# THE SNYDER DAILY NEWS

VOL. 8, NO. 288 — SNYDER, TEXAS, TUESDAY, APRIL 1, 1958 — EIGHT PAGES—PRICE 5c

**TRUCK OVERTURNS AND BURNS**—The 1958 International tank truck above caught fire after overturning at Avenue E and Thirteenth Street at about 6:55 o'clock this morning. The driver, Reese E. Carter, Jr., 41, of Post, was injured, but was released from Snyder Clinic Hospital after treatment for minor injuries. (Lee Watson photograph)

## Three Hurt In Two Mishaps Here Today

Three persons were injured in two separate vehicle accidents here early this morning.

Two 14-year-old Snyder boys were injured when the motor scooter they were riding was in collision with a mail truck at Twenty-seventh Street and Avenue S, at about 7:55 o'clock this morning.

The driver of an oil transport semi-trailer truck was injured when his truck overturned and caught fire at Thirteenth Street and Avenue E about 6:55 o'clock.

Injured in the motorscooter accident were William Russell Stevens, 14, son of Mr. and Mrs. W. R. Stevens, 313 Thirty-third Street, and Jimmy Proctor, 14, son of Mr. and Mrs. G. P. Proctor, 325 Thirty-first Street.

The 1956 Cushman scooter they were riding collided with a 1955 Dodge mail delivery van owned by the United States Post Office here, and driven by Gerald C. Walton, 36, of 1205 Twenty-ninth Street.

The youths were taken to Cogdell Memorial Hospital by Bolger Ambulance, but Proctor was released after a check up disclosed no serious injuries, investigating police said.

Stevens was kept at the hospital, but was believed not to be seriously injured. He suffered a cut on a leg, while the Proctor youth had a bruised leg and a cut on an arm.

Driver of the truck which overturned, Reese E. Carter, Jr., 41, of Post, was given emergency first aid treatment for a laceration on his head at Snyder Clinic Hospital and released this morning. He was taken to the hospital in a private car.

His 1958 International semi-trailer tank truck overturned at Avenue E and Thirteenth Street when attempting to turn west onto Thirteenth Street. It had approached the intersection from the south on Avenue E.

Investigating police said Carter stated that the truck apparently became overbalanced as he turned the corner, and that something appeared to go wrong with the wheels on the right side of the truck. It came to rest on its left side, and caught fire.

Carter was pulled from the burning truck cab by the driver of another tank truck which was following a short distance behind him.

He was knocked out when the truck overturned, but regained consciousness before being taken to the hospital.

The truck's saddle tanks caught fire, but the 5,000-gallon crude oil tank being pulled did not catch fire.

City firemen and volunteer firemen put the fire out with water and fire extinguisher chemicals. Hose streams were played on the burning truck for about 30 minutes.

The truck was owned by the Bruce Burney Trucking Co.

## Rights Panel Funds Okayed

WASHINGTON (AP)—The House today formally passed and sent to the Senate a bill appropriating $750,000 for expenses of the Civil Rights Commission for the fiscal year starting July 1.

The action by roll call vote confirmed tentative approval yesterday.

The civil rights fund was approved over the opposition of Southern Democrats. It was part of a general $5,558,970 appropriation measure financing the White House and related offices.

The six-member Civil Rights Commission was created by the 1957 Civil Rights Law.

# Arab Minister Plans To Confer With Dag

CAIRO (AP) — Foreign Minister Mahmoud Fawzi today arranged to fly to Switzerland to meet U. N. Secretary General Dag Hammarskjold. It was reported Fawzi would take up what the United Arab Republic calls Israeli aggression on its Syrian border.

The U. A. R. of Syria and Egypt yesterday requested an extraordinary meeting of the U. N. Security Council to investigate two days of tank and artillery exchanges near the Lake Huleh reclamation project on the Syrian-Israeli border.

A Foreign Office spokesman said Fawzi would meet Hammarskjold in Zurich tomorrow.

Egyptians expressed fears that the clashes were part of a general Israeli plan to take over all demilitarized zones along her border.

Fawzi also called in the ambassadors of the United States, Soviet Union and Red China this morning. It was assumed he was informing them of the border situation.

The latest two-hour clash stopped after two cease-fire orders by the U.N. Armistice Commission. Each side accused the other of starting the shooting.

Although each nation claimed the other lost heavily, the Israelis said one of their settlers was killed and three wounded, while the Arabs said two of their officers were killed.

Information Director Saad Afra said the U.A.R. had called for a meeting of the Security Council to consider "a violation of the truce agreement and a danger to peace." A Cairo spokesman had warned earlier that the joint forces of Syria and Egypt would not stand idly by in the face of aggression.

The clashes erupted after the Israelis began digging a drainage canal to take care of flood waters from the Jeleibineh Valley, on the Syrian side of the armistice demarcation line. The Israelis claim the waters often flood lands along Lake Huleh which were reclaimed by a drainage project completed last fall.

A Syrian army spokesman said the Israelis moved a crane to the Lake Huleh area and Arab patrols tried to prevent them. He said Israeli troops and tanks then opened up. An Arab spokesman told the Middle East News Agency the Israelis moved 38 armored cars into the zone and began shelling the Syrian villages of Gumruck, Galbinia and Tarbarah despite three U.N. cease-fire calls. The spokesman said the Syrians returned fire and claimed damaging hits on at least five Israeli settlements.

Isreal contended it moved troops into the disputed area to protect its workers. It said fighting broke out when the Syrians opened fire on the laborers for the second day.

## 11 Bootleg Cases Filed Here Monday

Eleven bootleg cases were filed last night in county court here by officers of the sheriff's department and Texas Liquor Control Board after about a week of undercover work by a "buyer."

The 11 cases were filed against seven persons. Two of the cases were dismissed, however, because of insufficient evidence for prosecution, George Killam, county attorney, said.

Killam completed the charges against:

C. E. Helms, who has not yet entered any plea on his two cases of illegal sale of intoxicants.

Jim Gallager, five cases of illegal sale of intoxicants, who pleaded not guilty to each case. His bond was set at $750 in one case and $500 in each of the other four by County Judge Edgar Taylor.

Anderson Davis, Sr., for illegal possession of intoxicants, one of the cases dismissed.

Delbert Johnson, illegal sale of intoxicants, who entered a plea of not guilty. His bond was set at $750.

Marvin Allen, illegal sale of intoxicants, who pleaded guilty. His fine was set at $123.50, including court cost.

Roosevelt V. Thompson, Jr., illegal sale of intoxicants, one of the cases dismissed.

Irene Davis, illegal sale of intoxicants. Her fine was set at $373.50, including court costs, when she pleaded guilty.

## Bulgy Ranks No. 44 Now

MOSCOW (AP) — The extent of former Premier Nikolai Bulganin's downgrading was demonstrated graphically today when Pravda, the Communist party newspaper, listed the members of the new Council of Ministers.

Bulganin, now chairman of the Soviet State Bank, was 44th among the 60 members.

Morning newspapers were more than doubled in size to accommodate reports from the Supreme Soviet and individual photographs of Premier Nikita Khrushchev and all other members of the new government.

The papers did not mention the U. S.-British-French notes proposing that diplomatic exchanges begin in Moscow this month to plan for a summit conference.

## Skies Mostly Clear Over West Texas

By The Associated Press

A weak cool front extending from the eastern Panhandle southwestward into the Big Bend Country touched off April showers Tuesday in northeast Texas.

Skies were clear to partly cloudy in West Texas and partly cloudy to cloudy in the eastern half of the state.

# 'Perfect Strangers' Blamed For Violence During Strike

WASHINGTON (AP) — A Perfect Circle Corp. supervisor testified "we might not be here today" if nonstrikers had stood idly by when gunfire broke out in a 1955 labor dispute.

Kenneth Griffin, a supervisor at Perfect Circle's New Castle, Ind., plant, told Senate investigators he was inside the plant with a shotgun on company orders Oct. 5, 1955. That was the day of the battle that wounded eight persons and brought the National Guard to the scene.

The Senate Rackets Committee is investigating violence during the four-month strike of the United Auto Workers against the Indiana piston ring manufacturers. The strike was settled late in 1955.

Griffin, a veteran of 14½ years with Perfect Circle, who said he belonged to the UAW before he became a supervisor in 1945, blamed responsibility for violence in New Castle on "perfect strangers." He said he knew of nothing the union did to discourage violence.

He said there were hundreds of people he did not know and "only a few" strikers among about 2,000 demonstrators outside the plant the day of the shooting. He testified he saw "a mass of people coming across the field" toward the plant and overturning autos.

"Well," Chairman McClellan (D-Ark) commented, "I regard that as an assault on the plant."

Sen. Mundt (R-SD) asked what would have happened if the nonstrikers inside the plant had "just stood there and did nothing."

"Well," Griffin replied, "we might not be here today to tell it. You get a mob together and you can't tell what's going to happen."

Union officials have contended the men inside the plant fired upon an unarmed group of marching demonstrators. The company says strikers started the violence.

Griffin denied UAW contentions that stacks of rifles and shotguns removed by state police from the plant after the shooting constituted a company-provided arsenal. He said only eight shotguns were purchased by the company and that his own shotgun and the weapons of others were personal property.

Major spokesmen for both the company and the United Auto Workers blamed each other for violence that erupted into a pitched gun battle at New Castle, Ind., Oct. 5, 1955.

The testimony was restrained and devoid of the bitter clashes that marked the recently completed five weeks of hearings on UAW's marathon strike against the Kohler Co. of Wisconsin.

A contract was signed at New Castle late in 1955 after four months of striking and shortly after the UAW was voted out by workers at Perfect Circle plants in Hagerstown and Richmond, Ind.

# Dulles Says Ike Nixed 'Propaganda Gesture'

WASHINGTON (AP)—Secretary of State Dulles disclosed today that President Eisenhower had considered stealing a march on the Russians by announcing a U. S. suspension of atomic tests but rejected the whole idea as a propaganda gesture.

Dulles conceded at a news conference that the Soviet government had won a certain propaganda victory with yesterday's announcement of suspension of Soviet nuclear tests.

He labeled the gesture, however, as entirely propagandistic.

But the United States, Dulles said, cannot operate as the Soviet Union can because it works in the presence of a free press, an alert political opposition, a properly critical public opinion, and allied governments which are not just dummies like the Soviet satellites.

At this point in his news conference, Dulles' voice rose emotionally and he declared "I thank God" that such conditions exist on the American side. He added he would not change one of them, even though they make it difficult to compete with the Soviets in propaganda.

Dulles set forth his views as other officials predicted Russia would follow up the announced ban on tests by proclaiming an end to production of nuclear weapons.

Moscow probably already has made the decision, they said, in line with a public hint to that effect which Soviet Premier Khrushchev put out in Moscow nearly three weeks ago. But they said the Kremlin probably is deliberately delaying an announcement until Moscow has reaped propaganda value from the singlehanded test ban.

The Soviet Union, which has just completed an extensive series of nuclear tests, announced no date for the start of its ban on further tests. It also left the way open to resume the tests after the first of a series the United States has planned this spring and summer in the Pacific testing grounds.

U.S. officials said this country's tests will go forward as scheduled.

Responsible officials said a network of Allied detection stations on the rim of the Soviet Union could provide a reasonable check on whether the Soviets are cheating on a test ban.

