SNYDER'S GOLDEN ANNIVERSARY YEAR

THE SNYDER DAILY NEWS

VOL. 8, NO. 158 | SNYDER, TEXAS, THURSDAY, OCTOBER 31, 1957 | TWO SECTIONS, EIGHTEEN PAGES—PRICE 5c

LONG FLIGHT TO GAME—The Snyder Tiger-Sweetwater Mustang football game has attracted inter-state interest in addition to its having been designated the top AAA grid tussle of the week. Two students of Stephens College, Columbia, Mo., flew home to Snyder yesterday to attend the game. They are Clinta Blackard, second from left, and Connie Connell, standing on the plane steps with Clinta. They were met by a delegation of former classmates who presented the home-comers with bouquets of broom weed gathered at the air port while waiting for the plane to arrive at 6:50 o'clock last night. In the group from left are: Lady Falls, Clinta, Connie, Beth McClatchy, Kay Lynn Walker, Susan Cockrell, and Sally Herring. The game visitors came here on a Continental Air Lines plane. Rangers Bolster Forces In Strike Violence Region

DAINGERFIELD, Tex. (AP) — Huge Texas Ranger Capt. Jay Banks, veteran manhunter, arrived today to augment the Ranger force trying to stamp out violence in the prolonged Lone Star Steel plant strike. He promised to call in any Rangers, state police and local officers needed.

Rangers were investigating the latest incident, a massive explosion that shook a wide area of northeast Texas overnight.

The blast followed 40 days of intermittent violence since the Sept. 21 wildcat strike over filling job vacancies.

Banks, a trim waisted 225 pounds and 6 feet 3, wore an enormous pearl-handled pistol when he arrived at emergency Ranger headquarters—a jampacked motel room.

"We're not moving in to take over law enforcement," the blue-eyed, weather-faced Ranger said. "We're just bolstering the local law enforcement officers. If necessary, we'll give them whatever forces they need."

The Rangers clamped down on pistol toting non-strikers who have been carrying arms to and from work. The morning shift failed to check any weapons at the plant office today after night crews brought pistols and other arms to work.

A high union official who refused to be identified, asserted: "We are of the opinion that the violence is not coming from our ranks. We wouldn't tolerate it. The union's position is clear."

Banks' arrival increased the known Ranger force to six. Indications were that other Rangers were standing by in case of more trouble.

The fact that non-strikers were carrying pistols and other arms to work was revealed last night.

Just like at a Wild West social event in the old days, they checked their arms at the gate.

When the morning shift reported today, however, not a single gun was turned in at the plant gates.

Ranger Sgt. Arthur Hill said, "We've always discouraged the idea of anyone carrying any weapons. We've given no one the right to carry a gun. Those found violating the laws concerning the carrying of weapons will be prosecuted."

Prominent around the sprawling plant are black and white posters offering $10,000 reward for the arrest and conviction of any persons injuring an employe of the company or their families.

Lone Star Steel also offers a reward of $5,000 for conviction of anyone damaging an employe's property. Another $1,000 award awaits anyone proving the company hasn't lived up to arbitration decisions.

A mass meeting of union workers was scheduled for this afternoon, but newsmen were told pointedly that they would not be welcome.

Bob Hollingsworth of the Dallas Times Herald reported that strikers "graphically suggested that newsmen would do well to leave town."

Officers spirited two men charged with strike violence out of the jail at Gilmer and would not say where they were taken or why they were removed.

The men are James Duffy, 45, and Robert Blount, about 53. They are under technical charges of burglary after a non-striker's home was riddled with buckshot.

It was obvious to reporters the strike created an economic pinch. The United Steelworkers Union has been issuing script to strikers for groceries. The men have missed two twice-monthly paydays.

CHARGED IN HOME BLASTING—Robert Blount, left, and J. W. Duffy, both of Upshur County are shown in the Upshur County sheriff's office at Gilmer, Tex., after being charged with "Nighttime Burglary" in connection with the shotgun buckshot blasting of Lone Star Steel worker Robert Blundell's home at Simpsonville, Texas. Duffy is a striker. (AP Wirephoto).

Water Planning Bill Faces House Battle

AUSTIN (AP)—Gov. Daniel's million dollar water planning bill faced a major fight today as the House argued whether to accept a new proposal.

The Senate was scheduled to take up either a lobby control measure or its water bill. The lobby bill had priority, Sen. Crawford Martin, the governor's floor leader, said.

The House water bill substitute was offered by Rep. W. A. Stroman of San Angelo.

Stroman's proposal was opposed by Reps. W. N. Woolsey of Corpus Christi and Truett Latimer of Abilene. "We think our measure is better," Woolsey said.

The House bill would set up a separate planning division under the Board of Water Engineers. It would give the division a million dollar budget for research, investigations and to formulate a statewide water plan.

Stroman's substitute would give the board a $600,240 increase in its appropriation. It would direct the board to set up a planning division and order it to do research and investigations. It does not mention a statewide plan.

Ejected because it was "too indefinite and vague," a farm bloc's amendment was not approved yesterday. It would change present law applying to 200-acre foot reservoirs and allow the water to be used for irrigation without a permit from the water engineers.

Two of Daniel's other proposals to the special session were sent to subcommittees for rewriting in the Senate. A House-passed bill creating a crime study commission was postponed for hearing until next week. Debate on a measure to require registration of lawyers who practice before state agencies also was put off until next week in committee action.

The House Oil, Gas and Mining Committee approved resolutions aimed at oil imports. One resolution asks Sen. Johnson (D-Tex) to introduce a bill in Congress which would put a protective tariff on foreign oil.

SPOT MUSE

THE ANNUAL BONFIRE that highlights the pre-game "hullabaloo" for Tiger-Sweetwater football games will be held tonight at 7.

Site of the bonfire is in the southwest corner of Towle Memorial Park, just west of the National Gurad Armory now under construction and south of the Towle Memorial Baseball Park.

Members of the Tiger football squad and band and thousands of Tiger fans are expected to be present for the gala occasion.

The Tigers meet Sweetwater tomorrow night at Tiger Stadium. Kickoff time has been set for 7:30 p.m.

MILTON HAM, ALL-STATE end for the Tigers last fall, was injured last night while performing for the TCU Freshman team against the Baylor Freshmen in Fort Worth.

Ham received a deep cut on his chin and a possible fractured jaw.

Ham started the game for the Wogs and was turning in an outstanding performance before the injury sidelined him late in the first half. He did not return in the second half.

The Wogs won 7-0 before 23,000 fans.

NEW CARS for 1958 are either now being shown, or will be shown in the next few days by almost all Snyder new car agencies. Some are drastically changed from the 1957 models, and some changed only engineering features and adornments. But all have the new look, and dealers say that the new prices will not be increased as much as they had anticipated.

Truck-Trailer Fire Put Out Near Snyder

Snyder firemen were called to a truck-trailer fire about 12 miles east of here on the Roby highway about 5:15 this morning, D. A. Porter, fire chief, said.

Two right rear tires on a semi-trailer tank truck hauling styrene caught fire and were destroyed by the fire.

There was no other damage to the truck, Porter said.

The truck was owned by an independent trucking concern, and identity of the firm or the driver was not learned.

Burglars Hit Second Time

Burglars entered the construction house at the new city water tower construction project in southwest Snyder sometime last night and stole several dollars worth of equipment.

T. L. Steele, police chief whose department is in estigating, said that last night's burglary was the second burglary at the same location, but that only last night's burglary had been reported to the police department.

Hose, welding rods and other welding equipment, wrenches and equipment were taken last night, Steele said.

School Board Makes Survey Of Buildings

Members of the Snyder school board are looking around at buildings in other school systems in West Texas in connection with a proposed building program here.

At various times, different board members plan trips to some of the other school systems in West Texas to look at schools, particularly those recently constructed. They are looking specifically at junior high and elementary schools, since a second junior high and another elementary are proposed here in a bond election set for Nov. 9.

This week, two board members visited schools at Andrews, Odessa, and Midland, to see construction which has been done in those fields. Some are planning to look at schools at other locations, including probably Lubbock and Fort Worth, within the next few days.

Board members have said they are seeking a broader view of what is being and can be done in school construction, and this is best done by visiting the scene of construction in other areas where there is constant growth of scholastic population.

UF Drive Edges Closer To Goal

Contributions to the Scurry County United Fund neared the $35,000 mark by today as the organization pushed toward completion of its drive.

Total this morning was $34,977, which meant another $4,000 is needed to complete the budget goal of $38,934. The United Fund serves nine agencies here.

United Fund officials were expressing belief that if workers contact all their prospects, and if prospective donors give freely, the goal will be reached by early next week.

Latest contributors include:

Olen Horn, Vernon Young, Sue Griffith, Ada Necessary, D. C. Shaeffer, B. D. Looney;

J. C. Aiken, Brad Holt, J. A. Dickerson, J. W. Roberts, H. C. Godair, R. W. Hammack;

Lilly Mae Herd, R. B. Vandiver, L. B. Minyard, L. B. Allgood, Zane Phillips, A. E. Smyers;

Jean Sadler, Donald Grant, Forrest Bell, B. E. Meadows, W. D. Rhodes, J. H. Rodman, W. W. Davis;

Jake Worley, H. R. Murray, Jimmy Layne, Bob Morgan, Howard Myers, H. S. Kruse, J. Weldon Merritt;

722 Pupils Out With Flu

Absentees from school grew to a new high for the school year today, with a total of 722 out of classes.

Most of the absences were believed caused by flu. The figure was up more than 100 from the previous two days. Yesterday there were 613 students absent.

Northeast Elementary continued to be the hardest hit, with 107 or almost a third of the school's enrollment, out of classes.

School-wide, absences figured more than 18 per cent.

There was a total of 120 students out at the high school, out of an enrollment of 842.

At the junior high, there were 37 students out of 549 missing from classes.

West Elementary had 167 out of a total of 769 absent this morning.

At East Elementary, it was 116 out of 463, or 24 per cent, the second highest figure in the school system.

North Elementary missed 51 students out of a total of 325.

Lincoln School had 14 out of 100 students absent today.

ON SYRIA-TURKEY CRISIS

Compromise Sought

UNITED NATIONS, N. Y. (AP)—A move grew in the United Nations today to seek some compromise approach to dissipate the tension between Turkey and Syria. Rival resolutions already submitted to the Assembly appeared doomed to failure.

Statements by Russian and Syrian spokesmen abroad meanwhile indicated that the crisis over Russian military aid to Syria and Turkish troop reinforcements along the Turkish-Syrian border was simmering down. The United States and Turkey have contended all along that Russia whipped up the tension to win the Arabs to the Soviet side.

Many U. N. delegates believe the only plan likely to get Assembly approval would be a watered-down proposal citing Secretary General Dag Hammarskjold as a possible go-between and promising some kind of investigation.

Hammarskjold told reporters he might issue a statement today, depending on the "state of developments."

An Assembly session scheduled for today was postponed until 10:30 a.m. tomorrow.

It seemed unlikely that the 82-nation Assembly would give the needed two-thirds majority to Syria's proposal to send a fact-finding commission to investigate the border situation, or to the seven-nation Western resolution expressing confidence that Hammarskjold would mediate the dispute.

Western diplomats expressed the view that Russian-Syrian warnings that the United States and Turkey are about to touch off a war are so phoney that to appoint an inquiry commission would give them unwarranted dignity.

Syria, on the other hand, was reported to have told Hammarskjold she would not approve his appointment as mediator on grounds it would mean the Assembly was shirking its duty in favor of the secretary general.

India Delegate V. K. Krishna Menon has suggested that both Syria and Turkey agree on a fact-finding process to help settle their differences and use Hammarskjold's good offices.

E. D. Allen, Policeman, Dies At 54

Earl Dee Allen, 54, of 2303 Avenue H, died at 3:30 p.m. yesterday in Battenfield-Jones Hospital after a heart attack.

Mr. Allen had been employed by the city police department since June, 1950.

A resident of Scurry County since 1947, he was in the trucking business prior to becoming employed by the city. He was born Feb. 5, 1903, in Alvarado and lived in Dallas before coming here.

Funeral services will be held at 2 p.m. Saturday at the First Baptist Church, with the Rev. E. K. Shepherd, pastor of the First Baptist Church of Muleshoe, officiating, assisted by the Rev. G. M. Cole, pastor of the First Baptist Church here. Burial will be in the Fluvanna Cemetery under direction of Bolger Funeral Home. Pallbearers will be members of the police department.

The body will lie in state at the residence until time for the service.

Survivors include the widow, three daughters, Mrs. Clovis Williams of Dallas, Mrs. Billie Haverkorn of Waxahachie, and Mrs. Trudie Wood of Snyder; one son, Allen Hambrick, who is in the Air Force at McClellan Air Force Base, Cal.; four sisters, Mrs. Birdie Howeth, Mrs. Beulah Fitzgibbons, Mrs. Dorothy Hinkle, and Mrs. Doris Waddell, all of Fort Worth; three brothers, Frank Allen of Dallas, Roy Allen of Alvarado, and John Allen of Burleson; and six grandchildren.

Say Firm's Books Never In Balance

AUSTIN (AP)—The Senate Investigating Committee heard two witnesses swear yesterday the books of Preferred Life Insurance Co. had never been balanced and that claims were paid "only if you yell long and loud enough."

Largent Parks, president of the Dallas firm, testified last week before the Senate Investigating Committee the firm was in good condition, and said all claims were paid "as fat as mechanically possible."

Parks described his firm as "about the largest in Texas selling individual accident and health insurance."

There are larger firms selling group accident and health insurance.

J. K. Gallion, former claims manager of Preferred Life, and Mrs. Elizabeth Buehring, former bookkeeper and cashier, also said they were ordered last March to hide the true financial condition from examiners.

"I was never able to balance the books all the time (seven months) I was there," Mrs. Buehring said. "I was told it was impossible to balance them and that they had never balanced since the firm was formed."

She said Parks told her March 1 there would be an examination by the Insurance Department, then he and a number of other officials warned her not to talk to examiners or give them any files.

"I was told to say that I did not know where the files were," she said. She said one file packet was taken from her office and taken to Parks' personal file locker.

She said she quit because "I wasn't used to working places where the books won't balance."

