KIWANIS KID DAY COMING

Members of the Kiwanis club are keeping up a 24-hour watch to sell tickets for the Saturday night show "Mysteries Around the World." The show, which costs $1 per person, features magic acts of Arnold Furst. On display at the Kiwanis booth on the southeast corner of the square is a large box, in which Furst will be locked and from which he will attempt a Houdini-type escape. The club will present two free afternoon performances Saturday for children under 12 in their annual observation of National Kids Day. Shown here are Frank Wilson and H. A. Johnson holding lid of box from which Furst will try his escape, with LeRoy Johnson and Frank Stephenson in the box. (Lee Watson photograph)

U.S. To Give Mig Back To Owners Again

WASHINGTON (AP)—The United States today offered to return to its "rightful owner" the MIG 15 jet plane flown into American lines by a North Korean pilot.

At the same time the Far East Command withdrew for the duration of peace talks the offer to pay $50,000 for MIGs delivered to the West.

The statement by Gen. Mark W. Clark, U.N. commander, had nothing to say directly about payment to the Korean pilot who delivered the first MIG last week. Pentagon officials, however, noted that there was nothing in the Clark statement to make it retroactive. On that basis the Korean would get his money—$50,000 for the plane plus another $50,000 bonus as the first to take up the U.S. offer.

Clark's statement, released simultenaously here and in Tokyo, said:

"The traditional policy of the United States of America to grant asylum to those seeking freedom remains unchanged.

"However, during this period of armistice discussions the offer by the Far East command on 27 April, 1953, to award $50,000 for undamaged MIGs brought to our side is withdrawn.

"When the rightful ownership of the MIG that recently landed at Kimpo has been established we will offer to turn it over to that owner."

The statement raised a question whether the MIG would be brought to the United States, as the air force had previously indicated would be done.

METAL MARKER IS LODGED IN LITTLE GIRL'S HEAD

DALLAS (AP) — A 9-year-old Denison girl was in "fair" condition today at Baylor Hospital here after an operation to remove a 4-foot square piece of metal stuck in her skull.

The victim, Joyce Grooms, was sped here yesterday from Denison with the metal still in her head. Doctors said she never lost consciousness.

The child's mother, Mrs. J. B. Grooms, said the fourth grader was walking home from school when some young boys sailed the flat metal yardline marker from a football field into the air. The spinning object hit her in the head.

Texans Among Prisoners Not Coming Home

BY THE ASSOCIATED PRESS

Four Texans were on a list released Thursday by Communist correspondent Wilfred Burchett as prisoners of war who refused repatriation.

Burchett said the Texans, along with 19 other Americans and one Briton, were turned over to Indian custody in Korea.

The Texans on Burchett's list, with adresses and ranks obtained from the U.N. command, were:

Sgt. Howard G. Adams, Corsicana.

Cpl. Claude J. Batchelor, Kermit.

Rufos O. Douglas; Washington listed a Sgt. Rufus E. Douglas, San Angelo.

Lowie W. Griggs; Washington listed a Sgt. Lewie W. Griggs, Jacksonville, Tex.

The 23 names on the Communist correspondent's list were among 944 missing Americans the U.N. command on Sept. 9 asked the Reds to return or account for. His list did not include home towns.

Mrs. Ben Howard of San Angelo, foster mother of Sgt. Rufus E. Douglas, said she was certain Douglas did not want to stay with the Reds.

"Someone is telling him what to write and say," she said.

The last letters she had from him were written just before last Thanksgiving and Christmas. They were delayed several weeks en route but she got both of them at the same time.

In both letters he told her he was playing football and other sports.

Mrs. Howard said he also said he was having a good time and eating well.

Coady Water Ordered Back

HOUSTON (AP) — District Judge Phil Woodruff yesterday granted a mandatory injunction which ordered L. W. McLean, who closed down his private water works in the Coady community, to restore service in the East Harris County area.

The injunction was asked by residents of the community, who have had to haul water since McLean closed down his water system Sept. 9 a few minutes after results were announced in a special election in which residents voted 78-17 to create a water district.

The order issued yesterday is to be effective until there is a final determination of the suit but in no case later than next March 31.

Judge Woodruff said McLean had a right to discontinue service but not as abruptly as he did and without reasonable notice to his 150 customers.

Temperatures Back Up

The temperature climbed to 96 degrees yesterday as the last breath of the season's first cool front faded away. The mercury fell to 63 degrees for the overnight low and had risen only three degrees by 7:30 this morning, Mrs. D. P. Strayhorn, weather observer said.

Dulles Asks Labor To Help Stop Communism From Spreading More

ST. LOUIS (AP)—Secretary of State Dulles called today for a 'closer partnership" between the government and the American Federation of Labor in a worldwide campaign to "explode the Communist myth" of a workers paradise behind the Iron Curtain. He said the Reds had used this myth effectively to extend Soviet Power.

In a speech at the AFL convention here, Dulles pictured Soviet Communism as being actual'y an exploitation of the worker.

He told the AFL gathering that "you have done more than any other single body to explode the Communist myth," and added:

"In this matter there should be closer partnership between us."

Dulles also declared on specific foreign policy issues:

1. Russia has met American appea's for armament control — now more urgently needed to meet the hydrogen bomb threat—with repetition of "their old refrains" but the United States will persist in its "quest for peace."

2. Atomic and hydrogen weapons may have given Communist rulers the possibility of setting off destructive forces which could threaten "the survival of civilization as we know it." Mankind, Dulles added, faces "an ultimate peril" never known before.

3. Recent French steps to grant full independence to the Indo-Chinese states have made it possible for the United States now to contribute substantially "in money and material to the successful conclusion" of the anti-Communist war in Indochina.

4. The recent overthrow of the Mossadegh government in Iran has created a new opportunity for Iran to tackle pressing internal and foreign problems largely related to its long dispute with Britain over oil nationalization.

5. Chancellor Konrad Adenauer's spectacular victory in West Germany Sept. 6 constituted an endorsement of "the policies" of tying West Germany to the Western world" which the United States has pursued jointly with its Allies and with the West German Republic.

The AFL called for stepped-up political activity after yesterday's message from President Eisenhower that the Taft-Hartley law is essentially sound.

AFL leaders seemed to take this to mean Eisenhower's administration intends to retain most major features of the union criticized labor relations law.

Eisenhower's message, read to AFL convention delegates by Vice President Richard Nixon, promised he will recommend T-H amendments to Congress next January to correct "a number of defects."

James L. McDevitt, director of the AFL's Labor League for Political Education, said in a report prepared for delegates: "Let's go home from this convention and get the people we represent in action now."

Eisenhower's message did not spell out what labor law changes he has in mind. He said the administration has the law under a continuing and critical study and will be prepared to send suggested changes to Congress in January.

He said the general aims are to "remedy defects which cause concern on the part of working men and women over possible results and uses of the act to their detriment," to improve the law's administration, allow "healthy growth" of unions, and lessen "government interference" in labor relations.

The convention was due to hear addresses today from two members of Eisenhower's Cabinet, Secretary of State Dulles and Welfare Secretary Oveta Culp Hobby as well as from former President Truman.

TWINS ARE SEPARATED

Louisiana's Siamese twins, daughters of Mayor and Mrs. Ashton Mouton, of Lafayette, La., are shown with their nurses for the first time since they were separated by surgery at the Alton Ochsner Foundation Hospital, New Orleans, on Sept. 17. Mrs. Inez Herbert, left, holds Catherine Anne, while Carolyn Anne rests in the arms of Mrs. Edna Dentz.

Jubilee Plans Are Nearing Completion

Tentative plans for the observance of Snyder's Diamond Jubilee and Oil Progress Week were announced this morning by the chamber of commerce.

Highlight of the week, which begins Oct. 11, will be a large public barbecue at the high school stadium on Oct. 16, where Sen. Lyndon Johnson will speak.

Tickets for the event will go on sale soon at $1.50 each at the chamber office, while a committee headed by C. T. McLaughlin and Cecil McClatchy will handle block ticket sales.

The barbecue will be held at the stadium unless weather forces it inside. In that case, it will be held at the high school cafeteria and auditorium. Rex Miller is the chairman of the food committee.

On the afternoon before the barbecue, a parade will be held downtown, with participation of the Hardin-Simmons University Cowboy Band. Invitations to participate in the parade will be sent to various high school bands and to the oil industry. Also, old settlers here will be recognized in the parade.

A total of $175 in prize money will be given for the best floats in the parade. First prize will be $100, second $50 and third $25.

A joint meeting of service clubs is planned for the week. Frank Wilson, president of the Kiwanis Club and chairman of the committee on the joint meeting, is now contacting service clubs here to arrange the meeting. A speaker will be chosen by a general committee of the clubs for a midweek program.

A committee headed by Harold Bennett is planning week-long displays downtown. Bennett will work with women's organizations here on displays dipicting pioneer days here and with the Oil Industry Information Committee on oil progress displays.

Receptions are being planned for Johnson and for Mrs. Johnson.

Budget Meet For City Seen

A special meeting of the city council will probably be called for sometime late this week, B. J. Shelley, city manager, said.

Shelley said time of the meeting has not been definitely set.

The meeting will be necessary to consider a second reading to the ordinance adopting the city budget for the 1953-54 fiscal year.

The fiscal period begins Oct. 1, and ends on Sept. 30 each year.

The city charter provides that a budget must be adopted before the fiscal year begins, Shelley said.

The budget ordinance was passed unanimously on first reading Sept. 8. A public budget hearing advertised previously was held, but no one attended to protest.

Shelley said that hiring of a certified public accountant to audit the city books would probably be considered at the special meeting, also.

Boxers Light For Big Bout

NEW YORK (AP)—Heavyweight Champion Rocky Marciano surprisingly weighed in one-fourth of a pound heavier than challenger Roland LaStarza today for the 15-round title bout tonight at the Polo Grounds. Marciano weighed 185, LaStarza 184.

It was the lowest LaStarza had weighed since he hit the bigtime in boxing.

The champion, a 4 to 1 favorite, is making the second defense of the championship he won from Jersey Joe Walcott at Philadelphia, Sept. 23, 1952.

RUSSIANS CALLED ON TO NEGOTIATE POINTS

UNITED NATIONS, N. Y. (AP)—Britain today welcomed apparent moderation of Russian policy since Stalin's death and called on the Soviet Union to agree to step-by-step negotiation of East-West quarrels.

Agreement on individual issues such as Germany and Korea, minister of State Selwyn Lloyd told the U. N. General Assembly, would "maintain some momentum behind the improvement."

Negotiations with the Soviet Union on one issue at a time has been the policy favored by the United States. Lloyd today paid tribute to Secretary of State John Foster Dulles for his "temperate and statesmanlike" exposition of those views in a speech here last week.

Prime Minister Churchill called last May for a top level conference of leading world powers, presumably including Soviet Premier Georgi Malenkov, to ease world tension. The United States opposed this, and today's British statement appeared to put the two Western Allies side by side in the policy to be followed in dealing with Moscow.

