DR. EARL WATSON
520 W. CLARA
IOWA PARK, TEXAS

Tornado effect continues here

IOWA PARKANS TURNED THEIR ENERGIES TO HELP TORNADO VICTIMS
... MuleSkinners Saturday cruising streets to feed workers and homeowners chili and sandwiches.

Iowa Park continues to feel the effects of last week's tornado in Wichita Falls, and probably will be for months to come.

As of Wednesday morning, nine students had transferred to Iowa Park schools as their families relocated in the local district.

Supt. Faris Nowell said five new students had started classes at Bradford Elementary, two at Kidwell, and one each at Valley View and the junior high.

Real estate offices report almost constant inquiry about available rental housing and homes for sale.

Late last week, directors of the Chamber of Commerce met to gather input as to the number of available mobile home lots unoccupied, where more lots could be developed in the

shortest amount of time, possible houses and apartments available for leasing, and where storage for household articles taken from wrecked homes might be available.

The information was turned over to Ed Daniels, of Nortex Regional Planning Commission in Wichita Falls.

It is possible, according to information at the Chamber meeting, that some of the government-provided mobile homes might be located in Iowa Park, if adequate space is not found in Wichita Falls.

City administrator Steve Morath said there had been some confusion following the Chamber meeting, as to where the mobile homes could be put in the city.

He first pointed out that all existing mobile home parks inside the city limits would be filled before any other areas might be considered.

He also said that if there were any variances in the city's zoning ordinances concerning mobile homes, it would be only for the disaster relief home provided by the federal government, which have a maximum use of one year.

Persons have been proposing to move mobile homes onto lots they own, which are not yet zones for such housing, and any action of that sort would require council action, Morath explained.

In most cases, those mobile homes will be put on the property where a home has been destroyed, allowing the family to live there while their home is being rebuilt.

However, there were so many thousands of people who were living in apartments and rented homes, that officials foresee a great demand for mobile home lots for the next year.

PLANT SHUTDOWN

Cryovac, Iowa Park's largest business payroll, was shut down from about 6 p.m. Tuesday to 7 p.m. Friday, due to the tornado.

When the funnel cut its path into Wichita Falls, it knocked out all electric power to that city as well as Iowa Park. Due to the electrical outage, plus a shortage of water in the city's storage, the plant could not operate until late Friday.

Between 25 and 28 families with members employed at Cryovac lost their homes and apartments, or suffered severe damage to their homes, it was reported.

The City of Iowa Park was credited with saving several hundreds of jobs in a Wichita Falls industry, CertainTeed, located on the southwest part of that city.

Plant officials had asked Iowa Park for much needed untreated water to keep the plant in operation, and it was provided.

Yesterday, the following letter was received from R.E. Boyce, vice president in charge of manufacturing, and Fernand Hubert, manager:

"Dear Mr. Crawford:
"CertainTeed wants to thank you for your valuable help in providing the police escort for the water tanks dispatched to our jobsite from Park Tank Trucks in Iowa Park.

"This water supply was extremely critical in maintaining our process cooling water supply make-up. Should we not have received this water, the plant would have had to shut down for at least one year, therefore laying off hundreds of people!

"Once again, for your assistance, everyone here at CertainTeed is grateful and we hope we may be able to repay you in the future."

LOCALS IN STORM

Several Iowa Parkans were in Sikes Senter when the tornado struck that facility.

Mr. and Mrs. Gene Lowrey, Mr. and Mrs. Buddy Trantham and Mr. and Mrs. Ron Lowrey and their children had just entered the building enroute to a cafeteria when they were told of the funnel's approaching.

High school senior Randall Griffith was working in a sporting goods store, during his spring break from school.

All waited out the storm's wrath in sunken courts in the hallways, and other than a few minor glass cuts, were not injured.

Lowrey paid high compliment to Sikes personnel and security officers for instructing the people what to do and credited them with saving numerous lives by keeping the people inside the building. Former Iowa Park policeman Gene Swedberg is head of the security force there.

He also said he was amazed at the calmness of the people during the storm. "No one panicked," he said.

Concerning the stories about the noise of a freight train which accompanies a tornado, Lowrey said that wasn't the case in his observation. "It sounded like a whole herd of freight trains," he commented.

The Trantham car in which they were riding mainly suffered broken glass, and a rented car of Ron Lowrey underwent very little damage. Both were parked on the north side of the building.

Griffith said the body of his car was almost totally demolished, though they were able to drive it home the following day.

He was in the west end of the shopping center, not with the Lowrey family, when the tornado struck. His only injury was when he attempted to move after the funnel had passed, and his elbow was cut slightly by glass on the floor where he was lying.

The Iowa Park High student said he helped secure the store in which he worked, and later helped set up an aid station in the parking lot. He didn't know how or when he was going to get home, until Jimmy Alsup, Iowa Park Junior High principal, drove by and brought him home about 10 p.m.

Mrs. O.N. Newman was in Parker Square Shopping Center, to the south of the tornado's path. She was uninjured, but her car was hit by flying debris in the parking lot, suffering some damage.

Vandals attack school building

Burglars and vandals were busy at homes, businesses and schools this week.

George Taylor, principal at Bradford Elementary School, reported Monday to Iowa Park police that the cafeteria had been the target of vandals. Nine windows and screens had been broken with some type of blunt instrument, police said.

Last Friday police received a report from Bill Maupin of a burglary at 702 E. Pasadena. Burglars forced entry into the home and made off with sheets of plywood, Masonite and paneling.

Police received a report last Thursday from James Redin, 805 E. Cash, that two of his car tires had been slashed.

Blackie Cogdell reported the theft of some cement pipe from the 400 block of Lafayette last Wednesday police said.

School trustees to meet today

Iowa Park school trustees face a lengthy, two-part meeting today at the administration building.

The meeting was delayed from its usual second Tuesday date in order to receive bids for construction on the new high school gymnasium will be opened. After the opening, bidding will be studied by the architect, and recommendations will be made when the meeting reconvenes at 7:30.

- Other items on the agenda include:
- canvas trustee election;
- reorganize the board;
- tax report; appoint equalization board and set hearing dates;
- cafeteria and transportation reports;
- discuss summer school;
- discuss spring extra curricular activities;
- release bank pledges and accept substitutes;
- report on tennis courts lights;
- personnel and salary considerations.

Council meet slated Monday

Following the swearing in of the three newly-elected city aldermen at 7 p.m. Monday in council chambers, the city council will consider amending two ordinances.

One ordinance is personnel pay policy, and the other is changing the railroad train speed in the city.

Also to be considered is the reviewing of bids for remodeling the city hall, and discussion of a lease agreement with Catlin Cement.

Weather Report

Weather reports are officially compiled for Iowa Park at the Texas Experiment Station, southeast of town.

Rainfall for week	.98
Total for month	2.45
Total for year	9.06
Total last year	5.22

IOWA PARK LEADER

THURSDAY, APRIL 19, 1979
IOWA PARK, WICHITA COUNTY, TEXAS 76367

VOL. X NO. 33 20 CENTS

Jill Koonce, Bruce Holder honored by 23 Study Club

The 23 Study Club will bestow special honor today at a luncheon upon Jill Koonce, daughter of Mr. and Mrs. Pete Koonce, and Bruce Holder, son of Mr. and Mrs. Al Holder, who have been chosen the Outstanding Girl and Boy for 1979. The luncheon will be held in the home of Mrs. Glen R. Miller, an associate member of the club.

This marks the 16th year that the club has sponsored the project and given the organizations, churches and individuals of the community opportunity to nominate young people they consider worthy of the honor. The nominations are based on scholastic awards, service to the school, extracurricular and church activities, part-time or vacation employment. The club does not nominate anyone for the honor.

Composing the youth committee this year are Mrs. James A. Sewell, Mrs. Travis Smith and Miss Ethyle Kidwell. They were responsible for preparing and distributing the nomination forms, collecting them, and delivering them to three noted educators in Wichita Falls for judging. Dr. Arthur Beyer of Midwestern State University, Mrs. Merle Anthony, Wichita Falls High School, and Mrs. D.C. Copelin, a retired teacher, were the judges.

Other high school seniors who were nominated for the honors were Jo Ann Curry, Lynette Flick, Janis James, Connie Jennings, Kathryn Mattis, Sherry McDonald, Jo Ann Melchiori, Kellie Richter, Diana Smith, Billy Andersen, Steve Beavers, Michael Davis, Travis Little, Charles Parks, Jerry Stucki and Chuck Thompson.

Miss Kidwell will present the awards to Jill and Bruce following the luncheon. Parents of the young people and Bob Dawson, high school principal, have been invited as special guests.

Jill has a grade point average of 98.27. She received 10 different nominations from her church, clubs and individuals.

She was salutatorian of the junior high school and was named the recipient of the ESA Outstanding Youth award among many other honors that she received in junior high school.

She has made the Double A honor roll consistently throughout high school. As a freshman, she was twirler in the marching band, section leader in the honor band, member of All-District Band and A Cappella Choir, youth representative at church, and member of the church choir. She participated in the 20-mile walk for the Heart Fund. In U.I.L., she earned Division I ratings in twirling solo and ensemble, vocal solo and clarinet ensemble.

When Jill was a sophomore she was twirler and section leader in the band, a member of A Cappella Choir and church choir. In U.I.L. competition, she received Division I in solo and ensemble in twirling, clarinet, piano and vocal solos, and fifth in district in typing. She received Lay-Out Design Award at the Texas Tech yearbook workshop. She belonged to FTA and tutored algebra I students. She attended the Greater Southwest Music Festival in Amarillo. She was chosen to attend two science field trips to Dallas and Cahe and was the recipient of Who's Who in biology.

In the junior year, Jill was

section leader in both band and A Cappella Choir, a member of Tempos, All-District and All-Region Choirs. She earned Division I in clarinet ensemble, twirling solo and ensemble, and was chosen feature twirler at the dose of the year.

