In baking the possum, it definitely should cool and then skim off the fat. It is well to do this before adding the sweet potatoes.

Coons and possums are mostly winter-time dishes because the flesh is much better and not so strong at that time.

Either will barbecue well as will rabbits or squirrels. It requires a longer time and a slower heat for wild game, because of its characteristic toughness. These animals are active, as opposed to pen raised animals or birds. As a result, they have developed a toughness that requires more cooking.

You don't like wild game? Okay—how about some friend rattlesnake? Some people like them!

Mrs. Jim Adams, Roxanna and Mickey of LaPorte visited with Mrs. Bertha Harper last week.

Interesting Facts About Our State

Having discussed the Pan handle, we turn now to Trans-Pecos, Texas. Beyond the Pecos River, still near the New Mexican boundary, are Texas' highest mountains, the Guadalupes of Culberson County.

From the highway, the Guadalupes are very handsome in a bleak way. You have to go into the great canyons, such as well-watered McKitterick on the J. C. Hunter Ranch, to appreciate fully this range which has heavy stands of Ponderosa pine and other tall trees on its high ridges.

The creek in McKitterick Canyon is stocked with mountain trout, and a herd of about 500 elk roams the area.

The capital of the Trans-Pecos highland country is El Paso. This westermost Texas city has a metropolitian population of more than 600,000 including its sister city just across the Rio Grande (and in some cases now on this side of the Great River), Ciudad Juarez, most popular Mexican community on the U. S. Border.

In the El Paso city limits are homes at altitudes from 3500 to 7100 feet, and the sunny climate is comparable to that of Phoenix and Tucson in Arizna.

The last international street car line in the U. S.-Mexican border connects El Paso and Juarez. A cable car carries passengers up into the mountains above El Paso. Except for San Antonio, El Paso has more ancient Spanish missions than any other Texas city, and there is a handsome 16th century cathedral in Juarez.

About 100 miles of gorgeous mountain and desert country extend down the Rio Grande from El Paso, in Hudspeth and Presidio Counties, some of it inaccessible except by 4-wheel-drive vehicles.

In good weather, hardy travelers can get within about four miles by stock car and (after securing the ranch owner's permission) hike the rest of the way up the Capote Falls, drop of about 180 feet and the biggest waterfall in the state.

Below the falls there is a "painted desert" of brilliant and changing colors. To reach Capote, come up the river from Presidio and ask directions at Candelaria, a dead-end village on the river in Presidio County.

The town of Presidio is the major port of entry to Mexico in the Big Bend and is across the Rio Grande from Ojinaga where modern railway trains carry visitors to the Mexican West Coast.

In 1964, Ojinaga got its first real road to the semi-tropical Chihauhua City, unpaved but well-graded and with bridges and culverts.

From Presidio, you can travel over the new river road along the Rio Grande, now with much blue water from its meeting at Ojinaga with the great Conchos River of Mexico, through broodingly beautiful canyons in the Big Bend National Park.

A Mexican cowboy once described what is now the Big Bend Park in giving directions:

"You go south from Fort Davis (in the Davis Mountains and a marvelous ruin of a frontier fort) and come back to the place where the rainbows wait for rain. And the Big River is kept in a stone box. And water runs uphill. And mountains float in the air except at night when they go away to visit other mountains."

In the park the Rio Grande goes for more than 100 miles through narrow canyons which often have sheer walls of as much as 1700 feet and 5000 feet in setback walls.

Altitudes vary from 1700 feet along the river, and in canyons where it is always summer, to almost 8000 feet in the Chisos, "the mountains which float in air."

The late Ludwig Bemelmans, writer and painter, said when he saw the park: "In a lifetime spent in traveling, here I came upon the great wonder. The mantle of God touches you; it is what Beethoven reached for in music; it is panorama without beginning or end . . . It will make you breathe deeply whenever you think of it, for you have inhaled eternity."

Down river, near Langtry, the river returns to a mostly southerly course, and you are out of the Big Bend. Langtry still looks very much like photographs taken in the late 19th century when Judge Roy Bean presided in Jersey Lilly Saloon over 'The Law West of the Pecos."

The saloon-courtroom has been restored as part of a state park, and nearby is judge Bean's opera house, where he hoped to see his beloved "pin-up girl," Lilly perform but never did.

Any discussion about Eastern Texas, the Texas Almanac of 1966-67 points out, should start with "Piney Woods" extending from the Red River on the north almost to the Gulf Coast on the southeast.

Among these lofty longleaf shortleaf, loblolly, and yellow pine are four national forests: Sam Houston, Davy Crockett, Angelina and Sabine.

Artificial lakes, with pines growing down to the water, have been built all through this region, making it one of the state's most beautiful and most satisfactory for recreational purposes. Two of Texas' larges lakes are under construction here: Sam Rayburn and Toledo Bend.

The Piney Woods is also a good place to see old, well-kept homes and ancient buildings, some of them dating back to Spanish settlement in the last quarter of the 18th century.

Jefferson, for instance, in Marion County near the Louisiana border and Caddo Lake, is an outdoor museum of Victorian residences and finely furnished old mansions.

Near Jefferson, between Karnack and Marshall, is the huge old southern style masonry house, more than a century old, in which the first Lady, Mrs. Lyndon B. Johnson, was born.

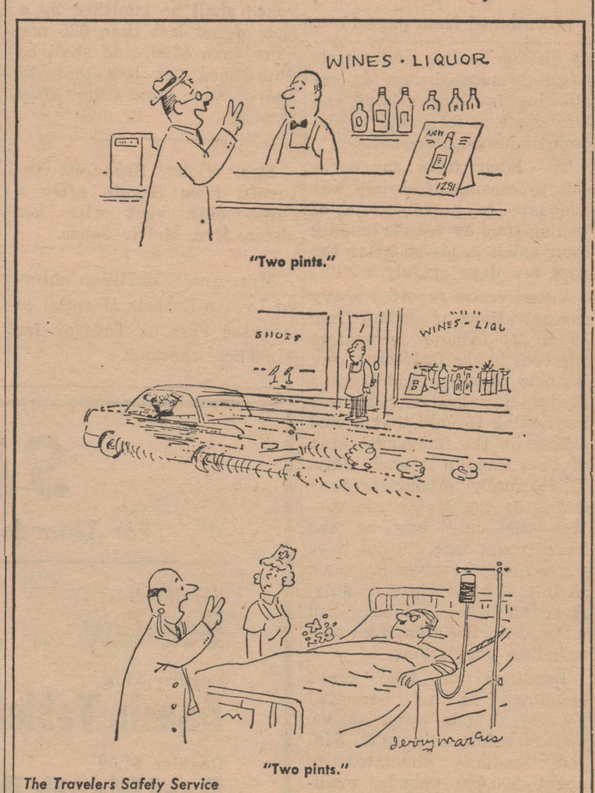

Nacogdoches was settled permanently by Spaniards in 1779, although there had been Europeans living on this Indian temple mounds site on high ground above bayous as far back as 1716.

