

Rotan School Board Concerned With Safety Of \$700,000 Surplus Funds

The members of the Rotan School Board were presented some stark probabilities last Monday night and some of the options that may be facing the education body were not pleasing to the ears.

First, concerning finances, Dr. Nolan Kinsey, Superintendent, briefed board members that he was requested by Austin to complete a form concerning (a) beginning cash flow information (b) the district's ability of borrow funds and (c) the contractual obligations of the district. The information was due at Region 14 Education Service Center at

noon on April 8th.

Dr. Kinsey, at a loss to explain the projected school finance picture, told board members that any one of several things could take place. One possibility was that local districts with surplus funds could be required to use surplus funds before receiving additional state money for education.

That possibility, in light of the fact that Rotan ISD has approximately \$700,000 in certificates of deposit and money market accounts, has board members concerned.

"I am at a loss, I had hoped to be able to tell you something about a new school finance bill at this time, but we don't have a finance bill; in fact we don't even

have an extension, we're just in limbo until the Judge decides something on April 15th. We have been advised, from Austin, that we will continue to hold school", commented Dr. Nolan Kinsey.

Discussing the real possibility of being forced to use surplus funds got board member Luther Summers to say that Rotan should just, "Build a new all weather track, put an extension on the field house and buy as many computers as are needed and spend the surplus funds instead of letting the state of Texas take them away from us".

Board President Pete Fowler said

"The way it appears now, the popular stand of being fiscally responsible may haunt schools like us, that schools in the same condition as we are in may face being penalized."

Fowler refused to attempt to second guess Austin but he and Dr. Nolan Kinsey were successful in causing board members to think that using the \$700,000 surplus was a real option that could come about in the not to distant future.

Those present for the meeting last Monday night were Nina Tandy, Jim Nowlin, Aurora Nowlin, Reese Schooley and Mrs. Reese Schooley. School personnel present were Dr. Nolan Kinsey, David Hargrove, Mickey Early, Jim Cain and Pat Hamric.

Board members present were: Pete Fowler, Dr. Vick Burk, Roger Blackwelder, Donna Kennedy, Leo Long, Larry Landes and Luther Summers.

The board was briefed on the status of copy machines, number, and condition of each machine in each building by Dr. Kinsey.

Dr. Kinsey informed the board that he had been contacted by the Texas Education Agency and that the accreditation visit would be conducted on May 6th, 1991.

Dr. Kinsey read a 'thank you' note from Doug Coleman, an unsuccessful candidate for the football coaching vacancy.

He gave a cafeteria report for March. In that report he indicated that the average children served at lunch amounted to 363, up 23 from last year and that enrollment for all buildings had reached 535.

Dr. Kinsey indicated that he would have a written 'athletic policy' proposal from new Head Coach Pat Ward at the May meeting.

Board members discussed a request to purchase an oil and gas interest held by the school. Since the school would have to split the proceeds of the sale with other Fisher County taxing entities administration officials are going to poll entities and determine their desires.

Board members reviewed a proposed school calendar for 1992-93. School is scheduled to begin on August 29th and dismiss on May 29th.

The board met in closed session, under Article 6252-17 - to discuss personnel. They met back in open session at 9:23 and (1.) hired David Simmons as an assistant football coach and teacher. Although hired subject to assignment, Simmons will probably teach in the area of history and government. He is married has three children and will be receiving a \$3,000 coaching bonus and \$1,000 teaching bonus above state base.

The board (2.) hired Tondi Jeeter of Jayton, subject to assignment, but who will probably be teaching computer science and math. She is to be employed as a substitute teacher for the remainder of the year.

In final action, the board (3.) accepted the resignation of Leigh Nowlin with regret. She has resigned her teaching position effective at the end of the current school year.

The final act was the presentation plaques of appreciation to (a.) Leo Long for 12 years of service on the board. (b.) to Pete Fowler for 9 years service on the board and (c.) to Kim Pease for appreciation for media support of students.

HOMETOWN BOY: Kevin Smith, son of Gloria Smith of Rotan, is a Rotan High School graduate and finishing up his freshman year at Baylor University. He has been given the opportunity to take part in a summer ministry team to China. As a member of this Asian Ministry Team, he will spend time this summer in training and then working in towns, villages and cities in Asia and the Western Pacific. As a recruit, it is Kevin's responsibility to raise the \$2,600 needed to fund his tuition, room and board and other expenses for this summer venture. His mother asked that we mention this in hopes of stirring some local people to assist Kevin financially. Collection jars have been left at several Rotan businesses for those desiring to make contributions. Glen's Thriftway, The Newspaper Office, Weathersbee Funeral Home, H.L. Davis & Co., Casa Morales Restaurant, Carrillo Exxon Station and Rotan Insurance Agency.

INTERESTING STATISTIC: A third grader, according to an advertisement in U.S. News & World Report, by Texas Instruments, spends an average of 900 hours a year in a school classroom and 1,170 hours watching television. The ad goes on to say that Saturday is a school day in Japan and Korea and that the school year in West Germany is two months longer than ours. The ad concluded by saying that the need for our children to master the basics has never been more critical.

THANK YOU: The Rotan School Board presented three plaques of appreciation last Monday night. One to Leo Long, 12 year board member, and running for another term; to Pete Fowler, who ends 9 years on the board, 6 as president and to Kim Pease for media support to students. Thank You. The three thank those responsible for the act of appreciation.

CONGRATULATIONS: To W.D. (Bill) Graham on retiring from National Gypsum after 44 years.

