LIVING COSTS AT ALL TIME HIGH — Retail prices of living essentials of moderate income city families, including food, rent, clothing, fuel and light, house-furnishings and miscellaneous goods and service are now at an all time high, as indicated by this Bureau of Labor Statistics chart including figures through August, 1947. Special session of Congress has been called in effort to halt increasing costs. (AP Wirephoto).

Rains Flood Sweetwater, Trent Areas

West-Central Texas Receives Break In Drouth

By The Associated Press

Sweetwater and Trent were flooded Saturday as drouth-busting rains fell over West-Central Texas, filling lakes and tanks and bringing sharply needed moisture to farms and ranches.

Swollen with water from mountains south of Trent, Noodle Creek spilled over western Taylor county. Homes in Trent were flooded. Water invaded the post office, a seed store, a garage and several filling stations. The rains in the mountains were estimated at seven to eight inches.

With the exception of Lake Sweetwater, all lakes in the Sweetwater area were filled by a rain gauged at 5.25 inches. Fifteen miles southwest of Sweetwater, Lake Trammel ran around the spillway and the city lake and Santa Fe lake were full. Lake Sweetwater caught 18 inches of water.

For eight hours, traffic on highway 80 was stopped by floodwaters in an underpass a mile west of Trent. Traffic resumed movement before noon Saturday.

A total of 3.45 inches fell at Abilene. Cisco was drenched with a three-inch fall. A severe electrical storm, with hail, visited Midland, and that city got .22 of an inch of rain.

The weather bureau said the widespread rains were caused by a cold front, now stationary over central Texas and the Big Bend country.

The following rains were reported:

Weatherford, 1.36 inches; Harpersville, 1.68; Seymour, 1.03; Albany, 1.13; Bridgeport, 1.04; Graham, 1.34; Fort Worth, .61; Henrietta, .49; Paris, .18; Quanah, .79; Sherman, .01; Dallas, .01; Snyder, .37; Big Spring, .29; Ballinger, .28; Brownwood, .08; Dublin, .49; Haskell, .62 and Van Horn, .03.

* * *

Heavy Showers Fall In County

Areas in southern and north-central Howard county came in for heavy showers Friday night while less than a third of an inch moisture accompanied a violent electrical display here.

Regular cloudbursts occurred further east in the Sweetwater, Trent and Abilene section. Buses were six hours late arriving here Saturday from the east when swollen streams surged over the highway at Trent.

The U. S. weather bureau measured .29 of an inch and the U. S. Experiment Farm .30 of an inch moisture from the showers.

Powell Creek lake, in southeast Howard county, had three-quarters of an inch and trapped a foot of water—raising the level from 18 to 19 feet and trapping an estimated 33 million gallons of water for municipal supply. Moss Creek lake had half of an inch but caught no appreciable reserve.

Heaviest rain occurred in a comparatively narrow strip starting about 10 miles north of here. In its most intense part, the strip

Maine Proclaimed A Disaster Area

Truman Orders Aid As Fires Spread

BAR HARBOR, Me., Oct. 25. (AP)—The entire state of Maine was a disaster area tonight—so proclaimed by President Truman—as forest fires spread new destruction in the Northeastern states.

New outbreaks in New England came as rising daytime winds threatened the defense gains made during a calm night.

The forest fire death toll mounted from 18 to 20 in the nation and in New England property loss now stands at $27,000,000.

Sixty families fled from sections north of this center at Ireson Hill and Salisbury Cove, spared in the wide flame paths which drove 3,500 out of here Thursday night and destroyed summer mansions of the nation's notables.

White Plains, N. Y., reported two fresh fires nearby as other parts of the state listed their blazes as out or under control.

The situation by states was this:

Maine—Resurging fires spread new destruction in York and Washington counties—at the opposite ends of the Maine seacoast—and State Arson investigators probed firebug reports. One man was held for questioning at Biddeford.

Fires still burned on Mt. Desert island, scene of the Dunkerque-like evacuation Thursday night of Bar Harbor by sea. Shifts in wind direction eased the threat to northeast harbor, but brought a new menace to Salisbury Cove, another island village.

Massachusetts—Fires were reported out of control in Falmouth and Gloucester. One man was jailed for setting a fire in leaves "on a dare." The fire for a time threatened a hospital, which had to be evacuated.

New Hampshire—A million dollar loss was reported in the city of Rochester. Two fresh fires sprang up there today and one is still spreading.

New York—Fire fighters, bringing under control seven major woods fires, were called to two new blazes spotted in southeastern New York state near the Kensico reservoir, north of White Plains.

New Jersey and Pennsylvania officials reported a number of woods fires, but the worst were under control.

The Maine situation was the most serious in the nation as freshening winds fanned into life fires which wiped out seven communities and part of the summer resort colony at Bar Harbor.

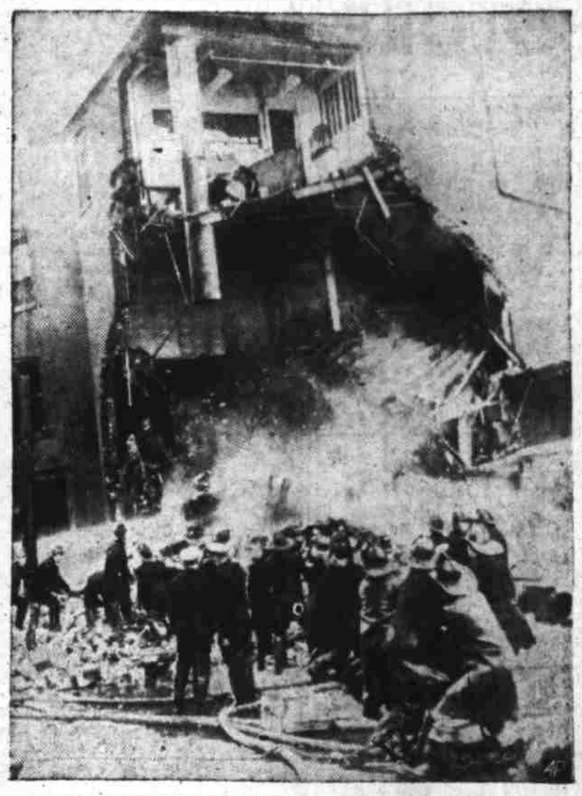

In all, Maine counted tonight a toll of 13 dead, 6,000 homeless or displaced and 100,000 acres—much of it valuable timber land—burned over.

Smoke weary fire fighters, including thousands of volunters, National Guard and Army men, 200 of whom were flown in from Mitchell field, New York, were disheartened by weather bureau predictions of rising winds, with no rain in sight.

A helpful development was the President's proclamation in Washington.

Mr. Truman acted on the recommendation of Major General Philip Fleming, Federal works administrator, to whom Maine's Gov. Horace A. Hildreth and U. S. Senator Wallace H. White, Jr., had appealed.

Fleming announced that free shipments of blankets, clothing and medical supplies already were enroute to Maine from Boston WAA warehouses, and said the works agency could lend such heavy equipment as trucks and bulldozers needed for fighting the fire.

CHEMICAL EXPLOSION DAMAGE — Firemen pour water on debris after a chemical explosion ripped walls from a pharmaceutical laboratory in Philadelphia. Police reported some persons injured. (AP Wirephoto).

Kickoff Set On Membership Drive By C-C

The Big Spring chamber of commerce Roundup club will kick off a new membership drive at 8 a. m. Monday when workers, group captains and the Roundup club foreman gather for a breakfast meeting at the Settles hotel.

Captains Champ Rainwater and Don Burke already have several two-man teams lined up for canvass work. They will call on approximately 200 firms and individuals who are not listed on chamber of commerce membership rolls at present.

E. P. Driver, Roundup foreman, said plans were underway for closing the campaign officially on Friday evening at a dinner meeting. At that time teams will make their reports, and officials hope to make awards to the winner and runner-up.

The groups submitted by the captains follow:

Champ Rainwater's Bulldoggers: C. L. Rowe and Jack Roden; Merrill Creighton and Roy Reeder; J. L. LeBleu and Jack Smith; Bill Cox and K. H. McGibbon; Dan Conley and W. E. Greenlees; Cecil McDonald and Arthur Caywood; Don Bohannon and A. D. Webb; Ira Thurman and Otto Peters; Joe Pickle and Dr. J. E. Hogan; single workers, Harold Steck, J. B. Collins and Jack Haynes.

Don Burk's Roughriders: Wacil McNair and Ted Phillips; Joe Burrell and Olen Puckett; H. W. Smith and Elton Taylor; Lloyd Wooten and Ray Griffin; J. W. Purser and Jack Cook; B. W. Day and Alvin Thigpen; Schley Riley and Matt Harrington; Herbert Whitney and H. W. Wright; H. V. Crocker and Dalton Mitchell; single workers, Cliff Wiley, Joe Pond and G. H. Hayward.

GEOLOGIST KILLED

ELECTRA, Oct. 25. (AP)—Henry F. Schweer, 43, Wichita Falls geologist, was killed early today when a light plane crashed and burned as he was fying from Wichita Falls to Lubbock.

52 PERISH

Workers Seek Bodies In Air Crash Ruins

BRYCE CANYON, Utah, Oct. 25. (AP)—Sober-faced workmen and officials removed torn and burned bodies today from a canyon rim where a flaming four-engined sky giant fell yesterday and 52 persons perished.

Promising that the investigation would go into minutest detail to find the cause of the United Air lines DC-6 crash, James R. Peyton, regional civil aeronautics authority investigator from Los Angeles, said:

"Our investigation likely will continue for weeks."

Fire broke out in the baggage compartment of the Los Angeles-to-New York plane carrying 47 passengers and a crew of five. Pilot E. L. MacMillen of Balboa Park, Calif., flew beyond the scenic canyon, then radioed he was turning back to land here.

Whether the craft exploded in the air or as it struck ground was a subject of theorizing. Official investigators kept silent pending a report to the civil aeronautics board in Washington. The plane crashed 1,500 yards from an emergency landing field just after clearing a 200-foot deep canyon.

This small settlement in southern Utah filled today with onlookers and scores of officials representing the CAB, civil aeronautics authority, United Air Lines, Douglas Aircraft company, maker of the plane, and the national park service which has charge of the canyon park.

'WARMONGER' RESOLUTION

Red Charge Given Setback In U. N.

LAKE SUCCESS, Oct. 25. (AP)— The United Nations political committee tonight refused to send Russia's "warmonger" resolution to a drafting sub-committee, thus handing the Soviet Union a setback in the first test ballot on Moscow's key plan before the 1947 general assembly.

The vote was 29 to 12 with four Latin American countries, India and Ethiopia joining the Soviet bloc in the minority.

As a result, the Soviet resolution will now come before the 57-nation committee for vote on Monday with delegates saying there was no chance of passage.

Other ballots will be taken on the Australian, French and Canadian versions which run virtually counter to the Soviet proposal.

Dr. Carlos Stolk, of Venezuela, sponsor of the sub-committee motion, said he felt that delegations who opposed the step did not wish to conciliate the differences between Russia and other countries.

Czechoslovakia asked for adjournment immediately after the ballot, Russia agreed and their appeal carried over British objections, 36 to 9.

In the last hour before the test vote, Russia took a conciliatory stand and appealed for a joint resolution acceptable to all. Previously Russia had pumped strenuously for adoption of its proposal with a series of slashing attacks on "war propaganda" in the United States and on the American press.

Andrei Y. Vishinsky, Soviet deputy foreign minister, spoke nearly two hours in his last-ditch fight for the Soviet proposal, repealing many of his old charges against "reactionary" circles in the United States, Greece and Turkey.

The 57-nation social committee, meeting in a nearby chamber, Russia's V. A. Zorin said "The time has come for us to cease to believe in the myth of the freedom of the press in America." He ridiculed stories about "flying saucers" in the American press and said they were published by "American newspapers as a part of their propaganda for war."

PILE UP ON RAILROAD

NOVICE, Coleman County, Oct. 25. (AP)—Twenty-five cars and the engine of a west-bound special Santa Fe freight piled up across the track and on both sides of a cut early today three quarters of a mile north of Novice.

Fireman Killed In Train Wreck; 35 Are Injured

MARSHALL, Oct. 25. (AP)— Six cars and the locomotive of a westbound Texas & Pacific passenger train left the track near Jefferson, Tex., station early today, killing fireman W. W. Darr of Dallas, and injuring 35 others.

The injured, most of whom suffered slight hurts, included the engineer, W. C. Allison of Fort Worth, taken to the T. & P. hospital in Marshall with a fractured arm.

Thirty-two persons received hospital treatment; three were given first aid on the train or in the station. The railroad said "eight or ten" appeared hurt worse than the others, but none of the injuries were serious.

Darr, 30, had been employed by the road for five years. His body was taken from the locomotive. He had qualified recently as an engiher but had not yet made a run.

Train officials said 90 to 100 passengers were aboard the seven-car train, the Texan, bound from Texarkana to Fort Worth and carrying some cars which had originated in St. Louis. A Dallas spokesman for the T. & P. said no pullman passengers were hurt.

Before noon wrecking crews had traffic moving past the wreck point.

The train left Texarkana at 2:10 a. m., and the accident occurred about 3:15 a. m.

Only one car was left on the track.

Pig Iron Output To Start Thursday At Daingerfield

DAINGERFIELD, Oct. 25. (AP)—The first production of pig iron from east Texas ore will start here officially next Thursday at noon.

Plans for a ceremony christening the blast furnace at that time were announced today by E. B. Germany of Dallas, president of the Lone Star Steel company, operator of the Daingerfield plant.

Germany said at a news conference that the furnace is being named for a woman or girl whose identity is being kept secret until she unveils her name-plate on the furnace at the noon ceremony.

Stockholders of the company will receive passes for the long-awaited event.

The furnace was fired up today and company technicians said it would be brought up to proper temperature for production by Thursday. Germany said it was hoped that the plant would reach production of 600 tons per day—half its rate capacity—within four months.

CANCER CLINIC INAUGURATED

MEXICO CITY, Oct. 25. (AP) — Mexico's new cancer clinic, to be supervised by Dr. Ignacio Millan, executive chairman of the international cancer research commission, was inaugurated today at the large modern national railways general hospital.

Reviewing The

Big Spring -Week-

Joe Pickle

Showers gave relief from drouth in some areas of the county Friday night, but on the whole about a three-day turnip rain is needed to replenish seasoning, and at the same time avoid damage to cotton.

* * *

The cotton harvest, incidentally, is coming along more rapidly than at first indicated. Estimates were Saturday that gins had processed better than 21,000 bales. The output has been so great that the compress is snowed under with weighing, let alone pressing. Already bales are splashing over the landscape and before the crop is in—and 40,000 bales from Howard county alone is not out of reason—they will spread over a considerable area. Camera fans should have a field day.

* * *

Many Big Spring residents likely will go to Stanton Monday evening to hear Rep. George Mahon in an address. Since he must report back to Washington for meetings of the Herter committee on the European situation, it is not likely he will be able to mince in an appearance here. Mahon visited in Big Spring just before he made the European junket.

* * *

Tax payers are swarming offices of the local agencies. Deadline for the three per cent discount comes with the end of the month, except the school district, which extended its date through November. Long lines are in evidence at the county office.

* * *

For those who are making the county tax trip, a reminder to be sure and get poll tax receipts or exemptions is in order. Next year will see a presidential election, the democratic primaries, city,

CRASH NEAR STANTON

Engineer Dies Here After Auto Mishap

Homer Victory Fletcher, 57, Kansas City, Mo. construction engineer, died in a hospital here early Saturday morning of injuries sustained in a head-on collision three miles west of Stanton on US 80 Friday at 5 p. m.

Four others were seriously injured in the mishap, which led off in a series of traffic accidents in this area. Mrs. Breta Locke, 41, of 635 Troost, Kansas City, was under treatment in the Malone & Hogan hospital Saturday for a badly fractured pelvis. Seriously injured and in a Midland hospital were Mrs. Edna Williams, 42, Odessa high school teacher, and her two children. Wayne 10, and Kay, 12.

Highway Patrolman T. D. Whitehorn said that Mrs. Locke, driver of a westbound car, met the other head-on. Mrs. Locke and Fletcher were enroute to visit his brother, J. W. Fletcher, in Odessa.

W. L. Womack, 48, Lamesa, escaped injuries when his car overturned north of here on US 87 at noon Saturday. Whitehorn said that a truck stopped suddenly in front of Womack, and he cut sharply to the left to avoid a collision and his car flipped on a soft shoulder.

C. W. James suffered only bruises when he was in collision with a car at 814 W. 3rd at 1:10 p. m. J. W. Croan, driver, rushed the lad to Cowper hospital where he was examined and released.

Georgia Asios, Latin-American migratory farm worker, was given emergency treatment and released at Cowper's after she had fallen from the rear of a moving truck.

T. W. Wooten, San Angelo, sustained a broken arm and severe facial lacerations Friday evening following a rainstorm when his machine was in collision with a police patrol car and careened into the Wayne Stidham store at 18th and Gregg.

Arrangements were pending for Fletcher Saturday evening, but the body likely will be sent by Eberley Funeral home to Kansas City. Surviving are his father, P. W. Fletcher, Mounds, Okla.; three brothers, J. W. Fletcher, Odessa; W. F. Fletcher, East Alton, Ill.; and W. L. Fletcher, Okmulgee, Okla.; and one sister, Mrs. Elsie Dobbs, San Francisco.

RIGID PLAN

Work Is Reported On Food Controls

WASHINGTON, Oct. 25. (AP)— White House advisers were reported today at work on blueprints for rigid Federal controls over grain and other world-shortage foods, while Republicans drafted their own plan of battle against high prices.

An informed official, who withheld the use of his name, told a reporter of the developing controls plan.

One Republican, Senator Flanders of Vermont, said that President Truman has outwitted the GOP by grabbing a prime 1948 political issue — the high cost of living —"before Republicans awakened to its voter appeal.

Flanders and Senator Ferguson (R-Mich.), revealed in separate interviews that Republican lawmakers are drafting anti-inflation plans to match those which will be offered by Mr. Truman to the special session of Congress opening November 17.

At a closed session of the 19-member foreign aid committee headed by Secretary of Commerce Harriman, it was learned meanwhile, a demand for food allocations at the producer and distributor levels was made by Chester Davis, president of the Federal Reserve bank of St. Louis and wartime food administrator.

White House advisers, it was reported are working on such a plan.

In the wake of Mr. Truman's broadcast plea last night for "prompt and courageous action" by Congress to combat inflation and provide an estimated $1,072,000,000 program of foreign aid this winter, came these developments:

1. A nine-member House committee, fresh from Europe, declared "continued aid should be immediately furnished." Seven of the signers of the statement, including Chairman Dewey Short of Missouri, are Republicans.

2. At least 95 per cent of the distilling industry—whisky makers and industrial alcohol manufacturers alike—are shutting down tonight for 60 days to conserve grain Chairman Carhes Luckman of the Citizens Food Committee announced.

Robbery Suspect Is Sought Here

Warrant was issued here Saturday for Les "Jelly" Lester, Monahans, wanted in connection with an alleged robbery by assault case here Thursday night.

Lester was taken into custody in Monahans on request of local authorities, said Sheriff R. L. Wolf, who was to go after him during Saturday afternoon.

Meanwhile, Justice of Peace set bond of $3,000 for W. T. Crawford, cab driver, on a count of assault and robbery, and $2,000 for Ruby Joe Embry, charged jointly.

The three were picked up after James Falter, Tulare, Calif. seaman, complained he had been beaten and relieved of around $140 by a trio he met in a local tavern Thursday afternoon.

Dabney Appeals For Co-Operation In Food Program

A renewed appeal for full co-operation throughout Big Spring in observance of the national food conservation program was made Saturday by Mayor G. W. Dabney, in the wake of President Truman's address to the nation Friday night.

Mayor Dabney also wired the president:

"Your speech was great and to the point. If we save ourselves from the awful plight of inflation, Congress must act at once. Your message will give our food conservation program hope. We will do all we can to help win the peace by saving the world from starvation."

Dabney observed Saturday that a stronger program of food conservation is essential to forestall a return to drastic governmental regulation—either by rationing or forms of control similar to OPA.

The mayor has asked ministers of all local churches to take cognizance of the food savings program with announcements from pulpits today. He said a general conservation committee will be called at any time the national program warrants further action on the local front. He called attention again to meatless Tuesdays, poultryless and eggless Thursdays, and the plea to "save a slice of bread each day."

Water Group Asks Federal Help

SAN ANGELO, Oct. 25. (AP)—State and federal agencies were requested to expedite plans and construction to provide nine major projects on the Colorado river watershed as the Colorado River Basin association concluded its two-day convention here today.

An aggressive campaign to expedite action in every field of soil and water conservation was promised by Herman Bettis of Brownwood, newly elected association president.

STORES RUSHED HERE

Cooler Weather Is Boon To Business

Cooler weather air conditioned cash registers here Saturday to give local businessmen one of the biggest week end business volumes of the season.

As rain and lower temperatures drove pickers from the field and into town, popular priced department stores generally experienced their biggest day of the year.

The tempo splashed over into other lines, too, for women's wear, men's apparel, shoe and jewelry stores all reported brisk business. Variety stores continued the heavy pace set which has persisted on Saturday's during October, with particular gains being noted in limited soft wear lines.

Department stores reported marked increase in purchases of macinaws, sweaters, sweat shirts, jackets, blankets, etc. One store had to request police assistance repeatedly during the day because of congestion.

Both men and women apparel stores noticed increased buying in heavier lines such as woolen articles, although the weather was yet too mild to affect overcoat purchases visibly.

Jewelry stores reported brisk trade with wide support from various classes. The lay-away business showed a spurt in some stores.

