Lynn County Livestock Show Underway

THE SKY--Television Channel 28 brought its helicopter to Tahoka Wednesday for an interview by Doug Rains with Brad White. The copter is shown here making a landing by the high school. LYNN COUNTY NEWS PHOTO

TV Makes Show Of Brad White Signing Up

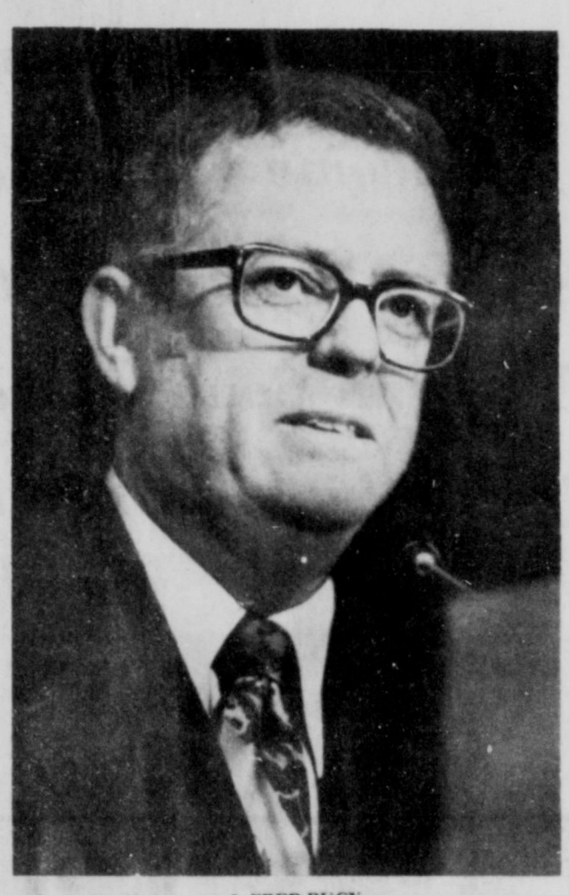

With the signing of Brad White, Tahoka offensive and defensive end last season, Texas Tech now has three former Tahoka High School players signed, and this achievement by former Bulldogs brought out a helicopter and television camera to the school here Wednesday morning.

Channel 28 has its own copter, and brought some Tech coaches along with sportscaster Doug Rains to the school, landing the helicopter on the football practice field just south of the high school.

White, 210 and 6-7, is the son of Mr. and Mrs. Binie White. He signed a letter of intent with Tech, but the official signing must wait until he finishes spring sports.

Two former Tahoka running backs, Jerry Hatchett and Clifford Bailey, were signed by Tech and played freshman football there last season.

Another THS star player last season, Clifford Oages, has signed with the University of Houston. Oages is a speedy 5-pounder who is expected to get a try at defensive halfback, where he played outstanding football for the Bulldogs last season.

J. FRED BUCY

Bucy Will Speak At Chamber Banquet

A man who grew up in Tahoka and went on to become president of one of the largest corporations in the world will be principal speaker at the annual chamber of commerce banquet in his hometown of Tahoka.

J.Fred Bucy, president and chief operating officer of Texas Instruments, Inc., will speak at the chamber banquet here March 6 in the high school cafeteria. The banquet will be catered by Southern Seas of Lubbock, and tickets are now on sale at $6 per plate.

Bucy is married to the former Odetta Greer of Grassland, whose mother, Mrs. W.R. Greer, now lives in Slaton. The Bucys were honored by a reception at Texas Tech Feb. 7 after having established the J. Fred Bucy Jr. and Odetta Greer Bucy Chair in Electrical Engineering.

Tech Graduate

Bucy, a graduate of Texas Tech in physics in 1951, is vice chairman of the Tech Board of Regents and has an international reputation in the fields of electronics and business finance.

He is a member of the National Academy of Engineering, the Council of the Woodrow Wilson International Center for Scholars, the President's Commission for the '80s and the Technology Assessment Advisory Council of the Office of Technology Assessment of the U.S. Congress and of other prestigious groups.

Born in Tahoka, Bucy graduated from Tahoka High School in 1946. When he was in high school here, he worked for the late Wynne Collier at the drugstore soda fountain. After graduating, he entered Tech where he earned his bachelors degree, and later earned a masters degree at the University of Texas in Austin, in 1953.

Family Moves

Bucy's father, the late Fred Bucy Sr., moved his family to Brownfield after Fred Jr. finished school here. The father sold insurance and farmed in this area, and reportedly was slightly disappointed when his son decided to join Texas Instruments after finishing college, rather than going into farming.

Bucy's first work with TI was with the Central Research Laboratories in Dallas where he did research in instrumentation for oil exploration. He holds seven patents.

In 1963, Bucy was promoted to Corporate Vice President and assumed responsibility for TI's Government Products.

In 1966, in addition to Government Products, he was given responsibility for Materials and Electrical Products.

In 1967, he was given the responsibility for the Semiconductor Components division, including its international manufacturing operations. He retained responsibility for Materials and Electrical Products.

In May 1972, he was elected Executive Vice President of Texas Instruments, with responsibility for 49 TI plants in 19 countries.

In October 1974, he was elected to the Board of Directors of Texas Instruments.

In February 1975, he was named Chief Operating Officer, making him responsible for all operations of Texas Instruments Incorporated, reporting to TI President and Chief Executive Officer, Mark Shepherd, Jr.

He was elected president of Texas Instruments on April 22, 1976.

Bucy also serves as a director of Texas Instruments organizations in Germany, Japan, Indonesia, Nigeria, France, Holland, South America, Italy, Singapore and Taiwan.

He holds the grade of Fellow in the Institute of Electrical and Electronics Engineers, is a member of the Cosmos Club of Washington, D.C., the Dallas Petroleum Club, and the Northwood Club of Dallas. He is a member of the Technology Assessment Advisory Council of the Office of Technology Assessment of the Congress of the United States. He is a member of the Council on Foreign Relations, a member of the Comptroller General's Consultant Panel, and is also a member of the National Academy of Engineering, Sigma Pi Sigma and Tau Beta Pi.

In addition to being a Board member of Texas Instruments, he is also a member of the President's Commission for a National Agenda for the 80s. He received the Distinguished Engineers Award from Texas Tech University in April 1972.

The Bucys have three children. Mrs. Clint Walker of Tahoka is a cousin of Bucy, and his sister, Mrs. Robert Baumgardner, lives in Brownfield. His mother now lives in Kerrville and another sister lives in Houston.

After the chamber banquet there will be an informal reception for the Bucys at the Pioneer Museum, with everyone invited, according to Museum officials.

Preliminary activities in the big annual Lynn County Livestock Show got underway Wednesday, with judging of lambs and steers scheduled today (Thursday) and the barrow judging to start at 9 a.m. Friday.

Highlight of the four-day event will be a barbecue luncheon at noon Saturday at the show barn, catered by Vann's of Lubbock, followed by the presentation of awards and auction sale at 2 p.m.

Steers and lambs were weighed Wednesday and barrows are to be weighed at 3 p.m. today. Lamb judging begins today at 1 p.m. with the steer judging to start at 6 p.m.

Approximately 500 animals are being shown at the event with trophies for grand champions and reserve champions and showmanship awards to be presented by Lynn County Farm Bureau.

Banks in O'Donnell, Wilson and Tahoka and Production Credit Assn. have donated amounts set aside to purchase animals.

Donald Klaus is president of the Stock Show Assn. Larry Tucker of Estelline will be barrow show judge, with Kyle Smith of Seminole to judge lambs and steers. Showmanship judge will be Marty Davis of Lubbock.

Other stock show association officers are Bob Ballard, president-elect; Tommy Lawson, vice-president; Stanley Young, secretary; and Dwain Lusk, treasurer.

Ray Adams is superintendent of the steer division, assisted by Math Bartley and Renn Dorman. David Wied is lamb superintendent, with Stu Rice and Ralph Beach as assistants. Steve Miller is barrow superintendent, assisted by Danny Brewer, Jerry Don Ross, Gary Moore, Andy Fillingim and Mike Huffaker.

In addition, there are active committees on finance, sales, building and grounds, public relations and advisory groups which include vocational agriculture instructors in New Home, Tahoka, O'Donnell and Wilson schools.

All exhibitors must be under 19 years old and must have owned their animals at least 70 days prior to the show.

The event regularly draws large crowds for the entire show, and this year should be no exception as residents of the county usually turn out to enjoy the activities and to provide support for the 4-H and FFA members who take part.

Claude. Also, he was a choir member and served as chairman of the ushers.

Mr. and Mrs. Lummus will move to Tahoka as soon as housing can be found.

New Tahoka Postmaster Begins Duties

Sectional Center Manager, Postmaster Elmer J. Reed Jr., of Lubbock this week announced the appointment of Jimmy E. Lummus as the new postmaster at Tahoka, effective last Saturday.

Lummus, 41, a native of Shamrock, has served as Window and Distribution Clerk for the past 14 years in the Amarillo Post Office.

Postmaster selections for offices of this size are made on the basis of merit from a list of qualified candidates submitted to the Sectional Center manager at Lubbock, Reed said. He selects and recommends to the Postmaster General the best qualified person for appointment to each vacancy.

Lummus' hobbies include hunting. He attended Amarillo College, has a degree in Mid-Management, with Associate Degree in Appiled Science. He is active in church work and has been youth director for the Sunday School Department of the First Baptist Church in

Deposits Here Set Record

Annual meeting of stockholders of First National Bank of Tahoka was held last Wednesday (Feb. 13) at the bank, when new directors for the year were elected. Following the stockholders meeting, directors met and named bank officers for the coming year.

Stockholders were advised that total deposits in the bank at the end of the year were $35,992,382, a record high, and that the totals climbed to more than $37 million on Jan. 4.

Directors elected were Frank Barrow, W.H. Eudy, F.B. Hegi, Sr., Fred B. Hegi Jr., W.T. Kidwell, C.T. Louder, Natt Park, Wayland Taylor Sr., Clint Walker and Bryan Wright, with Bob Haney, Jim Payne and Charles Wooldridge named advisory directors.

Directors named the same officers who now are serving to serve for another year. They include F.B. Hegi, chairman; Barrow, president and chief executive officer; Dwain Lusk, senior vice president; Will Parker, vice president and cashier; Ladd Roberts, assistant vice president; J.W. Inklebarger, assistant cashier; and Katherine Moore, assistant cashier.

TV IN TAHOKA--Lubbock Channel 28 sportscaster Doug Rains, left, talks with Texas Tech signee Brad White, star end for the Tahoka Bulldogs, as Rains noted that Tahoka now has three players at Tech. Left to right are Rains, Brad, his parents, Mr. and Mrs. Binie White, and THS Coach A.D. Shaver. The 28 crew came in by helicopter Wednesday morning, landing just south of the high school before a large crowd. LYNN COUNTY NEWS PHOTO

ODDWORK

by dalton

FEW WEEKS ago Tulia Herald Publisher Bell Tooley had something in a column about to manage one's time. I since have used the to wipe up an oil leak in my garage, but as I he quoted some alleged expert as saying eople who are late to meetings really didn't to go to the meeting in the first place.

if this is true, I really don't want to go here, because I am always late to meetings. I intend to be, or at least I didn't think so, but it works out that way. The problem is that ings are held too early. They should be held 30 minutes after they are scheduled.

ill admit, though, that I have to go to a lot of s I'd just as soon skip. But I'm frequently late to things I like, such as dinner.

know one man (Dick Hartman, manager of ny's in Slaton) who is always early to every g he goes to, except when he is supposed to me somewhere, since he knows I'll be late.

otes the late C.R. Anthony as saying that "if on't get to a meeting 15 minutes before it you're too late."

must have been single.