Gallion said all applications for policies were accepted without investigation and premium notices sent out each month. However, if a claim was filed there would be a "post examination" of the application. Should a pre-existing physical condition or ailment be found they would void the policy, then the policy was cancelled and the claim disallowed.

Gallion said premiums paid on such cancelled policies would be returned "if you yelled long and loud enough."

Gallion said when he took over as claims manager in 1956 there was a backlog of about 900 or 1,000 unpaid claims. Just before the backlog of old claims was cleared out, Gallion said Parks ordered him to stop payment on all claims for 30 days. Then Parks' office would tell him how many claims he could pay each week, usually $10,000 to $15,000.

He said the claims payment stoppage resulted in a cash backlog of $50,000 to $75,000 but he was ordered by Parks not to mention the backlog to insurance examiners.

Weak Cool Front Headed For Texas

By The Associated Press

A weak cool front headed for Texas Thursday with the promise of a few showers and some cooler weather.

Predawn lows Thursday ranged from 42 degrees at Amarillo to 67 at Brownsville and Galveston.

Fog was reported along the upper coast.

The cold front was over southern Wyoming Thursday and was expected to edge into Texas Friday. Cooler weather in East, North Central and West Texas was forecast. Some showers were expected in North Central Texas.

Highs Wednesday ran from 86 at Laredo to 70 at Wink. The only moisture reported was .02 of an inch at Lufkin and .01 at Presidio.

Showery, cloudy and generally mild weather was the outlook for most of the country Thursday.

Warming occurred in most of the nation the past 24 hours, with biggest temperature rises in New England and in parts of the Northern and Central Plains. Temperatures were mostly in the 50s along the Eastern seaboard and in the states bordering the Gulf. They were in the 50s or higher in the Southwest desert region and in most of California.

Coolest region was the Upper Mississippi Valley and the Lake Superior district, with temperatures in the 30s and low 40s. Slight cooling was reported along the North Pacific Coast, with readings in the 40s, about 10 degrees lower than Wednesday morning. Showers accompanied the cooler air into the area. Skies were cloudy in the desert region and southern California, with widely scattered showers.

Skies were generally cloudy, with many areas of precipitation, east of the Mississippi River. The major wet belt extended over the eastern Great Lakes region and southward through northern Georgia. However, rainfall amounts were mostly light.

SHIVERS NOT CERTAIN

Blakley Not A Candidate

DALLAS (AP)—Former U.S. Sen. William Blakley (D-Tex) said last night he was not a candidate for public office and did not intend to become one.

Former Gov. Allan Shivers, also a Democrat, asked directly if he intended to re-enter politics, said "I don't think so."

"I never have been, I am not now, and it is not my purpose and intention to become a candidate for any office," Blakley said to open his speech at a Freedom in Action Committee dinner.

He was appointed to the Senate to fill the vacancy when Gov. Daniel resigned after winning the governorship. Ralph Yarborough (D-Tex) won a special election for the seat.

Blakley has been mentioned as a candidate for Yarborough's post in the next election. Blakley is considered a conservative while Yarborough ran under the liberal banner.

Shivers began his talk by remarking: "I, who have been on many platforms, sometimes wish I could do it again."

He was interrupted by applause from the some 300 business and political leaders who attended an all day meeting seeking to rally conservatives in bi-partisan action.

Later, Shivers was asked if this meant he was seeking to enter the political arena again. He answered with a smile, "I don't think so."

Movie Actor George Murphy told the audience arrangements have been completed to make a movie picturing freedom in action.

Elwood Fouts of Houston, founder of FIA, said the purpose of the organization is "political action to save our nation."

Blakley said, "I am here because these are perilous times which demand a fresh look at the fundamental principles with which the country was established.

"The enemies of freedom are people who believe more strongly in the welfare state than in public welfare."

Blakley criticized the Supreme Court "which creates law under the guise of interpretation of the Constitution and beguiles the executive branch into carrying out its mandates."

Others who were introduced and endorsed FIA included:

Judge Abner McCall, dean of the Baylor University law school and state director of FIA; lawyer Ted Anderson, area director in Corpus Christi; Bruce Street, area director for Graham and Wichita Falls; Douglass Ford, Dallas County area director; Dr. Milford Rouse, Dallas; Jake Jacobsen, executive assistant to Gov. Daniel, and H. J. Porter, GOP Texas national committeeman from Houston.

WEATHER

SNYDER TEMPERATURES: High Wednesday, 80 degrees; low, 43 degrees; reading at 7:30 a.m. today, 44 degrees.

East and South Central Texas — Partly cloudy this afternoon and tonight. Increasing cloudiness Friday. No important temperature changes.

North Central Texas — Partly cloudy this afternoon and tonight. Mostly cloudy Friday. No important temperature changes.

West Texas — Increasing cloudiness this afternoon and tonight. Mostly cloudy with showers Friday. No important temperature changes.

OIL ROUNDUP

Wildcat Staked In N'West Scurry

F. C. Taylor, et al, of Odessa has spotted a location for a rotary wildcat northwest of Snyder.

The No. 2 C. K. Arnold will be 1,067 feet from the south and 1,228.3 feet from the west lines of section 219, block 97, H&TC survey, or 12 miles northwest of Snyder. It will drill to 3,500 feet by rotary.

The location is three-eighths of a mile northwest of a Clear Fork failure, Bankline No. 1 Parks, which was abandoned in 1951.

GARZA COUNTY

The Hackberry (lower San Andres) field of Garza County gained its second producer and a location southeast offset with completion of W. Ridley Wheeler No. 1-LS W. A. Hamilton, in 1249-AB&M survey, four miles south of Southland.

It was completed for a daily pumping potential of 127 barrels of 35.7 gravity oil.

Production was through perforations between 3,963-997 feet, in 5½-inch casing set at 4,286 feet, the total depth. Pay section was acidized with 5,000 gallons.

The discovery, the same operator's No. 1 H. V. Wheeler, was completed in August for a daily pumping potential of 157.32 barrels of 37.3 gravity oil, plus 10 per cent water through perforations between 3,858-4,007 feet.

HOWARD COUNTY

A Howard County multipay field was assured its second Pennsylvanian producer and a Cochran field gained a long extension.

Limpia Royalties, Inc., et al, of Midland No. 1 D. L. Hunter, one location east of Nortex Oil & Gas Corp. No. 1 Shafer, Howard County Clearfork and Pennsylvanian discovery one mile north of Vincent, flowed 33 barrels of oil per hour for seven hours.

Flow was through a ½-inch choke and perforations between 7,498-7,528 feet, which had been re-acidized with 5,000 gallons. Flow started after the project had been swabbed five times. Flowing pressure was 300 pounds.

The project has been shut in for storage.

Lubbock, Pasadena Are Safety Learders

CHICAGO (AP)—Two Texas cities were recognized by the National Safety Council yesterday as leaders in traffic safety for the first nine months of this year.

The council named Pasadena, a Houston suburb, as one of three cities in the 10,000 to 25,000 population class where there have been no traffic deaths since Jan. 1.

In the 100,000 to 200,000 population group, Lubbock tied for top ranking with Montgomery, Ala., with a percentage record of .3 of one death per 10,000 vehicles.

HOSPITAL NOTES

The following admissions and dismissals at the two Snyder hospitals are only those whose names have been released by the hospitals.

BATTENFIELD - JONES

ADMISSIONS — Mrs. Frank Ortego, Gen. Del.; Jamie Ortego, Gen. Del.; Don Ford, Dermott; Roy Metcalf, Tallmedge, Ohio; W. T. Childress, 2311 Twenty-ninth Street; Carol Ann Kinsey, 902 Twenty-sixth Street; Horace Aylor, Clairemont Route; Mary Watkins, 1800 Avenue T; Mrs. Cora Sellars, Box 235; David Bentley, Route 1; Helen Lujon, Route 1, Colorado City; Lora Zuazma, Gen. Del.; Costello Zymario, Gen. Del.

DISMISSALS — I. L. Milton, Route 2; Rosa Machado, Route 2; Ollie Peek, 314 Thirty-fifth Street; Mrs. Lillian Patrick and baby, Route 2.

COGDELL MEMORIAL

ADMISSIONS—Ralph Childress, Cabin Courts; Barbara Ellen Hayes, Box 1348; William T. Haucock, 318 Thirty-first Street; Janice Lee Melton, Route 2, Box 114; Sally Baird, Camel Apartments; Kenneth N. Smith, 3800 Noble Drive; Fona M. Porter, Elsa; Joe Rodriquez, Box 24; Lilly Faye Everett, Arab Route.

DISMISSALS — Sallie Gillum, Route 1, Hermleigh; Herbert Kesey, Littlefield; Glenn Robinson, Route 1, Hermleigh; Dolores Melton and baby, Colorado City; Janie Carroll, Snyder; Jean Littlefield, Box 34; Jewell Smith, 1411 Twenty-second Street; Mary Beall Arah Route; Eram Sherwood and baby, 301 Thirtieth Street; Sam Cross, Route 2; Kay Nail, 1911 Coleman; Pat Shuler, Snyder; Pricie Early, 1505 Twenty-seventh Street; Nova Bright, 701 Fifteenth Street.

SANTA FE SNYDER UNITED FUND—Santa Fe railroad officials met officials of the Scurry County United Fund yesterday here and presented a contribution to the fund. At left above are E. O. Chaddock, train master at Slaton, presenting a check to Paul Keaton, right, general campaign chairman of the fund, and J. R. Green, Snyder agent for the railroad, looks on in the center. (Lee Watson photograph)

Pontiac To Show Nov. 29

PONTIAC, Mich. (AP)— Pontiac's wholly new line of cars for 1958, lower, longer and wider, go on dealer display Nov. 9.

Heading four series is Pontiac's Bonneville convertible and sport coupe. The Star Chief, Super Chief and Chieftain series with the Bonneville present 16 body styles.

On 122 and 124 inch wheelbases the new cars are as much as 4.5 inches lower; 2.2 inches wider and as much as 8.7 inches longer over-all.

A low, horizontal grille is topped by dual twin head lamps. A heavy bumper incorporates massive parking and signal lamps. Delta wing ornaments ride atop each front fender with twin windsplits continuing along the fender.

Missile-type side mouldings sweep back to concave flares in the rear fender and frame distinctive series markings. Dual twin tail lamps are set above oval, chromed backup lamp ports.

A new sculptured instrument panel has most instruments grouped for visibility through a deeply recessed, two-spoke steering wheel.

There are 365 islands in the San Blas group off the east coast of Panama, and not a murderer on any of the islands. The San Blas Indians are taught from childhood that a murderer cannot possibly go to Heaven.

College Degrees By TV Predicted

ST. LOUIS (AP)—Harry Bannister, a vice president of the National Broadcasting Co., says educational television may eventually permit a person to earn a college degree without ever stepping inside a classroom.

Bannister made his prediction in a speech to the National Assn. of Educational Broadcasters yesterday.

He urged the broadcasters to use television as a supplement to meet the growing need for education facilities.

PUBLIC RECORDS

FILED IN CIVIL DISTRICT COURT:

Jessie J. Lindsey vs. Anna Catherine Lindsey, divorce.

Home Owned And Operated

REPAIRING THE FOUNDATION of any piece of furniture after the old cover and padding has been stripped off is the first step toward making a new-like piece of furniture from it. Ruby Butts, left, watches as Mrs. Carl Voss, Jr., places new padding on a chair. Miss Butts, county home demonstration agent, supervises the instructional work.

CUTTING OUT PATTERN of a sofa or chair cover is one of the basic steps in renovating furniture. Women above from left cutting out material to recover chairs are: Mrs. Joe Falls, Mrs. Howard Sterling, Mrs. Preston Morris and Mrs. L. A Browne. (Lee Watson photographs)

County Women Receiving Special Training Here

An Upholstery training school is being held by the County Home Demonstration Clubs of the community. Those participating so far are. Ira, County Line, Pyron, Tri-Community, Union and Pleasant Hill.

Miss Ruby Butts, Home Demonstration Agent, has announced the school is open to any person interested. The group meets in a vacant farm home on farm road 1611, five miles north of Snyder.

The ladies bring chairs they with to reupholster and are given detailed supervision on clearing them down to the wood and springs. Springs are retied, repadded and upholstered in muslin before the final exterior coverings are put on. This enables the chairs to be recovered later without all the extra work.

Ladies from the different clubs bring a chair and go through the complete process, which enables them to return to their clubs and help their fellow members redo their futniture.

The group has met one day each week during the month of Oct. with two women working on one chair. The next meeting will be held on Friday, Nov. 1 at 2 p.m.

NEWS FROM KNAPP

By MRS. RAYMOND ROBINSON

Visiting with the Raymond Robinsons Sunday night were Mr. and Mrs. Grant Teaff and Tammie of Abilene, and Mr. and Mrs. Bill Teaff of Snyder.

Mr. and Mrs. Gilbert Richter were visitors in the Morris Hardee home in Tulia over the weekend.

Mr. and Mrs. J. M. Sterling, June, Jimmie and Patti were guests in the home of the J. E. Sorrell's recently.

Two quilts were quilted for Mrs. Earl Cary Mondy. Those participating in the quilting were Mmes. Earl Cary, Willie Berryhill, Lawrence Price, Owen Miller, Ed Murphy, A. B. Cary, J. E. Sorrells and Mr. and Mrs. Fred Miller and duaghter LaVerne and Jim Cary.

Mr. and Mrs. A. J. Drake and family were weekend visitors with relatives in Eastland.

Mr. and Mrs. George Lowe were weekend guests of their daughter and family, Mr. and Mrs. Ralph Childs and Randy, in Kilgore.

Hayride Held By Gay Twenty

The Gay Twenty Club of the Snyder High School held their annual fall hayride Saturday night Oct. 26. Even though the temperature was in the 30's the group journeyed to the Beth Sims ranch, where they built a large bon fire and roasted wieners.

Following the roast the members sat around the fire visiting and warming themselves before starting on the cool journey home.

Some of those attending were: Nell Crawford, Neil Boyd, Mary Deffebach, Stanley Woolever, Jo Ann Hamblen, Delbert Lloyd, Darlene Lofton, Steve Melton, Linda Ramsey, Ted Lamb, Beth Sims, Ronnie McGrew, Harold Strom, Eddie Dyer, Barbara Taylor and Sammy Spikes.

