Western Ministers Agree, End Session

By ARTHUR GAVSHON

PARIS (AP)—The Western Big Four foreign ministers announced complete agreement today on a package plan they will deliver to the Geneva conference next month. They then unexpectedly ended their session.

A final communique gave no details of the plan. The foreign ministers opened their meeting only Wednesday to unify their positions for the East-West foreign ministers conference at Geneva May 11.

The ministers said they stood four-square behind the West's pledge to hold firm in Berlin and to refuse to abandon the 2¼ million residents of that city.

Though the communique did not say so, official sources reported the ministers had agreed to negotiate a separate Berlin settlement if the Soviet Union rejects the over-all package deal on Berlin, German unity, and European security they plan to propose at Geneva.

This Allied agreement on a fallback position was disclosed before the U.S., British, French and West German foreign ministers began their closing discussion of Britain's project for a zone of limited controlled arms and armies in central Europe.

Britain's Prime Minister Harold Macmillan has advocated establishment of such a zone as the first step in a cold war settlement with the Soviet Union.

There was a compromise on the British-proposed European security zone. Details were not disclosed. But officials said the proposal was watered down considerably to meet American, French and West German objections.

The officials said the British proposal will be fitted into the Allied program for unification of East and West Germany. In other words, its fulfillment would depend on progress toward a German political settlement.

The British idea, as originally conceived, called for controls, inspection and limitation of armed forces in a tension-ridden area of Europe roughly embracing the two Germanys, Poland and Czechoslovakia. Allied critics have expressed fear a pullback in that particular area would put the West at a military disadvantage.

U.S. Secretary of State Christian A. Herter is to take off for Washington Friday after calling on French Premier Michel Debre.

Qualified sources gave this outline of the new Allied plan of negotiations:

The Western package that will be laid before the Soviets at the Geneva conference of foreign ministers next month will cover the Berlin dispute, the reunification of Germany in four phases, and a pan-European security system.

If, as expected, the Soviets reject this package, the Western Allies have agreed to fall back on a new position that would allow separate arrangements on threatened Berlin.

The Allies are resolved, however, that they will not separate their linked program for German reunification and the development of a European security system.

May Halt Higher Flights

WASHINGTON (AP) — The United States has tentatively decided to send no more high-altitude planes to West Berlin — for the next few weeks.

Some officials were urging today a review of this decision in the light of a new Soviet challenge. The Soviet Union disputed again Wednesday the American view that such flights are perfectly legal.

Most authorities appeared ready however, to stand by the temporary ban to avoid further controversy in advance of meetings with the Soviet Union.

The temporary halt was decided upon last week jointly by the State and Defense departments in a confidential review.

They took the decision mainly because of Britain's misgivings that further flights above the 10,000-foot level might look as if the West were deliberately trying to provoke an incident which might torpedo east-west talks on the future of Berlin and Germany.

High-flying C130 turboprop jets flew to West Berlin at altitudes of about 25,000 feet March 27 and April 15. Soviet fighters buzzed each flight, provoking American protests.

The new Soviet protest summed up all Moscow's old arguments. It was quickly rejected by the State department last night.

The Soviet note contended any flights higher than 10,000 feet were illegal. It claimed they were deliberately designed to wreck the Big Four foreign ministers meeting beginning May 11 in Geneva.

State Department authorities consider high-altitude rights important because the big C130s operate best at 20,000 to 25,000 feet.

The decision, however, is tactical and temporary to meet a particular situation. It represents no continuing change in U.S. views and plans.

STRAW HAT MISTER?—Pretty Ellen Hataway, 2011 Peyton Street, displays a wide variety of new Spring straw hats above to emphasize Straw Hat Day in Snyder tomorrow. Styles this spring run the gauntlet from sailors, like she wears, to snappy narrow brims on the left, or wide, shady Western styles as on the right. (Lee Watson photograph)

Death Of American Probed In Mexico

ACAPULCO, Mexico (AP) — Ploice are investigating the death of a young man whose body was found on a hillside near this tropical resort with two bullet holes in the head.

Officers said they assumed the man was John Ahern because that name was tattooed on his arm. A clerk at the Majestic Hotel said he registered there Saturday from Syracuse, N.Y.

The hotel reported Ahern and two men registered as Ralph Bender and John Taylor checked in together. They left about 8:30 p.m. and rented an automobile. They have not been seen since. The clerk said their only luggage was small handbags.

Officers reported Ahern was shot once in the forehead and once in the left cheek, then apparently thrown from an automobile on a scenic road above Acapulco.

Four Persons Die In Plane Crash

MEXICO CITY (AP) — A plane carrying three pilots and mechanics on a training flight crashed yesterday, killing all four.

The DC3 belonged to the Ministry of Water Resources. The ministry's chief pilot, Col. Luis Flores Diaz, was checking the ability of the other two fliers.

IN CENTER OF STORM—Mrs. Clare Boothe Luce, whose appointment as ambassador to Brazil was confirmed by the U.S. Senate, is shown with her husband, Henry R. Luce, editor-in-chief of Time-Life-Fortune, as they arrived home in New York. Mrs. Luce has been criticized for a statement made after the Senate voted 79-11 for confirmation, and her husband has urged her to resign. (AP Wirephoto)

Luce Uproar Puts Senators On Edge

By JACK BELL

WASHINGTON (AP) — Sen. J. William Fulbright (D-Ark.) said today the uproar over Clare Boothe Luce's nomination is likely to sharpen the Senate's investigation of other diplomatic appointees.

Arriving, Sen. Everett Dirksen (R-Ill.) said he thinks Democrats may make President Eisenhower's selection of Ogden Reid Jr. as ambassador to Israel the first example of this sharpened scrutiny. Reid is the former editor of the New York Herald Tribune.

Fulbright, who heads the Senate Foreign Relations Committee, has said that he and some other committee members have grave doubts about Reid's professional qualifications for the post. The committee plans to take up the nomination the week of May 11.

Dirksen said the Israeli government made it clear it regards Reid as well qualified. He added he has found no indication that Eisenhower is considering a withdrawal of the nomination despite prospects of a fight over it.

The Senate, which on Tuesday had confirmed Mrs. Luce's nomination to be ambassador to Brazil by a 79-11 vote, started up a brief new debate on the matter Wednesday.

Dirksen, criticizing Sen. Wayne Morse (D-Ore.) for having inquired of the doctor, quoted Dr. Milton Rosenbluth of New York as saying Mrs. Luce had not received psychiatric treatment.

Morse said he had made a quiet inquiry and then dropped the matter. Morse had fought bitterly against Senate confirmation of the appointment.

Dirksen said Morse's inquiry amounted to an effort to get a doctor to violate the traditional secrecy between a physician and his patient.

Morse denied that, but said there are times when doctors have the duty to make information about their patients known to persons in positions of responsibility.

Hail Pounds Texas Areas

By The Associated Press

Texas farmers and ranchers totaled up damage Thursday left by hailstorms that slapped areas of North, West and Southwest Texas almost without warning Wednesday.

Marble-sized stones were reported from the Ballinger and Breckenridge areas in West Texas, and smaller stones were as much as three inches deep on the ground when a storm left an area 10 miles southwest of Wichita Falls.

Hail also was reported at Paint Rock east of San Angelo, where farmers said there was some crop damage.

Scattered thundershowers were forecast for all sections of the state Thursday and clouds were supposed to hold temperature readings down from Wednesday's warm marks that went as high as 99 at Presidio on the Rio Grande.

Fog was reported along the coast and through sections of East and South Texas.

Injuries Are Fatal

JASPER, Tex. (AP)—Mrs. V.O. Easley, wife of the Jasper County judge, died today of injuries received in a two-car highway accident near here yesterday.

L. T. Allen Dies Today

Lewis T. Allen, Scurry County resident for about 33 years, died early this morning at his home at 2706 Avenue Y after an illness of several weeks.

A carpenter for the past several years, Mr. Allen formerly farmed in the Lloyd Mountain Community.

He was born Dec. 23, 1894, in Arkansas, the son of Mr. and Mrs. S. L. Allen. He married Willie Martin Sept. 22, 1920, at Salisaw, Okla.

Funeral services are pending at Bell Funeral Home.

Survivors include the widow; two sons, Guy Allen and Robert Allen, both of Snyder; two daughters, Mrs. Kenneth Smith and Mrs. Lynn Fenton, both of Snyder; three brothers, Idis Allen of Roscoe, Millard Allen of Phoenix, Ariz., and Jim Allen of Hemit, Cal., and eight grandchildren.

Observance Of Law Day Set Friday

Law Day U.S.A. will be observed in Snyder and in hundreds of other communities tomorrow.

The observance here has been arranged by the Scurry County Bar Assn. and Mayor Harold Bennett has issued a local proclamation officially designating tomorrow as Law Day U.S.A. in Snyder.

Mark McLaughlin, president of the local bar association, will address high school students at their regular assembly Friday morning. Lawyers and their wives will conclude the observance Saturday when they attend an informal picnic at the H.J. Brice home.

Bennett's proclamation follows:

"The greatest heritage of American citizenship is a system of government under laws devised by elected representatives of the people for their protection, and administered by courts in which every citizen enjoys equal standing.

"Adherence to the rule of law enabled the nation to grow and prosper. It also has been a vital element in our own community life. The whole structure of our business, religious social and cultural life rests upon laws. Every citizen is dependent upon them in his daily affairs, and for the protection of his person and property.

"In our reliance upon the rule of law in our daily affairs we may at times take for granted the benefits we derive from it. It is appropriate, therefore, that the President of the United States has proclaimed a day for national recognition of the importance of law in American life, and of its effects upon the well-being and happiness of each citizen.

"The observance known as LAW DAY U.S.A. will take place on May 1, 1959. In countries under communist rule the same date has been a time for demonstrations of the military force, upon which communism relies to maintain its political domination over the people. No better time could be choosen to call public attention to the contrast between government under law in the United States and government by force behind the Iron Curtain.

"In Snyder plans are under way for observing LAW DAY U.S.A. with special programs in the schools and before many of our local organizations.

"NOW therefore, I Harold Bennett, Mayor of Snyder, do hereby proclaim Friday, May 1, 1959, as LAW DAY U.S.A. in Snyder and call upon all citizens, organizations and schools to join in this observance emphasizing good citizenship and respect for law."

