First Skirmish Scheduled On Civil Rights

Anti-Lynch Bill Pushed Toward An Early Vote

(By The Associated Press)

WASHINGTON, Feb. 26.—Rebel southern Democrats faced the prospect of defeat today in the opening skirmish of their battle in Congress against President Truman and his civil rights program.

The focal point of the engagement is an anti-lynching bill which the Republicans are pushing toward an early House vote.

The bill went before the full House judiciary committee today with the 3 to 2 backing of a subcommittee.

GOP's Hold Edge

The Republicans hold a 13 to 12 edge in the full committee and of the Democratic members only four are party rebels.

The legislation would make it a federal crime to take part in or encourage a lynching. The maximum penalty on conviction would be ten years in prison and a $20,000 fine.

Peace officers found guilty of negligence in allowing a prisoner or suspect to be lynched could be fined $5,000 and imprisoned five years.

Even the community in which a lynching occurred could be penalized through a requirement to pay the victim's dependents up to $10,000.

Say Rights Invaded

Southern opposition to the measure has centered around the contention that it invades states' rights. Furthermore Dixie representatives cite a drop in the number of lynchings as evidence that they are eliminating the problem their own way.

Senate Republican leaders are speeding action on a companion measure.

A new point of contention arose meanwhile in the Senate rules committee.

Senator Stennis (D-Miss) said that group had agreed to take up an anit-poll tax bill Friday. This also is part of the controversial Truman civil rights program.

In the past the southerners have used the filibuster as their main weapon in fighting this and other measures dealing with the race question. However, a recent Senate poll showed they no longer can count on the one-third-plus-one vote needed to block the debate-limiting rule called cloture.

Senate Leader Favors Bonus

AUSTIN, Feb. 26 (U.P.)—Acting Gov. T. C. Chadick said today that "as a member of the legislature" he would vote for a veterans bonus, but favored a "substantial enough" one to help ex-GI's if the state intended to pay a bonus at all.

Chadick, state senator from Quitman, told a press conference that "I would be in favor of a substantial" bonus if the state of Texas goes into the bonus field at all. He added that $100 is not enough.

Acting Chief Executive

The president pro tem of the Senate, acting as state chief executive while Gov. Beauford H. Jester and Lieut. Gov. Allan Shivers are out of state, said the next legislature is going to run head-on into the issue of taxation.

He thought that the production of gas "can stand more tax easier than any other division of natural resources," and added that oil might be able to stand more tax.

Chadick said he "hadn't fully" made up his mind whether he would seek re-election to the state Senate.

To Stay In Party

He declared, however, that in any event he was going to "stay with the Democratic party," and thought it better to fight within the party on the civil rights issue than for the South to secede from the party.

"No other party has offered the South — and I think the entire country — as good a program as the Democratic party has in the past," he said.

Chadick said he didn't "necessarily like" President Truman's civil rights program, but said with the present lineup of presidential timber he would favor Mr. Truman's nomination this year.

GOLD HOLDINGS UP

Trinity River Out Of Banks

Roads Blocked By High Water In Some Areas

Warning Again Is Given Farmers To Remove Livestock

(By The United Press)

The Trinity river flowed out of its banks today at Dallas, as cloudy skies and light rains continued over all of Texas.

The U. S. weather bureau reported the river had risen to 32 feet—four feet above the flood stage—early today, and predicted it would continue to rise throughout the day.

The Trinity was expected to reach a height of 36 feet by late afternoon or evening.

Warning Is Repeated

As the flood waters swept into the lowlands near Dallas, the weather bureau reiterated its yesterday warning to farmers further down stream to remove all livestock from the river bottom.

The state highway department said flood waters had risen over roads in Denton county on the Elm fork of the Trinity, rendering state highway 10 impassable in that area.

The waters had subsided from U. S. highway 77 in Denton county which was inundated earlier today.

On the heels of flash floods Tuesday night, locally heavy rains again were reported near the headwaters of the Trinity during the 24 hours preceding 6:30 a. m. today.

Rains Are Reported

Fort Worth reported an additional 1.47 inches, Carrolton 2.04 inches and Dallas .51 of an inch.

Precipitation elsewhere in the state was less than .10 of an inch. Amarillo and Abilene each reported .04.

Fog and light drizzle cut visibility to one-fourth mile in Lubbock this morning and kept airline flights from operating.

Although light rain and drizzle have fallen at intervals the last two days, precpitation has been light, measuring only .03 inch the two days. Precipitation from noon Wednesday to 6:30 a. m. today has been only "a trace," the U. S. Weather bureau station reported.

Rainfall for February has been above normal, with .88 inch re-

President Truman Faces Loss Of Virginia Electoral Votes

(By The United Press)

RICHMOND, Va., Feb. 26—Gov. William Tuck of Virginia took a direct swing at President Truman and his civil rights program today by asking the general assembly to remove the names of candidates for president and vice-president from the ballot and hand Virginia's voting power to a party convention.

The governor's recommendation was the strongest action yet taken in a Southland rumbling with threats of open rebellion against the party it has backed solidly since reconstruction days.

Faces Loss Of Votes

It would threaten Mr. Truman with loss of Virginia's electoral vote unless he backed down on his civil rights proposals.

Passage of the Tuck bill would change Virginia election laws to enable voters to name 11 electors who would not be committed to supporting President Truman if he is the party nominee.

Voters would approve the 11 Virginia electors merely by marking the square containing the name of their party.

In making his blistering proposal, Tuck charged that "the people of the southern states have been placed upon a sacrifical altar to appease racial and other minority fringe groups."

Be No Improvement

He said the "so-called civil rights program" advocating federal anti-lynch, anti-poll tax, anti-Jim Crow and fair employment laws, would not improve relations between the races.

The Virginia governor claimed such laws would only enforce "imaginary rights which do not exist."

Under his proposed bill, Tuck said, electors "will be obligated and pledged to vote in the electoral college for the nominees of the national convention of their party, unless the duly constituted party authorities in Virginia direct otherwise."

Under the present election setup, Democratic electors chosen in November would be committed to cast their votes for the candidate whose name appears on the Democratic ticket.

Of Virginia's 140 general assembly members, 130 are Democrats recorded as "responsive" to the suggestions of the chief executive.

Tuck's proposal would also make it impossible for a party backing Henry A. Wallace or any other third party to get on the general election ballot in Virginia.

Contract On Church Center Is Let Here

Contract was let today to R. E. Erwin of Lubbock for construction of a district center at Plainview for the Abilene district of Church of the Nazarene, it was announced by Rev. A. F. Laing, pastor of the local church.

Cost of the project will be about $12,000. The building, to be erected on a 10-acre plot, will be used for all district meetings of the church. It will be located in the northwest part of the city, just west of Wayland college. An overall program for the center is planned which, when completed within about five years, will cost about $125,000, it was said. Individual cabins, a dining hall and other structures are contemplated. Panhandle Steel products company, also of Lubbock, was awarded the steel contract.

The contract was let at a meeting of the Abilene district advisory board of the church here today, at which time plans for purchase of a lot for construction in Lubbock of a district parsonage were discussed. Members of the board include W. B. Walker, district superintendent, Abilene; J. W. Benson, Lamesa; O'Dell Brown, Abilene, and O. V. McMahan, Post. Visiting pastors at the meeting were Rev. J. T. Crawford, Hamlin, and Rev. R. G. Garland, Floydada.

Story On Homeless Dogs Brings Results

Lubbock Lumberman Offers To Donate Material For New Dog Pound In City

As an aftermath of publication of a story with pictures of Lubbock's dog pound, W. B. Yeager, Lubbock lumberman, today offered to make the first donation of material toward construction of "a comfortable and attractive dog pound."

Yeager, manager of Higginbotham-Bartlett Lumber company here, said he would give 500 board feet of lumber and a 20-rod roll (330 feet) of hogwire for the project.

"I think Lubbock's dog pound is a disgrace to a city the size of Lubbock, even though it is located at a spot where very few people see it," Yeager said. "Just because you have an old cur dog around that nobody wants is no reason for mistreating him."

Yeager said he believed three or four such donations as his would be sufficient to build a dog pound which could be a credit to the city.

"At least you could build a comfortable house and separate pens for the dogs and it possibly could be made attractive," Yeager said.

Yeager made his offer after reading an article describing conditions at the pound along with pictures of the building and pens and some of the dogs in the enclosure, published in Tuesday afternoon's Journal.

CELEBRATION WILL BE STAGED

Sweeping Purge In Czechoslovakia

(By The United Press)

PRAGUE, Feb. 26—Communist Premier Klement Gottwald launched a sweeping purge of public offices and industry today to consolidate his hold on Czechoslovakia. He also ordered two days of nationwide demonstrations to celebrate his lightning coup that put Communists in complete control.

The purge ranged from ministers to honorary societies. The interior ministry said that every public office, including embassies and legations abroad, would be purged of opposition elements.

The Communists apparently had silenced President Eduard Benes A spokesman at the president's office said he had no plans to speak or issue a communique today. Benes cancelled a scheduled radio speech last night.

"There will be no speech, no communique," the spokesman said. "There will be nothing today."

The purge will be carried out by the trade union action committees which helped the Communist-controlled secret police seize power in five days in a nation of 12,000,000 people.

Embassies In Doubt

Whether or not the purge would include the embassies and legations of foreign countries in Czechoslovakia remained to be seen. The Communist-controlled newspaper Mlada Fronta charged that the U. S. and British consulates in Bratislava had organized espionage against the nation. Bratislava is the capital of Slovakia, easternmost province nearest Russia.

The United States does not yet have an official consulate in Bratislava, but has been preparing to open one on March 1. Claiborne Pell, of New York and Newport, had been detached as third secretary of the Prague embassy to open the Bratislava office.

Pell declined to comment on the

Man Killed In Car Accident

SEAGRAVES, Feb. 26 (Special) J. B. Lee, 29, oil well painter employed by The Western company here, was killed early toady when his car went out of control and overturned during a blinding hailstorm when he was returning from the oil field to his home here.

The acident happened about 2:30 o'clock, three or four miles east of Denver City. Lee was alone at the time, and other details of the accident were not known.

Services Not Set

The body was brought here, and funeral plans had not been completed at noon today. A member of the family said services probably would be held Saturday.

Survivors include the wife, two daughters and one son, who live here; his mother, Mrs. Fanny Lee of Brownfield; and four sisters, Mrs. W. G. Burrow of Brownfield, Mrs. Joe Davis of Richmond, Calif., Mrs. R. D. Jackson of Brownfield, and Mrs. Vance Tredway of the Plainview highway. Lubbock.

"Dashing Romeo" Is Given A Life Term

CLINTON, Ark. Feb. 26 (AP) — Lonnie A. Robbins, described by the state as a "dashing Romeo," has been convicted of murder in the poison death of his Texas "mail order" bride. His sentence was set at life imprisonment.

A jury composed mostly of farmers in this north Arkansas rural county returned a verdict yesterday after deliberating four hours in a tourist court. The trial lasted three days.

The portly, 49-year-old farmer received the verdict with composure. His attorneys did not say immediately whether they would appeal, but indicated they would.

Victim's Brother Held For Slaying

BECKVILLE, Tex., Feb. 26. (U.P) —Marshall Rogers, 41, was shot to death at his mother's home early today and officers arrested his brother, Durwin, 36, in connection with the shooting.

The sheriff's office attributed the shooting to family trouble. The accused man was scheduled to face a preliminary hearing later in the day before Justice of the Peace R. T. Jordan.

Transit Workers To Accept Wage Boost

WICHITA FALLS, Feb. 26 (U.P) —Wichita Falls bus drivers early today voted unanimously to accept a wage settlement giving some 75 drivers and maintenance workers of the Wichita Transit Co. 2½ cent hourly across-the-board pay increase.

The union drivers, who Tuesday night had voted to strike if wage negotiations failed, adjourned their meeting at 2:45 a. m.

There were indications that the company now might raise its fares.

The across-the-board wage boost will be retroactive to Feb 11, when the old contract expired.

Author Is Jailed On Robbery Count

NEW YORK, Feb. 26 (U.P) — Daniel F. Ahearn, author of "How To Commit A Murder and Get Away With It," was held on charges of robbery and assault today.

Ahearn, 45, with a police record of 18 arrests and a number of convictions for various offenses, twice has been released after being charged with homicide. He said his book which was published in 1932 has sold 200,000 copies.

He was accused by police of beating and robbing Betty Berman, a department store buyer, of $200 in cash and $1,000 in jewelry last July.

Man Hangs Himself With Electric Wire

GAINESVILLE, Feb. 26. (AP)—Alfred Wayne Evans, 64, hung himself with an electric light wire in a barn near here today. The cord had been attached to a rafter.

Justice of the Peace Shelby Fletcher returned an inquest verdict of suicide. Evans had been ill.

President Truman Takes It Easy Under Florida Tropic Sky

Youngster Muffs His Lines As He Represents Schoolmates In Presenting Scrapbook To HST

(By The United Press)

KEY WEST, Fla., Feb. 26 — President Truman took it easy under Florida's tropical sky today. But in his mind there may have been a memory of that heartbroken kid in Cuba.

The kid was 12-year-old Bill Barrett, sandy-haired son of a chief petty officer in the U. S. Navy. Bill had been selected to represent his schoolmates at a little ceremony when the President stopped by their school at Guantanamo bay naval base yesterday afternoon.

For days, freckle-nosed Bill had rehearsed the speech he would make in presenting Mr. Truman with a scrapbook about the school.

Bill's dad, Preston Barrett of Washington, D. C., was standing on a grassy hill behind the children as the President drove up yesterday. Bill's mom was looking on, too.

The President's convertible rolled up a circular driveway and the children began singing "America." Bill stood quietly on the side and saw the No. 1 man of the United States ease himself out of the back seat so the kids could see him.

The singing stopped and the President waved his broad-brimmed white hat. A teacher said "psss-t" and Bill marched toward the car, his shoulders braced like his daddy taught him.

"Mister President," he began shrilly, "I have the honor to present to you a record, a scrapbook of the school's activities . . ."

Bill's jaw flopped open but the words just stopped coming. He grimaced and squirmed and fidgeted in that terrible silence.

The President bent over and whispered to Bill.

"I know just how you feel," he said. "Why don't you start again?"

Bill blinked, took a deep breath

Bad Dust Storms In Area Not Expected

Federal Men Are More Worried About The Long Range Outlook On Blowing Of Soil

(By The Associated Press)

WASHINGTON, Feb. 26—The Agriculture department isn't much worried about possibility of bad dust storms in the former "dust bowl" this spring and summer.

But it is fearful that unless there is more than the average amount of moisture, there will be less than a normal yield of wheat this summer.

The agency also is worried about the long range outlook on soil blowing.

These are the views expressed by the department's Soil Conservation Service officials.

They were commenting on a recent Denver Post story that the Kansas and Nebraska wheat crop is threatened by dust-blowing winds and lack of sufficient moisture.

"We are pretty optimistic about the blowing this year in Kansas, Colorado, Nebraska, Oklahoma, Texas and New Mexico," one agency official told a reporter "because it seems to be rather local, covering perhaps a county or two.

"But there was a drouth in that area last summer and in the early falll and it was November before there were any rains.

"That meant wheat got away to a slow start. It will now take more than the normal amount of rainfall to make a good wheat crop. Snowfall which runs off frozen ground will provide no soil moisture."

But the Soil Conservation Service, officials said, does not think there will be the heavy dust storms over a wide area this spring such as occurred in 1934, 1935 and 1936.

They say that to have the return of such storms, there must be a complete crop failure and drouth and probably two crop failures "before the soil gets away."

"I don't think we'll have anything this year compared with 1935

NEVER WERE AT CONTROLS BEFORE

Sergeants Take A Joyride In Plane

(By The Associated Press)

BALBOA, C. Z., Feb. 26.—Apparently it isn't very hard to fly a B-17.

Two American sergeants, accused of taking an unauthorized 1,700-mile joyride in a Flying Fortress across some of the roughest terrain in the world, said today they didn't have much trouble on their little jaunt, although neither had ever been at the controls before.

M/Sgt. Glen D. Woods of Muncie, Ind., and S/Sgt. Theodore S. Havens, jr., of Washington, N. J., arrived at U. S. Caribbean air command headquarters last night from Caracas, Venezuela, where military authorities said they landed the B-17 Monday after a flight across the Andes from Galapagos.

Looked Pretty Easy

Both said they had observed pilots in flight and it looked pretty easy.

So, instead of servicing Galapagos' one plane for a possible mercy flight at daybreak Monday, the two sergeants said they set off for greener pastures.

Woods said he handled the controls the whole way—just did everything he had seen pilots do.

Up to 15,000 and 20,000 feet they took the bomber, headed for Waller field on the island of Trinidad. Woods said he had planned to set down the plane and say: "Well, here we are." It didn't quite work out that way. With only 500 gallons of gasoline left, Woods sat down at Caracas.

Officers Astounded

Officers of the Caribbean command said they were astounded that two untrained men could fly the four-engined plane over the Andes, but it didn't seem hard to Woods and Haven. Woods said he even made most of the flight on instruments because of thick weather

Woods said he had a little trouble getting the big plane to land properly. He had to try four times before he got the air-speed down to a safe margin. Then he made a good landing, he said.

Last night Woods and Haven arrived here and took up residence in the guardhouse.

Bootlegger Using Children Stooges

OKLAHOMA CITY, Feb. 26 (AP)—Police today were hot on the case of two young girls—nine and eleven—who were telephone stooges for an Oklahoma City bootlegger.

Oklahoma still has prohibition and the local rum-runners use phones to take orders for home delivery.

The law found out about it when police went to a house to check complaints that the girls' grown-up sister was abusing her baby.

Juvenile Officers R. M. Goff and T. T. Hutchinson said the tyke could rattle off bootleg prices of popular brands and had been trained to jot down customers addresses.

"You see," explained the elder sister, "mother isn't home much."

The officers went to meet her.

Burglars Take Cash, Jewelry

Three burglary offenses were reported to police today.

From the residence of C. J. Shipley of 1713 Ave. K, a red leather jewel case containing beads, rings, ear screws and an autographed bracelet was taken. The loot was valued at $200.

Corcorran's Drive-In cleaners, at 1625 Nineteenth, was broken and entered by a rear window and the front of the establishment was "thoroughly ransacked" by intruders who took $14 in silver, $11 in currency, two or three fountain pens, and a gold wrist watch. The burglary was reported by Moore's Bonded patrol, officials said. Police Detective Lee Rice said investigation was being continued.

Enter Service Station

J. G. Wilbanks service station at 1504 Thirteenth was broken and entered by a door leading from the was hand grease room. One dollar in pennies was taken. An attempt to get money from an automatic soft drink dispenser failed, although the key to it was found, Pete Hubbard, a city patrolman, said after investigation.

A $25 bike was reported stolen from Patsy McPherson of 1906 Thirty-second.

The sheriff's department had received a complaint from Russell Tunnell that one of his new trucks and heavy trailers had

Ex-Navy Man Victim In Torture Slaying

NEW YORK, Feb. 26 (AP) — A 13-state alarm was broadcast today for a suspect in the strange and baffling Chinese torture knot slaying of a former navy officer in a mid-Manhattan hotel.

The victim, Harvey Haeberle, a civilian employe of the navy's photographic division, was found strangled in his ransacked hotel room early yesterday.