Leftover syrup (from canned fruit) is delicious served over sliced fresh pears. Add a little grated lemon rind to perk up flavor.

WOMEN'S CALENDAR

THURSDAY

Northeast Elementary P-TA will sponsor a Halloween Carnival starting at 6 p.m. in the school cafeteria.

FRIDAY

Ladies Golf Association meets at Country Club. Tee-off time 9 a.m.

United Council of Church Women meet at 9:30 a.m. at the First Methodist Church for "World Community Day."

SATURDAY

Delta Kappa Gamma regional meeting in Bluebonnet Hotel, in Sweetwater.

SEWING COVERS TOGETHER and placing the completed cover on an old piece of furniture which will look brand new again is one of the quick and easy ways to improve the appearance of a home. Three members of Scurry County Home Demonstration Clubs are shown measuring and sewing covers above. From left they are: Mrs. Forest Hess, Mrs. J. B. Autry, and Mrs. Charles McArthur.

Mrs. D. A. Odom Attends Dallas Fashion Market

Mrs. Dewey A. Odom attended the Greafer Dallas Fashion Market's early spring and resort showings, October 27-November 1.

The report is that a new look in fashion is in the offing for Spring of 1958, influenced by recent developments in the European and American couture. Modifications of "the sack," "the chemise" and "the cocoon" are being shown; inwearable versions adapted to this area.

More than 3000 lines of women's and children's apparel are being exhibited by approximately 1000 manufacturer's representatives during this important market. The showings are held in the Adolphus, the Baker, Hotel Dallas and the Merchandise Mart as well as in the showrooms of Dallas manufacturers. The four associations comprising the Greater Dallas Fashion Market are the American Fashion Association, National Fashion Exhibitors, Southwest Children's Wear Association and the Dallas Fashion Center.

Among the events planned for the visiting buyers and merchants was a Fashion Clinic and show on Monday and Tuesday nights, October 28 and 29, and a party on Wednesday evening, October 30.

Wanda Lane Honored With Tea

Wanda Marie Lane, bride-elect of James Hatfield, was honored with a miscellaneous gift tea Saturday night in the Sunray Recreation Hall.

The brides chosen colors of gold, bronze and white were carried out in the table decorations. A gold cloth, overlayed with white lace was centered with a floral arrangement of gold and bronze mums.

Music was piano recordings of "Always", "Oh Promise Me", and "Stardust".

Mrs. Bill Tooley, the bride-elects matron of honor registered guests. Presiding at the punch bowl alternately were the four hostesses, Mrs. N. C. Hillhouse, Mrs. Aubrey Gay, Mrs. L. D. White, and Mrs. Eva Hutchins.

Invited guests were wives of Sunray employees.

Miss Lane is the daughter of Mr. and Mrs. Olin Lane, 3015 Thirty-eighth Street, and Mr. Hatfield is the son of Mr. and Mrs. J. B. Hatfield of Gainesville, Tex.

Ever braise young leeks in a little consomme? Add butter or margarine, salt and pepper and serve with meat or fish for a different vegetable dish.

NEWS FROM CUTHBERT

By JULIA GUNN

Mrs. H. L. Boyd and daughters Janice and Barbara of Roscoe visited Mrs. Boyds parents, Mr. and Mrs. J. L. Strain recently.

A community singing at the Eleventh Street Baptist Church in Colorado City Saturday evening beginning at 7:30 o'clock was conducted by R. L. Salomon of this community.

Mr. and Mrs. Bennie Black visited Mr. Black's father, Mr. J. W. Black at Mason over the weekend.

Mrs. Lenox Mosley and children of Del Rio are visiting Mrs. Mosleys parents, Mr. and Mrs. B. T. Pilkington and family.

Mr. and Mrs. Lewis Dunn spent the weekend in Breckenridge with Mrs. Dunn's sister, Mrs. Van Turner and family.

Homer and Maxine Anderson of Abilene and Donnie Dunn were Sunday visitors in the home of Mrs. Myrtie Dunn.

Mrs. Jim Holland of Gorman visited Mr. and Mrs. M. C. Dunn last week. Mrs. Holland is Mrs. Dunn's aunt.

Mr. and Mrs. Bob Norred and children of Jal, N.M. were visitors in the M. C. Dunn home over the weekend.

Mrs. E. S. Lewis of O'Donnell is a visitor of the Page Cleavengers this week while Mrs. Cleavenger is recupterating from pneumonia and influenza.

Ferguson's Of Amarillo Give Large Endowment This Week

Plainview, Oct. 30 (spl.): — Wayland Baptist College will share to the extent of $25,000 in the trust fund set up this week by Mr. and Mrs. Ted Ferguson, Amarillo, according to President A. Hope Owen.

A 640-acre irrigated farm near Hereford has been transfegred to the Baptist Foundation of Texas by this layman, who started an auto parts sales career in 1920 by selling a train carload of grease in Amarillo.

The Ferguson gift of more than $200,000 is made because of their "gratitude to God." Under a trust agreement the Fergusons will receive a life-time income from the transfer. After their deaths, three separate endowment funds will be established: $25,000 to Wayland Baptist College; $25,000 for the cooperative program through the First Baptist Church, Amarillo; and the remaining amount to Southwestern Baptist Theological Seminary, Fort Worth, for an endowmen investment. Dr. J. Howard Williams, Southwestern Seminary president and former pastor of Amarillo First Baptist Church, initiated the first conference toward the trust gift.

Ferguson's career as a salesman in West Texas began shortly after World War I, when he went to Amarillo and volunteered 60 days of free work in order to get a job selling auto parts. Since then he has sold auto parts in almost every city in West and Central Texas and in the border area of New Mexico and Colorado because his ingenuity in selling a carload of grease that no one else had been able to dispose of gained for him a permanent job. Their investments have been in several West Texas areas.

Ted and Gertrude Fomby were married in 1921 in Chillicothe. The young bride told her super-salesman husband, "I love you, but I don't want you ever to interfere with my church and work for the Lord." The bridegroom, son of a pioneer Oklahoma Baptist preacher, replied, "I'll always go with you to church."

During their 36 years of married life, the Fergusons have traveled together as he sold auto parts for the wholesale company he bought after two years with the firm. Some of the time the Fergusons ate 5 cent hamburgers and stayed in 75 cent hotel rooms but they never failed to attend prayer meetings and church services on Sunday.

Ferguson has been an active witness for Christ since he was 33 years old. For 18 years he has been a Sunday School teacher. His pastor, Dr. Carl Bates, describes Ferguson as "the best supporter a pastor ever had. He looks you straight in the eye and tells you what's wrong. Then he puts an arm around your shoulder and helps you correct the error."

Three years ago, Mrs. Ferguson became seriously ill with hardening of the brain arteries. A surgeon said there was little hope of recovery. Ted prayed, "Lord if you can use us together in your service, let her get well and we'll do our best." After seven weeks of severe illness, Gertrude Ferguson made a sudden, miraculous recovery.

Concerning this almost unexplainable event, Ferguson says, "What would you do for someone who saved your life? I expect you'd want to do all you could in a more tangible way. We can't do enough for the good Lord, but we're trying to do all we can."

MR. AND MRS. TED FERGUSON, Amarillo, are shown left and right of Dr. Carl Bates, their pastor, following their gift of a 640-acre farm near Hereford, valued at $200,000, to Wayland Baptist College, Southwestern Baptist Seminary and First Baptist Church, Amarillo.

RUSSIAN SECRET FILES OPENED—Dossiers and other materials, a who's of the expatriate and exiled revolutionaries who flocked to Paris after the abortive 1905 revolution in Russia, are persused by Dr. C. Easton Rothwell, left, and Witold Sworakowski of the Hoover Institution at Stanford University Palo Alto, Calif. Files were shipped secretly from Paris in 1926 to the United States by Basil Maklakoff, last pre-Communist Russian embassador to France. Maklakoff died last July in Switzerland. (AP Wirephoto).

Brownell-Adams Tiff Reported By Writer

CHATTANOOGA, Tenn. (AP)—The resignation of Atty. Gen. Herbert Brownell Jr. was precipitated by "sharp personal differences" with presidential assistant Sherman Adams, the Chattanooga Times reported today.

The story, written by Washington correspondent Charles Bartlett, quoted "reliable reports" that Brownell was angered by "what he thought was an encorachment on his role in the Little Rock crisis."

The article said Thomas E. Dewey, a friend of both Brownell and Adams, was scheduled to see President Eisenhower today "and there was speculation that his visit is connected with the dispute."

One of "the incidents which is said to have infuriated Brownell," Bartlett wrote, "was the failure to include him in the Oct. 1 meeting of the President with the four Southern governors who came to seek withdrawal of the federal troops at Little Rock.

"Brownell was at the White House during these meetings, but he stayed in Adams' office, while Adams and another presidential assistant, Howard Pyle, met with the President and the four governors."

The decision to leave Brownell out of the meetings "was said to have been prompted by a feeling that the atmosphere for the discussion would be clearer without the attorney general, who is regarded as unpopular in the South," Bartlett wrote.

At any rate, the story continued, the incident was "one of the series in which Brownell felt his responsibilities were being usurped by Adams.

"Some sources maintain that Adams was merely acting at the wish of the President, who felt he had been badly advised in the initial handling of the affair and desired to withdraw from Brownell's counsel," Bartlett added.

"One source reports that Brownell is sufficiently angry at what he regards as improper interference by Adams in his relationship with the President to be desirous of making the matter a public issue. However, a more general view is that the retiring Cabinet officer will not carry the dispute to that point."

Life Expectancy Is Nearing Its Limit

CLEVELAND (AP) — Human beings have about reached the limit on how long they can expect to live.

This conclusion was reported today by Dr. Morris Rockstein, associate professor of physiology at New York University, to the opening session of the 10th annual meeting of the Gerontological Society. Gerontology is the scientific study of old age.

To back up his conclusion he cited studies of animals and mortality date which shows that—like the color of their eyes, hair and skin—human beings inherit most of the conditions which decide how long they'll live.

Since man has no control over these inherited conditions, he said, human beings are arbitrarily limited to about the present length of life.

"With a considerable number of records of 100 years or over existing for the longevity of male and female humans," he said, "this suggests itself as being close to the potential maximum for the majority of human beings of the future."

One proof, he said, of the limit lies in the fact that despite the advances in medicine and public health the life expectancy of people who have reached 65 hasn't changed much over the years.

Another, he said, is the evidence from animal experiments which shows that the life span is almost always shorter for offspring which are borne or produced by older parents.

Rockstein said, however, that despite the fact that human life is limited by heredity, many actual living conditions affect how long a person may live. And, he suggested, by the proper control of these conditions more and more people could expect to reach their inherited limit.

These conditions, he said, include climate, diet and, probably, marriage.

Marriage, he said, is "a relatively little-discussed factor which appears to be involved in . . . the life spans of the members of different species."

"In humans it is a fairly well-known statistical fact that at any age the mortality of bachelors or spinsters far exceeds that of their married counterparts."

One possible explanation of this, he said, may be that marriage environment is more favorable than living alone.

"Nevertheless, this advantage of wedded bliss is also observed in the laboratory where white rats which have been mated appear to live longer. Indeed even the presence of an additional member of the same sex in a cage is generally considered favorable to longer life."

New Drilling Tender Built

BEAUMONT (AP) — A powerful new drilling tender promising sharp departures in offshore oil exploration was commissioned yesterday.

The Howard S. Cole Jr. was built with the aim of keeping equipment for overwater drilling highly portable rather than tied to a ponderous platform designed to ride out ocean storms.

The vessel was built by the New York Shipbuilding Corp. at Camden, N.J., for Coastal Marine Drilling & Construction of Houston.

The tender contains quarters for a drilling crew, power for the rig, a revolving crane, machine shop, mud pump room and mud mixers, cementing unit, sick bay and a helicopter platform measuring 56 by 272 feet.

The crane is designed to set pilings in the ocean floor as support for rig substructure, to hoist the structure into place and then the rig atop it.

Oil industry observers also inspected a rig for use with the tender, built at the Beaumont plant of Ideco, a branch of Dresser Industries, and saw the tender's 132-foot service vessel, the Irwin W. Alcorn, commissioned.

Filipino Movie Star Running For Senate

MANILA (AP)—If you can picture Robert Mitchum or Cary Grant running for the U. S. Senate, you'll get an idea of what's going on in the Philippine election campaign.

Rogelio de la Rosa is a Filipino movie star who looks like a Latinized Mitchum, excites fans as Elvis Presley does, and has the suave durability of Grant. And the 6 feet 2 actor is rated a good prospect for the Philippine Senate. The election is Nov. 12.

Last Victim Of Crash Is Brought Down

FLAGSTAFF, Ariz. (AP)—Weary Air Force rescue teams brought down last night the remains of the last of 16 airmen—including four Texans—killed in the crash of a four-motored plane on a remote northern Arizona mountainside.

The Texans included Sgt. James Hicks, 27, Rt. 1, Abilene; Maj. David Mills, 39, Baytown; Maj. Wilbur Abney, 32, 214 Hoskins, Longview, and Capt. Robert Ferguson, 34, 403 W. 13th, Austin.

A Luke AFB spokesman said, "We have accounted for all 16 dead. The search is over."

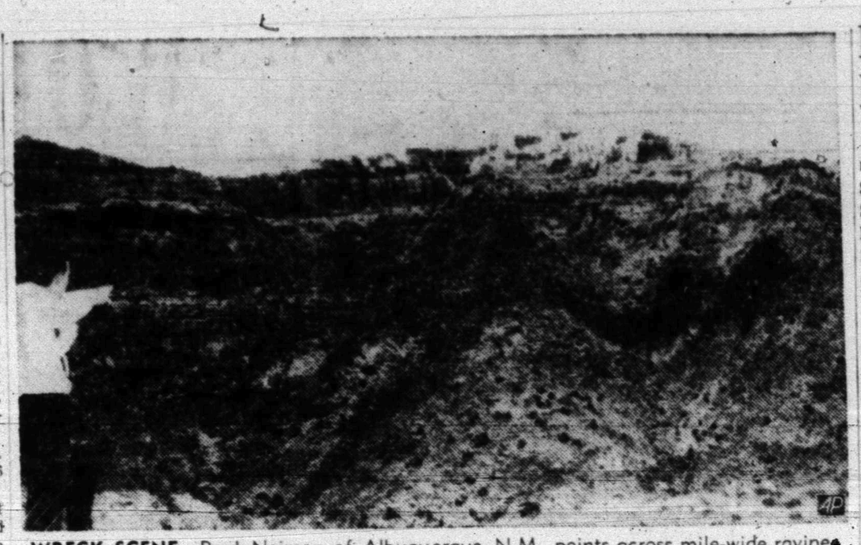

The KC97 tanker, on a flight from Walker AFB, N.M., smashed into the side of Gray Mountain on the southeastern edge of Grand Canyon Tuesday. Heavy fog was reported in the area.

