

Britain Urged To Join In Aid Plan For Iran

By JOHN A. SCALI

WASHINGTON (U)—The United States reportedly has urged Britain to join in an Anglo-American emergency aid program for strategic Iran to avert a possible Communist coup.

Secretary of State Acheson is reported to have made this plea in a memorandum to British Foreign Secretary Anthony Eden within the past 10 days.

Acheson is said to have stressed the need for quick joint action to keep Iran's vast oil resources from falling by default into Russian hands.

American diplomats who disclosed this to a reporter today indicated the British are decidedly cool to Acheson's idea, but apparently have not flatly rejected it.

Acheson told Eden, they said, the United States is prepared to give an immediate "token" grant of around five to 10 million dollars to Iran if Britain simultaneously would.

1. Buy the two million tons of refined oil and oil products now stored in huge tanks along the Persian Gulf. This would bring the Iranian government about 35 to 40 million dollars, at present world market prices.

2. Declare Britain's willingness to abide by international arbitration of its long-standing dispute with Iran over nationalization of the 14 billion dollar Anglo-Iranian Oil Co.

Under pressure from Washington, American and British diplomats are urgently exploring possible solutions to the British-Iranian argument. The oil dispute has

blocked the flow of petroleum to the West for 14 months and has choked off the Iranian government's main source of revenue.

Britain's coolness to the American idea, officials said, stems from a belief that to buy any oil would undercut Britain's legal argument that the oil already belongs to the British.

The British Cabinet is scheduled to meet in London today with Prime Minister Churchill to consider a reply to an invitation from Iranian Prime Minister Mohammed Mossadegh to resume oil negotiations.

Acheson's suggestion apparently was intended to guide the British in drawing up an answer. American officials believe that Mossadegh's regime, Nationalist as it is, represents the West's only hope of averting chaos. Further, they believe an emergency aid program is essential to stabilize conditions, pay civil servants and lessen the threat of a Communist-led upheaval.

Such an aid program, they reason, would also prove to Mossadegh that Britain and the United States intend to support his government and may persuade him to make concessions on his side.

Behind the American attitude is fear that Iran's oil would relieve a shortage now hampering the buildup of the Soviet war machine. Any Russian takeover of Iran also would put the Russian's astride the Middle Eastern corridor with particular threat to Turkey, Pakistan and India, and would seriously jeopardize Western defense plans.

The Dust Rolls In

A huge cloud of dust, reminiscent of the storms of the '30s, rolls across the Kansas prairie toward Kanopolis Lake in Salina. Bathers leave the lake shore as the storm, visible for miles, sweeps in to block out the sun and cut visibility to a minimum. A heavy rain storm followed the dust blanket, which was carried by high winds. (AP Wirephoto).

Farm Leaders Gathering To Ask Aid For Drought

By The Associated Press

Texas farmers and ranchers—already eligible for emergency federal loans—hoped to persuade the Governor Wednesday that they need still another form of drought-disaster aid from the government.

Farm leaders gathered in Austin for a meeting called by Gov. Shivers to consider asking the President to declare Texas a drought-disaster area under the terms of public law 875. This would authorize the Agriculture Department to bring livestock feed into sun-burned Texas from areas that have plenty of it.

Since last year the entire state has been designated a disaster area under Public Law 82. Under this law, the Farmers Home Administration makes emergency loans to drought-ridden farmers and ranchers. They've already received six million dollars worth of these loans this year.

The sun continued to bear down on the state as the farmers went to Austin to tell the governor about their parched pastures and hungry stock. The Weather Bureau said there was no hope of a break in the drought for days.

Two hundred West Texans, meeting in Abilene Monday, had asked Shivers to seek drought-disaster status for the state from the President.

The FHA loan program can be started on orders from the secretary of agriculture, and that was

done in 1951. But it takes a request from the governor to the President to shake loose federal funds for the feed-importing program.

Here's the way that disaster program would work. If the governor asked for it and President Truman okayed it.

The Commodity Credit Corporation would buy feed in areas which have surplus stocks and bring it to Texas. Then a committee, supervised by the CCC, would determine a fair price for Texans to pay. The cost of the feed to the government in excess of that price would be absorbed by the money available under Public Law 875. For example, these funds could be expected to take care of the freight rates for shipping feed into the state.

Texas' designation as a drought-disaster for FHA loans expires next

TRUMAN LINK CUT

Mitchell To Take Over Demo Reigns

By JACK BELL

WASHINGTON (U)—Gov. Adlai E. Stevenson's man Friday—Stephen A. Mitchell—takes over formal control of the Democratic National Committee today.

The action apparently severs just about the last direct link by which President Truman might influence the planning of Stevenson's campaign for the presidency.

A possible exception to this lies in the presence among campaign advisers of Secretary of Interior Oscar Chapman, an old friend of the Illinois governor's from early Roosevelt administration days.

Mitchell, 49-year-old Chicago lawyer whose only practical political experience was in helping get Stevenson elected governor of Illinois, takes over a well-heeled committee.

Frank E. McKinney, retiring chairman, said the Democrats already had bought more than 14 million dollars worth of radio and television time for the campaign. McKinney said the party needs more money, however, because of TV's high costs and the expenses of running a campaign train for Stevenson.

Sen. A. S. Mike Monroney of Oklahoma told a reporter the party needs not only more money but more speakers. Monroney heads the national speakers' bureau.

"If I could just get my hands on 50 good speakers right now I could sign them up immediately for 'appearances,'" Monroney said. He added that he expects more volunteers when the summer vacation season is over, but wants to get started as early as possible.

McKinney planned to lay before the Executive Committee, which will formally elect Mitchell as his successor, a detailed study of where he thinks the party should concentrate its efforts in this year's campaign.

The committee was expected to ignore a blast by Americans for Democratic Action, an independent pro-New Deal group supporting Stevenson, at party leaders in Congress.

In a direct swipe at Sen. Ernest W. McFarland of Arizona and Rep. John McCormack of Massachusetts, the ADA said in its publication: "Responsible leadership was not to be found in the selected heads of either party in either house. The Democratic floor leadership

was chosen more for its willingness to get along with the crowd than for its legislative ability or adherence to the Democratic party platform."

Both McFarland and McCormack are seeking re-election.

The ADA said, "The majority of the Republicans in Congress continued to follow the same old irresponsible leaders who for years have been leading the fight of isolation and reaction."

"The voters of Wisconsin and Indiana have an opportunity to remove the No. 1 carriers of the dread disease of McCarthyism from the Senate by refusing their support to McCarthy and Jenner," the ADA said, adding:

"Ken of Missouri, Bricker of Ohio, Ecton of Montana, Malone of Nevada, Watkins of Utah, Martin of Pennsylvania and Jenner are all up for election and their collective defeat would be a death blow to the forces of isolation."

Margaret's Guards Touched Nobody, White House Says

WASHINGTON, Aug. 20 (U)—The White House said today preliminary reports to it indicate "there is not one word of truth" in Swedish newspaper stories that Margaret Truman's bodyguards roughed up Swedish citizens.

Presidential Secretary Joseph Short told a news conference that both the State and Treasury Departments are looking into the matter.

He said their first reports indicated that "nobody was touched, threatened, or anything else."

He added: "Our preliminary reports indicate there is not one word of truth in any of the stories alleged to have been published in the Swedish newspapers. We, of course, haven't seen the Swedish newspapers, but wire service reports."

Short said the checkup hasn't been completed and the State Department is "getting reports from the Swedish police" which haven't arrived in Washington.

A Treasury made a check because the guards with the President's daughter on her European trip are Secret Service men. The Secret Service comes under jurisdiction of the Treasury Department.

Miss Truman arrived in Sweden last Sunday and left today for Finland.

During her stay, Swedish newspapers reported that the three Secret Service men with her were armed and were pushing Swedish citizens around in bullying fashion.

Soviet Union Will Offer New Plan At Party Session

J. Frank Norris Dies In Florida Of Heart Attack

FORT WORTH, Aug. 20 (U)—The Rev. J. Frank Norris, Baptist pastor who believed that a preacher "ought to stir up the devil," died today.

He was a tall, white-haired man who strode through many a stormy moment—including a murder trial where he pleaded self-defense and was acquitted.

Death came shortly after midnight in Florida. A son, the Rev. George Norris, said his father died apparently of a heart attack.

The pastor had gone to Florida Tuesday to attend a state-wide fellowship meeting. He was 74.

He was a leader in the organization of the Fundamental Baptist churches which established its world-wide headquarters in Chicago in 1937, with 3,000 churches affiliated.

He was pastor for years of two churches, 1,500 miles apart—the First Baptist church at Fort Worth and the Temple Baptist church in Detroit, Mich. Their total membership was approximately 20,000. He flew back and forth to serve both.

He resigned as pastor of the Detroit church in May, 1951, after 16 years there.

At the time of his death, the Rev. Norris was chairman of the trustees of the Bible Baptist seminary, which he helped found in Fort Worth in 1930; pastor of the First Baptist church of Fort Worth, where he had served 44 years, and director of the World Baptist Fellowship.

His church in Fort Worth covered almost a city block downtown. On Sundays his sermons were heard through downtown streets from loudspeakers outside the huge, barn-like auditorium.

He held revival meetings where he poured out diatribes against the damned.

"He preached one whole week on 'hell' until I could hear the walls of the damned and smell the smoke of their torment," were the words of Dr. I. E. Gates when Mr. Norris held a revival at the First Baptist Church in San Antonio where Dr. Gates was pastor at that time.

Mr. Norris himself said once, "Yes, sir, let me tell you something, friends—if a preacher is not stirring up the devil he is dead—already sold out."

J. Frank Norris—his full name was John Franklin—was a leader in the prohibition election in Texas in 1911. He set up a huge tent in Fort Worth for his sermons. One night it was cut to pieces. Early in 1912 his church burned.

At the grand jury investigation of the fire, anonymous letters threatening the minister and one of his deacons were introduced. The grand jury, holding that Mr. Norris had written the letters himself, returned a perjury indictment along with one charging arson.

When the jury acquitted him on the perjury indictment, his followers in the courtroom stood up and sang "The Old Time Religion."

The arson indictment was dismissed.

Such infections is the only sure road to a complete, as well as speedy, cure.

Foodhandlers in all Howard County cates and similar establishments are now required to have chest X-rays at least once a year.

Dr. C. A. Pigford, director of the Big Spring-Howard County Health Unit, says the licensing of foodhandlers in compliance with health laws requires the examinations. He is urging all food handlers to report for the chest pictures while the service is being made free of charge by the State Health Department.

Although neither state nor local law specifies that X-rays must be secured before obtaining foodhandlers' licenses, the statutes allow local health unit directors to specify requirements for the licenses. As a result, Dr. Pigford has added chest X-ray examination to the usual blood test required before health certificates are issued.

Doctors say early diagnosis of

Statute Slated To Abolish Politburo

By THOMAS P. WHITNEY

MOSCOW (U)—The proposed new statutes of the Communist party of the Soviet Union announced today provide for the abolition of the Politburo.