Clad only in shorts, the victim's hands were tied by strips of bed clothing which were also fastened to his throat. The fiendish device was arranged to choke Haeberle to death as he struggled to free himself. Detectives said the method used to kill Haeberle is one that has been employed for centuries by the Chinese to torture victims to death.

Student Convicted Of Bribery Charge

MADISON, Wis., Feb. 26 (AP)—James Lawrence, socially prominent undergraduate, was convicted last night by a student court of bribery in his election as the University of Wisconsin's prom king.

The court, whose decisions are recognized as official by the university, fined the Tulsa athlete $40. However, it gave him the alternative of disciplinary probation while earning six extra credits toward graduation.

Four Dead As Eight Escape By Parachute

Big Plane Falls After Taking Off From Fort Worth

(By The Associated Press)

MERIDIAN, Feb. 26 — Four members of a 12-man crew were killed in the crash of a B-29 bomber near here last night.

The eight other crew members, including Col. Alan D. Clark of Fort Worth, 7th bombardment wing commander, parachuted through the rain and fog to safety.

One of a flight of 20 B-29s bound for the West Coast, the bomber crashed in flames shortly after taking off from Carswell air base at Fort Worth. Clark was commander of the flight.

Names Not Released

Besides Clark, the men who bailed out were 1st Lt. Frank H. Riggs, Orange, Tex.; 1st Lt. Frank M. Worley, Fort Worth; Capt. William S. Kern, Pasadena, Cal.; Staff Sgt. D. W. Aslin, Fort Worth; Staff Sgt. William W. Weaver, Falmouth, Ky.; Capt. Julian F. Moffatt, Barksdale, Miss.; and Lt. Col. Harry E. Goldsworthy, Spokane, Wash.

"We were flying on instruments at 10,000 feet in a heavy rain and fog," Clark said.

Burning As It Fell

He said the plane was burning as it fell.

The bomber crashed at 11:30 p. m. near the farm home of Oras Solberg.

Five hours after the bomber crashed near Solberg's home it was still burning.

A search party and ambulances from Carswell air base started for Solberg's home shortly after the crash was reported by the farmer.

The site of the crash is about 12 miles from here and over a difficult route.

The bombers were on a routine training flight to the West Coast via San Antonio and El Paso, Capt. William S. Walthan, Eighth Air Force public relations officer, said in Fort Worth.

More Hurt Seriously

Ambulances from Carswell air base returned the survivors to Fort Worth.

Clark, who was pilot, and Goldsworthy, co-pilot were interviewed by officers at the base, but were too exhausted to talk with reporters. Goldsworthy had a badly bruised face. None of the survivors was hurt seriously.

Names of the dead were expected to be released later in the day

Housing Problem For Veterans Is Said To Be Getting Worse

BY HARMAN W. NICHOLS
United Press Staff Writer

WASHINGTON, Feb. 26—Most of the fellows who fought and won the war for you have a roof over their heads at last.

NICHOLS

But the roof has holes in it. It leaks. Not only that—the plaster is dribbling down on Johnny's crib in chunks. The floors let in a couple of inches of daylight at the baseboards. The window sills are warped. The basement admits a gush of water when it rains.

One GI wrote in to say he put up $10,000 for a new house. A month later his eight-year-old male heir was out in the yard making like Bob Feller. The kid wound up and let one go down the middle. A second later, his mom was startled to see a baseball crack through the side of the house and roll under the davenport in the living room. The shack was that poorly built!

Survey Conducted

Late in 1946, the Veterans of Foreign Wars conducted a survey among 8,000 of its posts. It reported that seven per cent of the soldiers and sailors of disaster No. II were living in attics, which is swell if you like attics.

Fifty per cent had neither a private bath nor a refrigerator. Thirty-five per cent had mother-in-law miseries—living double-deck with the folks.

The VFW gets fanmail by the sackful today. All of it indicates that the situation is getting worse instead of better. Movies have been made to point up the crisis Magazine articles have been published. GIs have written to their congressmen. Congress has fiddled with bills. Nothing happens.

The VFW's letters say some pretty nasty things, mostly about contractors who charge a fright for poor material, loosely glued together. Also some uncomplimentary remarks about landlords.

Edward J. Flynn, a guy in Kansas City was one recent correspondent. Ed served in Iraq, Iran and other uncomfortable places. He was reasonably happy in an attic. But he's being evicted. The war housing unit he shared with other GI's is a three-story apartment building. It has been returned to the woman who owned it, he said. This lady wants to kick everybody out. She, says Ed, wants the ground floor for herself, the second for her son and the third for a "niece with asthma who has to live in a high altitude." It's her building and it looks like Ed is out.

George P. O'Reilly, in Rahway, N. J., complained that things even are getting rough in GI trailer camps. Controls were taken off renting spaces 20 by 30 feet on which to roll a tiny home. Rents for these plots ranged upward from $15 a month, according to whether you wanted to take a bath in private. The asking price now is soaring. George pointed out that trailer dwellers have an investment of $1,200 to $3,000 in the trailer alone "and you just can't wheel one onto a side road, plug in the electricity and set up housekeeping."

The VFW is going to take an important part in a national veterans housing conference to be held here on Sunday. Delegates will come from 33 states and territories. The housing situation, from rusty eaves to sagging floors, will get a good going over.

First delegate to arrive was Gray S. Tilly, who has been living in Fairbanks, Alaska.

He told about a buddy of his who has been paying 150 a month for a remodeled chicken house. Eggs up that way sell for $1.13 a dozen, Gray said, with no take-back privileges in case you find a dead chick in one.

Good News For Folks Who Suffer From

✔ SOUR FOOD TASTE
✔ ACID INDIGESTION

Do you feel bloated and miserable after every meal, taste sour, bitter food? If so, here is how you may get blessed relief from this nervous distress.

Everytime food enters the stomach a vital gastric juice must flow normally to break-up certain food particles; else the food may ferment. Sour food, acid indigestion and gas frequently cause a morbid, touchy, fretful, peevish, nervous condition, loss of appetite, underweight, restless sleep, weakness.

To get real relief you must increase the flow of this vital gastric juice. Medical authorities, in independent laboratory tests on human stomachs, have by positive proof shown that SSS Tonic is amazingly effective in increasing this flow when it is too little or scanty due to a non-organic stomach disturbance. This is due to the SSS Tonic formula which contains special and potent activating ingredients.

Also, SSS Tonic helps build-up non-organic, weak, watery blood in nutritional anemia—so with a good flow of this gastric digestive juice, plus rich red-blood you should eat better, sleep better, feel better, work better, play better.

Avoid punishing yourself with over-doses of soda and other alkalisers to counteract gas and bloating when what you so dearly need is SSS Tonic to help you digest food for body strength and repair. Don't wait! Join the host of happy people SSS Tonic has helped. Millions of bottles sold. Get a bottle of SSS Tonic from your drug store today. SSS Tonic helps Build Sturdy Health.

Top Honors In El Show Are Reported

EL PASO, Feb. 26 (AP) — Top honors in the sheep and fat calves class of the Southwestern Livestock show yesterday went to Future Farmers of America and 4-H club entries.

A Hereford shown by Chris Kountz, Fort Davis, Texas, won the grand champion fat calf award and reserve honors went to a Hereford owned by Marylin Guitar of Big Spring.

Sonny Warnock, 18, Fort Stockton, Texas, won triple honors. His steer calf was best in the 800 pounds and under class. His pen of three wool lambs was best in that class and he also took reserve championship with another lamb.

Wayne Weaver, Ysleta high school boy, won the fat sheep class with a Southdown lamb.

A pen of three milk-fed lambs owned by Nancy Roby, Las Cruces, N. M., won first prize.

Troop 9 Is Host

Troop 9 of the Lubbock Boy Scouts held its annual Pot-Luck Supper last night at the First Baptist Church annex. Approximately 75 persons attended.

Invocation was led by Paul Farris. Thomas Kilpatrick served as master of ceremonies. He was introduced by Scoutmaster Bill Dennis.

The Westernaires of SPEBSQSA Inc. sang four special songs. William McMillan, jr. presented several photographs taken while on a trip in Africa. The pictures were projected on a screen by use of a special machine.

Mrs. C. J. Hollinsworth was in charge of arrangements and directed serving plans.

Rice Program Is Discussed

DALLAS, Feb. 26 (AP)—A government price support program for the 1948 rice crop was discussed in a production and marketing meeting ended here last night.

Fred Entermille, assistant director of the grain branch of the Production and Marketing administration, Washington, said the final program will be released late in August or the first of September.

He said under existing law the government must support rice, as other grains, at 90 percent of parity.

A Loan Program

The rice support program will be basically a loan program, but the meeting discussed the addition of purchase agreements, Entermille said.

State and county production and marketing committeemen from Texas, Louisiana, Arkansas, and California conferred with government officials for two days here. About 22 persons attended.

Entermille said that under the loan program when notes mature the producer must pay them off or deliver.

He said that under purchase agreements a producer who wants to be assured a price floor, but doesn't want a money advance, makes an agreement with the commodity credit corporation.

County committeemen act as agents. The CCC agrees to buy at the support price at some future date.

At that time the producer may deliver to the government. Hold his crop, or sell to someone else, Entermille said.

Prices Fairly Good

Since the support price law was passed prices for rice have been fairly good, but production has been expanded, and the discussion here was toward a program "which will do the job" if needed, Entermille said.

In addition to talking over recommendations for the support program the Dallas meeting discussed problems of rice storage; improvements of storage, and possibilities of research into storage and drying.

Among points discussed on the support program were how long it should be open, and how many qualities of rice it should include, Entermille said.

He said that the rice parity price as of Jan. 15 was $2.04 a bushel, but that the support program would be based on the July 15 parity price.

Recommendations at the meeting here will be considered in forming the final program, Entermille said.

Traffic Plan Pushed Here

Lubbock's new traffic dispersal program was given an added boost Wednesday by the State Highway department's announcement from Austin that the low bid of $287,589 had been submitted by Ernest Loyd, Fort Worth contractor, for 6.69 miles of construction work on parts of the system.

The contract will call for grading, structures, flexible base and hot mix asphaltic concrete pavement from the traffic circle south of the city on U. S. Highway 87 to the junction of Seventeenth street and Avenue A; from the traffic circle on U. S. 87 to the junction of Thirty-fourth street and Avenue Q; and from Fourth street on Avenue Q to U. S. Highway 84 at the north end of College avenue.

Work To Start Soon

S. C. McCarty, district highway engineer, said last night that construction work on the project would probably start about April 1, providing right-of-way for the new roads is clear by that time.

Only two right-of-way disputes along the proposed route are now in process. One suit, involving a tract of land 170 feet long in northwest Lubbock and on the proposed route, is now in the 99th district court of Judge G. V. Pardue. The other, involving a strip of land 330 feet long and 120 feet wide in the 3000-block of Avenue A, is in the county court of Judge Walter Davies.

Decision Seen Today

Judge Davies said last night that the jury in county court was expected to return a verdict sometime today on the condemnation suit involving the Avenue A property.

To the best of his knowledge, no further legal obstructions stand in the way of the proposed construction work on the traffic dispersal system, Judge Davies stated.

The proposed dispersal system is designed to re-route incoming industrial traffic around the outskirts of the city, leaving Avenue Q open for passenger traffic which is coming into the city. Avenue Q, which is in the approximate center of the city, is considered the most convenient route for passenger traffic to branch off into other parts of Lubbock.

20-30 Club Making Convention Plans

Lubbock 20-30 club, in its weekly meeting last night at Hotel Lubbock, discussed plans for the West Texas district convention of 20-30 clubs to be held in Lubbock on July 2, 3 and 4.

Named on a committee to arrange further plans for the convention were Gene Blackburn, chairman, Charles Hawkins, Bob Rhodes and Charles Nelson.

The local club is expecting delegates to the convention from El Paso, Monahans, Pecos, Big Spring, San Angelo and Amarillo, as well as delegates from several 20-30 clubs in the New Mexico district.

Charles Hawkins, program chairman, announced a Ladies Night dinner for the club on March 31, and plans were discussed for a large delegation from the local club to attend the Amarillo 20-30 club's charter night ceremonies on March 6.

Guests present for the meeting were Frank Albritton of Houston, Bob Smith, John Lee, Ralph Homesly, Terry Waldron and Al Griffin. R. P. McElroy, vice president of the club, presided at the meeting, and about 30 members were present.

TO PRESENT PLAQUE

SAN ANTONIO, Feb. 26 (AP) — The South Texas Chamber of Commerce will again present a plaque to the newspaper performing the most outstanding community service in the area.

Last year's winner was the Beeville Bee-Picayune.

Greatest untapped source of oil is the 10,000,000 square miles of continental shelf that extends from a few to a 100 or so miles underwater from the shores of continents and islands.

Federal Control Of Fires Being Urged

WASHINGTON, Feb. 26 (AP) — Forest fires in East Texas last fall were cited as good reason why there should be no reduction in government control and prevention operations.

Rep. Picket (D-Tex) told a House appropriations committee that the fires did $1,000,000 in damage to timber alone on 25,121 acres in Liberty, Harris, Montgomery, San Jacinto and Walker counties. Nine hundred separate fires broke out in these counties between Sept. 22 and Oct. 3, 1947, he testified.

Pickett urged also that funds be provided to carry on research and promoted utilization of both the pine and hardwood forests of East Texas. Dr. Paul L. Boynton, president of Stephen F. Austin college at Nacogdoches, also appeared before the committee.

Many Never Suspect Cause of Backaches

This Old Treatment Often Brings Happy Relief

Many sufferers relieve nagging backache quickly, once they discover that the real cause of their trouble may be tired kidneys.

The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 3 pints a day.

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 50 years. Doan's give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

Long Comeback Is Triumphant

NEW ORLEANS, Feb. 26 (U.P.)—The political comeback of Earl Long, younger brother of the late Huey P. (Kingfisher) Long, took on even more triumphant proportions today as his margin of victory in Louisiana's gubernatorial race piled higher and higher.

Long's runoff opponent, Sam Houston Jones, yesterday conceded the Democratic nomination, tantamount to election, as Long took a commanding lead in Tuesday's balloting.

For the brother of the assassinated Kingfish the victory ended eight years of political eclipse.

The Latest Returns

Late unofficial returns rolling in today from Long's strongholds, the rural parishes, made his victory overwhelming. Returns from 1,502 of the state's 1,878 precincts gave Long 336,727 votes to 188,843 for Jones.

Pre-election betting odds were three to one that Long would win and even money that he would roll up a 150,000-vote majority.

Long served 11 months as governor in 1939 when he was elevated from lieutenant-governor to complete the term of Gov. Richard Leche, who resigned in the Louisiana scandals of 1939-40.

But in 1940 Long lost the governor's race to Jones and in 1944 he ran unsuccessfully for lieutenant governor.

Long's victory, following Louisiana's hottest campaign in years, was made complete when he carried the city of New Orleans, where Jones had the backing of the city administration.

Ava Gardner Seeking To Join Ranks Of Those Leaving MGM

By BOB THOMAS
Associated Press Staff Writer

HOLLYWOOD, Feb. 26 — This story gets familiar. Now it's Ava Gardner who is seeking her release from MGM.

The Smithfield, N. C., actress joins Robert Walker, Red Skelton and others who want to end their contracts with the Culver City studio. But, like the others, it's doubtful if she will get her wish. Ava, now playing a convincing goddess in "One Touch of Venus" at U-I, is a cinch for top stardom.

Colbert's Demand

Ava is slated to return to Metro for "House Along The River," written by Dalton Trumbo, one of the 10 "unfriendly witnesses" at the congressional movie hearings. The story was Trumbo's last stand at MGM.

Claudette Colbert is still sticking to her demand for a working day that ends at five p. m. (The reason she was replaced by Katharine Hepburn in "State of The Union"). She contends that she does not photograph her best in the late afternoon. But most producers feel they need the long working day to pare costs. Claudette's "Midnight Lace" has been indefinitely postponed at U-I for expense reasons . . .

Mack Sennett Sues

Mack Sennett, who is suing the "High Button Shoes" company over the use of his bathing beauties and Keystone cops in its "Mack Sennett' ballet, told me something which may prove maddening to the Broadway show's owners. Said he: "If they had asked me if they could use my properties, I would have said 'go ahead, no charge'." But they didn't ask, so he is suing for $250,000 damages . . .

Susan Hayward's reaction to her academy nomination for "Smashup": "I feel as though I had won the 'Miss Hush' contest." Susan's next after "The Saxon Charm" will be "Tulsa" for her boss, Walter Wanger. She hopes Robert Mitchum will star with her in the oil yarn . . .

Film Is Shelved

"The Gauntlet," the small-town minister yarn which Paramount has been preparing, has been shelved. It's the same old reason —the Protestants can't agree on how the story should be treated. That's why you see more pictures about the Catholic church, which has a regular syskmore.

PERMITS ISSUED

HARLINGEN, Feb. 26 (AP) — Cotton planting permits covering 443,251 acres of lower Rio Grande valley land have been issued 4,442 planters the state Department of Agriculture announced.

Formation of the Pontine marshes near Rome with their malaria mosquitoes is believed to have hastened the downfall of the Roman Empire.

During the ice ages, the North Sea was all but emptied and when the ice retreated, the Baltic for a time, became a fresh water lake.

Great News
for every motorist who breathes!

Come in—see the real thing in automatic all-season heating and ventilation!

HERE'S an amazing new system that combines *fresh air . . . automatic warmth . . .* and *sheer magic!*

In winter—it keeps car air automatically at the desired temperature . . . with a gentle *blanket of warmth* instead of the old-style blast of heat. It circulates warmth fore and aft, side to side. Does away with window-fogging problems. *Gives you a complete change of air once a minute!*

On rainy days—it picks dry, fresh air right out of the mist . . . keeps windows clear.

During heat waves—it circulates a quiet flow of fresh air throughout the car . . . *even when windows are closed and the car is standing still!*

See it and you'll agree—it's the successor to all the car heating and ventilating systems you've ever known!

A MILLION MILES of telephone wire

PROGRESS REPORT ON TELEPHONE SERVICE

This year we will install a million miles of wire in telephone cables in the Southwest.

These cables will connect telephones to switching equipment in the telephone office. Inside the lead cable sheath are hundreds of tiny wires, and it takes one pair of those wires for each telephone line.

Most telephone cables are full today. All wires are in use serving as many people as possible. New applications keep coming in almost as fast as we can install new cables to connect telephones. That's why we need more cables in practically every telephone exchange.

Even a million miles of wire in cables won't be enough. We need to continue asking people to take party-line service—so that one pair of wires may serve as many as four families.

If you're one of those waiting, you may be sure that we're working hard to get and place cables to connect your telephone as soon as we can. We don't like to keep *anyone* waiting for telephone service.

Hornbuckle Is Lecturer For Bean P-TA Meeting

Twenty-two women met at George R. Bean school Wednesday afternoon for a lesson taught by Robert N. Hornbuckle, psychologist and personal counselor. The lesson was one of a series on child development which is being sponsored by the Bean Parent-Teacher association.

The speaker stated that parents play a major part in making a child feel secure in the home and in training him to fit into society. "When a child is a misfit," according to Mr. Hornbuckle, "the cause is usually traced back to the home."

A Wednesday lesson will be taught at 1:30 o'clock at the school by Mrs. J. T. Carter. Her topic is to be "The Religious Development of the Child."