Netherlands Foreign Minister J. M.A.H. Luns also called on Russia to negotiate directly on Korea, Germany and Austria and said such parleys could achieve more important results than the current debates in the assembly.

Lloyd said, "We believe it to be a mistake to assume that nothing can be settled with Soviet Russia unless and until everything is settled. A settlement of two or three of our difficulties would be an important gain to every peace loving country," he added.

"One matter on which we are very ready to try to make progress is Germany."

To this end, he urged the Kremlin to accept the invitation extended by the United States, Britain and France for a foreign ministers' conference on Germany in Switzerland, Oct. 15. He insisted, however, that the conference deal primarily with setting up free elections throughout East and West Germany—a view which the Soviet union has previously rejected.

Lloyd previously had told the Assembly in procedural discussions that Britain was against reopening debate now on the Communist Chinese demands for an expanded "round-table" peace conference with four Asian countries and Russia included as neutrals.

Russia's Andrei Vishinsky fought hard early in the week to get the Assembly to reconsider the stand it took in August that the conference should be a two-sided parley with only belligerents representing the U.N. He failed but is expected to try again to force a debate on the Chinese demands.

Lloyd told the Assembly in a prelude to today's statement of British policy that the Red Chinese and North Koreans should accept the suggestion of Chief U.S. Delegate Henry Cabot Lodge Jr. that the peace conference itself determine whether any "neutrals" should be invited to the parley.

The British also had indicated previously that they thought any debate on Korean political questions should be delayed in the Assembly until the United States, as spokesman for South Korea and the 16 U.N. allies with troops in Korea, could get the peace conference arrangements effected.

Still Seats On First Flights

A few reservations are still available for the inaugural flight to Breckenridge and back Sunday when Pioneer Airlines will begin service to Winston Field.

Several persons from Snyder will fly to Breckenridge on the flight Sunday afternoon and return here with Gen. Robert Smith, president of Pioneer and other officials for the inaugural ceremony.

The regular flight, which will carry a committee of 12 persons representing the county, city, and airport board, is already filled, but a second section, which will carry 21 persons, still has seats available.

Those interested in securing reservations for the flight have been asked to call the chamber of commerce or Jim Babcock, Pioneer agent at the airport. Tickets for the roundtrip flight are $18.17.

The inaugural ceremony will be held at 4:30 o'clock Sunday afternoon. Open house will be held at the airport from 1 o'clock to 6 o'clock that afternoon, while several military planes will be on display from 1 o'clock to 5 o'clock.

Grandmother Blames Democrats For Getting Grandson Into Mess

OKLAHOMA CITY (AP)—A grandmother of one of 23 Americans the Communists say refused repatriation today blamed the Democratic administration for "getting my grandson into this mess."

Mrs. Herbert E. Slaughter, Oklahoma City, said her grandson Pfc. Samuel D. Hawkins, 20, was an "innocent victim of the Communist propaganda and didn't even know what the word meant."

She said Hawkins was only two months past 17 when he was captured by the Communists.

"The United States should never have been fighting in Korea," Mrs. Slaughter told the Associated Press. "He was sent over by the big rats who made little rats out of those boys."

Mrs. Slaughter said she was referring to former President Harry S. Truman and former Secretary of State Dean Acheson.

WEST, NORTH CROWDED

Class Load In Grade School Has Evened Out Some Here

Distribution of students in the elementary schools, quite a problem for school administrators when school began here this month, has been straightened out "as best as we can handle it," according to Dr. Cecil Yarbrough, superintendent.

Yarbrough said several students were transferred out of the West Elementary school, where the problem was the greatest, to other schoo's. Sections of the sixth grade in the West school, which were very large at the beginning of school, have been cut to few enough students that teachers can handle them, Yarbrough said.

"It's still a little overbalanced in the North and West schools," Yarbrough said, adding that while classes are larger than the school likes to have them, they are not too large for teachers.

Total enrollment in the schools last Friday was 2,966. That included 659 in the high school, 447 in junior high, 384 in North Elementary; 406 in West Elementary, 408 in East Elementary, 277 in Central Primary, and 67 in the Abraham Lincoln school.

By grades, in all but the Lincoln School, there are 415 in the first grade, 283 in second grade, 272 in third grade, 273 in fourth grade, 291 in fifth grade, 240 in sixth grade, 211 in seventh grade, 236 in the eighth grade, 202 freshmen, 163 sophomores, 162 juniors, and 132 seniors. In the Lincoln school, 15 are in the first grade, five in second grade, 11 in third, 14 in fourth, one in fifth, nine in sixth, eight in seventh, two in eighth, and two in ninth. Another seven children are exceptional students in special classes at the Central Primary.

Dawson Gets Deep Wildcat

Sinclair Oil & Gas has staked a 10,500-foot wildcat in Northwest Dawson County for immediate drilling.

It will be the No. 1 Weaver, 2,440 feet from north and 660 feet from east lines of section 7-3-E. L. Cunningham servey. That puts it three and one-half miles east of the Mungerville-Pennsylvania field and about 14 miles northwest of Lamesa.

BORDEN TEST

Gulf Oil Corp. No. 1 C. C. Canon, West Central Borden wildcat, is plugging back to about 7,500 feet for tests of the Spraberry.

The project recovered 137 barrels of salt water in 15 hours on swabbing tests of the Siluro-Devonian in open hole from 10,274-355 feet. The Spraberry will be tested through perforations from 7,330-450 feet.

The No. 1 Canon is 1,980 feet from north and 660 feet from west lines of section 39-33-t5n-T&P.

DRILLING REPORT

The Texas Co. has filed application with the Railroad Commission to drill the No. 216-F P. L. Fuller in the Fuller field 15 miles north of Snyder. Location is 1,980 feet from north and 768 feet from west lines of section 615-97-H&TC. Contract depth is 5,175 feet.

Ryan & Burke No. 1 C. C. Canon West Borden wildcat, is drilling below 7,462 feet in lime and chert.

Seaboard Oil of Delaware No. 2 Peterson, Dawson offset, is drilling in sand below 6,868 feet.

Midland Gasoline Corp., No. 1 Boyd, Nolan exploration, is drilling in sand and shale below 5,098 feet.

In Howard County, Oceanic No. 2 Lou Winans is drilling below 7,655 feet in shale. Oceanic, Green & McSpadden No. 3 J. F. Winans is drilling in lime and shale below 5,917 feet, Phillips No. 1-A Reef is drilling in lime and shale below 6,775 feet.

Yanks Refusing Repatriation To Return Home 'Some Day'

PANMUNJOM (AP)—The Communists today surrendered to neutral nations custody 359 war prisoners —23 Americans, 1 Briton and 335 South Koreans—whom the Reds say asked to remain behind the Iron Curtain.

The Americans rode in open Russian-built trucks loudly singing the Communist "Internationale."

"Arise, ye prisoners of starvation, arise ye starvelings of want," chanted the tanned, healthy looking men.

The South Korean prisoners screamed "American imperialists, get out!" at U. S. newsmen who watched the transfer of prisoners to custody of Indian troops in the demilitarized zone near here.

Communist Correspondent Wilfred Burchett told Allied newsmen the names of the Americans and the Briton.

The Americans looked happy and contented. The Communist quoted them as saying they love their country and some day will return—when the American people have achieved "freedom."

"We hope to play our part in achieving this and we know the American people will receive us back on that day with open arms," said a statement the Reds said was drafted and signed by the Americans while at nearby Kaesong.

The Briton, identified as a Marine who had served seven years of a 12 year enlistment, was quoted:

"I am determined to play my small part in fighting for the better sort of world I believe in . . ."

Allied "explainers" are to begin talking to American, British and South Korean prisoners at the camp a mile above Panmunjom Saturday, telling them they have the right to be repatriated if they wish.

At the same time, Communist representatives will visit 22,600 North Korean and Chinese prisoners who refuse repatriation at another Indian camp five miles southwest of Panmunjom, trying to make them change their minds.

The Allies Thursday boosted the number of missing United Nations soldiers for whom they demand an accounting from the Reds by 17 to 3,421.

The Allies conceded at a meeting of the armistice commission secretariat, that some POWs on the original list submitted Sept. 9 had been repatriated.

The U. N. Command deleted 27 names from the original list of 944 Americans, then added 41 more American names. They also added the names of two British soldiers and one Canadian.

Two weeks after the Allies submitted the first list of 3,404 names the Reds answered that most had never been prisoners. The Comunists said some died in captivity, while others either had been repatriated, had escaped, or had been released at the front during the war.

The highest ranking American turned over to Indian custody is a sergeant. There were three Negroes.

The Americans laughed and smiled as they were turned over to Indian troops. They talked in loud voices and appeared to enjoy the attention they were getting from onlookers.

Burchett released the text of the statement he said all the Americans signed in Kaesong Wednesday.

"We fully realize that this is a momentous step that we are taking. Therefore it was only after much thought and deliberation that we made our decision," the statement said.

". . . Our staying behind does not change the fact that we are Americans, we love our country and our people. Therefore we love personal freedom. Our greatest concern is to fight for peace and freedom, not only for ourselves but for the American people and the people of the world.

"Unfortunately under present day conditions in America, the voice of those who speak out for peace and freedom are rapidly being silenced, while the voices which shout the loudest and get the most publicity are those of McCarthy (Sen. Joseph McCarthy of Wisconsin), the book burners and those who demand 'preventive wars.'

WEATHER

NORTH CENTRAL AND WEST TEXAS: Clear to partly cloudy this afternoon, tonight and tomorrow. No important temperature changes.

EAST AND SOUTH CENTRAL TEXAS: Clear to partly cloudy and mild this afternoon, tonight and tomorrow.

U.S. Prisoners Who Want To Stay With Reds Are Listed

TOKYO (AP)—Communist correspondent Wilfred Burchett today handed Allied newsmen a list of 23 Americans and one Briton he said had refused repatriation and were turned over to Indian custody in Korea.

Burchett's list did not include home towns.

The 23 names listed by Burhcett were among 944 missing Americans the U. N. Command on Sept. 9 asked the Reds to return or account for.

All those 22 or 23 names on Burchett's list were obtained from the official list of missing prisoners released in Washington early this month. The 23rd name appeared on a master list of prisoners here, but no address was available.

Burchett's list with addresses and ranks from the master list:

Clarence C. Adams, corporal; Memphis, Tenn.

Howard G. Adams, sergeant; Corsicana, Tex.

Claude J. Batchelor, corporal; Kermit, Tex.

Albert C. Bellhomme, sergeant; Ashland, Pa.

Otho G. Bell, corporal; Olympia, Wash.

Richard G. Corden, sergeant first class; East Providence, R. I.

William A. Cowarl, corporal; Monticello, Ark.

Edward S. Dickenson, corporal; Big Stone Gap, Vt.

Rufus O. Douglas; Washington listed a Sgt. Rufus E. Douglas, San Angelo, Tex.

John R. Dunn, corporal; Baltimore.

Andrew Fortuna, sergeant; Ionia, Mich.