The downtown section was jammed most of the day as farmers and pickers, who have been working feverishly night and day since late September to get a big cotton crop out, knocked off in the face of the first adverse weather of the autumn. Almost every line felt some effects, and Western Union had a brisk business.

TEXAS POLL

Stevenson Leads In Trial Senate Race

AUSTIN, Oct. 25.—As a dark horse an old war horse could be a race horse in the running for U. S. Senator from Texas next year.

In a "trial heat" among eleven men who might run for senator in 1948, former Governor Coke Stevenson continues to be the hottest political horse, light or dark. But retired General Jonathan M. Wainwright, hero of Bataan, is right behind him as a first choice in the minds of eligible Texas voters, according to the latest statewide survey of The Texas Poll.

General Wainwright only recently was mentioned as a possible candidate for Senator W. Lee O'Daniel's seat. With only a brief period of publicity given to the suggestion, a good portion of the public has taken to the idea.

The poll shows Senator O'Daniel, Congressman Lyndon Johnson, and Governor Beauford Jester tied for third place in the eleven-man "trial heat."

In conducting this survey, interviewers used a list of the names of possible candidates for U. S. Senator as they talked to a representative cross-section of the adult population. The names were listed in alphabetical order.

"On this card," said the interviewers, "we have listed the names of eleven men who might run for U. S. Senator next year." Handing the card to the people being interviewed, the interviewers asked: "Which one do you think is best qualified to represent Texas?"

	Men	Women	All
Coke Stevenson	23%	20%	22%
Jonathan M. Wainwright	14	15	14
Beauford Jester	10	13	11
W. Lee O'Daniel	12	10	11
Lyndon Johnson	10	11	11
James V. Allred	7	7	7
Tom Clark	7	5	6
Martin Dies	6	2	4
Wright Patman	3	1	2
Tom Martin	2	1	1
George Peddy	*	*	*
No Choice	6	15	11
	100%	100%	100%

*Less than ½ of 1%

After receiving the answers as tabulated above, Texas Poll interviewers then asked the respondents a second question to determine how the eleven men would compare as "second choices."

"Suppose your first choice does not run next year," they said. "Which of the other men do you consider most qualified to represent Texas in the U. S. Senate?"

	Men	Women	All
Coke Stevenson	20%	20%	20%
Beauford Jester	16	16	16
James V. Allred	13	10	11
Lyndon Johnson	10	7	8
Jonathan M. Wainwright	7	8	8
Tom Clark	7	6	6
W. Lee O'Daniel	5	3	4
Martin Dies	4	3	4
Wright Patman	3	2	2
Tom Martin	1	1	1
George Peddy	1	*	1
No Choice	13	24	19
	100%	100%	100%

*Less than ½ of 1%

Analysis of these results with earlier research by The Texas Poll shows that Senator O'Daniel's recently completed tour over the state has not gained him any popular support. Placed in a "trial heat" with Stevenson and Johnson, his most likely opponents, he ranks relatively the same as he did last June before he had started on his announced tour.

	June	Now
Coke Stevenson	55%	56%
Lyndon Johnson	24	24
W. Lee O'Daniel	21	20
	100%	100%

FOR 1948

Big Spring Awarded Water Group Meet

Big Spring was awarded the 1948 annual meeting of the Colorado River Basin association at the concluding session of the organization in San Angelo Saturday.

Invitation was extended by J. H. Greene, Big Spring, retiring president. Officers named included Herman Bettis, Brownwood, superintendent of a water district in that city, as president; H. C. Grafa, San Angelo, and Nolan Von Roeder, Snyder, as vice presidents for zones No. 2 and No. 3, respectively; and M. W. Trussell, San Saba, secretary-treasurer.

A long list of projects indorsed by the basin group included the municipal water supply project above Colorado City. The group was told by a representative of the bureau of reclamation that the Robert Lee project was now inactive but might be re-instated after next July 1. E. V. Spence, Austin, chairman of the state board of water engineers, sounded a warning to people in the upper reacheds of streams to become conscious about impounding water supplies.

Attending the convention from Big Spring were Greene, J. J. Davidson, Durward Lewter, and E. J. Hughes, who was on the program. B. F. White and others attended from Martin county.

Royall Upholds Officers Board Promotion Ruling

WASHINGTON, Oct. 25. (AP)—Secretary of the Army Kenneth Royall upholds the ruling of an officers board which refused to approve promotion of Col. Miller Ainsworth and Col. John W. Naylor to Brigadier Generals in the Texas National Guard, Royall informed Senator Tom Connally of Texas today.

Connally said in a statement that he had urged Royall to reverse the action of the board; that he knew both men personally and considered them capable, efficient, and highly qualified officers.

The Texas Senator said he would continue to seek approval of the nominations. He said Royall's action was a "disappointment" to him.

BALES LEAVE FIELDS

Cotton Picking Crews Work To Beat Coming Of Bad Weather

Cotton gins still worked far into the night during the past week as hundreds of bales left the fields and picking crews worked feverishly in efforts to get over the county's crop before favorable weather conditions ended.

Even at that, however, Friday night and Saturday rains found some fields still untouched.

Most estimates indicated that at least half of the county's '47 crop had reached the gins by Saturday, although the amount left in the fields was uncertain. Some of that remaining suffered damage from the Friday night rains, but, as the usual case is when rains come during the harvest, a full appraisal will be impossible for a few days yet.

Up to late Saturday, ginning totals at five gins accounted for 10,218 bales. Estimates on total ginnings for the county were placed at 21,500.

Unless more unfavorable weather is encountered, the harvest is expected to continue at a rapid clip for several more days, and doubtless many workers will be busy in the fields for weeks ahead.

There was no change during the week in cottonseed prices, with local gins quoting $80 a ton Saturday.

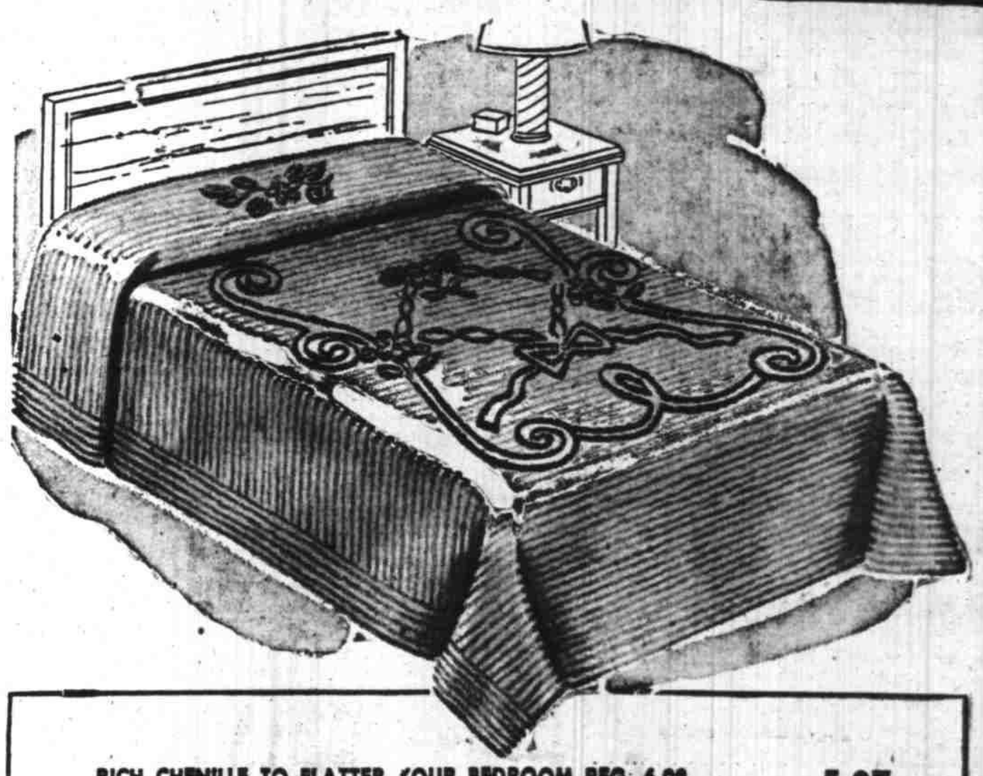

The poinsettia, a native of tropical America, was named after Dr. Poinsett of Charleston, S. C., who first introduced the plant in about 1833.

Here's Post-war Power for Pre-war Buicks

A brand-new 1947 Fireball engine puts today's Sparkling Zip into your 1937-1942 Buick

IF you've been itching to get the thrill of a power-packed 1947 Buick engine under your treadle toe, here's the quick and happy solution.

It's a factory-fresh Fireball engine right off the 1947 production line. It's exactly the same mighty package of power that goes into the flashing new Buicks. You can get it now to repower any Buick built in the last ten years.

How can we do it—when new cars are so hard to get? Here's the answer:

While shortages of bodies and other parts slow up completed cars, Buick engine production has forged ahead. So engines are available now—ready to go into your car and step it up with today's up-to-the-minute power performance.

And it's as simple as this: We take out the old engine—put this new one in its place—and your car's young again, rarin' to go, with a new lease on life and headed for thousands and thousands of miles of smooth, spirited service.

It doesn't take long—far less time than a thorough overhaul—and often at less cost. Convenient payments can be arranged, if you like.

It's the next best thing to getting a new Buick—and a good investment because it makes your car worth so much more.

Certainly well worth while looking into, isn't it? Come in and let's talk it over.

New Trial Ordered In Rental Suit

Although a jury in U. S. district court in Abilene Friday returned a verdict in favor of the defendant, in a case brought against E. L. Newsom of Big Spring by Frank R. Creedon, housing expediter, the judge later issued an order for a new trial.

The suit had been filed against Newsom, owner of rental property, on an eviction charge. Federal Judge T. Whitfield Davidson, in making his ruling after the jury's decision, said "the general verdict for the defendant was not supported by the evidence."

Newsom also was restrained, in the court order from "removing or evicting" tenants at four apartment locations in Big Spring, and from charging them more than a stipulated rent.

GIDEONS WILL MEET HERE

FORT WORTH, Oct. 25. (AP)—R. L. Sanders of Amarillo today was elected president of the Gideons of Texas and Big Spring was chosen for the 1948 convention.

The Gideons chose these other officers: Jack C. Parks, Houston, vice president; W. D. Turner, Waco, Secretary; John F. Ferguson, Dallas, treasurer; and Joe M. Evans, El Paso, chaplain. The 1947 convention of the laymen's organization will be concluded tomorrow after members occupy pulpits in 60 churches.

In a telephone conversation Saturday evening, G. G. Morehead, one of a delegation of five Gideons from Big Spring, said that invitation to come here the last three days in October of 1948 was accepted over bids from four other cities.

The CHIROPRACTOR-and You

One Of A Series Of Articles Published In The Public Interest To Explain And Illustrate The Practice Of Chiropractic.

CASE HISTORY No. 206 This patient had developed fainting spells which grew in numbers and severity as time went on. During one of these spells she struck her head on the floor and on trying to rise discovered that all use had gone from her legs. Despite costly advice and treatment the condition gradually became worse. Sensation as well as movement was lost in the limbs. Eventually she was carried into a Chiropractor's office where analysis revealed the nerve pressure that was the cause of her trouble. The first simple adjustment enabled her to move her toes. In three weeks' time, leg movement returned, and a week later she was able to walk again. There has been no recurrence of the fainting spells since Chiropractic adjustments were given.

CASE HISTORY No. 468. Severe headaches had troubled this woman for eight years, the attacks occuring sometimes two and three times a week. She had obtained only temporary relief from the many treatments undertaken, and when she finally decided to try Chiropractic it was, she explained, "her last hope." A series of spinal adjustments brought immediate relief, and within 3 months the headaches had apparently ceased. Headaches occurred twice during the following six months, and in both instances Chiropractic adjustments brought prompt relief. There have been no headaches since.

CASE HISTORY NO. 421 A baby girl who had been subject to eczema since she was six months old. Scores of remedies were tried without success. Her mother, who had begun taking Chiropractic adjustments herself, suggested that Chiropractic might help the child. Analysis indicated nerve pressure and a series of adjustments were given. The eczema completely cleared up and has not reappeared at any time since.

WHAT IS CHIROPRACTIC? The Chiropractor teaches that the brain and nervous system are the root of health. From the brain, nerve energy is distributed through the nervous system to control all parts of the body. When this nerve energy is shut off even slightly between brain and body (by bone displacement in the spine), one or more body function are interfered with and ill health resutls. By X-Ray, analysis and spinal adjustment the Chiropractor is able to relieve nerve interference and restore normalcy to the affected part. No drugs. No surgery Nature is the healer.

FOR FURTHER INFORMATION concerning the modern Chiropractor and what he can do for you, Phone 419. Appointment only.

T&P Directors May Hold Meet In B' Spring

If a new policy of on-line directors' meetings is continued, the board of directors of the Texas & Pacific Railway company will include Big Spring as a future meeting place, it was said here Friday by W. G. Vollmer, president of the road.

Vollmer and members of the board were visitors for about an hour in the city Friday evening, their special train stopping en route eastward from El Paso, where a directors' session was held Thursday.

"I can't say exactly when the Big Spring meeting would be," said Vollmer, "but we certainly will schedule one here."

Th T&P officials were welcomed here by a group that included R. L. Tollett, Marvin Miller and Douglas Orme of Cosden; K. H. McGibbon and Frank Campbell of the chamber of commerce, Shine Philips and others.

At El Paso Thursday, the board declared a dividend payable Dec. 31 of $1.25 preferred and $1 common; and authorized purchase of 12 new Diesel switch engines for T&P yards at Sweetwater, Longview, Shreveport and Texarkana.

The railroad executives were honored at a reception and banquet at the El Paso Country club, and also made a tour of El Paso and of T&P facilities there.

Officials who were at the meeting, and aboard the train for its stop here, in addition to President Vollmer, were:

J. L. Lancaster, chairman, and Edgar L. Flippen, both of Dallas; C. M. Caldwell, Abilene; R. Ellison Harding and J. Marvin Leonard, Fort Worth; Victor J. Kursweg, Plaquemine, La.; H. Langdon Laws, Cincinnati, Ohio; Samuel [illegible] Mitchell, St. Louis; A. Qvistgaard-Fetersen, New Orleans; Arthur Temple, Texarkana.

Officers and department heads present other than Vollmer and Lancaster were A. J. Chester, operations vice-president; C. G. Hayes, traffic vice-president; former El Pasoan C. D. Johnson and L. C. Porter, both assistants to the president; J. T. Suggs, general counsel; J. J. Finegan, secretary; L. T. McIntyre, treasurer; Howard Crouse, purchasing agent; F. R. Latimer, general auditor; R. Cammie, chief engineer; J. B. Shores, dirctor of public and employe relations; J. A. McCaul, director of industrial development; L. E. Dix, mechanical superintendent; J. H. Findley, superintendent of dining car service; J. G. Brannon, operations superintendent of the T&P western division; W. T. Alexander, assistant chief engineer.

Showers

(Continued From Page One)

above Fairview community and was possibly no more than three miles wide although there was a heavy shower belt up to seven miles in width extending eastward beyond the Richland area and out of the county above Coahoma where an inch was recorded in three showers. Morgan creek was on a substantial rise.

In the north-central Howard rain belt, several inches apparently fell in spots, for fields spilled water into barrow ditches and low areas were converted into lakes. Some hail accompanied the rain, but reports Saturday indicated that crop damage would be light. Cotton may suffer some damage in grade, but no great amount was thought to have been beaten into bring out winter weeds on drouth

Vealmoore, on the northwest Howard-Borden line, had an inch but the shower played out near the hump between Vealmoor and Ackerly. Between this strip and the heavy belt, only light showers fell.

Forsan had around three-quarters of an inch and between there and Sterling City another young cloudburst occurred along with some hail. There were wild but false rumors that a tornado had wiped out Sterling City, where only light showers were reported. Rains were generally light west of here.

Colorado City had 1.50 of rain along with driving wind and thunder. In contrast to this area, the fall was general over most of Mitchell county, being classed as the first general rain since May 6. Small grain and ranges were aided and sorely needed stock water was stored. Some damage occurred to cotton.

Most of Howard county was left without sufficient moisture for planting winter cover crops or to bring out winter weeks on drouth-plagued ranges.

Weather Forecast

Dept. of Commerce Weather Bureau

BIG SPRING AND VICINITY: Partly cloudy today and Monday, not much change in temperature.

High today 78, low tonight 52, high Monday 76.

Highest temperature this date 89 in 1902; lowest this date, 30 in 1913, maximum rainfall this date 72 in 1941.

EAST TEXAS: Partly cloudy Sunday and Monday, with scattered showers except in the northwest portion; no important temperature changes; gentle to moderate easterly winds on the coast

school board and possibly other elections.

• • •

Juvenile delinquency reports from the office of J. B. Bruton, county juvenile officer, are heartening in reflecting a general downward trend. However, occasional outbursts show up in the statistics to prove there is no room for complacency. Bruton is still getting more than 600 calls a year to investigate.

• • •

The U. S. Experiment Farm is throwing its feeding tests back into high gear this year, according to Fred Keating, superintendent. Forty-eight calves are on temporary feed and will go on full feed Nov. 1 for 180 days. These tests offer a wealth of valuable information to farmers and ranchers and have been one of the contributing factors to a marked increase in feeding locally in normal times.

• • •

Traffic fatalities in the area are on the increase. One occurred in Howard county during the week, another in Martin county, and three were killed in a crash north of Lamesa. Big Spring and Howard county had no less than half a dozen crashes of consequence during the week, and a score of people were sent to the hospital as a result.

• • •

Chamber of commerce workers will start a membership effort Monday, seeking to invite individuals and businesses to put their shoulder to the wheel in an ever widening program of community building. The appeal should fall on sympathtic ears, for the job is not for a few, but for everyone who is a part of Big Spring and Howard county.

Romans had set ritual of applause expressing various degrees of approval snapping the fingers, clapping and waving the flap of the toga or a handkerchief.

FROM EUROPE

First Of War Dead To Arrive In U. S.

NEW YORK, Oct. 25. (AP)—The first of the nation's World War II dead to be returned from Europe will arrive here tomorrow when the transport Joseph V. Connolly enters New York's flower-strewn harbor with the bodies of 6,200 American servicemen.

Officials of the federal, state and city governments and the combined military services will join with thousands of citizens in honoring the heroic dead and their relatives.

The Connolly will be escorted up the harbor by Navy, Coast Guard and Army craft and an air escort will be provided by the Army Air Force.

The coffin of one soldier, a Congressional Medal of Honor winner whose name, rank and organization will not be made known, will be borne on a caisson from the pier to Central park for the memorial service.

A funeral cortege of servicemen, city police, firemen, sanitation employes and delegations from veterans organizations will wind its way through the city, past the Eternal Light Memorial to World War I dead, in Madison Square Park, and up Fifth avenue to Central Park.

Along Fifth avenue, churches will toll their bells as the flag draped caisson passes.

Four 105-mm howitzers manned by West Pointers will fire a 21-gun salute while the coffin is borne from the caisson to a catafalque in the park by eight pallbearers representing the armed services.

Three army chaplains, of the Protestant, Catholic and Jewish faiths, will conduct the memorial services.

The body of the unknown hero will be returned to the transport after the ceremonies. On Monday, the Connolly will cross the bay to the Brooklyn Army base where all the bodies will be landed for shipment to next of kin.

Jury Recommends Leniency For Dean

ODESSA, Oct. 25. (AP)—A 70th district court jury recommended that a five-year prison sentence assessed J. M. Dean, 60, in the death of Carl E. Shipp, 39, be suspended and Judge Cecil C. Collings concurred in the findings here yesterday.

The jury convicted Dean of murder without malice in the fatal shooting of Shipp in a cafe here May 6, 1946.

Midland-Odessa To Get AA Service

DALLAS, Oct. 25. (AP)—American Airlines announced here today that on Nov. 1, it will inaugurate a new air service to the Midland-Odessa area with four daily flights.

Visit New York

ACKERLY, Oct. 25. —G. E. Criswell, Ackerly, and his son, Homer Criswell of San Antonio, boarded an American Airlines plane in Big Spring Friday for a trip to New York City where they will visit another of Mr. Criswell's sons, M. E. Criswell, and wife. Homer Criswell, an AA employe, came here to join his father for the trip.

CELEBRATES ANNIVERSARY — The Ritz theatre (top photo) is celebrating its 19th anniversary this week with a special bill of special feature pictures. Tuesday marks the actual anniversary date as the theatre was opened on October 28, 1928. J. Y. Robb (lower photo) is owner of the Ritz and other R&R theatres. (Ritz building photo by Jack M. Haynes).

OUTSTANDING SHOW HOUSE

Ritz Theatre, Opened In 1928, Observing Its 19th Anniversary

It was on Oct. 28, 1928, that the people of Big Spring and surrounding area were treated to something outstanding in the way of an entertainment citadel. Hollywood might have called it "mammoth" and indeed it was very special for West Texas.

That was the day that the Ritz theatre, finest house of the Robb moving picture enterprises in this city, was formally opened to the public.

It was just 19 years ago on Tuesday, and this week the Ritz is celebrating a "birthday" with a special presentation of new hit films.

J. Y. Robb, owner, and Arthur Caywood, manager, have noted the occasion by issuing a statement of "thanks" to the theatre-going public for faithful patronage through the 19-year span. "We are most appreciative of the friendships that make a 19-year operation possible," their statement said. "We hope to justify this loyalty by continuing to offer always the best in movie entertainment."

That the Ritz was designed and built as showhouse of modern specifications is demonstrated in the fact that its facilities today rank with the best theatres of the country. Its design, stage equipment, acoustics and projection facilities remain above standard.