Mrs. May Is Hostess To 1936 Forty-Two Club

MARY HAWORTH'S MAIL . . .

Girl In Love With Married Man Calls His Wife Unreasonable For Not Handing Him Over

DEAR MARY HAWORTH: My family urged me to resign my job in a large city and do office work in our small country town where I could save more money by boarding at home.

This I did and I have been sorry ever since, as I am now involved in a triangle that is causing unhappiness for all of us. I am 21 and I have fallen in love with a married man, 36, who has four children, one of whom is a tiny baby. I know this is the real thing for me and I am sorry it had to be this way.

Before their last child was born, his wife learned that we were having an affair and she was very sick about it. I have told her how I feel and she says I am a common office flirt. Also she says she loves him in spite of everything and doesn't intend to give him up or deprive the children of their father.

WIFE CONSENTS TO ARBITRATION

SHE says he has reached the age where a new girl's interest flatters him, but he will get over it, and she has asked me to quit my job to help him recover sooner. But I don't want to do that. He threatens to resign his job and move away, but that won't solve a think as I will only follow him.

I think his wife is being unreasonable as he isn't happy and neither are we. Isn't it better for two of us to be happy than for all of us to be miserable? He says there's never been love of a girl such as he feels for me; and it's heaven to be with him all day, but miserable for us when he has to be with his family.

His wife says she will abide by your decision if I write, for above everything she wants his happiness more than her own. Please advise us for we are heartsick

(Signed) B. F.

MAN'S ANCHORED TO HIS MARRIAGE

DEAR B. F.: You have no more claim to the man than you have to the office building in which you work. You haven't legal title to one or the other. Each belongs to somebody else; hence your attempts to walk off with him put you in the category of common thief rather than common flirt.

Obviously you haven't a chance of stealing the man from his wife. His threat to leave town to break off the affair shows which way the wind blows. He may "feel" about you as he ne'er felt before, but even so he hasn't the faintest desire to renounce his wife and marry you.

She knows that. She understands the brute, better than he understands himself, a fact of which he is vaguely aware, which make him feel anchored, accepted, securely encircled by her wifely wisdom—and now that you are baying like a she-wolfe on his trail, he values her sturdy maternal qualities of character more than ever.

GIRL'S A GUFFER COMPARED TO WIFE

WHEN she tells you she loves him despite everything and doesn't intend to give him up, she speaks with the confidence of a wife who knows she is loved. The lady wins hands down, quite aside from the legal tie that binds. She wins on the strictly human level, of having a thousand times more heart and sense than you in relation to a man; and of being a thousand times smarter in winning his unconscious allegiance.

So where does that leave you? Out in the cold, whereas they are together, in their home, with their children, bulwarked by mutual friends; and though their hearts may be hurting about what's happened, at least they have the consolation of knowing that each intends to stand by the other and write off his infatuation for you as a passing fever.

Since their tendency is to stick together in the face of woman-trouble, we may be sure they're not too miserable even in these circumstances. Their life is too full of a number of things of common interest, they've too much else to think about, to spend their whole time brooding about this thing—as you are doing, and going haywire in consequence. You've been an awful fool, but at 21 you are young enough to outlive the mistake; and my advice is to quit the triangle and look about for an eligible man.

Guest Speaks Before Club

A dinner-program on the theme "Recreation or Wreck-Creation" was presented at a meeting of Lubbock Business and Professional Women's club Wednesday night at Hilton hotel under direction of the health and safety committee made up of Miss Lena Bryles, chairman, and Mesdames M. I. Hall, Tessie Dickeson and Gypsy Johnson.

Places were marked with cleverly illustrated programs, athletic equipment was placed at intervals to illustrate the suggestion, "Outdoor recreation provides the most complete relaxation" and posters on safety first and first aid made by Roscoe Wilson school children hung on the walls. Primroses, geraniums were floral decorations.

Mrs. Dickeson was toastmaster; Mrs. Louella Abbott introduced guests and Mrs. James Vickers played "Bolero" by Ravel and "Fire Dance" by de Falla. Shelley Furr and Zula Taylor were introduced by Mrs. Hall as the girls of the month.

W. A. Hood, guest speaker, in discussing "Accident Prevention in the Home," said that 90 per cent of fires and the same per cent of accidents are caused by carelessness. He suggested that homes be built for convenience and not as death traps.

Mrs. John Powers announced the Gainesville circus to be brought here in May under sponsorship of the Lubbock Women's club.

Mrs. Lucille Davis was a transfer member from Carlsbad, N. M.

Whiz Whisenhunt Is Winner In Rodeo

EL PASO, Feb. 26 (AP)—Whiz Whisenhunt of Hugo, Okla., flipped his steer in 6.6 seconds last night, the fastest bulldogging at the second night's performance of the southwestern championship rodeo.

Tod Whatley, also of Hugo, wrestled down his steer in 7.4 seconds and Dub Phillips, San Angelo, Tex., was third with 8.6.

For the second night, calf ropers turned in comparatively slow times. Best mark was made by George Brown, Grapevine, Tex.—17.6 seconds.

Only two riders stayed on their brahma bulls long enough to qualify for day awards. Lee Harris, Tucson, Ariz., took first prize. Gerald Roberts, Phoenix, Ariz., was second.

Saddle bronc honors went to Canadian Carl Olson of Cardston, Alberta. Behind him were Gene Pruitt, Yakima, Wash.; Bud Linderman, Red Lodge, Mont., and Larry Finley, Phoenix.

Federal Subsidies Discussed At Tech

Federal subsidy should be based on need and need alone in colleges and universities, Dean Charles E. McAllister of the Cathedral of St. John the Evangelist in Spokane, Wash., said this morning in the third of a series of lectures at Texas Technological college.

The speaker raised three questions in connection with federal subsidy, which has been proposed in Congress: Could we afford to spread our taxes too thin? Could we continue to keep separated the church and state? Should not private colleges surrender some control if they are subsidized by the government?

The speaker, again discussing relation of communism and religion, mentioned some specific cases of investigation of alleged communism in educational institutions but said the number of students who believe in and are teaching communism in colleges and universities is small and not worthy of the publicity received. He said communism is unreconcilable with religion.

Approximately 1,000 students and faculty members heard Dean McAllister's speech. He will deliver his final lecture at the college at 9 a.m. Thursday.

He will conduct the Lenten service at St. Paul's Episcopal church at 7:30 o'clock tonight.

Dr. H. I. Robinson, pastor of First Methodist church, gave the invocation this morning. Dr. W. C. Holden, dean of the graduate division, introduced the speaker. James G. Allen, dean of men, was master of ceremonies. Rev. Alsie H. Carleton, pastor of St. John's Methodist church, give the benediction.

Offices Of VA Being Shifted

The regional office of the Veterans administration, in operation at Lubbock Army Air field west of the city since it was established, is in the process today of being moved to a new building erected for its use in the 1600 block of Nineteenth.

The move will be practically complete, and nearly all phases of the work will be in full swing at the new location by Monday, according to an announcement by Robert W. Sisson, regional manager.

Some Already Set Up

Divisions already set up in the new building include the manager's office, chief attorney, loan and guarantee division, and contact officer. The announcement said the contact representative, who handles interviews with veterans, is to remain at the old location through Friday.

Also remaining in operation at the old location through Friday are the finance and medical divisions, Sisson said. He stressed that veterans scheduled for physical examinations in the medical division should go to the old location as usual through Friday.

The VR&E (vocational rehabilitation and education) division probably would not be moved until late Friday or Saturday, it was said.

Are Moving Today

Scheduled to be moved today were the communications and records division, and the adjudication and administrative sections. Murky weather and prospects for more rain were handicaps in moving records.

The new building, main entrance to which is at 1625 Nineteenth, was erected for the VA by local contractors at a cost approximately $750,000, and the building has been made the pattern for at least two other regional office headquarters in Texas.

Formal opening of the new building is scheduled for March 19, and the public will be invited to inspect the new quarters.

Father Of Lubbock Pastor Is Claimed

Rev. R. A. Crosby, about 78, father of Rev. Uel D. Crosby of this city, executive secretary of the board of education for the Northwest Texas Methodist conference, died at his home in Bartlett late yesterday, the family here was advised last night.

He was believed to have suffered a heart attack, dying while sitting in a chair in his living room. A Methodist minister in the Central Texas conference for nearly 50 years, Rev. Mr. Crosby had retired several years ago, but had been doing part-time work as supply pastor.

Plans for funeral services had not been learned here. Rev. Uel Crosby and family left immediately for Bartlett.

Other survivors include the widow, and a daughter, Miss Ruth Crosby, who is in YMCA work in California.

AGED WOMAN DIES

HOUGHTON, Mich., Feb. 26 (U.P.)—Mrs. Mamie Nelson, who claimed she was the oldest living person in the United States, died here yesterday. Mrs. Nelson said she was 123 years old and was born in Ireland, Feb. 3, 1825.

Appeal Is Planned

GALVESTON, Feb. 26 (U.P.) — The municipal housing committee today planned to appeal to Congress unless land in the Fort Crockett addition was released for home building.

The committee, headed by Walter Henslee, desired that the army-controlled addition be converted into home sites to relieve Galveston's acute housing shortage.

Henslee said the committee would appear in Washington unless the army takes action in the matter by March 15. He said many persons were leaving the city because of the housing shortage.

Wave Of Thefts In Area Said Solved

TAHOKA, Feb. 26 (Special) — After intensive cooperative investigation Sheriffs Sam Floyd of Lynn county and Nathan Mears of Garza have "cracked" a mystifying series of thefts and burglaries with the arrest of four Mexicans, it was announced last night.

Statements from the Mexicans solved a series of thefts of windows and doors from five farm homes in Lynn and Garza counties, lumber from an oil well drilling site, a truck load of corn from the Bryan Williams farm in Lynn county, hundreds of pounds of cotton seed from a farm home and possibly other thefts in a period from Jan. 10 to Feb. 1, said Calloway Huffaker, district attorney.

Charges Are Filed

Mears returned from San Antonio Tuesday with Florencio Vasquez, 25, and Jesus Tavar, 22, who Huffaker said had been charged with burglary and theft and had signed statements. Burglary and theft charges also had been filed against Ramon Gonzales, and a charge of receiving and concealing stolen property had been filed against Arturo Lucias. Both were said to be in their early twenties.

They will be brought before a 106th district grand jury for indictment, it was said.

Homing Pigeon To Be 31 Years On Friday

FORT MONMOUTH, N. J., Feb. 26. (AP)—"Kaiser," veteran pigeon, will be 31 years old Friday.

The famous U. S. Signal Corps bird, rated by signal corps experts as the oldest pigeon in the history of the breed, served with honors in two wars and with two armies.

Kaiser was captured during the first world war during an American charge on a front line trench in the Meuse offensive of 1918. He had been trained by the German army as a carrier pigeon. The U. S. services of supply immediately pressed him into service.

During the second World war his offspring carried on in the Kaiser tradition.

The proud old bird is now living in semi-retirement at Fort Monmouth. Otto Meyer, civilian pigeon expert in charge, says Kaiser, in good health and still fathering youngsters, has lived far beyond the normal eight-year career of a homing pigeon.

Man Is Fined For Reckless Driving While On Horse

TEMPE, Ariz., Feb. 26 (U.P.) — For reckless driving—on a horse—Cornelio F. Figueroa today faced a $25 fine or 25 days in jail.

Highway patrolmen in this old west outpost said Figueroa, 26, was zigzagging his mount in true frontier fashion on a road near here. He pleaded guilty.

Memorial Service Set Friday Night

A memorial service for Sam H. Rosenthal, who died Jan. 26, will be conducted at 8 o'clock Friday night at the Sabbath Eve service of Congregation Shaareth Israel, 1706 Twenty-third.

"Why Do We Recite Kaddish (Orphan's Prayer)'" will be the sermon subject of Rabbi Julius Kerman. The sermon and prayer will be dedicated to memory of Mr. Rosenthal, who twice served as president of the congregation.

The public is invited to the service, Rabbi Kerman announced.

Aunt Of Pastor Is Claimed By Death

Mrs. W. H. Frazier of Sweetwater, aunt of Dr. C. A. Bickley, pastor of Asbury Methodist church here, died at her home there last night, relatives here were advised early today.

Rev. and Mrs. Bickley planned to go to Sweetwater today, but had not been advised concerning funeral plans. Other survivors include the husband, and one daughter who lives at Sweetwater.

UN Is Taking A Brief Rest

LAKE SUCCESS, Feb. 26 (AP)—Security council delegates took a 24-hour breathing spell today on the ticklish Palestine partition problem.

The delay touched off a series of lobby conferences. It also gave delegates an opportunity to get their wind for the decisive round of discussions, expected to start tomorrow.

Prime speculaton centered around when Russia's Andrei A. Gromyko would speak and what he would say.

Refuses To Comment

The taciturn Soviet delegate said merely "maybe yes, maybe no" when questioned as to whether he would lay the Kremlin's position before the council tomorrow

Persons who have watched the Russians operate expected Gromyko to attack the United States and Britain. In lobby conversations with reporters he already has accused the British of obstructing partition.

The U. S. and Russia joined to support partition when the plan was adopted last Nov. 29 in the U. N. assembly. It was considered likely that now Gromyko will express Soviet concern over the approach taken by the U. S. to the problem of enforcement.

CHARGE IS DENIED

NANKING, Feb. 26 (U.P.)—Chinese government spokesman Hollington K. Tong today denied a Soviet charge that Chinese troops "invaded" the semi-autonomous Soviet province of Outer Mongolia Jan. 22 and 28.

Civil War Is Said To Be Threatened

CAIRO, Feb. 26 (AP)—Cables received in Cairo today said civil war was threatening in Yemen.

The newspaper Alahram said in a dispatch from Aden that rival forces had already clashed in San'a, capital of Yeman.

A message received here from Crown Prince Seif El Islam Ahmed, eldest son of the Imam Yehia reported slain in a coup last week, said the wives of his assassinated father and his sons were being besieged in their homes. He said he had proclaimed himself Imam, or ruler.

The cables were received at the Egyptian royal palace, Arab League headquarters, the Egyptian council of ministers and foreign office.

Be Quick To Treat Bronchitis

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes.

Creomulsion blends beechwood creosote by special process with other time tested medicines for coughs. It contains no narcotics.

No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough, permitting rest and sleep, or you are to have your money back. (Adv.)

Class B Tourney Teams Due Today

Eleven district winners in Class B of the Texas Interscholastic league, scheduled to complete for the Region 1 championship Friday and Saturday at Texas Tech gymnasium, are due to arrive in Lubbock late today.

Basketball observers expect the tourney to be one of the toughest ever staged, with the regional champion given a good chance to cop the state crown next week in state finals in Austin. Competing here will be teams from Follett, Stratford, Whiteface, Dawson, Claude, Carey, Farwell, Spade, Kress, Shallowater and Girard. Whiteface and Claude are district titlists for the fourth consecutive year, while Follett, Carey and Kress also were in last year's tournament in Tech gymnasium.

Farwell Quint Favored

Experts expect Farwell to emerge as regional champion, but only after a struggle all along the line. None of the 11 teams is considered weak and none is counted out of a chance to win. Stratford, Carey and Shallowater have strong followings, not only in their own communities but throughout the region.

The Dawson Dragons, winners of District 7, will boast the tallest men in the competition. Eugene Broughton, sophomore center, is 6 feet, 3 inches tall, while Tommy Hickman, freshman forward, is 6 feet, 4 inches. Teamed with them will be Co-Capts. Charles Devore and Floyd Oliver, both seniors, at guards, and Darwin Henson, sophomore, at the other forward. Devore was a standout player with the Lamesa Junior American Legion baseball team last summer in games staged at Rosenthal field.

Drawing Set Friday

Dawson, coached by J. B. Williams, East Texas State Teachers college graduate, during the season won 14 and lost 8 games, losing but two contests to Class B schools.

Drawings for the schedule will be held at 10 a. m. Friday in the office of Morley Jennings, Tech athletic director and tournament director. Sessions are planned for Friday and Saturday afternoon and night.

Tech And H-SU Clash Tonight

The swan song of the current home basketball season will be sung by the Texas Tech varsity squad tonight in the Tech gym, with the Hardin-Simmons university quintet furnishing the opposition.

And the game, starting at 8 p. m., could come close to setting fire to the old timbers. There is no love lost between these old rivals and the fact that Tech holds a decided edge over the Cowboys, taking three out of three games this season, doesn't mean a thing.

Some In Last Game

The Cowboys could win this game, surprisingly enough, after the performance by the Red Raiders Tuesday night. The Raiders did not scintillate, even with the best show of spirit by the student body since the Hardin-Simmons football game in November. And a shoddy performance against an inspired Cowboy club could be dangerous.

On the other hand, Forward Jay Kerr and Guard Gilbert McAlister will be turning in their last games at home in Tech uniforms and they might be a large part of the difference between the Cowboys and the Raiders. Tuesday night's work by Kerr was his best of the year and he was brilliant much of the time.

McAlister May Start

McAlister, while used most of the season mainly in substitution roles, might be a surprise starter and could, with such inspiration, be an important cog in a victory that appears relatively certain.

But the entire Tech team will have to make a better showing than it did Tuesday, when it passed badly and seemed dead on its feet most of the way. Only Gene Gibson and Kerr played better than par ball, which did much to boost the Tech home season to near perfection.

Upset Said Possible

Center Don Grove, after a horrible first half, came back to hit the mesh with something approaching finesse to take high point honors, but it was Kerr and Gibson to whom the Raiders could turn with gratitude. West Texas held a big height advantage, which bothered most of the Raiders. Kerr and Gibson weren't impressed and played the vistors as though they owned them.

At any rate, the lack of sparkle by the Raider team as a whole gives rise to doubts in many observer's minds that the Tech squad can be mentally geared up for a Cowboy quintet ready to play determined ball. The Techsans were aggressive Tuesday night, but the Cowboys will be just as aggressive and just as polished as West Texas. If the Raiders fail to recover their poise after Tuesday's game, the Cowboys might slip one over on the Tech crew.

Hold Three Wins

This has been a more or less dismal season for the Cowboys and a victory over Texas Tech would help to make it a success. The loss of Coach Wes Bradshaw didn't aid matters, although the Hardin-Simmons crew has done better under Football Coach Warren B. Woodson.

Coach Polk Robison certainly isn't selling the invaders short and is cautioning his team against any sign of over-confidence.

Probable starting lineups:

Texas Tech		Hardin-Simmons
Gibson	F	Pinson
Kerr	F	Burroughs
Grove	C	Preston
Barton	G	Martin
Hill	G	Braselton

BOWLING SCORES

Westerner Cafe bowlers turned in... upset of the week in the Ladies Commercial bowling league by sweeping three straight games from the loop-leading Southwestern Public Service team Wednesday night at Lubbock Bowling club. Billie Maalover paced the Café crew with a 208-579 series, while Thomas topped Southwestern with a 193-511.

Larrymore Dance studio made a strong bid for the lead post by defeating Home Lumber and Supply in three games, as Billy Glover chalked up a 176-477 series. Mae Buckner led the Home Lumber five with a 171-458 series.

Grollman's, holding the cellar position, won two of three games from the Hemphill-Wells pin-toppers. Nora Lee McCasland tallied a 163-450 series for the losers, but Helena Hinkle sparked Grollman's to the triumph with a 181-494.