The wreckage was discovered Tuesday afternoon and searchers found eight bodies before dark.

Col. C. F. Macomber, commanding officer of the 509th A and E Squadron at Walker, said it appeared the right wing hit first, then the plane came apart. He said there was no evidence of malfunction of the engines and apparently no fire before the crash.

Sombody Goofed

AUSTIN, Tex. (AP) — Officers checked a looted vending machine yesterday to see how it had been opened. A note left on the machine gave them a clue. It said "Guess what? Somebody goofed." The police found the machine could be opened without a key.

WRECK SCENE—Paul Neiman of Albuquerque, N.M., points across mile-wide ravine to black, moon-shaped scar on side of Gray Mountain, near Flagstaff, Ariz., where 4-engined Air Force tanker crashed. All 16 aboard died. (AP Wirephoto).

Oil Suit In Oklahoma Set For Nov. 27

OKLAHOMA CITY (AP)—A lawsuit which is expected to have repercussions in other oil states will go on as scheduled according to Ferrell Rogers, attorney for the Oklahoma Corporation Commission.

The suit, to be heard Nov. 27 and 29, charges Gulf Oil with contempt for refusing to take the state's full oil allowable from its leases.

Kerr-McGee Oil Industry officials said yesterday they had purchased Gulf's crude gathering system in Oklahoma.

While the sale has been reported, the application has not been turned in to the commission which must approve it, Chairman Ray Jones said yesterday.

Rogers said the suit will be pressed by the state because, "they were in contempt prior to the reported sale." He added:

"We want to see a court test and they do, too. In fact everyone does. That includes Texas and New Mexico, and just about every oil producing state."

Gulf has previously taken its fight against being forced to either take Oklahoma allowables or else ask for an exception to the allowable to the Supreme Court but that court refused to accept it.

Gulf has taken no more than 80 per cent of its allowables in Oklahoma, Alabama, Mississippi, Louisiana and New Mexico, Jones said. The firm contends the commission is trying to force it to purchase oil which it cannot store or sell.

The citation contempt was issued because, Jones said, "Gulf hasn't asked for any relief. They're simply telling us we can't enforce an order."

The English sparrow was introduced into North America in 1850.

Oklahoma's Burglars Have Gone Modern

OKLAHOMA CITY (AP)—Burglars have gone modern in Oklahoma, says State Crime Bureau Chief O. K. Bivins.

He claims the old fashioned way of pounding open a safe and trusting to luck on a getaway has gone the way of the horse.

"They are using hastily rigged telephones to communicate information to the 'driller' who works on the safe," Bivins said yesterday. "We have seized such equipment at the scene of a burglary in a supermarket in Bartlesville."

Bivins said his agents had received information that telephones had been placed in the kit of burglary tools used by some professional operators out of Texas.

"With this particular gang—still on the loose—the telephones are just as important as the cutting torches, drills and

He said they work like this:

After casing the store to be burglarized, the gang lays a telephone line from the safe to a vantage point outside the building where streets can be covered in all directions. The telephone is powered by dry cell batteries.

"The 'peeler' or 'driller' can work comfortably, assured he won't be surprised by an officer who might slip in through the back of the building.

"The lookout communicates all the information from the outside. When an automobile passes, the man operating the torches and drills stops work."

Bartlesville police said in the recent burglary attempt there, the burglars apparently were disturbed and departed in such a hurry they left the telephone equipment behind.

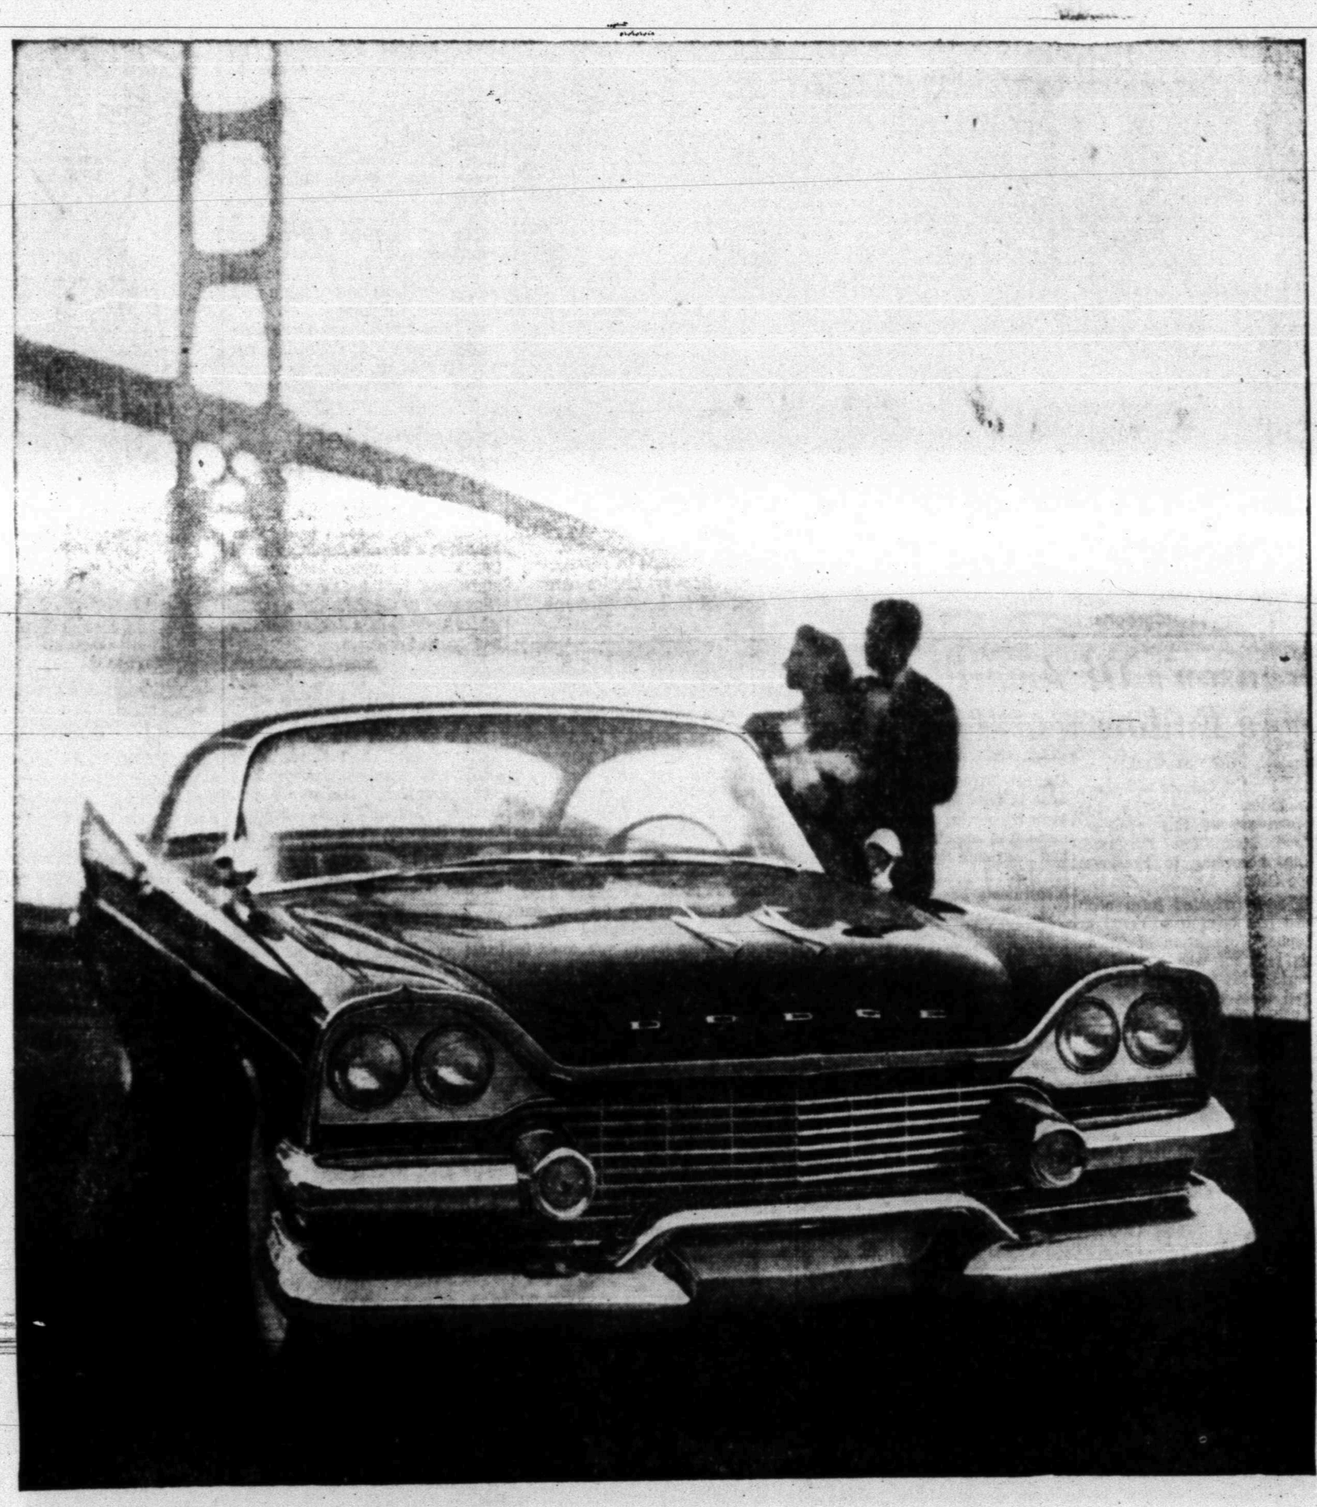

Real Estate Broker Here

Hazel Riley, who has been secretary in the real estate office of Sterling Taylor, 1910 Twenty-fifth Street, since mid-July, has recently completed her real estate broker's examinations and received her license from the Texas Real Estate Commission.

She will now work out of that office in real estate sales.

The new real estate saleswoman is a native of Scurry County and was reared near Ira. She has been working in public life in both Snyder and Sweetwater 28 years. She was with Piggly Wiggly and Sears, Roebuck & Co. in both Sweetwater and Snyder and was with the Snyder Theatres for two years when they were operated by Joe Love and V. F. Nickles. For three years, she was bookkeeper and saleswoman for Carmichael Furniture, just prior to her becoming associated with her brother, Sterling Taylor, in the real estate business.

INTRODUCING NEW

Swept·Wing 58

So advanced it leaves the rest behind!

On display for the first time today is a car that stands apart in any company. It is very low, very daring, beautifully proportioned. Its unusual sureness of handling and control reflects the latest engineering advances. To own it is a new adventure. *Swept·Wing 58 by* DODGE

SNYDER MOTOR MART • 1911 Ave. S

1958 DODGE HERE—Sam Robinson, Jr., sales manager, and J. B. Hewitt, manager of Snyder Motor Mart, the newly opened Dodge dealership in Snyder located at 2013 Avenue S, look over one of the new cars. Greatly improved interiors in the economy models of the Dodge mark one of the many advances made in the 1958 models, Hewitt said. (Lee Watson photograph)

Long Hours Proposed For Scientists

WASHINGTON (AP)—An American scientist says in effect that his colleagues must get up early in the morning — or stay up later at night — to beat the Russians in some fields.

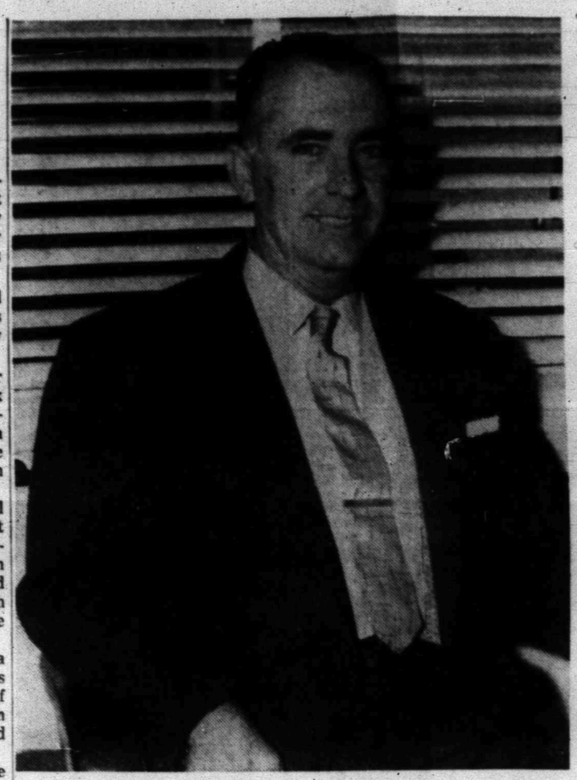

Dr. Philip Abelson referred specifically to what he said was a Russian superiority in the study of earthquakes.

"Part of the answer is that our research people generally work from 9 a.m. to 5 p.m.," the Carnegie Institution scientist told a symposium on Russian science last night. "The good Russian records were made at 3 a.m."

He explained that the crucial problem in detecting a distant earthquake disturbance is to minimize the background noise—such as the rumbling of trucks and other man-made ruckus—which would be picked up by sensitive seismographs. Then he added:

"The Russians have made a great effort to discover quiet sites and have studied the effects of time of day, weather and season (on lowering the background noise)."

"Thus," he said, "they have been able to achieve a vastly superior sensitivity of detection of distant disturbances amounting to as much as 50 decibels (units of sound) more than our best performances."

