Energy Conservation Plan Results In Cool Band Hall

A new heating and air-conditioning system is in the offing for Middle School band hall and choir room as a result of a 7 a.m. meeting of the Colorado Independent School District Board of Trustees Tuesday.

During the meeting, which was held over breakfast at the Villa Restaurant, board members heard a report from Superintendent of Schools Charlie Uselton indicating an urgent need for the new system.

He explained a drop ceiling, new lighting and insulation will also be added to the band hall and choir room as a part of the new system.

These renovations are being considered in an ongoing effort to conserve energy throughout the school system.

A large boiler is currently used to produce heat in the auditorium band hall, choir room and several other unused rooms in the Middle School.

Water coolers, which have completely rusted out, according to Uselton, are used to cool the building.

The installation of the new system is anticipated to save many dollars in conserved energy, Uselton noted.

The system, which will include one, five ton unit and one, seven ton unit, plus the other renovations, is anticipated to cost about $40,000 to $45,000.

Board Member Eddie Piland suggested at a later date some type of heating and cooling unit can be placed on the auditorium and eliminate the necessity of "firing up" the boiler altogether.

Uselton reported that the energy situation at Hutchinson Elementary School is also less than desirable and suggested bids be taken from contractors for plastering the outside of the building in a manner similar to that used at Middle School.

Alternate bids were suggested for plastering to include aggregate and also metal over openings.

This plan is projected to cost about $20,000.

A third project was discussed, which will cost about $50,000. The project includes remodeling two classrooms in the Curriculum Building for use by the Mitchell County Tax Appraisal District.

Also included in the project is the paving of a parking lot for use in conjunction with the tax office.

Remodeling will include the installation of a five ton air conditioner, complete with duct work, insulation, drop ceilings, new lighting and construction of a storage area.

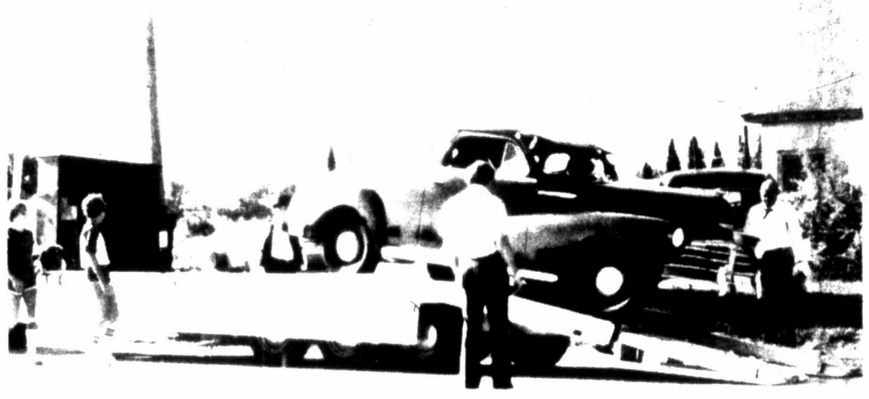

This portion of the project is estimated to cost about $40,000 (turnkey).

Construction includes a parking lot with one entrance and a curved drive to the front entrance. The lot will have places for about 15 vehicles and the estimated cost is $10,500-$11,000.

Board members voted to advertise for bids on all three projects, with

Rodeo Brings Revenue Of $6,606 To Chamber

American Junior Rodeo Association Rodeo, sponsored by the Colorado City Area Chamber of Commerce, drew more than 700 entries and resulted in $6,606 in gate and concession fees for the chamber.

Chamber Manager Jack Hollis reported to the Chamber Board of Directors in the regularly scheduled meeting Monday evening that Wednesday's gate resulted in $802, while concessions brought in $751.75; Thursday's gate resulted in $919, while concessions totaled $699.15; Friday's gate totaled $1,266 and concessions hit the $818.60 mark; Saturday's gate, despite rains, totaled $922.50 and concessions were completely sold out with $427 resulting.

Hollis noted $7,000 in loans are due at The City National Bank, leaving a note of $9,300, plus interest, due next year at rodeo time.

Expenses which must be paid from rodeo revenues include $6,000 for the rodeo producer; $375 for the announcer; $400 for the secretary and $200-$300 for ice, plus the cost of concessions.

Revenues for the rodeo totaled $12,236, including $3,210 for entry fees; $59.50 in tickets sold through the chamber office and $2,461 in ticket revenues from rodeo queen contestants.