But they said a halt in atomic production could not be verified from the outside. Reliable, unbiased inspectors would be needed inside Soviet arms plants.

The Soviet announcement coincided with some reports that the Atomic Energy Commission was opposed to any U.S. action to halt tests voluntarily even after the current testing series ends this summer.

The AEC view was reported to be that further tests are urgently needed to learn more about peacetime prospects and to develop further "baby" atomic bombs.

Meanwhile, government authorities insisted that the Eisenhower administration has not backed down in its demand that a summit conference must be preceded by lower level diplomatic talks which ease differences on existing problems.

They contended it was incorrect to draw this interpretation from the American-British-French note to the Kremlin which calls for talks on an ambassadors' level in the second half of this month.

These diplomats, it was said, would "examine the position" of East-West governments on major issues and would seek "by general discussion" to bring prospects of agreement.

## Bandits Kill Young Mother, Hurt Husband

LAWTON, Okla. (AP) — Two bandits shot and killed a young mother and critically wounded her husband last night after binding the couple to chairs. The couple's 5-month-old child was unharmed.

Police said the bandits escaped with $300 taken from a store where the husband worked.

The victim was Mrs. Ruth Zimmerman, 19.

Her husband Reggie, 22, was shot three times with a .25-caliber automatic pistol. He managed to get free about 30 minutes after the men escaped and staggered across the street to the home of a Lawton policeman.

Before going into surgery at a hospital, he told officers that the two men came to his apartment above Kenny Kleiningham's Army Goods Store. He said they forced him to give them cash from a safe in the store.

Then, he said, they took him back upstairs, tied him and his young wife with cord to the chairs and gagged him, then started firing.

Zimmerman talked to police from his hospital bed after surgery.

The robbers tore strips from a diaper and bound the couple's feet, gagged the Zimmermans and forced them into a closet, he said, and then someone fired five times into the closet.

Mrs. Zimmerman was wounded in the left breast and right side, and Zimmerman had two wounds in the right arm and one in the chest.

Zimmerman said he partly freed himself, dragged his fatally wounded wife out and cut her bonds. He said he staggered across the street to James C. Blackburn, a city policeman.

## Contract To Low Bidder

The county commissioners court yesterday afternoon accepted the low bid of A. O. Poteet of Ralls on a paving project of almost eight miles in southwest Scurry County.

The contract calls for pavement of three roads. One is 3.87 miles leading west two miles from the Lion Diamond M Camp and south 1.87 miles to the Knapp road. Another is on a road beginning at Ira and south one mile and east two miles. The third is on a road beginning a mile east of Ira the Ira-Dunn road and running one mile south to intersect the other road being paved.

Poteet had a low bid of $79,509.20 on the 7.823 miles of paving. The bids were opened last Wednesday.

Other bids were: $81,828.03 by Chastain & Creel of Colorado City and Snyder, $86,594.33 by Younger Construction Co. of Snyder, $97,122.80 by Parker Construction Co. of Odessa, $87,845.61 by West Texas Construction Co. of Lubbock, $88,161.69 by South Texas Construction Co. of Corpus Christi, $90,222.07 by Graham Bulldozer, Inc., of Sweetwater; $84,827 by Jones Bros. Construction Co. of Odessa; $87,305.54 by T. M. Jr. and Don Brown of Abilene, and $89,555.19 by Cage Bros. Construction Co. of San Antonio.

## Disappears In Lake

MARBLE FALLS, Tex. (AP)—Billy Moreton, 23, of San Antonio Disappeared on Granite Shoals Lake yesterday.

## WEATHER

SNYDER TEMPERATURES High Monday 76 degrees, low 30 degrees, reading at 7:30 a.m. today 49 degrees.

West and South Central Texas — Mostly cloudy and mild through Wednesday with a few thundershowers.

North Central Texas — Cloudy to partly cloudy with scattered thundershowers this afternoon. Partly cloudy tonight and Wednesday. No important temperature changes.

West Texas — Partly cloudy through Wednesday with a few showers east of the Pecos River this afternoon. Scattered thundershowers beginning late Wednesday. No important temperature changes.

**QUESTIONED IN HUSBAND'S SHOOTING**—Mrs. Irene Gresham, 49, fights back tears as Patrolman F. O. Mote questions her in the shooting of her husband in Dallas. David Gresham, 50-year-old cafe operator, was in critical condition with four bullet wounds. Mrs. Gresham told police the gun, which Patrolman Mote holds, went off accidently during a scuffle. (AP Photo)

## Baruch Says Tax Cut Talk 'Folly'

WASHINGTON (AP)—Bernard M. Baruch told Congress today that in the face of a tremendous national debt and expenditure, it is folly to talk of tax reductions.

The 87-year-old financier also contended this is not the time to embark on vast federal works or other pump-priming programs requiring deficit financing.

Baruch gave his opinions to a Congress teeming with tax reduction and public works schemes.

His appearance before the Senate Finance Committee marked a resumption of hearings, begun last year, into the nation's financial condition.

The hearings centered on the problems of inflation in a booming economy when they started last summer. They resume in an entirely different economic atmosphere although prices remain at peak levels.

But Baruch told the committee in prepared testimony that inflation is the most important fact of the time—the single greatest peril to economic health.

"We are now suffering a hangover after a long inflationary binge," he said. "This recession is the inevitable aftermath of a period of inflation that could at least have been mitigated if not prevented."

He said that tax cuts and large public works programs financed by red-ink spending would add to the inflation.

"I like taxes no more than the next man," Baruch said, "but there are worse burdens. It is infinitely cheaper to preserve peace than to fight a war."

Further, he asserted, "I am dubious about the purchasing power a tax cut will generate."

"The value of any conjectured purchasing power is outweighed," he said, "by the jeopardy in which a tax cut will place all the programs supported by taxes—from national defense to welfare assistance.

"A tax cut will increase the deficit, add to the debt, and further weaken the government's credit. To reduce revenus before our defenses are secure and our debt manageable is uneconomic and immoral."

## SPOT MUSE

**THIS IS THE LAST** day for absentee voting in school board elections, and response is heavy in the Snyder school board election in the absentee box.

**BY THIS MORNING,** 119 persons had voted absentee in the office of Dan Cotton, county clerk.

**AN ESTIMATED** 9,500 license tags were sold by the county tax office by the deadline yesterday. Today is a "day of grace," and some persons were still registering their autos.

**ANYONE WHO** drives a vehicle not registered for 1958 after today is subject to penalty, which is 20 per cent of the cost of the license plate. If a person can sign an affidavit that he has not driven the vehicle, he can register it without penalty after today.

**GERAL GREENE,** county tax assessor-collector, said his office sold about $24,000 worth of plates yesterday, or about 700 to 800 sets.

## Station Wagon Is Destroyed By Fire

A 1954 Ford station wagon owned by George Etheridge was destroyed by fire four miles east of here about 4:25 o'clock yesterday afternoon.

D. A. Porter, fire chief, said the cause of the fire is unknown.

A can of gasoline and floor finish and finishing equipment were in the station wagon.

# Canadians Amazed At Strong Showing Of Conservatives

TORONTO (AP) — Canada was amazed today by Prime Minister John Diefenbaker's political triumph, which shattered the opposition in Parliament, and placed his Conservative party in complete command with the biggest majority in history.

Yesterday's general election — the country's second in 10 months — gave the Conservatives 209 of the 265 seats in the House of Commons.

The election made history in these other ways:

It reduced the once powerful Liberal party to 47 seats, the smallest number ever. It had 106 before the election.

It sent the leader of the Socialist Cooperative Commonwealth Federation, M. J. Coldwell, to defeat and reduced the CCF House membership from 26 to 8.

One district was still out.

The election completely eliminated the Social Credit party from Commons, including its leader, Solon Low. Social Credit had 19 members before.

The 62-year-old Prime Minister will be in a powerful position to rule as his party wills for the next five years.

The largest number of members any party ever had before was the 190 seats the Liberals won in 1949. Since his surprise victory last June, Diefenbaker had been governing with only 113, 20 less than a majority.

The Prime Minister swung into action immediately. He announced he was calling Parliament back into session at the earliest moment to tackle the unemployment problem, which he described as the No. 1 issue before the country.

Unemployment was one of the big campaign issues. Diefenbaker proposed a billion-dollar development program to take up some of the slack. He opposed Liberal Leader Lester B. Pearson's plan for tax cuts of approximately 400 million dollars.

There was no clear explanation for the runaway vote. Diefenbaker had been generally picked to win a majority in the House, but not even his most ardent supporters expected such a sweep.

Diefenbaker made a strong appeal to voters during the campaign to give him a chance to put his program into effect. It appeared that many of them swung to him to do just that.

Pearson, former foreign secretary and winner of the 1957 Nobel Peace Prize, expressed determination to rebuild his battered party for the future. He retained his own seat in Parliament.

"We are disappointed, but not discouraged," he said. "We will regroup. We will go to work and do the best in the future to reverse the result."

Biggest upsets came in traditionally Liberal Quebec province and in the Western provinces, where the CCF and Social Credit parties have long been powerful.

In Quebec, the Conservatives won 50 of the 75 seats, 41 more than they took in 1957 when the province went against the general trend and stuck with the Liberals.

## GOP Policy Panel Looks At Demo Bill

WASHINGTON (AP) — Sen. Knowland (R-Calif) called the Republican Policy Committee together today to assess the "fine print" in an antirecession bill Democratic leaders hoped the Senate would pass before midnight.

The measure would make a billion dollars in loans available for municipal public works.

The bill is the last of a series of antirecession measures on which Democratic leaders are pushing for Senate action before an Easter recess. It won 13-2 approval of the Senate Banking Committee, with only Senators Bricker (R-Ohio) and Bennett (R-Utah) opposed.

Sen. Payne (R-Maine) claimed credit for a series of amendments under which the two-billion-dollar authorization first proposed by Sen. Fulbright (D-Ark) was cut in half and the maximum interest rate on the proposed loans raised to 3½ per cent.

Fulbright prepared an amendment under which the maximum rate would be lowered to the 3 per cent he originally proposed. The interest rate under the present 100-million-dollar program, on which President Eisenhower has ordered a speedup in expenditures, ranges from 4⅛ to 4¾ per cent.

Fulbright has contended that these rates are so high that only cities with poor credit ratings apply for loans.

## VA Flooded With Letters After Report

WASHINGTON (AP)—The Veterans Administration said today it is being flooded with mail because of an incorrect report that it has 60 million dollars in unclaimed dividends on World War II GI life insurance policies.

The report, emanating from Kentucky, has brought a deluge of postcard requests for the nonexistent dividends, VA said in a statement.

A spokesman said an estimated 1,500 postcards arrived yesterday, most of them from Kentucky but some from New York and Texas.

He said the report was known to have been published in a Kentucky newspaper.

VA's statement said the report may have started from the recent cancellation of 63,000 undeliverable National Service Life Insurance dividend checks.

These checks, which totaled less than three million dollars, were returned to VA because veterans had moved without leaving a change of address notice with the post office, VA said.

Although the checks have been canceled the money is being held in a special fund and will be paid to eligible veterans as they are located, VA said.