Descendants of the original Spaniards still live there. The restored Old Stone Fort, built in 1779, is a conspicious reminder of Nacogdoches' past.

Toward the Louisiana line, San Augustine has some fascinating old mansions, two of the well-kept ones dating back to 1839. The first town well is now enclosed in the lobby of the Strippling Drug Store.

B&PW Holds Meeting

Commissioners Courtroom was the scene of the B&PW business meeting Monday, Aug. 21, with nine members present. President Mrs. Ruby Hart opened the meeting, and the 'Collect' was read in unision. Minutes of the previous meeting were approved as read, and the treasurer's report was placed on file.

A recommendation from the Executive Board was read, presenting the names of four prospective members. Ballots were passed, and all names were accepted. The new members of the club are Mesdames "Tony" Harden, Bernita Kinsey, Mary Lake Segler and Barbara Tafini. Each will receive a letter of welcome, with an invitation to the next meeting to be set at a future time.

Mrs. Hart presented a list of committee chairmen and members to serve before and during the B&PW Conference to be held at Sandolar Motel Oct. 14 and 15.

Mrs. Virginia Shivers presented Mrs. Hart's name as Mrs. B&PW of Rockport to serve at B&PW Day, Oct. 22, at the Dallas State Fair. Motion was seconded by all and passed unanimously.

After discussion of conference preparations, the meeting was adjourned with the 'Wishing Ring.'

Mrs. C. A. Barber was admitted to Lyman-Roberts Hospital Tuesday night.

JULY SHRIMP LANDINGS—

(continued from page 1)

by distant hauling and vessels heading more shrimp at sea allowing for longer trips and less waste of ice going to and from fishing grounds.

The labor force for dockside processing of shrimp was adequate to prevent loss of fishing time by vessels landing their catch heads-on after the first few days of July.

Vessel crews reported heavy concentrations of shrimp from 13 to 23 fathoms in waters adjacent to the Galveston, San Antonio, Aransas and Laguna Madre Bay systems. It was interesting to note that a void existed in the immediate area of Pass Cavallo in early July. This usually productive area is fed by the Matagorda system—the only bay on the Texas coast that did not have a good crop of juvenile brown shrimp. At the close of July, however, brown shrimp had moved into the area from surrounding populations.

Landings of blue crabs amounted to an estimated 340,000 pounds—some 50,000 pounds below July 1966. Finfish landings amounted to about 500,000 pounds, maintaining the 1966 July level.

DRIVERS LICENSE LAW—

(Continued from Page 1)

original license must furnish the Department with certified copy of the applicant's birth certificate or other documentary evidence deemed satisfactory by the Department for proof of age. The Department is also authorized to require any other information necessary to determine the applicant's identity, compentency and eligibility for licensing. Thumb prints will be required on all original applications after Aug. 28.

Among other provisions designed to ban unsafe drivers from the highways is the requirement that the Department of Public Welfare furnish the DPS with a list of persons who apply for or receive assistance to the needy blind. The license of such persons must be revoked to comply with the law.

Also, any person who is convicted of driving while his license is suspended or revoked shall be punished by a fine of not less than $25 nor more than $500, and shall be imprisoned not less than 72 hours nor more than six months

Miss Vega and Mr. Singleterry Are Married

Miss Martha Vega became the bride of Eloy Singleterry in a ceremony Friday evening in the First Assembly of God Church.

The bride is the daughter of Mr. and Mrs. Antonio Vega. Singleterry is the son of Mr. and Mrs. Eulogio Singleterry.

The bride wore a floor-length A-line gown of peau de soie with a lace bodice. Her train was of lace.

Her viel of illustion fell from a headpiece of fabric petals and pearls.

Miss Anne Ruth Sanchez was maid of honor.

Bridesmaids were Mrs. Riley Brionez, Mrs. Riley Vega and Mrs. Miley Brionez, all of Beeville and Miss Maggie Rodriguez of Pasadena.

Efrien Segovia was best man. Groomsmen were Riley Brionez, Vega and Miley Brionez, all of Beeville and Adolfo Rodriguez of Rockport.

Riley Vega and Miley Brionez ushered.

Debbie Brionez of Beeville was flower girl. Ring bearer was Ricky Garcia.

A reception was held in the Veterans of Foreign Wars Hall. After a wedding trip to Houston, the couple will live in Rockport.

As a party progressed into the early morning hours, one man said to another, "What does your wife say to you when you stay out as late as this?"

"Nothing—you see I'm not married."

"The married man raised his eyebrows. "Then why," he asked, "do you stay out as late as this?"—Grit.