Glassman's team, led by Erma Strickland and Al Womble, defeated Hackel's in two of three games. Neta Haseloff scored a 150-399 high for the losers.

The league standings:

Teams	Won	Lost
Southwestern	38	25
Larrymore's	35	28
Home Lumber	34	29
Hemphill-Wells	33	30
Westerner Cafe	33	30
Glassman's	29	34
Hackel's	27	36
Grollman's	23	40

Perhaps the Texas Tech campus should be painted before each and every athletic event. Certainly it produced undesired results by that group from Canyon, who visited the local campus during the nocturnal hours and smeared "WT Buffs" copiously on the sidewalk in front of the ad building, on the gym walls and on the water tower.

• • •

We don't advocate the consistent wastage of paint on things trivial, but can't help pointing out that the student body spirit at the WTSTC-Tech basketball game Tuesday night was the best of the year. How much it affected the cage crew is unknown. How much it affected the student body was obvious and we, for one, were glad to see the instant effect on the cheering.

• • •

Whether there has been a created disinterest, or whether Tech students don't wish to take time to learn college cheers and songs, is beside the point. The fact is that student body cheering and singing has not been what it should be. Call it morale, encouragement, spirit, or what-have-you, such support is essential in any institution When it disappears, or disintegrates, something vital has left the institution. So, if one liberal dosage of paint can produce such immediate results, we'll endorse greater use of it.

• • •

Hardly seems possible that the court season in Lubbock comes to an end tonight, when Texas Tech and Hardin-Simmons swing down the curtain. It does, so far as established local institutions are concerned, but it seems like only yesterday football ended and basketball began. Now, if Lubbock had a nice, big arena (wish this wasn't a daydream) we could see such teams as the Southwest Conference powers, the Phillips Sixty-Six, House of David, Globetrotters and others.

• • •

The arena would make it possible to bring such outstanding teams to the Hub City, which remains the Snubbed City so far as the really good quintets are concerned. Texas Tech can't bring any great teams here because they don't have the facilities and there is no other place in town. It's a shame that a city this large can't get things started along an indoor athletic line, because the interest is here to support it.

• • •

Basketball is far from over on the South Plains, however, with the TAAF and District 18 tournaments going strong and with the Class B tourney scheduled for Texas Tech this week end. And up in Canyon the Class A schools will battle it out for regional honors Friday and Saturday. Crowds are capacity at the tournaments in progress and they promise to be just as large at the remaining ones.

• • •

We can't help but feel encouraged about the possibility of LaVern Roach fighting here in June, following the telegram Manager Chris Dundee sent Bert Kahn yesterday. The lack of a complete denial is as encouraging as if he had said that he would appear here. So long as they leave the door open a trifle, there is a good possibility that the Plainview ex-Marine will be able to stage a bout in the city. In that connection, it is interesting to note that dormant Amarillo, deep in the heart of the Panhandle, is attempting to claim rights to the South Plains' own fighter.

• • •

A telephone call yesterday about the proposed flight to New York March 12 to see LaVern fight Marcel Cerdan in Madison Square Garden was the first received. It makes a total of four men interested in going. Any others wishing to make the trip can still call 4345 for information.

SMU WINS MEET

DALLAS, Feb. 26 (AP)—Southern Methodist university defeated the Dallas Athletic club, 41-34, yesterday in a dual swimming meet in which five pool marks were smashed.

Three Tilts On Abernathy Card

ABERNATHY, Feb. 26 (Special)—Three games will highlight the third night of the Texas Amateur Athletic Federation basketball tournament in the Abernathy High school gym tonight, with three teams making their second appearance of the tourney.

Primm Drug of Brownfield, rated as one of the strongest quintets in the tourney, will open the evening at 7 p. m. against the Ropesville Independents. Ropesville won its opening round game, but this will be the first time out for Primm.

Cabsters Meet Plainview

Yellow Cab, also making its debut, will tangle with the strong Plainview Junior Chamber of Commerce five at 8:15 p. m. in the second game. The Plainview team was impressive in scoring a first round victory.

The unknown Spade quint faces off against O'Donnell Implement at 9:30 p. m. in the night's concluding battle. O'Donnell looked good in its lone start, while Spade has been untested so far.

Last night produced three winners in first-round games, with the Plains Gassers beating Levelland Independents, 37-33; Ray's Grocery turning back Furr Food of Brownfield, 45-28; and Crawford Electric winning from Bluebonnet-Sunbeam of Lubbock by disqualification, after the Hub City team had won the game, 36-31.

Top Game Of Night

The top game of the night was the lead-off battle between Plains Gassers and Levelland, with Levelland almost winning in the closing moments of play. The Gassers maintained a margin throughout the game, only to have Levelland tie the score at 29-all with four minutes left remaining.

Two quick field goals by the Gassers handed them a margin that they never relinquished and Levelland was a beaten team. Gene Shuey spurred the winners with 15 points, but Myrl Brashear of Levelland was the high-point man with 17 tallies.

Ray's Grocery, one of the strongest teams in the tourney, showed a world of power in beating Furr Food, 45-28. The youngsters jumped into an early lead and, with the scoring well distributed, took a 24-12 margin at the intermission.

From that point on they coasted and the story of their power is shown in their 20 field goals. Doral Sandlin with nine counters was the leading scorer, while Monte George and Lefty Kempson tied with eight points each for the losers.

Lubbock Team Disqualified

Bluebonnet - Sunbeam Laundry of Lubbock had more than enough power with ten men to beat Crawford Electric, 36-31, but the Hub City five insisted on using 20 players, only ten more than the limit set.

Before the game was over Tournament Director Curtis Barrett, who had warned Manager Ralph Bumpass, disqualified the Lubbock team and gave the victory to Crawford Electric.

The Hub City team took an early lead and led at the half 18-12. The losers whittled this margin slightly in the second half, but never came close enough to cause trouble.

Play will continue in the TAAF tournament tomorrow night, with the following games scheduled:

7 p. m.—Primm Drug vs Ropesville.

8:15 p. m. — Yellow Cab vs Plainview JCC.

9:30 p. m.—Spade vs O'Donenll.

Gash On Face Costs Adams Ring Victory

CHICAGO, Feb. 26 (AP) — The last Texas champion in the national Golden Gloves boxing tournament bowed out last night.

Earl Wenbourne of Sioux City, Ia., won over Tom Adams of Brownfield, when the referee stopped the fight in the third round after a deep gash had been cut on Adams' cheek.

The Texas light heavy-weight, ahead on points at the time, protested the referee's decision to stop the fight and was given a tremendous ovation when he left the ring.

A lightweight rubber lung that can be carried like a stretcher is the latest device for rendering artificial respiration to victims of paralysis, drowning, and electric shock.

Field Is Narrowed To Eight In District Tourney At Cooper

COOPER, Feb. 26. (Special)—They narrowed the field to eight teams last night in the Annual District 18 Basketball tournament, and the quarter-final round tonight in the Cooper High school gym promises considerable action before four teams remain in the title running.

The first game starts at six and the other three games follow an hour apart, without a dull spot in sight. The tourney so far has produced its full share of thrilling, exciting and close games, with yesterday's round producing two tight struggles, one of which ended in a decided upset.

Dickens Rallies To Win

Unheralded Dickens High school came through with a convincing rally that left Amherst gasping—from outside the select circle. The Amherst cagers had won a thriller the day before and apparently were about to win yesterday's encounter.

But they had beckoned with a tall, 14-year-old freshman named Bobbie Atkinson. Bobbie, a set shot artist without peer, sank 22 points in the game, six of them coming in the final four minutes to give Dickens at 31-30 victory.

Sue Long sparked the Amherst cagers in defeat and took team scoring honors with 15 points, even through this was not enough.

Next to the Amherst-Dickens game, the contest between New Deal and Meadow was the crowd's best opportunity to yell itself hoarse. This struggle also zigzagged back and forth, with neither team ever far in the lead.

The New Deal cagers slipped into a halftime advantage of 16-15, then fell back of Meadow at the third quarter mark, 22-21. The nip and tuck affair continued in the closing minutes, with first one team, then the other, taking the lead.

Finally, with 30 seconds of playing time remaining, Joy McNeely sank the field goal that handed the winners a one-point victory margin, 26-27.

Marjorie Wales scored 11 points for New Deal, but yielded scoring honors to Lanelle Crownover of Meadow, who collected 13 points.

Four other games turned into routs for the victors, although it took a second half rally for one team to win. Lorenzo, which turned back Matador, 29-18, was held to a halftime tie at 12-all. Then Bernice Martin, who took scoring honors with 14 points, went into action and Lorenzo won going away.

Ann Harp and Anita McWilliams each amassed eight points to share totals for Matador.

Abernathy was supposed to be a real test for the Whiteface girls and the game, starting the night session, was supposed to be the feature. As it turned out, the Whiteface girls had all the power they were said to have and turned in an easy 34-19 victory.

The score was 20-9 at the half and Abernathy never threatened. Bonnie Lewis nicked the nets for 14 points, but yielded game honors to Jean Rogers of Abernathy, who had 15.

Cotton Center coasted to a 37-25 win over Union, with a tall, 14-year-old freshman player, Ruth Cannon, sinking a total of 24 points for the victors. Ruth scored 544 points this season and so far is the high scorer of the tourney, giving a convincing demonstration in games so far.

The victors held a 20-10 edge at the half and the game never grew close. Ellen Hill had a creditable total of 15 points for the losers.

Roosevelt relaxed in a suprising easy win over Roberston, 29-13, the winners using the first string only four minutes of the first quarter and letting subs finish the slaughter. In those four minutes, Bertha Jones scored 10 points for high scoring honors, while Vida Nitcholas had four points for the losers.

The schedules follows:

6 p. m.—New Home vs Roosevelt.
7 p. m. —Cotton Center vs Dickens.
8 p. m.—Anton vs Whiteface.
9 p. m.—Lorenzo vs New Deal.

Six Homes Scheduled On Tough 10-Game Slate For Westerners

Some of the top schoolboy grid teams of the state are included in the tough 10-game schedule completed for the Lubbock High Westerners' 1948 season, school officials revealed last night, with six of the tilts slated to be played at the new Jones stadium here.

The Westerners will open the season here Sept. 10 with a non-conference clash with Odessa's powerful Broncos, then battle the invading San Angelo Bobcats of District 3-AA Sept. 17. The Black and Gold eleven will journey to Fort Worth Sept. 24 to meet North Side of Fort Worth and to Austin Oct. 1 to return a game with the Austin High Maroons.

The final non-title game is slated here Oct. 8 against the Childress Bobcats of 2-AA, the first time in recent years that the Westerners have carded a tilt with a District 2 team.

Sandies Play Here

First tussle of the 1-AA championship race for the Lubbock schoolboys will be unreeled here Oct. 15 against the Borger Bulldogs, then Amarillo's Golden Sandies blow into town Oct. 29 for the feature game of the schedule. The Westerners go to Pampa Nov. 6 for a clash with the Harvesters, meet Plainview in Lubbock Nov. 13 and invade Brownfield Thanksgiving day, Nov. 25, to close the regular season.

Head football Coach C. R. (Pat) Pattison, following release of the final schedule Wednesday night, said, "Naturally, we know that this is an extremely tough schedule. We will meet some of the top teams in Texas—everyone knows the recent records of Odessa, North Side, Austin and Amarillo—but it is our goal to play the very best teams available."

No Easy Games

Pattison pointed out that Westerners will not have any "breathers" or easy games, since they open with Odessa and San Angelo, rated the two most powerful 3-AA elevens for the '48 slate, but the new mentor emphasized that Lubbock will gain some advantage from playing six of the tilts at home.

The first six games will be played at night, officials announced, with the last four district clashes set for afternoon kickoff times.

Pattison will be assisted by two new mentors, including Fred Taylor, former T.C.U. star who has already moved to Lubbock. The other assistant probably will be William (Bill) Floyd, now line coach at Texarkana, if present negotiations are successfully completed.

The schedule:

Sept. 10—Odessa at Lubbock (night).
Sept. 17—San Angelo at Lubbock (night).
Sept. 24—Lubbock at North Side of Fort Worth (night).
Oct. 1—Lubbock at Austin (night).
Oct. 8—Childress at Lubbock (night).
*Oct. 15—Borger at Lubbock (night).
*Oct. 29—Amarillo at Lubbock (day).
*Nov. 6—Lubbock at Pampa (day).
*Nov. 13—Plainview at Lubbock (day).
*Nov. 25—Lubbock at Brownfield (day).
*Denotes conference game.

Junior Cagers Open Tourney

A clash between two Lubbock Junior High quintets—the O. L. Slaton and Central Calfropers—will open play in the fifth annual Lubbock Junior High Invitational basketball tournament at 7:30 o'clock tonight at Senior High gym.

The O. L. Slaton five, coached by Russell Wimberly, holds the favored spot in the encounter as a result of a season record of six victories and two defeats, but Coach Roy Morris' smooth-working cagers broke even with the O. L. Slaton crew in their two-game series earlier this year.

Starting Fives Revealed

Wimberly announced last night that he will probably start Billy Pressly and Bob Newell at guards, Jack Hawkins at center, Johnny Tatum at one forward slot and either Dickie Lowrey or Charles Brewer at the other forward post.

The starting five for Morris will include Billy Williams at center, Sammy Adams and Bruce Willis, forwards, and Gerald Loyd and Milton Beach at guards.

The O. L. Slaton cagers hold wins over Levelland, Idalou and Boys club juniors and the Central five has defeated New Deal, Boys club Midgets and split with O. L. Slaton.

Friday Games Slated

Second round play will get underway at 4 o'clock Friday afternoon when Abernathy tangles with the Central Junior High Cowboys, and Levelland tussles Idalou at 5. In Friday night competition Plainview will meet the O. L. Slaton Cowboys and Brownfield is slated to play the winner of the Calfroper tilt tonight.

Admission prices for the game tonight will be 25 and 35 cents, officials said.

RANKS THINNED

ABILENE, Feb. 26 (U.P.)—Rainy, cold weather today forced a thinning in the ranks of picket lines thrown around several dry cleaning firms whose 23 union workers are in the fourth day of a strike for higher wages.

Madsen Leads Mates To Baylor Victory

(By The Associated Press)

Little Al Madsen gave his University of Texas mates their revenge over Baylor. His three points in the last 30 seconds of play last night spoiled the Bears' perfect Southwest conference basketball record, 32-29.

A packed house of 9,000 persons saw the Longhorns make up to some extent for the licking handed them by Baylor two weeks ago. But the result had little meaning in the conference race. Baylor has already clinched the title.

Madsen broke through the Baylor defense to sink a one-handed shot, then added a free throw for good measure.

The defeat was the first for Baylor in 11 conference starts. The victory was Texas' seventh against three defeats and kept them in the running for second place.

Baylor jumped into an early lead. But the Longhorns started to click late in the second half and held at 21-15 lead at the intermission.

Playing cautious ball in the second half, both teams slowed considerably.

A field goal by James Owens tied the score at 29-all, then Madsen broke loose.

Hope Is Fanned For Roach Fight Here

The embers of hope for an appearance in Lubbock this June by LaVern Roach, Plainview middleweight boxer and a leading contender for the world title, were fanned yesterday by a wire from Chris Dundee, Roach's manager.

Dundee informed Bert Kahn, who is promoting the fight, that further information would have to be postponed until after the fight with Marcel Cerdan in Madison Square Garden on March 12. At the same time, Dundee intimated that the fight was a distinct possibility.

Kahn is shaping up the card with Roach as the principal figure, to be supported by one eight-round fight and from four to six four-round matches. Negotiations were begun last Saturday, when Kahn sent Dundee a wire requesting the match here.

Yesterday's reply from Dundee, following Roach's victory over Al Thornton in Miami, Fla., said: "Still in Miami. Will let you know something definite after the Cerdan match."

Freeman Takes Fenton Tussle

Sometimes man's faith in things mortal is shaken by world-shattering events and, while a victory by the "clean" wrestler two weeks in a row at Sled Allen's wrestling arena is not in the world-shaking classification, it is not helped by such events.

For Ace Freeman of New York decidedly decisioned Rod Fenton of Canada last night with a repertoire of tricks that were all clean and scientific. Fenton, of course, did everything in the book, but still dropped two of the three falls.

Fenton took the first fall in the main event with a full Japanese crab in 17 minutes. But Freeman stood up under Fenton's work and took the second flip in seven minutes with a series of kicks and a body pin. The third fall apparently was in Fenton's grasp when, with 11 minutes gone, he put the double crab on Freeman At this point the New Yorker suddenly twisted and turned the fall into a reverse double crab and Referee Olan Boynton of Amarillo counted the Canuck out.

Poggi Loses Bout

Gorilla Poggi returned to the local ring in a two out of three falls match with Salvador Flores of Mexico City, but the Gorilla had an off night. He won the first flop in 17 minutes with a Japanese crab, then lost the second in seven minutes on an abdominal stretch. Boynton stopped the third fall after eight minutes and awarded it to Flores on disqualification.

In the prelim, Pierre LaBelle slammed bald-headed Johnny Carlin with a series of drop kicks and a body pin in 17 minutes.

Intra-Squad Track Meet Is Scheduled

First section of the annual Lubbock High intra-squad track meet will be conducted at 4 o'clock this afternoon at Chapman field, Coach Marlin (Shorty) Hayhurst announced last night, with Black and Gold squad battling for the championship in seven track and field divisions.

The events today will feature some of the best performers on the Westerner track roster, including the crack mile relay quartet, the 440 sprint relay teams and the 100 yard dash specialists. The dash will hold special interest for Lubbock fans, since speedsters Don Decker, Earl Hutcherson and Charley Williams are slated to meet for the first time this year "under pressure."

Other events scheduled to be unreeled today are the high hurdles, pole vault, 440-yard dash and shot put. A new record for the meet in the shot contest has been predicted by school officials, with Dick Schmidt, James Curry and Norman Dean all seen as top contenders.

The second section of the meet will be held at the Chapman field layout Friday afternoon and the final winner will be announced immediately after the last event is completed.

The Black squad is captained by veteran sprinter Earl Hutcherson, while the Golds will compete under the direction of Don Decker.

Lubbock track fans are invited to attend the intra-squad contest, Hayhurst emphasized last night.

Wayland Gets No. 1 Spot For Tournev

COLLEGE STATION, Feb 26 (AP)—Lon Morris of Jacksonville and Blinn of Brenham clash in the opening game of the Texas junior college basketball tournament Monday.

There will be eight games on the card for the opening day and night as 16 teams battle for the trophies that will be presented by Texas A. and M. college. The tournament runs through Wednesday.

Undefeated Wayland college of Plainview has been seeded No. 1. Wayland will meet John Tarleton college in the first round. This will be the feature game.

First-round pairings are:

9 a. m., Lon Morris vs. Blinn; 10:30 a .m., Texas Lutheran vs. Tyler; 1 p. m., McNeese (Lake Charles, La.) vs. Kilgore; 2:30 p. m., Paris vs. Ranger; 4 p. m., Lamar (Beaumont) vs. Corpus Christi; 6 p. m., Amarillo vs. Hillsboro; 7:30 p. m., Allen Academy (Bryan) vs. North Texas Agricultural college (Arlington); 9 p. m. Wayland vs. Tarleton.