## Ship Burns Off Africa

OSLO, Norway (AP)—A Norwegian immigrant ship [illegible] more than 1,000 persons aboard burned in the Indian Ocean off Africa's east coast last night. All aboard were rescued but one German passenger died in a lifeboat of a heart attack.

Capt. Alf Haakon Feste, skipper of the 8,786-ton Skaubryn, abandoned his ship after fire erupted in her engine room and got quickly out of control. Passengers and crew were taken aboard the City of Sydney, a 7,003-ton vessel from Liverpool. They were to be transferred to the Italian liner Roma later today.

"All attempts to extinguish the fire were hopeless," Feste radioed. "All lifeboats were launched. Everybody is safe except a German passenger who died of a heart attack in a lifeboat.

"Everybody behaved wonderfully and there were no signs of panic. The City of Sydney is standing by the gutted, still floating hulk."

The Skaubryn was en route to Australia with 1,010 immigrants from Germany, Malta and Scandinavia.

## Ex-Queen Is Godmother

MONTE CARLO (AP) — The last Queen of Spain is going to be godmother to Grace Kelly's new baby.

The Monacan royal palace announced today that the godmother of young Prince Albert will be ex-Queen Victoria Eugenia, widow of King Alfonso XIII and mother of the Spanish pretender, Don Juan. The godfather will be Count Louis de Polignac, a cousin of the baby's father, reigning Prince Rainer III.

The baby was born to the former Hollywood movie star and Prince Rainer March 14 and will be christened April 20 in the cathedral across the square from the royal palace.

## One Rescued Hiker Is Seriously Ill

YOSEMITE NATIONAL PARK, Calif. (AP)—William Pope, rescued by helicopter after four delirious nights on a snow-piled High Sierra ledge, remained in critical condition today suffering from penumonia.

Margaret Meyer, 21, Seattle, one of three Stanford University students who cared for the 22-year-old San Francisco architect's son in a small tent, remarked after the rescue: "Bill was delirious most of the time but he improved some after Friday."

"We had a first aid kit and I gave him antibiotics every four hours. Then when it looked like we might be up there for a while, I stretched the doses out to six hours. Saturday the plane dropped more."

She added that snow just about buried the tent Saturday, saying: "The place seemed to be getting smaller and smaller and it was. The snow was piling on top. Mike went outside and cleaned it away."

Michael Roberts, 21, Neenah, Wis., said: "The girls did a fine job. They never panicked."

The other girl was Lenore Lamb, 21, Orinda, Calif.

They and Bert Hooley, 22, Reno, Nev., and Max Allen, 22, Paradise, Calif., had started March 22 on what was to have been an eight-day cross-country ski trip through the high mountains from June Lake Reservoir to Yosemite. The six, all members of the Stanford Alpine Club, had expected to arrive at Yosemite Saturday.

Pope became sick Wednesday and by Thursday was so weak that Roberts and the girls pitched a camp at 11,600 feet—more than two miles high—on lonely snow-covered Lyell Peak and Hooley and Allen hiked out for help.

A mountain storm kept out helicopters until yesterday. Then Army Chief Warrant Officer John J. Cooney, 35, Marlboro, Mass., and William J. Williams, 30, Binghamton, N.Y., flew a whirlybird to the ledge, guided by Bob Symons, Bishop, Calif., a Civil Air Patrol pilot who had dropped medicine and supplies.

## Racial Plan Is Prepared

NASHVILLE, Tenn. (AP) — The Nashville School Board will submit to federal court a grade-a-year desegregation plan whereby compulsory racial segregation in public schools will be abolished in 1968.

The plan, passed by a 7-1 vote, will be offered for final approval to U.S. Dist. Judge William E. Miller, under whose orders the first grades here were desegregated last fall.

The dissenting vote was cast by Coyness Ennix, sole Negro member of the board. He said he felt the plan was too slow.

Under the board's proposal, compulsory segregation will be extended to the second grade this fall and move up one grade a year until the 12th grade is desegregated in the fall of 1968.

The first day of desegregated schooling last fall was marked by violence capped by the midnight bombing of Hattie Cotton Grammar School. There were no disorders after the opening week. Seven Negro first-graders still attend formerly all-white classes. [illegible] transferred back to Negro schools.

## Unscheduled Rodeo Held

EL DORADO, Kan. (AP)—An impromptu rodeo developed in El Dorado's business district last night, with all available policemen and about 2,000 residents taking part.

A Sante Fe freight train and a truck hauling 22 yearling cattle collided at a downtown crossing. The impact spun the truck into a parked car and both vehicles crashed through the front of a store.

The cattle got loose and stampeded through the business district. A big crowd gathered and finally rounded up all the cattle.

The truck driver, William Rosenkranz, 65, Moline, Kan., was not hurt seriously.

## Tests Needed, Says Gavin

FT. BRAGG, N. C. (AP)—Lt. Gen. James M. Gavin, who retired from the Army yesterday, says that entirely from a military point of view, it is in the interest of humanity to continue nuclear bomb tests.

Gavin, 51, former chief of Army research and development, had charged before a Senate Preparedness Committee that the Army's missile program had been held back deliberately.

Survival tomorrow lies in the test tubes of today, Gen. Gavin told a news conference after a retirement parade during which he reviewed the 82nd Airborne Division, his outfit of World War II. Because of his combat jumps, Gavin earned the nickname "Jumping General."

The ceremonies drew more than 20 high-ranking officers including Gen. L. L. Lemnitzer, Army vice chief of staff, who pinned the Distinguished Service Medal on Gavin.

## Snyderite Keeps Busy At College

A Snyderite, who "started from scratch" fills an important role in the printing shop at West Texas State College in Canyon.

Bata Boyd, whose husband, Jimmie, also is a student in the college, has been operating a linotype machine in the college shop for the past two years, and she sets about 75 per cent of the type for the college newspaper, "The Prairie."

A recent issue of the college newspaper carried a feature story about Mrs. Boyd's busy life on the campus, where she is an elementary education major.

Says "The Prairie":

Working as a part-time helper in the Industrial Arts Department, Mrs. Boyd spends at least a few hours each day, six days a week in the printing shop.

"I do my housework in the morning and after my studying is done," Mrs. Boyd said, "and really it isn't as hard to do as it sounds."

Reared on a farm near Snyder, Mrs. Boyd, daughter of Mr. and Mrs. Paris W. McPherson, added that she thought West Texas State was tops, and that she really hated to leave the school next summer. She plans to receive her BS degree in August.

However, now that Mrs. Boyd has learned something of the printing trade, she is seriously considering the linotype work.

"I like to operate a linotype so well that I can't decide whether to teach school, or follow this trade," she said.

Mrs. Boyd also can operate the offset, letterpress, and the reproduction camera.

## Cuban Rebel Sympathizers Still Fasting

By BILL GIBSON

BROWNSVILLE, Tex. —Twenty Cuban rebel sympathizers at the county jail here entered their sixth day of fasting today, even though the hunger strike has sent 15 of their companions to the hospital.

The men, arrested in pre-dawn action by the Coast Guard Thursday, said they are fasting in protest of U.S. shipments of arms to Btista forces in Cuba.

In New York, two members of a group of hunger strikers demonstrating their sympathy for the jailed rebels were taken to a hospital last night. They had been without food since Friday night. Twenty-four others continued their diet of water and cigarettes.

Officials said the men in jail here have not eaten since they were arrested before daylight Thursday.

The men have said they expected to continue their hunger strike until the United States assured them that arms shipments to the Batista forces would cease.

The 35 men, armed and uniformed, were arrested when a converted fishing boat was taken into custody by U.S. officials Thursday in the Gulf.

Arnaldo Barron, leader of the group, said they were en route to Cuba to fight with rebel forces when they were arrested.

## Boys Ranch Head Speaks

Morris Craig, superintendent of the West Texas Boys Ranch at San Angelo, addressed the Snyder Optimist Club Monday at its weekly luncheon at Trinity Methodist Church.

Craig pointed out in his talk that the boys coming to West Texas Boys Ranch are treated by the ranch supervisors as their "own" boys.

"We take boys from ages six through high school age," Craig said.

Craig related the conditions under which they take boys into West Texas Boys Ranch. Most of homes or from families who can't support their children.

"Our operating costs averages out at about $2,000 per boy per year which is considerable lower than the average for boys in a state training school," Craig said.

Craig said at present there are 40 boys at the ranch, all of which come from West Texas homes.

Twenty-seven members and guests attended Monday's luncheon.

## Rat On Last Plane Ride

FORT WORTH (AP)—An Oklahoma rat ended its last plane ride here today.

Fatal though it was, it was quite an honor for a rodent. The rat was the only passenger.

A crew at the Tulsa airport saw the animal run aboard yesterday just before the plane was to load 11 passengers for Amarillo. Nobody could find the rat, and the passengers didn't get aboard.

Instead, the plane was brought here to Meacham Field, where Central has its maintenance headquarters.

A substitute plane went to Tulsa from Fort Smith, Ark. The flight to Amarillo was delayed about two hours.

Public Health Service employes put poison in the rat-bearing plane here last night and sealed it up.

At 8 a.m. today the rat disembarked. It was dangling by its tail in the grip of a maintenance man.

Central Airlines was ready to fumigate the plane and put it back in service.

## Matthews Rites Set

John Wallace Matthews, 77, of Abilene, son of Mrs. Georgia Ann Matthews of Snyder and brother of Mrs. R. T. Moore and Mrs. R. L. Van Huss of Snyder, died at 1:50 p.m. yesterday in Hendrick Memorial Hospital at Abilene following a heart attack.

A retired farmer, Mr. Matthews was born Aug. 30, 1880, in Brown County. He was married Jan. 19, 1908, to Mary Frances Hubbard near Brownwood. She died in 1955. He had been an Abilene resident about three years after farming south of Abilene in the Shep community.

Funeral services will be at 10 a.m. Wednesday in North Park Baptist Church in Abilene with the Rev. Walter Dever, pastor, officiating. Burial will be in the Shep Cemetery under direction of Laughter-North Funeral Home.

Survivors include his mother, four daughters, Mrs. L. O. Shafer of Abilene, Mrs. W. T. Holder of Abilene, Mrs. F. H. Brannon of Fort Worth, and Mrs. J. D. Baxter of Fort Worth; one son, E. A. Matthews of Abilene; three sisters, Mrs. Moore, Mrs. Van Huss, and Mrs. Sam Belyeu of Washington; two brothers, Ben Matthews of McLean and Joe Voss of Abilene; and nine grandchildren.

## Debra Plans To File Suit

HOLLYWOOD — Five times married David Street will be sued for divorce by actress Debra Paget, the bride's mother says.

Mrs. Margaret Gibson said her daughter will file the suit in Mexico sometime this week.

Miss Paget, 23, married the 37-year-old singer about 10 weeks ago, only a few days after he and his fourth wife, Actress Sharon Lee, were divorced. It was Miss Paget's first marriage.

Her mother was asked whether the charge in the complaint would be cruelty, a common one in Hollywood divorces. "Oh, no," she said. "He's much too nice a boy for that". She said incompatibility probably would be the charge.

The actress herself was not available for comment.

## Officers Pick Up Another Escapee

GATESVILLE, Tex. (AP)—Another escapee from the State School for boys was picked up by the Highway Patrol last midnight.

