PRICE FIVE CENTS

COUNTY'S TAX RATE IS LOWERED

Anti-Trust Law Suspension Has Been Proposed

TWINKLES NRA pledge for today: As an American citizen I promise to develop a rousing hatred of trickery, chiseling, and the old "run-around."

"Pampa may be dog-conscious," admits a very irate local lady, "but that is nothing to boast about."

A dog in its proper place may be a thing of satisfaction to its owners, furthermore concedes this same lady, but a dog out of its place is as annoying an animal as one is likely to meet.

The dogs in this lady's community are charged with: 1. Tearing up lawns and flower gardens; 2. making life miserable and dangerous for small children; and 3. making sleep almost impossible. All of these offenses are, in canine criminology, felonies and punishable by whatever means the victims can "get away with."

It is quite possible, as our articulate informer says, that Pampa has "gone to the dogs." By this we mean that too many dogs are, like too many children, allowed to run at large without discipline. The dog is only imperfectly civilized, which is no reflection on him but may be indicative that his owner should move back to the farm.

In this imperfect world, however, it will not be possible to combine a quite commendable appreciation of the dog as man's faithful friend with the desires of ones neighbors. Joyful ejaculations of Fido may be music to his master but only noise to the neighbors. No one has ever successfully, to our knowledge, been able to chain Fido's voice with Fido. Science therefore has unfinished business and should do something about it.

LIBERALIZE US? Smart leaders know when to use their influence. They also know when to remain modestly silent. There is some evidence that Jim Farley does not know when he is over-playing his hand. An instance is his statement that he is coming to Texas to "liberalize" the state. He will attend the first legal races held in many years. Mr. Farley would likely be astonished if he knew how little his influence was needed to "liberalize" Texas. Certainly the well-read people of Texas know what they wish and why without importing outside advisers. Mr. Farley will be welcomed to Texas for what he is and for what he represents, and not for what he can do to and for this great state.

NON-PRODUCTIVE SPENDING If setting up a factory and producing huge quantities of goods would restore prosperity, no "new deal" and no NRA would be needed. But such production, while giving jobs to many persons, would quickly end in over-production and lack of a market outlet. We are, therefore, urged to spend much money to buy the products of industry rather than to start new production. We are, especially, urged to

THREE GUESSES

HOW DID OXEN FIGURE IN DETERMINING AN ACRE? WHEN WERE DICE FIRST USED? Veni Vidi Vici WHAT IS THE MEANING OF THIS LATIN EXPRESSION? (See ANSWERS, Page 2)

It Is First Measure Placed Before Full Quorums of Special Session Today.

AUSTIN, Sept. 14. (AP)—The first special session of the Texas legislature was convened at noon today, prepared to consider matters pertaining to this state's part in the president's national recovery plan. Members of both houses responded with quorums to Governor Miriam A. Ferguson's call, which listed two main legislative topics, laws to authorize and direct administration of up to \$20,000,000 bond money for relief, and liberalization of the state's anti-trust laws to give business and industry a broader chance to benefit from the president's recovery program. Both subjects were likely to create controversy. There was a divergence of opinion as to how the bond issue money should be spent, how much, and by whom administered. James V. Allred, attorney general, had not shown any particular friendliness for legislation that would alter existing laws against trusts and monopolies. He was waiting to study proposed legislation on this subject before committing himself.

AUSTIN, Sept. 14. (AP)—A bill to suspend the strict state anti-trust laws in so far as persons and corporations operating under trade agreements approved by the president was filed today with the chief clerk of the Texas house of representatives.

It was offered by Representative Roland Bradley of Houston, who said a similar bill would be offered in the senate by Senator Walter Woodward of Coleman. The bill was patterned after the uniform law suggested by General Hugh S. Johnson, national recovery administrator, with variations to meet local conditions. It will be effective until June 16, 1935, but may be terminated earlier if the president decrees a national industrial emergency no longer exists.

The senate elected Senator Geo. C. Purl of Dallas president pro tem. He was the only nominee and many senators made seconding speeches. There were only 20 absent in the house, which has a membership of 150. Twenty-eight of the 31 senators were at their desks.

The house was in session only 20 minutes, and the senate worked 50 minutes. The house recessed until 2 p. m. and the senate until 3 p. m. Certificates from physicians attending Representative A. P. Johnson of Carrizo Springs were read, the physicians stating Johnson was suffering from nervous collapse and would be unable to attend the session. Johnson is convalescing at Rock Springs, the certificates said. With the senior senator, Archie Parr of Benavides, presiding, the senate held its usual caucus shortly before the session opened. Each of the 31 senators was empowered to name two employes, in addition to the approximately 25 pages and porters to be appointed by the lieutenant governor and the officers.

This was virtually the same number of employes as was provided for in the regular session. The rates of pay also were about the same, senators said. The senators drew lots to determine which private offices they would occupy. Private offices have been provided them for the first time through removing to other state buildings departments which have occupied the third floor adjoining the senate gallery.

Poison Fatal To County Resident

W. V. McPhearson, 35, died in a local hospital this morning. Attending physicians pronounced death from carbolic acid poisoning. He had been a resident of this section for several years, living with his family on a lease south of Pampa. He had been unemployed for some time.

Besides his wife Mr. McPhearson is survived by seven children, Vera, Eva Mae, Eugene, Josephine, J. W., Billie, and Marie Louise, all at home. Other survivors are his parents, Mr. and Mrs. L. S. McPhearson of Anadarko, Okla., three sisters, Mrs. Annie Smith of Pampa, and Rosie Mae and Lola of Anadarko, and seven brothers, Charlie, Clifford, Glen, Everett, Donald, Cecil, and Bert.

The body is at rest at the Stephenson Mortuary. Funeral arrangements have not been completed.

Legal Beer Will Flow at Midnight as Licenses Awarded

LONG DROUGHT IN BEVERAGES ENDS IN GRAY

TAX COLLECTORS TAKE INFORMATION AND LICENSE FEES

Twenty-eight applicants for licenses to sell 3.2 beer in Gray county received approval in hearings before County Judge E. C. Cary this morning. Three other applicants had not appeared at noon. Most of those appearing also were to take out city licenses during the day, and 17 licenses had been sold.

GRAY county, legally if not actually in a beverage drought for a quarter of a century, will have legal 3.2 per cent beer when the "next musical note" announces the hour of midnight.

At that hour, more than two dozen "tax-paying, law-abiding" residents will apply to local tax collectors for the licenses which will entitle them to serve the beer to crowds expected to be downtown at cafes, dances, and hotels.

Both J. H. Blythe, city tax collector, and T. W. Barnes, who takes the county and state license fees, today were accepting the information and money necessary to obtain licenses. They are taking the applications and writing the licenses, but will not issue the necessary permits until 12 o'clock tonight. They asked that information be furnished at once by applicants.

A multiplicity of laws governs the sale of beer in wet territory and delivery of orders in dry counties. The law which has been in effect since 1902, but which is expected to be modified by the legislature, what to clarify disputed points and close loopholes which might let much-needed revenue escape.

Gray county was dry by local option long before the 18th amendment was passed. Saloons at McLean and Albrecht were operated for a few years after the county was organized in 1902, but business was so slack the proprietors were not opposed to closing. Liquors flowed rather freely during the boom and, to a certain extent, since, but Gray county has observed the prohibition laws relating to beer much better than many other counties of Texas.

Officers made many raids, and one place was closed by injunction. An intention to establish a branch of Draughon's practical business college in Pampa was expressed by officials today, providing enough encouragement is given by prospective pupils.

Representatives of the school will be here all next week. Persons interested may obtain more information by calling the Board of City Development. Letters also may be addressed to Draughon's in care of the B. C. D.

TEXAS long has had one of the most stringent prohibition laws on the books of any state. It has been in 14 years in this state, long considered a staunch prohibition community, beverages containing more than one per cent of alcohol can be handled. Now it will be lawful to manufacture, sell, possess and transport 3.2 per cent beer and wine.

THEATER MEETING CALLED Little Theater members are called to attend a special meeting Friday evening at 7:30, in the city hall club rooms. A chairman of the play reading and casting committee is to be elected, to fill a vacancy created by the resignation of Mrs. T. F. Morton. A nominating committee named at the recent business meeting will report.

Mrs. H. L. Elsworth of Skellytown shopped in Pampa yesterday.

Straw Hats to Be Good Friday at Local Theater

One old straw hat will be good for a free ticket to the La Nora theater tomorrow if left at Murfee's, Inc., Carter's Men's Wear, Levine's, L. T. Hill, or Gordon's. Racks will be placed in the front of these stores and old "straws" can be placed on them. The store manager with the cooperation of Tom Blair, manager of the La Nora, will give a free theater ticket with each hat. The above stores are advertising the new fall felt hats in today's NEWS. No purchases, however, are necessary to obtain the free tickets. The racks will be in front of the stores all day tomorrow.

STANTON WILL GIVE VERSION IN TULIA CASE

Ballistics Expert In Role Damaging To Defense

TULIA, Sept. 14. (AP)—Soon after a ballistics expert testified today that a bullet removed from Sheriff John C. Moseley's car was fired from the 45 caliber pistol found on Ed Stanton at the time of his arrest, the defense began its efforts to show that Stanton's companion, Glenn Hunsucker, killed the officer here last January.

Coyle Meeks, a witness for the state, was recalled to testify that it was Hunsucker and not Stanton who killed Joe Brown, a deputy sheriff at Rhome, Texas. Brown was killed five days after Moseley was slain, and under similar circumstances. Meeks was with Stanton and Hunsucker, and Hunsucker's mother at Rhome, but surrendered to officers after Brown's death.

Stanton was called to the stand at 11 a. m. but had not given his account of the shooting at the time court recessed at noon.

He admitted being a former convict from Stonewall county, and meeting Hunsucker here while they both were serving as truties.

Business College Opening Is Likely

Representatives of the school will be here all next week. Persons interested may obtain more information by calling the Board of City Development. Letters also may be addressed to Draughon's in care of the B. C. D.

PICKETS STONE MINERS THEN FIRING BEGINS

TEAR GAS BOMBS OF OFFICERS THROWN BACK

UNIONTOWN, Pa., Sept. 14. (AP)—Sixteen men were shot and more than a score beaten and stoned today as rioting at three mines signaled the official start of a mining "holiday" in the southwestern Pennsylvania soft coal field.

The trouble flared at the Gates, Edensboro and Footedale mines, all owned by the H. C. Frick Coke company, as pickets tried to prevent men from entering the pits.

The most serious clash was at the Gates mine. Pickets were reported to have stoned miners going to work. Deputy sheriffs, heavily armed, got into an argument with Louis Kromer and one of them pushed him. As other pickets advanced the deputies threw tear gas bombs and the pickets hurled them back. Fighting broke out, clubs fell and stones were thrown. Then the deputies opened fire.

Arm Blown Off Mike Cutwright, a deputy, got in front of a fellow officer's gun, pickets said, and his left arm was blown off.

In addition to Kromer, a leader in the strike movement, and Cutwright, the other wounded are Steve Hrosky, Steven Ondosh, George Ely, Anton Maura, Walter Ordorsky, Paul Popson, Mason Roberts, George Hroska, Joe Golez, Mike Budman, James Shannon, Joe Kromer, George Illes and Vincent Stunga.

After the outbreak, the ground was strewn with wounded. Ambulance (See STRIKE, Page 6)

Mosquito War To Be Launched

Mosquitoes in creek beds and low places in the city will be killed, City Manager C. L. Stine said this morning. Kerosene will be used to exterminate the insects, which are becoming numerous. The creek beds and low places will be cleaned out soon.

THE EAGLE'S BROOD

NRA COUNCIL ACTIVITY TO MEAN INCREASED PAY FOR MORE THAN 200 EMPLOYEES

Pledges made by employers to the NRA readjustment council yesterday afternoon, affecting more than 200 men, are expected to result in an hourly wage increase of from 30 to 40 cents an hour.