Harold Bennett,
Mayor of Snyder

Veto Of REA Bill Upheld

WASHINGTON (AP) — The House today upheld President Eisenhower's veto of a rural electrification bill.

The vote was 280-146 in favor of passing the bill over the President's veto. This was four short of the two-thirds necessary to override. It killed the bill.

The President vetoed the bill last Monday and the Senate overrode the veto Tuesday by a vote of 64-29.

The House decision kept intact Eisenhower's record of never having had a veto overridden.

This bill was the 138th vetoed by the President since he took office early in 1953.

The bill would have stripped from Secretary of Agriculture Ezra Taft Benson his power to veto loans to cooperatives for rural electric and telephone service.

Four Democrats joined 142 Republicans in upholding the President. Six Republicans and 274 Democrats voted to override.

There was no debate before the roll-call vote.

Both sides recognized before the House vote that it looked like a toss-up as to which would win.

Republican leaders centered attention on 16 Republicans who voted for the bill when the House passed it originally April 15 by a vote of 254-131, three votes short of the two thirds needed to override.

They claimed privately they had reason to expect that at least eight of their members who voted for the bill two weeks ago would change their position and vote to uphold the President.

"We believe we have a couple of votes to spare," a top GOP leader said privately.

"We'll override by a margin of two to four votes," countered a Democrat.

The bill would leave the Rural Electrification Administration under Benson's general supervision, but would give the REA administrator final authority to approve or disapprove loans.

In his veto message, Eisenhower called the bill "a major retreat from sound administrative policy and practice" because it would give a subordinate final authority.

Sen. Parkhouse Is Governor For Day

AUSTIN (AP) — Sen. George Parkhouse became governor for a day today.

The Dallas senator became acting governor in the absence of Gov. Price Daniel and Lt. Gov. Ben Ramsey. Senator's elected him president pro tempore of the Senate at the start of this session.

Godfrey's Tumor Proves Cancerous

NEW YORK (AP)—An operation disclosed today that Arthur Godfrey's chest tumor is cancerous. Physicians are removing it.

One of the radio-TV star's doctors said at 10:30 a.m. that the operation would take until 11:30 a.m. Godfrey was taken to the operating room at 7:25 a.m.

A section of Godfrey's left lung also was being removed.

His condition was said to be excellent.

In a statement issued during the operation, the doctor said:

"The lesion of Mr. Godfrey's left lung has been identified as being a malignant tumor. The section of the lung containing the tumor is being removed. His condition is excellent."

Three physicians, three nurses and an anesthetist attended Godfrey in the operating room of the Columbia-Presbyterian Medical Center.

The doctors' names were not immediately made public.

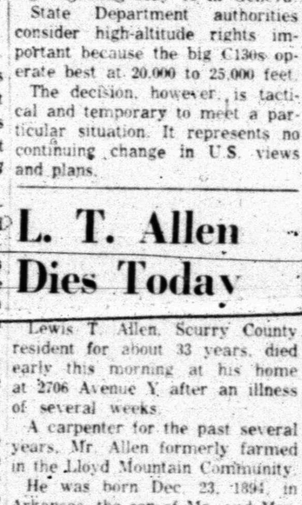
It was understood unofficially that chances were favorable for successful removal of the tumor.

Prior to the operation, Godfrey said that contemplation of the "thing" in his lung gave him a "cold, clammy feeling" and made him mentally "a mess," although he felt fine physically.

Considering the possibility that the tumor might prove to be cancerous and that all or part of the lung might have to be removed, Godfrey said:

"I won't mind one bit just so long as it doesn't cripple me up so that I can't ride or swim or fly."

Godfrey, 55 and a broadcasting personality for almost 30 years, thanked his audience in his final television program this week for their prayers and good wishes, and promised to "see you again soon."



ARTHUR GODFREY
. . . fears are confirmed

Panamanians Set To Meet Invaders

By LUIS NOLI

PANAMA (AP) — Panamanian troops today were reported preparing to go into action at any minute against invaders from Cuba holed up on the north coast 20 miles from the entrance to the Panama Canal.

A screen of U.S. fighter planes was ordered up over Panama's north coast today to detect the slightest sign of more invaders reported crossing the Caribbean from Cuba. The air patrol was requested by the five-ambassador team sent by the Organization of American States to help end the vest-pocket attempt to overthrow Panamanian President Ernesto de la Guardia.

An informed source who reported the imminence of attack on the invaders said the National Guard had held off to protect the 1,000 inhabitants of Nombre de Dios, the coastal town taken over by the invaders who landed last Saturday from Cuba.

Between 200 and 300 guard troops have been deployed around Nombre de Dios since Tuesday.

The government said the invading force in Nombre de Dios now numbered 89, including 84 Cubans, 3 Panamanians, 1 American and 1 Puerto Rican. The identity of the American was not known. The government claims the foreigners were hired by Panamanians in Cuba plotting to overthrow De la Guardia.

The U.S. Air patrol was ordered after Panamanian authorities reported one or two more invasion boats carrying up to 300 men left the Cuban port of Siguidero, on Batabano Bay, Tuesday.

The committee of ambassadors recommended that the OAS Council in Washington urge Prime Minister Fidel Castro's Cuban government to "exhaust all measures to prevent a new invasion from being carried out." The group has condemned action from Cuban soil against other Latin-American governments, and the OAS committee said it had found no evidence that any foreign government was involved in the invasion of Panama.

Victim Identifies Suspect In Rape

QUITMAN, Ga. (AP)—"It was him."

With those words, a 25-year-old married white woman singled out a teen-age Negro boy as the person who raped her on the bank of a fishing pond near her home.

Sheriff R.W. Jones of Brooks County said the victim identified the 16-year-old Negro immediately after facing him Wednesday.

Jones said the boy was being held in an undisclosed jail outside of Brooks County and that rape charges were being prepared.

Names of rape victims and juveniles charged with crimes are withheld by state law.

Earlier Wednesday, the woman exonerated Jesse G. Graham Jr., 21-year-old Negro who had been held in connection with the case. She had told officers her attacker said his name was Jesse G. Graham Jr.

Graham surrendered to Jones Tuesday night after learning he was being sought by a posse. Jones spirited him to the Thomasville jail, 29 miles west of Quitman, to avoid possible violence.

The woman viewed Graham in a lineup with three other Negroes and said her attacker was not among them.

Graham gave the sheriff names of five Negroes he had been associating with and who had been in the area where the attack occurred Tuesday. The 16-year-old was among those named.

Jones reported the youth said he was at home at the time of the incident.

The sheriff said the boy told him he received scratches on his face and teeth marks on his chest from another girl last week.

WEATHER

SNYDER TEMPERATURES: High Wednesday 95 degrees, low 57 degrees; reading at 7:30 a.m. today 67 degrees.

SOIL TEMPERATURES: Today 72, 10-day average 65.3. Taken by Snyder FFA chapter.

East Texas: Partly cloudy and warm through Friday with isolated afternoon and evening thundershowers.

South Central Texas: Partly cloudy and warm through Friday with isolated afternoon and evening thundershowers mostly in hills.

North Central Texas: Partly cloudy through Friday with isolated afternoon and evening thunderstorms. No important temperature changes.

West Texas: Partly cloudy through Friday with isolated afternoon and evening thunderstorms east of Pecos Valley. No important temperature changes.

West Gulf: Winds 8 to 16 m.p.h. mostly easterly over south portion and mostly southerly over north portion through Friday.

As It Looks From Here

Liberals Miffed At Southerners

Omar Burleson, M. C.

WASHINGTON D. C. — THE EXTREME LIBERALS in both U. S. Senate and House of Representatives are unhappy because the chairmanship of practically all committees is held by a Southern conservative.

THE RECENT ATTACKS ON SENATOR LYNDON JOHNSON by Senator Proxmire of Wisconsin, McNamara of Michigan and a few others, is more than just a complaint that they are not consulted often enough about Democratic policy. It is really a complaint that the leadership of both the House and the Senate, as well as the chairmanships, are held by Southerners and Southwesterners.

THE CHAIRMANSHIP OF A COMMITTEE is usually gained under the seniority system. Length of service in the Congress naturally places a member in a more influential position, and eventually he heads a committee, if he so desires. There is justified criticism of such a system, but nothing has been devised to take its place.

IT IS FORTUNATE FOR OUR COUNTRY, and for the people that this is the case at this particular time when, by numbers alone, the Congress reflects the so-called "liberal" attitude. Since the majority of the Congress is to some degree or other on the liberal side, it can be assumed that this is the trend among the people of the Country who elected these men to office.

FROM THE STANDPOINT OF THE "middle-of-the-roader" and the "conservative," it is fortunate that the chairmanship of important committees are predominately in the hands of those coming from south of the Mason-Dixon Line.

ONLY FOUR COMMITTEES OF THE House of Representatives have chairmen from the North and East.

THE CHAIRMAN OF THE FOREIGN AFFAIRS COMMITTEE is from Pennsylvania, and also the Chairman of the Un-American Activities Committee. The Chairman of the Judiciary Committee and the Committee on Public Works are both from the State of New York. The Chairman of the Committee on Interior & Insular Affairs is from the State of Colorado, but all others of the House of Representatives are from the South and Southwest.

IN THE UNITED STATES SENATE only the States of Montana, Washington and Nevada have a chairman of a committee outside the South. They are respectively the District of Columbia, Interior and Insular Affairs, and Interstate and Foreign Commerce Committees.

THIS REALLY IS THE COMPLAINT of the majority liberal faction in the Congress. Generally this group is in favor of more spending, more services of various kinds, bigger and better government to control more thoroughly from Washington.

SINCE THE CHAIRMAN OF A COMMITTEE can usually fairly well direct the activities of his committee, a more conservative force can be steered than would otherwise be the case. This is not to say that a chairman of a committee can control all matters coming under his jurisdiction, but he certainly can exercise a considerable influence.

MANY PEOPLE FEEL THAT this is the case at this particular time and in its mission. With this I agree. Think what it may have been had not considerable power been kept in the hands of such men as Senator Russell of Georgia, Chairman of the Armed Services Committee; Senator Byrd of Virginia, Chairman of the Finance Committee; Senator McClellan of the Labor Committee to mention a few.

IN THE HOUSE OF REPRESENTATIVES there are such men as Judge Howard Smith of Virginia, Chairman of the powerful Rules Committee; Harden of North Carolina, Chairman of the Education and Labor Committee; Mills of Arkansas, Ways and Means Committee; Harris of Arkansas, Interstate and Foreign Commerce and many others. These are able men. They hold their position by having served longer in the Congress than their colleagues on the same committee although many are still young men.