Continuing her honors and activities, she was recipient of Who's Who award in history, pianist and choir member of First United Methodist Church. She made Division I in clarinet ensemble at the Greater Southwest Music Festival. She was also a member of FTA and the annual staff.

Other honors during her junior year included being selected to attend Baylor University's Gold Carpet

Day for outstanding high school juniors and seniors, and "Bird's Eye View" of North Texas State University's program. She was initiated into the National Honor Society.

She was selected to attend Bluebonnet Girls State in Seguin for the 1978 session sponsored by the American Legion Auxiliary. She spent one month in Europe studying foreign culture with the American Institute for Foreign Study Program and received two quarter credits in Humanities.

Jill's senior year has been crowded to the margin with activities and has added many more honors to those previously earned. She has served as treasurer of both

FTA and A Cappella Choir and historian of the National Honor Society. She is a member of both All-District and All-Region Choirs, and a finalist in the area PPG Merit Scholarship Program. She was selected to attend the Five Spheres Science Program at Midwestern State University, accepted to Rice University, selected to the Honors Program at NTSU.

She is pianist, member of the choir and MYF at First United Methodist Church. She received the Opti-Mrs. Club award for math achievement, has taught twirling lessons and served as pianist for band and choir students' solos.

Some of the versatile young lady's extracurricular activities have included membership in Blue Birds and Camp Fire Girls and attendance at Camp Letoli, Caravan of Camps Twirling Camp at West Texas State Univ. four years, and band and twirling camps at Midwestern State Univ. two years. She has studied piano 12 years, taken dance lessons two years and participated in Sonatina Festivals, Guild and U.I.L. auditions and 11 private recitals. She modeled one and a half years at Lorraines in Wichita Falls and for television commercials.

Jill has been a member of First United Methodist Church choir three years, pianist for adult choir and Sunday service one year. Her hobbies are reading, playing the piano and singing. She will attend MSU this summer to take French and shorthand and plans to attend Rice University in Houston majoring in English with a

Sorority program follows women's styles from 1875

A style show depicting the prevailing popular custom of styles influencing women's choice in what they have worn for church, club

meetings, parties, evening, weddings, work and recreation from the pioneer days, dating back to 1875, up to 1979 highlighted the enter-

tainment for the meeting of Epsilon Eta chapter of Epsilon Sigma Alpha Tuesday evening.

The function was the annual salad supper which afforded members an opportunity to invite their mothers and friends, and it was held in the Fellowship Hall of the First Christian Church.

Mrs. Bill Hrncirik, president, welcomed guests. Mrs. Homer Blalock, a former sponsor, offered the invocation preceding the meal.

The table decorations that lent themselves to both the old and the contemporary featured pots of yellow gingham flowers which were given as door prizes to conclude festivities. Mrs. Larry Hall was chairman of decorations. She was assisted by Mrs. Allen Gilstrap and Mrs. Charles Dudley.

Mrs. Donald Lucy of Holliday, a former member of Epsilon Eta, was narrator for the style show directed by Marty Hunt. Dresses, shoes, hats, coats, gloves,

jewelry and accessories that have been preserved by members, their families and friends and the latest spring fashions for 1979 were modeled by eight members, a former member, Mrs. Grady Graves of Holliday, and four members of the younger set.

The young models were Rhonda Kuehler, Lisa Jones, Michelle Smith and Julie

Brown. Chapter members who modeled were Mmes. Larry Hall, Marty Maxwell, Carter Pirkle, Richard Hicks, Phil McDonald, Charles Dudley, Terry Haley and Barry Mahler.

Approximately 50 attended the meeting. Mrs. Darrell Gunderson of Greenville, S.C. was one of the out-of-town guests.

Offshore drilling is program for 23 Study Club

A highlight of the 23 Study Club's recent meeting was a film, "Offshore Drilling - New Energy", which explained the expensive and complicated Exo-fisk drilling operations in the North Sea by a major petroleum company.

The film was shown and explained by Tom Swift, vice president of Moran Bros., Inc. Drilling Contractors in Wichita Falls, who furnished the drilling equip-

ment and supply crews for the operation several years ago.

Swift remarked that advances in technology have made offshore drilling less risky than it was when the first such well was sunk some 25 years ago, using reference to a modern \$70-million rig that can drill in 850 feet of water in 28 directions at once.

Peter Bennett, who works for Moran Bros., accompanied the vice president.

CYNTHIA FRANCIS and MICHAEL LANE

Announce engagement

Mr. and Mrs. George R. Francis are announcing the engagement of their daughter, Cynthia Kay, and Michael David Lane, son of Mr. and Mrs. Frederick D. Lane.

Miss Francis was graduated from Iowa Park High School where she was a member of FHA, FTA, band, girls choir, A Cappella Choir and Hawk mascot her senior year. She is a sophomore at Midwestern State University where she

is majoring in nursing and works for John's Jeans in Sikes Center.

The future groom is a senior at Iowa Park High School. He has belonged to FFA four years and played football during junior high and high school. He is taking a welding course at the Carrigan Center and works for Lane's Nursing Home.

The wedding will be solemnized July 28 at Faith Baptist Church.

Estate planning speaker subject

Jay Cantrell, a Wichita Falls attorney, gave a talk of "Estate Planning" for the meeting of Alpha Epsilon Omicron chapter of Beta Sigma Phi Monday evening in the home of Sue Owens.

Introduced by Lavonne Stogner, he stressed the importance of will making especially if people have real property or minor children. He discussed community and separate property and answered questions that members had following the talk.

Karen Fullerton was in charge of a short business meeting. Wanda Wilson led opening rituals and Gloria Bond led closing rituals.

Eleven members were in attendance.

HD Club meets

Twelve members of the Park Area Homemakers Club met in the home of Mrs. M.E. Reneau Wednesday morning.

When members answered roll call they told what they considered to be the important thing that women needed to know if they were left alone.

Mrs. James Todd gave an interesting program on "Thrifty Recipes for Two" and distributed recipes for dishes for that many people.

Mrs. W.E. Karstetter was in charge of business. A door prize was won by Mrs. Reba Snow.

Methodist Women discuss help for tornado victims

Mrs. George Trammell conducted the discussion on what United Methodist Women could do to help the tornado victims in this area at the meeting Tuesday morning held in the chapel.

It was decided that household goods, linens, furniture, staple groceries and cash donations would be taken to the Red Cross headquarters for distribution in Wichita Falls.

Mrs. Margaret Carter directed the period of meditation and Mrs. Cleo Hines led the special prayer period for those who have suffered loss in Texas, Mississippi and Nicaragua. Mrs. Gene Owens led the group in the song service.

"China, Search for Community" was the subject of the program directed by Miss Ethyle Kidwell following the period devoted to remembering the tornado, flood and earthquake victims. As global concerns chairman, she outlined the basic history of China in the first of a five-study session. Miss Kidwell gave Michael Chinoy's interpretation of China's struggle for emergence, the infiltration of Communism into China and its impact on the lives of the Chinese people and the world. She said that the author stressed the fact that nations should be open

mined and willing to learn from others outside their own country.

She closed with a quote "The very fact of survival demands that all people should be deeply concerned for a common way of life based on Christian love and dedication to a common cause." Miss Kidwell announced that the second lesson in the study would be on "Religion in China" and requested members to save clippings on the subject.

LOOK WHO'S NEW

Mr. and Mrs. Steve Cook of Houston are the proud parents of a son, Bryan Thomas, born April 10. He weighed seven pounds, one ounce.

Mrs. Cook is the former Janice Carver.

Grandparents are Dr. and Mrs. Richard Carver and Mr. and Mrs. Donald F. Cook of Iowa Park. The great-grandparents are Mrs. Morean Cook of Graham, Earl Ewing of Abilene, Mrs. Marie Abercrombie of Albuquerque, N.M., and Mrs. Ben Kirkpatrick of Tulsa.

Youngblood-Jordan nuptials exchanged Friday evening

Wearing a lovely chiffonette and Chantilly lace gown over taffeta, Miss Cindy Ray Youngblood walked the aisle to the altar on the arm of her father

Friday evening to exchange matrimonial vows with Michael Odell Jordan.

The ceremony took place in the First Methodist Church with the Rev. Mike

Jackson officiating to unite the daughter of Mr. and Mrs. James L. Barbour of Iowa Park and Mr. and Mrs. Donald R. Youngblood of Wichita Falls, and the son of Mr. and Mrs. Lindon R. Jordan of Iowa Park.

The design of the bride's gown featured a slightly raised bodice with a lace yoke bordered with a modish ruffle, high neck, long fitted sleeves, with ruffles encircling them above the elbows, terminating in petal points over the wrists. The full accordion pleated skirt and chapel train were finished with lace hems.

The bride's fingertip illusion mantilla veil was held by a small Juliet cap. Adding grace to her costume, she carried a teardrop bouquet of yellow roses and baby's breath centered with a red rose.

She carried out bridal tradition by wearing an antique pearl necklace of her mother's for "something old", her mother's pearl earrings for "something borrowed", a blue flower on the sixpence in her shoe for "something blue" and the good luck piece.

The decorative setting was highlighted by the lighted stained-glass window picturing Christ, the Good Shepherd, above the choir loft. Two tall heart-shaped votive candelabra stood below the window in the choir loft. The altar table was centered with an open

Bible and gold cross flanked by small baskets of tulips, daisies and carnations in spring hues and tall white candles burning in gold candlesticks. The lower altar was marked with tall spiral votive candelabra.

An impressive finale to the ceremony was the lighting of the unity candle by the couple to seal their vows as they exited from the church. The pews were marked by hurricane lamps decorated with large yellow satin bows that lighted the aisles for the bridal party as they approached and left the altar.

Wedding music was provided by Kerry Johnston, organist, and Miss Darlene Mahler, soloist, who sang "The Wedding Song" and "The Lord's Prayer". For pre-nuptial selections, the organist offered "Aria", "Psalm", "Arioso", "Liebestraum" and "Serenade". Honoring the desire of the bride and groom, he played the traditional compositions for the processional and recessional.