This startling reorganization of the Soviet governing structure was revealed today in an announcement that Russia's ruling Communist party would hold its first congress in 13 years on Oct. 5.

The announcement said the congress also would take up plans for a fifth five-year plan to increase Soviet industrial output 70 per cent by the end of 1955.

Western observers here considered the meeting, announced for Oct. 5, would be the most important held in the Soviet Union since the end of World War II.

In Western capitals officials and observers also saw the scheduling of the party congress as a major event, though they were reluctant to immediately speculate exactly what it might mean. For some time Westerners have considered that the failure of the Soviet Communists to call a party convention indicated possible weaknesses in the party structure at home. Today's announcement could mean that Russia's Communist rulers now feel they are strongly enough entrenched to face the party members.

The Communist congress was announced in a decree of the party's Central Committee, published today in all Moscow newspapers over the name of Prime Minister Joseph Stalin, the committee's secretary-general.

The announcement included directives the congress will be asked to approve for the new, fifth five-year economic plan. This, the party decree said, would cover the years 1951 through 1955.

The directives, which are expected to be the basis of the new economic goals the Soviet government will set, call for total Soviet industrial production to increase 12 per cent annually. By the end of 1955, total output would be 60 per cent greater than in 1950.

(As with previous Soviet economic announcements, today's pronouncement dealt only with percentages. The proposed directive gave no tonnages or other production quantities.)

Prime Minister Stalin presumably will attend the party congress and it was considered possible he might make one of his rare public addresses to the meeting. Stalin was the main speaker when the party congress met last in 1939.

A five-item agenda was listed for the forthcoming congress: 1. Report of the party's Central Committee, to be given by Committee Secretary Georgi M. Malenkov.

(Malenkov, a key member of the Politburo, in recent months has been widely considered in the West to be Stalin's heir. He is one of several secretaries of the Central Committee, and his selection to give the important committee report seems additional evidence of his dominant position in the Communist hierarchy.)

2. Report of the Central Inspection Committee of the party.

3. Consideration of directives on the fifth five-year plan.

4. Changes in the statute of the Communist party of the Soviet Union.

5. Election of central organs of the party.

Austin Firm Gets Road Job

An Austin firm, Collins Construction Company, submitted low bid Tuesday for U. S. 89 highway improvements west of Big Spring.

The bid of \$124,686 was well under the \$146,000 the highway department had earmarked for the project under its estimates.

Included in the work will be widening of the present highway by about two feet with asphalt concrete pavement to bring it to standard 24-foot width. Although there has been no official word to that effect, there has been speculation that the work will follow a pattern which would make the present highway serve as one leg of a freeway (divided highway) for U. S. 89.

Covered in the present program is the section of road beginning two miles west of Big Spring at the northwest corner of the West Air Force Base area and continuing westward for a distance of 11.6 miles to the Martin-Howard County line.

Shoulders for the road also will be widened and strengthened, according to plans announced previously by Jack Roberts, district highway engineer, in conference with the commissioners court.

Absentee Ballots Total 329 Here

A total of 329 absentee ballots were cast here for the Second Democratic Primary election, County Clerk Lee Porter has announced.

Absentee voting wound up here Tuesday. The election takes place Saturday.

CONSERVE WATER

Withdrawals during 24-hour period ending at 8 a. m. Wednesday: 3,020,000 gallons.

Maximum safe sustained withdrawal rate under existing conditions: 3,500,000 gallons per day.

DROP BACK-POINT?

Experts Surprised At New Estimates

By FRANCIS J. KELLY

WASHINGTON (U)—Congressional money experts expressed surprise today at President Truman's estimate that direct taxes on corporations this fiscal year will yield three billion dollars less than he had figured in his budget seven months ago.

However, among the few lawmakers available for comment on the revised budget estimates released last night, none challenged the possibility that the drop-back point has been reached.

Rep. Daniel A. Reed of New York, ranking Republican on the tax-writing House Ways and Means Committee, said it had been expected for some time that retail business has been lagging. He observed that such a condition could hardly exist without a backlash on manufacturers.

Rep. Herman P. Eberhart of Pennsylvania, a ways and means Democrat, called the decrease in the probable take from corporations "unexpected." He said his personal opinion had been that business tax receipts would have been somewhat higher than the January estimate of \$27,800,000,000.

The Budget Bureau's estimate of government income has run rather consistently lower than actual receipts in most recent years.

In his new look at the budget, Truman figured that not only receipts but spending and the year-

end deficit are coming down. For the fiscal year which ends next June 30, he lowered his estimate of receipts from 71 billion dollars to \$69,700,000,000; of expenditures, from \$85,400,000,000 to 79 billion dollars; and of the deficit, from \$14,600,000,000 to \$10,300,000,000.

One exception to the downturn was individual income taxes, which will bring in about 33 1/2 billion dollars, or half a billion more than the January estimate.

Truman said his current estimate that corporation taxes will bring in \$24,900,000,000 instead of \$27,800,000,000 was based on two factors: a lower estimate of corporation profits for calendar years 1951 and 1952, and added experience with the provisions of the excess profits tax of 1950 and last fall's tax increase bill.

All but 100 million dollars of the estimated \$6,400,000,000 decrease in expenditures was out of military funds, including foreign military assistance. Truman explained that there have been not only certain reductions in appropriations but "some slowing of military production resulting from the work stoppage in the steel industry."

Other segments of the budget made MIG-15 jets intercepted about 100 miles north of Pyongyang.

Planes from American carriers operating on the Korean East Coast hit the target first—shortly after noon. They were followed by Fifth Air Force fighter-bombers.

There were eight separate targets in the area, the Air Force said.

Returning pilots reported early claims of 58 buildings demolished and five damaged. Big explosions rocked the area as bombs smashed into ammunition stores. Flames raged through the target, a center of more than 300 buildings.

The warplanes struck as bright

Polio Record Hit In State

By The Associated Press

The highest number of polio cases ever recorded in Texas in a single year was reached last week as 214 new cases boosted the year's total to 2,784.

The total broke the old record of 2,778 cases set in 1950. With three and one-half months remaining this year, this means the grim new record will far exceed that of two years ago.

State Health Officer George W. Cox recalled today that he had foreseen a record-breaking year as early as last fall and had appealed for "permanent community sanitation campaigns in an effort to stem the tide." He renewed his appeal today.

Ammunition Supply Area Attacked By 200 Planes

By SAM SUMMERLIN

SEOUL, Korea (U)—The U. S. Fifth Air Force said today 200 Air Force and Navy warplanes today hit a Communist ammunition supply and troop billeting area on the Korean West Coast about 25 miles northwest of the Red capital of Pyongyang.

The Air Force said U. S. Sabre jets damaged one of four Russian-made MIG-15 jets intercepted about 100 miles north of Pyongyang.

Planes from American carriers operating on the Korean East Coast hit the target first—shortly after noon. They were followed by Fifth Air Force fighter-bombers.

There were eight separate targets in the area, the Air Force said.

Returning pilots reported early claims of 58 buildings demolished and five damaged. Big explosions rocked the area as bombs smashed into ammunition stores. Flames raged through the target, a center of more than 300 buildings.

The warplanes struck as bright

Cotton Harvest Is Started On Plains

LAMESA, Aug. 20 (U)—The cotton harvest is on in the South Plains. The first bale of cotton in Dawson County, and perhaps in the whole South Plains area, has arrived in Lamesa. The 503-pound bale came from 2,500 pounds picked from 40 acres on the Allen Adams land.

THE WEATHER

BIG SPRING AND VICINITY: Clear and continued warm into afternoon, tonight and Thursday.

Highest temperature: 82. Low: 58. Wind: light S. to S.W. 10 to 15 mph.

Next day: High: 80. Low: 55. Wind: light S. to S.W. 10 to 15 mph.

Stevenson Is Taking A Rest Until Friday

By DON WHITEHEAD
MINOCQUA, Wis. (U. P.) — Gov. Adlai Stevenson hid from the public and politicians today on a huge timbered retreat near here pondering his presidential campaign, and resting until Friday for the hard grind that lies ahead.

For the first time since his nomination in Chicago the Democratic presidential nominee could enjoy virtually complete isolation. Even his telephone number was unlisted. He agreed to see reporters in his hideaway at noon for a news conference—but then the gates were to swing shut again.

He will return to Springfield Friday and plunge into more pre-campaign work. There were indications the governor will open his Western tour with a speech Sept. 5 in Denver, headquarters of GOP presidential nominee Dwight D. Eisenhower.

Two GOP Congressmen Are Beaten In Primary Races

ALBANY, N. Y. (U. P.) — Two Republican congressmen, one of them a veteran of 13 years in the House, lost their races for re-nomination yesterday in New York State's fall primary election.

Rep. Edwin Arthur Hall of Binghamton, the veteran, was defeated by another congressman.

Rose Is Nominated For Congress Post

CHEYENNE, Wyo. (U. P.) — Robert R. Rose, on leave as assistant secretary of the interior, won the Democratic nomination for U. S. representative - at - large in the only contest in the Wyoming primary election yesterday.

Rose built up almost a 4-1 margin over his nearest competitor in the five-way race. Unofficial returns from 394 of 875 precincts gave him 8,000 votes. Mrs. Alice de Maurice Hammond of Cody, the first woman ever to run for Congress in Wyoming, was second with 2,357. The other candidates were State Sen. Frank M. Thomas of Cheyenne, 1,606; Carl A. Johnson, Cheyenne public accountant, 1,055; Sidney G. Kornegay, Cheyenne rancher, 463.

Sen. Joseph C. O'Mahoney, veteran Democrat, was unopposed in his race for re-nomination for a fourth six-year term. Republican Gov. Frank A. Barrett, former Wyoming congressman who became governor in 1950, was unopposed for the Republican senatorial nomination.

Wyoming has only one representative in the U. S. House.

Man Lives After Falling 13 Floors

MIAMI, Fla. (U. P.) — A man who plunged from the 13th floor of a downtown building and crashed through the roof and ceiling of an adjoining two-story structure was still alive today.

Police identified him as 41-year-old Charles R. Svoboda of Miami. Svoboda apparently hit the roof head first when he fell late yesterday afternoon. A hole about two feet square was found in the roof.

He suffered deep cuts on the head, broken arm, a broken right leg, and possible internal and brain injuries. His condition was critical. He regained consciousness at Jackson Memorial Hospital long enough to tell a nurse he felt "lousy."

Police said they had found no reason for Svoboda's leap.

Deodorant Sprayed On Hogs At Farm

SECAUCUS, N. J. (U. P.) — Secaucus pigs may not be social outcasts after today.

A New York firm is spraying a deodorant on the hog habitats of Charles Schoch's farm as an experiment.

If the secret scents wafted over his wallows stifle odors, says Schoch, all of the farm's 35,000 hogs probably will get the perfume treatment.

Schoch, president of the Stock Farmers Association of Secaucus, is confident of success. "Doris Duke has pigs that don't smell," he said. "After today we will have pigs that smell — like wisteria."