Lowie W. Griggs; Washington listed a Sgt. Lewie W. Griggs, Jacksonville, Tex.

Samuel D. Hawkins, private first class; Oklahoma City.

Harold H. Webb, sergeant; Fort Pierce, Fla.

William C. White, corporal; Plummerville, Ark.

Morris R. Wills; POW master list in Tokyo names a Morris B. Willis; no rank or address available.

Aaron P. Wilson, corporal; Urania, La.

British prisoner:

Andrew M. Condron; no further data available.

Arie H. Pate, corporal; Carbondale, Ill.

Scott L. Rush, sergeant; Marietta, Ohio.

Lowell D. Skinner, corporal; Akron, Ohio.

Larance V. Sullivan, sergeant; Omaha.

Richard R. Tenneson, private first class; Alden, Minn.

James G. Veneris, private; Hawthorne, Calif.

Administration Finds Itself In Midst Of Big Tax Problem

By JAMES MARLOW

WASHINGTON (AP) — Secretary of the Treasury Humphrey has said a sales tax is only one of about 40 proposals being considered by the administration in its approach to an overhaul of taxes.

When asked what the 40 proposals might be, a Treasury Department spokesman said Humphrey didn't mean literally 40 but used the figure as he might say "umpteen."

The number "40" may have been in Humphrey's mind because his staffmen and staffmen of Congress' Joint Committee on Internal Revenue Taxation have been working on 40 proposed changes in the present tax law.

Those changes would attempt to bring the law up to date, eliminate obsolete sections, and give taxpayers, perhaps millions of them, a tax break. For example, people with dependents.

Congress probably will put some of the proposals into effect when it returns in 1954. But a sales tax is not among the proposals being considered by the two staffs working together.

By and large the proposed changes would mean a revenue loss to the government, not more revenue, such as a sales tax would bring in.

At this time any study of a proposed sales tax would have to be made by Humphrey's Treasury staff alone. No congressional committee is reported thinking of proposing it.

When the Treasury Department was asked what possible proposals for new revenue are being considered, the answer was: "That's confidential."

Yet next year, if the Eisenhower administration finds it can't balance the budget, it can do one of two things: (1) go on with a deficit, borrowing new money to meet its expenses, or (2) ask Congress for additional taxes.

If it seeks new revenue it can explore only four main sources: the income tax on individuals; the income tax on corporations; an excise tax, such as on jewelry; and a sales tax on most of the things people buy.

In the next few months, because of previous decisions of Congress four taxes are due to end or go down, with a loss to the government of about eight billion dollars annually in revenue:

On Dec. 31 the excess profits tax on corporations ends and the income tax on individuals goes down about 10 per cent; on April 1 the normal tax on corporation income drops five percentage points and some excise taxes are cut.

The administration through Humphrey, has already said it will not try to stop what is scheduled to happen Dec. 31: the end to the excess profits tax and the 10 per cent drop in income taxes, a combined loss of about 5½ billion dollars to the government.

But President Eisenhower several months ago asked Congress to delay indefinitely the drop in the normal corporation tax (it means two billion dollars revenue a year) and in excise taxes (amounting to about a billion a year).

If squeezed in trying to balance the budget, he might renew that request. And, if really squeezed, the administration might also ask Congress to vote new or additional taxes.

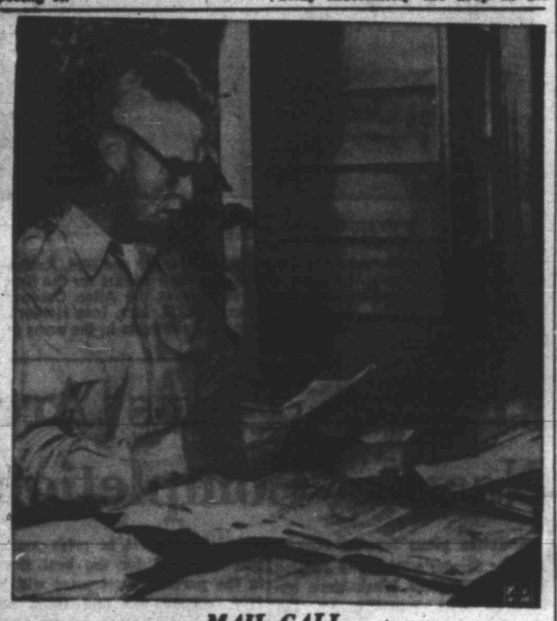

But next year is a congresional election year. It's not likely members of Congress would go for an increase in invidiaul or corporation income taxes. That would leave the administration only two other main fields in which to look for added revenue:

A general sales tax or new excise taxes. For example, Congress could vote an excise tax on services or goods not now so taxed, like hotel rooms, laundry services, or furniture.

A sales tax could take several shapes: a tax on manufacturers—a tax paid by them on what they make and sell to wholesalers; a tax on wholesalers—on what they sell to retailers; or a retail tax—on what retailers sell to consumers.

It has been estimated that a five per cent sales tax at the retail level, on all items except food and medicine, would bring the government perhaps 5½ billion dollars a year.

More than 30 states now have sales taxes, 27 of them at the retail level, and over 160 cities have. Judging from the resentment so far expressed by members of Congress against a national sales tax, the administration would have tough going getting it through.

MAIL CALL

After a few hours sleep Gen. William Dean got right down to work "relaxing" at his home in Berkeley, Calif. In his case relaxing meant answering over a hundred letters he received, many from worried mothers asking did he know or had he seen their missing boy. Most letters had simple and sincere messages that added up to "glad you're home."

BUSINESS MIRROR

Liquor Industry Goes After Heavy Fall Business Early

By SAM DAWSON

NEW YORK (AP)—Whisky makers are starting a bitter battle of the blends.

Between now and the year's end—the period in which liquor men usually chalk up 40 per cent of their annual sales—dealers will be wooed with better profit margin offers.

Consumers will be wooed with gimmicks and extras, mostly eye appeal—but with very few price concessions.

For some distillers it's a matter of trying to crawl out from under an embarrassing over-supply of whiskey in their warehouses. Straight whisky has been selling well, but sales of the blends of whisky and neutral spirits have been slipping in recent years.

Distillers lay most of the blame for the slip in whisky sales on the federal tax of $10.50 a gallon —hich makes whisky look forbiddingly high priced to many folk.

Here's what a sampling of some of the nation's 239 distilleries are up to this fall in pushing sales of the higher-priced blends—mostly those in the $4.50 to $5 a bottle class.

Schenley Reserve is out in a fancy decanter—at the same price as the old round bottle.

It'll cost Schenley money. The bottles cost more; bottling lines had to be changed; transportation costs are higher. But Schenley's director of merchandising, Don Goldstein, says the decanter already has perked up sales.

Seagram's Seven Crown the big postwar gainer and now the pace setter at eight million cases a year, is launching its heaviest advertising campaign in history and has expanded its sales force. It says: "no gimmicks," but insists it is confident of holding its place.

Calvert Reserve, second - place seller at slightly under 3½ million cases, and its running mate, Lord Calvert (now approaching the one-million cases a year mark) will be out in another week in their holiday garb.

But they have another gimmick —called the home bar carton—which this summer cashed in on the popularity of gin and tonic. Calvert puts a bottle of whisky and a bottle of gin in the same carton (the same idea as putting three soap bars in a package). The carton contains drink recipes, and also bottle cappers for soft-drink mixers. Calvert says this has sold whisky to a lot of gin fanciers.

Frankfort Distillers stress the high level of the national economy: The idea: many people have moved up a notch or two in the income brackets to the point where, as President Ellis D. Slater puts it: "Today Four Roses is virtually within everybody's reach."

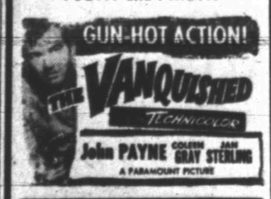

He admits selling won't be a push-over in the highly competitive market. But he thinks the upgrading approach to the customer should do the trick for both Four Roses and Paul Jones.

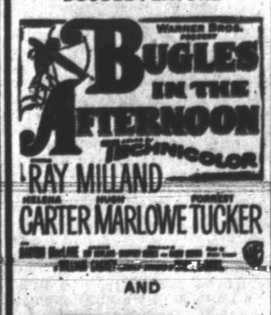

All the other companies are going to be straining, too, to grab off a larger share of the consumers' outlay for liquor, which topped four billion dollars last year.

OPERATION IN FRIGHT

Women Have Even Beaten Machinery Into Submission

By HAL BOYLE

NEW YORK (AP)—It is not only men who are secretly or openly afraid of women. Machinery is too.

Few things show the difference between the sexes more than their attitude toward machinery.

A boy loves his bicycle almost as if it were a horse. A man feels the same way about his motor car. He pats it on its shiny faithful side and in his heart he hears its answering neigh.

Men feel a real kinship and loyalty to many machines. They think of a machine as another living thing with a personality of its own.

Since a man does think of a favorite machine as having a life of its own, he respects the quirks in its nature.

Therefore, when something goes wrong with the machine, when it fails to function for one reason or other, it makes him as uneasy as if a human friend fell ill. His general attitude is one of, "what can I do to help you, Buddy?" And he tries with understanding hands to find out what ails his machine, and fix it and make it feel well enough again to go about its usual work.

Few women go in for this kind of nonsense. They are superstitious about many things, but they don't endow any machine with heart, soul or spirit. There is no real camaraderie between a woman and her cookstove, refrigerator, vacuum cleaner or hair dryer.

She never thinks of a machine as having a mind of its own, and it had better not act as if it did. She has enough mind for both of them, and a machine had better obey her, if it knows what is good for it. She is not going to put up with any metal whims.

A man never trades in an old motor car without silently saying, "Goodbye, Old Pal, goodby." He feels like a cowboy who sells his old horse to a dog food cannery.

But what housewife, on getting a new refrigerator, ever threw her arms around the old one, and wept, "au revoir, my darling. There'll never be another refrigerator with trays like yours."

Machines are not really as dumb as they look. They know the difference in the way men and women feel toward them.

Women are always bragging about how they can fix machines by jiggling them. They don't really fix them. When a women goes over and jiggles a balky machine, it knows she is threatening, "You start working right now, you silly clump of metal, or out of this warm house you go right into a junkpile."

The machine, whatever is wrong with it, promptly starts working again—but only out of pure fear. It is running on sheer nerves, overwhelmed by a dominant feminine personality.

The sick machine goes on chugging frantically until it collapses, and the woman tells her husband, "that old thing is worn out. I'll have to have a new one."

But if you really gave the poor faithful departed machine an honest post-mortem it would have to be this: "Nervous breakdown from overwork induced by fear of a woman. Can be restored to normal function by replacement of fright-stripped gears and prolonged rest in strictly male atmosphere."

Christmas Came And Went Early This Year

OKLAHOMA CITY (AP)—The neighborhood kids figured Christmas has come a little early this year.