Changes in contracts will be made, it was promised, to enable contractors to make this raise. The council considered other complaints which were referred to committees of the groups involved. It was emphasized by C. H. Walker, general chairman, that the council intends that each group shall, as far as possible, be self-governing. This is the spirit of the national recovery act.

HOPKINS FACULTY IS ENLARGED TO MEET DEMANDS CAUSED WHEN NO. 2 SCHOOL ENROLMENT HIKES

With an increase in enrolment at the No. 2 school of almost 20 per cent, the Hopkins schools are entering their second week. The number of high school pupils at No. 2 school has almost doubled over last year. No. 1 has a slight decrease.

Two new teachers have been employed, one to take the place of Ben Guill, who resigned to accept a place in Pampa high school. Miss Ruby Gibson, A. B. of West Texas Teachers college, has taken the place vacated by Mr. Guill. Miss Carrie Townsend, also a graduate of West Texas, has this week taken the place of Miss Mattie Lou Harrison as music teacher at No. 2 school. Miss Harrison was recently transferred to No. 1 school. Miss Townsend has just returned from a visit to the Century of Progress and a tour of the southern states. The faculty has thus been completed again for the year. Seven members out of the ten held the A. B. degree or better.

DEAF BOY WILL LEAVE TO ATTEND STATE INSTITUTION

Because of the generosity of local civic organizations and individuals, a 9-year-old boy afflicted with deafness will leave tonight for Austin to attend the State School for the Deaf.

Announcement was made this morning that the Rotary club had given \$10 and the Business and Professional Women's club a similar sum. The Lions and Kiwanians had previously made donations.

The boy's parents were unable to pay the railroad fare and buy clothing required by the state regulations for entry. His father is listed with the relief board.

Constitution Read To Lions Members

Pampa Lions observed Constitution week in a unique manner today—hearing it read in full by John B. Hessey and Ralph Thomas.

Miss Lorene McClintock, piano instructor, entertained with solos. Joe Burrow was introduced as a new member.

PERMIT FIELD SALES

WASHINGTON, Sept. 14. (AP)—The farm credit administration said today fall mohair and kid would be permitted to be sold in the field, due to the active sales market reported. Heretofore, mohair and kid had been included in the general sales plan along the wool, which requires clips under regional credit corporation or intermediate credit bank mortgage to be consigned only to government approved dealers.

W. C. James of Dallas was in the city yesterday.

COURT TAKES 15 CENTS OFF PRESENT LEVY

HOW SAVINGS MADE IN GRAY'S BUSINESS SHOWN

COMPLETING months of painstaking work on Gray county tax assessments and making of a budget for 1934 which is \$151,947.50 below the budget for 1933, last complete year of record, the commissioners court yesterday afternoon set the tax rate at 95 cents, a 15-cent reduction from the current rate of \$1.10.

The general county gate was fixed at 85 cents, with the other 10 cents set for the special road fund in each of the four precincts.

Observers believe the court and the assessors deserve much praise for the way the tax matters have been handled. Battling to hold the oil valuations up and the tax rate down, the commissioners had the cooperation of the oil industry and property owners in general. The tax assessors were F. E. Leech, county assessor, and the Thos. Y. Pickett company which assesses the oil properties.

Budget is Adopted Equalization hearings have been held for several weeks before County Judge G. E. Cary and Commissioners John R. White, H. G. McCleskey, W. W. Wilson, and John Haggard. Judge Cary, assisted by County Auditor R. C. Wilson, drew up the budget which, after study by the commissioners, was adopted.

The county tax rate was allocated as follows: General fund 23 cents, general fund interest and sinking fund 2 cents, road and bridge levy 9 cents (of which 4 cents is for the interest and sinking fund), court house and jail interest and sinking fund 16 cents, road bond interest and sinking fund 35 cents. The special road fund levy last year was 15 cents, the bond levy 50 cents, the courthouse and jail interest and sinking fund 12 cents, and the road and bridge levy 8 cents.

Buy Back Bonds The commissioners court has reduced county costs both in the several precincts and in the county as a whole. Purchase of long maturities in outstanding, available county bonds with funds from surpluses will materially cut the interest payments not only in 1934 but through a score of years. Other savings were made in cancelling outstanding road bonds printed but not sold, and kept in a Dallas bank at considerable expense. These bonds will not be needed in completing the county paving program, and they no longer adversely affect the county's financial statement.

Assurances by the state of part of the bonded indebtedness has been another important factor in reducing expenses, although the state has been unable to care for all its newly assumed obligations. Figures on Budget Estimated budget requirements of \$259,532.35 for Gray county have been adopted. The budget items follow as to total: General fund \$49,870, with 23-cent levy required. Jury fund \$13,311.50, no levy required. Road and bridge \$48,937, with 5-cent levy required. Road and bridge No. 1, \$15,480, with 10-cent levy required. Road and bridge No. 2, \$27,914.35, with 10-cent levy required. Road and bridge No. 3, \$11,463, with 10-cent levy required. Road and bridge No. 4, \$14,397, with 10-cent levy required. Courthouse and jail \$6,593. Courthouse and jail interest and sinking fund \$27,624.94, with 18-cent levy required. Road and bridge interest and sinking fund \$5,464.89, with 4-cent levy required. General fund interest and sinking fund \$3,690, with 2-cent levy required.

Gray county bond interest and sinking fund \$74,290.57, with 35-cent levy required. Total, all funds, \$259,532.35, with (See TAX RATE, Page 6)

I HEARD

John Hessey being kidded so unmercifully that he left town and visited rural schools yesterday afternoon. John woke up the other night to see a man entering his bedroom. He turned on the light and then ran to the window in time to see the man picking himself out of a flower bed. It was then that John remembered he had a loaded revolver on his dresser and a loaded 410-gauge shotgun leaning nearby.

Buster Strickland betting a bottle of beer and letting the other fellow take his choice of Pampa or McLean elevens. Buster knows his football and that is what he thinks of the closeness of the game.

DEATH OF A PRE-WAR DIPLOMAT

Viscount Grey of Fallodon, dead at 71, won a place in history which will certainly be secure but which is not entirely enviable.

It was Grey who, as foreign secretary in 1914, took England into the war; and as the English ever since 1918 have been nourishing a slow suspicion that the war caused practically all of their troubles, it is not surprising that this veteran diplomat suffered a kind of eclipse in his last year.

For Grey will stand for a long time as an epitome of the kind of diplomacy that was so common before the war—the kind that thrived on secret agreements, secret understandings and the jargon of what H. G. Wells has called the "great power game."

Prior to 1914 the average Englishman calmly assumed that England could not be embroiled in any European war unless the people of England as a whole wished to be embroiled. It was Viscount Grey, as much as anyone, who had to dispel this illusion.

Like practically every other chancellor in Europe, the English foreign office saw the war coming long before it actually arrived. It is possible that the ease with which all the diplomats saw its approach was one of the reasons why it finally came. But at any rate the British foreign office, having visioned war from afar, got ready for it by making certain agreements with the French foreign office concerning united action against Germany.

Thus, when the storm clouds finally broke, the people of England did not have a free hand. Their diplomats had committed them in advance. When Grey laid the whole situation before Parliament, there was only one answer that could be made. To all intents and purposes, it was impossible for England to remain neutral.

Now to recount all of this is not to condemn Viscount Grey. He was an able, sincere and patriotic man. There is no doubt that he actually wanted peace. He did his best according to his lights, and it was hardly his fault if his lights were wrong.

It is the kind of diplomacy he represented that needs condemnation. The World War was a product of that diplomacy; and a world which is still suffering from the war can hardly be blamed for concluding that that diplomacy was an expensive sort of luxury.

(Continued from page 1.)

concentrate on non-productive activities—education, music, food, books. Too much of the nation's wealth and credit is invested in capital, and by the same reasoning, we deduct that too little is spent for intangible things.

TEMPORARY JOBS Lack of such non-productive spending has resulted in huge public works programs, local and federal. These are at best but temporary. They are intended to provide labor until private industry and home building can recover.

A VOICELESS CITY A city without a chamber of

commerce is a city without a voice in a commercial sense. Amarillo was placed in that position recently when a federal representative called and asked for data to bolster an application for drought relief.

ON RIGHT TRACK NRA has the compelling strength of teamwork as contrasted with the groping, see-saw efforts of thousands of private units upon which President Hoover pinned his hope of recovery. It cannot be denied that NA has given 2,000,000 men work who had not seen a pay check in months.

denies rumor NEW YORK, Sept. 14 (AP)—C. B. Ennes, chairman of the Texas company, denied today the statement by E. P. Reeser, member of the planning committee on oil, that the concern had refused to submit to the group operating and cost data it had requested informally.

WHEAT UP AGAIN CHICAGO, Sept. 14 (AP)—Bundling vigorously upward in active dealings, grain prices scored decided new gains early today, advances went hand in hand with assertions in some quarters that agricultural products had definitely turned the corner on the way to permanently higher prices.

SHINE PARLOR OPENED The Pampa Shine Parlor, operated by J. D. "Dad" Strange, is now ready for customers in the building formerly occupied by the Pampa Coffee Shop at the rear of the De-Luxe Cleaners.

CHICAGO POULTRY CHICAGO, Sept. 14 (AP)—Poultry 30 trucks, hens firm, chickens easier; hens 4 1-2 pounds up 13 1-2; under 4 1-2 pounds up, 10 1-2; white rock broilers 11 1-2; white rock fryers 11 1-2; white rock springs 12.

# GOVERNOR MURRAY IN ATTACK ON PROPOSED RED RIVER DAM

## AYS SCHEME WOULD COVER FARM LANDS

### UT CONGRESSMEN TO PRESS FOR ITS APPROVAL

OKLAHOMA CITY, Sept. 14. (AP)—Gov. William H. (Alfalfa Bill) Murray of Oklahoma, who once led National Guardsmen to stop a Red river bridge, threatens to call troops out again to erect the \$36,000,000 dam across the Red river.

Despite the governor's determination, congressmen from Texas, Oklahoma, Arkansas, and Louisiana who favor the plan are pressing for approval of the project

by Secretary Ickes and its construction as part of the \$3,300,000,000 public works program.

The proposed dam would be more than two miles long and 170 feet high, forming a lake 275 square miles in area—160 miles long and 22 miles wide at the widest point, with an average depth of 50 feet.

"It's the dream of a diseased mind," Governor Murray is said to have snorted when informed that the Texas delegation in congress had recommended the project to Secretary Ickes.

"That dam would ruin 100 miles of good farm land. I'll call out the troops before I'll let them build it!"

Proponents of the plan contend it would (1) Go far toward solving the Mississippi valley flood problem, which several times has been aggravated by the Red river; (2) Make the Red river navigable to Denison, Texas, benefitting shippers; (3) provide irrigation for hundreds of thousands of acres of land that could be made to grow good crops; and (4) Pay for itself over a period of 60 years through sale of electric power, while providing cheap electric rates for a large area.

They deny the governor's charge that much valuable land would be submerged. Little except the river

## The HIDDEN DOOR

BY FRANK L. PACKARD

Chapter 46

"What's up your sleeve?" demanded Sergeant Mulvey. "You've been thinking over?"

"Yes," said Colin with a laugh, dryly. "I've been thinking it over. In fact I've mapped out a little plan. What I suggest is that you and I get into old Keppelstein's house on the quiet of tonight, say around ten o'clock."

"You can leave that end of it to me, as far as that goes," asserted Sergeant Mulvey complacently. "You think Keppelstein is—"

"No; I don't," Colin interrupted calmly. "I don't think anything about him, except that he's in on this up to his neck. He may even be the Mask himself for all I know. Incidentally, it wouldn't be a bad idea to find out what you can of him this afternoon."

"I wasn't overlooking that bet," stated Sergeant Mulvey with a

hard smile. "I'll have a line on him all right. But what are you and I doing in his house at ten o'clock tonight?"

"To use the same tense," explained Colin composedly, "we are waiting for the raid on the tobacco shop end of the Wine Press that you are staging at about the same hour."

"What?" Sergeant Mulvey pulled himself sharply forward by the arms of his chair. "Come again, please, sir."