Diane Gregory, 12, sold $1,266 in advanced tickets and won a $25 bonus for going over the $1,000 mark. Jody Mann, who was crowned queen the final evening of the rodeo, sold $554.50 in advanced tickets and Jana Northcutt sold $774.50 in advanced tickets.

Hollis estimated that with the $5,000 promised from the motel occupancy tax, the chamber would be able to pay off all expenses from the rodeo.

He noted all the figures he was presenting were tentative and proceeds are still coming in from advertising and sales.

"Every merchant I spoke with, indicated Friday was a great business day and even if the chamber did not show a profit, we did accomplish our main objective and that was to bring business into town," Hollis said.

Rodeo Chairman George Walker reported that AJRA Representative Les McFaddin complimented the chamber on the new rodeo facilities. He said of the 500 total AJRA members, 385 participated in the rodeo, with

Uselton also reported that state legislation has increased beginning teachers' salaries for the next two years by 26.7 percent (13 percent each year). He noted that three percent per year of this increase is what teachers normally gain after a year's experience, therefore, teachers will receive about a nine percent actual increase per year. This brings the basic salary for beginning teachers up from the $9,620 currently paid to $10,230 in the coming year.

The regular monthly meeting of the board will be held Monday at 7 p.m. in the Curriculum Building.

Banquet Committee Chairwoman Mildred Free will contact Newbury about the banquet.

Chrystal Ice Company of Snyder, which supplied the ice chest and ice for the rodeo, has requested membership in the chamber.

Chamber President Joe Kirschbaum reported the new city-county maps have been delivered and are available at local sponsoring merchants.

Hollis concluded by thanking chamber members for assistance at the rodeo grounds.

NOTICE OF REAPPRAISAL YOUR TAX DISTRICT

EVALUATION NOTICE

Mitchell County Appraisal District and Southwestern Appraisal have completed a detailed study which will equalize property values throughout the Mitchell County Appraisal District. You will be getting a notice in the mail that will let you know the proposed value for any property you own.

The notice can be confusing and the legislature has voted to change it; but, the change will not go into effect until 1982. This year there is an estimated tax on the notice and that tax amount is wrong. Don't pay any attention to it because the tax rate cannot be set until after the Board of Equalization adjourns.

Pay close attention to proposed 1981 value because that is what counts. Southwestern Appraisal people who appraised the property will meet with anyone who has a question. They will go over the appraisal with you to make sure it is correct and you may compare your appraisal to others if you wish.

A sample of the notice is printed here so you will know what to look for.

TAX PAID LAST YEAR ON THIS PROPERTY.

LEGAL DESCRIPTION AS SHOWN ON YOUR PRESENT DEED

Mbst./Lot BLK./Sec. Add. to Town
Re Lot 1 BLK. 1 Personal Property

Mr. John Q. Taxpayer
Rt. 1
Your Town, TX

Dear Property Owner:

All real property in the Texas County Appraisal District has been reappraised for tax purposes to comply with state law and to make evaluations equal and uniform. This notice of reappraisal, as required by GR 18, Art. 7244 (c), V.A.C.S., 1979, must contain four required items of information about the property. It must state (1) the 1980 market value, (2) the amount of the 1980 taxes, and (3) the 1981 market value.

THE VALUE SHOWN ON LAST YEAR'S TAX ROLLS.

1980 Market Value $10,000,000.

1980 Tax $10,000.00

1981 Market Value $50,000,000.

THE MOST IMPORTANT PART OF THIS NOTICE. SOUTHWESTERN'S APPRAISERS WILL GO OVER THIS WITH YOU TO MAKE SURE IT IS CORRECT.

IGNORE THIS. IT WAS CONFUSED SO MANY PEOPLE THAT THE LEGISLATURE VOTED TO DO AWAY WITH IT AFTER THIS YEAR.

The fourth requirement is often alarming and very misleading to the property owner: the reappraisal notice must state the amount the 1981 taxes would be if the taxes were figured on the 1980 tax rate. If the 1980 tax rate were applied to the 1981 market value of the above described property, the amount of the 1981 taxes would be $50,000.00. However, the 1981 tax rate cannot be set until after the Board of Appraisal Review meets. The 1981 rate will be published as soon as it is available.