J. Y. ROBB

The Ritz was conceived and designed at a time when a lot of changes were going on in the motion picture world. Sound pictures came in within a few months after the local theatre was opened, but it had been so equipped that the transition to sound pictures was made with a minimum of alterations. A George Jessel picture was screened in February, 1929, as the Ritz first "all-talking" picture.

Through the years, sound, projection, stage and screen equipment have been modernized regularly to keep facilities apace with latest developments. The decorations, too, have been changed to keep in step with the city's progress.

The Robb family ownership of theatres here represents one of the oldest continuous holdings in the city, and October is by way of being another anniversary. It was in that month in 1909 that the late I. J. Robb and his family came here and opened the old Lyric, at Third and Main where Zale's Jewelry is now located. The Queen theatre, now closed, was opened in 1924, and this year Robb acquired the State and Texan theatres, continuing operation of the former.

It was from Big Spring that the late Harold Robb and J. Y. Robb eventually extended interests to San Angelo to effect a partnership with Ed Rowley for the beginning of the R&R circuit of theatres, one of the major circuits in the Southwest.

The theatre's anniversary offerings this week include: Sunday and Monday—"The Foxes of Harrow," with Rex Harrison and Maureen O'Hara; Tuesday and Wednesday—"Red Stallion," with Ted Donaldson starred; Thursday, Friday and Saturday—"Dark Passage," a new adventure mystery co-starring Humphrey Bogart and Lauren Bacall. There is also a special Halloween midnight show Friday night, with "The Pretender" as the feature.

Oral Arguments Are Scheduled In ITU Case

BALTIMORE, Oct. 25. (AP)—Oral arguments were scheduled to begin today in the test case of the International Typgraphical union under the Taft-Hartley law.

Charles V. Brannock, president of Baltimore Typographical union No. 12, returned to the stand as the last witness in a National Labor Relations Board hearing before NLRB Trial Examiner William R. Ringer.

Following Brannock's appearance, NLRB Counsel Sidney J. Barban and attorneys for the ITU-AFL planned to summarize their positions. The ITU and its Baltimore local are charged with "failing to bargain collectively" with the Graphic Arts League, representing 22 commercial printing shops.

Ringer next week will begin his study of more than 55 exhibits and thousands of pages of testimony in preparation for his "immediate report") — equivalent to a lower court ruling—to the labor relations board in Washington.

Two Killed In Fire

CLEVELAND, Oct. 25. (AP)—Two men were killed and three firemen burned critically today in a $400,000 fire marked by spectacular explosions of paint products at Peru, Ark.

BOND POSTED

Bond of $1,000 was posted Saturday by Chados R. Lawdermilk, named in a charge of assault with intent to murder filed Friday with Justice of Peace Walter Grice. The count grew out of an alleged domestic difficulty.

Says Farm Research Needs Personnel

COLLEGE STATION, Oct. 25. (AP)—Lack of personnel has hurt research in agriculture, Dr. R. D. Lewis of Texas A. & M. College told the closing session of the Texas nutrition conference.

"The war set us back eight or ten years," he declared, aiding that agriculture is fast changing and that "one shall never know enough about agriculture."

Dr. Lewis said that lack of personnel has hindered research work in the attempt to solve the problem for proper proteins for animals and fowls.

Legal Notice

THE STATE OF TEXAS

TO:
Marie King
GREETING:

You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock a. m. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 1st day of December, A. D., 1947, at or before 10 o'clock a. m., before the Honorable District Court of Howard County, at the Court House in Big Spring, Texas. Said plaintiff's petition was filed on the 18th day of October, 1947.

The file number of said suit being No. 6464.

The names of the parties in said suit are:

B. N. King as Plaintiff and Marie King as Defendant.

The nature of said suit being substantially as follows, to wit:

A suit for divorce. Plaintiff alleging marriage January 5, 1945, Chicago, Illinois and separation on or about 25th of February, 1945, further alleging cruel and harsh treatment and improper conduct on part of Defendant, and that Defendant cursed and abused Plaintiff, called him ugly names, telling him that she did not love him and did not want to live with him. Plaintiff alleging that Defendant asked for money to leave Big Spring and Texas, and he gave money to her and has never seen her since. Further alleging no community property, no children born to said wedlock and none adopted. Praying for complete divorce.

If this Citation is not served within 90 days after the date of its issuance, it shall be returned unserved.

Issued this the 18th day of October A. D., 1947.

Given under my hand and seal of said Court, at office in Big Spring, Texas, this the 18th day of October A. D., 1947.

Geo. C. Choate, Clerk,
District Court, Howard County, Texas.

ANNOUNCEMENT

The continuing advance in the cost of all materials that go into the making of bread has made it necessary that the wholesale price of Mead's Fine Bread be increased 1c per loaf. This will go into effect Monday, Oct. 27.

This adjustment has been resisted as long as possible, but cannot be ignored in view of the market situation.

Mead's will continue to use only the finest of ingredients, and to give you the biggest value in bread that you can find on your grocer's shelves.

MEAD'S fine BREAD

Before you buy a washer, we sincerely urge you to question any Maytag owners among your relatives, friends or neighbors, either in person or by telephone. We know from experience how delighted they'll be to tell you about Maytag. The loyalty and enthusiasm of the *millions** of Maytag owners has a very important meaning for you in deciding about a washer.

If you don't happen to know any Maytag owners, we'll give you the name of some who live near you. Drop in or 'phone for them.

*Over 4¾ million Maytags have been sold ... far more than any other washer.

Expert Says Gas Pipelines Will Not Be Wasted

OKLAHOMA CITY, Oct. 25. (AP)—Even if natural gas is exhausted in years to come, pipe lines built to carry it will not be wasted, the president of the El Paso, Natural Gas Co. predicted here yesterday.

The executive, Paul Kayser, said the lines are strategically located to carry gas to be produced from coal under new synthetic processes. He spoke before the one-day annual meeting of the Independent Natural Gas Association of America here.

The association re-elected its president, Joseph Bowes, Tulsa, Okla., and all other officers. These included Kayser, first vice-president; J. H. Dunn, Amarillo, second vice president; Fred Teters, Tulsa, treasurer, and John A. Ferguson, Washington, D. C., executive director.

Accident Rate Rises In Texas

AUSTIN, Oct. 25. (AP)—Texas traffic accident and death rates continued t edge upward last month with 4,959 recorded accidents resulting in 169 deaths and 2,242 injuries, the Texas department of public safety reported today.

The department estimated the new figures to bring the conomic loss from his year's accidents to $57,211,125. There have been a total of 1,430 deaths and 11,343 injuries in 21,885 accidents reported. It was estimated there has actually been approximately 40,932 injuries in 22,740 injury accidents and another 96,250 non-injury accidents.

Traffic deaths are up two per cent over last year, the report showed.

TRAIN COLLISION WHERE MANY DIED — The splintered wreckage of two commuter-packed suburban electric trains is strewn along the tracks at South Croydon, England, after collision in a dense fog. Death toll was reported as over 20 and injury at nearly 100 in an early count by officials. (AP Wirephoto via radio from London).

Two Ways to Improve CONCRETE BLOCK

Give your concrete block home distinctive charm with Bondex. Beautify as you seal out moisture. Easy to brush on. Low in cost.

WEST TEXAS OIL

Gaines, Crockett Add Producers

By JOHN B. BREWER

SAN ANGELO, Oct. 25—Drilling in of second wells in the Midway Lane (Ellenburger) field in northeastern Crockett county and in the Clear Fork lime producing area of western Gaines county opened by Honolulu No. 1 White and Shelton were among West Texas developments this week on the black side of the ledger.

Sulphur water was struck in the Ellenburger in a south outpost to the most northerly Ellenburger sector of the Fullerton multiple-pay field in Andrews county. Locations were staked for two Ellenburger wildcats in Pecos county and one in Upton county.

Several attempts to drillstem test by Slick-Urschel Oil Co. No. 1 Plymouth-D. L. Alford, Ellenburger strike near the center of the east line of Upton county, to determine whether it had passed out of the gas cap were unsuccessful due to packer failures. Drilling continued below 11,412 feet in Ellenburger topped at 11,201 feet, 8,352 feet below sea level.

On its last successful drillstem test, from 11,276-312 feet, the well showed gas rating an estimated 18 million cubic feet daily and a spray of high gravity oil estimated at five to 10 barrels hourly. It is 2,173 from the north, 4,812 feet from the west line of section 50½-Y-P. B. Scott, nine miles northwest of the Big Lake field in Reagan county.

Twenty-five miles northwest, Wilshire Oil Co., Inc., of Norwalk, Calif., staked No. 1 McEloy Rach Co., C SW SW 148-E-CCSD&RGNG, projected to 12,000 to 14,000 feet to explore the Ellenburger. Louis Mabee Co. of Midland will use a Wilshire rotary in drilling, starting within 30 days. Standard of Texas farmed out to Wilshire a checkerboarded spreadout of a block of more than 20,000 acres.

Topping the Ellenburger at 7,397 feet, 4,729 feet below sea level, Sinclair and Atlantic No. 2-66 University in the Midway Lane field in Crockett county indicated production in drilling to 7,630 feet. Seven-inch casing was cemented at 7,610. The Ellenburger top was 13 feet lower than in the same companies' No. 1-66 University the discovery, quarter mile to the south. The outpost is in the C NW NE 30-46-U.

Byrd and Frost and Gulf No. 1 Mayberry-Tippett, wildcat in the panhandle of northwestern Crockett county, cemented 7-inch casing at 6,400 feet for perforating opposite the Wolfcamp from which it flowed oil on drillstem tests between 6,309-99 feet. In drilling to 7,796 feet, it failed in the Ellenburger, topped at 7,694 feet, 5,034 feet below sea level, and plugged back. Location is 660 feet out of the east corner of section 39-31-H&TC, 11 miles southeast of McCamey.

The Crossett field in southeastern Crane county, West Texas' first Devonian lime producing area, was extended south by Texaco No. 2-B Chas. W. Hobbs estate, flowing naturally 50.37 barrels of pipeline oil on a four-hour test through a 14-64ths inch tubing choke, with total depth 5,350 feet. The well is in the C E S 45-35-H&TC.

Three wildcats put Pecos county in front in exploration for the week. On a short term lease, Stanolind spotted No. 1-B Southland Royalty Co. C NW NW 22-144-T&StL, to be drilled 6,800 feet if necessary to test the Ellenburger. Stanolind No. 1 Hinyard, quarter mile north, had passed 5,060 feet in lime. The area is 18 miles east of Fort Stockton.

Humble will drill No. 1-L University C NE NW 5-18-U, five miles northwest of the Taylor-Link (Permain) field, to 7,000 feet. Bryce McCandless and J. N. Gregory of San Angelo spotted No. 1-C H. L. Winfield, scheduled 2,900-foot, rotary wildcat six miles southeast of Fort Stockton, 330 from the north, 1,650 feet from the east line of section 6-131-T&StL.

Los Nietos Co. No. 1 J. S. Sparks formerly Sun Oil Co. No. 1 Sparks, in western Gaines county swabbed new oil at the rate of five barrels hourly plus five per cent water from Clear Fork lime at 6,860-6,934 feet which had been treated with 2,000 gallons of acid. A pump was being installed for a completion attempt. The well is in the C NE NE 396-G-CCSD&RGNG 1½ miles south and three-quarters of a mile east of Honolulu No. 1 White and Shelton, a Clear Fork discovery.

Bidding for discovery Glorietta lime production on the northwest side of the Seminole (San Andres) field in Gaines county, Amerada No. 9 Thos. S. Riley swabbed naturally 151.90 barrels of fluid—12.4 per cent water, two per cent sediment, the remainder oil— in 24 hours. It continued testing through casing perforations at 6,410-6,534 feet. Location is near the C SE SE 229-G-WTRR.

Pure-Humble No. 1-E-A E. P. Cowden and others, opener of the third pary, the Ellenburger, in the Dollarhide field in southwestern Andrews county, C SE SW 24-A52-psl, was finaled from 9,663-10,140 with a daily flowing potential of 637 barrels of oil.

CAR IS CHEAPER THAN STEAK

INDIANAPOLIS, Oct. 25. (AP)—A used car dealer today ran a three-column ad (in the Indianapolis Star) to show that his car prices are cheaper— by the pound—than the average dinner meat.

The ad offered a '46 Ford club coupe at 56 cents a pound, as a "better buy than a porterhouse steak."

Ackerly Gins Turn Out 5,420 Bales Of Cotton So Far

ACKERLY, Oct. 25. —Four gins operating here had turned out a total of 5,420 bales of cotton up to Saturday afternoon.

The total for the week was 1,255 bales, and most of the plants were operating on a round-the-clock basis. Seed, still down after a break more than a week ago, were going at $80 per ton.

Secretary Krug To Arrive In El Paso

WASHINGTON, Oct. 25. (AP)—Secretary of Interior Krug will arrive El Paso, tomorrow to begin a week's trip, during which he will visit Texas, Arizona and Missouri and deliver two addresses.

He will attend the metal mining convention of the American Mining Congress there and will speak at a luncheon meeting of the organization Monday.

The Secretary will inspect the El Paso reclamation project Tuesday and will go to Phoenix, Ariz., Wednesday to attend a national reclamation association meeting and speak before the group Thursday.

Church To Make Mexico Flight

J. D. Church, engineer for the CAA West Texas district, will wing south this week. During the past week he was in Laredo completing arrangements with customs authorities for a trip to Mexico. He will leave this week via Fort Worth to Brownsville, Mexico City, Huahuaca, visit areas south of Mexico City and then fly back via Tampico and Vera Cruz. Church also announced that Quannah had qualified for a CAA airport aid grant.

• • •

Big Boy Williams, a frequent visitor in these parts, was here for a time Saturday. The movie star has relatives in San Angelo and passes through here frequently.

• • •

W. J. Slaughter, chief tower operator for CAA, has been transferred to El Paso as chief of the tower there. He has been succeeded here by N. W. Lepeard, previously of the Love Field tower in Dallas.

• • •

The CAA communications division has installed a new transmitter to replace one of the same type for 111.1 megacycle broadcast. N. L. Atherton has been assigned here as a radio operator.

• • •

The cafe installed recently by and is attracting patrons on the R. H. Carter now has all fixtures field as well as transient aviators.

• • •

J. R. Smith, head mechanic for Big Spring Flying Service, is sporting a new automobile. The flying service last week entered a contract to job Kendall oil.

J. S. (Sandy) Edwards is a new student as is Billy Wayne Roberts, who is following in the footsteps of his father, Arch Roberts, who obtained his private license in 32 days at age 41 and turned out to be an avid flier. Jess Inglish, Forsan, did a dual cross-country to Lamesa and Tahoka during the week.

• • •

Marshall C. Mason has been assigned to the Pioneer Air Line office here from Midland.

ELLENBURGER EXPLORATION

Magnolia No. 1 Guy Guffee Prepares To Plug, Abandon

Magnolia No. 1 Guy Guffee, Ellenburger exploration in extreme northeast Howard county, prepared to plug and abandon after unsuccessful drillstem tests.

The test was run from 8,369-8,412 feet for two hours and a slight blow of air persisted throughe out. Recovery was 540 feet of gas-cut mud, 630 feet of gas and oil-cut mud and 990 feet of sulphur water. The oil was high gravity. Top of the Ellenburger was picked at 8,403 feet. Location was in section 58-20, LaVaca.

Russell Maguire No. 1 J. W. Fryar, seven miles north and two west of Big Spring, was reported below 2,200 feet on a rotary venture to 3,150 feet. It is 660 feet from the north and 660 from the west line of the east 440 acres of section 4-33-1n, T&P.

Ray Albaugh No. 1 Clayton Stewart, a north outpost to shallow production in the Howard-Glasscock pool, was shut down for orders around 1,300 feet with no pay. Location was 330 feet from the southwest corner of the east half of section 107-29, W&NW.

In southeast Dawson county, Seaboard No. 6-A John Robinson, another Ellenburger test, recovered 9,356 feet of sulphur water on a two and three-quarter hour drillstem test and prepared to plug back between 10,620-40 feet to test from 10,591-605, where promising shows were logged, possibly from the Mississippian. The Ellenburger top was somewhere between 10,895-900 feet. Location is in the C NW SW section 37-34-5ri, T&P.

Willbanks, et al No. 3 Percy Jones, in the south half of section 13-30-1n, T&P, an East Howard test, was below 1,400 feet in anhydrite. Cecil Guthrie No. 1-B W. R. Read, section 48-30-1n, T&P, was below 1,980 in lime.

Coleman Ranch pool of northwest Mitchell county had three tests going. Dr. W. H. Cooper No. 1 Lucy Mildred Coleman, 330 feet from the northwest corner of the west half of section 70-97, H&TC, prepared to set seven-inch string at 2,525 feet. C. T. McLaughlin No. 3 Coleman, 330 feet from the south and 990 feet from the west lines of the north half of section 70-97, completed and prepared to test. Location was staked for the No. 4 well, 579 feet east of the No. 3. Norman and Roch No. 2-B Coleman, section 70-97, H&TC, was past 1,600 feet.

Plymouth No. 1 Willie Mae Foster, C NW NW section 56-2, H&TC, north-central Sterling county, sought to regain circulation after spudding to 60 feet. It is southwest of Plymouth No. 1 Georgia Frost, section 39-2, H&TC, which is attempting to complete as a small Ellenburger producer.

Oklahoma's Welfare Rolls May Be Probed

WASHINGTON, Oct. 25. (AP)—Rep. Glen Johnson (D-Okla) said today that if the Oklahoma state welfare officials continue cutting assistance rolls and grants he may "ask a Federal investigation."

Johnson told a reporter he had been informed that the state welfare director planned to remove some 2,900 families from the assistance rolls early next month and to reduce monthly grants.

Families in his own county that deserve assistance are not on the assistance rolls, Johnson asserted.

U. T. Prof Heads Personnel Meet

AUSTIN, Oct. 25. (AP)—Dr. R. W. French, director of the University of Texas bureau of business research, today was the new chairman of the Texas personnel conference.

French was elected yesterday at the conference's ninth annual meeting.

New members elected to the state advisory committee were W. E. R. Smith, Dumas; R. L. Coffman, Austin; and L. B. Gough, Beaumont.

VIOLIN TEACHER — In an effort to stimulate interest in violin, friends of Glenna Johnson, above, Midland, have persuaded her to operate a part-time studio here. Miss Johnson studied 11 years with Wilda Dragoo of Eastland, attended North Texas Teachers and was graduated with her music degree from TCU in 1944, studied under Francis Macmillen. Subsequently she went on a USO tour, playing in Italy, Sicily, Greece, Egypt, French Morocco and Libya. Details of plans here may be had by calling 297 or 694.

Housing Head Urges Greater Home Output

DALLAS, Oct. 25. (AP)—Raymond M. Foley, the nation's housing administrator, left for Washington today after a whirlwind two-day tour of the Dallas area during which he called for greater hame production at reduced cost.

Addressing the Texas Homebuilders association convention last night the Administrator of the housing and home finance agency said:

"We have come to the point when we must realize that the private building industry has four main factors-management, labor, finance, and government. It is a team of four horses. There is no load of production in America too great for that team to pull, provided each part of the team pulls its proper part of the load.

"At the root of all this difficulty is the primary problem of overall housing production cost. It is too high. Measured in terms of the paying ability of the middle and low-income families, it must be brought down. We must have larger and larger production. We need a plan of action and the housing and home finance agency surely furnishes a central place to initiate proposals for it."

Inauguration Set For ETS President

COMMERCE, Oct. 25. (AP)— Dr. James Gee, Texas educator for 26 years, will be inaugurated Nov. 15 as president of East Texas State College.

Dr. Gee, formerly dean of Sam Houston State College, Huntsville, will become the fifth president in the 59-year-old history of East Texas State.

The 51-year-old veteran of both world wars succeeds Dr. Arthur C. Ferguson, who retired.

Only a new GAS range gives you all these cooking advantages

INSIDE and OUT

Shown: MAGIC CHEF Automatic Gas Range built to "CP" standards.

10 ways easier for top-of-stove cooking

1. Automatic lighting . . . *no matches*
2. Instant high-speed . . . *nothing else cooks as fast as Gas*
3. Instant shut-off . . . *no waste heat*
4. Dozens of heats . . . *not just a few*
5. Tailored flame . . . *less heat loss around sides of pans*
6. Vitamin-saving simmer burners (fuel-saving, too!)
7. Non-clog burners . . . *easy to clean*
8. Removable parts . . . *everything easy-to-get-at*
9. Streamlined design . . . *good-looking, easy-to-clean, durable*
10. Simple, easy to use . . . *no need to change your cooking habits!*

10 ways better for baking and broiling

1. Automatic clock control . . . *cooks oven meal by itself!*
2. Automatic heat control . . . *no guessing at temperatures*
3. Air-circulated oven . . . *only Gas bakes so evenly*
4. Thrifty roasting . . . *saves up to 20% on meat shrinkage*
5. Extra insulation . . . *cooler kitchens*
6. Smokeless broiler . . . *easier to clean*
7. Char-type broiling . . . *as only the quick, clean Gas flame can do it*
8. Oven and broiler light without matches . . . *broiler needs no pre-heating*
9. You can bake and broil simultaneously
10. Tilt-proof racks . . . *no danger of spilling*

NO OTHER RANGES IN THE WORLD *combine* so many cooking advantages! These automatic Gas ranges are designed with one purpose in mind . . . to give you the most perfect cooking results ever achieved! What's more, they are faster, cleaner, simpler—*and more economical*—to operate! The Gas range illustrated above is a MAGIC CHEF built to "CP" standards—just one of dozens of different models now available for your "New Freedom Gas Kitchen." You owe it to yourself to see them all—pick the one that's *right* for *you*. They're all beautiful . . . they're all *super-modern*. This "CP" seal guarantees it!