Robert Ward, 16, of Wichita Falls, was arrested at Clifton. Albert Gomez of El Paso and Richard Montgomery of San Antonio were the only ones of the 17 who escaped Sunday night still at large.

One of the world's great harbors, that at Rio de Janerio in Brazil is 15 miles long.

BRAVO GETS OUT—Bravo, the sled dog, appears to give Dr. Paul Siple a kiss as the Antarctic explorer shows Bravo his Navy discharge. The young husky, born at the South Pole, is being turned over to Lt. (JG) Jack Tuck, left, who fed and trained him as a pup. At the same Constitution Hall ceremony in Washington in which Bravo got his discharge, Siple received the National Geographic Society's highest award for his scientific leadership of the U. S.—IGY South Pole expedition. (AP Wirephoto)

## Castro Launches His 'Total War'

HAVANA, Cuba — Rebel leader Fidel Castro today launched the first phase of his "total war" to oust President Fulgencio Batista.

Batista, received a grant of special emergency powers from the Cuban Senate to counter spreading strikes and rebel attacks on the island's communications. The House of Representatives was certain to add its assent.

Castro called on Cubans to paralyze communications in the first step toward a nationwide general strike he said would be called at "the right moment." That might be delayed until after Easter, rebels in Havana said, but Castro proclaimed "a state of total war between the people of Cuba and the tyranny of Batista", beginning at midnight Saturday.

Castro ordered his followers to fire without warning on all highway and railway transport moving today. Drivers and railway workers in eastern Cuba began leaving their jobs after reporting rebel threats.

"Thousands of armed men" soon will march on Santiago, capital of Cuba's easternmost oriente province, Castro threatened. The government replied with further police and troop reinforcements.

Batista called a meeting of his Council of Ministers today to consider fresh ways of meeting the rebellion, possibly including a declaration of martial law. Constitutional guarantees already are suspended.

Batista's national police seized a shipment of guns valued at more than $100,000 at a house on the coast 12 miles west of Havana. No arrests were made but 15 rebels are being hunted, the police said.

## TODAY'S MARKETS

Slight gains were made by American Cananid, U.S. Rubber, Boeing and Douglas Aircraft.

A bit lower were Anaconda, Southern Railway, Chrysler and United Aircraft.

Aluminium Ltd. fell ¼ to 28¾. Royal Dutch was unchanged at 40⅝. Kennecott, AT&T and Allied Chemical were unchanged.

## Reward Pay In Dispute

SAN FRANCISCO (AP)—The issue of paying Police Sgt. William J. Keays a $50 reward for saving a drowning girl's life reached an impasse last night.

After prolonged debate, the Board of Supervisors approved the reward payment by a 6-3 vote.

But Controller Harry Ross declared he wouldn't write out a check for the reward because Keays performed his lifesaving deed in the Russian River, about 60 miles north of San Francisco's limits.

"All right," said Board President Francis McCarty. "The city or the policeman can sue the controller."

## Corsicana Building Is Damaged By Fire

CORSICANA (AP)—Fire damaged the front part of the J. W. Christie Motor Co. during the night. The owner asked officers to check whether the fire was set to cover up a burglary.

Christie said that when he arrived he found a door open and the office ransacked. The fire considerably damaged two new Mercury cars. Smoke and water damaged three others.

# WOMEN

## United Church Women Hold Meeting At Union

The Snyder United Church women held their regular meeting Monday morning at 9:30 o'clock in the Union Methodist Church.

The meeting was called to order by the president, Mrs. Robert R. Patterson. The minutes of the previous meeting and a treasury report was given by Mrs. B. J. Barton.

A motion was made by Mrs. J. W. Lellwich that the United Church Women stand behind the youth conference. It was passed unanimously by those present to give it their entire support.

Mrs. Charles Dyer suggested that the women continue their efforts to ward making a chapel possible at the Cogdell Memorial Hospital.

Mrs. Patterson announced the Public Relations Institute was to be held in San Angelo on April 17. She also mentioned the film on the life of Albert Switzer to be showing at a local theatre in April.

Members were urged to save used clothing and bedding to be sent overseas in observance of World Community Day.

The study on the life of Paul was conducted by Mrs. Dale Clemmer. Active parts were given by Rev. and Mrs. Elton Wyatt who represented Paul and Stephen. The three routes of Paul were traced upon a map by Mrs. M. E. Wilhams, Mrs. R. Atkinson and Mrs. W. E. Rushing. A dialogue on one of the journeys of Paul and Barnabas was given by Mrs. C. Sheffer and Mrs. C. J. Killgo.

The meeting was adjourned by a closing prayer by Mrs. John Reaves.

Worry of
**FALSE TEETH**
**Slipping or Irritating?**
Don't be embarrassed by loose false teeth slipping, dropping or wobbling when you eat, talk or laugh. Just sprinkle a little FASTEETH on your plates. This pleasant powder gives a remarkable sense of added comfort and security by holding plates more firmly. No gummy, gooey, pasty taste or feeling. It's alkaline (non-acid). Get FASTEETH at any drug counter

## BIRTHS

Mr. and Mrs. Clayton Powell, Route 3, Box 290, are parents of a six-pound, 10 ounce daughter, born at 2 p.m. yesterday in Cogdell Memorial Hospital.

A daughter weighing five pounds, 10 ounces was born at 11:15 p.m. yesterday in Cogdell Hospital to Mr. and Mrs. William Campbell, Thornton Apartments.

LUCKY GIRL

For good luck, choose a cotton knit pullover according to the month in which you were born. These wash-and-wear shirts by Treetops come attractively embroidered with twelve signs of the Zodiac. Knitted fabric by Bennett Mills will be cool and comfortable for summer wear.

## NEWS FROM DUNN

By ELWANDA STEWART

Doyle Herring son of Mr. and Mrs. Elmo Herring was a participant in the Texas Relays in Austin, Saturday. Doyle ran on three relay teams for Texas Tech Red Raiders.

Recent guests of Mr. and Mrs. Arvin Townsend and boys were their daughter, Mrs. Clifton E. Woodall and family of Waco. The Townsends received word Thursday that S-Sgt. and Mrs. Woodall and son David, were in New York and were to sail Saturday for Naples, Italy, where S-Sgt. Woodall will be stationed for three years.

Gloria Proctor of Snyder, visited Glenda White Wednesday.

Steve Nail was in Abilene Saturday to participate in the annual field day for Future Farmers of America at Abilene Christian College.

Mrs. R. A. Blackard of Colorado City, visited with Mrs. W. A. Johnston recently.

Hollis Russell of Amarillo spent the weekend with his mother Mrs. L. E. Russell.

Mr. and Mrs. Ted Billingsley and boys spent the weekend with her parents, Mr. and Mrs. G. A. Harmon in Odessa.

Mrs. L. A. Scott and Elizabeth Ann, visited Mrs. Allen Currie in Colorado City, Friday.

## Don't Overdo Praise Or Criticism

By DOROTHY V. WHIPPLE, M.D.

WHEN CHILDREN reach their teens, they begin to take a pretty realistic view of themselves. There is nothing more important for the truly mature person than to be able to evaluate himself honestly, and further to be able to accept that evaluation without fears, doubt and recriminations.

It's the job of the wise parent to tread that narrow path between praising and urging on to greater accomplishments on the one hand, and accepting real limitations on the other.

Kurt had always been a good student in the lower grades but as he went on into senior high school the going was harder. One evening he told his dad he was going to drop out of the debating club before they kicked him off the team. Dad was shocked and he began with some remarks to the effect that of course he could do it, but there was something in the boy's face and manner than pulled his dad up short. The boy wasn't asking for encouragement, he was stating a fact.

UNDERSTANDING DAD

"I'm sorry, Dad," he said, "but I know I can't do it."

"Well, son," replied dad thoughtfully, "nobody can do everything and maybe it is better you get off the team gracefully."

Relief dripped from the boy.

"I hoped you'd understand, Dad, he said.

Kurt felt better because his dad could accept him even if he wasn't the ball of fire it would be nice to be. But if dad had brushed off the boy's worries, given him a glib pat on the back and told him of course he could do it, the boy would not have been convinced. He would have felt resentful and guilty and a good bit more inadequate then he had need to be.

Anne was talking to her younger brother.

"All right, Dick," she said, "you and I are bright. Let's face it without beating around the bush. We are probably above average but neither one of us is the genius Dad is, nor the genius he thinks we are. Dad's a genius at engineering but he's a dumbell when it comes to knowing anything about people."

"Dad wants me to go to engineering school."

"Yes, I know," said Anne, "and he wants you to go to M.I.T. because he went there."

"Anne, I know I can't be as good an engineer as Dad and besides I don't want to be an engineer anyhow."

AMBITIOUS PARENT

"Don't let him force you, kiddo. I don't think you'd make a top-flight engineer either but you're bright enough to do what you want and what's more you're bright enough to know what you can't do."

Anne had fought her battle with dad. She was close to the problem and could give her kid brother the understanding he couldn't get from his father.

It's very hard for many parents to see their children as they really are.

## 'Second-Look' Skirt!

Here's an easy-to-sew skirt embroidered with colorful dancers that is sure to win a 'second-look'. No. 313-N has tissue — waist sizes 24", 26", 28" incl.; hot-iron transfer; color chart; directions.

# OUR VIEW

## New Dictionary Proposed

Homer W. Wood, a California newspaper pubisher, is waging a campaign for an official United States dictionary and Grammar Commission with a view toward instituting simplified spelling for thousands of words.

This proposal is not new in principle. In fact, there have been newspapers and others in the past who had the same idea, some of them even going so far as to give it an actual trial through their own media.

However, the California publisher has forwarded his proposal to members of congress, and there is evidence that it is commanding some attention. Whether it will meet with enought interest to get action, remains to be seen.

Such a project would be mammoth in scope, and likely would be the subject of many arguments.

It could be a tremendous benefit to education, and undoubtedly would make the English language more popular in other countries.

A system embracing phonetics is widely used in teaching spelling and reading to school children. There is a stumbling block, however, because many English words follow no phonetic rules.

People of other tongues long have contended that English is one of the more difficult languages for a foreigner to master. They complain that we have too many words which sound alike, but have different meanings. Some of them are even spelled similarly, but have different meanings, according to use. There is the word, "feet," which has a multiple meaning. And then there is "feat" which sounds the same, but is spelled differently and and has a third meaning.

Already there is a hand book listing over 5,000 words spelled in a simpler way, which is put out by the Simpler Spelling Association. That organization traces its history back to 1906.

So, the question has been alive for many years without bringing definite action.

# Soviet Announcement Looms As Victory In Propaganda

LONDON (AP) — The Soviet Union today appeared to have scored a considerable initial propaganda victory in Europe and Asia with its announcement it is suspending test explosions of nuclear weapons.

West European officials generally did not go along, at least publicly, with the U.S. State Department claim that the suspension was meaningless because there was no provision for international inspection. Comment was cautious.

But Britain ruled out any idea that it would call off the tests it plans to start soon, and several leading papers urged the Western Allies to treat the Soviet move with caution.

The Communist press hailed the announcement to the Supreme Soviet. The East German radio said the "Western powers will have to join the Russian move."

