Water Line Bids Delayed Until June 26

Construction bids on a water supply line, storage and distribution system to serve Rockport and other areas of Aransas County have been postponed until 1 p.m., June 26.

The bids were scheduled to be received by directors of the Aransas County Conservation and Reclamation District Tuesday afternoon.

Approval of plans and specifications on the project by the Texas Health Department and the Texas Water Development Board weren't received in time for bids to be taken Tuesday. Approval by these two agencies is required by the Department of Housing and Urban Development prior to the bid date.

The Federal Department has approved a \$950,700 grant on the project and the state water board is loaning the Aransas County District \$1.22 million at a low rate of interest.

Bids are to be taken on three separate phases of the project. These are the main line and distribution system, 1.5-million gallon ground storage facilities west of Rockport and a 400,000 gallon overhead storage tank at Fulton, and pumping facilities.

The district will construct a supply line connecting the distribution system to the San Patricio Municipal Water District's supply system at Ingleside.

The Aransas County district last year signed a 26-year contract to purchase its municipal water supply from the San Patricio County district.

The Aransas County system will be operated by the City of Rockport after construction is completed.

Bank Distributing American Flag Decals

The First National Bank is taking action to re-emphasize the American flag and patriotism.

With its bank statements to be mailed to depositors prior to the Fourth of July, the bank will send a miniature American flag decal with an accompanying letter from James H. Sorenson, Jr., president.

The letter states: "Dear Friend and Depositor: "In view of a number of recent incidents in which the flag of our country has been publicly desecrated, we believe that those of us who are proud to love America will want to display the enclosed Old Glory."

"It is suggested that the flag be placed on the right side window of your car near the rear so that it will not obscure the driver's view, yet will be visible from the sidewalk."

"We at First National feel strongly about old-fashioned patriotism and are happy to give you this flag as the anniversary of the founding of our country approaches."

Art Auction Friday Night

A rare opportunity is in store for bidders at Friday night's art auction.

Jack Sanders, owner of the Sandollar Motel and one of the area's outstanding artists, has donated a recent seascape to go to the highest bidder for the benefit of the Rockport Art Association's building fund.

Although Sanders has been offered as much as \$3,000 for one of his paintings he has never sold his work. The auction will present a once in a lifetime chance for one of the many admirers of Sanders' paintings.

The excellence of Sanders' work accounts for the name he has acquired as an artist, an almost impossible accomplishment for one who does not sell nor display his work in public galleries. The Rockport Art Association is proud to be able to offer a Sanders' painting at the auction.

Other area artists represented are Estelle Stair, Jan Wendell, Clem Northington, Neva Sorenson, Kit Dinger, Shirley Farley, Dub Farley, Helen Bayro, Bob Gray, Estel Turner and Betty Stroot.

The auction is free, and begins at 8:30 in the Colony Room of the Sandollar Motel. Further information is available at the Art Association Gallery, 105 S. Austin, or by calling SO 4-2478.

Proceeding the auction will be a sherry hour and dinner at 7:30. Tickets are \$5 and may be purchased at the gallery or from any member.

All proceeds from the auction go to the Association's building fund, and to aid efforts to establish Rockport as a national art center.

INFORMATION ABOUT \$400,000 BOND ISSUE

Here is detailed information on the city's \$400,000 bond election on which the residents will vote on Friday, June 20:

Proposition No. 1, Fire Station—"The issuance of \$15,000 General Obligation Fire Station Building Bonds." The present fire station is inadequate and deteriorated. This site would be sold for an expected \$10,000, thus providing \$25,000 for a new station (\$10,000 plus \$15,000 bond money). The new site would be provided in the connecting of Church and Pearl Streets. The new station was recommended to be at this location by Citizens Advisory Committees working with City Planners.

Proposition No. 2—Storm Sewer and Drainage—"The issuance of \$385,000 General Obligation Storm Sewer and Drainage Bonds." The work proposed under this issue would provide for the major drainage needs of all of the city and provide the necessary, curb, gutter and drainage for the paving to be done.

Details of the work include: Cherry Street storm sewer, estimated cost, \$56,600; Cedar Street storm sewer, \$81,100; Nopal and Laurel Street storm sewer, \$71,840; Concho Street storm sewer, \$91,170; King and Hackberry Street storm sewer, \$15,150; and Ann St. relief via Murry Street storm sewer, \$42,640.