On a street corner were Santa Claus and his assistant in the person of an 8-year-old girl and her 6-year-old brother, passing out toys to all excited takers.

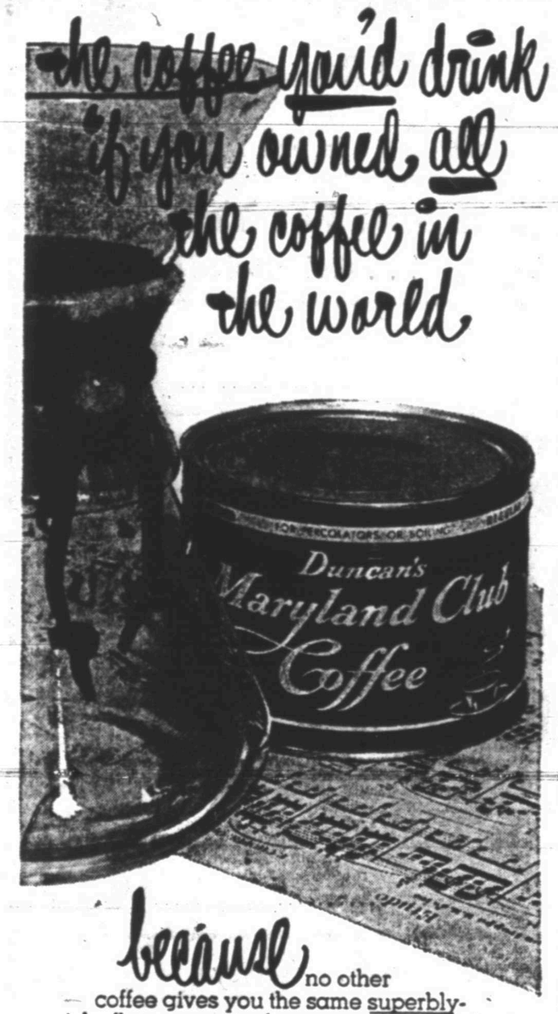

They were nabbed by scout car officers who had just received word of a couple of strange robberies. The reported loot was seven dolls, a gun and holster set, two sets of children's cowboy boots, and some jewelry.

Weary police were busy retracing the steps of the young Santas trying to retrieve the toys. They could give no reason for their philanthropic action.

Fish flour has been proposed as a milk substitute in some countries with no dairy industry.

Coinbox TV Is Starting In November; First Run Movies

HOLLYWOOD (AP) — Pay-as-you-see television starts operating early in November. Enough potential wonders are claimed for it to guarantee that sponsors, movie producers, pollsters—and perhaps just plain viewers—will be watching eagerly.

The debut of coinbox TV will be in Palm Springs, Southern California winter playground of the wealthy. If you're a consumer you dial channel 6; the picture is scrambled and jumpy. An announcer tells you what the attraction is. To buy, you drop enough coins into a plastic box atop your set to total the designated price. Then the picture becomes clear and steady.

First-run movies will be the initial attraction on the new system. The first may be "Forever Female," a $1,250,000 film starring Ginger Rogers and William Holden. The picture was made by Paramount, which has a half interest in International Telemeter Corp., manufacturer of coinbox TV.

The same film will be shown the same evening in a Palm Springs theater. Either way the viewing price will be the same, perhaps $1.10 or $1.65. But at home, telemeter's backers point out, a whole roomful of people can see the show for one admission price.

"Telemeter," says its executive vice president, Carl Leserman, "will offer something better than a sponsor can afford. If it is used in volume, we feel we can give movie producers 75 to 90 per cent of the return. That's why producers are so interested in it."

He said all major Hollywood producers but one have indicated a readiness to provide first-run films for telemeter.

As other coin-in-the-slot attractions he envisions professional and college football, boxing matches and Los Angeles Philharmonic broadcasts.

Prices? "I can see a championship heavyweight fight or the Kentucky Derby at $2," Leserman said. "And kiddie shows for 15 or 20 cents."

For producers, Leserman sees some heady figures: There are 25 million TV sets in the country. Suppose 10 million paid 50 cents each for a one-night showing of a 2-million-dollar movie. More than enough to pay for it in one night.

The plastic box can collect any price from a nickel to $2. If you haven't exact change and overpay, it automatically credits you toward the next show. A collector comes around every month or two and removes a locked drawer from the coin box. The drawer contains the coins you deposited—and a magnetic tape recording showing what programs you saw and how much money, therefore, should be there.

Telemeter could operate from any TV transmitter, and its backers hope the Federal Communications Commission will be sufficiently impressed by the Palm Springs closed-circuit operation to approve a metropolitan-area tryout.

Three Wells In Scurry Fields Are Completed

Completions of three field locations in Scurry County have been reported to the Railroad Commission.

In the Kelley-Snyder field, Pure Oil Co. No. 5 J. S. Head flowed eight hours to make a calculated potential of 843 barrels of 41.6-gravity oil. No water was present on the test. Gas-oil ratio was 958-1.

Pay in the No. 5 Head was topped at 6,845 feet, with five and one-half-inch casing cemented at 6,902 feet. Production is from perforations at 6,845-441 feet.

Drillsite is 951 feet from north and 745 feet from west lines of the lease in section 255-97-H&TC.

Humble Oil No. 16-a-C-1 J. M. Sorrells, Diamond M-Canyon test, flowed 24 hours for a potential of 101.51 barrels of 42.2-gravity oil with .3 of one per cent water. Gas-oil ratio was 1,458-1, with tubing pressure 6,707 pounds. Production is from perforations at 6,707-726 feet.

Location of the new oiler is 2,100 feet from east and 900 feet from south lines of section 100-97-H&TC.

E. J. Gray of Baytown No. 5-A Farrar has been completed in the Sharon Ridge 1700 field for 59.6 barrels of 28-gravity oil.

The project pumped 24 hours on the potential test. Production is from open hole at 1,713 feet, where pay was topped and casing cemented, to 1,758 feet, total depth. The project was acidized with 6,000 gallons.

The No. 5-A Farrar is 330 feet from north and west lines of the northeast quarter of section 193-3-H&GN.

Gunman Can't Shoot

VAN NUYS, Calif. (AP) — "Go ahead and shoot," jeweler Harry Sosin calmly told a gunman who had ordered him to the rear of his store on the threat of shooting him in the face yesterday.

The intruder looked perplexed for a moment, then ran out to a waiting auto and fled.

KIDNEYS MUST REMOVE EXCESS WASTE

Nagging backache, loss of pep and energy, headaches and dizziness may be due to slow-down of kidney function. Doctors say good kidney function is very important to good health. When some everyday condition, such as stress and strain, causes this important function to slow down, many folks suffer nagging backache—feel miserable. Minor bladder irritations due to cold or wrong diet may cause getting up nights or frequent passages.

Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild diuretic. Used successfully by millions for over 50 years. It's amazing how many times Doan's give happy relief from these discomforts—help the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!

EVERYBODY'S

OPEN EVERY DAY — Big Spring Highway

Relaxing a moment before lunch are Mr. and Mrs. Nicholas Schmidtt and their host, Hugh Taylor, Sr., left. They are pictured in the living room of Taylor's home near Snyder.

SOCIETY SCRIBBLINGS

Pacific Fisherman Visits Hugh Taylors' Ranch Home

Does Alaska sound interesting and exciting to you? It did to NICHOLAS SCHMIDTT who came to this country from his native Germany when only a boy. He tried several types of work but the vastness and beauty of Alaska fascinated him and there he went to become an expert salmon fisherman.

He has been all over Alaska, seen the Aleutian Islands, the Kennicott mines, lived in Anchorage, and was in Seward when Wiley Post and Will Rogers were killed. Alaska, he said, was full of excitement in those days and later, during War II it had even more excitement.

Employed by the American Pacific Whaling Co. with headquarters in Seattle, Washington, Schmidtt became intimately acquainted with the west coast as well as with Alaska. He lived in Centralia, Wash. from 1924 to 1941 and every summer season lived in Seward, Alaska.

He was naturalized in 1933. He considers himself truly an American since his earliest years in the country have inculcated Americanism in him and he thinks it the greatest country of our time.

Active in the fishing industry until only a short while ago, he was accustomed to going to Hot Springs Ark. , annually for treatment of arthritis.

It was in Marlin last year that he met Mr. and Mrs. HUGH TAYLOR, SR., of west of Snyder. They became friends, having many tastes in common including ranching which has always interested Mr. Schmidtt. He later accepted the Taylor's invitation to visit them at their ranch.

Mr. Taylor said he believes he could one day make a first rate cowpoke of Mr. Schmidtt if they had the time for the necessary training.

Mr. Schmidtt said he likes Texas. "I think it is wonderful," he stated. He has traveled extensively, having circled the globe twice and traveled across it many times.

He and Mrs. Schmidtt, who is with him on his Snyder visit, plan a trip to Germany next summer. For a time they will live at Holland.

PROPER WAY

Mrs. J. J. BLACK, Midland, former district president of Parent Teachers Association gave a course in parliamentary procedure here Monday and Tuesday at the Presbyterian Church. The course was sponsored by the City Council of PTA.

Knowledge Of UN Is Called Vital

Methods of inculcating the purpose and operation of the United Nations were expounded for the Business and Professional Women's Club at its monthly dinner meeting Tuesday night. Mrs. Leamon Land, chairman, presiding.

Grover C. Hartt, Dallas, speaker of the evening, was introduced by his host, Garland Armstrong, Snyder attorney. Mr. Hartt confined his address to the urgent need of Americans to learn all about the function of the UN and discussed in detail a contest method of bringing this information before the general public. He warned that no one should remain uninformed on what the UN is doing and said that too few persons take the time to read the newspaper reports.

Concluding his talk Mr. Hartt held a question and answer session.

Besides Mrs. Land Mrs. Raymond Williams and Miss. Martha-Lanfried were on the program committee.

Nineteen members and six guests attended.

Luncheon For Former Snyder Resident Given

Mrs. J. E. Bucy, former Snyder resident who now lives in Denver, Colo., was honored by Mrs. Prentis Bass and Mrs. C. V. McClatchy with a luncheon Tuesday at the Country Club.

A centerpiece of roses was used on the luncheon table. In the bridge games which followed, Mrs. Ray Keenan won first, Mrs. Warren Richardson second, and Mrs. Leon Younger low. The hostesses presented Mrs. Bucy a gift of silver.

Guests were Mrs. Gid Carlisle of Odessa, Mrs. Jim Reed, Mrs. Bob Bickerstaff, Mrs. I. S. Dolen, Mrs. Jack Winters, Mrs. A. C. Floyd, Mrs. E. H. Muhlbach, Mrs. Leon Younger, Mrs. Ray Keenan, Mrs. V. V. McGrew, Mrs. Wade Pipkin, Mrs. Herbert Feather, Mrs. Warren Richardson, Miss Leah Davis, Mrs. Paul Jones, Mrs. W. P. Thurmon, Mrs. J. T. Burris and Mrs. Mabel Brock.

Surprise Supper For John Pryor

A surprise Mexican supper was given for John Pryor Monday night at the rodeo grounds. The occasion was in recognition of Mr. Pryor's birthday and in farewell to him and Mrs. PRYOR who leave Nov. 1 for Beeville.

After supper a blue and gold birthday cake was presented to Mr. Pryor by Mrs. Pryor.

With the Slick and Moorman Oil Co. in Snyder for three and one-half years on the N. L. Harrell lease, the Pryors have become known for their barbecues with which they frequently entertained.

Out of town guests were Dr. and Mrs. O. L. Peters, Sweetwater, Mr. and Mrs. J. Sulpwit, Sweetwater, and Mr. and Mrs. F. H. Wolfe, Seminole. Other guests were Mr. and Mrs. Ross Williams, Mr. and Mrs. Warren Sturgeon, Mr. and Mrs. D. M. Pogue and daughters, Mr. and Mrs. Russell Savage, Mr. and Mrs. George Ihofe, Mr. and Mrs. Jim Hensley, Mr. and Mrs. Bill Atwood, Mr. and Mrs. Dell Kennedy, Mr. and Mrs. Lyle Galbreath, Mr. and Mrs. Orville White and children, Mr. and Mrs. Dewey Lester, Mr. and Mrs. Harry Reid, Bill Vernon, Bud Heath, Mr. and Mrs. D. O. Smith and Mr. and Mrs. H. C. McElreath.

Americanism Is Altheneum Study

Americanism and child welfare will be the subject and the project this year for the Altheneum Study Club it was disclosed at the luncheon Tuesday noon in the home of Mrs. R. L. Duggar, 3765 Dalton Drive.

The buffet luncheon was served from a table decorated with arrangements of white chrysanthemums.

Mrs. W. R. Bell, Sr. gave the principal address which was on the restoration of Independence Hall. She gave little known facts about the project which emphasized the importance of maintaining the historic building.

Mrs. Duggar, president, introduced three guests, Mrs. E. Etgen who has returned from California, Mrs. Wayne Boren and Mrs. Clyde Hall. Mrs. Boren and Mrs. Hall are sponsors of the club.

Eight new members were acknowledged and welcomed by Mrs. Duggar. They are Mrs. Gene Richardson, Mrs. R. C. Patton, Mrs. Miller Price, Mrs. J. B Robertson, Mrs. Ben E. Liebe, Jr., Mrs. James M. Speers, Mrs. Cliff Knight and Mrs. J. C. Williamson.

Gifts were presented to the new members and the guests.

In the business session following luncheon the president presented the two subjects for work and study during the club year. Child welfare will be the general project as well as a study.

Parent-Teacher Cooperation Aids Child's Life

Cooperation between parents and teachers is essential to the child's welfare the Central Parent-Teachers Association emphasized in the meeting Tuesday afternoon.

Mrs. Jack Harless, president, presided.

Auston Bratton, member of the city police force, was the first speaker of the afternoon. He discussed the way in which parents and teachers may cooperate with the police for greater protection of children.

Mrs. Hollis Field's talk was on how parents may cooperate with teachers to the best benefit of the child's school life, and Mrs. L. G. Baker told how today's teacher contributes to the cooperation between school and home.

The association voted to give two fish bowls to the school and stipulated they should be allowed to go to the rooms having the biggest number of mothers present at the PTA meeting each month. In this manner the bowls may be rotated from room to room.

Mrs. H. E. Walker's sixth grade won a bowl and Mrs. P. W. McPherson's and Mrs. L. G. Baker's rooms tied for the second bowl.

Door prize went to Mrs. Stanford Land.

A general business meeting concluded the session.

Recreation Program Presented By State PTA Officer Tuesday

The art of playing games and planning recreation programs for large groups was demonstrated Tuesday night by Mrs. Lou Hertenberger, state Parent-Teacher Association recreation director of Navasota. The City Council PTA program was given over entirely to Mrs. Hertenberger.

Preceding the recreational hour Mrs. E. N. Baker, council president, introduced Mrs. J. J. Black of Midland, former district PTA president.

Brief discussion of the organization of a high school PTA was held. T. D. Wiman, high school principal, appointed a committee to work on the organizational project. Among those names were Mrs. Bill Teaff chairman, Mrs. Charles Youngblood, Mrs. Ed Boiger, Mrs. L. P. Houston and Mrs. Woodrow Adcock.

The new organization is to be known as Parent Teachers Student Association.

In the recreational program a hat show with men models, a get-acquainted game and musical games were the high points.

Refreshments were served to the 75 parents, teachers and guests by Mrs. L. P. Houston and her committee.

Eastern Star Study Club Sets New Hour

A change in meeting time of the Eastern Star Study Club was agreed upon at the club's Tuesday meeting in the home of Mrs. Bill Byington, 115 Browning. Co-hostess was Mrs. M. L. Sneed.

The new meeting time will be at an afternoon hour on the second Tuesday of each month and at a night hour on the fourth Tuesday of each month. Hours for the meetings are 3 o'clock for the afternoon and 8 o'clock for the night.

Mrs. W. E. Patrick, 2700 Avenue F, is the hostess for the Oct. 13 meeting.

WOMEN'S CALENDAR

THURSDAY

Stumble and Fall Square Dance Club, 8 p.m., Ballard's Cafe.

FRIDAY

Altrurian Club, Mrs. R. H. Curnutte, 2306 Thirty-second Street, hostess, 3 p.m.

PERSONALS

Guests in the Prentis Bass home, 3789 Highland Drive, have been Mrs. J. E. Bucy of Denver, Colo., and Mrs. Gid Carlisle of Odessa.

Mrs. Norman Spencer, 2207 Twenty-fifth Street, is spending a few days in Big Spring looking after business interest there and visiting friends.

Helps For Homemakers

Send your questions to "Helps for Homemakers," Snyder Daily News, or call 3-5405.

My children do not like milk and I have lots of trouble getting them to eat cereals. I know growing children must have milk. Can you suggest some way to give them the milk?—M. W.

Yes. Hardly any child will refuse a good dessert and there are scores of them made with milk. Custards, puddings, ice cream, milk and fruit delicacies made with gelatin are almost always a hit with children.

Cottage cheese made into a cake requires milk and is very simple to make. Use gelatin and sprinkle with brown sugar. You will have none of it left.

Gravies, of course, are a way of serving milk. Creamed potatoes, potato soup or cream of pea soup may be served for variety's sake.

If you have not tried your children's taste on chocolate, milk it may offer you a solution to your problem. If they like hot chocolate that will provide a way to use milk.

Check your receipe books carefully for vegetable dishes, desserts and soups made with milk. You can be sure that by this method you will be able to provide the milk your children need.

Meat Preparation Demonstrated At H-D Club Meeting

Demonstrating the preparation of a pot roast with vegetables, Mrs. Clarence Moore had charge of the greater portion of the Plainview Home Demostration Club meeting Tuesday. The club met in the home of Mrs. B. J. Bartels.

At the close of her demonstration Mrs. Moore distributed recipes and cooking suggestions for different cuts of meat.

Plans were made for another of the club's community suppers. It was decided the main dish for the supper will be beef stew. This is in keeping with the present study of meats.

Mrs. Melton McMillan had charge of the recreation.

Refreshments were served to the 12 members attending.

BRAND NEW APRON STYLES!

Tea Aprons 2016

These little fabric aprons are so easy to whip up in a minimum of time and material, you'll want several—for yourself and for gifts.

No. 2016 is cut in one size. Each apron takes only 1⅝ yds. of 35-in. Ric rac and scraps can be used to make them sparkle!

Evidence Builds Up Against Youth Held In Brutal Slaying

UPPER SANDUSKY, Ohio (AP)—Law officers have found love letters they say will help prove 19-year-old Roy Schinagle cold-bloodedly murdered his coed sweetheart.

Sheriff Dean McAllister carried his investigations from Wyandot County to a room in Cleveland where he said he found two letters to Cynthia Pfiel, 19-year-old White Plains, N.Y., girl whose body was found mutilated beyond recognition.

McAllister said he would use one of them at Schinagle's trial in an attempt to prove he planned the murder.

He wouldn't say what was in the letters. But the Cleveland Plain Dealer quoted a policeman as saying Schinagle wrote Cynthia inviting her to Delaware, where the Mayfield Heights (Ohio) youth was preparing for the fall term at Ohio Wesleyan University.

The Plain Dealer's source said Schinagle told the girl to meet him secretly and not to tell anyone she was pregnant.

Meanwhile, Prosecutor Harold Roth was planning to file first-degree murder charges against the blue-eyed, sandy-haired youth who police say signed a nine-page confession.

The confession reportedly tells how the boy strangled his bride-to-be in a shack on the football field at Ohio Wesleyan, beat her with a pipe and tore 17 gashes in her face before dumping her in a patch of woods near here.

McAllister, the handsome 25-year-old sheriff of this north central Ohio county, and Schinagle led law officers along the 50-mile death trail from Delaware to Upper Sandusky.

Beneath a bridge in Delaware, officers donned knee boots to fish for the instrument they said Schinagle used to club and stab his sweetheart. They found an iron bar four feet long. It was looped at one end and flat in the other—like those used by old time streetcar motormen to switch tracks.

Police did not say whether they believed it to be the murder weapon.

Later, they took the boy to the funeral home where Cynthia's body lay.

They told him to look at the dark-haired, once-pretty girl whose grey-blue eyes and dimpled face were slashed to pieces.

He glanced down. Then he turned quickly and put his hand to his face.

"Does this look like the girl?" McAllister asked.

The youth nodded his head.

Schinagle, described by neighbors in the Cleveland residential suburb as a "nice, quiet boy," softly answered questions asked by an Associated Press reporter.

The youth, who says he wants to be a minister so that he can "help people," said he "feels all mixed up."

He said that when they argued about a man "annoying" her "I just grabbed her around the neck, just for a short time. I just hit her once with my fist and she fell and started to moan."

"It was just a silly little argument," he continued. "She just playfully hit my nose, and I saw red."

Incest Charge Is Filed Here

A felony complaint charging incest with a niece was filed this morning against Emmett D. Baker, 37, who gave his address as 2205 Twenty-first Street.

Also arrested but not yet charged by noon today was the niece, Velma Baker, about 27. The sheriff's department said she was making a written statement.

The complaint was filed by Wayland Holt county attorney acting in the absence of District Attorney Renal Rosson, on the written affidavit of the woman's father, George L. Baker, a brother of the defendant.

The charge alleges that on or about Sept. 20 the defendant did "carnally know Velma Baker, the said Velma Baker then and there being the daughter of the brother of the said Emmett D. Baker, to wit: the daughter of George L. Baker."

The defendant had not been arraigned by noon before W. C. Davidson, justice of peace, before whom the charge was filed. The charge was filed this morning but was prepared and signed by the complainant and the county attorney Monday.

Arrests of the couple were made by officers of the sheriff's department on warrants.

As in all felony charges, the defendant may ask for or waive preliminary hearing before the justice of peace in which evidence is sometimes heard to determine whether a case appears to warrant grand jury investigation. In all cases, a grand jury may investigate, regardless of preliminary hearing; and it must so investigate a case in which no preliminary hearing is held.

The English word "coney" is derived from the Dutch "konijn," rabbit.

Teachers Get Resolution As Daily Guide

A one-day resolution in nine simple purposes has been sent to all faculty members and other school personnel here by Superintendent Cecil Yarbrough, who said it was recently printed in This Week magazine.

The resolving recipe for a day of happiness was sent Yarbrough by Dr. J. E. Hogan of the Malone & Hogan Clinic Hospital Foundation of Big Spring. Dr. Hogan said it was shown him by J. B. Turner of the school board here. Called "Just for Today," it follows:

"JUST FOR TODAY I will try to live through this day only, and not tackle my whole life problem at once. I can do something for 12 hours that would appall me if I felt that I had to keep it up for a lifetime.

"JUST FOR TODAY I will be happy. This assumes to be true what Abraham Lincoln said, that, Most folks are as happy as they make up their minds to be.

"JUST FOR TODAY I will try to strengthen my mind. I will study. I will learn something useful. I will not be a mental loafer. I will read something that requires effort, thought and concentration.

"JUST FOR TODAY I will adjust myself to what is, and not try to adjust everything to my own desires. I will take my luck as it comes, and fit myself to it.

"JUST FOR TODAY I will exercise my soul in three ways: I will do somebody a good turn, and not get found out. I will do at least two things I don't want to do—just for exercise. I will not show anyone that my feelings are hurt; they may be hurt, but today I will not show it.

"JUST FOR TODAY I will be agreeable. I will look as well as I can, dress becomingly, talk low, act courteously, criticize not one bit, not find fault with anything and not try to improve or regulate anybody except myself.

"JUST FOR TODAY I will have a program. I may not follow it exactly, but I will have it. I will save myself from two pests: hurry and indecision.

"JUST FOR TODAY I will have a quiet half hour all by myself, and relax. During this half hour, sometime, I will try to get a better perspective of my life.

"JUST FOR TODAY I will be unafraid. Especially I will not be afraid to enjoy what is beautiful, and to believe that as I give to the world, so the world will give to me."

Adult Classes Started Here

Classes for adult education began Monday night at the nigh school.

Tentative plans were made for classes in shorthand, typing, bookkeeping and shop.

T. D. Wiman, Jr., high school principal, said there has been interested expresed in a course in business law. It may be added later.

Classes will meet at 7 o'clock in rooms 106, 108 and 110 in the new high school building.

All who are interested in attending these classes are invited to attend, Wiman said.

COMPLAINTS ABOUT DOGS TAKEN TO JUDGE TAYLOR

Edgar Taylor, county judge, says he's beginning to wonder just how many duties and what jurisdiction some have come to believe his office should include.

Tuesday, he received an anonymous letter from a person who wanted him to do something about "all these dogs running loose in Snyder." That afternoon, he received a phone call from an aged friend who was worried that the new city dog ordinance might require him to get rid of some of his bloodhounds.

The letter was evidently the result of someone's disgust with his neighbors' failure to keep dogs penned or chained. It complained of dogs ruining his (or her) yard, carrying off newspapers, scratching up flowers, and howling at all hours.

The phone call came from the owner of a bloodhound which recently gave birth to three pups.

"I have no authority in such matters," the judge said, "but I don't mind listening and trying to sympathize."

HOSPITAL NOTES

The following admissions and dismissals at Battenfield Hospital are those whose names were released by the hospital.

Admissions: Mrs. V. A. Wells, Fluvanna; Jackie Creamer, Snyder; J. W. Johnson, 700 Twenty-third Street; Raymond Powell, Snyder; Raymond Lee Treat, Polar; Mrs. G W. Albritton, Snyder; Mrs. Raymond Phipps, 301 Thirty-first Street; Mrs. C. C. Isbell, Snyder; Wanda Lou Powledge, Snyder.

Dismissals: Mrs. Garland C. Taylor, 1401 Eighteenth Street; Gary L. Durst, 3301 Avenue K; Mrs. J. H. Ogden, Snyder; Mrs. Algerata James and baby, Snyder.

BIRTHS

Mr. and Mrs. Algerata James, Snyder, are the parents of a daughter born at 6:10 p.m. yesterday in Battenfield Hospital. The baby weighed six pounds, 10 ounces.

Blast Is Fatal To 10 Workers

TONAWANDA, N. Y. (AP)—The district attorney ordered an investigation opened today into a series of explosions that killed at least 10 workmen, injured 27 persons and blew a peroxide plant into rubble.

Fearing the death toll from yesterday's blasts might run as high as 12, searchers today probed the ruins of the one-story brick building for more bodies. Ten were recovered yesterday, but it was reported that 12 men were in the building.

A fire chief said the explosions, thought to have been in chemical storage tanks at the Lucidol division plant of the Novadel-Agene Corp., caused damage that would run into millions of dollars.

Dr. Franciscus Vissar't Hooft, president of the firm, said "Apparently in some unexplained manner a batch of material ignited and the explosion followed." But the company said the precise cause was not determined.

Food Handlers Will Get Special School

An annual five-day food handlers school will be conducted by the State Health Department and the County Health Unit Oct. 5-9, Dr. Hugh J. Stennis, health unit director, announced today.

Stennis said two-hour classes will be held daily at 4 o'clock in the afternoon at the old high school auditorium for all food handlers interested in the school.

The school cafeterias have already promised cooperation in the school and said they will probably send all their personnel. Last year, both the Snyder and Hermleigh school cafeterias received placards for 100 per cent attendance at the school. About 50 persons completed the training last year.

Stennis urged cafe personnel and other persons handling foods here, as well as any housewives interested, to attend the course. No cafe personnel completed the school last year, he said.

Placards will be given this year to food establishments that have 80 per cent attendance in the course, providing the manager of the establishment attends.

The health unit director urged food handlers to take the free course, which deals mostly with sanitation. "It's just as easy to do a thing right as to do it wrong," he said.

On the first day of the school, the instructor, Tom Warren of Austin, public health educator, will discuss food handling and bacteria. On the second day he will talk on preventing food contamination and spoilage. Three enemies of the food establishment will be taught the third day, while on the fourth day Warren will cover sanitization, storage, handling of dishes and utensils, and general food establishment sanitation. The last day of the course will be devoted to general discussion on the food handler's job, personal hygiene, and salesmanship.

More than 25 communicable diseases may be spread by careless food handlers, and four out of five cases of all reported communicable diseases occur due to disease germs entering through the mouth, Stennis said, stressing the need for the food handler's learning the best methods to control diseases.

Steps Outside For His Lunch, Gets Lost

COLUMBUS, Ohio (AP)—When 6-year-old Larry Mudd told his teacher he left his lunch box "outside," she didn't think he meant 20 blocks away.

She let him go after it. Ten hours later he hadn't returned. His parents were frantic. Police searched Columbus.

They finally found him last night—lost and hungry.

He had three questions when he got home:

"When do we eat? Why do ladies drive police cars? Daddy, why are you shaking so much?"

X-Ray Program Found 26 With Some Sort Of Lung Condition

A total of 26 persons have been advised by the State Health Department to consult their physicians on conditions that appeared in chest X-rays taken here last month.

Dr. Hugh J. Stennis, director of the county health unit, said that 17 of the 26 persons were reported as suspicious of tuberculosis, while the other nine have possible conditions other than TB.

"Probably not half of these will have anything seriously wrong with them," Stennis said, but he added that the annual mass X-rays show all those suspicious of ailments in and around the lungs.

All those who took the chest X-rays last month are now being notified of the result by the health department, as are the persons' family physicians and the health unit here.

Scouting Cop Dunked

TULSA, Okla (AP)—Officer Orval Bennett, scouting a Baptist church here late at night for a possible burglary, accidentally came a cropper.

Creeping down some stairs in the darkened church he felt his feet getting wet. Trying to determine his location he slipped.

Kerplash! He ended up in the baptistery.

He caught nothing but a cold.

Italians Go Out On Strike

ROME (AP)—Labor threw a short, sharp almost-general strike at Italian industry today in the biggest walkout since the touch-and-go days of 1948.

All three of Italy's major unions, Communist and non-Communist, called out workers for up to 24 hours in a massive protest for higher pay.

Police in Rome, Milan and Turin reported "all calm," in sharp contrast to the nationwide strikes of 1948 when Communists staged bitter and often violent emonstrations.

The current walkout was scheduled to end at midnight tonight but the Communists vowed more walkouts would follow. Agricultural workers throughout the nation already have been called to strike Oct. 5.

The unions said the Italian Confederation of Industry refused to discuss their wage claims.

An industry spokesman said the demands would cost industry more than 800 million dollars and that the owners wanted a "gradual, reasonable evolution" towards higher wages.

Found Leaking Gas

PHOENIX, Ariz. (AP)—J. H. Blankenship thought he smelled leaking gas last night. So he started to look with a lighted match, firemen said.

He was right. But by the time the fire truck arrived the fire had damaged his house trailer and burned Blankenship badly.

Tigers Take Field Tonight In El Paso Against Bowie Bears

A game which may prove to be one of the roughest of the season comes up for the Snyder Tigers tonight when they meet the Bowie Bears of El Paso.

The game, which will be played in El Paso at 8 o'clock tonight (9 o'clock CST), is the second of the season for both teams. The Tigers last week downed Fort Worth Tech 26-0, while the Class 4A El Paso team two weeks ago defeated Las Cruces, N. M., 7-6.

Royce Pierre, 182 pound end, and Jerry Smith, 198-pound tackle, will be game captains. Pierce and Smith, are both seniors and two-year lettermen. Both were outstanding in defensive play last week. The team left here early yesterday morning and was to hold one workout last night before the game.

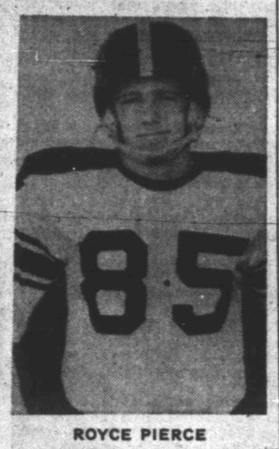

Last year, in their first meeting of Bowie, the Tigers stomped the Latin-American team 27-0. This year, Bowie is favored in District 2-4A. On the El Paso team are five boys who played against Snyder last year. Included is Bob Cordova, 150-pound quarterback who completed two out of six passes for 17 yards last year.

The Bears pass about 60 per cent of the time, as they did last year. Last year, the Bowie pass attack did not get started, and the team completed only eight of its 24 attempts, gaining 69 yards.

Other players returning are Eduardo Comacho, 150-pound halfback who is the team's chief pass receiver; Enrique Comancho, 150, end; Roberto Maldonado, 167, tackle; Medardo Ortiz, 170, end; and Leo Munoz, 148, fullback. Munoz went into the fullback position this year after the regular starter, Manny Morales, broke a leg in practice.

JERRY SMITH

ROYCE PIERCE

Few changes will be made in the Tiger lineup tonight. Frankie Minton, 223-pound junior, will replace Jimmie Rodgers on offensive left tackle, while Paul Hayes, 196-pound junior who starred on the B squad last year, may replace Pierce on offensive left end. Other offensive starters will be Norman Grimmett, 171, left guard; Morris Hataway, 182, center; Steve Blair, 164, right guard; Jerry Smith, 198, right tackle.

Bernie Hagins 150-pound junior, will start again this week as quarterback. Hagins served in that position most of last Friday night's game, while Joe Baxter, 178-pound sophomore played there as well as at both halfback positions during the night.

Baxter and Alan Snead, 175-pound sophomore, will be halfbacks while Jackie Grimmett, 175-pound senior, will again start at fullback.

On the defensive team, Hayes will replace Blair at end, while Blair will be a defensive guard in the five-man line. Minton will be a tackle instead of Robert Hagins, while Smith will serve at the other tackle. Keith Pitner, 162, will hold down the other end.

Backing the line will be Hataway and Grimmett, while Snead and White will serve as halfbacks and Baxter will be safety.

The Tigers worked all this week on offense after polishing their defensive game last week. The Fort Worth team gained only 83 yards against the Tigers and completed only one of nine pass attempts for 13 yards.

The remainder of the District 1-3A squads will play tomorrow night, except Breckenridge, which is idle this week. Big Spring will be at Pampa, Vernon will host Childress, Lamesa will go to El Paso Jefferson, Sweetwater will be host to Abilene, and Plainview will be at Ysleta.

Junior High To Lamesa For Two Battles

About 85 members of the junior high school grid squad were to travel to Lamesa this afternoon for two games with Lamesa teams.

The seventh grade team, coached by Jimmy Williams, was to play the Lamesa seventh at 3 o'clock while the eighth grade eleven, coached by Charlie Storrs, was to play the Lamesa eighth following the first game.

Williams said he has 38 gridders left on his squad, of the 55 boys who first started workouts with him, on one bus, while Storrs was to take his 46 boys on another bus. Storrs also started with about 55 boys.

The seventh grade team averages 105 pounds. It had not played another game before today's tilt. Lamesa's seventh has played one previous game, losing to Brownfield 21-0.

Starters for the seventh grade team were to be Gayle Courtney, 95, left end; Tommy Christine, 123, left tackle; Billy Arrendale, 110, left guard; Billy Rinehart 153, center; Gene Williamson 135, right end; Richard Mahan, 100, and guard; Gene Griffin, 110, right tackle; George Williams, 98, right Tony Anger, 108, alternating at quarterback; Jimmy Allen 125, left halfback; Roger Hensley 145, fullback; and Kenneth and Johnnie Drake, both 85, alternating at right halfback.

Today's game is also an opener for the eighth grade team. The Lamesa eighth lost to Brownfield 7-0.

Eighth grade starters were listed as Arnold Dorman, 130, left end; Dwayne Merritt, 145, left tackle; Bob Brooks, 148, left guard; Charles Johns, 140, center; Maxey Carey, 125, right guard; James Patterson, 133, right tackle; Virgil Gunnels 130, right end; Bud Morgan, 131, quarterback; Bobby Staton, 137, left halfback; Bobby Pollard, 140, fullback; and Israel Hinojos, 133, right halfback.

Last year there was one junior high team, coached by Williams. That team finished the season with a 6-2 record. The team's only losses were to Lamesa. By the end of the season, the team has scored 200 points to opponents' 62.

Pollard was the team's leading point-maker last year with 86 points.

Invalid Dies In Fire

TECUMSEH, Neb. (AP)—Mrs. Caroline Borrenpohl, 87-year-old semi-invalid, burned to death in a farmhouse yesterday after futilely shouting into her party line telephone: "The house is afire."

Neighbors who heard the call were unable tto tell where it was coming from.

Freshmen Play Game Tonight In Sweetwater

The Tiger Cubs, freshman grid squad, will play their first game of the season at 7:30 o'clock tonight.

The team, coached by Gene Gibson, will play in Sweetwater.

Sweetwater's frosh have already played two games this season, downing the Roby B squad twice. The last win over the Roby team was by a score of 40-0.

Leading the Sweetwater squad is Fullback Dickie Allen, junior high star last year and a good prospect for the high school team there, who made five of the team's six touchdowns against Roby. Allen carried the ball only seven times in the game to get his five goals, and he gained 210 yards on the seven carries. His scoring runs were 20, 10, 80, 35, and 39 yards. He had scored three times in the previous win over Roby.

Other Sweetwater scoring in that game came on a 25-yard pass from Quarterback Robert Neeper to End Jimmy Feagan and on a safety scored when a Roby back was nailed behind the goal line.

All Gibson's starters tonight are experienced from last year's junior high play. Ronald Smith, 110-pound quarterback, was junior high quarterback last year and was responsible for most of the completed 26 out of 43 passes, many of them paying off in touchdowns.

At ends will be Milton Ham, 125, and Richard Snyder, 130. Tackles will be John Partain, 145, and Wally Denson, 150. On guards will be Gary Hill, 120, and John Reed, 115. Center will be Larry Dixon, 120. Powell Berry, 120, will serve at one halfback. Gibson said he has no idea who the other half will be. Floyd Blackwell, 120 will be fullback.

Judge's Dignity Gets Ruffled By Youthful Hitchhiker's Antics

OKLAHOMA CITY (AP)—Police Judge James Demopolis, well past the sling-shot age, found himself an unwitting accomplice to a 12-year-old boy's antics yesterday.

Demopolis said he picked up a youthful hitchhiker and was taking the boy to a football game when, "Imagine my astonishment and consternation when he pulled out a bean-flip and shot a woman standing at the intersection."

The judge, his legal dignity ruffled, estimated the victim jumped five feet.

He said he got out, apologized, explained the boy was not his son, and beat a hasty retreat after delivering a lecture to the youth.

The boy's explanation, said Demopolis, was, "Oh, I shoot all the girls."

Baltimore Gets Ready To Aid Brown's Move

BALTIMORE (AP)—A group of wealthy Baltimoreans was all set today to plunk out $1,115,000 for working control of the St. Louis Browns if American League owners okay the transfer.

Meanwhile, a group of St. Louisians announced last-ditch plans to fight the transfer, saying they would fly to New York to seek a hearing before league owners at the special meeting Sunday.

The developments came as a time for decision neared on Bill Veeck's second attempt to move his Browns from St. Louis. The league turned down his request to come to Baltimore last spring by a 5-2 vote.

The feeling here was one of confidence that this year's attempt would succeed with local baseball men claiming the necessary six votes for the franchise shift would came Baltimore's way.

Most of the club owners who voted against the transfer last spring were reported solidly in the Baltimore camp.

But remembering last spring's defeat when the transfer was regarded as equally certain everything was done with a note of caution last night—contingent on Sunday's action.

Sow Has 22 Piglets

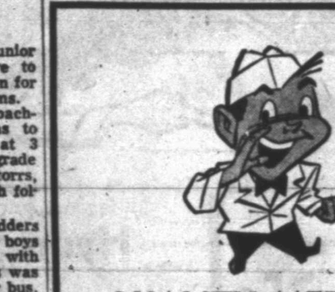

CENTREVILLE, Md. (AP)—Dairy farmer James Simpler got a good start toward a pig farm when a Chester white sow on his nearby farm went whole hog and gave birth to 22 piglets, believed a record for these parts.

THE SNYDER DAILY NEWS

VOL. 4, No. 126 — SNYDER, TEXAS, THURSDAY, SEPTEMBER 24, 1953 — SECTION TWO

Parents Get Into Fight Started By Their Young Children

DALLAS (AP) — A school-ground rhubarb between 11-year-old boys ended with their fathers battling fist-and-fang over a blackjack—and wondering exactly how the whole thing started.

Police said the sixth-graders argued yesterday on the way home from Lisbon Elementary School. One youngster slugged the other with a blackjack in front of the second boy's home. The victim's dad confiscated the weapon. Then the other father tackled the 53-year-old peacemaker and bit him on the forehead.

What started the squabble?

"I don't really know said one parent. It was something about a playhouse or clubhouse."

New Wife For Stork

DENVER (AP)—"Doc" Stork, the only one of his long-stemmed species at Denver's City Park zoo, is going to get a mate.

Fittingly enough, she will be paid for by the owner of a maternity clothing shop, Stanley A. Levy. A female stork will be imported from Europe next spring as "Doc's" spouse.

Drys See Return Of Prohibition To U. S.

DENVER (AP)—Delegates to the 73rd annual convention of the Colorado W.C.T.U., yesterday were told by national and state officials that prohibition may return to the nation sooner than anyone expects.

Said Mrs. Fred J. Tooze, Evanston, Ill., national recording secretary:

"The huge advertising campaigns by liquor interests are beginning to boomerang. Many people are becoming terribly concerned about the effect on young people, who have liquor presented to them as desirable through both ear and eye.

"They're protesting."

Something New Added

CHARLOTTE, N. C. (AP)—"Now what is this?" inquired Capt. Millard Butler of his wife as they walked into their home here.

"It's our television set," the wife explained.

"It's all new to me," the captain said. "I've never seen a TV set before."

He was just home from 33 months in a Chinese Red prison.

TROPICAL NUT DROPS FOR AFTER-SCHOOL SNACK
. . . made by one bowl, quick mix method

Fix After-School Snacks To Fill Energy Needs Of Young

Active boys and girls can burn up energy in no time at all, it seems. Now that school has started, they are apt to come home and go first to the ice box or the cookie jar.

It's no use to tell them to wait 'til suppertime. They are hungry. These after school snacks can be important nutritionwise for growing children. Be ready for them with a treat.

The first place many youngsters look for a snack is the cookie jar. Tropical nut drops are a sweet snack that will taste good to the children and they are nice for mother because they bake in such a short time.

TROPICAL NUT DROPS
2 cups sifted enriched flour
½ teaspoon soda
1 teaspoon salt
1 cup brown sugar
¾ cup new-types shortening
1 egg
2 tablespoons milk
1 teaspoon vanilla extract
½ cup chopped nuts
½ cup chopped dates
½ cup coconut

Sift together flour, soda and salt. Add sugar, shortening, milk, egg and vanilla extract. Stir to combine ingredients, then beat two minutes. Stir in nuts, dates and coconut. Drop by teaspoonfuls on greased baking sheets. Bake in moderate oven (375 degrees F.) 10 to 15 minutes. Makes about 4½ dozen 2-inch cookies.

Here is a recipe for sugar cookies that have a different twist. For a taste change, try them.

BROWN SUGAR COOKIES
2 cups sifted flour
½ teaspoon baking soda
1 teaspoon salt
1 teaspoon cinnamon
¼ teaspoon allspice
¾ cup shortening
1½ cups firmly packed brown sugar
1 egg, ¼ cup light corn syrup
1½ teaspoon vanilla
¼ cup buttermilk
1½ cups ready-to-eat bran
½ cup coarsely chopped walnuts.