THE MOST IMPORTANT PART OF THIS NOTICE IS THE 1981 MARKET VALUE. Should you have any questions about this value, please contact the Appraisal District Office for an explanation.

The change to a Central Appraisal District has required a reconciliation of legal descriptions and/or property values. This notice reflects the value and legal description of your property after reconciliation by the Chief Appraiser. If you have any questions, please contact the Appraisal District for assistance.

Any exemptions to which you or the property are entitled will reduce the value and tax shown above.

Should you so desire, you may appear before the Board of Appraisal Review:

From 9:00 a.m. to 5:00 p.m., July 1 through 5, in the Texas County District Court Room. Please call for an appointment.

TIME AND PLACE TO TALK ABOUT THE 1981 PROPOSED MARKET VALUE. CALL FOR AN APPOINTMENT. IF YOU HAVE ANY QUESTIONS, WE HAVE ALL THE FACTS.

Public Notice

Southwestern Bell, in accordance with the rules of the Public Utility Commission of Texas, hereby gives notice of the company's intent to implement a new schedule of telephone rates in Texas effective July 21, 1981, unless otherwise determined by the Commission.

It is expected that the requested rate schedule will furnish a 15.8 percent increase in the company's intrastate revenues.

A complete copy of the new rate schedule is on file with the Public Utility Commission at Austin, Texas, and with each affected municipality served by Southwestern Bell, and is available for inspection in each of the company's public business offices in Texas.

Notice to Customers of Other Telephone Companies

The filing includes, but is not limited to, proposals to increase rates for interexchange private line and foreign exchange (FX) service. Changes in such rates would also affect customers of other telephone companies because such companies provide interexchange private line and foreign exchange service in accordance with rates specified in Southwestern Bell's tariffs.

Aviso Público

Southwestern Bell, en conformidad a las reglas del Public Utility Commission (Comisión de Servicios Públicos) de Texas, por la presente hace saber su intención de establecer un nuevo arancel para servicio de teléfono en Texas con vigencia a partir del 21 de Julio de 1981, a menos que la Comisión haga otra determinación.

Se espera que el nuevo arancel que se ha solicitado rendirá un aumento de 15.8 por ciento en los ingresos intraestatales de la compañia.

Una copia completa del nuevo arancel se ha archivado en las oficinas del Public Utility Commission en Austin, Texas, al igual que en cada municipalidad afectada y servida por Southwestern Bell, y cada una de las oficinas de la compañía para negocios con el público en Texas tiene una copia para lectura pública.

Aviso a los Clientes de Otras Compañias de Teléfono

El registro incluye, pero no se limita a, propuestas para aumentar las tarifas para servicio de línea privada entre centrales telefónicas (interexchange private line) y servicio de central telefónica extranjera (foreign exchange FX). Cambios en dichas tarifas de servicio tambien afectarían a clientes de otras compañías de teléfono porque dichas compañías proveen los servicios ya mencionados en conformidad a tarifas especificadas por Southwestern Bell.

Foster Families Are Needed For Local Children In Area

The Texas Department of Human Resources currently has openings for additional foster families in this area, according to Foster Home Coordinator Winona Curfman.

Foster parents are needed to provide temporary care for children of all ages and especially for sibling groups of three or four children.

Many of these children have been abused or neglected by their own parents.

Through the love and care of foster families, the emotional, as well as physical, needs of these children can be met while permanent plans are made for the children, Ms. Curfman said.

Sometimes a child can return to his own home after rehabilitative work with the natural parents.

In more serious cases, the natural parents often have their parental rights terminated by the court and the child is then placed in an adoptive home, she said.

Foster parenting is perhaps the most important and vital role a person can play in strengthening and preserving our society, she noted.

"Foster parenting is a rewarding job with meaning, purpose and direction, but it takes special people to be foster parents. They must not only be able to handle the daily adjustments and problems of an additional child in the family, but must also be emotionally mature and experienced enough to cope with the problems of abused children.

"Then, after coming to love and care for the children, they must be prepared for the trauma of seeing them leave their droop step just as suddenly as they came," she said.

The reward for the foster parents is the knowledge that the love and guidance they have shown the child will someday be reflected in that child's life–perhaps in a small way or perhaps in a very significant way.

Foster parents work closely with the child's caseworker in a teamwork approach.

There is always someone to help if problems arise, Ms. Curfman said.

