DARROW INDICTED BRIBERY CHARGED

BILLS ARE RETURNED AGAINST FORMER McNAMARA ATTORNEY AT LOS ANGELES.

IS UNDER $20,000 BAIL

Declares Will Face Arraignment On Thursday with Equanimity Born of His Innocence.

Los Angeles, Cal., Jan. 30.—Clarence S. Darrow, union labor attorney today was indicted for alleged bribery and corruption of jurors by the county grand jury, which for four weeks has been investigating allegations of corruption in connection with the trial jury in the McNamara dynamiting cases.

Two indictments were returned, containing four counts. Two of the counts charge Darrow with the bribery and attempted corruption of Robert Bain, the first juror sworn to try James B. McNamara, the confessed dynamiter and murderer, now serving a life term in San Quentin prison. The remaining counts alleged the bribery and corruption of G. N. Lockwood, a venireman summoned in the McNamara cases.

Bert Franklin, a detective, who is alleged actually to have passed the bribe money to Bain and Lockwood, is accused of the same offenses in informations filed some time ago in the Superior Court, Franklin's trial has been set for Feb. 27.

The maximum penalty that could be imposed on Darrow for conviction on all counts is thirty years' imprisonment and fines aggregating $10,000. He is under $20,000 bail, but last night the former chief defender of the McNamaras said he was glad the suspense was over and that he would face his arraignment Thursday in the Superior Court with an equanimity born of his innocence.

Darrow had several days' notice of the impending accusations, and on Saturday he retained Earl Rogers, an attorney, who directed the first work of unearthing evidence against the Times building dynamiters and who later, as a special prosecutor, had charge of the grand jury investigation which resulted in the filing of the first dynamite indictments.

Judge C. F. McNutt, associate counsel in the McNamara defense, also was retained by Darrow. Today an intimation from the District Attorney's office reached Darrow that the charges against him would be reported today, and he at once set about arranging for bail. Mrs. Lecompte Davis, wife of one of Darrow's associates in the McNamara cases, and Col. Charles S. Young, a friend of the accused lawyer, supplied the bail fixed by Judge N. P. Conrey, who sat for Presiding Judge George H. Hutton.

The formalities today were brief. Judge Conrey received the indictments and order bench warrants issued. The warrants were served on Darrow in the courtroom, and the Judge asked Deputy District Attorney W. Joseph Ford what he thought would be a proper amount of bail.

"This is a very serious charge," said Ford, "and I would suggest the highest amount compatible with its degree of gravity."

"Ten thousand on each indictment," said Judge Conrey, laconically.

Mrs. Davis and Col. Young qualified at once, and Darrow apparently greatly relieved, left with his attorneys.

"This is something I never had to do before," said Darrow as he shook hands with several friends, "but I think I can beat it."

"We have to prosecute the case, not to discuss it," said Assistant District Attorney Ford, and he declined to make further comment.

The grand jury will resume its investigation tomorrow.

Fredericks Makes Comment.

Tampa, Fla., Jan. 30.—"There was no chance for Darrow to escape," remarked District Attorney J. D. Fredericks of Los Angeles, who is spending several weeks here, when shown Associated Press dispatches last night announcing the indictment of Clarence Darrow.

"We knew when Juror Bain took his seat that he had been bribed and we knew who did it. I anticipated that the indictment would come today."

Mr. Fredericks has been in constant touch with his office in Los Angeles since leaving there several weeks ago.

"This is but the beginning," he laughed, when asked if he thought it possible that the indictment of Darrow in any way involved high officials of the American Federation of Labor.

Mr. Fredericks will leave here tomorrow for Key West, but will return to Los Angeles in time to take personal charge of the prosecution in the bribery cases.

BAPTIST ENCAMPMENT SPEAKERS ENGAGED

Dr. B. H. Carroll, Dr. Brooks, Dr. Jones, Dr. Cope and Others Already Engaged.

Some of the most prominent leaders in the Southern Baptist Convention have been engaged for the program of the Interstate Baptist Encampment to be held at Lake Wichita June 18 to July 2 inclusive. Rev. J. P. Boone, chairman of the program committee announced today that a contract had been closed with Dr. B. H. Carroll, president of the Southwestern Theological Seminary for a series of five lectures on the inspiration of the Bible. Dr. Carroll is probably the pre-eminent figure among the Baptists of Texas and in the Southern Baptist Convention and this series of lectures will be one of the greatest attractions of the program.

Dr. Henry Frederick Cope, secretary of the Religious Educational Association has also been engaged for a series of seven addresses. Others engaged are Dr. Carter Helm Jones of Oklahoma City; Dr. S. P. Brooks, president of Baylor University, Dr. L. R. Scarborough, of the Southwestern Theological Seminary; Dr. Harvey Beachamp, of Dallas; Dr. and Mrs. J. H. Snow also of Dallas, and others of prominence.

The Chamber of Commerce has pledged its co-operation in advertising the encampment throughout Northwest Texas and Southwest Oklahoma. It is probable that a man will be placed in the field in the near future to make a town to town canvass in the interest of the encampment.

Fred Gaston, a cotton dealer with headquarters in this city will leave tonight for points in West Texas, on a trip of several days duration.

CHRISTIAN ENDEAVORS TO HONOR DR CLARK

Anniversary of Organization to Be Celebrated by Local Societies

Thirty years ago, from next Friday, Feb. 2nd, Dr. Francis E. Clark, pastor of the Congregational Church of Portland, Maine, organized the First Christian Endeavor Society in his congregation for the purpose of conserving the Christian activity of the young people in his congregation.

Since that time this work has assumed international and inter-denomination proportions, until today the membership of the United Society of Christian Endeavor has been extended to every quarter of the globe, and the organization today number over four millions of members.

In celebration of this anniversary feature, the three societies of this city have planned a very novel banquet to be held at the Westland Hotel on Friday evening, Feb. 2nd. There is about one hundred and twenty-five members of the organization in this city, representing the membership of the Christian Endeavors of the First Presbyterian Church, the Presbyterian Church U. S. A., and the First Christian Church.

A musical program will be given in the parlors of the Westland, beginning at 8 o'clock. At 9 o'clock the banquet will be served.

Dr. Wm. M. Anderson, pastor of the First Presbyterian Church of Dallas, will be the guest of honor, and will speak concerning the development of the Christian Endeavor spirit and of greater efficiency in Christian Endeavor activities.

The following program will be carried out following the serving of the banquet in the dining room:

Toastmaster—Dr. J. L. McKee, pastor First Presbyterian Church.

Christian Endeavor History and Efficiency Campaign—Dr. W. M. Anderson, pastor First Presbyterian Church, Dallas.