Fluvanna Sets Homecoming

FLUVANNA, Spl. 8 The Fluvanna community has set June 12, 1959 as the date for its next homecoming at the Fluvanna schools.

The last homecoming celebration at Fluvanna, held in 1956 drew 1,200 persons. E. O. Red Wedgeworth, former school superintendent here and now Chamber of Commerce manager at Pampa was main speaker for that event.

Plans of the community call for holding the homecoming each five years from next year. The date was set a year early by community residents in a meeting this week so there would be plenty of time for former residents to make plans for the event.

Mrs. Harry Kingston was elected invitations chairman at the meeting this week.

A committee was appointed to take charge of organization of the homecoming, and that group later will appoint committees for the various activities. Members of the general committee are Mrs. Burl Belew, Charlie Bley, Dee Pylant, Buford Browning, Mrs. Hurston Lemons, Bunyan Evans, Ruby Denson, Bob E. Warren, and L. M. Dawson.

The general committee will probably begin its meetings next January or earlier.

Man Arrested Here Wanted In Dallas

A transiet arrested by the sheriff's office here last night as a vagrant turned out to be a man wanted by Dallas authorities.

He is Vernon Lee Cox, about 40. Sheriff Earl Abercrombie said Cox is wanted on a charge of felonyy theft in Dallas.

Dallas officers are to pick him up tomorrow.

FFA Judgers In Contest

A meats judging team will represent the Snyder chapter of the Future Farmers of America Saturday in the state FFA meats judging contest.

The Snyder team will be in College Station Saturday during the contests. The group was to leave this afternoon and go by Fort Worth enroute to College Station, stopping by Armour & Co. to practice judging lamb carcasses.

In the state contest, the three top meats judging teams will qualify to enter national competition later in the year at Kansas City.

There will be a possible 50 teams entered in the state meats judging competition. Five teams from each of the state's 10 FFA areas qualified.

The Snyder team placed third in its area contest last weekend in Lubbock, scoring 271 out of a possible 300 points.

Members of the Snyder team are Billy Ray Browning, Richard Robinson, and Kenny Elkins.

Billy Bob McMullan, agriculture teacher, will accompany the team.

HOSPITAL NOTES

COGDELL MEMORIAL

ADMISSIONS — Elizabeth Longbothain, Route 3; Ellen Patterson, Fluvanna; Daniel Martin Jr., 2215 Forty-first Street; Robert Tuggle, 307 Thirty-second Street; James Sutter, Ira; Kathleen Welborn, Route 3; Billy Arrendale, 1706 Seventeenth Street; Lula Hill, Route 3; Park Hamilton, 1904 Avenue N; Marvin Jordan, Star Route.

DISMISSALS — Howard Crenshaw, 2342 Sunset; Milton Sturdivant, 3?6 Thirty-third Street; Dewey Hulsey, 216½ Thirty-sixth Street; Julia Sanchez Box 411; Fannie Parmer, 2911 Avenue Y; Katherine Henderson and baby, 1204 Thirty-fifth Street; Starlene Roberson, 2705 Avenue O; Riley Dunlap, 3714 Avenue U; Dennis Bolding, 805 Twenty-fifth Street; Lee Grappe, Snyder; Frances Mired, Snyder; Burnett, Cabin Courts.

Industrial Arts Students Going To Fair

About 60 Snyder industrial arts students will go to Odessa Saturday to particiapte in the West Texas Industrial Arts Students Fair.

The fair will be held on the campus of Odessa College and will have industrial arts exhibits from schools at Snyder, Big Spring, Midland, Odessa, Andrews, Crane, Kermit and Seminole.

The 60 students from here will represent a total of about 460 students taking industrial arts courses in the high school and junior high.

At a local exhibit last week, industrial arts teachers chose those to go into the Odessa competition. Best Snyder exhibits in the Odessa contests will be taken next week end to the Abilene Christian College Industrial Arts Field Day.

Accompanying the students will be six industrial arts teachers, including W. A. Mayfield, head of the department, Jack Crawford, Joe Harwell, Jiggs Falls, Frank Miller and Ed Raborn. The teachers instruct the students in shop and crafts courses in the junior high and woodwork, metalwork, mechanical drawing and arts and crafts in the high school.

An awards luncheon will be held at the Odessa fair, where winning exhibits will be recognized. The outstanding student project in the fair will make the student eligible for a one-year scholarship at Odessa College.

An entertainment program will be held for the students during the day. Judging will be completed by noon, and the exhibit will be open to the public in the Odessa College gymnasium from noon to 8 p.m. Saturday.

Girl Killed, Two Hurt In Accident

PASADENA, Tex. (AP)—Donna Kathleen Johnson, 14, was killed last night in a two-car collision which left two other girls seriously injured.

Jancy Johnson, 10, sister of the dead girl, and Marilyn Turney, 20, driver of one of the autos, were under treatment at a hospital.

No Agreement On Wheat Legislation

WASHINGTON (AP) — The Senate Agriculture Committee failed to agree today on new wheat legislation. It will meet again Tuesday to vote on a substitute proposal offered by Sen. Milton Young (R-ND).

TODAY'S MARKETS

FORT WORTH (AP)—Hogs 600; steady; choice to 17.00.

Cattle 600; calves 100; steady to weak; good and choice yearlings 27.00-30.00; lower grades 20.00-26.00; fat cows 19.00-22.0; good and choice calves 28.00-31.00; lower grades 20.00-26.00; stocker steer calves 28.00-36.00; yearlings stocker steers 25.00-30.00.

BIRTHS

Mr. and Mrs. Jack H. Longbothain, Route 3, are parents of a son weighing eight pounds, nine and three-fourths ounces, born at 3:30 a.m. today in Cogdell Memorial Hospital.

A six-pound, one-ounce son was born at 10:44 p.m. yesterday in Cogdell Hospital to Mr. and Mrs. Boyd L. Hill, Route 3.

Industrial Panel To Meet Tomorrow

The industrial committee of the Chamber of Commerce will hold a meeting at 3 p.m. tomorrow at the chamber office.

At the meeting, the committee will discuss industrial prospects. Reports will be made on recent tours of manufacturing plants.

There will be a report on one clothing manufacturer who is contemplating expansion and considering Snyder as a possible plant location.

Bill Brown is chairman of the committee.

Moya Draws Death Penalty

VENTURA, Calif. (AP)—Luis Moya must die in the gas chamber for his part in the strangulation of nurse Olga Duncan, a jury decreed last night.

Moya is the final member of a trio convicted of first-degree murder but asked for mercy. His attorney said Moya had been converted to christranity and, if spared, would help other prisoners acquire religious faith.

The jury had two alternatives—death or life imprisonment. Moya will be formally sentenced May 7.

Moya and Augustine Baldonado said they were hired to kill the Canadian-born nurse by Mrs. Elizabeth Duncan, the victim's mother-in-law. The two men kidnaped her from her Santa Barbara, Calif., apartment last Nov. 17, strangled her and dumped the body in a roadside grave.

Mrs. Duncan and Baldonado are awaiting automatic review of their death sentences.

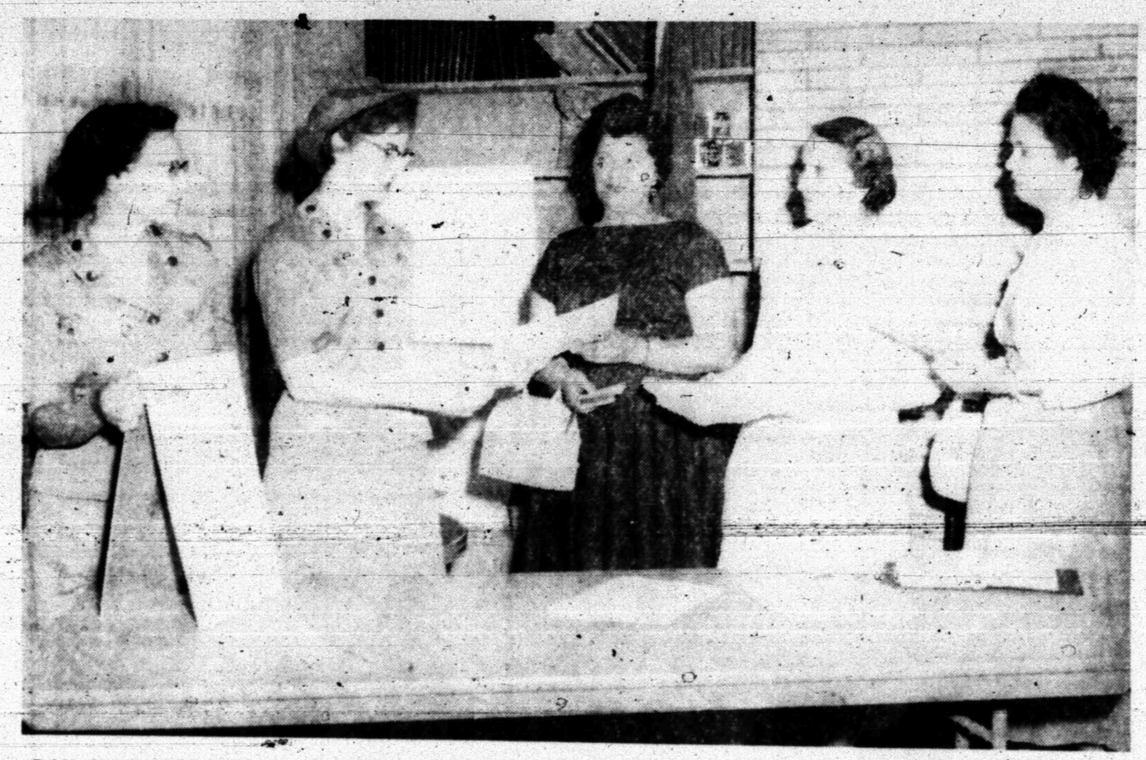
GIRL SCOUT TRAINING—Mrs. A. A. Lopour, co-director of the Girl Scout Day Camp set for July 6 to 15 at Camp Ila Rue four miles north of Snyder, is pictured above in a training session Tuesday morning at the Girl Scout Little House with a group of the day camp leaders. From left they are: Mrs. Lopour, Mrs. John Book, Mrs. O. D. Waters, Mrs. Dorwin Bollinger, Mrs. J. B. Patterson, Retha Patterson, Mrs. Bob Pinson and Mark Pinson, Mrs. R. J. Griffith and Mrs. Melvin Calhoun. (Lee Watson photographs)



DAY CAMP SESSION—Mrs. Frank Mitchell, left, of Roby, district director for West Texas Girl Scout Councils, is shown above with a group of other Girl Scouters who participated in the Day Camp training session Tuesday morning. From left are: Mrs. Mitchell, Tony Brown, Mrs. Walter Hales, Mrs. C. A. Detrich, and Mrs. Garth Boyles. The next training session is set for May 11, from 9 to 11 o'clock at the Girl Scout Little House.