Foster parents receive special foster care rates to cover the child's expenses, including all medical expenses. Foster parents receive ongoing training with leading psychologists and consultants.

Foster parents choose the age and number of children with whom they will work. They may have a child in their home for a few days or several months.

The basic requirements are a family with love, compassion, flexibility and a desire to learn more about the special problems of abused and neglected children, Ms. Curfman said.

Foster parents in this area have the special benefit of a strong Foster Parent Association which allows them to share experiences and ideas with other foster parents.

Workshops, seminars and individual training programs are presented throughout the year for foster parents and their families.

Foster Care is not something most families can do, but for a few very special families, it can be a very rewarding experience. If you are interested in a new experience in family living and would like to know more about Foster Parent Program, contact Amelia Garcia at the Department of Human Resources at 728-2618 in Colorado City.

Letter To The Editor

Dear Editor,

Please publish this poem originally published in the "RECORD" in 1971.

(Editor's Note: The following poem was written by Major Bell's daughter, Betty Bell Maniss, in remembrance of her father. He was killed on the night of July 14, 1971, while working at J&J Gulf Service Station on Interstate 20 in Colorado City. The crime is still unsolved.)

The Robbery

By Betty Bell Maniss daughter of Major Bell

Who would have ever thought a robbery would take place at a service station in such a small friendly town
Everyone knew Daddy
Teenagers came by to say "Hi"
The policemen were his friends
But then the robbery–
It only took fifteen minutes for someone to rob Daddy of his life
Five shots rang out when two would have probably been sufficient
The robber took one hundred and fifty dollars
How could he value a life for so little
He was a robber in so many ways
He robbed a wife, sons, daughters, grandchildren, brothers, sisters and so many kin folk
He robbed someone of a good friend
He robbed the town–for Daddy was a good citizen
Daddy had worked so hard
A vacation was due him in two weeks
The robber robbed him of a well earned rest
He robbed him of the thrill of future grandchildren
The joy of growing old with loving family around him
Daddy was a simple man
It took so little to make him happy
A good supper shared with friends or relatives
His grown sons and daughters and grandchildren coming home for a visit
Watching a garden grow under his care
Little gifts for birthdays and Father's Day
Sitting around shelling nuts on Christmas and talking with family
A good cup of coffee, an easy chair
He enjoyed life, but someone robbed him
God help the man that committed that cruel robbery on July 14, 1971
For he robbed Daddy and so many more.

Letter To The Editor

Dear Editor:

Now is the time to face the truth, which is one of the weaknesses of a democracy.

Modern man boggles his mind with drugs and alcohol, because vocational politicians have squandered the future of our youth.

Nothing will help the working man, small business and the elderly more than President Reagan's tax cuts. Government causes high prices, they are the only ones who profits by inflation. President Reagan wishes to return Social Security to its original purpose-for the retired 65 year old worker only. The vocational politican has squandered social security, by adding programs over the years.

The world is filled with people living off the working man. These people are fleeing their country, they do not like the standard of living their governments furnishes them. Let's not make America another socialist Nation. Our forefathers never heard of Democratic nor Republican parties. They were patriots.

It's up to you. Wake up America!

Little League Mother's Baseball Fund Raising Game Is Big Success

A huge crowd turned out Monday night to the Little League mother's baseball game, the annual fund raising event for the Little League organization.

"A big success are the only two words that can describe it," stated James Free, president.

More than $267 were raised from the cakes auctioned off half-way through the game. Mothers participating in the game, each baked a cake and donated it to be sold for the league.

This, compared to $108 raised the previous year makes it a success, added Free.

Not only was it termed a "success" because of the cake sale but the game went like clockwork. Only minor injuries were sustained by the women playing and everyone appeared to have had a good time, Free added.

"After a year as this one, it gives us something to look forward to next year," he concluded.

Two Teams Dropped From League Tournament Action

Tournament play for the Colorado City Men's softball league began Monday night and will continue tonight (Thursday) and start again Monday night.

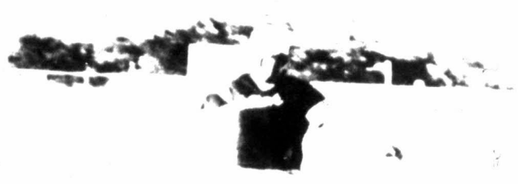

Teams eliminated from competition at this point are Scrubs and Warheads. After tonight's action, two more teams will be deleted.