NEW DODGE DEALER—J. B. Hewitt, pictured above in his office in the new Dodge dealership in Snyder, 2013 Avenue S, is the manager of the firm. It will be formally opened Friday in conjunction with presentation of the 1958 Dodge automobiles. (Lee Watson photograph)

Hewitt New Local Dealer For Dodge

Appointment of J. B. Hewitt to a new Dodge dealership here was announced today in Detroit by L. F. Desmond, vice president in charge of sales for Dodge Divisior of Chrysler Corp.

Hewitt, who will serve as manager of the dealership, said the new firm will hold open house ceremonies on Friday, Nov. 1, at its showroom located at 2013 Avenue S.

All local residents have been invited to attend the celebration which will serve to both introduct the 1958 models of the Dodge automobile, and as an open house to introduce the personnel and facilities of the new dealership.

"We are very proud to present the Swept Wing 1958 Dodge to our community," Hewitt said.

"Public acceptance of the 1957 Dodge can be called overwhelming, and I'm sure the new models will win even greater approval from the local automobile buying public."

Hewitt pointed out such features as push-button transmission controls, torsion bar front suspension and advanced wedge-shape styling as major influences in acceptance of Dodge cars.

"The 1958 models reflect many new advances in performance, safety and economy as well, he added.

The new dealership will have a complete service department in addition to its showroom and display facilities, according to Hewitt.

"We'll be equipped with the most modern tools and machinery," he said, "and all out mechanics have been trained in factory methods for prompt and effecient car service of every kind."

Lindell Koonce, well known automotive expert in Snyder, heads the service department for the firm.

He formerly operated a garage of his own at Twenty-fifth Street and Avenue O.

Sam Robingson, Jr., sales manager for the firm, recently moved to Snyder from Neiderland. His father and uncle operated the oldest Dodge dealership in the World until their retirement recently when they turned operation of that dealership over to younger members of the family.

Mr. and Mrs. Hewitt reside at 1911 Avenue S.

Prior to becoming Dodge dealer here Hewitt operated a used car business at 1911 Avenue S since Feb. 1, 1957. He also operated a used car business in Snyder for several years during the Scurry County oil boom.

Returned To Home

H. C. Kesey of Littlefield, who had been a patient in Cogdell Memorial Hospital, was returned to his home yesterday from the hospital by Bell amublance.

The total damage in all accidents in the United States in 1956 would have built one million new single family homes on a basis of an average cost of $10,600 for each house.

British railways have rubber buffers and springs to absorb shock and vibration when they transport fragile cargoes of glass. This precaution reduces breakage.

Thin legs are a mark of great beauty to Indian women in Panama. They bind their calves and ankles with strings of beads to keep them from developing.

Treasury Hoping To Keep In Debt Limit

WASHINGTON (AP)—Treasury officials said today that, barring some unforeseen emergency — national or international — they have every hope and intention of staying within the 275-billion-dollar limit on the national debt.

And they emphasized they don't expect any congressional drive for increased defense spending to alter that plan.

The officials concede they're skating on thin financial ice, and they acknowledge the ice is going to get thinner in the coming months. The debt right now is about 900 million dollars short of the ceiling imposed by Congress—not much of a margin for a time of year when government spending traditionally outruns tax collections by a considerable amount.

The Treasury's problem is seeing that the spending doesn't dig too deeply into its four-billion-dollar cash reserve, require more borrowing, and force the debt up to the limit.

Treasury projections indicate the debt will climb to within one or two hundred million dollars of the limit before corporation tax payments next spring start to take the heat off.

Even then they won't be out of the woods if there is an unexpected drain on the government's funds.

The 275-billion-dollar limit was imposed by Congress in 1946. For the fiscal years 1955 and 1956, however, Congress granted a temporary increase of six billion dollars. For fiscal 1957, which ended last June 30, the temporary increase was three billion dollars, to a total of 278 billion.

Discussing military spending in his news conference yesterday, President Eisenhower noted Congress last session did not authorize another temporary boost in the limit, thus making it rough financial going during the winter months of low government income.

He might have added that former Secretary of the Treasury George M. Humphrey said last summer he wasn't going to ask for even a temporary increase. His successor Robert B. Anderson, has said the same thing—both with the obvious knowledge and backing of the White House.

What happens if the debt goes over the limit?

"It just can't, that's all there is to it," a Treasury official said.

However, there is one way the Treasury can wriggle off the hook if things get too tight. It can ask other government agencies which now borrow from the Treasury to borrow money from the public.

Earlier this month, for instance, the Federal National Mortgage Assn., borrowed 750 million dollars with an issue of securities backed by the government. Part of that 750 million went to the Treasury to repay money FNMA had borrowed from the government earlier. Thus the Treasury was able to show a stronger cash reserve, without increasing the debt which is subject to limitation.

A Treasury official said today that more such borrowing in the future is possible, but "not in the books right now."

"The Defense Department right now is about 400 million dollars over its expected rate of spending for the July-December period," the spokesman said.

Merchants Eyeing Next Eight Weeks

By SAM DAWSON

NEW YORK (AP)—How the retail stores fare in the next eight weeks will go a long way in foreshadowing what kind of a year 1958 will be for industry.

Consumer buying in November and December will be what the business economists will be watching. It should have more than usual weight this year on the future course of prices, industrial output, factory jobs—perhaps even on interest rates.

How the public spends for Christmas this time and how it reacts to the cars now being unveiled is the big question mark of the day.

Retail sales have been just barely ahead of last year for some time now. Take in account the higher prices, and unit sales may be a little off.

But in the next two months, or one-sixth of the year, most stores expect to do one fourth of the whole year's business. This makes or breaks their year as far as earnings go.

If they move the goods they have on hand or on order, they'll be in a position to reorder. If the public goes slow on buying, the economy all the way back to the prime producer of materials will feel the jolt.

On the sunny side is the fact that total personal income and total employment is high. Also, the basill be handing out a record, 1¼ billion dollars in Christmas Club payments, 37 million dollars more than last year.

On the darker side is that many families show a tendency to spend less. One reason may be that many families already were living to the limit of their income when prices went up and borrowing charges went up, when overtime pay faded and some factory work weeks were shortened.

For several years the public has tended to buy better and more costly items, and this has helped give industry its ever healthier glow.

The big question today is whether the consumer will continue this trend or whether he will start retrenching.

Last Halloween there were few doubts. This time there is a big question mark.

Former Resident Dies In Monahans

W. O. Milson, a former Snyder resident and father of Mrs. Jack Berry, 601 Twenty-ninth Street, died this morning in Monahans.

Mr. Milson, who lived here until about 14 years ago, had been in ill health for some time. Mrs. Berry had been at his bedside for several days.

Funeral arrangements had not been made this morning.

Poland, U. S. Start Talks

WASHINGTON (AP)—The United States and Poland start new economic talks today aimed at providing further American assistance to the Communist regime of Premier Wladyslaw Gomulka.

The negotiation at the State Department is an extension of an agreement signed last June 7 providing 95 million dollars in U. S. economic aid to Poland.

This arrangement came after President Eisenhower offered help in getting the Gomulka regime started on its policy of greater independence from Moscow domination.

Under the June agreement, Poland got surplus farm goods and mining machinery.

The 95 million dollar total included a 30 million dollar export-Import Bank loan and 65 million dollars in a grant swapping surplus farm foods for Polish currency.

In addition, an agreement was made to try to unfreeze two million dollars in Polish assets in America as well as to satisfy American property claims in Poland.

YOUR NEWEST DODGE DEALER

Get our "Grand Opening Deal" on a new Swept-Wing 58 DODGE

J. B. Heuitt

A PERSONAL MESSAGE:

We've opened for business here with one idea—to win an important and permanent place in the business life of this community. We've chosen what we believe is the best product in its class, and we hope you'll give us an opportunity to prove it.

In opening a new dealership here, we're out to make a lot of friends as quickly as we can. That's why we're starting out by offering a real money-saving "Grand Opening Deal."

So—first, won't you come in and see our new Swept-Wing 58 Dodge? Actually take one out on the road and enjoy its advanced features. That's when you'll realize that Dodge is far ahead of all other cars in its field. Then get our Grand Opening Deal on the model of your choice. We'll give you a rock-bottom price on a new Dodge, plus the top trade-in allowance on your present car.

But whether or not you're planning on a new car now, stop in and let's get acquainted. Meet our staff and take time to see our modern shop facilities that assure fast, economical service. We'll be expecting you. Make it soon!

ARE YOU A TRUCK USER? Then, whatever your hauling needs, there's a Dodge truck that's *built* and *powered* right for you. Our 1958 line of "Power Giants" offers the widest choice of engines, body styles and load capacities. Come look 'em over and ask for our "Grand Opening Deal" also.

1958 CHEVROLET ON DISPLAY—Both the completely restyled front and rear of the new 1958 Chevrolet cars are pictured above. The cars are being displayed today at Lamb Chevrolet Co. A crowd of spectators has jammed the show room since opening time this morning. (Lee Watson photograph)

Firm's Top Officials Called Up By Probers

By G. MILTON KELLY

WASHINGTON — Senator rackets probers called top officials of the Mennen Co., today to tell why they hired Nathan W. Shefferman's alleged union busting firm.

Robert F. Kennedy, chief counsel of the special Senate committee who has described Shefferman as a union buster, told newsmen in advance of the hearing that Michigan's Democratic Gov. G. Mennen Williams "had no part" in the incident and will not be a witness.

Witnesses to be questioned, he said, include the governor's cousin, George Mennen, a vice president of the Morristown, N.J., company, and Louis Jackson, who handles the toilet goods company's labor relations problems. Jackson formerly was one of Shefferman's top lieutenants.

Williams, serving his fifth term as governor, is a Mennen Co. stockholder and director. He had announced in Lansing, Mich., he would be glad to tesify but had no first hand knowledge of what went on. He contended the company hired Shefferman in good faith, after learning that Johnny Dio, who headed a labor union with which it had a contract, was a racketeer.

This, Williams has stated, "shows how a business firm, operating in good faith, can find itself dealing with racketeers under the guise of labor organizations."

Kennedy told reporters the committee is more interested in Shefferman's activities than in how Dio got the labor union contract. Dio, a New York racketeer, is now serving a jail term for conspiracy to take money from New York employers.

Kennedy declined to discuss the nature of questions in store for George Mennen, Jackson and other witnesses.

Gov. Williams said he got his information from his cousin. He said Shefferman came into the company's employment in 1954 as a sequel to a labor dispute when Mennen employes were trying to throw out the racketeer-infested Local 649 of the old AFL United Auto Workers Union.

The governor contended Shefferman's assignment was solely to improve personnel relations.

The committee received testimony late yesterday that the Allstate Insurance Co., a wholly owned subsidiary of Sears, Roebuck & Co., used Shefferman's firm to help defeat a 1954 drive to organize its agents in Michigan.

Heavy Soviet Trek Into Syria Seen

WASHINGTON (AP)—Top officials today forecast that vastly increased Soviet penetration of Syria would result from a newly concluded Soviet-Syrian economic aid agreement.

Russia will be in a position under terms of the accord, they said, to triple or quadruple the number of Soviet technicians in Syria with the excuse it is helping build up Syria's economy. An estimated 250 Russian technicians are there now.

The Soviet-Syrian agreement, announced Monday, promises about 200 million dollars in aid, including technical assistance.

Authorities who have studied the terms said that Russia has effectively hitched Syria's economy to that of the Soviet bloc. If the agreement is carried out, they said, Syria will be totally dependent on Russia and its satellites. Syria's exports of cotton, tobacco and wheat will go to the Communist countries for an indefinite period.

These officials expressed belief that Syria would find repayment of the promised Soviet favors far more difficult than it would seem on paper. The 2½ per cent interest rate Russia is charging for aid, they said, may turn out to be a mirage once the fine print which allows for readjustments is consulted.

The aid agreement follows up but is separate from the secret military aid pact Russia already has signed with the Damascus regime. Under this, large quantities of military equipment have been delivered to Syria during the past 18 months.

Some officials feel that the action of the Syrian government in agreeing to such vast Soviet assistance shows that Syrian leaders seem anxious to become part of the Soviet bloc instead of sticking to their pledges to remain independent.

Syria has consistently rejected American aid with the explanation that the "conditions" attached to it would interfere with its sovereignty as an independent Mideast country.

Enrollment Near Peak In Schools Here

Enrollment in the Snyder schools stood at 3,920 at the end of the eighth week of school last Friday, according to reports made by principals of all the schools.

This is close to the peak enrollment of the school year so far. Peak so far was 3,943 at the end of the third week of school. Enrollment at the end of the first week was 3,858. Last week's enrollment was 3,925.

Present enrollment figures include 843 students in the high school, 549 at the junior high, 325 at North Elementary, 769 at West Elementary, 463 at East Elementary, 532 at Central Elementary, 340 at Northeast Elementary, and 100 at the Abraham Lincoln School.

By grades, enrollment include 516 in the first, 445 in the second, 395 in the third, 394 in the fourth, 377 in the fifth, 292 in the sixth, 281 in the seventh, 268 in the eighth, 258 freshmen, 244 sophomores, 171 juniors, and 169 seniors. There are also 10 in the class for exceptional children.

At the Lincoln School, enrollment figures include 15 in the first grade, seven in the second, 10 in the third, 10 in the fourth, seven in the fifth, 13 in the sixth, eight in the seventh, eight in the eighth, five freshmen, 10 sophomores, three juniors, and four seniors.

APPEARING ON FURR'S SHOW—This is Julie Vernon, featured with the fabulous Jimmy Dorsey orchestra, conducted by Lee Castle, appearing in the Furr's Show of Stars opening tonight in Lubbock's Coliseum. Performances are set for 7 p.m. and 9:30 p.m. tonight and tomorrow night. On Saturday there will be three shows, one at 3 p.m., one at 7 p.m. and another at 9:30 p.m.

Elsa Woman Treated For Heart Attack

A woman from a Rio Grande Valley town suffered a heart attack in a local drug store last night and was hospitalized here.

She was Mrs. J. L. Porter of Elsa. She was taken by Bolger ambulance to Cogdell Memorial Hospital, where she was believed to be doing well this morning.