PUBLIC NOTICE
Proposed CONSTITUTIONAL AMENDMENT
NUMBER TWO ON THE BALLOT

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

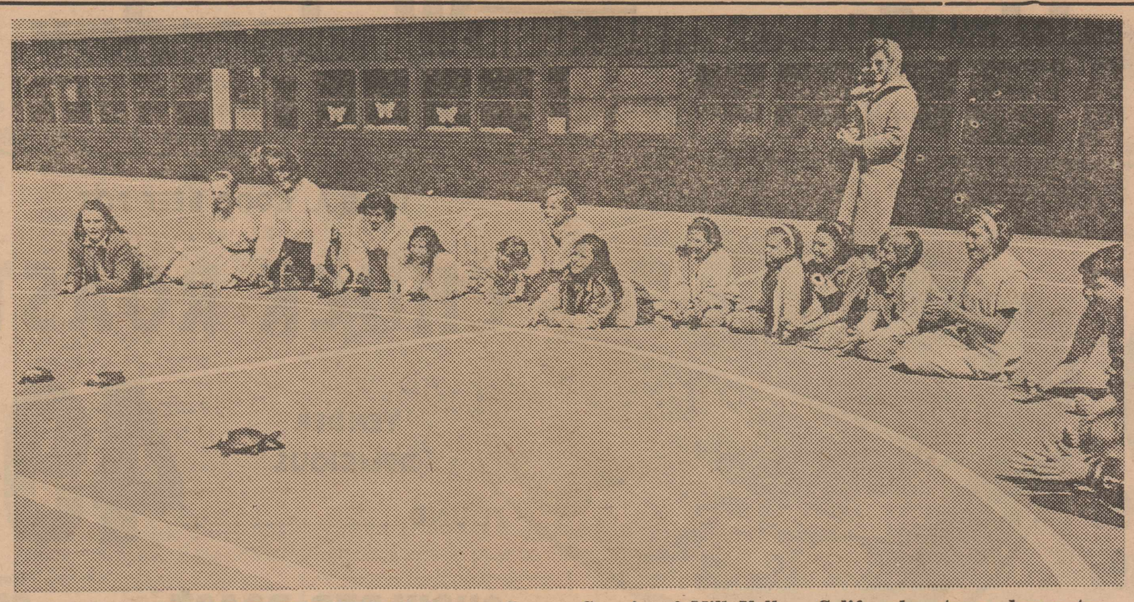

Section 1. That Article IX of the Constitution of the State of Texas be amended by adding a new Section 13 thereto to read as follows:

"Section 13. Notwithstanding any other section of this article, the Legislature in providing for the creation, establishment, maintenance, and operation of a hospital district, shall not be required to provide that such district shall assume full responsibility for the establishment, maintenance, support, or operation of mental health services or mental retardation services including the operation of any community mental health centers, community mental retardation centers or community mental health and mental retardation centers which may exist or be thereafter established within the boundaries of such district, nor shall the Legislature be required to provide that such district shall assume full responsibility of public health department units and clinics and related public health activities or services, and the Legislature shall not be required to restrict the power of any municipality or political subdivision to levy taxes or issue bonds or other obligations or to expend public moneys for the establishment, maintenance, support, or operation of mental health services, mental retardation services, public health units or clinics or related public health activities or services or the operation of such community mental health or mental retardation centers within the boundaries of the hospital districts; and unless a statute creating a hospital district shall expressly prohibit participation by any entity other than the hospital district in the establishment, maintenance, or support of mental health services, mental retardation services, public health units or clinics or related public health activities within or partly within the boundaries of any hospital district, any municipality or any other political subdivision or state-supported entity within the hospital district may participate in the establishment, maintenance, and support of mental health services, mental retardation services, public health units and clinics and related public health activities and may levy taxes, issue bonds or other obligations, and expend public moneys for such purposes as provided by law."

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on November 11, 1967, at which election all ballots shall have printed thereon the following:

"FOR the constitutional amendment to permit municipalities, other political subdivisions, and state-supported entities located within hospital districts to participate in the establishment, maintenance, support, or operation of mental health services, mental retardation services, or public health services."

"AGAINST the constitutional amendment to permit municipalities, other political subdivisions, and state-supported entities located within hospital districts to participate in the establishment, maintenance, support, or operation of mental health services, mental retardation services, or public health services."

Miss Sue Ann Johnson, Donald R. Blair Exchange Vows

Wedding vows were solemnized for Miss Sue Ann Johnson and Donald R. Blair Sunday, Aug. 13 in the First Methodist Church, Midland, Texas. Dr. Timothy W. Guthrie performed the double ring ceremony.

The bride is the daughter of Mr. and Mrs. Chester Johnson. She is a graduate of Southwest State College, and is a member of Chi Omega Social sorority. She is a teacher at Robert E. Lee High School in Mildand.

The bridegroom, son of Mrs. Sue Blair of Monahans, attended Fort Worth College. He is employed by the Permian Corp. in its data processing department.

The bride's sister, Mary Lou Johnson of Rockport, was maid of honor. She wore a pink linen weave sheath.

Douglas Blair of Monahans, the brother of the bridegroom, was best man. Ushers were Al Johnson of Rockport, brother of the bride, and Jerry Adams of Lubbock, cousin of the bridegroom.

Baskets of white gladioli decorated the altar. Mrs. Charles Riecken was organist and Jim Scott was soloist.

Given in marriage by her father, the bride wore a white crepe carpet-length gown. The molded empire bodice was designed with a bateau neckline and raglan bracelet-length sleeves. Garlands of Venice lace flowers encircled the sleeves and hemline of the slender A-line skirt.

Venice lace medallions were scattered over the chapel-length panel train which flowed from a flat double bow at the back. A contoured queen's crown of Venice lace flowers, accented with crystal drops, held the bouffant elbow-length veil of tiers of English silk illusion. She carried a bouquet of white gladioli and carnations centered around a gardenia.

A reception was held in the Windsor Place Apartments clubroom following the ceremony.

After a wedding trip to New Mexico and Colorado the couple will be at home at 2910 W. Michigan St., Apartment 203, Midland.

Attending the wedding from here were Mr. and Mrs. Chester Johnson, Miss Sue Johnson, Al Johnson, Mrs. J. H. Mills, Sr., and Mr. and Mrs. H. R. Dowdy of Bay City, Mr. and Mrs. Bob Mills of Snyder, and Miss Deann Johnson of Markham.