Additional work planned includes:

\$30,00 is for drainage of the Lamar-Hackberry Street area. The drainage canal can be constructed provided the adjoining property owners are willing to pay \$15 per front foot for bulkhead and lot filling in addition to the public funds. Public funds and private funds working together could construct navigable canals to drain the area, raise the adjoining land elevation and make this area more desirable for residential development and a greater asset to the entire area. Should the adjoining property owners not wish to participate the \$30,000 would be used for storm sewer lines running to the bay in the same area.

A new gym floor is being installed, a new roof is being installed on the high school and flooring and ceiling in certain areas is being replaced. RETROPPING HIWAY 35 FROM ROCKPORT TO ARANSAS PASS NOW

Workers have been busy this week retopping Highway 35 between Rockport and Aransas Pass. Approximately one-half of the distance has been completed at this time.

Retopping has been laid on the east side of the highway almost five miles and on the west side about four miles in the first three days of this week.

There has been little interference with highway traffic as contractors are blocking the highway only a short distance as workers move right along. It is believed the first coats will be in place between the two cities by the end of the week or early next week. The work started at the north city limits of Aransas Pass and is moving this way.

Heldenfels Brothers of Corpus Christi this week are also widening Highway 35 on the far side of Aransas Pass for a distance of almost two miles.

\$385,000. The Department of Housing and Urban Development grant offered to the city is \$157,500. Total: \$542,500.

No one can guarantee that there will never be a tax increase. The figures above (these are the detailed figures left out of this article but included in the letter) show that the bond requirements can be paid and operating money provided for

Chamber Happenings

The Chamber of Commerce welcomes two new members: the new Cunningham's Restaurant of Highway 35 North and Anthony's Beauty Salon at 105 North Austin Street, now operated by Mrs. Pat Smith.

For refreshments of cookies, coffee and punch served daily at the Chamber office, the C of C expresses appreciation to Harper Real Estate Co. for "treating" last week and to Simon Michael's School of Fine Arts for picking up the tab this week.

The Chamber receives many letters from out-of-town people thanking Mrs. Loyce Landrum, secretary, for sending requested information about the Rockport area.

But recently the first Western Union "Thank-U-Gram" arrived from Dr. H. E. Munden of Silsbee, Texas. It said: "Good Morning:

"We want to thank you for the information you sent us in response to our request on fishing and a possible visit in your area. A number of motels have sent us literature. We do not know for sure if we will make it down but this information will be of assistance. Thank you again."

Mrs. Landrum has returned from a one-week vacation, tanned and rested, and explaining, "One more week sure would have been nice, but I'm glad to be home." While she was away, Mrs. Louise Brisbin pinch-hit for her and did a nice job.

R. F. Borden of Tulsa, Okla., who takes the Pilot, read about the Chamber offering non-resident, non-voting memberships for \$12 a year and he wrote in to sign him up.

With the drive for \$1,800 for Christmas decorations for the downtown business district just under way, the Chamber by Wednesday, at 2 p.m., had received checks for \$260. Two of the gifts were checks for \$100 each. Thank you, folks.

Three Cars Collide No One Injured

Cars driven by Mrs. Raymond Meyer of Rockport, Kenneth Bolick of Fulton and William Lerz of Corpus Christi were involved in a crash at the intersection of Highway 35 and Fulton Beach Road Tuesday night. No one was injured.

Taylor said damage to the station wagon amounted to \$800, to Bolick's car \$400, and to Mrs. Meyer's car, \$300.

Minor accidents reported by the police chief included: cars of Esmerajildo Nova, Jr., and Carl Duckworth collided on Fulton Beach Road Sunday; cars of Edward Levy, San Antonio and Leopold McGee, of Lansing, Kan., collided at Highway 35 and Fulton Beach Road Sunday; Samuel Hataway of Ft. Sam Houston backed into a car owned by Eustolio Sanchez last Saturday.

"A new feature of the meeting will be a planning and evaluation session where district directors, state committee members and unit presidents will establish district goals for the coming 1969-70 year," Bennett added. Mrs. Alton Zamzow of Three Rivers, district director, will preside at this session.

Wildlife Biologists Holding Conferences

Fresh water biologists and hatchery superintendents and technicians from Texas Parks and Wildlife Department offices throughout the state are holding conferences this week at the Sandollar Motor Hotel, with 85 men in attendance.