"HOME OF QUALITY"
Everybody's CASH GROCERY
BIG SPRING HIGHWAY

MUSTANG STALWARTS—Halfback Glenn Reed, left, and guard Karl Morris, figure heavy in the Sweetwater plans in tomorrow night's game with the Tigers. Reed, a 158-pounder, is one of the fastest Mustang backs while Morris, 154-pounds is a rugged performer in the forward wall.

SPORTS

BUCKIN' THE LINE

By BUCK FRANCIS
News Sports Editor

THERE HAS BEEN quite a bit of ill feeling among some of the fans here on the way the ticket sale for tomorrow night's Tiger-Sweetwater game was conducted.

First, it must be pointed out, it's impossible to please everyone regardless of how the ticket sales are handled.

Much of the ill feeling, however, on the Tiger-Sweetwater ticket sale was brought about by some false rumors.

It was rumored that one fan bought up 150 tickets, another 100. These rumors were false, though.

In a check with the school business office, we were told that 60 was the highest number of tickets bought by a single person.

Another rumor had it that a number of Sweetwater fans were at the head of the line and bought up a lot of tickets. This, too, we were told by the ticket handlers was not right.

Policy Set Long Ago

The policy of not putting a limit on the number of tickets a person may buy is of long standing.

This policy was originally established by the school board several years ago and it has been continued down through the years.

The school board this year brought up the subject again on the policy since it felt sure that a lot of static might be raised over the Tiger-Sweetwater game. The board decided to leave it stand as is.

There is one pretty sound reason for this policy that perhaps some haven't taken into consideration. In virtually every instance where there is a whole block of tickets bought at one time, the purchaser is representing some company and is buying tickets for his company's employees.

Companies can't afford to let all of their employees off to stand in the ticket line but can afford to send one or two.

The same goes for other persons buying up a large number of tickets. The purchaser usually has orders from his friends and relatives who are not able to stand in line.

Local officials tried the "limit plan" last year when the Tigers met Graham in bi-district play and as result all tickets sent here weren't sold.

You'll recall that a limit of four was set on the Graham game and as result all fans who wanted tickets couldn't get off to stand in line so tney just didn't bother with getting tickets.

About Season Tickets

Another gripe that was brought to our attention was that some "season tickets" were sold here last week which were good for the last two Tiger home games with Sweetwater and Lamesa.

This is true but this, too, is a policy that has been of long standing. It has always been practiced that after each home game fans may buy tickets for the remaining home games the Monday before the next home game.

We published this fact after the first Tiger home game — that fans could buy tickets for the remaining three. However, we failed to mention this fact again after the second home game and thus there were many that didn't learn that it was still possible to buy "season tickets" with only two home games left.

Just another note on that 1927 team that became the first Tiger team to post a win over Sweetwater.

Eight out of the squad of 35 players on the '27 squad are still residing in Snyder. That, mind you, is a very good percentage when you consider that 30 years have elapsed since that time.

Members of that team still residing here are Clarence Moore, Herman Doak, Elmo Crowder, Audrey Head, J. T. Trice, Maurice Clark, Herman Trigg and Brud Boren.

Jackson Top Texan In NAIA Records

KANSAS CITY (AP)—Henry Jackson of Texas College, who has snared 15 passes for 250 yards, tops the Texans in statistics of the National Assn. of Intercollegiate Athletics.

Jackson holds sixth among the pass-receivers.

Floyd Iglehart of Wiley College is ninth in scoring with 53 points and 25th in punting with an average of 36.9 yards on 11 kicks. He also is 24th in total offense with 553 yards on 84 plays.

Charley Sanders of West Texas is sixteenth in rushing with 639 yards in seven games. David Walls of Howard Payne is twenty-first in punting with a 37.6 yard average on 19 kicks.

Flores Whips Gault

BEAUMONT (AP)—Junior Flores of Port Arthur pounded out a 10-round decision last night over bantamweight champ Pappy Gault in a featherweight fight. It was the 19th straight victory for Flores.

Wogs Edge Cubs, 7-0

FORT WORTH (AP)—Quarterback Donald George scored a third-quarter touchdown last night to give the TCU freshman football team a 7-0 victory over the Baylor frosh.

Richest running of the United Nations Handicap occurred at Atlantic City in 1955 when Mrs. H. L. Nathenson's Blue Choir earned $73,600.

Joe Louis has made the most boxing appearances professionally in Yankee Stadium. He fought there 12 times.

First Big Fight

SAN FRANCISCO (AP)—Irish Bobby Scanlon, an undefeated college freshman, meets former lightweight champ Wallace (Bud) Smith tonight in the biggest fight of his young professional boxing career.

Duck-Geese Season Opens Tomorrow

Duck and geese season will open tomorrow, M. T. Rinehart, Sweetwater, game warden for this area, has announced.

Duck season will extend though Jan. 14 while Dec. 30 is the last day for hunting geese.

The hours for hunting duck and geese are 30 minutes before sunrise until sunset.

Daily bag limit for ducks is five with not more than 10 in possession while te daily bag limit for geese is six with no more than this amount in possession.

Rinehart pointed out that all persons over 16 years of age need a Federal Stamp to hunt duck and geese.

The game warden also said those hunting in their own county do not need a state license but that those who do hunt in another county do need a state license.

Rinehart also revelaed that deer season opens Nov. 16 and will close Dec. 31. The hunting period for black-tail deer west of the Pecos River is Nov. 20-27.

Quail season is Dec. 1 to Jan. 16. Bag limit is 12 daily and not more than 36 in possession.

Rinehart reminds that there is a 5-year closed season for quail in Scurry County.

Grocery stores handling fish, fresh or frozen, are being required at this time to renew their state store licenses.

Also persons selling minnows must acquire a "bait dealer's license."

Those hunting duck and geese must not have more than three shells loaded in any one gun.

Further hunting rules and regulatons may be obtained at any of the stores handling sporting goods in Snyder.

Flu Bug Hits Hog Gridders

By The Associated Press

Manpower problems—compounded by flu at Arkansas—bothered coaches as they polished their teams for what may be the showdown weekend in Southwest Conference football.

Arkansas had starting tackle Richard Bennett, second string guard Billy Michael and third string end Jim Gaston come down with flu Wednesday. Halfback Billy Kyser and end Billy Tranum, both from the second unit, came down with flu Tuesday.

The Aggies worked on their passing attack, kicking and defense. A victory over Arkansas and a Texas triumph over SMU would point to the Thanksgiving classic between A&M and Texas as the championship game.

But Aggies Bobby Conrad, Darrell Brown, John Tracey, Don Smith and Jon Gilbert were all hampered by illness or injuries.

Darrell Royal ran his rebounding Longhorns through offensive and defensive plays with little contact work in preparation for SMU.

SMU Coach Bill Meek sent the Mustangs through a light drill with emphasis on polishing offensive and defensive assignments.

TCU emphasized pass offense and defense in preparation for Baylor. Guards John Groom and Ramon Armstrong returned to action for the first time in two days.

Baylor continued to work on offense with nearly all drills calling for sustained contact. No. 3 quarterback Carroll Overton was slowed by an ankle injury and guard Charley Horton was out with an ankle hurt.

Rice Coach Jess Neely promoted Howard Hoelscher to first string fullback and Charles Pollard to starting right end. Frank Ryan operated at quarterback while King Hill missed practice with injuries. Rice plays Clemson.

Lane Climbs In Welter Ranks

CHICAGO (AP)—Southpaw Kenny Lane, after a methodical 10-round victory over Orlando Zulueta, has a new distinction today.

The Muskegon, Mich., battler was awarded the No. 1 contender's spot in the junior welterweight division by the Illinois Athletic Commission.

This 140-pound class has been dormant since 1935 but Commission Chairman Frank Gilmer says: "We've revived it with the hope of stirring up a world championship at this weight."

Foxy Doc Kearns, Lane's manager, is all for the idea but he will have difficulty convincing the National Boxing Assn., to recognize the junior welterweight division.

Lane won a unanimous decision over Zulueta in the bout at Chicago Stadium last night to register his 16th straight triumph and a total of 49 against five defeats in his career. He weighed 139 pounds, three more than his Cuban opponent.

There were no knockdowns and it was just a case of Lane wading in and spearing the speedy but ineffective-punching Zulueta. Only 996 ringsiders turned out, paying a net gate of $1,107.

Two Texans Ranked High In Boxing

NEW YORK (AP)—Two Texans were included in the ratings released today by Ring Magazine. Roy Harris of Cut and Shoot is fourth-ranked heavyweight and Paul Jorgensen of Port Arthur is seventh-ranked in the featherweight division.

Brown Bout Set

HOUSTON (AP)—World lightweight champion Joe Brown will meet Kid Centella of Nicaragua here Nov. 12 in a 10-round, non-title bout.

EYE DISTRICT OPENER—Pictured is the 1957 edition of the Snyder Tigers who tomorrow night open defense of their District 3-AAA title against arch-rival Sweetwater at Tiger Stadium. From left to right, members of the '57 squad are: FRONT ROW—Eddie Dyer, James Patterson, Maxey Ware, Gene Williamson, Gary Vice and James Vincent. SECOND ROW—Richard Newman, Johnny Drake, Mickey McGrew, Richard Mahan, Bill Rinehart, Kenneth Drake, James Barber, Bud Morgan, Dickie Martin and student manager Gay Hickman. THIRD ROW—Line coach Hal Battle, head coach John Conley, Israel Hinojos, Tony Anger, Larry Page, John Burris, Terry Lee, Dick Hayes, Paul Stanley and student manager Jimmy Cloud. TOP ROW—Backfield coach Horrace Bostick, Jerry Davis, Jimmy Allen, Ronnie Giles, Bill Phillips, Larry Mullins, John Ward, Bill Crowell, Rex Wilson, Dwayne Merritt and Bill Jennings. (Lee Watson photograph)

Attendance Up 8.2 Percent In Southwest

By HUGH FULLERTON Jr.

College football attendance decreased in virtually every part of the country except the South and Southwest during the first half of the 1957 season.

But the over-all change was so small it probably could be explained by a few schedules that put the more attractive games later in the season this year—or by uncertain alumni who tossed a coin to decide whether or not they should go to the game on a threatening day.

An Associated Press survey of September and October major college games showed today that 303 played this year drew 350,360 fewer spectators than 313 games by the same teams last season. On the basis of average attendance per game, that shows a decrease of 1.26 percent—about 300 persons a game.

The Atlantic Coast, Southeastern, Big Eight, Southwest and Border Conferences all marked up gains, ranging from 8.2 percent in the Southwest to 17.3 percent in the Atlantic Coast. The major Eastern independent colleges also showed a slight gain—1.2 percent—due principally to the Army-Notre Dame game, which pulled some 96,000 spectators into the Philadelphia Municipal Stadium.

The larger independents scattered through other sections, whose totals are influenced by two big drawing cards — Notre Dame and Miami of Florida — experienced an over-all decline of 10.4 percent.

At this stage of the 1956 season, Notre Dame had played four home games before capacity crowds averaging over 59,000. This year the Irish have played at home only twice, against Indiana and Pitt, drawing 112,801 in all. Miami's home game attendance slipped by about 6,400 for four games.

While the two big leagues of Southern football registered respectable attendance gains, the smaller Southern Conference suffered the biggest percentage of loss—19.3 percent.

The mighty Big Ten, where Michigan can play before 101,001 spectators and Ohio State regularly draws around 80,000 for its home games, wound up with a 6.6 percent decline the first half of the season. Attendance in the troubled Pacific Coast Conference dropped 6.1 percent and in the Skyline Conference 6.9 percent.

The schedules and some bad weather figured in these changes.

The attendance decline, if it continues to the end of the season, reverses the trend of the past few years. Final figures for college football last season showed an over-all gain of about three percent over 1955.

Four Share Lead In San Diego Tourney

SAN DIEGO (AP)—The San Diego Open Golf tournament moves into the second round today with four players tied for the lead.

Light rains are predicted.

Pacing the field of 136 are Arnold Palmer, former National Amateur Champion from Latrobe, Pa.; defending champion Bob Rosburg, Napa, Calif.; Don Whitt, unattached pro from Alameda, Calif. and Charles Sifford, Negro national champion from Philadelphia.

Each of the four turned in seven-under par 65s in opening round of the $20,000 tournament yesterday.

They have a one-stroke leau on Doug Ford, Mahopac, N.Y.C.; Fred Hawkins, El Paso, and Lloyd Mangrum, Apple Valley, Calif.

Most of the low scores were posted before a steady rainfall started early in the afternoon.

Snyder To Enter Sweetwater Game In Top Physical Shape

The Tiger footballers got through their final full-scale workout prior to the Sweetwater game in good shape yesterday.

The Bengals will taper off today with a light drill with no contact work slated.

Some of the Bengals are nursing minor ailments but all are expected to be suited up and ready for action tomorrow night.

Sophomore halfback Dick Hayes and senior tackle Bill Phillips are the offensive and defensive leaders respectively in the Tiger ranks.

Hayes, by adding 100 yards to his yards rushing total against Midland, held his offensive lead with 336 yards in 28 carriers for a 12.0 average.

Phillips made four tackles against Midland to up his season total to 45. Linebacker Dickie Martin pulled to within two of Phillips in the tackle department at 43. Martin made 11 tackles in the Midland game.

Hayes has 380 yards in total offense, 336 rushing and 44 passing, to lead in this category. Quarterback Richard Mahan is close behind in total offense, 271 yards rushing and 74 passing for a 345 total.

Bud Morgan is the top pass receiver with four catches for 43 yards.

James Vincent leads in punt returns with 76 yards in six attempts while Mahan is the kickoff return leader with 166 yards in 7 returns.

Vincent is the top Tiger scorer with 30 points, followed by Mickey McGrew and Hayes with 24 points each.

Following are the Tiger offensive and defensive statistical figures:

RUSHING

PLAYER. POS.	TCB	NYR	AVG.
Dick Hayes, hb	28	336	12.0
M. McGrew, fb	54	271	5.0
Bud Morgan, hb	47	229	4.7
Richard Mahan, qb	45	227	5.0
James Vincent, hb	35	159	4.5
Jimmy Allen, hb	17	119	7.0
Johnny Drake, hb	12	58	4.8
Paul Stanley, fb	6	32	5.3
Eddie Dyer, fb	2	8	4.0
R. Newman, qb	3	8	2.6

Tilt Here One Of State Headliners

By The Associated Press

Schoolboy football can expect some district champions to be decided this week as the massive field moves into the stretch to the playoffs.