London's Conservative Daily Mail said it was crystal clear that "Soviet Russia has scored another brilliant propaganda victory." But the paper counseled the Western powers not to be panicked into stopping the testing and development of missiles.

The Times of London warned that the ban "will be taken by many peoples—far too simply, but very genuinely—as a step toward averting nuclear disaster if only the Western powers follow suit."

London's Liberal News Chronicle also said the impact of the Soviet announcement on uncommitted nations would be tremendous. It joined the pro-Labor Daily Mirror in calling for a similar British suspension.

In West Germany, the influential Independent Frankfurter Allgemeine Zeitung called the Soviet announcement an announcement of "far-reaching psychological value" which had put America and Britain in an awkward position."

An Asian diplomat at the U.N. said the Soviets had "scored a tremendous propaganda victory in our part of the world."

Moscow radio disputed the American claim that the Soviets might cheat on their ban with secret explosions.

"Nuclear explosions cannot be hidden now," it asserted. "Not a single one has been hidden so far."

The broadcast accused the State Department of "trying to make the latest Soviet decision look like a clever propaganda move. Well, they can call it what they choose, but that won't change the idea behind the Soviet decision."

# Submarine Vital In The Atomic Age

By EVERETT S. ALLEN
New Bedford Standard-Times
(Written for The AP)

If there's a hiding place anywhere in the nuclear and rocket age, its in the ocean depths.

Because of this fact, the importance of the submarine in naval planning has risen as steeply as that of the battleship, onetime ruler of the seas, has declined.

The National Academy of Sciences sponsored an intensive summer study group at Falmouth, Mass., in 1956, dealing with the sea and national security.

The military aspects of the ocean were thought to present a situation sufficiently serious so that 60 to 80 very important people gave up their summer to think about it.

What did they talk about?

Here are some good bets:

The true submarine presumably is just around the corner. To date, the sub has been merely a surface ship that could submerge, but as it advances in technique, it will go deeper—as much as 2½ miles—and stay down longer. Even now, some nuclear-powered subs stay under water for two weeks.

U.S. subs, therefore, must learn to navigate for great stretches without surfacing; their navigators must have knowledge of all dimensions of the ocean, including the underwater reaches.

The Navy has long had surface charts of the sea. What it needs for the future are charts of the ocean bottom and how the waters of the seas circulate.

U.S. oceanographers are already engaged on the task of gathering this information. At intervals of roughly 80 miles, their little ships make five-hour stops to take soundings, check temperatures, salt content, currents, bottom sediment.

If submarines want to remain undetected, they must cut down on the noise they make.

Submerged, the submarine uses its electronic and mechanical "ears" to check the target's course and speed. The data it obtains by such listening governs the torpedo settings.

This dependence on acoustics also offers a remarkable defensive possibility, one about which experts speak only in careful generalities.

This is to fill stretches of the ocean with sound waves—just as broadcasts can be jammed now—and so plug the hostile sub's electronic ears.

Development of such measures are for the future. Meantime, it will take some 10 years of hard work before the United States can be sure it has gained clear and overwhelming technical superiority over the Soviet Union's existing fleet of some 460 submarines.

# Tessa, Dom Get License

NEW YORK (AP) — The son of a British portrait painter and a British heiress obtained a marriage license here yesterday.

Dominic Elwes and Tessa Kennedy Elwes have leap-frogged from London to Scotland to Curacao to Cuba to evade an English court's ban against their marriage.

They were reported to have been married by a notary public in Havana Jan. 27. They wouldn't say why they took out the license here.

Elwes, 28, is the son of portrait painter Simonin Elwes. Tessa, 19, is the daughter of Geoffrey Farrar Kennedy, a wealthy British engineer, and the godchild of the Duchess of Kent.

Her parents opposed the marriage and obtained a court order forbidding it.

## Daily Average Crude Production Increases

TULSA (AP)—Daily average crude production rose 10,500 barrels to 6,295,775 the week ended March 29, the Oil and Gas Journal said today.

Oklahoma rose 16,950 to 539,200 barrels.

The Journal estimated 1958 production at 588,413,190 barrels compared to 670,888,135 a year ago.

Arkansas rose 150 to 83,350 barrels.

Louisiana fell 3,875 to 815,200 barrels; New Mexico, 3,275 to 261,825.

# Time Important To Nikita Khrushchev

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP) — These next few months are a good time for Nikita Khrushchev—the new one-man boss of the Soviet Union—to produce sensations which might range from space flights to startling maneuvers in world affairs.

The first sensation has already occurred. The Soviet Union announced yesterday — when there was worldwide agitation for such a move—that it would voluntarily ban nuclear weapons tests.

This could have been done last week—there were rumors it was coming — before Khrushchev had been made premier in place of Nikolai Bulganin. The latter had been only a front man for Khrushchev anyway.

That the announcement was delayed until Khrushchev became full boss, in name as well as in fact, would indicate he attached importance to the timing: after he became premier.

Time means a lot to Khrushchev because it's running out on him: he's 64. He has taken on himself, singlehandedly, the future of Soviet communism and the progress of communism everywhere.

Any blame for things gone wrong hereafter will be his alone.

Now sensational Soviet scientific achievements would solidify his position at home—giving him the kind of Soviet devotion and spirit he needs for internal success—and enormously increase his prestige and influence abroad.

Bold diplomatic strokes—particularly in the direction of peace—not only would give communism a terrific and persuasive propaganda value but perhaps throw him into the position of world leadership among men, if not among nations.

At this moment for various reasons the United States, which has leadership of the Western world, at least, is rocking along stodgily and unimaginatively, nursing the status quo, taking one propaganda beating after another from the U.S.S.R.

Stalin, last Soviet one-man boss, had far more time than Khrushchev to rivet down his leadership indisputably. He was 45 when he took over at Lenin's death in 1924.

It took him at least a decade after that — through one-by one elimination of his rivals and finally through mass purges—to give him the absolute control he wanted to shape the Soviet future.

Charlie Anaitok, an Eskimo who lives on Hudson Bay, recently visited Montreal, his first sight of a major city. What shocked him most was seeing city people eating fried chicken without knife and fork. "I thought only Eskimos ate with their bare hands," he said.

# April May Provide Business Answers

By SAM DAWSON

NEW YORK —Billed as the month of decision, April could give us the answer to the big question of the day: Has the mild recession about run its course or is this just the preliminary to something more serious?

March was the month that the President and many like him thought could show the beginning of the end of the recession. The figures on March will be coming out in two or three weeks.

By then the administration and the Congress are expected to make their decisions on what to do about government measures to help start an upturn: tax cuts or public work programs or direct aid of various kinds to the unemployed, along with still easier credit.

Consumers and businessmen are expected to make some decisions this month too.

For this is the season when major parts of the economy usually look up. How much of a spring pickup there is, if any, will settle the uncertainties in many minds; just as the failure of the fall pickup after Labor Day made the already under way recession official. Final figures on Easter trade should tell a lot. But buying for spring should continue well after Easter, if for no other reason than that it's earlier this year.

During the dreary winter months consumers have shown more tendency to save their money when they could than spend it the way they were doing a year ago.

Businessmen have been saving too. With them it took the form of living off inventories as much as possible and ordering as little as possible. Some think this might come to an end this month for a lot of firms that haven't much left on the shelves.

Businessmen may make some decision this month about price cutting. There has been some of that already. Today the aluminum producers start selling their metal at 2 cents a pound less. In England, steel prices have been cut. Businessmen remember that it was European cutting of prices for copper and aluminum that started similar moves here.

Price cutting that followed the end of fair trade's price setting on small household appliances found consumers eager to buy.

This month should give business a good idea of another big question on their and most persons' minds: Will the labor-management talks just getting under way in Detroit signal still higher wages or a strike? If higher wages, the example set by the auto workers could affect the decisions of labor and management in other industries. If a strike, the hopes of the steel companies and of many other suppliers of the auto factories will be set back.

And if it's higher wages for the auto workers and perhaps later for others, will that signal another round of rising prices credited to higher production costs?

April will bring a shower of first quarter earnings reports. Many of them seem sure to make unpleasant reading when compared with profits in the first three months of 1957, when for most companies net income was still rising.

Wall Street says the stock market has been discounting these in advance, but if poor earnings team up with unfavorable statistics out of Washington, April could see a lot of folk reassessing their notions about the economy.

# 'Rivers' In Body Help Fight Cancer

By ALTON BLAKESLEE
AP Science Reporter

CHICAGO (AP) — Radioactive rivers are flowing into human bodies to fight cancers beyond the power of the surgeon's knife.

The rivers are fluids, containing radioactive atoms giving off Xrays that can kill cancerous cells. They flow through thread-thin plastic tubes sewn into the cancer-ridden organ or tissues.

This is one of a number of bold new methods of fighting cancer.

It was described today by Dr. Paul V. Harper, surgeon of Argonne Cancer Research Hospital and University of Chicago, and Dr. William M. Ironside, ear and throat specialist of the University of Chicago Medical and Biological Research Center.

Two to six feet of the plastic tubing is wound in and around the cancer-sick area when it cannot safely be removed by surgery.

A few days later, the protruding ends of the tubes are filled with the radioactive fluid. It can be pumped in and out to expose the cancerous tissue to the radioactive rays.

This has been done especially with cancers invading the pancreas gland. While it has not cured anyone or even lengthened life, it has dramatically relieved pain in most of 14 patients, Dr. Harper said.

This technique exposes the tissues directly and intimately to the radiation, and avoids radiation hazard to surgeons and nurses, the physicians told science writers making an American Cancer Society tour of research centers.

In another technique, small envelopes containing blotting paper have been implanted near tumors of the eye. Then the envelopes are filled with radioactive atoms to hit at the cancer.

## BUCKIN' THE LINE

By BUCK FRANCIS
News Sports Editor

**AS THE CURRENT** track season wears on, it continues to point out that the Canyon Reef Relays had a mighty classy field here three weeks ago.

Eight out of the 13 boys who won blue ribbons here won or tied for first place in various meets held around the state over the past weekend.

Seven Canyon Reef winners won outright first places last week with the Tigers' Rex Wilson, the high jump winner here, tied for first with teammate Bill Dubose in the Permian Basin Relays at Kermit. In both instances the winning height was six feet.

In three of the five instances where a Canyon Reef winner did not win last week, they had a better time or distance here than the winning marks at the meet they each competed in Saturday.

For instance, the Borger mile relay team won here in 3:30 but finished third in the Amarillo Relays behind Highland of Albuquerque, N.M., who won in 3:31.8.

Then the Pampa sprint relay team, in the same meet, finished second behind Highland in 44.6. The Pampans won here in 44.5.

Bud Morgan of the Tigers won the broad jump here with a 21-6 leap but was second to teammate Lynn Atkinson at Kermit, who jumped 21-3¼.

The other two events where a Canyon Reef champ didn't win last week were in the 440-yard dash and pole vault. David Noble of Odessa won the quarter-mile here in 52.2 but was third in the Amarillo Relays whose winning time was 51.7.

The pole vault is the only event where the Canyon Reef drew a complete "blank." Tommy Craver of Midland won the pole vault here with at 11 feet but he failed to place in the Blue Bonnet Relays in Brownwood, although we aren't sure that Craver competed last week. The Midland team competed at Brownwood but we've been unable to find out if Craver was on hand.