SOONG TAKES OVER

Glimmer Of Hope Is Seen For Chinese Recovery In South

HONG KONG, Oct. 25. (AP)—China, waiting and hoping for recovery ever since V-J day, but plagued by inflation and war, sees a glimmer of hope in the South this fall. At least, something new has been added there.

Elsewhere the cycle of hard times and warfare follows the same old grooves. In the North, the war seems to be on the verge of partial decision with the final loss or capture of Manchuria—but every previous campaign has had that appearance.

In the lower Yangtze valley, the economy has crashed over another cascade.

In the South, however, the pattern is a little different. There the hopes for recovery rest on a famous Chinese name, a name that has been admired, hated and feared, but which long has been symbolic to the Chinese of hardheaded ability.

The name is Soong, and the new ingredient in south China is appointment of T. V. Soong as governor of Kwangtung province.

Kwangtung's capital is Canton, which straddles the Pearl river, main artery for trade south of the Yangtze.

Politically, the appointment is no plum. Soong, brother-in-law of Generalissimo Chiang Kai-Shek, resigned as premier of China only last winter, stepping out under fire when the currency took a bad drop and trade was feeling the stifling effects of regulations and dollar exhaustion.

Never popular with the masses, Soong caused many reactions when he was named to the Kwangtung job.

That Soong came south to feed more wealth into the civil war can scarcely be disputed; all provincial governors are under such orders.

He has begun his new job by petitioning General MacArthur for return of a paper mill removed by the Japanese; by re-allocating cement for vital roads, ordering one 45-mile route finished "in two months;" and by inaugurating a levee-building program.

Watching the astute and able "T. V." in action, south Chinese hope that he is setting them on the long, slow pull to reconstruction.

ABC Collects Used Clothing

Approximately two pick-up truck loads of used clothing were collected by the American Business club Saturday in a house-to-house canvass and matinee at the R&R Ritz.

The matinee for children, with admission by used clothing, netted half of the total. ABClub officials said that in event any resident had been overlooked in the hurried pick-up in the residential area Saturday, clothing could be taken either to the Salvation Army or the Red Cross for distribution.

EXHAUSTED FIRE FIGHTERS — Exhausted in fighting a forest fire that swept through the resort town of Bar Harbor, Maine, causing millions of dollars damage, fire fighters fall asleep in the Fire House in Bar Harbor. (AP Wirephoto).

IN WASHINGTON

Prospect Of U. S. Aid Regarded As Help To Marshall Diplomacy

WASHINGTON, Oct. 25. (AP)—The prospect of a fresh flow of American dollars into Europe's weakened economy is regarded here as a strong stimulant also to Secretary of State Marshall's diplomatic offensive against Russia, both in and out of the United Nations.

That is the immediate significance attached by American diplomatic officials to President Truman's action in calling a special session of Congress.

They agree with the President's contention that this is certain to be a decisive winter in Europe due to the differences between the United States and Russia and the fact that Europe is caught in between.

At the moment, these officials say, the United States has fully recaptured the initiative taken when Marshall laid down the long-range proposal for European self-help now known as the "Marshall Plan."

During the weeks when President Truman was saying he saw no need for a special session of Congress and state department officials were bombarding the White House with figures to prove a need, the picture was different. During that period the officials of pro-American governments in France and Italy got pretty nervous, according to reports reaching here. The communists meanwhile laid down precise lines of attack.

They began a drive which American officials regarded as clearly aimed at seizing power in Italy. However, in the face of strong evidences of American support for the present government they met with decisive rebuffs and failed to discredit the De Gasperi government.

Meanwhile they set up their nine-country international communist organization with headquarters at Belgrade and membership including both the French and Italian communist parties.

In France in the recent election they managed roughly to hold their own while the Socialist and National Republican Movement parties took a heavy beating due to the spectacular rise of the political leadership of Gen. Charles De Gaulle.

Neither in Italy nor in France have the communist efforts been decisively settled. The best information reaching American authorities indicates that communist leaders are still undecided whether to make an all out drive for political control in key countries of western Europe this winter.

State department officials appear convinced and evidently have convinced President Truman, however, that a show of timid or hesitant U. S. policies would give the communists the opening they want.

Library Needs Overdue Books

Several overdue books are needed at the Howard County Free Library and persons holding them are urged to check them in as soon as possible, Mrs. Benny Collins, librarian, reported Saturday.

Mrs. Collins also announced receipt of more contributions to the library. Janice Boardman has contributed three children's books and Mrs. Stall has donated a volume.

The library is still open nights twice a week, Mrs. Collins said. On Mondays, Wednesday, Fridays and Saturdays hours are from 9 a. m. to 12 noon and from 1 p. m. to 5 p. m. On Tuesdays and Thursdays the library is open from 11 a. m. to noon, 1 p. m. to 5 p. m. and from 7 p. m. to 9 p.m.

Eisenhower Cites Need For Forces

MANHATTAN, Kas. Oct. 25. (AP)—Gen. Dwight D. Eisenhower declared today that Americans live in a world "where force and the threat of its employment make most difficult, and even impossible in certain areas, the realization of our dream of peace among men."

Consequently, said the Army Chief of Staff, the United States "must have the strength to convince the world that no outside force shall ever conquer this great stronghold of democracy."

Eisenhower, a Kansan, prepared his speech for a homecoming celebration at the stadium of Kansas State College of Agriculture, of which his brother Milton is president.

The General said "at this critical crossroads of history, the free world today depeneds on America to lead the way."

Jester Grants 37 Pardons

AUSTIN, Oct. 25. (AP)—Gov. Beauford H. Jester today revoked clemencies which had been granted two convicts several years ago, ordering their return to the penitentiary, and granted conditional pardons to 37 persons previously reprieved.

Clemencies granted Houston H. Barker and Paul Dean Barker were cancelled on information furnished the board of pardons and paroles by District Attorney N. E. Grisham at Eastland.

Houston H. Barker was convicted in district court of Upton county in April 1935, for robbery and given a life sentence. His original clemency was a reprieve granted on July 11, 1944.

Paul Dean Barker was sentenced to serve 20 years on conviction of assault to murder and theft over $50 in Eastland and Tarrant counties in December, 1934. His first clemency was a reprieve granted March 16, 1943.

The pardon and paroles recommended to Jester that the clemencies under which the men were free from custody be revoked.

Conditional pardons granted included these:

William McMahan, sentenced to five years for murder without malice and theft in Taylor county and Howard County Aug. 19, 1944, first reprieved Jan. 20, 1947.

FRESH BLOOD A MUST FOR FREE ENERGY

Do you feel like you are tied to a drag everytime you try to do something? If so, don't let a low blood count hold you down when you may release vibrant energy to every muscle, fibre, cell.

Every day—every hour—millions of tiny red-blood-cells must pour forth from the marrow of your bones to replace those that are worn-out. A low blood count may affect you in several ways: no appetite, underweight, no energy, a run-down condition, lack of resistance to infection and disease.

To get real relief you must keep up your blood strength. Medical authorities, by analysis of the blood, have by positive proof shown that SSS Tonic is amazingly effective in building up low blood strength in non-organic nutritional anemia. This is due to the SSS Tonic formula which contains special and potent activating ingredients.

Also, SSS Tonic helps you enjoy the food you eat by increasing the gastric digestive juice when it is non-organically too little or scanty—thus the stomach will have little cause to get balky with gas, bloat and give off that sour food taste.

Don't wait! Energize your body with rich, red-blood. Start on SSS Tonic now. As vigorous blood surges throughout your whole body, greater freshness and strength should make you eat better, sleep better, feel better, work better, play better, have a healthy color glow in your skin—firm flesh fill out hollow places. Millions of bottles sold. Get a bottle from your drug store. SSS Tonic helps Build Sturdy Health.

Utah Football Star Dies After Game

SPRINGVILLE, Utah, Oct. 25. (AP)—Blaine Lambert Bird, 17, center on the Springville high school football team and president of the student body, died yesterday a few hours after he was injured in the Springville-Lehi game.

The lad collapsed soon after he left the field in the final minutes of the hard-fought 7-7 tie-game.

Death was attributed to a skull fracture.

CONVICTED — Dr. Lloyd I. Ross (right), San Antonio surgeon, is escorted from the La Granbe courtroom by Sheriff T. J. Flournoy (left) after a jury convicted him of murder with malice and decreed death in the electric chair in the ambush slaying of Mrs. Willard York last May 25. Three other members of the York family were slain in the shooting and one injured. (AP Wirephoto).

Economic Loss Mounts From Texas Mishaps

AUSTIN, Oct. 25. (AP)—Estimated economic loss this year from Texas traffic accidents mounted to $57,211,125 last month, the Texas department of public safety reported today.

September traffic accidents totalled 4,959, resulting in 169 deaths and 2,242 injuries, the department said.

The figures compared to 2,197 accidents, 150 deaths and 1,382 injuries for the same month a year ago.

Most of last month's occurred on highways, with 72 deaths on U. S. highways, 29 on state highways and 21 on county and local roads. The other 47 deaths occurred in urban areas.

The September figures brought the year's reported totals to 1,430 deaths, 11,343 injuries and 21,485 accidents. It was estimated that if all accidents had been reported, figures would indicate approximately 40,932 injuries, 22,740 injury accidents and 96,250 non-injury accidents.

Last year's reported accidents during the comparable period totaled 17,794 with 1,402 deaths and 10,118 injuries.

The origin of April-Fool's Day is in doubt but is believed to mark the end of once universal festivities held at the vernal equinox.

HUGHES PLANE LAUNCHING

LOS ANGELES, Oct. 25. (AP)—Plane builder Howard Hughes announced today that the launching and taxi tests of his huge $25,000,000 wooden flying boat, which has been lashed to a graving dock in Los Angeles harbor for many months will be held November 5 to 10.

Boxcar Signer, J. B. King Dies

PALESTINE, Oct. 25. (AP)—Funeral services were scheduled here today for James B. King, whose signature on boxcars became legendary among American railroad workers.

King, 77, retired Missouri Pacific general yardmaster, always wrote his name with a sweeping flourish on boxcars. An anonymous poet wrote a poem about the name and these lines were widely printed: "Who in the world is J. B. King? He signs his name to everything."

Survivors include his wife, one daughter, Miss Rowena King of Palestine; three sons, Leo of Palestine, Allen of San Francisco, and Robert of Los Angeles, six grandchildren and one great grandchild.

WEEK'S BUSINESS

Building Permits In Demand Here

Demands for building permits were brisk during the past week, although new construction remained at a virtual standstill. Most of the permits were sought to either move or remodel buildings purchased at the Army Airfield surplus sale several weeks ago. However, the estimated cost total representated a substantial gain over the previous week. The 41 permits issued totalled $33,075, which increased the year's total to $913,510.

• • •

An increase in warranty deed filings also was recorded at the county clerk's office. During the week 13 instruments were filed, covering property transactions involving $32,014. The warranty deed total for the year is $1,628,197.

• • •

New motor vehicle registrations declined slightly from the previous week's record. The county tax assessor-collector's office handled requests for 12 new passenger car licenses and two truck licenses.

Four-o'clocks bloom in the late afternoon and through the night, but close when the sun comes out. The flower lasts but one day.

Austrian Asks For Peace Treaty

VIENNA, Austria, Oct. 25. (AP)—Vice Chancellor Adolf Schaerf called on the Big Four today to hasten completion of the Austrian peace treaty.

"After having been liberated from fascism, it is high time that Austria should be liberated from the occupation," he told the third post-war convention of the Austrian socialist party.

Schaerf had but few kind words for the other two parties in the coalition government, the peoples party and the communist. The former, he said, has "no program at all" and the latter has "only a very secret program."

Schaerf said a revival of the capitalist system in Austria is "out of the question" and added that rehabilitation "can only be accomplished if the workers realize that they have to form a new socialist system."

3-AA Favorites Come Through In Friday Tilts

As if the Bobcats had been an obstacle, Odessa's Bronchos swept aside the San Angelo invaders Friday night by a 40-7 count.

At that, San Angelo made an interesting ball game of it for nearly three quarters. Odessa was spotted two touchdowns when Jimmy Patterson scampered 31 yards in the first and Paul Matejowsky pitched to Al Arnold for 49 yards in the second. The Bobcats stormed back after the half on a 65-yard drive with Donny Taff circling left end for the score.

In short order Byron Townsend ran 47 yards, Arnold ran back a pass interception for 83, Patterson scooted for 45 and Sonny Mobley, reserve back, wove 37 for scores to crush the Bobcats.

After being buffeted badly by the Bulldogs during the first half, Abilene's Eagles came back in the third quarter to score on Jim Dobbyn's 13 yard touchdown jaunt climaxing a 60-yard campaign. Lloyd King passed to Dobbyn for a score shortly afterwards and King iced the deal by passing to Bill Rogers for a final score, giving Abilene a 20-0 victory.

Sweetwater plastered Lamesa 19-0 in a rainy tilt. Jim McMillan scored from the 13 early in the opening canto. Lambert went over from the six after a Lamesa punt was blocked on the 12 in the third, and Jackie Sheets, s u b-back, plunged for the last score.

Big Spring, idle Friday evening, goes to Denison this Friday for a non-conference tilt and will be doped as underdog. Abilene plays in Sweetwater with the Eagles favored, Midland goes to San Angelo, the host being favored. Thursday Lamesa is to be in Ysleta for another non-district scrap.

Columbia Passes Sink Army, 21-20

NEW YORK, Oct. 25. (AP)— A dauntless band of Columbia Lions scored one of the most stunning upsets of gridiron history today when they sent Army's eleven tumbling into defeat, 21 to 20, with a spectacular passing attack which scored two touchdowns in the final period.

Unbeaten in their last 32 games and unscored upon previously this year, the Black Knights from West Point found themselves helpless to stem the light blue once Gene Rossides, Columbia's brilliant quarterback, began throwing bullseyes to an equally brilliant receiver, end Bill Swiacki.

Less than seven minutes remained to play when the Lions drove 67 yards down the turf of Baker field to score their third touchdown and Ventan Yablonski, their fullback, cleaved the posts with a kick for extra point which gave the Cadets their first reverse since Navy turned them back in November,1943.

A desperate attempt by Army to drive to a score in the closing minutes came to nothing when Lou Kusserow of Columbia intercepted a pass by Arnold Galiffa in midfield. When the game ended, the Lions were deep in Army territory again and giving the rattled Cadets no surcease.

Rossides, the individual hero of the amazing triumph, gave probably as dazzling exhibition of the passing art as ever was seen on any field. He connected on 18 out of 27 throws and accounted for most of the 263 yards gained by the Lions through the air. The Cadets found it virtually impossible to knock down his long pegs to Swiacki.

In all, Coach Lou Little's team completed 20 of 30 passes, and Swiacki caught eight of them for 138 yards.

LOOKING 'EM OVER

With WACIL McNAIR
(Subbing for Tommy Hart)

League directors may not be ready for final action at this time, but some idea as to which cities will get new franchises in the Longhorn baseball loop probably will develop at the general meeting in Abilene this afternoon. That the league will expand to an eight-club circuit is virtually a certainty. It has been known for some time that baseball interest in San Angelo is bubbling, and also that at least two parties are ready to put in a bid for a franchise. Another key spot for baseball enthusiasm has been Coleman, and that city is expected to be represented at today's meeting.

There has been some talk about working sufficient population into the organization to permit "elevating" the loop to Class C, but experienced heads appear cold to the idea and they have their reasons. For one thing, Class D baseball right now comes nearer to fulfilling the original purpose of minor league ball—that is, to take young hopefuls, give them experience and in due time send them on to faster company. As for the brand of ball played, it is doubtful that more than a few Class C loops were stronger than our own Longhorn league last season, and some of the Class B circuits showed signs of being less potent.

Speaking of young hopefuls, Birgil Smith claims that he tracked down "another Willard Ramsdell" while vacationing in Kansas a short time ago. The lad's name is Ben D. Peters of Chanute, Kan., a 19-year-old. Smith says the boy has as much speed and as much "stuff" as anyone could ask for. What he needs, however, is better control. He hopes to learn to aim his shots better by working this fall and next spring with Claude Willoughby who performed for the Philadelphia Phils back in the 20's. Willoughby, incidentally, is a cousin of Smith's.

• • •

"Naturally it's hard to swing four boys from one team on the all-state crew," admits Gene Greggston of the Odessa American. However, Greggston was ready to place at least five of his Bronchos on the all-district line-up after seeing only two other league teams perform. Definitely "in" as far as he is concerned, are Byron Townsend, Gordon Headlee, Harry Pace, Paul Matejowsky and Gerald Cambell, and more are "lined up for possibilities." Evidentially, Greggston was too absorbed in sifting through the possibilities, or else he had developed too much of the expected personal concern to notice Our Town's Ike Robb completely out charge, out tackle and generally out-play his Pace and Headlee in the Odessa-Big Spring game.

• • •

There has been some speculation over the probable status of the Coahoma Bulldogs for next year, but Coach John Albers declares that he is content to continue in the District 7 six-man loop. At present Coahoma has 96 pupils enrolled in High school, which represents a gain over last year, and if the high school enrollment should pass the 100 mark next year the team might find itself performing in the 11-man District 5-B, along with Stanton, Crane Grand Falls, Iraan and Fort Stockton. However, Coach Albers says that if enrollment should go over the dividing mark by a pupil or two, he probably will request that his team be permitted t o remain in the six-man circle.

Lights Dedicated At Coahoma, New Additions Noted

COAHOMA, Oct. 25.—Fans turned out in large numbers here Friday evening for dedication of the lighting system for the football field and remained, despite a brisk shower, to see the Bulldogs make it official with a victory over the Garden City Bearkats.

Norman Read, for years a member of the school board, pointed to the installation of the lighting set-up as one of a series of progressive steps for the system.

After this year, he said, the district will have an outstanding indebtedness of only $52,000, and this in the face of a $40,000 improvement program during the past summer. The district has valuations in excess of four millions.

Ralph White, president of the board, dedicated the lighted field to the "Bulldogs of the past, the present, and the future," expressing appreciation to the community for support in making the project and others possible. Joe Pickle, Big Spring, complimented Coahomans on their liberal support of their schools.

During the summer, the district provided six teacherages, including a home for the superintendent, M. R. Turner, and other faculty members. These are grouped on one block, landscaped and with sidewalk. Most of the buildings were reconverted from old structures but now appear as new.

The old shop building was renovated and made into a cafeteria which now serves from 225 to 250 meals daily at prices of 20 to 25 cents. A portion of the old R-Bar school was made into a new shop building with facilities for vocational agriculture and equipment for such shop work as carpentry, blacksmithing, welding, mechanics, and other handiwork.

Two Cases Lodged By Liquor Board

Liquor control board agent lodged two cases Saturday against three men on charges of possession of liquor for purposes of sale without a permit.

M. M. Hood, agent, said that three cases of whiskey and gin, one of wine and two of beer were confiscated when Jose Angel Salas, Sr. and his son, J. A. Salas, Jr., were picked up eight miles north on the Gail road Friday evening.

J. T. Morgan, district supervisor, said that 10 pints and 10 half pints of liquor were seized from Dave Sanders, Negro, in a pick up in Big Spring.

Big Spring 'B' Team Decisions Odessa Reserves

Big Spring's Steer reserves threw out a formidable defense and backed it up with bits of sparkling offense to outlast the Odessa B aggregation 13-6 on the local gridiron Saturday night.

The "little" Steers broke the ice early in the second quarter when Gerald Burrows crossed into pay territory on a 12-yard sprint. The try for point failed.

The Odessans roared back to tie the count a few moments later when Sonny Nixon intercepted a Steer pass on the Odessa 40 yard line and raced 60 yards for a touchdown. The Bronc B's also were unsuccessful in the try for point.

The score remained 6-6 at halftime, but midway in the third quarter the Big Spring boys shook Johnny Hooper for a 75-yard touchdown gallop. Hooper waltzed through a hole in the left side of the line, received excellent blocking as he zipped by the Odessa linebackers and then literally outran the Odessa safety man to the goal.

Hooper then added the clincher by booting one over the bar for extra point.

Big Spring threatened again early in the fourth, Virgil Roundtree skipped 21 yards for a first down on the Odessa eight. But a fumble gave the Broncs possession on their own nine a moment later.

Stymie Adds To Roll In Saturday Victory

NEW YORK, Oct. 25. (AP)—Stymie regained the world money winning title with a smashing two-length triumph in the, $75,000 added Gallant Fox Handicap at Jamaica today, boosting his bankroll to $816,060. Thus he blasted the belief that he had lost his old fighting form.

Mrs. Ethel D. Jacobs' six-year-old son "Iron Horse" added $56,350 to his total. R. N. Ryan's Talon was second by four lengths over Mrs. Barclay K. Douglas' Miss Grillo. Both South American horses are trained by Horatio Luro.

Businesses To Close For Armistice Day

Traditional closings on Nov. 11 are in prospect for businesses here, but this may be the last Armistice Day observance as a legal holiday.

The date was set at the outset of the year by a merchants committee and indications are that it will be followed. However, there is now under consideration a suggestion from Governor Jester that May 31 be set as a legal holiday commemorating the end of both World Wars I and II.

Treest Visits Here

Col. Ira H. Treest, U. S. Army, retired, was in Big Spring during the week end, making an incidental contact with Joe Pond, chairman of the local committee seking to bring about a National Guard unit here. Col. Treest is assisting the Texas National Guard in a recruiting campaign. Big Spring now awaits designation of a unit from the adjutant general's office, said Pond, before further steps toward organization may be taken.

Longhorns Ride Layne's Arm To Victory Over Owls, 12-0

Bumgardner Helps With Spectacular Defensive Work'

AUSTIN, Oct. 25. (AP)—The University of Texas Longhorns pieced together an uneasy 12-0 triumph over a valiant Rice eleven here today before a record Southwest conference game crowd of 48,400.