WOMEN

The Snyder (Texas) Daily News, Thurs., April 30, 1959 3

Margaret Wood Heads Iota Psi

Margaret Wood was elected president of the Iota Psi Chapter of Epsilon Sigma Alpha Sorority in Monday night's meeting.

The meeting was held at the home of Shirley Bowers, 3726 Highland Drive.

Other new officers are Shirley Bowers, vice president; Faydelle Hart, secretary; Jeanelle Beasley, treasurer; and Doris Rollins, parliamentarian.

The meeting was presided over by Anita Payne, outgoing president, and a report on the district meeting in Big Spring was given by Shirley Bowers.

A Founder's Day meeting will be held in the home of Laverta Lovell, in honor of Founder's Day, May 1, on Monday, May 4, at 6 p.m.

Refreshments of frosted cokes were served to Jeanelle Beasley, Shirley Bowers, Avonelle Corbell, Shirley Drum, Laverta Lovell, Anita Payne, Doris Rollins, Margaret Wood, Maricate Byrd, Rita Johnson and Wanda Adams.

Mrs. Wyatt Heads P-TA

Mrs. Elton Wyatt, wife of the pastor of Trinity Methodist Church, was elected president of the Travis Junior High School Parent-Teacher's Association unit for 1959-60 Monday night.

To serve with Mrs. Wyatt, the other officers are Mrs. Les Brown, vice president; Mrs. Cecil Moss, secretary; Mrs. K. D. Heard, treasurer; Jimmy Lynch, parliamentarian; Mrs. E. A. Brooks, historian; and Mrs. E. D. Bruyere, corresponding secretary.

The new officers will be installed at joint installation ceremonies on May 7 at Central Elementary School.

The club also voted to pay expenses of two boys on the annual Scurry County Boy's Club trip this summer.

An impressive program was given by social studies students of the junior high school entitled "Cavalcade of America."

Bolivia has two capitals. One is La Paz, the working seat of the republic. The other is Sucre, the official capital and headquarters of the country's supreme court.

Delega Reports On Alpha State Ming In Galveston

Mrs. Lida R president of Beta Epsilon r of Delta Kappa Gamma, orary society of women s, attended the 30th convent Alpha State in Galveston last y, Saturday and Sunday.

The theme of the convention was "ture is a World Limited O Ourselves."

All the 135 Tr pters were represented by legates.

Many outsta women educators were p and contributed to the s of the meeting.

Mrs. Eurah I international executive se, was the guest speaker rs. Phyllis Ellis, reviewer e 135 presidents who part in the president's mar.

Mrs. Holden she teaching is a bold journ success is a reward in its lived much of her life in and Florida before she ca Austin to take up her d with the organization.

Her experiences ritings featuring travel professional groups is wide varied: her ability as a sp and thinker, and her sincer service to the society gave asis to her talk, Mrs. Rhoad.

Dr. Anna Re member of the Colorado oard of education was guaker for the night. She spent three months in 1958 behind the Iron Curtain. She summarized briefly educational, social and economical conditions in Russia.

Beta Epsilon Chapter was given special mention for the regional publicity for the Regional Meeting held in Snyder, Oct. 18, 1958. The Snyder Daily News was honorably mentioned and commended highly for the services it rendered in behalf of the society. This recognition was given to no other Texas Newspaper. The publicity award will be sent to International headquarters to appear in the bulletin.

The chapter's yearbook rated highly, being among the top 10 to receive perfect rating and a gold star. High rating was given for publicity, numbers of regional, state and international meetings attended and the way of roll call.

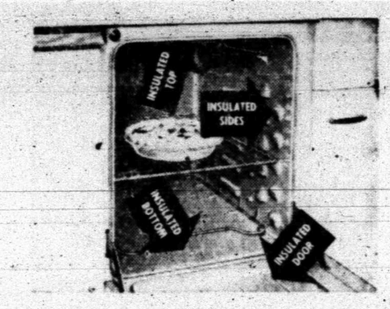
Why Electric Cooking is COOL

Electric range surface units heat by direct metal-to-metal contact with utensils. They put their heat into the utensils and the food, not into the surrounding air. Heat waste is held to a minimum, so there is little or no increase in kitchen temperatures.



An electric oven is insulated all around, *including the bottom*, to keep heat inside the oven where it belongs. This is possible because the electric oven does not require a flow of air into and out of the oven during its operation. It lets only a minimum of heat into the kitchen and requires no outside vent.

Electric cooking is also clean, fast, accurate and economical. Select your new electric range now and enjoy all these benefits . . . at an average cost of only about 3c a meal for electricity.

Most States Hunting New Revenue Sources

By CHARLES STAFFORD
Associated Press Writer

Maybe an eastern Kentucky civic leader said, "we should secede from the United States and quit paying for foreign aid."

He was discussing remedies for the ailing economy of his area, where mechanization and depression in the coal industry have caused widespread unemployment.

The secession proposal was delivered tongue-in-cheek, but many a state official would get the point. A check of state capitals by The Associated Press indicates that 20 states are encountering some measure of financial difficulty today.

Higher taxes are the common remedy.

Cigarettes are a favorite target of the revenue hunters. Sales and income tax increases also are common.

Withholding plans for state income taxes, which increase revenue by collecting tax dodgers, have been adopted by Utah, Massachusetts, South Carolina, and New York. Five more states are seriously considering them.

Some tax programs have been whoppers.

Gov. Michael V. DiSalle of Ohio has presented the Legislature with plans to increase cigarette, beer, corporation franchise, gasoline and diesel fuel taxes. Sales taxes are to be upped to produce some 119 million dollars in the next two years. Adopted without change, DiSalle's program would produce 360 million dollars in new revenue in the next two years.

New York raised its tax revenue 239 million dollars. The Pennsylvania Legislature is studying Gov. David L. Lawrence's proposal for an additional 237 million in taxes to balance the record-breaking biennial budget of $1,907,000,000. The lawmakers have already raised the 3 per cent sales tax to 3½ per cent, making it second only to Washington state's 4 per cent.

Getting a new tax program approved isn't an easy matter. The Minnesota Legislature adjourned April 24 after 5½ months of work without finding the 84 million dollars needed to balance Gov. Orville L. Freeman's proposed 470-million-dollar budget.

The governor, who has recommended increases in liquor, cigarette, tobacco, iron ore, gifts, inheritances and income taxes, called the lawmakers back into special session the very next day to finish the job.

In Massachusetts, Gov. Foster Furcolo's efforts to balance his 456-million-dollar budget have touched off a fight within his Democratic party. He proposed that the Democratic-controlled Legislature adopt a sales tax.

However, the No. 1 plank in the Democrats' campaign platform was a stand against the sales tax.

At a party harmony dinner Feb. 14, Lt. Gov. Robert F. Murphy said that if the Democrats approve a sales tax, "We deserve what will surely befall us — defeat for our pettifogging, defeat for our deception, defeat for our hypocrisy, and finally the inevitable loss of the confidence of the voters."

Furcolo, the next speaker, promptly took issue with Murphy. Murphy, he said, was "either trying to kid the public or he doesn't have the solution to our problem."

The governor said the platform plank applied to a general sales tax, while he has suggested a limited tax which would exempt food, children's clothing, medicines and similar necessities.

Gov. Edmund G. Brown of California, a Democrat, has asked a politically friendly Legislature to tax cigarettes, oil and gas and increase taxes on horse racing bets and income to provide 258 million dollars in new revenue. His headache: a rapidly expanding deficit.

Up to now it has been possible to avoid facing up to the fiscal realities, because surpluses built up during and after the war have been used to meet the deficits, he says. "By using the fund surpluses to meet annual deficits we have succeeded only in postponing the day of reckoning."

But, says GOP Assemblyman Joseph C. Shell of Los Angeles — and he has supporters in both parties — "I can see no point in increasing taxes or levying new ones, when we have surpluses available to us."

In Georgia, economy is the word. Gov. Ernest Vandiver, who ran on a platform of no new taxes unless absolutely necessary, ordered state departments to reduce their operating expenses by 10 per cent during the final quarter of the fiscal year, which ends June 30. The Legislature economized by elimination and consolidation of several agencies.

The governor is holding a tight rein on budget requests. He has a committee studying government reorganization and economy, and he has ordered a crackdown on loose practices in the purchasing and tax departments where there have been irregularities in recent years.

Tightly-trimmed austerity budgets have been offered as the cure for problems in recession-troubled Connecticut, Maine and Vermont.

Oklahoma, where Gov. J. Howard Edmondson is trimming the fat from the state payroll and cutting other state expenses, solved part of its revenue problem in an old-fashioned way. Its citizens voted the repeal of prohibition.

Sometimes the answer to a state's financial worries is heavensent. North Dakota is entering the new biennium with a 10-million-dollar surplus, thanks to last year's fine crop harvest.

USCC Pulls Back On Its Trade Demand

WASHINGTON (AP) — The United States Chamber of Commerce was in partial retreat today from its policy of advocating a lowering of international trade barriers.

At the windup of the Chamber's 47th annual meeting Wednesday, delegates eliminated long-standing policy declarations calling for repeal of the "Buy American" laws and urging business and government to encourage increased imports into the United States.

The deletions did not alter the Chamber's positions in support of the trade agreements program. The businessmen affirmed anew the policy of "selective adjustment of tariffs and the orderly and gradual reduction of other barriers to world trade."

Some local Chambers and affiliated trade associations had protested that American industries need more protection from the competition of low-wage foreign producers.

New Mexico Rites Held For Mrs. Hall

Funeral services were to be held at 11 a.m. today at Fence Lake, N.M., for Mrs. J. O. Hall, 82, a former resident of Hermleigh and mother of C. E. Hall of Snyder.