***

MEONE was telling us awhile back about hing it down in the Big Bend country. We've been there, but understand it is wild and tiful, so maybe someday we'll go. Anyway, he saying you need to be careful not to get out too om water and fuel and food, or you might not back.

also said when he went with a group there they didn't really have enougn water, except sources of water that supposedly was not to drink, so they put tablets in the water to it drinkable.

don't know what that made the water taste but I'll bet it made those tablets hard as heck on.

***

AFRICAN safari, a city dude asked the ide how to avoid being attacked by wild the jungle at night.

carry a lighted torch," the guide

that really work?" the man asked.

depends," answered the guide, "on how carry it."

Handbell Program Set

The Joy Ringers, a handbell choir at the United Methodist Church, will present the evening worship service on Sunday, Feb. 24, at 6:30 p.m. in the scantuary. The program will consist of songs of praise and the reading of some of the Psalms during the first part, followed by songs related to the life of Jesus and scripture form the New Testament.

Everyone is invited to attend this musical program

At the 11 a.m. morning worship service the pastor, Rev. Newton Starnes, will preach on the subject, "Why Did They Listen?", based on Mark 12:28-34. Special music will be presented by Greg Foust, a student at Asbury Seminary who is being inverviewed for the position of Music and Youth Director. A church-wide covered dish dinner will be served in fellowship hall immediately following the evening service.

West Point HD Club

The West Point Extension Homemakers Club met in the home of Mrs. Joy Bragg for their monthly meeting.

Rollcall was answered with "Why I Love My Country". Several items of business were discussed.

March 28 is the deadline for buying luncheon tickets for the district meeting to be held in Denver City on April 10.

The program on Food Safety was presented by Clifford Tankersley. Seven members and Sherry Etheredge attend the meeting.

CELINDA PARK AND TRENT LEVERETT

Celinda Park and Trent Leverett Plan June Wedding

Mr. and Mrs. Natt Park announce the engagement of their daughter, Celinda Leisa, to Trent Anderson Leverett, son of Mr. and Mrs. Tommy Leverett.

The couple will exchange vows June 7 in the United Methodist Church in Tahoka. Celinda is a nursing student at Methodist School of Nursing and Leverett is a business major at Texas Tech.

Letter To Editor

Letters to the editor do not necessarily express the views of this newspaper. All correspondence must be signed, and in good taste before it will be published, and the name of the writer must be published also. Letters to the editor may not be more than two double-spaced typewritten pages.

Dear Mr. Wood,

Thank you for the interesting write-up about Grassland. Have enjoyed the last two, sorry I've missed the others. I always enjoy reading anything about Tahoka and my "home town" of Grassland.

Tahoka is a great town --it has so many people that have come from there and gone into all phases of life. They have brought much fame to Tahoka.

I'm sure proud to be from Lynn County. My mother has a subscription to your paper and that is where I read all the news.

Hazel Thomas Young

Dear Editor,

I would like to address this letter to the unknown 'person', and I use the term lightly, who fed my dog some food laced with ground glass. How can anyone with any feelings deliberately cause suffering to any living creature? I never gave it much thought until it happened to my dog. Why? He never bothered anyone and rarely ever left our yard. He was a friendly, loving little dog and was a pleasure to his family. Why he had to suffer as he did because of some cruel, warped 'person' out there, I can never understand. Scotty made me happy by just being. I hope his dying made you happy, whoever you are. Guess I'm writing this to alert other dog owners to this danger. I don't want any other creature to suffer and die as Scotty had to.

Amy Porterfield

Tahoka School Menu

BREAKFAST

MONDAY - Pork sausage, hot biscuit, apple juice and milk.

TUESDAY - Pancakes, syrup, butter, grape juice and milk.

WEDNESDAY - Honey Buns, sliced pineapple and milk.

THURSDAY - Hot oatmeal, buttered toast, juice and milk.

THURSDAY - Seasoned pinto beans, buttered potatoes, seasoned spinach, cornbread, and rolled wheat cake with icing.

FRIDAY - Hamburgers, French fries, lettuce, onions, pickles and apple cobbler.

Diamond Facts Given Rotarians

"Factors determining the value of a diamond are the Four-C's--color, cut, clarity, and carat weight," Ardis Payne, Lubbock jeweler, told Rotarians in a talk on "Diamonds" last Thursday noon.

He told many facts about the mining of the gems, principally in South Africa, cutting of the stones, grades, mounting, etc.

Contrary to claims of some diamond dealers, he warned that as an investment their purchase is hazardous unless a person knows what he is doing.

He said a diamond bought now for up to $2,000 could not be sold back for little if any over half that amount. However, daimonds bought many years ago might bring a good profit because of rising prices.

In Kimble, South Africa, the dominating world diamond mining area, about ten tons of ore are mined for a one-carat diamond.

Jim Marcus introduced the speaker.

Doug Carter, new minister of the local Church of Christ, was inducted as a new member of the club by Vice-President Carl Reynolds.

Stork Market

Mr. and Mrs. Menford Gandy of Tahoka are the parents of a son, Gary Maxwell, 7 lbs. 13 oz., born February 14 at 6:30 p.m. in Methodist Hospital, Lubbock.

Sherry Etheredge Says....

Expand Your Breakfast Horizons

With today's changing life-styles has come a change in our eating habits. The "old-fashioned" family sit-down breakfast may soon be a thing of the past. Studies have shown that without starting the day with an adequate breakfast, you may experience a mid-morning slump. A rich pastry at coffee time will add calories but will not provide all the other necessary nutrients needed at breakfast for good health.

Most nutritionists recommend that the morning meal provide one fourth to one third of the day's nutrient and caloric needs. This includes adequate amounts of protein, calories, and numerous vitamins and minerals. With everyone rushing off to job or school, it becomes a real challenge for mothers to assure that all family members start the day with a good breakfast.

A good nutritious breakfast can be available for all family members and singles, without adhearing to the traditional breakfast foods or by using traditional food in new ways. Keep in mind that whatever foods are served, they should provide a good supply of all essential nutrients. This includes a good source of vitamin C, a good source of high quality protein, and food from the bread and cereal group.

For the person on the run, a quick blender nog made with one tablesoppon orange flavor instant breakfast drink, one cup cold milk and an egg, plus a slice of buttered toast, will be nutritionally adequate for most adults.

AROUND TOWN

By Leona Waldrip

South Plains Association of Governments gave favorable recommendation to the request for a new grant to Lynn Co. Pioneer Club, Inc. on last Tuesday morning in Lubbock. Judge Melvin Burks stated that Lynn County had the highest percentage of persons over sixty years old, of any county in West Texas. Others attending the meeting from Tahoka were Leona Waldrip, Center Director; N. E. Wood, Club Pres.; Teddie B. Kelley, and Mary Davis. The grant in the amount of $24,000 will be used to more fully make the Senior Center a multi-purpose center. $2,600 matching funds will have to be raised locally.

†††

Tahoka Rebekah Lodge #209 met in regular session on Tuesday night. Noble Grand Bertha williams opened the meeting and then turned the session over to Retha Ford, District Deputy President and her installing staff from Berta H. Porter Lodge of Lamesa. New officers installed were Audrey Akin, N.G., Iline McMillan, V.G., Leona Waldrip, secretary and Evelyn Burr, treasurer. The new N.G. appointed her supporting officers and they were installed. She presented each of the installing staff with a gift. A salad supper was served at the close of the meeting.

The Lodge will attend a joint School of Instruction on Tuesday night, Feb. 26 with the Lamesa Lodge. Cars will leave about 6:30 p.m. to go there.

†††

Quilting is the order of the day each Wednesday at the senior center. Those coming to work bring a covered dish and have fellowship. Attendance has been 8 to 10 each Wednesday and any one wishing to quilt or learn how are invited, or you may even bring your own handwork.

†††

About 175 people attended the Brotherhood Banquet Friday night held in Fellowship Hall of First Baptist Church. Jerry Ford, brotherhood, president was M.C. and the meal was catered by Southern Seas of Lubbock. "Sisters in Song" from Post brought the entertainment. Sherry Ethredge and her crew did an excellent job of decorating in the Valentine theme. Everyone agreed that the whole thing couldn't be better.

†††

Fifty-five people were on hand Friday for the noon luncheon at Lynn Co. Pioneer club. There were seven visitors and one new member, bringing the total new members to five in the last month.

Clara Harper won the Lucky Member Gift at the drawing.

After the meal, Mrs. N.E. Wood presented walter Skiles from Brownfield who presented a program with his trained "People Poodle" performing several dog acts in front of the group.

†††

The Lemon brothers and sisters celebrated the birthday of Weldon Lemon at noon Sunday at Rode-Way Restaurant in Lubbock. This is a family tradition. Those present were Mr. and Mrs. Weldon Lemon, Dr. and Mrs. Lynn Lemon, Leta Brown and Leona Waldrip.

Weldon is a former Lynn County boy having lived at New Home, Wilson and Slaton before moving to Lubbock.

†††

Mrs. Gladys Holden remains a guest in the home of her sister, Ava Lichey. The two ladies are spending many hours at the bedside of a brother Bob McCurdy who is critically ill in a Denver City Hospital.

†††

If you like to play "42", "88", or "skip-bo" come to the Senior Center each Monday night at 7 p.m. There were 15 present at the last game party. The van begins picking up everyone about 6:30 p.m.

Friday, Feb. 22 is the regular day for the van to take patients for Doctors' appointments in Lubbock.

†††

Past Noble Grand Club will meet Thursday night at 7 p.m. in the home of Bertha Williams. The club will continue a study of the constitution and by-laws of Rebekah Lodges.

†††

Friends and relatives are invited to a celebration honoring Mrs. Annie Brown on her 91st birthday, Sunday Feb. 24 at the Community Center in Slaton. There will be a covered dish luncheon at noon.

Mrs. Brown lived in New Home for many years and is the mother of the late Bobbie Brown of Tahoka. Her home is now in Slaton.

LIFESAVER.

"Whether you're lost in a strange neighborhood, or just going to be late for dinner, a telephone booth is a welcome sight. That's why it's important that we keep them in working order. In my job, I do more than collect the change from the coin box. I also make sure that the instrument is working correctly. If it needs minor repairs I do them on the spot. That way, we make sure that you get a working phone when you need it. That's one reason I'm proud to be one of the people General Telephone is talking about when they say 'We keep you talking.'"

Dean Winkles, Coin Telephone Collector, Texarkana, AR. One of the 100,000 GTE professionals who are working to bring you better and more efficient telephone service.

Bridge Winners

Last Tuesday T-Bar Duplicate winners were: Mrs. "Bob" Knott and Mrs. Klydie Scudday, first; Mrs. Jess Gurley and Mrs. Wilson Edwards and James McAllister and Mrs. Carol Maule, tied for second and third; Mrs. Vivian Broyles and Mrs. Margie Peltier, fourth.

Wednesday Duplicate bridge winners were: first, Sandee Wilson and Mabel Gurley; second, Mildred LeMond and Janell Franklin; and third, Janice Curry and Novice Curry.

Wednesday duplicate winners were Sandee Wilson and Jan Childes, first; Catherine Barham and Alta Thomas tied with Mary Wright and Doris Ashcraft for second and third; and Mabel Gurley and Coye Collier, fourth.

Last week's T-Bar Tuesday Duplicate game was the annual individual event honoring the late Mrs. Louise Wharton, and winners were: Mrs. Jess Gurley, first; Mrs. Wilson Edwards, second; Mrs. Meldon Leslie, third; Mrs. Klydie Scudday, fourth, and Mrs. Olen Renfro and James McAllister, tied for fifth and sixth.

†††

Women overweight by 40 percent had higher rates of cancer of the uterus and ovaries. Men overweight 40 percent had higher risks of colon-rectum and prostate cancer.

†††

A special tribute to patients in all 172 Veterans Administration medical centers on February 14 will involve top government officials and stars of the sports and entertainment worlds. This is the seventh annual national salute to hospitalized veterans.