As usual, it was Bobby Layne's good right arm that set the Texas scoring machine in motion, but hard rushing by the Owls forced the Longhorns to stick to the ground for most of their gains.

Spectacular defensive work by Longhorn Left End Max Bumgardner helped Texas immeasurably and it was Bumgardner who took Layne's pass to lunge across for Texas' first marker.

He took the bullet heave directly across center on the Rice 4-yard line, wriggled out of the grasping hands of Owls Don Anderson and Harold Stockbridge, and dived across the double stripe on a play food for 18 yards.

The Longhorns were picking up steam during the second half, however, and really got rolling in the final period with Right Halfback Jim Canady and Fullback Tom Landry piling through the line for short, steady gains. The payoff came on a three-yard drive by Canady over his right tackle to score standing up.

Layne exhibited his crafty field generalship when he found the Owls rushing him so hard he had no time to spot receivers. He used the speed of Left Halfback Byron Gillory and the hard driving of Canady and Landry in good proportions to give the Longhorns 167 yards on the ground, against 96 for Rice.

The blond bomber connected on five of 14 passes for 60 yards and had one intercepted. Rice attempted 15 passes, completed four for 50 yards.

Evidence of the shift of strength in Texas' favor during the second half was revealed by a statistical record of minus two yards rushing for Rice during the last two quarters while Texas was packing up 89.

Hotel Greeters Receive Charter

Charter No. 56 from the Hotel Greeters of America was presented Saturday evening to the West Texas Greeters following a dinner session at the Settles hotel.

Hotel men and their wives from 12 cities from Amarillo to San Angelo and Abilene to Odessa were present for the presentation. While the Greeters were in business session under the direction of John Reidy, Herring Hotel of Amarillo, president and J. B. McClellan, Hotel Elliott, Odessa, secretary, Mrs. Charles E. Pryor, Hotel Amarillo, presided over a meeting of the auxiliary.

The meeting got underway at 12:30 p. m. with a golf and putting tournament. Cocktails at 6:30 p. m. and the dinner at 8 p. m. followed.

Archer-fish literally hunt their prey by shooting water from their mouth, wetting insects and knocking them from the air into the water.

Kentucky Nudges Spartans, 7-6

EAST LANSING, Mich., Oct. 25. (AP)—Kentucky edged out Michigan State 7 to 6 today as the Spartans also suffered the loss of their star back, George Guerre, who broke a leg making a touchdown. The fifth successive victory for the Sugar Bowl pointed Wildcats was a rough and tumble affair.

A record of 26,997 fans witnessed the fourth and final intersectional meeting between the two teams.

Tide Bowls Over Georgia, 17-7

ATHENS, Ga., Oct. 25. (AP)—Alabama cashed in on the running of Lowell Tew and the all-around ability of Harry Gilmer to defeat a favored Georgia eleven, 17-7, today to the surprise of an overflow crowd of 48,000.

Martin Makes Temple Trip In Good Shape

Floyd Martin, under treatment for an arterial blood clot, was reported Saturday to have made the trip to Temple in good condition. Specialists had not yet had sufficient time to make a further prognosis. Floyd sustained the injury when bruised on the leg while playing football.

Deadline Set On Merit System Exam

Deadline on application for examinations for positions with the Texas Merit System council is set for Saturday, Walter L. Reed, who supervises the examinations here, announced. Application blanks may be obtained from Reed, the Texas Employment commission office or by writing to the state office of the council at Austin. Examinations will be given late in November.

Coahoma Bulldogs Lope To 44-7 Decision Over Bearcat Sextet

COAHOMA, Oct. 25—Coahoma's Bulldogs blazed a trail to touchdown-land early in the first quarter and then kept heavy traffic on the path as they romped to a 44-7 decision over the Garden City Bearcats in a District 7, six-man football game here Friday night.

The game but outmanned Bearcats fought back savagely and actually took the lead from the Bulldogs shortly after the first score, but they were forced to be content with only one journey into pay territory. The game was scarcely underway before Bruce Lindsey flipped a pass to Clovis Phinney who galloped across for a Coahoma tally.

The Bearcats hitched up their belts and promptly shook Jack McDaniel loose for a 50-yard sprint that carried to the one yard line. McDaniel, who was a serious threat during the entire proceedings, bucked across on the next play and then pounded across on a lateral for the extra point. The lightening-like thrust gave the Bearcats a 7-6 advantage when a brief recess was called due to a downpour of rain.

But the Bulldogs, who were celebrating the dedication of a new lighting system for their gridiron, were not to be denied. Just before the first quarter ended, Horton scored on another pass play to put the homelings ahead 12-7.

Phinney counted two more touchdowns in the second quarter to run the half-time to 24-7.

Jackie Wolf broke into the scoring in the third on a pass play, and Lindsey drop-kicked the point for the Bulldogs' only successful conversion attempt of the night.

A few moments later, Wolf was on the receiving end of another aerial that covered approximately 50 yards and rang up another six points. Shive stood in the end zone and waited for a well-aimed toss to land in his arms midway of the fourth quarter to finsih off the scoring.

The starting lineups:

GARDEN CITY—Linney and Wilkerson, Ends; L. Baker, center; Curry, McDaniel and Bob Baker, backs.

COAHOMA—Dickson and Horton, ends; Bates, center; Phinney, Cathey and Lindsey, backs.

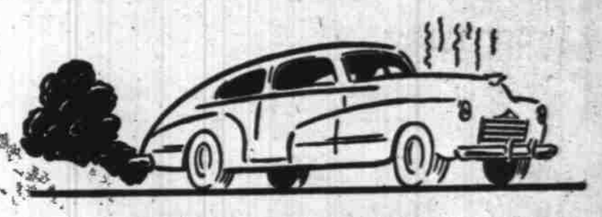

Score by quarters

Garden City	7	0	0	0	7
Coahoma	12	12	14	6	44

Officials: McDonald, referee; Halliday, umpire; Johnson, head linesman.

Frogs Batter Oklahoma 20-7 On Rain-Soaked Sooner Field

NORMAN, Okla., Oct. 25. (AP)—Texas Christian's Horned Frogs, swelling themselves into a defensive dragon with an offensive bite, battered the University of Oklahoma 20-7 here today on a rain-soaked gridiron.

The Frogs took advantage of breaks for their three touchdowns in the first half to Oklahoma's one, then the two teams went scoreless the second half.

The loss was Oklahoma's first at home since 1945 when the Oklahoma Aggies won 47-0, and gave the Frogs an even break in their four game series.

Coach Dutch Meyer's tricky TCU defensive kept Oklahoma in its own half of the field through most of the game although the Sooners led in rushing with 169 net yards to the Frogs 93.

Pete Stout, TCU's slippery fullback, played a stellar offensive game and scored two touchdowns. But it was ever-ready Morris Bailey who gave Oklahoma a bad time. He intercepted a pass by Jack Mitchell in the first period and ran 51 yards for the Frogs second touchdown. In the next quarter he popped up to snatch Darrell Royal's partially blocked toss and return it 13 yards to the Oklahoma eight to set up another score.

The first Christian touchdown came after a 78-yard drive powered by Stout and Lindby Berry. In ten plays, which featured all the Christian's tricky formations, the Frogs scored with Stout slicing five yards in the final plunge. Wayne Pitcock made the extra point good, his first of two.

Oklahoma's sole touchdown, in the second period, carried 48 yards in ten plays with Charley Sarratt doing most of the work. He carried over from the one yard line and J. L. Martin kicked the extra point.

The Christian's final touchdown which Bailey made possible with his interception was scored by Stout who went over from the one-yard line.

In the second half, Oklahoma was helpless against the Frogs stout defense and the Christians didn't try to go any place. Instead, they played a careful game, handling the soggy ball very cautiously.

Clyde Scott Leads Hogs To 19-14 Win

MEMPHIS, Oct. 25. (AP)—Aroused Arkansas matched the nation's most potent air attack with a free-wheeling, strike-throwing lad from Smackover, Ark.,—Clyde Scott—this rainey, miserable afternoon and stunned favored Mississippi, 19 to 14, in a thrill-packed contest played before 28,000.

Mississippi's great Charley Conerly, the top offensive man in intercollegiate football, gave one of his greatest all-around performances but it wasn't enough to offset the antics of the speedy Razorback senior halfback who used to start for Navy.

Twice during the body-rocking, up-and-down battle, Mississippi matched Arkansas touchdowns and went ahead on the proficiency of Bobby Oswalt's point-converting toe.

But with six minutes remaining and the Razorbacks trailing, 14 to 12, Scott unleashed a 41-yard pass to end Bud Canada to put the ball on the enemy's 26. Then he cut over left guard and sallied 23 yards to the three from which point Stacey Looney of Vinita, Okla., plunged over.

Little Kenny Holland kicked the extra point, the Razorback's first of the day, and the scoring column was closed.

Scott, who had a day's rushing net of 92 yards, bulled over from the one for the first Arkansas touchdown with less than a minute to play in the first period and he set up the second in the third period with a 61-yard return.

The spectacular sprint put the ball on Mississippi's 24 and on the very next play Holland passed to Canada on the goal line for the marker.

Arkansas scored in the first and third and each time Mississippi came charging back in the following quarter like a stung giant—with long Charley Conerly's arm furnishing the locomotion.

Ranchers Fall Before Maroon Attack, 27-7

STARKVILLE, Miss., Oct. 25. (AP)—Mississippi State's great tall back, Tom (Shorty) McWilliams, paced the Maroons to a 27-7 victory over a stubborn Hardin-Simmons team today.

McWilliams first score was the culmination of a 49-yard drive with Shorty going over from the four yard stripe. His second touchdown was a beautiful 69-yard punt return shortly after the start of the second half.

The Maroons third touchdown was set up when Guard Jesse Hughes recovered a Hardin-Simmons fumble mid-way in the third quarter on the Cowboy 33. Harper Davis and McWilliams alternated in running the ball to the 12-yard line and Davis went over for the touchdown.

State's final touchdown came with just a few seconds remaining in the game when Sonny Jones ran over from the two. Jones made a 28-yard run to set up the score.

Hardin-Simmons got their lone score in the first quarter as a result of a 60-yard drive that started on the kickoff following State's touchdown. Al Johnson and Wilton Davis alternated in passing and running the ball to the Maroons 4 and Davis went around end for the score.

Max Stainbrook converted three out of four extra point attempts for the Maroons with Tom Proctor kicking the extra point after the Cowboys' score.

Penn Wears Down Midshipmen, 21-0

PHILADELPHIA, Oct. 25. (AP)—ball machine rolled up impressive Pennsivania's ponderous foothunks of yardage and a 21 to 0 victory over the Navy today, but it wasn't until the final quarter that the Quakers moved fast enough to make their fourth straight triumph a certainty.

A capacity crowd of 78,205 saw the home team take a 7-0 lead in the first quarter and hold grimly onto it through an unimpressive display of power football until the weary Midshipmen crumbled in the last period.

Tech Wallops Denver, 36-7

DENVER, Oct. 25. (AP) Fred Brown's right arm and the legs of Charles Reynolds and Zac Henderson turned a first half football game into a second half runaway today as Texas Tech downed Denver, 36-7.

Denver gave its homecoming crowd of 18,000 a big lift right at the start by driving 66 yards to a touchdown after the opening kickoff with Bob Hazelhurst plunging the final yard after Vern Cochran's long pass to Chuck Moorer had gone for 38 yards and a first down on the one.

In the second period, Bernie Winkler smashed through from tackle to block Don Rezzer's punt and the ball bounded across the end zone for an automatic safety.

Tech took the lead just before the half ended after Henderson intercepted Cochran's pass on his ten and hustled it back to the Tech 38. Brown passed to J. L. Gulley for 24. . W. Thompson banged the line for eight and Brown tossed a flat pass to Reynolds who raced the last 22 to score. Ralph Earhart made the first of his four placements.

The Red Raiders exploded again early in the second half after getting the ball on their 12 on an out of bound punt.

Texas Tech rushed for a total of 186 yards and passed for 157 while Denver rushed 73 and passed for 212. First down honors went to the Pioneers, 16 to 11.

Brennan Leads Irish Over Iowans, 21-0

SOUTH BEND, Ind. Oct. 25. (AP)—Out of a lineup including such worthy gladiators as Czarobsky, Swistowicz, Kosikowski and others, rose Irishman Terry Brennan today to punch a pair of touchdowns which gave the unconquered Fighting Irish of Notre Dame a 21-0 triumph over Iowa.

Notre Dame's fourth straight football success, which delighted a sellout throng of 56,000, was registered chiefly along the ground with pitching Johnny Lujack taking the back seat.

Aggies Lift Bears From Unbeaten List

COLLEGE STATION, Oct. 25. (AP)—Texas A and M bounced back victoriously from three straight defeats today to knock Baylor out of the nation's unbeaten ranks, with a convincing 24-0 decision that kept the Aggies in the Southwest conference championship race.

The passing of Buryl Baty, the running of Ed Dusek and the magnificent punting of Stan Hollmig were too much for a hard-fighting but fumbling Baylor team.

The game, which saw the Aggies vastly superior all the way, ended in confusion as thousands of happy A and M fans flooded the field thinking the contest was over as time ran out with Baylor on the Cadet seven-yard stripe. But pass interference was called on the last play and the gridiron had to be cleared to give Baylor another chance, this time from the two. Cal Crews took the ball in a try at right end but was thrown for a yard loss to end the game.

Baylor fumbled four times and lost the ball on each occasion. Twice A and M cashed in on the bobbles for touchdowns. However, it was a fumble by A and M that gave Baylor its only chance to score, the Bears getting the ball on the Aggie 34 and sweeping down to the seven, making 14 of tne yards on a pass interference penalty. It was here that the crowd came on the field after three passes had failed, thinking it was all over.

The kicking of Hollmig was phenominal. Ten times he punted and seven times the ball went out of bounds inside the Baylor 12-yard line. Once he placed it on the two, another time on the four and a third time on the six.

Baylor made more first downs and out gained the Aggies 216 yards to 208 rushing and passing—but the Bears were backed up in their end of the field most of the time, mostly because of the kicking of Hollmig.

Dusek climaxed a 50-yard Aggie drive midway of the first period by ramming over from the two-foot line for a touchdown with John Ballentine kicking the extra point. A Baylor fumble set up the next Aggie touchdown late in the second quarter. It came on two Baty passes—to Preston Smith for 17 yards and to Charley Wright for 13 and the score. Again Ballentine converted.

Ballentine booted a field goal from the Baylor 21 yard line with three minutes to go to end the scoring.

HENRY "JET" HARREL

Plenty Action Slated At BSAC Monday Night

Action aplenty looms for BSAC wrestling fans Monday night, when four of the better performers now operating in this section are scheduled to put in appearance at the ring.

Henry "Jet" Harrel of New Orleans will be around for the second week in succession. The Louisianan, who was on the short end of a referee's decision which broke up a team match here last week, will test Rod Fenton, who caught the fancy of local fans several years back.

The headliner, however, will find Ace Abbott of Abilene accepting an outright challenge issued by Gene Blakely, who also makes the Taylor county seat his base of operations. They are scheduled to battle in a no-time match.

Blakely made his challenge known several days ago, and Abbott wasted no time in arranging to accomodate him.

Eagles Pound Mertzon, 31-7

STERLING CITY, Oct. 25—Sterling City Eagles kept the bid in for the District 7, six-man football title Friday night by overpowering Mertzon 31-7.

Jackie Tweedle, the Eagles' fleetfooted backfield star, moved across the pay-off stripe three times in the first half to give Sterling City a 19-7 advantage at intermission.

Mertzon's only score came on a pass from Kubena to E. Tankersley.

In the second half, Harold Baker and Bobby King added six-pointers for the Eagles.

Sterling City rolled up 12 first downs, while Mertzon was making four, and the Eagles clipped off 245 years rushing to 102 for the visitors.

Michigan Squeaks By Minnesota Crew

ANN ARBOR, Mich. Oct. 25. (AP) Vaunted Michigan barely managed to defeat surprisingly stubborn Minnesota today, 13 to 6, thereby keeping alive Wolverine hopes for a Big Nine championship and a bid to the Rose Bowl.

It was Minnesota's great line that threw the sand in the hitherto high scoring Michigan machine, and for four and a half minutes a stunned crowd of 85,938 that jam-packed Michigan's big stadium saw Minnesota lead the nation's No. 1 team 6-0 on the strength of a methodical march from midfield.

Courtney Rolls Over Rankin Crew, 62-0

COURTNEY, Oct. 25The Rankin Red Devils went down by a score of 62-0 before a vicious Courtney attack here Friday night in a District 7, six-man football game.

STATE TO AID VETS

ATLANTA, Ga. (U.P.)—The State Veterans Board is studying a proposal to set up a "baby RFC" to make $5,000,000 in loans to World War II veterans on a low-interest, long-term basis. The program was authorized by the 1947 State legis-

Ponies Edge Stubborn UCLA By 7-0 After Daring Aerial

Johnson's Flip To Paul Page Sets Up Walker's TD As SMU Protects Record

LOS ANGELES, Oct. 25. (AP)—Electrifying 64,197 grid fans with spectacular 86-yard pass play that set the stage for the winning touchdown, Southern Methodist University's Mustangs defeated hard charging UCLA today, 7 to 0, and remained on the nation's select list of untied and unbeaten elevens.

The climax came in the early moments of the fourth quarter. Backed down to their own 12 yard line, the Ponies, halfback, Gilbert Johnson, stepped back almost to his goal line, and sailed a pass toward the sidelines to halfback Paul Page.

Page took it on about his own 45, and tore down the side stripe. UCLA's Benny Regies, who just a moment before had seen his field goal try blocked, managed to fell the flying Page on the Bruin two yard line.

Twice Billy Moxley hit the sturdy Bruin line, which once before had repelled a scoring thrust for four downs inside the three, and failed to get anywhere.

Then little Doak Walker — who had failed in those four previous whacks into the line—bounced off his right tackle for the winning touchdown.

Far from beaten, the UCLAns, loser to SMU in three intersectional games, set up a passing-running march that swept them down to the SMU six yard line with less than three minutes to go.

But hard luck rode with the Bruins. Skip Rowland fumbled and SMU's Page recovered. It was the identical point where little Al Hoisch, the Bruins' chief offensive threat, fumbled away another scoring chance in the second quarter.

Except for the score, there was little to choose between the T-style UCLAns of the Pacific Coast conference and Madison Bell's single wing Steeds from the Southwest conference.

Both played close-to-the-vest football, the Bruins outgaining the Ponies, 248 yards to 219, and marking up 13 first downs to seven.

But that 86-yard pass play was the payoff.

Trojans Power Over Cal, 39-14

BERKELEY, Calif. Oct. 25. (AP)—Crashing, whirling giants from Southern California charged a long and important lap toward the Rose bowl today by battering California's hitherto unbeaten Bears, 39 to 14, before a capacity crowd estimated at 80,000 fans.

The big Trojans, passing and pounding relentlessly, and snatching at every opportunity, scored two touchdowns in the first period; one each in the second and third quarters and crossed the goalline of a demoralized California eleven twice in the last period.

California counted touchdowns in the first and second quarters, but except for these scoring flurries, was outplayed by a team the huge crowd cheered at the end as possible Coast conference champions and Western representatives in the Rose Bowl on New Yar's Day.

Aristophanes, Greek comic dramatist, is believed to have written 54 plays, the first of which was produced while he was still in his teens.

Ackerly Dumps Knott, 32-14

KNOTT, Oct. 25—The Ackerly Eagles virtually clinched a tie for district No. 4 six-man honors here Friday afternoon, smothering the Knott Hillbillies 32-14.

With only a game remaining with the strong Union team, which has been once beaten, Ackerly can win by a victory.

Billie Brown passed to Dwaine Williams from midfield early in the first quarter for a score. Knott rallied to tie the count. In the second canto, Billie Brown drove over and then passed to Ned Clinton for the extra point Gerald Rogers followed this by plunging over for the third Ackerly score to stake his mates to a 19-6 lead at half time.

Knott got back into the running in the fourth, after neither side had dinted the stripe in the third, passing for the tally and drop-kicking for two points. Ned Clinton took a pass for a touchdown for Ackerly and Gerald Rogers ran back a pass interception 20 yards for the final count. Brown passed to Clinton to the point.

David Beams Cops Y Table Tennis Title

David Beams copped the YMCA boys table tennis tournament Friday, winning over Pat Ray in three straight sets after they had split the first two of a four-out-of-five series.

Beams tripped Jonny Hooper in straight sets, duplicated the feat against Leonard Schaffer and then took four out of five from Danny Migura on the way to the finals. Ray nudged Charles McLaurin two out of three with only a net total of one point on the matches, then swept Ernie Ache aside in straight sets to tangle with Beams. The winner was presented with a T shirt with the YMCA insignae.

KEYS made at Johnny Griffin's.

Purdue Topples Illinois, 14-7

LAFAYETTE, Ind. Oct. 25. (AP)—An alert Purdue team never made a mistake today and knocked down an Illinois football machine that had gone ten games without defeat, 14 to 7, before an alumni-packed crowd of 42,000 homecoming fans.

Illinois, tied by Army but unbeaten since mid-season of 1946, made 17 first downs to Purdue's six, but the unflustered winners made the Illini do most of their running on the wrong side of the center stripe.

Purdue's five-man backfield on defense was calculated to stop Illinois' top passer, Perry Moss, and while it didn't keep him from passing for the one Illini touchdown, it knocked down most of his other tosses that might have mattered.

During World War I numbers of British troops were infected with anthrax carried on shaving brushes imported from Japan.

