Slow Driving Is Also Violation

Col. Homer Garrison Jr., director of the Texas Department of Public Safety, said today the new speed law effective August 23 specifically makes it a violation to drive a vehicle so slow as to impede traffic.

He said that before enactment of the new law it was necessary for a police officer to warn a driver impeding traffic to speed up or get off the road before filing a charge.

"Under the new statute, as we interpret it, whenever a driver is driving slower than the normal and reasonable movement of traffic and thereby impeding that traffic, he will be committing a violation for which he may be charged in court," Garrison said.

The DPS Director also pointed out that under the new law of official bodies having jurisdiction over various kinds of highways are authorized to zone roads for minimum speeds whenever they determine that slower speeds consistently impede traffic. Failure to comply with such minimum speed limits will be regarded as a violation, he added.

"It will be the policy of the Texas Department of Public Safety to stop and take enforcement action against any driver observed to be committing clear-cut and substantial violations of these two provisions of the law," he said.

"Substantial compliance with these provisions should relieve congestion on highways and reduce considerably the differential between top speeds and lower speeds, thus reducing potential conflicts and increasing traffic safety."

Garrison reminded again in connection with the new maximum speed limits of 70 MPH in daytime and 65 MPH at night for passenger cars that these are dependent upon conditions existing on the roadway at the time. The Texas law requires a driver to operate his vehicle "reasonably and prudently" at all times, regardless of the posted limits, he said.

"We repeat that serious problems may develop with the new speed law unless the driving public accepts and applies them with a high degree of responsibility to themselves, their families and others."

Calvin Hammond left this week for Houston, where he will enroll in the University of Houston. He was accompanied to Houston by Mr. and Mrs. W. H. Hammond, who visited Mr. and Mrs. R. R. Rothwell and family.

Alcorn Finds Far More Problems In News Than He Has Any Answers For

Editor note: Achin Alcorn, philosopher on his Johnson grass farm on Sulphur seems a little puzzled this week. It's not the first time.

Dear Editor: There are a lot of things I don't understand.

For instance, those European countries in the Common Market have raised the tariff on American chickens, and the U. S. is thinking of retaliating by raising our tariff on things we import from over there, like perfume and wine.

Why wouldn't it be quicker to set up a tariff on foreign aid? For every dollar we send them, charge them a quarter. As Benjamin Franklin would say today, a quarter saved in one place is a quarter spent in some place else. Or take the airlines. I read the other day that the Civil Aeronautics Board has proposed that the annual subsidy to airlines be reduced from 85 million dollars to 54 million. The airlines object, saying the reduction will reduce air service.

You mean to say the airlines are no smarter than farmers and have been living off of government hand-outs? If airline owners can't make it without government help, why don't they give it up and get a job in town?

On top of this, another article I read listed the grants to municipal airports throughout the

The youth underwent surgery on his foot Monday and was reported resting as well as could be expected Wednesday.

Cook-Funderburk Vows Exchanged

Marriage of Miss Diana Sue Cook to Dale Rodney Funderburk, both of Talco, was solemnized in a formal ceremony Friday evening in the Calvary Baptist Church. Rev. Joe Denton of New Boston, officiated at the double ring ceremony.

Parents of the couple are Mr. and Mrs. John F. Cook and Mr. and Mrs. Jack D. Funderburk, all of Talco.

Mrs. John Brooks, Mt. Pleasant, organist, provided nuptial music and accompanied the soloist, Mrs. Danny Perdue of Mt. Pleasant, who sang "Whither Thou Goest" preceding the ceremony and "O Perfect Love" as the benediction.

Vows were exchanged before a white wrought iron wedding arch garlanded with summer greenery and an arrangement of white gladioli tied with white satin ribbon. On either side of the arch were tall floor standards of white gladioli, flanked by two fourteen branch candelabra entwined with greenery.

