Special Election Is Tomorrow On Senate Position

APATHY PREVALENT OVER DISTRICT; FIVE MEN ARE IN RACE FOR LATE SENATOR'S PLACE

Light vote of approximately 30 per cent was forecast today for the special senatorial election Saturday. General apathy on the part of balloters was indicated over the 30th senatorial district of 24 counties.

Five candidates are in the race for the senate chair left vacant by the death of Arthur P. Duggan of Littlefield. They are: W. H. (Bill) Evans, Pink L. Parrish of Lubbock, Jess D. Mitchell of Muleshoe, B. Reagan of Big Spring, and G. H. Nelson of Tahoka.

Polls will open at 8 o'clock tomorrow morning and close at 7 p. m. Election will be held under rules for a general election.

Counties in the district are Andrews, Martin, Howard, Gaines, Dawson, Borden, Yoakum, Terry, Lynn, Garza, Kent, Stonewall, Hockley, Cochran, Lubbock, Crosby, Dickens, King, Bailey, Lamb, Hale, Floyd, Motley and Cottle.

To Canvass Early Returns

Returns on the election will be unofficially canvassed by the Avalanche-Journal and two other daily newspapers in the district conducting a West Texas Election service.

The special election had been called by Governor James V. Allred in a proclamation issued Sept. 9. The late Senator Duggan died the afternoon of Sept. 6.

College Day Is Staged At Fair

Gives Up After 11 Years Freedom; Is Given Furlough

AUSTIN, Sept. 27 (AP)—Eleven years ago Henry Alford walked out of the Bowie county jail during a break, his five-year term for murder unserved.

Years passed and Alford, making "an honorable living," counted as friends "many of the best people of Texarkana." The matter weighed heavily on his mind, however, and recently he voluntarily surrendered to the Bowie county sheriff.

District Attorney Elmer L. Lincoln of Texarkana recited Alford's record to the governor, recommending a pardon, a parole or, at least, "a furlough to permit him to remain with his family so his wife and children may become settled, and that these children and his older boy may go to school."

Governor Allred gave Alford a 30-day furlough.

COOL BREEZE FAILING TO HALT ACTIVITIES AT EXPOSITION

BY J. SAM LEWIS
Journal Staff Writer

Stiff, cool breezes that failed to drive away clouds and permit the sun to shine, greeted college students this morning on their special day at the 22nd annual Panhandle-South Plains fair. Many of the Tech student body were on hand this morning to go through the gates.

FRIDAY, COLLEGE DAY
Exhibits and midway attractions throughout the day.
1:30 p. m.—Harley Sadler's three-ring circus.
3:30 o'clock — Alfaretta acrobats; Mickey Martin's dare-devil drivers; Captain Jack's flame-dive.
7:45 o'clock—Harley Sadler's three-ring circus.
8:30 o'clock—Alfaretta acrobats; amateur boxing; Captain Jack's dive.

With the added attraction of a circus, virtually the entire student body was expected to begin swarming through the gates this afternoon. Likewise, many students from Wayland college, Plainview, were expected.

Stands Open Early

Apparently more inured to the cold, fair concession men and others were more active this morning than yesterday. The midway did not become alive until about noon Thursday, but this morning the stands were more active an hour earlier.

With all judging completed and ribbons and other awards won, livestock owners displayed proudly their many prizes.

Today Also Press Day

Today West Texas newspaper folk will visit the fair. Following a luncheon at noon at the Hotel Lubbock, most of the out of town men are expected to feast their eyes on the prize winners.

The circus is still the center of attraction. All morning long the circus space was visited by men who looked over the animals and talked with the circus folk.

Expect Good Attendance

Out of town delegations began arriving before noon. It is believed

BUSINESS GAIN STILL MARKED

GENERAL TREND GOES AHEAD IN MOST AREAS OF U. S.

(By The Associated Press)

NEW YORK, Sept. 27—Higher temperatures in many parts of the country slackened the rate of merchandise movements to some extent this week, but the general progressive trend was not altered to any substantial degree, Dun & Bradstreet, Inc., said today.

"While the gains for the week in retail distribution were not impressive, the widened margin from the 1935 level was noteworthy," its survey said.

Markets Busier

"Wholesale markets were busier, as reorders increased and advance commitments expanded, due to declining stocks and lessened apprehension of inventory depreciation as prices strengthened. The average of industrial operations was steadier.

"Retail sales expanded moderately, with the peak for the season yet to be discerned. Consumers appear to be definitely in a buying mood, judging from the extension of their interest from necessities to luxury items and higher-priced merchandise.

Increase Greater

"The increase for the week ranged from 2 to 10 per cent, while the estimated gain over the comparative 1934 total averaged 12 to 20 per cent, taking the country as a whole.

"As neither retailers nor manufacturers are stocked heavily, wholesale markets have been sensitively indicative of widening distribution, with pressure exerted to keep merchants supplied, in view of the difficulties encountered in obtaining prompt deliveries.

"Instead of the slower pace that was anticipated, wholesale buying increased during the week."

HUNDREDS DEAD IN JAP STORMS

TOKYO, Sept. 27. (AP)—The government today listed 230 dead, 195 missing and feared dead, and 84 injured as the result of typhoons and torrential rains in Japan.

Newspaper compilations, however, indicated the death toll would exceed 300.

Fumio Goto, the home minister, told the cabinet that 735 houses had been destroyed, although the reports were incomplete.

BORGER MAN KILLED

SAYRE, Okla., Sept. 27. (AP)—T. C. Stimson, Borger, Texas, oil man, was killed near here yesterday when the car in which he was riding overturned.

ALOISI PROTESTS LEAGUE'S ACTION

GENEVA, Sept. 27 (AP)—Baron Pompeo Aloisi, spokesman of the Italian delegation to the League of Nations, today protested the league's plan merely to adjourn the assembly instead of closing it.

He made his protest at a meeting of the assembly's steering committee.

New Legion Chief To Carry On Fight

ST. LOUIS, Sept. 27 (AP)—J. Ray Murphy of Iowa, new commander of the American Legion, plans to carry the legion's fight throughout next year.

After his election as head of the World war veterans at the close of the seventeeth annual legion convention here yesterday, he pledged his efforts toward stamping out propaganda subversive to American principles, asserted "the first obligation of the American Legion is to the disabled war veterans and to the widows and orphans of those who gave their lives for their country in the World war" and promised full support to the legion program.

That program includes a demand for immediate cash payment of adjusted compensation certificates, (bonus), cancellation of accrued interest and refund of interest paid "without having it complicated or confused with other issues of government finance or theories of currency with which the legion does not intend to become involved."

TRAINS CRASH

WESTPORT, Conn., Sept. 27 (AP)—One man was killed and three others injured, one seriously, in crash of two freight trains on the main line of the New Haven railroad here today.

HOUSE IS TOLD MEMBERS NOT CAPABLE

REPRESENTATIVE GIVES VIEWS ON PROBE OF OIL SITUATION

(By The Associated Press)

AUSTIN, Sept. 27—Rep. Lon E. Alsup of Carthage charged today the railroad commission was guilty of incompetency in oil conservation enforcement and could be impeached if a special investigating committee made the "kind of report it should make."

"There is not a single member of the commission that is competent to carry on the people's business as far as oil is concerned," Alsup stated, addressing the house.

ORDERED PRINTED

AUSTIN, Sept. 27 (AP)—The house today ordered printed in its journal a minority report of an investigating committee recommending that J. E. McDonald, commissioner of agriculture, be impeached. A majority of the committee protested the action and said McDonald was innocent of any misconduct.

Replies To Telegram

Alsup's statements were in reply to a telegram from East Texas officers of the commission stating running of hot oil had been reduced to a minimum.

"They are like a majority of the commission's employes, they don't know anything about it," Alsup said. "The legislature has permitted the commission to write the oil laws and the commission doesn't know how to do it."

Alsup asserted 90 per cent of the commission's staff never saw an oil well but was hired for political purposes and because they were recommended by members of the legislature.

"Do you think they have been

COAL STRIKE IS ENDED

MINERS TO GO BACK TO WORK NEXT TUESDAY; AGREEMENT MADE

(By The Associated Press)

WASHINGTON, Sept. 27. — A peace pact that spells the end of the nation's soft coal strike in all but four producing districts was reached early today. The miners will go back to work next Tuesday, after being out since Monday.

Union leaders and operators agreed upon a new wage contract giving the miners increases in pay for virtually all types of work. The contract, replacing one which originally expired last April 1, will extend until April 1, 1937.

Refuse To Sign

Representatives of operators in the Virginia and Hazard, Kentucky, districts refused to sign the new agreement until they received assurances that mine owners in the Tennessee and Harlan fields in Kentucky would sign.

John L. Lewis, president of the United Mine Workers, said the strike would be continued in these areas until the contract was signed.

Praised By FDR

The new wage agreement, praised by President Roosevelt last night before he left for the west coast, provides for an increase of 50 cents a day for day laborers; 9 cents a ton for the miners who dig and load the coal and a 10 per cent increase for yardage and deadwork (cleaning out slate, etc.).

Originall ythe union demanded a 50-cent a day increase in day work; 15 cents a ton for tonnage rates and 25 per cent increase for yardage and deadwork.

ASK BRITISH VIEWS

LONDON, Sept. 27 (AP)—The United States today asked formally for a clarification of British views on holding an international naval conference before the end of this year, as required under the Washington naval treaty of 1922.

SO WHAT?

Timing Of Bout Said To Be In Error

(By The Associated Press)

NEW YORK, Sept. 27.—Max Baer, knocked out by Joe Louis at the Yankee stadium last Tuesday night, apparently was counted out through an error in timing.

RIDICULES REPORT

NEW YORK, Sept. 27. (AP)—If Max Baer was the victim of a "long round," as well as the fists of Joe Louis, it didn't show on the official stop-watch and there's nothing that can be done about it now.

The New York State athletic commission today ridiculed a report that sound-recording apparatus indicated the fourth and final round of the fight lasted 9 1-2 seconds longer than the regulation three minutes and that, therefore, Baer was counted out by mistake.

On the stop-watch of George Bannon, the official time keeper, the fight ended after 3 minutes, 50 seconds of the fourth round.

Representatives of the B. A. Proctor, inc., sound recording laboratories, who timed the fight at their establishment with a highly technical instrument, said today the recording showed the fourth round, in which Baer took the count, lasted 9 1-2 seconds longer than the customary three minutes.

The Proctor instrument timed the fight from a radio broadcast. Two engineers timed the rounds with stop watches and an electric clock.

The engineers figure the fourth round should have ended about the time the knockdown time keeper reached the count of four on Baer.

If there was a timing error it probably would not have changed the result of the fight. However, persons betting the fight would end in the fifth

JONES SPEAKS TO COUNTY OFFICIALS

AMARILLO, Sept. 27. (AP)—Congressman Marvin Jones stressed the importance of local governmental units at a semi-annual convention of the West Texas County Judges and Commissioners association here today.

"The largest measure of self government should remain in the hands of local units—county officials who are in close touch with the people," he said. "The republic is anchored to government by the counties."

"The paralysis near the heart and head of the nation before Hoover went out as president was due to the drainage of money from the south and southwest."

About 200 delegates had registered for the sessions, which will conclude tomorrow. President C. L. Garrett, Eastland county judge, presided.

Lubbock County Judge E. L. Pitts, president of the state association of county judges and commissioners, and E. O. Thompson, chairman of the Texas Railroad commission, are scheduled to speak this afternoon.

Kennedy To Talk On Economic Status

WASHINGTON, Sept. 27 (AP)—Joseph P. Kennedy, resigned chairman of the securities commission, is planning to do some unofficial economic observing for President Roosevelt while in Europe.

Now enroute across the Atlantic, Kennedy is seeking a rest, but authoritative sources said he will find time to interview high officials of foreign governments on the general economic situation.

FIRST BREATH OF WINTER IS FELT

MERCURY DROPS TO 46 DEGREES HERE; COLD IN OTHER AREAS

(By The Associated Press)

Topcoats were whisked out of the mothballs and vests felt good again as a "norther" sent temperatures sharply downward in Texas today.

Drops of as much as 30 degrees, compared with minimum readings yesterday morning, were recorded in North Texas, while temperatures in general fell to the lowest marks of the season.

Cold Wind Blowing

A cold wind was blowing over the South Plains, with the mercury down to 46 degrees at Lubbock, 42 at Amarillo and 51 at Abilene. To the east, Wichita Falls reported a low figure of 47.

SNOW FALLS

GOODLAND, Kas., Sept. 27 (AP)—Several inches of snow covered northwestern Kansas today and the wet, heavy flakes continued to fall.

Freezing temperatures accompanied the snowstorm and killed late feed crops and gardens.

The temperature dropped from a minimum of 85 yesterday at Sherman to 53 last night. Corsicana reported a slump from 71 to 57 and Tyler from 71 to 58. Longview's low was 59. It was 61 at Austin, compared with 74 yesterday. No frost was reported.

Colder South

Houston's low was 62, the coldest since last May 7. The minimum at Galveston was 74. This was six degrees below yesterday's low reading. Fort Worth's minimum was 54.

Overcast skies and traces of rain were general over most of the state and a north wind was whipping the cool wave southward.

Rain Falls

In eastern and southeastern Texas there was some rain in the last 24 hours, Houston having 1.14 inches, Galveston a trace, Tyler .94, and Longview 1.74. Fort Worth had .05 and Dallas about the same amount.

Shreveport, La., recorded a temperature of 63 this morning, compared with 73 yesterday. Rainfall there totalled .9 of an inch.

MIDDLE WEST HAS SOME CROP DAMAGE

(By The Associated Press)

The frosty breath of autumn blew over the middle west today causing some crop damage and dispersing the heat that earlier in the week

(Turn to Page 15, Column 8, Please)

Senate Is Visited By House Members For Circus Passes

AUSTIN, Sept. 27 (AP)—Unusually large groups of representatives visited the senate chamber today.

The reason: The senate secretary was distributing legislators' circus passes.

SPEEDING WEST

EN ROUTE WITH PRESIDENT ROOSEVELT TO THE PACIFIC COAST, Sept. 27 (AP)—The Roosevelt vacation special sped across the middle west today, bearing the chief executive to four speaking engagements, a visit to the California-International exposition at San Diego, and then a 20-day fishing cruise back through the Panama canal.

DISTRICT'S DAILY NEWSPAPERS WILL GATHER SENATE ELECTION RETURNS

West Texas Election Service, organized by the four daily newspapers of the 30th Senatorial district, will 'cover' the special senatorial election over the 24-county district on Saturday, announcing in Sunday morning editions as much of the total count as is possible to obtain.

Co-operating in the election service are The Plainview Evening Herald, The Big Spring Daily Herald, The Lubbock Evening Journal and The Lubbock Morning Avlaanche. As many results as can be obtained will be published in the Sunday morning editions of the Plainview, Big Spring and Lubbock papers.

The 24 counties in the district have been divided between the papers, Plainview taking seven counties, Big Spring seven counties and Lubbock ten counties.

No other organization is attempting the collection of the election's results.

"Norther" Drops Temperatures In Texas

DRUG STORE SALE BAN PLAN PROPOSED

BILLINGS AND MOONEY MEET AGAIN

Warren K. Billings (below left) and Tom Mooney, both of whom have served long prison sentences for the 1916 Preparedness day bombing in San Francisco, embracing when they met in the latter's temporary cell during a habeas corpus hearing. It was the first time they had seen each other since their trial 19 years ago. (Associated Press Photo)

Case Was "Framed," Billings Testifies

NEW TESTIMONY TO BOLSTER MOONEY DEFENSE IS GIVEN; SAYS DETECTIVE CONSPIRED

(By The Associated Press)

SAN FRANCISCO, Sept. 27 — From diminutive Warren K. Billings, a mild mannered philosopher after 18 years in Folsom prison, came new testimony today to back Tom Mooney's claim he was "framed" in the 1916 Preparedness day bombing.

It was the second day of testifying for Billings, who yesterday said the late Martin Swanson, a private detective, had conspired to "railroad" Mooney to prison for life for murder.

Billings, serving a life sentence for the same offense, declared Swanson and Assistant District Attorney James Brennan, now a California assemblyman had visited him in jail.

"Brennan urged me to turn state's evidence," Billings said. "He made no mention of a reward, but Swanson said that if I would go along with him, he would see that all charges against me would be dismissed and I would be given ten to fifteen thousand dollars and sent to Mexico."

Was With Officers

Billings also said Swanson was with officers who arrested him four days after the parade bombing while he was awaiting to have a prescription filled at a San Francisco hospital.

He testified the private detective prompted police on various occasions when they questioned him after his arrest. Billings stoutly denied he knew anything of the bombing, which killed 10 persons and injured 40, until after it occurred.

His testimony was given at a habeas corpus hearing through which Mooney seeks his freedom.

BRAZOS WORK'S NEED CITED

LITTLE RIVER FLOODS LARGE AREA; PLAN WORK SOON

(By The Associated Press)

TEMPLE, Sept. 27—The Little river, largest tributary of the Brazos, was on the biggest of its many rises of the year today as plans were shaped to rush work on the $30,500,000 Brazos watershed flood control project, which has been approved by President Roosevelt.

The Leon river, on which one of the major dams of the PWA project was planned, had overflowed thousands of acres of farm land, and the Lampasas river and Nolan creek poured floodwater into the Little. Several bridges were washed out, and heavy damages to crops were predicted.

To Construct 13 Dams

The Brazos project, said to be the first in the nation planned on the watershed control basis, calls for construction of 13 major dams, for which specifications have been completed.

John Morris, chairman of the state board of water engineers, estimated that the project would soon put to work 52,000 men, local and

(Turn to Page 15, Column 5, Please)

Warning Issued On Full-Blown Storm

JACKSONVILLE, Sept. 27. (AP)—The southern coast of Cuba and the island of Jamaica were warned this morning to take precautions against the possible approach of a full-blown hurricane in the western Caribbean sea.

At 10 a. m., the position of the disturbance was given as about 225 miles northeast of Cape Gracias, Nicaragua.

The direction of the movement was said by the weather bureau to be a continuation of a gradual recurve during the last 12 hours.

WET BLOC ASKS AMENDMENT TO BILL

SENATOR HOPKINS HAS PROPOSAL BANNING LIQUOR SALES

(By The Associated Press)

AUSTIN, Sept. 27—Senate wet leaders today demanded an amendment to the anti-saloon bill prohibiting sale of liquor by drug stores.

Senator W. K. Hopkins of Gonzales, sponsor of a license system bill, proposed a ban against sale of liquor in places where other medicated compounds or carbonated water was dispensed.

REVERSES VOTE

AUSTIN, Sept. 27 (AP)—The house reversed itself today and instructed its state affairs committee to remove a tax section from a bill to provide old-age pensions. The vote was 81 to 69. Tuesday the house defeated the motion, 61 to 69.

Will Plug Up Hole

"It will plug up the loop hole of camouflage drug stores," he said. "It will prohibit a person from buying a 'traveling saloon' at one place."

Some of the dry bloc, disclaiming criticism of the purpose, questioned the practicability of the amendment. Senator Tom DeBerry of Bogota, one of the dry group, suggested it should be in a regulatory bill and not in a separate statute defining a saloon.

Adopt Substitute Bill

A perfected substitute bill offered by Senator Clint Small of Amarillo and the dry group was adopted. It lengthened the definition of saloon from 42 words, as originally proposed, to 103.

Under it an "open saloon," prohibited by the repeal amendment, would be any place "where spirituous

(Turn to Page 12, Column 7, Please)

Cards Lead!

SPORTSMANS PARK, St. Louis, Mo., Sept. 27. (AP)—Behind the pitching of the great Dizzy Dean, the four down and four to go St. Louis Cards led the Cubs 2 to 0 after 2 innings of play in the first game of today's double header. Two errors and hits by Frisch and Delancey gave the Cardinals their lead.

Police Patrolling Cincinnati Streets

CINCINNATI, Sept. 27. (AP)—Heavily armed police squads, in cruisers and afoot, paroled Cincinnati's west end today after a night of sporadic outbreaks and threatened mass attacks between whites and negroes.

Behind the trouble, said negro children who were victims of sticks and stones as they made their way to school, was a remark concerning Boxer Joe Louis, victor over Max Baer, in New York Tuesday night.

At least 20 men and youths of both races were under arrest on assorted charges. One patrolman reported he was injured as he chased negro assailants of an unidentified white man; another said he dodged numerous rocks as he attempted to take a man into custody.

Trial Of Jim Hart Set For October 14

CROSBYTON, Sept. 27 (Special)—Trial of Jim Hart, indicted for the murder of Marie Barton July 13, has been set for Oct. 14 in 72nd district court of Judge Homer L. Pharr.

District Attorney Dan Blair indicated that a special venire would be drawn for a jury to hear the case.

Five other indictments were returned by the grand jury reporting Tuesday, including three for burglary, and one each for assault to murder and liquor law violation. Criminal week of the four-weeks session was set Oct. 7.

Controversy To Be Settled In Voting

MEMEL, Sept. 27 (AP)—Frank skepticism that the Memel territory election Sunday would settle the controversy between Germany and Lithuania was expressed today by foreign observers.

Lithuanian political leaders charged that Germany, in an effort to force pro-German sympathy in the Memel territory, had in effect declared an economic war on the region.

The real Memel question, observers pointed out, is whether 145,000 people, divided in language and national spirit, and subject to strong outside influences, can be set apart and told to govern themselves.

THE WEATHER

CLOUDY

WEST TEXAS: Mostly cloudy tonight and Saturday, probably showers in south portion; cooler in southeast portion tonight; probably frost in the Panhandle if weather clears tonight; rising temperature in north portion Saturday.

EAST TEXAS: Mostly cloudy preceded by rain near the coast, cooler in south portion tonight; Saturday partly cloudy, rising temperature in northwest portion. Fresh to strong north to northeast winds on the coast.

Rush Parties Given By Tech Students Are Leading In Social Events

Freshman Girls To Attend Sunday Tea

As the first rush week at Texas Technological college draws to a close, social clubs are planning a number of parties, luncheons and dances.

Las Chaparritas club is to give a luncheon in the ballroom of Hotel Lubbock Saturday afternoon and at 5 o'clock will entertain with a dance.

Silver Key club, a stag society, is to give a dance at Hotel Lubbock this evening, beginning at 9 o'clock.

Pre-Game Affair

There is to be a smoker at the Wrangler club house, 2323 Thirteenth street, from 6:15 until 7:30 p. m. preceding the Daniel Baker-Tech football game.

Las Leales club is entertaining with an annual tea Sunday afternoon, honoring freshman women students at Texas Technological college. The affair will be given in Yellowhouse tea room, 2423 Broadway, from 4 until 5:30 o'clock.

The college administrative council and students council at Texas Technological college are entertaining with an annual reception for all college students Saturday evening in the lounge of the woman's dormitory. Receiving hours are between 8 and 10 o'clock.

Hunt P-TA Begins Season's Program

The first meeting for the school year was conducted by George M. Hunt Parent-Teacher association at Central Baptist church Thursday afternoon.

Afterward, the patrons were invited to inspect newly equipped cafeteria, music room, work shop, theater room and rest room in the school building.

A program arranged by Mrs. A. C. Sanders, Miss Margaret Bell and Mrs. Turner Adams was presented in the music room by pupils of Mrs. Adams. Tea was served there, Mrs W. H. Meador pouring.

Mrs. Marcus E. Helber, president, was in charge of the meeting at the church. The P.-T. A. prayer was repeated by Mrs. I. F. Kennedy, and Miss Mary Meador, new principal, was introduced.

Miss Meador described an activity program her school is sponsoring this year. Invocation was by the Rev. J. D. Welch. Mrs. J. T. Shaver sang.

Books were given as prizes to the rooms having the most parents present. These were awarded to Mrs. Shaver's room on the first floor and Mrs. Adams' on the second. Sixty-five patrons attended.

A six-pound sledge hammer dropping from the top of a pulp mill and hitting Carl Gray of Panama City, Fla., on the head did not seriously injure him.

The Citizens' "IF" Column

* * *

Opposed To The Gas Bonds

* * *

IF the contract to be entered into by the City of Lubbock and the Contractor provides a PRELIMINARY EXPENSE of ten per cent of the contract price, then $120,000 of the people's money is spent in PRELIMINARY EXPENSES before the construction of the gas system is started.

IF-IF-IF-IF

IF the contract to be entered into between the City of Lubbock and the Contractors to construct a gas system provides extra payment for EXTRA WORK done by the Contractor, for which additional GAS BONDS SHALL BE ISSUED, then how do the people of Lubbock know how much EXTRA WORK will be required under this contract, and how many additional GAS BONDS will be issued by the City of Lubbock?

IF-IF-IF-IF

IF, in the contract between the City and the Contractor, it is provided that the Contractor agrees to employ only competent and skilful men to do the work and will use, so far as is possible, local labor, how does this agreement help the unemployment in Lubbock, in digging ditches with a trenching machine and building and constructing a welded gas pipeline with skilled labor?

IF-IF-IF-IF

IF the contract between the City of Lubbock and the Contractor on this gas system provides that the City agrees to pass all necessary ordinances and resolutions required by the approving attorneys, selected by the bond brokers and paid by the Contractors, then is it fair to the citizenship of Lubbock to permit their laws to be made by the lawyers for the bond brokers and contractors?

* * *

Vote Against The Gas Bonds On Thursday, October 3.

Cardigan Jacket Bound For Life On College Campus

It's designed for the college girl's wardrobe, this cardigan buttoning down the back. A tweed effect is achieved by knitting it with two strands of knitting and crochet cotton, one red and one beige. It will wash beautifully, and of course it can be turned around and worn in a sensible manner if you feel that way.

"The Raven" Studied By Culture Club

"The Raven" by Marquis was studied by members of Lubbock Woman's club Thursday afternoon at Seaman hall. Mrs. Roscoe Cowart was leader.

Mrs. H. A. Welmaker was elected treasurer.

Those who discussed "The Raven" were: Mrs. D. N. Leaverton, "Personal Interest;" Mrs. George Berry, "Historical Aspect," and Mrs. N. S. McBride, "Indian Relation." Music was by Mrs. Carl Scoggin.

JEWISH HOLIDAY BEGINS AT DUSK

Two-day observance of Rosh Hashanah, Jewish new year, will begin at sundown this evening. Approximately 100 Jews from the neighboring area will hold initial prayer service of the calendar event at Hotel Lubbock with Rabbi J. Goldstein of Fort Worth in charge.

New year which starts officially at sundown today is year 5696 on the Jewish calendar of thirteen months. Although the observance is officially one day only, through the custom of centuries two days are taken for prayer services. Approximately 15,000,000 Jews throughout the world observe the event.

In charge of arrangements for services here are the following members of the Congregation Shaareth Israel, Lubbock: Claude H. Grollman, Sam Koretzky, A. I. Glassman, A. Kessel, Sam Rosenthal, Nathan Stool, A. Lehnman, George Finberg, and Louis Felman.

On the tenth day following Rosh Hashanah, Oct. 7, the Jews will be called to observe Yom Kipper, Day of Atonement and fasting.

Huge Purchase Of Leases Announced

GLADEWATER, Sept. 27 (AP)—One of the largest purchases ever made in the East Texas oil field by an independent operator was announced here with W. W. Bradley paying $200,000 cash for the Kleiner leases consisting of six producing wells on 28 1-2 acres. Bradley has acquired vast holdings in this area since the discovery of the East Texas field. He already held several thousand acres in other parts of the state.

REFLECTS BRITISH RECOVERY

LONDON (AP)—Cuba can measure Britain's returning prosperity by counting cigars. It is officially announced that in 1934 England imported 22,998,480 Havana smokes, an increase of 8,000,000 over the previous year.

PERSONALS

C. Sears of Brownfield was a visitor here Thursday afternoon.

V. F. Jones, Tahoka, Lynn county agent, came up Thursday on business.

D. O. Fox of Lorenzo, was here on business yesterday.

B. F. Hicks, Crosbyton, former Crosby county school superintendent, was a visitor here Thursday.

Warren Babb came down from Amarillo Thursday on a business trip.

Claud Thompson, who has been here about two weeks, plans to return this afternoon to Hobbs, N. M., where he will be employed.

Hill Garrison of Kansas City is visiting his mother, Mrs. Isabel Garrison, 2217 Fourteenth street. Ward Garrison is expected here this evening from Kansas City to visit his mother. Hill will leave Saturday. He visited at Texas Technological college, where he is a former student, this morning.

Mrs. Albert Isaacs of Muleshoe recently was a guest in the home of Mrs. W. H. Trice, 2123 Twenty-seventh street.

Assembly Dance Is Thursday Night

Assembly danced at Hotel Lubbock ballroom Thursday evening. Ned Bradley's orchestra played.

Hosts were Messrs. and Mesdames B. C. Dickinson, Sam C. Arnett, Ralph Trolinger, George A. Simmons and Dr. and Mrs. R. T. Canon.

Students Hear YMCA Speaker Thursday

Speaking to students of Lubbock High school Thursday afternoon, Patrick Henry, jr., Northwest Texas secretary of the Young Men's Christian association, presented the cause of an organization which has possibilities for service and for redemptive measures.

Members of the Hi-Y club, Dan W. Powers, Hi-Y sponsor, and Bud Thompson were seated on the stage for the program. Thompson, president of the Northwest Texas Older Boys' encampment held last week at Ceta canyon, introduced Henry.

Henry urged high school boys to join the Hi-Y organization, stating that "it is not a sissy affair; it takes courage and determination to live a Christian life." "We are learning that without Christian nations there is no hope for us," Mr. Henry said. In conclusion, he stated, "I challenge you as red-blooded, double-fisted young men to accept Christian citizenship after the pattern of the man of Galilee."

Pioneer Days Talked By Idalou Club

IDALOU, Sept. 27. (Special)—Mrs. J. R. Harmon was program leader when the Civic and Culture club met Tuesday afternoon with Mrs. J. M. Marks. New officers are: President, Mrs. J. O. Barnhart; v. p., Mrs. N. G. Kelly; secretary, Mrs. Olen Joiner; treasurer, Mrs. E. T. Daniell; parliamentarian, Mrs. J. P. Bledsoe, and reporter, Mrs. H. M. Lowe.

A refreshment plate was served. Attending were Mesdames Harmon, J. T. Carlton, J. F. Toler, Lois Peoples, Barnhart, Kelly, Lowe, L. Countess, Daniell, Thad Risinger, M. Cadell, Joiner, Bailey Guess, R. L. Steeley, A. Boyd, and three guests, Mesdames V. Derrick and Jessie James and Miss Irene Lee.

Miss Fay Foote Will Be Honor Guest

Honoring Miss Fay Foote of Sudan, bride-elect of W. B. McElreath of Longview, three young matrons will entertain with a coffee Sunday morning at 9:30 o'clock at the F. R. Friend residence, 2005 Broadway.

Hostesses are to be Mesdames Paul Whitfield of Sudan, Harold Ammons and Garland E. Davis.

Miss Foote, a graduate of Texas Technological college and a frequent visitor here, will be married on October 12.

Several large lead bullets and an old brass belt buckle used by Confederate soldiers during the Civil war were found when rains caved in a bluff on James island, S. C.

Eighteen Co-Eds Honored Thursday

Honoring eighteen rushees, members of Sans Souci social club at Texas Technological college entertained with a formal dinner in the Hilton hotel ball room Thursday evening.

All appointments were in white. A centerpiece of white fruit with gold leaves was on the table, and at either end there were bowls of white dahlias. White tapers burned in golden candelabra.

Favors were tiny perfume flasks. Ned Bradley's orchestra played throughout the evening.

Members attending were Misses Lois Pitts, Lois Watson, Eleanor Halbert of Plainview, Mary Ross Edwards, Dorothy Neuhardt, Frances Gayle Holmes, Marjorie Elder, Joni Bundy, Crystelle Scudder, Mary Geniece Hardberger, Ellen K. Clapp, Coleta Baker, Polly and Billie Shultz of Snyder, Dorothy Rushing, Catherine Jameson, Mesdames Bob Crawford, Van Earl Sams of Benjamin, Kirke Dean of Sudan.

Rushees present were Misses Mary Florence Van Horn, Maxine Dorn, Elizabeth Arnett, Kathryn Weaver, Lynn Bain, Nell Boyd, Virginia Muns, Mary Katherine Agerton, Ruth and Betty Wilbanks, Grace Stingle, Gwen Marr Davis, Christine Harris, Katrina Brewer, Doris Minor, Elsie Crausbay, Emily Mae Bass and Evelyn Burnside.

Local Girl Marries On Board Ship

The marriage of Miss Muri Wells, daughter of Mrs. Emma Wells, 1820 Avenue K, to C. W. Kindy of Pennsylvania has been announced by the bride's mother.

A naval wedding was performed on the U. S. S. Dobbin off the coast of California. A double ring ceremony was read by the ship's captain.

The bride wore navy blue with accessories to match.

Guests were members of the sixth division on the U. S. S. Dobbin of which the bridegroom also is a member.

The couple will live in San Diego.

Loyal Sisters Party Given Thursday

Mrs. D. A. Davis, 2206 Thirteenth street, entertained for the Loyal Sisters Needle club Thursday afternoon.

Guests of the club were Mesdames G. W. Scott and J. A. Goodwin.

Members attending were Mesdames M. B. Cross, Mike Fry, John R. Hall, Ralph Moore, N. A. Payne, W. H. Trice, H. W. Cherry, Dow Smallin and J. R. Potts.

Posey Society Meets In Howell Home

POSEY, Sept. 27. (Special)—Twelve members attended a meeting of Posey Women's Missionary society Thursday afternoon with Mrs. J. T. Howell, 1611 Avenue L. A Bible lesson embracing the first five chapters of Daniel was taught by Rev. Mr. Howell.

Fifteen visits to the sick were reported. An auction sale, planned for this meeting, was postponed until the next meeting, October 10, in the home of Mrs. Homer Kelley. The Bible lesson will be from Daniel, 6, 7 and 8.

Newlyweds Arrive To Make Home Here

Mr. and Mrs. T. L. Nabers, newlyweds of Albuquerque, N. M., have moved here to make their home. Mrs. Nabers is the former Miss Marian Nutt of Tampa, Fla., and Albuquerque.

Mr. Nabers, a son of Mr. and Mrs. T. J. Nabers of Desdemona, is an insurance salesman.

The couple is at home at 1118 Eighth street.

Mr. and Mrs. William Oliver of Amarillo are here to be with Mrs. Oliver's mother, Mrs. L. W. Bullock, 2310 Eighth street, who is ill at her home.

Ace Sleuth

Whatever Marie Grott is saying over that phone, it's probably bad news for some culprit. A comely blond, 32, she's thrilled over her appointment as head of Indiana's state bureau of criminal identification. The first woman to hold such a post, and one of the nation's outstanding fingerprint experts, she helped identify Dillenger after his Arizona arrest in '33.

Miss Ida Young Is Wed To O. Holland

Announcement was made this morning of the marriage of Miss Ida Young, daughter of Mr. and Mrs. C. P. Young, 1911 Ninth street, to Omer Holland, son of Mr. and Mrs. J. F. Holland, 904 Avenue J, that took place Tuesday evening at 8 o'clock at the home of the bride's parents. The Rev. Ben D. Johnson, pastor of Tabernacle Baptist church, officiated.

Mrs. Holland wore navy blue with black accessories for the ceremony.

Guests were immediate relatives of the couple.

Mr. and Mrs. Holland will make their home at Ancho, N. M.

National Convention To Be Discussed

Mrs. William Dingus will discuss the national conference of American Association of University Women that was conducted in California last summer at the initial meeting of the local branch Saturday afternoon at 3 o'clock in room 108 at the Tech home economics building.

Miss Margaret Weeks, president, has urged that all women interested in joining the association this year attend this first meeting when plans for the year's work will be discussed.

Miss Julia Davis, who has been visiting in Corsicana and Austin, has returned home.

LEMON NAMED LEAGUE HEAD

SLATON MAN SELECTED TO DIRECT COUNTY SCHOOL CONTESTS

Approximately 100 teachers from county rural schools and Slaton elected David Lemon, superintendent of Slaton schools, director-general of the county interscholastic league and elected other league officials at a banquet Thursday evening in First Mthodist church.

Following department directors were named: Debate, Miss Arms of Slaton; extemporaneous speech, Mrs. Hubert Copeland of Frenship; spelling, Miss Anna Summers of Shallowater; ready writers, Miss Margaret Cooper of Idalou; athletics, Ameral Payne of Frenship; rural schools, Joseph R. Griggs; music memory, Mrs. E. P. Dawkins of Union, and declamation, Mrs. D. C. Arthur of Bledsoe. These are voting executive committee members, and the director will appoint two non-voting directors—for choral singing and for story telling.

Teachers voted for a contest in rhythm band and to have a tiny tot stories contest below the third grade, but not to count in point tabulations.

Another banquet will be held in early November.

Schools Session To Be Held On Monday

A get-acquainted session for Lubbock public schools teachers and officials will be conducted Monday evening at 7:30 o'clock in Senior High school auditorium, K. E. Oberholtzer, superintendent, announced Thursday.

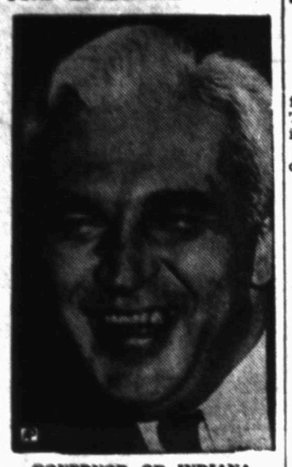

Superintendent Oberholtzer was unable to attend the first meeting of the faculty this year, but sent all routine announcements to faculty members by means of a special bulletin. Additional instructions relative to the work for the year will be given Monday evening, the superintendent stated.

Following introductory remarks by Mr. Oberholtzer, Miss Sannie Callan, parent education worker; Miss Agnes True, director of elementary curriculum; Miss Mamie Alexander, visiting teacher; and Miss Marion Betts, publication worker, will explain their special work to the staff.

Patrons who wish to learn more about the local school system in operation are invited to attend this meeting Monday night, Mr. Oberholtzer said.

Wild morning glory seeds sprouted immediately on being planted in moist soil, after being buried for 30 years in dry earth.

HIS EXCELLENCY--

GOVERNOR OF INDIANA

Paul V. McNutt, Indiana's governor, seems always to have been at the head of something . . . . was tops in his classes in college . . . became national commander of the American Legion . . . dean of the law school at Indiana university . . . and then governor of his state. He likes to make speeches, ride in airplanes, play golf and poker, is interested in little theater movements and the radio, and will go miles to see a good football game. Prematurely gray, the handsome, 44-year-old executive aspires for higher political position within the Democratic party. He is boss of the party organization in Indiana and rules with an iron hand. Motion picture folk, who have visited the governor say the silver screen missed a personality when McNutt went in for politics rather than romance.

Former Resident Of City Dies Wednesday

Funeral services will be held Saturday at First Baptist church in Silverton for T. H. (Eph) Stevenson, 62, resident of Big Spring the last three months, before which time he lived in Lubbock three years. Death came in Big Spring Wednesday night after a lingering illness of the last five years.

A. L. Hawkins, a brother-in-law of Stevenson, lives at 1909 Main street in Lubbock.

Stevenson resided at Amarillo where he was a member of the police force for seven years, before coming to Lubbock.

Survivors are the widow and seven children, all residing at Big Spring.

NO TALKEE, BUT YOUNG JAP GIRL IS DARING IN HER CIRCUS TRAPEZE ACT

She's a daring young lady on the flying trapeze but off, 17-year-old Titu Morimati is almost inarticulate in presence of strangers.

She is with Harley Sadler's circus.

The young Japanese, whose parents are dead and who has no known relatives, is the only aerialist with the circus, which is showing in Panhandle-South Plains fair grounds.

An effort to interview her resulted in monosyllabic answers Was she afraid doing the "muscle-grind?" "No." Did she like circus life? "Yes." Why did she like the circus? She smiled, shrugged her strongly-muscled shoulders, but did not answer

She Is Backward

"She's backward," Grace Orton, her instructor, explained. "That's just her way, and we can't get her to talk much."

Miss Morimati did say that she wanted to learn to do the "one-arm flange." Bob Orton, tight-wire artist of the Orton troupe, explained that only three women did that stunt. The aerialist hangs by one arm and flips over and over—a gruelling ordeal for the arm.

The young woman, whose dark hair is straight, whose eyes are almond-shaped, and who weighs about 100 pounds, has been with the Ortons six years. In fact, she's virtually a member of the family. She considers Ottumwa, Ia., home of the Ortons, her home.

Her circus acts include the "iron-jaw," swinging by her teeth; juggling while walking on a rolling ball, the "muscle-grind," and acrobatics on a swinging ladder.

Wool Brings Good Price In San Angelo

SAN ANGELO, Sept. 27 (AP)—Sixty-five thousand pounds of fall wool sold here this week at 25 1-2 cents per pound, a rise of a cent and a half in the last week. This is better than the average paid for 12-months clips this year. Max Robin and Tom Richey were the buyers from the Texas Wool and Mohair company and the Wool Growers Central Storage company.

Four Projects Are Added To Lettings

AUSTIN, Sept. 27. (AP)—The highway commission has added four projects estimated to cost $240,000 to those on which bids would be received Oct. 8.

Projects were, by counties:

Rockwall, 2.9 miles of grading and drainage structures on highway 205, from one-half to 3.5 miles east of Rockwall.

Angelina, 5.4 miles of grading and concrete pavement on highway 40 from Cherokee county to 9.3 miles northwest of Lufkin.

Angelina, 7.4 miles of iron ore top soil base and road oil surface on highway 40 from 5.4 miles southeast of Cherokee county to 1.8 miles northwest of Lufkin.

Jackson, Navidad river bridge, two relief structures and roadway approaches on highway 11 between Edna and highway 172.

Prison System To Have Lower Crop

HUNTSVILLE, Sept. 27. (AP)—Texas prison system officials said today the peak of the system's cotton season was past.

They said 3,495 bales had been ginned from prison-grown cotton. Some 2,500 have been sold to date, and with the seed have netted $174,819.04 to the state treasury.

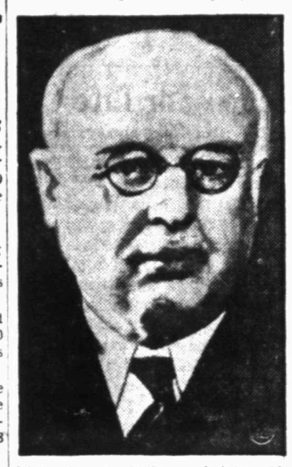

The system's production as a whole apparently will fall short of that last year, the officials said, but the central state farm at Sugarland has ginned already 1,021 bales, or more than 200 in excess of its 1934 production. The Ramsey farm, which produced 1,187 bales last year, has ginned only 454 so far this year.

ARMY CHIEFS TO MEET

DALLAS, Sept. 27 (AP)—Major W. G. Gilks has announced councils of the Salvation Army will be held on Tuesday and Wednesday of next week at Waco.

Gilks, recently appointed head of the army in Texas and part of Louisiana, said more than 25 points will be represented at the meetings, which will give him his first opportunity to meet with many of the officers under his command.

To Pay Everyone

Victor on a platform pledging $25 monthly dividend to every Alberta citizen, Premier-elect William Aberhart, 57-year-old evangelist, above, now faces the task of fulfilling his promises as 450,000 acult Albertans wait eargerly for the first payment under the new Social Credit Party regime. His six-point plan to banish poverty, he said, would not creat a tax burden.

OSAGE COUNTY STILL "HOT SPOT" OF MIDCONTINENT AREA; LEASES SOUGHT

BY JOHN JAMESON
Associated Press Staff Writer

TULSA, Okla., Sept. 27—Osage county in northern Oklahoma, where fabulous fortunes were made for operators and Indians alike in years gone by, remains one of the active "hot spots" of the midcontinent oil world.

Rival companies bid $812,875 for leases on 70 tracts in a spirited auction that brought memories of a decade ago, when the sky was the limit.

Paid $342,000

Kewanee Oil and Gas Co. paid $342,000 for a single 160-acre tract, the largest lease bonus offered in five years. Gypsy Oil Co. (Gulf Corp. unit) paid $153,000 for an adjoining quarter-section.

Kewanee has been one of the more active firms in recent lease sales, and paid $312,000 for a similar tract earlier this year. That price established five year record at the time.

All-Time High $1,999,000

The all time high was $1,999,000 for 160 acres, paid about 1924. Several times has $1,500,000 or more been paid.

Extension of the south Burbank pool by several good wells recently has brought about the fight for leases to the south of the old Burbank pool, once one of the state's leading producing sections.

Field activity in the district has quickened, with 13 wells in the county last week.

The averge cost of making a movie film has been estimated at $400,000.

Upset Condition Made Man Feel Tired and Weak

Black-Draught is a purely vegetable medicine for the relief of constipation.

It does its work to the satisfaction of thousands of men and women who use it when needed.

"I was strong and healthy until I had the flu," writes Mr. C. W. Whiddon, of Mandeville, La. "After this I was troubled with constipation that made me feel tired and sluggish and weak. Black-Draught helped me quite a bit. I think it is good for constipation."

Remember to try Black-Draught next time you need the assistance it has so reliably brought to others.

CONFESSIONS OF A MAIDEN

IN THE COURT OF CATHERINE THE GREAT

Here is the true story of the shame of the empress' court, taken from the diary of Princess Anna, an innocent girl who lived through it all . . . who saw all and told all . . . This shocking diary tells vividly and frankly the wickedness of the court, the life of the girls in it, and finally, the beautiful romance of Princess Anna and the great American naval hero, John Paul Jones.

The leaves of Turkish tobacco are strung one by one like beads (see how it is done in the picture). After the leaves are strung they are packed in bales (see picture) — sometimes as many as 80,000 leaves to the bale.

We *have on hand at all times for* CHESTERFIELD *cigarettes upwards of* 350,000 *bales of Turkish tobacco . . .*

The pleasing aroma and flavor of Turkish tobacco is almost necessary if you want a good cigarette.

Turkish tobacco is more costly when you take into account that you have to pay 35c a pound duty, but we have to have it to blend with our mild ripe home-grown tobaccos.

It helps make Chesterfields milder, it helps give them better taste. *Just try them.*

Outstanding
.. for mildness
.. for better taste

PAROLE UNITS ARE SELECTED

REPRESENTATIVES FOR THREE COUNTIES OF AREA NAMED

Three South Plains counties were among the first eight county parole boards approved yesterday by Gov. James V. Allred through cooperation of district governors and presidents of local service clubs.

J. O. Jones, George Kuykendall and W. G. McMillan, all of Lubbock, comprise the Lubbock county board. R. G. Nutt, Mon Tedford and Jesse D. Cox, all of Brownfield, were named to the Terry county board. Edgar Allen of Crosbyton, Frank Proctor of Lorenzo, and Will Richards of Ralls make up the Crosby board.

These county boards are to be charged with community service responsibility of rehabilitating paroled or pardoned criminals and making periodical reports to the governor.

In the past, convicts out of the penitentiary on parole or pardon have been "on their own" and the inclination to return to a life of crime ever has been present. Governor Allred believes that with responsible citizens in each community ready to aid these unfortunate men that the constructive and worthwhile purpose of making honest, law-abiding citizens of them can be accomplished.

The governor hopes that service clubs throughout the state will respond immediately to the call for board nominations.

Mr. Jones, who heads the Lubbock list, said he had not been notified of his nomination and approval. His duties already are numerous. He is district 17 director of WPA, state committeeman and as such chairman of the 30th senatorial district, on the resettlement advisory board, a chamber of commerce director, and a member of the executive committee of the county welfare board.

MEMBER ANYWAY

* * *

Army Flier Joins Caterpiller Club By Mistake

SAN ANTONIO, Sept. 27 (AP)—Private William C. Becker of Randolph field became a member of the Caterpiller Club recently, though he achieved membership through a mistake and not by an emergency which forces most flyers to jump.

Pvt. Becker was a passenger in a plane with First Lieut. D. H. Alkire, engineering officer of the 52nd school squadron. Practicing landings, Lieut. Alkire signaled that he was about to make his first landing. His passenger mistook the signal to mean Lieut. Alkire wanted him to "bail out," which he promptly did.

KNOTHOLE GANG FULLY ORGANIZED

With a membership of 165, the Knothole gang sponsored by the Kiwanis club has a high rating, for its members must refrain from cursing, must keep their necks and ears clean and go to church or Sunday school weekly.

The "gang" has its own bleachers at Tech field, has a 20-piece band which has been equipped with uniforms by the sponsoring club, receives free admittance to Tech athletic programs, and is given play supervision by a college coach, Dutchy Smith — all this, if they qualify.

K. N. Clapp and Bill McMillan, Kiwanians, say the new uniforms, of orange and gold, are distinctive and that, when massed in the Knothole gang's own bleachers, add distinction and color.

The organization was started three years ago and steadily has increased in membership and popularity.

FLORISTS HERE FOR SCHOOL

ATTENDANCE OF 150 IS EXPECTED AT DESIGN SESSIONS IN CITY

Registration began at 1 o'clock this afternoon for a school of design as florists from parts of Texas, New Mexico and Oklahoma came to Lubbock. The school is being held in Hilton hotel for three units of the Florists Telegraph Delivery association.

Registration was conducted on the hotel mezzanine floor. Approximately 150 persons are expected, said O. W. Ribble, who is in charge of arrangements.

Business Is Set

Today's program includes a business meeting, election of officers, selection of the convention city for 1936, a banquet at 6:30 p. m., attendance at the Tech-Daniel Baker football game, and a dance in the ballroom of the Hilton.

Mr. Ribble will conduct the business session, and Mrs. C. C. Cunningham of Amarillo will be toastmaster. Friday speakers are A. B. Davis, manager of the Lubbock Chamber of Commerce, who will welcome visitors; W. T. Hightower of Memphis, Texas, who will make a response; O. B. Howell, assistant professor of horticulture at Texas Technological college; Clarence E. Wademan of Houston, who will discuss the Pittsburg FRD school and meeting.

The school of design will be held in the Hilton ballroom Saturday, with Mr. Ribble serving as chairman. Speakers on the final day's program will include: Mr. Wademan and J. A. Rix, of Lubbock, mortician. All kinds of decorations, bouquets, and funeral wreaths will be shown. Lunch will be served on the mezzanine floor.

Officers are Mrs. C. C. Cunningham, district representative; Mr. Ribble, chairman, and Arch Keys, secretary - treasurer. Arrangements committee is made up of Mrs. Cunningham, W. J. Beechler of Amarillo, Mr. Keyes, and J. C. Davis.

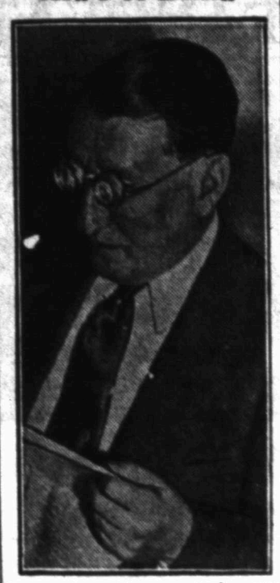

Designers will be here from Amarillo, Dallas, Fort Worth, Plainview, Wichita Falls, and other places.

Attendance will be made up from Texas, Oklahoma and New Mexico.

BRAIN TRUST LANGUISHES

RIO DE JANEIRO (AP)—Although Brazil's constitution of July, 1934, set up a brain trust of experts for each member of the cabinet, the ministers of war and marine have declined to name their advisers on the grounds that the general staffs of the army and navy fill the bill.

Aid For Blind

New micro-vision spectacles now enable this man, "Mr. I. C.," to see, although he has been practically blind since the age of 6. The glasses, designed by William Feinbloom, Columbia university, magnify 23 times, and give this wearer 10 per cent vision.

Printing of the U. S. Congressional record costs approximately $45 a page.

JACK HOXIE'S SENSE OF HOSPITALITY IS HURT AT HIGHWAY ENFORCEMENTS

Jack Hoxie's sense of western hospitality is hurt.

"They don't stop you for going down the highway in Arizona," he said.

He was required to buy license for additional tonnage for a trailer and a Texas license for a truck Thursday when he arrived here. He is a star of the Harley Sadler circus at the Panhandle-South Plains fair.

Frank In Criticism

The cowboy actor, big, brawny with black hair and blue-gray eyes, was frank in his criticism of Texas highway laws.

Without retracting any of his criticism, Hoxie said many of his best friends live in Texas. He has been here before and he likes it when state highway patrolmen don't comprise the reception committee.

Dislikes Large Cities

He doesn't like large cities, and he includes Hollywood in cities he dislikes.

He likes "just good old common people," with whom a "Howdy" and a handshake are sufficient.

"In the cities they want you to tell your life's history and make speeches. That gets tiresome," he said, following his first performance at the fair Thursday.

"I like the mountains, the cows, horses and kids," he said.

He has a dude cowboy ranch, the Jack Hoxie Broken Arrow Ranch near Hereford, Ariz. "I guess I must have around 5,000 kids out there every summer," he said. "I teach them to ride."

"It costs plenty to live in Hollywood. If you go there you want to know how much you have in your pocketbook."

A bright shirt, cowboy hat and wide belt were part of his apparel.

He makes six pictures each year in Hollywood and leaves as soon as he gets through with a picture, he said.

"Hollywood is just a workshop," he said.

Dixie Starr, who with Hoxie is a star at the show, is hostess at Hoxie's dude ranch in Arizona.

Miss Starr re-enacted a scene used in western shows at the fair Thursday afternoon. Her Indian paint horse stopped and bent down when she appeared to be shot. The horse picked up her hat.

Hoxie mentioned his attachment to his horse. The horse is named Scout in feature pictures. Dynamite in serials and is billed sometimes as Cimmaron.

Planning Board To Receive Reports

AUSTIN, Sept. 27 (AP)—W. M. Massie, chairman of the Texas planning board, has called a meeting Monday to receive reports on projects submitted to Washington.

He said reports would be filed on the Texas industrial, mineral resources and underground water surveys, project for the University of Texas bureau of business research, and an 80-mile scenic Davis mountains state park highway.

REV. PIRTLE'S FUNERAL HELD

PIONEER MINISTER OF WEST TEXAS DIES ON THURSDAY

Funeral services were held this afternoon at 3 o'clock for another one of West Texas' fast thinning ranks of pioneer ministers, Rev. Z. B. Pirtle, 69, who died at 4 p. m. Thursday in a local hospital after three weeks illness and an operation.

Rev. Dr. L. N. Lipscomb, First Methodist church pastor, Dr. W. M. Pearce, presiding elder, Rev. C. E. Fike of Levelland and Rev. J. T. Howell of East Lubbock circuit officiated at the services. Dr. Pearce was in charge.

Pallbearers were Dean J. M. Gordon, Homer Grant, Maple Wilson, Leonard Brown, C. D. Shaw and C. W. Ratliff.

Rev. Pirtle, who would have been 70 years old on Oct. 1, had served 46 years in the Methodist ministry of Texas before his retirement in 1932. He was widely known over West Texas, having served in churches in more than a score of towns and circuits.

Survivors beside the widow include: Three daughters, Miss Ruth Pirtle, head of the department of public speaking at Texas Technological college; Mrs. Carl George of San Angelo, and Mrs. Vestel Lott of Amarillo; three sons, Tom Pirtle of 2115 Twenty-sixth street; R. C. of Throckmorton, and J. S. of Roswell, N. M., and two step-children, Donald Turner and Mrs. Frank Leddy. Mrs. George and Mrs. Lott are ill in Amarillo and will be unable to attend services.

Underwent Surgery

Rev. Pirtle underwent surgery here a week ago and was thought to be on the road to recovery until he suffered a heart attack Wednesday evening.

Rev. Pirtle was born in Mena, Ark., and came to Texas as a youth. He was married to Mary Edith Jameson in 1893. She died in 1923 at Clarendon. He remarried in 1930. He filled pastorates at Anson, Stanton, Aspermont, Trenton, Houston Street Methodist, Amarillo, Clarendon circuit, Higgins, Knox City, Turkey, Levelland, Lake View, Silverton, Spearman, Throckmorton, Stinnett, and other places. He entered the Northwest Texas conference in 1902, and was superannuated at Levelland 30 years later.

Interment was in Memorial Park cemetery with Rix Funeral home in charge.

Wichita Station To Go To Fort Worth

WASHINGTON, Sept. 27 (AP)—The communications commission upon reconsideration has granted an application to transfer control of KGKO, Wichita Falls, Tex., to Amon Carter and move the station to Fort Worth.

Clarence Scharbauer, Midland, Tex., was granted permission to construct a new radio station to operate during the day with a power of 100 watts on a frequency of 1420 kilocycles.

KPRC, Houston, Tex., was granted permission to increase its day power to 5 kilwatts and move its transmitter to Deepwater, Tex.

NEW GUIDANCE IN SCHOOLS PLANNED

Throughout their Senior High school years students will be under the guidance of one teacher 30 minutes a week, the faculty voted Thursday afternoon at a meeting. R. W. Matthews, high school principal, introduced the plan.

The purpose of this new guidance process, which will include vocational as well as educational guidance, is to give the teacher an opportunity to teach some lessons of life that could not be taught in regular classrooms. The regular home room program time, Tuesday mornings, will be used for this new arrangement.

Home room groups were started in Lubbock High school seven years ago, and much the same process has been followed since its investigation. Under that system, a student came under the influence of a different teacher each term. Teachers had no sooner become acquainted with individual children, their family background, and their ambitions than they were moved into another home room, where another teacher went through the same process, stopping just short of the real purpose in vocational guidance, that of aiding a child in studying various vocational fields and making an intelligent decision.

Senior High students began signing with the teacher of their choice. Each room will contain no more than eight seniors, ten juniors, twelve sophomores, and four high freshmen. There is to be an equal division of the sexes when possible.

The first meeting of this kind will be held next Tuesday. Deans Mrs. Ethel Terrell and Dan W. Powers are cooperating with Mr. Matthews getting the plan started.

TEXAS CATTLE WIN

OKLAHOMA CITY, Sept. 27 (AP)—Entries of the Genoa ranch, Genoa, Texas, were awarded five of the six championship honors in the Shorthorn beef cattle show at the Oklahoma State fair here Wednesday, with the sixth championship title, junior champion cows, going to C. M. Caraway ranch, DeLeon, Texas.

You'll get a *BETTER BUY* from your CHEVROLET Dealer

You will find many outstanding values in his stock of "Guaranteed OK" Used Cars

MORE and more people are learning that *the best place in town to get a used car* is at the nearest Chevrolet Dealer's.

Visit him—see his wide selection of *Guaranteed OK Used Cars*—and you, too, will get a *better buy*—the make you want, the model you want, at the price you want to pay!

And what's more, you will get a car that's *guaranteed* to be in A-1 condition, for all cars bearing this famous Red OK Tag have been carefully checked and conditioned by your Chevrolet Dealer, and carry his personal guarantee.

See him and buy one of these fine Guaranteed OK Used Cars at lowest prices—today!

✓ THE MAKE YOU WANT

✓ THE MODEL YOU WANT

✓ THE PRICE YOU WANT TO PAY

1933 PLYMOUTH COUPE—Motor completely overhauled, Block rebored, new pistons, pins, rings, main and connecting rod bearings. Paint, upholstery and tires in good condition. Start using this car today for monthly payments as low as $24.00 and a down payment of only **$115**

1932 CHEVROLET PANEL—For winter weather delivery we are offering this panel delivery. This is one that will do credit to any business. Large space for advertising name, good tires, new Duco and mechanically fit. Priced **$300**

1933 PONTIAC FOUR-DOOR SEDAN—Original Duco finish, clean upholstery, good tires. You'll be proud of its appearance and performances. Priced to sell before October first **$385**

1933 CHEVROLET FOUR-DOOR SIX-WHEEL SEDAN WITH TRUNK—The finish, both interior and exterior will meet with your approval. This car is mechanically correct throughout, making it a most economical car to own and operate. Our terms are very flexible on OK used cars. Don't fail to inspect this Sedan. Priced **$470**

1934 CHEVROLET COACH—Included in this display of exceptional used cars is a 1934 Chevrolet coach that makes one wonder why—but the answer is simply, they want something new. We invite your closest inspection and comparison. This is a perfect used car for only **$540**

1934 CHEVROLET TOWN SEDAN—This is a "brown beauty", chuck full of satisfactory service and comfort. Really a pleasure to drive. Looks like new and is equal to new in service per dollar invested. A car anyone could be proud to own at **$535**

BOILING POINTS IN WAR-TROUBLED MEDITERRANEAN WATERS

ITALY FEARS BLOCKADE OF CANAL LINK TO COLONIES. Essential to Italy in prosecuting a campaign for the subjugation of Ethiopia is the British-controlled Suez Canal, linking the Red Sea with the Mediterranean. Mussolini has indicated that closure of the canal to his ships would be considered a hostile move. The bleak area cut by the canal is apparent in the view above.

GOAL OF BRITISH FLEET MANEUVERS. A large British fleet will take part in war games in the shadow of the Island of Corfu, whose imposing fortress is pictured here, beginning September 26.. Corfu is only 60 miles from Italy.

MALTA GARRISON REINFORCED BY GREAT BRITAIN. As it's fleet deploys in the Ionian Sea near Italy for extensive maneuvers, Great Britain adds to the strength of its garrison at nearby Malta, base of the Mediterranean fleet, with 1200 reinforcements. Part of the force stationed on the island is pictured here during a military review at Valetta.

ADVICE STARTS TO PRESIDENT

PRESIDENT'S LETTERS TO CLERGY BRINGING SOME CRITICISM

(By The Associated Press)

WASHINGTON, Sept. 27. (AP) —A surge of advice and opinion, some of it sharply critical of the New Deal, was directed toward the White House today by men who man the nation's pulpits.

Responding to widely disseminated, identical letters from President Roosevelt asking for "counsel and advice," clergymen from many sections either expressed their views or promised to write.

One Won't Reply

One minister, however, said he would not reply because he did not believe the letter would be read by the president. He was the Rev. F. Raymond Baker, a Wilmington, Del., Baptist.

White House attaches declined to discuss what, if any, political significance might be attached to the president's move.

Wanted Unbiased Views

In discussing his action at his regular press conference, Mr. Roosevelt said he was trying to find out from non-governmental sources what conditions were. His letter to the clergymen said he was appealing to them because he felt no group would give more accurate or unbiased views.

His letter said he was "particularly anxious" that the new social security law be carried out as conceived and added that the work relief program was "vitally important." He asked the clergymen to tell him about conditions in their communities and "where our government can better serve our people."

Some Statements Jotted Down

Preparing to reply, some of the statements which pastors jotted down for mailing to the White House told of business improvement, and included:

"We are moving a little rapidly in taking people off relief before we find employment for them."

"Nobody with any self respect can apply for their (old age pension) benefits."

Should Cut Salaries

Administrative salaries should be reduced.

From Boston, the Rev. A. Z. Conrad, a Congregationalist, dispatched the views that:

"Destruction of animals and cotton and agricultural products" was "criminal."

"The American people will not take to regimentation."

"The animus of the administration towards holding companies and public utilities retards recovery."

The attitude toward the constitution "imperils every interest of the American people."

TOO LATE

PHILADELPHIA, Sept. 27. (AP) — Rev. Dr. E. A. E. Palmquist, secretary of the Philadelphia Federation of Churches, said today he is "inclined to think that President Roosevelt is late in the day in asking for the advice of the clergy of the land."

"The president evidently had little concern about the wishes of the clergy," Dr. Palmquist said. "Contrary to their well-nigh unanimous demand, he advocated the repeal of the 18th amendment.

"If the president really wants advice, the clergy would tell him by and large to work for the restoration of the 18th amendment, to balance the budget, to re-establish civil service in government jobs, to forget the alphabet and to put an embargo on all war materials should any nation go to war."

GOOD MOVE

CHICAGO, Sept. 27. (AP)—Dr. Louis L. Mann, nationall famous Jewish religious leader, rabbi of Chicago Sinai congregation and member of the University of Chicago faculty, asserted President Roosevelt's letter to the clergy of the nation was a "practical, as well as a good political move."

"The president's gesture in taking the clergy into his confidence," Dr. Mann said, "is a very practical, as well as a good political, move. My personal response will entertain the hope that every socially-minded citizen will support the president's social security legislation.

"At the same time I feel chiefly that the time has come to curtail many of the other fabulous expenditures."

'INVENTORS' OF PLANT ODDITIES GO TO PATENT OFFICE FOR PROTECTION

BY SIGRID ARNE

WASHINGTON, Sept. 27 (AP) — Berry bushes without their sharp thorns and peaches with their annoying fuzz reduced to a mimimum have their histories and family traits recorded in the rapidly growing files of the plant patent division.

Only since May 23, 1930, have gardeners had the right to patent their odd plants in the manner which other inventors patent their brain children.

And each year, the division reports, greater numbers of applications for plant patents are being filed. The flower growers are the most persistent, the records show, and among them, the growers of roses are "inventing" the greatest number of new varieties

Purple Rose Looks Black

There is on file a rambler rose in an apple-blossom pink which the grower has produced in a thick cluster resembling the rhododendron bloom.

Another rose grower living in southern California was more interested in the size of the bush itself. He reports a plant which grew canes eight and ten feet long in one season from a root three years old.

There is a purple rose on record that is so dark it looks black. Its stamens are pink and yellow. It was produced by crossing the two darkest known strains of hybrid tea roses, the Chateau de Clos Vougeant and the Lord Castlereagh.

The little pansy has been turned by one grower into a giant plant with stems long enough so the plant can be used for cut flowers. The patent office reports pansy plants with some stalks four feet high and flower stems seven to 12 inches long.

Berry pickers should find a new comfort in the fields of thornless loganberries and dewberries which have been patented.

In each case the grower found a "sport" branch growing in a thorny bush. The "sport" was devoid of thorns itself, and when it was cultivated alone produced a thornless bush. The grower of the thornless loganberry says that his variety has the added virtue of a longer fruiting season than the old thorny variety.

The old-fashioned raspberry also has a new sister. The new raspberry is cream-colored with a pink tinge. The bush is extremely hardy. Its grower says that it needs no protection from the cold even at 40 degrees below zero.

And as for the peach and its fuzz: it evolved for a grower who was carrying on experiments to produce a bigger, juicer fruit. The tree rewarded him for all his care by putting out peaches with a new minimum of whiskers.

A sunset story-telling festival for children is held annually in one of the parks at Salt Lake City.

Gly-Cas Gave Her Real Results— All Else Failed

Neuritis And Stomach Disorders Had Made Mrs. Mullins Miserable For Years; Unable To Sleep Before One O'Clock, Dizziness, Headaches Were Awful; Gly-Cas Again Unfailing

"Gly-Cas is the first medicine I have ever found to give me the results I wanted," declared Mrs. A. E. Mullins, 2207, 24th street, Lubbock, highly respected lady of this vicinity, recently in talking with

MRS. A. E. MULLINS

the Gly-Cas man at the Mark Halsey Drug Co., 1219 Broadway;

"For the past six or eight years my stomach had been a constant cause for distress," continued Mrs. Mullins, "Gas and bloating followed each meal I ate and the attack of indigestion was almost unbearable at times. Often the gas would press against my heart so much I could not lay down to sleep before one or two o'clock in the morning. I lost my appetite and had to force every bite I ate and I dieted continually. Then to make my already miserable condition worse neuritis settled in my arms, shoulders and neck. The sharp stabbing pains were terrible and my neck became so sore I could hardly turn my head, I was badly constipated and was always taking laxatives. Dizzy spells were quite frequent and would often have headaches which were so annoying. A good nights sleep was impossible and it seemed my entire system was wearing-out. I had put many medicines to the test in my case but met only with repeated failure—until I began Gly-Cas—it was the one REAL medicine of them all."

"Gly-Cas is a blessing to sufferers with its remarkable action," continued Mrs. Mullins, "I can now eat the foods I wish without any ill effects afterwards. Those horrible neuritis pains have been relieved, sleep good, stomach and bowels regulated, dizzy spells and headaches are in the past and I am now enjoying good health as others. It is wonderful that a single medicine can do so much and in such a short time. Gly-Cas is one medicine I do not hesitate to recommend for I know from my own experience just how different it is from the ordinary medicines of today."

Gly-Cas is sold by Mark Halsey Drug Co., 1219 Broadway, and by leading druggists in surrounding towns.

Gly-Cas $1.00 per box—6 boxes $5.00. Add 2c postage for each box payable Mark Halsey Drug Store. ordered. Send money orders made Don't send cash. Checks not accepted—No C. O. D. Mail Orders—Adv.

TAX PROGRAM IS URGED

WEST TEXAS CHAMBER OF COMMERCE HAS 3-POINT PLAN

(By The Associated Press)

STAMFORD, Sept. 27.—The West Texas Chamber of Commerce has urged upon the Texas legislature a three-point tax program.

The program: first, a general sales tax; second, restriction of the old age pension to the needy and apportion of not more than $7,500,000 annually to this purpose, and third, the use of "at least one-half" of new revenues to "supplant ad valorem taxes."

From the chamber's Stamford headquarters a letter outlining the program and urging its enactment was directed to every member of the legislature, now in special session. The letter was signed by Ray H. Nichols, president of the chamber, and by James D. Hamlin, president, and H. C. Custard, vice president, of the chamber's public expenditures committee.

FRANCE PREPARES QUICK EVACUATION OF PARIS IN WAR

(By The Associated Press)

PARIS, Sept. 27.—Speedy evacuation of Paris in time of war is the goal of a government plan to cut broad highways through the complicated band of Paris suburbs.

Premier Laval, armed with his decree powers, issued an ukase placing the capital's suburban area in the hands of the minister of the interior, who, together with the ministries of war, marine and air, will see that Parisians can get to the country in a hurry.

Suburbs Grow As Please

Today the streets of old Paris are little less tortuous and narrow than those of some of her suburbs. Each year, thousands of citizens move out, to swell the suburban villages which have been growing more or less as they pleased.

Joseph Paganon, minister of the interior, plans to make a complete spider-web of broad highways with Paris as the center. New highways will be cut through suburban developments connecting with existing roads to the provinces.

Old exits will be widened and old roads repaved to permit the speedy passage of army trucks to the frontiers even as Parisians move to the provinces and safety.

War Memories Incentive

As early as 1919, with the memory of war days still fresh in mind, the government laid down a plan to revise the boundaries of the city and provide clear highways out of Paris. But the hundreds of sprawling communes which make up the capital's suburbs had worked out their own destinies for so long that loud objections met threats of government action.

Now Premier Laval, anxious to provide employment, sees in the plan, first urged as a defense measure, a means of giving employment in a project of both military and social value.

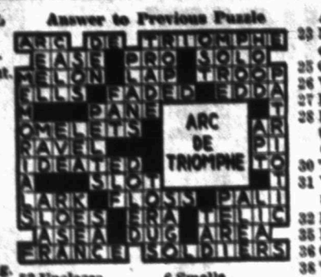

It was Baron Haussman who gave Paris her famed system of "grand boulevards" in the 1860's and Paganon is now being called the "Haussman of the suburbs."

SYRACUSE PLANS TO BUILD AIRPORT

SYRACUSE, N. Y. (AP)—Plans for a municipal airport, to be built with the aid of federal funds, were announced by Mayor Leonard Hanna.

The project, he said, would be undertaken as a defense measure, a means of giving employment in a project of both military and social value.

LOSES FLOUR MARKET

SYDNEY (AP)—Flour exporters of Australia claim to have ousted the United States from the Manchoukuo market. Last year Japan took 212,000 tons of Australian flour for Manchoukuo, but no American flour has been bought for Manchoukuo since 1931, the Australians say.

Maintenance of towing service for stalled automobiles on the San Francisco-Oakland bay bridge 24 hours daily is provided in a bill passed by the California state legislature.

G. O. P. GOING AFTER WEST

LOCATION OF OFFICE IN CHICAGO SEEN AS INDICATION

(By The Associated Press)

WASHINGTON, Sept. 27.—Action of Republican leaders in establishing a Chicago headquarters was viewed by one spokesman today as an "indication of party recognition of demands of the agricultural midwest."

"The east realizes that it needs the west," added Harrison E. Spangler, executive committeeman from Iowa, "just as the west needs the east for Republican success in 1936.

Pretty Strong Country

"The executive committee was unanimous in its approval of the new headquarters. After all, this is a pretty big country, and it's necessary to have something more than remote control."

Spangler gave these views in an interview after Chairman Henry P. Fletcher of the national committee disclosed that the executive committee had authorized creation of a division of young Republican activities in the national headquarters to "encourage and assist" Young Republican clubs and leagues.

Makes Statement

In an earlier formal statement, Spangler, the ruddy Cedar Rapids lawyer who will direct the party's Chicago activities, struck sharply at "a policy of forced scarcity and idle acres." He said the potato control bill has caused deep resentment among agricultural people, and added:

"The first man that they arrest for raising more than five bushels of potatoes without a brain trust license will be delivered from jail by his neighbors."

Asked to expand that statement, Spangler said that many lawyers believe the potato bill is unconstitutional, and that the people feel it is a "nullity."

"I would never advocate violence," he continued.

Use of rye as a primary livestock feed is advised by Kansas State college experts.

'Baby' LeRoy Expresses Himself

He wasn't acting, but **Baby LeRoy**, the child movie actor, undoubtedly appreciated his two years of film training when this picture was snapped. It enabled him to give adequate expression to his feelings about having to go back to school. If this were a sound picture you'd hear a vigorous "phooooo-ey" from the Hollywood schoolboy. (Associated Press Photo).

Consumation Of Oil Deal Is Announced

HOUSTON, Sept. 27 (AP)—The Houston Post says the Woodley Petroleum company has sold one-half undivided interest in approximately 600 acres of land located in the north and eastern portions of the Anahuac oil field in Chambers county, to the Humble Oil and Refining company for a consideration of $250,000 of which $100,000 was in cash and $500 an acre in addition to be paid in oil produced on the acreage.

This is the third large deal the Humble Oil and Refining company has made in acquiring approximately 1,800 acres in the Anahuac area this month. The other two deals which involved Mason and McCarthy and Texas Gulf Producing company and others, amounted to about $1,500,000.

The Woodley Petroleum company according to reports, is to complete its Blanke No. 1 which is creating much excitement in oil circles, due to the fact that it is a wildcat located north of the Mason and McCarthy extension well, and thereafter the Humble company is to drill according to space ruling in the acreage acquired from the Woodley company.

A gourmet is one who prefers quality to quantity in his food, while a gourmand is one who looks more to quantity than quality.

HERE AND THERE ABOUT THE FAIR

The Eighth Cavalry soldiers, stationed at the fair, when they doll up in their full dress uniforms, attract considerable attention. All of the boys are expert rifle or pistol shots—they have to be in order to remain in a crack regiment very long and get special details.

• • •

Keith King, of the Kingsdale farms, who is here at the fair for the second time, is warm in his praise of South Plains hospitality. He also is enthusiastic over the Milking Shorthorn breed prospects over this territory. "There is a lot of interest among the farmers of this area in the breed," he explained. "In fact we get more inquiries at this show than at any other show we make, about animals, prices, etc. The Milking Shorthorn is a very good, dual purpose animal."

• • •

Fair officials are going to be asked to get some flexible building material, such as rubber, for walls for the agricultural building. The 40-foot addition to the old building has not taken up the needed space for exhibits.

• • •

Yesterday afternoon's crowd down the midway both before and after the circus was better than officials had expected. The crowd was not as great, by any means, as the Wednesday afternoon crowd when an all-time record was had.

• • •

Speakers from the livestock department at the Kiwanis club on Thursday, made a good impression on the club. With Doug Pounds, Charlie Franz, R. E. Prewitt and Keith King doing most of the speech making, an inside picture of the department was given briefly.

• • •

For some unknown reason, the fair this year has not been visited by friends of the five senatorial candidates in the election Saturday. In the papers, etc., blown around the grounds, very few pieces of political literature or what have you, have been seen.

• • •

Farmers attending the fair university report good cotton prospects, but with few bolls opening so far and record feed crops. In fact, some of them are beginning to ponder a bit over what to do with their surplus feed.

• • •

Livestock students of Texas Tech, may get another chance to do a little judging of their own today. Ray Mowery had 11 seniors out at the livestock barn Wednesday afternoon and 15 juniors Thursday. The boys made a class room out of the barn, inspected the several classes of animals in the dairy and beef breeds and then reported to their teacher.

BUILDING PERMIT TOTAL INCREASES

AUSTIN, Sept. 27 (AP)—The University of Texas bureau of business research reports that Texas building permits in August increased sharply over last year and the preceding month.

August permits, as reported by 36 representative cities, totalled $2,978,579, an increase of 77 per cent over August, 1934, and 13 per cent over last July.

Increases over both periods occurred in Beaumont, Fort Worth, Houston, Marshall, Port Arthur, San Antonio and Sherman.

SPECIAL RANGERS ARE OUT IN TEXAS

AUSTIN, Sept. 27 (AP)—Public safety commissioners have abolished honorary special Ranger commissions.

Director L. G. Phares said special commissions would be issued only to persons in full-time law enforcement work and in extraordinary cases where local deputations would not suffice.

"We are aware of past instances," said Chairman Albert Sidney Johnson of Dallas, "in which special Rangers intimidated people for personal gain and used their commissions for illegal protection."

Once the roster of special Texas Rangers listed 1,600 names. Governor Allred abolished practically all, however, and others were automatically cancelled when the new commission was created.

Only two of every 1000 persons reported missing in England are never heard of again.

TO THE CITIZENS OF LUBBOCK

You will go to the polls next Thursday to vote on a $1,200,000 revenue bond issue, bearing 5½ per cent interest, to be traded to contractors for the construction of a gas distribution system and pipe line for the City of Lubbock.

Knowing that most of the citizens and voters of Lubbock have not had an opportunity to read and study the provisions of the contract, resolution, plans and specifications and data concerning the gas supply, in connection with this project, all of which are on file at the City building, this committee is publishing, for your information, some of the most startling extracts therefrom. The underlining and capitalization of words are ours and are used for emphasis.

The contract proposed to be entered into by the City of Lubbock with the contractors, furnished by the bond men from Dallas, provides, among other things, the following:

Paragraph Three:
"Whenever the word 'engineer' is used in this contract or in said plans and specifications forming a part thereof, it shall be understood as referring to - - - - - - - - - -."

Paragraph Seven:
"It is understood that the engineer above named is the agent and representative of the City and is solely authorized by the City to supervise and inspect the work done and the materials furnished under this contract, and to see that said work is done and materials furnished in connection with the said plans and specifications - - - - - - - - - -."

WHO IS THIS CONSTRUCTION ENGINEER WHO IS NOT NAMED IN PARAGRAPH THREE? WILL HE BE PAID OUT OF OTHER REVENUES THAN THOSE ACCRUING FROM THE GAS BONDS?

Paragraph Six:
"- - - - - - - - - In the event the City causes the alignment to be changed, for its own reasons, and thereby lengthens the direct line by an amount exceeding one mile, then the City agrees to pay for such additional mileage or fraction thereof in excess of one mile at the price to be agreed upon at the time between the City and the contractor; such additional mileage shall be considered as EXTRA WORK, as is therein described."

Paragraph Nine:
"- - - - - - - - - But the contractor shall not be liable for the doing of the work or the furnishing of materials not contemplated by the plans and specifications."

Paragraph Ten:
"All labor and materials not specifically called for and provided in said plans and specifications, as aforesaid, shall be designated and deemed EXTRA WORK. The contractor shall not be required to performed any EXTRA WORK and—or to furnish labor or materials coming under the head of EXTRA WORK until the costs for such EXTRA WORK, including labor and materials and a REASONABLE PROFIT TO THE CONTRACTOR shall first be agreed to in writing between the engineer and the contractor - - - - - - - - - -.

Payment of all such EXTRA WORK shall be made by the City to the contractor by the delivery to the contractor of additional **REVENUES BONDS, whose par value and accrued interest shall equal the agreed contract price of all of such EXTRA WORK.** Such additional **REVENUE BONDS** evidencing the indebtedness of the City for such EXTRA WORK, or any part thereof, shall be delivered to the contractor by the City if and when the written agreement providing for said EXTRA WORK is entered into between the City and the contractor - - - - - - - - - -."

Paragraph Eleven:
"- - - - - - - - - - Any delay caused the contractor by the City or any of its agents and employees, or any other contractor of the City, the expense caused the contractor thereby shall be classed as CHARGED TO ACCOUNT OF EXTRA WORK - - - - - - - -."

Paragraph Twelve:
"The contractor agrees to employ only orderly, competent and skillful men to the work, and will use, so far as possible, local labor."

Paragraph Fourteen:
"The City has, under Section 9, Article 2, of a Special Charter for the City of Lubbock, Texas, the right of eminent domain and the power to appropriate both private and public property whenever the governing authorities of the City of Lubbock deem it necessary, including the right to take any property within or without the City limits through condemnation proceedings.

It is, therefore, agreed between the contractor and the City that the City shall exercise this power if and when, in the judgment of the contractor, it becomes necessary in order to provide right-of-way, building sites, or property required for the installation of any of the distributing system within the City or the main pipe line without the City, or any other casualties contemplated therein - - - - - - -."

Paragraph Fifteen:
"- - - - - - - - - The percentage used in the compilation of such reports or estimates shall take into account **PRELIMINARY EXPENSES incurred by the contractor such as cost of bond, or bonds, attorney's fees, cost of right-of-way, freight or equipment, - - - - - - - - expense, ETC.,** all of which shall be classed as **PRELIMINARY EXPENSES herein limited and fixed** at ten per cent of the contract bid - - - - - - - - to the end that whenever all work herein described is completed that there will have been issued estimates to the extent of **ONE HUNDRED PER CENT OF THE CONTRACT BID."**

Paragraph Seventeen:
"In consideration of the covenants and agreements herein contained which are to be kept and performed by the contractor, the City expresly covenants and agrees with the contractor to execute and deliver to the contractor its natural gas system revenue bonds in the aggregate sum of $————————, - - - - - - - -."

Paragraph Seventeen:
"- - - - - - - - - In the event of sale or foreclosure thereunder, a franchise to operate said distribution system and gas main pipe line for a term of twenty (20) years from the date of sale under foreclosure subject to laws regulating same then in force."

Paragraph Seventeen:
"The said trust indenture shall provide, among other things, that the City will at all times during the life of any, or all of said bonds, maintain adequate and sufficient rates for the sale of natural gas to insure the payment of all the aforesaid expenses of operation and extensions, and the prompt payment of all principal and interest of said bonds as they severally mature and accrue; **also that the City will promptly, and before the completion of said gas main pipe line and distribution system, put in force any and all necessary legislation protecting such adequate rates in relation to competitive rates - - - - - - -."**

Paragraph Seventeen:
"- - - - - - - - - **All of said revenue bonds and said trust** indenture, so approved by said approving attorneys, to be **Judge W. P. Dumas, Attorney, Dallas, Texas, and - - - - - - -, as to the language, form, subject matter therein contained, and to the legality thereof,** at the EXPENSE OF THE CONTRACTOR, but the City shall pay out of the funds not raised or to be raised by taxation, all costs and expenses of issuing, executing and printing of the bonds and the execution of the trust indenture - - - - - - -."

Paragraph Seventeen:
"- - - - - - - The City agrees to cause said bonds and trust indenture, so approved by said approving attorneys, to be issued and formally executed, and the bonds printed **PRIOR TO THE TIME THE CONTRACTOR SHALL FILE HIS CONSTRUCTION BOND, OR BONDS - - - - - - -."**

Paragraph Eighteen:
"The City further agrees that it shall be provided in said trust indenture, and also provided in said franchise in the event of sale under foreclosure, that it will during the life of any and all of said revenue bonds before foreclosure, and in event of foreclosure during the life of said franchise, - - - - - - - - - **purchase from the department operating said gas distribution system and gas main pipe line,** commencing with the date said gas main pipeline and distribution system is completed, all of its natural gas used and needed by the City or any of its departments or other governmental agencies of the City, and pay to said department so operating said distribution system and gas main pipe line monthly for all of such gas so used and consumed by the City or any of its departments or other governmental agencies of the City - - - - - - - -."

Paragraph Nineteen:
"The City agrees to pass all necessary ordinances and resolutions required by the approving attorneys above named to consummate this contract, and to issue, execute and deliver to the contractor the said revenue bonds and trust indenture, and all of such other ordinances and resolutions necessary in the premises required by said approving attorneys, or either of them, all of which with the exception of said printed revenue bonds, SHALL BE FURNISHED BY THE CONTRACTOR."

Paragraph Twenty-three:
"No changes or alterations in the covenants and conditions contained in this contract, shall be binding between the parties hereto unless such changes or alterations are first formally agreed to in writing and signed by the parties hereto - - - - - - - - -."

REQUIREMENTS FOR GAS SUPPLY

"- - - - - - - - - The contractor will be required to submit a geographical report or other information of the gas field from which he proposes to secure the gas supply that will show conclusively the volume of gas and reserve necessary to provide sufficient gas for the City's requirements OVER A PERIOD OF TIME - - - - - - - and shall provide all other information that may be required of the City, that, in their opinion, might be necessary to enable them to pass on the quality and quantity of natural gas that may be necessary to provide the City with adequate amount and continual supply over a REASONABLE PERIOD OF TIME."

PLANS AND SPECIFICATIONS

The Plans and Specifications are too voluminous to print here, but from the few excerpts printed below you will note that these "plans and specifications" are so general and vague that it is doubtful if a good contractor and business man would bid on the proposed gas distribution system and pipe line.

For instance, under the requirements as to the construction of the distribution system, it is stated "the contractor shall have the option to CUT AND—OR TUNNEL, OR BORE, UNDER ANY AND ALL PAVING WHERE NECESSARY, at all times keeping the streets sufficiently open for traffic. No fines or other prescribed penalties for cutting paving or tunnelling, or boring under the same, or partially blocking traffic, will be imposed by the City."

The specifications also provide: "As the exact alignment of the lines cannot be determined, due to the presence of existing gas, water, and sewer distribution systems in the City, no distribution lines are exactly located on the drawings. The contractor shall lay these lines in approximately the location shown on the drawings, the exact location to be determined by agreement between the contractor and the resident engineer."

WITH THE SPENDING OF $1,200,000 AT 5½ PER CENT INTEREST TO BUILD A GAS SYSTEM, THE CONTRACTORS RECEIVING THE BENEFITS FROM THIS EXPENDITURE CANNOT GUARANTEE TO LUBBOCK AN AVAILABLE SUPPLY OF GOOD GAS AT THIS TIME FOR A PERIOD OF TWENTY YEARS.

There is no available supply of gas in Andrews or Gaines counties, Texas. There is no proven reserves for gas in either of these counties. The only other source from which these contractors could get their gas would be from the oil fields of Lea County, New Mexico, and all the gas obtained from this field would be residue gas. This gas supply is controlled by the proration orders from the Oil Commission and the governing bodies of both the State of New Mexico and the Federal Government.

There is no adequate supply of good gas in Lea County today, which would insure the citizens of Lubbock a continuous gas service after the expenditure of this enormous sum of money.

QUALITY OF GAS CONTRACTORS SEEK TO BRING TO LUBBOCK

The gas in the New Mexico oil field is a hydrogen sulphide gas. It is not a sweet gas and there is not available in Lea County, New Mexico, at this time, a volume of available sweet gas sufficient to supply the needs of the citizens of Lubbock. This hydrogen sulphide gas, or sour gas, must be treated, and it will be necessary for the oil companies or the contractors to build treating plants to take the sulphur out of this gas. Even after these plants are built, the history of sour gas is that, though treated, the users often get the odor in their homes. The fumes will tarnish hardware and silver, and, because of the effect of this gas on pipe lines, the overhead expenditure for replacements is very high.