Mrs. Hall died Tuesday night in Gallup, N.M., where she made her home. She is survived by four sons, four grandchildren and two great-grandchildren.

Dan Wants Chilon Back

HONOLULU (AP) — A professional cancer, carrying a sign reading Public This Can Happen Too, picketed the seat of Hawaii's government Wednesday to get her five children from welfare officials.

Mrs. Lei Price, in a street length mumu and a large straw hat, played while a little white dog, her side. Known professionally as Ma Ma Loa, she paraded for hours in front of the Iolani Palace, the Territorial Legislature.

Welfare officials took her five children last fall and put them in a home. She said she and the children, living in a station wagon with a toilet facilities, and wouldn't be allowed to the children until she provided with a home. Two of the children suffer from cerebral palsy.

Father, Daughter Are Found Dead

WORCESTER, Mass. (AP) — The bodies of a man and his schoolteacher daughter were found Wednesday night in their apartment.

Police said Thomas E. Stafford, 72, and his sister Ruth, 40, apparently died Monday. Both had histories of heart trouble.

Police said Miss Stafford collapsed after her father was stricken, while trying to help her.

The bodies were discovered by a son, Frederick Stafford of Holyoke.

ELEANOR BROWNING

New Mexico Shark Found

SANTA FE, N.M. (AP) — From the Fish and Game Department of Dryland, N.M., to the admiral of the Rio Grande fleet, Albuquerque.

Be on the lookout for sharks in your waters.

A dead fish, a stranger to these parts, was picked up on the bank of Bernardo Creek near Roswell last week and identified by fisheries biologist Dick Navarre as a bonnethead shark. Two hundred miles distant, along one of the Rio Grande drains near Albuquerque, a similar fish was found and identified by Dr. William Koster, University of New Mexico authority on fish, as a bonnethead shark.

Snyderite At ACC Gets Scholarship

Eleanor Jean Browning, senior at Abilene Christian College from Snyder, will attend Purdue University for 12 months beginning in September on a scholarship.

Miss Browning is the daughter of Buford Browning, 1910 Coleman.

She had a choice of three different scholarships for graduate research assistantships in foods and nutrition. The Purdue scholarship is for $150 monthly. It was offered to her March 26. Later two other offers came, one from Kansas State College for $190 per month and one from Iowa State College for $200 per month.

At Purdue, Miss Browning will be working 20 to 25 hours weekly with Dr. Helen E. Clark, associate professor in the Purdue graduate school. They plan to specialize in in man and do actual work and testing with people.

While at Purdue, Miss Browning will be working on her master of arts degree. She plans to complete that degree in one and one-half to two years by taking 9 to 12 hours each semester.

Last year from January to July, she worked with Dr. Floyd Dunn, associate professor of chemistry, at ACC, doing micr-biological assay work with protein derivatives.

This summer she will teach a foods course and will be in charge of the practice house in homemaking at ACC. She has been doing practice teaching at Anson this year.

Now 21, Miss Browning is a 1955 graduate of Snyder High School, where she was in the top five of her class. She was president of the Homemaking Club here and represented Snyder at Girls State.

At ACC she is active in Alpha Psi Omega, a drama club, and last spring won an award as an outstanding drama student. She is also vice president of the Homemaking Club and vice president of the Woman's Honor Club at ACC.

Wives Set Up Roadblocks

OKMULGEE, Okla. (AP) — Roadblocks will be continued for the third day today by wives of striking Phillips Petroleum Co. workers.

The women, ignoring pleas by their husbands and union leaders to "go home," have stopped at least 25 refinery tank trucks at three access roads to the refinery.

The strike by 103 Oil, Chemical and Atomic Workers members is now in its 76th day.

Only two trucks have maneuvered through the blockade since Tuesday.

The women started their blockades 100 yards from the plant after the union denied their request for permission to join the picket lines at refinery gates.

"We're not trying to be smart or show up our husbands," said one of the women. "We merely feel that after 2½ months, something must be done to try to bring the company to terms."

College Students Are Not Carefree

By JOHN BARBOUR
AP Science Writer

PHILADELPHIA, Pa. (AP) — Despite the panty raids and telephone booth shenanigans, the idea of a happy, carefree college student is just a myth, a psychiatrist said today.

College students are just as confused — as prone to emotional an mental ills — as anyone else, reported Dr. Melvin L. Selzer of the University of Michigan.

In fact, freshmen carry with them the very emotional problems they had at home, he told the American Psychiatric Assn. annual meeting.

The stresses of college life are more liable to bring these problems to a head, if anything.

The case load at the mental hygiene clinic on the university campus regularly show two peaks— — one at mid-semester examinations and one at final examination time.

What about panty raids and the like? This is just a way of blowing off some of the stresses and anxieties college students build up during the school year, Dr. Selzer said. It is neither alarming nor abnormal behavior.

More organized ways are pep rallies and intramural athletics.

Each year nearly 8 per cent of the nearly 20,000 students at Michigan come for counseling at the mental hygiene clinic. Some 40 per cent of these come on their own. The others are referred by faculty, doctors and academic counselors.

The patients seen by a college health service psychiatrist are comparable with patients found in almost any public outpatient psychiatric clinic, he said.

Wife Swims Current To Get Rescuers

HYNDMAN, Pa. (AP) — "It was a orrible experience, but thank God my husband and children are all right."

So exclaimed Mrs. Nellie Bridges of Corriganville, Md. Wednesday after she dived into a rain-swollen stream to summon aid for her husband and three children trapped in their partially submerged auto.

Mrs. Bridges, 41, who was driving, said she missed a curve on a country road near the Pennsylvania-Maryland line about 20 miles southwest of Bedford, Pa., and the car plunged into the creek.

Mrs. Bridges said: "We were in about five feet of water in midstream. The water was very cold but I kept on going. I hadn't swam for more than 23 years, long before I was married. But I knew I had to reach shore."

She ran about half a mile to a farmhouse and phoned for help.

Two volunteer firemen swam to the car and brought the father and children to shore.

Bridges, 51, a furloughed Baltimore & Ohio railroad trackman, told his rescuers he and the children spent a harrowing hour. He said the swift current carried the auto about 100 feet downstream before it wedged against a rock.

Kenneth Ray and Sharon Kay, 3-year-old twins, and Walter, 4, were taken to Memorial Hospital at Cumberland, Md., for observation. Walter had some water in his lungs. The parents were treated for shock.

Two Snyderites Are In Honor Society

Leonard A. Hale and Dicky D. Hardee, Texas Tech students from Snyder, have been initiated into Phi Kappa Phi, national honorary scholastic society.

They were among top students in each of the six schools at Tech to be initiated into the society.

To qualify for Phi Kappa Phi, seniors must be in the upper 10 per cent of the graduating class of their school and juniors must be in the upper two per cent of their class.

Hale is a senior engineering student. Hardee a junior agriculture student.

General Condition Of Dulles Improved

WASHINGTON (AP) — The State Department says the general condition of former Secretary of State John Foster Dulles has improved since the end of last week and he is suffering less pain.

The department said Wednesday night Dulles, hospitalized with cancer, is in good spirits and his weight is stationary.

Stability of weight is considered a favorable sign for a cancer patient. Dulles' present weight was not announced. He normally weighed about 185 pounds.

Junior Editors Quiz on MUSIC

QUESTION: Where did the piano originate?

ANSWER: The piano was developed from several instruments. The earliest of these were the dulcimer and the monochord, which were used before the 1500s. The clavichord, the harpsichord and the spinet came into use in the 1500s and 1600s. The first time the name was used was in 1598 when a keyed instrument known as the piano e forte (soft and loud) was made at Modena, Italy. About 1709, an Italian, Bartolomeo Cristofori, worked out the principle of the modern piano — striking a hammer against strings. Many improvements followed. The earlier pianos had the keyboards lying flat and supported by three legs. The upright piano, which takes up less room than the flat, or grand piano, was patented by Isaac Hawkins of Philadelphia in 1800. The piano differs from most musical instruments because it can play melody and harmony at the same time. Others can play only melody.

FOR YOU TO DO: If you have a piano, perhaps your parents will allow you to open the top or front to see how the instrument works — how the padded hammers hit the wire strings when you push one of the keys. If you haven't a piano, perhaps your teacher will show you the inside of the school piano.

(For sending in today's question, Kharla Allen of Tawas City, Mich., will receive a $10 award. Mail your question on a postcard to Violet Moore Higgins, AP Newsfeatures, in care of this newspaper. When similar questions are received, Mrs. Higgins will select a winner.) 4-30

THE RECENTLY-COMPLETED Fina Super Service at 3501 Avenue S will be one of 11 Fina stations participating in a big open house program here tomorrow and Saturday. This station is operated by Jimmy Moats and Cecil Stephens. (Lee Watson photograph)

Open House Scheduled At 11 Fina Service Stations

Open house has been set for Friday and Saturday here by 11 Fina service stations operated by the Snyder Oil Co.

The 11 stations participating will feature a number of door prizes in the two-day celebration, including a Polaroid camera, a boy's or girl's bicycle, and a rod and reel set.

In addition, a set of four crystal glasses will be given away with each purchase of 10 or more gallons of Fina Supreme or Fina gasoline, A. K. Smith, operator of the 11 stations said no purchase will be necessary for registration for the door prizes.

Stations participating in the event will be the recently-completed Fina Super Service at 3501 Avenue S, Southside Service at 4000 Avenue S, Ferrell's Fina Service on the Lamesa highway, Page's Fina Service at the traffic circle on the East Highway, Steve's Fina Service on the East Highway, Cox's Fina Service at Avenue R and Twenty-fourth street, Bruce's Fina Service at 2300 Avenue S, Augustine's Fina Service on the Clairemont highway, O. H. Fina Service on the Lamesa Davis' Fina Service on the Clairemont highway, O. H. Fina Service on the Lamesa highway, and S & L Service at Knapp near Lake Thomas.

A limited number of free lubrication certificates will be awarded to early visitors to the stations, Smith said.

He added that there will also be free candy for the children.

Smith said the mass open house program is to acquaint residents of this area with the Fina product new to this area.

Fina is a relative newcomer to the petroleum marketing field, having started with a merger with Panhandle Oil Corp. in 1956. Early in 1957 the company purchased the complete holdings of American Liberty Oil Co., and last year it purchased the Petro-Atlas Corp., and a wholly-owned subsidiary, El Dorado Refining Co. Petrofina now markets in a 13-state Mid-Continent and Southwestern area through more than 1,600 outlets.