There are 93 districts to crown kings in the four top divisions.

Abilene, Class AAAA state champion three straight years and contender for a fourth, is idle, resting on its all-time record of 44 consecutive triumphs.

Dist. 1 will decide an undisputed leader as El Paso Austin and El Paso Bowie fight it out Friday. The only outright leader until now is Amarillo, which tops Dist. 3.

Class AAA has defending champion Garland scrapping Carrollton for the undisputed lead in Dist. 5 while Nederland, the state favorite, makes its conference start, clashing with Beaumont French in Dist. 11.

Snyder, a well-rated AAA contender, opens the conference against Sweetwater. This is expected to be the decider in Dist. 3.

Class AA has eight undisputed district leaders and will determine at least four more this week. Stamford, defending champion, seeks its third straight conference triumph in Dist. 4

AT TIGER STADIUM

Jr, Hi 11s In Action Tonight

Snyder's two junior high teams will entertain teams from Colorado City and Abilene tonight at Tiger Stadium.

The local 7th graders will meet Colorado City 7th at 6 p.m. The Snyder 8th grade team then will take on South Junior of Abilene at about 8.

Tonight's game is the first for Snyder 8th and South Junior this season. The 7th grade game pitting the locals and Colorado City marks the second time they have met. Snyder 7th won the first game, 48-7, at Colorado City.

A Halloween Carnival will be held in conjunction with tonight's doubleheader" at Tiger Stadium.

Following are the revised probable starting lineups for the Snyder teams tonight who both have been heavily hit by the flu.

7TH GRADE

Ends — Steve Perine and Luke Nigliazzo.
Tackles — Jimmy Johnson and Weldon Duke.
Guards — Roy Taylor and Pete Greene.
Center — Nahum Tate.
Quarterback — Dalton Walton.
Halfbacks — Jimmy Taylor and Mike Murphy.
Fullback — Pat LaFountain.

8TH GRADE

Ends — Freddie Miller and Spencer Dyer.
Tackles — Charles Deere and Marshall Edelman.
Guards — Larry Lindsay and Bob Smith.
Center — Bill Weaver.
Quarterback — Steve Free or Eddie Phy.
Halfbacks — Joshua John and Mike McCormick.
Fullback — Ronnie Merritt.

PCL Officials In Discussion Of Damages

SACRAMENTO, Calif. (AP)—Officials of the Pacific Coast and other minor leagues and other baseball figures began arriving today for a key meetir on the PCL's biggest problem—the invasion of California by the Major Leagues.

The PCL directors meet tomorrow on a number of questions born of the New York Giants' move to San Francisco and the Brooklyn Dodgers' shift to Los Angeles.

The question of damages to be paid to the PCL is right at the top of the list.

And so is the problem of new homes for the clubs that may be bumped by the majors' turn westward.

This second phase could result in a number of shifts as the San Francisco Seals, Hollywood Stars and Los Angeles Angels—plus possibly Sacramento and San Diego—seek new homes.

Salt Lake City is expected to enter a strong pitch for a PCL club with a delegation, including Mayor Adiel F. Stewart, expected to attend. Spokane, Wash., and Phoenix, Ariz., also are expected to bid for teams.

Answers To Heart Diseases Predicted

ST. LOUIS (AP)—The president of the American Heart Assn., Dr. R. W. Wilkins, of Boston, said yesterday research will turn up the answers to hardening of the arteries, coronary diseases and high blood pressure within the next 10 years.

Dr. Wilkins spoke before a meeting of the St. Louis Heart Assn.

"We can pretty well prevent the less common heart diseases—rheumatic fever, congenital heart disease—but the big problem is the adult diseases," he said.

"We're going to lick them, too."

Excuse Unacceptable For Tucson Police

TUCSON, Ariz. (AP)—Tucson patrolman William Anderson started to write a ticket for overtime parking when he spotted a note on the car's windshield. It said: "I am in court."

Anderson finished writing the ticket and attached it to the windshield, along with a note of his own, which read: "I am in the street."

LEGAL NOTICE

THE STATE OF TEXAS

TO: J. T. CASEY, if living, and his unknown heirs, devisees and legal representatives, and unknown owners GREETING:

You are commanded to appear by filing a written answer to the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 9th day of December, A. D., 1957, at or before 10 o'clock A.M., before the Honorable District Court of Scurry County, at the Court House in Snyder, Texas.

Said plaintiff's petition was filed on the 22 day of October, 1957.

The file number of said suit being No. 7312.

The names of the parties in said suit are: Zora Lee McKinney and husband Charlie McKinney as Plaintiffs, and J. T. Casey et al as Defendants.

The nature of said suit being substantially as follows, to wit: Trespass to Try Title and damage on Lot Number 12 in Block Number 32 of the Wilmeth Addition to the City of Snyder, Scurry County, Texas.

If this Citation is not served within 90 days after the date of its issuance, it shall be returned unserved.

Issued this the 22nd day of October A. D., 1957.

Given under my hand and seal of said Court, at office in Snyder Texas, this the 22nd day of October A. D., 1957.

Eunice Weathersbee Clerk
District Court
Scurry County, Texas
By Wanda Brunson Deputy

Ike May Be Taking Risk With Forbes

WASHINGTON (AP) — President Eisenhower may be risking a political black eye in his enthusiastic endorsement of Republican Malcolm Forbes in the New Jersey governorship race.

On the other hand, Eisenhower's plug for Forbes in a contest some Republicans regard as a long-shot gamble may be of more significance to the GOP in the 1958 battle for control of Congress than what happens at the polls in New Jersey.

Forbes is running against Democratic Gov. Robert B. Meyner. If Forbes wins next Tuesday, it would provide — as Eisenhower told his news conference yesterday—"a great big shot in the arm" for Republicans.

If Forbes loses, Eisenhower will have put himself into a situation many will regard as confirmation of reports his own political popularity is slipping noticeably.

At his news conference, Eisenhower was asked only about the Forbes-Meyner race. But press secretary James C. Hagerty said later the President hopes for a victory by Republican Ted Dalton over Democrat J. Lindsay Almond for governor of Virginia.

Politicians here read the President's action as indicating he intends to make a stiff fight for the kind of candidates he likes, even if he has to take some political bumps in the process.

These politicians are contrasting this new attitude to the considerably more cautious course Eisenhower followed in 1956, when his own re-election was at stake.

In discussing his attitude toward the 1958 campaign, Eisenhower said last May 22 that he will support "enthusiastically" Republicans who back him on major issues. As for those who are against him, he said, he'll be for them "merely because they are Republican."

In the case of Forbes, Eisenhower wiped out any chance the Republicans could alibi defeat by contending that local—and not national—issues decided the contest.

By the same token, he went a long way toward making any Forbes victory a lesson to those in the party who don't like the White House brand of "modern Republicanism."

To some this looked like a new determination by Eisenhower to carry out his post-election pledge to remake his party.

Eisenhower described Forbes as "the young, vigorous type of candidate we should have in politics."

"I believe he is a man of fine character," the President said. "He has a fine family and I think he would make an effective governor, so I am for him."

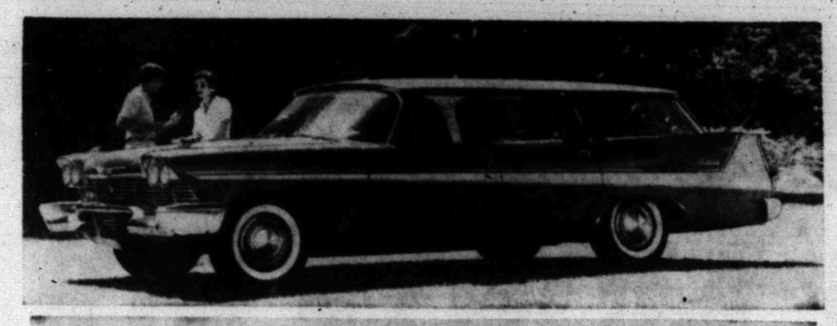

Several hours later, Hagerty was asked how Eisenhower felt about Virginia's Dalton.

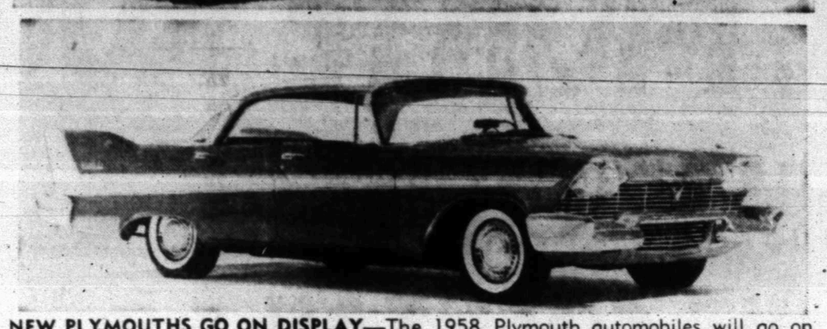

"He feels about Dalton exactly the same way he feels about Mr. Forbes," Hagerty replied. "He hopes he's elected."

Dalton, as a Southerner running for state office, could hardly agree with Eisenhower on the civil rights issue. But Forbes has endorsed all the President's policies, including civil rights.

If Forbes wins with Eisenhower's help, the recalcitrants among the Republicans will be under some constraint to pay more attention to keeping the President enthusiastic about them in 1958.

If Forbes loses, the tendency will be to discount the influence within his own party of a second term president barred by constitutional amendment from running again.

NEW PLYMOUTHS GO ON DISPLAY—The 1958 Plymouth automobiles will go on display in Snyder tomorrow at Davidson Motors on the East Highway, and at the Pollard Motor Co., 2101 Twenty-fifth Street. The top picture shows Plymouth's new Sport Suburban station wagon, and below is the new Plymouth Belbevere four-door hardtop. The new Plymouths have six engine options and 19 separate body styles and models.

Negro Family Moving Into White Area

AUGUSTA, Ga. (AP)—A family of Southern Negroes will be moved into an exclusive, all white neighborhood in a Northern city within 60 days, the Chronicle said today.

State Sen. A. A. Fowler would neither identify the family nor name the city but said the home is in "an outstanding, quiet, respectable neighborhood in the $75,000 class," the paper reported.

"The location is such that it will give one of the country's leading exponents of integration a chance to practice some of the 'mixing' he has been preaching to the people of Georgia and the South," Fowler was quoted.

Fowler, Atty. Roy V. Harris of Augusta, and State Welfare Director Allan Kemper organized the American Resettlement Foundation Inc., whose object is to settle low income Southern Negro families in upper class northern neighborhoods.

Fowler told the paper that earnest money and an option on the house was accepted yesterday. He said the family would be charged $1 a year rent on the $75,000 home.

Fowler said a group of attorneys will be standing by in the event residents of the Northern neighborhood attempt to block the Negro family from setting up housekeeping.

"We are going to insist that these citizens are provided with all their civil rights," he was quoted.

Fowler was also quoted as saying:

"We are looking for a family of large proportions. Ten or 15 kids would be fine. It is entirely possible we will have to ask the President to call out the Army to protect these children when they go to school."

Flu Still Spreads Through New Mexico

SANTA FE, N. M. (AP)—The incidence of influenza continued to spiral upward in New Mexico as the State Health Dept. reported that the week ended Oct. 26 was the worst on record. A department spokesman said 5,003 cases were reported during the week. The previous record was 3,978 cases during the week ended Oct. 12. Department figures show 22,929 cases reported so far this year, compared with 3,293 cases a year ago at this time.

Luck Fades Out Quickly

NEW YORK (AP)—A bus line executive met his bookkeeper at Newark, N. J., airport yesterday, with both holding tickets for the same flight to Miami. The chance meeting resulted in the bookkeeper being arrested on a grand larceny charge.

Police gave this account:

Sidney Engelhardt, president of Gray Line Bus Tours, Inc., discovered a $6,000 shortage when his bookkeeper for three years, Raymond Farrell, 33, of Brooklyn, failed to report to work last Monday.

Engelhardt notified police but went ahead with plans for a Florida vacation.

When he met Farrell boarding a plane Engelhardt called airport police.

Recent measurements show the ice to be 9,750 feet deep in one area in the Antarctic.

Senate Action Slow On Daniel's Program

AUSTIN (AP)—Senate action is blocked until the latter part of next week at the earliest on half of Gov. Daniel's special session program.

Less than a week of the 30-day session will remain before senators could possibly begin floor action on a House-passed bill creating a crime study commission and another requiring registration before state agencies.

This results from a decision yesterday by the Senate State Affairs Committee to send these proposals to subcommittee to rework the bills and present them at its next meeting, probably Monday. If reported back to the floor the following morning the bills would have to remain on members' desks until Thursday under a 48-hour consideration rule. The session ends Nov. 12.

Sen. A. M. Aikin is author of a bill requiring those who represent clients before state agencies to give their names, addresses and whether they receive a fee. The amount of such fee does not have to be given. It is aimed particularly at lawyer-legislators and may be amended by subcommittee to include only this group.

Sen. Williams Fly of Victoria wrote Virgil Seaberry, president of the State Bar, stating the bar had "failed to properly support" passage of a similar bill in the regular session. He said he asked the chairman of the committee handling the bill late in the session to ignore it because "members of the bar were not interested enough to appear and testify in their behalf."

Aikin said "I, personally, don't mind going to a little trouble to register and I'm not particularly worried about somebody else having to make a little effort either, particularly in view of the criticism we have had."

Sen. George Moffett, sponsor of the crime study bill passed Friday in the House, said he wanted the bill amended to provide for open sessions. The committee would investigate crime and law enforcement procedures but would not look into a particular case.

Sen. Abraham Lazen Jr. of Laredo said since the committee has no subpoena powers and would not swear witnesses "a lot of innocent people will be hurt with a lot of loose talk" before the committee.

Sen. Jimmy Phillips said the governor could appoint members to make a study of crime laws without the necessity of a special session to pass a bill.

Russia Plans For A Larger Satellite

WASHINGTON (AP) — Russia reportedly plans to blast a larger earth satellite into orbit Nov. 7, the 40th anniversary of the Bolshevik Revolution.

The Communist Daily Worker in London said in a Moscow dispatch that "conditions may make it impossible to launch it on that particular day, but the plan is there."