Christian Citizenship—Judge A. H. Carrigan.

Response—Rev. J. P. Boone, president Pastor's Association.

San Antonio 1912—Patrick Henry.

CROSS TIES COST $75,879,006 LAST YEAR

Washington, D. C., Jan. 30.—A bulletin recently issued by the Census Department shows that the railroads operating in the United States purchased 148,231,000 cross ties at a cost of $75,889,000 during 1910. No statistics are available for the number purchased by each state but it is estimated that the Texas railroads consumed 6 per cent of this amount at a cost of $5,000,000.

The above figures are readily certified when we take into consideration that Texas leads all states in the Union in railroad construction and that we have in the Lone Star State 14,500 miles of railroad which is 6 per cent of the total of the United States.

MAKE FARMERS MEMBERS

EFFORT WILL BE MADE TO ENROLL FARMERS AS MEMBERS OF CHAMBER OF COMMERCE.

A MEMBERSHIP CAMPAIGN

Is Now Being Outlined and Members May Be Graded According to Subscription.

An effort is to be made to enroll the progressive farmers of Wichita county as honorary members of the Chamber of Commerce. At a meeting of the directors of that organization this morning in the discussion of plans for increasing and grading the membership, J. W. Campbell, who has charge of the agricultural demonstration work in this section suggested that the farmers of the county ought to be urged to take greater interest in the work of the Chamber of Commerce. The suggestion met with the hearty approval of the directors and upon a motion it was ordered that Mr. Campbell be provided with application blanks and enroll all the farmers who would take interest in the work of the organization as honorary members, not requiring them to pay dues.

The membership committee recommended that a vigorous campaign be pushed to secure new members. They recommended a plan for the appointment of captains and to have rivalry in securing the greatest number of new members. They also recommended that the members be graded according to their property or to their income in proportion to their support to the organization. In this way the man who works for a salary but who pays toward the support of the Chamber of Commerce will be given a higher rating than the man who has larger property interests yet only plays a dollar a month. The membership was asked to submit plans for a membership campaign and also for grading the membership.

The application of Ben Sherrod for secretary was received and referred to the special committee appointed to receive applications. Several other matters were discussed.

GIRL COMPELLED TO WRITE STATEMENT

Bystander Dead, and Girl Has No Hope for Recovery—Several Others Injured.

By Associated Press.

Dallas, Texas, Jan. 30.—Lydia Ahlfinger, the eighteen-year-old girl who was the object yesterday evening of a shooting on a crowded street which cost the life of J. W. Whaley and injured scores of other innocent passersby was still alive today but with two wounds in her lungs, her recovery is hopeless. From her assailant, Bob Davis, the police today took the following note signed by the girl: "I will say one thing I that I have done Bob (Davis) wrong and I am no lady, so I will be better off dead than alive. Goodbye all. See that we are buried side by each."

The girl in an antemortem statement, this morning said that Davis Sunday, took her to a rooming house and holding a pistol to her head forced her to sign this note.

Two bullets struck the woman in the back, passing through her body and piercing both lungs. At St. Paul's Sanitarium last night it was said she might live through the night but had no chance to recover.

Another bullet struck and killed J. W. Whaley, foreman of the concrete gang of the Dallas Paving Company. He has held this position for about two months, and came to Dallas from Lancaster. His wife is now visiting at Cedar Hill and he has a brother and a sister living at Oak Cliff.

Whaley was half a block distant from the shooting, walking toward Ervay street. The bullet struck him in the back of the head. He dropped to the pavement, his brains oozing from the hole. An hour later he died at the Baptist Sanitarium. In his pocket, with receipt and time books was found a pamphlet, "Rightly Dividing the Word of Truth," by Dr. C. I. Scofield.

Maud Ahlfinger, known also as Maud Alford, was employed at a downtown tailoring establishment. She lived with her brother at 1917 Merlin street. Her parents live at 2513 Corinth street. At the hospital last night she said Davis had repeatedly threatened to kill her before, and that he had beaten her. She stated that he shot her yesterday afternoon because she would not "go with him."

After the girl was shot, she ran, with two bullet holes through her body, into the Grand Theatre. Those who saw them say Davis followed, caught her half way down the aisle and bending her back over a chair began to beat her over the head with the six-shooter. It was said at the hospital that she was very badly bruised about the head where she had been clubbed.

Patrolman T. S. Manion found Davis in the theatre beating the girl with the pistol. Officer Manion was at Main and Ervay streets when he heard four shots, and ran to the place at once. L. Q. Langston of 3902 Elm street had reached the man first, clinched with him, and was trying to take the pistol away from him. Officer Manion pinned Davis' arms behind him and Langston wrenched the pistol from his hands, giving it to the officer. Mr. Manion said only four chambers had been loaded, and each of them had bene discharged. While Davis was struggling in the theatre, Officer Manion said he snapped his pistol five times in Mr. Langston's face.

Mr. Manion called to Carl C. Rath, 718 Fourth avenue, to take the girl to the sidewalk, put her in the first automobile he saw and take her to the emergency hospital. That was done, and from the emergency hospital she was transferred in an ambulance to St. Paul's Sanitarium, where she was attended by Dr. W. W. Samnell. Officer Manion carried Davis to the sidewalk, held him while he secured the names of eye-witnesses and then placed him in the patrol wagon which had reached the Main and Ervay corner. As they entered the wagon the policeman searched Davis and took from his pocket a half-empty half-pint bottle of whiskey.

"As I pulled the bottle out," said Officer Manion, "Davis looked at it and said:

"That's the cause of it!"

"Yes, Davis had been drinking," said the officer.

After locking Davis in the county jail Officer Manion and Assistant County Attorney McCutcheon went to St. Paul's Sanitarium, where the girl made what she believed to be a dying statement, saying to these callers that she expected to die.

"She told us," said Officer Manion, "that she and Davis were walking up Main street together; that he had been drinking, and that he said to her:

"You've got to go with me, or I'll kill you."

She replied: "Now, there's no use in doing this way,' and then he commenced to shoot."

Assistant County Attorney McCutcheon said: "She told us that she was not this man's wife. I recognized the girl when I saw her, as refusing to testify against Davis before when he was charged with aggravated assault against her. I remembered the case, and the girl, and she remembered me. She said that Davis had threatened her life time and time again and had beaten her. She said that he told her this afternoon that he would kill her if she did not go home with him. She refused to go and started to walk east on Main, toward Ervay, and he shot her in the back."