The championship games will begin Tuesday night, when the tournament will conclude, depending on the weather, stated Mike Hart, president.

Games scheduled for tonight are:

6:30 p.m. - Rejects vs. Scrubs; 7:30 p.m. - Little Chicago vs. Fullers; 8:30 p.m. - Bojo's vs. Clutch and 9:30 p.m. - C. City A's vs. Warheads.

Everyone is invited to attend the tournament as there will be some good competitive games, concluded Hart.

"He flies through the air with the greatest of ease..."

Teenage League Ends Thursday

In Teenage League baseball action, the Colts beat the White Sox 16-13 Thursday, July 2. Also on the same night, the Lions put it on the Braves 25-2.

When they met on the field again Monday night, the Braves fell to the Colts 0-6.

In the final game of the night, the White Sox had to forfeit to the Lions because they did not have enough players to compete.

The Lions and Colts are neck and neck as there is only one more game left a piece for the season, tonight (Thursday). Not only is there one more game, but it could be the deciding game that will determine who will represent Colorado City in regional finals.

As it stands, the Colts lead with one game, but if the Lions should beat them, then they will have to play a tie breaking game. If they should loose to the Colts, then the Colts will be the number one team to represent Colorado City without the tie breaker.

Women's Softball Tourney Set To Start Friday Night

The first annual "Tournament of Tournaments" will kick-off on schedule Friday evening with finals slated for Saturday night.

The women's softball tourney, being sponsored by the United Girls Softball Association (UGSA), is set to raise money for the organization.

Teams will come from Big Spring, Sweetwater and Snyder to contend with two Colorado City teams for many awards. Individual trophies will be presented to first and second and team trophies for first through third will also be given.

Urda Wulfjen, coordinator, stated that he was pleased with the turn-out as the tournament was a spur of the moment idea, and said he hoped that other teams from area towns would hear about the tournament and maybe participate next year, as they are hoping to make this an annual event.

C. City A's Tournament Is Slated For July 17-19th

The C. City A's have scheduled a slowpitch softball tournament for July 17-19 here in Colorado City.

Entry fee is $65 and teams must furnish their own softballs (blue dot).

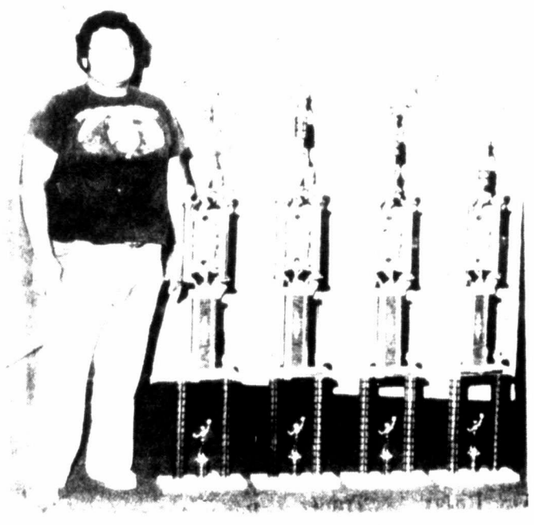

Deadline to enter is Thursday, July 16.

Trophies will be given to first, second, third and fourth place to the winning teams and first, second and third place individual trophies will also be presented.

Ten all-tournament trophies will be given along with a most valuable player trophy for both offense and defense.

All games will be played on the Hertenberger Field, south of Colorado City, off the Sterling City Highway.

For further information or to enter, contact Ruben Molina at 728-2143, David Silva at 728-5213 or Boom Campos at 728-5131.

BOOM CAMPOS is pictured with the four team trophies to be presented to first through fourth place finishers in the C. City A's Softball Tournament. The tourney is slated July 17-19 and deadline to enter is July 16.

Manager Jack Phariss, stated that they were a new team and the games would give them some good experience which will be valuable to them next year.

Use a fan to help hold down electric bills.

In many homes, air conditioning uses more electricity than all other appliances combined. And with electricity costing a lot more this summer, it pays to do everything you can to use less electricity. Try living a little warmer. Set your thermostat at 78° or 80° or even higher, and use a fan to circulate the air. You may be slightly uncomfortable at first, but most people adjust very quickly to living warmer. If you use a fan and dress in cool clothing, you may not even notice a difference.