The United States, meanwhile, conducted another missile test at Cape Canaveral, Fla., late last night. The device was described as Jupiter A, believed to be an improved version of the Redstone missile which has a range of 200 miles.

Radio Moscow said last night that Sputnik's rocket section will come crashing to earth soon, but that the sphere probably will last several more weeks.

At Cambridge, Mass., Dr. Fred L. Whipple of the Smithsonian Astrophysical Observatory reached about the same conclusions. He said the rocket may fall to earth in the first two weeks of December, and that Sputnik itself probably will make its death plunge about the end of the year.

Both Whipple and Moscow indicated part of the rocket section might survive the blazing descent from outer space. Whipple predicted the rocket would burst into flame from air friction about 20 miles above the earth.

Whipple said there is some chance the rocket's spectacular plunge might be visible in the United States.

Moscow said, meanwhile, that the rocket completed, at 10 p.m. EST last night, its 359th trip around the earth. Sputnik was 1¼ laps behind.

Drugs, Salt Help Malaria

PHILADELPHIA (AP) — Tests on 16 volunteer federal prisoners from the U. S. Penitentiary in Atlanta, Ga., indicate that certain drugs mixed with ordinary salt can lessen the severity on malaria attacks.

Dr. G. Robert Coatney of the National Institute of Health, Bethesda, Md., told a meeting of the American Society of Tropical Medicines and hygiene yesterday the drugs used were pyrimethamine and chloraquine.

Volunteers took the drugs mixed with salt and then were bitten by malaria-infected mosquitoes. They suffered much less severe attacks than did untreated volunteers, Dr. Coatney said.

He added that the method may be of great use in under developed areas where spraying against malaria is impractical.

The Texas Legislature passed a new Mental Health Code which goes into effect on January 1, 1958. This new code was enacted both to keep pace with new discoveries in the area of mental health, and to eliminate objectional provisions of the old laws which required the mentally ill persons to be tried as a criminal before he could receive treatment at a state hospital.

Society recognizes that mental illness is no more than a disease which affects the mind. As a result of this recognition, the code allows the patient to receive treatmen as quickly as possible, while keeping disturbing influences at a minimum. The new Mental Health Code provides for both voluntary and involuntary treatment. This article discusses how a person may receive State medical treatment when he recognizes his own need for psychiatric care.

When the proposed mental patient seeks care form a state hospital he should go directly to the nearest mental hospital and make written application to the head of the hospital. He must agree in his application that he will stay at the hospital for at least ten days, unless he is sooner cured and discharged. The application must be signed by the patient, unless he is a minor, in which case it may be signed by his parents, guardians or county judge with his consent.

Upon his admission the head of the hospital will inform the patient that he must be discharged within 96 hours if he should request it in writing. It will also be explained that he loses no legal rights by voluntarily receiving treatment.

All patients, whether voluntary or not, are entitled to bring a writ of habeas corpus if they feel they are being unlawfully held. Moreover, they may write uncensored letters to legal counsel. All patients are entitled to receive visitors, worship in the faith of their choice, and communicate with persons outside the hospital.

Although the head of the hospital may restrict the above rights if it is necessary to do so for the welfare of the patient, any such restrictions, and the reason for it, must be made a part of the clinical record of the patient involved.

(This column, prepared by the State Bar of Texas, is written to inform — not to advise. No person should ever apply or interpret any law without the aid of an attorney who is fully advised concerning the facts involved, because a slight variance in facts may change the application of the law.)

Kiwanis Club Has Ladies Night Here

The Snyder Kiwanis Club observed "Ladies Night" at a special meeting Monday night in the Village restaurant.

Featured on the program was Dr. John Hamblen, who sang several songs.

Some 26 Kiwanians and wives attended the meeting.

THE SNYDER DAILY NEWS

VOL. 8, NO. 158 | SNYDER, TEXAS, THURSDAY, OCTOBER 31, 1957 | SECTION B

COFFEE BREAK TIME FINDS MANY NEIGHBORHOOD REQUESTS FOR HOT BREAD
. . .they're answered with slices of this fragrant cinnamon loaf

Bread Aroma Usually Signal For A Neighborhood Party

Kitchens can be such warm friendly places, espcially when the wholesome aroma of baking bread wafts from the oven. When there's a loaf or two of bread cooling on the window ledge, the kitchen is sure to be headquarters for the neighborhood coffee break.

While many still prefer to make the old yeast-rising bread, quick breads, filled with fruit, nuts and oatmeal are a modern shortcut.

Made with bran flakes, marmalade pan bread has a good flavor that children like, plus bonus of sweet apricot marmalade which is lightly pressed into the dough before baking. After it's out of the oven, it's cut into squares and served hot with mugs of milk or hot chocolate.

For pleasing party fare, serve apricot bread topped with smooth cream cheese. Complete the refreshment with cups of hot spiced tea.

APRICOT BREAD HAS ADDTION OF OATS

1 cup chopped dried apricots, uncooked
½ cup brown sugar
1 cup milk
1½ cups sifted flour
2 teaspoons baking powder
1 teaspoon salt
¾ cup quick or old fashioned oats, uncooked
Grated rind of 1 orange
1 egg, beaten
¼ cup melted shortening

Preheat oven to 375 degrees. Combine chopped apricots, brown sugar and milk in small bowl. Into another bowl sift together flour, baking powder and salt. Blend in oats and orange rind. Add beaten egg, shortening and apricot mixture; stir until just blended.

Pour into 6 greased frozen orange juice cans (6 ounce size) or 1 greased loaf pan (1 pound size.)

Bake in preheated 375 degree oven 30 minutes for little breads, 50 to 60 minutes for loaf. Remove from cans; cool thoroughly. Store in bread box one day for easier slicing.

YEAST BREAD BELONGS IN FILE OF FAVORITES

2 packages or 2 cakes compressed or dry yeast
½ cup lukewarm water
1½ cups scalded milk
2-3 cup melted shortening
½ cup sugar
2 teaspoons salt
5½ to 6 cups sifted flour
2 eggs, beaten
1½ cups quick or old fashioned oats, uncooked

Filling for 1 loaf:

1 tablespoon melted butter
½ cup sugar
2 teaspoons cinnamon

Soften yeast in lukewarm water. Use warm water for dry yeast. Pour scalded milk and melted shortening over sugar and salt, stirring lightly. Cool to lukewarm. Stir in 1 cup flour and eggs; add softened yeast and oats. Stir in enough more flour to make a soft dough.

Turn out on lightly floured board or canvas; knead until satiny, about 10 minutes. Round dough into ball; place in greased bowl; brush lightly with melted shortening. Cover and let rise in warm place until double in size, about 1 hour.

Punch dough down; cover and let rise 10 minutes. Divide dough into 3 parts. Roll out one part of dough to form a rectangle 8x24 inches. Brush with melted butter; sprinkle sugar and cinnamon mixture over butter.

Roll up dough, starting at short end; place in well greased 1-pound bread pan. Grease top of loaf lightly. Shape remaining two pieces of dough into 2 dozen rolls of desired shape; place on greased cookie sheets or in pans; lightly brush tops of rolls with melted shortening.

Let loaf and rolls rise until nearly double in size, about 45 minutes.

Bake in 375 degree oven 45 minutes for loaf and about 15 minutes for rolls. Remove from pan and cookie sheets; brush with melted butter or margarine. Cool thoroughly. Makes 1 loaf and 2 dozen rolls.

MARMALADE PAN BREAD IS GOOD WITH MILK

1½ cups bran flakes
2-3 cup milk
1 egg
¼ cup soft shortening
1 cup sifted flour
2½ teaspoons baking powder
½ teaspoon salt
1-3 cup sugar
½ cup apricot marmalade

Combine bran flakes, milk, egg, and shortening. Beat well. Sift salt and sugar. Add to first mixture, stirring only until combined. Spread in greased 8x8-inch pan. Place spoonfuls of marmalade on top, pressing lightly into dough.

Bake in 400 degree oven about 30 minutes. Cut into squares and serve hot. Yields 9 2½-inch squares.

CINNAMON LOAF IS STAR OF COFFEE BREAK

3 tablespoons butter
¾ cup sugar
2 eggs, slightly beaten
1 cup raisins
2⅓ cups sifted flour
¾ cup (1 envelope) instant nonfat dry milk powder
3 teaspoons baking powder
½ teaspoon salt
1 cup water

Cinnamon mixture:

½ cup brown sugar, firmly packed
2 tablespoons flour
2 teaspoons cinnamon
2 tablespoons melted butter
1 cup coarsely chopped walnuts meats

Cream butter; gradually add sugar; beat until light and fluffy Add eggs; mix thoroughly. Stir in raisins. Sift together flour, dry milk powder, baking powder and salt. Add dry ingredients alternately with water, beginning and ending with dry ingredients.

Combine brown sugar, 2 tablespoons flour, cinnamon, melted butter and walnuts. Pour 1-3 of batter into 9x5x3-inch loaf pan which has been greased, waxed paper lined and greased again; sprinkle with half of the cinnamon mixture.

Repeat, ending with batter. Bake in 325 degree oven 55 minutes; increase oven temperature to 400 degrees for 5 minutes or until top is golden brown.

QUICK BANANA LOAF IS BRAZIL NUT TREAT

¾ cup sugar
1 egg
½ cup milk
1 cup mashed bananas (3 to 4 fully ripe)
¾ cup chopped Brazil nuts
3 cups prepared biscuit mix

Mix together sugar, egg, milk, and bananas. Stir in Brail nuts. Add biscuit mix; blend well. Turn into greased 9½x5¼x2¾ inch loaf pan. Bake in 350 degree oven 45 to 50 minutes. Cool on rack.

COFFEE DATE LOAF HAS MOCHA FROSTING

1 cup fresh dates
½ cup walnuts
1 cup brown sugar, packed
½ cup shortening
2 eggs
1¾ cups sifted flour
1 teaspoon soda
1 teaspoon salt
2-3 cup cold coffee beverage

Macha Icing:

3 tablespoons soft butter or margarine
1½ tablespoons coffee beverage
1½ cups sifted confectioners sugar

Pit and cut up dates; chop walnuts. Cream brown sugar and shortening until fluffy. Beat in eggs until well blended. Sift flour with soda and salt, and add to creamed mixture alternately with coffee.

Stir in dates and walnuts. Turn into greased and floured 9-inch square pan. Bake in 350 degree oven 35-40 minutes. Turn out on rack to cool. Spread top of cold loaf with mocha icing. For icing, beat all ingredients together until blended and creamy.

MARMALADE PAN BREAD IS CUT INTO SQUARES, DECORATED WITH TOPPING
. . .it's light and sweet enough to double for a richer dessert

NEW!

Brer Rabbit

Waffle Syrup

More Maple-y Clear Through . . .

Costs you less, too!

If your family is sweet on syrup, they'll love Brer Rabbit's new WAFFLE SYRUP. For this maple-y flavored treat is rich and full-bodied. Perfect on pancakes and waffles. And how it glorifies all your other favorite foods. Toast, cereal, ice cream—you name it, Brer Rabbit Waffle Syrup will make it an extra-special treat.

Brer Rabbit Waffle Syrup is the newest member of the Brer Rabbit family of fine syrups—the syrups of the South!

BROWN LABEL— Mild sugar cane sweet flavor!

MOPSY MAIDENS

"You may look at my full time maid, but I don't trust her to look at you!"

Junior Editors Quiz on HALLOWEEN

QUESTION: Do witches really exist?

• • •

ANSWER: You see so many pictures of witches this time of year, and so many kids dress up as witches, that you might be inclined to think they do. Once upon a time people everywhere were convinced of the existence of witches, and millions of people still are. Such superstitions date back thousands of years to pagan times. In England 2000 years ago, the Druids believed that ghosts, witches, fairies and elves appeared at this season, and built bonfires to frighten them away. Christians took over this belief and declared war on the witches. At one time many innocent people were killed in the belief they were witches. Today, hardly any educated people believe in witches.

• • •

FOR YOU TO DO: To add to your Halloween decorations, color this picture of a Druid era witch, shown with her black cat and broom against the background of Stonehenge, which are Druid ruins in Britain.

• • •

(If you have a good question, send it in on a postcard to Violet Moore Higgins, care of this newspaper. Any used will win $10.)

Over 100 Plaques Earned

More than 100 Snyder businesses and industries have qualified for special awards for outstanding citizenship.

These awards are being made by the Scurry County United Fund for maximum participation of employes in the campaign which is now underway.

Several other businesses and industries are still in the process of completing their drives.

Large plaques are being awarded by the United Fund to those businesses and industries complying with certain requirements for participation of employes in the drive. Many of them have already received their plaques.

United Fund campaign workers highly commended employes of business and industry here this week for their participation, both in work and in contributing in connecton with this year's United Fund drive.

Among those whose employes have so far qualified for the citizenship awards:

Effects Of Flu On ADA Under Study

By The Associated Press

The Education Agency studied Thursday the problem of schools whose average daily attendance and future state aid is threatened by flu absences.

Preston Hutchinson, director of the agency's division of finance, said schools in fast-growing areas especially might be hard hit.

Dallas County officials said flu will cut average daily attendance so heavily fewer teachers will be granted next year under the Minimum Foundation Grant program.

Coy Tindel, director of administration for Dallas County schools, said if a school's average daily attendance drops, so will the number of teachers assigned for the next year, unless the schools can pay for the teachers solely by local tax money.

Supt. R. L. Turner of Carrollton said, "It may force us to lose several teachers next year. Next year's students will suffer unless we get some relief from the state."

Meanwhile, Skidmore schools in South Texas closed for the remainder of the week. Supt. Sam Hudspeth said 30 per cent were absent in high school and about 25 per cent in the junior high.

The Schertz-Cibolo schools near San Antonio were kept from opening Wednesday. Supt. Clarence Shelton said classes were called off until Monday.

All Brownwood public schools were closed until Monday. An estimated 1,000 persons were down with flu in Brown County. The Brookesmith schools also suspended classes until Monday.

Several high school and junior college football games were called off.

Clean Getaway

KNOXVILLE, Tenn. (AP) — Burglars made a clean getaway from Mrs. Thomas Stone's basement last night.

Mrs. Stone told police she went to the basement to load her automatic washer. Later, she found the washer gone, clothes and all.