Woman Wins Over Man Across Street

NORWICH, N. Y. (U. P.) — Assemblyman Janet Hill Gordon trimmed the man across the street in winning the Republican nomination for re-election.

Mrs. Gordon, an attorney and a mother, received 97 votes in yesterday's primary against 86 for John R. Marshall, who lives across the way from her.

Near-Ambush

Film Actress Audrey Totter (above) was a passenger on a U. S. Army courier train in South Korea which South Korean communist guerrillas unsuccessfully attempted to ambush. Two men passengers were injured, but the actress, who is visiting Army hospitals, said she slept through the whole incident. (AP Wirephoto).

Alaska Is Safe From Attacks, AF Chief Says

ANCHORAGE, Alaska (U. P.) — Alaska is safe from enemy attack as a result of perfection of the "heartland concept" in the last two years, the acting chief of the Air Force told the Anchorage Chamber of Commerce Monday night.

Fresh from briefing on the latest problems and achievements in the defense program, Gen. Nathan S. Twining was introduced as the originator of the defense concept which has been set up to make the territory invulnerable to a surprise attack. He pointed out that Alaska is too big to plan defenses for every mile of the vast interior and extensive shorelines. The heartland concept was adopted to give the military a strong core near Anchorage and Fairbanks from which operations could be extended quickly to the far corners of the territory. "You can relax now for the first time because you are safe. Nobody is going to bother the place. And we are going to keep it that way. We are always plugging to get the job done," he said.

Gen. Omar Bradley, chairman of the Joint Chiefs of Staff, told the chamber he was encouraged by the progress made in Alaska's defense program.

"Three years ago I was considerably worried about what we had here," he said. "The short building season made it difficult to build defenses but when I see what we have here today I am encouraged. I am not worried the way I was."

Ex-Secretary Of Star Is Girl Who Prompted Raids

NEW YORK (U. P.) — Comedienne Martha Raye's former secretary was identified in newspaper reports today as the jittery girl friend who reportedly sent vice probes into cafe society circles after Minot F. (Mickey) Jekke.

Jekke, 22, heir to a multi-million dollar margarine fortune, was charged last week with compulsory prostitution as a city-wide crackdown on \$500-a-night call-girls reached its peak.

New York City newspapers today said that Patricia Ward, 19, gave police the information that led to Jekke's arrest. The reports said the pretty blonde is the mysterious "Miss X" who has material held in \$10,000 bail as a material witness and testified this week before a grand jury.

The district attorney's office could not be reached for comment.

Aly Kahn Flying To Chicago Tonight

HOLLYWOOD (U. P.) — Aly Khan is scheduled to fly tonight to Chicago after spending several days here visiting with his estranged wife, actress Rita Hayworth.

There was no word of a reconciliation. They have been seen in public numerous times in recent days, and yesterday lunched together near Rita's studio.

Higher Ceilings Due For All Metal Goods

WASHINGTON (U. P.) — Higher ceiling prices are in prospect for all metal goods.

The Office of Price Stabilization is drafting an order permitting manufacturers to hike ceilings on all products containing steel, aluminum and copper.

Officials say the regulation probably will come out within the next 10 days.

I got Conoco's NEW 1-2-3 "50,000 Miles No Wear" Service!

Now is the time for all smart motorists to discover how Conoco's great new "50,000 Miles—No Wear" Service helps engines last longer, perform better, use less gasoline and oil! This is exactly the same service that kept test cars new in Conoco's spectacular "50,000 Miles—No Wear" road test!

In that famous 50,000-mile test, with 1,000-mile drains and proper filter service, test car engines showed no wear of any consequence. In fact, an average of less than one one-thousandth inch on cylinders and crankshafts. Gasoline mileage for the last 5,000 miles was actually 99.77% as good as for the first 5,000.

Now you can get this same 1-2-3 "50,000 Miles—No Wear" Service, at your Conoco Mileage Merchant's, today!

Here's the Famous "50,000 Miles—No Wear" Service!

1 Your Conoco Mileage Merchant Will Drain Out Grit and Sludge, preferably while engine is hot! "Hot-oil" drains every 1,000 miles flush out grit, dirt, acid and contamination—leave your engine sparkling clean!

2 He'll Recondition Air and Oil Filters! He'll clean filter elements, replace dirty cartridges, record mileage. Every time hood is lifted, he'll check mileage to be sure filters have been serviced at proper intervals.

3 He'll refill with great Conoco Super Motor Oil! Conoco Super is fortified with additives that curb dangerous accumulation of dirt and contamination—protect metal surfaces from corrosive combustion acids—fight rust—and OIL-PLATE against wear.

PREDICTS VICTORY

Sparkman Returns To Alabama Home

By REX THOMAS

HARTSELLE, Ala. (AP)—A tenant farmer's son returned home as a Democratic vice presidential nominee today jubilantly forecasting victory in November and four more years of prosperity for the nation.

Sen. John Sparkman came back in triumph to the small North Alabama community where he was born 32 years ago in a house made of logs. It was the third and next to last day in a series of "week come home" celebrations that started in Huntsville Monday.

Sparkman journeyed here from nearby Albertville, his wife's home town, where he sought to step aside and focus attention on Mrs. Sparkman and their attractive daughter, Mrs. Tazewell Shepard.

But in a brief speech, he told the sun-scorched Albertville crowd that the Democratic party will win the presidential election "if we can go to the people of America and present the facts as they exist."

He promised just such a cam-

paign, both for himself and for Gov. Adlai Stevenson, the presidential nominee—a campaign free of "double talk."

Earlier, he stood on the bed of a truck at neighboring Arab, Ala., and confidently spoke of victory on Nov. 4 and of a South united once more behind the Democratic party.

And the election of Gov. Stevenson, he said, will bring a "continuation of that good day we have seen come to all of the country, and particularly this part of the country."

In Albertville, the vice presidential candidate wore a cotton boll in the buttonhole of his dark blue suit as a symbol, he called it, of his own career.

It was a mortgaged bale of cotton, Sparkman recalled, that gave him money to enter college, study law and thus get into politics.

Sparkman forecast at a barbecue in Albertville last night that the South would "show it still stands fast for what the Democratic party stands for."

Surprise

Iris Anne Fitch (left), 19-year-old State Department clerk, lets out a joyous shout on learning that she's Miss Washington of 1952 and the capital's representative in the Miss America contest at Atlantic City. Jeanine Pryor (right), one of nine finalists, appears a bit puzzled and perhaps a little disappointed. (AP Wirephoto).

Riding

THE GRUB LINE

With Franklin Reynolds

The misbranded and misrepresented "drouth emergency" meeting at Abilene Monday was down-right viciously cruel in the stupidity of those who engineered and manipulated it.

Representatives of West Texas counties went there with hope in their hearts that it would be a means of them pointing out the need for emergency funds by West Texas farmers and ranchers to provide them with groceries, gasoline, feed, seed, fertilizer, and other incidental and very essential home operating expenses.

They sought bread and were tossed, not a stone, but a bale of hay. They didn't even get a kind word of encouragement even though that word may have been nothing more than a political promise.

The meeting was purely a Department of Agriculture project. Most of those in attendance were employees of the various bureaus and divisions of the Department of Agriculture. They may not have gotten express orders to be there, but in the exercise of a better discretion they were there. The program was manipulated wholly by men drawing their pay in full or in part from the Department of Agriculture.

Representatives of West Texas drouth-stricken counties who went there had visions of some prospect for groceries and winter fuel and clothing and medicine and stock feed for the families of farmers who need such assistance. All they were promised was a limited amount of alfalfa or mixed hay at \$40 a ton, provided Governor Shivers can be forced to write President Truman a letter asking that the entire state of Texas be declared a disaster area. Obviously the entire state of Texas is not a disaster area.

Under Secretary of Agriculture McCormick could have told us as much if he had simply written us a postal card. This is a national election year: Washington sees Texas as a "doubtful" state, and so in addition to being invaded by pink bollworms we are also being invaded by the politicians.

A few weeks ago there was a Bracero meeting at Lamesa. The under secretary of labor was there. He did no more than repeat statements that can be found in a mimeographed sheet available at any office of the Texas Employment Commission. Both he and McCormick talked down to West Texans as if West Texans are the stupidest people on earth. But now West Texans know where the stupidity runs rampant.

Texas will have to take the initiative in getting any relief funds (which are apparently now limited to a few bales of hay) McCormick said. In making this statement he ignored the fact that Washington has always been willing to take the initiative in taking tax money away from the farmers and ranchers.

The meeting also gave McCormick an opportunity to put in another plug for livestock price supports, the great evil that Texas livestock men have consistently and courageously opposed. By insinuation and innuendo he told them that they had followed the advice of Secretary Brannan instead of their own better judgment they wouldn't be in such a mess as they are in today.

The story went out of that Abilene meeting stating that "200 ranchers and farmers" were asking Governor Shivers to act. That was untrue. As a matter of fact the West Texas Chamber of Commerce representative was denied admittance to that meeting by being told it was a closed meeting open only to PMA, FMA, SCS, the Extension Service and other agencies of the Department of Agriculture.

It was a stacked meeting. The vast majority of the "farmers and ranchers" who voted that call upon Governor Shivers were employees of the U. S. Department of Agriculture who were acting under

orders either actual implied in the notice of the meeting they received.

That meeting was nothing more than a raw effort to make political capital of the distressful drouth conditions from which West Texas farmers and their wives and children are actually suffering.

West Texas farm children can't eat hay, even if it is No. 1 alfalfa and they can't weave No. 1 alfalfa into school clothes, either, even if it is hay "made" by Secretary Brannan's Department of Agriculture.

But Allan Shivers wasn't to be caught napping. He immediately called a conference and timed it for 3:30 p.m. today. By telegram he expressly called for McCormick to be present.

Governor Shivers may send that letter to President Truman, the Department of Agriculture may recommend that the entire state of Texas be declared a disaster area. All that may happen and if when it does it won't mean anything except that baled hay will be available at \$40 a ton.

The unanswered question remains: What if anything does the Department of Agriculture propose to do (besides playing politics) about the drouth situation in West Texas?

Is the Department of Agriculture planning on making emergency disaster loans available to thousands of West Texas farmers through the FMA or otherwise?

What is the Department of Agriculture willing to do other than provide baled hay and talk?

Polio Is Waning In State, But Still Claims Victims

By The Associated Press

Polio waned in Texas as the third week of August neared an end, but the mystery disease still killed and crippled.

A five-month-old baby girl, Linda Darnell Adams of Stockdale, died in San Antonio. And in Houston 16-year-old Charlotte Key of Alvin became Houston's 10th non-resident polio fatality of the year.

Meanwhile, the new anti-polio drug, anidole, was continued in treatment at Houston of Barry Bishop Jr., University of Texas student and son of the U. S. Embassy's press attache in Mexico City.

Bishop was reported "holding his own" after several days of anidole injections but still in a critical condition. He has regained consciousness and has moved toes of one foot since the treatments were started.