The bridal attendants wore formal lemon yellow Qiana gowns fashioned with off-shoulder bodices, ruffles covering the arms and A-line skirts. They carried single yellow roses.

Participating in the wedding as matron of honor was Mrs. Floyd Hilbers of Holliday. Miss Lynn Jordan, sister of the groom, was a bridesmaid and Miss Linda Sue Youngblood, sister of the bride, was junior bridesmaid. The petite flower girl, Miss Mindy Jordan of Lewisville, niece of the groom, wore a yellow frock and carried a white basket of yellow sweetheart roses.

The rings were carried by Ray Avery of Wichita Falls, cousin of the bride, on a white satin heart shaped pillow.

The groom, his attendants and ring bearer wore forest green tuxedos and pale yellow shirts.

Mike Elwell of Wichita Falls was best man. Groomsmen were Randy Morston and Bob Hodges of Iowa Park, and ushers were Jimmy Cleveland, step-brother of the bride, and her brothers, Curt Youngblood and Tommy Youngblood, all of Wichita Falls.

At appropriate times during the service, the bride presented long stemmed yellow roses to the mothers. Mrs. Barbour was attired in a yellow polyester gown topped with a sheer floral cape. Mrs. Youngblood wore an emerald green dress and Mrs. Jordan chose a coral gown, and each wore a cymbidium orchid to match her gown.

The bride's parents honored the couple at a wedding reception in the Fellowship Hall of the church. They were assisted by Mrs. Pam Avery, Mrs. Steve Wilson, Mrs. Charlene Portman, Misses Shenista Cleveland, LaVirl Cleveland and Darla Daugherty.

Guests signed the bride's book with a yellow feather pen at a table covered with white satin overlaid with lace. Appointments were a china bride and groom bell, a bud vase filled with a yellow rose and a basket holding the yellow net rice bags.

The wedding cake which the newlyweds cut with a silver knife bedecked with wedding symbols stood apart by itself on the swagged white satin covered refreshment table. The three-tiered confection towering tall with two sets of Grecian columns was garnished with cascades of

yellow frosting roses with soft green petals. The delightfully different top ornament was a china music box playing to suit the mood of a happy bride and groom.

In the center of the table a large basket was filled with tulips, carnations, daffodils and daisies in spring colors. The silver punch service, toasting glasses and napkins engraved with the names of the bride and groom and their wedding date completed the appointments.

Following the reception, the couple departed for the Possum Kingdom Lake, the bride changing from her wedding gown into a brown pant suit with vest and brown and tan print blouse. They will live on Route One.

The new Mrs. Jordan was graduated from Wichita Falls High School and is now attending Vernon Regional Junior College where she is majoring in agriculture. In high school, she belonged to FFA, FHA, the Rodeo

Team, serving one year as the reigning rodeo queen.

The groom, who is employed by the Iowa Park Irrigation District, was graduated from Iowa Park High School. He was a member of National Honor Society and FFA, serving the latter organization as president during his senior year.

The groom's parents hosted the rehearsal dinner Thursday evening at Frontier Steak House.

It will be in the community room of North Texas Federal Savings and Loan, 2733 Midwestern Parkway, in Wichita Falls. The meeting will be geared toward the single parent and is free and open to the public.

TRACK TEAMS

Boys' district meet slated here Saturday

The cream of District 4-AAA's male athletes will be in Iowa Park Saturday, competing for the conference championship, as well as individual chances to advance to the regional meet the following week at Odessa.

It will be run in two divisions, freshmen and varsity.

Preliminaries in all running events except the half mile, mile, sprint and mile relays will begin at 10 a.m. Finals for all running events will begin at 2 p.m.

Varsity shot put, high jump will begin at 10 a.m., while the pole vault, discus and long jump are slated to start at 2 p.m. Freshmen field events will be just the opposite of varsity starting times.

All events, except the shot put and discus, will be

held in Hawk Stadium. Shot put and discus are held on the practice fields west of

Griffith advances to regional meet

Senior Randall Griffith led the young Iowa Park tennis team to a third place tie with Burkburnett at the recent Dist. 4-AAA tournament in Weatherford.

Griffith qualified for the April 27-28 Region I tournament at Odessa, even though he lost to Vernon's Doug Wright in the boys singles championship.

Diana Smith and JoAnn Curry placed Fourth in girls' doubles.

Vernon won the district championship and Hirschi finished second.

This was the first year the "junior division or freshmen players, did not earn points

the stadium. Iowa Park's Kip Fuller, Anthony Crittenden, Dennis

toward the district title. Had the rule not been changed, Iowa Park would have placed much higher.

Wayne Watson won the boys singles in the junior division, and Curtis England and Steve Davis were third in doubles.

Randy Case and Norman Gwinn won their first match in varsity boys doubles, defeating Loyle-Mills of Graham 6-2, 6-3.

Griffith drew a first round bye, then knocked off Ronald Schmidt of Weatherford 6-0, 6-1. He advanced into the finals match with a 6-3, 6-2 win over John Smith of Hirschi in the semi-finals.

Dillard and Troy Linthicum are given the best chances for first places.

Fuller is trying to get back to the state track meet for the third time in his high school career. He made it as a sophomore and junior in the discus, and is throwing better than ever. He also is Iowa Park's best chance for a double winner, having the best throw in competition this season in the shot put, also.

Crittenden can, and possibly will, advance to region in the 880 or mile, and very well could in both races. He's never beaten Burkburnett's Daniels in the mile, however, and though he has run the half mile but once, he has the second best time in the district in that event.

Though Jeff Nolen has the best competition high jump among district athletes, Dillard has been the more consistent jumper. Nolen has a 6-4 to his account, while Dillard has been clearing 6-2 with regularity, and winning most meets.

In the pole vault, Linthicum has been trying unsuccessfully to reach that 13-0 leap he had in the first meet of the season. He's had some good workouts the past two weeks, and believes he can do it again, which could mean a blue ribbon for him.

The Hawks did not compete last week. They were scheduled to run at Azle, but cancelled, intend-

ing to have a three-way meet with area teams. But that was cancelled due to conditions in Hawk Stadium.

Best performances this year in the district are as follows:

100 yard dash
9.9 Calhoun H
10.0 Kimbrough M
10.0 Brittain V
10.0- Sitgreaves I
10.2 Nickerson M

Little League season opens here Saturday

North Texas Baseball League will stage a parade Saturday beginning at 10 a.m. at the junior high school. All teams will start meeting with their coaches at 9:30 a.m.

The parade will go through the downtown

area on Cash St. and end at Park West Shopping Center.

Little League will begin play at 11 a.m. at the different fields. The first ball will be thrown out by Jim Frazier, area Little League represent-

ative. The Senior League games will be played Friday starting at 5:30 at Burnett Field. The league will have a total of 18 teams with 300 youths participating, according to Norman Hodges, president.

Spring tennis tourney Saturday, Sunday

Iowa Park Tennis Association will hold its spring tournament Saturday and Sunday.

The deadline for filing for entry is 7 p.m. today. Entry fee is \$3.50 per event, and entry forms are available from Phil Corless, 906 Cornelia, 592-2016 or Walter Fowler, 1601 Yucca,

592-9326.

Membership dues are \$5 for a single membership and \$7.50 for a family membership of two or more persons. Membership dues will be payable prior to tournament play.

Events in the annual tournament will include singles for junior high boys

and girls, high school boys and girls, men's open and women's and men's 35 and over.

Adult events will be divided into three divisions depending on the number of entries. Double events will be open, men's 35 and over, mixed and mixed 35 and over.

Koonce, Holder

biology minor.

Bruce has a grade point average of 91.7. He received seven nominations for the Outstanding Boy of 1979, each including complimentary remarks about his character, dependability with predictions for a successful future. The following observations attest to the high esteem with which he is held in the school and community:

"A basically well-rounded individual"; "Vitality interested in young people and willing to help them"; "He is one that gives one hundred and fifty percent to everything he does"; "He is friendly, cheerful, courteous, accepts responsibility easily and does not have to be prodded into finishing jobs."

He is president of the senior class and the recipient of this year's DAR Good Citizen Award. The selection was made on the basis of the qualities of service, leadership, dependability and patriotism. He will be honored with other area participants at a luncheon at the Woman's Forum where he will receive a pin and certificate. A three-year member of the A Cappella Choir, he is a section leader, member of the All-District Choir and made a Division II in U.I.L. solo two years.

Bruce received the honors of being named Who's Who Among American High School Students and American High School Athletes, and also received the American Legion Boys State Award. He has played

basketball four years, football three years and ran track two years.

He has his private pilot license. He has been assistant coach in Little League baseball and attended Philmont Boy Scout Camp. He belonged to Boy Scouts, 4-H Club five years, and played soccer two years.

For part-time and vacation employment, he has been a lifeguard at the YMCA two summers, one of

which he was a lead lifeguard. He also works at the House of Flowers part-time and on holidays.

Bruce is currently taking a shorthand course at Midwestern State University to better prepare himself for college. He attends Grace Church in Wichita Falls and sings in the choir. His hobbies are reading, swimming, water skiing, flying, racquetball, jogging and soccer.

PLANT SALE - Members of the Iowa Park High School Horticulture Department will resume their annual sale Friday and Saturday. It will be held at the high school campus greenhouse.

Plant sale to continue

Students in the horticulture class at Iowa Park High School probably will never set their annual sale again on Friday 13th.

It was a "real bumer". Certainly, the students could have had no idea when they set the sale date that it would be following the terrible tornado which hit neighboring Wichita Falls. And they are convinced the public was in no mood to buy plants when the sale opened. So, according to Jimmy Howell, instructor, the sale will be held again

this Friday and Saturday, and about half the merchandise remains to be sold.

Hours for the sale will be from 8:30 a.m. to 5 p.m.