PUBLIC NOTICE
Proposed CONSTITUTIONAL AMENDMENT
NUMBER ONE ON THE BALLOT

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 9, Article VIII, Constitution of the State of Texas, be amended to read as follows:

"Section 9. The State tax on property, exclusive of the tax necessary to pay the public debt, and of the taxes provided for the benefit of the public free schools, shall never exceed Thirty-five Cents (35¢) on the One Hundred Dollars ($100) valuation; and no county, city or town shall levy a tax rate in excess of Eighty Cents (80¢) on the One Hundred Dollars ($100) valuation in any one (1) year for general fund, permanent improvement fund, road and bridge fund and jury fund purposes; provided further that at the time the Commissioners Court meets to levy the annual tax rate for each county it shall levy whatever tax rate may be needed for the four (4) constitutional purposes; namely, general fund, permanent improvement fund, road and bridge fund and jury fund so long as the Court does not impair any outstanding bonds or other obligations and so long as the total of the foregoing tax levies does not exceed Eighty Cents (80¢) on the One Hundred Dollars ($100) valuation in any one (1) year. Once the Court has levied the annual tax rate, the same shall remain in force and effect during that taxable year; and the Legislature may also authorize an additional annual ad valorem tax to be levied and collected for the further maintenance of the public roads; provided, that a majority of the qualified property taxpaying voters of the county voting at an election to be held for that purpose shall vote such tax, not to exceed Fifteen Cents (15¢) on the One Hundred Dollars ($100) valuation of the property subject to taxation in such county. Any county may put all tax money collected by the county into one general fund, without regard to the purpose or source of each tax. And the Legislature may pass local laws for the maintenance of the public roads and highways, without the local notice required for special or local laws. This Section shall not be construed as a limitation of powers delegated to counties, cities or towns by any other Section or Sections of this Constitution."

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on November 11, 1967, at which election all ballots shall have printed on them the following:

"FOR the constitutional amendment allowing counties to put all county taxes into one general fund."

"AGAINST the constitutional amendment allowing counties to put all county taxes into one general fund."

CHARLES HOFF DIES

Funeral services were held Monday at the First Presbyterian Church in Yorktown for Charles F. Hoff, 66, a resident of Rockport the past year, who died Saturday after a long illness.

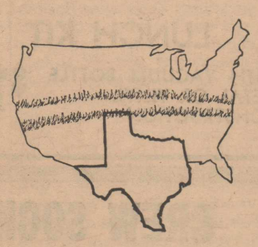

Burial was in Westside Cemetery in Yorktown under direction of Limprecht Funeral Home there.

Hoff was a native of Tucson, Ariz.

He is survived by two sisters, Miss Carol Hoff of Rockport, and Mrs. Roselie Osborne, of Yorktown, and a brother, Barnes Hoff of Victoria.

DID YOU KNOW THAT:

For the past three years an average of 2515 wild forest fires occurred annually, burning over 40,540 acres of valuable forest lands in the pine-hardwood area of East Texas. If the acreage burned were reduced to a strip 50 feet wide it would extend a distance of 6,689 miles, more than sufficient to cross and recross the Continental United States.

S. W. OWENS DIES

Funeral services were held Wednesday at Cage-Marshall Funeral chapel for Mr. Shirley Woodward Owen, 57, who died Monday in a Corpus Christi hospital following a short illness. Burial was in Fulton Cemetery.

Owen, a native of San Marcos, had lived in Fulton since 1946. He was a member of the Church of Christ and was a salesman.

Survivors include his wife, Elizabeth Louise; a daughter, Mrs. Shirley L. Rice of Rockport; two brothers, Joe Owen of Dallas and Robert Owen of San Antonio; a sister, Mrs. A. W. Chittenden of Fulton; and four grindchildren.

Redfish Under 14" No Longer Keepers

Austin—Any redfish caught in Texas waters will have to be at least 14 inches in length beginning Aug. 28, the effective date of House Bill 824 of the 60th Legislature, according to the Texas Parks and Wildlife Department.

The temporary law, which is self-repealing Sept. 1, 1972, makes it unlawful for any person to retain, or place in a container, boat, creel, live box or on any stringer, any redfish less than 14 inches in length.

The law also protects experimental inland stockings of the redfish, usually considered a marine species. Waters of the state include rivers, lakes, streams man-made impoundments, coastal bays and gulf waters up to the nine marine-mile limit.

Violation of the new law carries misdemeanor penalties of a fine of not less than $25 nor more than $200.

According to "Food and Game Fishes of the Texas Coast," or Bulletin 33, published by the Department, the redfish is a member of the croaker family and one of the most popular, sports, commercial and food fishes to be found in salt water.

Easily identified by a black spot at the upper base of the tail, the redfish may range from silver to copper colored. They average three to four pounds but the record of 83 pounds was established at Cape Charles, Va.

Other names for the fish are red drum, bar bass, channel bass, pescado colorado, bull red (when large), rat red or puppy drum (when small), red bass, sea bass, spud and hedhorse.

Mrs. E. B. "Leila" Crawford, Sr. was admitted to room 206 at Parkview General Hospital, Corpus Christi, Thursday afternoon.

JOHN KINSEY

The Rogeros (Roy, Ollie, Debbie and Roy, Jr.) and the Kinseys (John, Bernita, daughter and son-in-law, Pam and Ken Herbort of Victoria) went to Houston last Saturday to see the Astros play the league-leading St. Louis Cardinals.

My wife and I stopped at the Sandollar Restaurant for breakfast. After ordering, I went out to make sure I had closed the car windows since it was raining.

When I returned, Ed Harper had joined us for a cup of coffee. My wife greeted me with, "Guess what, we're going to have an extra passenger—a kitty that got lost from some Houston people who stayed here yesterday. A maid found it this morning and Ed wants us to take it to its owners who are heartbroken."

"But, dear," I replied, forcing a smile, "there might be an incident in the car if the kitten is not car trained."

"After all the nice things Ed has done for us, I'm surprised you would even hesitate to take the kitty to Houston," my wife said, not smiling.

"Yes dear," I said as Harper snickered.

So we toted kitty to Houston, made her owners very happy, and there was no incident.

On the way up we saw a sad sight just off the highway— a dog was standing guard over another dog that had been killed, and a few feet away were three or four pups looking puzzled.

As for the game, St. Louis won 7 to 4 despite the fact that Rusty Staub hit two home runs and a double and Rader, the new first baseman, also hit a homer for the Astros.

The Rogeros and our foursome sat in blue seats at the very top of the Astrodome in what I believe are called sky boxes. After getting over the initial funny feeling of being so high up, we enjoyed the game but all of us agreed we would prefer a lower seat.

Any way you look at it, that Astrodome is a thrilling thing to be in. It' even fun to watch the "astronauts" drag the infield.