It was decided Tuesday not to administer the new drug to Raul Rodriguez Beltran of Havana, Cuba. A physician from Hedgesville Clinic, where young Bishop is under treatment, flew to Havana to examine the boy, nephew of Jose Noval. He said Tuesday night, however, that the youth was "over the worst part" and the use of the new Mexican drug is not indicated.

Two new polio cases were reported in Houston Tuesday, raising the total for the year to 357 city cases and 12 deaths, 226 county cases and eight deaths, and 211 non-resident cases and 10 deaths.

The 1952 Dallas County total for

the disease rose to 248 cases Tuesday when a 27-year-old Grand Prairie man was admitted to Dallas' Parkland Hospital. The patient was Grand Prairie's 23rd polio victim, giving the town a definite epidemic incidence with one case in each 578 population.

Already Dallas County has exceeded the total number of cases for the entire year of 1951. But only 18 cases were reported during the week ending Aug. 16, indicating a downward trend in incidence.

San Antonio recorded its 119th case of the year Tuesday. The Alamo City had one new city case and three non-resident cases under treatment Tuesday night. They included 13-year-old and 8-year-old boys, a 19-year-old soldier from Fort Sam Houston and an 18-year-old girl.

French Liner Will Delay Next Crossing

NEW YORK (AP)—The Flandre, France's newest liner which has been beset by troubles throughout her first voyage, will not make another transatlantic crossing until Dec. 11.

The French Line announced here yesterday that 11 sailings were being canceled because of repairs to the ship's needs.

On her recent maiden voyage, the Flandre was delayed by various mechanical difficulties and had to be towed to her pier here after arriving in the harbor.

PAYLOAD

-1195 extra pounds of it!

—to cut your costs, increase your profits!

GMC engineering brings you this great new Model 470 highway tractor that hauls up to 1,195 pounds more cargo than any other vehicle in the 45,000 gross weight class.

Here are the reasons why. It will pay you to study them carefully.

Sensational new engine. Model 470 is powered by GMC's new 145 h.p. valve-in-head "362" engine—the most powerful gasoline engine for its weight in truck history.

Maximum power-to-weight ratio. The "362" engine weighs as much as 500

pounds less than other engines of comparable power, due to new high efficiency design.

Highest Compression—7.2 to 1—exceeds any other standard gasoline truck engine, accelerates faster. Delivers full power at an easy-stroking 3,200 r.p.m.

More ton-miles per gallon—less dead weight in engine and chassis means more profit in every mile.

Highest payload capacity—upwards of one-half ton greater than any other tractor of the same GVW rating.

Price—the biggest surprise of all. Compare the price you have to pay for this pace-setting GMC against the field. Nowhere else will so little buy so much in a 3- to 4½-ton tractor.

Why not come in and see for yourself!

MAC NOMINATED

Texas Has A New Political Party

By The Associated Press

Texas had a new third party Wednesday and voters of the state could vote for Gen. Douglas MacArthur if they prefer him for President.

The chairman of the new group, the Christian Nationalist Party, told the Associated Press that MacArthur's name would be entered on the general election ballots of 28 states.

Meanwhile, the two candidates in the Texas' only state-wide runoff campaign vigorously for decisive votes in Saturday's second Democratic primary.

At Houston, Spurgeon Bell expressed confidence in his race for Place No. 1 on the State Supreme Court. And in San Antonio, Judge Frank Culver of Fort Worth said he would beat the Harris County man.

Culver said two other Supreme Court candidates had switched their allegiance to him for Saturday's runoff. Culver, who led his opponent by about 8,000 votes in the July primary, said the only issue in the race were qualifications and experience. He predicted "certain victory" for himself Saturday.

He planned to be in Austin Wednesday and in Waco Thursday.

In Austin, Weldon Hart, state Democratic Executive Committee secretary, told counties undecided about holding elections Saturday that all he could do was quote the law.

The state's new election code says all counties must hold a second primary election Saturday even if it's just to decide state and district races. There seemed to be some doubt whether the law meant what it said.

Article 185 of the Election Code says in part:

"If all candidates for county and precinct offices are nominated within the county at the first primary election, it shall still be the duty of the county executive committee to hold a second primary election for the purpose of nominating district and state candidates."

Some Texas counties decided all their county and district races in the first primary, leaving only the race for Supreme Court between Culver and Bell.

Two of the counties are Runnels and Concho. Runnels County Chairman Homer Hudgins and Concho County Chairman Frank Coker both have said no elections are set for their counties Saturday.

Some Capitol sources well informed on Texas' election code privately expressed doubt that the coun-

ties could be forced to hold an election under the circumstances or that failure of a county to hold an election would constitute grounds for a contest.

One source who asked not to be quoted said a candidate would have to show damage to win a contest and it would be difficult to prove damage with no way to show how the election might have gone had it been held.

A. V. Grant, St. Jo attorney and oilman and chairman of the new "MacArthur Party" said both General D. Eisenhower, GOP candidate, and Illinois Adlai Stevenson, Democratic candidate for President, "represent the same foreign policy."

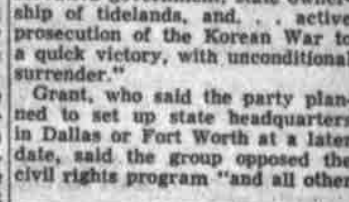

"In our opinion," Grant said, "the other party candidates do not represent the best interests of America."

He said MacArthur and Jack B. Tenney of Los Angeles were put on the Christian Nationalist ticket without their prior approval. "We drafted them," he explained.

The St. Jo men said his party favors "strict constitutional, conservative government, state ownership of tidelands, and... active prosecution of the Korean War to a quick victory, with unconditional surrender."

Grant, who said the party planned to set up state headquarters in Dallas or Fort Worth at a later date, said the group opposed the civil rights program "and all other

Landscaping Workshop Program Announced

The program for a two-day workshop on landscaping problems, to be held here Sept. 3 and 4, has been announced by Mrs. Eugenia B. Toland, home demonstration agent.

Sadie Hatfield, home grounds beautification specialist of the A & M College Extension Service, will conduct one of the five sections to be held each of the two days. Her topic will be "Planning the Home Grounds."

F. E. Keating, superintendent of the U. S. Experiment Farm, will be in charge of a section, "Shrubs for the Southwest," and Grady L. Randel, farm foreman, will have "Trees and Windbreaks."

Other sections will deal with "Insect Control on Ornamentals" and "Making Cuttings and Cutting Beds."

Home demonstration and garden club members and all interested persons are invited to attend the workshop. Invitations have been issued to these groups over the 12-county area.

Arrangements are being made by Mrs. Toland with the assistance of Mrs. Aubrey Russell of Lubbock, District 2 agent, Local Garden Club and home demonstration club members will be in charge of registration.

Co-operating in the staging of the

event are the Texas A&M Extension Service, the Big Spring Garden Club, Howard County Junior College and the Experiment Farm.

The program will begin each day at 9:30 by assembly at the college. The group will break into five sections at 10 for sessions until 11:30.

A special attraction will be a lecture from 1 to 2:30 p. m. in the auditorium by Mrs. Albert Morrow of Morton, a national judge and teacher of flower show schools, who will give a demonstration on flower arranging.

From 2:30 to 4 the same sections will be held as in the morning, allowing anyone who attends to get in as many as three a day. The same program will be given the second day.

Dr. W. A. Hunt, president of H&C, will give the welcome address at the first morning's assembly, and B. M. Keese, registrar, will extend the greetings on the second day.

All the sections will be held at the college with the exception of the two by Experiment Farm personnel, which are to be given at the Farm.

All interested persons are invited and urged to attend, particularly those with landscaping problems.

Mrs. G. A. Barnett Jr. Is Honored With Shower

Mrs. G. A. Barnett Jr. was honored Tuesday morning with a pink and blue shower in the home of Mrs. F. H. Talbot, 105 Canyon Dr. Co-hostesses were Mrs. Hershell Petty, Mrs. E. C. Boatler and Mrs. Dalton Mitchell.

A yellow and green color scheme was carried out and the lace laid refreshment table was centered with an arrangement of small yellow daisies surrounded by green tulle.

Mrs. G. A. Barnett Sr. and Mrs.

Jack McDaniel served. Attending were Mrs. Anna Nicholson of Dallas, grandmother of the honoree; Mrs. Arthur Pickle, Mrs. R. V. Middleton, Mrs. Charles Buckner, Mrs. W. S. Talbot, Mrs. R. Gage Lloyd and Rebecca, Mrs. A. A. Porter and Lynn, Mrs. Hank McDaniel, Mrs. Sam Baker.

Mrs. Rupert Halbrook, Mrs. Harold Jones, Mrs. John Fort, Mrs. Catherine Eberly, Mrs. T. F. Rountree, Mrs. Curtis Boyd, Mrs. A. O. Maynard and Mrs. Steve Tamsett.

Mrs. O. E. Hamlin Honored At Surprise Housewarming

LUTHER, (Spl) — Mrs. O. E. Hamlin was honored Tuesday afternoon with a surprise housewarming.

Hostesses were Mrs. Louis Underwood and Mrs. L. C. Underwood. Attending were Mrs. Vergil Little and Betty Lou, Mrs. Ralph Proctor, Gwen and Lanny, Mrs. Holbert Fuller, Mrs. L. L. Underwood, Mrs. Alden Ryan, Mrs. F. P. Scott, Hazel Johnson, Mrs. W. H. Turner, Mrs. Ruby Simpson and Nolan.

Mrs. W. B. Puckett, Mrs. W. D. Anderson, Lloyd Underwood, Mrs. Leona Smith, Mrs. G. D. Rainbolt, Mrs. Meda Owens, Carolyn Underwood, Mrs. Melvin Anderson, Mrs. Nolan Stanley and Mrs. Bus Lloyd.

Connie Crow entertained a group of friends with a party in the home of her parents, Mr. and Mrs. O. R. Crow, recently.

Attending were Ted Scott, Bill Hanson, Tom Lockhart, Ellen Morton, Jean Morton, Howard Smith, Quentin Stanley, Louise Burchett, Nolan Simpson, Edwin McMurray, Earl McMurray, Janice Williamson, Bill Crow, Henry Williamson, Sandra Crow and Mr. and Mrs. E. R. Williamson.

The Rev. Gaston Green of Nocona is conducting a revival at the Bethel Church.

The Rev. and Mrs. Clyde Arender of Big Spring are in charge of the music for the services.

Russell Williamson and Forrest Moore of San Antonio visited Russell's parents, Mr. and Mrs. E. R. Williamson, over the week end.

G. B. Smith, who has been serving with the armed forces in California, returned home Sunday. Ellen Morton visited Connie Crow Sunday.

Party Honors Tot On First Birthday

Marsha Diane McCoslin celebrated her first birthday with a party given by her mother, Mrs. Vernon B. McCoslin, at their home at 1011 Wood.

Pictures, balloons and military suckers were favors and refreshments were served to Jody Carol and Chris Mittel, Johnnie Sue Lee, Vickie and Steve Cofer, Lucile Thornton, Myra Marco of San Antonio, Lonnie McCoslin, Mrs. Oliver Cofer and Mrs. J. C. Mittel Jr.