VOTE AGAINST THE BONDS THURSDAY

CITIZENS ASSOCIATION OPPOSED TO THE GAS BONDS

DAIRY WINNERS ARE JUDGED

EXCELLENT HERDS ARE SHOWN IN EXHIBITS AT FAIR HERE

Judging in the dairy department of the Panhandle-South Plains fair was completed Thursday with announcement of awards in the milking shorthorn or Roan Durham class by Ray C. Mowery, acting head of the animal husbandry department of Texas Technological college.

Two extra fine herds, from Kingsdale farms, Victoria, Ill., with Keith King as manager and owner with his brother, and from the John Thomas Adkins herd of Prentiss, Ill., were displayed. Both herds make the larger fairs of the east and north and the Lubbock show was afforded the opportunity of seeing two herds with more than a local reputation.

Rufus N. McClain, Brownfield, Terry county agent and well known over this section as a dairy authority, judged the Holstein-Friesian and Guernsey classes in the morning.

Both classes were smaller in number than usual.

Judging was done inside the livestock barn, due to the inclement weather.

ILLINOIS FARM WINS IN SHORTHORNS

Grand champion honors in both the male and female shorthorn division were awarded the Kingsdale farm, Victoria, Ill., yesterday.

John Thomas Adkins, Prentiss, Ill., was a strong competitor.

The Shorthorn breeders association is paying a part of the premium money in this class. It is the second year for the breed to have a department of its own.

Mowery Is Judge

Ray C. Mowery, animal husbandry department, Texas Tech, was judge.

Roan Durham (Milking Shorthorn) awards were:

Bull, three years old and older, first, Kingsdale farm, Victoria, Ill.; bull, two years and older, first, J. T. Adkins, Prentiss, Ill.; senior yearling, first, J. T. Adkins; calf, first, J. T. Adkins; second, Kingsdale farm; senior champion, Kingsdale farm; junior champion, Kingsdale farm; grand champion, Rock Bottom, Kingsdale farm.

Cow, aged, in milk, first, Kingsdale farm; cow, four years and older, Kingsdale farm, first, second; heifer, Kingsdale farm; two years and older, first, Kingsdale farm, second, J. T. Adkins; senior yearling heifer, first, Kingsdale farm; second, J. T. Adkins; third, Kingsdale farm; calf, first, J. T. Adkins; second, Kingsdale farm.

Senior champion, Kingsdale farm; junior champion, Kingsdale farm; grand champion, Prudence, the junior.

Trio of calves, Kingsdale farms, first; pair of cows in milk, first, second, Kingsdale farm; graded herd, Kingsdale farm; junior herd, first, J. T. Adkins; second, Kingsdale farm; pair of calves, first, J. T. Adkins; second, Kingsdale farm, get of sire, first, J. T. Adkins; second, Kingsdale farm.

TECH BULL CAPTURES CHAMPIONSHIP HONORS

Holstein bull of Texas Technological college won grand and senior championship honors Thursday in the Holstein-Friesian division, with a young bull from the H. B. Hales and son herd, Amarillo, taking the junior title.

H. B. Hale and son won the senior and grand championship in the female class with R. W. Pittman, Childress, winning junior championship.

M. L. Landwer, Texas Tech, also competed and got in the money. It was his first appearance in the show.

Holstein-Friesian male awards were:

Senior yearling, first, Texas Tech; second, H. B. Hales and son, Amarillo; senior calf, first, H. B. Hales and son; second, M. E. Landwer, Lubbock; junior calf, first, Texas Tech.

Senior champion: Texas Tech; junior champion, H. B. Hales and son.

Grand champion, Texas Tech.

Female awards:

Cow, four years and older, first, H. B. Hales and son; three years and older, H. B. Hales and son; two years and older, first, second, Texas Tech; third, H. B. Hales and son; fourth, M. L. Landwer; senior heifer calf, first, R. A. Pittman, Childress; second, H. B. Hales and son; junior yearling, first, H. B. Hales and son; second, third, Texas Tech; fourth, H. B. Hales and son; senior calves, first, H. B. Hales and son; second, Texas Tech; third, M. L. Landwer; fourth, H. B. Hales and son; junior calf, H. B. Hales and son, first, second.

Senior champion, H. B. Hales and son; junior champion, R. W. Pittman.

Grand champion, H. B. Hales and son.

Aged herd, H. B. Hales and son; yearling herd, H. B. Hales and son; calf herd, H. B. Hales and son; get of sire, first, H. B. Hales and son; second, Texas Tech; produce of dam, H. B. Hales and son; second, M. L. Landwer; third, Texas Tech.

FEW COMPETITORS IN GUERNSEYS

Few competitors were entered in the Guernsey division at the fair this year. The two competitors were R. O. Hamil and Texas Technological college, Hamill winning the senior and grand championship in the male class and Tech the junior and grand championship in the female class.

Tech had the junior bull champion and Hamill the senior cow champion.

Guernsey awards were:

Aged bull, R. O. Hamill; junior bull, Texas Tech; junior champion, Texas Tech; senior and grand champion, R. O. Hamill.

Cow, three years and older, R. O. Hamill; yearling heifer, R. O. Hamill; senior calf, Texas Tech; senior champion, R. O. Hamill; junior champion, Texas Tech; grand champion, Texas Tech.

Ethiopia Walled In By Foreigners

(By The Associated Press)

Ethiopia is completely landlocked.

The African empire over which Haile Selassie rules is bounded on the north by Italian Eritrea, on the west by the Anglo-Egyptian Sudan, southwest and south by Uganda and Kenya (the former a protectorate, the latter a colony, under British rule), and on the southeast and east by British, French and Italian Somaliland.

FRANCE "SOAKS THE RICH" WITH NEW FIFTY PER CENT SURTAX ON INCOMES

BY RICHARD G. MASSOCK

PARIS, Sept. 27 (AP)—Heavier taxation of the wealthier Frenchmen has just been ordered by decree laws in an effort to balance the top-heavy budget and save the franc from devaluation.

A 50 per cent surtax has been imposed on incomes above 100,000 francs ($6,600), which is considered modest wealth in France. The tax on dividends from unregistered (bearer) securities was raised from 17 to 24 per cent.

The boost in the income tax is expected to add 300,000,000 francs ($20,000,000) to that form of revenue. The 7 per cent rise in dividend taxes promises to boost the credit balance by 800,000,000 francs ($53,000,000).

French Taxes Reach All

Usually business, because it is easily hit, bears the brunt of French taxation, a complicated system of 138 different categories, reaching virtually every citizen somewhere. But the two new measures—the only tax innovations in the budget balancing struggle—are aimed at the higher incomes and dividends because business has all, if not more, than it can bear.

It was to better business, in fact and yet meet the government's estimated expenditures of about 44,000,000,000 francs ($2,933,000,000) that the decrees were promulgated.

Little Man Gets Break

The little man got a break. Rents and the prices of certain basic commodities were ordered lowered 10 per cent, along with a corresponding cut in salaries.

The little investor in France buys registered (nominative) securties and government bonds, which he puts away against the rainy day. The wealthier man trades in the unregistered securities, which alone are affected by the tax increase. Expected originally to bring about $182,866,000, the taxes on all dividends thus become $202,866,000.

Tax Dodgers Hunted

As for the income tax, more than two-thirds of its burden is borne by incomes above $6,600. In this upper bracket are only 41,500 of the 2,080,000 income tax payers. For them, the rate ranges from 15 to 26 per cent, without the surtax, and they contribute $87,066,000 a year.

The other 2,038,500 income tax payers, taxed at the rate of 1 to 4 per cent, pay only $35,800,000, while the 5,000,000 peasants are almost entirely exempt from income taxation.

Effective handicap to any "soak the rich" plan in France, however, is the Frenchman's ingrained, canny reticence to reveal his real wealth. So difficult has it been to learn the incomes of the rich that each tax payer is required to report certain "exterior signs of wealth"—his rent or the value of his residence, his automobiles, yacht and servants—to give the assessors an idea how lavishly he lives.

Furthermore, because rents are something that can be checked up each Frenchman is taxed 28 per cent of his rent in addition to his income tax.

The number of families in the United States, according to the 1930 census, is 29,980,146.

Here's One Woman Who Knew How To Reduce

Coats Next To Nothing To Lose 35 Pounds

If you have a will of your own and don't listen to gossipers who tell you there's no safe way to reduce—you can not only get rid of surplus fat but actually enjoy better health than you have for years—just take a half teaspoonful of Kruschen Salts in a glass of hot water every morning—tastes fine with juice of half lemon added.

So safe is Kruschen you can take it day in and out for years—thousands do just to keep gloriously physically fit. Jar 40c.

Mrs. Clara Christensen of Belmar, N. Y., writes: "Am on my 5th jar of Kruschen and reduced from 164 to 129 lbs. It's a wonderful product—makes you feel better."

No more laxatives—no more cathartics and no constipation when you take your little daily dose of Kruschen. For sale by Mark Halsey Drug Store or any good druggist. Adv.

CCC Boys Unable To Sleep With Fair's Noises Until Late

Having their home on the fair grounds would be the delight of a young populace, but to enrollees of the veterans CCC camp the exposition is a sure cause of insomnia.

Their barracks located on the northwest corner of the Panhandle-South Plains fair grounds, the men resign themselves each night to the din of the crowds, the chugging of motors running the riding devices, the penetrating voices of sideshow barkers.

Most of the men walk around the midway until the evening crowds have thinned out. "What's the use of trying to sleep, when you can't?" one of the enrollees said.

"If I fail to get up at 6 o'clock tomorrow morning," another said, "at least I'll have a good alibi."

Lights are out in the camp at 10 o'clock each night, but as an enrollee aptly put it, "It's not dark with lights from the fair burning until past midnight."

"By the time we get used to it, the fair will be over," it was said.

Always Something On

Early Thursday morning, the camp was awakened as the circus laid stakes for the big top. Late each night, the automobiles whirr by through the west gate. "Seems like there's always something happening."

With all the apparent inconveniences arising from the fair, they might say, sarcastically, "Yeah, we like the fair." They do say this, and mean it. "Oh, we're getting as much fun out of it as anybody."

SPORTS NEWS

FRIDAY — LUBBOCK EVENING JOURNAL — SEPTEMBER 27, 1935

Member of Associated Press—Day and Night Leased Wire Service

MEET THE COACH

John Levi, an Arapaho Indian who was awarded 16 letters for his athletic prowess at Haskell Institute, is new football coach at his alma mater. He once passed a football 87 yards in an exhibition.

MEET THE COACH

Leonard (Stub) Allison succeeds his old boss, "Navy Bill" Ingram, as chief pilot of the University of California forces. Allison is adhering to the Ingram system that features a short punt formation and single wingback, with the line balanced or unbalanced.

Red Raiders Tackle Billies Here Tonight In First Home Game

KICK-OFF FOR INITIAL COLLEGE TILT HERE IS AT 8 O'CLOCK

The blue-shirted athletes of Daniel Baker will attempt to clamber over the husky defense of Texas Tech's red troopers tonight. The game starts at 8 o'clock and sounds the opening gun in the college football season here.

Daniel Baker's Hill Billies and Tech's Matadors are batting a thousand per cent for the season before their squabble tonight, first meeting of the teams since 1929. The Billies won their opener last week from North Texas Agricultural college, 13 to 2, while Tech was taking Hardin-Simmons university to a 9-0 trimming.

Billies Are Veterans

Coached by young Gene Taylor, former Texas Christian university ridder who broke into the coaching game at Spur High school, the Hill Billies tonight will present a determined front, much fire, and pepper and considerable football experience to Texas Tech's youthful shock troopers who are expected to start the conflict.

A member of the Texas conference, Daniel Baker lost only two games and was held to one scoreless tie in 1934, a record almost identical with Texas Tech's. From last year's Billy squad eighteen players reported this season, eleven of them wearing letters. All but one of Daniel Baker's starters tonight won letters last season.

In Snappy Workouts

Co-Captain Roach, husky center, and Co-Captain Morris, right end, are two-letter men, and seniors. Most of the others are juniors. One sophomore is on the probable starting lineup.

As weights go, Tech's starting team of shock troops will exercise a 10-pound advantage over all tonight. Coker, rangy Billy left end, is listed at 200 pounds, heaviest man on the Daniel Baker starting lineup.

A squad of 25 blue-clad warriors from Brownwood rolled out to Tech field yesterday afternoon in a large bus, took to the turf for an hour of drill, mostly kicking and passing. Showing a lot of the passing, and showing keen ability as a flinger, was Howard, 174-pound left halfback, and catching passes with ease and abandon were Coker and Morris, quarterback Conger and Fullback Little among others.

Coach Taylor favors the short punt system of offense, but has been known to alternate with other styles.

The Matadors hustled through a light workout last night under the lights, looked impressive and lightning fast in signal drills and dummy scrimmage. It was "football weather," and the warm-up exercises needed little encouragement.

Readers may notice a change in Tech's lineups tonight. Due to the superior work of a few sophomores during the week and in the Hardin-Simmons game, coaches have switched the teams up somewhat. Jim Neill and Charley Duval, for instance, junior halfback and quarterback respectively and counted on as full time regulars this fall, have been demoted to the second string, with a couple of sophs, Gene Barrett of Lubbock and George Winters, due to start with them in tonight's game.

Neill and Duval are replaced on the Number 1 team by Demp Cannon of Slaton and Doc Merrill of Lubbock. The work of Merrill and Cannon against the Cowboys merited official consideration, and they move up as regulars, at least for tonight. Another sophomore has been moved up, Pete Owen of Brownfield slated to work in Captain Walker Nichols' place when regulars take the field in a wholesale substitution after the shock troopers have played probably the first quarter. Red Ramsey, still another sophomore, already had cinched the left end position on the No. 1 club.

Winford Baze and J. V. Beauchamp, fullback and halfback, will be the others in the regular team backfield.

Replacing the injured Sam Jones at right end on the regulars will be A. W. West, a junior who showed up fine last week and who may be battling Sam the rest of the season for the position. The regulars will also have the services of big Jesse Browning at right tackle tonight. Jesse was out last week with a boil on his shoulder.

The starting team tonight includes another former well known performer in Lubbock. He is Richard Godeke, who apparently has settled down for some real football, rising sensationally from the ranks of the bench warmers, the fourth and fifth team squad, to second place at right end. The former Lubbock High star is listed as right end on the starting lineup tonight. John Prim is the left end, and Bert Williams is right tackle. The others are sophomores, Jim Brown at left tackle, Louis Jones at left guard, Edgar Doherty from Lubbock at center, Alton Owen of Brownfield at right guard.

Not since the Cawthon reign started at Tech or since Taylor went to Daniel Baker have the teams met on the gridiron. Up to 1929, the Matadors and Hill Billies played every season except the first. The records show a scoreless tie for the first game in 1926, a 19 to 7 victory for Tech the following year, another scoreless deadlock in 1928, and a 6 to 2 victory for Daniel Baker in 1929.

Lost Gems Found

While police were making a search for jewels valued at $50,000 by Mrs. Paul Ames and reported lost by her when she arrived in New York by plane, attaches at Chicago airport found them in a storeroom. D. E. Nicholson, passenger agent, is shown with the collection. (Associated Press Photo)

INJURIES WEAKEN OWLS ON EVE OF GAME WITH LSU

(By The Associated Press)

The Rice Owls and Texas A. & M. Aggies faced road trips today while the other five teams in the Southwest conference, most of them weakened by injuries, remained at home to finish their training for non-conference tilts.

The Owls, 36 strong, were headed for Baton Rouge to meet the Louisiana State Tigers tomorrow night.

Aggies Play Bearkats

Coach Homer Norton's Aggies, one of the few teams in the conference without a long list of injured players, faced the Sam Houston Bearkats, a strong aggregation that had perfected a tricky offensive, at Huntsville tonight.

A light drill was on the program for the Texas Christian Horned Frogs, who were reported in fine shape to meet the North Texas Teachers college Eagles at Fort Worth tomorrow.

The Southern Methodist Mustangs prepared for a contest with the Austin college Kangaroos at Dallas tomorrow.

The University of Texas play Texas A. and I., Kingsville, at Austin Saturday.

Hogs Are Hurt

The Baylor Bears' list of injured stood at four as the Bruins perfected plays to be used against the strong Hardin-Simmons university Cowboys of Abilene at Waco tomorrow night.

Injuries threatened to hurt the Arkansas Razorbacks' chances to handle the Pittsburg (Kan.) State Teachers college eleven at Fayetteville tomorrow.

Half of the desert land of the world today is governed by France.

CARDS TO MAKE LAST STAND TODAY

'GAS HOUSE' OUTFIT MUST LICK CUBS TWICE TODAY

BY PAUL MICKELSON
Associated Press Sports Writer

ST. LOUIS, Sept. 27 (AP)—The "gas house gang" of St. Louis swarmed across the tracks for their last ditch fight today.

Led by their almost unbeatable Dizzy Dean, just spoiling for his 29th winning scrap of the season, the Cardinals looked hopelessly beaten in their final struggle to halt the merry, mad pennant parade by the 19-in-a-row Chicago Cubs, who had two chances to march into the World series in a double-header starting at 12:45 p. m. (central standard time.)

Rain Threatens

Four up and four to go, with rain threatening to clinch the pennant by washing out one or two of the remaining games, the Cubs seemingly had nothing to worry about except the awaiting Detroit Tigers in the World series opener next week.

"General" Bill Lee, a six foot three right-hander who has won 19 and lost six for the best winning percentage of the National league this season, was Manager Charlie Grimm's mound choice for the first game of the twin bill with the surprising gray beard of the Bruins, Charlie Root, refreshed and ready to pitch the second, win or lose. Grimm expected Paul Dean to hurl the second for the Cardinals in case they beat Lee despite the statement of Manager Frankie Frisch that Mike Ryba, a versatile farm-hand from Columbus, probably would do the casting.

Cards Must Win

An all day's rain washed out the second game of the deciding 3-game series yesterday, forcing the double-header. Should it rain today—"possibly showers" was the forecast—it would be necessary to play double-headers Saturday and Sunday. Any interruption by the elements thereafter would be just too bad for the Cardinals as rules forbid three games in one day and the season ends Sunday regardless of the number of contests left on the schedule except in the case of a tie. To tie, the Cardinals must play and win all four remaining games.

LUBBOCK COWBOYS LICK LITTLEFIELD

(Special To The Journal)

LITTLEFIELD, Sept. 27 — The Lubbock Junior high Cowboys defeated the Littlefield juniors, 13 to 0, in a fast game here Thursday afternoon.

Pete Cawthon, Cowboy quarterback, made the first touchdown on a spin over tackle for ten yards. Fullback Bill Sessums passed to Halfback Harold Parsons for the extra point.

After this bit of scoring the Wildcats rallied, but began to falter again when Lubbock blocked a punt on Littlefield's 30-yard line. Line plunges of Hugh Harbert, Sessums, Parsons, and Cawthon placed the ball on the 15-yard line, and from here Sessums charged 15 yards off tackle for score. An attempted pass, Sessums to Parsons, for the conversion point was blocked.

Anderson Stars

Outstanding Cowboy forwards were Lloyd Sanders, center, and Ernest Winters, end. Hardest working of the Littlefield athletes was right halfback Anderson.

The lineups:

Lubbock: Ends, Winters and Wayne Johnston; tackles, Homer Hensley and Joe Pytell; guards, Jerry Nash and Leroy Stewart; center, Sanders; quarterback, Cawthon; halfbacks, Harbert and Parsons; fullback, Sessums.

Littlefield: ends, Landrum and Collins; tackles, Eddings and Bostick; guards, Glazener and Baize; center, Burleson; quarterback, New; halfbacks, Anderson and McKnight; fullback, Elms.

Lubbock substitutions: Southard for Harbert; Alford for Stewart; Foster for Johnston.

Littlefield substitutions: Walker, O., for Eddings; Harrell for Burleson; Walker, N., for Anderson; Sullivan for New.

WESLEY COLLEGE WINS

HILLSBORO, Sept. 27 (AP)—Wesley college of Greenville defeated Hillsboro Junior college, 7 to 0, here last night on a muddy field. Rogers, Wesley quarter, made the touchdown in the first quarter, and Hensell converted for the point.

TEXARKANA WINS

TEXARKANA, Sept. 27 (AP)—Texarkana college defeated the Centenary college freshmen team, 7 to 0, here last night when Briley took a 13-yard pass from Lyon over the goal line early in the first quarter.

LINEUPS IN GAME HERE TONIGHT

Daniel Baker	No.	Wght.	Pos.	Wght.	No.	Texas Tech
Coker	62	200	left end	170	16	Prim
Adams	50	192	left tackle	192	29	Brown

Chrane	52	172	right half	168	48	Barnett
Little	63	183	fullback	180	42	Winters

FOOTBALL TONIGHT. Texas Tech (35) vs. Daniel Baker (0) at Matador Field. Kickoff at 8 bells.

The above parenthetical suggestions are conservative estimates of what tomorrow morning's papers will print. They are not intended to discourage the visiting Hill Billies and their coach and our friend, Gene Taylor.

Daniel Baker, it is safe to say, has a pretty fair ball club. It should win several games this season in its Texas conference race, but it's hardly in a class with Tech's dashing Red Raiders. Coach Taylor recognizes that, so it's no news to him.

Football lovers of this sector, should not shrug it off as just another set-up for Tech. It'll be a right interesting ball game, plenty of color, lots of noise and music. The Hill Billies wear neat, tight-fitting bright blue suits with white numbers. The Matadors have some pretty unies, too. The Tech band will play and parade, and Ned Bradley's and Morris Burchfield's red-shirted freshmen yowlers will add to the color of the noise. The Kiwanis club's Knot Hole Gang will occupy its specially constructed grandstand and the Gang's loud little band will play hot music.

The lights will be brighter than ever tonight, extra candle power having been installed at six of the eight stations. This is especially appreciated by the press box boys and their rival second guessers in the nickel bleachers.

GENE TAYLOR, the Hill Billy mentor, is the same old Gene who used to give us a lot of trouble while he was coaching at Spur High school. There are a few more gray hairs now, although he's been out of T. C. U. only eight football seasons, but that's to be expected when one goes into the college game. He likes it, though, and his boys like him. They appear to be big pals, just as the Spur Bulldogs were his pals back in the depression.