Lamar Woman's Club Meets

Mrs. Albert Wofford and Mrs. D. G. Goodwin were hostesses to the Lamar Woman's Club Aug. 16 at the Sea Gun Sports Inn. Invocation was given by Mrs. Harry Mills followed by a salad luncheon with apple pie a la mode for dessert.

The meeting was called to order by the president, Mrs. Edward Hall, who asked each member to introduce her guest giving their home town and a little personal talk about each one.

The minutes stood approved as read by the secretary, Mrs. C. F. Hedrick. Reports were given by each of the committee chairmen with much time, discussion and planning given to the project for the coming year.

A "Thank You" note was read to the club, received from John Luker who is recuperating at his home in Lamar, expressing his gratitude for the kindness and favors shown him during his recent illness by members of the club.

At the close of the business meeting, everyone was asked to circulate among guests to visit and welcome a new member, Mrs. T. D. Brown, who recently moved into her newly completed home on St. Charles Bay.

Members attending were: Mesdames H. W. Batsell, L. V. Clark, Robert Fleming, Edward Hall, C. F. Hedrick, John W. Luker, M. O. Maxwell, Harry Mills, Fred Moss, Walter Heldenfels, Dailey Heldenfels, Gene Gregory, Lonnie Goodman, James Boyd, and the hostesses, Mrs. Albert Wofford and Mrs. G. D. Goodwin.

Visitors included Mrs. Jones Christian and Mrs. Walter Hatley, Rockport; Mrs. W. L. Morgan, La Grange; Mrs. Beth French, Dallas; Mrs. J. M. Goodwin and daughter Cindy from North Olmstead, Ohio; Mrs. T. D. Brown, Lamar, and little Miss Jennifer Heldenfels of Lamar.

Race Magazine Features Vick

The July-Aug.-Sept. issue of the The Backstretch magazine pays tribute to Kyle Vick, Jr., in an article titled "The UTTA Benefit Race Story" as follows:

* * *

On Friday afternoon, June 16. W. W. "Bill" Morrow entered the winner's circle at Hazel Park, (Mich.) Race Track to accept for owner Kyle Vick. Jr., the bronze and walnut plaque which is presented to each UTTA Benefit Race.

On this occasion, a blanket was also presented by Richard A. Connell, president of Hazel Park Race Track. These two items were the only tangible reward realized by the winner of the race.

All horses entered in UTTA races are owned or trained by members of the organization, and all purse monies are contributed to the association to assist in the continuance of a "do-it-yourself" life insurance program.

Unfortunately, he could not be present to see his colt win. On another similar occasion, also at Hazel Park on Sept. 17, 1963, Vick missed seeing VOLKIN win the UTTA Benefit Race. Sam Parise was then the conditioner of the Vick stable and "stood in" for Kyle Vick in the winner's circle.

Through the fine cooperation of owners like Kyle Vick, Jr., and the trainers who condition their thoroughbreds, the UTTA Benefit Race Program has succeeded, with such participation, the program obviously would have met with failure.

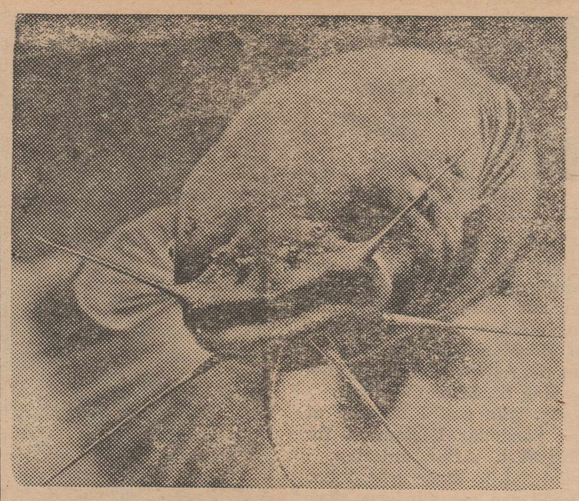

It's a lot to ask a man to run his horse, lose his conditions, and donate the purse as well. The trainer-members of UTTA have been doing this since October 1961 when the program was launched.

It is an even greater gesture of consideration for his fellowman when an owner like Vick runs his horse in a UTTA Benefit Race, and when he repeats the performance and twice contributes the win purse to his trainer's organization, the banners must be waved long anr high for such an honor.

His business interests in Texas do not permit him many visits to the races. His Rock Creek Farms comprise some 800 plus acres near Waco, where he houses a total of around 60 head — stallions, broodmares, yearlings, horses in training, etc.

He also has extensive interests in banking, insurance and investments. Although he personally has been racing thoroughbreds for only about 10 years, his daddy and his grandaddy before him were horsemen.

Reminiscing, Mr. Vick paid tribute to Frank Grand, Jr., who was his first trainer at New Orleans. After that, the horses were turned over to Nick Graffagnini. In more recent years, the Vick owned thoroughbreds have been under the care of Sam Praise and currently Bill Morrow who hails from Houston. The latter has served for several years as vice president and director of UTTA and has given freely of his time to the promotion of the organization and has participated in several of its Benefit races.

Proposed CONSTITUTIONAL AMENDMENT
NUMBER FOUR ON THE BALLOT

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That the Constitution of the State of Texas be amended by adding a new Section in Article III to be known as Section 52e, reading as follows:

"Section 52e. Each county in the State of Texas is hereby authorized to pay all medical expenses, all doctor bills and all hospital bills for Sheriffs, Deputy Sheriffs, Constables, Deputy Constables and other county and precinct law enforcement officials who are injured in the course of their official duties; providing that while said Sheriff, Deputy Sheriff, Constable, Deputy Constable or other county or precinct law enforcement official is hospitalized or incapacitated that the county shall continue to pay his maximum salary; providing, however, that said payment of salary shall cease on the expiration of the term of office to which such official was elected or appointed. Provided, however, that no provision contained herein shall be construed to amend, modify, repeal or nullify Article 16, Section 31, of the Constitution of the State of Texas."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to the qualified electors of this state at an election to be held on November 11, 1967, at which time the ballot shall have printed thereon the following:

"FOR the Amendment to the Constitution authorizing each county in this state to pay the medical bills, doctor bills and hospital bills for all Sheriffs, Deputy Sheriffs, Constables, Deputy Constables and other county and precinct law enforcement officials who are injured in the course of their official duties; providing that the county shall continue to pay the maximum salary of these officials while they are incapacitated, but such salary payment shall not continue beyond the terms of office to which they were elected or appointed."