The bride, given in marriage by her father, wore a gown of blossom white imported silk organza and French Peau de ange lace. The gown was designed with a basque figurine bodice of lace, embroidered with pearls and formed a portrait neckline. Tiny covered buttons accented the back. The bouffant skirt of silk organza was highlighted with lace cascading over the gown, and drifting into a formal chapel train. Her veil of imported French illusion fell from a crown of pearls. She carried a colonial bouquet of fleur d' amour centered by a white orchid, accented with French tulle and satin streamers tied in love knots.

Mrs. Jackie Mullenix of Dallas was matron of honor. Bridesmaids were Miss Sharon Babb of Holliday and Mrs. James Via of Talco.

1964 Inspection Stickers Ready

Col. Homer Garrison Jr., director of the Texas Department of Public Safety, announced today that the new 1964 vehicle inspection sticker became available September 1 at all Official Inspection Stations in Texas.

"During the summer months, the department has conducted intensive re-training schools for all owners and mechanics of inspection stations," Garrison said. "These men are now qualified and ready to serve the motoring public in their vehicle inspection needs."

More than five million vehicles registered in the state are required by law to be inspected at one of the 5,000 official stations between now and April 16, 1964. Operators of vehicles not displaying the new sticker by that date will be in violation of the law.

Garrison urged motorists to get their vehicles inspected at the earliest possible time and pointed out:

"Since the vehicle inspection program began in Texas, vehicle defects as causative factors in motor vehicle accidents has been reduced from 13 per cent in 1951 to five per cent in 1962. We have every reason to hope that with continued voluntary compliance with this law, accidents can be further reduced."

Jo Ann Mankins Bride D. R. Gipson

Miss Jo Ann Mankins, daughter of Mr. and Mrs. Eugene Mankins of Route 2, Mt. Pleasant and Donald Ray Gipson, son of Mr. and Mrs. Carthal Gipson of Route 1, Talco, were united in marriage in an informal ceremony at the home of the bride, Sunday, Sept. 1 at 2:30 p. m. The Rev. C. H. Paxton, pastor of the Calvary Baptist Church, Talco, officiated at the double-ring ceremony, before an altar of greenery and white carnations.

Preceding the ceremony Miss Nancy Wood of Bogata presented a program of nuptial music. The traditional processional by Wagner and recessional by Mendelssohn were rendered by the pianist. She also gave accompaniment to the vocalist, Miss Jimmy Sue Gandy, as she sang "The Sweetest Story Ever Told."

The bride, given in marriage by her father, was attired in a street length sheath dress of dainty white floral tapestry-type raised brocade. White embroidery edging accented the collar, pockets and elbow-length sleeves of the matching jacket. Her hat was a white velvet trellis half-hat accented with two velvet bows and a short veil. Her flowers, white carnations, were carried atop a white Bible. She observed the traditional "something old, new, borrowed, and blue."

Attending the bride as matron of honor was Mrs. Jerry Russell, sister of the bride. She wore a baby blue nylon brocade organ-dy full skirted dress over blue taffeta with white accessories. Robbie Joe Gipson, brother of the groom, served as best man.

The bride, a 1962 graduate of Talco High School, attended PJC and will enroll at NTSU, Denton, later this month, where she will be a junior business administration major.

The groom graduated from Talco High School in 1959 and attended PJC. He is presently employed in Farmers Branch.

The couple will make their home at 1225 West Oak, Apt. 2, Denton.

A reception was held afterwards, where refreshments were served.

Only relatives of the bride and groom and Miss Nancy Wood and Miss Jimmy Sue Gandy attended the wedding.

SENIOR CLASS ELECTS OFFICERS FOR 1963-64

Senior class of Talco High School elected the following class officers for the 1963-64 school term:

President, Shelby Johnson; vice president, Ronnie Logan; secretary-treasurer, Nelda Byram; reporter, Linda Miller, and parliamentarian, Gary Buchanan.

NEW TREND? — There seems to be a new trend toward refusing federal aid: The Irving Board spurned an offer of an \$11,000 grant because "of the growing danger of federal control of the school curriculum."