There will be seven varieties of tomatoes and three of peppers, nursery stock, bedding plants, geranium plants and hanging baskets. All are the product of 24 IPHS juniors and seniors who have been working toward the sale several months, at three hours daily.

Worth Quoting

In a review of Leonid I. Brezhnev's book "The Virgin Lands" I finally ran across something Russian that I like, something we Americans should consider taking for our own use.

It is the word "pood," and it is a unit of weight for 36 pounds, regardless of what is being measured. For example, a pood of feathers is much greater in volume than a pood of lead but they weigh the same.

This is so much better than our bushel and peck system which have to do with volume instead of weight. We all know that a bushel of wheat is heavier than a bushel of oats and this gives us a very uncertain feeling when we talk about producing so many bushels or pecks of grain. What kind of grain? we have to ask. Expressed in poods, it wouldn't make any difference what kind.

Even the quality of our love songs would be improved if we had pood in our language. Bushel doesn't rhyme with anything, so we have to sing, "I love you a bushel and a peck - a bushel and a peck and a hug around the neck." Nobody knows just how much love that is.

Pood, however, is a precise word and it also rhymes with a lot of other English words. If we had it in our language, we could sing, "I'm in the mood to love you a pood but only just after you serve me some food."

That is real emoting, I think. It touches the basics.

BOB MILLER
Hamilton Herald

Injuries reported in Saturday wreck

The Texas Department of Public Safety investigated an auto mishap Saturday night along the U.S. 287 service road two miles west of Iowa Park.

The accident was reported at 11:18 p.m. Saturday, according to DPS, which dispatched a Gold Cross ambulance to the scene.

Because of demands on emergency service organizations, neither DPS or Gold Cross had available detailed information on the mishap or persons injured.

As I See It....

Keith Aulds, the local undertaker, was in Wichita Falls following the tornado, using his hearse to transport dead and injured.

He was one of hundreds of volunteers, donating both his time and equipment.

Keith was running low on gasoline, and stopped at a station on the Seymour Highway which had auxiliary electricity to power its gas pumps.

As he was leaving, an employee of the station commented to Keith, "Boy, you undertakers ought to make a fortune off this storm!"

The attendant had just charged Keith \$1 a gallon for the gasoline.

That's just one of the many bad stories coming out of the storm-wrecked city. But there are even more stories now, about the good things which have or are taking place.

Stories such as the radio station in Dallas which called for contributions from that city's residents and hauled seven big trucks loaded with food, bedding and clothing to Wichita Falls.

Employees of Cryovac at South Carolina and Iowa are contributing to the cause, because a number of the Iowa Park plant employees live in Wichita Falls and were hit hard.

Right here at home, one of the first contributions was \$100 from the Iowa Park Tennis Association member-

ship. And folks, I want to say here now, that I've never been more proud to belong to an organization than I am the Iowa Park MuleSkinners. And the organization has had outstanding support from contributors.

Members of the MuleSkinners were feeding people in Wichita Falls Wednesday, Thursday, Friday, Saturday and Sunday, and they were going back some more this week, too.

Wednesday, they fed over 100 pounds of chili and a big pot of beans to people at the help station located at Midwestern State Univ. Thursday and Friday they handed out over 1,000 sandwiches, while driving through the demolished housing areas.

Saturday they passed out another 100 pounds of chili and approximately 200 sandwiches.

Sunday they set up a cooking station at Albertsons, and served there and at the 4-H Barn. What they served was approximately 450

pounds of hot fried chicken, 200 pounds of French fries and about 50 pounds of hot links.

Over the five-day period, they handed out some 90 cases of canned soft drinks and untold gallons of iced tea and lemonade.

Contributions of food and merchandise received by the MuleSkinners were from Pleasant Valley Grocery, B&J Market, Peoples Ice, Discount Foods, State National Bank, Stanley Williamson, Spruiell Drilling, Dewey Spruiell, Polly Spruiell, Dick Ashton, Gary Williamson, Bill Bates Chevrolet.

Also Shaw Motor Co., JRB Food, Settle Drug, Catlin Cementing, J.B. Trantham, Hatcher Poultry, Sue Hale, Betty Guyton, Jack Byrd, Safeway, Albertsons, Ben E. Keith, Bob Terry, Carl Pemberton, Bob Birdett and Barbour Insurance Co.

They say it makes you feel good to help someone in need. And, folks, there are a lot of people feeling very good right now.

April's rebate doubles '78

The April sales tax rebate to the City of Iowa Park is double what it was during the same period last year.

The April one-percent sales tax rebate check was for \$7,952 as compared to \$3,975 received during April of 1978.

So far in 1979 the sales tax reimbursements have added to \$22,026 to city coffers. By this time last year \$21,799 had been received, reflecting a one percent increase for the year.

Cook of the Week

Mrs. Sherwood Mc.Kinley

The tomato is a culinary favorite in so many countries and certainly in the U.S. Mrs. Sherwood McKinley's Italian Talerina recipe this week calls for tomatoes which inspired a look into the origin of the highly esteemed vegetable. Tomatoes traveled a long route from the Andes Mts., where wild plants still sprawl, to the prehistoric gardens of the Mexican Indians. The migratory tribes took them to North America, where explorers from the Old World discovered the curiously fruited plant and took it home with them. Although the Italians were brave enough to grow and eat the tomato as early as 1550, other Europeans grew it as a curiosity. The French called it "love apple" and the poetic Italian named it "golden apple". Thomas Jefferson grew the tomato at Monticello, but there appears to be no record of

tomatoes being consumed by Americans until 1812 when the influence of French cuisine in New Orleans started it on its way to becoming one of the most popular vegetables. Sharon and Sherwood McKinley were both graduates from Bowie High School. He is a partner in CRA Rig Builders. They are members of Grace Baptist Church where both teach Sunday School classes and she is church clerk. She is a member of Kidwell P-TA and she likes to do wall papering and take piano lessons. The McKinleys have three children, Mark a high school freshman, Lachelle, a fourth grader and Amy, five and a half years old.

ITALIAN TALERINA
 1 1/2 lbs. ground beef
 1 small onion
 1 can tomatoes
 1 can Mexicorn
 1 can ripe olives, drained (optional)
 Grated cheese
 Garlic and salt to taste
 Brown meat with onion, garlic and salt. Add tomatoes, Mexicorn, ripe olives. Precook 1 pkg. noodles. Drain and add to meat mixture. Pour into a 9x13" pan. Bake 20-25 minutes at 325°. Add grated cheese and bake an additional 10 minutes.

FAST STRAWBERRY PIE
 1 pint strawberry ice cream (softened)
 1 cup milk
 1 pkg. vanilla instant pudding
 1 graham cracker crust
 Mix ice cream, milk and pudding together. Pour into crust. Top with Cool Whip and whole strawberries. Refrigerate.

EASY CHICKEN and RICE
 1/2 stick margarine or butter
 1 1/2 cups uncooked rice
 1 large fryer, cut up
 2 t salt
 1 pkg. dry onion soup mix
 3 cups water
 Melt margarine in 9x13 inch pan. Add rice; place chicken on top of rice. add salt and onion soup mix; pour in water and cover. Bake 1 1/2 - 2 hours at 300 degrees. 6-8 servings.

PEANUT BUTTER PIE
 1 graham cracker crust
 1 pkg. vanilla instant pudding
 1 cup confectioners sugar
 1/2 cup crunchy peanut butter
 Cool Whip

Mix confectioners sugar and peanut butter until crumbly. Sprinkle 3/4 of mixture over graham cracker crust. Mix pudding as directed and pour into crust. Top with Cool Whip. Sprinkle with remaining sugar and peanut butter mixture. Refrigerate.

CHOCOLATE CHESS PIE
 1/2 cup butter or margarine
 1 1/2 squares (1 oz.) unsweetened chocolate
 1 cup firmly packed brown sugar
 1/2 cup sugar
 2 eggs slightly beaten
 1 t flour
 1 T milk
 1 t vanilla
 1 unbaked pie shell
 Melt butter and chocolate in a small saucepan over low heat. Combine sugars, eggs, flour, milk and vanilla, stirring well. Gradually add chocolate mixture, stirring constantly. Pour into pie shell. Bake at 325 degrees for 40-45 minutes.

CONNIE JO JENNINGS

Couple picks May date
 Mr. and Mrs. Doyce L. Jennings announce the engagement of their daughter, Connie Jo, and Edward L. Shown, son of Mr. and Mrs. Bobby L. Shown.

Friendly Door Lunch Menu

- Monday, April 23
Fried fish, tartar sauce, potatoes, corn, peach/lettuce, butterscotch pudding.
- Tuesday, April 24
Chicken fried steak, gravy, rice, rutabago, salad, dressing, peanut cookies.
- Wednesday, April 25
Oven fried chicken, sweet potatoes, vegetables, applesauce jello, cobbler.
- Thursday, April 26
Meat loaf, corn pudding, spinach, beets, sheet cake.
- Friday, April 27
Bar BQ, macaroni salad, peas, cole slaw, cornbread, pears.
- Monday, April 30
Spaghetti, meat sauce, mixed vegetables, salad, dressing, applesauce.

Miss Jennings is a senior at Iowa Park High School and is employed by TG&Y. Her fiancé was graduated from Ben Eielson High School of Fairbanks, Alaska and is employed by Toyotaville in Fort Worth. The wedding will be an event of May 24.

Park projects to be explained
 Mrs. David Padgett will be guest speaker for the Young Homemakers of Texas Tuesday at 7 p.m. She will explain the projects of the Iowa Park Parks Board of which she is a member.

Mrs. R.L. Redclift will be in charge of business. Refreshments will be served and babysitters provided.

"Be brief when you cannot be good."
 St. Francis De Sales

I thank you, the voters, for re-electing me Trustee of the Iowa Park School District and a special thanks to those who worked so hard for my election.

BE CHOOSEY. GET GENUINE BELL.

