Rankin Explains New City Ordinances

City Manager Jim Rankin has released additional information pertaining to the new building and plumbing codes adopted by the city recently.

Rankin said that the Uniform Building and Plumbing Codes were adopted upon recommendation of the Muleshoe Planning Commission.

The Uniform Plumbing Code replaces the locally drafted code that was adopted in September of 1963. The purpose of the UPC is to insure that all plumbing systems installed in Muleshoe will be of adequate materials and construction. The code is developed by the International Association of Plumbing and Mechanical Officials and recognizes innovation in materials and techniques. In essence, this code represents an updating of the 1963 locally drafted code, Rankin stated.

The state of Texas requires that persons engaging in the business of plumbing be licensed. In addition to this requirement the Ordinance adopting the UPC requires that plumbers doing business in Muleshoe execute and deliver to the City of Muleshoe, a good and sufficient surety bond in

the sum of \$2,000.

Rankin stated that for each citizen's protection, it is suggested that they assist the city

Cotton Farmers Urged To Cut Cotton Irrigation

High Plains cotton farmers are urged to "shoot for an August 10 target date" for cutting off cotton irrigation.

Jim Valliant, High Plains Research Foundation research director, noted that cotton crops have had extremely good growing conditions up to this point.

"And we can help nature out by getting out of the cotton soon enough to allow the cotton to mature," he said. He recommended that the final irrigation prior to August 10 be to every other row to keep from lowering temperatures around the plants. "We need at least 70 degrees F. for the plant to develop the cotton fiber."

"What we are trying to do is mature the cotton to its greatest potential by providing

by insuring that any persons they employ for plumbing work be properly licensed and bonded.

The purpose of the Uniform Building Code is to provide minimum standards to safeguard life or limb, health, property and public welfare by regulating and controlling the design, construction, quality of materials, use and occupancy, location and maintenance of all buildings and structures within the city.

This code requires that a permit be obtained and a fee paid to insure that the purposes of the code are realized. Fees are based on cost of construction and are structured in such a manner that fees will cover the costs of administering the code, thus eliminating the necessity to subsidize such a service with tax monies.

Rankin said that if any citizens are in doubt as to whether these codes will affect them, they should contact city hall.

The new building official for the city of Muleshoe will be Walter Bartholf. Dwain Wheat will be the plumbing official for the city.

STATE Capital NEWS

AUSTIN, TEX. -- Rewriting the nearly-century-old Texas constitution is turning out to be stickier job than many figured.

The Constitutional Revision Commission went into overtime at a recent three-day meeting near here, but still failed to complete its agenda and slated another August 10-11 clean-up meeting.

Meanwhile, legislative planners for the 1974 Constitutional Convention, at which lawmakers will actually propose a revised constitution, disagreed on routine stage-setting.

House members suggested a new voting machine (which was later ordered) and new desks for delegates. Senate planning committee spokesmen indicated they would be satisfied to bring their own desks over from across the capitol rotunda and set them up in the House middle aisle.

The revision panel agreed: *

*To keep the provision for real property taxation in the constitution for state purposes, but leave it to the legislature to write separate laws governing personal property taxation.

*To retain the state highway users gasoline tax, with three-fourths of the revenue earmarked for highway building and one-fourth for public schools. A provision was made for abolishing the highway fund levy on statewide referendum with support of two-thirds of the legislature.

*To keep the Permanent University Fund and Permanent School funds in the constitution. The university fund would be altered somewhat to include present and future branches of the University of Texas and Texas A&M University.

*To add to the constitution a guarantee of "equitable" financial support for all schools and districts rich and poor.

*To retain as constitutional elected members of the executive branch only the governor, lieutenant governor and attorney general, with the legislature empowered to decide if the comptroller, treasurer, secretary of state, land commissioner and railroad commission should be elected or appointed by the governor.

"HOUSES" CLOSED -- Two landmark bawdy houses -- in La Grange and Sealy -- were closed by local officials on request of state officials.

Gov. Dolph Briscoe, Atty. Gen. John Hill and Department of Public Safety Director Wilson E. Speir sought action after reports aired by a Houston television station.

Briscoe acknowledged he had received calls from La Grange area citizens both supporting and opposing the action. He said he had been told he would be petitioned by a group who want the famed "Chicken Ranch" reopened.

Hill and Speir said they found no link with organized crime in operation of the houses, but Attorney General Hill added: "It is an illegal operation. The local officials were requested to take action. They took it."

RATE RAISE EXPECTED -- An increase in some workmen's compensation insurance rates is due under a new law increasing benefits for those injured or killed in job accidents.

An average 19.5 per cent hike in the rates employers must pay for the coverage is anticipated under a State Insurance Board staff proposal, which would become effective if approved between September 1 and September 15.

Rates would have gone up 22.8 per cent in the absence of the federal antiinflation program, a Board actuary indicated.

Under new law effective September, an injured worker can get up to a maximum of \$63 a week in benefits, an increase from the present \$49 top.

AG OPINIONS -- A national bank does not come under definition of governmental bodies or institutions which are required to comply with the new

open records act, Attorney General Hill held.