Smith has been associated in the petroleum marketing field in this area for a number of years. He is married and lives at 1801 Fortieth Street.

Drawing for the prizes will be held Monday at 7 p.m. at the Fina Super Service, Smith said.

Program Set At Central

The spring music program of the Central Elementary School will present at 7:30 o'clock tonight in the Central auditorium.

Music classes will present the program, and featured will be musical acts from each grade, as well as several individual performances.

The first grade classes will present the musical play, "The Gingerbread Boy," while the second grade classes will give a rhythm display. Third and fourth grade classes will present several songs, and fifth graders will play selection on the tonette. Several selections will be sung by the sixth grade choir.

Dee Martin will present a taking song, "The All-American Boy," and there will be a piano solo, "Thee Song of India," by Rosemary Kramer. A trio composed of Judy Land, David Pace and Hal Snider will sing "Little Old Lady."

The program, open to the public, will be under the direction of Roger Gee.

College Freshmen Are Poor Readers

LOS ANGELES, Calif. (AP) — Between 30 and 40 per cent of college freshmen need reading instruction.

So says Prof. William Sheldon, director of the Syracuse University reading laboratory.

Sheldon told interviewers that the trouble lies with teachers whose reading instruction techniques are adequate through the first six grades, deficient thereafter.

Sheldon's solution: continue reading instruction for all students through the 10th grade.

Road Deaths Increasing

CHICAGO (AP) — Automobile accidents killed more than 8,000 persons in the nation in the first three months this year, an increase of 5 per cent over the first quarter of 1958. The fatalities in March were 9 per cent higher than in 1958.

The National Safety Council also said disabling injuries during the three-month period numbered 300,000.

The council said March was the third straight month the death toll on the highways was higher after two years of almost unbroken decreases. Fatalities for the first three months totaled 8,080 compared with 7,690 in the corresponding period last year. The March death toll was 2,790, compared with 2,560 in March 1958.

The council attributed the upward trend to complacency.

Solons Pass Whipping Bill

DOVER, Del. (AP)—Delaware's Legislature, concerned by an increase in the crime rate, has passed a bill making whipping mandatory for people convicted of robbery.

The bill says 20 to 40 lashes for the first offense and not less than 30 for each subsequent conviction.

The House passed the Senate version Wednesday 22-3. Gov. J. Caleb Boggs, however, declined comment when asked what he thought of the bill.

He said he would decide early next week about signing it.

If he does sign, it will be the first time in the history of the state that whipping has been mandatory punishment for a crime.

In the old days whipping was used to punish wife beating, theft and a variety of other crimes, but it was always imposed at the discretion of the judge. The present sentence for robbery for example, is a fine of not less than $500 and imprisonment for 3 to 23 years, plus not more than 40 lashes if the judge wishes.

For seven years there have been no official whippings in Delaware.

The most vocal opponent of the bill was Rep. Paul F. Livingston (D-Wilmington), the only Negro member of the House.

"Lashes take the manhood from the man," he said. "When you whip his back then you get him. He can never lift his headup any more."

But Rep. R. Allen Cannon (D-Nanticoke Acres) argued that the them recently in the southern part bill would serve as a deterrent of the state.

Supply Of Coupons Arouses Curiosity

LOS ANGELES (AP) — Investigators said supermarket operators became curious when Mrs. Elwood E. Kist demanded cash upon redeeming large groups of coupons. They said she cashed as high as $50 worth of coupons at a time. She had 400 altogether.

CELEBRATE WITH US OUR 48TH BIRTHDAY . . . FEATURING LOW, LOW PRICES ON ALL YOUR FAVORITE BRANDS

The pioneer Lubbock grocery firm of Davis & Humphries, Inc., with general offices in Lubbock, this month celebrates its 48th Anniversary! The history of this group of stores begins with J. M. Davis and W. E. Humphries, shown here, who entered the general merchantile business in East Texas in 1910. Some 12 years later, the partnership decided to move westward, and in 1924 established the first Piggly Wiggly in Lubbock.

Davis & Humphries, Inc., operate eighteen Piggly Wiggly and D&H Super Markets on the South Plains and are members of the Super Market Institute, national. A modern warehouse at 2222 Avenue A, in Lubbock, is owned by the chain and supplies all eighteen stores.

BUCKIN' THE LINE

By BUCK FRANCIS
News Sports Editor

WE'VE BEEN ASKED THIS question many times over who is the best Tiger pitcher, Tim Roberts or Norman Gladson.

Our answer has always been neither—they're both about equal.

And the figures through the first 20 Tiger games leave very little to choose between the two lads.

Before Tuesday's game with San Angelo Gladson held a slight advantage in most of the statistical departments.

But Roberts came up with a beautiful game against San Angelo and now he holds a slight upper-hand in most of the pitching statistics.

For instance, Gladson led Roberts by seven in number of strikeouts before the San Angelo game, 72-65. Well, Roberts went out and whiffed 10 San Angelo batsmen to take the strikeout lead, 75-72.

Roberts also took over the ERA earned run average lead following his San Angelo performance. Only 1-3 inning separates the two in number of innings pitched, Gladson having hurled 59 1-3 innings to 59 for Roberts.

Gladson has given up 23 earned runs for a 2.70 average to 22 for Roberts for 2.60 average.

In the hit department, Gladson has yielded 51 and Roberts 53.

Roberts holds the edge in control with 35 walks to 45 for Gladson.

Fine Combination

You can see that there's not much to choose between the two hurlers. Another thing that makes it nice is that one (Roberts) is a left hander and the other Gladson is a right-hander.

We doubt these figures enter into the minds of Roberts and Gladson while working on the hill. We believe we know the two well enough that their main purpose is to win and that they aren't carrying on a "grudge" battle to see who can outdo the other in the statistical figures.

Tim and Norman are two very fine boys, both on and off the field, and we're happy to have 'em both on our side.

Most baseball teams have a pitching ace but as far as we're concerned, Gladson and Roberts are "co-aces" of the Tiger staff.

In Memorium

West Texas lost one of its finest young golfers last Sunday when James Bardwell of Sweetwater drowned in a lake near Denton.

Bardwell played in the Snyder Invitational last May and was the runnerup in the First Flight. Bardwell bowed to Tiger football coach John Conley, in the First Flight finals, 2-up.

Bardwell was a freshman at North Texas State this year and he drowned while trying to swim ashore after his boat ran out of gas. At last report his body had not been recovered.

Badly shaken by the tragedy were local golf pro Bob Henderson and his wife. Betty Ann Betty Ann teamed with young Bardwell in the Couples Tournament at the Sweetwater Country Club last summer before Bob took the pro job here in September.

Braves Regain National Lead

By ED WILKS

The Milwaukee Braves are back in the National League lead. Who put them there?

Johnny Logan and Wes Covington, the men Manager Fred Haney had announced he was going to bench after the Braves lost two in a row to Cincinnati and fell out of first place.

Shortstop Logan belted his first homer of the year with a man on in a three-run second inning against St. Louis Wednesday night. Left fielder Covington blasted his first of the year, also a two-run shot, in the third and the Braves were off to a 9-3 victory.

The win gives Milwaukee a .042 percentage edge over the Los Angeles Dodgers who slipped to second with a 5-4, ninth-inning defeat at Philadelphia. Cincinnati powered into third, ripping the Chicago Cubs 18-8 as San Francisco skidded to fourth with a 3-2 loss at Pittsburgh.

In the American League, the New York Yankees ended their losing string at four with a 5-2 victory over the Chicago White Sox. Detroit, after losing six in a row, defeated Baltimore 7-1. Kansas City beat Washington 7-6.

While Logan (1-for-3) and Covington (2-for-4) fought to hold their starting positions, Hank Aaron continued his hot hitting with a 4-for-5 night, including his fifth homer, and lifted his league-leading average to .526. Billy Bruton also homered for the Braves, who collected 15 hits and made Lew Burdette's fourth straight victory a breeze.

Winless Larry Jackson lost his third for the last-place Cards.

The Phils caught up with Dodger southpaw Johnny Podres (2-2) with two runs in the ninth. Four singles did it, with pinch-hitter Bob Bowman driving in the tying run and pinch-hitter Dave Philley delivering the clincher against reliever Art Fowler. Jack Meyer (2-1) won it in relief of Robin Roberts.

Wally Post hit a pair of homers for the Phils, accounting for their first three runs. Duke Snider drove in the Dodgers' first three, with a single and a double.

The Reds swung for 18 hits, counting three homers from Frank Robinson, Roy McMillan and Gus Bell. Brooks Lawrence (2-1) was staked to a 10-0 lead in two innings but needed relief help from Bob Mabe after a four-run seventh had cut the Reds' edge to 12-8. Moe Drabowsky (1-2) lost it.

The Pirates were blanked on three hits by southpaw Johnny Antonelli (3-1) until they broke loose for a three-run seventh inning capped by Bill Mazeroski's two-out, solo homer. A triple by Bob Clemente, a double by Smoky Burgess and Dick Stuart's single tied it. Ron Kline won his first.

Tiger Nine In Midland For Non-Loop Go

The Tigers diamonders take time out from conference play to meet the Midland Bulldogs today in Midland.

Norman Gladson was the scheduled Tiger starter. Gladson will be seeking his 7th win of the season.

Coach Speedy Moffett's charges will be out to atone for a 12-5 shellacking Midland dished out to the Tigers in a game here earlier in the season.

Midland currently is in second place in the District 2-AAA standings. Odessa leads the 2-AAA-AA race with a 5-0 mark while Midland is 4-2. Both Midland losses in conference play were administered by Odessa.

For the season Midland owns a 13-6 record.

The Tigers are 11-9 for the season and lead the 3-AAA race with a 2-0 mark.

After today's game, the Tigers return home Saturday for a 3-AAA engagement with the Colorado City Wolves at Towle Park.

Smoky's Bat Is 'Sizzling'

PITTSBURGH, Pa. (AP)—"I'm just swinging the bat, and from there they go where they go," says Smoky Burgess of the Pittsburgh Pirates, second in National League batting with a lusty .359 average.

"One thing for certain," said the roly-poly catcher today, "this playing regularly is one reason for my hitting sprett."

"It improves your timing and you get so used to hitting you don't want to quit."