Among the topics being discussed are hatchery feeding programs, fish diseases and parasites, and studies on such fish as wall-eyed pike, rainbow trout and striped bass.

Tom Moore, regional director, said Marion Toole of Austin, inland fisheries co-ordinator, and E. A. Walker, of Austin, director of wildlife services are among those conducting the conferences.

Qualified voters of Rockport will vote Friday, June 20, on the city's proposed \$400,000 general obligation bond issue.

1) For a new fire station, \$15,000, and

2) For constructing, enlarging, extending, and installing storm sewers and drainage, curb and gutters and other improvements, \$385,000.

It has been pointed out by Mayor Delmar R. Hiller "that it is absolutely essential for proposition No. 2 (calling for \$385,000 in general obligation bonds) to pass to go with the previously passed \$125,000 sanitary sewer revenue bond issue in order for the city to receive a \$315,000 grant that has been offered to the city of Rockport by the federal government."

There are approximately 750 qualified voters in the city. To be eligible to vote in a city election a person must have lived in Rockport at least six months must own property here and must have been registered to vote.

The election will be held at the City Hall from 8 a.m. to 7 p.m.

EDITOR'S VIEWPOINTS

SEISMOLOGIC SEE-SAW

The Rev. Donald Roll of Loyola University in Chicago believes the recent widespread earthquakes in the Midwest may have been caused by the weight of the silt deposit at the north of the Mississippi River. Pressure of the millions of tons of mud from the vast river system depressed one end of the continental blocks beneath the earth's crust and tipped up the other end, he surmised.

One presumes the 20 million people in California do not weigh nearly as much as the silt in the Mississippi delta. But, if they continue covering everything with buildings, freeways, and parking lots, might not they and their structures trigger a similar see-saw effect on the Pacific Coast?—The Oregonian.

LORDLY OPERATIONS

The British seem to have a fondness for code names. Twenty-four years ago—when the allies invaded Normandy, June 4, 1944—the plan they followed was called Operation Overlord. Today the British have a new scheme, Operation Underlord.

Underlord, according to a bulletin of the British information services, also carries the title of "Understanding Loads on Religious Dwellings." It is being carried on inside 14 British cathedrals where electronic devices measure the vibrations of small exterior explosions designed to simulate sonic booms.

Operation Overlord, designed to crush the Nazi occupation of Europe, ushered in the jet age, even though the rockets and jets were first used by the Germans. Twenty-four years later Operation Underlord is concerned with the approaching age of the super-sonic jet transport. Its tests are to evaluate the effects of the sonic booms on the 17th century architecture.—Chicago Tribune.

covered the ruins of what was probably the world's first mint.

Here, in about 600 BC, the rulers of the ancient kingdom of Lydia refined gold extracted from the sands of a nearby river, melted it and cast it in moulds to make the earliest coins known. But along with these remains of constructive finance, the investigators turned up evidence that the Lydians had deliberately debased their currency by mixing silver with gold.

Presumably the merchants who traded with Lydia found out in due course, and the purchasing power of those pioneer coins started to slide. Thus, it seems, money had hardly been invented before inflation set in.

Perhaps there never was a round dollar—or even a sound shekel. —Toronto Star.

There's a good reason why parking spaces seem scarcer and traffic thicker. It's because there are more cars than ever before. It's a sign of our affluent society. No other people anywhere else can afford personal transportation on this scale.

Whoever it was who said America is a nation on the move was right. Pretty soon we'll be a nation on the move—bumper to bumper.—Topeka Daily Capital.

Art Guild Gatherings

By
JAN WENDELL

Our artist of the month continuing until the 15th of July is Alene Mundine. Alene's paintings have actually been hanging since the middle of May, but since the Gallery moved to its new location at 105 S. Austin in the interim, the Guild decided to continue the same artist of the Month for another 30 days.

Alene Mundine has been studying art with Mrs. Kit Dinger for a little over a year so she is a comparatively new member of the Guild as well as painter.

On display now are eight of her oils that cover a varied range of subjects. Three are of area birds—a heron, a roseate spoonbill, and a curlew. They are painted directly with adherence to fact in identification. Another of her paintings is of a large sailing vessel, reminiscent of days past, and this work is done with a touch that makes the viewer feel that the painter knows what naval architecture is all about.