VALENTINE EVENT--Girl Scout Troop 236 made flowers and hearts for each resident of the nursing home for Valentine's Day. Top row, left to right, shows Regina Ingle, Amer McNeely, Lori Tipton, Rosemary Guieterre, and Melonie Hill. Bottom row: Monica Taylor, Lisa Carter, Johnna Phillips, Jo Ann Vega and Jeannie Sandobal.

Lynn County Farms Target Of Thieves

More tractor weights, equipment and junk iron were reported stolen in Lynn County during the last week, and Sheriff Norvell Redwine said Garza and other area counties also were having some of the same kind of reports.

Eighteen tractor weights were reported stolen from Mack Forbes of O'Donnell over the weekend, and Noel Oats of Slaton, who farms near Southland, said tractor parts and junk iron were stolen from him.

On Feb. 7, Melvin Edwards reported theft of 21 John Deere chisel shanks and other chisel shanks of unknown brand southeast of Tahoka.

Fifteen to 20 joints of 6-inch aluminum pipe were reported stolen from Junior Meeks, who reported it to sheriff's office last Wednesday. The pipe was located and identified in Lubbock and already had been chopped up.

Charles Austin, 26, who has been held in Lynn County jail since deputies went to California to get him in November, has pleaded guilty of aggravated robbery charges in connection with a June 1978 robbery of Woods Jewelry here, when owner C.N. Woods was threatened with a knife.

Austin pleaded guilty before 106th Judicial District

Winners At San Antonio

The following boys participated in the San Antonio Livestock Show held Feb. 11-16. John Curry had the reserve champion cross.

Others from Tahoka placing were:

Hampshire--John Curry, 13th

Duroc--Curt Terry, 7th

Poland--Dennis Grocke, 6th

Cross--Todd Brown, 4th

Chester--Todd Brown, 3rd

Cross--Greg Curry, 3rd

Ricky Williams had 7th place with his calf.

Community Play Set At New Home

The New Home Community Players will present for your entertainment "Hail the Hunkering Hero" by Donald Payton, published by Art Craft Play Co. of Cedar Rapids, Iowa. This comedy will be presented Friday, Feb. 29 and Saturday March 1 at 8 p.m. in the New Home School Cafeteria, sponsored by the Booster Club. Admission will be $2 for adults and $1 for children.

Maw and Paw Schnorkel (Judy Gandy and Ronald Wyatt) have a problem when Clifford their son, (David Gill) and Professor Klunk (Johnny Armes) to play football at Gillette Tech. At college Clifford is surrounded by the campus cuties (Carolyn Askew and Sheila and Judy Fillingim) and the football team and what a team it is: Eddie Askew, Andy and Mike Fillingim, Dale and Ricky Clem, James Wall, Dickie Turner, Allen Nettles, and Dennis Haley.

The play by play discription of the big game is adeptly brought to you by Bro. Jack Lee. Don't miss this night of fun and laughter.

Card of Thanks

We would like to express our thanks for the food, flowers, and cards you sent during the loss of our beloved Virgil. Also a special thanks to Virgil's friends for the help and concern during our time of need. May God bless each of you.

Jimmy and Janey McMillan and family
Harlan and Imogene Morris and family

—

Our sincere appreciation for all the kindness shown us during Woodrow's stay in the hospital. For the prayers, words of encouragement, visits, cards, and call, we are so grateful.

We covet your prayers for his continued recovery.

Family of
Woodrow Ode Brewer

—

We would like to express our appreciation for your prayers and concern at the loss of our baby.

David, Pam, Miranda and Marisa Martin

—

You will never no how we appreciate all the kindness shown us during Ted's surgery and long stay in the hospital. All the prayers, encouragement, cards, calls, and visits have helped us through this ordeal. Your visits mean so much to him now that we are home. We appreciate the dear friends that stayed with us during the surgery and while Ted was in ICU.

May God richly bless each of you for everything. Tahoka has the nicest folks.

Thank each of you.
Ted and Edith Kuwaski

—

We thank the people of the community for all the gifts, both spiritual and material, in this time of our sorrow.

Early Days In Grassland

Mr. Edd Hawthorn preached a very interesting sermon at the Nazarene Church Sunday morning. We are sure if Mr. Hawthorn will keep up his good work he will be very successful in the future.

We have received the news that Miss Syble Thomas fell and hurt her head very bad, although she is reported to be feeling better.

Mr. Raymond Langford left last Tuesday for Cooke county, where he will work for a few days.

Mr. Smith and Gene Lawson gave the Grassland League a social last Wednesday night. Ice cream and cake was served. Everyone reported an excellent time.

A League council meeting was held at Huston and Nina Belle Hoover's last Monday night. All officers were present. Bro. Hester and daughter were also present. Music was furnished by Miss Nina Belle Hoover and Mr. Gene Lawson.

Miss Georgia Mae Langford, who is in school at Denton, has been very sick.

Mr. Smith Lawson left Saturday for Fort Sill, Oklahoma.

A host of young folks spent Sunday with Miss Erlene Norman.

A large crowd attended singing last Friday night. Good singing and music were heard. Violin and banjo music was furnished by Otis Bosworth and Gene Lawson. Be sure and come every Friday night.

If you do not go to Sunday school every Sunday, we invite you to the Methodist Church, Nazarene Church, Christian Church or to Central Baptist Church. We welcome you every Sunday.

Mr. and Mrs. Paul Lawson spent Sunday with G.C. Watson near O'Donnell.

Mr. R.V. Melton has gone to the harvest.

—

There will be a revival at the Nazerene Church beginning Thursday night, April 10, and will continue ten days. Rev. Lewis Clegg will be in charge and M.C. Ritchey will conduct the singing. As group two has promised to help we are expecting a number of good singers, musicians, and workers from other churches including Lynn, Grassland, Tahoka and Post. Everybody is invited to attend. We urge those of other denominations to help us.

Mr. and Mrs. Claud Thomas and Mrs. Carlos Edwards were shopping in Lubbock Thursday.

Miss Pauline Thompson spent the weekend with Mrs. J.F. Richey of Pleasant Valley.

Those graduating from high school at Grassland were Misses Stella Mae Yeary, Odell Chapman, Lura Edwards, Virginia Inklegarger and Mr. Sherman Turner. Miss Virginia Inklegarger was valedictorian, Miss Lura Edwards was salutatorian.

Edwards was salutatorian. Mr. Truett Smith of Tahoka gave the graduating address. Those who graduated from grammer school were: Misses Willie Mae Harris, Pauline McCord, Caroline Thomas, and Bell Stewart.

Miss Cressie Turner left Sunday for Lubbock, where she will attend the summer term at Tech.

Mr. and Mrs. B.A. Myers and family have returned to their home at Abernathy.

Miss Georgia Mae Langford left Monday for Lubbock to attend the summer term at Tech.

Miss Pauline Mathews left Wednesday for her home at Celeste.

Mr. and Mrs. J.O. Thrailkill and family visited relatives in Lubbock and Canyon Sunday.

In spite of the threatening weather Sunday afternoon a large crowd was at singing.

Mrs. Ola Allen has been quite sick the past week.

Mr. and Mrs. Carlos Edwards visited relatives in Tahoka Sunday.

Mr. and Mrs. W.R. Greer and family visited relatives at Justiceburg Sunday.

—

Miss Cressie Turner came in last week from McLain, where she has been teaching.

Miss Mildred Edwards is attending the Methodist Assembly at Abilene this week.

Velma Huddleston spent last week in Salton visiting Billie Houchin.

Raymond Langford returned last week from Gainesville where he has been visiting relatives.

Alma Elliott spent Sunday at Pleasant Valley, visiting friends.

Rev. Horn preached Sunday morning and Sunday night at Central.

Miss Ruth Cash of Cross Roads is visiting her aunt, Mrs. Butler, and family this week.

Ruby Odom visited friends and relatives at Garlynn Sunday.

Mr. and Mrs. Thommarson and family, Mr. and Mrs. Dennis Woods, and Albert Blair were dinner guests of Mr. and Mrs. Jim Dunham of Edith Sunday.

Mr. and Mrs. J.W. Warrick and son, J.C., Mr. and Mrs. Earl Gregg and daughter, Juanita, Misses Erlene Norman, Eufa Mae Gregg, Silvy Cunningham, Messrs. Kelsey Hawthorne, Otis Bosworth, and J.T. Cunningham attended the singing convention at Lubbock Sunday.

Mr. and Mrs. W.R. Greer and family visited relatives at Pleasant Valley Sunday.

by Maurine Elliott

The Early Days in Grassland column was sent to the paper by Stella Yeary Moyer. Mrs. Moyer lives in Weatherford with her husband, Jess. They have 2 children and 4 grandchildren. Stella has owned and operated a beauty salon for 27 years.

Mrs. Moyer's address is 108 Edna St., Weatherford, Tx. 76086.

BBB Alert

South Plains Consumers should be on the look out for mail soclicitations and phone call solicitations from the Las Vegas, Navada based Vegas International Travel & Tours.

This company does not meet Better Business Bureau standards due to advertising practices used by the company. The company has contacted hundreds of consumers stating that they (the consumer) have won a vacation to Las Vegas. This is not accurate since the consumer has to pay a service charge that may exceed the amount paid for the same services secured through a travel agnecy.

Also, the company is asking through their phone solicitations for credit card numbers of consumers. The BBB has received several complaints and inquires concerning bills they have received for unordered vacation packets.

Vegas International's most recent written promotional material mailed to South Plains residents states, "V.I.P. is registered....and has an excellent reputation with the Better B... Bureau." This ... absolutely false ... The Las Vegas ... reports that they ... great difficulty ... company.

Listeners are enc... contact the BB... Plains for further in... on its toll-free ... 1-800-692-4466 and ... bock and Slaton co... the number is 763-04...

Author Seeks Area Ghost Stories

ow any ghosts? Ghost ies? Texas author Ed rs is hunting them, rever they may haunt ans and particularly in Lynn County area.

ers, who has written y books on Texas ding the heritage collec- "Off The Beaten ", a three-volume historical series, two novels and a new guide book titled "Backroads of Texas", believes that a region's story is incomplete without its tales of the supernatural.

"We are a land of many cultures," he says. "Each has its ghosts."

His collection, to be published in approximately one year, will include such classic phantoms as the sentinel ghost at Tehuacana near Waco, the headless squaw near Stephenville, the ghost hounds of Orozimbo on the coast, the headless horseman of South Texas brush country, the South Plains ghost herd at Stampede Mesa, West Texas' inexplicable Marfa lights, any many others.

"I'm after the ghost story known to enough people long enough to establish some credibility," Syers says. However, he intends to investigate any report that he believes merits inclusion in the series.

You may write him directly at Box F, Ingram, TX 78025.

Museum Board Makes Plans For Financing

Tahoka Pioneer Museum board in its February meeting has come up with some plans for the future to make sure of its financial stability, although so far it has had no lack of funds.

The Museum is proving to be a definite community asset as attested by the fact that, in addition to local visitors, several hundred travelers and other out of county people have visited the facility.

The board, headed by Dr. K.R. Durham as president, in its meeting last week made plans for the annual membership drive this spring. Annual memberships are $5 per married couple.

Also, the board approved a $100 life membership and persons taking out such a membership will have their names engraved on a plaque to be displayed in the museum.

Last year, a Memorial Fund plaque was put on display which honors pioneer families or individuals. So far, ten such honoree plaques have been placed by friends or relatives who have donated $500 or more to the Museum fund.

Also, the Museum wishes to secure memorial donations given on the death of friends or relatives. Such may be mailed to the Museum or to Mrs. "Macky" Turner, secretary-treasurer.

All memberships taken out before May 31, end of the Association membership card, Mrs. Oscar Roberts, membership chairman, says.