But most school systems still accept educational assistance from the U. S. government. Texas Education Agency, looking at preliminary figures for the 1962-63 school year, found \$33,700,000 was paid to Texas schools by federal programs.

In some cases, however, acceptance is selective: Both Houston and Dallas, which have local programs geared to prevent student drop-outs, refused cash grants for a similar federal program.

Houston and Dallas also are among the Texas towns which reject federal funds for school lunch programs. Others include Odessa, Goose Creek, Wichita Falls, Fort Worth, Henderson, Longview, Borger and Alvin.

U. S. AID — Abilene turned down a \$446,730 offer of aid for a \$3,000,000 sewer treatment plant from the U. S. Department of Health, Education and Welfare.

Federal grants for \$3,000,000 worth of sewer treatment improvements in Texas are recommended and administered by State Health Department officials.

Funds refused by Abilene were distributed among the following towns: Fritch, Gonzales, Graford, Hidalgo, Markum, Mineral Wells, Richland Hills, Smiley, West Columbia and Windom.

TEXAS' TAX TAKE — Although the Lone Star State accepted less federal money than many other states during the fiscal year that ended on June 30, it received slightly more than it paid out, according to a survey by Congressional Quarterly.

Texans paid about 4.26 per cent of all taxes received by the federal government. It reaped 4.81 per cent of the \$10,000,000-plus federal grant total, or \$500,295,000.

National average of federal aid received was \$56 per capita. In Texas, the assistance averaged

\$49 per citizen. Alaskans were high with a per capita average of \$226. Low was New Jersey with \$34 per capita.

Schools and sewage systems were just a few targets of federal aid. In fiscal 1962, this state received \$128,734,600 for highway construction; \$31,120,182 for unemployment insurance; \$62,832,854 for agricultural conservation; \$139,252,153 for welfare assistance, and \$13,350,583 for the national guard, as well as aid in other fields.

VENISON POPULAR FOOD — State Parks and Wildlife Department has a booklet available for free distribution, which should be of interest to ranchers, hunters and just about everyone.

Its title is "Texas Deer Herd Management — Problems and Principles." Booklet was written by James G. Teer, wildlife biologist formerly employed by the state. In his research, Teer found that deer herds of Texas provided more than 6,000 tons of meat for family consumption last year.

Another bulletin, newly-revised, also can be secured without cost. It's called "Poisonous Snakes of Texas and the First Aid Treatment of Their Bites."

SALES TAX RECEIPTS SOAR — State Comptroller Robert S. Calvert announced that sales tax revenues for the fiscal year which ended on August 31 will exceed his expectations.

Earlier, Calvert predicted sales tax income for the state would total \$177,975,013. Now he says it will be \$2,141,429 more, or a total of \$180,116,442.

CONSTRUCTION INCREASE — Residential construction accounted for \$81,600,000 of the \$142,000,000 worth of construction authorized in the state in July. It was the highest July and the third highest monthly level in 17 years.

So reports the UT Bureau of Business Research.

GAS BILLS VARY — A study of records, which the Texas Railroad Commission keeps on municipal gas rate structures, reveals a wide variance in gas rates across the state.

Lowest average year's bill paid by individual consumers in 1962, among the 22 cities on the commission list was \$41.50. It was paid by citizens of a Corpus Christi suburb.

Highest average annual gas bill was paid by residents of Dallas. One of the lowest average bills was that paid by Amarillo residents. Their average bill for the year was \$53.43.

LAWMAKERS' RETIREMENT PAY — Members of the House of Representatives who have served four two-year terms and state senators who have served two four-year terms, now are eligible for retirement pay under a new law, effective Sept. 1.

When a legislator has completed eight years of service, he receives a \$100 a month retirement check. It increases \$10 a year as long as he remains in the Legislature.

EDUCATION GROUP TO MEET — Leaders in the field of development of higher education in Texas will meet in Austin on September 9.