"Yes, that's the idea," said Colin patiently. "That's it exactly. Have you forgotten that Buck O'Mara is handing out a little cut to those three skippers of Heimie Schwarm in Barney's parlor tonight?"

"No," said Sergeant Mulvey gruffly. "I haven't forgotten it, and that's why I'm wondering if you've gone crazy."

"Well," he said, "any old reason for the raid will do—except the real one. You can figure that out to suit yourself. The main thing is that we know Buck will be there at ten o'clock."

"So now get this, Tim—and get it right! It's a certainty that Buck O'Mara and Heimie Schwarm, and God knows how many more of the big shots that the Mask keeps on his payroll, all communicate with the Mask on old Keppelstein's side of the wall by using that trick door. If he is afraid the whole place is going to be pinched he's going to make a bolt through that hidden door and wise up the Mask—and we'll be waiting there to see how he does it."

"That doesn't sound so bad," Mulvey admitted. "But suppose nothing happens? Suppose Buck O'Mara just walks in and then walks out of old Keppelstein's front door? The game's up, ain't it? With the scare thrown into them, there's a 'Rent' sign going up there on the Wine Press just the same, ain't there? And then what?"

"Something will happen," declared Colin confidently. "If it doesn't it will be just too bad for Clarke Lunn, because then he'll

have to sit in for another hand and trail along with Buck O'Mara again to pick up the broken pieces. And that brings to mind one sweetly solemn thought, Clarke Lunn is not looking for any publicity, or even an introduction to any of your myrmdions."

"I ain't buying any flowers these days," returned Sergeant Mulvey grimly. "Does that lane run all the way between the cross streets?"

"I don't know," Colin answered. "I suppose so. It would hardly be confined to the rear of the Wine Press."

Sergeant Mulvey got up.

"I got a lot to do," he said with a crooked grin. "You stay put right here. Have your meals sent up. I may want to get in touch with you. Anyway, I'll meet you on the corner a block east of the Wine Press at nine-thirty tonight."

"It'll be a long time to wait!" said Colin.

"It proved to be Colin's philosophy was not proof against the impatience and anxiety induced by the one question that, with its ramifications, was never out of his mind as the hours, unrelieved even by any word from Sergeant Mulvey, went by.

"Would tonight see Clarke Lunn but a nightmare phantom of the past, and Colin Hewitt, with all that meant, but most of all Germaine now, free to resume his normal life again or—? There was always that fateful 'or'. But the hours passed eventually and evening came.

It was misty, raining a little, the street lamps throwing only a murky glow, as he joined Sergeant Mulvey at the appointed hour and the appointed place.

"All set, Tim?" he asked the lone figure he found waiting in the corner. "I suppose it is, of course, or I'd have heard from you."

"Sure it is," Sergeant Mulvey answered easily. "Likewise we're in luck. The first part of it's a cinch. We worked the peddler dodge and one or two others. Keppelstein ain't home and nobody's gone in or come out since we put the spot on the house around noontime."

"One of the boys, who's pretty nifty at that sort of thing, got to work on the back-door lock after dark. Some lock, he says. But he got away with it so it'll look like it had never been touched if we want to lock it again. All we got to do is to walk in. As for the rest, I dunno!"

Colin had shaken off the depression of the afternoon.

"It can't go wrong," he said decisively. "It's the one sure plan that Buck O'Mara will make."

"Well, I'm counting on it too. Ain't I?" returned Sergeant Mulvey grimly. "What do you think I've got half the New York police force picketed around here for? To give me the laugh?"

And then, abruptly, as they moved away: "Say, Benny Malone had the wrong dope on this Keppelstein bid

bottoms and adjoining rocky foothills would be well paid for their loss.

Opponents of the scheme, who include in addition to the fiery Oklahoma governor, President J. F. Owens of the Oklahoma City chamber of commerce, power interests, railroads and several congressmen from Oklahoma, assert that the project would cost far more than it ever would benefit the adjoining states.

## Vines to Play Golf For Time To Forget Tennis

PASADENA, Calif., Sept. 14 (AP)—Elisworth Vines Jr. was home again today, bent on putting from his thoughts the disastrous season which saw him tumble from the tennis throne to which he rocketed a year ago.

The former world's champion, pursued by rumors of intentions to turn professional from Paris to Pasadena, returned to his mother's home here late yesterday.

"That's mostly a lot of talk," he answered to questions on the subject. "I haven't signed any contracts and right now I'm not ready to. It really wouldn't be a very auspicious start as a professional now, any way, would it?"

"No, after the Pacific southwest championships I want to take a long layoff, play a lot of golf and forget about tennis. My plans for the winter are indefinite. What I hope to do is get a job. I'll be ready to start all over again next spring."

He will play here Saturday in the Pacific southwest championships, where he started his climb by winning in 1930.

The former champion sought no sympathy on the subject of his de-throning. He offered no apologies and no alibis.

The fact his homecoming attracted no attention in sharp contrast to the riotous receptions he received in 1931 and 1932, apparently did not disturb him.

It was just a simple, quiet little return to his mother, his brother, Ed, and the neighbors.

**NEW AUXILIARY UNITS**

Two hundred ninety-five new units of the American Legion Auxiliary have been organized this year, it has been announced from the Auxiliary's national headquarters in Indianapolis. The Auxiliary now has 8,665 units, located in almost every city and town in the United States, in Hawaii, Alaska, the Panama Canal Zone, France, Greece, Porto Rico, Cuba and Canada. American Legion posts still without units of the American Legion Auxiliary attached to them number 2,695.

Mr. and Mrs. A. J. Crocker left Tuesday for Austin, where they will enter their son, Gordon, in school.

in more ways than one. He ain't here a lot of the time—like tonight. We got some check-ups on him today. Sometimes he ain't seen around here for a week or maybe a month at a stretch."

"I shouldn't be surprised," said Colin quietly.

"What do you mean, you shouldn't be surprised?" demanded Sergeant Mulvey in sudden suspicion. "You holding something out on me?"

"No," replied Colin simply, "you know all I know. I mean I wouldn't be surprised at anything that went on here—and I shan't be no matter what happens."

(Copyright, 1933, Frank L. Packard)

Mulvey and Colin take their lives in their hands, tomorrow.

# TREBLE CLEF CLUB BEGINS A YEAR WITH COSTUME PROGRAM

## OFFICERS ARE HOSTESSES AT PRETTY PARTY

### PRESIDENT WELCOMES NEW AND OLD MEMBERS

EXECUTIVE board members of the Treble Clef club entertained members in a gay party at the Council of Club rooms Wednesday afternoon. Garden flowers made an attractive setting for the opening meeting of the club year.

Greetings to new and old members were extended by the president, Mrs. Philip Wolfe, who also outlined outstanding aims of the club for this season.

### Program Numbers

The program committee presented the following numbers:  
Her First Voice Lesson, Mrs. A. N. Dille Jr.

Three Irish Girls, Mrs. A. H. Doucette, Mrs. H. C. Price, and Miss Mary Grady, who sang My Wild Irish Rose.

A Merry Courtin' Scene, by Mrs. J. W. Garman and Mrs. Raymond Harrah, costumed as Colonial man and woman, who sang two old love songs.

The Spanish Girls, Mrs. Earl Thomason, costumed as a gay Senorita to sing Marqueta.

Miss Sweet Sixteen, portrayed by Miss Lois Stallings, dressed in old fashioned costume to sing a medley of old favorite songs.

Reading: The French Girl in England, Miss Minnie Lee Aleskin.

Piano solo: Waltz, Chopin, by Miss Aredath Johnson.

Impromptu sextette and quartette, presented by Mrs. Carl Sturgeon in songs of long ago.

Year books in the club colors, pink and green, were presented as favors after the program. Delicious pineapple sherbet and cake iced in pink were served by the hostesses.

The next meeting of the club will be Wednesday afternoon at 4, in the club rooms.

C. V. Talley of Miami was in Pampa yesterday on business.

H. L. Ledrick Jr. left recently for El Paso, to enter the School of Mines for the fall term.

## Members of Hostess Board

SHOWN ABOVE are four members of the Treble Clef club's executive board, which greeted old and new members at the start of the season yesterday at the city hall club rooms. Top left is Mrs. Philip Wolfe, president, and right top is Mrs. M. W. Jones, secretary. In the lower pictures are Mrs. A. W. Mann, vice-president, left, and Mrs. W. A. Bratton, director of the club chorus.

Mrs. J. H. Moyer and daughter, Miss Mary Ann, left this morning for Boulder, Colo., where Miss Moyer will be a student in Colorado university this term.

## H. D. WOMEN READY FOR FAIR AT MIAMI; EVENTS REPORTED FROM OTHER NEARBY PLACES

### Personal And Local Items from Towns Near Pampa

MIAMI, Sept. 14.—Preparations are under way this week for the county exhibit which is being staged by the Roberts County Home Demonstration clubs. It will be held Saturday at the Masonic hall under the direction of Miss Bess Sikes, agent.

There will be seven booths arranged by different clubs and also a flower and art booth. The best products will be used for the county display at the Tri-State fair.

Mr. and Mrs. Holt Barber returned yesterday from an extended vacation in the southern part of the state.

Miss Esther Morrison of Clarendon is the guest of her sisters, Mrs. A. J. Montgomery and Mrs. Dale Low.

Friends Attend Funeral. Funeral services were held Tuesday afternoon for H. L. Poe, who died Monday at a Pampa hospital after a brief illness. The services were held at the home under the direction of the Stephenson mortuary.

A large crowd attended showing their esteem for the deceased, who was a highly valued citizen of Miami. The body was shipped on to Kentucky for burial. It was accompanied by his widow, son, and mother of Miami and brother, Guy Poe of Tucson, Arizona.

Miss Lucile Saxon and Mrs. R. B. Haynes were Pampa visitors yesterday.

Miss Katherine Simmons of Pleasant Grove, Okla., is the guest of her uncle, R. L. Simmons.

News of Colfax. COLTEXO CORP. NO. 77.—Mr. and Mrs. Ed Wiggins and son of Magie City visited in the J. B. Hill home Sunday night.

Mack Hardin returned home Tuesday evening from the Worley hospital at Pampa.

Epton Farmer and family of Shamrock spent Sunday night with Jack Newman and family.

J. H. Romines made a business trip to Shamrock Tuesday evening.

A. C. and Margaret Hill left Wednesday for Austin, where they will attend the Texas school for the deaf this term.

Mr. and Mrs. Winton Northcott moved to Kingsmill Tuesday afternoon.

A. C. Hill is suffering from a broken arm. He fell off a mule Sunday evening and received the injury.

Church Meeting Conducted. CANADIAN, Sept. 14.—Mr. and Mrs. Otis Cline, E. L. Cline, and Miss Hazel Cline have returned from their trip to Kansas and Missouri.

The meeting at the Baptist church, conducted by Rev. Geo. M. King of Ardmore, Okla., was well attended. This was the first of a

## Breakfast Is Given for Ann Moyar

A lovely breakfast honoring Miss Mary Ann Moyer, who left this morning to enter Colorado University at Boulder was given yesterday morning by Miss Mary Ellen Cook at her home.

Three tables were arranged for the breakfast in rooms bright with autumn flowers. Fried chicken, potatoes, creamed peas, biscuits, a dessert course, and coffee were included in the menu.

The honoree was presented with a guest prize. Mrs. Gilmore Nunn and Miss Christine Cook tied for high score, while Miss Marjorie Buckler cut high.

Other guests were Misses Frances Finley, Margaret Buckler, and Virginia Faulkner; Mesdames Don Conley, Arthur Swanson, Paul Jones, and Julian Barrett.

W. C. de Cordova will leave this evening for Fort Worth on business. Mrs. de Cordova and daughter, Clariece, will accompany him.

series of six meetings, the last one of which will be held Sunday night.

Mrs. Madeline Welch has returned from California, where she has been visiting for the past several weeks.

Miss Myrtle Jameson of the Hart district visited with Mrs. Carrie Page yesterday afternoon.