All such donations are tax deductible for income tax purposes, board member Harold Green, states.

Although in operation only about nine months, many pioneer items and booths have been received almost to fill the building. But, additional items of historical interest to preserve our early heritage are still desired, especially household articles, tools used on farms and ranches, Indian relics, fossils, pictures, etc.

Most recent acquistions include a pioneer county officials office display booth and a pioneer dental office booth, although neither as yet is entirley complete.

Other exhibits include an early balcksmith shop, a farm and ranch tack room, a Standard wooden wheel windmill, a buggy, a bedroom, a kitchen, a school class room, a school playground, a much chapel, and a peace officer exhibit is being assembled. Also, there are 12 display cases filled with pioneer family items, documents, pictures, books, etc., and several racks displaying early day pictures.

Tahoka Garden Club is planning improvement and landscaping the area west of the Museum for which the Cass Edwards family and T-Bar Ranch have donated funds.

Cooperation of citizens in developing the Museum has been great. Dr. Durham reported, and much credit is due Winston Wharton and a number of others for remodeling the building and building booths, to Meldon Leslie and the City Council; to artist Bill Craig; and many, many others for success of the project.

The Museum now is open free to visitors Monday through Friday from 10:30 a.m. to 4:30 p.m., Mrs. Annie Belle Stice, custodian, announces, and on Sundays from 2 to 5 p.m. by members of local civic clubs.

Men and women reporting seven hours of sleep had lower death rates from coronary heart disease and stroke than those sleeping more or fewer hours; those reporting less than five hours sleep per night had very high death rates.

†††

Men who said they got no exercise had higher coronary heart disease death rates than those reporting that they exercised, even lightly.

OBITUARIES

Lou B. Rusk

Services for Lou B. Rusk, 85, of Tahoka were held Saturday at Tahoka First Baptist Church with the Rev. Don Cass, pastor, officiating.

Burial was in Tahoka Cemetery under the direction of White Funeral Home.

Mrs. Rusk died Wednesday night at Lubbock's University Hospital after an illness.

Lou Bulman Rusk was born July 4, 1894 in Hamilton County, and went to school in the one-room Pleasant Valley School there. She was the youngest of four children, and in 1908, at the age of 14, Lou was married to John Wesley Jennings and two children were born to them. Jennings moved the family to Lynn County where he engaged in farming. He died in 1922 and the young widow made a living operating a gas station and postoffice in the West Point Community named Loulynn.

In 1926 the widowed postmistress married a ranch foreman named Robert (Bob) Rusk and they farmed until 1940 when they moved to Tahoka and Mr. Rusk died thereafter.

After the family moved to Tahoka, Mrs. Rusk worked in department stores in Tahoka and in the 1950's drove to Lubbock for department-store work.

She was a member of First Baptist Church, the VFW Auxiliary, the Rebekah Lodge and Pythians.

Survivors include two daughters, Dorothy Luttrell of Lubbock and Louise Fence of Sacramento, Calif.; a son, Robert of Tucson, Ariz.; a sister, Elizabeth Simpson of Gallatin, Tenn.; nine grandchildren; 15 great-grandchildren.

Pallbearers were Dub Harvick, Turner Rogers, Mike Fillingim, Larry Luttrell, Jimmy Bragg and H.B. McCord.

J.H. Haire

Services for J.H. "Hub" Haire, 75, of Post were at 3 p.m. Sunday, Feb. 17 at the First Christian Church in Post with Cline Drake, Church of Christ minister from Fort Worth, officiating, assisted by the Rev. Frank Picket, pastor of First Christian Church of Post.

Burial was in Southland Cemetery.

Haire, a retired farmer died about 7 p.m. Thursday at Garza Memorial Hospital after a lengthy illness.

He moved to Garza County in 1917 and had been a resident of Post since 1965. He married Doll Ramsay March 14, 1936 in Clovis, N.M. He was a member of the First Christian Church of Post and was a Mason.

Survivors include his wife; one son, Johnny of Southland; and five grandchildren.

Haywood Basinger

Services for Haywood Basinger, 75, of Slaton were held Tuesday, Feb. 19 at 2 p.m. in First Baptist Church of Slaton with the Rev. Robert Moore, pastor and Rev. Charles Hastings of Lubbock, officiating.

Burial was in Southland Cemetery.

Basinger died about 2 p.m. Sunday in his home of an apparent heart attack. He was under a doctor's care.

Basinger, an Oklahoma native, moved to the Southland area in 1914 where he farmed until his retirement in 1961. He was married to Mary Ella Jones in August 1923.

Survivors include his wife; two sons, J. Martin and Donald, both of Slaton; three daughters, Mrs. Pat (Emma Lou) Taylor of Slaton, Mrs. Ronnie (Dolores Dunn of Post and Mrs. Dub (Bettye Sue) Pierce of Houston; a brother, Paul of Lubbock; a sister, Thelma Winterroud of Amarillo; 12 grandchildren; and three great-grandchildren.

Alford Yeatts

Services for Alford Yeatts, 76, Ontario, Calif. were held Wednesday, Feb. 13 in the Foothill Baptist Church.

Interment was in Bellview Mausoleum.

He died Feb. 11 in Kiser Foundation of Fontana.

Yeatts was born June 22, 1903 in Texas. His parents were the late Mr. and Mrs. E.D. Yeatts of O'Donnell. Yeatts farmed in the Wells community in the early '30's. He was a member of Foothill Baptist Church.

Survivors include his wife Estelle; one son, Alfred, Jr. of Carmicheal, Calif. and two step sons, Guy Ward also of Carmicheal and Billy Ward of Alpine, Tex.; one daughter, Mrs. Leonard Drake of Pomona, Calif.; one brother, Cecil Yeatts of Meadow; three sisters, Stella Pierce of Palacios, Lois Yeatts of Lubbock and Janie Wade of Brownfield; 9 grandchildren; 6 great-grandchildren.

Charles D. Helm

Services for Charles D. Helm, 62, of Lubbock were held Monday, Feb. 18 at Broadway Church of Christ with Horace Coffman, minister, officiating.

Burial was in Resthaven Memorial Park.

He died at 8:20 p.m Friday at Methodist Hospital after a brief illness.

Helm moved to Lubbock in 1937 from Sedalia, Mo., and married Margie Tunnell July 10, 1940. He was a retired vice president of Nunn Electric and owned and operated the Young Esquire clothing store.

Helm was a member of the Yellowhouse Masonic Lodge and the Broadway Church of Christ.

Survivors include his wife; a daughter, Mrs. Donna Gilmore of Lubbock; his mother, Mrs. Nell Helm of Sedalia; and three grandchildren.

Pallvearers were Jim Bradley, Ronald Preston, Tom Gordon, Tom Duke, Cliff Cole and Vernon Smith.

ACCORDING TO THE BIBLE

BIBLE Answers for BIBLE Questions:
By DOUG CARTER

Question: How can we be sure there is a God?

Answer: (part 2) We have already seen how the Bible and the life of Jesus Christ are witnesses that there must be a God. We noted that the design and order in nature point to a supreme, divine designer. Also, the marvelous design of our human bodies point to a creator God. "I will give thanks unto thee; for I am fearfully and wonderfully made" (Ps. 139:14). This could not have happened by some blind chance as some contend. Those who argue for such should remember, "The fool says in his heart, 'There is no God' " (Ps. 14:1).

Another argument for the existence of God is that of "cause & effect". For every cause there must be an adequate effect. No effect can be quantitatively greater or qualitatively superior to its cause. The universe is here; it is an "effect." We ask, "What caused it?" It could not have arisen out of nothing, because everything always comes from something.

Many claim that the universe and matter are eternal, but science has proven this to be wrong. The universe is slowly running down as there is a continous flow of heat from warmer to colder bodies. If matter is eternal, the universe would have run down long ago. As the situation is now, we can know from science that the universe had a beginning. The only choice left is that some great mind (since mind can operate over matter) created the universe. Thus, the Bible firmly tells us, "For every house is builded by some one; but he that built all things is God." (Heb. 3:4). (more next week)

Scanning Social Security

By JIM LATIMER

Since the beginning of social security payments, about one trillion dollars have been paid out in benefit payments. Monthly payments started in the year 1941 and have continued to the present time without any interruption.

Many persons worry about the funding for Social Security checks, feeling that nothing will be left for them by the time they reach the age or become disabled or die and entitle themselves or some member of their family for a benefit payment. Our actuaries and those who make in-depth studies of the funding of the social security system indicate that funding is assured until the year 2012, without major changes.

Implementation of certain changes such as reduction in replacement of rates dropping of certain benefit categories of payment, and an increase in the age for retirement, among other changes would prevent raids on the trust funds used to pay benefits.

THIS IS A FILLER

Tractor Fuel Efficiency

To get the most fuel efficiency from a tractor, tune it up, don't run it too cool, and don't use a tractor that's too big for the job.

A tractor engine that's operating poorly may be wasting up to 30 percent of its fuel. That means a 180-horsepower diesel tractor could be sending $20 to $30 up the exhaust stack in a 10-hour day.

Most fuel waste originates in ignition systems of gasoline tractors and in fuel systems of diesel tractors.

Dirty air filters, bad carburetion, incorrect timing and worn spark plugs are other fuel guzzlers. On diesel engine tractors, worn fuel injectors can cause unnoticed losses of fuel efficiency.

What about running a tractor too cool? Most tractor operators concern themselves with engine temperature only when the water temperature gauge is on the hot side. But a tractor engine will wear out faster, develop less horsepower, and use more fuel when it runs too cold.

Today's tractor engines work most efficiently when the water temperature is somewhere between 165 and 180 degrees. So, a faulty thermostat that allows the tractor to run too cool is almost as bad as one that causes the engine to overheat.

Another minor tuneup item to check regularly is the fuel tank camp. It should be sealed tightly to keep out dirt, but as the same time be properly vented to allow fuel to flow freely.

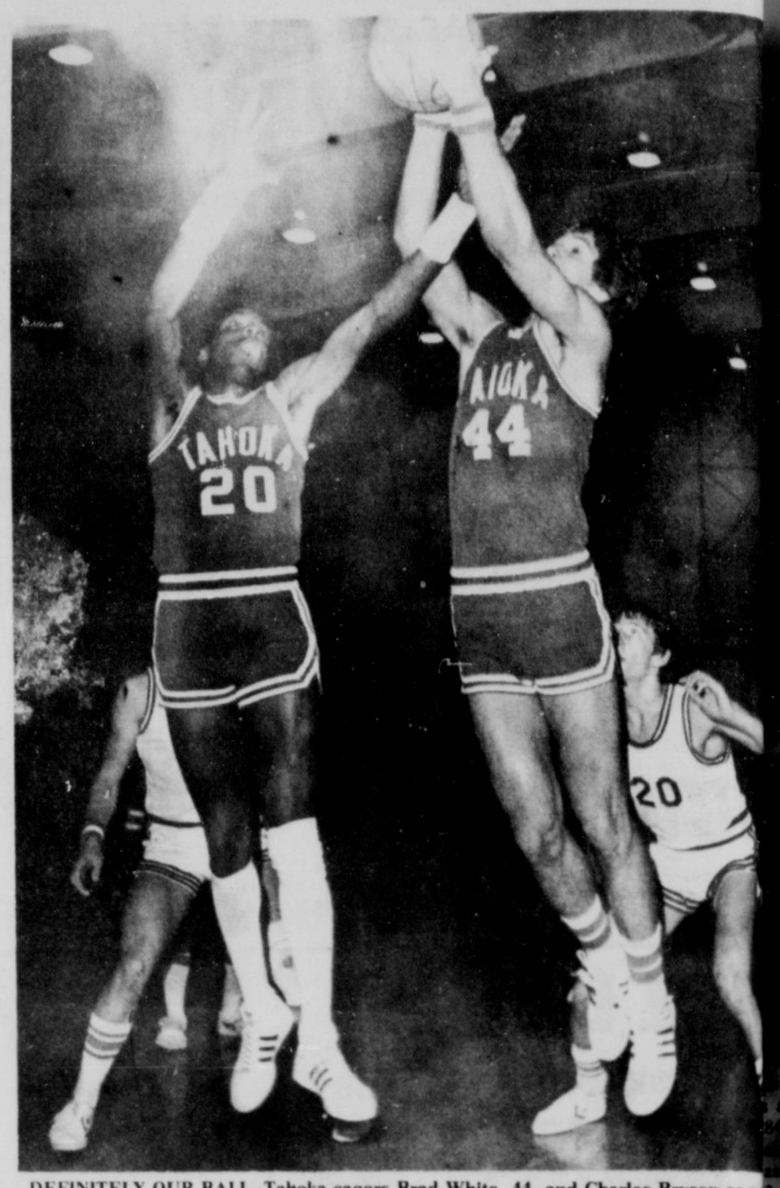

Regarding spark plugs, they should be checked on a regular basis, even if you don't think they need it.

