## On The BEAM

By J. W. King, Sr.

There is always a lot of work to be done by citizens of our town who are interested in seeing the town improve. A lot of the work goes undone because there are too few citizens who are willing to sacrifice a little of their time for the betterment of the community as a whole.

I have said many times before that as long as so many of us stand back and "let George do it" on projects that are for the betterment of our town the town is not going to do much progressing because there are so few "Georges".

This columnist classes himself far from a pessimist. I think most of you will agree with me that I am an optimist but what I am about to say may sound rather pessimistic. All of us are aware that changes have been taking place not only in our community but all over the country during the past several years.

The burden of holding business here rests primarily with those who are in business here. Apathy and non-progressiveness will not get the job done.

# County to Hold Survey For Industrial Employment

LORETTA TARTT

## Engagement Announced

Mr. and Mrs. B. W. Tartt are announcing the engagement and forthcoming marriage of their daughter, Miss Loretta Tartt, to Gene Daniel, son of Mr. and Mrs. E. M. Daniel of Houston.

The couple will exchange vows August 28th at 7:30 in the First Baptist Church of Loraine.

Miss Tartt, a freshman at McMurry College, is an Elementary Education major.

Mr. Daniel, who has been attending Texas Tech in Lubbock, is a junior and studied to be an Industrial Manager.

The couple will live in Houston after marriage where they will resume their educations at the University of Houston.

The Colorado City Industrial Team, Inc. is conducting an industrial employment survey for information about citizens of Mitchell County. Questionnaires which will include Spanish translation will be mailed July 6, date set for kickoff for the survey, according to Don Benson, chairman.

Success of the survey depends on the individual response. Urgently needed by the Industrial Team, the information will be strictly confidential. Selected industrial prospects require detailed information regarding available labor supply. The statistics are vital for the growth of Mitchell County. Industrial development has become a highly competitive field. Definite information which is readily available for industrial prospects has a great influence in determining location of plants.

Economy of Mitchell County will be greatly helped by a factory payroll. The cooperation of all people whether employed or unemployed is requested by the Industrial Team to insure the future growth of Mitchell County.

The questionnaires are not job applications but are for information only.

The Colorado City Chamber of Commerce is assisting the Industrial Team in compiling results from the survey.

Questionnaires may be mailed in postage paid envelope to Chamber of Commerce or brought by the Chamber of Commerce office at 105 Elm, Colorado City.

Publicity Committee for the survey are Don Benson, Bob Reilly, Rev. Neil Rogers, Joe Bell, Porter Richardson, J. W. Randle, C. C. Thompson, Clifford Burfield, Loraine, Arlene Morris, Ford Merritt, Judge Elmer Martin, Mrs. Don Guitart, Tandy Curlee.

# Lions Club To Install Officers Tues. Night

Tuesday night, June 22, at 7:30 p.m., the Lions will install new officers. The meeting will be in Royce Mahon's front yard if the weather permits. If it is bad the meeting will be in the Lions building.

The Lions District Governor, George Thompson of Sweetwater will install the new officers.

Officers to be installed are A. C. Caswell, President; H. E. Thomas, 1st Vice President; Clifford Burfield, 2nd Vice President; B. B. Blair, 3rd Vice President; Royce Mahon, Tail Twister; Herbert Mearse, Treasurer; Ray Preston, Secretary; Joe Emerson, Lion Tamer; Hold over Directors, Wiley Walker and Dr. Joe Terry; New Directors, Ed Small and W. **West Texans Attend Workshop**  
More than 600 school lunchroom personnel throughout West Texas gathered at Lubbock June 7-11 for the largest workshop ever held at Texas Tech with Dr. Willa Vaughn Linsley, Dean of Home Economics in charge.

Classes were conducted by state and area USDA workers as well as nutritionist at the college.

Stressed was the New Type A Lunch requirement. Our government is continually seeking through research ways that we would be a stronger, healthier nation and the school lunchroom seeks to give children at least one third of their daily nutritive requirements at the noon meal.

Attending from Loraine and receiving certificates were Mrs. J. M. Templeton and Mrs. Ralph Lankford.

## Mrs. O. H. Stribling Dies Sunday

Mrs. O. H. Stribling, 70, resident of Newman Ranch near Sweetwater since 1925, died at 11 a.m. Sunday in the Roland Nursing Home in Loraine.

The funeral was held Tuesday in the Gate-Spencer Funeral Chapel in Sweetwater with Rev. Tommie Wilson of Brownfield officiating. Burial will be in Garden of Memories Cemetery.

Born Lera Lorena Dean Feb. 18, 1895, in Williamson County, she married O. H. Stribling in 1916 in Anson.

Survivors are her husband; a daughter, Mrs. Hardy E. Toier of Sweetwater; one grandchild; three brothers, John Dean of Abilene, Billy Dean of Anson and Charlie Dean of Fort Stockton; and five sisters, Mrs. W. H. Hanes of Anson, Mrs. Alice Hoskins of Washington State, Mrs. Jessie Harrison of Culver City, Calif.; Mrs. Lora Brownlee of Oklahoma City and Mrs. Maggie Roberson of Farwell, Texas.

**Stalk Destruction Reduces Weevils**  
The following recommendations concern practices which will reduce the overwintered weevil population. If all farmers in a weevil infested area follow these steps the overwintered weevil population can be greatly reduced.

1. Densitate or defoliate the crop as soon as the cotton has reached the proper stage.

2. Add a phosphate insecticide such as Guthion or methyl parathion to the dessicant or defoliant. (Do not add phosphate insecticides to chlorate defoliant and or dessicants).

3. Harvest cotton as soon as possible.

4. Destroy stalks immediately after harvest to prevent regrowth.

When cotton is dessicated, the boll weevils food supply is destroyed. The addition of an insecticide to the harvest-aid chemical provides a quick kill, preventing weevil movement from the dessicated field into other fields.

Stalk destruction immediately after harvest will prevent the cotton from regrowing and supplying food for weevils.

These practices force the boll weevil into starvation before time to enter winter quarters, prevent late season buildup of weevils and bollworms, and reduce the overwintering populations.

Thinking about central air conditioning for your home?

Here are **3** good reasons for installing **ELECTRIC** central air conditioning now!

**LOW INITIAL INSTALLED COST.** Installed cost of electric central air conditioning systems today is about one-third lower than it was 10 years ago. One reason for this is that widespread demand for electric central systems has made possible money-saving volume production by manufacturers.

**LOW OPERATING COST.** Our new low rate for residential electric service has substantially reduced the operating cost of electric central air conditioning.

**PROVED DEPENDABILITY.** Electric central air conditioning operates on the same simple, ruggedly dependable principle as your electric refrigerator—which means long life and low maintenance cost. Thousands of installations throughout this area are proof of the efficiency, economy and dependability of electric air conditioning.

Our air conditioning advisors will be glad to show you how you will save money when you choose electric central air conditioning. Call our office about it soon.
