It is a good idea to can more than you need for the winter. The extra canning will be used for the spring and summer months. This is especially true for those who live in a hot climate. Gib Sandefer
For Representative,
17th Congressional District

"You, I've met thousands of people in this world, but never a man I didn't like," the late
W. E. Rogers said a youthful Gib Sandefer 25 years ago in the Hardin-Shannon University
campus, where the famed humorist and poet-will diplomat was a guest.

That late all-arounder saying of W. E. Rogers has been Gib Sandefer's creed down through
the years. He has traveled the world over, and everywhere he has made and left friends.

Gib Sandefer was born on the John Tarleton College campus while his father was presi-
dent of that institution, and was reared in the 17th Congressional District. He is 40 years of
age, married, and the father of one daughter. He is not wealthy, not aspiring to attain great
quantities of the world's goods, but finding greater wealth instead in the friendships of his
beloved man.

He attended Ardmore public schools. In 1927, he was graduated from Hardin-Shannon,
where for 23 years his father, the late Dr. Jefferson Davis Sandefer, was president. He stayed
with the university as Business Manager of Athletics and as manager of the famous and col-
ored Lumber Band. It was through his ability to make the right contacts, that he found
27 foreign countries, gave constant performances before crowded halls of Europe, and trav-
eled 20,000 miles spreading the music and spirit of the West Texas Cowboy.

In 1928, Gib Sandefer bought a small ranch in Nolan county, and operated it with success
until disposing of it in 1942.

He declined a Navy commission that carried a desk assignment in Washington, D. C. He
became a field representative of the American Red Cross in various combat areas of the recent
war—in Africa, in Italy, and in the China-Burma-India Theaters. Here, he taught the United
States as a lecturer asking for greater work efficiency and a more thorough understanding of
the other man's problems in the name of assuring the future peace of the world. He recently
declined a radio contract to offer his services to this district as representative in Congress.

"I AM GLAD I WAS ABLE TO STOP PAYMENT ON THE CHECK"

"I know I was foolish to trust a stranger the way I did. But he was so honest and friendly-

looking! I never suspected that all he was after was the 'down payment' for himself—that he never intended to deliver the goods at all! No wonder he priced them so cheap.

"Lucky for me I gave him a check instead of cash as he wanted me to. So when I discovered the deception, I phoned the bank and stopped payment on the check.

"That makes another good turn that my checking account has done for me."

Farmers are very busy threshing grain and baling hay. The grain is pretty sorry this year on account of the green bugs. The oats are making from ten to forty bushels per acre and the wheat from four to ten bushels per acre.

J. B. Jaggars and family of Carlton spent the day Sunday with M. T. Fields and family.

S. N. Akin had all his children at home Sunday except one son, Elbert, who is in school at Howland and Payne, Brownwood. He didn't get to come on account of an appointment to preach in Young County. Those present were N. N. Akin and family of Hico, N. T. Akin and family of San Antonio, Carrol Akin of John Tarleton, Stephenville and S. D. Akin and family and Lloyd, all of the parental home.

Winford Gardner and family spent Sunday visiting with relatives of near Hamilton.

Brother Grayson Tennison and wife of Desdemona spent Saturday night in the W. H. and J. W. Abel home.

AGAIN At Your Service!

During my "hitch" with the Army I constantly looked forward to the time when my wife and I could be back in Hico among our friends, conducting our own business which we have enjoyed so much in the past.

That time has now arrived, and after a short rest following my recent discharge I wish to announce that I will take over the operation of my Texaco Service Station in Hico next Monday, July 1.

Pete Norwood, another veteran employee, will be on hand to help give that courteous service you liked so well in the past, and we are looking forward to a visit soon and often from car owners of this section.

THIS AND THAT BY JOE SMITH DYER

ESSENTIAL TO FRIENDSHIP:

A kindly but uneducated old lady, sad because of the loss of a neighbor, said to me one time: "We were good friends for thirty years because we congealed well together." She was earnest and sincere and I have always been grateful for this illiterate but illuminating definition of friendship.

Congeniality, yes, and more, compatibility, both are necessary if friendships are to be of the lasting kind. We cannot reconcile ourselves to whole-hearted, honest relations of friendship if thoughts are not in accord. If ideas and ideals are radically at variance.

Especially is this true of our sense of humor. We must laugh in concert, we must chuckle in unison, we must be earnest and sincere to get the real meaning of the friendships that gratify and satisfy.

