HIGH RIDE—One of the saddle bronc riders, Delbert Hataway, in last night's opening performance of the 21st Annual Scurry County Rodeo is shown above taking a high plunge on his horse. Hataway, a Snyder man, is shown on Little Tom, just before he lost his seat. Three more nights of the fast-action rodeo follow with performances beginning at 8 o'clock each evening. Four Counts Dropped In Segregation Case

KNOXVILLE, Tenn. (AP) — Charges of criminal contempt against four of the defendants in the "Clinton trial," landmark civil rights case, were dismissed today and the defense promptly moved for acquittal of the remaining 11.

The lawyers entered a blanket denial of the government's accusation that ht e deaefnd cnost-n sation that the defendants conspired to violate a federal injunction prohibiting interference with the enrollment of Negro students in Clinton High School last year. government today dropped criminal contempt rharges against four of the 15 defendants in the Clinton segregation trial.

U. S. Dist. Atty. John C. Crawford Jr. at the outset of today's session asked for dismissal of criminal contempt charges against Thomas Sanders, Chris Foust, J. B. Long and J. L. Coley.

"In my opinion the evidence is not sufficient to warrant conviction of these men," Crawford told U. S. Dist. Judge Robert L. Taylor. "Therefore, I move to dismiss the charges against them."

U. S. Dist. Judge Robert L. Taylor agreed.

Crawford then told the court the government rested its case in the history-making nine-day-old trial.

Chief defense counsel Robert L. Dobbs, Memphis, immediately moved for directed verdict of acquittal for the 10 remaining defendants.

Taylor merely nodded his head without committing himself as to what his decision would be.

The statement setting forth reason for the defense motion for dismissal was dictated to the court reporter by Grover S. McLeod of Birmingham.

McLeod's statement asserted, point by point, that the government had not shown evidence to support charges against the defendants.

The statement said "it has not been shown" that the defendants had knowledge or notice of the final injunction issued by Taylor prohibiting interference with integration at the school.

The statement denied that they had entered into any agreement together to violate the injunction, or that they entered into an agreement with Kasper to violate the injunction or to "attack and vilify the Rev. Paul Turner" on Dec. 4, 1956.

Finally, the defense's blanket motion asserted that the U.S. District Court has no jurisdiction over the case.

Rights Vote Planned Monday

WASHINGTON (AP)—Sen. Knowland (R-Calif), who already has proposed toning down the most controversial part of the administration's civil rights bill, said today "other clarifying amendments" undoubtedly will be offered.

Knowland said he expected the Senate to start voting Monday on Section 3 of the bill.

This section would authorize the attorney general to obtain federal court injunctions for the enforcement of civil rights in general.

Now under debate is an amendment to strike out Section 3. If this should be adopted, the new enforcement authority conferred on the attorney general by the bill would be limited to the protection of voting rights.

Knowland is leading a fight by administration forces and Northern Democrats against erasing Section 3. One influential senator said polls indicate a majority of the senate now favors the amendment.

Southern opponents of the bill contend that under Section 3 injunctions could be obtained by the government to force integration of the schools and other public places.

Knowland and Sen. Humphrey (D-Minn) have offered an amendment to Section 3 to repeal an old reconstruction law empowering the President to use troops to carry out court orders in civil rights cases.

The amendment by Knowland and Humphrey was a reply to arguments by Southerners that troops could be use to enforce integration orders.

SPOT MUSE

MAYBE WE'RE isolated, after all. Mrs. T. E. Massingill, 1706 Avenue Q, has received a clipping from San Francisco (that's in California) wherein a youngster said: "A crazy thing happened Sunday night. I received a channel on TV I never saw before and nowhere in the United States of America, as far as I can figure. It was called channel two, KMID Midland-Odessa-Big Spring, and the man giving the news had a big star behind him. Would you please elue me in? Where did it come from and how did I get it on a 20-foot antenna pole?"

THE SAN FRANCISCO (still in California) editor replied as follows: "Your nowhere in the USA is a matter of opinion, since it turned out to be West Texas. KMID is a 100,000 watt NBC-ABC station at Midland, Texas, about 1,300 miles from your set. The star you saw stands for the Lone Star State. You received it because of the change in the ionosphere, off which the TV signals bounce. This is the season for such odd reception."

THE CLIPPING was sent to Mrs. Massingill by her mother, Mrs. L. J. Regelbrugge of Pittsburg. All we can say is, wait till the Midland Chamber of Commerce hears about this.

DO YOU THINK one car families have a rough time of it? This morning a multi-car family head was seen walking to work and accepted a "lift." Ford Caperton, owner of Caperton's Car Lot on the East Highway and owner of more than 40 new and used cars, was caught without transportation from home to the car lot when he went out this morning and found the radio still turned on, and the battery down. His daughter had used the car last night and accidently left the radio playing. Pity the one-car family.

LAURELS ARE in order for Carl Herod, marshal for yesterday's rodeo parade here. He got the parade underway at exactly 6 o'clock, scheduled starting time, and it appeared to have gone off without a hitch anywhere. It was the first Snyder parade of any type in [illegible] Although Tuesday's parade had several more floats and commercial exhibits than usual, it took only about 20 minutes for the whole procession to pass before the several thousand spectators. All parade officials and police officers did an outstanding job of "putting on a good show."

Calf Roping Draws Top Interest Here

More than 100 first night contestants kicked off the 21st annual Scurry County Rodeo here last night before about 5,500 fans with hard-to-beat times and rides.

Rough stock furnished by Goat Mayo of Petrolia promised to give one of the roughest shows in the history of the rodeo.

Probably the greatest interest is in the calf roping contest. Although this is an amateur rodeo, not affiliated with the Rodeo Cowboy Association, it has drawn a number of professionals, especially in calf roping.

Fans saw times under 12 seconds for calf roping during the regular show, but there was one roper, Jack Newton of Abilene, who recorded a time of 10.6 in afternoon roping to lead the field in the first go-round.

The annual rodeo opened with a number of events downtown. First, there was the big parade around the courthouse square, with seven floats, six sheriff's posses, and other groups participating, led by the Snyder High School band.

The $100 first prize for the top float was awarded to the Gay 20s Club; while the Lucky 13 Sports Club took the $65 second prize and Desk & Derrick Club the $35 third prize. The winning float depicted a bull diving at a rodeo clown, while the Lucky 13 was a pair of square dancers made of paper. The Desk & Derrick Club had a large oil well pump surrounded by girls.

The Stonewall County Sheriff's Posse took the trophy as the top riding group, while the Fisher County group was second. Dawson County third, Big Spring Mounted Patrol fourth, and Sweetwater group fifth. The host Scurry County Sheriff's posse treated the visiting groups to a barbecue in Towle Memorial Park before the rodeo.

Just before the parade, the Junior Chamber of Commerce judged the beard contest downtown and awarded pairs of boots to three winners, B. D. McGrady, Snyder, for the most artistic, Travis Beaver, Fluvanna, for ugliest, and Dub Arnold, Union, for longest.

Right behind Newton so far on calf roping are Ed Simms of Post, a left-handed roper, with 11.2, and Jimmy Bird of Post with 11.9. Wade Parmelle of Abilene had a time of 11.0; but his calf was not properly secured.

Last night's results:

Bareback bronc riding — John Farris, Iowa Park, 130; Jimmie Moore, Post, 129; Polly Holler, Guthrie, Okla., 128; also riding their broncs were Ira Bob, Seminole; Randy Johnson, Abilene; and Don Workman, Post.

Calf roping — Jack Newton, Abilene, 10.6; Ed Simms, Post, 11.2; Jimmy Bird, Post, 11.9; Fred Dalby, Aspermont, 12.7; N. A. Pitcock, Aspermont, 12.8; Rube Smith, Gail, 14.5; Bilby Wallace, Claremont, 15.0. Other times during regular show were S. G. Russell, Merkel, 16.4; G. N. Trammell, Aspermont, 16.9; Buck Craft, Post, 21.4; George Frazier, Aspermont, 30.3.

Sponsor contest — Mildred Farris, Iowa Park, 19.7; Pat McDaniel, Abilene, 19.9; Kay Bond, Sweetwater, 20.1; Peggy Sue Jackson, Colorado City, 20.9; Brenda Whitaker, Abilene, 20.5; Rhonda Lee Windborn, Lamesa, 29.0; Judy Simmons, Anson, 21.6; Elizabeth Firtzgerald, Midland, 32.5; Dauna Berryhill, Ballinger, 21.4; Corinie Connell, Snyder, 21.8; Jerry Ann Shirley, Rochester, 21.1; Sissy Smith, Odessa, 22.4; Linda Merriott, Stamford, 21.2; Melinda Bartlett, Anson, 20.8; Pat Merriott, Stamford, 21.2; Sue Fleniken, Crosbyton, 21.9.

Goat sacking—Donald Deere, Snyder, first; Ed Carl Foree, Snyder, second.

Saddle bronc riding—Don Workman, Post, 139; John Farris, Iowa Park, 130; Jay Henricks, Logan, Okla., 130; Jimmie Moore, Post, 128; Cecil Sanders, Breckenridge, 63.

Wild cow milking-Durwood Mickler, Snyder, 17.1; Royce Rodgers, Anson, 21.8; J. D. Rogers, Anson, 29.1; T. W. Fleniken, Crosbyton, 30.3; L. C. Hopper, Fort Worth, 30.8; Tommy Fleniken, Crosbyton, 30.9.

Wild mare race—Jeral Wishert, Snyder, winner of $25 first prize.

Bull riding—Spike West, Levelland, 148; Randy Johnson, Abilene, 143; Steve Nail, Snyder, 140; Jimmie Moore, Post, 139; Norwood Grubbs, Tulia, 137.

Record Budget Is Approved On Roads

AUSTIN (AP)—The Highway Commission approved a record $72,498,650 annual budget yesterday, 9 million dollars above last year's budget.

Higher labor, materials and equipment costs brought about part of the increase, Chairman Marshall Formby said. About half the increase resulted from miles added to Texas roads last year.

Vote On School Aid Is Scheduled

WASHINGTON (AP)—The House Rules Committee today cleared for a House vote next week on the controversial school aid bill.

The measure, backed by the administration, would authorize 1½ billion dollars of grants to states on a matching basis to construct schools. The money would be allotted over a five-year period at the rate of 300 million dollars annually, divided equally on the basis of school-age population and the financial needs of the states.

Last year, after the House voted in an amendment to withhold federal aid from segregated schools. The current bill contains no integration provision, but a move may be made on the House floor to add one.

In addition to the construction grants, the bill would authorize the federal government to purchase up to 750 million dollars of school construction bonds from local districts unable to find a market at reasonable interest rates.

It also would authorize 150 million dollars in advances to reserve funds established by states to help assure payment of state school financing obligations.

President Eisenhower has urged Congress to enact some sort of school construction legislation to help the states catch up on a back log of classroom needs.

Proponents have emphasized that the program is for five years only, and is designed primarily to stimulate the states to increased activity.

Economy and opposition to putting the federal government in a new spending field have been the principal arguments against the measure.

Tech Racial Study Made

DALLAS (AP)—The Dallas News quoted Dr. Herman Greenberg, one of three ousted Texas Tech professors, today as saying he made integration studies on the Tech campus only after 68 of his psychology students voted for such projects.

"I directed the projects as my psychology students gave written tests of 29 questions about integration to 7½ per cent, of the student body chosen at random," he asserted.

Greenberg said 90 per cent of the Tech students polled said they would do their best to accept school integration.

Tech directors in secret session Saturday refused to renew the contracts of Greenburg and Dr. Byron Abernethy. They also abolished the adult education program directed by Dr. Per Stensland.

The action was regarded as a result of liberal political and social view of the professors.

Manpower Cut May Not Reduce Taxes

WASHINGTON (AP)—Don't expect a 200 million dollar tax saving just because the Pentagon is cutting military manpower by 100,000 men.

Rising prices all through the military probably will offset the saving.

In getting President Eisenhower's approval for a reduction of 100,000 from a present authorized manpower level of 2,800,000, Secretary of Defense Wilson said the cutback would make it possible "to reduce by 200 million dollars the funds previously requested" in the fiscal 1958 money bill.

Lung Cancer And Smoking Claim Rapped

WASHINGTON (AP)—Sharply differing opinions on the relationship between cigarette smoking and lung cancer were voiced today before congressional investigators.

Dr. Clarence Cook Little, chairman of the Scientific Advisory Board to the Tobacco Industry Research Committee, testified research findings "disprove a single simple striking cause and effect relationship between cigarette smoking and lung cancer."

Dr. E. Cuyler Hammond, spokesman for the American Cancer Society, testified that in his opinion, "the evidence is overwhelming" that cigarette smoking is one cause of lung cancer.

The testimony opened a hearing by a House Government Operations subcommittee which is interested primarily in advertising claims as to the protection value of filters on cigarettes.

Dr. Little until 1945 was managing director of the American Society for the Control of Cancer, now the American Cancer Society, and in 1954 headed up the tobacco industry's research advisory board.

In a statement prepared for the committee, he said:

"Nonsmokers get lung cancer. The vast majority of heavy smokers never get lung cancer. Obviously, there is no simple cause and effect mechanism resulting from cigarette smoking.

Dr. Little said there are inconsistencies concerning the claimed cause and effect relationship between smoking and lung cancer.

"For example," he said, "per capita consumption of tobacco is much less in England than in the United States while lung cancer incidence is much greater. Similarly cities of the same size in the United States where no local difference in tobacco use is known do have very different rates of lung cancer incidence."

Much of what Dr. Hammond said was based on a publicized report that he and Dr. Daniel Horn made last month to the American Medical Assn.

Before the hearings started, Chairman Blatnik (D-Minn) told facturers may be "kidding" smokers about the effectiveness of filters.

Dr. Hammond reported in these words on an American Cancer Society study of cigarette smoking:

"We found lung cancer death rates to be extremely low among non smokers and high among heavy cigarette smokers, the rates increasing with the amount of cigarette smoking.

"In my opinion the evidence is overwhelming that cigarette smoking is a causative factor of great importance in the occurance of lung cancer. This does not imply that smoking is the only cause of lung cancer."

Dr. Hammond likewise testified that he was of the opinion that "cigarette smoking causes an increase in the death rate from coronary artery disease."

"Our study also indicated that giving up cigarette smoking results in a reduction of the overall death rate," he added.

In advance of today's session, Blatnik told a reporter that smokers presently are paying more than half a million dollars a day extra for filter "protection" — a premium of about two cents per pack.

"This is conservative — it may be as high as $800,000 a day," he added.

Inventory Made Here

Out of almost half a million dollars worth of equipment, a shortage of only $26 was found in the annual inventory of equipment of the Snyder National Guard unit this week.

The inventory, which required three days and nights, was completed last night. A representative of the Texas Adjutant General's office conducted the inventory.

Each unit is allowed several dollars worth of normal shortage, and the shortage here was within that limit.

It is unusual for a unit with the amount of equipment the Snyder unit has to have no more shortage than that in a year's time.

The inventory included every piece of equipment owned by the Guard unit.

One Injured Near Snyder

One man was slightly injured in a two-car accident at 3 p.m. yesterday near the Snyder Cemetery.

He was Ernest Weldon Cox, 32, of Colorado City, who had leg and head injuries and was treated at Battenfield-Jones Hospital.