Red Action In Czechoslovakia Condemned By Western Allies

WASHINGTON, Feb. 26 (AP) — The United States, Britain and France today jointly condemned as a "disguised dictatorship" of Communists the new government set up in Czechoslovakia.

In a declaration issued at the State department here the three governments, also said the Communists seized power through "a crisis artificially and deliberately instigated."

Served As Cover

With an apparent reference to earlier Communist power grabs, such as in Hungary, the three western powers charged that the crisis served as a cover for "the use of certain methods already tested in other places."

As a result, the statement said, Czechoslovakia has suffered "the suspension of the free exercise of parliamentary institutions and the establishment of a disguised dictatorship of a single party."

Here is the text of the joint declaration:

"The governments of the United States, France and Great Britain have attentively followed the course of the events which have just taken place in Czechoslovakia and which place in jeopardy the very existence of the principles of liberty to which all Democratic nations are attached.

Methods Already Tested

"They note that by means of a crisis artificially and deliberately instigated the use of certain methods already tested in other places has permitted the suspension of the free exercise of parliamentary institutions and the establishment of a disguised dictatorship of a single party, under the cloak of a government of national union.

"They can but condemn a development the consequences of which can only be disastrous for the Czechoslovak people, who had proved once more in the midst of the sufferings of the second World war their attachment to the cause of liberty."

been driven away by a man who allegedly placed license tags of another truck on it. The suspect was named to investigators, together with his suspected route of departure.

All officers of the section were alerted to be on watch for three runaway Arlington boys in a 1929 black Ford pickup truck.

They, officials said, were supposed to be armed with a .22-calibre rifle, a 410-gauge shotgun and two bb shot air-rifles.

D. D. Gerrison of 2301 Twenty-seventh informed the sheriff's department that someone had broken into his car and taken a .22-caliber rifle valued at $18.50 and a hat valued at $15.

Thefts from automobiles were reported before midnight by John Bell of 2809 Sixth, a $100 amplifier; R. L. Littlepage of Tahoka, a woman's purse, a billfold and papers, all valued at $100; Dale Tanner, a $12.50 hat and a windshield wiper.

Burglary Reported

Burglary of the residence of Mrs. Ann Baze of 1806 Ave. M and theft of a billfold and other property were reported.

Police fines for Wednesday were $270, as compared with an average of $175, it was said. Fines were paid for gambling, negligent collision, failure to obtain a Texas automobile license after alleged repeated warnings, and miscellaneous traffic violations.

Stanley Jones, 22, a negro, was charged with forgery of a $12 check.

and started out with a strong "Mister President." But again, when he got to the word "activities," his memory played tricks on him and he had to stop.

"That's all right, son," the man in the Panama hat whispered. "I bet everything you've got to say is right here in the scrapbook."

Bill, with a look of mixed idolatry and relief, gladly surrendered the little book to the President. The Panama hat waved again and the convertible moved away.

Bill stood off to one side, looking unhappily at his teacher who wore the fixed smile that all teachers seem to wear.

For those who are too old to appreciate Bill's position, the news is this: The President is at the submarine base in Key West, resting up from a five-day tour of the Caribbean. He'll be here until March 5 unless business gets so active in Washington that he has to go back to the White House.

Retired Railroad Executive Is Dead

DALLAS, Feb. 26 (AP)—William H. Tobin, 83, a retired vice-president of the Texas and Pacific railway and one of the six railroading brothers, died yesterday in Marlin, Falls county, where he had been vacationing.

Born in Missouri, Tobin had his first job at 16, with the Missouri-Kansas-Texas railway. He climbed from station helper to conductor.

In 1916, after service with the Kansas City Southern railway, he joined the Texas and Pacific. Meanwhile, his brothers held other railway jobs in Texas.

One brother, Pat, engineered the first Katy train into Denison, later becoming mayor of that city.

Stock Market

MANY ISSUES WILT

NEW YORK, Feb. 26 (AP)—A few stock leaders contested an offside shirt in today's market with mild success but many issues wilted under exceptionally light pressure.

From the start dealings were among the slowest of the past year. While modest plus marks remained at the close, declines of fractions to a point or so predominated. Transfers for the five hours tapered to around 600,000 shares.

The buoyant oils of Wednesday ran out of steam. Rails were more or less indifferent. Most steels and motors were in the losing column.

Aided by pleasing dividends and earnings were Lackawanna Railroad, on the first payment since 1931; American Rolling Mill, Packard, Anaconda, Follansbee Steel, Union Pacific and Santa Fe.

In the retreating division most of the time were American Distilling (at a year's low), U. S. Steel, Bethlehem Steel, Youngstown Sheet, Deere, Electric Power and Light, Phelps Dodge, Eastman Kodak, Owens-Illinois, Texas Co., Standard Oil (NJ), Great Northern Railway, Southern Pacific and Illinois Central.

Profit cashing by professionals on the idea that the two-session comeback was purely technical tended to chill trends. Commission house clients held aloof of trimmed commitments because of persistent doubts regarding business, taxes, labor and foreign affairs.

Bonds were narrow.

Cotton Market

NEW YORK REPORT

NEW YORK, Feb. 26 (AP)—Cotton futures declined today in slow dealings. Commission house and New Orleans selling was inspired by expectations of a substantial drop in the mid-February cotton parity compared with the January figure. Traders were also nervous over further sagging tendencies in prices for nearby cotton textiles and the lack of buyer interest in goods.

Futures closed 80 cents to $1.20 a bale lower than the previous close.

The weather forecast called for continued cloudy weather over all the state, for scattered light rains in West Texas and occasional rains and scattered showers in East Texas.

A cold front which brought subfreezing temperatures to West Texas as early this week was blocked off by a low pressure are from the Gulf before it reached the eastern part of the state.

Temperatures continued mild in East Texas, and warmer weather was forecast for West Texas Friday.

No freezing temperatures were reported in Texas early today The lows ranged from 38 at Amarillo to 71 at Laredo.

Maximum temperatures yesterday included a high of 87 at Presidio and a low of 39 at Amarillo

Plane Crash

after next-of-kin had been notified.

The crashed bomber took off from Fort Worth about 11 p.m., and was flying at about 10,000 feet when fire broke out in No. 4 engine. Attempts to extinguish the flames were unsuccessful.

Debris Is Scattered

The survivors landed over a five-mile area around the Solberg farm, 12½ miles southwest of here. The plane exploded, and pieces of it were scattered over a 15-acre hilltop.

The other bombers continued on the flight, a routine one to San Antonio, El Paso, Los Angeles and return. Part of the mission was to drop bombs at the Wilcox dry lakes bombing ground 50 miles east of Tucson, Ariz.

Deputy Sheriff Doyle Spurlin of Meridian visited the scene of the crash and talked to survivors. He said they told him the No. 4 engine caught fire. Attempts to extinguish the blaze were futile, and when the flames burst through the firewall, the order to bail out was given.

The eight made the leap successfully, Spurlin said. Three unopened parachutes and one opened parachute were found at the scene, indicating that three of the men never left the plane before it exploded.

TO SUSPEND SESSIONS

ATHENS, Feb. 26 (U.P.)— Parliament voted today to suspend its sessions two months, removing any threat of an immediate government crisis. The vote was 150 to 70.

No Verdict In Negro's Trial

A jury in the 72nd district court of Judge Dan Blair had not reported a verdict at 2 p.m. in the burglary trial of William Johnson, 20, a Lubbock negro.

Johnson, represented by Burton S. Burks of the law firm of Burks and McNeil, had entered a plea of guilty before the jury and asked suspension of sentence. The case went to the jury about 11:15 a.m., officials said.

The jury was made up of Victor R. Trussell, Doyle B. Sewell, Dick Adams, Floyd Henry, Clyde Wood, J. A. Burch, Loyd Tucker, R. M. Cade, W. A. Caraway, J. C. Jarrott, Howard G. Denison, and Clarence Johnson.

Other Cases Due

District Attorney Lloyd Croslin and assistant District Attorney E. G. Phar indicated the state may see kto tr ytow other defendants this afternoon, Jack Baucom and John D. Duncan, both of whom are charged with felony swindling. A. W. Salyards, of the firm of Denton and Salyars, was appointed by Judge Blair to defend Duncan, court officials said.

Judge Blair Wednesday afternoon sentenced D. T. Jackson, 62, a negro, to 10 years in the penitentiary on a plea of guilty before the court of assault with intent to rape an 8-year-old negro girl.

Negro Woman Sentenced

Allen Demas, 46, a negro charged with hog theft, pleaded guilty before the court and was sentenced to three years in the penitentiary.

Aubrey Cole, 47, a civil service employe at the Pyote Army Air field, was allowed suspension of a five-year sentence on a plea of guilty to a jury, of illegally disposing of mortgaged property.

The Cole jury was composed of Victor R. Trussell, W. A. Caraway, J. C. Jarrott, Levi Pettit, D. J. Hlavaty, D. E. Adams, Doyle B. Sewell, R. M. Cade, Howard G. Denison, W. A. Martin, Clyde Woods, and Loyd Tucker.

Melon-Like Hips And Controlled Skirt Fullness Are Featured At Fashion Show

BY BARBARA SUNDSCHU
United Press Fashion Writer

NEW YORK, Feb. 26—Dicky-like neckline treatments, controlled skirt fullness and melon-like hips were featured yesterday in the collection of custom - made suits and dresses presented by Fira Benenson.

The collection, first to be presented by Miss Benenson in her own showroom, opened two weeks of spring showing by New York's custom designers.

Delicate shirrings and tuckings were Miss Benenson's favorite trimmings when her work was being presented by Bonwit Teller's Custom salon they are used most notably in this season's dresses to give the look of a rounded, bib-like yoke below the high collars of daytime dresses.

Brown Wool Costume

Shirrings on the fabric of the dress fill this yoke space in many instances. An inset ribbon of shirring terminated with a shirred and inset bow at the bustline outlines the bib in one instance. Tucks rounded out from the collarline toward the armhole give the dicky look on another dress. This costume, in brown wool with push-up sleeves and a tiny white pique collar, repeats the round tucking-lines at the hip.

An insert of accordian pleating is the yoke for a printed silk dress whose skirt is pleated to match.

Skirt fullness is never exaggerated and most often swept to the back. The designer has made frequent use of panels which hang from a fish-tail-like seaming at a low back waistline. Where a straight look to a skirt is favored, as in one black woolen suit with vertical melon-shaped tucking around the jacket peplum, straight hanging back pleats are provided in the skirt for walking ease.

Horizontal melon cuts are the apparent inspiration for the front of other jacket peplums. With those hiplines, Miss Benenson has teamed smaller melon-like elbow cuffs.

Full Silhouettes

For both day and evening there is ample choice between slim and full silhouettes. One black net evening dress has an over-all pattern in appliqued shirred narrow ribbon. It billows handsomely over the sheen of a black horsehair underskirt.

Black crepe is used for a slimly elegant evening costume with a brief bolero. The back of the dress carries a low, flat bustle overhanging the gathered skirt penal below it. The straight neckline of the dress and edges of the bolero are trimmed with black net appliqued with grapes and leaves in matching velvet and embroidery.

Members Of Boise City, Okla., Kiwanis Club Pay Visit To Lubbock Group Today

A visit by 16 members of the recently-organized Boise City, Okla. Kiwanis club, and tricks of magic by Jack Rigney, featured the luncheon session of the Kiwanis club today at Hotel Lubbock.

Rigney, son of J. C. Rigney, club member, drew heavy applause with several of his tricks showing that "the hand is quicker than the eye." He was introduced by B. Sherrod, program chairman.

The Boise City group, led by G. R. Board, president, presented to local President L. E. (Jack) Davis a gavel that may be retained by any receiving club a maximum of two weeks before it is in turn presented to another club.

Rated On Numbers

The presentations are rated on the number of miles traveled for the presentation, and the number of club members making the trip. Davis explained that the Boise City group traveled 250 miles for the purpose, and for the visit. Presentation was made by Carl G. Etling, Boise City club vice president.

Others in the party besides Board and Etling were E. J. Booth, E. D. Phillips, A. Honkla, H. H. Coly, Dale Montgomery, club secretary; O. S. Mason, R. A. Godown, W. C. Heaton, J. D. Harvey, Paul Faulkner, J. Johnson, E. R. Murray, Sam Parker, and Fite Combs.

Two members were formally inducted. They were James F. Black and Lowell L. Williams. Another, Robert C. Spain, was to be inducted but was absent. Two other new members announced for future induction were L. B. Blackwell and Marvin Hodges.

Meeting Is Scheduled

Club President Davis and District Governor W. C. Wood stressed an announcement by Harry Delaney of the inter-city division meeting scheduled at Amarillo on Mar. 10, when Dr. Chas. W. Armstrong of Salisbury, N. C., international Kiwanis president, is to speak. A large delegation was expected to go from here.

Announcement of a concert here by the Dallas Symphony orchestra on Mar. 18 under Kiwanis sponsorship, was made by William Harrod, director of the Lubbock Symphony. The concert is to be in the high school auditorium.

Davis presided at the luncheon, with invocation by John C. Reynolds.

Europe Feels Deep Concern

LONDON, Feb. 26 (U.P.)—A foreign office spokesman hinted broadly today that Great Britain might not recognize the new leftist government of Czechoslovakia

The first official British reaction to the Communist coup in Czechoslovakia came in the daily comment of a foreign office spokesman on foreign affairs.

Concern Is Expressed

Foreign Minister Georges Bidault expressed grave concern in France. London papers reported that the British home office had ordered a tighter control over inbound travelers from Czechoslovakia and a closer watch on other traffic from eastern Europe

Dispatches from Austria and Finland reflected the way those countries felt and the heavy pressure from the east.

Austrian officials simply refused to comment. One Vienna newspaper editor said the country was safe as long as the occupation continues "but after that we are going to stand out like a sore finger in the company of neighbors on the east."

From Helsinki came this quotation by the Finnish Communist newspaper Tyoekansan Sanomat:

"The Finnish reactionary press cannot help Czech reaction, which will be smashed so thoroughly it will discourage Finnish reaction from any hazardous undertakings."

Creager Says Taft To Get Texas Votes

WASHINGTON, Feb. 26 (AP) — "A substantial majority" of Texas' 33 votes at the June Republican convention will go to Taft for president, state national committeeman R. B. Creager believes.

In answer to a question for comment on news that Texas GOP executive committee chairman George Hopkins had announced for Dewey, Creager said:

"I will say only what I have mentioned before, and that is that a substantial majority of our votes will go for Senator Taft."

Alcoholism Report On Texas Is Given

AUSTIN, Feb. 26 (U.P.) — An expert on alcoholism claims that among drinking Texans, more alcoholism is found among the upper educational and economic levels than in any other group.

Dr. E. M. Jellinek of the Yale Institute on Alcoholism told an audience here last night that although the state "as a whole doesn't have a high rate of alcoholism," the cities have as high a rate as any in the nation.

He quoted figures showing that over the nation the alcoholic rate is 320 per 100,000 adults.

"Texas," he said, "has about 450 per 100,000."

He said the rural alcoholic rate was less than half that of the city rate, and what he termed "the peculiar thing" was that more alcoholism was found in the upper economic and educational levels than in any other group.

Dr. Jellinek is in Texas establishing the first field organization of Yale's Institute on Alcoholism.

Live Jap Bomb Is Found In Oklahoma

DURANT, Okla., Feb. 26 (AP) — Eight-year-old Judy Bryant found a funny looking object on the street and decided to take it to class to show her friends.

The object caused a lot of excitement—it turned out to be a "live" Japanese time bomb.

Colonel Ellis B. Richie, national guard officer, said the shell was obsolete and was set to explode in mid-air after being fired from a smooth bore rifle.

Ownership of the shell is not known. Richie said it will be exploded in the country.

Robber Claims His Sentence Is Cruel

DALLAS, Feb. 26 (AP)—Ex-sailor James Marion Harris complained in a motion filed in district court today that his 50-year sentence for the $2 robbery of a taxicab driver was "excessive, cruel, harsh, unreasonable and inhumane."

Harris, a 21-year-old Californian who was convicted three weeks ago for the robbery, filed motion for a new trial on grounds that the 50-year sentence was "excessive" and provoked by illegal state's evidence.

TWO ARE INJURED

Caste System Said Doomed

NEW DELHI, Feb. 26. (U.P.)—The newborn dominion of India pledged itself today to wipe out the tradition of the untouchable caste and raise 60,000,000 Hindus to the level where they may look upon and mingle with the rest of the country's people.

A draft of the proposed constitution for Hindu India, unveiled by the constituent assembly, promises to free the untouchables from the stigma which has condemned them and their children to doing the same menial work of their forefathers.

Actions by other Hindus forcing untouchables to observe the penalties of their low estate—to accept the trade of their father, marry within the caste and pay obeisance to the higher caste—will be punished by law.

Brothers Are Held In Shooting Scrape

SAN FRANCISCO, Feb. 26 (U.P.) —Houston Barker, 39, and his 25-year-old brother, Paul, were under a three-count federal grand jury indictment today for the shooting last Dec. 15 of Monterey County Deputy Sheriff Alvin Alvitre near King City, Cal.

The grand jury late yesterday indicted the Barkers for flight to avoid prosecution for attempted murder, transportation of stolen firearms and car theft.

The two brothers were arrested earlier this week by agents in a San Antonio, Tex., auto court. State authorities said they were investigating the possibility the Barbers were involved in holdups and a robbery at Bakersfield, Cal., and Las Vegas, Nev., shortly before the shooting.

Alvitre, still hospitalized here with a leg wound, was shot as he approached a car to question the occupants. A statewide bulletin was issued for the Barker brothers, and they were reported in California for several weeks after the shooting.

Independent Demo Move Is Advocated

LUFKIN, Feb. 26 (AP) —An independent southern Democratic move was advocated by J. M Collins, member of the state executive Democratic committee, and former Rep. Martin Dies

They told the Daily News the South should declare its independence of President Truman and northern Democratic party leaders.

They suggested the South might form a southern Democratic party or election of non-pledged electors, who could vote for their own choice for president and vice president.

Dies and Collins said "long acts of discrimination and the president's civil rights program" were reason for the suggested action.

Trip From Jerusalem To City Of Bethlehem Is Dangerous One

BY ROGER STUART
Special Correspondent

JERUSALEM, (Delayed) — In ordinary times a trip from Jerusalem to Bethlehem requires a half-hour or so in an automobile.

As things are today, it may take you two hours. But you take your life in your hands when you try it.

I had been warned by friends that it could not be done. The highway, they explained, lay in "Arab territory," which meant that Arabs with rifles and sten guns would be patrolling the road and stopping everyone.

Halted By Blocks

Despite the warnings I hired a taxi with an Arab driver.

Road blocks halted us every few hundred yards going out of the city. In each case it would be a British contingent, whose leader examined my credentials and then said:

"Okay, chum, go ahead."

The atmosphere began to change in the Arab section. Then, suddenly, the taxi plunged around a curve and stopped.

In the road ahead was a group of 15 Arabs, each wearing a head kerchief. All but one carried a rifle.

In the middle of the road an unarmed man was being slugged with rifle butts by several of the Arabs, most of whom were screaming.

For a time the victim was able to ward off most of the blows with his bloody hands. Then, two of the riflemen backed away from the group. They put their guns to their shoulders and motioned for him to run down the road. The man would not budge.

Was Kept Covered

By now, my driver was out of the car, chattering noisily with two of three riflemen who had approached the cab the third, I noticed uneasily, went behind the car. He kept me covered from there.