Man's inherent desire for true companionship is not realized until with some kindred soul laughter is spontaneous, because of that instantaneous understanding and mutual acceptableness of the little oftentimes trivial incidents of daily living.

AN OPEN LETTER TO REGGIE'S TEACHER:

(Repeated by request of Mrs. Selma Drew of Pueblo, Colo.) Waco, Texas January 28, 1943 Dear Teacher:

Today I visited school. I saw you at work. I saw my child along with twenty-seven others. How I wish that every mother would take time occasionally to visit school. I saw my young son as the same talkative, giggling rascal that he is at home. Yes, even to the silly habit he has of pulling up his trousers leg and scratching his ankle before he answered the questions you asked him.

I could hardly hold myself down when he all but stood on his head while attempting to get some papers from out of his desk, only to find that the papers were on the floor, under the desk, and had been mussed up by his feet.

All these things, and many more, I, his dotting mother witnessed. Multiply this by twenty-seven, take me away from the scene of action, attempt to interest him and all the others in any subject or combination of subjects when playtime is near—then I can begin to understand some of the problems that come to you day by day.

Today you were understanding and patient. Your voice was clear and calm. You simply radiated cheerfulness and enthusiasm and I saw in you what we mothers do not possess—a spirit of joy and a sense of humor. But best of all I felt that you really had a love for and an understanding of wiggly little Reggie. Yes, dear teacher, I went to school today and I, too, learned my lesson.

Gratefully yours, Reggie's Mother.

The most valuable individual in an organization is the cheerful, helpful human. Cheerful people refresh us; hopeful people help us; and knowing this, it is everyone's duty to perform his or her part of cheerfulness.

BIG CITIES MUST GO

There is nothing to worry about in the fact that the army and navy are studying the caves and caverns of the United States to see what ones would be suitable for storing weapons, planes and people.

But it seems to us that in addition to looking for caves and perhaps making plans for the manufacture of goods and weapons underground, our government should be giving a lot more attention than it is to the decentralization of industry.

We can't hope to, and don't want to carry on all manufacturing underground during peacetime, but we could work toward spreading out production over our vast country instead of concentrating it on a few overloaded cities. The greatest temptation of any nation which might consider attacking us would be the fact that it would require the destruction of a dozen or so cities to paralyze our production.

RESPONSIBILITY FOR THE FUTURE

All history is punctuated with predictions by famous men of the time that the world is on the brink of disaster. Thus, we are able, when we hear similar predictions today, to take them with a grain of salt.

VETERANS QUESTION BOX

Ed. Note: This newspaper has arranged with the Washington Bureau of National Weekly Newspaper Service, 1616 Eye St. N.W., Washington 6, D.C., to answer questions pertaining to servicemen and veterans. These questions will be answered in this column if addressed as above. No replies can be made by mail, but this paper will print answers to all questions received.

Q. Can you tell me where Headquarters company, 3rd Bn., 5th marines, 1st marine division is located? We have not heard from our son since January 23, so we don't know what to think.—Mr. and Mrs. V. J. Dearborn, Mich.

A. Headquarters company of the 1st marine division is at Tientsin, China. Mail to China is now going mostly by ship which takes much longer than by air. Marine headquarters says that recently a mail plane almost crashed, threw mailbags overboard, but later recovered them, but it slowed up this delivery of mail considerably.

Q. What does an ex-serviceman rate who served in peacetime from 1923 to 1927, honorably discharged from the U. S. navy? Is he eligible to the so-called G.I. bill of rights?—J. C., Coffeeville, Miss.

A. No. Benefits of the G.I. bill apply only to eligible veterans of World War II.

Q. I would like to know if the Veterans' administration is under civil service and if you could retire on a pension if you worked for the Veterans' administration?—W. V., Nashville, Tenn.

A. Yes, Veterans' administration is under civil service with the exception of the medical division which was just recently removed from civil service. Employees of Veterans' administration are then, with this exception, eligible for the civil service retirement plan.

Q. During the war the military academy reduced its length of training. Can you tell me when the course of training at West Point will be restored to four years?—Mrs. J. G., Amarillo, Texas.

A. The war department says that beginning with the next academic year this summer, the 4-year course will be required of all new students and for all cadets with the exception of the members of the present first, or senior class and one-half the members of the second class.

HOUSE AND HOME

WHILE EXPERIENCE may be an excellent teacher she is sometimes too dear a one, so a few suggestions regarding the choice of summer vegetables and fruits seem quite timely.