Grace Lewis, a chum of Maud Ahlfinger, and a girl of about the same age, had an engagement to meet her at a Main street moving picture theatre at 5:30 o'clock. Just before the shooting occurred she met Maud Ahlfinger and Davis walking together on Main and joined them.

"There were quarreling," said Miss Lewis after the occurrence. "He threatened to kill Maud, and I started to get away, and he said: 'Grace, you'd better not run; I'll kill you too.' I ran away as hard as I could and I was almost scared to death. I heard him say to Maud as I ran away, 'Stop running, Maud, or I'll kill you.'"

When seen at the county jail a few minutes after the shooting Davis talked freely about the affair. In response to the question: "Are you the man who did the shooting?" he said: "Yes, and I'm in a hell of a fix, ain't I?"

"You see it is this way," he said. "Me and the girl had been going together about five years. I was drunk. We had both been drinking. I met her on the street and told her that I did not intend to see her tonight. She said: 'Babe, you are the only man I love and you can't turn me down this way. You can't leave me. You have left me many times, but this is one time you are going to stay with me.' I told her I did not intend to stay with her. She said: 'You are not going with any one else.' Then she hit me here (pointing to a small bump on his forehead). I had a little old gun in my pocket. I pulled it and shot. She has tried to kill me two or three times, and I was afraid of her. She tried to kill me a few days ago with a knife. I tried to get Officer Beal to arrest her then but he did not. After I pulled the gun and shot I do not remember how many times I fired. I guess I shot till the gun was empty."

SELECTING JURY FOR SNEED TRIAL

TELEGRAPH OPERATORS AT AMARILLO AND DALHART WILL BE SUMMONED BY DEFENSE.

TO SHOW CONSPIRACY

Defense Will Attempt to Show Col. Boyce Directed Abduction and Furnished Money.

By Associated Press.

Fort Worth, Jan. 30.—Following the overruling of yesterday's technicality by the Sneed defense the court opened this morning with both sides making motions and counter motions further delaying the selection of a jury. The defense began its attack by declaring the indictment faulty.

The court overruled this charge also, and the way was cleared apparently for the trial.

Cone Johnson, Sneed's attorney asked that Amarillo and Dalhart telegraph operators be summoned as witnesses to prove that Captain Boyce by telegrams directed his son's flight with Mrs. Sneed. John asserted that Boyce sent his son and Mrs. Sneed a package of money when they were registered at Omoha as Mr. and Mrs. A. J. Brools.

Roosevelt Will Not Decline.

By Associated Press.

Trenton, N. J., Jan. 30.—Roosevelt would no more decline the nomination for presidency than he would decline to enlist in war time if needed, is a statement in a letter by Lawrence Abbott, one of the editors of the Outlook to former Governor Stokes of New Jersey.

Negro Lynched In Georgia.

By Associated Press.

Atlanta, Ga., Jan. 30.—Governor Brown ordered troops to Cordele, Ga., where a mob was reported storming the jail to lynch Albert Hamilton a negro accused of attacking a white girl.

LATER—The troops did not reach Cordele until after the negro had been lynched.

CLASHED ON LABOR POLICY

Steel Corporation Counsel Contended Stanley Committee Was Witohut Authority.

Washington, D. C., Jan. 30.—Louis D. Brandeis of Boston, and D. A. Reed, counsel for the United States steel corporation, clashed today before the Stanley committee over a line of inquiry into the corporation's labor policy. Mr. Reed contended the committee had no authority to investigate the labor question. Chairman Stanley overruled him.

Mr. Brandeis challenged Judge Gary's recent statement that the corporation's treatment of employes compared favorably with that of any other and introduced portions of the report upon the steel inquiry recently made by Commissioner Neil of the bureau of labor. He criticised the length of hours of workmen.

"The percentage of men who undergo hardships is unusually large," said Mr. Brandeis. "Judge Gary's comment on criticisms of the corporation's policy shows to me the utter inability of large corporations to regard human life."

Mr. Brandeis declared "that the steel industry in England has eliminated entirely all these objectionable features."

"You do not mean England has been able to do anything for labor that we can't do in this country," demanded Chairman Stanley. "You must be mistaken."

"Unfortunately, in this case, I am not mistaken," returned Mr. Brandeis, saying that the working week of an English steel worker was 55.52 hours, and that 42 per cent of the workers in this country average 72 hours.

"Mr. Carnegie has said the steel business was a case of feast or famine, prince or pauper, in the early days. Today with the steel corporation it is a case of prince and pauperizing," said Mr. Brandeis.

He charged that the steel workers were worse than slaves. "The slave owners were human," he said, "and slaves came into personal contact with their owners. On the other hand, the owners of this steel corporation are in the position exactly similar to the absentee landlords in Ireland and through their stock distribution scheme to employes have brought about a condition exactly comparable to the appalling rent conditions in Ireland."

BEN CRAVENS SWEARS VENGEANCE ON WELTY

Guthrie, Okla., Jan. 30.—"There is one thing d—— sure; when I get to Leavenworth I'll get even with Bert Welty."

This was the statement of Ben Cravens, convicted and given a life sentence in the federal prison at Leavenworth for the murder of Alvin Bateman at Red Rock eleven years ago. Cravens no longer seeks to hide his identity and Charles Maust, under which name he went to the Missouri penitentiary four years ago, will perhaps never be heard of again.

Welty, a life-termer, was brought from Leavenworth to identify Cravens, and it is for this Cravens declares he will "get even" with him. The Leavenworth warden will be notified officially of Craven's threat, and it is not probable that the two former outlaw pals will ever get together in the prison.

Cravens now admits, too, that he expected to be hanged and he is thankful that his neck escaped the noose. Immediately following conviction a Oregon boot was put on him. Later it was found there was no key and he has been compelled to wear the boot in the jail. Walking down the street wearing the boot, Cravens tried a quick-step dance on the sidewalks, just to see if he could, and also because he was so delighted over the verdict. Handcuffed to Deputy Marshall "Al" Goff, he turned to him smiling and said:

"Well, Al, boy, we are mighty closely connected, even if we are not related."

Again while passing a local laundry, and the women and girls ran to the doors to see the prisoner he laughed, slapped Goff on the back and put one over on the deputy by saying:

"This is him, girls."

He showed in every movement that he was overjoyed with the life sentence verdict. At the jail he played cards with the other prisoners, laughing and joking with them.

DINING CAR EMPLOYES STEAL MILLION DOLLARS

Chicago, Ill., Jan. 30.—A steal from railroads operating out of Chicago amounting to $1,000,000 during the last year was disclosed coincidently with the arrest in Pacific Coast cities of a score or more of buffet and dining car porters employed on the Great Northern Railroad. The Great Northern alone is said to have lost $150,000 during the last year by means of the "re-stocking" scheme used by dishonest porters.