Things happened fast then the unarmed man found, in that group of angry Arabs, a friend. A quarter-ton truck came pounding down the road. The new-found friend shouted to the driver. The truck slowed a bit and the fugitive charged after it. His friend, meantime, swung around, aimed his rifle at the rest of the group and held them at bay.

With head and hands streaming blood, the man jumped aboard the truck and rode to safety.

The three riflemen outside the taxi joined the others in berating the one who had protected the fugitive. My driver used this diversion to hop behind the wheel. He stepped on the gas, and we highballed around the angry group—toward Bethlehem.

City Of David Quiet

The city of David, by contrast, was quiet. Arabs strolled the narrow streets, unarmed and only mildly curious.

The church of the nativity was as it had been for ages, cool and dignified and impressive. A Nun brushed past me as I viewed the spot where, according to tradition, the Christ child was born. She spoke scarcely above a whisper, in wishing me peace.

I walked slowly through the deep rock-walled passageways from the ancient stable to the church above, and from there to another church, where candles flickened and a long figure knelt in prayer.

Outside, a little Arab boy, all smiles, waited at the worn doorstep to sell me some postcards. The streets of Bethlehem were still, and a faint breeze ruffled the leaves on olive trees. Then I stepped into my taxi, and we drove out of town and back along the road to Jerusalem—the road of hot tempers, rifles and sten guns.

Jugular Vein Is Severed On Bottle

HUNTINGTON, Ind., Feb. 26. (AP)—Milkman Roy Stork severed his jugular vein on a broken milk bottle today—and survived.

Stork tumbled while delivering milk, broke three bottles and sprawled in the broken glass, cutting his throat. A fellow employe, Wilford Miller, rushed him to a hospital a block away. Nurses Delai Katter and Mrs. Bettye Goldsmith held a pressure bandage on the cut for ten minutes.

A physician arrived, sewed up the cut and gave Stork a blood transfusion.

MAN IS SENTENCED

Feet Of Cowboys Usually In Pain

AUSTIN, Feb. 26. (AP)—The ballads never mentioned it, but the old-time Texas cowboys' feet usually hurt.

This was because most cowboys were vain about the size of their feet, and wore boots a size too small. These are findings of Orlan Lester Sawey, an English teacher at Texas college of Arts and Industries, in research at the University of Texas.

Sawey based some of his research on the writing of Charles A. Siringo, an old-time cowboy chronicler.

DETROIT, Feb. 26. (AP)—Kaiser-Frazer Corp., announced today that night shift operations at its Willow Run plant will be discontinued early in March in a company "economy drive."

CIO Leader Declares That High Schools Producing Too Many Anti-Union Students

KANSAS CITY, Mo., Feb. 26(U.P.)—CIO Education Director Kermit Eby said today that high schools are producing too many anti-union graduates.

He told the annual convention of junior colleges that "something is seriously wrong when 85 per cent of our high school graduates—labor's children—are hostile to the aims of organized labor."

"We in labor do not want anti-union children," he said. "We are opposed to a concept of education which develops docile workers willing to produce an endless stream of commodities for low wages for others than themselves, and higher profits for their employers."

"Instead, he said, "we want workers to ask as they are now doing, why higher wages cannot be paid without raising prices."

Eby said the time has come "to examine curricula and text books, and to find out why so little emphasis is given to labor's contribution to Democracy, co-operatives and social legislation."

He said there are too many business and professional men on school boards, not enough from labor. He called for "more and better teachers," and for acceptance of "unions as equally sovereign with management."

Ship On Display

A 39-foot replica of a clipper ship was to be on display today in Lubbock at the Sears Roebuck and company parking lot, 1625 Thirteenth street.

Faithful in every detail, the clipper is a model of the ship seen in M. G. M.'s "Green Dolphin Street" and is touring major cities throughout the country where the film is being shown.

The model's over all length is 39 feet eight inches, its beam six feet ten inches and its over all height 33 feet six inches. The mainmast is 28 feet in length.

The picture starts Saturday and continues through Wednesday at the Lindsey theater.

First Test Of Road Law Is Defeated

ALBANY, Tex., Feb. 26 (U.P.)—The first ballot test for the optional county road law of the 50th Texas legislature showed strong opposition to the measure today

With only three small boxes unreported, Shackelford county voters had turned down the county road statute by a 695-117 vote.

Heiress Wins The First Round In Divorce Fight With Hubby

PHOENIX, Ariz., Feb. 26 (U.P.) — Heiress Gioia Grimditch won the first round of her divorce battle with her husband today even though she admitted that she had fallen in love with a "he-man of the old west."

The court turned down a motion by her husband, William H. Grimditch, jr., to dismiss her suit for divorce. Judge J. Mercer Johnson said he had found no evidence of adultery as charged by Grimditch, in the pretty heiress' diary.

Must Defend Himself

The ruling meant that Grimditch, a 25-year-old Philadelphia socialite and Harvard university student, must defend himself against his wife's suit for divorce. He also has a cross complaint on file against her.

The Grimditchs are battling for the custody of their two children.

Grimditch had charged that he found 11 notations proving adultery in his 23-year-old wife's green-covered diary. He said that letters, written her by Blake Brophy, son of a Phoenix banker, also indicated infidelities.

She told him that "the lure of the old west and its he-men" had broken up their marriage while he was in service overseas, he said.

The diary of the great-granddaughter of railroad tycoon Jay Gould told of hiking, fishing, tennis, card games and heavy drinking with Brophy.

Fell Out Of Love

In testimony yesterday, she admitted falling out of love with her husband while he was gone. She said she "thought she had fallen in love" with Brophy.

She admitted "necking" with Brophy on numerous occasions.

She had forgotten her handkerchief and dabbed at her eyes with her fingers as the hearing brought tears to her eyes.

She tried to interpret the diary entries as innocent jive talk but the judge said "the diary speaks for itself."

Grimditch said he considered Brophy's letters as "too mushy and sugary" to be merely friendly notes to somebody else's wife.

One, written in cowboy slang, said:

"It looks like the straw boss has cut you out a mighty big herd of bad luck this time. I wouldn't worry too much, because I've seen you ride herd on a bigger and wilder bunch of mavericks before.

"A cowpunching life is a hard life, but I have yet to hear of the waddy who hasn't found the range where the white-faced dogies are."

Farm Family Event Is Slated Tonight

A Farm Family night will be held beginning at 7:30 this evening in the 99th district courtroom in the Lubbock county courthouse, Dave W. Sherrill, Lubbock county agent, announced Wednesday.

There will be one hour of talks by the following speakers from different agricultural agencies in Lubbock: Walter Y. Wells, AAA; Marshall Howard, Soil Conservation service; John Keyes, FHA; W. G. Newton, REA; L. O. Buchanan, Cotton Classing service; Miss Clara Pratt, home demonstration agent with the Extension service; Don Jones, Lubbock Experiment station; and Sherrill.

The Lubbock Junior Chamber of Commerce will present 30 minutes of entertainment and refreshments of coffee and doughnuts will be furnished by the Lubbock National bank and the Lubbock County Farm bureau.

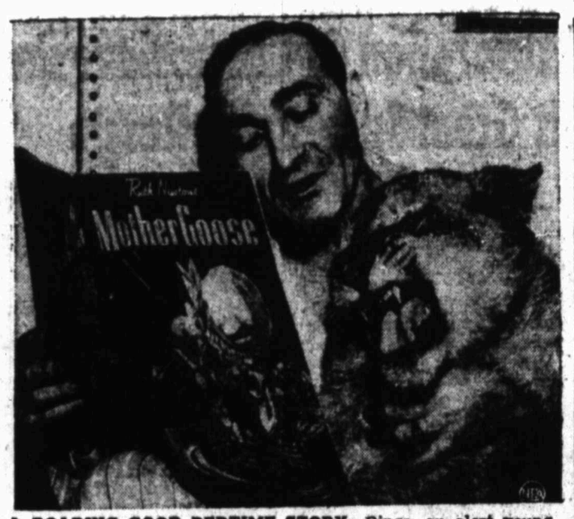

The meeting is open to the public and any farm families who missed the farm family nights when they were held in surrounding towns are invited to attend, Sherrill stated.

TO GIVE STAND

DALLAS, Feb. 26 (AP)—State Democratic Chairman Robert W. Calvert will tell Saturday how he feels about National Chairman J. Howard McGrath's stand on demands of southern governors.

Calvert is scheduled to address a meeting here Saturday.

He said he would make his position on the matter known then.

Wage Increase For Workers Accepted

DALLAS, Feb. 26 (AP)—A 10 per cent wage increase from Safeway Stores, Inc., has been accepted by CIO union warehousemen and they agreed to call off a threatened strike if the firm would recognize the union as their bargaining agent.

The increase was offered early yesterday by the firm and accepted by the warehousemen last night.

About 43 tons of food are consumed by the average person in a lifetime.

HEARINGS ARE SET

AUSTIN, Feb. 26 (AP)—The railroad commission has scheduled public hearings on the following applications:

April 28—Sam E. Wilson, jr., for discovery allowable rights to apply to his Hearne B-1 well, producing through perforations from 2,340 to 2,360 feet underlying the F. C. Baker survey, Harrison county; and for a new field designation of "Longwood field."

April 27—Standard Oil company of Texas, for exemption to rule 21 (spacing) in the Sherman field, Grayson county.

Absorption Of Czechoslovakia Is Great Success For Russia

By DEWITT MACKENZIE
AP Foreign Affairs Analyst

Democratic little Czechoslovakia has gone the way of all countries upon which Bolshevism has managed to obtain a firm grip.

Czechoslovakia's absorption is one of Moscow's greatest successes. As the London News Chronicle pointed out a few hours before the coup was achieved, if the Communists gained complete control in Czechoslovakia it would be their most important victory in Europe, because out of all their conquests the Czechs would be the first with an instinctive belief in western Democratic freedom. Well, Bolshevism reigns in freedom-loving Prague—at least for the time being.

Compelled To Give Up

President Benes, right hand to the late Dr. Thomas Masaryk who was father of the republic, finally was compelled to capitulate to Communist demands and turn the government over to Red control. As he took this tragic step the presidential palace was surrounded by hundreds of soldiers and police, armed with machineguns and under control of the Communist ministry of the interior. In order to enforce their demands the Reds had threatened a general strike.

This was followed swiftly by the chilling news from the U. S. Army at Frankfurt, Germany, that a heavily armed Czech guard had sealed Czechoslovakia's western frontier.

Security police were in complete control.

No Czechoslovak citizen was permitted to leave his country under any circumstance.

Right To Speculate

What could be going on behind that iron curtain? We have a right to speculate on that because of the liquidations and other terrors experienced in Poland, Bulgaria, Hungary and elsewhere It's fair to ask whether a "house cleaning" is projected in Czechoslovakia by the Bolshvists.

Communist Premier Klement Gottwald now becomes one of the most important dictators of the day. for Czechoslovakia itself is vastly more important than its size would indicate. Lying as it does in the heart of central Europe it has great strategic value, both politically and militarily. It has large industrial development and is rich in natural resources.

19-Year-Old French Girl Enroute To New Texas Home Hopes She Will See Cowboys

WASHINGTON, Feb. 26. (U.P.)—Some cowboys are needed pronto in East Texas to meet an attractive 19-year-old French lass on her way there to make her home.

A few Indians would help.

Miss Denise Damensztein, leaving here last night to live with an uncle who is a tailor in Marshall, said she didn't really believe Texas is still wild . . . not quite anyway.

In broken English she told a reporter she was born and reared in Paris and in school learned Texas is noted for its vast plains, cattle herds and cowboys.

She didn't know about the piney woods section which is to be her home.

"American people are very nice," she said.

"Since I arrived in New York two days ago I find this country wonderful. In Texas I hope to see many cowboys."

Her uncle, Nathan Weis, met her ship on its arrival and is accompanying her to Texas.

They stopped here to visit one of his four daughters, Mrs. R. D. Pickett.

Miss Damensztein's parents disappeared during the war.

American Gestapo Said Threatened

HOUSTON, Feb. 26 (U.P.)—Oilman-philanthropist Hugh Roy Cullen today accused President Truman's appeal for an anti-lynching bill of being "political demagoguery" and predicted an American gestapo if such legislation is passed by Congress.

The President called for the legislation "for the sole purpose of getting the negro vote in the doubtful states," the wealthy oilman said.

"Preceding every presidential election since they (the negroes) received their freedom, certain political demagogues insult the intelligence of the negro race by proposing to pass a bill to stop lynching."

Cullen, who has given $100,000 to a Houston negro college, said that in the event of congressional passage "not only the negro race but the white race will lose part of the freedom that was granted them under the Bill of Rights. It will remove the policing powers from the state to the federal government, resulting in an American gestapo."

Father And Son Buried Together

HARLINGEN, Feb. 26 (U.P.) — Green palm leaves swayed in the breeze today as they buried Jose C. Delgado and his son, Ramiro.

Nearly four years of waiting for his son's body to be shipped back by the army ended yesterday for the elder Delgado.

In the morning, the flag-bedecked casket of the first class pirvate arrived in Harlingen.

The father died at noon yesterday.

They were lowered into the ground side by side.

Two Persons Hurt In Auto Collision

Treatment for minor injuries was received at West Texas hospital by Mrs. Delbert Lloyd Sawyer, 43, and son, Billy Fred, 14, of Lubbock route 1 after a collision about 7:40 p. m. Wednesday seven miles from Lubbock on the Idalou highway.

They left the hospital after treatment.

Mr. Sawyer, 44, driver of one car, and Alvas Carroll Hull, 46, of Spur, driver of the other, were not injured, it was reported.

Information given Texas Highway patrolmen indicated that Sawyer, coming onto the highway from a lateral road from the south, had paused to allow the automobile driven by Hull, going east, to pass. Hull said that, seeing Sawyer's lights through the fog, he thought the Sawyer vehicle was coming to meet him, and so pulled to his right. The crash was practically head-on.

The lateral road, patrolmen explained, entered the highway at an angle.

Negotiations Set

DALLAS, Feb. 26. (AP)—Simon P. Oster, head of AFL Telegraph Union Workers in the southwest, said today the union will start negotiations March 8 with Western Union officials on division of a three and one-half cent hourly job classification fund awarded two years ago.

Oster said the distribution would mean higher wages for 90 per cent of the workers in an eight-state area.

Two other RFL unions, covering Western Union workers throughout the country, will work out division of the fund in separate conferences with Western Union officials next month.

The conferences will be held in Washington, D. C., a five-man negotiating committee headed by Oster will represent TWU members in Texas, Oklahoma, Louisiana, Arizona, New Mexico, Colorado and parts of Kansas and Arkansas

Great Britain Is Looking Ahead To More Government And Even Less Food

AP Newsfeatures

A fanciful picture of what the next eight years may bring in Britain is painted by the British "Magazine of the Future," in its current issue.

Devoting its entire contents to a 65,000 word "history" of the possible path the empire may follow, the magazine says the five lean years of "real austerity" which will begin in 1948 will have reached rock bottom in 1952 with food and imports lower than in 1945. But, it says, from that time on until 1955 the ascent will be gradual. Meanwhile, it says, Britain will get no second U. S. loan, will continue to live by trade, and will go through an agricultural revolution.

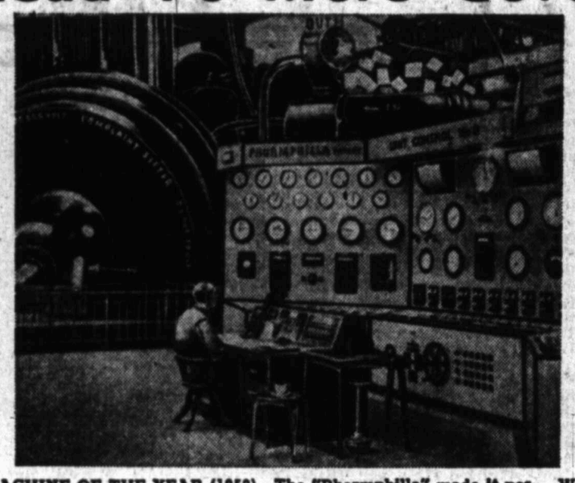

Here, from the magazine, are photos and text as they might be written in 1955.

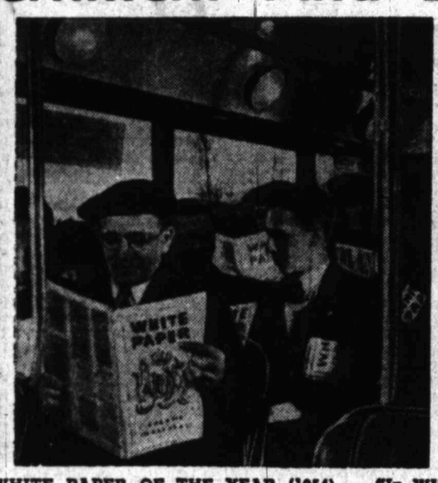

"MOBBIE OF 1948"—Miss Output volunteered to be a mobbie ("voluntary mobile worker") and set new output records in four different jobs.

AMERICAN FILM OF 1951—Many cinemas were limited by quota to exhibit only one U. S. movie each year. They were prized for their rarity.

MACHINE OF THE YEAR (1953)—The "Phormphilla" made it possible to examine, classify, revise and generally deal with half a million forms a day. First designed to deal with complaints, the "Phormphilla" aided almost all government departments and now is an indispensable member of the staff.

WHITE PAPER OF THE YEAR (1954) — "In 1949," says the magazine, "Government publications had a record sale and every year since then the record has been beaten." Here workers read output figures instead of race sheets.

WHITE HOPE OF THE YEAR (1955)—"Born in 1955, with ration book in place of a silver spoon. But by the time he can read it he will no longer need it . . . He will be well clothed, well cared for. All doors will be open to him."

Traffic Rules Now In Effect

Definite regulations for the management of traffic at Texas Technological college were contained in an ordinance recently passed by the city commission of Lubbock, Pres. W. M. Whyburn has announced.

Under the ordinance no parking will be allowed on paved streets, the speed limit on the campus will be 15 miles per hour and direction of traffic will be closely regulated. A $25 fine is the maximum penalty which has been set for violation of the ordinance.

Previously Enforced

Most of the points set forth in the ordinance have been enforced for several months under general supervision of the campus given by the city when the college was brought into the city limits several years ago at its own request.

Designating Texas Tech as a school area, the ordinance sets a speed limit of 15 miles per hour, prohibits parking of any vehicle on any paved street or drive between 1:45 a. m. and 5:15 p. m., makes illegal any clockwise driving around Memorial Circle, north traffic on the west side of Engineering drive and south traffic on the east side of Engineering drive, and prohibits trucks from entering any of the main entrances to the campus.

To Install Lights

When approved devices and equipment are furnished by Texas Tech the ordinance directs the chief of police to place traffic control lights at the following

"Wetbacks" Are Picked Up And Lodged In Lubbock County Jail

Hundreds Of Mexicans Are Leaving The South Plains Section And Going South For Winter

By R. C. HANKINS
Journal Staff Writer

Hundreds of Mexicans are leaving the South Plains and going south for the winter.

What amounts to almost an exodus of field laborers is not, however, by election of those so journeying—even though transportation is furnished at no cost.

They are "wetbacks"—Mexican nationals who waded the river and came into this county without lawful entry.