Calling the group together is the Committee of the Governing Boards of State Colleges and Universities. Sen. Walter Richter of Gonzales is executive secretary of the privately financed Committee.

On the program will be Governor Connally, Dr. A. B. Martin, executive director of the Governor's Committee on Education beyond the High School; and Dr. Lester Harrell, director of the Texas Commission on Higher Education.

Purpose of the meeting is to spell out the Committee's goals for the immediate future and determine a means of attaining them. Committee represents the common interests of all the state-supported senior colleges. It is interested in supporting programs and activities aimed at improving the quality of and support for higher education in Texas.

Comprising the Committee are representatives of each board of regents serving the 20 state-supported senior colleges and universities.

Bridal Attendants Tea Is Given

Bridal attendants for the wedding of Misses Evelyn McDonough of Rockport and Pepper Cole of Talco, attended a late-afternoon bridal tea given by Mrs. James Marquess at her parents' home August 26.

Miss McDonough was presented a memoir corsage fashioned of three miniature blue carnations, made of blue organza over taffeta, representing the colors of her attendants' dresses, with an underlay of white chantilly lace, representing her own bridal gown.

Refreshments of pineapple punch, fruit cake, and mixed nuts were served in blue crystal from a table laid with a white lace cloth with a centerpiece of stacked crystal encircled in puffs of net, holding three spiraled blue tapers.

A flower arrangement of artificial white roses and stephanotis enhanced the stereo, and soft music was enjoyed throughout the afternoon.

The attendants presented Miss McDonough with "something borrowed," which was a tiny sash bag enclosed in blue lace over taffeta.

Those attending were Myrna McDonough of Rockport, Linda Holmes of Commerce; Jolene Borsberry of El Paso, Mrs. James Marquess of Commerce, Margaret Ross of Marshall, Gail Stocks of Winnsboro, and Carolyn Rodgers. Sister-in-law of the groom, Mrs. Skipper Cole of Longview, and Miss Linda White of Sulphur City, Okla., also attended.

Mrs. B. W. Dixon Is Shower Honoree

Fellowship Hall of the First Methodist Church in Talco was the scene of bridal shower, honoring the former Miss Carol Jean Swaim, recent bride of Billy Wayne Dixon. The hall was decorated in the bride's chosen colors of orchid and white.

The tea table was covered with an orchid cloth overlaid with white satin bound net and centered with an arrangement of white gladioli, white stock and white and orchid mums tied with orchid ribbon. Mrs. B. J. Vickers poured punch from a crystal punch bowl and Mrs. R. W. Sanford served white decorated cake squares, nuts and mints.

The honoree, her mother, Mrs. Ois Swaim and the groom's mother, Mrs. D. F. Dixon wore white carnation corsages, gifts of the hostesses: Mmes. R. W. Sanford, A. J. Brown, D. H. Kelley Jr., B. J. Vickers, P. P. Pierce, R. O. Webb, Frank Sloan, E. R. Grayson, E. W. Duncan, John D. Wright, Fred Clemmons and G. D. Stansell. Their gift to the couple was a set of stainless steel cookingware. The many gifts were displayed on orchid covered tables holding white and orchid flowers.

Miss Annette Swaim, sister of the bride, registered the guests in the bride's book at a table decorated similar to the tea table. Mrs. Gus Swaim and Mrs. Jim Garrett of Bogata were the out-of-town guests.

DISHWASHING GOT YOU DOWN?

**an automatic electric dishwasher
does the job for pennies a day!**

Dishwashing is so daily! No wonder women rate it as one of the most tedious and tiresome of household chores. But you can end hand dishwashing forever—spend the hours you save on more rewarding activities—with an automatic electric dishwasher. Dishes come cleaner, in water too hot for hands. Kitchen stays neater, too, with dishes stacked inside the dish- washer, out of sight. See your dealer soon about an electric dishwasher—built-in or portable.