Other railroads which have sustained huge losses in their dining car business on buffet cars by reason of the same "restocking" scheme are the Pennsylvania, Chicago, Burlington & Quincy; Chicago, Milwaukee & St. Paul, and several others. Of these the Pennsylvania is reported to have suffered the greatest loss of the lines running into the Union depot.

It is believed that this same scheme is being worked on many other roads throughout the country. The loss in dining and buffet car service, maintained at great cost by the railroads, will amount to millions annually.

Details of the restocking scheme also disclosed the fact that patrons of dining cars and buffets who purchased whiskey were getting actually about the same grade of stuff that bootleggers sell on the Indian Reservation. The "two for a quarter" cigars smoked on buffet cars by wealthy travelrs were usually the worst of the two for a nickel variety.

On the Great Northern road it was said on reliable authority that at least 100 porters and dining car employes in the transcontinental service would be arrested when they reached the end of their runs.

"Fences" where the negro porters restock their cars with cheaper grades of liquor and cigars were found to be operating in Seattle, Portland, Tacoma, Vancouver, St. Paul and Chicago. The largest of these is in Chicago on South Canal street, across from the Union station.

W. C. T. U. WORKERS STORMED SENATE COMMITTEE TODAY

By Associated Press.

Washington, D. C., Jan. 30.—Leaders of the W. C. T. U. stormed the Senate judiciary committee today for favorable action on the Kenyon-Sheppard bill which would prohibit the shipment of liquor into "dry" territory. Mrs. Lillian M. N. Stevens, national president of the organization headed the delegation. Temperance workers from southern prohibition states are especially interested in the bill. The Georgia delegation is expected to appear. So many temperance leaders are here that a week of the "white ribbon" campaign is to be held in the Congressional halls.

BLUNT ANSWER NOT MEANT

AS INDICATIONS THAT HARVEY'S SUPPORT WAS NOT DESIRED.

WILSON EXPLANINS

In Regard to Answer That Lead to Harpers Weekly Withdrawing Its Support.

By Associated Press.

New York, Jan. 30.—In the Wilson-Harvey correspondence published by the Evening Post today it developes that Mr. Wilson claims he did not ask Harpers Weekly to cease supporting him and that the entire incident was the result of misunderstanding. On January 11 Mr. Wilson wrote Mr. Harvey that the "blunt answer" which resulted in Harper's Weekly withdrawal had been intended as applying to the question of the Weekly's independence which Mr. Wilson and Mr. Harvey had been discussing, and as favoring convincing the people of that independence. Mr. Harvey replied in a most cordial note saying the Weekly would print a brief explanation.

Wilson's first letter was written to Harvey December 21, reading: "Every day I am confirmed in my judgment that my mind is a one track road and can run only one train of thought at a time. Long after that interview with you and Marse Henry at the Manhattan Club it came to me when (at the close of an interview) you asked me that question about the weekly I answered it simply as a matter of fact and of business, and never said a word of my sincere gratitude to you for all your generous support or of my hope that it might be continued. Forgive me and forget my manners."

Mr. Harvey replied, explaining that he ceased "to advocate your nomination," and that no personal feelings now remained after Wilson's "gracious words." Wilson then wrote January 11th. The letter in part is as follows: "I owe it to you—to tell you how grateful I am for all your generous praise—how I have admired you for the independence of your course, and how far I was from desiring that you should cease your support of me in Harpers Weekly. You will think me very stupid, but I did not think of that as a result of my blunt answer to your question. I thought only of the means of convincing people of the real independence of the Weekly's position. You will remember that was what we discussed, and now I have unintentionally put you in a false and embarassing position."

HURSH CASE MAY BE APPEALED

In Event New Trial Is Refused Defense Will Appeal to Higher Court.

The defense as yet has not filed motion for a new trial of Frank Hursh who was yesterday found guilty of murder in the second degree, but it is probable that such a motion will be filed and if it is refused it is probable an appeal will be taken.

In event a new trial is refused and no appeal is taken District Attorney Foster who has conducted the prosecution with great credit will ask that the twenty-five year sentence imposed by the jury be suspended and that the defendant be committed to the state asylum and confined in the department for the criminal insane. Then if he ever recovers his sanity he will be brought back here and sentence pronounced by the district judge.

Says Watterson's Statement Admits of No Comment

By Associated Press.

Trenton, N. J., Jan. 30.—"Latest statement of Col. Watterson admits of no comment from me," said Gov. Wilson today, when asked to comment on last night's statements by Watterson. Asked his reasons for making no comment, Wilson replied, "I had hoped they were self-evident," adding, "I am only sorry to have to regret the friendship which, while it lasted, I found interesting and enjoyable."

Pipe Line Runs From Electra Field
892,204 Barrels First 9 Months

(Fuel Oil Journal)

Pipe line runs from the Electra, Texas, field from April 1, when the discovery well was brought in, to December 31, exactly nine months, amounted to 892,204 barrels, all but 70,000 barrels of which went to the Magnolia Petroleum Company. Car shipments in the same period were 510,598 barrels. Stocks on December 31 were 373,500 barrels, of which the Magnolia Company held between 347,000 and 348,000 barrels.

November showed the largest output, 255,802 barrels, an average of 8527 barrels per day. December's record was 251,241 barrels, averaging 8105 barrels per day. Following is the table of production and shipments by months, for the year:

1911—	Runs bbls.	Car shipments, bbls.
April	6,300	5,778
May	7,131	6,673
June	9,239	8,255
July	20,966	12,626
August	52,556	44,566
September	94,516	77,467
October	194,453	109,283
November	255,802	144,319
December	251,241	101,631
Totals	892,204	510,598
Stocks, Dec. 31, 1911		373,500

Petrolia, in Clay county, Texas, produced 158,212 barrels of oil in 1911, as compared with 126,531 barrels in 1910. Practically the entire output was shipped by tank car to Corsicana and other refinery points. The Magnolia Petroleum Company ran about two-thirds of the output. Stocks on the field at the close of the year were in the neighborhood of 10,000 barrels.

Eleven wells were completed in the Electra field in the month from December 15, 1911, to January 15, 1912. Their combined initial output at the time of completion is placed at 1875 barrels. On January 15 these wells were estimated to be making 1690 barrels. The completions in the month from November 15 to December 15 numbered 13, having a combined initial output of 3530 barrels. Work was delayed during the past month by the extremely cold weather. The list of completions for the month ending January 15 follows:

Electra Oil & Gas Co., No. 2 Allen initial production 125; present production 125.