About 200 Arrested

Approximately 200 such Mexicans have been arrested on the South Plains in the last two months, 80 of them the last six days.

They are taken to Lubbock county jail and held until the border patrol is ready to "ship out another load."

Inflationary conditions in Mexico have discouraged return of those who crossed the river to Texas and its high field wages. Living costs in our sister republic have risen 400 to 500 per cent and wages are low. The laborer there perhaps is lucky if, at conclusion of a week's work, he is able to buy even the most necessary groceries.

Can Buy Plenty

In this country it is different. Mexicans can buy plenty of milk and eggs and butter and even meat with their earnings. There can be left enough to buy warm clothing and even some luxuries.

So they don't want to go home. A great number of them don't intend to if they can evade detection by the border patrol. They come as far south as they dare—without getting into the section where the border patrol ranges too regularly—and hope to winter there.

If they are not detected, they are ready, come spring, for a nomadic period of field work. First, there is cotton chopping to be done to the southward, and vegetable crops to gather. Then there is cotton picking, first in the Valley then gradually into the South Plains. After that there is work in the beet fields of Colorado, potatoes to be gathered in Colorado and Idaho. By that time the cold sets in again,

Club To Hear Expert On Far East Affairs

"The Prospects for a Governed World" will be the subject of an address by Dr. Vernon Nash, former Rhodes scholar and for many years a resident of China, at the Lubbock Knife and Fork club dinner at 7 o'clock tonight at Hilton hotel.

Dr. Nash formerly was executive director of the National Peace conference and also has been active in "Union Row," federal union of the democratic peoples.

He served in World War I as an officer in the British Army in India. Most of his years abroad have been spent in East Asia—in China and Japan for the most part.

Wartime Controls Favored By Senate

WASHINGTON, Feb. 25 (U.P.)—The Senate has voted unanimously to extend wartime controls over tin, rice and oils and fats for 90 days to May 31.

The resolution now goes back to the House which had approved only a 30-day extension, pending action on permanent legislation.

The powers, included in the second decontrol act passed last year are scheduled to expire Feb. 29.

Cafeteria Vote Starting Today

Distribution of a ballot form to patrons of Lubbock schools that now have cafeterias will begin in the schools this morning, Supt. R. W. Matthews announced late Wednesday.

The ballot was prepared after parents from Roscoe Wilson and Dupre school districts appeared at a school board meeting Tuesday night and vigorously protested against a 30-minute lunch period.

To Be Returned Friday

The ballots, personally addressed to the parents, will be given to the children in schools with cafeterias this morning, and are to be returned Friday morning, with one or the other of these statements marked out:

I prefer the continuance of our school cafeterias with the thirty-minute staggered lunch period.

I prefer to discontinue our school cafeterias and return to the one hour lunch period.

The two statements are preceded by a statement by Matthews of the occasion for the ballot, and a summary of the board's reasons for adopting the 30-minute lunch hour.

Reasons For Plan Given

The six reasons given by Matthews were:

1. Short lunch periods mean that the children are not required to stand in line more than five minutes; 2. Cafeterias will not accommodate all children in the full hour period; 3. The 30-minute period offers certain health advantages; 4. Younger children are less tired at the end of the day; 5. A noon-time traffic hazard is

New Highway Patrolmen Over This District Are Assigned

Seven recruit patrolmen, graduated from the first recruit training school of the Texas Highway patrol as authorized by the last legislature, have been assigned to the Lubbock patrol district, it was announced Wednesday afternoon by Col. Homer Garrison, jr., of Austin, Department of Public Safety director.

In addition, copies of the appointment furnished to Capt. E. L. Posey, commanding officer of the Lubbock patrol district, show that one Lubbock and one Plainview man were among the graduating class.

Other Changes Given

Two of the men, John Abner McVean of Decatur and Jack Alfred Taylor of Mason, will be transferred to the Lubbock district headquarters office. Vick Douglas Atwood of Austin will go to the Brownfield sub-station; Tom Orville Le Bleu of Port Neches and Eldon Harvey Gilbert of San Angelo, to the Seminole sub-station; Noel James Newberry of Amarillo to the Plainview substation; and Francis D. Williams of Bangs to the Big Spring substation.

The Lubbock man who was in the class was William Thomas Barnes, former police patrolman, who has been transferred to Perryton. Harry Marsden McKee of Plainview has been assigned to duty at Pampa.

Other Assignments Given

The following assignments of other officers also were announced:

Robert Earl Ashmore of Fort Worth, to Paris; Charles William Bell of Big Spring, to Brady; Clyde Daniel Bennett of Houston, to Port Arthur; O. L. Birchfield of Waco, to San Angelo; Tyrus Arthur Bordelon of Austin, to San Antonio; William Leonard Boykin of Gilmer, to El Paso; Edgar Brannan of Dumas, to Amarillo; Gordon Ed Branum of Dallas, to Denton; John Howard Breslin of Smithville, to Pleasanton; Jeryl Thomas Bright of San Angelo, to Stamford; Thomas Perry Buckner of Mission, to Cotulla; George William Burnup of Austin, to Boerne; Horace Grant Bussell of Paris, to Harlingen.

Add to your list of West Texas towns "busting out at the seams" our neighbor to the north, Abernathy.

With a census of less than 850 in 1930, Abernathy today has around 1,800 souls, says that community's veteran druggist, Ray Pinson. A street-marking project there is virtually assured and the next move will be to get the streets paved.

During the war, Mr. Pinson says, there was considerable commuting on the part of people living in Abernathy and working in Lubbock. That has sort of eased off now, but Mr. Pinson, who is an honorable man, avers that the housing shortage is as bad there as it is in Lubbock.

SPEAKING of cities at the seams" reminds us to apologize for not telling you earlier that:

Lubbock's 1947 building permits topped those of Amarillo, $11,203,801 to $9,462,000—and Amarillo added paving costs to its list, which were not included in the Lubbock figure because paving isn't building, per se;

Lubbock's total is more than that of Midland ($4,297,000) and Odessa ($6,099,360) combined.

Outside of Lubbock, Amarillo, Odessa, Midland and Plainview, Levelland topped all the cities in this area in 1947 building. The hustling Hockley county capital racked up a figure of $702,935.

PERSONABLE young Waggoner Carr, an assistant district attorney, spoke to the Lubbock Rotary club not long ago on the subject of the increase in crime in the nation, the state, and here in Lubbock.

The facts and figures he reeled off in support of his contention that something should be done—whatever it may be—to improve the situation, were very interesting. Mr. Carr didn't claim to know the answer to how to curb the growing crime problem. But he did say there is an answer, somewhere, and the people of the city, state and nation should seek until they find it.

The assistant DA is right, of course. Good citizens in Lubbock, in Texas and over the U. S. A. should give their attention to the problem, if for no other reason than that good business demands it. Forgetting all about the moral question involved, crime and criminals cost taxpayers too much to be overlooked as a public problem.

* * *

However, at one point in his speech Mr. Carr touched on a weakness which is not applicable to criminals, or even to delinquents, alone. It is a weakness which most of us have—or, at the very least, too many of us.

Seeking to find a reason for an unusually high incidence of juvenile delinquency in a large, unnamed city, Mr. Carr said over 50 per cent of youngsters polled on the subject couldn't repeat the Ten Commandments. On the surface, that seems to be a pretty high percentage.

We got to thinking about it, though. We soon found ourself wondering how many Rotarians listening to Mr. Carr could repeat the Ten Commandments. Although the Rotary club, like other similar organizations, is made up pretty generally of outstanding citizens of our town, we doubt very much if their record on the Ten Commandments would be any better than that of the youngsters polled in the unnamed city.

* * *

IT isn't anything to be proud of, but, to be honest, we must admit that we can't repeat the Ten Commandments. We doubt if very many adults—especially male adults—can do so, including many male adults who are church officers.

Now before any reader starts snorting about this statement, let him, or her, try repeating the Ten Commandments. Chances are a majority of even those who consider themselves paragons of virtue will fall on their faces before they get through Commandment No. 6.

The trouble is, of course, that most of us haven't taken time to read, or frequently consider, the Ten Commandments since we learned them as kids. This lethargy, doubtless, is not only responsible for much crime, but also for wars and rumors of wars, just plain human cussedness of various sorts, and a whole lot of sadness.

WE had a letter fram an anonymous reader the other day which seems to us to be worthy of consideration, if and when opportunity presents itself.

The letter read:

"I have seen several times a suggestion that the name of Avenue Q be changed.

"My suggestion for the new name would be 'Carl Slaton Boulevard.'

"I have always felt that something in the city should be named in memory of this man who, I feel, hastened the end of his lifespan in giving so much of his strength to the city's administration.

"Widened Avenue Q was one of the city projects begun during Mr. Slaton's term of office."

We agree, and have here stated before, that Carl Slaton's memory should be kept green by naming for him something of importance in Lubbock. For the benefit of newcomers, Mr. Slaton was the only three-term mayor in Lubbock's history—and a very good one, too.

BY DREW PEARSON: BACKSTAGE PRESSURE IS ON TO CALL OFF THOMAS INQUIRY

Hoover Hasn't Located Much Federal Disloyalty

WASHINGTON.—Behind the move to shift the grain-speculation probe from the Senate appropriations committee to the Senate expenditures committee is a strong backstage attempt to hush up the facts regarding the amazing grain and cotton deals of Senator Elmer Thomas of Oklahoma.

PEARSON

The drive to let Senator Thomas off the hook is spearheaded by Senator Millard Tydings of Maryland, with the support of most other Democrats in the appropriations committee. They don't like to see a fellow Democrat in trouble, and Thomas himself happens to be a member of this committee.

During a recent closed-door appropriations committee meeting Tydings bluntly demanded of Senator Ferguson of Michigan, Republican, that the Thomas probe be called off.

"He's written you a letter telling of his market transactions," declared Tydings. "What more do you want? There's no use continuing this persecution."

"Nevertheless," replied Ferguson, who is chairman of the subappropriations committee probing grain speculators, "I'm going to continue the investigation of Senator Thomas and all others until I get the facts."

However, Tydings and colleagues have managed to block an expenditure of $20,000 which Ferguson needs to pay investigators before he can proceed further. Appropriations committee Democrats are expected to vote against this $20,000 unless their colleague, Thomas, is exempt from further inquiry. Also it looks as if enough Republicans would join them to save the gentleman from Oklahoma.

In fact, when the question of publicizing grain speculators arose last December, Senator Chan Gurney of South Dakota and Leverett Saltonstall of Massachusetts joined the Democrats in voting no.

That is why hard-hitting Senator Styles Bridges of New Hampshire, chairman of the appropriations committee and who favors a full and fearless investigation, has worked out a plan with Ferguson to transfer the speculation probe over to the Senate expenditures committee. Ferguson is also a member of this committee, and would have the support not only of its courageous chairman, Aiken of Vermont, but of a more liberal committee membership, including Thye (Minn.), Hickenlooper (Iowa), Ives (N. Y.), and Taylor (Idaho).

Note—Aside from Bridges and Ferguson, the Senate appropriations committee includes some of the most reactionary members in the Senate—McKellar (Tenn.), Brooks (Ill.), Wherry (Neb.), Dworshak (Idaho), McCarran (Nev.), Overton (La.), and Thomas himself.

Loyal U. S. Servants

People who have been worried about the Red scare and the specter of spies working inside the U. S. government should be reassured from J. Edgar Hoover's investigation of so-called "disloyalty." Actually, Hoover hasn't found very much of it.

Hoover's efficient G-men have now been able to investigate 418,104 U. S. employees. Of this number, only 399 were found to have records which warranted even the remotest suspicion.

Of these 399, in only 8 cases did any disloyal data develop. Twenty-five government employees resigned during the investigation and some of the other remaining cases have not yet been finished. However, it looks as if so-called disloyalty is going to run far less than 1/10 of 1 per cent.

CONGRESSMAN Forrest Harness, Indiana Republican, is preparing another hot report criticizing the Army for using public funds to propagandize for peacetime conscription.

Harness will charge that the Army is continuing its propagandizing at public expense, desite a report by the house expenditures committee last July clearly showing that brass hats were violating the law and had spent more than $50,000 of the public's money for lobbying purposes.

When called on the carpet, Secretary of the Army Royall said he had "no personal knowledge" of the lobbying campaign and he "had no apologies to make."

* * *

Royall was technically right on the first point, since he became Secretary of War in July, though as Undersecretary of War he should have known what was happening and used his influence against it. However, Congressman Harness' second report will charge that since July the Army has been sending men from its new UMT unit at Fort Knox, Ky., to all parts of the country to make speeches before Rotary, Kiwanis, and Lions clubs, plugging compulsory military training. The congressman from Indiana will charge that these and other speeches are made at the taxpayers' expense.

Note—Whereas FDR had a great yen for the Navy, Harry Truman fondly remembers his days in the Army. Visiting with the Reserve Officers association the other day, he said proudly, "I am still a colonel in the reserve."

Americans Must Decide How Atomic Force Will Be Used

WASHINGTON — In a recent speech Chairman David Lilienthal of the Atomic Energy commission told a story about Orville and Wilbur Wright.

The two brothers left their successful bicycle business in Dayton, Ohio, some forty-odd years ago to try out their homemade airplane in North Carolina. One day their sister in Dayton got a telegram reading: "First sustained flight today. 59 seconds. Very happy. Home by Christmas." She rushed to a local newspaper office with the word-shaking news that man for the first time had made a flight in a heavier-than-air machine. The next day, in the personal columns, the following headline appeared: "Popular local bicycle merchants home for holidays."

CHILDS

Lilienthal told this story, which may well be legendary, to illustrate how a discovery meaning revolutionary change ran be ignored, or so little understood as to be almost disregarded. When the Wright brothers took their contraption off the sands at Kitty Hawk, N. C., the destruction of great cities by mass bomber attacks became possible.

The members of the AEC are trying to make the American people understand what a revolution has been wrought by atomic fission. It began with a talk by Lilienthal last September at Crawfordsville, Ind. He assailed the idea that atomic science was so difficult, so remote, so awesome, that only a little priesthood could understand it. The American people, said Lilienthal, must know and understand this new force. They must know because they, rather than a priesthood of scientists and men in uniform, must decide how this force is to be used.

* * *

The Shadow Of Fear

Commissioners M. W. Waymack and Sumner T. Pike, as well as Lilienthal, have repeatedly stressed this theme. The goal is to overcome the shadow of fear and mystery cast over the whole subject in the wake of Hiroshima and Nagasaki.

Whether this effort will succeed, only time will tell. But in every way, through traveling exhibits, through discussion and debate, the AEC is doing all in its power to stir active, constructive public interest in the force that can spell life or death. Recently when he put one of Lilienthal's talks in the Congressional Record, Rep. W. Sterling Cole of New York, vice chairman of the joint Senate-House Atomic committee, praised AEC for working to inform Americans so that they "can make intelligent decisions which will guarantee to the world that our use of atomic energy will be for peaceful purposes alone."

Necessarily, of course, 99 percent of AES's work is secret and the whole operation is surrounded by a rigid security network. When you call on one of the commissioners, you must observe the kind of regulations that prevailed during the war at the highest military levels.

At the door of the Public Health Service building, where AEC has its offices, a check is made to determine whether you have a bona-fide appointment. After you fill out a form giving basic data about yourself, you are given a badge and then a guard escorts you to the proper office. You cannot leave that office without another escort. Everywhere are signs, such as: "Have you locked your safe" or "The doors and windows in this room must be l[illegible] and checked each e[illegible]ning."

* * *

THE commission took a further step in persuading retired Justice Owen J. Roberts of the Supreme court to head a five-man loyalty review board. This board differs from the one set up by President Truman for all government employees in that the five distinguished citizens comprising it will make their own rules. In conducting its review cases, the board will see to it "that the national security is protected to the maximum extent, while at the same time affording protection from unfounded accusations to employees of the commission, to employees of its contractors and licensees, and to applicants for employment." Thus both security and the right of the individual to fair play will be safeguarded. The commission is as proud of this achievement as it is of the material progress during the past year.

The ancestors of our present-day goldfish were originally green in color.

Today's Journal Editorial

CAREFUL STUDY NEEDED

Most Lubbock citizens doubtless favor the principle of disability and retirement pensions for city employes. But most of them also will approve the decision of the City commission to investigate thoroughly before proposing definite action on such a proposition.

Preliminary investigation has made clear that the cost to the taxpayer of such protection would be substantial. One tentative plan discussed might require an immediate increase of 15 cents in the city tax rate in order to provide the municipality's share of a disability and retirement fund. Any plan is likely to cost a good deal.

Lubbock citizens, as always, are sure to take a generous view of a matter of this kind. But they would be guilty of poor business judgment if they did not insist upon all the facts available as to cost and operating details before they decide how they feel about such a plan.

The commission is to be commended for proceeding with cautious determination to obtain all the facts possible before submitting any pension plan to a special election. In no other way can the citizenship decide intelligently whether the plan is financially feasible—and no plan would be worth a continental unless it is financially sound and practical

"Try And Stop Me"

BERT LAHR hailed Columnist Irving Hoffman on Broadway and exclaimed, "I've got a scoop for you. It's about Sally Whosis—you know, her father has that store on Thingamabob Avenue. Well she's eloped to some place or other with Bob Whatchemacall-it."

Hoffman replied, "Thanks, Bert. I heard vaguely about it the other day, but this is the first time I've gotten all the details."

Seed Growers To Meet Here

A prominent group of speakers has been secured for the annual meeting of the certified seed growers of North and West Texas to be held in the Aggie Memorial auditorium at Texas Technological college March 6, according to Dr. A. W. Young, head of the plant industry department.

The all-day program, which will start at 9 a. m. and continue to 4 p. m., will be built around better production of seed, especially in the West Texas area.

Top Officials To Attend

Speakers on the program will be selected from the Texas State department of Agriculture, the Texas Agriculture Experiment station, Texas Technological college and commercial interests. Commercial interests being represented are the Du Pont company and the Texas Wheat Improvement association. Representatives are also expected from the United States Department of Agriculture, Dr. Young said.

Information will be presented on the trend in germanization based on studies of sorghum seed, chemical seed treatments, storm proof cotton, the pink boll worm problem and the use of chemicals in weed control. The Du Pont company will show a motion picture on seed treatment and a summary of proposed certified seed production for the coming year will be given.

Following the meeting the State Seed and Plant Board will receive applications from new growers wishing to raise certified seed during 1948.

Talks are also expected on wheat, sorghum, sudan and cotton, Dr. Young stated, and pointed out that this will be an open meeting and anyone interested in certified seed production is invited to attend.