And remember this, no matter how carefully you or your marketman may select your vegetables, careless handling after their arrival in the home will make them lose much of their succulence.

The largest fruits and vegetables are by no means always the best unless they are heavy in proportion to their size.

A particularly large vegetable or fruit may be forced produce and lacking in flavor. Here is where the fragrance of the fruit becomes a determining factor.

Smell your fruits. A fragrant odor indicates a fresh, well flavored and sweet fruit. Good color means maturity and freshness in vegetables as well as fruits and of course the crispness of tops and leaves and hulls and stems is most essential for freshness.

When you market for new beets look for those with green unwilted tops. The beets themselves should be smooth with one straight root and be of a dark red color.

Beans should be smooth, of bright color, be it green or yellow and the pods long and brittle. A slender firm bean usually means a tender, stringless cooked bean.

Berries of any kind should be clean, fragrant, firm and evenly colored. Cabbage this time of year is never hard and white as winter cabbage but it should be firm and crisp.

Cherries should be large, perfectly formed and not over-ripe. Cucumbers are less likely to be seedy if they are not too large in diameter and are at least two-thirds dark green in color. They should be smooth and firm from end to end. Yellow spots and a yellowed end are signs of age.

All the green-leaved vegetables such as spinach, Swiss chard, lettuce and kale should have small fresh crisp leaves and tender stems.

Jack Jacques of Cobden, Ill., a former roommate of Paul Kenneth Wolfe at Kemper Military School spent several days here in the Wolfe home. They left Wednesday for San Antonio and Austin, as Paul plans to reenter Texas State University for the summer session.

Mr. and Mrs. Leslie Kinser and children, Billy and Naomi, of Levelland visited here last week end with friends and relatives. They also visited in Duffau with her parents, Mr. and Mrs. Eck Bell. Another visitor in the Bell home was Mrs. Grace Daniels of San Angelo.

Mr. and Mrs. Claude Dudley and daughter, Betsy, of Tulla visited here Sunday with his sister and husband, Mr. and Mrs. H. N. Sellers. They were returning home from Austin, where Betsy has been attending the University of Texas.

Arthur Hendricks and Mr. and Mrs. William Hicks and daughter, Pansy Nell, spent the week end in Marfa visiting Mr. and Mrs. Henry Barnes Hicks. Mrs. Hubert Johnson and daughters, Nelta Joy and Katie Ann accompanied them to Big Lake to visit a cousin, Mr. and Mrs. T. L. Wright and family.

E. S. Rhoades reports the following visitors in his home last Sunday: Mr. and Mrs. Worth Wren, Mr. and Mrs. Tom Loden and son, Jerry Don, all of Lampasas; Hershel Wren of Lubbock, and Glen Mitchell of Adamsville. Tuesday visitors in the Rhoades home were Mrs. Frank Phillips and Mrs. O. W. Wren of Lampasas, and also the Lodens.

BLANTON'S PLATFORM MADE IN JUNGLES

When Bill Blanton decided to run for Congress, he was on the other side of the world, in the Burma jungles. He didn't know whether he would get home, but if he did, there were a lot of things he wanted changed.

At the end of his month-long voyage home, he had his platform clearly in mind. He knew what he wanted done about labor unions, for instance. That is why he hasn't found it necessary to change his platform and adopt a stand on labor unions in the last few weeks of his campaign. (pol. adv.)

Funeral Services For D. M. Sublett Held Monday

Funeral services were held at the Barrow Funeral Home Monday, June 24, for D. M. Sublett, who died suddenly at his home just across the line in Bosque County the previous day. He had not been considered in serious condition since amputation of a leg several weeks ago, and his passing came as a distinct shock to relatives and friends.

Services were conducted by Rev. O. D. Carpenter, pastor of the Hico Baptist Church, with Barrow's in charge of arrangements. Burial was in Hico Cemetery.

David Marion Sublett was born in the State of Alabama on Oct. 22, 1879. He came with his family to Texas at the age of four and settled in Lampasas County, where he lived until moving to Hico several years ago.

He was married Dec. 27, 1909 to Miss Idona Turner, who survives him, along with two daughters, Mrs. A. J. Bishop and Mrs. J. C. Wright, both of Hico. Also surviving are two brothers and two sisters: J. L. Sublett of Alpine, J. H. Sublett of Paducah, Mrs. E. J. Osborn of Merkel, and Mrs. Lula Walker of Abilene, and three grandsons.