Burgess, 32, was acquired by the Pirates this winter from the Cincinnati Reds. So far he has one home run, one triple, eight doubles and seven singles in 37 times at bat. He has driven in nine runs, leads the Pirates in over-all hits and in doubles.

He had a double and a single and drove in one run Wednesday night as the Pirates defeated San Francisco 3-2.

This is a far cry from the Burgess of last year who batted .283, mostly in pinch-hit appearances.

"I think the size of the ball park in Pittsburgh has a lot to do with it too," he said. "There's a lot of room to hit in Forbes Field."

Silver Spoon High On List As Favorite

LOUISVILLE, Ky. (AP) — The 85th running of the Kentucky Derby at Churchill Downs Saturday has developed a strong East-against-West atmosphere with a pert filly adding the romantic touch.

Four colts from the East look like possible winners in the mile-and-a-quarter classic. The West has four highly regarded prospects.

Silver Spoon, C. V. Whitney's eye-catching filly, may become the sentimental favorite — if not the top betting choice.

The East challenges with Christopher T. Chenery's First Landing, undisputed 2-year-old champ last year. The West replies with Tomy Lee, a British-bred colt owned by Texas Fred Turner, Jr.

Sword Dancer, Our Dad and Easy Spur are the other Eastern hopefuls rated a good chance.

Finnegan, California Derby winner and Royal Orbit, third in that race, showed they are derby contenders in the Derby Trial here this week.

Silver Spoon also is a Westerner but bettors are likely to overlook that and recall only one filly in history has won the Derby.

Silver Spoon is owned by the son of John Payne Whitney, the man who brought Regret here in 1915 to become the first filly to win a derby.

Adding emphasis to the East-West conflict is the absence of Calumet Farm, which copped the past two derbys with Iron Liege and Tim Tam.

Trainer Jimmy Jones pulled On-And-On out of the race Wednesday, saying the colt is not ready.

FIGHT RESULTS

Fight Results
By The Associated Press

Portland, Ore.—Yama Bahama 152½, Bimini, B.W.I., outpointed Phil Moyer, 151½, Portland, 10.

A PLEASED TRAINER—Trainer J. H. Hayes wears a smile as he pets First Landing, a top threat in Saturday's Kentucky Derby. Chris Chenery's horse went to the post the favorite in a Derby Trial at Louisville, Ky., and performed brilliantly coming from behind at the top of the stretch to win by a length under a hard ride by Jockey Eddie Arcaro. (AP Wirephoto)

IN RED RAIDERS RELAYS

Cowboys, Raiders Are Co-Favorites

LUBBOCK, Apr. 29 — Hardin-Simmons and Texas Tech are expected to battle for the title of the Red Raider Relays varsity division here Saturday.

McMurry, with a fine crew of sprinters, and West Texas State, with most of its strength in the field events, can decide the meet by depriving the favorites of vital points.

Injuries to a pair of Red Raiders is diminishing Texas Tech chances. Quartermiler Roger Crawford of Waco, who also runs on both relays, and high jumper W. L. "Dub" Thornton of Aspermont both have hurt ankles. Thornton twisted his right ankle taking off for his winning 6-9 leap at the Drake Relays Saturday.

On the basis of best marks for the season, Texas Tech has a potential of seven first places, Murry, three.

Probable one-two finishers according to earlier marks:

100-yard dash — Bruce Land, McMurry, 9.4; John Dale Lewis, McMurry, 9.6.

220-yd dash — Charles Goza, Hardin-Simmons, 21.9; Paul Hinds, Hardin-Simmons, 22.3.

440-yd dash — Tommy Davis, Texas Tech, 48.5; Crawford, Tech, 49.0.

880-yd run — Charles Draper, Tech, 1:56.0; Pete Dyson, Tech, 1:57.0.

Mile run—Dyson, Tech, 4:22.6; Les Branham, H-SU, 4:26.6.

High hurdles — Dick Murphy, Tech, 14.5; James Pettit, Tech, 14.8.

Low hurdles — Pettit, Tech, 23.0; Murphy, Tech, 23.5.

Sprint relay — Texas Tech (Crawford, Murphy, Pettit, Davis), 42.2; McMurry (Lewis, Land, Jimmy Drake, Bob Gay), 42.3.

Mile relay — Hardin-Simmons (Goza, John Bradshaw, Richard Irwin, Paul Hinds), 3:19.2; Tech (Crawford, Davis, Murphy, Draper), 3:19.4.

High jump — Thornton, Tech, 6-9; Morris Light, H-SU, 5-11.

Broad jump — Goza, H-SU, 22-9; Hames Morris, Tech, 22-8.

Pole valut—Bobby Burris, McM, 52-10; Arvin Ellithorpe, West Texas, 45-2½.

Discus — Russell Seitzinger, H-SU, 162-6; 3-4; Fred Thigpen, H-SU, 140-9½.

YESTERDAY'S STARS

Major League Stars
By The Associated Press

Hitting — Hector Lopez, Athletics, drove in four runs with three hits, one a homer, and singled home the winning run in the ninth inning for 7-6 decision over the Senators.

Pitching — Ronnie Kline, Pirates, gave up seven hits, but walked only one and struck out nine for 3-2 victory after shutting out the Giants over the last seven innings.

AT WHITE SOX'S EXPENSE

Yankees Get Back On Winning Trail

Associated Press Sports Writer

What is it about the Chicago White Sox that peps up the New York Yankees?

There was, for instance, that dreary, final-two-month slump the Yankees had last season before clinching the American League pennant. At one stage they had lost four of six games before playing Chicago, then took two of four from the White Sox.

Later, they lost four of five, but then took two of three from the Sox. And just before locking up the flag they swept two from Chicago, after again losing four of six games.

The Yankees had their first run-in of the season with the White Sox Wednesday. They went into Comiskey Park below .500 after losing four in a row. Bob Turley, the Yanks' right-handed ace, had lost two straight. And the club hadn't been able to score twice in any of its last 51 innings.

So, the Yankees rapped three home runs, scored twice in the first inning and beat the White Sox 5-2. Turley evened his record at 2-2, although giving up nine hits.

That hoisted the Yankees to fifth with a .500 record and helped to hand the Cleveland Indians, whose game with Boston was rained out, a 1½-game lead. The Baltimore Orioles remained tied with Chicago for second despite a 7-1 loss at Detroit in a game held to five innings by rain. Kansas City defeated Washington 7-6.

In the National League, Milwaukee regained first place with a 9-3 victory over St. Louis while Philadelphia knocked off Los Angeles 5-4. Cincinnati clobbered the Chicago Cubs 18-8. Pittsburgh beat San Francisco 3-2.

Mickey Mantle, Hank Bauer and Bill Skowron homered for the Yankees, who had eight hits. Mantle's came with a man on in the first off loser Ray Moore, 0-2.

Only Nelhe Fox, who was 4 for 5, gave Turley any real trouble. Frank Lary, 1-2, became the first complete-game pitcher this season for the Tigers. Larry Osborne and Al Kaline homered for Detroit in a three-run first inning against loser Arnie Portocarrero, 0-3.

Hector Lopez drove in four runs for the A's, singling home the winner in the ninth. He also hit a two-run homer. Tom Gorman (1-0) won it in relief after the nats chased Ralph Terry in a three-run ninth that tied it 6-all. Vito Valentinetti (0-2) was the loser in relief.

Flu Riddles Chisox Squad

CHICAGO (AP) — Manager Al Lopez hopes to shake off the flu bug long enough to take charge of his White Sox in person against the New York Yankees tonight.

The senior didn't get any closer to Wednesday's game, which the Yankees won 5-2, than the television set in his hotel bedroom.

"That game might have been a different story if it hadn't been for this flu bug around," he said. "We had several chances to win it."

Bob Turley, a right-hander toiled the distance, being nicked for nine hits. But the Sox couldn't hit when it counted, leaving 11 runners stranded.

The Sox left-handed pinch hitters who were in sick bay included Earl Torgeson, Billy Goodman, Don Mueller and rookie John Callison. Also virus victims were catcher Earl Battey and pitcher Dick Donovan, who was to have taken the mound tonight.

"I don't know how many we will have back in uniform until the doctor fills me in," said Lopez. "I don't even know if I'll be allowed to be there."

Dallas Wins 3rd In Row

By The Associated Press

The Dallas Rangers, winner of three straight over Denver's Western Division leaders, are the surprise of the American Association.

For the second game in a row, the Texans battered Denver for 17 hits and a 9-5 vicotry Wednesday night. Three homers featured the Dallas attack.

Indianapolis' Eastern Divisionp pacesetters were blanked 20-0 at Omaha. Despite the loss the Indians held onto a half game lead over St. Paul, walloped 17-1 by visiting Fort Worth. Minneapolis topped Houston 9-5 and Louisville snapped Charleston's five-game victory streak 10-2.

Denver's lead remained a game and a half over Houston. Jim Miller, Kal Segrist and Vince Garcia socked home runs to feature the Dallas offense.

Fort Worth raked four pitchers for 20 hits in the runfest at St. Paul.

YOUNG BRIDE KILLED—This is a photo of Kathleen and Robert Allan Hale of Tallahassee, Fla., and former high school students in Fort Worth, Tex. Mrs. Hale died in Tallahassee after receiving a gunshot wound in the head. Police were unable to determine immediately how she was shot. (AP Wirephoto)

Bride's Death Is Accidental Jury Rules

TALLAHASSEE, Fla. (AP)—A coroner's jury last night ruled Mrs. Robert Hale, 16-year-old daughter of Texas politician-lawyer John B. Connally was killed by the accidental discharge of a 20 gauge shotgun.

A lie detector expert testified the answers of her 18-year-old husband about the shooting in their tiny apartment here Tuesday indicated his innocence.

Hale is the son of L. B. Hale, Texas Christian football great in the 1930s. Both the Hale and Connally families live in Fort Worth.

A fingerprint expert said no prints recognizable as the youth's were found on the shotgun which killed his wife, Kathleen. A palm print which could have been hers was on the weapon, he said.

Hale testified his wife seemed in good spirits the night before her death but suddenly left their apartment and did not return until Tuesday morning.

When he returned after searching for her, he said, she was seated in their apartment with a shotgun in her hand.

He said he knelt at her feet and begged her to put down the shotgun.

"I convinced her to take her finger off the trigger but she had a horrible look in her eyes," he told the jury.