Her painting of leaves falling in the autumn is colorful, direct and clearly a still life which retains its feeling of movement.

Members of the Guild are quite busy on the two coming events—the Art Auction at the Sandollar Friday night, and the Annual Judged Show scheduled for July 4, 5, and 6.

On display now throughout the Gallery are the paintings that will be for auction Friday night. Included in the showing are more than 25 artists—some local as well as many professional artists from the United States, Italy, Mexico, and Argentina. The membership is quite proud of this show and much blood, sweat and tears have gone into its making. There will be bargains

for everyone and paintings offered at prices that cannot be found in other galleries.

The proceeds of the Auction will be used for the Permanent Building Fund of the Art Association, which has the fond dream of having a permanent building and gallery.

Letters to the Editor

The following letter was received from Richard T. Rinche and Edward T. Rinche, who are in military service in Bangkok, Thailand:

After months of not seeing each other, we met each other in the Frangrant Floating market in Bangkok!

The R and R route was not for us! We set off to Pattaya where we swam in the warm summer breeze and forgot about the present situation which was on hand.

Eating the fruits of this exotic place was the most thrilling thing that we liked. All of our talks were directed towards home and they ran chills down our spine; they are the kind that we shall never forget.

Slowly the days linger on and yet we laugh, but our smile doesn't hide the coming fate of this reunion.

Only Richard and Edward, Swann, Huerta, Edwards, Nava, Lopez, Garcia and Medina and all the others who have served their time can truly enjoy FREEDOM!

WE realize what the true meaning of LIFE, liberty and the Pursuit of HAPPINESS really is.

There is no place like home? For home is what is at the end of the rainbow! Somewhere on the horizon the sun sets with crimson and there lies Utopia.

No words can express our sincere thanks and appreciation to our many friends who were so kind to us during our recent bereavement of our loved one, Peggy Jean Taylor. Also for the beautiful floral offerings. May God bless every one. —Red and Irene Taylor family.

When the 1955 hurricane hit Grenada, West Indies, trees were so badly damaged nutmeg prices doubled.

Mrs. Albert R. Griffith's brother, Joe Bacon, a mailman in Breckenridge, had a strange experience recently. He delivered a long-delayed letter that brought an almost traumatic shock to a Breckenridge woman and extreme discomfort to himself.

He knocked on the door of Mrs. Nancy Thompson to ask for two cents postage due on an airmail letter. When he handed over the letter, her face reflected shock and disbelief before she broke into sobs.

He said he had noticed nothing unusual about the letter except that it had been forwarded to Mrs. Thompson and stamped two cents postage due.

When the woman had regained her composure, she explained that the man who had written the letter had been dead for more than four years.

Upon examining the envelope, Bacon found the stamp had been cancelled Sept. 17, 1964 in Decatur, Ga., and had been re-cancelled in Dallas, Feb. 18, 1969. The stamp was enough at the time the letter was written, but since then the cost of an airmail letter had been raised to 10 cents.

Mrs. Thompson, who moved to Breckenridge 10 months ago from Nashville, Tenn., said the writer of the letter, the late Capt. Robert Atkins of Atlanta, Ga., had been her fiancé at the time of his death in a plane crash in December, 1964, in Alaska.

Breckenridge Postmaster Garth Bills, who said the letter was received in the post office the same day it was delivered to Mrs. Thompson, said there is no way to find out where it had been during the previous four years.

Judith Luana Garcia represented Brownie Troop 759 at a ceremony held Memorial Day at Baumholder, Germany.

Fulton Lions Club Holds Ladies Night

A delightful meal of barbecued chicken, beef, and sausage was served, which was enjoyed by the usual large turnout of members, their wives and guests.

Roy Hunsinger, deputy district governor for Lions District 2A, was the evening speaker and installed the new officers.

The following officers were installed for the coming year: President, Henry Von Pein; 1st Vice Pres., Tom McArdle; 2nd Vice Pres., Leroy Loflin; 3rd Vice Pres., Chris Allen; Secretary, Clay Lamberton; Treasurer, Walter Maness; Tail Twister, Cliff Rogers; Lion Tamer, Richard Hardy. Ike Campbell, retiring president, and his cabinet were given a big hand for good work.

done by them during their year in office. The remainder of the evening was spent dancing and visiting and a most enjoyable evening was had by all.