You can't always tell by looking at a spark plug when it's going bad. The time-proven test of firing a spark plug outside the cylinder doesn't tell the whole story.

How do you select the right tractor for the job? If you select one that's too big, you're simply burning excess fuel to produce unused power. You may be wasting nearly a third of the fuel you're buying.

Most engineers say the best way to drive a big tractor pulling a light load is to "shift up and throttle down." This maintains ground speed while keeping the engine working efficiently.

Slippage also wastes fuel, but you have to have a certain amount. On most soils with most tractors, optimum slippage is about 15 percent. Less means you're pulling too light a load. More means horsepower is probably being wasted.

DEFINITELY OUR BALL--Tahoka cagers Brad White, 44, and Charles Bryson go up for a rebound, and no Denver City Mustangs are up there with them in this action from the Bulldogs' final game of the season last Thursday. DC won the game and the chance to stay in the running for the district title. LYNN COUNTY NEWS Photo

Bulldogs Bow Out At D

It wasn't for lack of effort, but the Tahoka Bulldogs were just too wild in the face of Denver City's game to earn the right to play Frenship for the second half title. Winner of that game will play Seminole for the district championship.

The Bulldogs, with a good group of fans making the trip to DC, committed too many errors and never led in the game, trailing by 10 points or more most of the way, although they pulled up to within six points a couple of times in the second half. The Mustangs took a 36-26 halftime lead and make it 54-38 at the end of the third.

Coach Mike Williamson's Bulldogs wound up the season with a record of 20-7 overall, and 10-4 in district play.

Charles Bryson led scoring for Tahoka with 14 points, with Kenny Scott scoring 11 and Brad White getting 10 points and 10 rebounds Clifford Oages had 7 points and 10 rebounds, plus four steals. Jacky Jolly scored 9 points, Mark Hudlin 4 and Lance Bevers 3.

The Bulldogs drew 29 fouls, including some technicals, and two players were ejected from the game. Officials cut the game short by 17 seconds because of the tension and outbreak of tempers.

Local Student On Dean's Honor Roll

Carlton Ash, son of Mr. and Mrs. J.R. Ash of Route 3 in Post, has been named to the dean's honor roll for the 1979 fall semester at Abilene Christian University with a 3.82 grade average.

Ash, a 1979 graduate of Tahoka High School, is a freshman chemistry major. While in high school, he was president of the National Honor Society, a member of the science club, and participated in regional competition in slide rule and science categories. He was a captain of the football team and was named All-District tackle.

A total of 611 students qualified for the dean's list by enrolling in at least 12 semester hours and achieving a grade-point-average of 3.45 or above on a scale of 4.00.

Wilson Lions Crown 1980 Queen

Karla Kay Kimbrell, 14-year-old daughter of Mr. and Mrs. Jerry Swope, was crowned 1980 Wilson Lions Club Queen last Saturday night. The 5-4, brown eyed, brown haired Wilson freshman was selected over 15 other contestants. Karla has lived in Wilson all of her life and plans to attend Tech upon graduation majoring in business. Karla's school activities include band, track, basketball, FHA, annual staff, and UIL. Her hobbies are reading, listening to music, tennis, talking to people, and caring for her dogs. Miss Kimbrell was sponsored by Wilson Insurance Agency.

Debora Lee Daniell, 16-year old daughter of Mr. and Mrs. Dean Daniell was named first runner-up. Second runner-up honors went to Miss Kerrie Jan Lee, 16-year-old daughter of Mr. and Mrs. Bobby Lee.

The welcome was given by Lions President Ronnie Nettles. Master of Ceremonies was Danny Chisum. Judges were: Brenda Becknall, owner and director of the Robert Spence School in Lubbock; Kitty Keeton, instructor at Robert Spence School; and Robert Keeeton, salesman at Hollon's Home Furnishing of Lubbock. Miss Debra Hagens, 1979 Lions Queen, crowned Karla on a stage set depicting the Mardi Gras theme. Escorts were Robbie Autry and Donald Freitag. Ushers were Jon Cox, Jay Ross, and Tim Bednarz. Pianist was David Weaver. Entertainment was provided by Mrs. Mouser's kindergarten class. In charge of the program and decorations were Mrs. Charlotte Freitag, Mrs. Linda Wilke, and Mrs. Helen Autry.

The Veterans Administration will provide information and help to more than 24 million telephone callers this year. Toll free telephone service to VA regional offices is available in all 50 states.

Show To Feature Princesses

COLETTE WILLIAMS

CINDY SLONE

HOLLI CALHOUN

DANA POER

DEBBIE DANIELL

MELANIE JACOBS

MARCI MILLER

KATHY CHILDRESS

Princesses representing 4-H and FFA chapters in the county will be among the featured attractions at the annual Lynn County Livestock Show now underway. They also will help present awards.

Collette Williams, FFA Sweetheart, is the daughter of Mr. and Mrs. L.F. Williams. Colette is a member of the National Honor Society, Annual Staff, and Speech Club. She is secretary of the Senior Class and secretary of the Science Club; and a twirler in the Tahoka High Band.

Tahoka 4-H Princess is Marci Miller, daughter of Mr. and Mrs. Billy Miller. Marci is 14 years old and a Tahoka High School Freshman. She is a member of First Baptist Church, student council representative and a member of FHA. She has been a member of 4-H for 5 years and is currently serving as club secretary. Marci is also a member of Lynn County 4-H Horse Club. Her hobbies are reading and riding horses.

Wilson FFA Sweetheart is Cindy Slone, daughter of Mr. and Mrs. C.W. Slone. She is a senior in Wilson High School and active in basketball and track. Cindy is also a cheerleader.

Wilson 4-H Princess is Debbie Daniell, daughter of Mr. and Mrs. Dean Daniell. Debbie is a Wilson High School Junior and active in basketball, track, and band.

Kathy Childress, daughter of Mr. and Mrs. Pat Childress, is the O'Donnell FFA Princess for 1980. Kathy is a 14 year old freshman at O'Donnell High School and a member of Wells Baptist Church. She is a member of the band and secretary of FFA. Kathy is also a member of One Act Play. Her hobbies are singing, cooking and painting.

O'Donnell 4-H Princess is Holli Calhoun, daughter of Margaret and Joe Beckham. Holli is a 15 year old freshman in O'Donnell High School. She is a member of O'Donnell First Baptist Church. Holli is envolved in 4-H, school and church activities. Her hobbies are piano and singing.

Dana Poer, daughter of Mr. and Mrs. Wayne Poer, is the New Home FFA Sweetheart. Dana is a member of FFA and FHA, one act play, president of National Honor Society, class vice president, and annual staff editor. She was chosen as a senior "Who's Who". Dana participates in the school-sponsored sports of volleyball, tennis and golf.

New Home 4-H Princess, Melanie Jacobs, is a 17-year-old junior at New Home High School. She is the daughter of Mr. and Mrs. John Jacobs of New Home. Melanie is a member of the New Home 4-H Club and is also active in FHA. She plays basketball and is a member of the Leopard Steppers Drill Team and Pep Squad. Her hobbies are sewing and drawing. She is a member of New Home Baptist Church.

Math System Adopted

A new Systematic Teaching and Measuring Mathematics Program was adopted Monday night for Tahoka Schools starting in September, 1980, as the board of trustees met in regular monthly session, a meeting postponed from last Thursday night.

The new math program is designed to improve the math skills of all students and to keep teachers informed of the level of accomplishment of each student throughout his school career. The program starts in kindergarten and continues through graduation from high school, with a student's math record going with him from grade to grade, showing the next teacher what areas that student excels in and which ones he needs help in.

The board adopted the new program after hearing from a faculty math committee which appeared at the meeting. The committee included Vivian McAfee of Tubb Elementary, Shirley Holloway of North, Jody Roberson of high school and Tom Sullivan of junior high.

"We have no doubt that this will increase the math skills of all our students," Supt. Jim Coulston said after the program was voted in.

In other action the board extended contracts of three principals for one year, set March 3-7 as Public Schools Week, voted to apply for participation in a special education cooperative vocational program, set the date for a school trustee election, adopted a new student suspension policy and voted to continue taxing automobiles.

Contracts were renewed for Jim Marcus, high school and junior high principal; Clifton Gardner, North; and Tom Cooper, Tubb.

A schedule of events planned for Public Schools Week is to be released next week, March 4, Tuesday, is open house at the schools.

The school seeks state permission to join the Brownfield Co-Op in a vocational center providing classes at Brownfield for youngsters in special education, starting next fall.

An election to fill three places on the school board will be held on April 5, in conjunction with elections to fill vacancies on the city council and Lynn County Hospital board. Maurice Huffaker will be election judge and Hazel Connally will be absentee voting clerk, with the absentees in all three elections to be at the city hall.

The trustee election and the other two elections will all be in the Tahoka school cafeteria on Saturday, April 5.

School board terms of Mrs. Bettye Green, Joe Brooks and the late Othell Meeks are scheduled to expire. Mrs. Green and Brooks have filed for re-election. No other candidates had filed as of Tuesday, with March 5 the last date a person may file at the school tax office.

The homemaking department was given approval to sell four sewing machines.

The board voted to continue taxing automobiles not over 7 years old.

Trustees voted to include House bill 8 as part of the school policy related to procedures for suspension of incorrigible students. This measure includes giving the classroom teacher authority to remove a student from the class.

Coulston told the board that enrollment in the schools totaled 940 students on Feb. 18, compared to 971 in February of 1979. He also advised the board that there will be no school Friday, a teacher in-service day.

A Visit With Your County Agent

By Stanley Young

Beware of "Buying" Brucellosis

Cattlemen rebuilding their herds should be careful not to "Buy" brucellosis or Bang's disease. This contagious reproductive disease is most often spread when newly purchased cattle are added to a breeding herd.

Brucellosis reduces calf crops and milk yields and causes breeding problems.

While the overall infection rate of U.S. cattle is quite low, the economic importance to individual cattlemen and market area restrictions are significant. The disease is most prevalent in Florida, Louisiana, Texas, Mississippi, Arkansas, Alabama, Oklahoma, Kentucky and Tennessee.

When cattle are sold in higher risk areas, the law requires that they be tested for brucellosis. Reactor cattle must be branded with the letter "B" and sent directly to slaughter. The owner receives the slaughter price and also may qualify for an indemnity payment. However, these compensations can amount to something far less than market value before the herd became infected.

Government control efforts include periodic testing of milk samples from dairy herds and testing of blood samples from certain animals sold or in marketing channels. Reactors are traced to herd or origin, and all animals in these herds are tested. If brucellosis is confirmed, the herd is quarantined and periodically retested until disease-free. For the owner of a herd under prolonged quarantine, marketing restrictions and repeated gathering of cattle for testing can be quite expensive.