Cox was driver of a 1951 Cadillac sedan. The other car was a 1957 Ford station wagon driven by Floyd E. Breedlove, 28, of Snyder.

Jim Kinser, highway patrolman who investigated, said both cars were traveling north on Avenue E, just in front of the cemetery, and that Cox's car hit the station wagon at the left rear while attempting to pass.

WEATHER

SNYDER TEMPERATURES: High Wednesday, 101 degrees; low, 68 degrees; reading at 7:30 a.m. today, 73 degrees.

East and South Central Texas—Clear to partly cloudy through Friday with widely scattered afternoon and evening thundershowers mainly near coast. Not much change in temperature.

North Central and West Texas—Clear to partly cloudy through Friday with widely scattered late afternoon and nighttime thunderstorms. Not much change in temperature.

Was It Saucers Or Planes?

Some unidentified flying objects, believed to have been flying saucers, were seen over Lake B. Thomas last night by two city of Snyder employes fishing there.

Gerald Brown, meter repairman, and Jerry Permenter, city water meter reader, reported seeing the flying objects over the lake for several minutes.

Both men agreed that they saw the same phenomeon.

Brown and Permenter said at first the strange sight was two round, bright orange balls over the northwest corner of the lake.

They flew east, then seemed to merge into one object and hovered over the lake, then suddenly split into five different objects," Permenter said.

One of the five new objects went straight up and the other four went in a southerly direction, all traveling at a very high rate of speed, they said.

During the same period of last night an American Airline pilot had to throw his plane with 83 persons aboard into a sudden dive to avoid collision with an unidentified plane over Salt Flat, Texas, about 200 miles west of Lake Thomas.

Several Snyderites reported seeing five planes whose lights looked like five stars moving along north of Snyder.

WINNING FLOAT—A rodeo steer lunging his horns at a clown won first place in the float contest in the Annual Scurry County Rodeo parade at 6 o'clock yesterday afternoon. First prize of $100 went to the Gay 20 Girls Club, for the float above. Second prize of $65 went to the Lucky 13 Girl's Club for that club's entry of a float bearing a tissue-paper square dancing couple, and the third prize of $35 went to the Desk & Derrick Club for its float with an oil pumping unit surrounded by pretty members of the club, and with one member riding a saddle atop the 18-foot high pump jack. (Lee Watson photograph)

Three Wells In Scurry Finaled

Three field producers have been completed in Scurry County, one of them an old well plugged back to a new pay.

The plug back operations is Felmont Oil Corp. No 3 C. T. McLaughlin, Section 179, Block 97, H&TC Survey, in the Diamond M (San Andres) Field. Daily potential was 58.96 barrels of 30 gravity oil, pumping from perforations at 2,360-2,380 feet. Formation was fractured.

Finaled in the Revilo (Glorieta) Field was Southern Petroleum Exploration, Inc., No. 4-A Shannon, Section 333, Block 97, H&TC Survey. Daily potential was 114 barrels of 38 gravity oil plus 10 per cent water, pumping from open hole at 2,684-2,740 feet. Top of pay was 2,700 feet. Formation was fractured and treated with 1,500 gallons of acid.

A new well in the Sharon Ridge (1,700) Field is Prater, Coffield and Guthrie No. 9 E. B. Bolding, Section 193, Block 3, H&GN Survey. It pumped 72.50 barrels of 30 gravity oil in 24 hours from open hole at 1,622-1,684 feet. Pay was topped at 1,622 feet. Pay was treated with 500 gallons of acid.

FISHER COUNTY

Continental Oil Co. staked two locations 10 miles west of Hamlin, Fisher County, in the Round Top (Swastika) Field.

Both are on the Sohio-Coates, et al. lease and slated for 4,000 feet with rotary. No. 10 is 330 feet from the south and 2,300 feet from the west lines of Section 9, Block R, W. F. Richardson Survey. Site for No. 11 is 1,263 feet from the south and 1,400 feet from the west lines of Section 9.

Callihan Interests, Inc., et al., of Abilene No. 2-B Rob A. Smith, Lot 17, Edward Miles Survey 219, was completed. Location is 10 miles northeast of Eskota in the Raven Creek Canyon Sand Field.

Daily potential was 148.38 barrels of 41 gravity oil and 15 per cent water. It is pumping from 60 perforations at 4,168-77 and at 4,186-92 feet. Casing is set on bottom at 4,245 feet.

HOWARD COUNTY

Pearson-Sibert Oil Co. of Texas, operating from Midland, staked four new projects in Howard County's Moore Field five miles southwest of Big Spring. All are slated for 3,300 feet with rotary and are in Section 28, Block 33, T-1-S, T&P Survey.

No. 5 Barnett spots 1,650 feet from the north and west lines of Section 28. No. 6 will be 1,750 feet from the north and 330 feet from the west lines. No. 7 spots 2,310 feet from the north and west lines. No. 8 will be 2,310 feet from the north and 990 feet from the west lines.

NOLAN COUNTY

Foree Drilling Co. of Dallas No. 1 Wight Estate will be a 4,500-foot rotary test six miles south of Sweetwater. Drillsite is 467 feet from the south and east lines of section 83, block 22, T&P survey.

R. J. Caraway of Dallas has spotted his No. 2 R. F. English as a 4,400 foot rotary wildcat four miles west of Blackwell. It is located 330 feet from the north and west lines of section 247, block 1-A, H&TC survey.

C. L. McMahon of Tyler No. 7 Lance Sears, is a new 7,100 foot rotary projects in the Nena Lucia (Strawn Reef) Field five miles west of Maryneal. It is 660 feet from the south and 467 feet from the west lines of section 178, block 1-A, H&TC survey.

HOSPITAL NOTES

The following admissions and dismissals at the two Snyder hospitals are only those whose names have been released by the hospitals.

BATTENFIELD-JONES

ADMISSIONS — C. E. Patton, 1005 Twenty-fourth Street; Stephen Haloman, route 3; James Harrison, Sr., Box 1285; E. H. Craig, 2704 Avenue O; Mary Plumlee, 1806 Twenty-seventh Street; Rev. J. H. Owens, 1809 Avenue S; Mrs. Laverne Allen, 318 Twenty-eighth Street; David Bailey, Clairemont Route; Mrs. E. A. Smoot, 2806 Avenue K.

DISMISSALS — Mrs. O. O. Pollard, Dermott; Mrs. John Wemken, Box 522, Hermleigh.

COGDELL MEMORIAL

ADMISSIONS — Mary Bell Cary, Knapp; Ernest L. Cogdell, route 2; Evelyn Boone, 3105 Forty-first Street; Marvene Blalock, 606 Thirty-third Street; Bonita Lee Thompson, route 3; Steve Lantrip, 3728 Austin; Margaret Ann Clark, route 1; Geneva Williamson, 3103 Austin; Jimmy Thomas, 804 Twenty-sixth Street; Maxine Lewis, 412 Twenty-ninth Street; Mike Graves, route 3.

DISMISSALS — Pauline Volvin, 3713 Rose Circle; Guy Richardson, Big Spring; Joe Stroud, Snyder; Gloria Harmes, Ira; Neva Moffett, route 2; Myrtle Johnston, Box 82; Connie Cochran, route 1.

Cat Thieves Go To Jail

LONDON (AP)—A man and his wife and brother were sent to jail today for six months for thinning out the cat population of southeast London on a business basis.

A magistrate's court convicted them on theft charges after hearing testimony that they had stolen about 720 cats in a year and sold them to a dealer for 12 shillings ($1.75) each. The prosecutor gave this account to the court:

Raymond Cyril Hardings, 26, a cook, his wife, Diana Henrietta, 24, and his brother, Alfred, 29, a baker, drove slowly along the streets at night picking up cats and stuffing them into bags. They always brought them to the same dealer and understood the dealer sold the cats to hospitals for vivisection.

Police quoted Alfred as saying: "I suppose you could say we did it for money. We got 12 shillings 6 pence each for them from a dealer. After a time I forgot they were cats, and all I saw was 12 shillings 6 pence on 4 legs."

Vital Statistics On Archery Are Given

VALLEY FORGE, Pa. (AP)—One of the most popular sports at the Fourth National Boy Scout Jamboree is archery, and the man who has been instructing scouts in this art for over 25 years came up today with some staggering statistics.

Clayton B. Shenk, of Lancaster, Pa., said that so far at this encampment he has taught a total of 13,000 boys, and that in all 78,000 arrows have been sped to the target.

"Best of all," he said, "we haven't had a single mishap."

SCURRY SHERIFF'S POSSE—Part of the members of the newly organized Scurry County Sheriff's Posse are pictured above just prior to the parade here yesterday afternoon. The group was host to visiting posses from surrounding counties here for the parade and a barbecue in Towle Memorial Park pavilion last night. (Lee Watson photograph)

Public Records

BUILDING PERMITS

Bob Parks & Sons, 2701 Thirty-fifth Street, residence, $30,000.

MARRIAGE LICENSES ISSUED

Fredrick Sharpe, 20, 218 Twenty-ninth Street, and Mary Nell Payne, 21, 3804 Muriel Drive.

DIVORCES GRANTED

Nora Frances Lankford vs. K. D. Lankford.

Frances Mathis vs. James Mathis.

WARRANTY DEEDS RECORDED

Mr. and Mrs. Benjamin F. Maddox to Mr. and Mrs. O. A. McAlister, lot 6, block 2, Davis subdivision of block 71, Grayum & Nelson second addition.

NEW VEHICLES REGISTERED

Canyon Electric Co. from Bill Wilson Motor Co., 1957 Ford pickup.

Weldon Perry from Lamb Chevrolet Co., 1957 Chevrolet station wagon.

Jones Laundry Supply Co. from Bill Wilson Motor Co., 1957 Ford pickup.

James W. Hudgins from O. V. Lashaway Trailer Sales, 1957 Nashua housetrailer.

Travis Cox from Bill Wilson Motor Co., 1957 Ford four-door.

Four Die In Plane Crash

ABILENE (AP)—A B47 Stratojet bomber crashed into a creek, exploded and burned last night, killing its four crewmen.

The fire was visible 15 miles away.

The ship crashed into Little Elm Creek, south of the runway at Dyess Air Force Base. Air Police blocked off roads near the crash scene and refused to allow reporters into the area.

Names were withheld.

Col. Harry Kelliher said the plane was on a training mission.

The Air Force said today those killed were Maj. William Price, 40, of Bastrop, commander of the plane; Capt. Coleman Adams, 35, of Carrolton, Mo., the pilot; Lt. Frank Kelly, 24, of Washington, and Sgt. William Burdette Jr., 23, of Talladega, Ala., crew chief.

Kelly was married in May. The others are survived by their widows and at least one child.

Crop Being Lost

MEXICO CITY (AP)—Lack of cotton pickers is ruining a 400 million peso bumper crop in Mexico's Lower Rio Grande Valley, the newspaper Excelsior said yesterday. Many eligible farm workers are going to Texas for better pay. The newspaper said the only solution is for Mexican farmers to pay more.

Charges To Be Aired In Union Dispute

WASHINGTON (AP)—The AFL-CIO Ethical Practices Committee today called new hearings on charges that the Teamsters and Bakers unions are corruptly dominated.

Al G. Hayes, chairman of the group, set July 31 as the date for hearing charges against the Bakers, and Aug. 1 to air accusations against the Teamsters.

Ouster of the two unions from the federation is the ultimate penalty for corrupt domination but it is believed AFL-CIO leaders are trying to encourage the unions to eliminate leaders questioned in testimony before the Senate Rackets Committee so that unions themselves can remain in the AFL-CIO.

The Senate Rackets Investigating Committee ended hearings yesterday into activities of Bakers Union President James Cross. He refused to take a lie detector test as proposed by union rivals and told the senators Cross helped beat up a union officer and his wife.

The AFL-CIO has ousted Teamsters President Dave Beck as a federation vice president and executive councilman. Beck still is at the head of the Teamsters Union. A number of other Teamsters officials have been questioned in Senate committee hearings on alleged mishandling of union funds.

It is believed the ethical practices group wants to finish up the hearings here on the Teamsters and Bakers unions to have at least preliminary findings ready for a meeting of the powerful AFL-CIO Executive Council Aug. 11 in Chicago.

The council is expected to spur the two unions into cleanup activities.

TODAY'S MARKETS

FORT WORTH (AP)—Hogs 400, steady; choice 21.50-21.75.

Sheep 800, steady; good and choice spring lambs 19.00-20.00; feeders 17.00 down; good to choice yearling wethers 16.00-17.50; ewes 7.00-8.00.

Cattle 1,800; calves 400; good to choice steers, heifers 20.00-23.50; common to medium 14.00-19.00; fat cows 13.50-15.50; good and choice calves 19.00-22.00; medium and lower 11.00-18.00; good and choice stock steer calves 20.00-24.00; steer yearlings 22.00 down.

AUSTIN (AP) — Poultry steady. All areas 2-3¼ lb 22, except Corsicana 23.

NEW YORK (AP)—Cotton was 40 to 80 cents a bale lower at noon today. October 34.85, December 34.92, March 34.96.

CHICAGO (AP) — Butter 1,306,000; eggs 8,200; unchanged.

Activity on the stock exchanges in New York yesterday included the following:

	High	Low	Close	Change
Cont. Oil	68¼	67¾	68	
Conoco	23⅞	23¾	23¾	up ⅛
Gulf Oil	145¼	144½	145	off ¾
Halliburton	78½	78	78	off 1⅛
Humble Oil	64¾	64½	64¾	
Monsanto	39	38¾	38¾	off ⅛
Phillips	47¾	47	47¼	off ⅜
Socony	63⅜	62½	62¾	off 1⅛
Std. N. J.	67	66¾	66¾	off ⅜
Sun Oil	76¾	76¼	76¼	
Sunray	29⅝	27¾	27¾	off 1⅛
Texas Co.	74¼	73¼	73¼	

NEW YORK (AP)—The stock market opened mixed with a trend to the upside today. Changes were from fractions to around a point.

General Motors was off ⅛ at 46⅝, Santa Fe off ⅛ at 25¼, AT&T unchanged at 174½, U.S. Steel up ⅛ at 70, General Electric off ⅛ at 78 and Royal Dutch unchanged at 57¼.

Union Carbide and Kennecott lost fractions. Slightly ahead were Anaconda and Bethlehem Steel.

Medical Officers

HOUSTON (AP)—Dr. Herbert Harris of Houston will succeed Dr. Charles Reece, also of Houston, next year as president of the Postgraduate Medical Assembly of South Texas. Dr. James Ivers of Beaumont was elected vice president and Drs. John Nagivney of Galveston, Buford Barr of Beaumont and Milton Self of Beaumont, directors.

Diplomatic Shakeup Is About Over

WASHINGTON (AP)—The Eisenhower administration has now completed a sweeping diplomatic shakeup which has involved naming 31 new ambassadors in the past six months.

Hundreds of lower-echelon diplomats also have been shifted as part of the worldwide reshuffle which coincided with the beginning of President Eisenhower's second term.

The shakeup has left but five career diplomats heading embassies in Western Europe — an all-time diplomatic low.

The total number of career service ambassadors remains about the same as in Eisenhower's first term, however, with many assigned in the Far East and Latin America.

Political appointees now serve as ambassadors in 11 West European nations including Germany, Britain, France and Italy.

One-third of the 78 diplomatic missions the United States maintains overseas are now led by non-career men, mostly former Republican office holders and businessmen.

Two democrats have been given top diplomatic jobs. They are David Bruce, ambassador to West Germany, and Ellsworth Bunker, former Red Cross president who now is ambassador to India.

State Department officials said the shakeup now can be considered over, with only the American Legation post in Hungary vacant because of differences with Hungarian Communist puppet regime.

Political appointees, they said, head all major overseas embassies except in Russia and Japan.

EN ROUTE TO MEXICO CITY—Ten new Flexible buses are shown above surrounding the Pal-O-Mar Cortel in east Snyder this morning before continuing their delivery trip to Mexico City. The convoy drivers spent last night at the Pal-O-Mar here. J. Ralph Tschantz, export sales manager for the Flexible Co. of Londonville, Ohio, said the new buses will be added to the Juarez-Mexico City run. (Lee Watson photograph)

Son Of Snyderites Dies In Hospital

Stephen Wayne Holamon, 6, son of Mr. and Mrs. C. L. Holamon, Route Three, died at 10 a.m. today in the Battenfield-Jones Hospital.

Funeral arrangements were pending at the Bolger Funeral Home.

In addition to the parents, survivors include two sisters, Shayron, 8, and Donna Sue Holamon, 4; the maternal grandfather, Theodore Risse of Owensboro, Ky., and the paternal grandmother, Mrs. Ada Holamon of Rising Star.

Dies In Jet Crash

DENISON, Tex. (AP)—Lt. James Elkins, 27, of Coeur d'Alene, Idaho, was killed yesterday when his jet crashed and burned shortly after taking off from Perrin Air Base.

BIRTHS

Mr. and Mrs. Price Pool, Box 784, are parents of a seven-pound, seven-ounce son, born at 9:35 a.m. Wednesday in Cogdell Memorial Hospital.

A son weighing eight pounds, seven ounces was born Monday morning in Cogdell Memorial Hospital to Mr. and Mrs. Richard Hardin, 3206 Hill Avenue.

Mouse Gets Dipner

OAKVILLE, Ont. (AP) — Warehouse worker Bob McCue made his customary visit last night to a corner of the warehouse being used as a nursery by an alley cat and her five new kittens. The cat lay complacently feeding her young ones. She apparently didn't know a 1-inch field mouse was at the dinner table.

WOMEN

FOR GOOD EATING

BARBECUE SNACK PARTY

Such a good dip for those franks you grill outdoors.

Grilled Franks
Betty's Dip
Hamburgers on Toasted Buns
Relish and Salad Platters
Watermelon
Beverage

BETTY'S DIP

Ingredients: 1 tumbler (8 ounces) currant jelly, 1 jar (6 ounces) Bahama-type mustard, 2 tablespoons Worcestershire sauce, 2 tablespoons American-type soy sauce, grilled frankfurters.

Method: Empty the currant jelly and mustard into a small saucepan; add Worcestershire sauce and soy sauce. Stir over moderately low heat until jelly melts and ingredients combine. Serve warm with grilled frankfurters. Use the miniature-size franks if you can get them; if not cut regular size franks into thirds crosswise.

DIVIDING ESTATES

The death of an intestate person (one who has made no will) may give rise to many problems regarding distribution of his separate estate. In the preceding column we investigated the manner of dividing the community estate upon the death of a husband or wife. Now we shall see that, where separate property is involved, a completely different set of rules applies in determining heirship and apportioning the estate among the rightful claimants.

It may be well to recall that the separate estate of a husband or wife includes property owned by either before marriage, and that which is acquired after marriage by gift or inheritance. Any other property acquired after marriage is presumed by law to be community property until the contrary is clealy proved.

Now, here is a general idea as to how your separate property will be divided if you do not make a will with contrary provisions prior to your death.

If your husband or wife survives and if, in addition, there are surviving children or descendants of previously deceased children, the children and their descendants immediately obtain a full (fee) title in two-thirds of the real estate involved. The surviving spouse receives a life interest in the remaining one-third of the real property, which passes on to the children and their descendants upon the death of the spouse.

The rule for distributing personal proprty—cash, stocks, bonds, furniture, or any other items not constituting real estate—is different. Here the surviving spouse gets full ownership of one-third, and the children and their descendants inherit the balance.

Now suppose your husband or wife survives, but there are no surviving children or their descendants. In this case the surviving spouse inherits all of the personal property involved.

With regard to real estate, the survivor obtains full title to one-half, and the other half is divided between your mother and father, if both survive you. If only one of them survives, he or she receives only half of this portion, and the other half (or one-fourth of the entire real estate) will be divided among your brothers and sisters (and their descendants) who survive. If there are no surviving brothers and sisters and their descendants, then the one surviving parent inherits the full one-half.

Where no parent survives, but there are brothers and sisters and descendants, the full one-half is divided among these survivors.

And, if there are no parents or brothers and sisters (and their descendnats) surviving, then the surviving husband or wife inherits all of the real estate.

(This column, prepared by the State Bar of Texas, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who is fully advised concerning the facts involved, because a slight variance in facts may change the application of the law.)

Passport Is Precious To Many People

By JANE EADS

WASHINGTON — There is no more precious document in the world today that an American passport, or a certificate attesting to an individual's registration as an American citizen, says Frances G. Knight, head of U.S. Passport Office.

While emphasis is given to better known functions of the office, namely the processing and issuance of passports, Miss Knight says an equally important function is the settling of nationality and citizenship cases of persons who reside abroad and claim American nationality.

Since World Warr II, the complexities in the field of citizenship and nationality have increased. In 1940 there were only two ways under then existing legislation by which an individual could lose American citizenship. Since 1940, through the enactment of subsequent congressional legislation, there are now approximately 16 ways to lose it.

In addition to establishing nationality and citizenship claims of American's who reside abroad, the department handles complicated cases involving claims that have to be settled in accordance with the Immigration and Nationality Act, or prior laws, treaties and regulations.

"We adjudicate cases where naturalized citizens request our help in casting off their foreign citizenship," Miss Knight explained. "Some of them may be faced with induction into foreign armies, trial and imprisonment for military delinquency, or payment of taxes in lieu of foreign military service. We assist them by making formal or informal representations to foreign governments."

The office also records birth reports of children born abroad of an American parent or parents. These are prepared in the consular offices and sent to the Passport Office for review and official recording. The office maintains these records and furnishes certification on them when requested. A report of this kind is a basic citizenship document, Miss Knight explains.

Certificates of nationality in the cases of native American citizens for use by them in judicial or administrative proceedings in foreign states are also issued. Consular certificates of Witness to Marriage, often cited for the purpose of proving the marriage of an American overseas, are received and maintained by the office.

Wear With Confidence

THIS smart afternoon frock takes you everyplace all summer with complete assurance. The rounded yoke can be made in monotone, or contrast.

No. 1570 with PHOTO-GUIDE is in sizes 12, 14, 16, 18, 20. Size 14, 32 bust, monotone, 3½ yards of 35-inch.

Send 35c in coins for this pattern to IRIS LANE, care of Snyder Daily News, Box 438, Midtown Station, New York 18, N. Y.

Library Wall Must Really Be Invisible

NEW BRUNSWICK, N.J. (AP)—Jay C. Van Nuys, an architect, suffered minor cuts of the hand when he walked through a plate glass wall at Rutgers University.

The wall, which apparently succeeds in being "invisible," is part of the university's ultramodern library.

Van Nuys is the second person in three months to miss seeing the wall. The last time, a young lady suffered minor cuts.

More Of Wall Stolen

WARWICK, R.I. (AP)—Floyd Howe of Major Potter Road who told police earlier in the week that a 100-foot section of the wall at his summer home had been stolen, made another call last night to report additional stones were gone.

[illegible] grated onion [illegible] both help to enliven a salad dressing.

SUNPROOF FURNITURE—Outdoor accessories are now made of weatherproof nylonite. This is a spring leaf pattern, one of many.

FOR OUTDOOR LIVING

Special Decor Is Needed

By VIVIAN BROWN
AP Newsfeatures Writer

OUTDOOR LIVING requires special decor.

The sky is your ceiling, the lawn your carpet, the flowers lend motif just as your wallpaper does inside. These things should be kept in mind when you choose outdoor furniture if you want to make an impression as an amateur decorator.

An outdoor deck built of redwood for instance, will require different accessories than a flag-stone terrace setting. The lawn may be flattered by more colorful furniture than that used on screened-in porch.

Some people add to their outdoor furniture throughout the summer, and if purchased at sales, often these pieces do not match accessories they've been using.

Pick a Theme

An open wood deck looks better furnished in rugged pieces—inexpensive Adirondack-type chairs or redwood accessories—sawbuck tables, benches, chaises. The screened porch may be highlighted by wicker and rattan. A covered terrace may use white yachting chairs a variety of metals including brass and wrought iron.

We get colorful on the lawn where nature has provided brilliant greenery and floral hues. Ditto at the beach where sand and sky combine to invite color onto the terrace. New outdoor umbrellas and furniture so at home in these areas require less care than formerly. New weatherproof nylonite, a lamination of nylon and vinyl plastic, resists [illegible] and summer heat, keeping cushions and fabric cool. It may be wiped clean with a damp cloth, is resilient and resists cracking, mildew, peeling and soiling.

The fabric available in upholstery for casual furniture, circular umbrella table cloth and cushions is in vibrant floral patterns, metallic prints, solid colors and textured effects.

Don't Forget Food

When entertaining outdoors where the more colorful hues are used, you must take into consideration your menu. Food is important to your accessories. A garnish ensemble in umbrella and table cloth, plus jazzed up foods, may take away the appetite of your guests. Nothing will deaden the appetite faster than lukewarm "iced" tea. Sure the pitcher may be pretty, but what good is it if the lemonade is warm. Keep iced beverages cool by bringing the ice bucket to the table.

Serve salad as chef do—on a bed of ice using two bowls, one inside the other.

Steak should be served hot—as soon as cooked or off a warming appliance. Thermo trays will keep first-cooked foods at a perfect 200 degrees while the meat broils. If you have an electric outlet you may use the thermo tray conveniently in the garden as well as on the screened-in porch, patio or open deck.

Catch Admiring Glances

Add a touch of beauty to your appearance in or out of the kitchen with this lovely pansy-trimmed apron. No. 123 has tissue; hot-iron transfer; color chart; finishing directions.

Send 25 cents in coins for this pattern to MARTHA MADISON, care of Snyder Daily News, Box 438, Midtown Station, New York 18, N.Y.

Order of the Eastern Star will meet at Masonic Hall, 8 p.m.

FRIDAY

Duplicate Bridge at Country Club, 9:30 a.m.

Standing Room Only At Courthouse Square

WARRENTON, Ga. (AP) — It's standing room only today for Courthouse Square loungers in this east Georgia town because somebody stole two benches that were the favorite roosting places for folks with nothing to do.

A debate is on over whether the theft was the work of pranksters. Some feel, however, that the benches were removed in a careful plan to do away with "Courthouse Square farmers," noted for their endless talk.

Truck Breaks Loose

GUTHRIE, Okla. (AP)—A truck loaded with onions broke loose without a driver and careened down a business district hill here Tuesday, causing pedestrians and motorists to do some fast dodging.

WHAT'S GOING ON

COLLEEN SOLE, daughter of MR. AND MRS. ADAM SOLE, Arah Route, has returned from a two-weeks visited with SONYA BOYTS, daughter of PAT BOYTS, at their beach home in Boliver. They went deep sea fishing on the CLAUDE WILLIAMS Yacht of Houston, going to the coral reef to fish for red snapper and to troll for game fish.

• • •

GEORGE SOLE of Rogers has been visiting in the home of MR. AND MRS. ADAM SOLE and in the CHESTER SOLE home.

Local League Holds Coffee

Mrs. Frank LeFeuvre, membership chairman for the pre-provisional League of Women Voters, was hostess at a coffee in her home Tuesday morning.

This was the first of several such coffees planned for new members, as well as prospective members. The aims and policies of the League were discussed and a recording titled "A Rising Sun, Not A Setting Sun" by Mrs. George Lee, National President, was heard.

League members attending were Mrs. Ike Dolen Sr., Mrs. Sterling Williams, Mrs. H. C. Lowry and Miss Allene Curry.

Miss Marylan Moore Is Honored At Bridal Tea

CANYON—Marylan Moore was honored recently with a bridal tea in the home of Mrs. Clifton Thomas.

Miss Moore is the bride-elect of Coy Lee of Eden.

In the receiving line with the honoree were Dianne Kerley who introduced the guests, Mrs. Grady Moore, mother of the bride-elect, Mrs. John Lee of Eden, mother of the groom-to-be, and Mrs. Mattie Fisher, grandmother of the bride-elect.

A white corsage was presented each guest upon arrival.

Mrs. John Echols of Big Spring was at the guest register. Mrs. Lewis of Ira played background music and reading were given by Judy Thomas and Mrs. Manley Burrow. Garden flowers were used in decoration of display rooms.

The honoree's chosen colors of blue and white were carried out in decorations of the serving table, which was covered with a white linen cloth, centered with an arrangement of white shasta daisies in a blue bowl. Tied at intervals along the edge of the cloth were blue satin love notes. Lighted candles completed the serving table.

Plate favors were miniature rice bags of blue net tied with a blue ribbon.

Mrs. Eugene Maupin was at the punch bowl and Mrs. Bill Labenske served cake. Judy Thomas and Jean Fisher served the guests.

Hostesses for the event were Mrs. Orville Taylor, Mrs. Manley Burrow, Mrs. Ed Taylor, Mrs. Bruce Kerley, Mrs. Sam Martin, Mrs. Jim Stirling, Mrs. Eugene Maupin, Mrs. Bill Labenske and Mrs. Clifton Thomas.

Approximately 40 guests attended.

NEWS FROM CUTHBERT

By JULIA GUNN

Mr. and Mrs. Page Cleavenger are announcing the birth of a daughter July 13 in Root Memorial Hospital at Colorado City.

Three Wells In Scurry Finaled

Three field producers have been completed in Scurry County, one of them an old well plugged back to a new pay.

The plug back operations is Felmont Oil Corp. No 3 C. T. McLaughlin, Section 179, Block 97, H&TC Survey, in he Diamond M (San Andres) Field. Daily potential was 58.96 barrels of 30 gravity oil, pumping from perforations at 2,360-2,380 feet. Formation was fractured.

Finaled in the Revilo (Glorieta) Field was Southern Petroleum Exploration, Inc., No. 4-A Shannon, Section 333, Block 97, H&TC Survey. Daily potential was 114 barrels of 38 gravity oil plus 10 per cent water, pumping from open hole at 2,684-2,740 feet. Top of pay was 2,700 feet. Formation was fractured and treated with 1,500 gallons of acid.

A new well in the Sharon Ridge (1,700') Field is Prater, Coffield and Guthrie No. 9 E. B. Bolding, Section 193, Block 3, H&GN Survey. It pumped 72.50 barrels of 30 gravity oil in 24 hours from open hole at 1,622-1,684 feet. Pay was topped at 1,622 feet. Pay was treated with 500 gallons of acid.

FISHER COUNTY

Continental Oil Co. staked two locations 10 miles west of Hamlin, Fisher County, in the Round Top (Swastika) Field.

Both are on the Sohio-Coates, et al., lease and slated for 4,000 feet with rotary. No. 10 is 330 feet from the south and 2,300 feet from the west lines of Section 9, Block R, W. B. Richardson Survey. Site for No. 11 is 1,263 feet from the south and 1,400 feet from the west lines of Section 9.

Callihan Interests, Inc. et al, of Abilene No. 2-B Rex A. Smith Lot 17, Edward Miles Survey 219, was completed. Location is 10 miles northeast of Eskota in the Raven Creek Canyon Sand Field.

Daily potential was 148.38 barrels of 41 gravity oil and 15 per cent water. It is pumping from 60 perforations at 4,168-77 and at 4,186-92 feet. Casing is set on bottom at 4,245 feet.

HOWARD COUNTY

Pearson-Sibert Oil Co. of Texas, operating from Midland, staked four new projects in Howard County's Moore Field five miles southwest of Big Spring. All are slated for 3,300 feet with rotary and are in Section 28, Block 33, T-1-S, T&P Survey.

No. 5 Barnett spots 1,650 feet from the north and west lines of Section 28. No. 6 will be 1,750 feet from the north and 330 feet from the west lines. No. 7 spots 2,310 feet from the north and west lines.

No. 8 will be 2,310 feet from the north and 990 feet from the west lines.

NOLAN COUNTY

Foree Drilling Co. of Dallas No. 1 Wight Estate will be a 4,500 foot rotary test six miles south of Sweetwater. Drillsite is 467 feet from the south and east lines of section 83, block 22, T&P survey.

R. J. Caraway of Dallas has spotted his No. 2 R. F. English as a 4,400 foot rotary wildcat four miles west of Blackwell. It is located 330 feet from the north and west lines of section 247, block 1-A, H&TC survey.

C. L. McMahon of Tyler No. 7 Lance Sears, is a new 7,100 foot rotary projects in the Nena Lucia (Strawn Reef) Field five miles west of Maryneal. It is 660 feet from the south and 467 feet from the west lines of section 178, block 1-A, H&TC survey.

HOSPITAL NOTES

The following admissions and dismissals at the two Snyder hospitals are only those whose names have been released by the hospitals.

BATTENFIELD-JONES

ADMISSIONS — C. E. Patton, 1005 Twenty-fourth Street; Stephen Haloman, route 3; James Harrison, Sr., Box 1285; E. H. Craig, 2704 Avenue O; Mary Plumlee, 1806 Twenty-seventh Street; Rev. J. H. Owens, 1809 Avenue S; Mrs. Laverne Allen, 318 Twenty-eighth Street; David Bailey, Clairemont Route; Mrs. B. A. Smoot, 2806 Avenue K.

DISMISSALS — Mrs. O. O. Pollard, Dermott; Mrs. John Wemken, Box 522, Hermleigh.

COGDELL MEMORIAL

ADMISSIONS — Mary Bell Cary, Knapp; Ernest L. Cogdell, route 2; Evelyn Boone, 3105 Forty-first Street; Marvene Blalock, 606 Thirty-third Street; Bonita Lee Thompson, route 3; Steve Lantrip, 3728 Austin; Margaret Ann Clark, route 1; Geneva Williamson, 3103 Austin; Jimmy Thomas, 804 Twenty-sixth Street; Maxine Lewis, 412 Twenty-ninth Street; Mike Graves, route 3.

DISMISSALS — Pauline Volvin, 3713 Rose Circle; Guy Richardson, Big Spring; Joe Stroud, Snyder; Gloria Harmes, Ira; Neva Moffett, route 2; Myrtle Johnston, Box 82; Connie Cochran, route 1.

Cat Thieves Go To Jail

LONDON (AP)—A man and his wife and brother were sent to jail today for six months for thinning out the cat population of southeast London on a business basis.

A magistrate's court convicted them on their own evidence, hearing testimony that they had stolen about 720 cats in a year and sold them to a dealer for 4s 3d (about 57.85) each. The prosecution gave this account to the court:

Raymond Cyril Hardings, 26, a cook; his wife, Diana Henrietta, 24, and his brother, Alfred, 29, a baker, drove slowly along the streets at night picking up cats and stuffing them into bags. They always brought them to the same dealer and understood the dealer sold the cats to hospitals for vivisection.

Police quoted Alfred as saying: "I suppose you could say we did it for money. We got 12 shillings 6 pence each for them from a dealer. After a time I forgot they were cats, and all I saw was 12 shillings 6 pence on 4 legs."

Vital Statistics On Archery Are Given

VALLEY FORGE, Pa. (AP)—One of the most popular sports at the Fourth National Boy Scout Jamboree is archery, and the man who has been instructing scouts in this art for over 25 years came up today with some staggering statistics.

Clayton B. Shenk, of Lancaster, Pa., said that so far at this encampment he has taught a total of 13,000 boys, and that in all 78,000 arrows have been sped to the target.

"Best of all," he said, "we haven't had a single mishap."

Four Die In Plane Crash

ABILENE (AP)—A B47 Stratojet bomber crashed into a creek, exploded and burned last night, killing its four crewmen.

The fire was visible 15 miles away.

The ship crashed into Little Elm Creek, south of the runway at Dyess Air Force Base. Air Police blocked off roads near the crash scene and refused to allow reporters into the area.

Names of crewmen withheld.

Col. Harry Kelliher said the plane was on a training mission.

The Air Force said today those killed were Maj. William Price, 40, of Bastrop, commander of the plane; Capt. Coleman Adams, 35, of Carrolton, Mo., the pilot; Lt. Frank Kelly, 24, of Washington; and Sgt. William Burdette Jr., 23, of Talladega, Ala., crew chief.

Kelly was married in May. The others are survived by their widows and at least one child.

Crop Being Lost

MEXICO CITY (AP)—Lack of cotton pickers is ruining a 400 million peso bumper crop in Mexico's Lower Rio Grande Valley, the newspaper Excelsior said yesterday. Many eligible farm workers are going to Texas for better pay. The newspaper said the only solution is for Mexican farmers to pay more.

Charges To Be Aired In Union Dispute

WASHINGTON (AP)—The AFL-CIO Ethical Practices Committee today called new hearings on charges that the Teamsters and Bakers unions are corruptly dominated.

Al G. Hayes, chairman of the group, set July 31 as the date for hearing charges against the Bakers, and Aug. 1 to air accusations against the Teamsters.

Ouster of the two unions from the federation is the ultimate penalty for corrupt domination but it is believed AFL-CIO leaders are trying to encourage the unions to eliminate leaders questioned in testimony before the Senate Rackets Committee so that unions themselves can remain in the AFL-CIO.

The Senate Rackets Investigating Committee ended hearings yesterday into activities of Bakers Union President James Cross. He refused to take a lie detector test as proposed by union rivals who told the senators Cross helped beat up a union officer and his wife.

The AFL-CIO has ousted Teamsters President Dave Beck as a federation vice president and executive councilman. Beck still is at the head of the Teamsters Union. A number of other Teamsters officials have been questioned in Senate committee hearings on alleged mishandling of union funds.

It is believed the ethical practices group wants to finish up the hearings here on the Teamsters and Bakers unions to have at least preliminary findings ready for a meeting of the powerful AFL-CIO Executive Council Aug. 11 in Chicago.

The council is expected to spur the two unions into cleanup activities.

TODAY'S MARKETS

FORT WORTH (AP)—Hogs 400; steady; choice 21.50-21.75.

Sheep 800; steady; good and choice spring lambs 19.00-20.00; feeders 17.00 down; good to choice yearling wethers 16.00-17.50; ewes 7.00-8.00.

Std. N. J.	67	66¼	66¾	off ⅜
Std. Oil	76¼	76⅛	76⅛	—
Sunray	28⅝	27¼	27½	off ⅛
Texas Co.	73¼	73¼	73¼	—

NEW YORK (AP)—The stock market opened mixed with a trend to the upside today. Changes were from fractions to around a point.

General Motors was off ⅛ at 46⅜. Santa Fe off ⅛ at 25¼. AT&T unchanged at 174½. U.S. Steel up ¼ at 70. General Electric off ⅛ at 71 and Royal Dutch unchanged at 57¾.

Union Carbide and Kennecott lost fractions. Slightly ahead were Anaconda and Bethlehem Steel.

Diplomatic Shakeup Is About Over

WASHINGTON (AP)—The Eisenhower administration has now completed a sweeping diplomatic shakeup which has involved naming 31 new ambassadors in the past six months.

Hundreds of lower-echelon diplomats also have been shifted as part of the worldwide reshuffle which coincided with the beginning of President Eisenhower's second term.

The shakeup has left but five career diplomats heading embassies in Wester Europe — an all-time diplomatic low.

The total number of career service ambassadors remains about the same as in Eisenhower's first term, however, with many assigned in the Far East and Latin America.

Political appointees now serve as ambassadors in 11 West European nations including Germany, Britain, France and Italy.

One-third of the 78 diplomatic missions the United States maintains overseas are now led by non-career men, mostly former Republican office holders and businessmen.

Two democrats have been given top diplomatic jobs. They are David Bruce, ambassador to West Germany, and Ellsworth Bunker, former Red Cross president who now is embassador to India.

State Department officials said the shakeup now can be considered over, with only the American Legation post in Hungary vacant because of differences with Hungarian Communist puppet regime.

Political appointees, they said, head all major overseas embassies except in Russia and Japan.

Medical Officers

HOUSTON (AP)—Dr. Herbert Harris of Houston will succeed Dr. Charles Reece, also of Houston, next year as president of the Postgraduate Medical Assembly of South Texas. Dr. James Ivers of Beaumont was elected vice president, and Drs. John Nagivney of Galveston, Buford Barr of Beaumont and Milton Self of Beaumont, directors.

EN ROUTE TO MEXICO CITY—Ten new Flexible buses are shown above surrounding the Pal-O-Mar Cortel in east Snyder this morning before continuing their delivery trip to Mexico City. The convoy drivers spent last night at the Pal-O-Mar here. J. Ralph Tschantz, export sales manager for the Flexible Co. of Londonville, Ohio, said the new buses will be added to the Juarez-Mexico City run. (Lee Watson photograph)

Son Of Snyderites Dies In Hospital

Stephen Wayne Holamon, 6, son of Mr. and Mrs. C. L. Holamon, Route Three, died at 10 a.m. today in the Battenfield-Jones Hospital.

Funeral arrangements were pending at the Boiger Funeral Home.

In addition to the parents, survivors include two sisters, Shayron, 8, and Donna Sue Holamon, 4; the maternal grandfather, Theodore Risse of Owensboro, Ky., and the paternal grandmother, Mrs. [illegible] Rising Star.

Dies In Jet Crash

DENISON, Tex. (AP)—Lt. James Elkins, 27, of Coeur d'Alene, Idaho, was killed yesterday when his jet crashed and burned shortly after taking off from Perrin Air Base.

BIRTHS

Mr. and Mrs. Price Pool, Box 784, are parents of a seven-pound, seven-ounce son, born at 9:35 a.m. Wednesday in Cogdell Memorial Hospital.

A son weighing eight pounds, seven ounces was born Monday morning in Cogdell Memorial Hospital to Mr. and Mrs. Richard Hardin, 3206 Hill Avenue.

Mouse Gets Dinner

OAKVILLE, Conn. (AP) — Warehouse worker Bob McCue made his customary visit last night to a corner of the warehouse being used as a nursery by an alley cat and her five new kittens. The cat lay complacently feeding her young ones. She apparently didn't know a 1-inch field mouse was at the dinner table.

Television Plans

MEXICO CITY (AP)—Businessmen and technicians are working on plans to retransmit television programs from El Paso to Chihuahua, more than 200 miles to the south.

BARBECUE SNACK PARTY

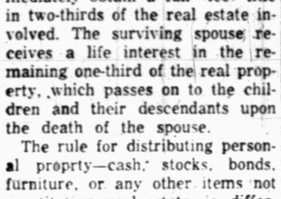
Such a good dip for those franks you grill outdoors.

Grilled Franks
Betty's Dip
Hamburgers on Toasted Buns
Relish and Salad Platters
Watermelon
Beverage

BETTY'S DIP

Ingredients: 1 tumbler (8 ounces) currant jelly, 1 jar (6 ounces) Bahama-type mustard, 2 tablespoons Worcestershire sauce, 2 tablespoons American-type soy sauce, grilled frankfurters.

Method: Empty the currant jelly and mustard into a small saucepan; add Worcestershire sauce and soy sauce. Stir over moderately low heat until jelly melts and ingredients combine. Serve warm with grilled frankfurters. Use the miniature-size franks if you can get them; if not cut regular size franks into thirds crosswise.



DIVIDING ESTATES

The death of an intestate person (one who has made no will) may give rise to many problems regarding distribution of his separate estate. In the preceding column we investigated the manner of dividing the community estate upon the death of a husband or wife. Now we shall see that, where separate property is involved, a completely different set of rules applies in determining heirship and apportioning the estate among the rightful claimants.

It may be well to recall that the separate estate of a husband or wife includes property owned by either before marriage, and that which is acquired after marriage by gift or inheritance. Any other property acquired after marriage is presumed by law to be community property until the contrary is clealy proved.

Now, here is a general idea as to how your separate property will be divided if you do not make a will with contrary provisions prior to your death.

If your husband or wife survives and if, in addition, there are surviving children or descendants of previously deceased children, the children and their descendants immediately obtain a full (fee) title in two-thirds of the real estate involved. The surviving spouse receives a life interest in the remaining one-third of the real property, which passes on to the children and their descendants upon the death of the spouse.

The rule for distributing personal proprty—cash, stocks, bonds, furniture, or any other items not constituting real estate—is different. Here the surviving spouse gets full ownership of one-third, and the children and their descendants inherit the balance.

Now suppose your husband or wife survives, but there are no surviving children or their descendants. In this case the surviving spouse inherits all of the personal property involved.

With regard to real estate, the survivor obtains full title to one-half, and the other half is divided between your mother and father, if both survive you. If only one of them survives, he or she receives only half of this portion, and the other half (or one-fourth of the entire real estate) will be divided among your brothers and sisters (and their descendants) who survive. If there are no surviving brothers and sisters and their descendants, then the one surviving parent inherits the full one-half.

Where no parent survives, but there are brothers and sisters and descendants, the full one-half is divided among these survivors.

And, if there are no parents or brothers and sisters (and their descendants) surviving, then the surviving husband or wife inherits all of the real estate.

(This column, prepared by the State Bar of Texas, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who is fully advised concerning the facts involved, because a slight variance in facts may change the application of the law.)

Library Wall Must Really Be Invisible

NEW BRUNSWICK, N.J. (AP)—Jay C. Van Nuys, an architect, suffered minor cuts of the hand when he walked through a plate glass wall at Rutgers University.

The wall, which apparently succeeds in being "invisible," is part of the university's ultramodern library.

Van Nuys is the second person in three months to miss seeing the wall. The last time, a young lady suffered minor cuts.

More Of Wall Stolen

WARWICK, R.I. (AP)—Floyd Howe of Major Potter Road who told police earlier in the week that a 100-foot section of the wall at his father home had been stolen, made another call last night to report additional stones were gone.

Kindly grated onion and lemon rind both help to enlive a salad dressing.

Passport Is Precious To Many People

By JANE EADS

WASHINGTON — There is no more precious document in the world today that an American passport, or a certificate attesting to an individual's registration as an American citizen, says Frances G. Knight, head of U.S. Passport Office.

While emphasis is given to better known functions of the office, namely the processing and issuance of passports, Miss Knight says an equally important function is the settling of nationality and citizenship cases of persons who reside abroad and claim American nationality.

Since World Warr II, the complexities in the field of citizenship and nationality have increased. In 1940 there were only two ways under then existing legislation by which an individual could lose American citizenship. Since 1940, through the enactment of subsequent congressional legislation, there are now approximately 16 ways to lose it.

In addition to establishing nationality and citizenship claims of American's who reside abroad, the department handles complicated cases involving claims that have to be settled in accordance with the Immigration and Nationality Act, or prior laws, treaties and regulations.

"We adjudicate cases where naturalized citizens request our help in casting off their foreign citizenship," Miss Knight explained. "Some of them may be faced with induction into foreign armies, trial and imprisonment for military delinquency, or payment of taxes in lieu of foreign military service. We assist them by making formal or informal representations to foreign governments."

The office also records birth reports of children born abroad of an American parent or parents. These are prepared in the consular offices and sent to the Passport Office for review and official recording. The office maintains these records and furnishes certification on them when requested. A report of this kind is a basic citizenship document, Miss Knight explains.

Certificates of nationality in the cases of native American citizens for use by them in judicial or administrative proceedings in foreign states are also issued. Consular certificates of Witness to Marriage, often cited for the purpose of proving the marriage of an American overseas, are received and maintained by the office.

Wear With Confidence

THIS smart afternoon frock takes you everyplace all summer with complete assurance. The rounded yoke can be made in monotone, or contrast.

No. 1570 with PHOTO-GUIDE is in sizes 12, 14, 16, 18, 20. Size 14, 32 bust, monotone, 3½ yards of 35-inch.

SUNPROOF FURNITURE—Outdoor accessories are now made of weatherproof nylonite. This is a spring leaf pattern, one of many.

FOR OUTDOOR LIVING

Special Decor Is Needed

By VIVIAN BROWN
AP Newsfeatures Writer

OUTDOOR LIVING requires special decor.

The sky is your ceiling, the lawn your carpet, the flowers lend motif just as your wallpaper does inside. These things should be kept in mind when you choose outdoor furniture if you want to make an impression as an amateur decorator.

An outdoor deck built of redwood for instance, will require different accessories than a flag-stone terrace setting. The lawn may be flattered by more colorful furniture than that used on screened-in porch.

Some people add to their outdoor furniture throughout the summer, and if purchased at sales, often these pieces do not match accessories they've been using.

Pick a Theme

An open wood deck looks better furnished in rugged pieces—inexpensive Adirondack-type chairs or redwood accessories—sawbuck tables, benches, chaises. The screened porch may be highlighted by wicker and rattan. A covered terrace may use white yachting chairs a variety of metals including brass and wrought iron.

We get colorful on the lawn where nature has provided brilliant greenery and floral hues. Ditto at the beach where sand and sky combine to invite color onto the terrace. New outdoor umbrellas and furniture so at home in these areas require less care than formerly. New weatherproof nylonite, a lamination of nylon and vinyl plastic, resists brilliant sunshine and summer heat, keeping cushions and fabric cool. It may be wiped clean with a damp cloth, is resilient and resists cracking, mildew, peeling and soiling.

The fabric available in upholstery for casual furniture, circular umbrella table cloth and cushions is in vibrant floral patterns, metallic prints, solid colors and textured effects.

Don't Forget Food

When entertaining outdoors where the more colorful hues are used, you must take into consideration your menu. Food is important to your accessories. A garnish ensemble in umbrella and table cloth, plus jazzed up foods, may take away the appetite of your guests. Nothing will deaden the appetite faster than lukewarm "iced" tea. Sure the pitcher may be pretty, but what good is it if the lemonade is warm. Keep iced beverages cool by bringing the ice bucket to the table.

Serve salad as chef do—on a bed of ice using two bowls, one inside the other.

Steak should be served hot—as soon as cooked or on a warming appliance. Thermo trays will keep first-cooked foods at a perfect 200 degrees while the meat broils. If you have an electric outlet you may use the thermo tray conveniently in the garden as well as on the screened-in porch, patio or open deck.

WOMEN'S CALENDAR

Standing Room Only At Courthouse Square

WARRENTON, Ga. (AP) — It's standing room only today for Courthouse Square loungers in this east Georgia town because somebody stole two benches that were the favorite roosting places for folks with nothing to do.

A debate is on over whether the theft was the work of pranksters. Some feel, however, that the benches were removed in a careful plan to do away with "Courthouse Square farmers," noted for their endless talk.

Truck Breaks Loose

GUTHRIE, Okla. (AP)—A truck loaded with onions broke loose without a driver and careened down a business district hill here Tuesday, causing pedestrians and motorists to do some fast dodging.

Catch Admiring Glances

Add a touch of beauty to your appearance in or out of the kitchen with this lovely pansy-trimmed apron. No. 123 has tissue; hot-iron transfer; color chart; finishing directions.

WHAT'S GOING ON

COLLEEN SOLE, daughter of MR. AND MRS. ADAM SOLE, Arah Route, has returned from a two-weeks visited with SONYA BOYTS, daughter of PAT BOYTS, at their beach home in Boliver. They went deep sea fishing on the CLAUDE WILLIAMS Yacht of Houston, going to the coral reef to fish for red snapper and to troll for game fish.

* * *

GEORGE SOLE of Rogers has been visiting in the home of MR. AND MRS. ADAM SOLE and in the CHESTER SOLE home.

Local League Holds Coffee

Mrs. Frank LeFeuvre, membership chairman for the pre-provisional League of Women Voters, was hostess at a coffee in her home Tuesday morning.

This was the first of several such coffees planned for new members, as well as prospective members. The aims and policies of the League were discussed and a recording titled "Rising Sun, Not A Setting Sun" by Mrs. George Lee, National President, was heard.

League members attending were Mrs. Ike Dolen Sr., Mrs. Sterling Williams, Mrs. H. C. Lowry and Miss Allene Curry.

Miss Marylan Moore Is Honored At Bridal Tea

CANYON—Marylan Moore was honored recently with a bridal tea in the home of Mrs. Clifton Thomas.

Miss Moore is the bride-elect of Coy Lee of Eden.

In the receiving line with the honoree were Dianne Kerley who introduced the guests, Mrs. Grady Moore, mother of the bride-elect, Mrs. John Lee of Eden, mother of the groom-to-be, and Mrs. Mattie Fisher, grandmother of the bride-elect.

A white corsage was presented each guest upon arrival.

Mrs. John Echols of Big Spring was at the guest register. Mrs. Lewis of Ira played background music and reading were given by Judy Thomas and Mrs. Manley Burrow. Garden flowers were used in decoration of display rooms.

The honoree's chosen colors of blue and white were carried out in decorations of the serving table, which was covered with a white linen cloth, centered with an arrangement of white shasta daisies in a blue bowl. Tied at intervals along the edge of the cloth were blue satin love notes. Lighted candles completed the serving table.

Plate favors were miniature rice bags of blue net, tied with a blue ribbon.

Mrs. Eugene Maupin was at the punch bowl and Mrs. Bill Labenske served cake. Judy Thomas and Jean Fisher served the guests.

Hostesses for the event were Mrs. Orville Taylor, Mrs. Manley Burrow, Mrs. Ed Taylor, Mrs. Bruce Kerley, Mrs. Sam Martin, Mrs. Jim Stirling, Mrs. Eugene Maupin, Mrs. Bill Labenske and Mrs. Clifton Thomas.

Approximately 40 guests attended.

NEWS FROM CUTHBERT

SPORTS

BUCKIN' THE LINE

By BUCK FRANCIS
News Sports Editor

Buck's still on vacation, and R. L. Blakely, one of Snyder's most avid sports fans, is standing in for him today. Blakely is employed by the Humble Oil & Refining Co. sales department.)

It is with great pleasure that I am writing this article today for Buck. I am sure that no one has got any more pleasure out of the Snyder High School sports than I have. A few years ago most Snyder fans never dreamed of even playing teams like Sweetwater, Big Spring, Lubbock and others, let alone beating them.

At the time, we were having our hands quite full beating such teams as Roby, Roscoe and Loraine. I am reminded of an article in the Roscoe paper after we had played them the last time in the 1950 season. The sports writer said that Snyder was moving up to Class AA and that there was even talk of moving up to Class AAA in a few years. He said that as far as he was concerned, to even stay in Class A, they would have to be voted in. I am sure that it has been a big surprise to him to see that Snyder has not only won several Class AAA championships, but has beaten many Class AAA teams in all sports, as well.

Athletes Keeping Busy

Many College athletic prospects and High Schol hopefuls are keeping pretty busy this summer. Here is what some of them are doing. Working for oil companies are Jack Spikes, Jerry Taylor, Robert Dabbs and Alan Snead. Terry Lee, Billy Rinehart, and Billy Phillips are working in the oil field. Tommy Prichard and Roger Hensley are employed by construction companies, and Roger is also working for Bolger Funeral Home. Gary Hill and Joe Reaves are selling cement, while Mickey McGrew and Dickie Martin work at the swimming pool. Others employed are Milton Ham for a tank company, Wiley Denson in trucking, Jimmy Allen in air conditioning, Gary Vice in house building and Dick Hayes has been working on a ranch. Bud Morgan and Rex Wilson are running track, and several of the boys are playing City League baseball.

Future Look

I don't know who we will pull for in Southwest Conference in the next few years to come, because indications are that we may have athletes at SMU, TCU, A&M, Rice and Texas Tech.

I will say that TCU has one end covered since they have Spikes and Ham. Now they can work on the other end and the middle. As for the future, I concur that we surely need a teenage baseball league. Also, I see no reason why a program of Little Leaue Basketball could not be started this winter. This would give more boys a chance for activity in the winter when there is not much going on.

As for Snyder High School, I am sure that we will have our ups and downs but with the well-rounded program that we have and the fine men that run it, I am sure that we will have many more great moments in sports in years to come.

In tribute to Buck I will say that I am sure that several disagree with his column, but very few sports fans fail to read it. I would take the Yankees, Dodgers, Oklahoma, Breckenridge and Snyder if I had to pick-em.

Pony League Sets Area Tourney Here

Plans are now underway for the area Pony League tournament, which will be held in Snyder July 29-31.

In the area tourney, all-star teams from the Snyder and Colorado City leagues will play a two-out-of-three series for the championship.

Games are scheduled for 8 p.m. each of the first two nights, which will fall on Monday and Tuesday, and for 8:30 on the third night, Wednesday, if a third game is necessary.

The area tourney will declare a champion to go to the district tournament, which will be held in Abilene Aug. 5-10.

The Pony League will announce members of its all-star team here Friday night during regular Pony League play here.

Other area tournaments in Pony League District 6 of this section of the state will match Abilene's two teams, Hamlin vs. Childress, Stephenville vs. Breckenridge, Pampa vs. Hereford, and Borger's two teams.

That will put six teams in the district tournament, which will name a champ to go to the six-state regional tournament, which will be held in Lubbock Aug. 12-17.

Other districts which will send representatives to the region tourney are in the McAllen, Corpus Christi, Austin, Beaumont-Paris, and Monahans areas. Together, winners from those district tournaments will represent 81 leagues in the region.

The regional tournament will send its champion to the Pony League World Series at Washington, Pa.

Phillies To Try For Tie Tonight

The Lions Club Phillies will have a chance to tie up standings in the Pony League tonight when they meet the league-leading Von Roeder Red Sox.

Those two teams will meet in the second game of play tonight. Clashing in the first game will be the fifth and sixth place teams in the league, the Courthouse Tigers and Line & Line Yankees.

The Phils hold a 4-1 record for this half of Pony League play, while the Red Sox are undefeated in five games.

After tonight, there will be one more night of play in this half. Scheduled for tomorrow night are Red Sox vs. Dodgers and Tigers vs. Phillies. First games start at 7 p.m.

The Dodgers took the title for the first half of league play. On Monday night, the winners of each half are to meet for championship of the league. If this half results in a tie, the first game Monday night will be a playoff of the tie, and the second game will be for the league championship.

Second half records of teams other than the two leaders are Dodgers 3-3, Cardinals 2-5, Tigers 3-2, and Yankees 0-6.

Veeck Gets Post

DETROIT (AP)—Bill Veeck, former president of the Cleveland Indians and the St. Louis Browns, has been signed as public relations counsel for the new Detroit Pistols, National Basketball Assn. team.

Giants And Dodgers Move Being Planned

By JOE REICHLER

NEW YORK (AP)—The New York Giants and Brooklyn Dodgers definitely will be playing their regular season home games in San Francisco and Los Angeles, respectively, in 1958. The Associated Press was told that today by a source close to one of the local National League teams.

No contracts have been signed, no money has changed hands and no negotiations have been originated with member clubs of the Pacific Coast League. But, according to the informant, Presidents Horace Stoneham of the Giants and Walter O'Malley of the Dodgers have given their word to San Francisco and Los Angeles officials that they'll bring their clubs there provided all promises made last May are kept. The California politicos have no intention of reneging, he said.

"Stoneham intends to contact Tom Yawkey of the Boston Red Sox very soon," the informant said, "to discuss a deal involving San Francisco and Minneapolis, similar to last February's Brooklyn-Chicago Cubs deal involving their Ft. Worth and Los Angeles farm clubs. The Red Sox, you know, own San Francisco and the Giants own Minneapolis.

"No matter what the outcome, the Giants and Dodgers definitely will speed up action to move to the Coast, now that the cat is out of the bag. Stoneham, in fact, has a meeting scheduled Friday with San Francisco leaders who are expected to bring a definite proposal from Mayor George Christopher. Horace is awaiting only that before he officially recommends the move to his board of directors. O'Malley will make his recommendation to the Dodgers board the same day."

The informant said contracts actually have been signed with Skiatron television to pipe closed circuit telecasts of home games into private dwellings in the San Francisco and Los Angeles areas.

"Skiatron has guaranteed the two clubs a million dollars a year," the man said.

The informant said negotiations for the drafting of the San Francisco and Los Angeles territories will begin as soon as baseball law allows—on October 1—and the two New York clubs will be in California before the major league winter meetings get under way in Colorado Springs, Colo. in December.

Corpus Is Reversing Old Theory

By The Associated Press

Corpus Christi is reversing the common theory that pitchers aren't supposed to hit and can't hit if they try.

The Clippers used a pitcher, Bob Arendt, in the outfield Wednesday night because they were a little short of players since three regulars had quit the club. Arendt proceeded to drive in three runs with a homer and single in leading Corpus Christi to a 7-4 victory over Temple.

It pushed Corpus Christi within two games of Victoria, the club leading the Big State League.

Arendt's homer in the eighth put Corpus Christi ahead to stay after Jim St. Clair had given Temple hope with a three-run homer that tied the score at 4-4 in the sixth.

Jim Kuykendall spaced eight hits to hang up the pitching decision.

Third place Beaumont beat Abilene 7-5 with Harry Williams socking a three-run homer in the fifth to crack a 3-3 tie. In the ninth Abilene rallied mightily and got two runs across but Chico Salgado came to Art Miro's aid and put out the fire.

Chet Boak homered with one on in Abilene's ninth-inning gasp.

LEAGUE LEADERS

Thursday's Major League Leaders
By The Associated Press

NATIONAL LEAGUE

BATTING (based on 200 at bats) — Aaron, Milwaukee, .352; Musial, St. Louis, .340; Fondy, Pittsburgh, .327; Groat, Pittsburgh, .325; Mays, New York, .317.

RUNS BATTED IN—Aaron, Milwaukee, 78; Musial, St. Louis, 70; Crowe, Cincinnati, 62; Hoak, Cincinnati and Ennis, St. Louis, 55.

HOME RUNS—Aaron, Milwaukee, 29; Musial, St. Louis, 21; Snider, Brooklyn and Crowe, Cincinnati, 20; Mathews, Milwaukee, 18.

AMERICAN LEAGUE

BATTING (based on 200 at bats) — Williams, Boston, .367; Mantle, New York, .356; Skowron, New York, .332; Boyd, Baltimore, .330; Fox, Chicago and Woodling, Cleveland, .328.

RUNS BATTED IN — Skowron, New York, 64; Sievers, Washington, 63; Wertz, Cleveland, 61; Jensen, Boston and Mantle, New York, 60.

HOME RUNS — Williams, Boston, 26; Mantle, New York, 24; Sievers, Washington, 21; Maxwell, Detroit, 19; Colavito, Cleveland, 17.

5:50acs: To phone co. for lineup

Lew Hoad To Play Ken Rosewall Today

FOREST HILLS, N.Y. (AP)—Lew Hoad plays Ken Rosewall and Pancho Gonzales goes against Frank Sedgman today in Jack Kramer's Tournament of Champions.

Sedgman beat Tony Trabert 2-6, 6-4, 8-6, 6-3 yesterday in the pro tennis tournament. Hoad downed Pancho Segura 6-1, 7-5, 6-2. Hoad and Gonzales are tied for the lead with 2-0 marks.

17 Are Still Holding On

CHICAGO (AP)—All 17 top seeded men and women in the National Clay Courts tennis tournament grimly are holding on to their chances as play advances into the fourth day.

The elimination of at least three of the top-ranked men, however, is due today.

C. Maxwell Brown Jr., Louisville, Ky., No. 8 seed will meet Kosei Kamo, Japan, foreign seed No. 3.

Grant Golden, No. 5 from Wilmette, Ill., faces Australia's top man, Ashley Cooper. Neale Fraser, Australia's No. 2 ace will face William Quillian, Ft. Rucker, Ala., No. 6.

No top women stars will clash today, so perhaps they all will earn positions in the quarterfinals.

SPURNS BASEBALL CAREER—Ray LaMontagne, of Manchester, N. H., an outfielder on the Yale University baseball team, has spurned a career in baseball to be a teacher. The 22-year-old player said he considered teaching English to refugees "more important than baseball" and will become a member of the faculty at New Asia College in Hong Kong.

Field Will Be Whittled To 'Sweet 16' In PGA Tourney

DAYTON, Ohio (AP)—They whittle the field down to the "sweet 16" today in the 39th National PGA Championship. And the chances are that, come sunset, the nomads who tread the yearlong tournament trail will make up much of the surviving cast.

Some of the highly touted talent was ushered to the sidelines in yesterday's opening round, but most of the 64 losers were club professionals whose game isn't sharp enough to match blades with the touring troupe.

Today's pair of 18-hole rounds can't be much more spectacular than the inaugural matches. The preliminary firing saw such oddities as three-time champion Sam Snead giving a hole away on a self-imposed penalty and still carding a 6-under-par 65; another player hitting the ball twice on a single putting stroke to lose a hole and the match, and 58-year-old Al Watrous, national PGA seniors champion, defeating a foe in four extra holes for the dubious privilege of meeting Snead today.

Snead was the one everyone was watching, and his 4 and 2 win over 29-year-old John Serafin of Pittston, Pa., enhanced his rating as favorite to take it all. The West Virginian opened with a 35-foot eagle putt, and picked up four birdies along the way. On the 11th hole, while chatting with the official scorer, he picked his ball from the green to clean it—only to realize too late that you can't do that in match play. He conceded Serafin a winning birdie.

Ted Sleichter, 39-year-old Gettysburg, Pa., pro who gives lessons to President Eisenhower's grandchildren, Barbara and David, lost a one-down match to young Dow Finsterwald of Athens, Ohio, and Tequesta, Fla., on another penalty. His tee shot remained imbedded in the green on the 170-yard 17th hole, while the match was all square.

As he putted, the ball popped from the hole and came down on top of the putter blade. Sleichter called the penalty shot on himself, lost the hole by a stroke and the match by a single hole.

Some galleryites were pointing the "new champion" finger at Gene Littler, the 1953 amateur king. Gene got into this one at the express invitation of the PGA Executive Committee, without qualifying. His 33-34—67 was good for a one-up first round win over Don Fairfield of Casey, Ill.

Along with the host of club professionals erased in the opening matches were such luminaries as Chick Harbert, Chandler Harper and Jim Turnesa, all PGA victors in recent years; Ed Furgol, the 1954 national open champion, and Bob Toski, who won the world title the same year.

Franchise Asked

SAN FRANCISCO (AP)—Skiatron Television Corp. is expected to make formal application today for a San Francisco franchise to operate pay-as-you-see-TV in connection with major league baseball.

Southwestern League Down To Four Clubs After Game

By The Associated Press

The Southwestern League had dwindled to four clubs Thursday as the circuit returned to the task of deciding the pennant after its all-star game which saw the East Beat the West 10-6.

San Angelo and El Paso, which were in financial straits, were dropped from the league at a meeting of the directors prior to the all-star game at Midland Wednesday. That left leading Ballinger, second place Hobbs, third place Carlsbad and last place Midland.

San Angelo was expelled because it owed the league more than $10,000 and wasn't considered making the proper effort to pay. El Paso, which was having financial difficulties, was voted out of the league because the directors didn't want to attempt a five-club circuit.

El Paso was in fourth place and San Angelo was fifth.

The schedule was revised and Thursday it will be Midland at Hobbs and Ballinger at Carlsbad.

The East, managed by Tony York of Ballinger, scored eight runs in the first inning, seven of them unearned, to take a too-long lead in the All-Star game. Gene Lippold of Ballinger held the West, skippered by Jodie Phipps of Carlsbad, scoreless on two hits for the first two innings and it got Lippold the pitching decision.

Walter O'Neil of Ballinger, who was a late replacement for Felix Guzman of San Angelo when the latter broke his leg playing at El Paso Tuesday, was the big man for the East. He batted in three runs with a homer, single and double.

JONES IS HERO

Cardinals Take Over NL Lead

By ED WILKS

It may have been kids like the McDaniel boys who perked up St. Louis pitching, but at the moment it's late-comer Sam Jones who has won the big ones to put the Cardinals in the National League lead.

The 31-year-old righthander who went to the Cards from Chicago's Cubs in one of Frank Lane's deals last December, now has won four in a row for the first time in a five-year major league career and each has figured in the Redbirds' rise to the top.

He got them back into first place last night, breaking the Cards' four-game losing streak with a 7-3 victory over fourth-place Brooklyn that ended the Dodgers' spurt at five games and finally unked Don Newcombe's six-year whammy.

St. Louis regained the lead by one percentage point as Milwaukee dropped Philadelphia out of first with a 10-3 decision that lifted the Braves to second with a .570 percentage. The Cards are .571.

Cincinnati remained fifth, two games back, on a 5-4 victory over New York Giants with Redleg Frank Robinson shrugging off Tuesday's beaning to return to the lineup. Chicago scored twice in the seventh to beat Pittsburgh 4-3.

In the American League, the New York Yankees stayed four games ahead with a 5-1 victory at Detroit after Chicago's second place White Sox had defeated Baltimore 3-1. Boston lost to Kansas City 4-3 in 12 innings, but Ted Williams took the league batting lead from Yankee Mickey Mantle. Washington rapped Cleveland off a five-game winning streak 11-6.

Jones, tagged "Toothpick Sam" because he's never without one on the mound, gave up 10 hits, but struck out 12 and never was in much trouble.

Newk, who had won 12 in a row from the Cards since Aug. 23, 1951 finally got his lumps in a four-run fourth sparked by Wally Moon's two-run homer.

Jones, whose league-leading strikeout totals for the past two years were dulled by the fact he also led in bases on balls, walked only one last night.

The Braves made it six out of nine with a five-run seventh to chill the Phils, who protested the game in losing their second in a row since taking the league lead Monday. The big beef came on a first-inning Milwaukee doubleplay, leading to a quick shower for starter Robin Roberts when he menaced Umpire Jocko Conlan during the row. Jack Meyer lost it while Lew Burdette won his eighth with Don McMahon's help in a three-run Philadelphia sixth.

George Crowe, replacing Ted Kluszewski again, drove in four runs with his 19th and 20th homers for the Redlegs as Brooks Lawrence won his 10th with relief help. Robinson, who suffered a concussion from the beaning, had a single in four trips.

The Yankees handed all-star game winner Jim Bunning an 11-3 record with his first defeat since June 21 with their fifth in a row over the Tigers. Bob Turley won his fifth with a six-strikeout six-hitter that included Charlie Maxwell's 19th homer. Yogi Berra and Jerry Coleman homered for the Yanks.

Bob Keegan won his fifth in a row for the White Sox and singled home the clincher in the fourth against Bill Wight, who walked seven. Keegan, now 6-3, needed Bill Fischer's relief in the ninth.

Williams, 3-for-3, upped his average to .367 (while Mantle fell to .356 with 0-for-4) and walked three times for the Red Sox, who scored one in the top of the 12th, then lost it on three consecutive singles off Bob Chakales. Charlie (Tim) Thompson's hit brought the payoff for reliever Tom Morgan after starters Frank Sullivan and Ralph Terry battled through 11 innings to a 2-2 tie.

Chuck Stobbs, who picked the Indians to end his 16-game losing string last month, now is 3-13 with two in a row over the Tribe but needed relief help from Bud Byerly for the final out. Don Mossi lost it.

IN SOUTHWEST

Another Close Race Predicted

By HAROLD V. RATLIFF
Associated Press Sports Editor

Experience is better distributed among Southwest Conference football teams this year. This should ordinarily auger a closer race.

But they couldn't get much closer in this league unless everybody tied for first.

When the teams open practice Sept. 1 there will be 141 lettermen in the 7 camps. There were 133 last year.

Texas, SMU and Rice have more veteran strength, yet those are three of the four outfits not expected to bid for the championship. TCU, the other one, has eight fewer lettermen than last season.

It's a good bet that Texas A&M, Baylor and Arkansas will be picked to finish one, two, three. Some will boost Baylor to first and drop A&M to second.

Records show A&M and Baylor are poor risks. Every time since the annual poll of sports writers started in 1934, A&M and Baylor, when selected to win, failed to come through.

Conference coaches can express justifiable horror when they hear their team has been picked to win. In 4 of the 23 years of the poll, it has been right just 4 times. It's almost a 6-1 bet that the outfit they select won't make it.

The three that undoubtedly will be selected as the top tier have no advantage over each other in the schedule. A&M gets Baylor at home but plays Arkansas in Fayetteville. Baylor gets Arkansas at home but plays A&M at College Station, and Arkansas gets A&M at home but plays Baylor at Waco.

From an experience standpoint Baylor has the most men back—18 lettermen plus 4 from other years than 1956. Arkansas has 17 plus 3. A&M has 19 lettermen. Texas has the most fellows back with letters—25 — but the Longhorns didn't do very well with what they had last year and have a long jump to make. Texas also has a new coach, Darrell Royal, who must get his system installed.

The only conference member that isn't worried is Texas Tech. Tech can't compete for the championship until 1960 and since it is not an active member of any conference can just play for fun and experience. The Red Raiders apparently are going to need both. There are only nine lettermen.

Bowlers To Meet Sunday

A meeting of bowlers has been called for 2 p.m. Sunday at the Town & Country Bowl to discuss league schedules and rates for the winter leagues.

American Bowling Congress inspection of the alleys will follow at 3 p.m.

All officers and team captains of all leagues, as well as all interested sponsors, have been requested to attend, according to Art Dibble, secretary of the Snyder Bowling Association.

Joey Giardello Wins Unanimous Decision

LOUSVILLE, Ky. (AP) — Joey Giardello took a unanimous—but unpopular—decision over Chico Vejar last night in a middle weight bout.

Vejar played a hit and run game while Giardello waited for his openings.

TIME OUT for a cooling orange sherbet served fresh from the freezer in individual paper cups.

Cooling Sherbet Makes Big Hit

By CECILY BROWNSTONE

MAKE UP A BATCH of this orange sherbet and your youngsters and their gang will enjoy it for that mid-afternoon treat on a warm summer afternoon. Spoon the sherbet into paper cups with lids and store in your freezer. Have plastic or wooden spoons on hand and half a dozen kids can enjoy this frosty sweet and there'll be no dishwashing afterwards.

You might also like to try two variations of this orange sherbet—one with crushed pepper-mint candy added, the other with chopped semi-sweet chocolate.

ORANGE SHERBET

Ingredients: 1 envelope unflavored gelatin, ½ cup cold water, 1¼ cups hot water, 2-3 cup sugar, ¼ teaspoon salt, ¾ cup (one 6-ounce can) frozen orange juice concentrate (undiluted), 1 tablespoon lemon juice, 1 egg white (stiffly beaten), 8 four-ounce paper containers with lids.

Method: Soften gelatin in ½ cup cold water. Add hot water and stir until gelatin is dissolved. Dissolve sugar and salt in hot liquid. Add orange concentrate and lemon juice. Pour into freezing tray. When partially frozen (about 1 hour) beat until fluffy. Fold in stiffly beaten egg white. Freeze 30 minutes and beat again. Spoon into paper cups and cover. Store in freezer until ready to use. Makes 6 servings.

Peppermint-Orange: After second beating fold in 1-3 cup crushed peppermind candy. Spoon into paper cups and cover. Store in freezer until ready to use.

Chocolate-Orange: After second beating fold in ½ cup chopped semi-sweet chocolate pieces. Spoon into paper cups and cover. Store in freezer until ready to use.

Tangy Sauce Makes Barbecue Spareribs Top Outdoor Treat

By CECILY BROWNSTONE
Associated Press Food Editor

BARBECUED SPARERIBS COMING UP! Taste that tangy sauce while you pick a rib up in your fingers and eat the good meat right away from the bone.

These spareribs are cooked outdoors by a special method that keeps them from overbrowning and drying out. First the ribs are browned on both sides on the grill over a moderate fire, and then cooked in a pan made from two thicknesses of heavy duty aluminum foil.

That moderate fire for the browning is important and you can achieve it if you space the charcoal briquets one inch apart. Some briquets come in a foil package and they can be shaken out, then lifted and spaced with tongs. If the breezes are brisk while the spareribs are roasting in their improvised pan, place a sheet of foil over the top of the pan to hold in the heat.

BARBECUED SPARERIBS

Ingredients: 2 racks (4 to 5 pounds) fresh pork spareribs, salt, pepper, Barbecue Sauce.

Method: Sprinkle spareribs with salt and pepper and brown on grill over moderate fire, turning them once or twice. Prepare pan from double thickness of heavy duty aluminum foil to fit spareribs, by turning up edges of the foil 1½ inches all around. Miter corners so pan will be secure. As soon as spareribs have browned, transfer them to the foil pan and spoon over about 1 cupful of barbecue sauce. Place the pan on the center of the grill and continue cooking for about 1½ hours longer. Baste with the sauce occasionally. To serve, transfer foil pan with spareribs to platter. Ribs seperate easily when cut with sharp knife. Makes 6 to 8 servings.

BARBECUE SAUCE

Ingredients: ½ cup honey, 2-3 cup soy sauce, 2-3 cup catchup, 1 teaspoon salt, 1 teaspoon dry mustard, 1 teaspoon paprika, ½ teaspoon tabasco., 1 clove garlic (crushed), 1 cup orange juice, 1 cup wine vinegar.

Method: Stir all the ingredients together.

CHOICE PICKINGS—Barbecued spareribs cooked outdoors and topped off with a tangy sauce.

Republicans Blast State Legislature

HOUSTON (AP) — Republicans sharply criticized the all-Democratic 55th Legislature yesterday and called for two-party government.

A special GOP Legislative Committee said the last Legislature demonstrated that one-party government will continue to produce irresponsibility, scandals, corruption, graf and legislative laziness among politicians.

"The Legislature did not take any effective steps to prevent further irresponsibility, scandals, corruption and graft in public office," said the committee, headed by John Wood Jr., San Antonio, and Thomas Anderson, Houston.

"The Legislature also proved that the members of the Democratic Party do not have a monopoly on honesty, ability and leadership."

The committee said failures of the Legislature emphasize the need for two-party responsibility.

Thad Hutcheson, state Republican chairman, said the committee will continue its studies through the special session proposed this fall by Gov. Daniel.

The committee said the Legislature made a start in dealing with water conservation and flood control problems, but there were "shocking failures" in the field of lobby control, election code reform, anti-usury and loan shark legislation, judicial redistricting, freedom of information and insurance reorganization.

Study Is Suggested

PARIS (AP)—Deputy Charles Hernu has suggested that the French government set aside part of the money it gets from a new tobacco tax to study a possible link between smoking and lung cancer.

Draft Calls Will Be Cut

WASHINGTON (AP)—The Army says its future draft calls will be cut, and a number of officers and enlisted men released from service within the next six months.

The announcement last night followed an administration decision to reduce by 100,000 the current 2,800,000 authorized strength of the armed forces. The Army's share of the reduction totals 44,470.

The Army announcement did not specify the size of future draft calls, but the last one issued, for August, was for 11,000 men.

The Army said 2,000 commissioned officers and an unspecified number of enlisted men would be enlisted before the end of the current year.

Left For Waco Home

FORT WORTH (AP)—T. W. Wren, former peace officer and claim agent, left more than $25,000 to the Methodist Home at Waco. He died July 9.

Family Just Too Large

LAWTON, Okla., July 18 (AP)—Maj. George R. Post says he simply can't take all of his "family" along when he transfers next month from nearby Ft. Sill to an Army base in Germany.

For there are far more pets than people in the Post family.

The couple, along with sons, George, 13, and Robert, 8, share their home with 71 birds and animals.

Maj. Post said he hopes to take a South American honey bear called Kinky and a French poodle to Germany. But he's busy these days arranging to "board out" the other pets — two poddles, two rabbits, three cats, two Java temple birds and 60 canaries and parakeets.

Thailand (formerly Siam) has modernized its once primitive railroad system.

January Big Month On Fines For Criminal Justice Court

Fines and costs in criminal cases and costs in civil matters totaled $8,669.70 during the first half of this year in justice court in Snyder.

W. C. Davidson is peace justice in precinct No. 1, which has the biggest J. P. court in the county.

Fines and costs on the criminal docket totaled $8,542, while fees in small claims court totaled $118.15 and those in other civil matters totaled $8.55.

January was the biggest month in criminal justice court with fines and costs totaling $1,612. For other months, the figures were $1,233 in February, $1,479.75 in March, $1,459.25 in April, $1,342 in May, and $1,417 in June.

Speeding cases, as usual, led the list of those filed in justice court by highway patrolmen and officers of the sheriff's department. Out of a total of 521 cases filed in the court during the six-month period, 256 were for speeding.

Also ranking high were such things as failure to have valid motor vehicle inspection stickers, with 45 cases; failure to have valid operators, commercial, or chauffer license with 45, and drunkenness with 27.

Others included no trailer brakes, two; no auto brakes or defective brakes, four; passing in no-pass zone, six; check swindle, six; theft, three; over gross weight, 13; over axle weight, five; over registered weight, one; over length or over-extension on rear, six; over width load, six; improper turn, two; failure to sound horn when required, one; disturbing the peace, five; fight in a public place, two; following too closely, two; failure to comply with statutes regulating regulating pawn brokers, one; defective lights, 10; failure to stop and render aid, no Railroad Commission papers, five; driving on left when not passing, five; unlicensed motor vehicle, one; using fictitious chauffer license, one; assault or assault and battery, four.

No fishing license, nine; disturbance, three; failure to grant right-of-way, three; failure to dim lights, two; use of profane language on phone, one; violating lease requirements, one; pollution, one; illegal parking, one; contest for speed, three; possession of spirits for purpose of consumption on Sunday, two; permitting unauthorized minor or unlicensed person to drive, three; failure to appear in justice cases, 14; disregarding warning signs, three; standing on pavement while hitch-hiking, one; failure to pass on right safely, one; unsafe vehicle, one; affray, two; and failure to signal for turn, two.

During the first two weeks of July, there have been 24 cases filed in the court. They include one each of disturbing the peace, driving on left while not passing, defective turn light, drunk, permitting use of one's license by another, permitting unauthorized person to drive, using fictitious drivers license, and muffler violation, while there were two of failure to grant right-of-way, and passing in a no-pass zone. There were four of driving without license and eight for speeding.

No Atomic-Tainted Milk Is Expected

DURANT, Okla. (AP)—Farmers were assured yesterday their cows were not giving atomic-tainted milk.

A Durant man examining rock formations with a Geiger counter became alarmed when the instrument became active when he neared hay in barns. Fear was expressed that fallout from atomic tests in Nevada had affected the fodder.

Dr. Seals L. Whitely, Bryan County health officer, said an engineer checked the hay. He reported it had a mild concentration of radioactivity but that it was "no more than we think is normal."

Nesbitt To Join School Faculty

Scheduled to arrive in Snyder within the next few days to begin work in the Snyder school system is William Nesbitt, newly-employed supervisor of secondary education. He is former director of curriculum for the Hillsboro schools.

Nesbitt, whose salary will be paid in full by the Ford Foundation, will give assistance to teachers in the high school and junior high in strengthening teaching efficiency, including gathering materials, advising with teachers on teaching techniques, in-service training, and other fields.

This work will be done with teachers involved in the staff utilization project in the schools. That project, being carried on with the aid of a grant from the Ford Foundation's Fund for the Advancement of Education, has been carried on in the high school science department for the past year and this year will spread to English, social studies, commercial, and probably other subject areas in both the high school and junior high.

Nesbitt will be a member of the curriculum department, which is headed by Pat Falls.

This summer, Nesbitt will be involved in the August workshop on staff utilization, in which about 30 teachers will work.

Nesbitt will also be involved in testing efficiency of the staff utilization project and determining whether it meets the acceptance of students and teachers.

The Snyder schools, in carrying on the staff utilization project, which includes use of closed circuit television for classroom instruction, have said they are not attempting to prove it will work, rather they are trying to determine whether it will work.

Nesbitt, before serving as curriculum director at Hillsboro, was for four years in the junior high school system at Port Arthur, and before that time he was in the Austin schools. He was in the army Air Corps during World War I and for some time taught navigation at San Antonio and Hondo. Before the war, he was supervisor in the junior high at Gladewater.

Nesbitt received his bachelor of science degree from the University of Texas in 1933 and master of science from Texas in 1939.

From left the winners and category are: B. D. McGrady, Snyder, most artistic beard, Travis Beaver, Fluvanna, ugliest beard, and Dub Arnold, Rig Motel, Snyder, longest beard. (Lee Watson photograph)

None Survive Plane Crash

TAIPEI, Formosa (AP)—A Chinese rescue team today reached the wreckage of a U.S. Air Force plane with 16 aboard and found no survivors, police reported.

Team could identify only 10 bodies in the wreckage on a mountain slope. Seven crewmen and nine passengers were aboard the two-engine C47 transport when it vanished Tuesday night near the end of a trip from Clark field in the Philippines to its base at Taipei.

The search team came across the wreckage in the jagged mountains between Taipei and the Formosa Strait. It was spread along the forested slopes of Mt. Chatien near Hsinchu.

A spokesman at U.S. Air Force headquarters said American search parties are en route to the scene.

That's What They Get For Starting Probe

DEFUNIAK SPRINGS, Fla. (AP)—Circuit Judge B. Stuart Gillis recommended to the County Grand Jury that it investigate property assessments.

The Grand Jury, headed by A. B. Covell, recommended a general reassessment.

The county commissioners yesterday advertised increased evaluations on properties of Gillis and Covell. Each parcel would be raised $1,500 in value for tax purposes.

Police Don't Need Horse To Get Steer

PITTSBURGH (AP)—Using radio scout cars instead of horses, Pittsburgh policemen put on something of a rodeo last night — and they brought down a 1,400 pound steer which had sent pedestrians and motorists scurrying.

The steer escaped from a truck being unloaded at the Bloomfield Packing Co. it headed for the bright lights of Liberty Ave. in the Bloomfield district with four police cars in hot pursuit.

After an hour, two policemen maneuvered their autos expertly and pinned the steer against a fence. Ten shots killed the animal.

Area Man Takes Government Job

Roy E. Moffett, son of Mrs. D. L. Moffett of Camp Springs, has been released from active duty as a major in the U.S. Marine Corps in order to accept a position with the State Department.

He and his family, who have been visiting his mother in Camp Springs, will be in Washington for about four weeks for a briefing course, and then will go to Vientiane, Loas in Indo China.

Moffett will be chief of the Operations Section in the International Cooperation Administration (ICA).

For the past four years Moffett has been stationed at the U. S. Marine Recruit Depot in San Diego, Calif. which is one of two Marine Recruit Training Centers in the United States.

Following the briefing session in Washington, Mr. and Mrs. Moffett will return to Camp Springs to pick up their children, who are visiting their grandmother. They will fly to Hawaii for a week, then go on to Hong Kong, Bangkok, Thailand and finally to Laos.

Moffett is a graduate of Rotan High School and received his bachelor of arts degree from Texas Tech in 1942.

He participated in the Guam and Okinawa invasions during World War II and in Korea in 1952. He is married to the former Alice Berdell Beman of Rocky Ford, Colo. They have three children, a son, 9, and two daughters, 5 and 6.

FOR CARRIERS

New Landing Device Shown

By ELTON C. FAY

PATUXENT RIVER, Md. (AP)—The Navy today displayed a new system for landing jet planes on carriers. It claims the equipment has reduced accidents by one-third and is saving about 20 million dollars annually in loss or damage to aircraft.

The device is an adaptation of the British-developed "mirror landing system," with equipment perfected by American industry.

A start has been made on installation of the equipment aboard carriers, including the supercarrier Saratoga. The mirror landing system eventually will be put aboard 14 carriers, and set up at about 60 airdromes the Navy operates ashore.

The mirror, about four feet square, is the aiming point for an aircraft coming in for a landing. Four brilliant points of light are focused on the mirror, creating a spot of light nicknamed the "meatball." A row of stationary green lights is arranged on the mirror.

When a pilot is headed in at the correct angle and on the right glide path, the meatball he watches will center between the lights. If the plane is too high, the meatball moves up, and drops when the aircraft is approaching too low.

Under the conventional system in which a landing signal officer waves a plane onto the carrier deck, a pilot has only about three or four seconds in which to correct his approach position. With MLS, the pilot has about 20 seconds.

In two years preceding the use of the landing system, the Navy said, there were 930 accidents, of which 37 were fatal, in 310,000 landings. Since installation of MLS, the total of accidents has been 52 with six deaths, in 58,600 landings.

2 Workshops Still Planned At Lubbock

LUBBOCK — Recent action by the Tech board of directors in eliminating the Adult Education Program will not affect three workshops scheduled at Texas Tech from July 22 to Aug. 2, it has been announced.

Dr. Per Stensland, who heads the Adult Education Program, will be leader of a workshop called "The New Community—Analyzing Forces at Work in American Communities," July 29 through Aug. 2.

The other two workshops, which will precede the New Community Workshop, are "A New Look at an Old Friend,"—how to prepare and give a book review, July 22-24; and "New Tools of Communication,"—radio, TV, films, records and tape recordings, July 25-27.

The action of the board of directors in eliminating the Adult Education Program will not go into effect until Sept. 1.

Bonuses For Tribe

PAWHUSKA, Okla. (AP)—Oil operators paid bonuses totaling $199,900 for Osage Tribal leases yesterday at the 117th quarterly sale.

FINALISTS IN MISS U. S. A. COMPETITION—These 15 girls faced the judges in finals of Miss U. S. A. competition, a preliminary phase of the Miss Universe contest which is underway in Long Beach, Calif. They were chosen from among 44 American entrants. Left to right, front row: Helen Garrett, Arkansas; Peggy Jacobson, California; Marianne Gaba, Illinois; Judith Hall, Iowa; Sandra Ramsey, Mass. Second row: Leona Gage, Maryland; Carolyn McGirr, Nebraska; Joan Adams, Nevada; Sanita Pelkey, New York; Kathryn Gabrieli, Ohio. Back row: Jean Spotts, So. Carolina; Gloria Hunt, Texas; Charlotte Sheffield, Utah; Diane Shafer, Wash., and Ruth Parr, West Virginia.

Maryland Girl Is Universe Winner

LONG BEACH, Calif. (AP)—A "go-for-broke" gamble in which two beautiful girls pooled their money to back one of them in the Miss Universe contest paid off today for lovely Leona Gage, 21, the new Miss United States of America.

The tall, raven-haired beauty from Glen Burnie, Md., who came west with her 24-year-old cousin, a $45 gown and high hopes, won the coveted crown last night and will now compete in the international phase of the contest.

The gamble that led to the thrill-packed climax was taken two months ago when Leona and her cousin, Barbara Gage, who make their home together, scraped together $45 and went shopping for a gown so Leona could enter the Miss Maryland contest.

Barbara, who is pretty enough to be a Miss Universe contestant herself, said Leona came to live with her two years ago after her widowed mother had remarried. Glen Burnie is a suburb of Baltimore.

Leona wore her $45 Miss Maryland dress as her formal gown on the first night of the contest, but blossomed out last night in a dazzling white dress loaned to her for the occasion by a Long Beach dress shop.

State May Get Showers Today

By The Associated Press

Skies were clear to partly cloudy over Texas Thursday with temperatures rising toward the 100s again.