In other recent opinions, Hill concluded:

*A Laredo fireman injured in Nuevo Laredo, Mexico, while on duty is entitled to benefits under the state Firemen's Relief and Retirement Law.

*State government branches and their services (excepting political subdivisions but including hospitals and colleges) are covered under the Texas Unemployment Act.

*Subordinated capital notes of the Harlingen National Bank are part of its indebtedness and are not to be considered capital in determining value of shares for taxation.

*School trustees are authorized to purchase insurance to cover cost of litigation and award of damages growing out of official acts.

*The Amusement Machine Commission has power to promulgate regulations to cover the number of machines owned by the holder of a permit to sell alcoholic beverages for on-premises consumption.

*Qualifications for Texas Air Control Board membership are set by Article 4477-5, Vernon's Civil Statutes. Conduct in office will be governed in part after January 1 by provisions of the 1973 ethics law, and members could be removed from office for violations.

*The State Commission for the Blind is not authorized to require employees to deposit with it salary warrants issued to them or to charge a fee to employees for making the advances.

*A district attorney can be removed only under special statutes and not by an ex parte order of district courts. A county attorney (in some counties) will serve during temporary disqualification or absence.

*A court reporter who prepares the narration of the facts from a hearing on a writ of habeas corpus is entitled to be compensated for preparation by the state or county.

APPOINTMENTS -- Thirteen representatives of industry and the general public were named by Governor Briscoe to serve on the Governor's Energy Advisory Council.

They are L.H. True, Wilberly, T.L. Austin Jr., Las, Willard Barr, Fort W.

Market Report

COLLEGE STATION -- Food prices will stay relatively high because of three factors, according to Mrs. Gwendolyn Clyatt, consumer marketing in-

formation specialist, Texas Agricultural Extension Service, Texas A&M University System. She cited "increased production costs, strong consumer buying and the general inflation we are experiencing" as food-cost boosters.

SHELLEY SAIN

"Fryer chickens and eggs, released from the price freeze, will undoubtedly have price increases in order to reach a better balance between production and marketing these items," the specialist predicted.

"Egg prices already have increased--and in most instances, best values will be found on medium and small-sized eggs.

"Avoid buying eggs stacked several inches above the top of

coolers or displayed on tables--the quality of these eggs will drop rapidly."

Turning to meats, Mrs. Clyatt noted that they are selling at or near ceiling prices.

"Generally best beef values will be chuck roasts and steaks, round steaks, ground beef and beef liver. Some markets offer ground beef with soy protein at attractive prices.

Gunter, Morris Vows Solemnized

Miss Elizabeth Ann Gunter became the bride of Mikel Lynn Morris Saturday evening, August 11, at 6:00 p.m. in the First Assembly of God Church of Muleshoe. Rev. H.D. Hunter officiated in the double-ring ceremony.

Miss Gunter is the daughter of Elmer Ann Gunter and Byron Gunter, both of Muleshoe. The groom is the son of Mr. and Mrs. Dillard Morris of Muleshoe.

The couple stood before a candle arch flanked by tree candelabras entwined with English ivy and featuring orchid tapers. The windows and planter boxes of the church were decorated with orchid candles. Musical selections were "The Twelfth of Never," "The Wedding Prayer," "Theme from Love Story" and "Close to You." Miss Christy Ford, soloist, presented the numbers and was accompanied by Mrs. W.I. Watson, organist. Candlelighters were Lelyn Gunter, sister of the bride, and Brent Gunter, cousin of the bride, both of Muleshoe.

Given in marriage by her father, the bride wore a formal length gown of white silk organza and Alencon lace. It was fashioned with a natural waistline encircled with lace roses. The A-line skirt featured a wide front panel of net covered in sprays of the lace medallions above a wide ruffle of organza. A scalloped layer of lace enhanced the ruffle at the edge of the hemline. Long

tapered sleeves featured the same lace at the wrists and the lace also formed bands around the sleeves above the elbows. The chapel length train joined at the waistline under a wide organza bow was accented by sprays of the same lace and a scalloped border. The bride wore a tiered mantilla type veil of silk illusion which fell from a crown of white carnations. Wide scalloped lace bordered the entire veil. She carried a "Tranquility" bouquet made up of orchid carnations and baby's breath surrounding a cattleya orchid. Orchid streamers accented the bouquet.

Following tradition, the bride carried a handkerchief belonging to her great grandmother, Mrs. Joe Rice, as something old; she wore her gown and veil as something new; diamond earrings belonging to her grandmother, Mrs. Hiley Boyd, as something borrowed, and a garter as something blue.

Mrs. Gary Morris of Friona, sister-in-law of the groom, attended the bride as matron of honor. Miss Brenda Kimbrough of Lubbock was maid of honor. Flower girl was Miss Shandra Morris of Duncan, Okla., cousin of the groom. The attendants were attired in gowns of orchid organza featuring long sleeves and empire waistlines. They carried bouquets of purple carnations and baby's breath entwined with purple streamers. The flower girl carried orchid baskets containing love knots in orchid and purple. The attendants wore orchid garden hats trimmed with miniature

carnations.