DESIGNING WOMAN

Contemporary Furniture Cuts Down On Cleaning

By ELIZABETH HILLIER

Why leave it up to appliances and kitchen equipment to save homework and time? Furniture has trouble- and time-saving talent, too. Stand-out furniture in simple contemporary design can cut down hours of room grooming, especially when super-sturdy materials make it damage-resistant and easy to clean. Here a table top, and both the top and the door of a sideboard are made of Formica. The knobs on the door are Formica, too. This very durable, heat-resistant material is as decorative as it is practical in this smart new furniture, and is combined in an unusual way with walnut and metal.

The walnut is finished in its natural color or bleached and the Formica and the metal is black. The table extends with the addition of leaves to seat twelve and the trim little foam rubber cushioned chair is a new winner of Good Design honors. This is a preview of a new idea by designer

Greta Magnusson Grossman that was introduced last month in the home furnishings shows in Chicago and California. You'll see it in coming fall showings in stores.

Poodle Yarn Jacket

It has the new bulky look, is light as a feather, warm, comfortable, handsome in its snowy whiteness — and best of all completely stunning when worn with a gay little dancing frock, with slacks with shorts. Versatile as it is, it's very simple knitted, has a seam under the arms, turned-back cuffs and a roll collar. Try it in white, in vivid colors, in navy or black for winter comfort wear! Sizes small, medium and large are included in the knitting instructions.

Send 25 cents for the KNITTED "POODLE YARN" JACKET (Pattern No. 523) complete knitting, finishing instructions, YOUR NAME, ADDRESS, PATTERN NUMBER to CAROL CURTIS.

Big Spring Herald Box 229, Madison Square Station New York 10, N. Y. Patterns ready to fill orders immediately. For special handling of order via first class mail include an extra 5 cents per pattern.

P-TA Holds All-Day District Workshop Here

Mrs. Raymond Leggett of Midland, district Home and Family Life chairman, presided over a 16th district P-TA leadership training workshop held here Tuesday.

The all-day workshop was held in the High School cafeteria. Florence McAllister, area supervisor for Home and Family Life of the Texas Education Agency, discussed the need for adult education, the unlimited material available and the necessity for each family having goals toward which to strive.

Mrs. J. J. Black of Midland, district president, conducted a "buss" session on the topic, "What Do We Expect To Get?" and A. C. Murphy.

of the extension division of the University of Texas, from Austin, showed a film, "Working Together," which was followed by a question and answer period.

Lola Tullus, also of the extension division, discussed "How To Organize," and Mrs. Stanley Erskine of Midland, state council chairman, spoke on "Techniques for Program Planning."

Charles Matthews, director of curricular service for the Midland public schools, spoke on "How and Where To Get Materials for Adult Education."

The group lunched at the Wagon Wheel. The 45 P-TA members who attended represented units at Snyder, Midland, Odessa, Courtney, Foran, Ackerly, Colorado City, Coahoma and Big Spring.

Mrs. W. N. Norred, president of the local City Council of P-TA, was in charge of registration, assisted by Mrs. Elvis McCrary, council secretary; Mrs. Alton Underwood, district secretary; and Mrs. W. L. Vaughn, council Home and Family Life chairman.

Thelma Braune Is Elected Captain At Rebekah Meeting

Thelma Braune was elected team captain at a meeting of the Big Spring Rebekah Lodge Tuesday evening in Carpenter's Hall.

Mrs. Braune urged all members of the team and other interested persons to be present at the lodge meeting next Tuesday evening when the group will start practicing for the West Texas IOOF Association meeting to be held in Crane in October.

The meeting of the Sovereign Grand Lodge will be held in Dallas Sept. 13-19 it was announced. Irene Gross, noble grand, presided over the short business session.

Marian McDonald Gives Devotional

From Psalms:37 came the text for the devotional given by Marian McDonald at the meeting of the Fannie Stripling Circle of the First Methodist Church Monday afternoon in the home of Mrs. O. B. Patterson, 1000 Goliad.

A Mrs. Maulding conducted the study on "How the Church Can Serve the Family."

The next meeting will be at the church. Refreshments were served to 13.

Knights Of Columbus To Have Open Meet Wednesday At 8 P.M.

Paul Jenkins, publicity committee chairman and reporter, has announced that there will be an open meeting of the Knights of Columbus Wednesday at 8 p.m. at St. Thomas Catholic Church.

Purpose of the meeting will be to nominate a deputy Grand Knight and a recorder.

All interested Catholic men are invited to attend and refreshments will be served.

Preas Brothers Are Honored With Birthday Party

Ray and Tim Preas were honored on their 11th and eighth birthdays respectively by their mother, Mrs. O. R. Preas, with a party in their home.

The birthday cake, iced in pink and decorated with blue candles, was served to Johnny and Danny Kennemur, Harry Musick, Hazel King, Linda, Beverly and Jean Franklin, Troy Thetford, Jackie Snow, Patsy Sue, Billy Donald and Loretta Snow, Charlene Preas, Norma Yates, G. W. Preas.

Mr. and Mrs. W. O. Maxwell, Mrs. J. A. Savell, Mrs. F. H. Franklin and Mrs. O. L. Snow.

Modern Way to Control Roaches, Ants

Scientists Discover New, Easy Way To Kill Crawling Insects

WHY be bothered with crawling insects any longer? Now there is no need to tolerate roaches, ants, waterbugs or silverfish.

Science has just come forth with a new discovery, a colorless, odorless, stainless coating that controls these pests and that stays effective for months. It is called Johnston's NO-ROACH.

Just brush this liquid near cabinets, sink, and baseboards to kill roaches and silverfish. Applied to these spots, the coating attracts roaches. They will walk across it, contacting the chlordane. Within two or three hours they become paralyzed and die. The coating stays effective for months to kill any strays and thus prevent re-infestation.

To kill the waterbugs that crawl into your home from sewer pipes, brush NO-ROACH around the drain openings in your basement.

Effective for Months

To keep ants out of your home, brush NO-ROACH across window sills and door sills. Ants will not cross this invisible barrier. Pour a few drops into ant hills to eliminate their nests.

Roaches and ants are found near food and cooking utensils where contaminating sprays should not be used. Just brush Johnston's NO-ROACH where you want it, without having to move your pots and pans. Guard against crawling insects this modern NO-ROACH way.

Prices are 8 oz. for \$94, pint for \$1.49, and a quart for \$2.98.

AREA OIL

Tests Appear To Define Hobo Field On The Southwest Side

Defining of the Hobo pool on the southwest appeared probable Wednesday on the basis of a series of tests for Standard of Texas No. 14-1-E-6 T. L. Griffin in southeastern Borden. Salt water had been cropping up on the tests in the reef top.

Abandonment was ordered for a southeast Sterling County exploration.

Top of the Devonian and Woodford shale was picked in a northeast Dawson exploration.

Borden

Standard No. 14-1-E-6 Griffin, 467 from the north and 1,960 from the east lines of section 35-25, H&TC, half a mile southwest of production in the Hobo field, was taking a drillstem test from 7,149-62. Previously it had taken a drillstem test from 7,150-7,155 with the tool open two hours. Recovery was 35 feet of oil cut mud. Another drillstem test was taken from 7,151-59 with the tool open four hours, resulting in recovery of 80 feet of oil and water cut mud and 10 feet of mud cut salt water. Still another test was taken from 7,151-61 with the tool open four hours and 34

minutes. Recovery was 165 feet of mud-cut salt water and a trace of oil.

Superior No. 14-388 Jordan, et al, 1,980 from the west and 660 from the south lines of section 36-27, H&TC, in northeast Borden, progressed to 2,447 in time.

Dawson
Cities Production No. 1-B Levrett, C NW SW 3-4 Cunningham, drilled at 555 in redbeds.

Fred Shields No. 1 Galbraith, C SE SE 7-M, EL&HR, was at 8,408, fishing.

Sinclair No. 1 Scott, C SE SE 10-1-M, EL&HR, was at 12,264 in the Woodford shale and chert. Top of the Devonian shale was picked at 12,115 and the Devonian at 12,164 on an elevation of 3,005.

Glosscock
Sinclair No. 1 G. T. Hall, C SW NW 6-24-2s, T&P, drilled below 5,727 in lower Permian lime and shale.

Turner No. 1 Currie, C SW SW 4-3-2s, T&P, was below 5,979 in shale.

Youngblood & Forsee No. 1 Hodges, C NE NE 42-52-5s, T&P, drilled to 3,242 in lime.

Phillips No. 1-C McDowell, C SW NE 31-33-2s, T&P, was at 931.

Murphy Corporation No. 2 Covey Gowan, 660 from the south and 1,985.5 from east lines section 19-35-4s, T&P, Driver pool, pumped 24 hours after 6,000 gallons hydrate. It made 14.8 per cent water and 27.40 barrels of oil. Gas-oil ratio was 487-1, elevation 2,652.6; top pay 6,514, total depth 6,514, the 7-in at 6,085.

Howard
Cosden No. 1 Chester Jones, C SE NW 5-25, H&TC, two miles east of Vincent, was at 1,325 in shale.

Cosden No. 1 Read, C NE NE 22-30-1s, T&P, progressed to 4,470 after completing a fishing job.

Standard of Texas No. 1 Jones, seeking the San Angelo shallow zone around 2,900, was reported to be below 2,800. Location is 330 from the south and 1,650 from the west lines of section 29-20, LaVaca.

Lynn
Great Western No. 1 Williams drilled to 5,252 in lime.

Martin
Gulf No. 1-J Glass, C SE NW 12-30-1s, T&P, was past 9,601 in shale.

Rev. Carter Is Moving To Hanna

The Rev. Charles Carter, who has been pastor of the Lakeview Baptist church in eastern Martin County for the past three years, has begun his ministry with the Hanna Baptist church in Jones County.

He preached his first sermon last Sunday at the Hanna church and will lead in revival services starting there Sunday.

During his ministry at Lakeview, membership of that church gained from 25 to 120, and the congregation now has a brick and tile plant debt free.

The Rev. Carter, a 1950 graduate of Hardin-Simmons University, was reared in Big Spring.

No Injuries Result From Two Mishaps

No one was injured in either of a pair of traffic mishaps occurring about 9 a.m. today.

Involved in a collision at Eleventh Place and State were a motor scooter operated by James Kenneth Hibbs and a car driven by Helen D. Green, police said.

Officers also investigated a mishap involving a truck and a parked automobile at 113 W. 1st. Truck was operated by William Riley Weatherford, 700 Runnels, and automobile is owned by Thomas Edwin Jordan Jr., the accident report shows.

234 LaSalle C&L, continued swabbing above plugged back depth of 8,320 but reported no gauges.

Plymouth No. 1 Morris, a mile and a half northeast of Stanton, continued shut in, awaiting repairs.