### Five Others Won

Further emphasizing the fine quality of the Canyon Reef meet is that five boys who competed here and didn't win won first places in meets Saturday.

Two of these concerned Tiger tracksters. As aforementioned, Atkinson of the Tigers won the broad jump at Kermit but he didn't place here. The other Tiger, Dubose, tied teammate Wilson for the high jump title at Kermit but didn't place here.

Midland was involved in the other three instances of not winning here but winning first places Saturday. Tiffen Stone of the Bulldogs failed to place here in the discus but won at Blue Bonnet Relays in Brownwood with a throw of 152 feet 10¼ inches.

Midland's Bubba Jones was third in the broad jump in the Canyon Reef and first at Brownwood with a 22-1 leap. And Charles Giesey of Midlanders tied for second in the high jump here but tied for first at the Blue Bonnet meet with a jump of 6-0.

The best the Canyon Reef could do in team standings in the various meets were two runnerups, a third and fourth place.

The Tigers, Canyon Reef champions, was the runnerup at Kermit behind Andrews and Midland, fourth in team totals in the Canyon Reef, was second only to Abilene at Brownwood.

Then Odessa, second here, was third at Amarillo and Pampa, third here, was fourth at Amarillo.

### Table Of How We Fared

Here is a run-down of the winners in the Canyon Reef, their winning marks and how they fared last week:

180 yard low hurdles — Bud Morgan, Snyder, 18.8; first in Permian Basin Relays, 19.5.

Broad jump — Morgan, Snyder, 21-6; 2nd in Permian Basin Relays behind Lynn Atkinson, Snyder 21-3¼.

Discus — Walter Myers Odessa, 162-10¼; first in Amarillo Relays, 161-11.

Pole Vault — Tommy Craver, Midland, 11-0; (Didn't place at Bluebonnett Relays — six vaulters there did 11-6 or better).

120 yard high hurdles — Rex Wilson, Snyder, 14.7; first in Permian Basin Relays, 14.5.

100 yard dash — Alton Thygerson, Pampa, 9.8; first in Amarillo Relays, 9.65.

440 yard dash — David Noble, Odessa, 52.2; third in Amarillo Relays.

440 yard relay — Pampa, 44.5; second in Amarillo Relays behind Highland, of Albuquerque, N.M., 44.6.

220 yard dash — Alton Thygerson, Pampa, 21.3; first in Amarillo Relays, 21.8.

Shot put — Emory Martindale, San Angelo, 51-4½; first in Texas Relays, 53-11 ⅜.

High jump — Rex Wilson, Snyder, 6-0; tied for first with Bill Dubose, Snyder in Permian Basin Relays, 6-0.

Mile run — Bobby Barrett, Midland, 4:41.5; first in Blue Bonnett Relays, 4:24.8.

Mile relay — Borger, 3:30.35; third in Amarillo Relays behind Highland of Albuquerque and Amarillo, 3:31.8.

Not included in this run-down is the 880-yard relay and sprint medley relay which were run here but were not run at last week's meets.

"GOLDEN GODDESS" WEARS GOLD PANTIES—Karol Fageros, fifth-ranked women's tennis player, often called the "Golden Goddess" of tennis, wears a pair of 24-karat gold lame panties at the Rum Cup Tennis Festival in Miami Beach. Karol also wears a new look in tennis clothes—a chemise outfit with gold beading design around the neck and belt. (AP Wirephoto)

## Tiger Netters Open Season Here Today

The Tiger tennis team will open its 1958 season here today with a dual meet with Sweetwater at the Towle Park courts.

It will open a busy week for the Tiger netters. The Bengals roquetmen will go to Colorado City tomorrow and then return home Thursday to meet the C-Citians.

The Tigers are tentatively scheduled to meet Big Spring Friday.

In their final match before the district meet will be a return match at Sweetwater next Tuesday, April 8. The district meet is set for April 10.

Tiger tennis coach J. P. Ward has 15 players on his squad, most of which are freshment and sophomores. There are only two juniors on the squad and no seniors.

Danny Tankersley, a junior, is the No. 1 singles player while Bobby Taylor and Homer Ray, both sophomores, form the No. 1 doubles team.

Others competing for the Tiger varsity are sophomores Charles Hock, Tim Williamson, Charles Easterwood, Douglas Vice and Morris Noah and junior Chuck Warren.

Making up the junior division in the Tiger ranks are freshmen Mokey Hale, Tony Bearden, Roger Avant, Billy Adams and David Smith and sophomore Mike Moore.

## Tigers Among ABC Favorite

BIG SPRING, Tex. (AP) — Although the meet is overshadowed by the Bobby Morrow-Dave Sime 100-yard dash duel, prospects are good that the American Business Club Relays here Friday and Saturday will produce a score of records.

It should be one of the best track and field carnivals of the season with star-studded Texas competing with seven other colleges in the university class; with 10 junior colleges battling it out and with 43 high schools slashing at the records in their division.

Morrow, the Abilene Christian Olympic star, and Sime, a record-smashing sprinter from Duke, meet in a duel that has national interest. These two, along with several other top sprinters, including Bill Woodhouse of Abilene Christian, are likely to lower the record of 9.5 in the 100-yard dash.

At least eight records are expected in the university class where Texas, Abilene Christian, Duke, SMU, Baylor, Houston, Texas Tech and North Texas have teams entered.

Cisco looks strongest in the junior college division which has Blinn, Arlington State, Tarleton State, Amarillo, San Antonio, Odessa, Howard County, Lee of Baytown and Mexico Prep.

Andrews and Snyder are favored to battle it out for the high school championship and-contribute greatly to a prospective seven new records.

# Tigers Clip Plainview; Host Monterey Today

The Tiger baseballers returned to the win column yesterday with a 5-2 victory over the Plainview Bulldogs at Plainview behind the five-hit pitching of Tim Roberts.

It was the fourth Tiger win against five defeats. The Tigers will be out to even up their season record today when they host the Monterey Plainsmen of Lubbock at Towle Park.

Dick Hayes or Terry Lee will open on the mound for the Tigers today. Fred Prsons, who recently hurled a one-hitter against Big Spring, will toe the rubber for the Plainsmen.

The Tigers banged out 10 hits off the slants of fireballing Jesse McGuire, ace of the Plainview staff, in yesterday's tilt.

Three Tigers, catcher Coleman John, third baseman Kenny Drake and left fielder Jimmy Allen shared hitting honors for the Tigers with two hits apiece.

Roberts aided his own cause when he singled in the fifth inning and later scored on another single by John with what proved to be the winning marker.

Roberts' tally in the fifth broke a 2-2 tie.

For insurance, the Tigers added a pair of runs in the sixth.

Roberts, in going the route for the first time this season, struck out 11 Bulldogs and walked six.

McGuire whiffed 10 and walked only one in losing his first game of the season.

The Tigers put together three hits for a run in the first inning with Plainview coming back to knot it up in the bottom of the first when Dan Jones scored on a wild pitch.

The Tigers regained the lead in the third when David Hale singled and later scored on an error to make it 2-1. Plainview once again tied the score when Boddy Huntington led off with a single in the fourth and later scored on a single by Jones.

Then the Bengals moved ahead for good in the fifth when Roberts and John collaborated for a run to make it 3-2 and the Bengals held on to the finish. Roberts pitched hitless ball the last two innings to protect the Tiger lead.

Huntington with three hits and Jones with two got all of Plainview's five hits.

After today's game with Monterey, the Tigers host Abilene tomorrow at Towle Park. Norman Gladson is expected to draw the starting mound assignment for the Tigers against Abilene.

Game time tomorrow will be 4:30.

*BASSEY VS. MORENO*

## World Feather Bout Tonight

LOS ANGELES (AP)—The world featherweight championship and fierce national pride will be at stake tonight when champion Hogan (Kid Bassey goes against Ricardo (Pajarito Moreno for 15 rounds or less at Wrigley Field.

Bassey, the 25-year-old champion from Nigeria, West Africa, remained a 2-1 favorite. It is his first defense as king of the 126-pounders.

LOS ANGELES (AP—Tale of the tape for the champion Hogan "Kid" Bassey-challenger Ricardo "Pajarito" Moreno featherweight title fight at Wrigley Field Tuesday night:

| BASSEY | | MORENO |
|---|---|---|
| 25 | Age | 21 |
| 126 | Weight | 126 |
| 5-3 | Height | 5-3½ |
| 68½ | Reach | 66 |
| 37 | Chest (normal) | 36½ |
| 39 | Chest (expanded | 39 |
| 15 | Neck | 15 |
| 22 | Waist | 28 |
| 22 | Thigh | 21 |
| 14 | Calf | 13 |
| 12½ | Biceps | 13½ |
| 11 | Forearm | 11 |
| 11 | Fist | 11½ |
| 9 | Ankle | 8 |
| 6½ | Wrist | 7 |

Promoter Cal Eaton predicted a crowd of 20,000 or more, with a gate of $200,000.

Moreno, 21-year-old knockout sensation from Mexico City, has the backing of thousands of his countrymen who have come North for the fight. He also has two unusually large fists.

The Bassey camp was calmly confident of victory.

The belligerent tone from the Moreno forces was set by Pajarito (Little Bird himself.) Told that Bassey's handlers had refused to use a Mexican-made glove, the bird exclaimed: "I don't care what kind of gloves we use, or if we use any gloves at all."

The fight will not be televised or broadcast.

Bassey goes into the scrap with 20 straight victories and an overall record of 61 fights, 50 wins (17 by kayo), 10 losses, 1 draw. He said he owes it to his supporters at home to win.

Moreno in his 33 matches has never won extept by a knockout. He has lost two, one via a knockout, and was held to a draw in another.

### FAX'N FIGURES

LOS ANGELES (AP)—Facts and figures of the Hogan "Kid" Bassey-Ricardo "Pajarito" Moreno title fight Tuesday night:

Title at stake—World featherweight (126-pound) championship.
Place—Wrigley Field.
Distance—15 rounds.
Promoter—Olympic Boxing Club.
Time—About 12:45, p.m., EST.
Television-radio—None.
Gate—About $250,000.
Attendance—About 21,000.
Price of seats—$25, $20, $15, $10, $7.50 and $5.
Purses—Bassey $70,000 guarantee, plus traveling and training expenses. Moreno $38,000 guarantee, plus traveling and training expenses.
Fighters' traveling and training expenses—estimated $10,000.
Seating capacity—26,000.
Scoring—referee and two judges, 10-point scoring system (winner of a round
Return bout—Bassey, if loser, gets rematch within 120 days, site to be determined.

## City Keg Tourney Set April 15-May 1

Final details of the city-wide bowling tournament to be held at Town and Country Bowl April 15-May 1 were ironed out at the Snyder Bowling Association meeting last night at the Village.

Other business transacted last night was the installation of new officers. Installed were John Pickering, president; Ray Graves and Louis Beuerlein, vice-presidents; and Art Dibble, secretary-treasurer.

Dibble will serve as director of the city tournament.

Entry blanks for the city tournament are available at Town and Country Bowl. Entry fee is $2.50 for each person per event.

There will be four division in the tournament, singles, doubles, five-man team event and all events. The latter is optional and anyone may enter by submitting a $1. fee.

The tournament is ABC sanctioned.

The prize money is expected to exceed $300 and the field is due to top 200.

The Snyder Bowling Association is contributing $100 to the prize list. This prize money will be distributed thusly: 5-Man team event, $50; doubles, $20; singles, $20; and all-events, $10.

Three prizes will be awarded in the 5-man event; eight prizes in doubles; and 10 each in singles and all-events.

Deadline for entering the tournament is midnight April 11.

## Zimmerman Pony Prexy

Bill Zimmerman last night was elected president of the Snyder Pony League at the league's organizational meeting at the high school gym.

Zimmerman succeeds Forrest Beavers who is retiring as the league prexy after holding that position for several years.

Other officers elected last night were:

Vice-president — Max Dyer.
Secretary-treasurer— Rex Miller.
Player agent — Frank Weaver.
Umpire-in-chief — Ed Free.
Board of directors: R. P. Ware, Chris Morris, H. P. Wellborn, J. L. Bradley, Ted Waters and D. M. Foree.

## SCORES

TODAY'S BASEBALL
By The Associated Press

San Francisco vs. Baltimore at Scottsdale
Boston vs. St. Louis at St. Petersburg
New York vs. Chicago (A) at Tampa
Cleveland vs. Chicago (N) at Mesa, Ariz.
Detroit vs. Kansas City at West Palm Beach, Fla.
Los Angeles vs. Washington at Orlando
Cincinnati vs. Philadelphia at Clearwater
Pittsburgh vs. Milwaukee at Bradenton

YESTERDAY'S RESULTS

Chicago (A) 7-5, St. Louis 6-7, 2nd game called, 6 innings, agreement
Kansas City 5, Detroit 4
Chicago (N) 1, Baltimore 0
Cleveland 8, San Francisco 2
Boston 8, Washington 3
Cincinnati 2, Philadelphia 1
Los Angeles 7, New York 2
Pittsburgh 4, Milwaukee 3

## Tiger Golfers Trim Lamesa

The Tiger golfers nosed out the Lamesa hnksmen in a dual match at Snyder Country Club yesterday, 354-364.

Jimmy Cloud and Ted Lamb each posted 85 rounds to lead the Tigers. The other two in the Tiger foursome, Gene Bruton and Eddie Dyer had 88 and 96 respectively.

Pete Peterson of the Tornadoes shared medialist honors with Cloud and Lamb with an 85. The other Tornado cards showed Cayton and Addison with 89s and Clements with 101.

Peterson had the low nine-hole round with 40.

The number five players on each team, Don Brewer of the Tigers and Wright of Lamesa had 103 and 106 rounds respectively. These two scores did not count on the official team totals, however.

The Tigers will return the match at Lamesa next Tuesday, April 8. Tiger Coach Hal Battle is expected to line up a match with Sweetwater sometime this week.

INJURY BENCHES WERTZ—Vic Wertz, captain and leading hitter of the Celveland Indian, looks at the cast on his broken right ankle in a Tucson, Ariz., hospital where he was taken after suffering the injury in an exhibition against San Francisco Giants. Wertz will be out of action for at least 10 weeks. (AP Wirephoto)

## May Cancels Rich Tam O'Shanter

CHICAGO (AP—George S. May, who has distributed nearly two million dollars in golf purses in the past 17 years, has canceled the Tam O'Shanter World Tournaments—richest in the game's history.

May's action, announced last night in a letter to the Professional Golfers Assn., wiped out the 1958 prize list worth $210,000. Other tournaments held in conjunction with the World were also canceled.

May said financial disagreement with the PGA, particularly over the organization's demand for entry fees, was the reason.

"We are taking this action because we are being deprived of revenue — entry fees — which we sorely need to keep on presenting the world's richest golf tournament," said May in a letter to J. Edwin Carter, tournament bureau manager of the PGA.

May said last year "our entry fees totaled $22,115" and pointed out that the PGA this year is not collecting entry fees from numerous tournaments, including the Los Angeles Open, the National Open, the Masters, the Houston Tournament and the Dallas Open.

"None of these purses are over $50,000," he said. "Why should we have to pay a heavy penalty because we have been the world's richest golf tournament?"

In Atlanta, Harold Sargent, National PGA president, said May's decision came as "a great surprise." Sargent said he had received no official notice from May and would have no extended comment until he had conferred with other PGA officials.

May said according to the contracts sent him by the PGA it would "cost me about $40,000 more this year than it did last. That includes a small increase in prizes and the plan whereby the tournament's top ten players of the previous year are given appearance guarantees for $4,000, which I repeatedly have not agreed to and never will."

### Martindale Becomes Eligible At A&M

COLLEGE STATION, Tex. (AP—SMU has released the grades of Billy Martindale and the Jacksonville golfer will be eligible to compete at Texas A&M after a year's residence.

Martindale, who went to SMU on an athletic scholarship, never competed in golf there and at midterm transferred to Texas A&M. SMU had protested the transfer.

# Trader Lane Makes Another Big Deal

By The Associated Press

Fearless Frank Lane, whose player deals are like a fisherman's lies—they get bigger as time passes, is up to the five-man size today after ending his long pursuit of Larry Doby with a swap that brought the veteran outfielder back where he started.

Doby, 33, who spent his first nine years of major league ball with Cleveland, returned to the Indians last night after a two-year absence. The deal with Baltimore also added pitcher Don Ferrarese to Lane's rebuilding program while sending outfielders Gene Woodling and Dick Williams and pitcher Bud Daley to the Orioles.

Since taking charge of the Indians, Lane has dealt with all but two of the American League clubs in swaps involving 19 players. Only the Kansas City Athletics and New York Yankees haven't done business with him.

The Florida camps have been busy issuing bulletins on injuries. The Boston Red Sox were struck twice. Right-hander Tom Brewer suffered a hairline finger fracture when struck on his pitching hand during batting practice. Heywood Sullivan suffered a fractured finger when struck by a foul tip in an exhibition game with Washington. Catcher Yogi Berra of the Yankees suffered an injury to his right hand from a foul tip during a game with the Los Angeles Dodgers. Berra's injury isn't too serious, but Sullivan may be out six weeks, Brewer three.

The Red Sox won their eighth straight, scoring 8-3 over the Senators. Gene Stephens, a stand-in for ailing Ted Williams, was 3-for-4, one a home run, and drove in a pair. Pete Runnels, late of the Senators, had four singles in five trips for the Red Sox.

Four unearned runs, three on a boot by outfielder Norm Siebern, gave the Dodgers a 7-3 victory over the Yankees. Randy Jackson smacked a homer for the Dodgers.

Dave Hillman became the first pitcher to go nine innings for the Chicago Cubs and breezed with a three-hitter for a 1-0 victory over Baltimore.

Preston Ward, taking over first for the injured Vic Wertz, was 2-for-5 and drove in three runs for Cleveland in an 8-2 romp over San Francisco. Herb Score started and went five for the first time this spring, fanning six while giving up three hits and other Giant runs.

Crankcase Crisis!

It seems this nice old lady drove into a Phillips 66 Station to fill up with Flite-Fuel. When the attendant checked the dipstick, he found she had only about a quart of oil left in her car. When he pointed this out, she replied: "Fine . . . as soon as I use that up, I'll put in some more!"

Of course the Phillips Dealer explained that she needed five quarts of oil for adequate lubrication!

Now that spring is here, it's time to think about the oil in *your* crankcase. If you are still using "winter grade" oil, it's time to change it. But why use two, when one will do? Better switch to Phillips 66 Trop-Artic* which gives you the effects of 10w, 20 and 30 grade oils. Compared to old-fashioned oils Trop-Artic Motor Oil can actually *double* engine life. Drive in today for your spring change-over. *A trademark

Phillips 66

# Normal Stress Is Frequent Cause Of Visual Defects

Although most children are born with normal eyes and eye muscles, more than half have developed visual defects by the time they reach young adulthood, members of the local Canyon Reef Optometric Society, a part of the Texas Optometric Association, said today.

Local members of the society are Dr. Clyde Dawson; Dr. John Blum and Dr. Jack Nesbit.

The society pointed to a talk made recently by Dr. Floyd H. Weber, Refugio optometrist. The talk was titled "Visual Problems of American Youth, or Why Cowboys Are Bowlegged." Weber, in his talk, said that too many people are prone to believe that young people with visual defects were born with them, yet they attribute the bowleggedness of a cowboy to riding a horse so much.

"What does all this have to do with the bowed legs of a cowboy? They merely serve as an obvious illustration of what happens to the body when subjected to stress," the optometrist said. "It is generally assumed that the legs become bowed due to their being under stress while the person is on a horse. The significant and important point is this — the legs usually become bowed even if they are under stress only several (say six) hours a day and are not under stress the remaining hours of the day. If six hours of stress a day will casue the bones of the legs to become bent, is it not reasonable to assume that several hours of stress a day will cause the visual system to become warped? Yes, it is reasonable and that is exactly what is happening to the majority of young Americans."

Estimates are that those whose vision is impaired by the time they are mature number at least more than half. Some 55 per cent of the young men applying for Naval Aviation Training during a recent year were disqualified for visual reasons alone.

Visual care is very important then, the society said, and the type of visual care, or lack of it, now in practice by most persons apparently is not effective in preserving good vision.

In the late 1930s in Austin, an investigation was conducted, and results showed considerable difference in the visual defect incidence among school children as compared to non-school children who were children of migrant workers. The survey, which covered thousands of subjects, showed that among school children, one out of five who were seven years old had visual defects, while two out of five of nine-year-olds had defects and three out of five of those 11 had defects. The incidence among non-school children of the same ages showed the incidence constant at about one out of five, regardless of age. The obvious conclusion was that stress imposed on children in normal school work results in a large increase in visual problems.

Thirty-nine out of 40 children are born with normal eyes and eye muscles, yet more than half have visual defects by the time they reach young adulthood.

Since children cannot be taken out of school because of this incidence, a large group of optometrists believe thay have a satisfactory answer. Vision and control of the eyes is a learned skill, just as walking and talking, optometrists say. Any learned skill, such as typing or swimming, can be improved with training.

Many children fail to develop adequate visual capacity to cope with the demands of schools. Insufficient visual capacity for close work invariably results in damage to the visual system, nearsightedness, astigmatism, amblyopia, etc. Visual strain or defects cannot be detected by an untrained person except in well-advanced cases. By the time a defect becomes apparent to the untrained person, serious damage has usually occurred and is well-embedded.

Preventive optometry is recommended by many, with the child's visual development investigated before he is subjected to the visual stress imposed by schools. When visual skills are found inadequate, training could be given to bring the visual performance up to standard. If visual performance is well-developed and adequate, which is said to be a rare condition for a six-year-old, steps could be taken to assure preservation of the condition. "The modern optometrist is highly-trained in this type of work and he should be sought out and consulted before the child enters school or kindergarten."

Adequate visual care for a child would usually mean a few training sessions to teach better control, focus, and coordination of the eyes. Very often glasses for reading and studying only would be prescribed to be worn until about age 12. These would not be for casual or play activity. After age 12, optometrists say, the visual capacity is often adequate to carry the load, and glasses might be no longer necessary.

"Developmental" glasses would not weaken the eyes or make them depended on glasses, the society says, but will give the visual system opportunity to strengthen.