Electra Oil & Gas Co., No. 3 Allen initial production 50; present production 50.

Corsicana Petroleum Co., No. 13 Putnam, initial production 150; present production 110.

Corsicana Petroleum Co., No. 1, Honaker, initial production 100; present production 80.

Producers Oil Co., No. 4 Stringer initial production 100; present production 25.

Red River Oil Co., No. 9, initial production, 250; present production 200.

Red River Oil Co., No. 10, initial production, 300; present production 300.

Corsicana Petroleum Co., No. 8 Cross & Brown, initial production 250; present production 250.

Producers Oil Co., No. 12 Stringer initial production, 150; present production 150.

Red River No. 11, initial production, 250; present production 250.

Total in barrels, initial production, 1875; present production 1690.

The Oil and Gas Journal under date of Jan. 20, gives the following details concerning operations at Electra and Petrolia:

There has not been a well completed in the Electra field during the past ten days, owing to the shut down caused by the continued severe weather. There are several wells that will probably be finished in the next few days. Among them are: The Corsicana Petroleum Company's No. 6 Putnam, 1,970 feet and setting the four-inch casing and packer to shut off the water preparatory to testing; No. 16, same lease, 1,625 feet; No. 1, F. D. Woodruff 221, 919 feet and ready to be tested for shallow sand; No. 2, 1,830 feet; No. 2, J. R. Brewer 251, 977 feet. This well was supposed to be a good producer at the present depth, but upon testing, was found to be very light, and it was decided to drill deeper. Buerbaum & Culberson's No. 1, L. P. Douglas, 1,760 feet, will be drilled down to the deep sand. Producers' No. 1, J. Best, 2,175 feet; Rogers' No. 1, 2,280 feet; No. 4, J. W. Skinner, 1,935 feet; No. 12, 1,035 feet; Waggoner No. 12, 1,100 feet; No. 13, 800 feet; No. 14, 850 feet; No. 16, 960 feet; Tate No. 1, 1,160 feet; McBarry, No. 1, 825 feet; G. S. Skinner No. 1, 975 feet; Ninety-nine Pumping Company's No. 1, Sheldon 221, 1,400 feet; No. 1, Dale 223, 1,260 feet; the same company's No. 1 on the Morgan Jones ranch, two and three-quarters miles southwest of Petrolia is 1,680 feet, and is a monster gasser, estimated at 10 million feet, and only a few feet in the sand, and which the owners want to drill deeper and are trying to do so in the usual way in this country, of pumping the hole full of mud, but thus far they have been unable to make headway against the gas pressure which refused to be squelched. Going back to the Electra field, Clint Woods' No. 1, Sheldon 221, is 1,210 feet; Russell, Flanigan & Hicock No. 1, Fisher, 100 feet; Hub Reed No. 1, Jennings, 800 feet; Deering & Son No. 1 Powers 164, 1,240 feet; Culberson Bros., No. 1, Dale 1,902 feet; Whitehall & Burns No. 1, F. D. Woodruff, west half 226, 1,550 feet; W. C. McBride No. 1 Sheldon, 221, 1,590 feet; Mathews & Co., No. 1, F. D. Woodruff 162, is cleaned out and shut down, for the present, at 1,100 feet.

Two Wells—One Derrick

When this well was 220 feet a good lot of oil was found and cased off. Mr. Mathews proposes to get that shallow oil and turn it into money and has, to that end, started a second hole, four feet from the first, without moving the derrick or walking beam, and is drilling down for the 220-foot oil, and intends to use it for fuel to drill No. 1 down to the 1,900-foot sand. Sol Williams and others No. 1 on their part of the same tract is 1,790 feet and will go on down; W. Mowris' No. 1, S. H. Fields, is 1,140 feet; No. 1, I. G. Shaw 1,940 feet; J. M. Guffey Company's No. 1, C. N. Webb, 800 feet.

Petrolia.

The Developers Oil Co.'s No. 1 is 1,300 feet; Producers' No. 9 on the Rogers' lease is 800 feet; No. 1, Stein, is 2,000 feet. It is stated that it is the intention to drill the Stein well through the sale sand which will call for a depth of about 3,500 feet. Corsicana Petroleum Co.'s No. 1, Holloway, 750 feet; Producers' No. 1, Byers, 1,000 feet; No. 1, Landrum, 250 feet; Devonian Oil Co.'s No. 1, south of Fulda station, 1,100 feet; Culberson Oil Co.'s Nos 1 near Bacon station, 800 feet; Dismuke & Owens No. 1, J. T. Overby, 700 feet; McAllester & Co. No. 1, A. F. Fassett, 400 feet.

GREAT TUNNEL IS NOW COMPLETED

New York, Jan. 30.—Mayor Gaynor, accompanied by the members of the Board of Water Supply and a number of invited guests, went up to Storm King today to take part in the celebration of the completion of the tunnel work for the Catskill Aqueduct under the Hudson River between Storm King and Break Neck.

The opening of the tunnell marks a most important step in the advancement of the great Catskill aqueduct towards completion. The carrying of the aqueduct, which will have the capacity of a small river, beneath the Hudson River and the irregular country adjacent known as the Highlands presented an extremely difficult problem. The tunnel is 500 feet below the surface of the river and extends from the famous headland of the Hudson known as Storm King to a point on the opposite shore called Break Neck.

The building of the Catskill aqueduct, which is to afford the great city of New York an adequate supply of pure water for ages to come, has been pronounced by engineers to be a greater undertaking than the building of the Panama Canal. The aqueduct will cost about $162,000,000 which is in excess of the estimated cost of the canal across the lathmus. The aduequct will be sixty miles in length. It will carry thirty times as much water as did the famous aqueducts of Rome combined. It will afford an outlet to twelve reservoirs constructed to hold the enormous flow of water from the various watersheds of the Catskills and adjacent hills. The Ashokan reservoir alone will have a capacity of 170,000,000 gallons, or more than the three lakes of Killarney combined.

Important Naval Anniversary

Washington, D. C., Jan. 30.—Fifty years ago today took place one of the most important events in naval history, the launching of the famous iron-clad ship Moniter at Brooklyn. The construction of this craft marked the turning point in the great naval transition from the old wooden warships to the modern battleships of the dreadnought type.

The Moniter was the first fighter to be equipped with a revolving turret. A short time after she was completed there took place between her and the Merrimac in Hampton Roads the first battle between armored warships. The Merrimac was an old wooden vessel converted by the Confederate Government into an iron-clad ram. The result of the contest between the two vessels was somewhat of a "draw," but it settled the question of the superiority of any kind of iron-clad ship over the old wooden men-of-war. Immediately the nations of the world began constructing new iron vessels, and ever since there has been a continuous effort on the one hand to invent guns capable of destroying existing vessels, and on the other to invent ships capable of resisting them. Great Britain was easily first in the new departure, and has occupied that position for half a century, though closely pressed for first honors by the United States and Germany.