People are getting rather choosy about their phones. Now there's a big choice. But the choice doesn't have to be difficult.

Some people want a phone that looks old when it's new. Or one that will let them extend personal decorating ideas to include their telephone.

You can choose a phone that's genuinely you. And still get a phone that's genuinely Bell.

You'll find phones that are ornate, or simply functional. We have styles that go with Early American, or with early crate and barrel.

There are all sorts of shapes and colors and styles of Bell telephones to choose from.

Call your telephone business office. You can charge your choice on your monthly phone bill.

Be choosy today.

Freezing food at home

A meal on a moment's notice; fresh corn in December; deer from last fall's hunt—all compliments of the home freezer. Freezing is one of the simplest, most popular methods of preserving foods at home. It retains the natural color, flavor, texture and food value of most fruits and vegetables, meats and baked goods.

The quality of the food frozen can vary with freshness of product used, methods of preparation, packaging and conditions of freezing, says Barbara

Cornelius, County Extension Agent of Wichita County. For successful freezing, Mrs. Cornelius suggests selecting good-quality products. Freezing will not improve low grade food. Frozen meat, poultry, fish and eggs equal the fresh products in nutritive value. Retaining this value of fruits and vegetables depends largely on the treatment before freezing, storage temperature and method of cooking and serving, according to Mrs. Cornelius. Handling the food promptly also retains quality.

Improper packaging can cause undesirable flavor and appearance. The selection of containers depends on the type of food and personal preference. But all materials should be moisture-vapor proof to prevent evaporation and retain the highest quality in frozen foods. The County Extension Agent recommends glass, metal rigid plastics, freezer wrapping materials, waxed cartons and most bags because they are moisture-vapor resistant. But, she advises, do not

use ordinary waxed papers, household aluminum foil and cottage cheese or ice cream cartons. All packages should be air tight. Freezer burn, a surface discoloration on meat and poultry, often results when meat or poultry dry due to improper packaging. Give special care to foods which may become rancid, a result of natural fats and oils being exposed to atmospheric oxygen. These foods include fish, shellfish, beef, pork, meat, poultry. Freeze fruits and vegetables at 0 degrees F. or

below. Meat should be frozen in a commercial plant at -5 to -20 degrees F. for best results, according to Mrs. Cornelius. Space packages of unfrozen food at least one inch apart since heat must be given off in order for them to freeze. Put no more unfrozen food into a freezer than will freeze within 24 hours. For quickest freezing, place packages against freezing plates or coils, she says. Storage temperature matters. For example, many foods noticeably lose quality

and vitamin content when stored at about 25 degrees F. in an "open-at-one-end" household refrigerator freezer. Frozen foods undergo slow changes in storage and will not retain quality indefinitely. For best results, says Mrs. Cornelius, store them at 0 degrees F. or below. Freezing does not sterilize the product, but the low temperature prevents the growth of harmful yeasts, molds and bacteria. Some microorganisms are killed by freezing but many survive.

RACING TO REGIONALS - Kristi Lucy, center, races to second place in the district 80-yard hurdles for a berth in the girls' regional track meet slated for Friday and Saturday at Stephenville. The boys will be in Nocona today for District 13-A competition.

Establishing civil defense unit subject of meeting here Friday

Organization of a civil defense response unit here will be the topic of a community meeting at 7:30 p.m. Friday in Holliday High School's auditorium. Mark Wilson, Wichita Falls civil defense director, will be at the meeting to help with the organization of a response unit. Wilson, who admitted he hasn't had much time to prepare for the Holliday meeting since his time has been taxed because of the tornado in his city, said he

would explain how the Wichita Falls alert system is structured. He also is expected to make comments concerning grants that might be available to help Holliday purchase a disaster siren warning system. Wilson said most of the meeting would be his response to questions coming from the audience. At Monday night's Holliday City Council meeting three women initiated a discussion on what they

consider the inadequate disaster warning system here. They appeared primarily concerned with the lack of a siren warning, lack of a community storm shelter and shortcomings encountered trying to aid elderly citizens reach shelter during times of emergency. Mayor Pro Tem Jim Virdell said he urged all residents to attend the meeting to facilitate the organization of a civil defense response unit here.

Tax rebate check up

Sales tax rebates to the City of Holliday are up 18 percent as compared to this time last year. The April sales tax rebate check was for \$2,162 as compared to \$1,705 received

during April 1978.

For the first four months of 1979 the city has received \$10,605 from sales taxes. By this time last year Holliday had been reimbursed \$8,975.

Trustees call special session

Holliday school board will meet in special session at 7:30 p.m. Friday to discuss a personnel issue.

Good Friday was thirsty

Although Holliday escaped the tornado that struck Wichita Falls last week, the resulting power shortage evaporated Holliday's water sources for about 14 hours last Friday. The tornado that hit Wichita Falls April 10 crippled the city's Cypress

Street Water Plant on the west side of town. That facility supplies all of Holliday's water through a purchase agreement with the City of Wichita Falls. When the tornado struck on that Tuesday night, Holliday had a good water supply in its storage tanks

and with voluntary rationing Mayor Pro Tem Jim Virdell figured the town could make it through the weekend.

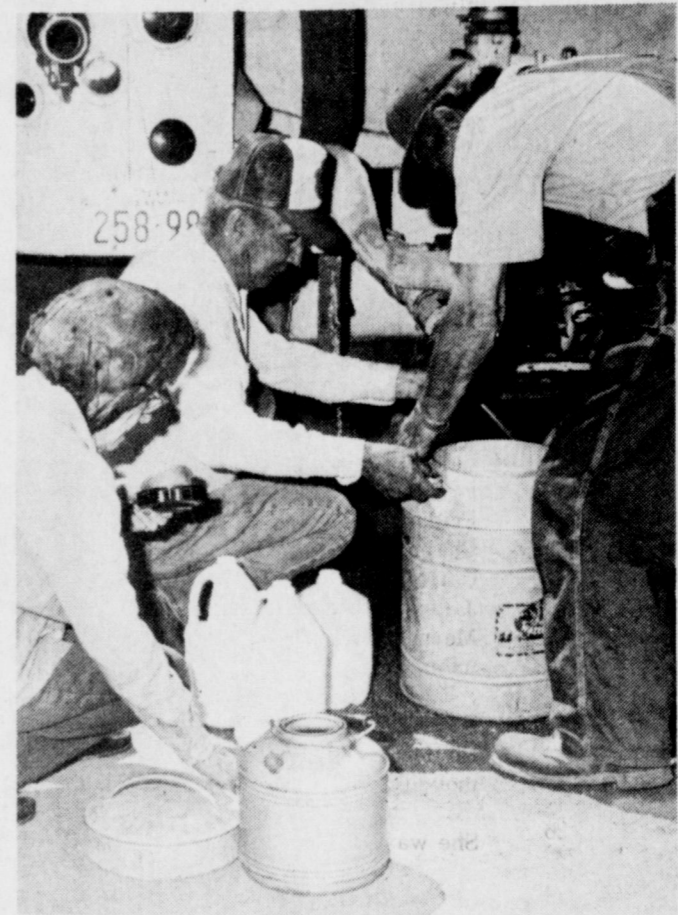

The water situation remained favorable through last Thursday night when 100,000 gallons remained in the city's storage facilities. Virdell had decided to impose strict rationing by turning the water off and on every two hours beginning Friday morning.

But when Virdell and Water Superintendent Elvin Hoover checked the tanks Friday morning, they found them empty. The city's water supply had been evaporated because of increased consumption, Virdell said.

Since the time the tornado struck, the only water to flow through the pipeline from Wichita Falls was 3,500 gallons that arrived in Holliday about 10 a.m. Friday.

In the meantime, neighboring towns came to Holliday's rescue. Tank trucks from Olney, Archer City and the Associated Milk Producers hauled in water for residents to fill jugs and buckets for home use. Levi Strauss plant at Wichita Falls delivered about 200 gallon jugs of water that had been delivered to its crippled facility.

Water started flowing through the Wichita Falls pipeline about 2 p.m. Friday, and water service to homes and businesses here was restored about 9 p.m. Friday, Virdell said.

FILL 'ER UP! - Pete Snyder, center, a city employee, helps Holliday residents fill water containers during the 14-hour period last Friday when the town's water service evaporated. Holliday received emergency water from Olney, Archer City, AMPI in Windthorst, Levi Strauss and Junior Bitiner.

HOLLIDAY NEWS

State approves election

Friday is deadline for candidates to file for mayor

Two days remain for candidates to file for election to the Holliday mayor's post. After securing approval for the special election, the Holliday City Council Monday night established the filing deadline for 5 p.m. Friday for the special mayor's election which will be held May 22.

Ben Ezzell resigned as the city's mayor last month, creating the vacancy which has been filled temporarily by Mayor Pro Tem Jim Virdell.

After sorting through a maze of legal problems, Virdell finally won approval by Governor Bill Clements to hold the special election.

If the council had not decided to hold the special election, it would have had to appoint someone from its ranks to serve out the remaining year of Ezzell's term. Or by state law a special election could have been held in August to choose someone to serve out the remaining few months on Ezzell's term.

The council quizzed the standing-room-only crowd at city hall Monday night on what they thought the council should do. Based on

the opinions aired, the council decided to call the special election for May 22. Next Monday night the council will canvas the results of the April 7 municipal election and swear

Students heading for Stephenville

A dozen Holliday High School students will be traveling to Stephenville Friday and Saturday for regional University Interscholastic League literary competition.

Laura Holt and Jo Marushia, who placed third in debate at district, will compete Friday along with Kelly Morgan and Katie Williams, who placed first and second, respectively, in district ready writing.

All of the other events will be staged Saturday.

Steve Laukhuf and Stanley Craddock, who took first and second, respectively, in district informative speaking, will make the trip to the regionals.

Lou Thomas will go to the

regional after placing third in persuasive speaking at district. After taking third in district prose reading, Carla Lear will venture to the regionals.