Buyers are advised to double check health records to be sure the animals they are purchasing have actually been tested. Most importantly, buyers should be aware that ONE NEGATIVE TEST is not enough to proved an animal is brucellosis free. It takes three weeks to three months, sometimes longer, for an exposed animal to develop a positive blood test reaction. Longer incubation periods occur when a cow is exposed to infection just before or shortly after breeding.

A few rules for cattlemen buying replacement animals: buy cattle from low-infection areas; buy from sellers who have a reputation for selling brucellosis-free cattle; buy only animals that were calfhood vaccinated as shown by ear tags, tattoos and health records; buy from herds that haven't added animals within the past 12 months; and isolate newly purchased animals for 45 to 120 days for observation and retest for brucellosis before mixing them with the rest of the breeding herd.

Tree Planting Time At Hand

Think back to last summer's heat and imagine what a difference a green canopy of shade would make around your home and neighborhood.

Trees around our homes provide more than landscape beauty. They provide climate control and make important contributions to improving the environment. They add increased value and esteem to our property. Trees filter and clean the air we breathe, provide oxygen for living, and serve to reduce urban noise and sound.

Trees are one of nature's best gifts and are a mighty fine investment for our homes and communities.

If you've been thinking of adding trees to your landscape, the time is at hand.

Plant trees as soon as possible so that root systems can develop and become well established before hot weather hits.

Most nurserymen now have good supplies of container, balled and burlapped, and bare-rooted trees. So take time now to visit him and make your selection.

After selecting the tree, your next step is proper planting. Here are a few guidelines on getting that job done right.

1. Dig a hole large enough in diameter so that the root system has at least 6 inches clearance on all sides. Some people will dig their hole twice the width of the root ball, which is an excellent idea if you can manage it. It's not necessary to dig the hole much deeper than the root ball as the ball should rest on a solid soil foundation.

2. Plant the tree at, or slightly below, the level at which the tree was growing in the nursery. The original soil line can be seen as a discolored ring on the trunk.

3. Be sure to provide internal soil drainage. If you are unsure as to whether or not your soil drains well, try this test: Dig a hole and fill it with water. If the water does not drain through the soil in a day or two, plant roots will suffer from lack of oxygen. To improve drainage, dig a trench leading away from the bottom of the hole and fill it with gravel so that excess water can drain to a lower area of the yard.

4. Carefully place the tree in the hole. Handle it by the ball and not by the trunk. A broken ball of earth can mean a dead plant. Always remove any container before you plant.

5. Back fill the hole carefully, using good topsoil or a mixture of soil, sand and organic matter, such as peatmoss. Firm the soil around the plant and water thoroughly to settle the soil around roots and to eliminate any air pockets.

6. Do not fertilize the tree after planting. Wait until early spring and then fertilize lightly with a regular commercial fertilizer. Heavy applications of fertilizer will burn and injure the root system and could possibly kill the plant.

7. Stake the newly planted tree and tie it with guying wires to provide stability and prevent wind damage.

Circle M Will Skip Roundup

The fourth Saturday night country music event normally hosted by Circle M Farm and Ranch Supply will not be held this Saturday night because of the stock show, sponsor Jack Miller said.

The event in the community center will be resumed on the last Saturday night in March, he said.

Water Levels In Observation Wells

Measurement of water levels in the network of over 900 wells measured annually by the High Plains Underground Water Conservation District No. 1 in its 15 county service area showed an average change of 0.48 foot lower from January 1979, to January 1980.

Because 1979 was an abnormally moist year over most of the surveyed area, the 0.48 foot change compares favorably with the five year average annual change of 1.34 feet and the ten year average annual change of 1.42 feet. Water District officials attribute the reduced rate of decline to improved water conservation practices, the high cost of energy to pump water and the presence of unusual natural moisture. The abnormal rise in water levels in some wells probably reflects filling of the cones of depression around these wells other than substantial recharge to the aquifer.

The average depth-to-water below land surface in the water level observation wells measured in late 1979 and early 1980 was 165.54 feet.

Cotton Prices Advance

Spot cotton prices advanced for the 12th consecutive week, according to Paul R. Dickson, Area Director for the Texas High Plains Cotton Division Offices.

High Plains growers sold mixed lots of mikes 30 - 32 around 1675 points over 1979 loan rates, up 225 points compared to a week earlier. Mixed lots of mostly mikes 27 - 29 brought around 1350 points over 1979 loan, up 225 points, also, Dickson said.

High Plains Cotton Division Offices graded 41,000 samples during the week ended Feb. 14, as ginning continued to wind down. This brought the season's classing total to 2,401,000.

Predominant grades for the week were grade 32 at 23 percent, grade 42 - 39 percent and grade 43 - 13 percent.

Predominant staple staple 30 -23 percent, 31 - 47 percent and - 20 percent.

Micronaire 30 - 32 27 - 29 accounted percent while 26 and amounted to 10 according to USDA cultural Marketing Se

Average fiber strength was 85,000 per square inch samples tested.

COTTON TALKS

FROM PLAINS COTTON GROWERS, INC.

According the Donald Johnson, Executive Vice President of Plains Cotton Growers, Inc., Lubbock, it now appears virtually certain that the six-year-old disaster program which expired with the 1979 crop year will be extended through 1981.

The House in Washington February 13 on a vote of 282 to 140 approved a two-year extension as part of a bill establishing a new and expanded all-risk Federal Crop Insurance program. The Senate passed a similar measure late last year and the issue now goes to a House-Senate Conference Committee for resolution of differences.

The disaster extension parts of the two bills are almost identical, notes Johnson, "so we don't anticipate any serious problem getting the bill out of conference or back through both houses."

The only major difference in the bills relates to the Federal Crop Insurance program. The House measure allows producers the option to secure private hail and fire insurance in return for a 25 percent credit on Federal premiums for other coverage. The Senate bill has no such provision.

Details on the insurance program won't be available until sometime after the final measure becomes law. Nor is it now clear when all farmers will have access to the new insurance.

"But it doesn't seem reasonable to expect that federal crop insurance in 1980 will be much if any different from that available in 1979," Johnson says. Meanwhile producers will have the disaster program in 1980 and will have the option to either retain that protection or take federal crop insurance in 1981.

The next action on a disaster program extension will come February 19 when House and Senate conferees meet on legislation raising target prices for wheat and feed grains. Besides target price provisions, the Senate bill to be discussed also provides a one-year extension of the disaster program with a payment limitation of $50,000 per producer.

It is possible but by no means assured, Washington sources say, that the target price conferees will now agree to drop all mention of the disaster program from that bill.

Disaster protection was first written into the Agriculture Act of 1973 and was extended for the first two years of the four-year 1977 farm law, expiring with the 1979 crop year.

Farmers in the 25-county High Plains territory represented by PCG, where the disaster program was conceived, collected over $273 million in benefits under the disaster program for the five-year period 1974 through 1978. Final disaster payment figures are not yet available on the 1979 crop but are expected to bring the six-year total to over $300 million.

Billy Whitaker

Assistant County Extension Agent

Says...

4-H Aquatic Science Project Offers Fun, Fishing, Exploring

Through the 4-H Aquatic Science project, new opportunities and exciting challenges await boys and girls interested in fishing and exploring Texas' abundant waterways.

Specialists and county agents of the Texas Agricultural Extension Service along with 4-H volunteers have explored and tested ways of involving 4-H members in learning experiences through this project. The Extension Service is the parent organization of 4-H.

Five distinct areas of the project that should interest young people are fish culture, bait production, sport fishing, fisheries biology and marine fisheries biology.

The fish culture segment features learning experiences related to basic requirements of caring for and rearing fish both indoors and in ponds. 4-H members will also learn about methods of marketing fish and about fish husbandry as a career option.

Bait production teaches members how to raise worms and crickets for personal use as well as for profit. 4-H'ers also learn how to make and use artificial baits.

Sport fishing involve members in actually learning how to catch fish. Various types of fishing gear and methods are studied, including how to locate and lure fish. Members also learn about fishing laws and how to promote balance in fish populations.

Both fisheries biology and marine fisheries biology involve members in learning about ecological systems and characteristics, species identification, and collection methods and management techniques applied to both fresh water and salt water fish culture.

Lynn Co. invites boys and girls 9 to 19 years of age to join 4-H and get in on the action that Aquatic Science projects have to offer. Adults with skills or interest are also invited to participate as volunteer leaders. More information on the project is available at the county Extension office.

COTTON TODAY

A NATIONAL COTTON COUNCIL SERVICE

Bill Would Hurt Cotton– Rep. Boner (D-Tenn.) has introduced a bill that would require the Consumer Product Safety Commission to extend the children's sleepwear flammability standard to all items of children's underwear. Under the bill, the standard would take effect 18 months after its enactment, regardless of when the CPSC issued the necessary regulation. Some 100,000 bales of cotton currently are used in the children's underwear market, according to the National Cotton Council.

Exports Reported: New sales of upland cotton were reported at 66,900 running bales for the week ended Feb. 3 to bring the season's total to 8,478,200. The major buyer was Japan at 52,700 bales. The week's exports were reported at 201,300 running bales (24,400 to China) compared with 168,400 a week ago, bringing the total to 3,667,800 for the year. The week's sales for 1980-81 delivery reached 30,600, almost triple a week ago. Most were sold to Japan.

Hotline Will Help Move Cotton: A new hotline is in operation at the U.S. Department of Agriculture to help the cotton industry avoid a serious transportation crunch brought on by increased exports. Assistant Secretary Bobby Smith says USDA's Office of Transportation started the telephone hotline to reduce obstacles that may occur in moving large shipments. Smith said the hotline number (202/447-5617) may be called by industry members to report bottlenecks and expedite USDA aid.

And Cotton Yesterday: In 445 B.C. Herodotus wrote of trees which grew wild in India, the fruit of which was cotton.

Target Price Conference Set: House-Senate conferees will meet February 19 to resolve their differences over legislation raising the 1980 target prices for wheat and feed grains. Besides the target price provision, the Senate bill extends the disaster program through 1980, but limits payments to $50,000 per producer. Other provisions of the Senate version would give the Secretary of Agriculture authority to require producers to remain within their Normal Crop acreage (NCA) for 1980 and 1981 to be eligible for loans, deficiency payments, and other program benefits. The National Cotton Council strongly opposes both the payment limitation and NCA provision.

Exports Reported: New sales of upland cotton reached 171,600 running bales for the week ended January 27 to bring the season's total to 8,411,300. The major buyers were Japan, 124,400 bales; Korea, 15,700; and Taiwan, 13,800. The week's exports were reported at 168,400 running bales compared with 183,400 a week ago, bringing the total to 3,466,600 for the year.

Temik Banned: Union Carbide has requested the Environmental Protection Agency to ban Temik in Suffolk County, N.Y., because traces of the insecticide were found in water supplies. No adverse health effects were reported. EPA samplings of water in 20 other states failed to produce evidence that Temik had infiltrated into water elsewhere. The company said it is convinced Temik poses no undue health hazard. The material is used widely on cotton.

Bergland Gives Research Views: Agriculture Secretary Bob Bergland recently elaborated on an earlier statement made in California regarding federal funding of research. He said USDA will not put federal money into research where a careful review and analysis clearly indicate that the direct and immediate benefits will go to a relative few in a limited number of locales, while: (1) neither serving the national interest nor benefiting the general public; and (2) posing a direct or indirect threat to social stability, the nation's natural resource base, the environment, the national security, or the economic well-being of a significant number of citizens.

And Cotton Yesterday: Discovery of fabrics and string from excavations in Pakistan indicates cotton was grown in that country in 3000 B.C.

Tahoka 4-H Meet

Tahoka 4-H Club held a regular meeting Feb. 18 at the Community Center. Method Demonstration and the livestock show were discussed.