Midland

Skelly Oil No. 3 L. H. Shackelford, 660 from north and 1,372.3 from west lines section 18-37-4s, T&P, Driver pool, flowed 12 hours through half-inch choke after 10,000 gallons fracture to rate 308 barrels of 36.2 gravity oil and no water. Tubing pressure was 75, gas-oil ratio 582-1, elevation 2,751 DF; top pay 7,240, total depth 7,376, the 7-in. at 7,230.

Texas Alberta Oil Corp. No. 3-H L. H. and Jay H. Floyd, 2,010 from west and 664.2 from south lines section 26-37-3s, T&P, Tex Harvey pool, flowed 24 hours through half-inch choke after 9,000 gallons fracture. It made no water and 167.74 barrels of 37.8 gravity oil. Casing pressure was 60, gas-oil ratio 932-1, elevation 2,654 DF; top pay 7,052, total depth 8,029, the 3 1/2-in. at 8,024.

Sterling

Humble No. 1 Dayvault, C NE NE 13-15, H&TC, swabbed only salty sulphur water from the upper San Andres at perforations ranging from 1,370 to 1,404 at three levels. Operator was pulling pipe and will plug and abandon.

Posse Returns Assessments

A return of assessed monies put into the Howard County Sheriff's Posse was voted by the posse membership at a special meeting Tuesday night.

Distribution was made after the receipt of \$31,500 from the federal government as the government's tendered payment on the posse taken over for incorporation into Webb Army Base. The government instituted condemnation proceedings against the posse, and submitted the \$31,500 as its appraisal of the property value.

The organization has filed cross action in the condemnation proceedings, however, asking \$150,000 for the land. This case is due to be heard in Federal Court this fall.

The government's payment of \$31,500 does not affect subsequent payment if the court orders attorneys have advised the posse. It was therefore decided to return assessments that members have made. One hundred and ten members are getting their original assessment back, this sum totaling around \$26,000. The organization voted to retain other money to handle the federal litigation.

State Officer Speaks To B&PW Club

Mrs. Adelle V. Payne of Colorado City, third vice president of the State Business and Professional Women's organization and chairman of the state educational program, was guest speaker at the dinner meeting of the B&PW Club Tuesday evening at the Wagon Wheel.

Lorene Williams, chairman of the education and vocational committee, was in charge of the program.

Mrs. Payne conducted a workshop on general club problems, both civic and individual, and reported on the national biennial convention held in Boston.

Attending were 33 members.

Convention Slated In San Antonio

ST. LOUIS, Aug. 20 (AP)—The Catholic Central Verein of America, a lay organization, plans to hold its annual convention in San Antonio, Tex.

Other action yesterday at the 97th annual session included the election of Frank Gittinger of San Antonio.

MARKETS

NEW YORK, Aug. 20 (AP)—Railroads ordered leadership in an advance today but the rest of the stock market refused to follow along.

The railroads were ahead fractionally and the remainder of the list moved up or down within a range of less than a point.

Nonferrous metals also advanced a bit. Metals held steady. Motors were mixed, silver unchanged to a shade lower. Commodities were mixed.

Goldsmith lost a fraction. The company reported a net profit of \$1.10 a share as compared with \$1.19 a share earnings in last year's first half.

COTTON
NEW YORK, Aug. 20 (AP)—Cotton prices were 35 cents to 41.10 a bale lower than the previous close, Oct. 24, 1951, Dec. 24, 1951 and March 24, 1952.

LIVESTOCK
PORT WORTH, Aug. 20 (AP)—Cattle 4,300; slaughter steers and yearlings steady to weak. Cows steady to 25 cents or more lower, bulls steady to 25 cents down. High grade steer calves and calves strong to 25 cents or more higher and other steers held steady. Good and choice slaughter steers and yearlings \$12.00-\$13.00; medium and medium calves \$11.00-\$12.00; medium, good and choice steers and feeder steers and calves \$11.00-\$12.00; stockers \$11.00-\$12.00.

Sheep 4,200; medium, fully shorn; good and choice slaughter steers \$12.00-\$13.00; medium and medium calves \$11.00-\$12.00; medium, good and choice steers and feeder steers and calves \$11.00-\$12.00; stockers \$11.00-\$12.00.

Bob Smith Take A Bride

Robert L. Smith, the Middleburg, Pa., youth who lost both arms and legs in Korean fighting, comes down the aisle of the little chapel at Port Lincoln cemetery, Washington, D. C., with his pretty bride, the former Barbara Borm of Takoma Park, Md., after their marriage. Bob, 22, lost all four limbs in November, 1950, after being wounded in one arm and suffering frostbite. Barbara met him at Walter Reed Army Hospital where she and a girl friend went to take magazines to patients. (AP Wirephoto).

Commies Renew Street Attacks

TEHRAN, Iran (AP)—Communists renewed street attacks on U. S. military personnel today, stoning two cars in which Americans were riding.

A spokesman for the American Army mission in Iran said "preliminary reports" indicated the rocks bounced off the body of one car without injuring two Army majors inside.

Other reports said rocks were thrown at another car in which a U. S. non-commissioned officer was riding but the stones sailed harmlessly over the automobile.

There were growing indications that martial law, lifted only last week, would be reimposed shortly.

The government was forced to call out troops last night to quell Communist youths, wielding knives and rocks, who battled police and soldiers in the center of the city. Two policemen and one soldier were stabbed in the skirmish before the rioters fled under a tear gas attack.

It was the first time troops had been used since martial law was lifted.

Nightly clashes between the Reds and members of Premier Mohammad Mossadegh's Nationalist Front.

DE Students Urged To Report Early

Students interested in taking Distributive Education this fall are urged to contact Mary Sears Herring, new D.E. teacher-coordinator, before the opening of school.

Mrs. Herring added she would be in the high school office every week day morning until school opens in order to talk with the students interested.

Distributive Education is open to students in eleventh and twelfth grades, Miss Herring stated.

Policewoman's Home Entered By Burglars

Burglars invaded the home of a city policewoman Tuesday night. Mrs. Pamela Hamill, night radio dispatcher for the police department, lost cash and property amounting to \$135 to the thieves.

She said \$45 and a wrist watch valued at \$90 were stolen from her apartment at 216 W. 10th between 9:30 p.m. and midnight.

They occurred while Mrs. Hamill was away from home and shortly before she reported for work at the city police station.

Storage House Is Destroyed By Fire

A small storage house was destroyed by fire of undetermined origin about 2:15 a.m. today, firemen reported. Owner of the building, located at the rear of a residence at 109 N.W. 12th, was F. O. Shorter.

Released On Bond

Robert Kidd, arrested Tuesday on a charge of passing hot checks, has been released on \$500 bond. He was taken into custody by county authorities.

Ike Loads Guns For Major Talk Tonight

By MARYV L. ARROWSMITH
DENVER (AP)—Dwight D. Eisenhower loaded his campaign guns for a speech today attacking the Democrats and calling on America to follow a middle-ground course, "rejecting both the extreme left and right."

The Republican presidential nominee flies from his Denver headquarters to Boise, Idaho, to make a major address tonight from the State Capitol steps. Aides were describing it as the general's first frankly political speech since he became the party's standard bearer July 11.

Eisenhower arranged to confer first in Boise with the Republican governors of 10 Western states. They planned a campaign discussion of matters of special interest to the West—such as reclamation, soil conservation and water power.

In advance of the campaign speech, Eisenhower's executive secretary, Arthur H. Vandenberg Jr., put out a statement setting forth points the general expected to cover.

"Gen. Eisenhower in his speech today at Boise will denounce the attempts of leftist political groups to monopolize agreed social goals and to claim that there is the only way to achieve them."

"The present administration, the general will charge is running this year with new faces but will continue to offer schemes like the Brauman (farm) Plan, socialized medicine and bigger and more centralized government as its only solution to some of the pressing problems that confront America today."

"The general will say that some goals on which Americans today are agreed—employment and good wages, adequate security for old age, better education, better housing, protection of the rights of labor, protection of the right to earn and save, stable agriculture—can be won only if America chooses a course squarely down the middle, rejecting both the extreme right and extreme left."

Vandenberg's reference to a middle-ground course and rejection of both the extreme right and left recalled advice given to Eisenhower recently by Republican Gov. Val Peterson of Nebraska.

Peterson told newsmen at the

time that he had advised the general that the "great middle ground of America" was where the votes are. He said Eisenhower ought to ignore the extremes.

Eisenhower himself told a group of prominent Republican women yesterday that his goal is to insure peace and progress for America and to prevent the "creeping paralysis of any kind of 'ism.'"

He told the group of GOP leaders that women can be a great help in helping to achieve that goal because "I believe their hearts and minds turn in the directions of peace, fairness and justice in the world."

The trapped party was led by Dr. Alfred Boegli, a teacher and student of the underground caverns.

The greatest danger to the men at present, experts said, is the cold. The temperature inside the mountain where the men are trapped was estimated to be about 42 degrees (F).

Another Local Man Is Charged

EL PASO, Aug. 20 (AP)—Two more West Texas cattlemen were named yesterday in complaints charging complicity in huge cattle smuggling operations along the border near Sierra Blanca.

Warrants were issued here by U. S. Commissioner Henry Clifton for Wayne Babb, Sierra Blanca rancher, and Herman L. Wilkerson, Big Spring.

Babb is the brother of Walter D. and Irving Babb, named in complaints last July. Wilkerson is the brother of Fred and Leonard Wilkerson, charged with driving trucks in which the cattle were hauled from the border to livestock sales rings. He is the owner of the trucks.

Bureau of Animal Industry and U. S. Customs inspectors left here yesterday for Austin to begin rounding up 123 head of cattle scattered over a wide area within 100 miles of Austin.

The cattle will not be destroyed, as were 233 head rounded up in July, but will be taken to packing plants and processed for meat. Proceeds will be returned to ranches from which the animals were stolen.

The entire case will be presented to a Federal grand jury here in October. Others named in the original complaint were Tom E. Grubb, Sierra Blanca, and J. T. Marchant, Midland cattle buyer.

Accident Reported

An accident in the 200 block of Johnson Tuesday afternoon involved automobiles driven by L. T. Moody, Borger, and Oliver Sam Jackson, Ellis Homes, city police reported.

CARD OF THANKS
We wish to thank all of our kind friends and neighbors for their many kind expressions of sympathy and condolence during our recent bereavement.

Mr. and Mrs. J. D. Biles and Family.
Mr. and Mrs. Edmund Notestine and Family.

Petroleum Marketers Want Tideland Stand
MINERAL WELLS, Aug. 20 (AP)—The Petroleum Marketers Association wants both candidates for President to make an "understandable" statement about the tidelands.

Other resolutions passed yesterday call for a meeting with the State Highway Department to discuss traffic pattern construction, and express opposition to the fair employment practices legislation.

The new president is C. D. Daniels of Greenville. The vice presidents are Sam Weiss of Paris and Richard Rinkle of Midland. Roy Henry of Hearne was elected secretary-treasurer.

Daughter Mistaken For Night Prowler
HOUSTON, Aug. 20 (AP)—Mack Davenport, 41-year-old Negro janitor, thought he fired at a prowler early today, but instead accidentally shot and killed his three-year-old daughter, Rosemary.