NATURE TRAILS

By

CONNIE HAGAR

"What is so rare as a day in June?"

Today, the roadsides are a blaze of color: Tiny Tim, Gailardia, Huisache Daisies, Bitterweed (which dairy men do not like), Thalesperma, Coreopsis, common sunflowers, cone flowers, Fleabane Daisies, the small Rabbit Tobacco. These are only a few of the wild flowers in the area now.

Drive out Fulton Beach Road and feast your eyes on nature's beauty, then go out 881 to 1781, turn right and, yes, there they are: the beautiful sacred Lotus in a pond on the left.

Regarding birds, the purple Gallinules have been here in

large numbers during the past month but the migration time has passed and nesting birds are busy with eggs and babies. There are Willets, Wilson's Plovers and herons on the shell reefs and sand bars.

Beachcombing has remained good except for a few Portuguese Man-o-Wars which always come on spring tides.

Soon, young birds will appear on the beaches. Be sure to study plumages as the young do not look as did the adults. For example, the adult laughing gull has a gray body and black head; the young is brown all over.

So look, look, look.

Antique Autos Can Give Scare

Equal parts of time, money, and patience are needed to restore the grand old autos that were entered in the 16th Texas Tour of the Horseless Carriage Club of America. The club members paraded through Rockport Friday and parked their beautiful old cars in the Fulton Harbor area.

"They really give you a scare sometimes. You think they're going to give up but they just keep right on going," said James D. Coats of Beaumont. Coats is owner of a 1909 Model T Ford, serial number 11150, the first series of Model T Henry Ford ever manufactured.

Coats encountered the auto in Troupe, Texas, under the care and ownership of a doctor. "He had the wrong engine and the wrong rear end. He didn't really know what it needed."

After a year and a half, Coats, a mechanic, had it restored and took second place in

his division—Brass T-Fords—1909-1916—at the 15th Texas Tour in Austin last year.

Driving the crank-starting "Tin Lizzie" brings back some memories for Coats. "I first learned how to drive one when I was a kid. My brother taught me." He said he paid \$2,000 for the car which he then had to strip down and start over again.

Harry Hughes, a traveling salesman from Houston, the owner of a shiny 1929 Packard says there is "an unlimited source" of the ancient autos.

Having paid \$475 for the old Packard, he estimates the piece of automotive history is now worth several thousand.

"It belonged to a merchant seaman who stored it in a public garage in Galveston in 1941 and never redeemed it. I guess he was killed in the war," Hughes said.

"It was originally sold in Hollywood, Calif. in 1929 and went through a succession of owners until it was stored in Galveston. I bought it for storage costs" Hughes said.

Among other autos in Mr. Hughes' collection is a 1935 Packard Twelve, a 1929 Rolls-Royce convertible sedan and a 1915 Chevy roadster.

Comparing yesterday's some times faltering but chock-full-of-character autos with today's efficient but faceless cars, Coats admitted the modern machine is a much better car.

more flexible on the old cars," Coats said, "but other than that, they're just weaker all around."

Cars may not last as long as they did in the old days, but, Coats said that a reason may lie in the fact that "they only drove the car once a week then anyway."

CREDIT CARD—

(continued from page 1)

Starke used a Carte Blanche credit card to obtain food, lodging, gasoline and transportation between Oct. 20, 1966 and May 7, 1967.

The suit seeks judgment in the amount of \$1,116.35 with interest at the rate of 6 per cent since Jan. 1, 1968, and \$500 in attorney fees.

An exhibit attached to the court petition shows Starke made payments totaling \$1,129.84 on account in February, March, and April of 1967, but shows no payments made since that date.

Drag Racing In Corpus Christi

Drag racing action returns to Corpus Christi Sunday, June 22, with over 30 of the area's top rated dragster drivers competing. The event will be a National Hot Rod Association "Pro-Fuel" Circuit meet, where speeds reach near 230 miles per hour as drivers compete for championship points and a piece of the \$4,000 cash purse.

Going into the race as a strong favorite will be two time national champion Bennie Osborn of Sand Springs, Okla., with his potent Chrysler powered machine. Osborn, known in drag racing circles as "The Wizard" because of his uncanny driving ability, scored big on his last trip to Corpus Christi as he captured top eliminator honors over a select field. His win boosted Osborn towards an unprecedented third world championship title.

Figuring to give Osborn some tough competition will be such noted entries as: Vance Hunt, of Arlington, who holds the current track record at

6.91 seconds, George Cox in the "Banzai" machine out of Austin, Dan Rightsell and Buddy Cortine both of San Antonio, and Larry Brown of Norman, Okla. California also will be represented as Richard Tharp will pilot the "Addict," a strong running rail owned by the team of Childs, Albert, and Trapp of Hollywood. Tharp currently leads the "Pro-Fuel" circuit with 205 points, but is being hard pressed by Larry Brown who has an even 200 points.

As a special attraction for the June 22 meet, two of the nation's fastest and most popular experimental stockers, commonly known as "funny cars" will be featured in a match race series. National famed "Gas" Ronda of Covina, Calif., will pit his 200 mph Ford Mustang against the Plymouth Barracuda of Paul Candies and Leonard Hughes from New Orleans, La.

Both entries feature tube-framed construction, all fiberglass bodies, and are powered by nitromethane burning, supercharged engines that develop

over 1,500 horsepower! Drivers Ronda and Hughes will clash in a best of three series where speeds should approach 200 mph in less than 7.75 seconds!

A full program of racing in all other UHRA classes is also scheduled for some 250 entries expected. Gates will open at 7:30 a.m. with qualifying going until 1 p.m. Elimination races start at 1:30 continuing till 6.

Admission will be \$3.50 for adults, kids, 6-12 are \$1, and under six are free.

Corpus Christi Raceway is located at Cuddihy Field, four miles west of Padre Island Drive on Old Brownsville Road No. 665.

Letters to the Editor

Mr. Kinsey:

As a relative new permanent resident of Rockport, I must express my pride in the community's co-operation which helped to make our Girl Scout Day Camp such a success. After gathering the material for the History of Girl Scouting for your Centennial Edition, I found that Rockport had one Day Camp for Girl Scouts in their 17 years of existence here. Several of us decided to try again this year.

We started work in February and have had many articles in your paper and letters home to the girls since then. The Paisano Council in Corpus Christi set up the guide lines,

standards and registration requirements. Miss Elizabeth Whitney took the Day Camp Director's Training Course required by the Council in February and by the end of April we had all of our Volunteer leaders signed up. During May we had several meetings and started acquiring the necessary equipment through our stamp drive and by direct donations. Many merchants helped by letting us put out boxes to collect stamps and others gave or loaned equipment. Many individuals made cash donations.

County Commissioner Mrs. Wanda Sparks saw that the grounds were mowed; Mr. John Ross of C.P.&L. donated large spools to be used as tables as did Mr. Jimmy Little of Ted R. Little & Sons, and Mr. Lloyd Polston of Carpary & Wendell; the Aransas County Riding Association loaned us their portable restrooms; and the girls were allowed to use the Charles Vermillion and the Key Allegro pools for swimming; local Civil Defense Officials loaned cots for the overnight camp. We can't thank

these people enough.

Dr. Pattillo was "standing by" in case of emergency and we're thankful that we didn't have to call on him. All cuts, burns, and insect bites were treated by our Red Cross Volunteer, Miss Sarah Starke. Mr. Ted Atwood taught the girls how to make a whistle; Mrs. Estelle Stair gave an art demonstration and Mrs. Vicki Corbin taught artificial flower making, all in addition to the scheduled projects presented by our 18 staff members. Twelve parents drove groups to the Vermillion pool daily.

You can see why those of us who worked on the Day Camp wish to say "Thank You" to so many. We're sure all of the girls who attended the week-long session will join in saying how much we all enjoyed the experience and we hope the Day Camp may become an annual event in Rockport.

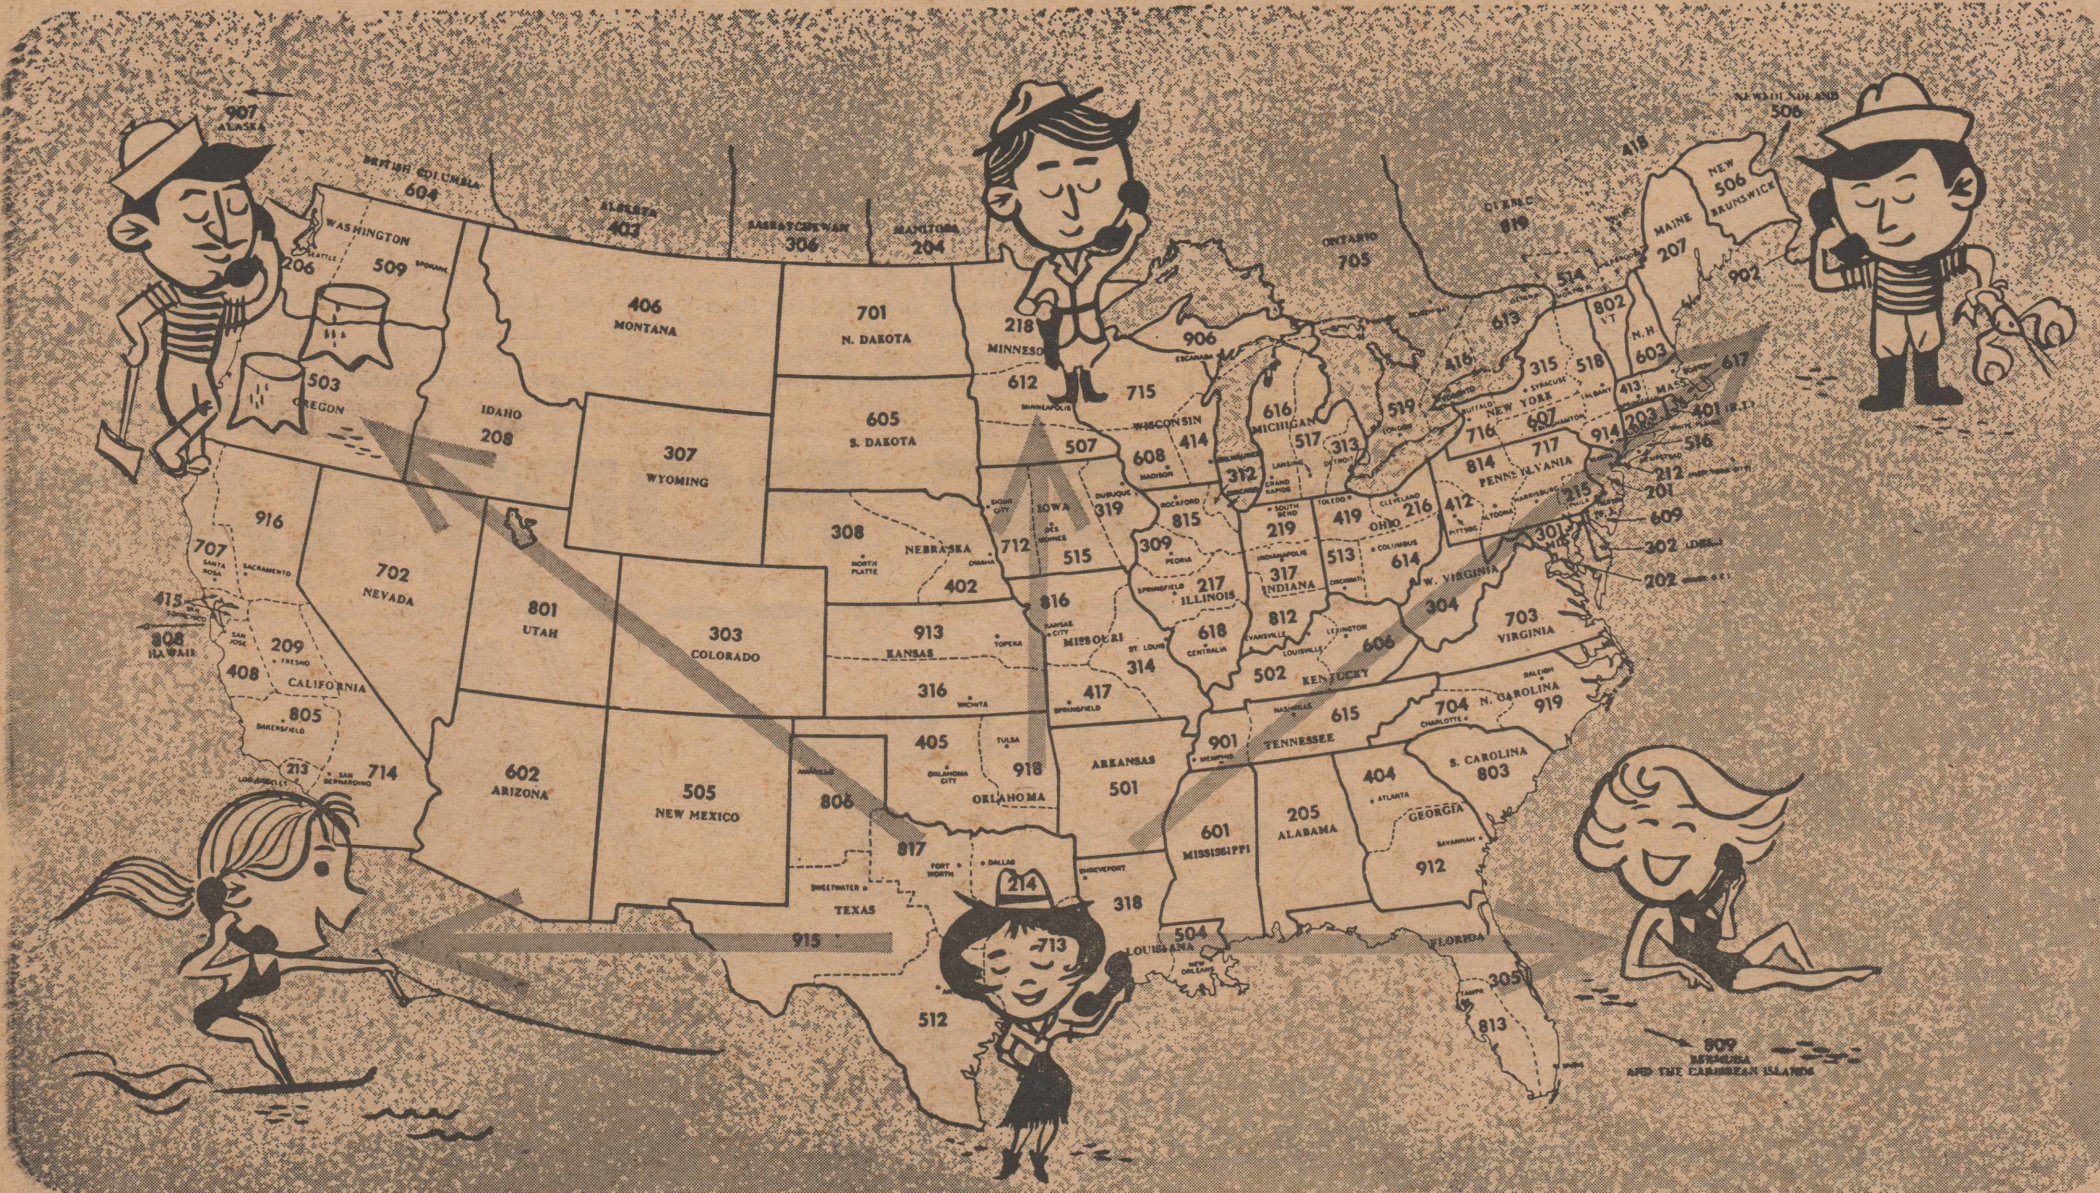

—Mrs. Edward Armstrong.

Direct Distance Dialing Is coming!

New Service Scheduled In Fall For Corpus Christi, Rockport, Kingsville, Alice

Another milestone of telephone progress will be introduced in Corpus Christi, Rockport, Kingsville, and Alice in the fall. That's when Direct Distance Dialing will make its debut.

Direct Distance Dialing, known as "DDD," will enable you to dial your own station-to-station Long Distance calls from coast to coast . . . almost as easy as dialing a local call.

You'll find this "Long Distance magic" fast, easy, and thrifty. You'll literally have the nation at your fingertips.

And you'll find the low station-to-station rates a bigger bargain than ever as you dial your calls through to distant cities in just seconds.

Dates for the activation of DDD will be announced soon. You will be notified in advance when DDD service will go into operation.

We are glad to bring you DDD. This new development is a major step in our continuing program to make your telephone service even faster, more efficient, more enjoyable, and a bigger bargain.

Just a Reminder . . .