Larry Denney placed third in news writing at district and will compete at Stephenville, along with Teresa Bryan, who took second in feature writing at district.

Denney also will be in feature writing competition after taking second at district. Kenneth Denham was third in feature writing at district and will continue into the regionals as will Rusty Barnes, who was second in headline writing at district.

At that meeting the council also is expected to call a run-off election for Place 5 on the council caused by the tie balloting between John Goforth and Rodney

Hodgkins. If everything goes as expected the special mayor's race and the Place 5 run-off will appear on the same May 22 ballot.

Because of the pending personnel changes on the city council, little formal action was taken at Monday night's regular meeting. Virdell and councilman Mike Parker will remain on the council, but councilmen Melvin Bills and Mary Denney were unseated by Jimmy Willis and Leon Addison in the municipal elections.

The councilmen approved a proposal to pick up the tab for food and supplies purchased by Holliday volunteer firemen in the wake of the tornado that struck Wichita Falls last week. The council agreed to pay a \$30.36 food bill and \$17.70 for purchase of flashlights.

At the request of John Harrigal, the council voted to send letters of appreciation to the cities of Olney and Archer City, Associated Milk Producers Incorporated of Windthorst, Levi Strauss and Junior Bitiner for supplying water to Holliday when its supply went dry last Friday.

The council continued its discussion on how to handle financing of drainage improvements requested by several residents. The council appears undecided about

how much of the project the city should finance, and tabled action until further information can be obtained from the engineer planning its water system revision project.

David Kucinski and Glenn Wood reported on their investigation into problems residents were having obtaining access to the city dump. Tom Hall, dump superintendent, said he closed the dump during wet weather because drivers cut up the road and it takes longer to dry. Action on possible improvements was tabled.

Councilmen also tabled action on adopting a permanent site for home trash collection.

Cavener-Widders wedding held here Saturday night

Miss Mary Charlene Cavener, daughter of Mr. and Mrs. Charlie Cavener of Dundee, became the bride of Edward Wayne Widders of Holliday, son of Mr. and Mrs. Clyde Widders of Hurst, Saturday evening.

The double-ring ceremony was performed in Holliday First Baptist Church by the Rev. John Jones, pastor of Dundee Baptist Church.

The couple repeated their vows before an archway covered with greenery dotted with pink and white carnations flanked by candleabra decorated in the same theme. Arrangements of the chosen flowers completed the decor.

Mrs. Dorris Anderson, organist, provided the wedding music.

Leslie Mankins and Laurie Mankins of Dundee lighted the candles for the service. They wore mint green and pink floral print gowns.

The bride was given in marriage by her father. She wore a daron polyester organza gown fashioned with an empire bodice featuring a sweetheart neckline, bishop sleeves finished with wide cuffs applied with Venise lace. The appliques were scattered over the bodice and skirt to add beauty to the gown. Narrow Venise lace edged the wide polyester silk hemline scalloped at the top and attached chapel train. She chose a train length illusion veil held by a pearl-lined headpiece and carried a bouquet of pink roses, carnations, baby mums and baby's breath with streamers.

Dianna Kennedy of Holliday, sister of the bride, was matron of honor and Dee Anna Moore of Amarillo, her cousin, was bridesmaid. They wore pink organza gowns with flounce hems and carried long stemmed pink roses and baby's breath tied with pink ribbons and streamers.

Holley Holmes, the flower girl, was clad in a pink frock with white eyelet apron.

Toby Stenson of Houston, the groom's cousin, was ring bearer. He wore a white tuxedo trimmed in black and

a pink shirt to correspond with the attire of the masculine participants.

The groom, wearing an all-white tuxedo, was attended by David Hennan of Wichita Falls as best man and Jimmy Kennedy of Holliday as groomsman. Ushering guests were Ronnie Culver of Wichita Falls and Randy Hopper of Amarillo.

The bride's mother wore a floor length cream-colored polyester dress with a brown sheer cape and a peach-colored corsage. The groom's mother wore a pink corsage with her long orchid polyester dress topped with a matching sheer cape.

The bride was graduated from Holliday High School and is employed by Albertsons in Wichita Falls. The groom, who works for Truman's Auto Supply in Wichita Falls, was graduated

from Rider High School.

Assistants for the wedding reception hosted by the bride's parents in the Fellowship Hall of the church were Vickie Wilson, Brenda Lambeth, Diane Garlington and Paula Hall.

The refreshment table was covered with white lace over pink. The three-tiered white cake was decorated with pink rose frosting designs.

The couple will live in Holliday. They went to Fort Worth on their wedding trip, the bride traveling in a yellow polyester dress with gathered yoke.

Out-of-town guests for the wedding were Mr. and Mrs. Robert Moore and Mrs. Evelyn Hopper of Amarillo, Mr. and Mrs. George Stenson and Mrs. Damon Wright of Houston, and Mr. and Mrs. Mike Bridges of Allen.

Girls at region; boys at district

Field event preliminaries are set for 4 p.m. Friday with running preliminaries slated to follow at 7 p.m.

Running event finals will be held Saturday.

Holliday female thinclads going to the regionals include the 440 relay team of Nancy O'Neal, Kathy Halenack, Susan Dillard and Laura Holt.

Also in the regionals will be the 880 relay team of O'Neal, Halenack, Lonnita Moore and Holt.

Carla Cottrell will compete in the high jump, Laura Denney in the mile run and Kristi Lucy in the 80-yard hurdles.

Holliday track fans can look forward to today, Friday and Saturday as the Eagles venture into district competition and the Lady Eagles race at the regionals.

Coach Bill Lee will take his Eagles to the District 13-A meet today at Nocona.

Preliminary running events are slated to begin at 9 a.m., followed by field events at 10:30 a.m.

Running event finals will begin at 3 p.m., Lee said.

Coach Cody West and eight of his gifted girls will be in Stephenville Friday and Saturday for the girls varsity regional meet.

Obituaries

Floyd Greeling

Services for Floyd Greeling, 56, of Wichita Falls, a tornado victim and stepfather of Lonnie Briscoe of Iowa Park, were Saturday afternoon at Trinity United Methodist Church in Wichita Falls.

The Rev. John Lightfoot, pastor, and the Rev. Rex Bullock, pastor of Bible Missionary Church, officiated. Burial was in Crestview Cemetery under direction of Tanner-Aulds Funeral Home.

He was born Dec. 7, 1922, in Shawnee, Okla. and had lived in Wichita Falls 20 years. He was employed by Texas Department of Highways and Transportation for 16 years and was a member of Trinity United Methodist Church.

Survivors include his wife, Faye; two daughters, Mrs. Dian Winkler of Longview and Mrs. Tammy Einhorn of Dean; a stepdaughter, Mrs. Louise Brown of Lake Arrowhead; two stepsons, Lonnie Briscoe of Iowa Park and Richard Payne of Wichita Falls; a brother, Raymond Greeling of Tecumseh, Okla.; six sisters, Mrs. Jean Blalock of San Pueblo, Calif., Mrs. Perry Boark of Wichita Falls, Mrs. Alma Wiggins and Mrs. Mae Smith, both of Tecumseh, Mrs. D.B. Jones of Greenville and Mrs. Thelma Bennett of Antioch, Okla.; 10 grandchildren; and two great-grandchildren.

Mrs. Emil Schroeder

Funeral Services for Mrs. Emil Schroeder, 84, a longtime resident of Burkburnett, were Saturday afternoon at the Trinity Lutheran Church in the Clara Community with the Rev. Fred Darkow, pastor, officiating.

Burial was in the Clara Cemetery under direction of Owens and Brumley Funeral Home in Burkburnett.

Born Willa Belle McCullough on Oct. 5, 1894 in Bellflower, Mo., Mrs. Schroeder had lived in Burkburnett since 1931. She was married Dec. 25, 1922 in Pueblo, Colo.

She is survived by her husband; three sons, Herbert of Boys Ranch, Richard of Iowa Park and Raymond of Burkburnett; four daughters, Mrs. Helen Eaton of Burkburnett, Mrs. Linda Rogers of Iowa Park, Mrs. Juanita Tonn of Haven, Kan. and Mrs. Lorene Finstad of Grapevine; 26 grandchildren and 12 great-grandchildren.

Mrs. Ruth Griffin

Funeral service for Mrs. Ruth Griffin, 74, mother of Walter I. Griffin of Iowa Park, was Wednesday afternoon in Kenemer Brothers Funeral Home in Dalton, Ga. Burial was in the Griffin Family Cemetery in Mill Creek, Ga.

She was born in Bowie, Texas and moved to Georgia when she was an infant. In addition to the son here, she is survived by four daughters, Josey Rackley of Harrison, Tenn., Mary Hackney of Dalton, Betty Carpenter of Tunnel Hill, Ga., Martha Cibizza of Bishop, N.C.; three sons, Albert of Dalton, Dennie of Tunnel Hill, Billy of Rome, Ga., and Walter; five brothers and one sister; several grandchildren and great-grandchildren.

Clifton James Roberts

Services for Clifton James Roberts, 45, who died Friday in Azle, were Monday afternoon at First Baptist Church. Officiating was the Rev. Howell Farnsworth, pastor, assisted by the Rev. Dan Terry of the Chaparral Baptist Assembly.

Burial was in Highland Cemetery under direction of Tanner-Aulds Funeral Home.

Pallbearers were Leon Morrow, Sam Fairchild, Jim Cossey, Eldon Dowell, Gerald Stone and Walter Spruiell.

He was born Nov. 23, 1933 and married the former Barbara Clubb on August 5, 1955 in Iowa Park. He was a mechanic with a Fort Worth Trucking Company.

He is survived by his wife, two daughters, Kathy Sue and Karen Lynn, of Azle; his mother, Mrs. Grace Roberts of Iowa Park; two sisters, Mrs. Gus (Helen) Rich of Iowa Park and Mrs. Mary Ellen McLemore of Gilmer; several nieces and nephews.