Davenport told police his family had been frightened by a prowler last week. He said he thought he heard a noise at the window and fired one shot from his pistol. The bullet hit his daughter, sleeping in a bed under the window.

That Extra Measure of Protection!

With Phillips 66 Heavy Duty Premium Motor Oil, you can drive with confidence! It has a built-in "safety margin" over and above normal driving requirements. You can depend on it for wear protection, bearing protection, and cleaning action under conditions more extreme than your motor is ever likely to face.

A Motor Oil that Surpasses Your Car Maker's Highest Recommendations!

Guaranteed to Satisfy!

Phillips 66 Heavy Duty Premium Motor Oil actually surpasses highest recommendations established for all makes of cars. That's why we can make this daring guarantee: Try this new oil for ten days—or up to 1,000 miles. Then, if you aren't completely satisfied on every count, go to any Phillips 66 Dealer and he will refill your car's crankcase with any other available oil you want at our expense.

Could anything be fairer? Get Phillips 66 Heavy Duty Premium Motor Oil. It's guaranteed to satisfy!

Davis, Hooper Came Thru For Col. Andy

His Top Moment, Says Vet Coach

LOOKING 'EM OVER

With Tommy Hart

COLLEGE STATION, (Sp.)—One of Col. Frank Anderson's top thrills was watching his two Texas Aggie track stars receive their Olympic medals in Helsinki, Finland this summer.

Col. Andy, veteran track coach at A. and M., can remember no greater moment in his career than when Walt "Buddy" Davis and Darrow Hooper stood on the platform after their great Olympic performances.

Davis, who threatened the world high jump record in the Southwest Conference meet this past spring with a leap of six feet, 10 1/2 inches, won the Olympics and set a new record with a jump of six feet, 8 1/2 inches.

Hooper, who'll be a senior and the offensive lead end for the Aggie gridirers this year was nosed out by inches in the shot put. His effort of 57 feet, 6 1/2 inches, good for second place, was barely shy of the winning toss by Parry O'Brien, Southern California.

Anderson believes the terrific rivalry between O'Brien and Hooper is one of the greatest in modern track. He says their competition is always the featured one at track meets and since both will be back another year, the rivalry will be much more interesting next spring.

The veteran track and field mentor returned to the campus this week after spending the past two and a half months on tour with a group sponsored by the Track and Field News. After attending the national meets in California in June, Col. Andy joined the 40-man tour in New York where the group flew to London.

After visiting in London, Copenhagen, Hamburg and Stockholm, Anderson and his colleagues arrived at the Olympics in Helsinki where they were quartered in private homes.

In addition to seeing what he termed "the greatest and best organized of any of the three Games I have seen," Col. Andy enjoyed a visit with his wife and son, Frank Jr., in Paris. His son, a medical student at Galveston, toured Europe with Mrs. Anderson this summer.

Col. Andy also visited his other son, Walter, at Annapolis before leaving for the Games.

The coach was impressed with the efficient manner in which the Finns operated the Olympics and also in their manner of entertaining the visitors at the Games.

We were treated very warm. We found no fault with the Finns. They're the greatest hosts I've ever seen in my travels. They think more of the Americans than does any other nation and they're with us to the last man."

The coach, who has had a split tenure as track head here, said the food was plentiful and reasonable, "much cheaper than our prices here in the U.S."

Reynolds Wins Putting Title

Earl Reynolds topped the field in the weekly putting tournament at the Country Club Tuesday night with a 65-one stroke better than the runnerup.

Kelly Lawrence finished second with a 66 and Sydney Nugent placed third with a 67.

In the women's division, Tot Stalcup topped the field with a 73 and second went to Mary George Orr with an 84.

Whitney Reynolds won the Junior class with a 70 and Bucky Grimes was second with 78. Larry McCleskey was one stroke back for a third-place finish and Jerry Brooks was fourth with an 80.

Only 17 participated.

Handy Man

An all-around performer for Vernon in the Longhorn League was Al Richardson, who pitches and plays third base. Richardson is also a .300 hitter. He teaches school during the off-season.

Roberts Likened To Bob Feller By Boss O'Neill

By GIB STALEY

PITTSBURGH (U) — Robin Roberts, the Philadelphia Phillies righthander, took a big bite out of a sandwich, gulped a glass of milk and said:

"Sure, I've won 20 games but I'm not predicting how many more I'll win this season—I'm just looking to win No. 21 whenever it comes."

Roberts made the statement—a long one for him—shortly after he had pitched the Phillies to a 10-5 win over the Pittsburgh Pirates last night. It was only his 20th victory of the season but his ninth win in a row. He gave up 12 hits but he was master of the situation when the chips were down.

The victory marked the third consecutive year that Roberts has won 20 or more games. In 1951 he had a 21-11 mark and the year before 20-11.

In last night's game he loaded the bases in the first inning on his riched George Metkovich, forcing in a run. Roberts calmly settled down and got Joe Garagiola on a foul.

"That pitching demonstrates what kind of a hurler Robin is," said Manager Steve O'Neill after the game. "When the going gets rough Roberts has the speed to overpower the batter. And he's got a swell curve and great slider."

O'Neill, who came to the Phillies a few weeks ago after spending many years managing and coaching in the American League, said Roberts compares very favorably with Bob Feller of the Cleveland Indians when he was in his heyday.

Longview Scene Of Tournament

LONGVIEW, Aug. 20 (U)—Portals, N. M., plays Houston and Little Rock, Ark., takes on Garland, Tex., tonight in opening games of the Region 7 Little League Baseball Tournament.

Cecil E. Burdick of Longview, regional tournament director, said he expected a crowd of over 2,000.

Victor Over Billy Maxwell Ousted In Play At Seattle

By BOB MYERS

SEATTLE (U) — The double squeeze hits the field in the Men's National Amateur Golf Championship today but such standard challenges as Frank Stranahan, Harvie Ward Jr., and Charlie Coe are expected to survive the crush.

Sixty-four players remained in the field this morning, awaiting the day's double round.

By nightfall at the Seattle Country Club, they will have whittled each other down to a select 16.

Stranahan, Toledo's two-time British amateur winner, who got past a tough one when he beat Chuck Koelsch, Royal Oak, Mich., yesterday, 3 and 2, faced Del Walker of Long Beach, runner-up for the Southern California title last year.

Ward, the Tarheel from Tarboro, N. C., and the reigning British amateur champion, teed off against a Seattle golfer, Erv Pa-

rent. He beat Tim Holland, New York, 4 and 3 yesterday.

Coe, the 1949 U. S. champion, from Oklahoma City, met John Levinson of Niles, Mich. Coe belted out a fellow townsman, Russell Brown, 5 and 4.

Two major upsets were registered late yesterday.

The first came when Robert W. Kusta of Larchmont, N. Y., former Yale captain and U. S. Marine, eliminated Joe Gagliardi of Marquette, N. Y., runner-up for the crown at Bethlehem, Pa., last year, Kusta won 1 up.

The second came when Billy Jo Patton of Morganton, N. C., ended the one-day joy of 15-year-old Ira Gruber, Duke University star from Pottstown, Pa., Gruber made the headlines in the first round when he defeated the defending champion, Billy Joe Maxwell, on the 21st hole. Gruber bowed to Patton, however, 3 and 2.

How about an All-Glamour team in the Longhorn League, one that would appeal because of the personnel's good looks?

My idea of such a lineup would have Gil Guerra, Big Spring; Steve Lagomarcino, Vernon; and Bert Baer, Big Spring, as its pitchers; Felix Castro, Odessa, catcher; Earl Rosenberg, Midland, first base; Al Monchak, Roswell, second base; Paul Halter, Artesia, shortstop; Julio Delatorre, Midland, third base; Jim Ackers, Artesia; Juan Visteur, Big Spring; and Roman Loyko, Odessa, outfielders.

As a manager, how about Pat McLaughlin, Vernon?

REIMOLD SAYS HE'S QUITTING BASEBALL FOR GOOD

John Reimold, who had been threatening to do that very thing for some time, has finally quit the Vernon ball club.

He's returning to his home in Pennsylvania and says he has seen the last of him.

Two other ex-Vernon hands, Lou Ehlinger and Homer Matney, are playing semi-pro ball in that vicinity.

Chances are good that Vernon will move into the Sooner State League in 1953, Sports Scribe Rusty Ayres reveals.

The Dusters would have much less traveling to do and the teams in that circuit are not trying to cut each other's throat by overpaying their help, as is the case in this league.

CONCEPCION, LOPEZ ARE CLUBBING BALL

Danny Concepcion, the former Big Spring first sacker, is ninth among the regular players in the Gulf Coast League hit parade with a .325.

Jorge Lopez, the ex-Steeds, is way down to .207 but only three players have driven in more runs than he.

Up in the KOM League, Gaspar Del Toro of Iola, formerly of Our Town, is sixth in batting with a .310 mark.

Pablo Labrador, who tolled here for a while, has won 14 mound decisions for Chickasha in the Sooner State League.

Max Patkin, the fabulous and outrageously funny baseball clown, is returning to this section to present a show at Odessa tonight.

Local fans will get a chance to judge for themselves whether Max or Eddie Hammand offers the better show. Patkin appeared here earlier in the season and Hammand comes in next Monday night with his hatful of tricks.

ODESSA SEASON TICKETS ARE IN DEMAND

An item in the Odessa paper says 4,000 season tickets have been sold for high school football games there, with the season still weeks away.

If 1,000 season ducats could be distributed here, the whole coaching staff would fall over in a dead faint.

BUMS LOSE GROUND

Roberts Chalks Up No. 20 For Phils

By JOE REICHLER Associated Press Sports Writer

Who is the best pitcher in baseball today?

The folks of Little Pottstown, Pa., point to their own Bobby Shantz, the pit-sized southpaw of the Athletics as the game's top hurler.

On the other hand, the good citizens of Springfield, Ill., contend that their Robin Roberts, the pride of the Phillies, is the best in the business.

At any rate, one thing is certain. The Philadelphia club own the only 20-game winners in the major leagues today. Shantz was the first to reach the charmed circle, notching his 20th triumph Aug. 5.

Roberts, who joined him yesterday, became the first National League pitcher to reach that total.

Roberts coasted to his 22nd complete game in 28 starts last night as the Phils outslugged Pittsburgh, 10-5. The Pirates scored four times in the last two innings after the Phils had built up a 9-1 lead. It marked the third straight year that the 25-year-old right hander has reached the 20-win mark.

The Athletics didn't need the services of Shantz as they swept doubleheader from the lowly Detroit Tigers, 4-3 and 6-5, to climb into a fifth-place tie with Chicago and advance within nine games of the pace-setting New York Yankees.

Although beaten by the White Sox, 3-1, the Yankees managed to retain their two-game advantage over the runner-up Cleveland Indians, who dropped a heart-breaking 6-5 decision to the Red Sox in Boston.

Washington, clinging to fourth place edging out the St. Louis Browns 2-1.