"AGAINST the Amendment to the Constitution authorizing each county in this state to pay the medical bills, doctor bills and hospital bills for all Sheriffs, Deputy Sheriffs, Constables, Deputy Constables and other county and precinct law enforcement officials who are injured in the course of their official duties; providing that the county shall continue to pay the maximum salary of these officials while they are incapacitated, but such salary payment shall not continue beyond the terms of office to which they were elected or appointed."

NUMBER SIX ON THE BALLOT

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 33, Article XVI, Constitution of the State of Texas, be amended to read as follows:

"Section 33. The Accounting Officers of this State shall neither draw nor pay a warrant upon the Treasury in favor of any person for salary or compensation as agent, officer or appointee, who holds at the same time any other office or position of honor, trust, or profit, under this State, except as prescribed in this Constitution. Provided, that this restriction as to the drawing and paying of warrants upon the Treasury shall not apply to officers of the National Guard or Air National Guard of Texas, the National Guard Reserve, the Air National Guard Reserve, the Air Force Reserve, the Officers Reserve Corps of the United States, nor to enlisted men of the National Guard, the Air National Guard, the National Guard Reserve, the Air National Guard Reserve, the Air Force Reserve, and the Organized Reserve of the United States, nor to retired officers of the United States Army, Air Force, Navy, and Marine Corps, and retired warrant officers and retired enlisted men of the United States Army, Air Force, Navy, and Marine Corps. It is further provided, until September 1, 1969, and thereafter only if authorized by the Legislature by general law under such restrictions and limitations as the Legislature may prescribe, that a non-elective State officer or employee may hold other non-elective offices or positions of honor, trust, or profit under this State or the United States, if the other offices or positions are of benefit to the State of Texas or are required by State or federal law, and there is no conflict with the original office or position for which he receives salary or compensation. No member of the Legislature of this State may hold any other office or position of profit under this state, or the United States."

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on November 11, 1967, at which election all ballots shall have printed thereon the following:

"FOR the constitutional amendment allowing non-elective state officers and employees to serve in other non-elective offices or positions under this state or the United States until September 1, 1969, and thereafter only if authorized by the Legislature, if the offices or positions are of benefit to Texas or are required by state or federal law, and there is no conflict of interest with the original office or position; prohibiting elected officers under this state or the United States from holding any other office or position under this state; and adding members of the Air National Guard, Air National Guard Reserve, Air Force Reserve, and retired members of the Air Force to the list of persons exempted."

"AGAINST the constitutional amendment allowing non-elective state officers and employees to serve in other non-elective offices or positions under this state or the United States until September 1, 1969, and thereafter only if authorized by the Legislature, if the offices or positions are of benefit to Texas or are required by state or federal law, and there is no conflict of interest with the original office or position; prohibiting elected officers under this state or the United States from holding any other office or position under this state; and adding members of the Air National Guard, Air National Guard Reserve, and retired members of the Air Force to the list of persons exempted."

Proposed CONSTITUTIONAL AMENDMENT
NUMBER THREE ON THE BALLOT

HOUSE JOINT RESOLUTION No. 17 proposing an amendment to Section 49-b, Article III of the Constitution of Texas, so as to authorize an increase in the total amount of bonds or obligations that may be issued by the Veterans' Land Board to Four Hundred Million Dollars ($400,000,000); providing for the issuance of said bonds or obligations and the conditions relating thereto and the use of the Veterans' Land Fund; and providing for an election and the issuance of a proclamation therefor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 49-b, Article III of the Constitution of Texas, be amended so that the same will hereafter read as follows:

"Section 49-b. By virtue of prior Amendments to this Constitution, there has been created a governmental agency of the State of Texas performing governmental duties which has been designated the Veterans' Land Board. Said Board shall continue to function for the purposes specified in all of the prior Constitutional Amendments except as modified herein. Said Board shall be composed of the Commissioner of the General Land Office and two (2) citizens of the State of Texas, one (1) of whom shall be well versed in veterans' affairs and one (1) of whom shall be well versed in finances. One (1) such citizen member shall, with the advice and consent of the Senate, be appointed biennially by the Governor to serve for a term of four (4) years; but the members serving on said Board on the date of adoption hereof shall complete the terms to which they were appointed. In the event of the resignation or death of any such citizen member, the Governor shall appoint a replacement to serve for the unexpired portion of the term to which the deceased or resigning member had been appointed. The compensation for said citizen members shall be as is now or may hereafter be fixed by the Legislature; and each shall make bond in such amount as is now or may hereafter be prescribed by the Legislature.

"The Commissioner of the General Land Office shall act as Chairman of said Board and shall be the administrator of the Veterans' Land Program under such terms and restrictions as are now or may hereafter be provided by law. In the absence or illness of said Commissioner, the Chief Clerk of the General Land Office shall be the Acting Chairman of said Board with the same duties and powers that said Commissioner would have if present.

"The Veterans' Land Board may provide for, issue and sell not to exceed Four Hundred Million Dollars ($400,000,000) in bonds or obligations of the State of Texas for the purpose of creating a fund to be known as the Veterans' Land Fund, Two Hundred Million Dollars ($200,000,000) of which have heretofore been issued and sold. Such bonds or obligations shall be sold for not less than par value and accrued interest; shall be issued in such forms, denominations, and upon such terms as are now or may hereafter be provided by law; shall be issued and sold at such times, at such places, and in such installments as may be determined by said Board; and shall bear a rate or rates of interest as may be fixed by said Board but the weighted average annual interest rate, as that phrase is commonly and ordinarily used and understood in the municipal bond market, of all the bonds issued and sold in any installment of any bonds may not exceed four and one-half per cent (4½%). All bonds or obligations issued and sold hereunder shall, after execution by the Board, approval by the Attorney General of Texas, registration by the Comptroller of Public Accounts of the State of Texas, and delivery to the purchaser or purchasers, be incontestable and shall constitute general obligations of the State of Texas under the Constitution of Texas; and all bonds heretofore issued and sold by said Board are hereby in all respects validated and declared to be general obligations of the State of Texas. In order to prevent default in the payment of principal or interest on any such bonds, the Legislature shall appropriate a sufficient amount to pay the same.