Hazlip of Laird Hill, to Amarillo; William B. Hildebrand of Vernon, to Borger; Jack William Ingram of Smithville, to San Antonio; James Virgil Jordan of Dawson, to Corpus Christi;

Rodney F. Kirkpatrick of Corpus Christi, to Corpus Christi; Jesse Stovall Knighten of Beaumont, to La Grange; Eddy Koehne of Kerrville, to El Paso; John Edward Lowe, sr., of Dallas, to Tyler; James R. McWhirter of Beaumont, to Bay City; Charles James Marek, jr., of Pleasanton, to Alpine; Irvin Linwood Maroney of New Braunfels, to Del Rio; Preston Warren Nash of Paducah, to Fort Worth; James H. Neese of Fort Worth, to Mexia; Lowell Lee Newman of Granbury, to Houston; Hubert Marion Parks of Richland Springs, to Dallas; Fred M. Pendergrass of Gustine, to Alice; Enis Howard Pike of Henderson, to Liberty; George Edward Read of Fritch, to Weatherford; Jesse Raymond Reed of Gunter, to Sweetwater; Leon Dale Robert of Stephenville, to McKinney; Robert Hayne Ruthford of Henderson, to Jasper; James Albert Schellhase of Comfort, to Harlingen; Everett B. Scott of Fort Worth, to Sherman; Fred Robert Shavers, jr., of Waco, to Harlingen; Bill Odie Simmons of Austin, to Gainesville; Leslie Lee Smith, of Sherman, to Cleburne; Willie Conrad Sommer, jr., of Texarkana, to Terrell; Robert Franklin Stinnett of Vernon, to Vernon; Robert Earl Thomas of Cisco, to Abilene; Winford Wesley Wade of Ferris, to Bonham; John Bryant White of Baird, to Dallas; Marquis Henry White of Trinity, to Houston; John Karner Willis of Tehuacana, to Greeneville; and David John Wolfe of Miami to Memphis.

In conjunction with the announcement came the information that new patrol stations at Cleburne, Gainesville, Bonham, Bay City, Cotulla, Borger and Seminole had been reactivated.

Examinaitons already have been given for the second recruit training school and men are now being called for this school which commences April 1, at Camp Mabry. Approximately 50 recruit patrolmen will attend.

Two more recruit schools will be held for 60 or more men in each, beginning Aug. 1 and Dec. 1, and examinations for these positions will be given at an early date at the following district offices of the Texas Highway patrol: Austin, Dallas, Abilene, Wichita Falls, Amarillo, Lubbock, Pecos, San Angelo, Uvalde, Corpus Christi, Houston, Tyler, Harlingen, and Fort Worth.

The patrolmen for these two final schools will be chosen at those district offices and later taken to Austin for training, it was announced.

Chief W. J. Elliott of the patrol in Austin said that qualifications for these recruit patrolmen positions are: From 21 to 35 years old; at least 5 feet 8 inches tall barefoot; must not weigh less than two pounds per inch of height nor more than three and one-half; must be of excellent moral character; be physically able to pass a rigid examination; must have a high school education or the equivalent; and must have been a resident of Texas for a year or more.

He said he had a large number of applicants now on file and that he would be glad to hear from other qualified applicants if they are interested in patrol work.

"Wetbacks"

(Continued From Page One)

and back the workers come, hoping to pass another winter without having to return to Mexico.

Some Under Agreements

Some came in under working agreements. Some possibly overstayed their year's visa providing for a business or professional visit, during which they were supposed to have accepted no gainful employment. Still others are those who, by some manner or other, entered this country illegally after July 1, 1924, when it was required that all obtain immigration visas issued by the American consul at the nearest place of foreign residence. Those who came in earlier, whether legally or otherwise, are not deportable.

Peace officers of this section express amazement at the ease of border patrolmen in identifying Mexicans who entered this country illegally.

A group of border patrolmen may leave Lubbock county jail and be back within 30 minutes with as many as a dozen wetbacks.

Single Them Out

Officers can drive down the street and single out from hundreds of Mexicans living in this country legally a big percentage of the ones who made illegal entry.

Questioning of prisoners reveals the patrolmen will be "right" in at least 70 per cent of their arrests.

How do they do it?

There are several methods. Patrolmen watch manner of walking and listen to idiomatic expressions and inflections of language.

Mexicans south of the border, particularly the poorer classes, wear a sort of sandal tied with thongs. They get the habit of lifting their feet in walking, so they won't get a gravel and clods between their feet and the soles of the sandals. It requires many months of wearing shoes before they get over the habit. It is noticeable to newsmen watching wetbacks being loaded into their buses for the trip back home how many of them walk with a pronounced foot lifting.

A Curious Effect

Living for years in the United States creates a curious effect in the language of those who learned to speak in Mexico. Whereas the wetback who has been in the United States only a few months adheres rather closely to the language as he learned it, Mexicans who have lived here longer have changed their speech so as to include in it English slang and swearing. They speak a peculiar jargon of Spanish, Indian and English, sometimes intermixing the three so that the border patrolmen easily recognize approximately how many years the speaker has been in this country.

By the same token, the patrolmen, almost all of whom are fluent in use of Spanish, quickly spot by idioms heard those who have been over a comparatively brief time.

The first time a Mexican alien is arrested for illegal entry, he is simply transported home at expense of the government. On subsequent arrests he may be charged, tried and imprisoned in this country.

They Don't Inform

Mexicans do not inform against each other as a rule—unless one, like members of other races, has a mortal enemy he wants to get rid of.

Humane and courteous in their work, the border patrolmen are careful not to export families where there is illness among its members. A recognizance system is employed to keep such a family in place until the next visit of the patrolmen.

The Mexicans started on their way back home from this section have been philosophic. They laugh and talk among themselves, shrug their shoulders and engage in other pleasantries while loading two-ton trucks with their belongings—which occasionally include recently acquired expensive luggage.

It was good while it lasted. They made money, and still have more than they perhaps ever had before coming to this country.

And—since the border patrol can't station men every 10 feet along the Texas-Mexico boundary—they may come back, or some of them.

After all, the river isn't difficult to cross, and the money on this side is plentiful.

Becoming A Habit

It's becoming a habit, it seems—the business of issuing marriage licenses to couples in their sixties and seventies at the county clerk's office here.

Last week, when J. W. Chedester, 74, and his bride to be, Mrs. Viola Bentley, 75, walked up to the clerk's desk, Deputy Clerk Warren Powers asked, "Where's the boy?" Chedester answered quickly, "I'm the boy," and promptly took out a marriage license.

Monday W. E. Bray, 72, and Mrs. Mae Rogers, 61, walked in and obtained a license.

Wednesday it happened again. F. F. Young, 70, and Mrs. Mary E. Simpson, 66, were issued a license.

Bob Blon, lecturer in finance, has been assisting officials in drawing up a workable traffic and pedestrian control plan. Installation of the traffic lights must await arrival of necessary materials, he stated.

Although the Avalanche-Journal is taking the poll of "Leap Year Kids" who live in or near Lubbock only, the name of Phillip Don Snodgrass, 16, son of Mr. and Mrs. C. W. Snodgrass of Abernathy, was also reported.

Training Hops Set

Six Air force planes will arrive here about 10 o'clock Friday morning and will be used by members of the 707th bomb squadron of the Air Force reserve for training flights Friday, Saturday and Sunday, Capt. Cecil E. Jennings, assistant operations officer of the unit said Wednesday night.

Flying will be from 8 a. m. to 6 p. m. Saturday and Sunday, 10 a. m. to 6 p. m. on Friday, Jennings said. Local and formation, as well as some cross-country flying, will be practiced.

Only members of the squadron will be permitted to fly this time, and Jennings asked members to call him at telephone number 6632 for tentative flight schedules.

Former Resident Is Claimed By Death

Friends here have learned of death of Mrs. E. A. Abney, 58, of Bentonville, Ark., a former resident of Lubbock county.

Mrs. Abney died early Friday at her home in Bentonville. Cause of death was attributed to heart disease.

Funeral services and burial were held in Bentonville. She is survived by her husband and a daughter, Lois, both of Bentonville, and several uncles and cousins.

Mrs. Abney and her family moved to Lubbock county about 33 years ago, and lived near Abernathy for three years. In 1944 they moved to Benton county, Arkansas, where she lived until her death.

TO CONSIDER LOANS

McALLEN, Feb. 26 (AP) — The Farmers Home administration will now consider loans up to $16,000 on valley lands, Sen. Connally (D-Tex) has announced. In the past, the limit on valley loans has been $12,000.

Cafeteria Vote

(Continued From Page One)

diminished; 6 Other schools comparable to the Lubbock system have found it desirable to have either a 20 or 30-minute lunch period.

Matthews' statement added that elementary principals approved continuance of the 30-minute program after having observed its effects.

Each School To Decide

Results of the vote, the school board made clear at its Tuesday night meeting, will affect each school community separately. If the patrons of one school district vote to discontinue the cafeteria and the 30-minute lunch period, it will affect only that one cafeteria.

Dr. J. William Davis, who represented a group of Roscoe Wilson patrons in a recent discussion with the school board regarding time-schedules in the cafeterias, said yesterday he is "sorry that the questionnaire did not carry a third alternative" on which patrons might vote.

"When we appeared before the school board concerning lunch hour 'staggering,'" he said, "we suggested lengthening the time set aside for lunch, not doing away with cafeterias. I am in favor of cafeterias. I think Lubbock schools need them. What many patrons are contending for," he continued, "is not doing away with the cafeteria service but, instead, arranging the eating schedule so children whose parents want them home for the noon meal can go home."

Take Off Ugly Fat With Grape Fruit Juice Recipe
It's simple. It's amazing, how quickly one may lose pounds of bulky, unsightly fat right in your own home. Make this recipe yourself. It's easy — no trouble at all and costs little. It contains nothing harmful. Just go to your druggist and ask for four ounces of Liquid Barcentrate. Pour this into a pint bottle and add enough grapefruit juice to fill bottle. Then, take two tablespoonsful twice a day. That's all there is to it.
If the very first bottle doesn't show you the simple, easy way to lose bulky fat and help regain slender, more graceful curves; if reducible pounds and inches of excess fat don't just seem to disappear almost like magic from neck, chin, arms, bust, abdomen, hips, calves and ankles, just return the empty bottle for your money back. Follow the easy way endorsed by many who have tried this plan and help bring back alluring curves and graceful slenderness. Note how quickly bloat disappears — how much better you feel. More alive, youthful appearing and active. Adv

Seed Growers To Meet Here

A prominent group of speakers has been secured for the annual meeting of the certified seed growers of North and West Texas to be held in the Aggie Memorial auditorium at Texas Technological college March 6, according to Dr. A. W. Young, head of the plant industry department.

The all-day program, which will start at 9 a. m. and continue to 4 p. m., will be built around better production of seed, especially in the West Texas area.

Top Officials To Attend

Speakers on the program will be selected from the Texas State department of Agriculture, the Texas Agriculture Experiment station, Texas Technological college and commercial interests. Commercial interests being represented are the Du Pont company and the Texas Wheat Improvement association. Representatives are also expected from the United States Department of Agriculture, Dr. Young said.

Information will be presented on the trend in germanization based on studies of sorghum seed, chemical seed treatments, storm proof cotton, the pink boll worm problem and the use of chemicals in weed control. The Du Pont company will show a motion picture on seed treatment and a summary of proposed certified seed production for the coming year will be given.

Following the meeting the State Seed and Plant Board will receive applications from new growers wishing to raise certified seed during 1948.

Talks are also expected on wheat, sorghum, sudan and cotton, Dr. Young stated, and pointed out that this will be an open meeting and anyone interested in certified seed production is invited to attend.

In conjunction with the announcement came the information that new patrol stations at Cleburne, Gainesville, Bonham, Bay City, Cotulla, Borger and Seminole had been reactivated.

Examinaitons already have been given for the second recruit training school and men are now being called for this school which commences April 1, at Camp Mabry. Approximately 50 recruit patrolmen will attend.

Two more recruit schools will be held for 60 or more men in each, beginning Aug. 1 and Dec. 1, and examinations for these positions will be given at an early date at the following district offices of the Texas Highway patrol: Austin, Dallas, Abilene, Wichita Falls, Amarillo, Lubbock, Pecos, San Angelo, Uvalde, Corpus Christi, Houston, Tyler, Harlingen, and Fort Worth.

The patrolmen for these two final schools will be chosen at those district offices and later taken to Austin for training, it was announced.

Chief W. J. Elliott of the patrol in Austin said that qualifications for these recruit patrolmen positions are: From 21 to 35 years old; at least 5 feet 8 inches tall barefoot; must not weigh less than two pounds per inch of height nor more than three and one-half; must be of excellent moral character; be physically able to pass a rigid examination; must have a high school education or the equivalent; and must have been a resident of Texas for a year or more.

He said he had a large number of applicants now on file and that he would be glad to hear from other qualified applicants if they are interested in patrol work.

"Wetbacks"

(Continued From Page One)

and back the workers come, hoping to pass another winter without having to return to Mexico.

Some Under Agreements

Some came in under working agreements. Some possibly overstayed their year's visa providing for a business or professional visit, during which they were supposed to have accepted no gainful employment. Still others are those who, by some manner or other, entered this country illegally after July 1, 1924, when it was required that all obtain immigration visas issued by the American consul at the nearest place of foreign residence. Those who came in earlier, whether legally or otherwise, are not deportable.

Peace officers of this section express amazement at the ease of border patrolmen in identifying Mexicans who entered this country illegally.

A group of border patrolmen may leave Lubbock county jail and be back within 30 minutes with as many as a dozen wetbacks.

Single Them Out

Officers can drive down the street and single out from hundreds of Mexicans living in this country legally a big percentage of the ones who made illegal entry.

Questioning of prisoners reveals the patrolmen will be "right" in at least 70 per cent of their arrests.

How do they do it?

There are several methods. Patrolmen watch manner of walking and listen to idiomatic expressions and inflections of language.

Mexicans south of the border, particularly the poorer classes, wear a sort of sandal tied with thongs. They get the habit of lifting their feet in walking, so they won't get a gravel and clods between their feet and the soles of the sandals. It requires many months of wearing shoes before they get over the habit. It is noticeable to newsmen watching wetbacks being loaded into their buses for the trip back home how many of them walk with a pronounced foot lifting.

A Curious Effect

Living for years in the United States creates a curious effect in the language of those who learned to speak in Mexico. Whereas the wetback who has been in the United States only a few months adheres rather closely to the language as he learned it, Mexicans who have lived here longer have changed their speech so as to include in it English slang and swearing. They speak a peculiar jargon of Spanish, Indian and English, sometimes intermixing the three so that the border patrolmen easily recognize approximately how many years the speaker has been in this country.

By the same token, the patrolmen, almost all of whom are fluent in use of Spanish, quickly spot by idioms heard those who have been over a comparatively brief time.

The first time a Mexican alien is arrested for illegal entry, he is simply transported home at expense of the government. On subsequent arrests he may be charged, tried and imprisoned in this country.

They Don't Inform

Mexicans do not inform against each other as a rule—unless one, like members of other races, has a mortal enemy he wants to get rid of.

Humane and courteous in their work, the border patrolmen are careful not to export families where there is illness among its members. A recognizance system is employed to keep such a family in place until the next visit of the patrolmen.

The Mexicans started on their way back home from this section have been philosophic. They laugh and talk among themselves, shrug their shoulders and engage in other pleasantries while loading two-ton trucks with their belongings—which occasionally include recently acquired expensive luggage.

It was good while it lasted. They made money, and still have more than they perhaps ever had before coming to this country.

And—since the border patrol can't station men every 10 feet along the Texas-Mexico boundary—they may come back, or some of them.

After all, the river isn't difficult to cross, and the money on this side is plentiful.

Becoming A Habit

It's becoming a habit, it seems—the business of issuing marriage licenses to couples in their sixties and seventies at the county clerk's office here.

Last week, when J. W. Chedester, 74, and his bride to be, Mrs. Viola Bentley, 75, walked up to the clerk's desk, Deputy Clerk Warren Powers asked, "Where's the boy?" Chedester answered quickly, "I'm the boy," and promptly took out a marriage license.

Monday W. E. Bray, 72, and Mrs. Mae Rogers, 61, walked in and obtained a license.

Wednesday it happened again. F. F. Young, 70, and Mrs. Mary E. Simpson, 66, were issued a license.

Bob Blon, lecturer in finance, has been assisting officials in drawing up a workable traffic and pedestrian control plan. Installation of the traffic lights must await arrival of necessary materials, he stated.

Although the Avalanche-Journal is taking the poll of "Leap Year Kids" who live in or near Lubbock only, the name of Phillip Don Snodgrass, 16, son of Mr. and Mrs. C. W. Snodgrass of Abernathy, was also reported.

Training Hops Set

Six Air force planes will arrive here about 10 o'clock Friday morning and will be used by members of the 707th bomb squadron of the Air Force reserve for training flights Friday, Saturday and Sunday, Capt. Cecil E. Jennings, assistant operations officer of the unit said Wednesday night.

Flying will be from 8 a. m. to 6 p. m. Saturday and Sunday, 10 a. m. to 6 p. m. on Friday, Jennings said. Local and formation, as well as some cross-country flying, will be practiced.

Only members of the squadron will be permitted to fly this time, and Jennings asked members to call him at telephone number 6632 for tentative flight schedules.

Former Resident Is Claimed By Death

Friends here have learned of death of Mrs. E. A. Abney, 58, of Bentonville, Ark., a former resident of Lubbock county.

Mrs. Abney died early Friday at her home in Bentonville. Cause of death was attributed to heart disease.

Funeral services and burial were held in Bentonville. She is survived by her husband and a daughter, Lois, both of Bentonville, and several uncles and cousins.

Mrs. Abney and her family moved to Lubbock county about 33 years ago, and lived near Abernathy for three years. In 1944 they moved to Benton county, Arkansas, where she lived until her death.

TO CONSIDER LOANS

McALLEN, Feb. 26 (AP) — The Farmers Home administration will now consider loans up to $16,000 on valley lands, Sen. Connally (D-Tex) has announced. In the past, the limit on valley loans has been $12,000.

Cafeteria Vote

(Continued From Page One)

diminished; 6 Other schools comparable to the Lubbock system have found it desirable to have either a 20 or 30-minute lunch period.

Matthews' statement added that elementary principals approved continuance of the 30-minute program after having observed its effects.

Each School To Decide

Results of the vote, the school board made clear at its Tuesday night meeting, will affect each school community separately. If the patrons of one school district vote to discontinue the cafeteria and the 30-minute lunch period, it will affect only that one cafeteria.

Dr. J. William Davis, who represented a group of Roscoe Wilson patrons in a recent discussion with the school board regarding time-schedules in the cafeterias, said yesterday he is "sorry that the questionnaire did not carry a third alternative" on which patrons might vote.

"When we appeared before the school board concerning lunch hour 'staggering,'" he said, "we suggested lengthening the time set aside for lunch, not doing away with cafeterias. I am in favor of cafeterias. I think Lubbock schools need them. What many patrons are contending for," he continued, "is not doing away with the cafeteria service but, instead, arranging the eating schedule so children whose parents want them home for the noon meal can go home."

Take Off Ugly Fat With Grape Fruit Juice Recipe

It's simple. It's amazing, how quickly one may lose pounds of bulky, unsightly fat right in your own home. Make this recipe yourself. It's easy — no trouble at all and costs little. It contains nothing harmful. Just go to your druggist and ask for four ounces of Liquid Barcentrate. Pour this into a pint bottle and add enough grapefruit juice to fill bottle. Then take two tablespoonsful twice a day. That's all there is to it.

If the very first bottle doesn't show you the simple, easy way to lose bulky fat and help regain slender, more graceful curves; if reducible pounds and inches of excess fat don't just seem to disappear almost like magic from neck, chin, arms, bust, abdomen, hips, calves and ankles, just return the empty bottle for your money back. Follow the easy way endorsed by many who have tried this plan and help bring back alluring curves and graceful slenderness. Note how quickly bloat disappears — how much better you feel. More alive, youthful appearing and active. adv