Plans were discussed for a skating party for 4-H'ers and their parents. Pam Krause was elected to head the skating party committee.

Also a ski trip for next year for 14 and older 4-H'ers was discussed. Denise Ehlers was elected to head the ski trip committee.

Many fun 4-H activities are being planned, so come and get involved in 4-H.

Nearly 3 of 4 veterans with military service during the Vietnam conflict have applied for benefits under the current GI Bill.

THIS ARTICLE IS A WARNING!

Soon Russia will launch a military attack against Israel and the oil-rich Middle East. This invasion will initiate a world wide holocaust. Billions will die. But, God has provided an ESCAPE.

God help you to read and respond to this — His message to you. Time is short.

"Tell us, when shall these things be? And what shall be the sign of thy coming, and of the end of the age?" (Matthew 24:3)

"AND THIS GOSPEL OF THE KINGDOM SHALL BE PREACHED IN ALL THE WORLD FOR A WITNESS UNTO ALL NATIONS; AND THEN SHALL THE END COME."-Jesus Christ (Matthew 24:14)

The gospel of Jesus Christ is now being proclaimed in every nation on the face of the earth. Any Bible studying, born again Christian, knows that we are in the closing hours of this age. **Soon**, according to the Bible, Jesus will come to evacuate all born again Christians from the face of the earth. Then, seven years of judgment will be poured out upon the earth.

SOON....

"the Lord Jesus shall be revealed from heaven with his mighty angels, in-flaming fire taking vengeance on them that know not God, and that obey not the gospel of our Lord Jesus Christ: who shall be punished with everlasting destruction from the presence of the Lord, and from the glory of his power." (2 Thes. 1:7-9)

We are in the LAST HOURS of this age. According to scripture, we shall see the return of the Lord and the pouring out of God's judgment upon the earth.

SCRIPTURAL SIGNS THAT WOULD HERALD THE END OF THE AGE

(1) **The nation Israel:** Thousands of years ago, Old Testament prophets foretold the scattering of the Jews among the nations of the world:

Moses wrote: "And the Lord shall scatter thee among all people, from the one end of the earth even unto the other...

And among these nations shalt thou find no ease, neither shall the sole of thy foot have rest: but the Lord shall give thee there a trembling heart, and failing of eyes, and sorrow of mind.

And thy life shall hang in doubt before thee; and thou shalt fear day and night, and shalt have none assurance of thy life." (Deut. 28: 64-66)

History testifies to the fulfillment of this prophecy. The Jews have been slaughtered by the millions during these past 2,000 years. Only recently the world witnessed the extermination of 6,000,000 Jews under Adolf Hitler.

Yet, the Old Testament abounds in prophecies that at some future date, once again the Jews would return to their ancient homeland and, once again, would possess Jerusalem:

"Behold, I will take the children of Israel from among the nations, to which they are gone, and will gather them on every side, and bring them into their own land. And I will make them one nation in the land upon the mountains of Israel..." (Eze. 37:21)

On May 15, 1948, once again, after 2,000 years the Jews are back in their homeland. In June of 1967, once again, after over 2,300 years, the Jews once again control Jerusalem. The Bible makes it clear that these events would occur in the closing days of history, just before the return of Jesus and the gathering together of the armies of the world to the Middle East, where God will pour out His judgment. Speaking through the prophet Joel, God says:

"For, behold, in those days, and in that time, when I shall bring again the captivity of Judah and Jerusalem, I will also gather all nations, and will bring them down into the Valley of Jehoshaphat, and will judge them there for my people and for my heritage Israel, whom they have scattered among the nations...." (Joel 3:1-2)

(2) **The invasion of Israel by Russia and her allies:** Ezekiel, in the 37th chapter, foretold the return of the Jews to Israel in the latter days. Remember, the nation was not called Israel until 1948. Ezekiel said the Jews would return and the nation would be called Israel.

Then in the 38th chapter Ezekiel talls of a military invasion of Israel in the **latter days'** (the days **just preceding Christ's return to earth**):

"Gog, of the land of Magog, the chief prince of Meshech and Tubal ... I will bring thee forth and all thine army ... and many peoples with the ... in the latter years thou shalt come into the land that is brought back from the sword, and is gathered out of many peoples, against the mountains of Israel, which have been always waste; but it is brought forth out of the nations ... it shall be in the latter days." (Eze. 38:2-16)

Gog is the name given to the head of this nation. Magog, Meshech, and Tubal were all early descendants of Noah mentioned in Genesis 10. History records that these individuals, with their tribes, migrated to and settled in the land of modern day Russia after God scattered the peoples from the tower of Babel. Ezekiel tells us three times that this nation will come out of the north parts, literally "the uttermost parts of the north." Look at a map. To the uttermost north of Israel lies Russia.

Ezekiel ever lists the allies that will come with Russia:

(a) **Gomer and all its hordes:** Gomer, early descendent of Noah, and his peoples settled in Eastern Europe. Today this includes East Germany and the Warsaw Pack Nations, who, with the aid of Russia, are building up militarily in preparation for the great invasion into the Middle East.

(b) **Lybia:** (Put) There is little doubt that the Lybia of Ezekiel's prophecy is the Lybia of North Africa, at the present time an ally of Russia.

(c) **Ethiopia:** The Ethiopia (Cush) of Ezekiels prophecy is the Ethiopia of North Africa. It came as no surprise to Bible studying Christians when Ethiopia fell some 2 years ago and became sided with Russia.

(d) **Persia:** The country of Persia changed its name to Iran in 1935. At the time of Ezekiels prophecy, Persia included Iraq, Afghanistan, etc., already in the Soviet camp. But, in the main, Persia is Iran. Once again, the turmoil in Iran is no surprise to the Bible studying Christian. Iran must go into the Soviet camp.

RUSSIA HAS JUST OVERRUN AFGHANISTAN AND THREATENS IRAN. TIME MAY BE SHORTER THAN WE THINK.

(e) **Togarmah: Togarmah not only includes Asiatic portions of Russia, but also the country of Turkey. At this hour we read of the revolutionary activities taking place in Turkey. Turkey must fall to the Soviets.**

More than 2,000 years ago, the prophets recorded the aligning of the nations that would herald the darkest hours of the earth's history, culminating in the end of the age and the return of Christ.

Today we read about the great offensive military build-up of Soviet Russia and her allies. The most extensive peacetime preparations for war ever undertaken by any nation in history are taking place at the present time in the Soviet Union, according to our military and political leaders. NATO military leaders have warned that by 1981-82 Russia will have her military divisions at peak strength and the west had better be prepared. Military leaders concede that Soviet Russia's military build-up is targeted against the oil rich Middle east. The Massachusettes Institute of Technology (MIT) oil report warns, after years of research, that by as early as 1981 we may be plunged into a world oil crisis, leading to global war.

Ezekiel 38:13 lists several nations that will protest this great military invasion. Sheba and Dedan are among these, which today is the country of Saudia Arabia, the oil capital of the world. Time is running out. Soon Russia will make that military invasion prophesied over 2,000 years ago.

(3) **The rise of a 10 nation political alliance in Western Europe:** Both the book of Daniel and the book of Revelation speak of an alliance of 10 nations that will arise in the latter days and which will be in existence **at the time** of Christ's return.

In Daniel 2:31-45 and Daniel 7:1-28, God reveals to Daniel the four world empires that will pass across the stage of world history, culminating in the outpouring of God's judgment upon the earth and the return of Jesus Christ.

We will use Nebuchadnezzar's dream, in Daniel 2 in which he saw a huge image of a man. The head of gold, God reveals, is Nebuchadnezzar and the empire of Babylon. The breast and arms of silver represent the second empire, which proved to be Medo-Persia. The belly and thigh of bronze represent the third empire, which proved to be Greece. (Daniel 8:20-21) The legs of iron represented the fourth empire, which history proved to be Rome. **but**, as represented by the feet and 10 toes, there would be 10 nations to arise out of the ruins of the Roman empire. The Bible says: "And in the days of these kings shall the God of heaven set up a kingdom, which shall never be destroyed ..." (Daniel 2:44)

As we look at the stage of the world, and study the prophecies dealing with how the nations would be aligned at the time of the end, there is only one place to look for the 10 nation alliance to arise, the ruins of the Roman empire that today make up Western Europe.

Coinciding with the rise of Israel and the rise of Russia and her allies, we look to Western Europe and right before our eyes, ten nations now make up the European Common Market, and are moving rapidly towards political unification. It is from among these ten nations that will arise the coming world leader, the Antichrist, who will be Satan's puppet during the seven-year period of judgment soon to fall upon the earth.

The stage is now just about set for the holocaust to come. Time is running out.

(4) **A world-wide military build-up:** (The Bible tells us that in the latter days, just before the outpouring of God's judgment, that God will call all the nations to "arm to the teeth"; there would be a world-wide arms race.

Speaking through the prophet Joel: "Proclaim this among the nations: Prepare war, wake up the mighty men, let all he men of war draw near; let them come up: Beat kyour plowshares into swords, and your pruning hooks into spears; let the weak say, I am strong. Let the nations be wakened, and come up to the Valley of Jehoshaphat; for there will I sit to judge all the nations round about." (Joel 3:9-10, 12)

Instead of spending money on food production, so desparately needed in the world today, the nations will be engaged in a mad weapons race.

In May of 1978, many of the nations of the world met in New York to discuss ways to stop the world-wide arms race. We learned from this meeting that $400 billion a year is being spent on weapons by the nations of the world or $1,000,000 a minute.

Sakharov, father of the Russian H-bomb said: "The pulling of a few levers, the pushing of a few buttons, and the throwing of a few switches would result in the complete annihilation of every living thing upon the earth." This brings to mind the words of Jesus, as He spoke of the last 3½ years of the 7 year period of judgment to come upon the earth: "For then shall be great tribulation, such as was not since the beginning of the world to this time, no, nor ever shall be. An except those days should be shortened, there should no flesh be saved ..." (Matthew 24:21-22)

Never before has the world been divided into armed camps on the scale of today. The day is rapidly approaching when God will draw the armies of the world into the Middle East for the last great war of history. At this very hour we see Russia encircling the oil fields of the Middle East.

Space does not allow to go into the multitudes of other prophecies, coming to pass right before our eyes. Judgment is soon to be poured out upon the earth, 7 years of judgment according to the scriptures. The Bibles says that God "hath appointed a day, in which he will judge the world in righteousness by that man whom he hath ordained."

The horror of those soon approaching days is summed up in one scripture: "And in those days shall men seek death, and shall not find it; and shall desire to die, and death shall flee from them." (Rev. 9:6)

Nuclear war seems vividly described in the Bible. The prophet Zechariah in describing those 7 years of tribulation upon the earth said: "Behold, the day of the Lord cometh ... the Lord will smite all the people that have fought against Jerusalem; their flesh shall consume away while they stand on their feet, and their eyes shall consume away in their holes." Scientists who have studies the atomic bomb explosions on Nagasaki and Hiroshima, Japan say this is a precise description of what happened to many of the victims of the 1945 bombings.

The prophet Malachi wrote: "For, behold, the day cometh that shall burn like an oven. ..."

The prophet Isaiah wrote: "....therefore, the inhabitants of the earth are **burned** and few men left."

Peter wrote: "...the elements shall melt with fervent heat; the earth also, and the works that are in it shall be burned up."