Maryland Triumphs

BLACKSBURG, Va. Oct. 25. (AP)—The Maryland terps surged from behind with two touchdowns in the fourth period to defeat Virginia Tech 21-19 and spoil the day for a homecoming crowd of nearly 13,000 persons in Miles stadium.

Boys Outnumber Girls In Births

Six boys were born at the hospitals in Big Spring during the week; two at the Big Spring hospital and four at Cowper-Sanders clinic.

Three girls were born at the Big Spring hospital and one girl at each the Cowper-Sanders and the Malone-Hogan hospital, making a total of five.

At the Big Spring hospital five babies were born during the past week.

A son, Timothy William, was born Oct. 22 at 2:40 p. m. to Mr. and Mrs. Frank Morris of Odessa. He weighed seven pounds and six and three-fourths ounces at birth.

Mr. and Mrs. William R. Newton, Big Spring, are the parents of a daughter born Oct. 22 at 11:25 p. m. The baby, which weighed eight pounds and 12 ounces at birth, has been named Mary Frances.

Mr. and Mrs. Farrell D. Hamill have named their daughter Linda Jeannine. She was born at 5:50 a. m. on Oct. 24 and weighed six pounds and 14 ounces.

Pfc. and Mrs. A. J. Newton are the parents of a daughter, Barbara Lucile, born Oct. 21 at 5:50 a. m., and weighing six pounds and four ounces. Pfc. Newton recently was assigned overseas to a Tokyo base.

Mr. and Mrs. Willie B. Chapman, Big Spring, are the parents of a son born Oct. 21 at 1:37 p. m. and weighing nine pounds and six and a quarter ounces

Five babies were born at the Cowper-Sanders Clinic this week.

Mr. and Mrs. J. R. Ragsdale are the parents of a son, Emory Alvin, III, born at 9:04 a. m. on Oct. 20, weighing five pounds and 13 and one-half ounces.

Mr. and Mrs. H. E. Gayler are the parents of a boy, Bow Ray, born at 4:20 p. m. on Oct. 20, weighing five pounds and 14 ounces.

Born to Mr. and Mrs. H. A. Stevenson a boy, Dickie Lee, at 10:21 a. m. on Oct. 21, weighing six pounds and four and one half ounces.

Mr. and Mrs. Lurlus Barber are the parents of a girl, Carol Ann, born at 11:14 a. m. on Oct. 21, weighing eight pounds and four and one half ounces.

Born to Mr. and Mrs. Mike Moore a son, Michael Norman, at 10:32 a. m. on Oct. 24, weighing six pounds and eight ounces.

One birth was announced at the Malone-Hogan hospital for this week.

Mr. and Mrs. Price Griggs are the parents of a girl, Gay Bonita, born at 9:55 p. m. on Oct. 21, weighing six pounds.

Central Ward P-TA Has Carnival Royalty

Ronnie Burnam and Virginia Godfrey were crowned as king and queen of the primary department of the Central Ward Parent-Teacher Carnival Friday night.

Intermediate royalty were Harris Wood, as king and Pat Tidwell as queen.

The net proceeds from the carnival were approximately $850 from the bingo, movies, food, house of horrors, and fish pond concessions and the coronation of the kings and queens. This will go toward the P-TA project for the year.

A concert by the high school band under the direction of J. W. King, band director, was given preceding the coronation.

Complete parts and service on your Southwind auto heater at Jones & Jones. 3rd and Johnson St. Adv.

Fifth Grade Visits City Water Plant

The fifth grade pupils from the South Ward visited the city water plant Tuesday as a part of the study of the "water and its uses" which is being introduced in the classroom study.

A study of scientific water purification and the standards for government approval of "safe water" was given before the excursion was made.

An observation of the technique in purifying water by the local water plant was made. The water was washed in air to remove odors and tastes, then chemicals were added and as a final step, a sand and gravel filter is used.

Three Clubs Meet During Past Week

FORSAN, Oct. 25. (Spl)—Clubs organizing and meeting this week are the Future Homemaker's of America at the High school, the Forsan Home Demonstration club and the 4-H club.

Peggy Painter was elected president of the FHA class of the Forsan high school recently. Other officers elected were Pat King, vice-president; Mary Ruth Howard, secretary; Ruth Overton, treasurer; Billie Lou Gandy, program chairman; Ruth Overton, refreshment chairman; Gwen Oglesby, recreation chairman; Betty Jo Roberson, parliamentarian; Billie Lou Gandy, pianist; Doylene Gilmore, song leader and Gwen Oglesby, reporter.

Other members present were Deffie Merworth, Juanita Griffith, Alma Rose Kennedy, Patsy McNallen, Beth Shaffer, Betty Calley, Lela McChristian, Billie Sue Sewell, Tildon McMahon, Lucy McChristian, Marie Petty, Sara Chanslor, Betty Oglesby, Norma Dawes and Dolores Thorpe.

The next meeting will be Nov. 2 in observation of FHA week.

* * *

Mrs. G. B. Hale was hostess to the Forsan Home Demonstraiton club Tuesday. Mrs. J. M. Craig presided at the meeting, with Mrs. M. M. Fairchild and Mrs. Hale each giving reports on the general progress of the club. Selection of the club members' homes to be visited on achievement day Nov. 12 and 13 was made.

Attending were Mrs. R. E. Hughes, Mrs. Jim Calcote, Mrs. G. G. Green, Mrs. Pete McElreath, Mrs. J. P. Kubecka and Mrs. O. N. Green, a guest.

* * *

Mary Fletcher was elected as secretary at the 4-H club meeting recently. Mrs. Fairchild and Mrs. Green were co-hostesses. Attending were Nancy Ann Huestis, Patsy Shoulty, Betty Sue Pearson, Betty J. Dean, Sue Jones, Betsy Wise, Nan Holliday, Mary McMahan, Vivian Green, Barbara Dean, Margie Hughes, Norma Birdwell, Mary Fairchild, Madge Anderson, Nancy Story, Ona Mae McElreath, Helen Hughes, Mary Lou McElrath and Lela Mae Fletcher.

OFFICERS of the Beta Sigma Phi Sorority are shown as they plan the activities of the sorority for the year and especially for the rush season which has been in progress since October 21 and will continue until November 1 when a banquet will climax the activities. They are examining copies of the Sorority magazine, "The Torch." Seated left to right are Mrs. Harold Talbott, recording secretary and reporter; Mrs. Travis Carlton, president; Mrs. Jake Douglass, vice-president; Mrs. Red Womack, corresponding secretary. Standing behind Mrs. Carlton is Mrs. Harold Hall, program chairman and between Mrs. Douglas and Mrs. Womack is Mrs. Tommy Gage, treasurer. These officers were elected and installed in May.

Sorority Rushees

New pledges of the Beta Sigma Phi will be initiated on Nov. 1 at a banquet and dance at the Settles which begins a 7:30 p. m.

Rushees who will become pledges are Mary Adams, Mary Ruth Roberts, Gladine Cox, Kate Irons, Joy Phillips, Margaret Brown, Nettijean McEwen, Lola Mae Neill, Gladys Mattingly, Faye Morgan and Yvonne Lillard.

Pledges who will become members are Janet Robb, Robbie Piner, Clarice McCasland, Frankie Nobles, Corinne South, Helen Steck, Mary Lee Purser, Louise O'Daniel and Dorris Crews. They will be given the ritual of jewels.

Those members who are entering the Exemplar chapter, which is the highest chapter of the Beta Sigma Phi are Frances Hendrick, Charlene Dobbins, Joyce Croft, Elizabeth Murdock and Caroline Smith.

Beta Sigma Phi was founded by Walter W. Ross on April 30, 1931 in Abilene,Kan. It became international in scope with the first Canadian Chapter at Vancouver, British Columbia, in 1936.

It is a non-academic organization, social and cultural in nature. It unites young women in fellowship and friendship through its planned program, with the ultimate aim of making an art of living.

Chapters rush twice each year and the membership is not exclusive but is selective; a pledge is admitted into the organization by invitation only and qualifies for the Ritual of jewels in six months.

RUSHEES Gladys Mattingly and Mrs. Kent Morgan are being served by Mrs. E. B. McCormick at the preferential seated tea given Sunday October 19 at the Settles Hotel by the Beta Sigma Phi Sorority in honor of the rushees. Mrs. McCormick poured and was assisted at the table by Mrs. Mickey Boyvey, Mrs. Harold Steck and Mrs. Thomas South who are not pictured. The table was laid with a cutwork cloth with a silver tea service. The centerpiece was of yellow gladiolia to harmonize with the color scheme of black and yellow which are the Sorority colors. Other fall flowers decorated the room. These pledges will be initiated on November 1 at the banquet given for them.

MEMBERS, Officers and rushees of Beta Sigma Phi are shown as they gathered before a model meeting given for the rushees as part of the activities of Rush Week. Mrs. Travis Carlton presided at the meeting and reports of all of the committees were given on activities of rush week. Mrs. Jake Douglass, vice-president and rush captain, gave the aims and purposes of the club. Maurine Chrane gave the history of the sorority for the past year and Mrs. Edna Womack gave a talk on Friendship.

(All Photos by Jack M. Haynes).

SEATED from left to right are Margaret Brown, Yvonne Lillard, Nettijean McEwen, Lola Mae Neill, and standing are Gladine Cox, Kate Irons and Joy Phillips, pledges, as they look at literature concerning Beta Sigma Phi at the model meeting on October 14 at the Settles hotel. These are the rushees of the sorority. They were also entertained with a Western party at the Seven Wells Road as the first of the Rush activities. They will take the ritual of jewels at the banquet on November 1 at the Settles.

BIG SPRING DAILY HERALD

SOCIETY — SUNDAY, OCTOBER, 26, 1947 — EDITORIAL

AT LEFT is Mrs. Good Graves as she signs the register at the preferential tea given for the pledges on Sunday, October 19, at the Settles hotel. Mrs. Kathleen Freeman is pictured as she presides at the register. Thirty-seven members and rushees signed during the afternoon. Mrs. Roxie Dobbins, past president, and Mrs. Travis Carlton, present president, greeted guests as they came in. Mrs. Freeman was a member of the houseparty. A program of music was presented during the afternoon.

THE MEMBERS who are going into the Exemplar Chapter of Beta Sigma Phi are shown at right as they attended the tea. Left to right, standing, they are Frances Hendrick, Charlene Dobbins, Joyce Croft, Elizabeth Murdock and Caroline Smith, seated. They will be initiated into the Exemplar Chapter on November 1. Other members of the chapter are Ann Darrow, president; Marguerette Wooten, secretary-treasurer; Marcella Childers, program chairman, Nell Rhae McCrary, parliamentarian, Clarinda Harris and Evelyn Merrill.

Week end guests of Mr. and Mrs. W. J. Garrett are Mr. and Mrs. A. F. Landers, Jr. and son, Craig of Fort Stockton.

Mrs. W. E. Bates will visit her daughter, Bennie Jo who is in Hardin-Simmons University in Abilene this weekend.

Erma Lee Gideon Engagement Told

Mr. and Mrs. G. F. Gideon are announcing the engagement and approaching marriage of their daughter, Erma Lee, to J. N. Young, Jr., son of Mr. and Mrs. J. N. Young, Sr., of Waco.

The wedding will be solemnized in the First Baptist church on Nov. 11 at 6:30 p. m. with Dr. P. D. O'Brien officiating.

Honor attendants will be Dalpha Gideon, sister of the bride and Lloyd Hawkins.

Miss Gideon graduated from Big Spring high school and is employed at the State National Bank. She is a member of Beta Sigma Phi Sorority.

Young graduated from Whitney High School and attended Dockery School of Fine Arts in Fort Worth. He is now employed as announcer for radio station KBST.

World Community Day

United Council Of Church Women Is Packing Boxes For Europeans

"The United Council of Church Women in Big Spring is responding to the appeal made by the National president, Mrs. Harper Sibley for school and shoe boxes and clothing bundles that are to be sent to Europe on World Community day which is Nov. 7" said Mrs. Bernard Lamun, local president of the Council.

These two types of boxes that are being filled are for children between the ages of six and twelve years.

Nov. 7 will be observed as World Community Day in a service at 7:30 p. m. at the First Presbyterian church where these boxes for the children of Europe will be blessed and then mailed overseas.

Any churches in Big Spring not in the United Council who wish to join in this community effort will be welcomed at this service, says Mrs. Lamun.

Details concerning these boxes may be had by calling any one of the officers of the United Church council for Women of Big Spring. They are Mrs. G. W. Dabney, Mrs. Dalton Mitchell, Mrs. Frank Wilson, Mrs. Bernard Fisher, Mrs. Shine Philips and Mrs. Joye Fisher.

The boxes which hold school supplies are being decorated by the Big Spring Assembly of Rainbow Girls. One hundred and twenty-five of these boxes are ready to be filled with school supplies. The children who receive these boxes may keep them to hold their pencils, notebooks and any other treasurers. Many of them, who have been bombed out of their homes, have no place to keep these treasurers.

Mrs. Lamun extends a plea for the Women of Big Spring to respond to this opportunity to help those who are not yet able to help themselves.

Mrs. R. S. Thompson left for her home in Dallas Saturday morning after a week's visit with her daughter, Mrs. W. M. Jones and family.

THE BLUEBONNET TROOP NUMBER ONE of the Girl Scouts are preparing what they call "Treasure for Pleasure boxes" to send to a similiar group in the Netherlands known as Girl Guides.

Pictured left to right as they are working on the boxes are Nancy Smith, Diana Farquhar, Gail Price, Joy Williams, Sandra Swartz, Mary Jane Collins, Lanette Bluhm, Shirley McGinnis and Martha Jane Clare.

The troop is under the direction of Mrs. Joe Burrell, who directed the group last year and sent boxes to the Netherlands. She has been corresponding with Mrs. Magadalene C. S. Walles, native Dutch, since that time. Several members of the troop have also corresponded with girls in Holland.

Included in these boxes are belts, headbands, bracelets, candy, crayolas, games, and a scrapbook of Texas. This scrapbook contains a map of Texas with a cross section of pictures portraying the activities of the state and what it is like.

These boxes are being sent as part of the participation of Girl Scout week, especially on Interational Friendship Day.

Last year, the boxes reached Holland just before the Thanksgiving season. (Photo by Jack M. Haynes).

National President Of UCCW Asks United Cooperation Of Local Women

Church women of Big Spring are being asked to redouble their efforts on behalf of Europe's war victims by Mrs. Bernard Lamun, president of the Big Spring United Council of Church Women. This followed Mrs. Lamun's receipt of a report from the UCCW National president that the coming winter will be Europe's worst because of the poor harvest and short fuel supplies.

The National President, Mrs. Harper Sibley, has just returned from a trip in which she visited England and nine western and mid-continental European countries.

Mrs. Bernard Lamun, who represents locally thousands of women in this state of all Protestant denominations and 1500 councils urged UCCW groups to press ahead with the school outfits they are preparing for half a million children between the ages of six and twelve. These will contain complete clothing outfits—including shoes—and school classroom supplies which are almost entirely lacking in many countries. Each box also will contain some school yard toy, such as a ball or jump rope, and a card of greeting from the person or group packing the box.

The bundles and boxes are packed in local churches and will be dedicated at World Community Day services throughout the country, Nov. 7, before being shipped overseas through Church World Service, the cooperative Protestant relief and reconstruction agency. An offering taken the same day will provide noon lunches of hot soup for some of the worst undernourished children.

Mrs. Sibley's report to the state president said, in part:

"I have just returned from my trip to Europe, where I had the opportunity of visiting ten different countries and seeing not only the terrific need, but how we are meeting it through our distribution centers. I came back burdened as I have never been burdened in my life wondering how I could make you all understand the things I have seen. The first and foremost need in Europe today is food. That need is so tremendous that it can only be handled by governments. However, through our response on World Community Day we can make it possible for thousands of children to have hot soup at noon.

"Last winter was the worst Europe had seen. This next winter will be even worse because of a poor harvest and there will be even a greater lack of fuel. I could not understand how people lived when I saw the ruins where many of them were without any fuel rationing whatsoever. I cannot put it into words because we have no words to express such a situation. Caring for 500,000 children on World Community Day becomes a must!"

In the fall of 1945 UCCW sent through Church World Service, which has administered aid in 30 Asiatic and European countries, more than a million diapers and thousands of complete layettes. Last year the organization assembled at least 500,000 "Kiddie Kits" for the children aged two to five.

WHAT GIVES 'ROUND TOWN

By Leatrice Ross

Big thing at Big Spring high school this week as election of class officers and favorites. In most cases a run-off is called for—that to be Tuesday—but Howard Jones and Janelle Beene copped offices in the primary election Friday morning. Howard will head the sophomore class and Janelle will be soph secretary-treasurer...Howared, incidentally, was frosh favorite last year. Janelle is a student council member.

Senior candidates for favorite are Moe Madison (who took in that honor as a soph, too), Ike Robb, Lindel Gross and Joyce Beene. Nominees or upper class president are George Oldham and Eddie Houser ('45 junior favorite); for vice-prexy, Roy Lee Pool and Ike Robb. Vying for secretary-treasurer are Donnie Roberts and Joyce Beene.

Junior favortie nominees are Billie Carlile, (Soph favorite in '46), Katie Jones (a '47 yell leader), and Rebecca Rogers. Other candidates are prexy, Cuin Grigsby, Donald Hale; Vice-prexy, Charles Jones and Kimball Guthrie; secretary-treasurer, Jane Stripling (a council member) and Katie Jones.

In the soph balloting, Louie Rice and Luan Creighton are in for vice-president; Louie Rice, Wayne Horne, Judity Lawson and Janelle Beene for favorite.

Eddie Hooper and Ann Brown are contestants in the race for fish president; Marilyn Miller and Wendell Stasey for vice-prexy; and Wanda Petty and Sue Craig for secretary-treasurer. In the run-off for favorite are Eddie Hooper and Wendell Stasey, Marilyn Miller and Janice Lewter.

Something new: Eighth graders will be represented in the '48 El Rodeo—for the first time. The basement crew are electing favorites and class officers same as their elders, the high school.

* * *

Keeping up with local dramatics: Danny Miguera has won the role portraying a Chinese man-servant, part of the spice of the play "Suds In Your Eye," the Community Theatre undertaking...Try-outs begin Tuesday at high school for the junior class production "Till Death Do Us Part," a psychological mystery. Cast calls for four girls and four boys.

Disa and data: Olney Thurman will be in Dallas Saturday for the TU-SMU game . . . Mrs. Dwaine Atkins, remembered here as Priscilla Moore, was in the old town this week-end. Priscilla lives in Lubbock. John McIntosh, to us Texas U's biggest promoter, flew to Austin Saturday for the Longhorn game with Rice.

Ah. education! At the Howard County Junior college, biology students made a field trip recently to track down healthy specimens to preserve in alcohol and store for use this winter . . . The BSHS science department has acquired a full-grown skunk—for just what purpose we don't know.

Couples at the dance at the Howard County Junior College: Melba Dean Anderson, Duane Williams, Jean Duncan, Bill Merrick, Patsy Ann Tompkins, Joe Robert Boadle, Clarice McCasland, Bobby June Bobb, Jimmy Peden, Jane Rice, James Cass, Kitty and Jack Martin, Dean and Bernadine Curlee, Lillian Tamsitt, Moe Madison, Helen Montgomery, Harold Berry, Betty Jean Underwood, Ike Robb, Betty Stuteville and Ladd Smith... The Junior College will sponsor a costume dance Friday night, Oct. 31, at the school gym.

Porter beer received its name because its principal consumers after its development were porters and other members of the laboring classes.

Allegro Music Club Organizes

The Allegro music club was organized Saturday morning in the home of Mrs. H. G. Keaton.

Susan Logan was elected president; Margie Beth Keaton, vice-president; Sylvia Brigham, secretary; Marie Hall, treasurer; and Joyce Anderson, reporter.

Susan Logan was elected delegate of the club to the Ninth district convention in Midland.

The club decided to study opera for the year.

Those attending were Joyce Anderson, Betty Jo Anderson, Susan Logan, Nancy Hooper, Marie Hall, Margie Beth Keaton, Sylvia Brigham and Mrs. H. G. Keaton, sponsor.

If the mountain range of which Puerto Rico is a part were above —rather than below—sea-level, it would be the highest in the world.

Engagement Of Mildred Marie Moore To Jack H. Bryan Is Announced

MILDRED MARIE MOORE

Wedding To Be November 28th At Methodist Church

Mr. and Mrs. A. C. Moore announce the engagement and approaching marriage of their daughter, Mildred Marie, to Jack H. Bryan of Arlington, son of Mr. and Mrs. E. M. Bryan of Midland.

The wedding will be on Nov. 28 in the First Methodist Church with the Rev. William McReynolds officiating, assisted by Dr. C. A. Long.

The bride, who will be given in marriage by her father, will be attended by Dortha Ann Reising of Midland as maid of honor. Rosemary Johnson of Midland will be bridesmaid.

Leland Keith of Midland will be best man. Ushers will be Davis Edens of Big Spring, Bill Baldridge, Newal Beauchamp and Bill Howze, all of Midland.

Preceding the ceremony, Jane Norris of Big Spring and Della Kirkland, cousin of the bride, of Big Spring will light the candles and prenuptial music will be given by Eddie Jo Bryan, soloist, sister of the bridegroom. She will be accompanied by Kitty Roberts of Big Spring.

Beth Martin of Hillsboro will be ringbearer.

Miss Moore graduated from Midland high school and the Durham Business School in Fort Worth. She has been working for the Joe Pond Insurance Agency of Big Spring.

Bryan graduated from Midland high school and served three years in the armed services, part of that time in the south Pacific and Japan with the 25th Infantry division. He is a student at North Texas Agricultural college in Arlington where the couple will be at home following their marriage.