Mrs. Mae Bates returned home last Thursday from Liberty and Kansas, Missouri, where she has been visiting friends and relatives.

Mrs. J. D. Seago has sent in a renewal subscription from 2223 Summer St., Waco, Tex. "Can't get along without the home paper," she says.

Visitors this week in the home of Mr. and Mrs. Fred Rainwater are her brother, J. G. McCutcheon, and his mother, Mrs. Pate McCutcheon from Woodsboro.

James Lindy Rainwater, who has been working at Latham's Tailor Shop in Stephenville since graduation this spring, visited his parents, Mr. and Mrs. Fred Rainwater, here Tuesday night. He was accompanied by his sister, Elva Jo Rainwater, and Mary Ona Whitson.

In writing for an extra copy of the News Review that her dad had misplaced around Fort Worth, Ruby Rodgers advised that her health was improved although her doctor had ordered her to remain in bed most of the time. She also reported that her mother, Mrs. W. T. Rodgers, had been in a serious condition for the past six weeks, but said that they were both receiving excellent attention from a native son of Hico, Dr. Holland Jackson, now practicing in Fort Worth.

ERATH COUNTY FIFTH SUNDAY SINGING CONVENTION

The Erath County Singing Convention will hold the next session at the First Baptist Church in Dublin, on June 30, beginning promptly at 1:30 p. m.

"We have a large seating capacity," says a note from Charley Skyles, president of the organization, "and the acoustics are good. All singers and lovers of music have a special invitation to come and bring your books. You will be on the program." "We are expecting all the good singers of the district to be present. Come and enjoy this soul-stirring feast with us."

NOT BIG ENOUGH FOR THE JOB

BUS STOP

Is your home wiring system big enough for its job?

The amount of electricity that a wire can conduct is limited by the size of the wire, just as the amount of water a pipe can carry is limited by the size of the pipe.

Wiring that is too small drops voltage and causes lights to dim and appliances to operate sluggishly . . . frequently results in blown fuses due to overloads. An insufficient number of branch circuits and

outlets necessitates the use of unsightly, unsafe extension cords and limits the use of additional appliances.

If you plan to build, buy or remodel a home, it will pay you to insist on Adequate Wiring. Make sure you have enough circuits of large enough capacity to permit you to enjoy full measure electrical living. Don't let yourself be handicapped by "skimpy" wiring.

What is adequate wiring?

Adequate wiring simply means a service entrance large enough to bring in as much electricity as your home may need at any time, enough branch circuits of large enough wire to conduct a full measure of electrical energy to your lights and appliances, plus plenty of outlets and switches, properly located. Adequate wiring is the key to better electrical living.

Fairy

By Mrs. J. O. Richardson

We have received some rainfall since our last writing which has retarded combining, but will be very beneficial to row crops. Several from here attended funeral services for Mr. West, which were held at Hico last week.

We were very sorry to hear of the death of Mr. John Lackey of Hico. Several from here attended his funeral services which were also held at Hico, but seems there were some who failed to learn of his death in time to attend the services, the writer being one of this number. We extend our deepest sympathy to his bereaved wife and other relatives.

Mrs. A. L. Newman received a message Sunday afternoon from Moody stating her brother, J. W. May, had passed away at 12:20 p. m. Sunday at the home of his daughter, Mr. and Mrs. Walter Phillips of Troy. Mr. May was a son of the late Mr. and Mrs. J. D. May and had spent most of his 87 years of life in Bell County and had resided for the past 50 years or more on his farm in the Buckhorn community 6 miles west of Moody until the past few years, since which time he has made his home with his children. Mr. May was preceded in death by his wife, Mrs. Cardella Wright May, in July, 1913, and his eldest daughter, Mrs. Ruby Goode, in 1940. He leaves to mourn his loss, three daughters and one son, namely Mrs. Lee Andrews, San Antonio, Mrs. Walter Phillips, Troy, Mrs. John Robinett, Houston, and Clarence May, Moody; two sisters and two brothers, Mrs. A. L. Newman, Fairy, Mrs. Laura Nelson, Moody, Lee May of Loraine and Tom May of Gorman. All were present for the funeral services except Tom May, who was unable to attend. Funeral services were held at the home of C. H. (Clarence) May Monday afternoon at 3:00 p. m., being conducted by a Church of Christ minister, of which church he had been a member for many years. His body was laid to rest beside that of his wife in the Buckhorn cemetery. Relatives from here attending the services were Mrs. A. L. Newman, Mr. and Mrs. J. O. Richardson and daughter, Mrs. D. E. Allison of Dublin, Mrs. Gladys Cox and Mrs. Prentiss Newman.