Revelation 9:16 says: "one-third of mankind was killed by the three plagues of **fire.**"

According to the book of Revelation, billions of people will be destroyed. No wonder the prophet Jeremiah wrote: "And the slain of the Lord shall be at the day from one end of the earth even unto the other end of the earth: they shall not be lamented, neither gathered, nor buried: they shall be refuse upon the ground." (Jer. 25:33)

GOD, SPEAKING THROUGH THE PROPHET ISAIAH, WARNED OVER 2000 YEARS AGO: "NOW, THEREFORE, BE YE NOT SCOFFERS...FOR I HAVE HEARD FROM THE LORD GOD OF HOSTS A DESTRUCTION, EVEN DETERMINED UPON THE WHOLE EARTH." (Isaiah 28:22)

(5) **World-wide judgment will come suddenly:** Jesus said: "For as a snare shall it come on all them that dwell on the face of the earth." (Luke 21:25) The apostle Paul wrote: "For when they (the non-Christians) shall say, Peace and safety, then sudden destruction cometh upon them as travail upon a woman with child, and they shall not escape." (I Thess. 5:3)

Again, Jesus said: "But as the days of Noah were, so shall also the coming of the Son of man be. For as in the days that were before the flood they were eating and drinking marrying and giving in marriage, until the day that Noah entered into the ark, And **knew not** until the flood came, and took them all away, so shall also the coming of the Son of man be." (Matthew 24: 37-39)

People will be going about their everyday business then BAM!, judgment will strike suddenly.

(6) **If you are saved, a born-again Christian, God will remove you from the earth before the 7 years of judgment strike the earth:** The Bible teaches that there will be one group of individuals that will not experience physical death, those Christians that are alive on earth just before the 7 years of judgment fall upon the earth. The Bible says: "For the Lord himself shall descend from heaven with a shout, with the voice of the archangel, and with the trump of God; and the dead in Christ shall rise first; Then we who are alive and remain shall be caught up together with them in the clouds, to meet the Lord in the air; and so shall we ever be with the Lord." (I Thess 4:16-17)

Jesus spoke of that time when He would come to steal away His own: "Then shall two be in the field; the one shall be taken, and the other left. Two women shall be grinding at the mill; the one shall be taken, and the other left." (Matt 24:40-41)

Born-again Christians have been delivered from the wrath to come. We are instructed "to await for His Son from heaven, whom he raised from the dead, even Jesus, who delivered us from the wrath to come." (I Thess 1:10) We are to look for Jesus, not judgment. We will be removed from this planet before judgment falls:

"BECAUSE THOU HAST KEPT THE WORLD OF MY PATIENCE, I WILL ALSO KEEP THEE FROM THE HOUR OF TEMPTATION, WHICH SHALL COME UPON ALL THE WORLD, TO TRY THEM THAT DWELL UPON THE EARTH." (Rev. 3:10)

(7) **What must you do to be saved?** This is the urgent question of the hour.

a. The Bible says: "for all have sinned and come short of the glory of God." (Rom. 6:23) We are all born into this world infected with a disease called SIN. The Bible says: "For the wages of sin is death ..." (Rom. 6:23) The wages of sin is not only physical death, but spiritual death as well. We are born condemmed to hell and eternal separation from God.

b. BUT, "....the gift of God is eternal life through Jesus Christ, our Lord. "2000 years ago, Jesus Christ left heaven and came to earth to die a bloody, death on a cross. He paid the penalty for my sins and your sins.

c. NOW, WHAT MUST YOU DO ABOUT IT? Jesus, in John 3, told how simple it was for a man to be saved. He referred back to Old Testament times when Moses was leading the children of Israel through the wilderness. The Israelites sinned against God with their constant complaining and rebelliousness. Finally, God sent deadly serpents in to the Israelite camp to bite the Israelites. As they lay there dying God told Moses to get a long pole and put a brazen serpent at the top. God then told Moses to tell the Israelites, as they lay dying upon the ground, to look at that brass serpent and they would live. "And the Lord said unto Moses, Make thee a firey serpent, and set it upon a pole; and it shall come to pass, that every one that is bitten, when he looketh upon it, shall live." (Numbers 21:8)

Look and live, how simple.

Jesus said: "AND AS MOSES LIFTED UP THE SERPENT IN THE WILDERNESS, EVEN SO MUST THE SON OF MAN BE LIFTED UP, THAT WHOSOEVER BELIEVETH IN HIM SHOULD NOT PERISH. BUT HAVE ETERNAL LIFE." (John 3:14-15) That word "believeth," translated from the Greek, means much more than just a "head knowledge" about Jesus. It is an action verb meaning "committed trust". YOU MUST DO SOMETHING. WHAT????

"FOR WITH THE HEART (mind) MAN BELIEVETH UNTO RIGHTEOUSNESS: **AND WITH THE MOUTH CONFESSION IS MADE UNTO SALVATION.**"(Rom. 10:10)

HOW DO YOU CONFESS WITH YOUR MOUTH? "FOR WHOSOEVER SHALL CALL UPON THE NAME OF THE LORD SHALL BE SAVED."(Rom. 10:13)

Right where you are, you can receive the **gift** of eternal life. RIGHT NOW, wherever you may be, believe God and act on what He says.

You may be a drug addict, you may be a prostitute, you may be a murderer, you may be a homosexual, you may be an alcoholic, you may be MR. GOOD CITIZEN, you may be a college professor, you may be the richest man in the county, IT DOESN'T MATTER. GOD IS NO RESPECTER OF PERSONS. WE ARE ALL SINNERS AND GOD HAS PROVIDED A WAY OUT FOR US. You must **repent**, be willing to turn from your sins and turn to God to save you.

WOULD YOU LIKE, RIGHT NOW, TO MAKE SURE YOU HAVE ETERNAL LIFE WITH CHRIST AND THAT YOU WILL ESCAPE THE TERRIBLE SUFFERING SOON TO COME UPON THE EARTH? IF SO, PRAY THIS PRAYER AND MEAN IT, AS BEST YOU KNOW HOW:

Dear Lord Jesus, I am a sinner. I now come to you and ask you to forgive me for all my past sins and to come into my life to be my Savior and Lord. Thank you for dying on the cross for me. Now, make me the Christian you want me to be. Thank you Jesus. Amen.

IF YOU PRAYED THIS PRAYER ASKING JESUS TO BE YOUR SAVIOR, AND MEANT IT AS BEST YOU KNEW HOW, GOD PROMISES THAT YOU ARE SAVED, YOU CAN NEVER LOSE YOUR SALVATION. IF YOU PRAYED TO RECEIVE CHRIST, THE BIBLE SAYS: "But as many as received him, to them gave he power to become the children of God..." (John 1:12)

(8) **What happens when you pray to receive Christ?** GOD SAYS:

a. **Turn you at my reproof...**" (Proverbs 1:23) Did you just turn to God, by inviting Jesus into your life as Lord and Savior? The Bible says it pleased God by "the foolishness of preaching to save them that believe." Did you respond to the "preaching" in this article? If so, GOD SAYS.....

b. "**behold, I will pour out my spirit unto you...**" (Proverbs 1:23) Remember, Jesus said in John 3 that to enter into the kingdom of heaven we must be "born again." We must, Jesus said, at some time in our life be "born of the Spirit." God says if you turn to Him, He pours out His Spirit unto you. The Bible says, in Ephesians 1:12-13, that Christ "in whom ye also trusted, **after** ye heard the word of truth, the gospel of your salvation; in whom also after ye believed, ye were sealed with that Holy Spirit of promise..."

IF YOU JUST TRUSTED CHRIST AS YOUR PERSONAL SAVIOR, ON THE AUTHORITY OF GOD'S WORD, YOU HAVE BEEN SEALED WITH THE HOLY SPIRIT. YOU HAVE BEEN "BORN OF THE SPIRIT"; BORN AGAIN.

WHAT ELSE DOES GOD PROMISE?

c. "**I will make known my words unto you**" (Proverbs 1:23) God says He will now make His word, the Bible, understandable to you. WHY? BUT THE NATURAL MAN RECEIVETH NOT THE THINGS OF THE SPIRIT OF GOD: FOR THEY ARE FOOLISHNESS UNTO HIM, NEITHER CAN HE KNOW THEM, BECAUSE THEY ARE SPIRITUALLY DISCERNED." (I Cor. 2:14)

Now that God has placed His Spirit within you, you will be able to begin to understand the great truths in God's word.

(9) WHAT DO YOU DO NOW? You must grow. The Bible says, "If any man be in Christ he is a new creation: old things are passed away; behold, all things are become new." (2 Cor. 5:17)

The evidence of your being "born again" will be your life changing for the better. Your "want to's" will change, you will no longer desire to engage in your old sinful practices. You will have a "hunger" for the things of God.

IN THE TIME THAT REMAINS BEFORE THE LORD RETURNS TO EVACUATE THE CHRISTIANS:

a. Read your Bible daily -begin in the New Testament with the Gospel of John — Read every day.

b. Pray daily as best you know how.

GOD WILL TEACH YOU. HIS WORDS WILL CHANGE YOU.

(10) ONE NOTE TO ANYONE WHO FELT THIS ARTICLE WAS FOOLISHNESS:

"The preaching of the cross is foolishness to them that are perishing..."

IF THIS MESSAGE SEEMED SILLY OR RIDICULOUS TO YOU, YOU HAVE JUST REVEALED THAT YOU ARE PERISHING. THE DOOR IS STILL OPEN, BUT WILL SOON CLOSE:

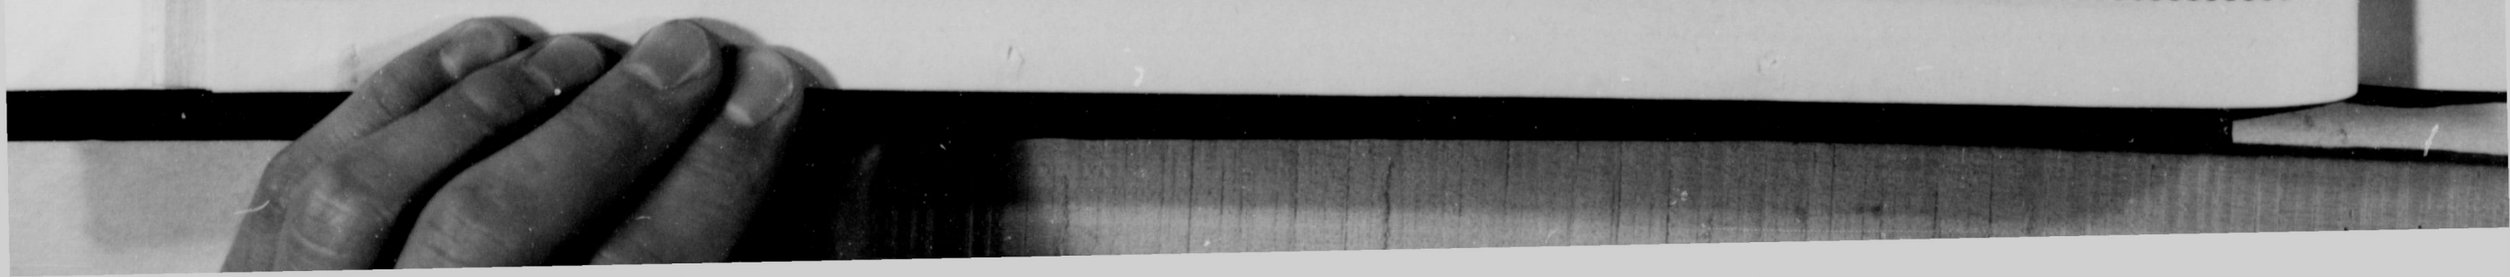

"I am the door, by me if any man enter in, he shall be saved..." — Jesus Christ

"SEARCH THE SCRIPTURES: FOR IN THEM YE THINK YE HAVE ETERNAL LIFE: AND THEY ARE THEY WHICH TESTIFY OF ME. AND YE WILL NOT COME TO ME THAT YE MIGHT HAVE LIFE." — Jesus Christ

If you, through the reading of this message, have sincerely asked Jesus Christ to be your personal Saviour and Lord, please write in to the following address so that we can send you material to help begin your Christian growth:
