## Plans For Pumping Station To Employ Ten Workers Outlined

### Sonora Station To Be One of Twelve On 600-Mile Line

#### SITE NEAR TOWN

### Five To Ten Houses For Workers To Be Built

Likelihood that construction will begin soon, near Sonora on the Menard road, of a Texas-New Mexico Pipe Line Co. pumping station housing two 600-horsepower Diesel pumping units was voiced Tuesday by E. R. Osburn, general superintendent of the company.

The station will employ about ten men permanently, Mr. Osburn told a NEWS representative Tuesday, and it is probable five to ten houses for their occupancy will be built. Construction, Mr. Osburn said, will begin shortly after clearance to the site of the station is secured.

#### Special Commissioners Named

Attorneys for the company, owned by the Texas Company, Tidewater Oil Co., Sinclair Oil Co. and Empire Oil Refining Co., filed condemnation proceedings Thursday of last week on 4.35 acres of land owned by W. A. Miers. The Texas Company owns a controlling interest.

Alvis Johnson, county judge, appointed W. R. Cusenbary, John Eaton and Thomas Espy as special commissioners "to ascertain the value of said land and to assess damages which will be sustained by the owner by reason of the construction, operation and maintenance thereon of a pipe line pumping station."

#### Company A Common Carrier

A hearing has been set by the special commissioners for Tuesday afternoon at two o'clock. The company's action, by petition, was based upon its claim, as set forth in the petition, that the station will be "for use and benefit of the public and as a public convenience and petitioner's ownership and operation thereof is as a common carrier for hire and subject to regulation as such for the public interest."

The station property would front 426 feet on the Menard road and the other three dimensions of the plot would be 547 feet, 400 feet and 400 feet.

#### Increased Load Desired

Mr. Osburn told the NEWS Tuesday that the expansion program under way since April will permit a 60,000-barrel daily oil capacity instead of the present 30,000-barrel daily load.

The 600-mile pipe line from Jal, N. M., to the Houston Ship Channel, will have twelve stations of the type being built at Ozona and Junction and proposed for building at Sonora. Others are located at: Jal, Monahans, Crane, Iraan, Fredericksburg, Blanco, Rosanky, May Ulm, Katy. All will be new except at Rosanky where additions are being made.

#### Two Stations Well Under Way

As Mr. Osburn talked to the NEWS representative Tuesday afternoon he looked out of the office at the station under way eight miles from Junction. The steel super-structure of the main building is practically completed.

"The Ozona and Junction stations will be 'on the line' about August 1," he said.

"Construction at Sonora will be started just as soon as possible. We are ready. The station there which will account for a substantial payroll for Sonora is an essential one in our plan.

"Hydraulic engineering problems demand that these stations be placed at certain intervals. They cannot be located just any place along the line. There is a 10-inch line from Jal to Crane and a 12-inch from there on. Size and diameter of the pipe as well as the number, location and size of the stations determines the carrying capacity of the line."

#### Housing For Workers Planned

The company's petition filed

Thursday states that to increase to the 60,000-barrel capacity more stations at regular intervals are required. One is needed, it is declared, on the Miers land location. Mr. Osburn stated that the 10,000-barrel tank at the present electrically-operated pumping station west of town would be moved to the new station location. The company's desire is to build the houses for employees in Sonora rather than on the station property in order that families of employees may have the advantages of living in town.

A. S. Bailey, vice-president, Texas-New Mexico Pipe Line Co. was in Sonora last week conferring with Mr. Osburn. Closely associated with Mr. Osburn is P. P. Brooks, construction engineer, at present supervising work on the Ozona station, and R. W. King, chief clerk, in the Junction office located in the bank building there.

Attorneys who filed the condemnation petition for the pipe line company were Fred T. Coupers, Jr., William K. Hall and Stevenson, Baker and Knetsch, the latter firm of Junction.

## Visitors Thursday Learn of Sutton's Beautifying Work

### Highway Officials and Ladies in Charge in Counties Guests at Luncheon

West Texans of many of the fourteen counties comprising division seven of the state highway department Thursday were given an insight into the way Sutton county has done its part in making more attractive state highways through "The Stockman's Paradise."

Conceived as a way of exchanging ideas and discussing plans for future work in each county, the conference here was attended by division officials, section foremen in charge of highway maintenance in counties, women who are county chairmen in charge of beautification work, and

MRS. FRANK FRIEND  
San Angelo  
Chairman,  
Citizens' Organization For  
Highway Beautification

Mrs. Frank Friend, division chairman Citizens' Organization for Highway Beautification. Mrs. Friend is a sister of Mrs. Lula Karnes of Sonora.

#### Lions Hosts at Luncheon

Highlighting the day's visit to Sonora was the luncheon at which the visitors were guests of the Lions Club. Mrs. Roy E. Aldwell, Sutton county chairman, was in charge and introduced the visitors. W. J. Fields, Jr., vice-president, presided.

The tables, in the form of an "H," were centered with a minia-

(Continued on page 4)

## RAIN FALLS ON NEARLY ALL OF SUTTON COUNTY

Sutton ranchmen are smiling! Rain last week-end over a large part of the county has made Sutton county appear as a garden spot. Hail with rain Sunday morning did little damage.

Since June 1 more rain has fallen at the Ranch Experiment Station than all during June, 1936. The record there for this month is 2.27 inches. Last June 1.84 inches fell during the month.

The rainfall in town last week-end, according to the Sonora Wool & Mhair C. gauge, was 1 1/2 inches.

## First Sutton Range Terracing

Good agricultural conservation methods were practiced recently by Dave Locklin, Sutton county ranchman, when he accomplished spreader terracing work on range land which was subject to damage by washing.

Eighteen dollars was the cost of the 4200 yards of terrace constructed. Sutton county road machinery was used.

The Agricultural Adjustment Administration, through its range conservation program, stood \$16.80 of the cost of the terracing. The

federal money granted for the work would have paid for the work completely if a machinery breakdown had not caused extra time to be used. Forty cents a hundred yards is allowed.

H. C. Atchison, county agent, who directed the work, says that this is the first range land terracing done in this immediate territory. Some has been done near San Angelo. Several Sutton county ranchmen have done field terracing work or are contemplating such work.

The picture at the left, above, shows a portion of a completed terrace. The terraces are built on a level and hold the water until the ditch is full. They are seven to eight feet wide and twenty-four to twenty-six inches deep at the highest point.

In the picture at the right, above, Mr. Atchison is shown at the reader's left and Mr. Locklin at the right. The county machinery used in the work is pictured. W. D. (Ikey) Kring was the machinery operator.

## Sonorans Sail For France On Tuesday

### Mrs. Boughton and Children To Live in Town of Marmande

When the French Line steamship, Winnipeg sailed from Houston Tuesday morning its passenger list included a Sutton woman and three children who are to live in France until next summer.

Mrs. I. B. Boughton, wife of Dr. I. B. Boughton of the Ranch Experiment Station, and their three children, Richard, Josette and Alan, will spend the year with Mrs. Boughton's parents, Mr. and Mrs. Jules Bouin, in Marmande, Lot-et-Garonne, France. Marmande is a town of 9,000 people.

Dr. Boughton took the travelers to Houston Saturday.

The Boughton children have been pupils in the school taught at the Station by Miss Robbie Morris. The school is not to be maintained at the Station next year. The children will be placed in school in the French town which is about fifty miles from Bordeaux, seaport city of 267,000.

The mother and children will be on the ship eighteen days, landing at Le Havre, France.

Mrs. Boughton has not seen her parents for five years. She is a graduate of the University of Illinois where she majored in Spanish and French. Later she taught six years in her alma mater and also in the American school at Port-au-Prince, Haiti.

## Steen Home To Be One of Seven Rooms

### Brick Residence in Sonora To Cost About \$9,300

Excavation work for the foundation and basement of a seven-room home to be built by Mr. and Mrs. E. E. Steen and daughter, Ada, on the corner lot facing the R. E. Glasscock property and adjacent to the house owned until recently by M. C. Puckett, was scheduled for this week.

The house—forty feet by sixty-eight feet—is to be of dark brick construction. The lot on which it will be built has a 75-foot frontage and extends 200 feet along the side street. There will be three bedrooms, living room, dining room, bathroom, breakfast room and kitchen.

Miss Steen said Wednesday that the approximate cost will be \$9,300 and that it is to be completed in 120 working days. The basement will be slightly larger than that necessary for the furnace.

Hugh Myers of San Angelo is the contractor. He built the L. W. Elliott School.

M. C. McDermitt left Thursday on a visit to Denton.

## Neills Win Texas Bridge Play Trophy

### Their "North-South" Work April 7 Best in Lone Star State

A trophy indicating their excellence as bridge players will be received in a few days by Mr. and Mrs. George H. Neill from the World Bridge Olympic organization in New York City.

The two Sonora players, according to a letter from Alfred P. Sheinwold, secretary of the World Bridge Olympic Committee, won the "North-South" championship of Texas. Mr. Sheinwold stated that a trophy was being sent.

The local tournament April 7 was participated in by ten couples. Mr. and Mrs. Neill were the "North-South" winners at that time and Mrs. Tom White and Mrs. Collier Shurley comprised the "East-West" victorious couple. The tournament is held each year at the home of Mr. and Mrs. Roy E. Aldwell.

As Mr. Neill expressed it this week he and Mrs. Neill made seven "par" or correct hands out of the eleven possible ones. Sixteen hands were played by all of the players.

Last month the two winning couples here were notified that they were entitled to two weeks vacation at Camp Hackensack in Minnesota this summer.

## Miss Sawyer Given Degree With Honors

### Sonora Girl Completes Course at University of Texas

When diplomas were awarded Monday evening at the commencement program of the University of Texas one Sutton county student—Miss Alice Sawyer—was graduated with honors.

Miss Sawyer, valedictorian of her high school class in Sonora, was in the group given the degree "Bachelor of Arts with Honors."

The commencement program was in the Texas Memorial Stadium. It was the fifty-fourth annual June commencement of the state institution. The class, numbering 1,000, was the largest in the history of the institution.

Miss Sawyer returned Tuesday with her mother, Mrs. E. E. Sawyer, and brothers, Edwin and Wesley, who were in Austin for the final event of the school year. Their guests last week, Miss Margaret Bone of Wichita Falls and Miss Anna Pearl Alexander of Bastrop, returned to Austin with them Sunday.

Miss Bone was graduated and received the degree of Bachelor of Science in Education.

Mr. and Mrs. A. C. Youngblood and son, Lawrence, returned to Dumas Wednesday after a visit here with her parents, the Rev. and Mrs. R. F. Davis.

## Sidney T. Gilmore, Business Man Here Since 1915, Buried

### Mississippi By Birth, He Was For Many Years in Business in Fort Worth

Death came shortly after midnight Wednesday to Sidney T. Gilmore, resident of Sonora since 1915, when he came here and established a hardware and sheet metal business.

Mr. Gilmore, father of W. C. Gilmore, mayor of Sonora all but two of the last twelve years, has been in ill health about three years. He has been bedfast since February. His death was due to complications resulting from his long illness.

#### His Mother A Virginian

A native of Senatobia, Miss., where he was born July 13, 1861, Mr. Gilmore has been a Texan since he was eighteen or nineteen years old. His father was born and reared in Senatobia but his mother was of Virginia birth.

When he first came to the Lone Star State he worked in Austin and Georgetown for a time. He then began working for Harry Brothers, Fort Worth sheet metal firm which is no longer in existence. From 1896 to 1902 he was in the hardware business in Carlsbad, N. M.

As one of the owners of the Texas Tank & Culvert Co., Fort Worth, he operated that business ten or twelve years.

#### Son in Firm Since 1923

When he came to Sonora in 1915 he and G. W. Morris, early day resident who still lives here, were associated as owners of the Morris-Gilmore Hardware Co. The firm also did sheet metal work, the trade Mr. Gilmore had known so long. The partnership was retained until in January, 1922, when Mr. Morris' interest was bought by Mr. Gilmore and his son, E. S., now in radio sales work in Fort Worth, joined the firm.

About a year and a half later the Gilmore's son, W. C., came here from El Reno, Okla., and acquired his brother's interest. The firm has been known as Gilmore Hardware Co. since October, 1923.

Mr. Gilmore was a member of the Knights of Pythias organization.

#### Marriage Anniversary Last Week

Forty-two years ago last Saturday Mr. Gilmore was married to Miss Lillian Olive Greene in Carlsbad, N. M., Mrs. Gilmore survives him as does the son, W. C., here, the Fort Worth son, E. S., and another son, S. A., a twin of E. S., who lives at Liberty Hill.

The Rev. Frederic M. Brasier, rector of St. John's Episcopal Church, came here Thursday to conduct the funeral services at the Methodist Church at five o'clock. He was assisted by the Rev. R. E. Davis, Methodist Church pastor. Pallbearers were:

W. L. Davis, John Eaton, Alvis Johnson, Joe F. Logan, Roy E. Aldwell, Jodie Trainer, R. A. Halbert, George E. Smith.

#### Son to Mr. and Mrs. Carroll

A baby boy was born Wednesday to Mr. and Mrs. Arthur Carroll in a San Angelo hospital. Mr. Carroll is associated with his father, Ernest Carroll, in the wholesale of gasoline and oil for the Texas Company. The child, who weighed six pounds, twelve ounces, has been named Arthur Darcy in honor of his father, and of his mother's sister. Mrs. Carroll's parents are Mr. and Mrs. W. F. Palmer of Houston.

## HEALTH OFFICER WARNS OF DANGER OF DISEASES

A reminder of the dangers of whooping cough, diphtheria and typhoid was issued this week by Dr. J. Franklin Howell, county health officer.

Typhoid fever, said to be prevalent in a neighboring county, is a constant threat to all. The other two diseases — to which children are particularly susceptible — are quite dangerous.

Approved immunization measures (by vaccination and inoculation) are recommended as preventive practices that will bear fruit in better community health, the officer stated.

## Station A Players Turn Back McCamey By 7 to 5 Score

### Chicago White Sox Scouts Among Those Who See Saturday Game in Sonora

Threatening several times but never quite able to overcome a 5-run lead established by Station A in the first inning, the McCamey team bowed Saturday afternoon to the Ozona-Sonora combination by a 7 to 5 score. The game was played here.

Lefty White went the whole route for the local team with Al Crostwaite holding down the initial sack.

#### Ratliff Makes First Score

In the first inning when Station A made its five runs Ratliff was the first man on base, getting there on a McCamey player's error.

#### STATION A (Sonora-Ozona)

BASEBALL THIS WEEK-END  
Crane ... in Sonora ... Sunday

#### PERMIAN BASIN LEAGUE (as of Monday, June 7th)

	W	L	Pct.
Station A	9	2	.818
Crane	6	4	.600
Texon	5	4	.555
Iraan	4	8	.333
McCamey	2	8	.200

ror near second base. P. McLeod sacrificed Ratliff to second, Heatherly got a hit and Ratliff landed on third.

Crostwaite hit to right field, Ratliff scored and Heatherly romped home. Mangold was out, Marvinn McLeod made first on an infield fly and Crostwaite was on second.

Then a mighty blow by Stuart, Station A catcher was good for a home run, scoring McLeod and Crostwaite ahead of him. Weaver was out in left field.

#### Crostwaite Gets Homer

In the fifth Crostwaite knocked a home run over the right field fence.

The Station A players managed for 11 hits and made only 3 errors. The McCamey players were marked up for 5 errors.

The condensed score of the game was:

McCamey — 000 201 200—5 10 5  
Ozoras — 501 010 00x—7 11 3

The game scheduled for play Sunday afternoon in McCamey was canceled because of weather conditions in Sonora.

Interested spectators Saturday afternoon at the game were Mr. and Mrs. Roy Largent of McKinney, Texas, whose business card (and it's a combination one) reads: "Chicago White Sox Scouts."

Mrs. Largent is said to be the only woman baseball scout at the

(Continued on page 8)

## VERMONT TO MARK 150 YEARS IN UNION

### Prepare Now for Celebration in Year 1941.

Montpelier, Vt.—"Fourteen years as an Independent Republic—One Hundred and Fifty Years as a State of the Union." Such is the unique story which will be reviewed in 1941 when Vermont dedicates the entire year to a statewide recognition and celebration of the 150th anniversary of her admission to the Union.

Plans are to be outlined by a state commission provided for in a joint resolution just signed by Governor Aiken. The commission is to report its suggested plans and program to the Vermont legislature of 1939.

This recognition by Vermont may tend to make all states of the Union admission-conscious, since Vermont was the first state to be admitted to the Union after the original thirteen. This was the starting of a "Long Trail," over which thirty-four other states have followed Vermont into the United States, a procession of states beginning with Kentucky in 1792 and culminating with New Mexico in 1912.

#### Build Up Program.

Governor Aiken's signing of the joint resolution passed by the legislature is not merely an official commitment to the idea of the recognition of the 150th anniversary in 1941 but also a signal for the mobilization of the people of the state in support of a 1939-1941 program of so-called "Sesquicentennial Objectives."

The attainment of these objectives during 1937-41 is regarded by Vermont as the building of an appropriate and necessary preliminary stage setting to prepare the state for the formal recognition and celebration in 1941.

A five-point program has been built up out of suggestions sent to the state chamber of commerce by individuals, organizations and newspapers. The program affords the following picture of some phases of the Green Mountain state in 1941, resulting from the proposed pioneering and perfecting activities during the last four years of the first 150 years of the life of the state:

During 1937-41 the attractiveness of Vermont shall be greatly enhanced through the wholesale removal of roadside and other blemishes which here and there disturb the exquisite beauty of Vermont scenery. Special attention by the towns to the erection of road direction signs along town rural roads will enable citizens and guests easily to find their routes.

#### Expect to Be Busy.

Vermont's welcoming hospitality both in winter and in summer shall become familiar to many more people through the speeding up of various activities and developments.

Vermont shall become busier through playing to the movement for the decentralization of industry, thus restoring and building up industrial activity in the valley and mountain villages.

Vermont shall become more widely known through the expansion into other fields of originality and initiative recently displayed in the official handling and reporting of town and state finances and affairs. Vermont town and state reports have become "news" in other states, because they have demonstrated "modernization" in the handling and reporting of local and state finances and affairs. Four other states have adopted the Vermont plan of a "town report competition."

During 1937-41 Vermont shall witness the utter extinction of the old-fashioned town report. "Modernization" in these documents shall seep into every nook and corner of the state. Thus the mass production of modernized public reports shall be achieved in Vermont, which is serving as an experimental demonstration plot in this regard.

### Free Classes Plant Art Where None Had Grown

Chicago. — Butcher, baker and candlestick maker are getting art lessons free—and eating them up.

The Chicago Art Institute installed a twelve-week course as an experiment in fostering art among persons too timid or poor to enroll. The success was a surprise.

A draughtsman took his daughter, fifteen years old to watch him; she picked up a brush and now excels her father. A machinery manufacturer seeking diversion, has turned into a painter of pastorals. Mothers leave children at home with dads to wield a brush. And a structural steel painter who joined the course is now depicting flowers.

### Farmer's Lost Cow Found Underground

Berne, Ind. — When Reuben Romney went to bring his cows in from pasture he discovered one missing. He walked around the field, found no break in the fence and no trace of the cow. Yet when he called he heard an answering "moo" beneath his feet. Peering down, he saw the head of the cow—she had slid into the small opening of a jug-shaped sinkhole.

## New Scout Worker Formerly A Banker

### Oklahoman Will Come To Concho Valley After Jamboree

Henry C. Ragsdale, president of the Concho Valley Council, Boy Scouts of America, recently announced Harold Janeway as the successor of R. L. (Bob) Billington, Scout Executive.

Mr. Janeway, a graduate of Oklahoma A. and M. College and the 16th Training School for Scout Executives, has served as a Scout Executive for approximately 12 years. He was Scout Executive at Duncan, Oklahoma, for 1½ years; Cushing, Oklahoma, for 4 years; and Shawnee, Oklahoma, for 6 years. He comes to West Texas from Shawnee. He has attended all Regional and National Confer-

HAROLD JANEWAY  
Scout Executive, Shawnee, Okla.  
After July 15: Scout Executive  
Concho Valley Council

ences held since he entered Scouting professionally.

Before entering Scouting professionally, Mr. Janeway was assistant cashier in a bank at Collinsville, Oklahoma, for five years. He was Department Adjutant of the American Legion in Oklahoma one year and also vice-commander one year.

Mr. Janeway and his family will arrive in San Angelo on July 15. He will attend the National Jamboree at Washington with his contingent from the Canadian Valley Council, headquarters in Shawnee, Oklahoma.

#### Fort Stockton Girl Here

Formerly society editor and reporter on the Fort Stockton Pioneer for three years, Miss Mary Ethel Dunn was through Sonora Friday on her way to Austin. She will spend two years in collegiate work at the University of Texas to complete work for her degree. She will also be employed in the Press Clipping Bureau operated by the University.

#### Atchisons Visit in Fort Stockton

Mr. and Mrs. H. C. Atchison and children, Annie Frances, Clay, Jr. and Betty Jane, visited Capt. and Mrs. L. E. Bailey in Fort Stockton recently. Annie Frances remained there for a visit.

Mrs. James E. Lindsey of San Angelo visited her parents, Mr. and Mrs. B. C. McGilvray, Tuesday.

## Personals

John I. King of Eldorado was in Sonora Tuesday.

Mr. and Mrs. Bob Martin, Jr., of Ricksprings were in Sonora Tuesday.

Mr. and Mrs. B. C. McGilvray and Max Darrell Murray were in San Angelo Sunday.

Miss Joyce McGilvray left Tuesday for San Angelo where she is attending a business college.

Mr. and Mrs. F. T. Jones and daughter, Sandra Ruth, returned Tuesday from a visit in Goree.

Edna Mae Shoemaker of San Saba is visiting her aunt and uncle, Mr. and Mrs. A. B. Shoemaker.

Mrs. J. M. Puckett of San Antonio is visiting her sons, Clayton and Dow, in Fort Stockton.

Mrs. J. A. Ward of San Angelo is visiting in the homes of her sons—Rip Ward and J. A. Ward, Jr.

Mr. and Mrs. Glen Pass and son, Don, of Littlefield were guests this week of her sister, Mrs. J. A. Cauthorn, and Mr. Cauthorn.

Miss Joyce McGilvray returned Tuesday from a visit in San Angelo with her sister, Mrs. James E. Lindsey, and Mr. Lindsey.

Betty Gene Rankhorn returned Tuesday from a visit in San Angelo with Mr. and Mrs. Edward Guess and daughter, Marion.

Mrs. Birdie Rutledge returned Tuesday from a visit in El Paso with her daughter, Mrs. H. L. Blackwell, and family, and went to San Antonio Wednesday.

#### Former Sonoran Now Manager

Appointment of W. A. Hampton as manager of the Concho Basin League was announced Sunday in the Fort Worth Star-Telegram. He succeeds Paul Gibbs who is to be away most of the summer. Mr. Hampton was manager of the Station A team here while he was chief engineer at Humble Station A before being transferred to a station near Ballinger.

#### Road Signs Bring Criticism

The investment in highways made by Texas taxpayers will not be protected, the beauty of the roadside preserved, and the safety of the traveling public safeguarded until advertising signs are excluded from residential and rural districts, Marvin Nichols, of Fort Worth and head of the Texas Planning and Civic Conference, said recently.

## April Shipping of Sheep Much Larger

### Texans' Livestock Sales Gain During Month of April

Austin, June 9.—Movement of livestock from Texas to interstate points and to the Fort Worth market during April totaled 12,021 cars, against 9,369 cars during April last year, an increase of nearly 30 per cent, it has been pointed out by the University of Texas Bureau of Business Research.

During the first four months of 1937, shipments aggregated 26,596 cars, an increase of 18 per cent over the corresponding period a year ago. With the sharp increase in forwardings together with recent strengthening of livestock prices the economic situation of Texas cattlemen is rapidly improving.

The increase of sheep forwardings was especially marked, the Bureau's report showed. Shipments of these animals totaled 1,520 cars, an increase of 165 per cent over April last year. Almost 70 per cent of these shipments went to the Fort Worth market.

Cattle shipments, 9,003 cars, compared with 7,434 cars last year increased 21 per cent; calf shipments, 663 cars, increased 13 per cent; and hog shipments, 835 cars, increased 8 per cent.

#### Huge Popcorn Crop Predicted

Texas this year will harvest a record breaking popcorn crop, according to a survey recently made by the Texas Planning Board's land use committee.

#### Mexican Couple Married Here

Vicandro Espinoza and Miss Ofelia Garza, both of Junction were married here Tuesday by George A. Barrow, justice of the peace.

An engineer is a man who can do with one dollar what any fool can do with two.—Southwestern Ambassador.

Sonora Boys To Work in Boston  
Wilburn Glasscock, son of Mr. and Mrs. J. S. Glasscock, and Marvin Smith, son of Mrs. Velma Shurley, left San Angelo yesterday on their way to Boston. Billy Hanks of San Angelo and D. De-Long of Eldorado also went. The young men are to grade wool in a warehouse in Boston. Glasscock expects to work there permanently but the others will return in the fall.

#### Tourists Leave Many Dollars

The tourist business ranks second to oil in Texas according to statistics compiled by the Texas Planning Board which show that oil last year enriched the state \$450,000,000; tourists, \$466,000,000; all agricultural crops, \$384,000,000; and cotton, \$210,000,000.

## GLACIER IN ALASKA IN BURST OF SPEED

Moves Mile a Month Instead of 10 to 20 Yards.

Washington, D. C.—A new "galloping" glacier is breaking all speed limits. The Black Rapids glacier, about 125 miles south of Fairbanks, Alaska, has been reported moving almost a mile a month instead of the more usual 10 to 20 yards.

"Just such a spurt of speed frightened mankind into a systematic study of glaciers, which was instituted only a century ago on the Aar glacier in Switzerland," says the National Geographic society. "The task of counting glacier 'noses' is not yet complete, but they are known to be going their sluggish way down the higher mountain peaks of every continent except Australia. In the Alps alone, 2,000 have been tabulated.

"Specimens of these Ice age souvenirs survive in six of the United States: Montana, Wyoming, Colorado, Washington, Oregon, and California. Samples have been corralled in ten national parks, with the most spectacular exhibits in Mt. Rainier National park, where 27 glaciers extend their pale tentacles down the single peak; and in Glacier National park, where 60 small glaciers lie. Sequoia National park, more famous for its trees, has a couple of glaciers for that authentic primeval touch in the background. Yosemite valley, a perfect example of glacial action, still has glacier specimens to show how such valley-carving is done.

### Alaska in Lead.

"The blue-ribbon specimens of the national parks' glacial exhibits are in Alaska, which raises the finest glacier crop outside the polar zones. Mt. McKinley National park, with the continent's highest peak, and the Glacier Bay National monument, where eleven glaciers reach the sea, have some spectacular types.

"The United States also claims possession, by virtue of recent explorations by Byrd and Ellsworth, of slices of the very largest glacier still in existence—the continental glacier doming Antarctica with an ice cap of great thickness. Here an area exceeding that of the United States is iced over, with such giant ice tongues licking into the ocean as Beardmore glacier, 10 to 20 miles wide and 125 miles long. The glacial superiority of Antarctica is appreciated in contrast with the size of glaciers elsewhere, most of which have a fraction of a mile as the largest dimension.

"Many are so small that they can be distinguished from glorified snowdrifts only by their motion. For glaciers, although composed of brittle ice weighing tons per square yard and rocklike with a crystalline structure similar to marble, actually move with a mysterious flow and not with a slide like an avalanche of snow. Markers on the surface reveal that the ice rivers 'flow' more rapidly in the center than on the sides, faster on top than beneath. But rapid movement for a glacier is usually slower than slow motion, for the rate is measured in inches per day. Some runaways may cover 30 feet in a day, like Childs glacier in Alaska, but most of them would keep pace with the hour hand of a watch.

### Melting Rapidly.

"The majority of glaciers are melting more rapidly than their rate of advance. Nunatak glacier in the Yukon receded six miles in 25 years. Illecillewaet in Canada retreats more reluctantly—a tenth of a mile in 14 years.

"Glaciers flourish virtually on the Equator, wherever peaks are high enough. The very tip-top of Africa, Mount Kilimanjaro (19,710 feet) in Tanganyika, is girdled with no less than ten glaciers, although it is volcanic. Indeed, South American glaciers are frequently tucked into the pockets of quiet volcanic peaks in the Andes; and at Cerro Alto, in Ecuador, a glacier has taken possession of a second-hand crater.

"A roll call of glacial giants would bring up the names of Pamir glacier, in the Himalayas, possibly 100 miles long; Hubbard glacier in Alaska, 90 miles long and in places 10 miles wide; and the ice cap of Svalbard (Spitzbergen.)

"The method of a glacier's growth is more spectacular than the mighty-oak-from-little-acorn contrast. For the huge ice-rivers are merely overgrown colonies of snowflakes, which have become compact granular ice. For this reason, glacial ice and icebergs are not salty, as are the ice floes of frozen sea water."

## Safety Prime Objective in Highway Planting Program

This article appeared Sunday in the Fort Worth Star-Telegram. It is reprinted here inasmuch as it is particularly timely in connection with the highway beautification conference here yesterday.

### Safety through beautification.

That is the main objective of the elaborate beautification program of the State Highway Department, according to Jac Gubbels, who is in charge of the program for the department.

Gubbels outlined plans being followed when he recently attended an exhibition of wild flowers at highway division headquarters on Montgomery Street.

### Parks Or Rest Spots Total 535

Even the 375 roadside parks of an acre or more that have been created to aid in safety, he explained. So it is with 160 smaller turnout spots. These have been constructed since the department began its highway beautification program in 1933.

"Drivers," Gubbels said, "can rest in those parks. They even can sleep there and be fresh when they return to the road. Children can be given a chance to play a little and break the monotony of a long trip. Then they will not detract the attention of their father so much from driving."

However, it is in the State Highway Commission's planting program that the safety through beautification plan is reaching its greatest effectiveness.

### Planting In Purposeful Way

For instance, edges of curves are being planted with small shrubs so that the motorist can see at a distance that the highway turns.

"The old-fashioned guard rail, is it a safety measure?" Gubbels asked. And answered with, "It may hold you, but it also may kill you."

He means that it may keep the motorist from running off the highway, but his car may be smashed and his life forfeited.

Gubbels is having these rails removed and shrubbery planted in their place. "The edge of the road is only a mental hazard, anyway," he declared. "So all that is needed are shrubs to mark the edge of the road."

### Trees Show Steepness

One of the cleverest uses of trees to insure safety is the way

they are planted to designate the steepness of a hill. Trees are planted a certain distance apart on a hill. As one approaches the summit he can tell by the tops of the trees on the opposite slope the approximate slope. Knowing the steepness, he can better guard against an approaching automobile.

Edges of drainage structures are outlined with shrubs so one can watch for them.

"Monotony of driving," Gubbels continued, "causes one's eyes to want to leave the highway. We are placing small groups of trees on each side of the highway at intervals of about three-fourths of a mile. A driver sees those trees and his gaze is directed to the opening between them, and the highway."

### Background For Signs

Beautification also is related to the erosion program, Gubbels declared. Placing of rocks in gullies is of value, but grass also can stop erosion and is more beautiful than rocks, in his opinion.

Shrubbery is being placed behind highway signs. This throws the signs in bold relief and also beautifies the landscape.

Gubbels said shrubbery also is being placed on the side of main highways opposite the point where side roads join the main roadway. This warns the driver coming onto the main highway that the side road ends there. It also beautifies the highway.

Formerly side roads entered main highways at right angles. Then drivers could swing onto the main road at a fast rate. Now the approach is curved, so he must slow down.

### Beauty Sought Always

"Ditches alongside the road are unsightly," Gubbels protested. "So in our beautification program we are eliminating them. The grade along the side of the paved highway makes a gradual change from that of the road itself. Our method is safer, too."

Some plans for the new highways call for beauty outright, without thought of safety. For instance, newer highways are being located so an approach to a city will provide an interesting view of the city's skyline. Or the road may be laid a little off the straight line that is the shortest distance between two points, so an historic point may be reached.

But—safety through beautification is Gubbels' main objective.

## CAN YOU MATCH IT?

The traveler who told this story said he would vouch for it but didn't want to be bothered so we could not use his name as the source.

Traveling recently out of Nashville into the mountainous district of northern Tennessee and southern Kentucky he and a companion picked up two hitchhikers, young fellows about nineteen who plainly showed they had been reared in the mountain section of Tennessee.

The Texas men were not quite prepared, however, for the remark from one of the boys:

"Do yo'all have Roosevelt for president down there in Texas, too? All of us here in Tennessee have Franklin Roosevelt as our president up there in Washington." The Texans report that before they dropped their new friends they were well aware that something not far away was "only a whoop and a holler away" but that if it were quite a distance the mountaineer described it as "just a look and a see from here."

## BROTHER OF JACK BROWN HURT IN FRIDAY GAME

A pulled tendon in his left shoulder was suffered by Red Brown, shortstop of the Beaumont Exporters team of the Texas League Friday night in Fort Worth.

Brown, an older brother of Jack Brown, former Station A player, dived across second base in an attempt to snare a ground hit. The Beaumont team was playing the Fort Worth Cats.

Jimmy McLeod played Saturday in Brown's place, in the concluding game of the series with the Fort Worth club.

## Fort Worth Men Visit Here

Crappie and gaspergou in satisfactory numbers were caught Tuesday at the Devil's River dam near Del Rio by Earl Lomax, Sonora business man and two Fort Worth friends. The men from Fort Worth were Poss Clark, track coach, Texas Christian University, and Albert Smith, also of the athletic department of the university. Louie Trainer knew both of the men while a student at T. C. U.

Scratch Pads, doz. 20c—NEWS. Phone your news to 24.

# "QUALITY,"

The Humble Company exerts every effort, strains every resource to furnish Texas motorists with "quality" motor fuels, motor oils, greases and special products. We are faced, however, with this problem: today's "quality" merchandise may be an inferior piece of goods in tomorrow's automobile. So, to assure the Texas motorist of continuing "quality" in Humble products, we have adopted a policy of continuous improvement—from day to day. This policy, our customers say, has been highly successful; they tell us, continuous improvement keeps Humble ahead.

## Debtor Finds New Way to Settle Up

Olean, N. Y.—A debtor's Saturday night raffle had been revealed here when one of the creditors received a letter.

"Each Saturday night," the debtor wrote, "I make out a separate slip for the amount owed each creditor. These I put in a hat. Then I draw out one slip and pay that bill immediately."

The debtor closed by warning the creditor that another request for payment "like the last" and his slips would be withdrawn from the raffle.

# FILL THE TANK ONCE and drive all day!

## FORD "60" OWNERS REPORT 22-27 MILES PER GALLON

THE 60-horsepower Ford V-8 is writing remarkable mileage records on American roads. Private owners and fleet operators alike report averages of from 22 to 27 miles on a gallon of gasoline.

You can fill the tank of your Ford "60" and drive all day—300 to 400 miles—without stopping again for fuel. Besides costing less to run than any Ford car ever built, it sells at the lowest Ford price in years. That's double economy!

The "60" delivers V-8 smoothness and quiet at speeds up to 70 miles an hour. It is built into the same roomy body as the famous "85"—with the same modern features of comfort and dependability that make the 1937 Ford V-8 unquestionably THE QUALITY CAR IN THE LOW-PRICE FIELD.

# Ford V-8 "60"

FORD V-8 PRICES BEGIN AT \$529 at Dearborn Factory. Transportation charges, State and Federal taxes extra

This price is for the 60-horsepower Coupe, illustrated above, equipped with front and rear bumpers, spare tire, horn, windshield wiper, sun visor, glove compartment, and ash tray.

\$25 A MONTH, after usual down-payment, buys any model 1937 Ford V-8 Car—from any Ford dealer—anywhere in the United States. Ask your Ford dealer about the easy payment plans of the Universal Credit Company.

**Drive More Safely!**

Increased traveling during the summer months should serve as a solemn warning to every motorist to drive with a sense of care that will protect travelers in other cars on the highway as well as those riding with him.

A bit of care, an extra amount of caution and the saving of human life, or of human suffering, can be brought about. Happy, carefree days of summer vacation make travelers prone to be careless in their traveling to and from their fun spots. Thought should make all realize that caution can help everyone get the most out of play days.

The NEWS feels that the safety material of one sort and another which it publishes so persistently is well worth the space that it occupies. If only one driver is reminded by such of his obligations to drive in a sane, sensible manner the material has served its purpose well.

When you drive, in summer, in winter, drive as if the lives of those in your car and those in the car coming toward you and behind you were in the palm of your hand. In a sense, they are.

**College Professor Says Jobs Plentiful**

Teacher Says Many Want To Hire Graduates

El Paso, June 9.—Denying that there are too many college graduates going on the labor market, Prof. T. E. Morris, head of the department of economics and business administration at the College of Mines and Metallurgy, asserted that job possibilities are more than double the number of graduates in the economics and business administration department at the College of Mines this year.

"Every one of our June and August graduates in these courses have been offered at least one position, and one senior is being sought by five business firms," Professor Morris said.

All of the 1936 business graduates of the college are employed and conditions for obtaining positions for students this year and next are even better than they were in 1929, Professor Morris added.

All of the graduates in the mining and engineering division of the College of Mines have already obtained positions for next year, according to Dean John W. Kidd. Several of the seniors will leave following graduation for posts in South America and Montana.

SONORA, TEXAS

**Visitors Thursday—**  
(Continued from page 1)

ture highway constructed of roofing paper with small gravel for the shoulders. Cardboard signs, similar in design to those used on Texas roads, told of "curves," "distance to—," and other information. Toy auto trucks "raced" along the highway.

The Sutton county roadside parks and the highway warehouse were in place along the highway. Many favorable comments on the novel "centerpiece" were made by the guests, one of whom, Mr. Moursund, division engineer, commented that "we've never seen such as this before; we can study our highways as we eat."

The thought behind the novel display was Mrs. W. E. Caldwell's. Execution of her idea was by Mrs. W. J. Fields, Jr., Mrs. M. M. Stokes and Mrs. Robert W. Jacobs.

**Work of Ladies Praised**

Mr. Moursund spoke briefly, declaring that the interest of the ladies in highway beautification is essential to a worth while, effective plan. People everywhere are becoming interested in the department's beautification work, he stated. In Sutton county, particularly, is interest great, Mr. Moursund commented.

Mrs. Friend expressed the hope that in the next ten years Texas may plant its roadsides with flowers and then "tell the world" so that people may be attracted to Texas. She commented that Colorado had done this and that the Lone Star State might well do it.

During the luncheon Miss Maris Watkins played the piano. Among those introduced by Mrs. Aldwell during the luncheon were Mrs. J. S. Holman, in charge of the parks work here, and H. L. Taylor, section foreman in Sutton, Schleicher and Crockett counties, and H. P. Largent of the section headquarters.

In the afternoon a round table discussion was held in the clubhouse of the Sonora Woman's Club. Mrs. Friend presided. Many of the ladies told of what is being done in their counties and Mr. Wynn described, in general, the department's work and its plans for the next flower show.

Led by Mrs. Aldwell the visitors were taken on a tour of inspection of the Miers roadside park on the Junction highway, the Simmons roadside park on the Ozona road and the resting place on the right-of-way near Sonora on the San Angelo highway.

At the resting place fruit punch was served by Mrs. Stella Keene, Mrs. H. L. Taylor and Mrs. Edmond Heinze.

Before leaving for his home in San Angelo Mr. Moursund commented in this fashion:

"This is without doubt the best meeting we have had."

Out-of-town people who registered at the brief session just before the luncheon were:

San Angelo: A. F. Moursund, division engineer; B. W. Wynn, acting assistant division engineer, and Mrs. Wynn; Miss Pauline Proctor and Mrs. Jewel W. Andrew, division headquarters employees; Miss Mary Rhode, Mr. and Mrs. M. C. Wilson, R. W. Anderson; Mr. and Mrs. Bud Wall, Roy McClure, Earl Key; Mrs. Frank Friend, division chairman, Citizens' Organization for Highway Beautification.

Ozona: Mrs. Lee Childress, county chairman; Mrs. B. B. Ingram, Mrs. Scott Peters.

Sterling City: Mrs. Ruth Allen, county chairman; Miss Ethel Foster, Mrs. Oliver Worthy, Mrs. E. F. McEntire.

Mrs. J. G. Cooper, Barnhart;

**Traffic "DON'TS"**

**SAFETY**  
is your greatest responsibility when DRIVING!

- DON'T drive faster than the assured clear distance ahead.
- DON'T day dream while driving.
- DON'T fail to keep your car in good driving condition at all times. Good brakes and lights may save an accident.
- DON'T forget the children. Slow down when you see them.
- DON'T cut in and out of traffic.
- DON'T drive in center of street.
- DON'T forget hand signals in making turns.
- DON'T pull out from curb without hand signal.
- DON'T fail to have car under complete control at all inter-sections.
- DON'T forget that the pedestrians' safety is also one of your responsibilities.

**Armadillo Said To Be Culinary Treat**

Wildlife Men Entitled To Eat Many Texans' Share

College Station, June 9.—Smothered armadillo ranks with pork ribs and backbone as a palate teaser, two field men of the Texas Cooperative Wildlife Service report following recent inspection of wild life resources on a large lumber company's preserve in Trinity county.

They were introduced to what was to them, and may be to many others, this new delicacy of the culinary art by Judge R. E. Minton of Lufkin who announced during the inspection tour that the evening meal would be chiefly of the meat of this nocturnal, armor-plated mammal.

Prepared by Pres, negro cook of the expedition, the viand, so the field men reported, produced a smacking of lips and sighs of contentment.

Pres' recipe for smothered armadillo is:

First, catch your armadillo, then after dressing, parboil until tender in water well-seasoned with salt, pepper and vinegar. Sear in a heavy skillet in small amount of grease and when well seared cover with sauce of tomato paste or catsup, mustard, vinegar, salt, pepper and a sweet bay leaf. Then cover the skillet and let the meat simmer in the sauce adding water from time to time. When the meat begins to fall off the bone and the sauce is fairly thick, the smothered armadillo is ready to serve.

**Station B People Hosts Today**

A barbecue and celebration to which all are invited is scheduled this afternoon at Station B. An announcement was made regarding it Wednesday by G. I. (Shorty) Davidson, employee at the Station. The event begins at 2:15 in the afternoon with barbecue being served at 6:00 that evening.

Mrs. Ernest C. Hill, county chairman, Schleicher county; Mrs. V. G. Tisdale, Miss Chris Enochs, Mrs. D. E. DeLong, all of Eldorado.

When the thousand members of the "class of '37" were graduated Monday evening at the University of Texas as they were addressed by Dr. J. W. Battle, pictured above. Dr. Battle is professor of Greek at the state school.

**SMALL SCHOOLBOYS WILL PLAY BASEBALL THURSDAY**

Younger Sonora boys, all of elementary school age, will play their first "sure enough" baseball game Thursday when similarly youthful players come here from Ozona for a contest.

Heading the list of Sonora players is B. M. (Rooster) Halbert who will be first baseman. Assistant manager and second baseman is Tommie Bond. Other players are:

Frank Bond, catcher or third baseman; James Theodore Hunt, shortstop; C. L. Cusenbary, left fielder; Wilford Berger, pitcher; Clayton Hamilton, right fielder; Billie Shurley, center fielder; substitutes: George Hamilton, Billie Decker, Sonny Shurley, John Allen Ward.

The game will be at the new athletic park at three o'clock.

Jim Decker, former Sonoran who is working in Odessa, came here Thursday and will return to Odessa Sunday.

Future Events

NINA ROUCHE, Society Editor

## Girls' Club Entertained Saturday Night

Four tables of contract bridge was enjoyed Saturday evening when Mrs. W. P. McConnell, Jr. was hostess to the Girls' Club members and escorts at a garden party at the Hotel McDonald.

Gladioli, tiger lilies, Spanish yucca, touch-me-nots, and other plants and flowers on the porch and lawn added to the attractiveness of the party. Pastel colors were used extensively in tallies and table appointments, the prizes being wrapped in pink and white.

At the refreshment hour a delicious salad plate of congealed salad, pimento cheese sandwiches, raisin sandwiches, pickles, potato chips, ice cream and fruit punch, was served.

Mrs. McConnell's guests included:

Messrs. and Mesdames Bryan Hunt, Frank Bond, George H. Neill, Miers Savell, Lloyd Earwood, Mrs. J. C. Morrow, Miss Ada Steen, Duke Wilson, George Wynn, and Mr. McConnell.

Mrs. Hunt won high score for ladies, and Mrs. Earwood won second high. George Wynn held high score for men.

## Elliotts Bridge Hosts Friday Evening

Entertaining the Friday Night Bridge Club, Mr. and Mrs. A. C. Elliott were hosts Friday evening at three tables of bridge. Roses were placed at vantage points in the rooms where bridge was played.

Their guest list included: Messrs. and Mesdames P. J. Taylor, R. C. Vicars, L. E. Johnson, Collier Shurley, Miss Ada Steen, Mrs. R. A. Halbert, George Wynn.

Miss Steen and Mr. Vicars won high score awards, and Mrs. Vicars received high cut.

After a series of games of bridge, a salad plate was served.

## Mrs. Trainer Honors Daughter With Party Tuesday

To honor her daughter, Jamie, on her twelfth birthday, Mrs. J. W. Trainer entertained with a party Tuesday afternoon.

Various games and contests were enjoyed during the afternoon. Cake and fruit punch were served to:

Sanford Trainer, R. W. Wallace, Peggy Gilmore, Patsy Gilmore, Jobeth Taylor, Don Nicholas, David Dean Locklin, Bessie McCann, Sidney Awalt, Addie Thorp, Willie Nell Hale, Raymie Jo McClelland Sam Harold Thomas J. W. Thomas Sally Dawn Parter.

Mrs. Sam Thomas and Mrs. Preston Prater assisted Mrs. Trainer.

## Personals

Mr. and Mrs. R. A. Halbert were in San Angelo Monday.

Guy C. Lavender of Menard was in Sonora Wednesday on business.

Mr. and Mrs. Hix Hall will return today from a trip to their farm near Hart.

Mrs. Lee Labenske and daughter, Mildred, returned Monday from San Antonio.

Miss Edythe Carson, Miss Joyce McGilvray and Sue Glasscock went to San Angelo Saturday.

Lois Reid of Tucson, New Mexico, is visiting her aunt and uncle, Mr. and Mrs. Fred T. Earwood.

Mrs. Jessie G. Barton left Sunday for a visit in San Antonio with her mother, Mrs. O. C. Gurdes.

Mrs. F. J. Wood, Sr. returned from Ohio with her son, F. J., Wednesday night for a visit here.

Mrs. J. D. Wallace, Mrs. Richard Vehle and daughter, Betty Grace, went to San Angelo Monday.

Mrs. Roy Spiller and children of Menard are visiting her sister, Mrs. Joe M. Vander Stucken, and Mr. Vander Stucken.

Roy Ward returned to Austin Monday after a visit here with Mr. and Mrs. Rip Ward and Mr. and Mrs. J. A. Ward, Jr.

## Children Display Talent Sunday Afternoon

Billy Shurley, son of Mr. and Mrs. E. D. Shurley, appeared in a piano recital Sunday afternoon at five o'clock at the ranch home of his parents.

Billy is a pupil of Miss Marie Watkins.

The program given was: "Minuet in G Major," by Bach; "The Allegro," from Sonata, by Clementi; "A Minuet," from Don Juan, by Mozart, played by Billy Shurley; a reading, "When Things Are Not What They Seem," by Joe Richard Long;

"The Boy Scouts," by Kroeger; "The Monkeys," by Van de Vere; "Indian Dance," by Kroeger; "The Song of the Drum," by Fischer, played by Billy Shurley.

Edith May Babcock played a violin number, "Perpetual Motion," by Carl Bohm, accompanied by Miss Watkins. Billy played another group of piano numbers. They were: "The Jolly Farmer," by Schumann; "In a Sailboat," by Endres; "The Whale," by Safford.

After the program, punch was served to:

Mrs. O. L. Richardson and sons, O. L. and Glenn; Mr. and Mrs. O. G. Babcock and daughter, Gertrude; Mr. and Mrs. W. C. Warren, Mrs. W. R. Long and sons, Joe Richard and Russell; Mr. and Mrs. J. A. Ward, Jr. and son, John Allen; the Rev. and Mrs. R. F. Davis, Mr. and Mrs. A. C. Youngblood and son, Lawrence; Mrs. J. C. Morrow and daughter, Geraldine.

## Mrs. Aldwell Operated Upon

Improving this week in Portland, Ore., is Mrs. Lea Roy Aldwell, daughter-in-law of Mr. and Mrs. Roy E. Aldwell. Mrs. Aldwell underwent an appendectomy operation Monday in Portland. She and her husband were to come to Sonora about this time for the summer months but their arrival will be delayed because of her illness.

## Texas Farm Land Important

Caldwells at Celebration  
Sutton county was represented at the Coke county highway celebration Wednesday night by Mr. and Mrs. W. E. Caldwell. The Caldwells lived at Bronte twenty-two years ago and had not been back there since that time. They were sent a special invitation as two of the former residents who were being invited to the event.

Before you go elsewhere to buy, try George Barrow's. He can supply anything in jewelry. Buy on time; no carrying charges—adv.

## YOUR CHILD AND THE SCHOOL

BY DR. ALLEN G. IRELAND

### The Afternoon Lift

Somehow, we overlook the fact that children get tired. Perhaps they keep going because of interest but really their nervous energy runs down to a low point. Parents and teachers should know this and provide for it. Give a "lift" is the popular expression.

It is important, of course, that one know how to do this, otherwise the child will not profit. Rest is desirable, but to the child returning home from school and all set to play, it is the last thing he wants. In fact, he rebels. The better plan is to insure the proper number of hours of sleep at night.

What, then, can we do about late afternoon lag? Personally, I favor the so-called after-school "snack." A light lunch at this time is apparently needed by many children. It restores the energy lost at school and prepares them for the outdoor play to which every child is entitled.

For this purpose, milk in some form is excellent. Fruit and fruit juices are also recommended. Small sandwiches and cereals with milk and sugar are very good. In giving solid food, however, we must restrict the amount if we find this luncheon is curbing the appetite for supper. Parents should watch this and provide accordingly. Incidentally, don't be disturbed if the child runs out to strenuous play right after eating. His digestive machinery may be slowed a bit but it will work just as efficiently as ever.

## Mother of Sonora People Honoree at Sunday Dinner on Seventieth Birthday

MR. AND MRS. G. C. EARWOOD OF DEL RIO

Honoring Mrs. G. C. Earwood of Del Rio on her seventieth birthday, Mrs. J. A. Cauthorn and daughter, Mrs. Rip Ward, were hostesses at a turkey dinner at the latter's home Sunday. Mrs. Earwood is Mrs. Cauthorn's mother. The table was centered with a birthday cake.

Those attending the family dinner were the honoree and—

G. C. Earwood, Del Rio, Mr. and Mrs. Glen Pass and son, Don, of Littlefield, Mr. and Mrs. Fred T.

Earwood and niece, Lois Reid of Tucson, New Mexico, Mr. and Mrs. Lloyd Earwood, Mrs. J. A. Ward of San Angelo, Roy Ward of Austin, Mrs. Cauthorn and Mr. and Mrs. Rip Ward.

Mr. and Mrs. Earwood were married fifty-one years ago last January in Llano. Before her marriage she was Miss Jonnie Annie Putnam of Waco. Her parents and Mr. Earwood's parents, Mr. and Mrs. Edwin Earwood, were Llano county pioneers.

## Northwest Texas Vacationist To See Much of Indian Culture and "Wide, Open Spaces"

Denton, June 9.—Summer travelers who feel the call of the "wide open spaces" must, of course, look to the West to find a vacation spot. Texas' Panhandle, painted with the glowing colors of its cowboy legends, offers a varied bill of fare to the visitor.

Probably the most inclusive route through the Northwest section of the state begins at Fort Worth on federal highways 81 and 370, passes on through Wichita Falls to Amarillo. After a circle of the Panhandle, it turns south through Plainview and Lubbock.

Remains of ancient Indian cultures are glimpsed by the tourist in the interesting old towns of Tascosa and Old Mobeetie up in the eastern corner. Then, traveling along the scenic Canadian river and southward he comes upon the land which formed the well known XIX ranch, a 3,000,000 acre tract which was paid for the building of

the state capitol. Just a remnant now remains.

Another large tract is the Goodnight ranch in the lower Palo Duro Valley southeast of Amarillo, nearby is a state park of 15,000 acres, and also a museum of relics collected by the Panhandle Historical Society.

Although most of the great old ranches are being replaced by fields of wheat and cotton, and more recently by oil and gas fields, between the high plains and Fort Worth are four ranches large enough to deserve mention—Spur, 6666, Matador and Waggoner. In the nearby towns rodeos are held throughout the summer.

The territory of most historical importance is around Albany, Throckmorton and Graham, where Forts Richardson, Belknap and Griffin are located. These are among the most famous of the old frontier forts.

Sonora Woman Improving  
Mrs. Duke Wilson underwent an operation Monday in a San Antonio hospital. According to word

received here Wednesday she is recovering nicely.

Miss Edythe Carson was in Ozona Thursday.

## Wedding of Miss Draper and Mr. Carter Thursday

Miss Nola Draper was married to Samuel E. Carter Thursday of last week in Junction. Walter W. Leamons, of the Church of Christ, performed the wedding ceremony. They were attended by the bridegroom's brother and sister-in-law, Mr. and Mrs. C. W. Carter, of San Angelo.

Mrs. Carter, a daughter of Mrs. M. L. Draper of San Saba county, will retain her position at Grace Draper's Beauty Shop. Mrs. Carter formerly operated her own shop in San Saba. She is a cousin of Miss Grace Draper, with whom she has lived since she has been in Sonora.

Mr. Carter is a son of Mr. and Mrs. J. R. Carter of Honey Grove, Texas.

They will live here for a few months.

Mrs. Neill Club Hostess  
Mrs. E. F. Vander Stucken held high score Tuesday afternoon when Mrs. George H. Neill was hostess to the Monday Contract Club. Mrs. Neill's other guests were: Mrs. Roy Spiller of Menard, Mrs. Sterling Baker and Mrs. Mike Murphy.

## SONORAN RETURNS FROM AUTO TRIP TO OHIO TOWN

Three thousand miles of motor travel were completed Tuesday night by F. J. Wood, Sonora business man who returned to Sonora after a trip to London, Ohio. His mother, Mrs. Cora Wood, of that place returned with him for a visit.

V. J. O'Connor, Dallas, accompanied Mr. Wood on the trip. London is 1080 miles from Dallas.

Mr. Wood says that crops in the states through which he drove are in very good shape with Arkansas cotton in excellent condition. Practically all of the distance traveled was on hard-surfaced highway with a great deal of it concrete. From the Arkansas line to Memphis the highway is an especially good one.

## INDIANS COLUMBUS FIRST MET TRACED

### Ethnologist Makes Important Find in Bahamas.

Washington, D. C.—Who were the Indians that greeted Columbus at his first landing in the new world? Herbert W. Krieger, the Smithsonian Institution's curator of ethnology, has just completed an archeological study of the Bahamas in an effort to obtain some light on this problem.

The discoverer of America first stepped ashore on the present San Salvador or Watling island, easternmost of the Bahamas, and was met by the "Lucayana — simple, honest and exceedingly liberal" native Americans. The Bahaman aboriginals soon became extinct. They left relatively little to indicate who they were.

Mr. Krieger carried out excavations in caves on three islands—New Providence, Long Island, and Andros — and recovered artifacts which enable him to give at least a tentative answer to the question of the cultural relations of these people.

#### Thin Soil on Rock.

One reason for the scarcity of deposits is that the limestone rock is only very thinly covered with soil on most of the islands. A cave is about the only place where anything is likely to be found buried. Among the artifacts found by Mr. Krieger were so-called "celts" of polished greenstone—axes or hammers from which the handles have disappeared. The material proves that they originated in Haiti and must have been brought to the Bahamas either by the original migrants or as articles of commerce. This proves, in any event, a definite link with Haiti. No celt of carved shell or of native limestone was found.

The native negroes of the Bahamas, Mr. Krieger found, are very superstitious regarding these celts. They insist the articles are "thunderbolts" which fall from the sky, bury themselves in the earth or the ocean floor and come to the surface again after seven years. These objects are highly prized because they are considered effective in warding off danger during hurricanes.

#### Some Came from West.

Mr. Krieger also found seats of carved wood and thick-walled, incised pottery. Similar artifacts have been found in southern Florida and substantiate the statement of the Indians to Columbus that Indians from the west came to the Bahamas to hunt pigeons, which are still found in great numbers.

The evidence is strong, however, that the main cultural association of the old Bahamas was not with Florida, across the gulf stream, but with the island Arawaks afterward encountered by Columbus in eastern Cuba and northern Hispaniola.

### University Dean Boasts of 2,000 Flawless Gems

Tucson, Ariz.—Dr. G. M. Butler, dean of the University of Arizona college of mines and engineering, has a rare collection of valuable gems which he described as flawless.

Result of thirty years' study and collection, the mass of approximately 2,000 stones includes all but three types of minerals classed as gem stones.

Diamonds, rubies, sapphires, pearls and about sixty semi-precious stones are represented in Dr. Butler's collection.

Dr. Butler pointed to what he described as his finest single stone—a twenty-carat star sapphire, "superb because it has all the qualities desired in such a stone." The stone, blue instead of the usual bluish gray and transparent instead of milky, has a perfect six-rayed star, with the rays intersecting in the center.

His favorite is an opal, of which no two are exactly alike. Found in Nevada, the uncut gem is eight years old and shows no cracks.

A three-carat pollicite—largest in the world—also is in the collection. Most of his collection is in safety vaults. Some of the less valuable pieces are on exhibition in the college of mines and engineering building.

### Halved Stamps, Once Used in England, Discovered

London, England.—Three of the rarest British stamps in existence have just been discovered in a Hull solicitor's office.

Ninety-six years ago, soon after the adhesive stamp had come into use, a solicitor's clerk in Hull, apparently finding himself short of penny stamps, thought half a two-penny one would serve the purpose. Curiously enough the post office seems to have thought so too, for the letters were duly accepted and delivered.

How many stamps were cut in this way is not known, but when the three discovered at Hull were brought to the notice of Robson Lowe, London authority on postal history, he recognized it as a philatelic discovery of the greatest importance and the stamps have now been added to his collection.

One of the letters bears the postmark, March 27, 1841, and another January 11, 1842. It may be that between these two dates other cut stamps were used, but so far none had been discovered.

## TO RESTORE PEACH TREES AT SHILOH

### Orchard Famed as Scene of Civil War Battle.

Richmond, Va. — "The Peach Orchard," famous for 75 years as the scene of some of the fiercest fighting of the battle of Shiloh, at Pittsburg Landing, Tenn., will be restored to its war-time appearance, according to field reports received by the national park service at its regional headquarters here.

All the trees that were blooming throughout the six-acre orchard at the time of the engagement, April 6-7, 1862, died many years ago and broom sedge and small pines now cover the area, a battleground second only to the nearby "Hornets' Nest" in the number of Union and Confederate casualties.

Civilian Conservation corps enrollees, who are carrying forward an improvement program at Shiloh National Military park which embraces the entire battlefield, will plant new peach trees in the irregular patterns employed in farm orchards of the middle Nineteenth century. They also will remove the sedge and pines.

Altogether the orchard will be restored as nearly as possible to conditions which prevailed when the Army of the Tennessee and the Army of the Ohio, with Grant in supreme command, met the Army of the Mississippi, under Albert Sidney Johnston. The planting will get under way this season.

General Johnston, an outstanding Confederate strategist, received a mortal wound at the height of the battle of the first day while he sat on his horse beneath an oak tree near the edge of the peach orchard.

"The blossoms are falling like snow," he remarked to an aide as he watched the hail of shells and minie balls cut through the spring foliage. He was struck by a rifle bullet a few moments later and died on the field.

In addition to the peach orchard, other areas of the park are being reconstructed in their war-time conditions. Woodlands cut away for cultivation are being replanted and old fields which have grown up in pines are being restored to grasses and other small plants. Care is being taken to prolong the life of all surviving "war trees" by special feeding and protection, but when one of these dies it is replaced immediately by a tree of the same species.

### Erosion Forms Refuge in West's Flood Area

Little Rock, Ark. — Nature has provided a refuge in the Mississippi flood area. Crowley's Ridge, an elevated strip of land, parallels the Mississippi river from Cairo, Ill., to Helena, Ark., a distance of several hundred miles. The ridge is about ten miles wide and 200 feet higher than the surrounding river bottom lands and has been known as a haven for man and beast since the earliest floods on the river.

Geologists explain that the raised area was formed by wind and rain erosion aided by waters from the Mississippi on the east and the White river on the west.

Benjamin Crowley, of Georgia, first settled on the ridge in 1821, claiming it as a land grant for reward for his service in the War of 1812.

Numerous arrowheads and Indian relics have been found on the ridge, which shows that the earliest Americans sought it as protection against the rising waters. A similar "high ground" is found in Louisiana running from near the Arkansas line southward several hundred miles. It is known as "Mason's Ridge."

### Bix Price's Coon Dogs Always Get Their Coon

Petersburg, Ind.—Bix Price, a night hunter of this city, owns two coon dogs that always get their coon. Price was hunting with his dogs in the White river bottoms recently when they treed a coon. Price shot the animal out of tree, and it fell into the backwaters of White river, and sank in four feet of water.

Price told his dogs to get the coon, and both animals swam to the point where it sank, circled the place, and swam back to land. The hunter sent the dogs back a second time, and again they circled the place.

A third time Price told his dogs to get the coon, and this time one of the dogs dived at the point where the coon sank, and retrieved the body. It swam to the bank with the dead coon.

#### Bust Put in Vault

Montgomery, Ala.—A new bronze bust of Mayor W. A. Gunter is hidden in some Montgomery bank vault. The statue was concealed just after its arrival here. The purpose is to prevent anyone seeing it before it is placed in its niche in the city hall now being erected.

### Violet Ray Makes Tough Steaks Tender

Honolulu.—The American discovery that tough steaks can be tenderized by ultra-violet rays has left Hawaiians cool. They long ago discovered that the same end can be attained by wrapping the steaks in papaya leaves of which the islands furnish an abundance.

## Students From Many States To Learn of Pan American Nations at Convention

Sonora high school students who have been studying Spanish as well as Spanish students in other Texas high schools will be interested in the national convention of the Pan American Student Forum which begins Saturday in Dallas.

Rena Glen Shurley and Wynona Hutcherson of the Sonora chapter of the organization were to represent the Spanish students of the high school here but neither expects to attend. Miss Johnnie Allison, Spanish instructor is sponsor of the group.

There are 2,500 students who are members of the Forum. There are forty-one chapters in Texas, Oklahoma, California, Colorado, Idaho, Mississippi, Georgia and the assistant cashier in a bank at Col have state directors. The Dallas host chapters have 200 members. Canal Zone, Arkansas and Virginia

Coinciding in aims of internationalism and "good neighborliness," the Pan American Student Forum and the Greater Texas and Pan American Exposition will open on the same day. Originally the Forum planned to meet in Atlanta, Ga., but the site was changed to Dallas so that the delegates

might obtain first hand knowledge of the countries in which they are interested. Fifteen Latin American nations are participating in the Exposition.

The convention program is being arranged to parallel attractions offered by the exposition, where the entire atmosphere will reflect Latin American influence.

Dr. L. S. Rowe, Director General of the Pan American Union in Washington, is expected to be one of the principal speakers, with others of international importance on the forum program. Dr. Rowe will open the convention by long-distance telephone greetings over a loud speaker.

Mrs. Phyllis Spencer, sponsor of the Canal Zone forum chapter, will fly to Dallas to attend the convention and is planning to bring several Panama girl members. Fraternal delegates from Miami, Fla., and New York City are also expected.

Earl T. Warren of the University of Oklahoma at Norman is national president of the Pan American Student Forum, with Miss Fletcher Ryan Wickham of Dallas as executive secretary.

### UNIVERSITY PRESIDENT GRADUATE IN 1905

When regents of the University of Texas named 64-year-old J. W. Calhoun, pictured above, acting president of the school the other day they chose a man who knew the state school well.

Thirty-two years ago he was graduated from the university and three years later received a master of arts degree from Harvard. He has been an instructor and associate professor of mathematics but recently has been professor of applied mathematics and comptroller of the institution.

Mr. Calhoun succeeds the late Dr. H. Y. Benedict who died recently.

## Personals

Mr. and Mrs. Roy Phillips returned Thursday night from Odesa.

Don Miller of Lubbock is a guest at the ranch home of Mr. and Mrs. C. T. Jones.

Mrs. W. J. Fields, Jr., Mrs. B. M. Halbert, Jr., and Mrs. Tom Bond went to San Angelo Saturday.

Mr. and Mrs. J. T. Penick and daughter, Dorothy, and Miss Nina Roueche went to San Angelo Saturday.

Vincent Roueche of Houston spent several days this week with his parents, Mr. and Mrs. Lewis Roueche.

Miss Lita Ray returned to her home in Fort Worth Friday after a visit in the home of Mr. and Mrs. J. W. Trainer.

Herbert Fields returned to Lubbock Sunday where he will attend summer school at Texas Technological College.

Miss Jamie Gardner left during the week-end for Lubbock where she will attend Texas Technological College. Miss Gardner was accompanied to San Angelo by Mrs. Mike Murphy and Miss Nann Karnes.

# State Amendments To Be Considered By Voters in August

H. J. R. No. 23

**HOUSE JOINT RESOLUTION** proposing an amendment to the Constitution of the State of Texas to be known as Section 20 of Article VIII, providing that no property of any kind shall be assessed for ad valorem taxes at a greater value than its fair cash market value; and giving the Legislature power to provide that the State and all governmental or political subdivisions or taxing districts may allow a discount for payment of ad valorem taxes before the date when they would otherwise become delinquent; and providing that this Amendment shall become effective January 1, 1939; providing for an election on the question of adoption or rejection of this Amendment; providing for the proclamation and publication thereof; and making an appropriation therefor; and prescribing the form of ballot.

**BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:**

Section 1. That the Constitution of the State of Texas be amended by adding a new Section to Article VIII to be known as Section 20 and to read as follows:

"Section 20. No property of any kind in this State shall ever be assessed for ad valorem taxes at a greater value than its fair cash market value nor shall any Board of Equalization of any governmental or political subdivision or taxing district within this State fix the value of any property for tax purposes at more than its fair cash market value; provided that in order to encourage the prompt payment of taxes, the Legislature shall have the power to provide that the taxpayer shall be allowed by the State and all governmental and political subdivisions and taxing districts of the State a three per cent (3 per cent) discount on ad valorem taxes due the State or due any governmental or political subdivision or taxing district of the State if such taxes are paid ninety (90) days before the date when they would otherwise become delinquent; and the taxpayer shall be allowed a two per cent (2 per cent) discount on said taxes if paid sixty (60) days before said taxes would become delinquent; and the taxpayer shall be allowed a one per cent (1 per cent) discount if said taxes are paid thirty (30) days before they would otherwise become delinquent. This amendment shall be effective January 1, 1939. The Legislature shall pass necessary laws for the proper administration of this Section."

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at a special election to be held throughout the State of Texas on the 23rd day of August, 1937, at which election all voters favoring the proposed Amendment shall write or have printed on their ballots the following words:

"FOR the Amendment to the State Constitution providing that property shall never be assessed for taxes at more than its fair cash market value, and providing that in order to encourage the prompt payment of ad valorem taxes, the Legislature shall have the power to permit a discount for the payment of same before they become delinquent."

Those voters opposing said proposed Amendment shall write or have printed on their ballots the words:

"AGAINST the Amendment to the State Constitution providing that property shall never be assessed for taxes at more than its fair cash market value, and providing that in order to encourage the prompt payment of ad valorem taxes, the Legislature shall have the power to permit a discount for the payment of same before they become delinquent."

If it appears from the returns of said election that a majority of the votes cast are in favor of said Amendment, the same shall become a part of the State Constitution.

Section 3. The Governor of the State of Texas shall issue the necessary proclamation for said election and shall have the same published as required by the Constitution for Amendments thereto.

Section 4. The sum of Eight Thousand Dollars (\$8,000), or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State, not otherwise appropriated, to pay the expenses of such publication

and election. The above is a true and correct copy.

EDWARD CLARK,  
(29-4tc) Secretary of State.

S. J. R. No. 9

**A JOINT RESOLUTION** proposing an amendment to Section 16, Article XVI, of the Constitution of Texas; providing that the Legislature shall authorize the incorporation of banking bodies and provide for the supervision and regulation of same; providing for all of the capital stock to be subscribed and paid for before charter issued; restricting corporate business to one place.

**BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:**

Section 1. That Section 16, Article XVI, of the Constitution of Texas, be amended so as to hereafter read as follows:

"Section 16. The Legislature shall by general laws, authorize the incorporation of corporate bodies with banking and discounting privileges, and shall provide for a system of State supervision, regulation and control of such bodies which will adequately protect and secure the depositors and creditors thereof.

"No such corporate body shall be chartered until all of the authorized capital stock has been subscribed and paid for in full in cash. Such body corporate shall not be authorized to engage in business at more than one place which shall be designated in its charter.

"No foreign corporation, other than the national banks of the United States, shall be permitted to exercise banking or discounting privileges in this State."

Section 2. The foregoing amendment to the Constitution shall be submitted to a vote of the qualified electors of this State at an election to be held throughout the State on the fourth Monday in August, 1937. At this election all voters favoring the proposed amendment shall write, or have printed, on their ballots the following words:

"FOR the amendment of Section 16 to Article XVI of the Constitution of the State of Texas, providing for the amount of the liability of stock-holders in State banks."

Those voters opposing said amendment shall write, or have printed, on their ballots the following words:

"AGAINST the amendment of Section 16 to Article XVI of the Constitution of the State of Texas, providing for the amount of the liability of stock-holders in State banks."

Section 3. The Governor of the State of Texas is hereby directed to issue the necessary proclamation for such election, and to have same published as required by the Constitution and the amendments thereto.

Section 4. The sum of Five Thousand Dollars (\$5,000.00), or so much thereof as may be necessary, is hereby appropriated out of any funds of the State of Texas, not otherwise appropriated, to pay the expenses of such election.

The above is a true and correct copy.

EDWARD CLARK,  
(29-4tc) Secretary of State.

S. J. R. No. 16

**A JOINT RESOLUTION** proposing an amendment to Article III, Section 52, of the Constitution of the State of Texas by adding thereto a new section to be known as Section 52d; providing that the Legislature may authorize by law, after a majority vote of the resident qualified electors owning taxable property therein, the adoption of a plan for the construction of paved roads and bridges or both in Harris County and in road districts therein; providing for the levy of a tax to pay for such construction; providing for the necessary proclamation; and appropriating funds to defray the expenses of the proclamation, publication, and election.

**BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:**

Section 1. That Article III, Section 52, of the Constitution of the State of Texas, be amended by adding thereto another section to be known as Section 52d, which shall read as follows:

"Section 52d: Upon the vote of a majority of the resident qualified electors owning taxable property therein so authorizing, a county or road district may collect an annual tax for a period not

exceeding five (5) years to create a fund for constructing lasting and permanent roads and bridges or both. No contract involving the expenditure of any such fund shall be valid unless, when it is made, money shall be on hand in such fund.

"At such election, the Commissioners' Court shall submit for adoption a road plan and designate the amount of special tax to be levied; the number of years said tax is to be levied; the location, description, and character of the roads and bridges; and the estimated cost thereof. The funds raised by such taxes shall not be used for purposes other than those specified in the plan submitted to the voters. Elections may be held from time to time to extend or discontinue said plan or to increase or diminish said tax. The Legislature shall enact laws prescribing the procedure hereunder.

"The provisions of this section shall apply only to Harris County and road districts therein."

Section 2. The foregoing amendment to the Constitution of the State of Texas shall be submitted to the qualified voters of the State on the fourth Monday in August, 1937, at which election all voters favoring such proposed amendment shall write or have printed on their ballots the words:

"FOR the amendment to the Constitution providing that Harris County and any road district therein may upon a vote of the people therein adopt a road plan and levy taxes for road and bridge construction in lieu of the issuance of bonds."

Those voters opposing said amendment shall write or have printed on their ballots the words:

"AGAINST the amendment to the Constitution providing that Harris County and any road district therein may upon a vote of the people therein adopt a road plan and levy taxes for road and bridge construction in lieu of the issuance of bonds."

Section 3. The Governor of the State of Texas is hereby directed to issue the necessary proclamation for said election and to have same published as required by the Constitution for amendments thereto.

Section 4. The sum of Five Thousand Dollars (\$5,000.00) or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State not otherwise appropriated to pay the expenses of such publication and election.

The above is a true and correct copy.

EDWARD CLARK,  
(29-4tc) Secretary of State.

H. J. R. No. 26

**HOUSE JOINT RESOLUTION** proposing an amendment to Article III of the Constitution of the State of Texas by adopting a new Section to be known as Section 51-c which shall provide that the Legislature shall have the power to provide, under such limitations and restrictions as may be deemed by the Legislature expedient for assistance to the needy blind over the age of twenty-one (21) years, and for the payment of same not to exceed Fifteen Dollars (\$15) per month each, and providing for payment of such assistance or aid only to actual bona fide citizens of Texas and providing that the requirements for the length of time of actual residence in Texas shall never be less than five (5) years during the nine (9) years immediately preceding the application for such assistance and continuously for one year immediately preceding such application; and providing that the Legislature shall have the authority to accept from the Government of the United States financial aid for assistance to such blind; providing for an election on the question of adoption or rejection of such amendment and making an appropriation therefor; providing for the proclamation and publication thereof and prescribing the form of ballot.

**BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:**

Section 1. That Article III of the Constitution of the State of Texas, as amended, be amended by adding thereto a Section to be known as Article 51-c which shall read as follows:

"Section 51-c. The Legislature shall have the power by General Laws to provide, under such limitations and regulations as may be deemed expedient, for assistance to the needy blind over the age of twenty-one (21) years, and for the payment of same not to exceed Fifteen Dollars (\$15) per month per person; such assistance or aid to be granted only to actual bona fide citizens of Texas; provided that no habitual criminal and no habitual drunkard and no inmate of any State supported institution, while such inmate, shall be eligible for such assistance to the needy blind over the age of twenty-one (21) years; provided, further, that the requirements for the length of time of actual residence in Texas shall never be less than five (5) years during the nine (9) years immediately preceding the application for assistance to the needy blind over the age of twenty-one (21) years; and continuously for one year immediately preceding such application.

"The Legislature shall have the authority to accept from the Government of the United States such financial aid for assistance to the needy blind as that Government may offer not inconsistent with the restrictions hereinabove provided."

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at a special election to be held throughout the State of Texas on the fourth Monday of August, 1937, at which election all voters favoring the proposed Amendment shall write or have printed on their ballots the following words:

"FOR the Amendment to the State Constitution providing for assistance to the needy blind over the age of twenty-one (21) years not to exceed Fifteen Dollars (\$15) per month per person, and providing for acceptance from the Government of the United States of America financial aid for such payment."

Those voters opposing said proposed Amendment shall write or have printed on their ballots the following words:

"AGAINST the Amendment to the State Constitution providing for assistance to the needy blind over the age of twenty-one (21) years not to exceed Fifteen Dollars (\$15) per month per person, and providing for acceptance from the Government of the United States of America financial aid for such payment."

If it appears from the returns of said election that a majority of the votes cast are in favor of said Amendment, the same shall become a part of the State Constitution.

Section 3. The Governor of the State of Texas shall issue the necessary proclamation for said election and shall have the same published as required by the Constitution for Amendments thereto.

Section 4. The sum of Nine Thousand Dollars (\$9,000), or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State, not otherwise appropriated, to pay the expenses of such publication and election.

The above is a true and correct copy.

EDWARD CLARK,  
(29-4tc) Secretary of State.

H. J. R. No. 26-A

**HOUSE JOINT RESOLUTION** proposing an amendment to Article III of the Constitution of the State of Texas by adopting a new Section to be known as Section 51d, which shall provide that the Legislature shall have the power to provide, under such limitations and restrictions as may be deemed by the Legislature expedient for assistance to destitute children and for the payment of same not to exceed Eight Dollars (\$8) for one child or Twelve Dollars (\$12) for the children of any one family per month; further providing that the Legislature may impose such restrictions and regulations as to it may seem expedient; providing that the amount to be expended out of State funds in any one year for such assistance shall never exceed the sum of One Million, Five Hundred Thousand Dollars (\$1,500,000); and providing that the Legislature shall have the authority to accept from the Government of the United States financial aid for assistance to destitute children; providing for an election on the question of adoption or rejection of such amendment and making an appropriation therefor; providing for the proclamation and publication thereof, and prescribing the form of ballot.

**BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:**

Section 1. That Article III of the Constitution of the State of Texas be amended by adding thereto a Section to be known as Section 51d, which shall read as follows:

"Section 51d. Subject to the limitations and restrictions herein contained, and such other limitations, restrictions, and regulations as may be provided by law, the Legislature shall have the power to provide for assistance to destitute children under the age of fourteen (14) years; such assistance shall not exceed Eight Dollars (\$8) per month for one child nor more than Twelve Dollars (\$12) per month for such children of any one family; provided that the amount to be expended for such assistance out of State funds shall never exceed the sum of One Million, Five Hundred Thousand Dollars (\$1,500,000) per year. The Legislature may impose residential restrictions and such other restrictions, limitations, and regulations as to it may seem expedient.

"The Legislature shall have the authority to accept from the Government of the United States such financial assistance to destitute children as that Government may offer not inconsistent with the restrictions herein above provided."

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held throughout the State on the fourth Monday in August, 1937, at which election all voters favoring the proposed Amendment shall write or have printed on their ballots the following words:

"FOR the Amendment to the State Constitution providing for assistance to destitute children under the age of fourteen (14) years not to exceed Eight Dollars (\$8) per month for one child nor more than Twelve Dollars (\$12) per month for such children of any one family, and providing for acceptance from the Government of the United States of America financial assistance for such payment."

Those voters opposing said proposed Amendment shall write or have printed on their ballots the following words:

"AGAINST the Amendment to the State Constitution providing for assistance to destitute children under the age of fourteen (14) years not to exceed Eight Dollars (\$8) per month for one child nor more than Twelve Dollars (\$12) per month for such children of any one family, and providing for acceptance from the Government of the United States of America financial assistance for such payment."

the Constitution of the State of Texas be amended by adding thereto a Section to be known as Section 51d, which shall read as follows:

"Section 51d. Subject to the limitations and restrictions herein contained, and such other limitations, restrictions, and regulations as may be provided by law, the Legislature shall have the power to provide for assistance to destitute children under the age of fourteen (14) years; such assistance shall not exceed Eight Dollars (\$8) per month for one child nor more than Twelve Dollars (\$12) per month for such children of any one family; provided that the amount to be expended for such assistance out of State funds shall never exceed the sum of One Million, Five Hundred Thousand Dollars (\$1,500,000) per year. The Legislature may impose residential restrictions and such other restrictions, limitations, and regulations as to it may seem expedient.

"The Legislature shall have the authority to accept from the Government of the United States such financial assistance to destitute children as that Government may offer not inconsistent with the restrictions herein above provided."

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held throughout the State on the fourth Monday in August, 1937, at which election all voters favoring the proposed Amendment shall write or have printed on their ballots the following words:

"FOR the Amendment to the State Constitution providing for assistance to destitute children under the age of fourteen (14) years not to exceed Eight Dollars (\$8) per month for one child nor more than Twelve Dollars (\$12) per month for such children of any one family, and providing for acceptance from the Government of the United States of America financial assistance for such payment."

Those voters opposing said proposed Amendment shall write or have printed on their ballots the following words:

"AGAINST the Amendment to the State Constitution providing for assistance to destitute children under the age of fourteen (14) years not to exceed Eight Dollars (\$8) per month for one child nor more than Twelve Dollars (\$12) per month for such children of any one family, and providing for acceptance from the Government of the United States of America financial assistance for such payment."

If it appears from the returns of said election that a majority of the votes cast are in favor of said Amendment, the same shall become a part of the State Constitution.

Section 3. The Governor of the State of Texas shall issue the necessary proclamation for said election and shall have the same published as required by the Constitution for Amendments thereto.

Section 4. The sum of Five Thousand Dollars (\$5,000), or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State, not otherwise appropriated, to pay the expenses of such publication and election.

The above is a true and correct copy.

EDWARD CLARK,  
(29-4tc) Secretary of State.

H. J. R. No. 24

**A JOINT RESOLUTION** proposing an amendment to the Constitution of the State of Texas, amending Article 16, Section 61, providing for abolishing the salary method of compensating all district, county, and precinct officers of this State, and further providing that such officers shall be paid in such manner and on such basis as may be prescribed by the Legislature; providing for the submission of this amendment to the voters of this state; providing for proclamation of said election by the Government; and providing for the necessary appropriation to defray necessary expenses for the submission of this amendment.

**BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:**

Section 1. That Section 61 of Article 16 of the Constitution be amended so as to hereafter read as follows:

"Section 61. All District, County and Precinct Officers shall hereafter be compensated in such manner and on such basis as may be prescribed by the Legislature.

Section 2. The foregoing Constitutional Amendment shall be sub-

mitted to the qualified voters of the State of Texas at a special election to be held on the fourth Monday in August, 1937, at which election all voters favoring such proposed amendment shall write or have printed on their ballots these words:

"FOR the Amendment to the Constitution of the State of Texas so as to authorize the Legislature to fix the manner and basis of compensation for all District, County and Precinct Officers."

And those opposed shall write or have printed on their ballots these words:

"AGAINST the Amendment to the Constitution of the State of Texas so as to authorize the Legislature to fix the manner and basis of compensation for all District, County and Precinct Officers."

Section 3. The Governor of the State is hereby directed to issue necessary proclamation for said election and have the same published as required by the Constitution and existing laws of the State.

Section 4. The sum of Five Thousand Dollars (\$5,000) or so much thereof as may be necessary is hereby appropriated out of any funds in the Treasury of the State not otherwise appropriated, to pay the expenses of said publication and election.

The above is a true and correct copy.

EDWARD CLARK,  
(29-4tc) Secretary of State.

## Texans Learning of Value of Tourists

### State and Citizens Profit As Result of "Foreign" Cars

Denton, June 9.—Easily justifiable are the broad smiles of Texas business men when they see that over 41,240 out-of-state cars came across these borders during the nine-month period from June, 1936 to March, 1937, according to official tabulations of the highway department.

One good reason for smiling is that the estimated mileage covered by those thousands of cars in Texas is over thirty-one million miles. This means that from the sale of gasoline \$141,185.72 was taken in by dealers and a little matter of \$43,441.76 went to the state in taxes.

To these figures must be added the revenue from tourists in the way of lodging, food, clothing, car repairs and other miscellaneous items of travel, none of which can be tabulated or even accurately estimated. Summer travelers who know what a small percentage of their vacation expenses is taken up by gasoline can realize how great a sum was probably spent within the state on these other items.

There can be no doubt but that this influx of out-of-state trade was profitable both to the collective and individual interests of Texans. Oklahoma led the list of states who sent the greatest number of cars to Texas with nearly seven thousand visitors. California was second with over five thousand, and next in order were Louisiana, Illinois and Mississippi.

These figures were much higher than usual because of the Centennial, since 32,131 cars crossed the state line during those four months alone.

### TOM COOPER AND SON OF CALIFORNIA VISIT HERE

A visitor in Sonora is Tom Cooper and son, Don Thomas, of Glendale, Cal., who arrived yesterday for a visit with Mr. Cooper's brothers, Pat and Alfred, and his sister, Mrs. Roy Phillips.

Mr. and Mrs. Phillips met Mr. Cooper and son in Del Rio.

Sunday Mr. and Mrs. Phillips and Alfred Cooper made a business trip to Odessa where the Phillips have recently completed the building of two 4-room residences and a business building which houses a sandwich shop.

### Mrs. Holland Recovering

Considerably improved this week is the condition of Mrs. Lee Holland who recently underwent an operation in Dallas. Mrs. Holland and daughter, Viba, returned Wednesday of last week from Dallas.

### Mrs. Shelton and Daughter on Trip

Mrs. Joel Shelton and daughter, Alyce Claire, left Tuesday night for a visit in Sapulpa, Oklahoma, with her parents, Mr. and Mrs. W. H. Dodd. They also plan to take a trip to California and will return in about a month.

**Cinema World Loses When Death Claims Jean Harlow, Glamorous Blonde, Suddenly**

**JEAN HARLOW**  
Her last marriage was to Harold Rosson, cameraman. She was divorced. Before that she was married to Paul Bern, also of the motion picture profession, who was found dead with a pistol in his hand. When she was sixteen she was married to Charles McGrew, a sportsman.

THE motion picture colony of Hollywood, as well as film lovers the world over were shocked this week by the death of Jean Harlow, 26-year-old Metro-Goldwyn-Mayer actress who died Monday afternoon (William Powell) following a short illness.

With her at the time of her death was William Powell, popular actor who has been Miss Harlow's companion much of the time for the last year.

Miss Harlow, twice divorced, had an eventful and tragic life. Her last marriage was to Harold Rosson, cameraman. She was divorced. Before that she was married to Paul Bern, also of the motion picture profession, who was found dead with a pistol in his hand. When she was sixteen she was married to Charles McGrew, a sportsman.

**G. W. Morris' Buddy of War Days Buried**

**Sutton Pioneer and Friend Were Last Two of Company**

When G. W. Morris, 88-year-old Sutton county citizen, read his morning paper Thursday he learned of the death of his comrade of Civil War Days.

An Associated Press dispatch told of M. A. Withers, 90, dying in Lockhart.

Mr. Morris says that Mr. Withers and he were the only surviving members of a company of 110 serving under Captain Allison in Colonel Mann's Battalion of the Confederate Army. The men have been corresponding through the years but Mr. Morris had not heard from his friend for about two months.

Mr. Morris served in the army fifteen months, most of which time his company was a part of 3,000 men who were guarding Galveston Island and attempting to keep supplies from foreign countries being landed on the mainland. Iron gunboats were used as a cordon of protection.

Funeral services for Mr. Withers are to be held today.

**Episcopal Rector Will Preach Sunday**

**The Rev. Frederic M. Brasier To Be at Baptist Church**

Guest speaker Sunday morning at the Baptist Church will be the Rev. Frederic M. Brasier, rector of St. John's Episcopal Church. He lives in Kerrville.

An invitation has been extended to Episcopal Church people here to worship with the Baptist members Sunday morning as their building will not be completed for several weeks. Stone work is well under way in the remodeling program begun recently.

Earlier in the morning men of the Bible Class which meets at La Vista Theater will hear the Reverend Mr. Brasier there. No session of the class was held Sunday because of the downpour of rain at class time.

The Rev. Mr. Brinkley returned Saturday from San Angelo where he has been conducting a Sunday School training school at the Emmanuel Baptist Church. He will preach at the church here Sunday evening.

**Governor of Ohio Takes A Hand**

Steel strike leaders in Ohio have been summonsed by Martin L. Davey, governor, pictured above, to meet today (Friday) for a conference which he hopes will pave the way for a settlement of the steel strike which is said to be keeping idle nearly 75,000 men.

**Station A Players—**  
(Continued from page 1)

business of looking over promising young players who might be of value to the American League club of the "Windy City."

The Largets have spent thirteen years in the work. They are on the road six months of the year and subject to call anywhere the other six months. They make some 60,000 miles in their car each year. Recently they have been looking over players in the Evangeline, Cotton States and East Texas leagues.

They "make" the training camps each spring, Mr. Largent explained, then go "hither and yon" in quest of players who might strengthen the Chicago team. The roster of the White Sox, which Mr. Largent proudly showed, indicated that a great many of the White Sox players at present are those "sent up" by the Largets.

Particular interest was shown by the Largets in B. W. Stuart, Station A catcher. Inquiry as to his age and playing characteristics were made. M. McLeod, hard-hitting fielder, was given attention also.

At three this afternoon Sonora high school boys will play Ozona high school boys. The game will be in Ozona.

**BOYS OF 4-H CLUB WILL BE AT ROUND-UP JUNE 24**

The Sutton county boys who belong to the recently organized 4-H Club are to have a regular meeting as part of the Ranchmen's Round-up program at the Ranch Experiment Station June 24-25.

H. C. Atchison, county agent, who directs the club boys, said Wednesday that a regular meeting of the club will be held the first day—Thursday, June 24. If possible, the boys will also attend the second day.

Sometime during the first part of July the Sutton county boys will join 4-H Club boys of Schleicher, Terrell, Crockett and Val Verde counties in an encampment on Devil's River. They will be gone from home several days.

**1 1/2c PER HEAD for Drenching**

Get the stomach worm now before he gets into your pocketbook!

Use **ARSATE** Sure and Safe

Proven by years of experience to be the cheapest and the most effective method of attack on tapeworms, stomach worms and other internal parasites. Dosage for 3,480,000 sheep was sold in Texas last year. Free laboratory tests to determine if companion diseases aggravate the case of internal parasite trouble. Our tests, in sme instances, have revealed the presence of companion trouble which no drenching will reach. For such companion trouble it is often necessary to vaccinate.

H. W. Hamilton, our company representative, and a man well experienced in the treatment of sheep and goats, will be here for three weeks to drench your stock and he can be reached at the Texas Stockmen's Supply Co. No extra charges for his services.