"I hope," lamented Gene yesterday in his hotel room, "I just hope Pete doesn't give us too much of a licking tomorrow night. D'ya suppose he'll beat us as badly as he can? That'd be tough."

So we had to remind Gene of the days when he turned his Bulldogs loose on Class B teams of this district. Scores of 98 to 0, 112 to zero, were nothing uncommon.

"Yeah," recalled Taylor. "You used to ride me plenty about running up big scores. Well how about riding Cawthon after this game."

The Lubbock Westerners are in El Paso this week-end, meeting the tough Tigers of El Paso High. There are three major high schools, Class A schools, in the city of El Paso. Bowie is one of them, the one which plays Pampa this week-end. Austin High is the other. El Paso High is said to be the toughest one of the lot this year.

Fans are requested not to call up this dept. today and ask for the Lubbock-El Paso score. The teams do not play until Saturday. The Westerners probably will take a licking, but not much of a licking. They should get loose for at least one touchdown, but their defense probably will not stop the Tiger rush. The score might be 13 to 6.

Other District 1 high school teams are busy today and tomorrow. Pampa entertains Bowie High of El Paso today, and the Harvesters should win easily. Amarillo plays host to Ranger's Bulldogs, and judging by the manner in which San Angelo manhandled Ranger last week, 50 to 0, the Sandies should come through with room to spare. Borger and Hereford play at Hereford, and Plainview should enjoy a workout against Tulia at Plainview.

TWO LETTERS came from Greenville yesterday. One was from Henry Frnka, who enclosed a season pass to all Greenville football games. Now if we were only in Greenville we could go to a ball game. But we're grateful to Frnka for the generous gesture.

The other letter was from Whacker Barton, new line coach at Wesley college, Greenville. Whacker, former star at Lubbock High and Tech, calls attention to an error in last Saturday morning's Avalanche in which a score read: Wesley college 7; Kilgore Junior college 9.

The correct score, corrects Whacker was: Kilgore Junior college 9; Wesley 7.

"In regard to our team," Barton continues, "I would say it is light but fast. It is composed largely of Lubbock and Greenville boys. We have several good players whom I am hoping to send to Tech in the future."

Ocie Griggs, Country Phillips and Woodrow Barnes, members of last year's Lubbock High regular team, are playing at Wesley.

Singing Halfback Lopes In Baylor Backfield Again

WACO, Sept. 27 (AP)—It is not the growl of a fussy old Bear but the lilt of a cheery song that strikes fearfully on the ears of football foes of Baylor university this season.

The "singing halfback" is on the loose again.

He is Lloyd Russell, and just to prove his habit of singing gaily as he galloped up and down the field last fall was more than a passing fancy, he tore off a few ditties while scoring three touchdowns in the Baylor Bears' opening "practice" contest last Saturday.

The resonant tenor first sang his way to football fame when the lowly Bears, cellar occupants of the Southwest conference, followed his notes to a brilliant victory over the powerful Southern Methodist university Mustangs a year ago.

Oklahoma-Longhorn Game Is Signed For Centennial In 1936

DALLAS, Sept. 27 (AP)—Dr. R. N. Blackwell of the athletic events committee of the Texas Centennial celebration announced last night that a contract had been signed between the University of Oklahoma and the University of Texas to meet in a football game here Oct. 12, 1936.

For every regular on Texas Christian university's football eleven there are two or three able replacements.

COFFEY FIGHTS 'SNOW' FLAKE TONIGHT

AMATEUR BOXING TO BE PRESENTED ON FAIR PROGRAM

Milton Coffey, sun-fishing, hard-hitting middleweight, battles "Snow" Flake in the main event of the amateur boxing show at Panhandle-South Plains fair tonight, starting at 7:30 o'clock.

The show, a free attraction under the direction of Dr. Brooke F. Stephens, local official in the Texas Amateur Athletic federation, includes 18 rounds of boxing.

Coffey, holder of two state amateur titles, whipped Bill White in the top performance of the amateur bouts at the fair Monday.

Outcome A Tossup

Coffey, a Texas Tech student, will give some weight to Flake. But Coffey's speed and elusiveness makes the outcome a toss-up.

There are five other battles on the card. John Allensworth, 150, another winner in Monday's bouts and a furious puncher, is matched against Edgar Bailey, 150, in the semi-final.

In the first preliminary Earl Knife, 135, meets Norvell Harris, 134. Knife, of Lubbock, and Harris, of Lorenzo, are two of the best amateur welterweights on the Plains. Firman Williamson, fullback for the Lubbock High Cowhands, fights Pud Davidson. They are 140-pounders. Jack Johnson, 143, battles Oliver Perry, 150, and Sid Brown, 146, meets Obie Durham, 140.

Receives Invitation

Dr. Stephens has received invitations from Roger Stokes, president of Texas Amateur Athletic federation, for Lubbock amateur boxers to enter the state boxing tournament at the Walkathon Arena, San Antonio, Oct. 7 and 8.

Likliest Lubbock entries in the tournament are Coffey and Durham, Dr. Stephens said.

"Should Coffey enter I would consider him the favorite to win the middleweight championship," Dr. Stephens said, "and Durham is an excellent welter."

The Texas Amateur Athletic federation wishes to extend its activities to other sports, in addition to boxing, President Stokes told Dr. Stephens.

A professional wrestling show will be offered Saturday night as the final athletic program at the fair.

ST. EDS WINS

ST. EDWARD'S WINS

AUSTIN, Sept. 27 (AP)—A 75-yard touchdown sprint on the opening kick-off by Halfback Bresnahan and a series of line smashes in the last period brought St. Edward's university a 13 to 0 victory over Westmoorland college of San Antonio here last night.

CLASS B CLUBS CONTINUE NON-TITLE CONTESTS; LITTLEFIELD TO INVADE BROWNFIELD TODAY IN MAIN BATTLE

The talented heavyweight gridmen of Littlefield High school go to Brownfield today for the most promising of the Class B battles on the football docket this week-end.

Because both of these clubs have shown splendid promise in their early season contests, this is the most important struggle of the week, although Littlefield and Brownfield are in different divisions of District 5.

Slaton Vs. Floydada

Sanguinary conflicts are scheduled on other Plains gridirons.

The strong Slaton Tigers will defend their new field against Floydada. Slaton has defeated Snyder and Spur already this season in a fashion that indicates they are a well-coached outfit and are to be reckoned with in the district campaign this year.

Coach Ross Ayers' takes a squad of Lubbock High Cowhands to Ralls today. The Jackrabbits, a big burly and seasoned bunch of boys, are favorites to take the Cowhands, fighting but raw athletes, who will be heavily outweighed, and who have taken hard-knocks all week playing stooges for the Westerners.

Backfield Duel

The Aspermont team, about which little is known, invades Post. Coach Fred Rich's Anton team will go into the third contest of their experience when they take their own field for a game with Muleshoe today.

The Levelland Loboes go to Matador today.

In the Brownfield-Wildcat combat there should be a fierce battle between veteran and talented backfield combinations.

Headman in the Littlefield secondary is big Bob McKnight, fullback, one of the best backs in the state. Ten-second man Jimmie Burnett, Cub fullback, and Guy Tankersly, elusive wingback, should give the Littlefield tacklers a hard afternoon.

Pels Must Take 3 Games For Pennant

NEW ORLEANS, Sept. 27 (AP)—The New Orleans Pelicans faced with the necessity of winning three straight games to gain the Southern association pennant, today placed mound hopes in Andy Messenger, veteran hurler, for victory over Atlanta.

The locals were defeated twice by Atlanta in the Shaughnessy playoff in night games at Atlanta and will be counted out if they lose again.

Scheduled to oppose Messenger is "Bob" Durham, one of Manager Eddie Moore's mainstays.

France is expected to count heavily on young blood on its Davis Cup tennis squad next season. Heading the list of young prospects is Bernard Destremeau, who is regarded as a certainty to make the team.

SERIES START IN DETROIT

WHERE IT ENDED LAST YEAR IN SHOWER OF VEGETABLES

(This is the first of a series analyzing the world series contenders and their prospects).

BY ALAN GOULD
Associated Press Sports Editor

NEW YORK, Sept. 27. (AP)—The World series, America's next million-dollar sports show, will be renewed next week in Detroit, where it was ended in a shower of fruit and vegetables a year ago.

No matter what steps, if any, are taken to prevent a recurrence of such riotous conduct by Tiger fans, it appears certain that Joe Medwick, target for the 1934 shower, will be missing, along with the rest of the St. Louis Gashouse gang.

Warneke This Year

It's yet to be settled definitely, but you can write your own ticket on the proposition that Lon Warneke, pride of the Ozarks, and the sensational Chicago Cubs will fling this year's National league challenge to the two-time American league champions.

All of which gives the Tigers something to ponder about for the second year in a row. Last season, Mickey Cochrane and his battering Bengals were all set to grapple with the New York Giants, only to find the Cardinals climbing all over them.

The Cubs have been the "hot" National league team since the first of September, when they began their spectacular winning streak. They expect to have the same kind of momentum that carried the Cardinals to victory in 1934 and the Giants to the top in 1933.

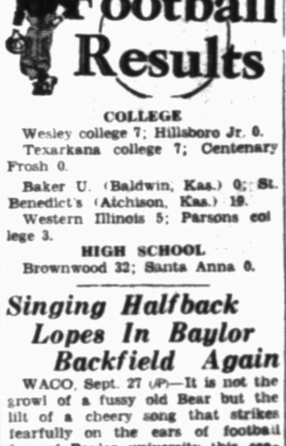

They've Been Loafing

It's a vital point to be considered in "doping" the outcome of the series.

The Tigers have had nothing to worry about since they put on their mid-season drive and shook off the Yankees. Cochrane's crew clinched the flag Saturday.

Again, they must wait around to find out who they will meet in the big series. The strain was such a year ago that the "iron man" Tiger infield had a bad case of "jitters" on opening day.

This year, things should be different. The Tigers have experience now, plus additional confidence, just as much power and the same capable pitching resources, Bridges, Rowe, Auker and Crowder will be Cochrane's "big four" on the firing line.

The PLAINSMAN Says:

That Girl on Broadway says what this country needs is not so much "brain trust" and more trust in brains.

* * *

It doesn't take any intelligence to be a grumbler because you have too much opportunity. Some people grumble over what they've got while others grumble over what they haven't got.

Grumbling is one field in which there is plenty of choice.

* * *

CITIZENS of the 30th Senatorial district will go to the polls tomorrow and select a successor to the late Arthur P. Duggan but, sad to say, only about one eligible voter in every three will cast a ballot.

In 12 years residence here, The Plainsman has never seen as little interest in an important election as there is in this one.

* * *

All indications are that not many more than 15,000 ballots will be cast over the 24 counties of the district.

Normal voting strength, off this year because this is an "off" political year, is between 52,000 and 55,000.

Add to the scarcity of poll tax receipts the fact that the average person hasn't interested himself in the campaign and you get the reason for the small total of votes to be cast tomorrow.

* * *

THE senatorial position is one of great importance to every citizen. It means more to him, if he will just realize it, than who goes to Congress or who is governor.

Yet over the past three weeks the senatorial race hasn't caused a ripple in the serene sea of the 30th district, mainly because people either will not or cannot realize that our choice of a senator means a lot.

* * *

The man who is elected tomorrow, unless he proves himself entirely without tact and political judgment, will be re-elected next summer for a full term.

Hence, tomorrow's election will answer our senatorial problem—for good or for bad—for more than five years.

It is just too bad that the electorate hasn't realized the fact and that it doesn't appear to care which of the five aspirants goes to Austin.

* * *

That Man on Avenue Q says about all capitalists are doing with money these days is hiding it from the tax collector.

* * *

A young physician was attending an old lady who appeared to have the flu.

"When the chill struck you", he asked, "did your teeth chatter?"

"I don't know, doctor", she replied. "They were a-layin' on the dresser!"

* * *

LAWRENCE Shipman, Tech graduate now teaching vocational agriculture in the New Deal High school at Monroe, tells this story on himself.

For a week he had been instructing his classes on how to "cull" chickens—to pick out the layers and the non-layers.

On Sunday morning the mother of one of his students said to her son:

"You've been learning how to cull chickens. We're having a chicken dinner today, so you go and cull out a eatin' chicken for her yesself you don't get one of my good layers".

Monday morning when the lad reached school, he said to Mr. Shipman:

"Mom's lookin' for you! I culled out a eatin' chicken for her yesterday and it turned out to be her best layer!"

* * *

That word "fascisti" that you see so often in connection with Mr. Mussolini is pronounced "fah-chee-stee", with the accent on the middle syllable.

And, incidently, "Il Duce" is pronounced "Ill Do-chay" with the accent on the "chay."

* * *

DAN Powers, who as dean of boys at senior high school looks after the welfare of many a local youth, dropped in to see The Plainsman a couple of days ago.

Said Dan:

"Mrs. Ethel Terrell, dean of girls, and myself, dean of boys, have a number of high school kids who have to have some part time work if they are going to be able to stay in school.

"They're willing and anxious to do most anything and anyone with any sort of a job will be doing us all a big favor if they'll get in touch with us".

* * *

Mr. Powers pointed out that he and Mrs. Terrell were not trying to run in competition with Tech kids who also need work.

"It isn't that", he said, "As a matter of fact four Tech boys are working their way at my house.

"The trouble with the high school boys and girls is that they don't get out and hunt the jobs like the college kids do and they're rather handicapped".

Here's hoping someone gives the high school kids a "break", along with the Tech students.

* * *

ABOUT the only thing the recent hide-and-seek game between John Barrymore and his "protegee", Elaine Barrie, has proven is that she is a young fool and he is an old one.

Since most people agree with the adage that "there's no fool like an old fool", Barrymore seems to have been the winner of the contest.

After Studying The—Ah—Industrial Averages

Whole Film Rehearsed Before Camera Turns; Woman Tries Innovation In Picture Making To Give Players A Break

BY ERSKINE JOHNSON
Journal Hollywood Correspondent

HOLLYWOOD, Sept. 27. — A unique stunt in motion picture production has gained Rachel Crothers, veteran author and producer, the title of "Hollywood's Great Experimenter."

For an entire week Miss Crothers directed Miriam Hopkins and Joel McCrea in her original story "Splendor." But during that time no camera turned and not a single foot of film was exposed.

In a $25,000 experiment, Samuel Goldwyn, the producer, permitted her to stage the picture like a legitimate production, something entirely new in Hollywood. Then Director Elliott Nugent stepped in and actual filming began.

Every morning during that week, without a camera, Miss Crothers and the players went over the dialog and action to be rehearsed.

She explained just what every character in the story was supposed to portray and how each should react to the various situations.

* * *

Actors Know Story

Then an imaginary curtain went up and the play was on. From start to finish the script was enacted, Miss Crothers interrupting only to correct the delivery of lines. Even actual "sets" were used.

"These rehearsals," said Miss Crothers, "gave the players an opportunity of feeling their roles and knowing exactly what is expected of them in each scene.

"Each member of the cast will be able to step into an individual 'take' during the filming of the picture and act with certainty. All will know what has happened before and what is going to happen later.

"For years film stars have complained that, if their acting was not up to par, it was because they were not given opportunity to get into the proper mood, due to the shortness of an average motion picture scene. Now is their chance."

* * *

Starts Like Arrangement

Miss Hopkins, feminine star of the picture, and McCrea were more than enthusiastic about the unprecedented arrangement.

"At last we'll not just be puppets in the hands of the director," said Miss Hopkins.

"It's a definite break for the actor," said McCrea.

The novel program added an extra week to an eight-week filming schedule. The additional six days of production cost Goldwyn about $25,000, including salaries for talent and pay for studio workmen.

Miss Crothers, author of such hits as "When Ladies Meet" and "Let Us Be Gay," is working with Goldwyn under a "percentage deal." Instead of receiving a salary, she will share in the profits of the picture. This is the first time any Hollywood producer has made such agreement with a writer.

* * *

Between Scenes

Hard-working film "extras" find unusual spots to relax between scenes. Only stars, featured players, and directors rate chairs. As for the others, one gent was sound asleep on a four-inch plank three feet off the stage floor. The plank was bracing two pieces of scenery.

* * *

Here, Kitty, Kitty

Four little mice solved a production problem on "The Melody Lingers On" set. A cat was supposed to drowse in Helen Westley's lap and then suddenly leap to the floor without warning, upset a basket of yarn, and dash off.

Scene after scene was tried without Tabby doing the leap to the satisfaction of the director. Catnip, saucers of milk, and fish dragged across the floor on a string didn't work. Finally a prop man arrived on the set with a wire cage—and mice. At the right moment the mice were released and the cat leaped for its instinctive prey. The scene was perfect.

* * *

He Eats Filets

Pat O'Brien is extremely wary of fish-bones. As a youngster he swallowed one and nearly choked to death.

* * *

Latin-American

Don Dean, sleek-haired Rudy Valee of the Argentine, is in Hollywood seeking a screen career. He owns the largest night club in Buenos Aires. But, oddly enough, Dean was born in Oklahoma, of Scotch-Irish parents. And he was graduated from the University of Southern California.

* * *

Sweet And Sour

Take one glass of lemon juice. Dissolve into this one tablespoon of honey. Pour over any vegetable salad—and consume with great enjoyment. This is Hollywood's latest culinary delicacy, originated by Howard Estabrook, writer. Try this dressing some time.

TODAY'S JOURNAL EDITORIAL

HOW ABOUT WAR DEBTS?

European financial experts have figured out that Italy has resources to finance a war with Ethiopia. And, of course, since Italy is one of the weak sisters, financially, among European nations, there is no reason to doubt that Europe could find ways of paying for the luxury of a general war if complications should lead to it.

This big money strutting is in striking contrast to the attitude so long assumed when mention was made of the fact that Europe has a little debt of about $12,000,000,000 to the United States as a consequence of the 1914-18 affair. In handling that deal at the beginning the policy of all nations except Finland was to plead poverty and to pay as little as possible grudgingly.

Later they hit on the scheme of making pretense of paying by turning over a few cents on the dollar, meanwhile furtively mentioning the fact that the United States was playing the part of "Uncle Shylock."

When Congress passed the Johnson act, declaring that any nation owing the American goverment debts which were past due could not sell securities in the United States, righteous indignation seized the whole group of European debtors with the exception of honest Finland. They simply refused to pay more.

But evidently they had some laid away. At any rate, it is agreed among "financial authorities" that there will be no difficulty in financing another war if those responsible for such plots against civilization see fit to start one.

Flapper Fanny

Our idea of clean sport is to see the home team mop up.

Thought For Today

But Jesus perceived their wickedness, and said, Why tempt ye me, ye hypocrites?—St. Matthew 22, 18.

* * *

If you cultivate piety as an end and not a means, you will become a hypocrite.—Austin O'Malley.

Thornton's News And Views OF WASHINGTON

Thornton
(Copyright, 1935, NEA Service, Inc.)

BY WILLIS THORNTON
Journal Washington Correspondent

WASHINGTON, Sept. 27.—With war headlines screaming at them everyday, the peace societies are redoubling their efforts.

The campaign of the National Council for the Prevention of War to raise a million dollars to propagate peace is only one of several. There is World Peaceways, for instance, whose work is looking up these perilous days.

People who ignore peace work for years will suddenly step up to the bat with a check when the troops are about ready to march.

There are two interesting developments in the peace movement, however. One is the way the churches are taking it up, particularly the evangelical denominations, which used to be so hot for prohibition.

By Armistice Day the Methodist, Baptist, Congregational, and Christian churches will have completed a member-by-member canvass to determine the attitude of their members toward war under varying circumstances.

The energy that used to go into fighting the demon rum is now being turned against Mars, and the Anti-Saloon League's loss is the pacifist societies' gain.

The other development is the fact that the National Council for the Prevention of War is preparing to go direct to town in the coming congressional elections, organizing by precinct, ward, and district to defeat candidates who won't subscribe to their peace program. This is the old Anti-Saloon League technique right back again, and presents one more jitter for candidates for Congress.

* * *

Need A Wayne Wheeler

This "peace action" program is so reminiscent of the days when Wayne Wheeler had half of Congress jumping through his hoop that one wonders whether just such a forceful leader may arise in the interests of peace.

The youthful Senator Holt is about to stump the country for peace, and arrangements are being made to stage demonstrations next spring just before the party conventions that can hardly fail to influence the party platforms that will be in the making then.

* * *

It's Tough Sledding

Educating for peace is like all educating — discouraging work at times. The Quaker Frederick J. Libby of the NCPW ran smack into this one during a poll being taken at the Rochester State fair recently.

The question was "Shall the United States join the League of Nations on terms of the Pope resolution, which provides that we shall not be obliged to use armed force to support the league?" The author of this plan is, of course, Senator Pope of Idaho, currently in Europe and sounding off after each day's crisis.

Two questionnaire-answerers had evidently never heard of the senator. One answered, "No, I won't vote, I don't see any reason for bringing the Pope into this." The other opined, "I think the Pope's judgment is very good."

* * *

Baker Still Adroit

Newton D. Baker has lost neither his adroitness nor his courtliness since retiring from public office. At a recent meeting here of a commission of the American Council on Education to study and make recommendations on a better program for youth, Baker was approached by reporters for a statement.

He demurred, protesting, "If you want to talk to someone really distinguished, you'd better talk to Mrs. Fisher."

He referred to Dorothy Canfield Fisher, author of "The Bent Twig," "The Brimming Cup," and many other novels, who is the latest literary light to turn to public service by asserting that she is willing to give all her time to the work of this commission if necessary.

* * *

Aster Set For Reward

Vincent Astor, famous as the yacht-owning friend of President Roosevelt, is again rumored in line for his reward in the form of a high diplomatic post. . . . August set an all-time record for visitors to Washington—estimated at 312,081, with not one special attraction to draw them. The Friday the 13th jinx is still gravely regarded in some circles. . . . The colored Elks had chartered a steamship on that date at Alexandria for an annual excursion . . . not until the boat stood at the wharf ready for passengers was the date noticed on the tickets . . . and not one passenger would take a chance; the boat left empty.

SUN-TAN

By Nard Jones

BEGIN HERE TODAY

JO DARIEN breaks her engagement to BRET PAUL, college athletic star, because Bret objects to her taking a job as hostess at Crest Lake Inn, fashionable summer resort owned by wealthy DOUGLAS MARSH.

Jo goes to Crest Lake. Marsh's eccentric mother dislikes her and causes difficulties. These are increased when PETER FRAGONET, film actor, arrives. Fragonet pays Jo marked attentions, asks her to marry him as soon as he can secure a divorce.

Bret Paul comes to Crest Lake as life guard. BABS MONTGOMERY, school acquaintance who is jealous of Jo, is also there.

Fragonet leaves and returns when his film company undertakes to make part of a motion picture at the resort. Jo becomes friendly with LOLA MONTEZ, actress.

Babs tells Jo that she (Babs) is going to marry Douglas Marsh. Soon after Marsh, prompted by his mother, asks Jo to leave Crest Lake. She agrees to go immediately. Jo decides to go to Hollywood to look for a job. Fragonet persuades her to go with him by plane.

NOW GO ON WITH THE STORY

* * *

CHAPTER XXXV

As Jo sat beside Fragonet in the careening car which he had ordered from the Crestmont airport she had no time to think. He had instructed the driver to make all possible speed to the airport, and Jo wondered at his impatience when the plane was under his own charter and so would stand by until they arrived. The road to Crestmont was not a good one, and several times Jo felt certain they were skidding into oblivion.

"If you're hurrying just because you're afraid I'll change my mind," she told Fragonet at last, "I wish you wouldn't. I've quite made up my mind to go with you."

He patted her hand as though she were a small child fearful without cause. "We'll be all right, darling. You see, there's usually fog around Grouse mountain after nightfall and I want to get over that before dusk. That's why all this hurry."

Still Jo felt that Fragonet was uncertain of her, that he would not be at ease until they were settled in the plane from which she could not escape until they were both in Hollywood. Involuntarily, Jo smiled. Peter Fragonet was so like a small and very intense boy. If he wanted something badly he had but one instinct—to grab it hurriedly and rush away with it despite everything. To him there weren't any rules, because, as Peter Fragonet, he was beyond rules. It wasn't egotism which made him so sure that once he and Jo were together in Hollywood everything would be as he wanted. It was simply that he was unable to conceive of a world in which things were not as he wanted them. For 10 years it had been that kind of a world for Fragonet—and he had quite forgotten the hard years which had preceded those 10 magic ones.

* * *

At last they roared into the Crestmont airport and the driver stopped the car with screaming brakes. Jo saw the plane, a speedy snub-nosed monoplane with two cowled cockpits in line. Already the propeller was turning, and the portable steps were ready by the fuselage.

"It won't be such a chummy jaunt," Fragonet explained, getting out of the car. "But there'll be stops when we can talk. I wanted a cabin plane with the seats together, but the fools sent up this."

Jo's heart skipped a beat at the realization that the pilot who had delivered the plane would not be returning with them. "I hope," she said trying her best to make her voice sound jaunty, "that you're not as reckless piloting a plane as you are about . . . other things."

Fragonet laughed. "I'm a good pilot," he told her.

In the tiny but modern Crestmont airport station they drank some black coffee, donned flying helmets and fleece-lined coats which Fragonet produced from the luggage compartment of the plane. Almost before she knew it, Jo was settled deep in one of the cockpits, conscious of the well-wishing grins of the hangar attendants who stood by to watch the take-off. Fragonet, grotesque in his tight helmet and goggles, turned and waved to her. She nodded nervously . . . felt the plane bouncing roughly along the runway, felt it lift smoothly beneath her.

When they had leveled out, and Fragonet had given her another reassuring signal, Jo raised herself slightly against the canvas belt and peered below her. The trees looked like squat shrubs in the afternoon sunlight. Crest Lake, far in the distance, was a blue gem hardly large enough for a man's ring. And the roofs of the Inn and the circling cottages were maroon dots against the green forest.

Jo settled back into the cockpit again, thinking of Bret, and Douglas Marsh, Ol' Todd Barston, and Babs—and good old Tubby. Which of them would she see first again? Or would she see any of them, ever?

She looked through the windshield at the helmeted head of Fragonet. He was piloting her now. She felt helpless, more alone than ever. Instinctively she wanted to trust Peter Fragonet. After all, he loved her. After all, to Fragonet she was important enough to guard and guide and keep.

* * *

Jo Darien would never forget her first awesome glimpse of Hollywood. Miles before the plane had reached the Los Angeles airport, she had seen the vast stretch of buildings pressing from the blue sea into the very foothills, and she had thought, "Can Hollywood be as big as this?" Then she remembered that Hollywood was in reality only a section of a huge California metropolis, that it had far outgrown the days when it was a rambling little town reached by a rather drab highway, lined with eucalyptus trees, from Los Angeles. Those were the days when motion pictures had been made in barn-like structures—long before the era of Hollywood Boulevard's towers and Wilshire Boulevard's swank apartment-hotels and swankier shops.

She had been dead tired when she climbed from the plane at the airport and started out by car to the apartment which Fragonet had suggested for Jo. Nevertheless she watched eagerly and was surprised when Fragonet said with a smile, "This is Hollywood, Jo . . . ."

"But how can you tell?" Jo laughed.

"Well," Fragonet replied, "you may see Comanche Indians on the street—or gold miners or even a team of mules."

"But I haven't seen anything like that yet."

"You probably won't," he smiled. "It isn't like the old days when they made pictures on every street corner. Nowadays most of the work is done in the studio, and we aren't near any of those yet. . . . But there's one thing you might be able to notice, and that is that Hollywood has more beautiful women to the square block than any other place on earth."

Jo nodded. Why shouldn't it? Into Hollywood every corner of every city on the globe poured its most beautiful girls; and if they

(Continued On Page 16)

THE PLAINSMAN GETS SOME MAIL

WRITER SAYS HE'S IGNORANT; YOU JUDGE

Dear Plainsman: They say that salvation is the only thing that is free. I don't know but I feel sure that it is the best bargain, at least, that is offered to man and I think that the next best one that is offered to the people of Lubbock is the opportunity to obtain the proposed gas system without cost or obligation. I'm just an old, ignorant country boy and I don't even try to understand high finances, but when capital, who has had her eye on Lubbock and her outstanding financial successes during the past 15 years, has the confidence to guarantee the success of the proposed gas system, then, even I think I can see the folly in Lubbock's voters listening to the enemies of municipal ownership and turning down an opportunity to own her own gas system and thereby cutting the too high rates besides sharing in the enormous profits that now go entirely to private corporations. But you can't tell what the people will do. After keeping up more or less with Louisiana politics for a year or two I have decided we are not learning anything about self government and as I said you can't tell — Lubbock may refuse the greatest opportunity that has yet come her way.

All I got to say is: Just watch the ones who are making the most fuss and howling the loudest. See how many of them opposed the city's present utilities plant and try to figure out why they are so against municipal ownership of utilities.

Now I guess that brings us up to the State senate race. It seems to me, that it doesn't matter so much who is elected just so he is a lawyer or at least some one who has never been known to have a practical idea. Now an ideal state senator should be a man with high sounding oratory, whose mind soars above the practical and lowly things of life. He should be a man whose statements carry at least, a double meaning, so that when he takes part in preparing a bill it will be so lofty and complex that you or I can not have any idea what it means. Now take our present laws. They are so full of meaning they are hard to understand.

Now for instance: A man is caught stomping his wife after having shot her down. Now if you or I should look up the law on the subject we might find that he had the "works" coming to him, but let the defense attorney look up the law and after reading it twice he will clear his threat and inform you that according to the law and evidence that he is either entirely innocent, insane or it was a plain case of self defense and he should go free.

So you can see we don't want simple-minded senators because we feel that our laws should retain the present high standard. Why, if laws could be understood by common people what would become of the lawyers and if Lubbock's lawyers were thrown out of employment what would Lubbock have. A lot of empty houses.

Now speaking of simple people, there is Mr. Roosevelt: the simplest man in the United States. Any child in the third grade has no trouble in understanding him and we all have heard him.

Now if all Congressmen were like him we could pay off the members of the Supreme court and let them go. Then he is too practical and too sure of himself. He just goes ahead and does the thing that has to be done and don't even ask capital, and he does things that haven't been done before. That man doesn't have to have a precedent to guide him—he just makes himself one.

And poor Mr. Hoover. You see the Republicans tell him he has to be the goat next time and he keeps telling them that they gotta get "something" on Mr. Roosevelt or he will quit and so they bring in a new story every two weeks and they tell him it will finish the President. So they smear it all over the papers and it goes over big for three days and after that the more they look at it the goofier it sounds, so Mr. Hoover tells them again that they gotta get something better on President and threatens to quit again, and so they ust keep a bringing in new ones.

Well that just about clears the docket except for Preacher McCarty. He is right but he must not take this law business too seriously in Lubbock. You see these people out here reserve the right to pass on all laws that have been passed by the legislature and signed by the governor. If the law suits them all right if not its just too bad.

Yours truly,
LaVerne Kershner,
Lubbock.

SAFETY IS PRICELESS

You would give anything for good health once it failed you . . . you would give most everything to know that you are constantly safe from accident, disease germs, or the flu. Safety is priceless. Yet, when it comes to the milk supply, it is possible. It is here for you. Bell Grade A Pasteurized milk is safe, because all harmful germs have been killed before it is delivered to your door.

Rates, Rules and Requirements of Classified Advertising Of The

Lubbock Evening Journal
Lubbock Morning Avalanche
Sunday Avalanche-Journal
(Sunday Morning)

All classified advertising will appear in both the Morning and Afternoon papers—both papers counting one insertion. All classified advertising is printed in the Lubbock Morning Avalanche first and the Daily Journal of the same date. no classified originating in the afternoon paper.

Classified for Sunday's issue will appear in the Avalanche-Journal counting one insertion, as this paper is sent to all subscribers of both the afternoon and morning papers.

AVALANCHE-JOURNAL
Combined Rates:

Minimum words per insertion, 10.

One insertion, per word	4c
Two insertions, per word	6c
Three insertions, per word	7c
Seven insertions, per word	12c
Thirty insertions, per word	45c

These rates are for consecutive insertions only. Additional consecutive insertions over 30 times, at 1½c per word each.

All out-of-town ads, received by mail must be cash with order. No exceptions. "NO REFUNDS" on ad stopped after it has appeared in paper.

PHONE 13, 14 OR 15

Our experienced ad taker will receive your ad and help you to word it, then our collector will call the following day. These accounts are "accommodation accounts" for our patrons and for one day only.

No advertisements accepted on an "until forbid" order. A specified number of insertions must be given.

We reserve the right to place an advertisement under the proper classification and reject unclean or objectionable copy.

Obituaries and cards of thanks at regular classified advertising rates.

The publishers are not responsible for copy omissions, typographical errors, or any unintentional error that may occur, further than to correct it next issue after it is brought to their attention. All advertising orders are accepted on this basis only.

Classified Advertising accepted until 6:00 p. m. on week days, and 9:00 p. m. on Saturdays, and all advertising received after 6:00 p. m. will be placed under "Too Late To Classify."

For classified display advertising information—PHONE 13, 14 OR 15

TO DISCONTINUE AN AD

Notice to Discontinue an Ad must be given after 8 a. m. and before 5 p. m., to some member of the Classified Advertising Department. We cannot be responsible for notices given before or after these hours, and to a member of some other department.

FOR SALE: Good beauty shop. Well established. Equipment approximately cost $700.00. Will take $300 for cash. Nola Morrison, Sudan, Texas.

Can You Name This Ship?

Since the day that Columbus hoisted the anchor on the Santa Maria and sailed westward, ships have made America's history.

In this contest, pictures of the famous fighting ships of the American Navy will be printed and guest tickets will be awarded persons submitting the best, correct identifications of the four ships to appear.

This is the first, one of the oldest and most famous of them all. Commanded by John Paul Jones, she played havoc with English men o' war during the American Revolution. If you know your history, you know her name.

Hold this picture until you have the entire set of four. Make your entry as neat and attractive as possible, for in case of ties, tickets will go to the most attractive of the entries submitted.

DAILY MARKETS

Cotton Market

NEW ORLEANS REPORT
NEW ORLEANS, Sept. 27. (AP)—Showing no net change from yesterday's final prices, cotton here today opened with dull trading.

With the exception of July, which opened one point higher, first call prices were identical with the previous close.

October opened at 10.43, Dec. at 10.46, March at 10.56 and May at 10.62 and prices held within an extremely narrow range around these levels during the first trading hour.

Active months broke out of their narrow range on the upside during the morning and showed small net gains ranging from 3 to 5 points.

Weather reports were largely responsible for the reversal in sentiment as professionals picked up a little cotton on unfavorable climatic conditions in Texas and the uncertain course of the tropical storms in the Caribbean sea.

Oct. touched 10.47 on this movement. Dec. sold at 10.51 and May was up to 10.65.

Preliminary estimates on spinners takings mentioned a figure between 186,000 and 196,000 bales for the past week. This showed a sharp advance from the 151,000 bales taken in the previous week, but the figure was still considerably below the similar week of 1934.

NEW YORK REPORT
NEW YORK, Sept. 27 (AP)—Cotton futures opened barely steady, unchanged to 2 higher than steadier Liverpool cables offset by hedge selling. Oct. 10.48; Dec. 10.50; Jan. 10.54; March 10.62; May 10.71; July 10.76.

Some buying on steadier cables and a moderate demand from the trade was supplied by southern hedging and fluctuations were narrow with the market ruling about net unchanged at the end of the first hour. Early cables from Liverpool said that scattered hedging had been taken by trade calling and some buying in that market promoted by unfavorable weather reports from the south.

After selling back to about yesterday's closing quotations, with a sale of Dec. reported at 10.48, or a point net lower, the market steadied on trade buying. At mid-day Dec. was selling at 10.54 with the general list showing net advances of 3 to 4 points.

Grain Market

CHICAGO REPORT
CHICAGO, Sept. 27 (AP)—Corn prices tended downward early today and wheat up. Corn belt advices indicated no heavy damage from frost.

Opening unchanged to 1-2 higher, December 98 1-2, the Chicago wheat market soon rose all around. Corn started 1-8 off to 3-8 up, December 59-60, and then underwent a general sag.

Corn closed unsettled at the same as yesterday's finish to 1 1-4 lower, Dec. 58 1-2 to 58 5-8, wheat unchanged to 8-8 higher, Dec. 98 1-4 to 98 3-8, oats 1-4 to 1-2 off, and provisions unchanged to 35 cents down.

CHICAGO CASH GRAIN
CHICAGO, Sept. 27 (AP) — Cash wheat, No. 2 red garlicky 1.01 1-2; No. 3 mixed 1.01; corn No. 1 mixed 85; No. 2 yellow 85 to 85 1-2; oats No. 2 white 34 1-3; sample grade 27 1-4 to 29.

Bars Let Down On Liquor Importation

LAREDO, Sept. 27 (AP)—Bars against importation of liquor into this country by tourists were let down today in the 23rd customs district, including Laredo, Brownsville, Eagle Pass and Del Rio on the Mexican border.

Officials at the custom house announced that United States residents returning from Mexico would be permitted to include liquor in their allowances of $100 worth of good free of duty and internal revenue.

Such liquors must not be brought in for other persons nor with the intent of sale. Persons bringing in the alcoholics may not do so oftener than once in 30 days. The liquor must be declared like other merchandise or be subject to seizure.

GETS SENTENCE
HUTCHINSON, Kans., Sept. 27 (AP)—Carnes Addington, 20, pleaded guilty here Thursday to a charge of robbing an Arlington, Kans., bank of $1,300 and was sentenced to serve 10 to 50 years in the state penitentiary.

Addington previously had received a prison sentence on a charge of robbing a Wellington, Kans., bank.

FLYING EASTWARD
TULSA, Okla., Sept. 27 (AP)—Charles A. Lindbergh and Harry F. Guggenheim left municipal airport at 10:05 a. m. (C. S. T.) after a ten-minute stop. They came from Wichita Falls, Texas, and flew eastward without revealing their destination.

Lubbock Markets

The prices are furnished by the following Lubbock firms: Poultry—Lubbock Poultry and Egg company, delivered Lubbock; Grain—S. E. Case Grain and Seed company following prices being bid by Lubbock grain dealers; Cotton—Plemon Cotton company. All prices subject to change during day.

Stock Market

WALL STREET REPORT
NEW YORK, Sept. 27 (AP)—Specialties held the bullish play in today's stock market while most of the leaders backed and filled indifferently.

Dullness was the rule during the greater part of the session as the European situation was watched closely along with domestic trade developments. Bonds were rather steady. Foreign exchanges were quiet.

Shares of Coca-Cola and Greyhound Corp. got up about 2 points each and Phillip Morris spurted 3. Gainers of fractions to around a point included McKesson & Robbins, Shattuck, American Woolen Preferred, Industrial Rayon, Celanese, Western Union, Electric Power & Light, International Telephone, American & Foreign Power, Chrysler, Lorillard, American Tobacco "B", Liggett & Myers "B" and Montgomery Ward. Among losers up to a point or so were Pullman, Canada Dry, U. S. Steel, Continental Can, American Can and U. S. Smelting. The majority of the rails and utilities held to a restricted range.

Livestock Market

KANSAS CITY REPORT
KANSAS CITY, Sept. 27 (AP)—(U. S. D. A.)—Hogs 800; very slow and uneven; mostly 15-25 lower; desirable 180-250 lbs 10.75-11.00; 260-300 lbs. 10.50-75; better grade 150-170 lbs 10.00-10.65; sows 9.00-9.50; stock pigs steady, 10.25 down.

Cattle 1000; calves 400; killing classes generally steady; one load good to choice light weight steers 10.50; medium short feds 8.35 and 8.50; butcher cows 4.25-5.00; selected vealers up to 9.00.

Sheep 1500; 300 through; lambs mostly 25 lower; sheep steady; best natives 8.75; most sales 8.50-75.

FORT WORTH REPORT
FORT WORTH, Sept. 27 (AP)—(U. S. D. A.)—Hogs 600; truck hogs steady to 15c lower; better grades 175-275 lb. truck lots 10.65-85; heavyweight butcher pigs down to 8.50; packing sows steady, 9.00-25.

Cattle 2,400; calves 800; moderately active, generally steady on all classes; load long yearling steers 9.25; few loads fed steers eligible kinds 6.25-7.50; grass steers 4.50-5.50; good fat cows 4.50-5.0; butcher sorts 3.7-4.25; bulls 3.25-4.50; quality of calves plain, bulk 3.75-4.75.

Sheep 800; few sales medium grade killing classes steady; fat lambs 8.00; 2-year-old fat wethers 5.50; aged fat wethers 4.25.

TIMING ERROR

(Continued From Page One)

round lost money.

Another discrepancy, the time sounding company's instrument recorded, came in the period between the third and fourth rounds when Baer and Louis seemingly were given 72 seconds instead of the 60 prescribed in the regulations.

George Bannon, the New York State Athletic commission's official time keeper at the fight, was out of town today and not available for comment.

Brady Pioneer Is Claimed By Death

BRADY, Sept. 27 (AP)—John Savage, 78, extensive landowner in this country and the man who with his brother introduced the game of polo to West Texas, died at his home here Thursday after a long illness.

A brief funeral service was held Thursday afternoon before the body was sent last night to Philadelphia, Pa., his former home, where his only brother, D. F. Savage, lives.

Savage came to McCulloch county more than half a century ago, and lived here until his death. Originally the Savage brothers owned a 9,000-acre ranch near here but in recent years they sold all but 3,000 acres on the west side of the county.

He attended Cornell university in youth but left college in his junior year. He was a collector of historical relics and valuable books. He was a great grandson of one of George Washington's aides. In the historical collection housed at his home here is a letter from Washington to one of his relatives, and a British revenue stamp, one of the series that led to the Boston tea party.

YOUTH IS TO BE CHARGED IN THEFT

Charges were to be filed this afternoon against a 21-year-old youth arrested here Thursday morning following burglary of the Spotted Pig stand, 3207 Avenue H.

Missing from the stand, according to police reports, were three boxes of cigars, several cartons of cigarets, about $5 in candies, three boxes of chewing gum and approximately $1 in pennies. The articles were taken between 2 a. m. and daylight.

The youth was arrested after a local grocery proprietor had telephoned police that he had purchased some candy from a young man, whose actions were suspicious. Officers Sam Fort and Charles C. Chase found the youth while he was attempting to sell goods to a second grocery dealer.

Police officials of Wichita, Kans., were notified of the arrest after a check of identification records revealed the youth was wanted there on a burglary charge, published in a police bulletin of June.

The youth is in county jail awaiting filing of charges. Investigation of the case is being continued by City police.

COLLEGE DAY

(Continued From Page One)

that attendance will exceed that of Thursday, when 13,930 went through the gates. A year ago the Thursday attendance was 13,556.

Cold weather, which drove the mercury down to the low fifties last night, kept several thousand persons from the grounds Thursday.

Free Show Cancelled

Because of a stiff breeze from the north, the evening free show was cancelled. Harley Sadler's circus, however, drew a capacity attendance of more than 1,500 persons.

Thursday saw the completion of judging. Winners were announced in the Holstein, Guernsey, and Milking Shorthorn departments.

Kingsdale farm, Victoria, Ill., won the grand championships in the Milking Shorthorn show, Texas Technological college the same awards in the Holsteins, and R. O. Hamill and Texas Tech divided the sweepstakes in the Guernseys.

Stampede Is Feared

Because of danger of stampeding the three elephants of the circus, fireworks may not be presented tonight. The circus crew asked that the pyrotechnical display not be presented, but fair officials last night had not announced definitely whether the two-ring fireworks show would go on as scheduled. The pyrotechnical display will be given Saturday night, regardless of the elephants, it was said.

The first showing of the Sadler circus Thursday afternoon filled every seat under the big tent. In addition, several hundred persons stood to see the show. Following a three-ring performance, Jack Roxie and his troupe gave a western show.

The favored actor of the circus, judging by applause, was Big Burma, the elephant.

Parade On Saturday

The Sadler circus will be presented at 1:30 and 7:30 p. m. today and Saturday. Another parade, similar to the one given yesterday, will move about noon Saturday.

The Alfereta troupe will be presented again at 3:30 o'clock this afternoon. Following that, the Mickey Martin dare-devil drivers will go through their stunts.

"Reckless Rex" Murphy and Buddy Mueller will stage another head-on collision. Two automobiles were smashed yesterday afternoon. Captain Jack will present his fire-dive.

Boxing Is Included

The free evening program will include an amateur boxing program, in addition to the Alferetta troupe and Captain Jack.

Several cities will be honored at today's program. They are: Plainview, Abernathy, Hale Center, Floydada, Lockney, Kress, Happy, Tulia, Amarillo, Canyon.

The exposition will be closed Saturday, which has been dedicated to Paducah, Matador, Dickens, Spur, Tatum, N. M., and Clovis, N. M.

BRAZOS PROJECT

(Continued From Page One)

transient WPA labor at a man year cost of less than $600, Morris, who is in Washington, told the Brazos headquarters here by telephone that he would remain in the capital several days to work out details considered necessary to get work started immediately on the conservation project.

Start Work Soon

It was estimated that the work could be started within 30 days provided land at reservoir sites could be obtained. Data on five sites were available.

The Brazos watershed covers 44,600 square miles, one sixth of the area of the state. It embraces 27 per cent of Texas' population, has 8,000,000 acres in cultivation and $736,000,000 assessed valuation figures computed in planning the project showed.

Can Irrigate 500,000 Acres

Three million acres of land in the watershed are subject to overflow, and almost all of that can be protected by construction of proposed dams, officials said, adding that 500,000 acres could be irrigated.

The Brazos is 900 miles long, longest in Texas, and is the eighth largest river in the nation, figures in the headquarters office here showed.

ORDER OBTAINED
BATON ROUGE, La., Sept. 27. (AP)—District Attorney R. Lee Garland of the St. Landry-Evangeline judicial district, has obtained a local court order temporarily restraining Gov. O. K. Allen and Secretary of State E. A. Conway from carrying out a recent legislative act designed to put him out of office.

LOCAL HAPPENINGS

Children See Circus—Through donations given by employes at the Lubbock postoffice, 170 tickets were bought for Harley Sadler's circus today and distributed to the orphanage directed by Mrs. W. T. Milam and to school children residing in K. Carter and Sanders districts.

• • •

Error Corrected—Speech of Jess Mitchell of Muleshoe Wednesday night before Yellowhouse lodge was on Masonic subject matter, not politics as erroneously reported in The Evening Journal Thursday. The erroneous statement was that his address was in furtherance of his candidacy for senator of 30th district.

• • •

Fines Assessed—Fines of $1 and costs were assessed by J. T. Trigg, justice of peace, Friday morning and Thursday afternoon against five persons who had pleaded guilty to charges of drunkenness and one person who pleaded guilty of disturbing the peace.

• • •

Fined For Violations — Fine of $1 was assessed against Steve Burke, driver of a truck with the Harley Sadler circus, who pleaded guilty Friday morning before J. T. Trigg, justice of peace, of operating with an improper license. Complaint was filed by State Highway Patrolman J. C. Keller.

• • •

Teachers To Hear Knapp — Dr. Bradford Knapp, Texas Technological college president, will speak at a Dawson county teachers meeting Thursday at 2 p. m. in Lamesa.

• • •

Buick Meeting Held — L. S. Kuehn of Dallas, district manager of the Buick company, conducted a meeting of Lubbock and Plainview company salesmen and dealers all day Thursday in Hilton hotel Aztec room. New Buicks were discussed. Twelve men attended, including T. C. Shephard, Plainview dealer, and J. Ray Dickey and A. L. Scoggin of Lubbock. A luncheon and dinner were given.

• • •

Services Scheduled — Regular fifth Sunday meetings will be held at the Primitive Baptist church, 1905 Texas avenue, Saturday at 11 a. m., Saturday night and Sunday night, it was announced today. Rev. P. J. Ausmus, pastor, will be in charge.

• • •

Boxes Delivered — Seventeen ballot boxes had been delivered Friday at noon of 33 which will be in use tomorrow during the special senatorial election. Officials who had called for their boxes were: J. F. Vance, Shallowater; J. F. Goodnight, Canyon; W. L. Meurer, Slaton; McDuff Gamble, Union; A. F. Ham, Hurlwood; Douglas Pounds, Acuff; J. B. Reid, Bledsoe; A. E. Goebel, Center; R. T. Dobson, Foster; W. B. Copeland, Slide; T. J. Richardson, New Hope; Grover Gillett, Hardy; C. H. DuLaney, Grovesville; G. M. Eubank, Woodrow; C. L. Bassinger, McClung; C. Z. Fine, Posey; and George Foster, West Lubbock.

• • •

At Mother's Bedside—Mrs. J. B. Jones and Mrs. Clifford Williams are in Fort Worth at the bedside of their mother, Mrs. B. H. Lee, seriously ill. Mrs. Williams left Monday, and Mrs. Jones was called Wednesday. Mr. Williams joined his wife there Tuesday.

• • •

Outlook Brighter—With many calves already sold and the price jumped to between eight and nine cents, a brighter outlook has been placed on the livestock situation, said W. S. Carter of Amarillo, P. S. F. livestock agent, here yesterday. Mr. Carter came down to visit with E. Kancher, division freight and passenger agent and other officials.

• • •

Practice Judge—Fifteen juniors in the animal husbandry department at Texas Technological college had a practice judging on several classes of cattle at the fair yesterday. Ray C. Mowery, head of the department, was in charge.

• • •

Leave Town—Two members of the so-called nudist colony at Panhandle-South Plains fair left yesterday following a raid Wednesday night. J. T. Trigg, justice of peace, had told them in an appearance before him that "You might as well close up the dump and get out of Lubbock. We'll raid you every time you show."

• • •

Reports Good Prospects—Excellent feed crop prospects are indicated in the vicinity of Wilson, northeastern Lynn county, W. H. May, pioneer farmer-rancher, said here yesterday.

• • •

Vote Additional Funds — Additional money in the sum of $1,000 was voted by City commissioners Thursday afternoon for City-County Welfare association maintenance. The amount will be added to $2,000 recently set aside by the county. A total of $2,500 has been appropriated from the city budget of $4,000 for expenditures of the association during the fiscal year which began April 1.

• • •

Jones Improved—Condition of W. B. Jones, 59, who suffered a broken right leg in an automobile accident Monday evening is improved and he probably will be released in a few days, it was said at Lubbock sanitarium. Mrs. Sadie Johnson, Jones' housekeeper, and daughter, Irene, who were injured, have been released from the sanitarium. Jones' car overturned on a curve two miles south of Daugherty.

• • •

Permit Issued—Permit to remodel a residence at 1294 Twentieth street was issued to S. E. Holt this morning. W. C. Huffines is property owner. Estimated cost is $350.

• • •

Singing Convention Set—A meeting of Lubbock county singing convention in Shallowater Saturday night and all-day Sunday is expected to be the largest meeting in several years, Clyde Burleson, president, has announced. V. O. Stamps and Freddie Martin with their quartet, L. M. Booker, formerly of Lubbock, and a number of visiting quartets will assist. Mr. Burleson urges that all Lubbock county persons attending help with lunch arrangements for visitors on Sunday.

• • •

Child Inhales Popcorn—Inhaling a piece of popcorn into her lungs while at the Panhandle-South Plains fair, two-year-old Betty Jo Barton, daughter of Mr. and Mrs Joe Barton of 14 miles southwest of Anton, is under observation in Lubbock sanitarium. She entered the sanitarium about 4:30 p. m. Thursday. The popcorn had not been removed late this morning, there being a possibility of her coughing it up, an attending physician said.

• • •

Professor Returns—Dr. W. I. Robinson returned Thursday afternoon from Mexico, where he had been stranded because of bad roads caused by storms. Dr. Ralph Imlay of the University of Michigan faculty came here with him and will leave today. Doctor Robinson, associate geology professor at Texas Technological college, and Doctor Imlay were members of a research party which spent the summer in Mexico.

• • •

Thirty Summoned — Thirty have been summoned for petit jury service in county court of Judge E. L. Pitts which will convene Monday, Sept. 7, to hear seven civil cases.

• • •

Grand Jury Reconvenes — Grand jury of the 99th district court reconvened Friday morning to continue its investigations.

DRUG STORE BAN

(Continued from Page One)

liquors or medicated compounds capable of producing intoxication or any intoxicant whatever manufactured in whole or in part by means of the process of distillation or any liquor compounded or composed in part of distilled spirits is sold, bartered or exchanged, or is offered for sale, barter or exchange in broken or unsealed containers or where such sale, barter or exchange or offer of sale, barter or exchange is made for human consumption on the premises where sold, bartered or exchanged or offered for sale, barter or exchange."

Penalties Proposed

Graduated penalties were proposed, the first offense punishable by a fine of $100 or jail sentence up to 90 days. Second offenders would be jailed for one year, and third offenders sent to the penitentiary for one to five years.

Small explained it would permit sale by the drink of beer and unfortified wines, which the original draft would not.

He said he understood "there has been some hilarity by the drug store crowd over my bill," adding:

"Let 'em enjoy it now. I expect to get to them under the other bill, for I think they have demonstrated the fact that they should not be entrusted to sell intoxicating liquors."

He rapped "two-bit prescription" houses and warned "I want to tangle up those boys real good."

The sessions's first major tax bill approved by the house progressed today to the senate.

The proposed levy was a graduated tax on chain stores, estimated to raise $3,000,000 annually, which the house passed 117 to 19 after amendments included gasoline filling stations and utilities selling appliances.

Sponsors protested the inclusions and charged the bill was "loaded down" to the satisfaction of lobbyists and to the detriment of its chances for enactment. The only exemption, lumber yards, was voted 78 to 47.

Proceeds would help pay old age pensions. Another purpose was to equalize competition between chains and independent merchants.

Senate bills to pay pensions were assigned to an uninstructed subgroup of the finance committee for revision into a composite measure. One bill, which former Governor James E. Ferguson helped write, proposed a three per cent retail sales tax.

Revenue and taxation committeemen added to recommended tax proposals two bills which would double the state's "take" on horse race wagers and the gross receipts levy on utilities other than telephone companies.

Collected $330,600 Last Year

The state collected $330,600 on horse race betting during the late winter and spring season, while the gross receipts tax increase was calculated to yield $600,000 annually.

The committee reported adversely bills to let cities and counties tax utilities one-half of the state levy and to tax dance halls $25 annually.

Harry K. Thaw Is Ill As He Returns

QUEBEC, Sept. 27 (AP)—Harry K. Thaw, returning from a trip to Europe, was taken off the liner Express of Britain today and rushed to Hotel Dieu hospital. Attendants said he was critically ill with double pneumonia.

Thaw, who was much publicized as a result of the killing of Stanford White in a Manhattan restaurant more than two decades ago has spent many years recently in France and on the continent.

His return to the United States was believed unexpected.

Rural Teams Will Play This Afternoon

Lubbock county rural school teams will compete in three football games this afternoon, Joseph R. Griggs, county superintendent, said.

Frenship high school will play against Ropesville at Frenship; Roosevelt will play O'Donnell at O'Donnell; and a game will be played at New Deal.

INDUSTRY MUST SHARE WORK

WORKER SAYS ACTION IS NEEDED TO GIVE BUSINESS PICKUP

BY D. HAROLD OLIVER
Associated Press Staff Writer

WASHINGTON, Sept. 27. (AP)—Harry L. Hopkins' "right hand man" expressed the opinion today that unless industry "shares increased business with workers," the unemployment problem will not be solved by a business pick-up.

The relief administrator's first assistant, Aubrey Williams, declared that there has been a gain in business, but that speaking generally it has put comparatively few people to work.

Explains Paradox

Asked in an interview to explain this seeming paradox, Williams attributed it primarily to increased efficiency which permits employers to produce more goods than before with fewer men.

"Unless industry is willing to adopt deliberately a policy of sharing increased business with workers," he said, "there is not much hope of the workers getting anything out of a business pick-up."

Rolls Decline

Williams said there had been a drop in the number of people on relief, but he attributed this largely to a "hard-boiled" policy under which the rolls were "combed" of ineligibles.

Latest figures show total persons on all forms of relief dropped from a peak of 20,655,512, of 17 per cent of the total population of the United States, to 16,128,163 in July, or 12 per cent of population. The decline has been gradual since March, which showed a little gain over February.

RAIL COMMISSION

(Continued From Page One)

guilty of misfeasance in office?" Rep. Vernon Lemens of Rainbow asked.

"Yes, and if the investigating committee made the kind of report it ought to make you could impeach them," Alsup answered.

Rep. J. C. Duvall of Fort Worth charged Alsup was unfair in his statements and that his information should have been given to the investigators.

"Do you think there is sufficient evidence for impeachment?" Duvall asked.

"Yes," Alsup replied. "If you give me the power to do it I can prove the facts."

The committee's report was ordered printed in the journal. It formally charged the commission with administration of oil proration laws so inefficient in instances it was "ludicrous."

TEXAS 'NORTHER'

(Continued From Page One)

shattered long standing records.

Growing vegetables and field crops were threatened as far south as northern Kansas and Missouri.

Rains Beneficial

Further to the south general rains were beneficial for the most part, moistening soil in many areas, enough so farmers could begin sowing winter wheat.

Snow flurries fell in Colorado, western Nebraska and eastern Wyoming, grounding planes at Cheyenne.

Oklahoma and Texas reported rains halted cotton picking for the time being and there was some damage to open bolls in Texas.

In Central Texas rains of near cloudburst volume sent Little river out of its banks.

Temperatures were in the high thirties and low forties over most of Kansas and Missouri. Amarillo, Tex., had 42 degrees last night and generally cooler weather prevailed as far south as the gulf of Mexico.

Shoe Department To Be Opened Saturday

E. E. Warwick, a native of Colorado and for the last ten years in the shoe business in Galveston and Houston, is opening a ladies novelty shoe department at the Fashion Corner Saturday. The new department will be modern in every respect, and shoes secured from one of the largest shoe companies in the United States. Ladies novelty shoes, sports, evening shoes, and arch shoes will be sold. Jacqueline shoes are featured.

Mr. Warwick and family reside at 2118 27th street. A daughter, June, is in Dupre school and a son, Edwin Earl, is not of school age. Mr. Warwick is very enthusiastic about the future prospects of Lubbock and will make this city his permanent home.

German Baron Held For Bond Of Entry

EL PASO, Sept. 27 (AP)—Immigration officials here have turned over a desk in their office building to Baron Alexander Von Wuthenau, formerly attache of the German embassy in Washington, to use until he makes bond for his entrance into the United States.

The baron yesterday could cross the Rio Grande from Juarez, Mexico, only as far as the immigration office near the center of the international bridge. He is waiting for New Mexico friends to make bond for his temporary entrance into this country. "Officers have been courteous to me and because of their kindness I have a place I can go on with my work, something I could not have in Juarez," the German said.

Von Wuthenau wishes to visit Santa Fe to complete his study of early Spanish colonization in the southwest.

LEATHER JACKETS AND WARM SWEATERS NOW HAVE AN ADDED MEANING

With the first touch of chill in the air leather jackets and attractive wool sweaters have a decided place in your plans, especially if you are an outdoor man or if you expect to attend the night football games that are now the rule — Here they are—

ZIPPER AND BUTTON FRONT JACKETS IN VARIED LEATHERS

An Unusual value—! A first quality Suede jacket (as illustrated) that has excellent fitting qualities and banded b o t t o m — as illustrated above — priced
Zipper $6.95
Priced with button front $5.95

Another popular jackets is a Pig Grain leather style with sheer back that comes in natural pig, tan and dark brown colors—satin lined—priced
$8.95 and $10.00

Another Button front model in Arabian Suede has a reversed collar and cuffs—in button front style—a short coat style, priced $8.50

Two better garments stand out—one is a Pig grain full length jacket in two button model—with sheered back and sport belted back—the other a calf skin full lined number that comes either button or zipper front—both priced $12.50

TWO NEW SWEATER STYLES THAT HAVE AN ADDED APPEAL

A sweater style that is both practical and decidedly attractive—a Semi Brushed wool yarn in two pocket style with zipper front and in Marrion Navy and grey color—priced $5.00

Another new style sweater has button front and a fancy back—a desirable coat style model made from semi brushed window pane plaid yarns—priced $3.95

didn't become movie stars they had to become something else—salesgirls, book shop girls, waitresses. And sometimes they stayed and married—married insurance salesmen, and restaurant owners, and workers in the studios. So that Hollywood had beautiful wives, too.

Suddenly Jo felt small and unimportant and rather plain. Fragonet had called her a goddess at Crest Lake. But would she be a goddess in Hollywood where there must be thousands of creatures so glorious that the very name Hollywood had come to be synonymous with female beauty and charm?

As if reading her thought, Fragonet leaned forward and said, "Yes . . . the old town has more beautiful women to the square block than any other place on earth. And you're adding something to the average, Jo."

* * *

He dr[illegible] very close and Jo said quickly, "I'm so tired. . . . Really, I think I could sleep for days."

Fragonet laughed. "You can if you want. Hollywood is actually a very quiet little city, Jo. And I know you'll like the apartment I've selected for you. It's right on Wilshire, near Bullock's."

"Are you sure it isn't too expensive?"

"Not at all expensive," he told her lightly. "And anyhow, that's something I don't want you worrying about. I brought you to Hollywood, and I'll see that you get along."

Jo saw no reason to argue the point now. She was extremely tired, and at least she could afford the place long enough to rest up and get her bearings. She had already decided, despite her weariness, that she was going to like Hollywood. She liked the bright blue bowl of sky, the smell of eucalyptus and pepper trees, and the pleasant thrill of seeing palms growing tall and natural. The great wide streets, the tower-like buildings—some in pink and green pastels—were exciting, somehow combining, in a strange way Jo could not explain, the charm of a small town with the energy of a big one.

Fragonet's driver stopped before a tall building, and a uniformed doorman stepped from beneath a gaudy awning to assist Jo from the car. Red-trousered Orientals seemed literally to swarm over the luggage, bearing it in as ants carry a crumb. Fragonet saw Jo to her room, made sure that she was comfortable.

"I want you to drop right to sleep," he told her. "And tonight we'll go to Cocoanut Grove. Right?"

Jo nodded. "I'd like to—if I can really wake up."

"I'll leave a call for you at the desk to be sure you do . . . and I'll come by early. I want you to have dinner with me, too."

When he had gone Jo glanced about the room. Clearly the place was much too expensive. But it was nice. She walked to the window and looked down at Wilshire boulevard, teeming with traffic. Then she lifted her eyes to the foothills beyond, saw a set of white letters so gigantic that she could read them miles away in this room—H-O-L-L-Y-W-O-O-D.

Where Rome can really be built in a day—and torn down in less. Where taxi-drivers may become national idols—and where national idols, if they are not careful, may become taxi-drivers. Where many an unknown girl has found herself, by the unbelievable magic of celluloid and sound, beloved by men in all quarters of the world. But Jo knew, too, that many an unknown girl had plunged into still deeper obscurity in Hollywood. She remembered suddenly of reading how one had leaped to her death from one of those great tall letters which spelled "HOLLYWOOD" on the hillside.

(To Be Continued)

Too Hot-cha For State Fair

The dance routines of artists including Jade Rhodora (above), observed at the 1935 Iowa state fair by State Representative Gustave Alesch of LeMars, led him to warn the fair board not to permit such performances next year. Some of the dancers, the legislator said, "wore not even a court plaster." (Associated Press Photo).

BRIGHT SPOTS

Misfortune

NEW YORK—Peter Daschonowicz, World war veteran, had one compensation for the government's 17-year delay in recognizing his heroism in action near Soissons.

He's out of the army now, and no one bawled him out for having a button on his coat unfastened while Col. Albert S. Williams pinned on the Distinguished Service medal.

All Alike To Him

JACKSON, Mich. — "Where do you lock in?" Captain Fred Boucher asked a bewildered convict at the southern Michigan prison.

"I dunno," came the reply. "All these cells look alike to me."

The prisoner produced his handkerchief, bearing his number, and the prison director solved the "lost" problem.

Didn't Ask Dad

PHILADELPHIA — Charles Edwin Fox, jr., 12, who wanted to be a Boy Scout answered all the questions until he reached the last one.

"And who," asked the examiner with a grin, "is Scout commissioner of Philadelphia?"

The boy racked his brain. No luck.

The answer was, "Charles Edwin Fox, sr."

Young Fox became a Scout anyway.

He "Choosed"

OKLAHOMA CITY — Blind Senator T. P. Gore, who plans to run next year to succeed himself, "watched" the horse races at the Oklahoma State fair, and incidentally picked a couple of winners.

ISLE OF MYSTERY BAFFLES ATTEMPT TO READ HISTORY

PARIS, Sept. 27 (AP)—One of the mysterious statues of Easter Island, weighing six tons, is the principal spoil of the Franco-Belgian expedition, which went out to study the strange ruins of the mysterious Pacific isle, but the riddle of its history is still unread.

The expedition was headed by Dr. A. Metraux, chief of the Argentine Ethnographic Institute at Tucuman, and Dr. Lavachery, director of the Brussels Archeological Museum.

Theory Is Wrong

They claim that the island is, geologically, no older than other Polynesian islands and that the theory of a vanished archipelago is wrong.

The island, they saw definitely, is Polynesian both in language and customs. The present inhabitants, who have dwindled to 456, are undoubtedly the decendants of the sculptors who set up the strange old monuments with which the isle is covered.

The problem of the hieroglyphic writing, however, baffled the expedition. It is held by some authorities to resemble writings found in India, but they found no definite proof one way or the other and, for the present, reserve their judgment.

$1,700 A Month For Elaine

A New York court granted Elaine Prueauff, 14 years old (center) $1,700 a month allowance from her father's estate. Shown with Elaine are her mother, Mrs. Antoinette Perry Prueauff (right) of Denver and her sister, Margaret Perry of the stage. (Associated Press Photo).