"She was telling me she was going to kill herself," he said. "She said 'Bobby, I'm sick in my mind and I need help. I know now that no one can help me.'

"I tried to tell her everything was going to be all right. I tried to get her to sit on the bed with me but she wouldn't," Hale said.

"At the last desperate moment, I lunged at the gun and hit it," he said.

It hit the wall and she was still.

Hale said he didn't know whether the gun went off before or after he hit it.

Young Hale said he kept both guns on the walls as decoration.

Lester W. Thompson, lie detector operator for the Florida Sheriff's Bureau, said he asked Hale if he had the shotgun in his hand when his wife was wounded, if he had intended to shoot her, and if he had told her to shoot herself. He answered "no" to all three questions and "yes" to the query "did she have the shotgun in her hand when you went into the room?" Thompson said.

"His emotional responses to these questions indicated to me he was telling the truth," Thompson testified.

The youth testified he and his bride eloped and married March 16 at Ardmore, Okla. They came here a month ago "to make their own way." Hale had been working for a boat company. His wife was not employed.

Fathers of both teenagers testified their children always had been stable emotionally.

Connally said his daughter, the eldest of four children, had been an exceptionally bright student.

Connally said he and the elder Hale visited the couple here a week or so ago after the youngsters had quarrelled and the girl left her husband for a few days.

"Obviously in the light of what happened we probably were stupid but as far as we could determine there were no problems so we left and went back to Fort Worth," Connally said.

Parents of both youngsters and young Hale left the courtroom hurriedly after the jury announced its findings.

Candy Barr's Bond Dropped

HOLLYWOOD (AP)—Stripper Candy Barr was arrested early today—because her bond was dropped. But Mickey Cohen said he'd help get her a new one.

The blonde, green-eyed stripper was arrested at a Sunset Strip night spot because a Dallas surety bondsman dropped the bond under which she was free.

Miss Barr, 27, was sentenced to 15 years in state prison last year on a charge of unlawful possession of a narcotic (marijuana). She had been appearing at the Largo here while on bond pending an appeal.

After her last show early today officers picked her up on a Dallas warrant and took her to the hall of justice for booking. She was wearing a modest gray suit when arrested.

House In Accident

DANVILLE, Va. (AP)—A house knocked down a stop sign at an intersection here this week. Police charged Lawrence Burton with moving a house on a flat bed truck over city streets Tuesday without a permit.

OUR VIEW

Undiplomatic Diplomat

President Eisenhower has brushed aside effects of a verbal duel between Clare Boothe Luce and Sen. Wayne Morse of Oregon, and at this writing Mrs. Luce had shown no inclination to take advice from her husband and resign as U.S. Ambassador to Brazil.

Mr. Eisenhower said he thought it unlikely that Mrs. Luce had damaged her effectiveness to a major degree and that he believed she would be welcomed in Brazil.

That may be true, but it is increasingly apparent that Mrs. Luce may not be wholeheartedly sanctioned by a majority of the U.S. Senate, despite the fact that she had received overwhelming approval by that legislative body only hours before her unfortunate remarks about Sen. Morse.

As a seasoned politician, and presumably an experienced diplomat, Mrs. Luce should be well aware of the character of maneuvering on capitol hill. Moreover, as a diplomat, she should maintain a temperment that is capable of rolling with the punches.

One could not help but compare her reaction to the statesman-like response Sen. Lyndon Johnson made when Sen. Morse launched a verbal attack on the Texan recently.

Mrs. Luce's name was before the Senate for consideration as appointee to an important diplomatic post for this nation. It will be a sad day for America if its diplomacy in a foreign capital sinks to the level exhibited by Mrs. Luce in her rebuttal to Sen. Morse.

Few American people today need edification on the philosophy of Sen. Morse, anyway.

Biggest Cold War Loss Seen In Iraq

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP) —It was a pleasant, warm, sunny day outside as President Eisenhower answered questions at his news conference Wednesday. The question about Iraq was just one among others.

And the President's answer didn't take long. Yet the question and answer threw across the room a somber shadow hardly noticeable as the reporters pressed ahead with other questions of their own.

For in Iraq — and what may happen to it and the Middle East later — lies the possibility of one of America's greatest cold war defeats.

Just the day before, Allen Dulles, head of the Central Intelligence Agency, told the Senate Foreign Relations Committee: Communists are in almost complete control in Iraq.

If they are, then it would seem in a short time they should be able to take over. If they delay, it will be because of these two things:

1. That Moscow, for reasons of its own, will order the takeover delayed.

2. That the United States and its allies can find some way and some policy to prevent it. Sen. J. William Fulbright, chairman of the committee, said the situation is not hopeless if such a policy can be found.

But none is in sight now.

Two years ago Iraq was linked with the United States through its defense agreement with Iran, Turkey, Pakistan. That was when Eisenhower asked, and Congress approved, a declaration that the President could use U.S. troops to help any Mideast country against armed aggression from any country controlled by international communism.

One of the weak spots in that policy has always been this: What can the United States do if native Communists take over a country from within, and without obvious outside aggression?

Last summer when the Iraqi army overthrew the government which had linked itself with this country — by killing the King, Eisenhower sent American troops into neighboring Lebanon.

Lebanon itself at the time was torn by civil war. Eisenhower said he acted then on the request of the Lebanese President, Camille Chamoun, to guard American lives and protect Lebanon against indirect aggression.

But could Eisenhower use these powers to send American troops into Iraq to prevent a Communist takeover from within? It seems unlikely.

For one thing, Iraq's Premier Abdel Karim Kassem, who led the revolution against the King, has surrounded himself with Communists. If they took over, they'd be his boys, not outsiders.

And even if he tried to disown them at the last moment, he might be eliminated too fast to do what the Lebanese President did: ask for American help.

If the Reds take over in Iraq, which is completely shut off from border contact with the Soviet Union by its neighbors, the Soviets would have their first firm foothold in the Middle East. It would be a colossal disaster for the West.

At his news conference the President was asked if there was any way to save Iraq from slipping behind the Iron Curtain. There was nothing concrete in the President's answer.

Most of what he said can be summed up in his last paragraph: "If there is anything we can do to promote better relations with this country without making other enemies in the same region, why that is a good policy to follow. And we do follow it."

Here Are Ideas For Tax Sources

By HAL BOYLE

NEW YORK (AP) — The big problem in America today is—how can the government live off everybody when everybody is trying to live off the government?

Practically every government—federal, state or local—is running short of money. They also seem to be running out of ideas for new taxes.

The City Council here, for example, has just voted a five per cent tax on restaurant checks over a dollar. The tax was voted in an atmosphere of apology to "the little man," a tacit admission that only a cigar store Indian could find a decent meal here for less than a buck.

This abject attitude of polite concern over the plight of the taxpayer, however, isn't going to enable any government to live in the style to which it wants to become accustomed.

What governments need is the courage to reach firmly into new and unplumbed areas of the public purse and pluck boldly therefrom the money it wants.

Here are a few tentative suggestions:

Why not tax pedestrians? If drivers have to fork up money to get a license to use the city streets, why shouldn't pedestrians be made to pay for the privilege of wearing out the city sidewalks?

The issuance of $10 annual pedestrian licenses would not only add millions of dollars in revenue to most big municipalities. It would enable them to weed out reckless walkers unable to pass periodic inspection tests.

Why not also sell baby buggy licenses? Why should an infant, at the very start of its existence, get the idea there are any free rides in life?

It might even be a good idea to put a $15 tax—split equally between local, state and federal governments—on birth itself, payable at the hospital by the parents before they would be allowed to take their child home.

A few other ideas:

Taxes on girl watching.

Taxes on park bench sitting. Philosophers such as Bernard Baruch might object to these, but those who use public services ought to pay at least part of the costs.

Taxes on umbrella carrying. The government might also consider compulsory liability insurance here for the victims of this vicious practice.

Taxes on the public wearing of Phi Beta Kappa keys and Rotary Club lapel buttons.

Taxes on flower pots. The only danger here is that city dwellers might choose to let their pots lie fallow, and insist on being cut in for benefits under the federal soil bank program.

Special tax stamps to be affixed to letters written to Congress complaining about taxes.

When you get right down to it, the field of taxation is practically limitless. Anyone who thinks he's seen the end of new taxes just doesn't know what lies ahead.

Such as maybe a burial tax stamp. If you tax a guy for the privilege of going underground, isn't that really an inducement to make him want to keep on living?

Man Halts Own Fall

OAKLAND, Calif. (AP) — Construction worker Bill Bell, 36, lost his balance and fell from a fifth-floor girder—but dropped only a few feet. He grasped a rope used to haul up air refrigeration equipment and swung into a fourth-floor window.

Firms Licensing French Companies

By SAM DAWSON
AP Business News Analyst

PARIS (AP) — Many American companies who don't want to build plants here but still want to get the competitive advantages of being inside the market are turning to licensing French companies to produce their products. Both methods have advantages.

Americans make a nice penny out of licensing. Official French figures show that last year American firms collected 37 million dollars from the French in royalties on these licenses.

The U.S. firms say foreign countries like the licensing idea because it encourages the investment of local capital, increases jobs, new worker skills, and sets an example of efficient American production techniques.

One American company trying both licenses and overseas production in its own plants is Kelvinator International, a division of American Motors.

It has a wholly owned plant in England — which sometimes competes with its American-based plants in world markets, especially in Africa. And the company has 15 licensees abroad who make its products. The oldest is Kelvinator Australia, licensed in 1931.

But today France is its biggest comer in the license field. Kelvinator expects French sales to surpass the Canadian market, next year for the first time to become its No. 1 export outside the United States.

The license system works so well for the company that last year the total sales of household refrigerators abroad topped its sales in the United States.

The American firm says its biggest competition now comes from Germany because of labor productivity and aggressive merchandising.

Its hopes for an expanding French market are based on growing personal incomes here, rising standards of living, plus these figures:

At present, refrigerator saturation in France is estimated at 17 per cent. Electrified homes in France without refrigerators, the company says, represent a market potential of six to eight million units.

This is how the typical licensee system is set up:

The American firm supplies the licensee with production plans and specifications and with tooling information. It assist in plant layout for maximum efficiency and in the selection and purchase of necessary equipment.

Like most American companies, Kelvinator says it has a system of rigid quality controls policed by frequent inspections. It makes some deviations of the standard product for local market requirements, such as heavy duty tropical mechanism for African, Indian and Singapore markets.