Sift together flour, baking soda, salt, cinnamon and allspice. Cream shortening and sugar. Add egg, corn syrup and vanilla; beat well. Stir in sifted dry ingredients alternately with buttermilk. Stir in bran and walnuts. Drop by level tablespoonfuls, a few inches apart, onto greased baking sheet. Bake in moderate 375 degrees F. oven 12 to 15 minutes. Makes about five dozen cookies.

This recipe can be varied to make mincemeat cookies with little fuss and loss of good taste in the results. Simply add 2-3 cup moist mincemeat with bran and walnuts.

A chunky slice of a good quick bread makes a nutritious snack for children and is a nice change from cookies. This honey bread with rasins is simple to mix and tastes wonderful with spread cream cheese.

HONEY BREAD WITH RAISINS
1 cup seedless raisins
2 cups sifted all-purpose flour
2 teaspoons baking powder
1 teaspoon salt
1 teapoon soda
2 cups bran cereal
1 egg
¾ cup honey
1 cup sour milk or buttermilk
3 tablespoons melted shortening

Rinse and drain raisins. Sift together flour, baking powder, salt and soda. Stir in bran cereal and raisins. Beat egg lightly and combine with honey, sour milk and shortening. Stir into dry mixture, blending only until all flour is moistened. Turn into greased loaf pan (about 10 by 5 by 3 inches). Bake in moderate oven (350 degrees F.) 1 to 1 1-4 hours, or until toothpick inserted in center of loaf comes out clean. Makes one loaf.

Another quick bread that is sure to make a hit snack is oatmeal quick bread. This is how you make it.

OATMEAL QUICK BREAD
2 cups sifted flour
2½ teaspoons baking powder
½ teaspoons baking soda
1 teaspoon salt
½ cup sugar
1 cup quick cooking rolled oats (uncooked)
1¼ cups buttermilk
2 tablespoons butter or margarine (melted)

Sift together flour, baking powder, baking soda, salt and sugar. Stir in rolled oats. Add buttermilk enough to moisten dry ingredients well. Bake in greased loaf pan about 8½ by 4½ by 2½ inches in moderate (350 degrees F.) oven 55 minutes or until cake tester inserted in center coms out clean. Turn out on rack to cool. Store overnight in tightly covered tin container before slicing about 1-4 inch thick. Or bake in greased muffin pans until tester inserted in center comes out clean; time will depend on size of muffins.

To go with these cake and bread treats, or to serve by themselves here are two milk drinks that are excellent fare for after school. Made of nonfat dry milk, they will add nutrients without adding pounds.

FROSTED MALTED MILK
3 tablespoons nonfat dry milk
3 tablespoons chocolate malted milk powder
1 cup ice-cold water

Mix the nonfat dry milk and malted milk powder in a large glass. Gradually stir in about ¼ cup of the water and mix until smooth. Then stir in rest of water and mix until well blended. Put a scoop of vanilla ice cream on top just before serving. Makes one serving.

BANANA MILK SHAKE
1 large ripe banana
1 tablespoon sugar
1 cup ice-cold water
½ teaspoon vanilla
1-3 cup nonfat dry milk

Cut the banana into thin slices into a bowl. Add the sugar and beat with a rotary beater until smooth. Beat in the water and vanilla. Sprinkle the nonfat dry milk over top, beat until all lumps disappear. Serve cold. Makes two servings.

An apple, a banana, or any kind of fresh fruit makes an excellent snack, full of vitamins and low in calores. For a special fruit snack serve peaches with honey. Skin the peach and cut in narrow slices and top with honey. The honey flavor will spread throughout the fruit. It is not too sweet to spoil the delicate flavor of the fresh fruit, but enough of a change to give the peach a special air.

ADD HONEY TO PEACHES
. . . an unusual snack treat

In-Service Program Planned In Borden

An in-service training program for Borden County public school teachers will open Tuesday night, S. P. Stewart, high school superintendent, said.

Dr. John Carroll, Dr. Ted Edwards and Dr. Horace Hartsell, all from Texas Tech, will attend the first meeting to help complete plans for the program. Instructors in the program will also come from Tech.

Meetings during the training program will be scheduled in alternate weeks and will offer three hours academic credit for teachers attending.

PRESS CLUB AWARDS

Photographer Frank Noel and Newsman William Oatis, both of the Associated Press, get their 1952 awards from the Overseas Press Club in New York City. The two men, home after months of Communist detention, accepted the awards in ceremonies at the Rivoli theater during a movie preview. Oatis received the George Polk Memorial for "covering integreity and enterprise above the call of duty." Noel was cited for "best picture reporting from abroad for its interpretive quality." From left are Oatis; J. Clifford Stark, president of the club, and Noel.

16-Year-Old Negroes Must Die In Chair

ATLANTA (AP) — Two 16-year-old Negro youths have lost their appeal from death sentences imposed for raping a young white girl.

The State Parole Board yesterday refused to commute the sentences given Herman Lee Miller of Savannah and Willie Jackson Jr. of Athens.

The youths, inmates of the Negro boys' training school, were away from the school at the time searching for two escapees.

"There are no mitigating circumstances pointing to innocence to warrant a commutation of sentence," the board held.

A new execution date must now be set. Gov. Herman Talmadge granted a 30-day reprieve last month to permit the board to investigate the case.

Bible Baloons Into Iron Curtain Nations

TEXARKANA, Ark. (AP)—Evangelist Billy James Hargis announced that the International Council of Christian Churches plans to float 20,000 Bibles by balloon over the Iron Curtain next year.

Hargis heads the Bible balloon program for the council. He previously has reported the council had sent 10,000 Bible-bearing balloons aloft in Europe this month so winds could sweep them into Red nations.

The Joplin, Mo., evangelist directed the balloon launching program in Europe. He arrived here yesterday to visit members of his family.

City Employes Seek 31-Hour Work Week

CAMBRIDGE, Mass. (AP)—Three Lowell city workers want Middlesex County Superior Court to order their work week reduced from 35 to 31 hours because the shorter hours were traditional since 1898.

In a petition yesterday the trio said they worked from 9 a.m. to 4 p.m. with 90 minutes for lunch until City Manager Ulysses J. Lupien changed their hours last Jan. 1 to 9 to 5 with an hour for lunch.

The petitioners are officers of the AFL Administrative and Clerical Employes union.

Mexicans Ask That Bank Not Be Closed

MEXICO CITY (AP)—The Secretary of Agriculture will be asked today to block the closing of the Farm Credit Bank in Sabinas, Coahuila, 75 miles south of Eagle Pass, Tex.

Four deputies from the border area said yesterday they would discuss the matter with the high Mexican official. They said the closing of the bank would mean the loss of the corn crop on 22,000 acres of land. They said the corn land is ready for planting but if the bank is moved the farmers will be unable to travel the 200 miles farther to the Saltivio bank to obtain loans.

Needed Some Smokes

RALEIGH, N. C. (AP) — A cord made of strips of cloth dangled from a Wake County Jail window yesterday. Passersby, wondering whether a jailbreak was planned, found this note attached:

"Please tie pack of cigarettes to this string. Thank you."

A pack about two-thirds full was tied on and the prisoner hoisted happily away.

Both Parties Granted Decrees of Divorce

FRESNO, Calif. (AP)—A judge decided that both parties had a good case and granted separate divorce decrees to Genevieve and Antonio Torrez of Calwa.

Superior Court Judge Edward J. Kellas said his decision—believed to be the first of its kind in California—was based on a supreme court decision. The high court ruled it is permissable to grant separate decrees when neither party is innocent of charges filed by the other.

The couple had been married seven years. She sued on charges of cruelty and he counterfiled on the same complaint.

NOW YOU CAN TAKE OFF UGLY FAT FOR JUST $1.69

Barcentrate is the original grapefruit juice recipe for taking off ugly fat. It's simple. Just ask your druggist for four ounces of liquid Bacentrate. Mix with grapefruit juice as directed on label. Then take according to directions. If the very first bottle doesn't show you the simple, easy way to reduce, return the empty bottle for your money back.

Over five million bottles sold in Texas in nine years. Nothing harmful and no starvation diet. You won't know a hungry moment taking Barcentrate.

Mrs. Pery B. Parrish, 6219 Lovett, Dallas, Texas, wrote us as follows: "I lost 27 pounds on my first two bottles of Barcentrate. I weighed 152 pounds. I now weigh 125. It also makes me feel better and keeps my weight at 125."

Late with your wishes?

If you forgot to send birthday greetings on the day itself, see our wonderful collection of Hallmark Belated Birthday Cards. You'll find the very one to say what you want to say just the way you want to say it.

Senator Says China Should Have Been In UN Before Korea

DENVER (AP) — Sen. Edwin C. Johnson (D-Colo) declared here yesterday that war wouldn't have broken out in Korea if Red China had been invited to join the United Nations.

Johnson told the Denver City Club there was a time when he favored admission of the Chinese Communists into the U. N.

That time, he said, was just after the rebels had kicked out the Nationalist government. The Chinese Reds are "just as good as Russia and a lot of other nations that belong to the U. N.," he said.

But that was before the Korean war. Johnson said he now opposes entry of the Chinese Reds into the world organization.

"I can't let them shoot their way into the U. N."

Italy has about 412 people per square mile.

Per acre corn yields in the United States rose from 22.6 bushels in 1933 to 40.6 in 1952 on the average.

It is estimated that one-third of the world's trade is carried on in pounds sterling.

Locations Are Spotted For 69 Oil Tests In 25 Counties

A total of 69 tests for oil, including 15 wildcats and 54 field projects, were scheduled in 25 District 7-C and District 8 counties during the 35th week of the year.

The number compares to 82 locations, including 25 wildcats, spotted the preceding week.

Totals for the year now stand at 2,068 field tests and 618 wildcats, a grand total of 2,686 tests for oil and a weekly average of 76.71.

Totals for the first 35 weeks of 1952 were 2,776 field tests and 600 wildcats for a grand total of 3,376 tests for oil and a weekly average of 96.45. A total of 681 wildcats and 3,802 field tests, making 4,483 tests in all, were staked during the initial 35 weeks of 1951. This was an average of 128.

Nine counties in District 7-C gained 20 applications to drill, including seven for wildcats, while 16 District 8 counties gained 41 applications to drill, including eight wildcats.

District 7-C wildcats were: Runnels and Sutton, two each; Crockett, McCulloch, and Menard, one each.

District 7-C field tests were: Runnels, four; Schleicher, three; Coke, two; Crockett, Reagan, Sutton, and Upton, one each.

District 8 wildcats were: Pecos, four; Dawson, Sterling, Howard, and Midland, one each.

District 8 field tests were: Cochran, nine; Andrews, eight; Ector, Gaines, and Winkler, three each; Howard, Pecos, Scurry, Ward, and Yoakum, two each; Crane, Dawson, Martin, Midland, and Mitchell one each.