NEW GOODYEAR MANAGER HERE—J. L. Dunn, left, manager of the Goodyear Service Store on the east side of the square for the past year, is shown above greeting the new manager, Wayne H. Key, who takes over management of the store today. Key moved to Snyder from Abilene where he was assistant manager of the Goodyear Service Store. Dunn will move to Irving, Tex., to manage the Goodyear store. (Lee Watson photograph)

## New Manager Takes Over At Goodyear

Wayne H. Key, 37, a native of Mineral Wells, became the new manager of the Snyder Goodyear Service Store effective today.

Key came to Snyder from Abilene, whre he has been assistant manager of the Goodyear Service Store for the past year.

He has been employed by Goodyear for 18 years.

The new manager is married to the former Miss Juanita Marsden, also a native of Mineral Wells. They are members of the Baptist Church, and he is a member of the American Legion, Veteran's of Foreign Wars, and a former member of the Junior Chamber of Commerce and he served for a number of years as a member of the Mineral Wells Volunteer Fire Department.

Key succeeds J. L. Dunn, who is moving to Irving, Tex., to manage the Goodyear Service Store there. Dunn has been a resident of Snyder and employe of the Goodyear store here since March 1, 1956. He was made manager of the Snyder store one year ago.

Dunn and his wife, Betty Jean Dunn, will move to Irving in the next few days.

"We wish to express our appreciation to everybody in Snyder for their friendship and patronage while we have been here," Dunn said.

## Over 100 On Ship Believed Drowned

RANGOON, Burma (AP) — More than 100 persons are missing and believed drowned after the sinking of a Burmese river steamer caught in a cyclone.

The steamer went down near the port of Bassein, about 200 miles from Rangoon. It carried 123 passengers as well as crewmen and police guards. Only 20 survivors have been reported found.

# Few Key Solons Have Opposition

By DAVE CHEAVENS

AUSTIN (AP)—Many key members of both the Senate and House of the next legislature still have no announced opposition in the July 26 Democratic primary.

The Texas Legislative Service's preliminary survey of who's running for reelection indicated a smaller turnover than usual may be in prospect. However, prospective candidates have until May 5 to file.

Reps. Waggoner Carr of Lubbock and Joe Burkett Jr. of Kerrville, both asking election to the jobs of House speaker, so far are without opposition. Carr is the present speaker.

Rep. Reagan Huffman of Marshall, chairman of the House Investigating Committee and a House segregation leader, is without opposition. Rep. Max Smith of San Marcos, chairman of the House Appropriations Committee last session, also is unopposed.

Rep. Frates Seeligson of San Antonio, chairman of the House Revenue and Taxation Committee, also has no opponent so far.

Sen. Ottis Lock of Lufkin, who headed the Senate Finance Committee last session, is not running for reelection. A free-for-all is in prospect for his post. Rep. E. E. Shackelford of Kirbyville is asking to be promoted to the Senate and Reps. George Goetz of San Agustine and W. W. Glass of Jacksonville may get in the race.

Other announced candidates for Lock's job are Edward McFarland of Lufkin and Martin Dies Jr. of Lufkin.

Sen. Wardlow Lane of Center, chairman of the Senate State Affairs Committee last session, is also up for reelection without opposition to date. But Rep. W. S. Heatly of Paducah, who headed the House State Affairs Committee in the 55th Legislature, has one opponent, Leon Brown Jr. of Vernon.

Sen. Charles Herring of Austin, chairman of the Senate Investigating Committee, is a holdover member among those who do not have to run. He has been mentioned as a possible candidate for governor.

Another Senate holdover, Jarrard Secrest of Temple, has also reportedly been thinking of running for lieutenant governor against the incumbent, Ben Ramsey of San Augustine.

Eleven senators who have to run for reelection if they want their jobs back have no opposition. There are 103 House members in the same category.

Also in the house, 22 incumbents have announced or are expected to seek reelection with opposition already at work. There are 27 house members undecided, or seeking other offices.

Another wide-open senate race is for the post to be vacated by Searcy Bracewell of Houston. Reps. Robert Baker, Carlton Moore Sr. and Charles Murphy Jr., all of Houston, want advancement to the Senate there.

## School Bus Driver Is Fined For DWI

IRONTON, Ohio (AP) — A school bus driver must serve six months in the Lawrence County jail and pay a fine of $500 and costs. He pleaded guilty in nearby Chesapeake Mayor's Court last night to driving the bus, with 25 youngsters aboard, while intoxicated.

The state highway patrol arrested the driver, James W. McConnell, 55.

Patrolmen said an unidentified man, evently picked up by McConnell, was driving when they stopped the bus. He was not held. They said the children apparently escaped from the slow-moving bus through windows and emergency exits.

# Messages Of Hope Being Dramatized

By DOUGLAS B. CORNELL

WASHINGTON (AP) — The nation's first Cured Cancer Congress dramatized with messages of hope today the opening of a 1958 crusade to raise 30 million dollars to combat the disease.

The director of the government's National Cancer Institute, Dr. John R. Heller, said that 700,000 Americans now are being treated for cancer — but 800,000 have had it and been saved.

Heller reported that "we are on the threshold of breakthroughs" in understanding the nature of the disease and finding powerful new drugs to control it.

Of the 800,000 who have been cured, 40 met under sponsorship of the American Cancer Society. They were 9 to 76 years old, from 29 states and the District of Columbia, representing varied occupations and many types of cancer and its treatment.

The program included a reception at the White House by Mrs. Dwight D. Eisenhower, honorary chairman of the 1958 cancer crusade, and the lighting of a 30-foot Sword of Hope in a park on Pennsylvania Avenue.

Dr. Lowell T. Coggeshall of Chicago, president of the cancer society, told the Cured Cancer Congress: "Today there is hope." Those who have been cured, he said, can combat "the deep and paralyzing fear" of cancer.

He said that 20 years have shown great progress in cutting down the death rate. In 1938, he said, one in every seven cancer victims was saved; now it is one in three. He said the death rate for women has dropped largely because of cures of cancer of the uterus but the rate has gone up for men, mainly because of the 300 per cent increase in deaths from lung cancer.

There was no ignoring of the darker side. Dr. Heller said that whereas 150,000 Americans will be saved from cancer within the next 12 months, about 250,000 will die of it. Yet, he said, there have been "great gains against cancer."

For the first time, he said, a drug, methotrexate, has successfully suppressed a solid tumor. "This," he said, "indeed is a milestone on the long road to conquering cancer."

New Jersey was divided into two colonies, West Jersey and East Jersey, in 1676 and remained so until 1702.

## Strader Appeals To Texas A&M Board

COLLEGE STATION, Tex. (AP)—Ross Strader, director of student publications at Texas A&M, has appealed to the board of directors to reconsider action relieving him of his job.

"The work of this man has not been satisfactory," A&M President M. T. Harrington said.

Strader, in a letter to the board, said Harrington had told him nothing except "I have not been doing the job he wants." He also said student publications which he advises have "won more awards this year than in any previous year."

Just set it and forget it!

ELECTRIC cooking saves time!

You'll spend less time in the kitchen . . . have more time for other things . . . with a new automatic electric range. Your electric oven cooks a complete meal . . . automatically. Thermostatically-controlled electric surface units watch over your cooking while you're out of the kitchen. And because electric cooking is so clean, your kitchen walls, curtains and woodwork stay new-looking with a minimum of washing and care.

See your electric range dealer soon. Electric cooking is one of the nice things about living better electrically.

LIVE BETTER ELECTRICALLY

TEXAS ELECTRIC SERVICE COMPANY

# Humble's Net Income Dips

HOUSTON (AP)—Net income for Humble for 1957 was $175,910,400, a decrease of $3,050,700 from the previous year, according to the company's annual report issued issued yesterday.

President Morgan Davis said Humble expects to reduce its drilling operations by about one-third in 1958.

Davis pointed to the decline in exploratory drilling as one of the effects of excessive imports.

Cutbacks in producing days in Texas, where Humble has about 80 per cent of its crude oil production, lowered the company's average production for 1957 to 360,000 barrels daily, said the report. This was 2.8 per cent under the 1956 average.

Drilling expenditures in 1957 increased by more than 18 million dollars because of rising costs although the number of completions decreased from 905 in 1956 to 867 last year, the report said.

One reason for rising costs was an increase in the number of expensive offshore wells. Humble completed 71 offshore wells at an average cost of $585,200 per well.

## LEGAL NOTICE

**NOTICE OF INTENTION TO ISSUE WARRANTS FOR RIGHT-OF-WAY TO THE RESIDENT PROPERTY TAX-PAYING VOTERS OF SCURRY COUNTY:**

TAKE NOTICE that on the 18th day of April, 1958, the Commissioners' Court of Scurry County, Texas, will pass an order authorizing the incurrence of claims and accounts against the Road and Bridge Fund of the County for the purpose of acquiring and purchasing lands necessary for the rights-of-way in respect of U.S. Highways, Texas State Highways and Farm to-Market Roads in said County, and to defray all expenses incidental thereto, and which said proposed indebtedness will not exceed the principal sum of $375,000; and

FURTHER TAKE NOTICE that by the same order the said Commissioners' Court will authorize the issuance of time warrants bearing interest at a rate not exceeding 4½% per annum, for the purpose of paying and cancelling the indebtedness evidenced by such claims and accounts against the Road and Bridge Fund of the County, and which said time warrants will mature serially over a period of years, the maximum maturity date to be the 15th day of December, 1968, and the said Court will levy a continuing direct annual ad valorem tax out of the Road and Bridge Fund Tax authorized by Section 9, Article 8 of the Constitution, for the purpose of paying the principal of and interest on the indebtedness hereby proposed to be created, and which said indebtedness will be in due course represented by such time warrants when and as the same are issued and delivered.

THIS NOTICE is issued pursuant to the certain order passed by the Commissioner's Court of Scurry County, Texas, on the 31 day of March, 1958, which order is recorded in Volume 9 page 271 et seq. of the Minutes of said Court, and such order is hereby adopted by reference and shall be considered as much a part of this notice as if incorporated herein in full detail.

WITNESS MY OFFICIAL SIGNATURE this the 31 day of March, 1958.

Signed: Edgar Taylor,
County Judge, Scurry County, Texas.

## Political Announcement

The Snyder Daily News is authorized to announce the following candidates for office, election to be subject to action of the Democratic Primary:

For County Judge:
EDGAR TAYLOR
J. RAY MARTIN

For District Clerk:
MRS. EUNICE WEATHERSBEE

For County Treasurer:
MRS. MOLLIE PINKERTON
MRS. AGNES BROWN

For County Clerk:
DAN COTTON

For Commissioner, Pct. No. 2:
EARL (HASSIE) SNEED
TOM J. DESHAZO
W. P. (BILL) HERRING
LLOYD DEVENPORT
AUDRY HEAD
W. M. (BILL) RILEY
E. D. (EARL) McDOW
ALFRED BEAVER

For Commissioner, Pct. No. 4:
J. C. (JAY) MASSINGILL
N. F. HALL
DOYLE PARMER
BILL WISE
FRANK ROEMISCH
OTTIS BELL
DON G. ROBINSON
ELMO HERRING
JIM FARR

For Justice of Peace, Pct. No. 1:
W. C. DAVIDSON

For County Superintendent:
FORREST BEAVERS
