DRYDEN GIRL DROWNED IN DIRT TANK

Flora Wyatt Is Victim Of Tragedy Sunday Afternoon

Flora Wyatt, 14, daughter of Mr. and Mrs. P. A. Wyatt, of Dryden, was accidentally drowned Sunday afternoon in a dirt tank when a raft upon which she was playing slipped from her grasp. The victim, her mother, and Mattiegreen Kerschville, had been swimming in the tank and was preparing to leave when the accident occurred.

The tank, where the accident occurred, is located on the Dryden-Sheffield road leading North and is just in the edge of the town.

First aid treatment was given the girl and a pulmotor was rushed by plane from San Antonio, but after hours of desperate work all efforts were given up and she was pronounced dead.

Flora was a member of the Junior class of the Sanderson High School and a honor student. She was loved by all who knew her and will be sadly missed by her classmates. Memorial services for her were held Tuesday afternoon at the High School Auditorium.

The body of the girl, accompanied by her parents and sister, was taken to Del Rio by Mr. and Mrs. John Taylor of Dryden Sunday night where it was prepared for burial. Monday, the remains accompanied by the parents and sister, left Del Rio on the morning train for Medina, Texas, where funeral services were held Tuesday afternoon.

Survivors include: Her parents, Mr. and Mrs. P. A. Wyatt; one sister, Joy; and her grandfather, J. A. Teggart, San Angelo.

Her father, P. A. Wyatt, is foreman of the Bassett ranch near Dryden, the family coming from Hope, N. M., about a year ago.

Record Flight Made By Plane To Save Girl

All records were broken in the flight that was made from Kelly Field to Dryden last Sunday night by the plane piloted by Lieut. Thad V. Foster.

Lt. Foster was called on the phone at 7:30 o'clock Sunday evening asking him to bring a pulmotor from that city so that it could be used in an effort to revive Miss Flora Wyatt who was drowned in Dryden Sunday afternoon. Lt. Foster was accompanied on the flight by Capt. L. C. Dalton of the San Antonio Fire Department, who worked for over an hour after his arrival in vain effort to revive the girl.

The plane left San Antonio at 8:20 arriving at the government airport at Dryden at 10:05 making the trip in one hour and forty-five minutes.

The plane and pulmotor was obtained through the courtesy of Lieut. Col. Longnecker, air officer 8th corps Area and fire chief J. G. Sarraan of the San Antonio Fire Department. This courtesy is certainly appreciated by the citizens of our county.

The party returned to San Antonio Monday morning.

AKRON TO RETURN WITHOUT SEA FLIGHT

SAN DIEGO, CALIF., May 15.—(AP)—The U. S. S. Akron, viewed by about 300,000 persons as she tugged at her Sunnyvale mooring mast today, probably will make a non-stop flight to the Pacific Northwest and will leave the San Francisco district on her return trip to Lakehurst, N. J., about May 30.

The Akron, it further was disclosed, will not at this time be used in her special capacity in any fleet maneuvers, as exercises at sea in which she could have participated have been concluded. The Northwestern flight will take the Akron to the Puget Sound area.

On the return trip to the East Coast, the airship, according to present plans will follow the same general route that she flew on her recent East-West trip.

Love Triangle Murder Trial Soon To Stir South Texas

The wanton premeditated murder of an unsuspecting husband for love of a cowhand will soon be aired in the district court at Del Rio, Texas, when Bessie Sharp, 20 year-old-ranch woman, will go on trial for poisoning Telefus Sharp. She has confessed the murder, admitting it was necessary to administer

poison three times, the latter two in castor oil and salts ostensibly to allay the illness caused by the first. Mrs. Sharp did all this, she confessed, to rid herself of her husband, that she might marry Willie Burleson (lower right) with whom she had been intimate for some time. Twice she has seemingly gone insane, and has been removed

to the hospital at San Antonio, where the upper left photo was taken. Upper right is her dead husband. Lower left is Julian LaCrosse, diminutive district attorney who will prosecute the case as soon as an important State's witness recovers from illness. The big picture is the Val Verde county court house, where the trial will be held.

VARIED PRICES OBTAINED FOR SPRING WOOL

Purchases Indicate Market For Spring Wool Clips

As spring wool sales are being made in the San Angelo and Kerrville sections, the prices paid are varying from 8 to 15 1-2 cents a pound. This the lowest price that has been paid for wool since 1893 when seven cents was the price that year.

The Sonora Wool and Mohair Company disposed of approximately 81,000 pounds of long wool, and about 48,000 pounds of several growers, at Eden, were among the sales reported last Saturday.

The price of wool was fixed at about 10 cents a pound as a result of the sale Monday of approximately 3,000,000 pounds by the Schreiner Wool and Mohair Commission Company of Kerrville according to newspaper reports.

Shearing is about half over in this section and the wool is being held here in the warehouse of the Sanderson Wool Commission Company. While there has been several long distance calls from various buyers no prices have been made nor offers to buy have been received.

The Terrell County clip will amount to about 500,000 pounds of both 8 and 12 month clip.

THOUGHTS FOR THE WEEK

WHAT IS GENIUS?

Men give me credit for some genius. When I have a subject in hand I study it profoundly. Day and night it is before me. I explore it in all its bearings. My mind becomes pervaded with it. Then the effort which I have made is what people are pleased to call the fruit of genius. It is the fruit of labor and thought.—Alexander Hamilton.

Train Schedule Hampers Mail Service Here

Since the discontinuance into this city of one train each way by the Southern Pacific, mail service into the city has been somewhat delayed. Mail is received here only once a day each way from the east and the west. As the schedules are now, not only is mail late in arriving in the city but it is late in leaving.

All daily papers from the east are reaching the city more than twenty four hours late, thus making the news rather stale and old by the time it gets here.

A communication received by the editor from the circulation managers of the San Antonio Express and the San Antonio Light, two of the leading daily papers coming in here, stated that the matter of an earlier delivery of their papers were being taken up with railroad officials and they hoped that by the end of this week that their papers will be delivered about the same time as they were before the trains were discontinued. The matter of the papers being brought in here by bus is also being taken into consideration by the papers.

Under the new mail schedules, mail arrives from the east at 11:59 p. m. and mail departs for the east at 5:59 a. m. Mail arrives from the west at 5:50 a. m. and departs for the west at 12:10 a. m. This is a daily schedule.

No mail is dispatched from the postoffice after 6 p. m. each day.

OPERETTA TO BE PRESENTED

The Chinese Operetta, "Crimson Eyebrows," under the direction of Mrs. M. B. Wilson will be presented at the High School Auditorium next Tuesday evening, May 24th, at 8:15. The public is cordially invited to attend.

STATE DELAYS ROAD WORK ON DRYDEN LINK

West Texas Projects Hit By Failure Of U. S. To Approve

AUSTIN, May 18.—Withdrawal of 19 projects from the May 26 and 27 letting of the Texas Highway Commission was announced because of failure of the Federal Bureau of Public Roads to approve plans and specifications for the work. The project had been estimated to cost \$994,000.

Highway Department officials hoped to obtain Federal approval in time to award contracts about June 10. Approval of the bureau is necessary on all projects to which the Federal government contributes a part of the cost.

Withdrawal of the 19 projects reduced the estimated cost of the work planned for award May 26 and 27 from \$3,325,000 to \$2,241,000.

Bridge projects withdrawn included:

Pecos, Tunis Creek bridge and large drainage structures on Highway 27.

Crockett, large drainage structures on Highway 27.

Grading and small drainage structure projects withdrawn included:

Pecos, 25.2 miles from 14 miles east of Fort Stockton, east, on Highway 27.

Crockett, 9.1 miles from Ozona, east, on Highway 27.

Terrell, 8.5 miles from 9.5 miles southeast to 8.5 miles east of Dryden on Highway 3.

Miscellaneous projects withdrawn included:

Kerr, 10.6 miles double bituminous surface from Mountain Home west on Highway 41.

Crockett, 15 miles caliche base from Ozona to the Sutton County line on Highway 27.

Father Of Dryden Ranchmen Dies In Del Rio Home

Funeral services were held for Joseph Jeremiah Roberts, aged 80 years, at 10 o'clock Monday morning from the First Baptist Church in Del Rio, with J. C. Burkett officiating. Mr. Roberts, who is the father of Howard and Ross Roberts, prominent ranchmen of the Dryden country, and a resident of this section of the country since 1876, died late Saturday evening at his home on the Loop road in Del Rio, physicians attributing death to heart disease.

Mr. Roberts was born in 1851 in Caldwell county, where he resided for 20 years. He was a member of the Old Trail Drivers Association, making his first trip "up the trail" in 1871 when he drove for Joe Bunton to Abilene, Kans. For many years he ranched in Val Verde county retiring four years ago.

Stricken, heart broken Lindy! Gallant, grieving Anne! Frenzied Anne! A nation mourns. Yes, that's all we can do! Just Mourn. And wait to see who the next victim will be.

Another little life has paid for America's lawlessness! And all we can do is mourn over the work of fiends. A little life, helpless in the hands of a coward or cowards.

What has happened to this great Nation of ours who flouts her banner of Liberty so proudly? Liberty? Aye, the liberty born of human brotherhood and love. The Liberty our immortal Washington and Lincoln fought for, hoped for, and foresaw—if we kept our laws!

And our so called "law" cries out against lynching. It is wrong, let the law take its course, they say. But, its course, oft times swings wide of justice. Then is it any wonder, at times if enraged citizens, incensed at some horrible crime, gather to mete out the justice they feel the LAW will never mete? They've lost confidence in our laws. Laws punctured with amendments—legal loop holes. Escape. More crimes.

Millions of dollars spent to operate the powerful machinery of a powerful government, whose every intricacy renders its powerlessness to deal out punishment to criminals. Criminals, freed to incite others of warped intellect to malicious atrocities.

Must old ideals give way to the new order of things? No! For deep in the hearts of every true American rings the echo of those immortal words—"that the government of the people, by the people, shall not perish from the earth."

Stand by, America! Contributed.

Boy Scout Camp Dates Are Set

President E. K. Fawcett called for the members of the Executive Board to meet at the camp site with Mr. Minor Huffman, Deputy Regional Scout Executive of Dallas. Ten men met and discussed the Scout Program and its applications to the Boys of Southwest Texas.

One of the decisions reached was that the dates for Camp Fawcett for 1932 would be from August 9th to 18th, inclusive—nine days of fun and camping experience. The camp fee is to be \$6.00 for each Scout, and \$6.00 for each Scout Leader who attends camp. A number of troops are already working on a camp fund that will enable their entire troop to attend camp. Come on, Scouts! Which will be the first troop to notify Scout Headquarters that the funds are on hand, and that every member will be present at camp this summer?

This month we observe Mother's Day. We urge every Scout to be especially thoughtful of the best friend any boy ever has, his Mother.

Rocksprings has 26 boys meeting regularly and will reorganize a strong troop. Eagle Pass Scouts are inquiring about other Scout Records, saying "We want to set our goal high." They have a Court of Honor scheduled for Friday, May 20th. Boys' week sponsored by the Rotary Club, will be observed in Crystal City. A field day for all boys, winding up with a real feed, is the big day. Del Rio has always observed Boys' week with the boys in charge of the city one day. Asherton Troop No. 4 has enjoyed an overnight hike recently, under the leadership of Scoutmaster Kannenberg. Every Scout learned something interesting and helpful. Uvalde Troop No. 6 will have its quarterly Court of Honor during May. They are enjoying their new cabin which was erected by the Lions Club. We are assured that Carrizo Springs and La Pryor Troops are plugging away, as are the Patrols at Fort Clark, Trio, Knippa, and Montell.

Remember the camp dates of August 9th to 18th! "Meet me at the old camp fire the first night." Scout Headquarters.

RECIPES AND MENUS

By Department of Home Economics Texas State College for Women (CIA)

DENTON, May 19.—Fresh uncooked vegetables are especially important and should be used freely. The green portions should be used more than most families use them as these are especially rich in iron and vitamins which are so essential to health.

There is no doubt that appearance had much to do with the attractiveness of foods. There are those which are bright colored, and white ones which are most popular. The rich brown probably ranks next in favor. A prominent food chemist ridiculed the popularity of tomatoes as only a color flavor appeal. Later he learned that they are one of our best sources of vitamins.

Another of our mineral and vitamin-containing foods is the pot-herb group, to which spinach, mustard, and turnip greens belong.

Beets and carrots add health as well as color. Fresh pears have an infinitely better flavor than canned pears and the same can be said of many products.

Just now the garden is of special importance in keeping down food expenditures and at the same time giving variety. It provides profitable employment for many who otherwise might be unemployed.

In most of these localities the heavy meal is usually served at noon. It is with this in mind that these menus are planned.

Breakfast: Corn Flakes and sugar, cream, cod fish, potato balls, preserves, bran muffins, butter, coffee, milk.

Dinner: Baked ham, creamed new potatoes, corn bread, green onions, peas, butter, wilted lettuce, oatmeal cookies, strawberries.

Supper: Cottage cheese, creamed new potatoes, Italian prune salad, white bread, butter, baked custard, devils food cake.

Breakfast: Sliced oranges, oatmeal, cream, poached eggs on toast, bacon, jelly, coffee, milk for children.

Lunch: Cottage cheese, buttered beets, bread, butter, cookies.

Dinner: Veal cutlets, bread, butter, potato and spinach croquettes, tomato aspic, string beans, apple pie, hot tea.

RECIPES

Wilted Lettuce: 1-2 c weak vinegar, dash pepper, 2 t bacon fat. Method: Heat the ingredients until boiling hot pour over the lettuce. If not wilted sufficiently the lettuce and dressing may be placed in a skillet and heated over a low fire. Serve at once.

Tomato Jelly Or Aspic: 1 qt. tomatoes stewed and strained; 1 t salt, 1 t sugar, gelatin. Method: Measure juice after straining. Allow 2 teaspoons gelatin to each cup. Soak gelatin in cold water 10 minutes, add to juice; bring to boiling

point, pour into molds and chill. Serve with mayonnaise or boiled dressing.

Potato and Spinach Croquettes: 2 c boiled Irish potatoes, 2 t butter, 1 egg, 1-4 c spinach, salt and pepper, bread crumbs, 2 eggs, 2 t fat for frying. Method: Mash hot boiled potatoes. Add butter, egg slightly beaten, and spinach finely chopped. Season with salt and pepper; shape, dip in crumbs, in egg and in crumbs again; fry in deep fat and drain, on brown paper.

FLORA WYATT DROWNED

A very sad accident occurred Sunday evening. Flora Wyatt, Joy Wyatt and Mattie Gwen Kerchville went in wading in the first tank just north of Dryden in the Chambers pasture and the three girls got on an old raft and it floated out into the deep water and in some unaccountable way the girls slipped off the raft. Joy and Mattie Gwen managed to get out but Flora couldn't swim, so went down. The cries of the other girls soon brought help and they soon found her and brought her out on the bank where they used the artificial respiration method to restore her and in the meantime a pulmotor was ordered from San Antonio by airplane which arrived at 10:30 p. m. The men worked faithfully but their efforts were futile for life was extinct. The parents, Mr. and Mrs. Preston Wyatt, and little sister, Joy, together with several friends took the body to Del Rio to be embalmed and thence to Medina, Texas, for burial.

Flora Wyatt was 14 years old and a Junior in the Sanderson High School. She was a beautiful and brilliant girl beloved by all who knew her. The sympathy of the whole community goes out to the bereaved family in this their hour of sorrow.

Cowboy Ranch Camp To Open

About 30 boys from San Antonio southwest Texas and other parts of the country are looking forward to "the time of their life," and anxiously watching the calendar, awaiting June 15.

On that date the Circle Bar Cowboy ranch camp in Pecos county, will open for six weeks, according to Homer B. Adams, who with Otho O. Adams is in charge of the camp.

Although the camp offers all the usual events of camp life, its principal aim is to make horsemen of the boys, Adams said. Fifty boys between 8 and 16 years can be accommodated.

Jimmy Rogers, 16-year-old son of Will Rogers, will come to the camp from New Mexico Military institute and will give instruction to the boys in polo and horsemanship. Bill McNutt, son of V. H. McNutt of this city, and a classmate of Rogers, will attend the camp. Among those who will give lectures and demonstration of horsemanship are Jack Beretta and William C. King. Jimmy Dugger, coach at Edgar Allen Poe school, will be coach at the camp—San Antonio Light.