Finnell makes report on tornado

State Rep. Charles Finnell toured areas of Wichita Falls ravaged by last Tuesday's tornado, and returned briefly to Austin to report to the House and committee chairmen "in order that the emergency funding process may be started immediately."

Finnell delivered a short report on the damage he witnessed while on a helicopter tour with Gov. Bill Clements, and then answered questions raised by concerned legislators.

"I've spoken with Rep. Bill Presnal, chairman of the House Appropriations Committee, and with House Speaker Bill Clayton," Finnell said. "They have assured me that we may now proceed with our rebuilding with their full cooperation."

Finnell noted that upon his motion, Speaker Clayton adjourned the House Wednesday "in memory of those who died in the tornado in Wichita Falls."

Finnell returned to the

Mrs. Bill Neason

Services were Thursday afternoon in First United Methodist Church at Crowell for Mrs. Bill Neason, the former Cecelia Childers, who was killed April 10 when her car was caught in a tornado that crossed Texas Highway 70 near Vernon.

The Rev. Steve McElroy officiated. Burial was in Crowell Cemetery under direction of Womack-Manard Funeral Home.

Mrs. Neason and her two children, David, 5, and Heather, 3, were returning from Vernon when they were caught in the storm. The children were treated at Wilbarger General Hospital and released.

A 1968 graduate of Iowa Park High School, Mrs. Neason earned a bachelor of science degree from Sam Houston State University. She was a sales representative for Southwestern Book Co. and a member of First United Methodist Church.

Born Aug. 10, 1950, in Wichita Falls, she was married to Bill Neason Jr. on Jan. 1, 1971 in Iowa Park. She and her family moved to Crowell in 1976 from Waco.

She is survived by her husband and the two children; her parents, Mr. and Mrs. Roy Childers of Iowa Park; two sisters, Mrs. Donna Tanner of Iowa Park and Mrs. Lee Ann Mason of Houston; a brother, Roy Childers Jr. of College Station; and a grandmother, Mrs. Hettie Rogers of Wichita Falls.

Mrs. R.C. Boulware

Services for Mrs. R.C. Boulware, 73, a former resident of Iowa Park, were held Friday in the Blackburn-Shaw Memorial Chapel in Amarillo. Officiating were Dr. Clifford Trotter, pastor, and the Rev. James Carter, assistant pastor of Polk St. Methodist Church where she was a member.

The former Cue Braselton, she was born April 22, 1906 in Bridgeport and married R. Clyde Boulware June 10, 1933. The couple moved to Iowa Park where he was principal of the high school following their marriage. She was active in church and club work in the city and served as president of the 23 Study Club. They moved to Amarillo in 1938.

She is survived by her husband; one sister, Mrs. Lynn Metcalf of San Angelo and several cousins, among them are Mr. and Mrs. L.E. Brooks of Iowa Park who attended the funeral service.

Dorothy Nell Bailey

Funeral service for Mrs. Dorothy Nell Bailey, 57, a 12-year resident of Iowa Park, was held Wednesday morning at Owens and Brumley Funeral Home in Wichita Falls. She died Monday at her home here.

The Rev. Ernest Quillen, pastor of the Good Shepherd Lutheran Church, officiated. Burial was that afternoon at Throckmorton.

Born March 16, 1922 in Baylor County, Mrs. Bailey had lived in Wichita Falls 18 years before moving to Iowa Park. She was a civil service employee at Sheppard Air Force Base.

She is survived by her husband, Jack; two nieces, Mrs. Jeneta Goforth of Carrollton and Mrs. Jo Ann Edenfield of Andrews AFB.

Violet S. Higinbotham

Services for Mrs. Violet S. Higinbotham, 85, a former resident of Iowa Park, will be Saturday at 2 p.m. in New Oxford, Pa.

Born Sept. 14, 1893 in Hackle Barney, N.J., Mrs. Higinbotham lived here with her daughter, Mrs. Vernon Gilbert, between 1967-77. She suffered a stroke while on a visit to Pa. in 1977 and died Tuesday night in the Green Acres Nursing Home at Gettysburg, Pa. She attended the First Church of Christ Scientist in Wichita Falls while she lived here.

Other survivors are a granddaughter, Patricia Zeigler of McSherrystown Pa.; a grandson, Brad W. Groft of Ft. Collins, Colo.; and five great-grandchildren.

Disaster aid available

Residents of five north Texas counties who suffered losses during the April 10-11 tornado should seek needed assistance from one of the dozens of federal, state and local agencies now operating in the stricken area.

Three disaster assistance centers have been established in Wichita Falls and Vernon to accept applications for aid from affected residents of Wichita, Wilbarger, Clay, Baylor and Foard counties.

The centers in Wichita Falls are located at the 4-H Barns and at Notre Dame High School gymnasium. The third center is in the Wilbarger Memorial Auditorium in Vernon.

The centers are being operated daily from 9 a.m. to 7 p.m. Federal Coordinating Officer Joe D. Winkle said he plans to keep the centers in Wichita Falls open at least through April 21. The Vernon center will remain open until further notice, he said.

"These centers have representatives of all the aid programs which may be able to help those who suffered

losses in the storm," Winkle explained. "Residents of the five counties should visit the nearest of the three centers."

Among the aid programs which were made available by President Carter's major disaster declaration are those which can provide low interest recovery loans, temporary housing, financial and technical aid for farmers and ranchers, unemployment compensation, tax and legal aid, assistance to the elderly and a variety of emergency food, clothing and medical help.

Residents of the five-county area surrounding Wichita Falls may obtain information about the programs by calling 817/855-6910 collect between the hours of 8 a.m. to 7 p.m.

The largest expanse of unexplored terrain in the world is northern Alaska.

Municipal Court Records

Results of municipal court held here last Thursday:

Phillip Wayne Farnsworth, disobey stop sign, \$28.50; Larry Wayne Backus, disobey stop sign, \$28.50;

Selena Kay Canada, negligent collision, \$28.50; Karen Kay Conner, disobey stop sign, \$28.50;

Christopher Alan Elwell, disobey stop sign, \$28.50;

Terry Wayne Wakefield, disobey stop sign, \$28.50; Robert Wayne Beggs, no driver's license, \$18.50;

Bobby Dean Quisenberry, public intoxication, \$28.50; Richard Stephen Fairchild, public intoxication, \$28.50.

Accepted by dental school

MARK STANKEWITZ

Mark Stankewitz, son of Mr. and Mrs. Leroy Stankewitz, has been notified that he has been accepted for admission to the 1979 entering class of the University of Texas Dental Branch at Houston beginning July 30.

A 1975 graduate of Iowa Park High School, Mark will receive his degree from Midwestern State University in May with a major in biology and minor in chemistry. At the university, he belongs to Beta Beta Beta, national biological honorary society, Pre-Medical Careers Club and Biology Club.

Leader printing plate in fallout

Many people in Oklahoma didn't need the news media to be aware of the huge tornado that struck Wichita Falls last week. They got much of the fallout from the storm.

A letter received in the Iowa Park Leader's mail Saturday testified to the storm's aftermath:

"I work in the general area of Loco, Okla. about 16 miles east of Comanche, Okla. as a gauger for Matador Pipelines Inc. This day, April 11, 1979, I passed this crumpled piece of aluminum along side of highway 53 so I stopped to pick it up and saw that it contained news print.

Suddenly I realized that it had come all the way through the air from the terrible tragedy you folks had gone through the evening before.

"My home is in Duncan and as I watched TV giving all the reports last evening I was a little more than concerned about our own well being I assure you, but then it seemed that the clouds were splitting and fortunately we were spared all but some wind and some rain and hail.

Our hearts go out to all the folks who suffered personal loss and our deepest sympathy to those suffering the loss of loved ones.

Respectfully and sincerely,

Jack Abram

512 Oak

Duncan, Okla."

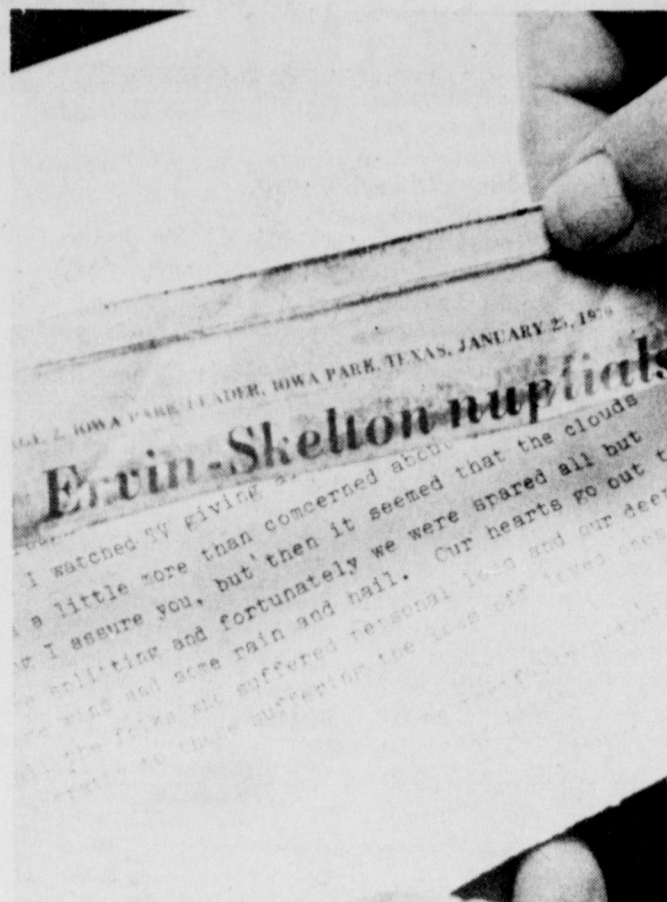

The piece of metal had traveled some 50 miles before falling to earth.

What the thoughtful Oklahoman had found was an aluminum plate which is put on an offset press. It was page 2 of the Leader's Jan. 25, 1979 issue.