Mrs. Charlie Peet has returned from Paducah, where she has been visiting her brother.

Raburn Hines, son of Mr. and Mrs. W. R. Hines, left this morning for San Bernardino, Calif., to attend college this year.

Mrs. Walter Hornback is on the sick list this week.

Football practice is in full swing now under the direction of Coach Ward, with about 30 boys reporting each day.

## FIRST HONOR CLUBS IN NRA DRIVE LISTED

### LEGION AUXILIARY AND RED CROSS SIGN 100 PER CENT

TWO women's organizations of Pampa are on the NRA honor roll for hundred percent signature of consumer pledges, it was announced this morning through Mrs. C. T. Hunkapillar, chairman of a women's committee which this week is contacting clubs and societies to secure consumer support.

The American Legion Auxiliary and the Red Cross are the first two organizations to be placed on the honor roll. All members of both groups have signed NRA consumer pledges.

Mrs. W. C. de Cordova was chairman of a sub-committee assigned to secure the support of these organizations. She was assisted by Mrs. Wallace.

Others Expected. Other organizations are expected to gain places on the honor roll shortly; sub-chairmen have reported to Mrs. Hunkapillar. An intensive campaign is being made to enlist every member of every woman's club in the county. Work is being directed by Mrs. Hunkapillar and nine sub-chairmen.

Chairmen for other phases of NRA activity among women were appointed recently by Mrs. F. E. Leech, director of Women's work here.

Mr. and Mrs. Leech, Mr. and Mrs. W. C. de Cordova, Mrs. Hunkapillar, Mrs. Wallace, Mrs. Gilmore Nunn, Mrs. Christine Cook, Mrs. Marjorie Buckler, Mrs. Frances Finley, Mrs. Margaret Buckler, Mrs. Virginia Faulkner, Mrs. Don Conley, Mrs. Arthur Swanson, Mrs. Paul Jones, and Mrs. Julian Barrett.

## Missionary Lesson Studied By Women

Missionary topics of current interest were discussed by women of Calvary Baptist Missionary Union in their meeting Tuesday, in round table fashion. The program opened with a song, prayer, and a Bible lesson.

One visitor, Mrs. N. L. Buckner, Mrs. E. B. Fisher, and Mrs. Hunkapillar attended a district NRA rally at Amarillo last evening, when they heard Dr. Bradford Knapp, president of Texas Technological college, and Hon. Clifford K. Titus of Joplin, Mo., speak.

Mrs. Fisher is chairman of a women's committee on education and information regarding NRA aims.

was present with the following members: Mesdames J. L. Ratcliff, C. F. Walker, Roy Griffin, Paul Crain, W. E. Lapier, Myrtle Palmer, and Alma Pennington.

### PRESIDENT TO PUSH NRA ON NEW COURSE

#### General Johnson Will Receive Influence For Price-Raising Projects.

WASHINGTON, Sept. 14 (AP)—President Roosevelt today imparted to his national recovery drive the vigorous pressure of his own determination to provide quickly more jobs and better prices.

Ample credit for business and agriculture by seeking immediately the reopening of banks now closed or restricted was a major objective of the chief executive as he looked especially toward sluggish farms prices.

Somewhat impatiently he looked forward to an agreement between soft coal operators and miners on the long-disputed NRA code for this basic industry.

Eagerly, too, the president awaited receipt of an agreement between the NRA labor and industrial advisory boards which is intended to moderate, if not finally settle, conflicts over the collective bargaining provisions of the recovery law.

With today's return to the capital of Hugh S. Johnson, industrial administrator, Mr. Roosevelt was expected to proffer such force as his aides deem necessary for faster coordination and stimulation of federal recovery efforts.

In this higher-gear program for lifting economic levels, particularly in the way of restoring commodity prices, the president was represented as confident that the banks, with government backing, would supply much of the credit need.

What further steps Mr. Roosevelt planned in this direction were not revealed, but in his hands were the tremendous powers over national money and credit voted by the last congress. Included was a broad inflationary authority.

Use of inflation moves have been urged repeatedly in recent days by southern leaders. But receiving attention in official quarters here was Johnson's statement during New York's NRA rally that the government would use its full powers under the federal reserve and emergency banking acts to force credit into rehabilitated industries. The inflation powers were contained in the recovery law.

### WITH THE—HARVESTERS

By HARRY E. HOARE

Seldom does a new and green football team take the field the first year together and make a championship team, and that fact is gladdening the Harvesters in the face this season. Only one veteran is back. Other teams in the conference are in the same fix, but most of them have the advantage of a larger enrollment.

It is the belief of local fans that the Harvesters of 1933, knowing what they are up against, will overcome the tradition of a team having to be together a year or two to be champions. They are a group of boys who are pulling together. They have the coaching and they have the support of every man, woman and child in this territory. It is going to take fight and a never-die spirit.

I met F. N. "Steve" Neely of Tulsa yesterday afternoon and he was telling me that Tulsans think mighty highly of Pampa as a football city. He said that Pampa boys have made a hit on Tulsa university football teams. They have all been gentlemen and good players.

"It speaks well for the type of citizenship in Pampa and the coaching the boys get in high school," Mr. Neely said. He predicts that Troy Stalls, former Harvester, will be one of the greatest players that has ever worn a Golden Hurricane uniform. He also likes the work of little Joe Kahl who is calling signals for the Pony backfield. Mr. Neely, a former well known football star, is in charge of construction of the Cargray Corporation gasoline plant west of Pampa. He plans to make Pampa his home if the company will let him remain in charge of the plant.

Canyon, Waco, Austin, Dallas and other large cities in the southwest already know the type of football players that come from Pampa. This year Fort Worth and Terrell should be added to the list. T. C. U. this year has Paul Hill and Joe Freeman, former Harvesters, on the team while Terrell will have H. W. "Hoot" Fullingim as a candidate for the Texas Military college team.

John Lynch was dismissed yesterday from Worley hospital, after treatment for burns.

### Beer Parlors To Be Inspected By Health Officer

All persons in the city selling 3.2 beer will have to abide by the city health ordinance, Dr. J. T. Worrell, assistant health officer, said this morning. Everyone handling the beverage will have to secure a health certificate from their physician.

Equipment will have to be in a sanitary condition at all times. Each place selling will have to be equipped with hot water to thoroughly wash and scald all glasses and containers. However, after the containers are scalded, they may be placed in a cold place.

Dr. Worrell said he would make regular inspections the same as he does in cafes, ice cream parlors, and other places.

Frank T. Patterson, 77, has been city clerk at New Bern, N. C., for 25 years.

### Clothing From Red Cross Will Be Received Soon

The non-arrival of Red Cross clothing has delayed the outfitting of children on the Welfare Board list for school this fall but Mrs. W. H. Davis, manager, expects large quantities of underwear, sweaters, stockings, and other items of clothing daily.

The clothing headquarters have been moved to the Worley building where there will be more room for the stock of garments and material. Mrs. Davis has received confirmation of orders for 432 dozen garments for men, women, and children, and for 3,500 yards of material to be made into clothing articles.

Children of school age will be clothed immediately upon receipt of the first order.

North Carolina plans to spend \$115,000 on seven new prison camps in the mountainous area near Rob- ertsville.

### New Orleans Is Victor in First Play-Off Game

MEMPHIS, Sept. 14 (AP)—Andy Messenger got sweet revenge and thereby gave New Orleans a 6 to 0 victory in the first game of the play-off series yesterday.

The Chicks found Messenger different yesterday than he was in the second game of the series that decided the second half winner. They went home with only five hits.

Clarence Griffin lasted only one-third inning and was replaced by Harry Kelly, who stayed in an inning and a third. George Ranger then took the mound and, after allowing a run in the third, held the Pels scoreless.

The will of the late Mrs. Mary Fanny Scott of Miami, Fla., provided \$1,000 to buy religious reading material for her only son.

### Work Orders on Paving Awaited

George V. Briggs, manager of the Board of City Development, visited the district office of the Texas highway commission in Amarillo this morning but the only information available on road work in Gray county was that work could start within 48 hours after word is received from Austin. It is not known what is holding up the work order.

L. A. White, resident engineer, is busily engaged on various state highways out of this city. He is having surveying work done so that work will not be delayed when the order is received here. Highways 152, 33, and 41 will be eligible for work first, it is believed.

Officials of the Amarillo office told Mr. Briggs that more paving would be done in the Panhandle during the next 15 months than would have been completed in four years under the old program.

### Tennis Players To Form Club At Session Monday

Organization of a permanent tennis club will be undertaken at a meeting of county tennis enthusiasts at 8 o'clock Monday night in the chamber of commerce rooms in the city hall. Every tennis player and tennis enthusiast is asked to be present and clubs should have full representation.

Plans are in the making for building county tennis courts this fall and sponsoring of a monster tennis tournament in the spring. If the courts can be started this fall, they will have the winter in which to settle. Topping will be done in the spring if the program can be carried out.

The committee which sponsored the recent tournament met this morning and decided to call the general meeting and complete an

organization. The members agreed that it would not be practical to hold an open tournament this fall because of the lack of courts and the growing interest in football. However, the permanent organization will decide. L. D. Gibson was a visitor this week from LeFors.

### INCREASING CROWDS ATTENDING METHODIST REVIVAL, WHERE REV. GASTON FOOTE IS EVANGELIST

Sermons that are being heard by increasing crowds are offered this week by the Rev. Gaston Foote of Amarillo, who is conducting the Methodist revival.

"Those who have attended the revival are receiving inspiration for the renewal of their devotion to ideals of the Kingdom of Christ and new strength for the work necessary to building that kingdom," was the comment of the Rev. C. A. Long, pastor, regarding the speaker.

Morning sermons this week form a series on the petitions of the Lord's prayer. The message this morning was on "Thy Will Be Done," a discussion of what the speaker termed "some of the most misunderstood experiences of our daily lives."

Application of the elements of betrayal of Christ in modern life, as were present in Judas' betrayal, was the subject yesterday evening. This evening the subject will be "The Eternal Knockers," and Friday evening, "Shipwrecked on the Mediterranean."

The evangelist has traveled widely, and illustrates or clarifies points in his sermons with observations from his travels. His subject for Friday is based on some of these observations.

The public is cordially invited by the pastor and members to attend daily services, conducted at 10 a. m. and 8 p. m. through the week.

### Kidnaper Breaks Handcuffs But Gets New Pair

OKLAHOMA CITY, Sept. 14 (AP)—Albert Bates, held in the county jail here as one of the alleged principals in the Charles F. Urschel kidnaping, broke his handcuffs in his cell about 6 a. m. today, guards reported.

A federal officer on guard duty saw the handcuffs come apart and immediately put a new pair on the prisoner.

The handcuffs which Bates broke were of a special design, with the middle link replaced by a steel bar 14 inches long to prevent the prisoner from getting his hands together. Fred Smith, jailer, said Bates probably in some way used the bar as a lever to break one of the links.

**COTTON FACTS GIVEN**

WASHINGTON, Sept. 14 (AP)—Cotton consumed during August reported today by the census bureau to have totaled 488,570 bales of lint and 83,271 bales of linters, compared with 600,143 and 90,497 during July this year and 404,497 and 48,449 during August last year.

**CLASS TO ELECT**

Officers for the coming year will be elected at a business meeting of Clara Hill Sunday school class at the Methodist church Friday afternoon. The meeting will begin at 2:30, and all members are asked to be present.

ARCHER CITY, Sept. 14 (AP)—W. C. Young, Archer county oil operator, was bitten by a rattlesnake last night while inspecting a well being drilled on Falls county school land.

Dick Hughes transacted business in Skellytown this morning.

### International Socialism and Its Effect on Nations Told By Nunn

International socialism was the subject discussed before the Rotary club at its regular meeting yesterday by Gilmore Nunn. The development of socialism, its effect upon nations, and its possible future were pointed out by Mr. Nunn.

Miss Lorene McClinton, local music teacher, entertained the club with piano solos.

T. M. Flannery, of Oklahoma City, a representative of the Draughon business schools, told of his intention of establishing a school in Pampa, and asked the moral support of Pampa citizens.

Visitors included the following: George Briggs, the Rev. Gaston Foote, Amarillo; and Rotarians John Caylor, Canadian; G. L. Addison, Canadian; and Odus Holland, Oklahoma City.

**FRACTURE IS FATAL**

BROWNWOOD, Sept. 14 (AP)—Wanda Faye Drinkard, eight-month-old daughter of Mr. and Mrs. Jerry Drinkard of Brownwood, died yesterday of a fractured skull suffered in an automobile accident here Sept. 2. Six other persons, including the child's mother, riding in the small coupe at the time were injured when the car collided with another.

Mike Moran was dismissed from Worley hospital yesterday.

### CONVICTS ARE NOW IN TEXAS

Notorious Killer Believed at Head of Band Which Escaped Prison Farm.

MARKSVILLE, La., Sept. 14 (AP)—Texas officers today took up armed search for four Louisiana convicts who were among the 12 desperadoes who last Sunday shot their way out of the Louisiana Angola prison farm and for four days carried on a battle siege through central Louisiana that has caused seven slayings.

After stealing motor cars in re-lays, kidnaping passengers, looting stores and terrorizing the crossroads through the central tier of Louisiana parishes, this remnant group about midnight blazed their trail with guns through Vernon parish, La. across the state line into East Texas and evaded two automobile loads of Louisiana officers who were close on their heels.

At Sabine river, which separates the two states, the band, armed with guns they obtained in a raid on the prison store room, kidnaped the master of the ferry boat Hatten and carried him into Texas.

The Louisiana officers trailed the convicts' car to the vicinity of Newton, Texas, and turned back under the belief the men had diverted their course and were headed toward Beaumont.

Charles Frazier, notorious south-west handit and killer, wanted for crimes in Texas, Louisiana, and Arkansas, was believed to be heading the flight in Texas. From all reports he was suffering from gangrenous wounds he received in the Sunday battle at the penitentiary gates.

Two prison guards were slain within the penitentiary walls at the time of the prison disturbance and Captain John A. Singleton, in command of the camp, was fatally wounded.

Marksville's citizens shuddered yesterday afternoon as the bodies of John Anderson and Patrick J. Ryan and the dying James A. Russell, all New Orleans bandits, were hauled into the town in an open truck from their death trap with the guards east of the town.

Russell was removed from the truck to the office of Dr. A. P. Erbin where he made a dying statement to District Attorney Lester L. Bordeau, giving incoherent details of the riot plot, the pistol smuggling and the shooting of the three convicts near here.

Russell said the prison break was first planned by Jim Yarrell, southwest bank robber, who was shot to death a week before the break by Arnold Davis, one of the guards slain by the escaping convicts last Sunday. Yarrell was killed as he attempted to start a disorder.

CHICAGO BUTTER

CHICAGO, Sept. 14 (AP)—Butter, firm; creamery specials (93 score) 23-25 1/2; extras (92) 22 1/2; extra firsts (90-91) 20 1/2-21 1/2; firsts (88-89) 17 1/2-18 1/2; seconds (86-87) 16 1/4-17; standards (90 centralized cartons) 21 1/2.

**National League City Gets Series Opener October 3**

CHICAGO, Sept. 14 (AP)—The world's series of 1933 will open on Tuesday, Oct. 3, in the city winning the National league championship, presumably New York.

This was decided today at a meeting presided over by Kenesaw Mountain Landis, commissioner of baseball.

If the Giants win the National league flag, games will be played at the Polo Grounds, New York Oct. 3 and 4, with the teams playing in Washington, the probable American league pennant winner, Oct. 5, 6 and 7. Should additional games be necessary, they will be played in New York on the following Sunday and Monday.

All games will start at 1:30 p. m. Eastern Standard time.

Twenty three members of the Giants, with two coaches and the same number of the Senators, also with two coaches, were named as eligible to compete in the series.

There will be no reduction in the price of tickets. The choice box seats will sell for \$6.00 each, as in former years.

Those attending the meeting with Commissioner Landis were Edward B. Ryan, secretary of the Washington club; James Telnrey, secretary of the New York Giants and William L. Veeck, president of the Chicago Cubs, National league champions of 1932, who still have a slim chance of beating out the Giants.

### -TAX RATE

(Continued from Page 1)

total county levy of 95 cents required.

The budget for 1933, within which the county expects to stay, is \$317,552.02.

**The General Fund**

Estimated expenditures from the general fund in 1934, based on the 23-cent rate on 23 millions valuation, follow:

County judge \$750, county clerk, \$1,200, county attorney \$1,200, district clerk \$900, sheriff \$1,000, county agent \$1,250, home demonstration agent \$1,250, county auditor \$3,000, deputy auditor \$900, deputy sheriffs \$4,500, commissioners (4) \$2,000, county health officer \$1,500, feeding prisoners \$5,500, waiting on court \$1,060, safekeeping of prisoners \$1,100, vital statistics \$215, assessing taxes \$4,000, special assessors \$6,000, printing and stationery \$2,800, telephone and telegraph \$200, paupers and indigents \$5,500, drugs, \$100, justice of peace fees \$2,000, judge's fees \$120, inquests \$40, insurance on cars \$50, 9th judicial district \$100, lunacy expense \$450, school board \$75, election expense \$1,000, court reporter expense \$100. TOTAL \$49,135.

**What County Owes**

Indebtedness of Gray county July 1, last, was \$1,182,500, distributed as follows:

Road bonds, series A, \$93,000 at 5 1/2 per cent.

Road bonds, series B, \$133,000 at 5 1/2 per cent.

Road bonds, series C, \$326,000 at 5 1/2 per cent.

Road bonds, Series D, \$227,000 at 5 per cent.

Road bonds, series F, \$30,000 at 5 per cent.

Courthouse and jail funding bonds, \$308,000 at 5 per cent.

Road and bridge funding bonds, \$49,000 at 6 per cent.

General fund funding bonds, \$13,000 at 6 per cent.

Road and bridge warrants, \$1,500 at 6 per cent.

Authorized but not issued in bonds, \$623,000.

Assuming that the total assessed valuation will be about the same as last year's \$22,931,100, the reductions in the tax rate will mean a saving to taxpayers of nearly \$36,000 in 1934. Whether the au-

ditor's salary will be fixed by statute at \$3,000 or \$2,875, and the commissioners' salaries at \$2,000 or \$1,700 each, will depend upon the total valuations. The state law graduates salaries according to a rather freakish list of valuations, obviously passed to affect certain counties which the lawmakers wished to exempt.

**Common School Levies**

Levies for taxes in the common school districts of Gray county are listed by Supt. John B. Hessey as follows for 1934:

No. 1, \$1; No. 4, 60 cents for maintenance and 40 cents for sinking fund; No. 9, 70 cents for maintenance and 30 cents for sinking fund; No. 10, 75 cents for maintenance and 25 cents for sinking fund; No. 11, \$1 for maintenance; No. 12, 75 cents for maintenance and 25 cents for sinking fund; No. 13, 60 cents for maintenance and 40 cents for sinking fund; No. 15, \$1 for maintenance; No. 16, \$1 for maintenance and 25 cents for sinking fund; No. 18, 50 cents for maintenance; No. 21, 75 cents for maintenance; No. 22, 75 cents for maintenance and 25 cents for sinking fund; County Line No. 4, 75 cents for maintenance; County Line No. 36, \$1 for maintenance.

State funds will supplement the income from these levies.

**SPOT COTTON**

NEW ORLEANS, Sept. 14 (AP)—Spot cotton closed steady at revised quotations, middling 12 points up. Sales 5,669; low middling 8.63; middling 9.28; good middling 9.33; receipts 2,598; stock 656,787.

### Swinson's Body Sent To Dallas

The body of R. H. Swinson was sent to Dallas last night following services in the chapel of the Stephenson Mortuary. The Rev. C. A. Long, pastor of the First Methodist church, presided.

Mr. Swinson's brother, W. Edward Swinson of Macon, Ga., arrived in Pampa yesterday to make arrangements. Other survivors are his father, a sister, and another brother.

Mr. Swinson, a resident of Pampa for four years, died Saturday of poisoning.

### Build Up that Skinny Child! Enrich His Impoverished Blood

Sickly, weak, underweight children are usually lacking in rich, red blood. When blood becomes poor, a child becomes rundown. Already weak, he loses appetite, which makes him still weaker. Take no chances on a child gaining strength by himself. Start giving him Grove's Tasteless Chili Tonic right away. This famous tonic contains both iron and tasteless quinine. Iron makes for rich, red blood while quinine tends to purify the blood. In other words, you get two effects in Grove's Tasteless Chili Tonic.

Put your child on this time-proven tonic for a few days and see the difference it makes in him. Good appetite, lots of pep and energy and red roses in his cheeks. Children like Grove's Tasteless Chili Tonic and take it eagerly. It is absolutely harmless and has been a reliable family medicine for half a century. Get a bottle today at any store.

# Big Trade-In TIRE SALE

## Firestone GUM-DIPPED TIRES

**DOUBLE SAVINGS for Car Owners who buy now! Prices are going up—Don't Delay—Equip your car TODAY and SAVE.**

Here is how you make a DOUBLE SAVING! First—you will get a liberal allowance for your old tires—and second, you will save the amount of the next price increase which must come soon. It will be a long time in our opinion before you will be able to make such a tire saving again.

Don't risk your life and the lives of others on dangerously worn, smooth-tread tires, when we will give you a liberal trade-in allowance to apply on new Firestone High Speed Tires—the Safest Tires in the World.

# ADMINISTRATION TAKES HUEY'S ADVICE IN GIVING PATRONAGE

## SENATOR WITH TALK OF HELL LEFT IN COLD

### NO WARM FRIENDS WILL BE GIVEN RICH "PLUMS"

BY CLARENCE M. WRIGHT, Associated Press Staff Writer. WASHINGTON, Sept. 14 (AP)—Senator Huey Long knows and will find out even more positively very soon that the administration is taking him at his word—his word being that "they can take their patronage and go to hell with it."

In 10 days at the outside, President Roosevelt likely will announce the men he has selected to be United States district attorney and collector of internal revenue in Louisiana. There are very strong indications that they won't be Long men. The administration expects to follow one of the senator's own maxims that the politically restless deserve no plum.

The preliminary investigation has been completed for at least one of the two new posts. The papers await Mr. Roosevelt's approval. The other will be along shortly. These new appointees, say the job dispensers, will not be warm friends of the Louisiana senator. They assigned a number of reasons, among them his Milwaukee speech to Veterans of Foreign Wars in which he discussed hell and patronage.

Thus, the senator's batting average on big federal jobs in Louisiana won't be much above a blank. Yesterday, for instance, the president named an assayer for the New Orleans mint. But he wasn't even from New Orleans—he was Hugh T. Rippey of Salt Lake City.

Several months ago, Paul B. Habans was chosen to run the home loan bank branch in Louisiana. He is classed here as "anti-Long." Then Edward Rightor, Walter Burke, Jas. E. Smithman and Jas. M. Thompson were appointed to the state's public works board.

The first three, leading democrats here say, are against Long. They concede that Thomson has been somewhat friendly toward the senator but point out, too, that he is brother-in-law to Bennett Champ Clark, democratic senator from Missouri.

"No outright Long man has been named to any big job," said an official who asked that his name not be used. "And if you want to make a perfectly safe forecast, you can say that none will be."

Ohio was the 17th state to be admitted to the Union.

## WAKE UP YOUR LIVER BILE— WITHOUT CALOMEL

### And You'll Jump Out of Bed in the Morning Rarin' to Go

If you feel sour and sunk and the world looks dumb, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly smart and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a more movement doesn't get at the cause. The reason for your down-and-out feeling in your liver, it should pour out two pounds of liquid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas builds up your stomach. You have a flat, hot, heavy and your breath is foul, often breaks out in blemishes. Your head aches and you feel down and out. Your whole system is poisoned.

It takes these good, old CARTER'S LITTLE LIVER PILLS to get these two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, aromatic, gentle vegetable extracts, amazing when it comes to making the bile flow freely. But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Renowned specialists. See at drug stores. © 1931 C. M. Co.

## Wood Accepts Congratulations

G. B. WOOD, left, again winner in the international speedboat trophy race on the Detroit river, smilingly accepts the congratulations of his defeated opponent, Hubert Scott-Paine, right, as their two mechanics look on. The British challenger finished the course of 35 nautical miles 23.33 seconds behind the American defender of the Harmsworth trophy.

## Ranch Land in Greater Demand in West Texas

SAN ANGELO, Sept. 14 (AP)—A marked increase in the demand for West Texas ranch land has brought several large sales.

The largest was a Menard when L. P. Powell of San Saba and Big Lake bought the 20,000-acre flying H ranch of Harold Bevans for \$250,000 cash. Possession of the ranch, located 25 miles from Menard in Schleicher county, will be given Nov. 1. Bevans retains the cattle on the ranch, a brand that has been in the family 35 years.

The 75,000 acres has made him one of the largest ranch holders in Texas. He is an oil operator, and profited heavily in royalty sales from wells brought in on his place near Big Lake in 1925. He owns ranches near Big Lake, in Menard county and in San Saba county.

In another large deal here, Dr. Edward H. Jones of New York City purchased Pnweimy acres, comprising the north division of the XYZ ranch from Mrs. Ida R. Rainey of Bonham for \$127,982.50 cash and notes, or at the rate of \$12.50 an acre. The ranch, located between San Angelo and Del Rio, is considered one of the best in the state. It was the first ranch in that sec-

tion to be fenced with wire, part of the XQZ ranch sold originally for \$1 an acre.

A third ranch deal was closed here when John Y. Rust, president of the San Angelo Telephone company, bought the equity of Dr. Clay C. Johnson in 20,000 acres north of San Angelo. The ranch is under lease to Arch Bengue for a long period. Although terms were privately the price was reported to be \$10 an acre. Dr. Johnson, brother of the late Cone Johnson, lives in Fort Worth.

Lesser land deals include: Lee M. Johnson of San Angelo has sold his 378½ acre irrigated farm on the San Saba near Menard to J. C. Dodd of West.

The State Bank of Junction has sold 1,568½ acres of land about 18 miles east of Junction to Willitt Bolt, Kimble county ranchman, for \$8 an acre.

The Volunteer State Life Insurance company has sold a 221-acre farm north of Winters to George Kirke for \$2,400.

## TEXAN IS INDICTED

DENVER, Sept. 14 (AP)—I. Rude, Denver and Dallas business man and philanthropist, was under federal indictment today as an alleged swindler. Rude, now in the tailoring business here, was one of 112 persons named in true bills returned by a federal grand jury here last night. He and his partner, Michael Heller, are accused of using the mails to defraud through sale of misrepresented goods.

## OIL COMPANIES CHANGE PLANS IN HOT STRUGGLE FOR PROFITS

By WILLIAM VOIGT, JR., Associated Press Staff Writer TULSA, OKLA., Sept. 14 (AP)—Visible evidence of an intensive pursuit of savings in the crude oil purchasing division along a line other than price cutting has made its appearance in the midcontinent oil industry.

It is economics of a comparatively new sort brought on in part by the necessity for showing profits and declaring dividends in spite of higher wage scales under the NRA. Its manifestation is in the meticulous price shading between oil pools.

The shadings are based on nearness of the source of supply to refiners and other processing plants, sulphur content of the crude gasoline content, the percentage of lubricating oil, the purchasing company's particular need for a certain type of crude, the company's desire to equalize its base cost of crude containing a comparable percentage of gasoline or other derivatives, and a host of reasons lost in the intricacies of company policy or competitive conditions.

Behind it all is the growing demand of stockholders for dividends, of which they have been deprived in lean years, and the realization of oil executives that they cannot operate gigantic businesses on the hit-or-miss basis of the boom days.

Once all the broad west Texas producing district was grouped under a flat price schedule. Now two counties command a 5-cent per barrel higher price than six counties almost surrounding them. Oil from the latter contains a higher percentage of sulphur, which results in a higher processing cost.

In south-west Texas the Refugio "light oil" area produces a type of crude that yields, even in a cheap skimming plant, a gasoline of extremely high octane rating, or anti-knock quality, which may be used in the modern high compression automobile motor.

Crude from another Refugio pool is ideal for oil burning motors just as taken from the ground. Gulf coast crude, while grading low in gasoline content and on the gravity scale, is an excellent source of good quality lubricating oils, and a higher price prevails for lower gravity output.

Conroe, newly developed, commands \$1.09 a barrel, top mid-continent price. It ranks about the same as East Texas in lubricating and gasoline quality, but it is owned exclusively by large, integrated companies; it is close to cheap water transportation and refineries and its sale is virtually only a book transaction.

There is a differential of ten cents a barrel in the price of Oklahoma-Kansas and North central Texas crude because, the purchasers say, the northern producers are entitled to the additional money to defray higher transportation costs to Gulf ports and refineries.

These examples show only the more obvious differences. These and more obscure reasons must be reckoned also by the oil code authorities in Washington if and when the crude oil price fixing clause is invoked.

## Johnson Urges Easing of Credit

NEW YORK, Sept. 14 (AP)—General Hugh S. Johnson, NRA administrator, predicts prompt action by the government to release the springs of credit to help along the recovery drive.

In a speech last night, he said this can be done "by creating confidence, by releasing restrictions requiring a too great liquidity of banks, and, if necessary, by direct governmental interposition (through the powers of the Federal Reserve and the emergency banking act) to extend credit on capital loans and on good commercial risks in cases where the existing banking system has been unable or unwilling, through timidity or otherwise, to perform its normal function."

Of bankers, he had this to say: "There is no use in haranguing our banker friends about extending commercial loans where they do not think it wise. They move in a special atmosphere, and they do have heavy responsibilities. It is perhaps unkind to say that in the last few years some of them have generally been wrong. Perhaps they are right this time, but if somehow we could persuade them in proper cases to exercise the normal functions of commercial banking, even if the interest rate is low, it would greatly aid the president's program."

## SIX MEN JAILED

Six citizens started celebrating the coming of 32 beer early and found themselves in city jail last night charged with intoxication. Four of those charged entered pleas of guilty before Judge J. H. Blythe this morning but the other two declared they were not guilty. Bond was set at \$25. Two persons held for investigation were released after close questioning by Chief of Police John V. Andrews.

Budgets of the six units of the Greater University of Montana were reduced 25 per cent for the present biennium.

## Senate Secretary Works on After Solons Go Home

AUSTIN, Sept. 14 (AP)—Bob Baker, long-time secretary of the Texas senate, stayed on the job three months after the regular session of the legislature ended on June 1. The legislature was at work nearly five months, and it took Baker two-thirds that length of time to wind up the loose ends.

A legislature session leaves much work for clerks and secretaries to clean up after it quits. Baker also acted as a kind of supervisor of work incident to arranging 31 private offices for the senators. The office space was created on the third floor of the capitol building, just off the senate galleries. The space originally was intended for offices to be used by the senators, but it was utilized by departments until recently, when they were cleared, the occupants moving into other state buildings.

Senators doubtless need the office space, because between sessions they find it necessary to make frequent visits to Austin for business with departments in behalf of their constituents. There seldom is a week that a majority of the senators do not come back to the capitol. On some days it would be an easy matter to muster a quorum. Members of the house also are frequent visitors. They will not have any private offices, because it would take 150 spaces to go around. Some day the senate probably will have its office building. So will the house, maybe.

The state has been short on money, but apparently it had a stock of paint on hand. The painters and their brushes have been busy working over the interior of the capitol for days. The "fresh paint" signs may still be in place when the legislature comes back to town to do a little emergency work in connection with unemployment relief. Quite a bit of old, worn linoleum has been replaced with the new, shiny floor covering in some of the offices.

All of which is a reminder that the interior of the 45-year-old capitol needs considerable renovating.

Ohio's flag was first displayed in 1901 at the Pan American Exposition at Buffalo.

### PERCHMOUTH STANTON SAYS HUNSUCKER MURDERED MOSELEY

TULIA, Sept. 14. (P)—State testimony on record today at the murder trial of Ed "Perchmouth" Stanton, alleged slayer of Sheriff J. C. Moseley, revealed that Stanton had shot the Swisher county grand juror Hunsucker shot the officer. Hunsucker was shot to death last night in a fight with officers near Arrizozo, N. M., at which time Stanton was captured. Mrs. Moseley, who succeeded her dead husband as sheriff of Swisher county, described the hunt for Hunsucker and Stanton. Hubert Reynolds, Carrizozo deputy sheriff, identified a .45 caliber pistol taken from Stanton. The same pistol was identified by S. T. Boggs, litigation postmaster, as having been stolen when his office was looted January 3.

Hunsucker and Stanton also were indicted in connection with the slaying of Deputy Sheriff Joe Brown Rhome. Doyle Meeks, arrested Rhome after the killing there, testified that both Hunsucker and Stanton had told him about the going of Sheriff Moseley.

Meeks said Hunsucker told him he was driving at a lake near Littlefield, Texas, when he and two men, accompanied by Hunsucker's mother, Mrs. Ida Hunsucker, were driving toward Dallas, when he threw a rifle taken from Moseley's car into a lake at Wichita Falls. It was on this trip that Deputy Brown was killed. Previously Deputy Sheriff F. O. Pen of Swisher county had testified to finding the rifle in the lake and identified it as Sheriff Moseley's.

Another state witness, D. T. Layton of Tulia, said he was awake at a bedside of a sick son and witnessed the shooting of Sheriff Moseley. He said the man who killed the officer was standing on the ground near the sheriff's car, and that he was not the man who robbed a nearby filling station.

It was brought out in state testimony that the station was deliberately robbed after the sheriff was shot. Two men and a woman involved in the two crimes then sped away in an automobile. Floyd Ward, night attendant at the filling station, described Hunsucker as the man who robbed him.

In constructing the circumstantial case against Stanton, the state called as a witness Steve Ridings, Amarillo ballistics expert.

### Schwab Likely To Be Czar of Steel Industry

NEW YORK, Sept. 14. (P)—Charles M. Schwab was mentioned today as probable successor to Robert P. Lamont, steel "czar" who stepped out yesterday with a declaration that government regulation of industry has begun and "no one knows how far it may go."

Lamont's resignation as president of the American Iron & Steel Institute, a post he had held for 13 months at a salary said to be \$100,000 a year, came as a surprise to all except "inside" quarters.

Talk about the reasons for the resignation was rife. The New York Times said "the tone of his letter of resignation clearly indicated a lack of sympathy with the NRA." Institute officials said the resignation was not a protest against the recently adopted steel code.

### Reserved Seats To Go On Sale For Grid Season

Reserve seat tickets for the five home football games at Harvester park will be sold for \$1, starting Tuesday morning in the office of Joe M. Smith in the court house. Otherwise the reserve seat for each game will be 25 cents straight. There will be no general admission season tickets sold this year.

The reserve seats will be between the 40-yard lines and will include 525 seats. These seats will be reserved for the holder at each home game and the first to get tickets will have the best choice of location.

Price of admission to four of the five home games have also been set. Admission to the Oklahoma City, Cisco, and Amarillo games will be 75 cents, general admission, while admission to the McLean game will be 50 cents. The price of the

### Fair Queen of Fairways

QUEEN of the nation's women's golfers a second consecutive time, Virginia Van Wie has shown undisputed superiority over her sisters of the fairway. And how about looks?

Easter lilies bloomed in September on a plant belonging to a Ft. Pierce, Fla., woman.

A Glard, Kas., resident was sentenced to six months in jail when he used his federal relief allotment to buy whiskey.

ger game will be announced later. Student tickets will be 25 cents to all games.

Bids for concessions are now open and may be left with Mr. Smith. The programs and cushions will be handled by the school.

The sign board was blown down during the spring winds and volunteer assistance to erect it will be appreciated.

### CONDITION OF RANGES SHOWN TO BE IMPROVED LAST MONTH

AUSTIN, Sept. 14. (P)—Moisture conditions have greatly improved during August and prospects are much better for range feed than a month ago, the September 1 live stock report of the United States department of agriculture revealed today.

"Most of the state has received ample rains during August, and the dry areas are now confined to the Edwards' plateau and West Texas," said the report.

"Range conditions improved six points during August and are now rated at 77 per cent of normal, compared with 71 per cent a month ago, 83 per cent a year ago, and 79.1 per cent the ten year average. It is an unusual occurrence for range condition to show improvement during August."

"The prolonged droughty situation has seriously affected cattle, and it will be sometime before they will respond to the improved feed conditions. Calves are of much lighter weight in the dry areas than a year ago, and markings should be somewhat later than usual. In the coastal breeding areas and in south Texas calves are of good weight, and many cattle are in shape for market. The condition of cattle on September 1 is reported at 78 per cent of normal, compared with 77 per cent a month ago, 85 per cent a year ago and 85.8 per cent the ten year average."

"Rains mostly of a local nature, fell over much of the eastern and northern portion of the Edwards' plateau and in localities west of San Angelo and in a few southeastern counties. Elsewhere rains were spotted and very light in the sheep area. The condition of sheep and goat ranges is now rated at 71 per cent of normal, compared with 70 per cent a month ago, 88 per cent a year ago, and 80.6 per cent the ten year average."

"The condition of sheep remains unchanged from a month ago. Sheep have held up well considering the poor range conditions and the hot, dry weather during the past several months."

Mme. Gabrielle de Baroncelli is editor and publisher of the only French newspaper in Louisiana, at New Orleans.

second round of the third flight. In the same flight, Jack Goldston defeated C. E. Simmons, 5-4.

### Dictatorship in Cuba Is Likely

HAVANA, Sept. 14. (P)—President Grau San Martin worked today on a manifesto in which his confidants expected him to demand dictatorial powers for combating disorders.

Opposed by veteran political leaders, plagued by labor troubles, and unable to pacify 500 officers who insist his predecessor be reinstated, the executive was said in palace circles to be ready to cite state reasons for iron hand policies.

Police reserves, meanwhile, were held in readiness here. They were armed with rifles, but no reason for the action was announced.

At the same time rumors circulated that the army faces dissension in its ranks. Two soldiers died violent deaths in the last 24 hours, one a suicide and the other the victim of unidentified machine gunners.

Several unident. persons attacked the ninth police station and

### MAN'S BODY FOUND

SHERMAN, Sept. 14. (P)—The body of a man found near Howe yesterday was identified tentatively today as that of L. D. Hardee, Oklahoma City salesman.

Hardee's car was found in Denison last night by Bart Shipp, deputy sheriff. A man was arrested and will be charged with murder today, officers said. Orders to exhume the body were approved today in an effort to establish identification more definitely.

### FUTILE GUN FIGHT

WHITEBORO, Sept. 14. (P)—More than 25 shots were exchanged early today when Ghes Estes, city marshal, tried vainly to stop four men who stole an automobile bearing a Pennsylvania license number from the streets of Sherman.

The only shot which took effect struck the officer's car. The thieves used a shotgun and .45 caliber pistols. They escaped through Gainesville into Oklahoma.

gravely wounded a student on duty there.

Strikes continued in Antilla, Baguanos, Tacajo, Cristo, and other Oriente province towns with unrest prevalent.

### Country Club's Tourney Is Going Well This Week

Play in the Country club golf tournament is progressing rapidly, many of the matches having passed the second round. Close games and not a few upsets mark the progress of the tournament.

In the first flight, Tom Perkins defeated Dr. H. H. Hicks 1 up but lost to Floyd Hoffman in the second round, 3 and 2. Grover Austin, caddy golfer, defeated Art Swanson in the second round 6 and 5. H. D. Rockwell won from John Moyer by default.

Dr. R. M. Johnson is already in the finals in the second flight. He defeated Hamp Brown, 2-1, in the second round and then won from Jimmie Weir, 6 up, to go into the finals after Weir had defeated Charlie Thut, 1 up, in the best match of the tournament. Weir shot a 79 and Thut an 80. Max Brown, another caddy, won from Jim Kolb, 4-3, in the second round.

Gus Roberts won a hard-fought match from Tom Rose, 3-2, in the

# STATE LEGISLATIVE ISSUES LIKELY TO PROVOKE CONTROVERSY

## RELIEF BONDS AND BOXING IN CALENDAR NOW

### SALES BOARD URGED TO ELIMINATE SPECIAL SESSIONS

By CHARLES E. SIMONS

AUSTIN, Sept. 14. (AP)—The 43rd Texas legislature was ready today to start its first special session, with predictions that it would develop considerable warmth before the 30-day period expired because of controversial subjects.

Gov. Miriam A. Ferguson called the legislature to convene at noon. Many members arrived early and were ready for business. The usual quota of job hunters and lobbyists was in evidence.

Chief among the legislation to be considered was issuance of state relief bonds and enactment of a law prescribing how the funds should be expended. The legislature was authorized at a special election August 26 to issue up to \$20,000,000 in bonds to aid in unemployment relief.

#### Trust Laws Pertinent

The second major subject, and the one likely to provoke acrimonious discussion, was liberalization of the strict anti-trust laws, advocated as necessary to allow Texas industries to take full advantage of the national recovery program.

Revision of law regulating the manufacture and sale of beer, readjustment of salaries of state employees and a change in the boxing and wrestling law also were seen as probable subjects for legislative action.

The bonds will be sold to match money sent to Texas by the federal government to relieve the destitute unemployed. It is within the discretion of the legislature to set the amount that shall be issued and the mode of expenditure.

There was agitation for establishment of a bond sales board whose duty it would be to sell the bonds as needed, thereby eliminating the necessity of a session of the lawmakers to approve each issue.

Both state and federal relief in Texas is administered by the Texas rehabilitation and relief commission

## Gale Blows Boat Out of Water

THIS BOAT literally was blown right out of the water by the force of the terrific hurricane that struck the Florida east coast and did extensive damage in the central part of the state. The scene is on the shore of Lake Worth at West Palm Beach.

with Lawrence Westbrook as executive. It was not certain if this agency would continue to function or another plan be substituted.

#### Must Find Revenue

The legislature also will be called on to devise a plan to provide revenue for retiring the bonds. Passage of a sales tax was being advanced by a house group to care for sinking fund requirements. The sales tax was defeated overwhelmingly in the regular session.

A strong effort was made in the closing days of the regular session to suspend or modify the anti-trust laws, but it was defeated.

A sharp watch on anti-trust legislation will be kept by James V. Allred, attorney general, who has filed suit in Travis county district court against 15 oil companies and two oil associations charging them with violating the laws against trusts and monopolies. The case has been set for trial October 2 but probably will be postponed.

The regular session enacted a law regulating the sale of beer and wine but some slight changes may be made.

Rev. Jasper N. Reed, representative from Texarkana, said he favor-

ed lowering the tax on the brew to eliminate bootlegging. Reed also was fearful that the heavy sales and occupation taxes levied by Texas would work a hardship on border cities, such as Texarkana, because of lower levies in other states.

#### Deficit in Sight

The state beer tax is \$1.50 per barrel and heavy taxes also were exacted from manufacturers, wholesalers and retailers.

Beer sales will become legal in Texas at midnight tonight.

The mounting state deficit was expected to prove a bar to reinstatement of state employees' salaries. At the regular session they were reduced between 25 and 33 per cent.

Considerable interest was manifested by members in the operation of the boxing and wrestling law, which became effective September 1, and its supervision by Jack Flynn, state labor commissioner. A Houston promoter succeeded Tuesday in having District Judge W. F. Robertson grant a mandamus to compel Flynn to issue him a license which had been refused by Flynn on the grounds two promoters licenses already had been approved for that

## Razorbills Fill Coaching Jobs in Many of States

FAYETTEVILLE, Ark., Sept. 14. (AP)—Razorbills graduates of the University of Arkansas are now employed to teach grid tricks in six states in the southwest with the heaviest concentration centered on Arkansas high schools.

Arkansas, Texas, Louisiana, Tennessee, Missouri and Mississippi all are now acquainted with the porkers style of play in the southwest conference. Besides this list, the state university, here has retained two of its former greats, "Big Glen" Rose, to aid head coach Fred C. Thomson and Boyd Cypert to act as freshman coach.

#### BIDS WANTED

Sealed bids are wanted for the soft drink, sandwich, etc., concession at Harvester Park for the 1933 football season.

Bids should be in the office of the secretary not later than noon, Tuesday, Sept. 19. The right is reserved to reject any or all bids. Joe M. Smith, Sec.-Treas.

#### MEETING IS CHANGED

BARSTOW, Sept. 14. (AP)—Because of the continued illness of the pastor of the Presbyterian church at Graham, the place of meeting of the synod of Texas, U. S. A., has been changed to the Presbyterian encampment, Kerrville, Texas, Oct. 10, 7:30 p. m.

Betty Jo Taylor, daughter of Mr. and Mrs. C. L. Taylor, LeFors, was admitted to Pampa hospital here for medical treatment.

Charles McMillen received treatment for a hand injury at Pampa hospital Monday. He is an employee of the Parhandle Drilling company.

It was predicted the legislature might either repeal the law or vest its supervision in a commission.

## Spring Wool at Peak of Prices

SCNORA, Sept. 14. (AP)—A new peak price for twelve months spring wool was set when W. A. Miers of Sonora sold his 238,000 pound accumulation for 30 cents a pound. The clip was the largest individual holding in the state. Miers previously had sold 75,000 pounds.

Buyers hesitate to predict either probable fall clip totals or price limitations but other estimates range from 10 million to 12 million pounds as a minimum. Last fall's yield was but 3,500,000 pounds.

Only a few hundred thousand pounds of wool remain in Texas from the spring crop of 65,000,000 pounds.

#### GOVERNOR NOT TO QUIT POLITICS AS TERM ENDED

OKLAHOMA CITY, Sept. 14. (AP)—Governor Murray cannot candidate for governor to succeed himself because of constitutional prohibitions but he emphatically has said he will be very much in the political picture in next year's campaign.

The governor has told friends he has willing workers in every precinct in the state. He is expected by some political observers to wield a considerable influence in behalf of the candidate for governor he chooses to support.

It also is considered probable the governor will take an active part in opposing election to any state office to the legislature of any one who has opposed him politically.

Just whom the governor will support for governor is problematical, but there are rumors about capitol corridors it may be Tom Anglin, who ran for state legislature at the governor's request and was made speaker of the house.

Anglin, of Holdenville, a former senator, has introduced Governor Murray at several places where the executive has spoken recently lending credit to the report the governor may be behind him.

**NRA MEMBER**  
 U.S. CHEVROLET  
 WE DO OUR PART

**W**ITH President Roosevelt's acceptance of the NRA Automobile Code, Chevrolet, the world's largest builder of motor cars, officially begins operations in accordance with the administration's recovery program.

Although the official code was signed only a few days ago, it will be of interest to Chevrolet's many friends to learn that the Chevrolet Motor Company started to carry out the spirit of today's recovery program *over three years ago!*

At that time, we put into operation a "share-the-work" plan, whereby our workmen cooperated in spreading the work to give more men jobs. By means of this plan, as well as by regulating hours of work per week to meet retail demand, and by building up parts stocks in lean seasons, it was possible to carry 33,000 men on our payroll through the depression. For eleven months of each year since 1929, we have kept our employment within 10 per cent of this average. We are justly proud of that record. We are also proud to say that Chevrolet workmen did not, at any time during the depression, become a burden on public welfare departments.

On August 1st of this year, Chevrolet announced a blanket wage increase as well as the adoption of a 7½-hour, 5-day week and the employment of 12,000 additional men. This wage increase was the second in the last 4 months, Chevrolet having been among the first to put a blanket wage increase into effect.

We feel that the President's recovery program deserves the whole-hearted support of every citizen and manufacturer in America. It is a bold, swift, courageous plan to start the ball rolling toward economic recovery. Its sincerity is unquestioned. Its objectives are admirable. And the direct, forceful steps the President and his associates are taking to make it a success, should stir the pride and admiration of every American.

We are proud and glad to do our part. And we are deeply grateful to the American people for the patronage that has enabled us to anticipate the present recovery program and to play our part today. After all, the immense number of men employed by Chevrolet is a direct result of the continued preference America has shown for Chevrolet.

CHEVROLET MOTOR COMPANY, DETROIT, MICHIGAN, Division of General Motors

# CHEVROLET

# SHARKEY, BEATING BACK AGAIN, WILL MEET LEVINSKY ON FRIDAY

## WILL FOLLOW BY BATTLING TOM LOUGHRAN

### EX-CHAMPION HOPES TO GET RETURN BOUT WITH ITALIAN

By CHARLES DUNKLEY  
Associated Press Sports Writer  
CHICAGO, Sept. 14. (AP)—Jack Sharkey, who never gave Horace Greely a tumble on the latter's suggestion to go west for golden glory, brings his comeback venture as a former world's heavyweight champion, to the middleweight tomorrow night, meeting King Levinsky, the colorful gladiator from Chicago's ghetto, in a ten-round bout at Comiskey park, the home of the White Sox.

It will be the first time that Sharkey has ever boxed in the middle west. The Chicago premiere of the fallen champion will be the start of the most pretentious comeback undertaken by a dethroned world's title holder. Twelve days after engaging Levinsky, Sharkey will meet one of his arch rivals, Tommy Loughran, the Philadelphia dancing master, in a 15-round skirmish in the Quaker City, on Sept. 27.

Beyond that, the former champion has visions of conquering a few more heavyweights and qualifying for a return battle with Primo Carnera, who knocked him out in six rounds, three months ago. He has hopes of fighting Carnera, either at Miami in February, or in New York next summer.

Win, lose, or draw, Levinsky will wind up taking a financial knockout tomorrow night, because Sharkey will receive a \$25,000 guarantee, with the privilege of 40 per cent of the gate receipts, while Levinsky, the reformed Maxwell street fish peddler, has no guarantee, and will get 20 per cent of what's left after Sharkey has been paid and all expenses met.

This is the second time that Le-

## Harvesters Are In New Positions To Try Strength

Coaches have made a few changes in the Harvester positions the last few days and, it is believed, for the better.

Civil's Heiskell, letterman end last year but center the early part of this season, has been taken out of the line and is working at fullback. Robert McAuley, Gorilla fullback last season and candidate for the same position this season, is working out at guard and is looking mighty promising. Pinnell, Hopkins boy, is replacing Heiskell at center and it looks like his natural position.

Pinnell has been tried in nearly every position on the team and he is looked good everywhere. He is a natural end, a nice kicker and passer, and can also carry the mail, but at center is where he looks best.

Additional cuts in the squad will be made early next week when the hard grind of the game with the McLean Tigers gets under way. The team is taking the game seriously and looking forward to the Oklahoma City game the following week.

The coaches will probably be ready to announce a starting lineup soon and also give the names of the first squad.

### VEAL CUT INEXPENSIVE

The breast or shoulder of veal is an inexpensive cut but one which is very nutritious. It makes delicious stews, meat loaves, or fricasseed dishes.

Levinsky has assumed the role of philanthropist. The first was in 1931 when he met Tuffy Griffith in the Chicago stadium, guaranteeing Griffith \$25,000. Levinsky took a ten round licking and got \$2,000 out of it. After he had paid off his help he had only coffee and doughnut money left.

Tomorrow night's bout will be promoted by Sammy Wolfe, nationally known Chicago ringsider, who has hopes that the gate receipts will reach \$50,000. He says it will cost him \$40,000 to stage the fight.

## Tech Backs in Grid Contests

LUBBOCK, Sept. 14 (Special)—Spirited battles for fullback and quarterback positions featured the opening of another football campaign at Texas Tech.

A quarterback to replace the departed Milton "Speedy" Moffett, for two years the top ranking signal center, passer, and broken field runner, is one of Coach Pete Cawthon's first duties. The other big job is to find a couple of fullbacks to take the place of big Harold Crites. As it stands now, no one man on the field is capable of doing the job as Crites did it.

The big fullback, now seeking a berth on the Chicago Cardinals professional football team, left three understudies who are glaring at each other with no little determination. Also there comes from the 1932 freshman team, one Ted Wilson of Tulsa, considered one of the fastest men on the team, and a good offensive back, to try for the line backer's job.

Leonard "Double-Ug" Curfman, a junior from Eletra; Gynn Dowell, towering three-year man from Royce City, and Marion Harris of Sallisaw, Okla., either of whom bends the scales to nearly 200 pounds, are other contestants.

Diminutive Adrian Clark, who punted S. M. U. to defeat here last year, was Moffett's main understudy at quarterback. Ed McKeever of Spafford has been shifted from a halfback to quarterback position and shows promise.

## TEXAS CHRISTIAN COACH IS AS USUAL VERY OPTIMISTIC OVER PROSPECTS FOR TEAM

Though He Lost Entire Line By Graduation, Schmidt Won't Sell Team Short.

By BILL PARKER  
Associated Press Sports Writer  
FT. WORTH, Sept. 14. (AP)—Francis Schmidt, Texas Christian university football strategist, is one of the game's unwavering optimists. He believes his Horned Frogs will finish at or near the southwest conference pinnacle.

The loss of seven players who were placed on the Associated Press consensus eleven last year has not daunted Schmidt. He lost his entire line from the 1932 championship aggregation and three regular backs. Still he opens the season Friday night in a non-conference game against Austin college with a smile and a warning to watch and see if you don't believe.

Six consecutive conference victories gave the Frogs last year's trophies. Ten wins and one tie established them as one of the really powerful teams among the undefeated. But graduations removed Johnny Vaught, the all-American guard; Ben Boswell, J. W. Townsend, Lon Evans, Foster Howell and Madison Pruitt, each who landed on the all-offense team. Blanton Spearman, Buster Brannon and the fleet "Red" Oliver are gone from the backfield, yet 38 candidates reported to Schmidt, each eager to fill the shoes of some departed star.

"I'm going to have a good football team," warned Schmidt. "I'll fool some of the boys who think my Frogs will be the weak team of the circuit. We haven't made any change in our coaching staff or system. Raymond "Bear" Wolf will assist me and have charge of the linemen. We will teach the same system that won last year's championship—a system that calls for a variety of plays ranging from passes to direct line plunges."

Schmidt shuddered when asked to name his probable lineup. But he knows that Captain Jack Graves will be one end. He admits that co-captain Jack Langdon will probably play a defensive end and offensive halfback. Cy Perkins, 190-pound senior, and Manuel Godwin, 213-pound tackle or guard, are two front wall men he is sure will come through.

John Kitchen, who rammed from fullback last year, looks as this season's quarterback. Jewell Wallace, a letterman, and Jimmie Lawrence are outstanding halfback candidates. Both are heavy, fast and are ideal backs for the Schmidt system. Taldon Manton, 179-pound plunger from the freshman ranks, is the most promising fullback.

"These boys are just some of the outstanding who have attracted my eye. From this bumper crop, I expect to play at least three non-conference games before determining my regular lineup. Then watch us bear down," commented Schmidt.

The schedule:  
Sept. 15—Austin College.  
Sept. 22—Daniel Baker College.  
Sept. 29—North Texas Teachers.  
Oct. 7—Simmons University.  
Oct. 14—University of Arkansas.

## SAN ANTONIO BACKS MILLER TO WIN TODAY

GALVESTON TO THROW HUTCHINSON INTO TOURNEY

SAN ANTONIO, Sept. 14 (AP)—Still rampaging at a terrific clip, the San Antonio Missions, rode into Galveston today with two straight victories behind them in the Texas loop championship playoff with the Buccaneers as a result of Hal "Hooks" Wittse's 5-1 triumph over the Pirates before 7,000 fans at San Antonio last night.

It was up to Abe Miller, right-hander to make it three straight at the Padres opened at Galveston. Manager Billy Webb of the Bucs, frantic over the failure of his club to go places against the hustling Missions, will use young Ira Hutchinson in an attempt to stop the San Antonians.

Wittse, aided by a hustling bunch of team mates, turned back Galveston in impressive style. He scattered eight hits over the nine inning route and never was in serious trouble.

San Antonio scored twice in the second once in the third and sewed up the battle with two more in the sixth. Galveston's lone run trickled across in the eighth.

## Public Program Of Philharmonic Club Is Planned

A constitution and by-laws for the recently organized Philharmonic Choir were adopted Tuesday evening, when the choir met for its weekly rehearsal and a business session. First public appearance of the group will be made Sunday evening, when the choir will sing at the Methodist church. Weekly rehearsals have been held at First Baptist church, since organization was completed last month.

The club now has a membership of 50, of whom 29 were present Tuesday for rehearsal under direction of Mrs. May Foreman Carr.

E. E. Plank, vice president, presided in the absence of the president, Bob Kolner, and appointed a membership committee. The constitution was submitted by the secretary, Mrs. Carl Sturgeon.

## FIGHTS LAST NIGHT

By The Associated Press.  
ST. LOUIS—Dave Barry, 124, St. Louis, knocked out Howard Scott, 128, Claremore, Okla. (3).  
MONTREAL—Pete Sanstol, 120, 1-2, outpointed Bobby Leitham, 119, Canada, (12). Roger Bernard, 129, 1-2, Flint, Mich., outpointed Jimmy Slavin, 135, New York, (10). Harry Gerson, 119, 1-4, Montreal, outpointed Joe Regis, 123 1-2, New York, (5).  
Youngstown (Ohio) Sheet and Tube company operates relief gardens for 1,000 families.  
Eighteen miles of draping material was used for decoration of buildings for this year's Tennessee Valley Industrial and Agricultural fair.

## CUBS DEFEAT GIANT NINE IN OPEN SERIES

DIZZY DEAN GETS HIS 20TH VICTORY OF SEASON

By HUGH S. FULLERTON, JR.  
Associated Press Sports Writer  
CHICAGO, Sept. 14. (AP)—Chicago's home loving Cubs were credited with a first down today in the drive toward their goal of six straight victories over the league-leading New York Giants and a real place in the National league pennant picture.

The Cubs weathered the difficulties of a rainy day, Carl Hubbell's pitching and what power the Giants' bats could muster to win the opener 2 to 0 yesterday. It started out to be a doubleheader but after delays that totalled more than two hours had kept a crowd of 20,000 hanging around until six o'clock to see the finish of one contest, the second was postponed, making a bargain bill today with another to follow tomorrow.

So far as the Giants were concerned the program was a wash-out. Their margin over the Cubs and the Pittsburgh Pirates, who also won a game, was reduced to 6½ games and while they still can clinch the pennant with only nine more victories in 17 games, even if the Cubs and Pirates should win all they have left, they would be ahead of Chicago by only a single percentage point in such an event.

Pittsburgh did its share toward climbing up on the Giants and holding a second place tie with the

Oct. 21—Texas A. & M. College.  
Nov. 4—Baylor University.  
Nov. 11—University of North Dakota.  
Nov. 18—University of Texas.  
Nov. 25—Rice Institute.  
Dec. 2—Southern Methodist.

## Hundred Golfers In Angelo Tourney

SAN ANGELO, Sept. 14. (AP)—Qualifying rounds in the fourth annual invitation golf tournament of the San Angelo Country club were underway here today with a field of 100. Weather was cloudy and cool. Match play begins Friday with the championship to be decided Sunday. Edgar O'Quinn of San Antonio is the defending champion.

The San Angelo Country club yesterday registered its fourth consecutive victory for the M. L. Mertz trophy, defeating a selected group of visiting players, 7 to 5. In play similar to the Walker cup matches, four two-ball foursomes, 18 holes, were staged in the morning and eight single matches in the afternoon.

Prof. J. C. Peel of Southern college, Lakeland, Fla., recommends a study of history and religion as a cure for economic ills.