Hogan and Murphy Ready.

San Francisco, Cal., Jan. 30.—"One Round" Hogan and Tommy Murphy, who are to meet tomorrow night before Jim Coffroth's club for a twenty-round bout, have finished their work of preparation and appear to be in excellent shape for the contest. The two lightweights are regarded as evenly matched and patrons of the game are looking forward to a lively and interesting battle.

Harry David Snepp, commercial agent for the Wichita Falls Route, reports business conditions improving all along the line, and business men are taking a much more optimistic view of the outlook. In Oklahoma farmers are picking cotton that was not thought to be worth the picking a couple of months ago, and in most of the towns the gins are running all the time. Farmers are also sowing large acreages of oats and planning for increased cotton acreage, as the season so far indicates a possibility of a good crop.

Lumber Offers the Homeless a Chance

to start a home on a smaller investment than any other material inasmuch as a frame house can be enlarged with additions from time to time as demands require without materially detracting from the original unit. Windows and doors can be easily cut and exterior walls extended, and when painted such changes defy detection. Two or three rooms can be started first and the rent money saved will do wonders to your bank account. There are a lot of things in favor of frame construction that you probably have never considered, which would put a new aspect on this home building question if you knew about them. Suppose you come in and talk it over with us and take a look at the "quality" lumber we handle and learn our prices first hand. Our time and advice are at your service.

Washington Remembers McKinley.

Washington, D. C., Jan. 29.—The anniversary of the birth of William McKinley was fittingly observed in Washington today. Senators and representatives, heads of departments and many other officials and employes of the government wore pink carnations, the favorite flower of President McKinley. Hundreds of other residents of the capital followed the official example, and the result was that the local florists were scarcely able to supply the demand for pink carnations. The habit of Mr. McKinley of wearing a carnation was so pronounced during his lifetime that his friends would have been surprised had he failed to have his favorite flower as a boutonniere. It was his inavriable custom on his tirps to and from Washington to give the carnation which he always wore in his buttonhole, to the engineer on the train, with an expression of thanks for a safe journey.

WELCOME FOR CHIEF SCOUT

Sir Robert Baden-Powell Due to Reach New York Tomorrow

New York, Jan. 30.—When Sir Robert Baden-Powell, the hero of Mafeking and the founder and chief scout of the British Boy Scouts, arrives here from Kingston, Jamaica, on the steamer Arcadian which is due in this port tomorrow, he will meet with an enthusiastic welcome. Extensive arrangements have been made for welcoming him upon his arrival and for entertaining him during his visit to this city. The principal object of General Baden-Powell's tour is to further the boy scout movement of which he is the father. His tour will last six weeks and will take him to a number of the largest cities of the United States and Canada.

During his stay in New York Sir Robert will be royally entertained. He will attend the second annual meeting of the National Council of the Boy Scouts of America which will be held here February 9, and on the following day he will witness a demonstration of scout activities by more than 5,000 boy scouts. On the evening of that day the General will give an illustrated lecture on "Scouting in Peace and War." He will also visit the George Junior Republic at Freeville, N. Y., in which he is greatly interested. There are about 300,000 boy scouts and more than 6,000 scout masters in the United States alone and an equally large number in Canada, which in a measure accounts for the great interest with which the arrival of Sir Robert is awaited.

From here General Baden-Powell will go to Boston and then to Washington, where he will meet President Taft, the honorary president of the Boy Scouts of America. At the conclusion of his tour Sir Robert will sail from San Francisco for Australia.

FAMILY HAIR DRESSING.

Benefits the Hair of Men, Women and Chidiren.

Get a bottle of delightful, refreshing PARISIAN SAGE madam, and have everybody in the house use it regularly. It's fine for children as well as grown ups and Fooshee & Lynch guarantees PARISIAN SAGE to drive away dandruff, stop falling hair or itching scalp, or money back. Large bottle 50 cents.

"I think PARISIAN SAGE is good as a hair grower. It is good to rid the hair of dandruff and stop the hair from falling out. It is a beautifier as well as a scalp cleaner. I intend to keep it in the house, I know it helped my head.—Hannah Harkness, Marshalltown, Iowa.

Another New Enterprise for Wichita Falls, The Wichita Optical Co.

One of the new rooms adjoining the Lydia Margaret Theatre has been leased by Mr. S. H. Kellar of Oklahoma, who will install a plant for grinding optical lenses of all kinds. Dr. Keller is not only a skilled workman, but he is a scientific refrationist. You need not now send your glasses to a large city to have them duplicated or ground to order. Dr. Kellar will carry a complete stock of all kinds of optical goods, miscroscopes, telescopes, scientific instruments, etc. The very latest opthalmic instruments will be at hand to detect and refract optical defects. No matter how complicated a lense you require you can get it made here. No matter how much trouble you have experienced go to Dr. Kellar and let him test your eyes for glasses. No charge will be made for examination. Open about Feb. 1st at No. 719 Indiana avenue. 221-2tc

Rohatch's Mineral Water.

is highly recommended by physicains and patrons who have tested its merits, for indigestion, catarrh of the stomach, kidney and bladder trouble. This water stimulates the secertion of the stomach, increases digestion and favors a more complete absorption of the food and prevents the action of germs that cause typhoid and other infectious diseases.

This water can be purchased at the wells or delivered in jugs or cases.

This well is located one mile south of Alamo school building in Floral Heights, two deliveries daily morning and afternoon. G. J. Rohatch, Owner. Pohne 1601—1 long—4 shorts.

MATERIAL BEING UNLOADED FOR TEST NORTH OF CITY

Material is being unloaded today by W. S. Mowris of Tulsa, Ok., for an oil well on the Woodall place about two miles north of town. The location is near the railroad tracks and three carloads of material were set out on the switch yesterday and are being unloaded today.

Mr. Mowris is one of the best known operators now in this field. He is now drilling two wells near Harrold and his financial standing is such that the drilling will not be held up on that account. This is the third well started within ten miles of Wichita Falls and it is known that other wells are in contemplation. The other two wells drilling are the Culberson Oil Company test at Bacon and the Wichita Oil and Gas Company's test on the Avis ranch.

505 UNION LABEL 505

Wichita Falls, Texas, January 30, 1912.

This Date In History.

January 30.

1649—King Charles I. beheaded at Whitehall.

1790—A lifeboat invented by Henry Greathead, an Englishman, first put to sea.

1797—John Fairfield, U. S. Senator from Maine and twice governor of that State, born. Died Dec. 24, 1847.

1847—Lord Elgin reached Montreal and took the oath of office as Governor of Canada.

1879—Jules Grevy elected President of France.

1902—Anglo-Japanese treaty of alliance signed in London.

You can put off until tmorrow the payment of that poll tax receipt, but bear in mind that if you do put it off another day you disfranchise yourself. Do it now.

If you reached your majority, twenty-one years of age, since January 1, 1911, you have the right to vote without paying a poll tax, but it will be necessary for such young men to procure exemption certificates, and will have to call in person at the county tax collector's office in order to get them. All old men who are exempt, are required to do likewise, and such certificate must be issued before Feb. 1, 1912. This is what the Attorney General of the state says about the law, and there is no higher authority. Inconsistent as it may seem, a late ruling holds that a man moving into the state from another state subsequent to Jan. 1, 1911 would not be required to pay a poll tax in order to qualify as a voter, after such person had resided twelve months in the state or six months in the county, and would be entitled to vote without taking out an exemption certificate. Whether this seems just or not, it is the latest construction placed on that part of the Terrell election law which has puzzled the best legal talent of the present day, and perhaps will continue to do so until it is amended or repealed altogether.

FEWER DAILY NEWSPAPERS.

Newspaper census figures for 1911, compiled by the American Annual and Directory, published here today, indicate that multiplication of daily papers in the United States has come to a halt. A year ago the number was 2,472, the 1912 Annual lists 13 less, showing that the trend is now in the downward direction. According to this authority, greater mortality than birth rate is explained by suspension or consolidation of newspapers in crowded and unproductive fields. New England has lost four dailies, New York four, middle west states nine, and the western states have thirten less than a year ago. Gains have been heaviest in the southren states, while the middle Atlantic section has an increase of three.

Weekly and semi-weekly newspapers also seem to have reached their limit in numbers. The 1912 Annual names and describes 16,229 weeklies, 40 less than in 1911, and 605 semi-weeklies, as compared with 617 in 1911.

The 1912 Annual marks its forty-fourth year, contains more than 1200 pages describing 24,345 newspapers and periodicals, presents ten distinct items about each, including its circulation rating, and gives 1910 census populations for the 11,000 towns in which newspapers are published.

Aeronautics, moving pictures and Esperanto are responsible for new lists of publications devoted to these subjects. There are over two hundred of theese lists in the book just from the press. Religious publications number 865, agricultural journals total 463, and there are no less than 129 separate divisions of class and trade periodicals. Exponents of more than forty secret society orders are catalogued. Foreign language papers printed in thirty-four different forms of speech are described in a classification of their own.

These statistics are gathered from returns by the press of the country and sifted, verified and arranged by the publishers of this directory, who are engaged in such revision throughout the year. The importance of the newspaper publishing industry, likewise the development and rapid increase of advertising, is impressively illustrated in the magnitude of this work.

I am now with the Erwin-Patterson Feed Co. at 501 Ind. (Wichita Horse & Mule Barn) and will appreciate any business given us by my friends and former customers. We expect to carry the largest assortment of feed in the city, and will make the price right, and give prompt delivery service. Call us at phone 229.

INTERESTING NOTES FROM IOWA PARK

Sunday afternoon at 3:30 o'clock, Mr. Will Kiel and Miss Lillie Sunday were united in marriage at the home of the bride's parents, Mr. and Mrs. J. P. Sunday, three miles west of this place. Rev. H. B. Johnson, pastor of the Methodist Church here officiated. After the ceremony they went to their home east of the Park where they will begin housekeeping.

The Epworth League had an old-fashioned candy pulling at the home of the President, Miss Vera Davis last Friday night. Most of the leaguers were present and a very enjoyable evening was spent.

Work on the Overby well one mile east of town has stopped for a few days. Work on the Winfrey well one mile south of town began Saturday. The machinery for a well on the Roberts' place one and one-half mile west of town arrived Monday.

The Iowa Park Gin Company ginned their last day for the season yesterday.

Rev. C. C. Davis went to Electra yesterday.

Mr. Graham Kemp from Electra, is a visitor in the city.

The Non-Progressive Christian Church is holding a protracted meeting at their church. Rev. Crouch is conducting the services.

QUALIFICATIONS NECESSARY FOR VOTERS THIS YEAR

First: All men over 21 years of age January 1, 1911, who have procured a poll tax receipt or an exemption certificate; paid or obtained in the county where they resided on January 1, 1911.

Second: All young men who have come of age since January 1, 1911, or who will come of age in the year 1912, provided they have procured an exemption certificate in the county where they resided when they apply for same.

Third: All men who were 60 years of age on the first day of January, 1911, are entitled to vote without exemption certificates or a poll tax receipt.

Fourth: All men coming from other states of the Union since January 1, 1911, can vote without a poll tax receipt or an exemption certificate by making affidavit when he offers to vote; providing he has resided in Texas one year at the time of election and in the county six months.

Fifth: All men who are blind, deaf, dumb or who have lost a hand or limb. These people are not required to have a poll tax receipt or an exemption certificate in any section.

In any election any person offering to vote must have resided in the state one year; in the county six months; and if the election is for a precinct only, he must have resided in that precinct six months; but if an election involves the whole county or the state he votes in the precinct where he resides on the day of the election.

"THIS IS MY 62nd BIRTHDAY."
General Michel.

Gen. Victor Constant Michel, who has the reputation of being the ablest commander of the French army, was born at Auteiul, France, January 30, 1850. He was graduated from the famous Military College of St. Cyr at the age of seventeen and was severely wounded at the seige of Paris a few years later. He won his promotion to the rank of captain at the early age of twenty-three, and was a full-fledged colonel at thirty-four. One of several important posts that he held in his early career was that of secretary to Gen. Billot when the latter was minister of war. A year ago General Michel was appointed vice president of the superior council of war at Paris, which is the highest military post within the gift of the reublic, as the presidency of the council is always held by the minister of war himself.

Congratulations to—

Rose Melville ("Sis Hopkins"), well known American actress, 39 years old today.

THE STATE OF TEXAS.

To the Sheriff or any Constable of Wichita County, Greeting:

You are hereby commanded, that you sommon, by making publication of this citation in some newspaper published in the county of Wichita, for eight weeks previous to the return day hereof, unknown heirs of John Howard and Ellen Howard, deceased, whose residence is unknown, to be and appear before the Hon. County Court, at the next regular term thereof, to be holden in the county of Wichita, at the court house thereof, in Wichita Falls, on the 5th day of February A. D. 1912, then and there to answer petition filed in said court on the 8th day of December A. D. 1912, in a suit numbered on the docket of said court Nn. 372, wherein Wade H. Walker and Mrs. Wade H. Walker, formerly Mary Esther Howard, (commonly known as Miss Ottie Howard) are plaintiffs and Unknown heirs of John Howard and Ellen Howard, deceased, are defendants. The nature of plaintiff's demand being as follows, to-wit:

Plaintiff's cause of action is for the purpose of determining and declaring who are the heirs of John Howard and Ellen Howard, and alleges that John Howard departed this life in Tulsa, Oklahoma, on December 29, 1903, and that Ellen Howard died in Wichita Falls, Wichita County, Texas, on October 1st, 1911, and that petitioner, Mrs. Wade H. Walker, nee Mary Esther Howard, is the daughter and only child and heir of said John and Ellen Howard, deceased; that she was married to Wade H. Walker in June 1908 and has resided in Wichita county, since said date; that petitioner, Mrs. Wade H. Walker, nee Mary Esther Howard (commonly called Miss Ottie Howard) as the only heir of said John Howard and Ellen Howard, deceased, is entitled to the property hereinafter described; that said John and Ellen Howard died intestate and possessed of the following property, to-wit: Lots 9, 10, 11 and 12, block 63, of the town of Iowa Park, Texas; Lot 1, block 214, in the city of Wichita Falls, Texas, all of which property situated in Wichita County, Texas; also the following property situated in the city of Tulsa, Tulsa County, Oklahoma, to-wit: Lot 2, in block 2, of the Friend and Gillette Addition to said city; and one-half undivided interest in the north 1-2 of lot 6, block 136, of the said city of Tulsa, and that U. R. Evans is the owner of the other one-half of said lot, and resides in Tulsa, Okla. Also one-half interest in two promissory notes for $3500.00 each, executed by J. G. Masters and N. J. Gubsen. Petitioner, Mrs. Wade H. Walker, further prays that she be declared the heir and only heir of said John Howard and Ellen Howard, deceased and for general relief.

Herein fail not, and have you before said court, on the said first day of the next term thereof, this writ, with your endorsement thereon, showing how you have executed the same.

Given under my hand and seal of said court, at office in Wichita Falls, Texas, this the 9th day of December A. D. 1911.

Southern Republican Delegates.

In an illuminaating article in The Munsey for February, Judson C. Welliver attacks the system in the Republican party that permits a disproportionate power to Southern Republicans in Presidential conventions. Writes he:

"Approximately half the votes necessary to control the Republican party in a national convention represent the political machines of eleven Southern states, no one of which states has cast an electoral vote for a Republican Presidential candidate since 1876.

"These machines are nothing but brokerage corporations dealing in Federal patronage. They are composed of government officials, bossed by government officials, fed on government offices, and kept alive for no other purpose than to deal in these offices.

"They represent no principles of the party, they contribute no strength to it at the polls, and yet they wield half the power of final party control. They constitute a standing menace to its integrity and character.

"This has been the condition for many years. These Southern delegates are the backbone, the power and vitality, of a system that makes Federal jobs the cement to hold together a self-perpetuating machine which undertakes to control the party in the interests of greed, grab, and graft."

GOOD SEAT SALE FOR NAUGHTY MARIETTA

The members of the "Naughty Marietta" theatrical company arrived here this afternoon from Dallas, to fill their engagement at the Wichita Theatre tonight. This company is probably the largest of its kind which has ever appeared in this city, and will be seen by large numbers of people tonight.

Seats for this attraction were placed on sale at Fooshee & Lynch's Drug Store a few days ago and two days after there was not a desirable seat to be obtained in the house, so rapidly did the sale progress. For the last day or so many who obtained desirable seats have been selling them at a profit, some selling for as high as four dollars each.

FILLING THE SOUTHERN SILO

Southern Dairyman Has for Years Harvested 30 Tons of Green Forage Crops to the Acre.

A dairyman in southern Virginia, who has for many years been building up the fertility of his land and at the same time endeavoring to ascertain the limit of productivity with forage crops on his place, has for several years been harvesting fully 30 tons of green forage crops to the acre, using no fertiliser save stable manure, of which he uses a liberal quantity each year.

This farmer has 17 acres under cultivation from every acre of which he takes two crops yearly. Wheat is sown in the fall and put into the silo the following May; corn is sown in June and put into the silo the following October. He sows two bushels of wheat to the acre in four successive sowings, about a week apart, and plants corn in the same way, so that the crops are ready for the silo one after the other and not all together.

There are two silos of 125 tons each capacity on the place and both are filled to the top annually. The owner estimates that it costs him $7 to grow an acre of wheat for silage and $2 to put it into the silo. His wheat was so dense and tall last season that he could cut only a 16-inch swath at each clip. Corn costs $6 per acre to grow and $2 to put it into the silo. This makes both wheat and corn in the silo cost less than $1 per ton.

Cowpeas are sown on the land from which the earliest corn is taken, usually by the 20th of August, and gives three crops on the land for the year.

Murder Trial at Tyler.

Tyler, Jan. 30.—The state rested today in the trial of Tom Tate for the murder of Mrs. Gus A Martin near here two weeks ago. Her husband testified this morning that on the night of the killing Tate called at his home several times asking to remain all night and became enraged when this request was refused. Once he shot a lantern from Martin's hand. He later returned again and began shooting through the doors and windows of the Martin home. These bullets fatally wounded Mrs. Martin and killed outright Pleas Hardigree, a boarder at the Martins.

CHINESE PRAY FOR JAPANESE INTERVENTION

By Associated Press.

Peking, Jan. 30.—News of police outrages came in a letter from a missionary who wrote in addition: "Whole armies of mounted robbers are plundering travelers along the roads leading into Harbin. These brigands hold the rich for ransom, which has to be paid either in guns and ammunition or in money. They torture and kill their victims if the ransom is not forthcoming. Law abiding Chinese in the vicinity are praying for intervention of the Japanese in Southern Manchuria, or of Russia in the North."

General Choa Erh Hsuan, viceroy of Manchuria, has dopted a policy of employing hundreds of brigands as police and is legalizing crimes committed by these desperadoes.

$30,000 Fire at Waco.

Waco, Tex., Jan. 30.—Fire today did thirty thousand dollars damage here destroying a brick building on South Fourth street. A peculiar loss was the death of "Old Joe" a horse belonging to the Campton Undertaking establishment. The horse had drawn the hearse at the funeral of many hundreds of Wacoans was smothered to death by the smoke.