The plate was apparently sucked from the inside storage room of Nortex Offset Publications, Inc., the central printing plant located in the industrial area on the east side of Wichita Falls, next to the Waurika highway.

The plant was totally demolished by the funnel, as it apparently passed directly over the structure. Newspapers other than the Leader which are printed there range from as far south as Bridgeport and to the north as Lawton.

Other printing, such as advertising inserts for major chain

PORTION OF PRINTING PLATE

stores, are also printed at Nortex. One such printing order fell victim to the storm, when more than 2-million copies from the press were stacked on pallets, awaiting shipment. Most were distributed, like the printing plate.

ORDINANCE NO. 291

AN ORDINANCE ESTABLISHING LITTER CONTROL REGULATIONS AND PROVIDING FOR A SCHEDULE OF FINES.

WHEREAS, in the opinion of the Mayor and City Council the existing litter control regulations are not adequate to deter littering, and,

WHEREAS, it is their intention to supplement existing litter control regulations with a more comprehensive litter control ordinance to be enforced in conjunction with Chapter 9, Article II of the Code of Ordinances,

NOW THEREFORE BE IT ORDAINED, BY THE CITY COUNCIL OF THE CITY OF IOWA PARK, TEXAS THAT:

Section 1. Definitions.

a. Litter is any quantity of uncontaminated paper, metal, plastic, glass or miscellaneous solid waste which may be classed as rubbish, refuse garbage or unsolicited and unsubscribed advertising in accordance with Section 9-20 of the Code of Ordinances.

b. Public property includes, but is not limited to, the following exterior locations: streets, street medians, roads, road medians, catch basins, sidewalks, strips between streets and sidewalks, lanes, alleys, public right-of-way, public parking lots, school grounds, vacant lots, parks, beaches, playgrounds, other publicly-owned recreation facilities, and municipal waterways and bodies of water.

c. Private property includes, but is not limited to, the following exterior locations owned by private individuals, firms, corporations, institutions or organizations, yards, grounds, driveways, entranceways, passageways, parking areas, working areas, storage areas, vacant lots and recreation facilities.

d. Solid waste refers to rubbish, refuse, garbage, junk, or unsolicited and unsubscribed advertising generated from both residential and commercial establishments.

Section 2. Vehicles Transporting Loose Materials.

a. It shall be unlawful for any person, firm, corporation, institution or organization to transport any loose cargo by truck or other motor vehicle within the corporate limits of the city unless said cargo is covered and secured in such manners as to prevent depositing of litter on public and private property.

Section 3. Loading and Unloading Operations.

a. Any owner or occupant of an establishment or institution at which litter is attendant to the packing and unpacking and unloading or loading of materials at exterior locations shall provide suitable containers there for the disposal and storage of such litter and shall make appropriate arrangements for the collection thereof.

b. Further, it shall be the duty of the owner or occupant to remove at the end of each working day any litter that has not been containerized at these locations.

Section 4. Construction / Demolition Projects.

a. It shall be unlawful for the owner, agent or contractor in charge of any construction or demolition site to cause, maintain, permit or allow to be caused, maintained or permitted in the accumulation of any litter on the site before, during or after completion of the construction or demolition project.

b. It shall be the duty of the owner, agent or contractor to have on the site adequate containers for the disposal of litter and to make appropriate arrangements for the collection thereof for transport by himself to an authorized facility for final disposition.

c. The owner, agent or contractor may be required at any time to show proof of appropriate collection, or if transported by himself, of disposition at an authorized facility.

Section 5. Keeping Property Clean.

a. It shall be unlawful to sweep or push litter from sidewalks and strips into streets. Sidewalk and strip sweepings must be picked up and put into household or commercial solid waste containers.

b. It shall be the duty of every non-resident owner of a vacant lot or other vacant property to appoint in writing to the city a resident agent who shall have responsibility for keeping that lot or other property free of litter.

c. If after due warning, citation or summons, an owner, agent, occupant or lessee fails to remove litter from any private property, the City is authorized to serve written notice to the owner of his appointed agent that if the condition is not corrected within ten (10) days, the property will be cleaned by the City and the owner or his appointed agent billed for the cost thereof. If the bill is not paid within thirty (30) days, execution may be issued by the City against the property for the amount of cleaning charge, and such execution shall constitute a lien on the property until the claim has been satisfied.

Section 6. Fines.

The schedule of penalties for violations of all litter ordinances is as follows:

- Violation and Amount
- a. Littering by pedestrians and motorists, \$20.00;
- b. Dumpouts, \$300.00;
- c. Littering with handbills, leaflets, etc., \$35.00;
- d. Failure to provide litter receptacles, \$50.00;
- e. Transporting loose materials without adequate covering, \$100.00;
- f. Lack of containers at loading / unloading operations, \$25.00;
- g. Failure to clean loading / unloading areas, \$50.00;
- h. Accumulation of litter at construction / demolition site, \$100.00;
- i. Lack of containers at construction / demolition site, \$100.00;
- j. Inability to show proof of proper end disposition of construction / demolition, \$100.00;
- k. Improper household solid waste containerization, \$20.00;
- l. Improper disposal of household bulk, \$50.00;
- m. Failure to bundle and tie loose excess household solid waste, \$20.00;
- n. Uncovered household containers, \$10.00;
- o. Failure to replace defective household containers, \$25.00;
- p. Failure to follow prescribed putout practices, \$25.00;
- q. Depositing household garbage and refuse in sidewalk or other pedestrian litter container, \$25.00;
- r. Improper commercial garbage and refuse, \$50.00;
- s. Uncovered commercial containers, \$25.00;
- t. Failure to replace defective commercial containers, \$50.00;
- u. Depositing commercial garbage and refuse in sidewalk or other pedestrian receptacles, \$50.00;
- v. Litter on private premises, \$50.00;
- w. Litter on sidewalks and strips, \$25.00;
- x. Sweepouts, \$35.00;

Each and every day during which a stationary violation continues, except in cases in which a given time has been allowed for correcting action to be taken, shall be a separate and distinct offense.

Section 7. Severability.

If any provision of this ordinance, or any section thereof, in any circumstance is held invalid, the validity of the remainder of the ordinance and the application of any of the other provisions or sections shall not be affected.

Section 8. That all ordinances or parts of ordinances in conflict with this ordinance are hereby repealed.

PASSED AND APPROVED THIS 9th DAY OF April A.D., 1979.

ATTEST:

/s/ Johnny Crawford
Mayor

/s/ Steve Morath
City Administrator

Looking for Help?

We have students available for part-time work after school, on weekends, and during the summer vacation. Some of the Senior Class will be available for full-time employment at the end of May, while others will be attending college this fall and are looking for full-time employment this summer and part-time starting in September. If you need part-time or full-time help in any of the following areas, give us a call:

AUTO MECHANICS -- YARD WORK -- STOCK CLERKS -- BABY SITTERS -- PAINTERS -- WELDERS -- CLEAN-UP WORK -- WAREHOUSE WORKER -- RETAIL SALES -- CLERICAL WORKERS -- HOUSE CLEANING -- ALL BUILDING AND CONSTRUCTION TRADES -- HORTICULTURE -- AUTO BODY REPAIR -- OIL FIELD WORKER -- AGRICULTURE WORKER -- SERVICE STATION ATTENDANTS -- LICENSED COSMETOLOGIST -- OR if you have needs in other areas, we might be able to help.

The Placement Coordinator has interviewed 195 students seeking employment and recorded their training abilities, work experience and interest. Their attributes will be matched with request from employers for needed workers for both full-time and part-time work, and one or more students will be referred to the employer for final selection. This is a free service.

If the Placement Service can be of any help to you, please telephone Richard Davis at 592-2371.

Anyone considering selling their home, at a reasonable price, should list them immediately. We have a long list of persons needing to relocate, following the devastating tornado in Wichita Falls.

It is most unfortunate that our neighbors in Wichita Falls were subjected to the wrath of the storm. Our hearts go out to them, and we pledge to assist them to the limits of our abilities. Part of that pledge is to make recommendations as to whether the asking price for a home is reasonable.

We have lots and acreage where we can build homes for those unable to find existing homes.

CARD OF THANKS

I wish to express my deep appreciation to my friends and neighbors for their thoughtfulness in the form of cards, flowers, calls and visits during my recent stay in the hospital, also for the kindness and consideration shown my wife. Most of all I'd like to say "Thank you" for your concern and prayers. May God, bless and keep you all is my prayer.

Doss F. Miller

CARD OF THANKS

Once again, we want to thank everyone who was so thoughtful to us while we were in the hospital recently. We have had our share of being ill and in the hospital this year, and each time people have remembered us with prayers, flowers and cards and we are indeed appreciative.

Mr. and Mrs. Earl Logan

CARD OF THANKS

The family of Willa B. Schroeder wishes to express deep and sincere appreciation to all our friends and neighbors who showed their love and concern during our time of sorrow.

The children and grandchildren of Mrs. Emil Schroeder

CARD OF THANKS

Words cannot really tell our appreciation for all the acts of love shown to us after the loss of our Pedie. The many cards, prayers, food, flowers and visits made our sorrow easier to bear. A special thanks to the Rev. Mike Jackson and members of the First United Methodist Church for all their help and for just being there when we needed them. God bless all of you.

The Family of Cecelia (Pedie) Neason
Mr. & Mrs. Roy Childers Sr.
Mr. & Mrs. Douglas Tanner
Mr. & Mrs. Roy Childers Jr.
Mr. & Mrs. Larry Mason

CARD OF THANKS

When good friends stand beside us as ours have during the loss of our loved one it makes our pathway brighter and our load easier to bear. We feel that God sent you to us and has used you to alleviate our heartaches. You have given so much of yourselves through prayers, visits, flowers, food, cards and memorials, and we shall always be very grateful. Our prayer is that we can help you as you have helped us in time of sorrow. May God richly bless each of you.

The Clifton Roberts Family.