Mrs. Maud Strawn of Hondo, who had spent from Tuesday until Thursday night of last week visiting with her sister, Mrs. Britie Little, returned home early Friday after spending the night in the home of her brother and wife, Mr. and Mrs. S. F. Dickerson. Her daughter, Mrs. Miller, had accompanied her, going on to Fort Worth for a few days' visit with relatives. Mrs. Little accompanied them home for a short visit.

Mrs. Herman Sills and children Jamie and Jo Nell, visited a while Saturday afternoon in the Allen Lewis home.

Mrs. J. O. Richardson and daughter, Mrs. Carl Ray Sellers and Carolyn, spent Sunday afternoon in Hamilton. Mrs. Sellers visited in the home of Mr. and Mrs. Dewey Sellers and her husband's parents, Mr. and Mrs. N. S.

Sellers, while Mrs. Richardson attended singing at Littleville and also visited a short while at the N. S. Sellers home.

Mrs. Carl Ray Sellers was the happy recipient of a letter last Saturday from her husband, Sgt. Carl Ray Sellers, stating he was one of twelve fathers selected from his company to be returned to the states for discharge. He has been stationed in Nuremberg, Germany for the past six months or longer and was overseas 14 months on the 23rd of June. He stated he was scheduled to sail for the States last Sunday, June 23rd.

Mr. Herman Sills and family visited Friday afternoon of last week with his parents, Mr. and Mrs. J. C. Sills of Hamilton and states Mr. Sills seemed to be improved at that time. He has been ill for several months.

Mrs. J. O. Richardson and daughter, Mrs. Carl Ray Sellers and Carolyn were in Dublin Thursday afternoon of last week visiting in the home of their daughter and sister, Mr. and Mrs. D. E. Allison, and children, Mr. and Mrs. Allison have purchased the Wright home in Dublin and will move in around July 1st.

Elmo White Seeks Co. Clerk's Office In Erath County

Elmo White, who placed his name in the announcement column of the Hico News Review for the office of county clerk, Erath county, early in the year, issued a statement the past week that even though it had been impossible for him to visit all the voting precincts, he wanted all voters both men and women, to know that he would appreciate their support in the coming primary election.

Mr. White said that the duties of the office which have been extra heavy during recent years was also complicated by reason of shortage of help. It has therefore been necessary for him to spend most of his time on the job in order to render the service that patrons expect and are entitled to. As a native citizen of Erath county, Mr. White asks re-election and he bases this request on his willingness and ability to take care of the duties of the office. In the event of his re-election, he promises continued diligence and courteous attention to all who have business at the office.

Since Mr. White says that it is a physical impossibility for him to see all the voters, he desires that they accept this as a personal invitation to lend him their aid in securing election to the office he seeks. He will be grateful for anything said or done in his behalf.

Meanwhile Mr. White invites all the people of the county to visit the office of county clerk at any time they are in Stephenville, regardless of whether they have business to take care of or not.

Health Officer Gives Information On "Trench Mouth"

AUSTIN, June 25.—Dr. Geo. W. Cox, State Health Officer, has released some interesting information concerning Vincent's angina which was commonly called "trench mouth" during World War I.

Dr. Cox states that Vincent's angina is a specific infection producing inflammatory condition of the mucous membranes, more commonly those of the mouth, and the disease is spread by indirect as well as direct contact.

"Because of the readiness with which this disease is transmitted, it has been occasionally found in epidemic form among school children and other groups," Dr. Cox states. "Vincent's angina assumed epidemic proportions in the front line trenches in 1914-1918 and it was during this period that the disease became generally known as trench mouth."

Although trench mouth is now worldwide in distribution, reasonable application of preventive measures which are merely those in line with approved personal health practices will be found a sufficient defense against this infection.

According to the State Health Officer, the most common causes of Vincent's angina are neglected mouths, broken teeth fillings, and other types of oral irritation. Daily hygiene, plus the periodic visit to the dentist can be relied upon as reasonable buffers against this infection. However, persons who are very careful regarding oral hygiene can acquire this disease by using infected drinking cups and eating utensils and other personal articles; also by kissing, though healthy gums and mucous membranes have a much superior resistance to the infection than does an unclean mouth.