"In the sale of any such bonds or obligations, a preferential right of purchase shall be given to the administrators of the various Teacher Retirement Funds, the Permanent University Funds, and the Permanent School Funds.

"Said Veterans' Land Fund shall consist of any lands heretofore or hereafter purchased by said Board, until the sale price therefor, together with any interest and penalties due, have been received by said Board (although nothing herein shall be construed to prevent said Board from accepting full payment for a portion of any tract), and of the moneys attributable to any bonds heretofore or hereafter issued and sold by said Board which moneys so attributable shall include but shall not be limited to the proceeds from the issuance and sale of such bonds; the moneys received from the sale or resale of any lands, or rights therein, purchased with such proceeds; the moneys received from the sale or resale of any lands, or rights therein, purchased with other moneys attributable to such bonds; the interest and penalties received from the sale or resale of such lands, or rights therein; the bonuses, income, rents, royalties, and any other pecuniary benefit received by said Board from any such lands; sums received by way of indemnity or forfeiture for the failure of any bidder for the purchase of any such bonds to comply with his bid and accept and pay for such bonds or for the failure of any bidder for the purchase of any lands comprising a part of said Fund to comply with his bid and accept and pay for any such lands; and interest received from investments of any such moneys. The principal and interest on the bonds heretofore and hereafter issued by said Board shall be paid out of the moneys of said Fund in conformance with the Constitutional provisions authorizing such bonds; but the moneys of said Fund which are not immediately committed to the payment of principal and interest on such bonds, the purchase of lands as herein provided, or the payment of expenses as herein provided may be invested in bonds or obligations of the United States until such funds are needed for such purposes.

"All moneys comprising a part of said Fund and not expended for the purposes herein provided shall be a part of said Fund until there are sufficient moneys therein to retire fully all of the bonds heretofore or hereafter issued and sold by said Board, at which time all such moneys remaining in said Fund, except such portion thereof as may be necessary to retire all such bonds which portion shall be set aside and retained in said Fund for the purpose of retiring all such bonds, shall be deposited to the credit of the General Revenue Fund to be appropriated to such purposes as may be prescribed by law. All moneys becoming a part of said Fund thereafter shall likewise be deposited to the credit of the General Revenue Fund.

"When a Division of said Fund (each Division consisting of the moneys attributable to the bonds issued and sold pursuant to a single Constitutional authorization and the lands purchased therewith) contains sufficient moneys to retire all of the bonds secured by such Division, the moneys thereof, except such portion as may be needed to retire all of the bonds secured by such Division which portion shall be set aside and remain a part of such Division for the purpose of retiring all such bonds, may be used for the purpose of paying the principal and the interest thereon, together with the expenses herein authorized, of any other bonds heretofore or hereafter issued and sold by said Board. Such use shall be a matter for the discretion and direction of said Board; but there may be no such use of any such moneys contrary to the rights of any holder of any of the bonds issued and sold by said Board or violative of any contract to which said Board is a party.

"The Veterans' Land Fund shall be used by said Board for the purpose of purchasing lands situated in the State of Texas owned by the United States or any governmental agency thereof, owned by the Texas Prison System or any other governmental agency of the State of Texas, or owned by any person, firm, or corporation. All lands thus purchased shall be acquired at the lowest price obtainable, to be paid for in cash, and shall be a part of said Fund. Such lands heretofore or hereafter purchased and comprising a part of said Fund are hereby declared to be held for a governmental purpose, although the individual purchasers thereof shall be subject to taxation to the same extent and in the same manner as are purchasers of lands dedicated to the Permanent Free Public School Fund.

"The lands of the Veterans' Land Fund shall be sold by said Board in such quantities, on such terms, at such prices, at such rates of interest and under such rules and regulations as are now or may hereafter be provided by law to veterans who served not less than ninety (90) continuous days, unless sooner discharged by reason of a service-connected disability, on active duty in the Army, Navy, Air Force, Coast Guard or Marine Corps of the United States between September 16, 1940, and the date of formal withdrawal of United States troops from the present armed conflict in Viet Nam, and who, upon the date of filing his or her application to purchase any such land is a citizen of the United States, is a bona fide resident of the State of Texas, and has not been dishonorably discharged from any branch of the Armed Forces abovenamed and who at the time of his or her enlistment, induction, commissioning, or drafting was a bona fide resident of the State of Texas, or who has resided in Texas at least five (5) years prior to the date of filing his or her application. The foregoing notwithstanding, any lands in the Veterans' Land Fund which have been first offered for sale to veterans and which have not been sold may be sold or resold to such purchasers, in such quantities, and on such terms, and at such prices and rates of interest, and under such rules and regulations as are now or may hereafter be provided by law.

"Said Veterans' Land Fund, to the extent of the moneys attributable to any bonds hereafter issued and sold by said Board may be used by said Board, as is now or may hereafter be provided by law, for the purpose of paying the expenses of surveying, monumenting, road construction, legal fees, recordation fees, advertising and other like costs necessary or incidental to the purchase and sale, or resale, of any lands purchased with any of the moneys attributable to such additional bonds, such expenses to be added to the price of such lands when sold, or resold, by said Board; for the purpose of paying the expenses of issuing, selling, and delivering any such additional bonds; and for the purpose of meeting the expenses of paying the interest or principal due or to become due on any such additional bonds.

"All of the moneys attributable to any series of bonds hereafter issued and sold by said Board (a 'series of bonds' being all of the bonds issued and sold in a single transaction as a single installment of bonds) may be used for the purchase of lands as herein provided, to be sold as herein provided, for a period ending eight (8) years after the date of sale of such series of bonds; provided, however, that so much of such moneys as may be necessary to pay interest on bonds hereafter issued and sold shall be set aside for that purpose in accordance with the resolution adopted by said Board authorizing the issuance and sale of such series of bonds. After such eight (8) year period, all of such moneys shall be set aside for the retirement of any bonds hereafter issued and sold and to pay interest thereon, together with any expenses as provided herein, in accordance with the resolution or resolutions authorizing the issuance and sale of such additional bonds, until there are sufficient moneys to retire all of the bonds hereafter issued and sold, at which time all such moneys then remaining a part of said Veterans' Land Fund and thereafter becoming a part of said Fund shall be governed as elsewhere provided herein.