Rainfall reports included 1.25 inches at Alpine and .18 at Galveston.

Temperatures ran from 83 degrees at Palacios to 71 at Salt Flat at dawn Thursday.

Highs Wednesday ranged from 105 at Presidio to 85 at Kingsville.

The Weather Bureau said hot weather with isolated thundershowers would continue four days at least.

Most of the Southeast remained hot and humid today and there was a warming trend in the Northeast but fairly cool weather prevailed in most Western sections of the country.

Wide areas of precipitation were reported near and ahead of the cool air from western North Dakota south and southwestward through the Central and Southern Rockies. Locally severe storms lashed areas in North Dakota.

Scattered showers and thunderstorms also hit the southeast quarter of the country during the night. Two sisters were killed by lightning in a storm which struck Knoxville, Tenn. A severe thunderstorm was reported at Clarksville, Tenn. one of the heaviest rainfalls was at Greensboro, N.C., measuring 1.61 inches.

The cool air over the Northwest spread southeastward, cooling the Central Rockies and plateau region. Temperatures were mostly in the 60s in Western areas except in the desert region where they were in the 80s.

Readings also were mostly in the 60s from the Great Lakes and Ohio Valley eastward to the Atlantic coast but warm and humid air headed into most of the Northeast. Clear skies also were indicated in the Far West. Widely scattered showers were the outlook in most other sections of the country.

Showers brought a little cooling to some hot spots in the far South west yesterday but 100-degree readings and higher were reported in many areas. Top mark was 112 at El Centro, Calif.

NEW TOOL

Device Charts Cavity

FREEPORT, Tex. (AP)—Engineers report success in charting the size and shape of huge underground cavities with a new tool the sonar caliper.

After four years of development, they have a device 50 inches long and 3½ inches thick which is said to operate within a margin of only 5 per cent error.

It's better known as the "Super Snooper" and adapts the techniques of sonic navigation. The developers are employes in the Texas division of Dow Chemical Co.'s electrochemical engineering and instrument technical services department.

So far it has been used to map brine well cavities. Engineers say it also appears to have applications for determining capacity of storage reservoirs for liquid petroleum gas. By revealing the shape gadget shows whether other holes may be drilled to tap that underground chamber.

The Snooper emits sound waves after being lowered into a shaft by cable, these hit a cavity wall and the echoes are recorded.

With allowance for temperature, pressure and salinity, the distance is readily computed.

Dies Of Injuries

AUSTIN (AP) — A Georgetown youth, Brian Engelbrecht, 17, died yesterday of injuries received Tuesday when he fell from a grain elevator at Granger.

Snyder Schools Have Difficult Posts To Fill

Only a few vacancies remain to be filled for the professional staff of the Snyder schools for this fall, but included in those are some of the hardest positions to fill.

Still needed are two visiting teachers, a director of pupil personnel services, an accountant for the business office, a junior high language arts teacher, an elmentary teacher for Lincoln School, two first grade teachers, and one public school music teacher.

Dr. Cecil Yarbrough, superintendent of schools, said numerous applicants are being interviewed in an attempt to best fill those positions.

Twenty-six persons new to the Snyder school system have already been employed, most of them filling vacancies, while a few are filling new positions.

The new personnel and their tentative assignments:

Charles Anderson, junior high language arts, received bachelor of science degree in June from Abilene Christian College.

Alma Lou Ator, high school home making, formerly taught at Coleman, holds BS degree from Texas State College for Women, Denton.

Mauryse Blacklock, fourth grade at Central Elementary, holds bachelor of arts from Oklahoma College for Woman, Chickasha, and master of education from Sul Ross State College, Alpine, formerly taught at Munday.

Mary Lou Clark, first grade at North Elementary, formerly taught at Nederland, holds BS from North Texas State College, Denton.

Camille Cloud, third grade at Northeast Elementary, to receive BS degree in August from North Texas State College. Snyder High School graduate and daughter of Mr. and Mrs. P. W. Cloud, Clairemont Road.

Shirley Joyce Cook, homemaking and science at Lincoln School, holds BS from Texas College, Tyler.

Toffie Duncan, fourth grade at Central Elementary, formerly taught at Midland, holds BS degree from Hardin-Simmons University, Abilene.

Dell Felder, high school history, holds BS degree from University of Texas.

LaRue Gay, third grade at Central Elementary, formerly taught at Brownfield, holds bachelor of business administration degree from Hardin-Simmons University.

Roger Don Gee, music at Central Elementary, formerly taught at Sinton, holds BS degree from Abilene Christian College and MA from George Peabody College at Nashville, Tenn.

Scott Hays, sixth grade at Central Elementary, holds BS degree from Abilene Christian College and master of education from Hardin-Simmons University.

Janet Chloe Hunt, physical education at Central Elementary, holds BS degree from Abilene Christian College.

Dannie Huffman, fifth grade at Northeast Elementary, formerly was substitute teacher here, holds bachelor of education from Superior State Teachers College, Superior, Wisc., and bachelor of library science from the University of Wisconsin, Madison.

Wanda Jean Kelly, sixth grade at Central Elementary, holds BS degree from Abilene Christian College.

Peggy June Leddy, physical education at West Elementary, formerly taught at Waco, holds BS degree from Baylor Univeristy, Waco.

William Nesbitt, supervisor of secondary education, formerly director of curriculum at Hillsboro, University of Texas.

Glenda Lee Pfluger, third grade at Northeast Elementary, to receive BS degree in August from Abilene Christian College.

Betty Price, sixth grade at Northeast Elementary, formerly taught at Hermleigh, holds BBA degree from Texas A&I, Kingsville.

Yvonne Scott, first grade at Northeast Elementary, to receive BS degree from Sam Houston State College, Huntsville, in August.

Nona Grace Shuck, math at high school, formerly taught at Tyler, holds BA degree from Hardin-Simmons University.

Betty Jean Stewart, music at West Elementary, holds bachelor of music from Hardin-Simmons University.

Colleen Soles, speech at junior high, formerly taught at Fort Worth, holds BA degree from Texas Christian University, Fort Worth daughter of Mr. and Mrs. Adam Soles, Arah Route.

Allene Joyce Stoval, physical education at high school, holds BS and MS from Baylor University.

Mrs. Elvin Tomlinson, second grade at Northeast Elementary, formerly taught at Novice, holds BS from Central State College, Edmond, Okla., and MA from West Texas State College.

Dixie Turner, second grade at Central Elementary, to receive BA degree in August from Austin College, Sherman.

Ned Underwood, coach at junior high school, to receive BS degree in August from Texas Tech College, Lubbock. Snyder High School graduate and son of Mrs. Doris Chandler, 2102 Avenue Z.

Nadine Weinert, second grade at North Elementary School, formerly taught at Wichita Falls, holds BA degree from North Texas State College.

Official Wants To Take Siren Off Ambulances

DENVER (AP)—The manager of Denver hospitals wants sirens taken off the city's ambulances, which make an average of 10,000 runs a year.

"Nobody has shown me a case in which a life has been saved because of a siren," Dr. Lloyd Florio told a safety meeting.

Police Chief Walter Jaynson recommended the sirens be kept because "people feel they are be-being cared for more efficiently."

The meeting reached no conclusion.

Watermelon Figures In Man's Acquittal

NORFOLK, Va. (AP)—Squashed watermelon figured in the aquittal of Edward S. Ferebee on a charge of disregarding a red light.

Perebee, an attorney, told Judge Vernon D. Hitchings the watermelon scattered across three traffic lanes at the intersection, was "blood red."

His first thought was that there had been an accident, he said, and his attention strayed from the red light.

Weight Lifting Thief

DALLAS (AP)—J. L. Brown complained to police yesterday some thief with a yen for weight lifting toted away his dumbbells and a bar bell set weighing a total of 175 pounds from his driveway.

NEW LIONS CLUB HEADS—Taking office this week were new officers of Lions Clubs here. Chuck Wolfe, left, is the newly-appointed zone chairman for the Lions, while W. W. Park, center, is new president of the Downtown Lions Club and Joe Cargile is president of the Evening Lions Club. (Wolff Studio photographs)

IN SNYDER THIS WEEK

Lions Officers Take Over

New officers of Snyder's two Lions Clubs took office this week.

The clubs new presidents are W. W. Park, Downtown Lions, and Joe Cargile, Evening Lions.

Also taking office this week was Chuck Wolfe as chairman of Zone 2, Lion District 2-T-2. He was appointed by Carl Hyde of Midland, district governor. The zone covers Loraine, Colorado City, Silver, the two Snyder clubs, Jayton, and Clairemont. Wolfe is owner of Wolfe Studio.

Park, an attorney with the Snyder firm of Park, Hemphill & Auforth, succeeds Wolfe as president of the Downtown club, which meets each Tuesday at noon at the First Methodist fellowship hall.

Cargile, an assistant cashier at the West Texas State Bank, succeeds J. C. Barnett, employe of the Texas Co. The Evening club meets on Monday evenings at the Village Restaurant.

Other neew officers of the Downtown club are Dan Cotton, first vice-president; D. D. Shelburne, second vice-president; Stanley Noah, third-vice president; Cecil Boren, secretary-treasurer; Barber Martin, assistant secretary-treasurer; Gilbert Fields, Lion tamer; Dr. John Hamblen, tail twister; Ross Hemphill, song leader; Ivan Gatlin, pianist; and Charles Hooser, Frank LeFeuvre, Phil Burns, J. T. Haynes, and Burney Dunnam, directors.

Other new oficers of the Evening club are Joel Griffin, T. M. Blay, and Armor McFarland, vice-presidents; Phil Cherry, secretary-treasurer; Bill McLaughlin, tail twister; Jack McGlaun, Lion tamer; and Lee Stone, J. Carter Parke Landis Lee, and Barnett, directors.

Scout Has Pictures Of Jayne To Trade

VALLEY FORGE, Pa. (AP)—Chubby Jack King, 13-year-old Boy Scout from Pasadena, Calif., really has jamboree trade bait—personal pinups of Jayne Mansfield.

Jack went over to her Hollywood studio a while back, posed with her, got 50 autographed stills and was in business.

Jack said "I've swapped them for troop patches and neckerchiefs because they're my favorites."

Jack said he had a few pictures left and was ready for a last minute rush.

Dog Holds Up Train

PHILADELPHIA (AP)—Southbound Broad Street subway trains were held up for half an hour by a stray dog prowling along the tracks during yesterday's morning rush hour. Thousands of impatient passengers left the trains stopped at stations and sought other transportation—or walked—to work.

Now They Refresh With Orange Juice

LAKELAND, Fla. (AP)—The Florida Highway Patrol has been placing stickers on automobiles which read "For safety's sake slow down and live. Stop for a coffee break."

This coffee plug aroused the ire of R. V. Phillips, a leading citrus man. He protested to the Florida Citrus Commission which carried the complaint to the patrol.

From now on the stickers will read "Stop. Never drive while tired. Refresh with orange juice."

Convention Report Heard

Snyder Kiwanis Club members heard a report Wednesday on the annual convention of Kiwanis International.

Frank Maddox, who was official delegate of the local club at the convention, was the speaker. The convention was held June 23-27 in Atlantic City, N. J.

Maddox said reports at the convention showed that total membership in Kiwanis International is now over a quarter of a million and that 120 new clubs have been organized during the past year.

The Texas-Oklahoma District lost in its battle to elect one of the International officers, he said. The district was supporting Luman Holman of Jacksonville for International treasurer, and he was defeated by a narrow margin.

The local club also heard reports on its ice cream supper, which was held a week previously in Towle Memorial Park.

LODGE MEETING PLANNED FRIDAY

A special program of the regular stated meeting of the Snyder Masonic Lodge at 8 o'clock Friday night will be given by members of the Big Spring Lodge.

Through error it was incorrectly reported in the Daily News yesterday that the program would be held tonight.

Termites At Work In Snyder Area, Control Officials Say

Most residents of the Snyder area have not even thought of the possibility of extensive termite damage in such a dry climate as this.

But the termites are at work in many Snyder homes, according to representatives of pest control firms in this area.

There was enough damp weather early this year to cause dampness in the soil under houses, creating ideal breeding places for termites. Most of these soils under houses had not been treated as precaution against the wood-eating pests.

Termite shields around foundations and on supports under houses, while they are helpful, do not guarantee the home owner safety against termites, and inspections made in many homes here have indicated that termites have infiltrated the floors and walls of some homes.

It is easy enough for residents to determine whether they have termites. They can make their own inspections, checking under the house to see if there are any mud trails leading up the foundation. Mud trails can also many times be found on the outside of the foundation, as would be the case on houses with slab foundations.

Soil under most houses here can be treated after the houses are built, but persons who may have plans to build structures with slab foundations are advised by control firms to treat the soil under those before the foundations are poured.

If a resident discovers he has termites in his house and desires to have a pest control firm rid him of the termites, he is advised to take precautions to be sure he has a reputable firm, since there have been many people making a "racket" out of the pest control business.

First, a reputable firm will usually have its name and address on the side of its truck or other vehicle. Also, it will usually be listed, with address, in the telephone book. A resident should either know the person who does the work for him or know how to get in touch with the office of the firm which does the work. A firm permanently established is usually not one of those making a "racket" of the business.

Termites usually begin eating on the underside of the house, and many times they eat up through the walls. Common practice for them is to eat up through the inside of sheet rock, leaving the paper. It is hard to detect the work of termites from the inside of a house. Their work has been known to go far enough that a person has fallen through a floor or wall.

Termites, like bees, swarm periodically, with a queen taking group of termites to a new location. A queen termite lays more than a million eggs in one laying and then dies. There are some of the little ants which are strictly egg bearers and do none of the eating work on houses. They distribute the eggs, taking them into the soil for hatching.

Once a group of termites gets started on a house, it could in many cases do major damage within 30 days.

Three Killed By Blast On Navy Craft

NEW LONDON, Conn. (AP)—A 2½ pound T. N. T. charge went off accidently aboard a cruising Navy escort patrol craft last night, killing three men and injuring four other seriously.

The explosion occurred aboard the 180-foot, U.S.S. Somersworth, which was on routine maneuvers in the Atlantic, about 120 miles southeast of here.

Two of the dead were identified as Anthony Fozza, pipefitter first class, whose widow lives in nearby Groton, and John R. Turley, quartermaster first class, whose widow lives in New London.

The Navy said the vessel had been engaged in text exercises since Monday morning. It docked here at dawn bearing the bodies of the three dead men.

The fatal charge was the last of about 135 discharged during the exercise, the Navy said. The charges are used in experiments to study the transmission of sound under water.

Capt. Harold E. Ruble, commander of the underwater sound laboratory, told newsmen such charges have been used by the Navy for at least 11 years. This is the first accident of its kind he was aware of, he said.

The wounded were placed aboard another Naval vessel which headed for the Newport, R. I., Naval base.

Dallas Building Fire

DALLAS (AP)—A building owned by the Zip City Iron and Metal Works, filled with scrap plastic, was destroyed by fire yesterday. The loss was placed at $25,000.

Struck By Auto

BOWLING GREEN, Ohio (AP)—Enrique Falcon, 12, son of migrant farm laborers from San Antonio, was killed last night when struck by a car in front of his home 10 miles southwest of here.