The National League race tightened up appreciably as the Cincinnati Reds held the front-running Brooklyn Dodgers to a split in their doubleheader while the New York Giants, St. Louis Cardinals and Phillies all won.

The Reds won their first game of the year from Brooklyn in Cincinnati as they snapped a 3-3 tie in the eighth inning to take a 5-3 nightcap victory. The Browns won the opener, 3-0. Ted Kuszewski's two-out triple with two runners on base, provided the winning runs for Cincinnati. Prescher Roe's five-hit pitching in the opener featured Brooklyn's ninth straight at Crosley Field.

The Durocherless New York Giants sliced Brooklyn's lead to 6 1/2 games, sweeping a pair from the Cubs in Chicago, 5-0 and 3-1.

Ace Rightie

Oscar Reguera picked up two wins in two nights in the Artesia series just completed. The Big Spring hurler notched one in a starting role and the other in relief.

Clovis Hammers Lamesa, 2 To 0

By The Associated Press

Fighting over the West Texas-New Mexico League playoff berth took a turn for the bitter Tuesday night when three clubs jammed into a third place tie—Amarillo, Lubbock and Lamesa.

Amarillo jumped on Pampa, 7-2, and Lubbock on Albuquerque, 5-1, to improve their lot. Lamesa gave up sole possession of third place when leading Clovis took the Lobos' measure, 2-0.

The tied threesome are 25 1/2 games from first but the second-place club, Albuquerque, is only four games ahead of the knot and not immune from the rugged Shaughnessy spot battle.

Borger dropped half a game in its bid for a series position by losing the second game of a twin-bill with Abilene, 7-0, after taking the opener 3-2.

The Giants double win was noteworthy because it was achieved while Manager Durocher was sitting in the grandstand in civilian clothes sweating out his five-day suspension period. The club was run by the coaching trio of Fred Fitzsimmons, Herman Franks and Frank Shellenback.

The Reds won their first game of the year from Brooklyn in Cincinnati as they snapped a 3-3 tie in the eighth inning to take a 5-3 nightcap victory. The Browns won the opener, 3-0. Ted Kuszewski's two-out triple with two runners on base, provided the winning runs for Cincinnati. Prescher Roe's five-hit pitching in the opener featured Brooklyn's ninth straight at Crosley Field.

The Durocherless New York Giants sliced Brooklyn's lead to 6 1/2 games, sweeping a pair from the Cubs in Chicago, 5-0 and 3-1.

Although beaten by the White Sox, 3-1, the Yankees managed to retain their two-game advantage over the runner-up Cleveland Indians, who dropped a heart-breaking 6-5 decision to the Red Sox in Boston.

Washington, clinging to fourth place edging out the St. Louis Browns 2-1.

The National League race tightened up appreciably as the Cincinnati Reds held the front-running Brooklyn Dodgers to a split in their doubleheader while the New York Giants, St. Louis Cardinals and Phillies all won.

The Reds won their first game of the year from Brooklyn in Cincinnati as they snapped a 3-3 tie in the eighth inning to take a 5-3 nightcap victory. The Browns won the opener, 3-0. Ted Kuszewski's two-out triple with two runners on base, provided the winning runs for Cincinnati. Prescher Roe's five-hit pitching in the opener featured Brooklyn's ninth straight at Crosley Field.

QUINTANA HOMERS

Artesia Nudges Broncs, 6 To 2

ARTESIA, N. M. — Big Spring dropped the final game of its three-game set with Artesia here Tuesday night, 6-2, but lost no ground to Roswell in the race for a playoff berth in the Longhorn League.

The Steeds move on over to Roswell tonight to begin a three-game series. They lead the Rockets, fifth place club, by 12 full games, with only 22 to be played.

The Drillers combined fine pitching by Mike Rodriguez with home runs by Jim Ackers and Pete Pichan to defeat the Steeds. Rodriguez, picking up his 20th win of the year, rattioned out nine hits to the visitors.

The homers sparked a 13-hit Artesia attack which accounted for single runs in the third and fourth innings for a 2-0 lead, then exploded for three tallies in the sixth to break up a 2-2 ball game and enable the Drillers to win going away.

The victory helped Artesia stretch its fourth place lead over Roswell to seven games. The Rockets, victorious in 17 of their last 20 games before tonight, were mauled by Odessa, 20-5.

Paul Halter's long fly ball to center field in the third accounted for the first run of the game, scoring Rodriguez from third base. The Driller pitcher had led off the inning with a single, went to third on a double by Vince Sarubbi. Ackers' home run in the fourth made it 2-0 in favor of Artesia.

But Big Spring roared back into contention in the fifth and knotted the count on a single by Lavers and a home run of its own—this one by Witty Quintana. It was Quintana's 22nd homer.

Artesia broke the deadlock an inning later, using the circuit clout to do it. Joe Bauman singled to open the inning but was out on Briner's fielder's choice. Bill Haley struck out before Ackers was walked and Pichan homered over the wall in left center to clear the bases and ice the game.

Artesia's sixth and final run came in the seventh. With one out, Alonso singled, then rased home with the final on Halter's double.

Artesia's sixth and final run came in the seventh. With one out, Alonso singled, then rased home with the final on Halter's double.

Crash Victims Are Identified

SAN MARCOS, Aug. 20 (U)—Two men killed yesterday in the flaming crash of a six-place Air Force helicopter have been identified.

They were Capt. Ralph H. King, 27, of San Marcos AFB, instructor, and First Lt. Verne Armstrong, student, on temporary duty at San Marcos AFB.

King is survived by his widow who lives at San Marcos and his parents, Mr. and Mrs. William E. King, Baltimore, Md. Armstrong, whose regular station was the Dover, Del., AFB, is survived by his widow and five children, all living at San Marcos.

The 'copter crashed 15 miles north of here yesterday. A witness said the craft fell to earth and burned after its rear propeller tore loose in flight.

Adhesive and medicated plaster was invented in 1848 by a Dedham, Mass., physician, John P. Maynard, who dissolved gun cotton in sulphuric ether, obtaining a fluid brushed on the skin and covered with cotton strips.

NPA Announces New Allotments

DALLAS, Aug. 20 (U)—Third quarter allotments for controlled materials like steel, copper and aluminum have been issued for Texas industrial projects by the National Production Authority.

Included in the list released by NPA Regional Director Ernest Tuft are eight new projects and three others already under way.

Projects, products and estimated costs include: Temco Aircraft Corp., Garland, Ala., \$1,500,000; R. G. LeTourneau, Inc., Longview, steel ingots for machine parts, \$122,800; Koppers Co., Inc., Port Arthur, ethylene oxide, \$8,768,550; Celanese Corp. of America, Bishop, chemicals, \$82,150; and Diamond Alkali Co., chlorine, \$8,750,000. Rohm and Haas, phenol and acetone, \$3,760,000; Emaco Derrick & Equipment Co., oil field equipment, \$195,000; and Hughes Tool Co., oil well drilling tools, \$382,210, all four firms at Houston.

Projects already under way include: Aluminum Co. of America, Point Comfort, primary aluminum pig, \$30,800,000; Diamond Alkali Co., trichlorethylene, \$1,200,000; and Dupont, fungicides, \$30,000, both at Houston.

**Young King Rides
In New Patton Tank**

DETROIT (U)—Young King Faisal II of Iraq had the time of his life here yesterday. The 27-year-old monarch rode in a newly built Patton medium tank and drove a new car off the assembly line among other things in a tour of the Ford Motor Co. here.

The King ended his day with a chat with Henry Ford II, president of the Ford Motor Co., and appeared reluctant to leave the motor capital for the next stop on his nation-wide tour, Chicago. He left by plane, however, last night.

**Gasoline Plant Is
Slated In Panhandle**

OKLAHOMA CITY, Aug. 20 (U)—Construction of an \$850,000 natural gasoline plant for Kerr-McGee Oil Industries Inc., in Moore County, in the Texas Panhandle, will begin in October.

The firm said yesterday the plant will have a capacity of 35 million cubic feet of gas and 50,000 gallons of liquid hydrocarbons daily.

**Negro Officers Will
Hear Reports Today**

DALLAS, Aug. 20 (U)—Committee reports were to be heard today by the annual convention of the Texas Negro Peace Officers Association.

Yesterday, the group heard San Antonio Police Chief Robert D. Allen stress police courtesy and public relations in a speech.

BRANNAN ACTIVE AGAIN

Farm Prices May Develop As A Major Issue In Campaign

By OVID A. MARTIN

WASHINGTON (U)—Will farm prices become a major issue on how farmers vote for President this year?

Four years ago at this time, they were a red hot political topic. Secretary of Agriculture Brannan had already taken out after the Republican-controlled 80th Congress, blaming it for a sharp downturn in grain prices.

The Brannan campaign has been credited with a major role in obtaining the Midwestern farm support that helped President Truman win his upset victory over Gov. Thomas E. Dewey.

Insofar as prices are concerned, the history of 1948 is being repeated to a considerable extent this year. Farm prices as a whole—as well as prices of many individual farm products—are lower now than they were at this time in 1948 and a year ago.

Yet little political attention has been focused on this situation—either by Democrats or Republicans. Some political observers have predicted that farmers will be more interested this fall in such

issues as war and peace, taxes, government controls, and charges of corruption and communism in government, than in farm prices.

Agriculture Department reports show that farm prices as a whole are 2 per cent lower than at this time in 1948. They show also that the prices farmers pay out for what they need are about 12 per cent higher than in 1948.

Much of the 1948 campaign was centered on Democratic charges that a Republican Congress had restricted government grain storage operations to such an extent that farmers were unable to take advantage of federal price support programs.

Yet this year department reports show market prices for wheat are further below the federal price support level than they were in 1948. In the summer of 1948, farmers received an average of \$1.38 a bushel for wheat or only 2 cents below the support level.

So far this summer, wheat prices have averaged around \$2, or about 20 cents below the level the department said at planting time it would support this year's crop.

Officials are predicting that this

year's corn crop may sell from 5 to 10 cents a bushel below the price support rate at harvest time.

Farmers were getting an average of about \$28 per 100 pounds for hogs in the summer of 1948. They now are receiving around \$21. Beef cattle prices are about the same.

Soybeans, at \$3 a bushel now, are down about 60 cents from four years ago. Wool, at 53 cents a pound, is 4 cents above four years ago. Eggs sold for an average of 46 cents a dozen four years ago compared with 43 cents now.

The department has forecast that farmers' net income—amount left after paying production costs—would be down from last year's \$14,900,000,000. The net farm income in 1948 was \$15,738,000,000.

Borough President To Run For Senate

NEW YORK (U)—Manhattan Borough President Robert F. Wagner Jr. announced last night he is a candidate for the Democratic nomination for U. S. senator.

Sen. Irving M. Ives of Norwich is expected to be the Republican nominee for re-election in November.

Wagner, 42, is a son of the former U. S. senator who fathered the Wagner Labor Relations Act and other important New Deal legislation.

The Democratic Senate candidate will be picked at the party's State Convention here Aug. 28.