"This Amendment being intended only to establish a basic framework and not to be a comprehensive treatment of the Veterans' Land Program, there is hereby reposed in the Legislature full power to implement and effectuate the design and objects of this Amendment, including the power to delegate such duties, responsibilities, functions, and authority to the Veterans' Land Board as it believes necessary.

"Should the Legislature enact any enabling laws in anticipation of this Amendment, no such law shall be void by reason of its anticipatory nature.

"This Amendment shall become effective upon its adoption."

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on November 11, 1967, at which election all ballots shall have printed thereon the following:

"FOR the amendment to extend the Veterans' Land Program by authorizing the sale of bonds to increase the Veterans' Land Fund for the purpose of purchasing land in Texas to be sold to Texas veterans who served in the Armed Services of the United States between September 16, 1940, and the date of formal withdrawal of United States troops from the present armed conflict in Viet Nam, which amendment would amend Section 49-b, Article III of the Constitution of Texas, and provide for an additional $200,000,000 in bonds, such funds to be expended in accordance with instructions and requirements that may be provided by law."

"AGAINST the amendment to extend the Veterans' Land Program by authorizing the sale of bonds to increase the Veterans' Land Fund for the purpose of purchasing land in Texas to be sold to Texas veterans who served in the Armed Services of the United States between September 16, 1940, and the date of formal withdrawal of United States troops from the present armed conflict in Viet Nam, which amendment would amend Section 49-b, Article III of the Constitution of Texas, and provide for an additional $200,000,000 in bonds, such funds to be expended in accordance with instructions and requirements that may be provided by law."

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for the election and this amendment shall be published in the manner and for the length of time as required by the Constitution and laws of this state.

Proposed CONSTITUTIONAL AMENDMENT
NUMBER FIVE ON THE BALLOT

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article III of the Constitution of Texas be amended by adding a new section thereto to be known as Section 49-e, as follows:

"Section 49-e. The Parks and Wildlife Department, or its successor vested with the powers, duties, and authority which deals with the operation, maintenance, and improvement of State Parks, shall have the authority to provide for, issue and sell general obligation bonds of the State of Texas in an amount not to exceed Seventy-Five Million Dollars ($75,000,000). The bonds authorized herein shall be called "Texas Park Development Bonds," shall be executed in such form, denominations, and upon such terms as may be prescribed by law, provided, however, that the bonds shall bear a rate or rates of interest as may be fixed by the Parks and Wildlife Department or its successor, but the weighted average annual interest rate, as that phrase is commonly and ordinarily used and understood in the municipal bond market, of all the bonds issued and sold in any installment of any bonds, shall not exceed four and one-half percent (4½%) interest per annum; they may be issued in such installments as said Parks and Wildlife Department, or its said successor, finds feasible and practical in accomplishing the purpose set forth herein.

"All moneys received from the sale of said bonds shall be deposited in a fund hereby created with the State Treasurer to be known as the Texas Park Development Fund to be administered (without further appropriation) by the said Parks and Wildlife Department, or its said successor, in such manner as prescribed by law.

"Such fund shall be used by said Parks and Wildlife Department, or its said successor, under such provisions as the Legislature may prescribe by general law, for the purposes of acquiring lands from the United States, or any governmental agency thereof, from any governmental agency of the State of Texas, or from any person, firm, or corporation, for State Park Sites and for developing said sites as State Parks.

"While any of the bonds authorized by this provision, or any interest on any such bonds, is outstanding and unpaid, there is hereby appropriated out of the first moneys coming into the Treasury in each fiscal year, not otherwise appropriated by this Constitution, an amount which is sufficient to pay the principal and interest on such bonds that mature or become due during such fiscal year, less the amount in the interest and sinking fund at the close of the prior fiscal year, which includes any receipts derived during the prior fiscal year by said Parks and Wildlife Department, or its said successor, from admission charges to State Parks, as the Legislature may prescribe by general law.

"The Legislature may provide for the investment of moneys available in the Texas Park Development Fund and the interest and sinking fund established for the payment of bonds issued by said Parks and Wildlife Department, or its said successor. Income from such investment shall be used for the purposes prescribed by the Legislature.

"From the moneys received by said Parks and Wildlife Department, or its said successor, from the sale of the bonds issued hereunder, there shall be deposited in the interest and sinking fund for the bonds authorized by this section sufficient moneys to pay the interest to become due during the State fiscal year in which the bonds were issued. After all bonds have been fully paid with interest, or after there are on deposit in the interest and sinking fund sufficient moneys to pay all future maturities of principal and interest, additional moneys received from admission charges to State Parks shall be deposited to the State Parks Fund, or any successor fund which may be established by the Legislature as a depository for Park revenue earned by said Parks and Wildlife Department, or its said successor.

"All bonds issued hereunder shall after approval by the Attorney General, registration by the Comptroller of Public Accounts of the State of Texas, and delivery to the purchasers, be incontestable and shall constitute general obligations of the State of Texas under the Constitution of Texas.

"Should the Legislature enact enabling laws in anticipation of the adoption of this amendment, such Acts shall not be void by reason of their anticipatory nature."

Sec. 2. The foregoing amendment to the Constitution shall be submitted to a vote of the qualified electors of this State at an election to be held on November 11, 1967, at which election each ballot shall have printed thereon, the folowing words:

"FOR the amendment to the Constitution of Texas adding a new section to be known as Section 49-e of Article III, authorizing the issuance and sale of Seventy-Five Million Dollars ($75,000,000) in bonds by the State of Texas to create the Texas Park Development Fund to acquire lands for State Park sites and to develop State Parks."

"AGAINST the amendment to the Constitution of Texas adding a new section to be known as Section 49-e of Article III, authorizing the issuance and sale of Seventy-Five Million Dollars ($75,000,000) in bonds by the State of Texas to create the Texas Park Development Fund to acquire lands for State Park sites and to develop State Parks."