Gary Morris of Friona served his brother as best man. Groomsman was Max Thomas of Canyon. Ushers were Terry Gunter of Muleshoe, brother of the bride, and Richard (Richie) Magby of Muleshoe, cousin of the groom. Ring bearer was Paul Favor of Muleshoe.

A reception followed the ceremony at the Fellowship Hall of the church. The bride's table was laid with an orchid table cloth edged in Chantilly lace over purple satin. Centering the table was a silver candelabra featuring orchid candles and other silver appointments. The three-tiered wedding cake was decorated with purple and orchid wedding roses. Presiding at the table was Mrs. Bob Kimbrough of Clovis, N.M., Mrs. Larry Ross, Miss Janis St. Clair and Miss Marilyn Pool, all of Muleshoe. Miss Donna Grimsley of Muleshoe registered the guests.

For a wedding trip to points of interest in Colorado, the bride chose a two piece knit suit accented by an orchid corsage lifted from the bridal bouquet. Mr. and Mrs. Morris will reside at 402 Chicago in Muleshoe.

Special guests attending the wedding were Mr. and Mrs. Richard Magby, Mr. and Mrs. James Morris, Mr. and Mrs. John Gunter, Mr. and Mrs. Hiley Boyd, Mr. and Mrs. Joe Rice and Mr. and Mrs. Rudolph Rice.

A rehearsal dinner was hosted by the groom's parents at the XIT Steak House in Muleshoe following the wedding rehearsal.

The word in the Irish language is "Dubaline" which means BLACK OF THE SLANEY because of the muddy appearance of the water. The name has been spelled many ways, but Leany, Laney, and Laney are American spellings. The Funderburks are of German descent.

Muleshoe OES Holds Meeting

The birthday of Dr. Robert Morris, founder of the Order of the Eastern Star, was observed with a program under the supervision of Mr. and Mrs. Wayne Williams, Worthy Matron and Worthy Patron of Muleshoe Chapter No. 792, Tuesday evening, August 7 in the Masonic Hall.

Routine business was transacted and a certificate from the Grand Chapter showing the Muleshoe Chapter to be 100% in welfare contributions was displayed. Plans were made for the annual Friendship Night of the Muleshoe Chapter to be held September 8 at 7:30 p.m. with a salad supper in the banquet room of the Masonic Hall.

An invitation was received from the Canyon Chapter to their Friendship Night and salad supper August 25. The Charter was draped and a short memorial was held for Tom L. Smith, a Past Patron of the Muleshoe Chapter, who passed away July 24.

Mrs. Carolyn Pilgrim of Baltimore, Md. was a guest for the meeting. Mrs. Pilgrim is a member of the Muleshoe Chapter and the daughter of Mr. and Mrs. Frank Hinkson of Lazbuddie.

Refreshment hostesses were Mrs. Elbert Nowell, Mrs. Alton Epting and Mrs. Frank Hinkson.

HOME

If you live in what may be termed as a "hurricane path," you may save property and life if you make plans now to follow in case of a storm.

Always pull out an electric cord by the plug. Frayed cords and loosened wires can damage the appliance or cause a fire.

Laney Family History Told By Local Resident

Marcus H. Laney has recently returned from a National Reunion of Laney's at Pageland, South Carolina near Charlotte, North Carolina.

The following is a short history of the Laney family as reported to us and written by Marcus H. Laney of Muleshoe: There have been many Laney family reunions at various places in the past, but this was the first National Reunion. Fourteen states were represented. A National organization was perfected, titled THE LANEY CLAN. David S. Laney of Osceola, Arkansas was elected president. David S. Laney has been involved in Laney research some twenty years. M.H. Laney of Muleshoe has been doing research

on the "family tree" about ten years and has visited with D.S. Laney and compared data. M.H. Laney was titled "Cousin Muleshoe" and was elected representative for Texas.

Dr. Guy B. Funderburk of Pageland, who is Funderburk on one side and Laney on the other, has written a book titled, "FUNDERBURK HISTORY AND HERITAGE." In this book the Laney's and Funderburks intermarried some thirty times. Four Laney brothers settled in Carolina. At the time the Laney's and Funderburks came to America, an entire family was not placed on the same ship. In the event a disaster happened to one ship, perhaps the other ship or ships would reach shore.

There was only one Funderburk reached the shores of America in this early voyage, a boy, 14 years of age, Devauld Funderburk. He was sold at public auction to pay his passage. He was to have served his purchaser until he was twenty-one, but he became dissatisfied, ran away and joined a Titus Laney family, one of the first Laney's to come to America. He married Catherine Laney, daughter of Titus Laney, thus the beginning of the Funderburk-Laney relationship.

The Funderburks perfected an organization twelve years ago and have been holding annual reunions the second Sunday in August at Pageland. Dr. Guy Funderburk has been prevailed upon by various ones to write a book on Laney's. This he is attempting to do, but thought a Laney organization would be of assistance in gathering material for the pub-