Several prenuptial courtesies are being planned for the bride-elect in Big Spring and Midland.

Semper Fidelis YWA Class Gives Bridal Shower For Mrs. Kirby

Mrs. Milton Kirby, the former Leta Thompson, was honored with a miscellaneous bridal shower in the parlor of the East Fourth Baptist church Friday evening.

Hostesses were members of the Semper Fidelis YWA class and Mrs. Bill Sandridge, and Mrs. E. H. Sanders and Mrs. Tom Buckner. Class members were Toka Williams, Francys Weir, Anita Cate and Mrs. Jack Hanson.

Mrs. Letha Cate presided at the bride's book. Mrs. Jack Hanson and Anita Cate served punch and cake from a crystal service.

Toka Williams and Francys Weir displayed the gifts:

The honoree wore a winter white wool dress with a corsage of white feathered mums. All members of the house party wore yellow chrysanthemums.

The table was laid with lace and was centered with an arrangement of white chrysanthemums and marigolds.

Those present were Mr. and Mrs. J. R. Kirby, Mr. and Mrs. Verdean Kirby, Mrs. Burl Dennis, Mrs Chessie Walker, Mrs. Trudy Mae Peters, Mrs. Harry Hurt, Mrs. Annie Thompson, Mrs. T. B. Clifton, Jack Hanson, Adrian Cate, Bud Purser, Mrs. D. T. Thompson, Mrs. A. J. Cain, Betty Faye Cain, Mrs. George W. Neill, Leola Neill and the hostesses and honoree.

Midland Club Has Flower Show

A flower show sponsored by the Midland Garden club will be held Nov. 1 and 2 from 1 p. m. to 10 p. m. at the Civic Auditorium.

All flowers, berries, fruits and vegetables must have been grown in Midland county that are entered in the show. Ribbon awards will be presented in each division.

Mrs. A. P. Shirley is general chairman, Mrs. Roy A. Monear, secretary and general rules chairman. Other chairmen are Mrs. Dewitt Haskins, Mrs. Henry Oliver, Mrs. Fred Wycoff, Mrs. H. A. Ireland, Mrs. Sam Preston, Mrs. Ralph Lowe, Mrs. W. E. Daugherty, Mrs. L. C. Link and Mrs. H. L. Goodman.

Billy Hardin Appointed Convention Chairman

Billy Hardin, student of the University of Denver, has been appointed chairman of the Colorado State Welfare convention which is meeting in Denver, Colo. Oct. 29-31.

Hardin will receive has Masters degree in March in welfare work.

He is the son of Mr. and Mrs. J. O. Hardin of Stanton.

Mrs. Baker Hosts Homemaker's Class

Mrs. T. E. Baker was hostess to the Homemaker's class of the First Christian church Friday afternoon.

New officers elected were Mrs. J. D. Benson, teacher; Mrs. F. C. Robinson, assistant teacher; Mrs. N. C. Bell, president; Mrs. G. W. Dabney, vice-president; Mrs. T. E. Baker, secretary; Mrs. R. J. Michael, treasurer.

Installation services will be held Nov. 2.

The house was decorated with fall flowers with a Halloween motif emphasized.

Mrs. N. C. Bell presided at the meeting and Mrs. J. D. Benson led the opening prayer.

Those present were Mrs. A. Glenn, Mrs. N. C. Bell, Mrs. R. J. Michael, Mrs. George W. H Hall, Mrs. J. H. Gray, Mrs. F. C. Robinson, Mrs. J. D. Benson, Mrs. A. A. Marchant, Mrs. G. W Dabney and Mrs. Harry Lees.

Cast Will Be Selected For Junior Class Play

Tryouts for the cast of the junior class play will be held Monday and Tuesday at the high school building.

The name of the play is "Till Death Do Us Part" by David and Eva Hellvell. It is a psychological mystery in three acts which has four boys and four girls in the cast.

It will be presented at the high school on Nov. 25.

The wing of a bird contains most of the bones found in a human arm but has few comparable to those in the human wrist and hand.

Parent-Teachers Sponsor Carnival

ACKERLY, Oct. 25 (Spl)—The Parent-Teacher association will sponsor a Hallowe'en carnival at the school October 31.

There will be bingo, fortune telling, darts, fish pond, grab box, and other attractions.

Sandwiches, pie and coffee will be served in the home economics room.

As a climax of the evening a queen of grade school and a queen of high school will be crowned. Each class will keep the money derived from the queen contest.

Funds from the carnival will be used for the school lunch room which is the P-TA project for this year.

The public is invited to attend the carnival.

Instead of maintaining permanent plants, early English makers of ceramic tile are believed to have traveled about the country and constructed special kilns wherever they received a large tile order.

Millions of sea birds have been victims of oil dumped on the water by ships; the oil film on feathers making it impossible for the birds to rise from the water.

EAT PLENTY AND TAKE OFF UGLY FAT

Try This Amazing Home Recipe For Taking Off Weight Without Starvation Diet

Many people have reported amazing results with this home recipe. It's easy—no trouble at all and costs little. Just go to your druggist and ask for four ounces of liquid Barcentrate. Pour this into a pint bottle and add enough grapefruit juice to fill bottle. Then take two tablespoonsful twice a day. That's all there is to it. If the very first bottle doesn't show the simple, easy way to lose bulky fat and help regain slender, more graceful curves; if reducible pounds and inches of excess fat don't just seem to disappear almost like magic from neck, chin, arms, bust, abdomen, hips, calves and ankles, just return the empty bottle for your money back.

No Diet—Lost 22 Pounds

"I lost 22 pounds taking Barcentrate and I feel much better in every way. I ate anything I wanted and I gladly recommend it to anyone who wants to lose weight."—Gertrude Billings, Route 1, Devine, Texas.

20 Pounds Lost Without Dieting

"I have lost 20 pounds taking Barcentrate and did not diet. I ate anything I wanted and when I wanted it. Barcentrate not only keeps the weight down, but makes one feel fine."—S. B. McClure, 703 Adams, Amarillo, Texas.

Lost 50 Pounds

"I want to tell you that I have lost 50 pounds since taking Barcentrate. I still want to lose 20 more pounds as I now weigh 167, a reduction from my former weight of 217 pounds."—Mrs. C. M. Earsh, 308 N. 12th Street, McAllen, Texas.

Reduces 25 Pounds

"I want to tell you that I lost 25 pounds on the first two bottles of Barcentrate and I am still taking it faithfully, for it relieves me of that tired, run-down feeling; also that sluggish feeling so many women have. I can say that Barcentrate keeps one peppy and always ready to go."—Mrs. Tony Meek, 429 Lipscomb Street, Fort Worth, Texas.

Lost 15 Pounds

"I lost 15 pounds taking Barcentrate and can now control my weight. I feel much better in every way and I glady say, 'It's Barcentrate to control the weight.'"—Mrs. Gayle Mathews, 925 Threadneedle Street, Beaumont, Texas.

Contains No Vitamins

When you buy Barcentrate you buy a preparation for taking off weight. You do not pay for a printed diet. Barcentrate is not a vitamin tablet, to fortify you against weakness while on a starvation diet. You need never know a hungry moment while reducing with Barcentrate. It contains no harmful drugs, but DOES contain ingredients to make you feel BETTER.

Barcentrate, when mixed with grapefruit juice does this: First—Cuts down your desire for sweets and fatty foods, but you do not have to FORCE yourself. Barcentrate takes care of your DESIRE. Second—Dehydrates and eliminates, so that water is carried away—almost like melting fat. At the same time, you feel better, more peppy, more alive, but never starved or hungry.

Didn't Starve—Lost 30 Pounds

"I wish to state that I lost 30 pounds taking Bancentrate. I didn't starve myself and I feel better than I have in years. I am sure that the easy, safe way to lose weight, is by taking Barcentrate."—Mrs. Florence Chadwell, Route 1, Box 650, San Antonio, Texas.

24 Pounds Lost and No Diet

"I want to tell you that I lost 24 pounds taking Barcentrate. I believe that I would have lost more if I had left off potatoes and sweets. I think Barcentrate is a wonderful medicine as it not only takes the weight off, but it is a wonderful regulator for faulty elimination."—Mrs. Anna Clay, Route 5, Box 26, Waco, Texas.

25 Pounds Lost

"When I started taking Barcentrate, I weighed 195 pounds. I now weigh 170. I certainly praise Barcentrate."—G. W. Miller, Weatherford, Texas.

Lost 18½ Pounds

"I have taken Barcentrate in grapefruit juice and found it very satisfactory. I had to lose weight for an operation and I took Barcentrate and lost 18½ pounds."—Mrs. Dollie Douglass, 916 W. Kings Highway, San Antonio, Texas.

10 Pounds Lost

"I lost 10 pounds on the first three bottles of Barcentrate and I feel better in every way. I recommend it to anyone as a weight reducer." Mrs. Abner Amox, Hughes Springs, Texas.

The Price of Barcentrate Has Never Been Changed. It's Still $1.00. Nearly a Million Bottles Sold in Texas in 3 Years.

Church Day Is Being Observed Today By Twenty Troops Of Local Scouts

The twenty troops of Girl Scouts in Big Spring will observe National Girl Scout Week which begins today and lasts through Nov. 1.

Oct. 26, will be observed as "Church Day". Each girl Scout is asked to wear her uniform and attend the church of her choice. The ministers of the various churches are asked to set aside a special pew for them at the morning service and make special mention of the occasion.

Monday is "Homemaking Day" and no special observation of the day has been planned in Big Spring but Troop 23 had a tea for the mothers of the troop, Friday, Oct. 24 at the First Methodist church.

Other days to be observed are Citizenship Day, Health and Safety Day, International Friendship Day, Out of Doors Day. This will be observed by a Play Day directed by Arah Phillips and Anna Smith at the High School gymnasium beginning at 9 a. m. Saturday.

The girls will be in three groups. The first group contains scouts from the second, third and fourth grades or approximately 105 girls.

Activities for group one include the 30 yard dash, sack race, ring toss, tin can bowling and candy contest.

Group two composed of girls from the fifth, sixth and seventh grades will have a 40 yard dash, bean bag, darts, paper sack contest and the 120 yard relay. This group has 112 girls.

Group three will play basket ball free toss, volley ball serve, 50 yard dash, ring toss and miniature bowling.

Girls from the eighth and ninth grades are in this group. They number approximately 48.

Senior Troop number eight will present a letter of appreciation to the city manager for the building allocated to the Girl Scouts.

Intermediate Troop Number four will distribute posters to the various places of business.

Dean M. J. Fields Will Be Guest Speaker At AAUW Meeting Tuesday

M. J. Fields, dean of the Howard County Junior College, will be guest speaker of the American Association of University Women Tuesday night at the YMCA Headquarters, 210 Main.

He will discuss "Planned Economy."

Dean Fields received his bachelor of science at Sam Houston State Teachers College, his Master of science at Texas Agricultural and Mechanical college and had additional work at the University of Texas.

He was superintendent of schools at Woodville and Texas State Deputy superintendent of public instruction.

Men and women are urged to attend this meeting, as it is an open affair.

DEAN M. J. FIELDS

Room Mothers Meet At College Heights

An open discussion for the year's work was held by the College Heights Room Mothers at the school building with Mrs. P. D. Ausmus, chairman, presiding.

The members voted to have groups according to grades.

Approximately 24 persons attended.

Bird songs are now believed to be a means of warning intruders away from territory appropriated by the singer.

Alathean And Pollyanna Classes Have Annual Banquet Friday Night

The Alathean and Polyanna classes of the First Baptist church held their second annual banquet and party Friday night in the basement of the church.

The theme of the program was patterned after the formal opening of a restaurant, complete with floorshow and mistress of ceremonies, Mrs. Burke T. Summers.

Decorations of multicolored balloons, black cats, witches, skeletons and spiderwebs completed the Halloween theme. Illumination for the banquet other than the candles on the tables was a lighted autumn moon sourrounded by stars in one corner of the hall.

Mr. and Mrs. J. O. Haygood sang "The Old Lamplighter," to begin the program and Mrs. Jack Irons gave a skit, "The Ketchup Bottle", Mrs. Bledsoe O'Brien sang "Feuding and Fighting" Kate Smith style, accompanied by Mrs. Homer Ward, Mrs. Willard Hendrick and Mrs. Marie Haynes.

Mrs. Odell Womack gave a reading, 'The Ghost of the Birthday Banquet" and Mrs. Charles Tompkins concluded the program with a piano skit.

Guests present were Dr. P. D. O'Brien, who gave the invocation, Mrs. O'Brien, Tracy Smith, J. O. Haygood and Mrs. J. C. Lane.

Members of the Pollyanna class present were Mrs. G. H. Hayward, teacher, Mrs. L. R. Talkington, Mrs. Jerry Metcalf, Mrs. J. O. Haygood, Mrs. Odell Womack, Mrs Orbin Daily, Mrs. Ted Phillips, Mrs. Harold Plum, Mrs. Jesse Terrell, Mrs. Bill Horne, Mrs. Marie Haynes, Mrs. Burke T. Summers, Mrs. Bledsoe O'Brien, Mrs. Grover Blissard, Mrs. Joe E. Fortson, Mrs. L. E. Phillips, Mrs. T. H. McCann, Jr., Mrs. Orville Bryant, Mrs. Willard Hendrick, and guests, Mrs. Wayne Hendrick, Mrs. Mamie Hancock and Mrs. W. C. Davis.

Alathean class members present were Mrs. Tracy Smith, teacher, Mrs. Elzie Johnston, Mrs. R. T. Davis, Mrs. Ross Boykin, Mrs. Relerce Jones, Mrs. C. W. Mahoney, Mrs. Theo Isbell, Mrs. Leonard Coker, Mrs. Homer Ward, Mrs. H. D. Willoughby, Mrs. Jack Williamson, Mrs. A. P. Clayton, Jr., Mrs. Ted Williams, Mrs. T. F. Horton, Mrs. R. B. Tally, Mrs. Charles Tompkins, Mrs. Bill T. Smith, Mrs. Jack Irons and Mrs. Reuben Creighton. Mrs. Tony Hale and Mrs. J. K. McClain, Jr. were guests.

Others present were Clema Helen Potts, Marlene Burnett, Nidra Williams and Carolyn Smith.

PHARMACOLOGIST PERFECTS AN AMAZING FORMULA FOR SICK PEOPLE

Works Quickly To Overcome Conditions Which May Have Been Causing Untold Misery Over A Long Period of Time

Man's greatest blessings have come as a result of painstaking research. For years researchers have been finding new alleviation for the ills of mankind; new hope for the miserable.

Pasteur, Koch, Lister, Madam Curie and many other great medical minds, since the time of Hippocrates, "Father of Medicine," have contributed their share to science, that we may live longer and in greater comfort. Since the time that medical history was first recorded, research has discovered new diseases and the way to control them.

Pharmacology too, has contributed its share to scientific advancement and proprietary medicine has aided many people back to better health.

It has been found by researchers that many physical discomforts often arise from the accumulation of poisonous waste matter in the system and from the lack of certain health-giving elements supplied in plants by nature.

Penicillin is made from mold, a plant growth: serums are made from animals raised on grass grown in mineral rich soil.

A pharmacologist has now perfected an amazing formula for sick people which contains 25 ingredients — mostly herbs, roots and other plant growths of mother nature. This medicine, called Mertox, gives you the needed ingredients to help tone up your system; eliminate poisonous waste matter and supply the health and energy giving ingredients so necessary to your well-being so that you can go about your daily tasks with a new feeling of energy.

This medicine goes to work quickly to help overcome the torturing pains of rheumatism. It tones the bowels into a more rhythmic action. Gas and bloat, indigestion, sour stomach are quickly relieved. Kidney and bladder troubles are helped so that the annoying broken rest from having to get up frequently at night is lessened. Dizziness and run-down feeling is overcome quickly. Mertox can be taken by every member of the family. It contains no narcotics, opiates or calomel and will not make you sick or nauseate you in the slightest degree. You can now get Mertox from all well stocked druggists in Texas in 8 ounce bottles

Field In Need Of Strengthening

Building is a barometer by which many people gauge community activity, and one by which we may not stack up favorably with neighboring points.

However, the barometer is not entirely accurate and is influenced by various factors, most notably spontaneous conditions. Periods of unrestrained expansion are apt to result from booms, which may be spread over a period sometimes encompassing several years. Accelerated construction invariably attends general stimulation in business affairs which extend over a reasonable space of time. New buildings reflect demand for space and are taken as visual manifestation of growth and activity. There is a certain amount of contagion involved in construction.

Most of the attention to building here in recent years has turned to residential fields, where the need is acute. Again, by comparison with some other points, the rate here suffers to a degree, but some notable progress has been made, and there is perhaps prospect of continuing or even increasing the tempo.

Commercial construction — where the big figures are added to permit totals — has been substantially slower although there have been notable exceptions, especially in renovations and extensions.

It is senseless to attempt investments for the sake of maintaining a pace, but it seems to us that there is need for more construction of business and office property in Big Spring.

Although it would seem logical that any concern sufficiently convinced of the business possibilities in a city would back its faith with a building, yet it does not always happen this way in the business world, for many major firms follow a policy of leasing or renting.

The problem then is to get prospective businessmen and prospective landlords together. This calls for local venture capital. This might be said equally for exploring the possibilities of an office structure. Indeed, the demand for space might well be a guide for attempting to provide a building to house quarters for those in the professions or agencies.

We are not possessed with specific figures or a gift of foresight, but we do feel there is or will be a demand for business and office space here that will warrant an increase in the rate of commercial building in Big Spring. We base this conclusion on the fact that Big Spring is recognized as a stable and steady business center. Presence of many nationally and regionally known concerns here in preference to some other points is evidence of similar calculation on the part of those who analyze a situation, free from influences of local pride. Too, Big Spring is centered in an area with far more diverse resources than many another city and thus enjoys an outlook for sustained, if sometime slow, development. It is the sort of city one would pick out to still be a sound and going community 25 or 50 years hence.

This is the reason we believe there possibly will be some investment opportunities worth consideration of those who see a similar future. That faith might close many gaps and vacancies and quicken progress.

Here's The Best Way To Take It

By FRANK GRIMES
Herald Special Writer

In London a few days ago a fellow advertised in the papers that if somebody didn't rent him an apartment right away, he'd hang himself. At least two helpful souls came to his assistance at once: they sent him pieces of rope.

Surely, this was a suitable and effective answer to such a silly proposition.

A lot of people are finding it difficult to find living quarters these days, but few of the disappointed are committing suicide about it, and even fewer are threatening to bump themselves off.

Maybe the fellow was only joking, but the fact remains that a lot of people feel awfully sorry for themselves. They blame all their woes on somebody else or on the world in general, or on the Democrats or Republicans, or the Communists or Conservatives, or on the boss or the hired hands, or the neighbors or the customers.

Sometimes it's pretty hard to keep from feeling sorry for yourself, and once the mood fastens on you it's next to impossible to shake it loose.

When things go wrong, and our Ego starts to percolate, we start feeling sorry for ourselves. We fail to consider that millions of others may be in the same boat, that the evil that has befallen us has happened to untold millions of other human beings.

Somebody has suggested that congress appropriate $5,000 to promote a National Laugh Week. If the thing could be made a success, it would be cheap at $5,000,000.

We'd suggest one slight amendment to the title. Let's make it National Laugh-at-Yourself Week.

If everybody in this country would square off against himself and give himself a great big horselaugh about five times a day for a week, it would do more good than 50,000 psychoanalysts and psychiatrists, working in relays could achieve with our national emotional mechanism in a year.

The ability to laugh at oneself is the best antidote for a swollen ego. Indeed, it is the only antidote. Only supreme egoists feel sorry for themselves; only supreme egoists take themselves too seriously.

If Adolf Hitler, Benito Mussolini and Hideki Tojo had been capable of laughing at themselves, millions of people would be alive today who died because these total egoists were lacking in a sense of humor, especially that most priceless type that permits one to laugh at one's own pretensions. (Hitler killed himself, Tojo attempted self-destruction, but Mussolini didn't get the chance.)

If we could find a way to inject a little humor into the United Nations, especially in the Russian section, half the world's troubles would disappear in a week.

Almost every picture you see of Molotov and Gromyko shows them wearing a grim and forbidding look. Uncle Joe smiles his Mona Lisa smile only on special occasions, and try as he may he can't avoid looking like a cat that has just mopped up a saucer of whipping cream.

Harry Truman is our smilingest President, and we love him for it. He carries an awful weight of responsibility, but he isn't letting it get him down. Ike Eisenhower's quick and infectious face-spreader accounts for at least 50 percent of his popularity, but Hitler's generals never made the mistake of underestimating him because of it.

"Pack up your troubles in your old kitbag and smile, smile, smile" is one of the best prescriptions for the blues ever written.

If we'd all practice it in moments of doubt, indecision, disaster and disillusionment, we'd overcome our diffculties a lot quicker, and fewer scars would be left behind.

Maybe you can't laugh away all your troubles, but you can make them a lot easier to bear by a cheerful refusal to be broken by them.

In the words of Edmund Vance Cooke: "Oh a trouble's a ton, or a trouble's an ounce, or a trouble is what you make it, and it isn't the fact that you're hurt that counts, but only how did you take it."

Take it with a smile, that's how to take it.

The Nation Today—James Marlow—

Story Behind Special Session

WASHINGTON. (AP)—President Truman has told Congress it must come into special session Nov. 17 because:

1. He wants something done to control the runaway rise in prices.

2. He wants something done to help Europe get through the winter months with American relief.

What it all amounts to is this:

The special session will save about six weeks in getting things done.

There are two problems facing Congress on European relief:

1. Help, with food and fuel to carry France and Italy over these critical winter months when they're broke.

2. Help—Through the so-called Marshall plan — to help them help themselves over the next four or five years. This will take billions of dollars.

The special session will concentrate on the No. 1 problem, or temporary, help to Europe, plus the matter of high prices at home.

Congress won't get around to debating the long-range, Marshall plan until some time next year.

Therefore, the special session will only be a means to speeding up the stop-gap, temporary aid to Europe.

What kind of controls will President Truman propose when he gets down to the point of suggesting ways to put a halt to rising prices? That remains to be seen.

But the following figures tell some of the story of rising prices:

Between August, 1939, just before the outbreak of the European war, and December, 1942, when we entered the war, living costs in this country rose 12.1 per cent.

By August, 1945, when Japan and Germany had quit, living costs had risen 31.1 per cent over August, 1939.

Then by June, 1946, living costs had risen 35.2 per cent. OPA still was in the saddle then.

In July, 1946, Congress passed a law to continue OPA in a way which President Truman didn't like—and OPA lapsed temporarily. It was revived but died in the succeeding months as one control after another was lifted.

According to the last offical government figures living costs since August, 1939, rose 60.6 per cent up to July, 1947.

But the government's bureau of labor statistics has preliminary figures which show that by August, 1947, living costs had risen 62 per cent over August, 1939.

But what does that 62 per cent rise in living costs mean in the life of an average factory worker? Only this:

The average increase in the gross weekly earnings of a factory worker, from August, 1939, to August, 1947, rose from $23.77 to $49.21. This means his earnings, without deductions for taxes or increased living costs, rose 107 per cent while living costs were rising 62 per cent.

But — making deductions for the increase in income taxes, for social security taxes and for the rise in living costs — the weekly average wage of a single factory worker rose from $23.69 in August, 1939, to $26.17 in August, 1947.

That meant a rise of 10 per cent in actual pay for the average factory worker since August, 1939, over and above the increase in living costs.

But these figures are for factory workers only.

It is a different story with the people on fixed incomes—like city employes, such as policemen and school teachers, and people on pensions.

The income of these people has fallen far below the wage gains won by factory workers to keep pace with rising living costs.

True Stories Of West Texas --- N. H. Kincaid

For The Love Of Jim Grilliky

Joe McCombs wanted that black stallion. "I tell you, boys," he declared, "he's the finest hoss in all West Texas!" And Joe, official skinner and camp jester of the Poe-Jacobs buffalo hunting outfit, made plans for the day. "I'm a-goin' to get him, or bust a hamstring," he muttered. I'll just crease old 'Jim Grilliky' with my Sharps so's I can tie him up good and then I'll break him in for my special mount."

Early next morning Joe left camp to go catch his 'Jim Grilliky,' as he had named the stallion. Luck was with him and just after getting out over the rise to their east, he saw the big black and his harem. Slowly he inched his way forward, keeping to the lee side of the herd so they could not get his smell. But old Jim Grilliky soon scented trouble and before long the entire herd was restless. Joe knew that he had better shoo before they stampeded.

To "crease" a horse he must be shot exactly on a certain nerve of the neck just back of the head. This produces temporary paralysis. Only an expert shot would risk this, but Joe was an expert shot. He was credited with having killed 4,900 buffalo in the Signal Peak vicinity during the one hunting season.

So Joe "ups and busts loose" with his old buffalo rifle and succeeded in hitting his stallion right in the exact spot on the neck. Jim Grilliky stretched out neatly and Joe fairly cut the breezes getting to him. He must tie him up while he was yet stunned. Reaching for his lariat Joe suddenly realized what he had done. His rope had been left at camp!

But Joe was determined to have that stallion. Hesitating briefly, he pulled off his trousers, picked up his skinning knife, and set to work. Within the time allotted himself he had his horse all securely tied with his improvised lariat, and stepped back to watch the fun.

But something had gone wrong. Jim Grilliky lifted his head feebly and then, dropping it with a deep sigh, stretched out, stiff.

Eventually Joe had to face the facts. There he was, afoot, in the midst of cactus and catclaw, and dressed only in his soiled old shirt. And it was four torturous miles back to camp!

Back at the hunt, the day had passed with its usual amount of excitement and Poe and Jacob had paid little attention to Joe's failure to return. But around midnight, as they were cooking a delayed supper, Joe came limping in.

And a most disreputable looking object he was! Scratched, bleeding and blistered but strangest of all, quite trouserless and "in the altogether" from his waist down!

But Joe was not seriously hurt and try as they might, the two men could not keep a straight face. "Why, man," Jacobs ejaculated heartily, "the Comanches have scalped the wrong end of you!"

Hal Boyle's Notebook

Big City Hunger

NEW YORK (AP)—This happened in a city whose welfare department has asked for a budget of $224,000,000 for next year:

A big well-dressed man walked into one of those Sixth avenue cafeterias where characters who never saw a racehorse spend hours poring over racing forms. It was just after 4 a. m. The bars were closed and the place was crowded.

The big man wanted a snack to fortify him against the subway ride home. He took a tray to the counter and for forty-five cents bought two fried eggs and a one-sided piece of ham—it's cut too thin to have two sides. He also ordered two glasses of milk.

He carried his tray to a table at which two people were already sitting—a red-haired man of middle age and a slight, bent woman of about 65. He sat down. At first he thought the other two were together, but soon he saw he was wrong.

The red-haired man was eating, but the old woman had no plate before her. She wore a black dress of good material, but it verged on the shabby. A piece of adhesive tape on the bridge of her nose, worn sore by her glasses, had slipped from its mooring and gave a slightly rakish note to her air of faded gentility.

The woman watched with strange attentiveness the plate from which the red-haired man was eating. He finished, got up and left.

The old woman remained in her seat. The big man looked across the table and saw she was nervously fingering two nickels. She stared at the nickels and then glanced up at the sign over the cafeteria counter: Coffee and muffins — 15 cents; chopped steak and potatoes—.65 cents; hot cakes and sausage—but nothing for two nickels.

The big man looked down at his plate. He had taken only a bite of the ham and a corner off one egg. For some reason he felt ashamed to see the food before him.

He got to his feet, pushed the plate to the center of the table, nodded good night to the old woman's half-averted face, and walked out.

Turning, he looked back through the plate glass window. The woman, using his discarded knife and fork, was cleaning up the partly-eaten food on his plate. She drank the milk left in his second glass.

The big man passed another lighted cafeteria, paused, then decided he was no longer hungry.

"Does she really have to?" he thought, "I wonder does she really have to?"

For in the city of many rackets there are people who even make a racket out of table scavenging. And you can't be sure.

Letters Back 'Friendship Train'

WASHINGTON. — One of the great things about the American people is the way they rise to emergency—especially to emergencies requiring generosity. If the people of Europe fully understood this fact, I am sure there never would be real danger of war in the future.

A friend of mine returning from Europe the other day said he was impressed by the hustle and materialistic drive of the USA and made the criticism that we were engrossed only in the business of making money. I think that I shall send that friend copies of several hundred letters I have received from all sorts of people, high and low, regarding the idea of a "Friendship train" to collect food from the heart of America as a token of friendship to the people of western Europe.

They are wonderful, heart-warming letters, the kind that make you proud to be an American, the kind that remind you once again that in a democracy the people are ahead of their government. In fact, these letters are so fine that they should not be read merely by me, but by millions. To that end, I am printing parts of them below as an inspiring cross section of how this country feels toward the people—not necessarily the governments—of Europe. I am also sending copies to some of my newspaper friends in France and Italy in the hope that they may be published in Europe.

Paul L. Brandt, Mechanicsburg, Pa. — "Our Cumberland county has a lot of churches and every church has a missionary society, but they have seldom had an opportunity to work together to accomplish anything as concrete as helping put another load car on your "Friendship train." That's a wonderfully fine plan, and I have proposed that we do it. When does the train leave its western terminal?"

Mr. Harry E. McConnell, Pittsburgh, Pa. — "Should this train be routed via PRR Conemaugh Div. to Altoona, I would regard it an honor to serve in the capacity of conductor without pay between Pittsburgh and Altoona, as I am now employed by PRR as freight conductor between these two points."

J. A. Osborne, Louisville, Ky. —"If the average folk of foreign countries, who are drawn upon to bear the actual brunt of fighting wars, knew the mind and heart of the mothers and dads of the average American family, who in turn are called upon to bear the hardship and horror of war, it would take some pretty slick leadership to arouse them to the killing stage."

Mrs. Paul Boyd Glass, Joliet, Ill. — "Most of us have still not fully comprehended what starvation means. I have been receiving letters from stricken families over there. Put some of these letters on the sides of the 'Friendship train' and I know the heart of America will really respond."

Emmet M. Kelly, San Fernando Valley, Calif. — "The idea of starting a train in Los Angeles, traveling eastward and adding carload after carload of food donations from each city as it passes through is a gigantic and marvelous idea. It would be a pleasure and an honor for us to print the labels and stickers for donations to the friendship train."

Mrs. Lillian M. Woehrle, Easton, Pa. — "As a national officer of the Mothers of World War II, I am confident that if and when your train leaves Los Angeles, we mothers all along the route will turn out and assist in any way possible."

Dabney R. Yarbrough, Sr., Columbia, S. C. — "As a rule the people of European countries where our food is sent hardly know where it comes from, and often they are made to believe it is coming from Russia. It seems to me we should educate the people and tell hem about the 'American train,' and that the food is coming from a democratic country. Is it not possible to have the information printed in their language and have booklets enclosed in the sacks of flour or grain?"

Mrs. Karl B. Cuesta, Tampa, Fla. —"Why can't our embassies see that newsreels of food being collected here are placed in the movie theatres of European cities, towns and hamlets?"

F. E. Simkins, Lynchburg, O. —"I have no corn, wheat or potatoes. Nevertheless I think your idea good and I will send you a check that will buy a few bushels of the above mentioned. Why would it not be all right to include old clothing?"

A. Luce, Tacoma, Wash. — "I'm sure there will be no difficulty in filling a train to extend from coast to coast—but after that what? Is there any way of routing these goods on a similar train through France so these people will know who their friends are?"

Mrs. Edward W. Cooch, Newark, Del. — "Your train is all right but it does not go far enough—it should cross the Atlantic. We are asked to save one slice of bread—have not yet heard anyone ask those who drink liquor to give up one or more drinks of it a day."

Charles W. Livingston, Ship Bottom, N. J.—"I believe that we should print labels in the language of the country to which the things are sent saying the flour from which this bread is made is a gift from the people of the United States. Or, this article is a gift from the people of the United States."

Affairs Of The World—DeWitt MacKenzie

Soviets Make Repatriation Drive

This column has encountered—and solved, we hope, an intriguing communist mystery which first gave a glimpse of itself several months ago and since then has kept popping up piecemeal in unrelated parts of the world, like a colony of prairie dogs.

Not to make too much mystery out of this development for our readers, it has to do with an intensive Soviet campaign to repatriate all Russians in foreign countries. Moscow never announced it as a campaign and it was only after these repatriations had been noted in numerons widely separated areas that observers decided something unusual was afoot.

Thus far parties of Russians have returned to the homeland from Canada, the United States, South America, China, France, Ethiopia, the Middle East and quite likely from other countries. The total repatriated runs into many thousands. Some 11,000 are said to have returned to Russia, or to be returning, from France alone.

Whole families are being taken, with all their moveable belongings. In fact these people are being urged to carry back all they can, especially tools and surgical instruments. The Soviet government foots the bill for everything, and promises homes and jobs in Russia. Of course it is required that those repatriated renounce citizenship in their adopted countries. Yugoslavia also has been carrying out a similar program of repatriation.

And why this attempt at wholesale repatriation? Well, your correspondent went to a good quarter which makes a business of solving mysteries, and the chief answer is that Russia is in great need of manpower and is anxious to get any and all of its people back home. The shortage of workers is understood to be very seious, owing to the terrific losses sustained in the war.

Apart from this main issue, Moscow is said to want to get back the Russians who were displaced from their native soil during the ebb and flow of war. Many of these people are White Russians, and the government doesn't want them abroad, because there's danger that they will talk about things which the Soviet wishes to keep dark.

SINGING CONVENTION

The Howard County Singing convention, which meets quarterly, is to hold its regular session starting at 1:30 p. m. Sunday at Knott. All singers are invited to participate.

'Foxes Of Harrow' Celebrates Ritz's 19th Anniversary

Opening a week's celebration of its 19th anniversary, the Ritz theatre presents "The Foxes of Harrow," a screen adaptation of the Frank Yerby novel and starring Rex Harrison and Maureen O'Hara.

In "The Foxes of Harrow" we have a story set in the atmosphere of gay New Orleans of the early 1800's. It is to this fabulous domain of the Creole aristocracy that there comes a man, Stephen Fox, with only a ten dollar gold piece and a pearl stick-pin to his name—which is itself cast in doubt. Possessed of the face of an angel and the cunning of a cardsharp, he is dashing, daring and reckless.

This is his story; more specifically of Stephen's dream of power, and of his ruthless battle to achieve it—at a cost that not even he dared envision. Too, it is the story of the proud and aristocratic Creole, Odalie, to whom Stephen is a savage whose violence repulses her, and yet, who is to be drawn to him, and with him into a drama of violence and conflict.

From the opening scene in which the newly-arrived Stephen is tossed from a Mississippi steamboat for being too clever with cards; through the pistol duel in Maspero's gambling house; the weird and colorful voodoo rites in the bayou, the frantic building of Harrow and the dazzling housewarming ball; Odalie and Stephen's first meeting at which their basic conflict is revealed; the scenes at the slave mart; the birth of Etienne; Stephen's defiance of the aristocracy by appearing in public with the voluptuous Desiree — right through the gripping final scenes—the story builds up with interest and excitement.

Rex Harrison as Stephen Fox plays the impetuous yet moody master of Harrow. Maureen O'Hara's cameo-like beauty and hauteur makes her the perfect Odalie, the Creole beauty who is tamed and conquered by Stephen and made mistress of Harrow.

Supporting performances are provided by Richard Haydn as Andre, the young Creole dandy who befriends Stephen; Vanessa Brown, as Odalie's sister, Aurore, who harbors a secret love for Stephen; Victor McLaglen as Mike Farrel, hard-bitten, whiskey-drinking king of the Mississippi river boat captains; Patricia Medina as Desiree, the sultry beauty who gives to Stephen the love he is denied at Harrow; and, in other important roles, Gene Lockhart, Charles Irwin, Hugo Haas, Dennis Hoey, and Roy Roberts.

Under John M. Stahl's direction, the cast has succeeded in giving screen life to Yerby's colorful characters.

ON PLANTATION — Maureen O'Hara and Rex Harrison (above) look over a plantation in this scene from "Foxes of Harrow," presented at the Ritz theatre today, opening a celebration of its 19th anniversary.

PLAYS COWPOKE — Gregory Peck (above) plays the part of Lewt McClanes in the Technicolor western, "Duel in the Sun," playing at the Terrace Drive-In Theatre.

AT LYRIC — Jon Hall (above) stars in "Last of the Redmen" showing today at the Lyric theatre.

London And Moscow Zoos Co-operate

MOSCOW—(AP)—Last spring Moscow Zoo received a gift from the London Zoo of two Australian kangaroos. In return the Muscovites sent to the British capital a gift of valuable reptiles.

Now the London Zoo has sent six South American snakes, two young African pythons, two mother-of-pearl lizards, blunt-nosed crocodiles, and Mississippi alligators.

The mother-of-pearl lizards are getting plenty of attention. In nature these animals, according to Evening Moscow, feed on sweet berries. In Moscow Zoo they live on apple jam.

Fairbanks Returns To Screen In RKO's 'Sinbad The Sailor'

Douglas Fairbanks, Jr., Maureen O'Hara and Walter Slezak are starred in RKO's Radio's Technicolor production, "Sinbad the Sailor," a tale of adventure in search of riches in the ancient Orient, opening today at the State theatre.

The fabulous treasure is that of Alexander the Great, supposedly located on the Island of Deryabar. Sinbad plans a voyage in search of the island and manages to salvage a foundering ship. The law reads that if nobody else bids for the ship, Sinbad can claim it, but Shireen, a beautiful and adventurous young woman, emissary of the wealthy Emir of Daibul, bids against him until she notices a medallion around Sinbad's neck, and believes him to be Prince Ahmed, son of the Aga Ahmed of Deryabar, who holds the secret to the treasure. Sinbad, in love at first sight with Shireen, begs her to sail with him, but although intrigued with him, she refuses and returns to the Emir to report her discovery of Prince Ahmed, who can most certainly lead the way to Deryabar.

On board his ship, Sinbad finds that a chart showing the route to Deryabar, which he noticed during salvage operations, is now missing, but Melik, the fat and oily ship's barber (who stole the chart) offers to show the way. Sinbad, however, with his thoughts on Shireen, elects to sail for Daibul. On the way, they are overtaken by the Emir' ship with Shireen aboard, but are allowed to proceed.

At Daibul, Sinbad is entertained by the Emir, and as his share of the entertainment, Sinbad performs some magic tricks, one of which is his spiritng Shireen out of palace onto his ship, each thinking that the other knows the course for Deryabar. The Emir sets out after them, sinks their ship and captures everybody. Melik then switches his allegiance to the Emir and steers them to the island of treasure.

The Aga Ahmed accepts Sinbad as his son, and just as Sinbad and Shireen are about to be killed for their betrayal, the Aga reveals the treasure. Sinbad and Shireen escape to the ship and as the Emir and his men are dragging the treasure through the surf, Sinbad bombards them with deadly balls of "Greek Fire" and destroys them. He and Shireen then sail away together.

Fairbanks as Sinbad is revealed as a figure of dashing gallantry, Miss O'Hara is the lovely Shireen, Slezak is the often amusing but crafty Melik and Anthony Quinn is the Emir. Others featured in the big cast include George Tobias, Jane Greer and Mike Mzurki.

Stephen Ames produced and Richard Wallace directed. John Twist, in addition to collaborating with George Worthing Yates on the original story, also wrote the screenplay.

Douglas Orme Addresses ABC

Douglass Orme, traffic manager at Cosden Petroleum Corporation, spoke briefly to members of the American Business club Friday at noon concerning increasing freight rates and their impending effect on economy.

Following the talk, the club held open discussion on national contributions of food and machinery to foreign countries.

A Halloween party by ABClub and the XYZ Auxiliary has been planned for Friday evening, Oct. 31. Time and place are to be announced later.

Mrs. Bill Griese and Helen Duley were guest entertainers, playing two piano duets. Program was in the charge of Bill Horne and Lee Harris.

Peck, Jones Star In 'Duel' At Terrace

Dafid O. Selznicks "Duel In The Sun", a saga of the Texas Panhandle during the 1880's is showing today and Monday at the Terrace Drive-In theatre.

Selznick personally wrote the screenplay of "Duel" from an adaption by Oliver H. P. Garrett as suggesed by a novel by Niven Busch and it is historical in pattern.

Directed by King Vidor, the picture presents Jennifer Jones, Gregory Peck, Joseph Cotten, Lionel Barrymore, Herbert Marshall, Lillian Gish, Walter Huston, Charles Bickford, Harry Carey, Otto Kruger, Joan Tetze, Scott McKay, Sidney Blackmer, Tilly Losch, Butterfly McQueen and more than 6,000 extras.

Miss Jones is cast as the fiery, half-breed, Pearl Chavez. Peck, is her reckless, lawless suitor, Joseph Cotten, has the third starring role as Peck's brother.

"Duel in the Sun" is a story of human conflict. The story tells of a land baron, his devoted but unhappy wife, his two sons, one of weak character, the other of strong will and purpose—and of a half-breed girl who comes to live with them.

All the hate and love and fear of the pioneers who settled the Old West are brought out in this filmic saga.

There's the spectacular scene where the land baron's men line up to oppose the immigrant invasion of the railroad—and there is the wonderfully colorful fiesta scene at the sprawling Texas ranch house, the film's main setting, in which all the grand embellishments possible to Technicolor photography, lush sets and stunning costumes, are on view.

EVILS OF INFLATION

MILLEDEGEVILLE, Ga. (U.P.) Dr. Donald C. Fuller, head of the business administration department at Georgia State College for Women, addressed a pay-as-you-enter dinner of a college current affairs group on "The Evils of Inflation." After the dinner the group chairman announced that fees for each meal would be five cents higher hereafter.

Parents And Teachers Will Appear In Colored Minstrel Here Nov. 6

"Mr. Interlocuter, can you tell me why does a chicken cross de street?"

"No, Mr. Bones, tell me why does a chicken cross the street."

The old time minstrel jokes, plus melody and novelty acts, are in store with the presentation of a colored minstrel show, by members of the high school Parent-Teacher association. The attraction has been scheduled at the high school gym for 8 o'clock on the evening of November 6, and proceeds will go to the P-TA's school projects.

Tickets for the minstrel now are on sale at the J&H Drug, Elliott's 11th Place Drug, Cunningham & Philips and Big Spring Hardware.

High school faculty members and parents who belong to the P-TA will have the major roles in the production. Directors have announced a rehearsal session at the gymnasium for next Thursday at 7:30 p. m., and all members of the cast are urged to be present.

Junior Play Cast Is Selected As Part Of Stanton Activities

STANTON, Oct. 25 (Spl)— The Junior class play, "Where's Grandma," which will be presented before Christmas has been cast. The characters are Grandma, Bobby Blake; Gretchen, Jo Ann Jones; Lucy, Betty Griffis; Arlene, Patricia Roquemore; Dahlia, Bobbie Davenport; Midnight, Roy Linton Clinton; Carrol, Patsy Kelly, Jack James Sweeny and Bob, played by Billy Hamm.

Favorites of the junior class who were elected Tuesday are Jo Ann Jones and Jack Hill.

Mrs. T. E. Green and family had as their recent guests Mr. and Mrs. Otis Jenkins and family of Wink.