SLOW TURNING: Sometimes the 'wheels of justice' turn a lot slower than some of us think they should. Takes a long time for each side to get their information and for the defense attorney to get his case set and prosecuting attorney to get his case nailed down. District Attorney Frank Conard indicated last Monday that the trial of former Fisher County Hospital Administrator Pete Hohon has been re-scheduled and is now on the docket for trial on June 24.

HAPPY BIRTHDAY: April 11 - 17. April 11th - Jean Stanford, James Cain, Ricky Gordon; 12th - Francene McKinney, Sue Houghton; 13th - Terry Warren, Scott Price; 14th - Denese Hoffman, Lenora Dickson, M.E. Doyle; 15th - Lynette McQueen; 16th - Joyce Daniel, Carl Guinn, Dorothy Seaggins; 17th - Tommy Paske, Martha Goudrum.

FINALLY: Ol' Whistle Britches from his Shinnery Ridge Ranch at Rough Creek was criticising the coverage given the Roby Lions Club Music Revue and wondering why the event drew such large headlines last week.

JUDGING OTHERS: Why is it that we rarely weigh our neighbor in the same balance in which we weigh ourselves.

COST OF LIVING: At today's prices people don't take vacations - vacations take people.

BORROWING: If you have to borrow, always borrow from a pessimist. He doesn't expect to be paid anyway.

TAXES: After all is said and done, the politicians say it and the taxpayers do it.

FOOLS: As you get older, you can make a fool out of yourself in a more dignified manner.

TELEVISION: Many of us have seen TV grow from infancy to adultery.

FINALLY, FINALLY: Britches said, as he left the office, "Editor, remember that to grow old is to pass from passion to compassion."

Lubbock Attorney Dale Jones Granted Continuance

Trial Of Former Fisher County Hospital Administrator Scheduled For June 24th

The case against former Fisher County Hospital Administrator Pete Hohon, indicted by the Fisher County Grand Jury for "theft over \$750, a third degree felony" in October of 1990, is now scheduled to go to trial on June 24th after a motion for continuance was granted, according to Frank Conard, District Attorney.

Hohon was scheduled to be tried by

jury for the offense on March 25th, but Attorney Dale Jones of Lubbock was granted a continuance.

Conard, previously indicated that the trial was subject to be re-scheduled and could go through other postponements as Hohon's attorney prepares his client's defense case.

Pete Hohon became the focus of internal hospital investigations in the

Summer of 1990 for possible improper expenditures of funds.

The audit firm of Condley & Company of Abilene conducted an audit of Fisher County Hospital books for 1990 (January through May) and "highlighted" some areas that needed further explanation.

The Fisher County Hospital Board after a meeting on July 16th, 1990 voted unanimously to turn all information on the audit over to District Attorney Frank Conard for further investigation.

Springer & Associates of Sweetwater, upon being employed by Conard, conducted an audit of 1989 financial records. The findings of that audit and

the 1990 audit were presented to the Fisher County Grand Jury by Conard in October 1990.

Hohon was indicted, arrested, posted bond and now awaits trial in June.

New M.D. Visits Local Hospital, May Make Move

Some Fisher County Hospital Board members gave the "grand tour" of the Fisher County Hospital medical facility to a doctor, possibly interested in moving to Fisher County, last Saturday. The tour came just a few days after Administrator Arla Jeffcoat learned that Dr. Ernie Sandidge of McCamey was not interested in moving to Fisher County.

Dr. Sandidge informed Arla Jeffcoat that he was not moving for the same reason he wanted to move. "I am the only doctor in McCamey".

Last Saturday, Dr. Elliott Monroe of Pampa, an M.D. family practitioner, who recently practiced at Colorado Hospital in Pampa (emergency room) toured the local facility.

"He visited with board members, toured the hospital and indicated that he would get back with us in mid May on a decision", said Jeffcoat.

State Capitol Highlights

By Lyndell Williams
Texas Press Association

In their own peculiar ways, Legislators scrambled last week trying to find a solution to the school finance crisis that would head off further court control of the public schools.

The House put an unconscious school reform bill back on the operating table while the Senate took steps to repeal every state tax on the statute books.

After the state missed the April 1 deadline to pass an equitable education funding plan, State District Judge Scott McCown appointed an expert to draw up a proposal that can be put in place as early as April 15 if lawmakers fail to carry out their constitutional duty to create "an efficient system" of public schools.

"I consider this whole issue as serious as cancer," said House Speaker Gib Lewis. "Right now we are on borrowed time."

In a complicated procedural move made at Lewis' insistence, the House, on a voice vote, agreed to reconsider the vote taken on the school funding plan developed by a House-Senate conference committee.

Technically, that action changed the bill's status to one of pending legislation that could be brought up for vote at any time.

Abolish State Taxes

On a 22-9 vote generally along party lines, the Senate tentatively voted to abolish all state taxes effective Sept. 1, 1994.

(CAT) Tests Given To Rotan Students

The California Achievement Test (CAT) will be administered April 16-18 to all students in grades 1 through 11 in the Rotan Independent School District. The CAT, which is used by school systems nationwide, measures students' levels of basic skills in several academic areas.

The Rotan ISD uses the test results in several ways: to identify and assist students who need remediation in certain areas; to identify students for participation in the Duke Talent Search Program; as a pre-screening tool for such programs as special education, Chapter I, and the gifted and talented program; and to assist students in planning their course work for a high school diploma.

Parents can help their children perform well on the tests by assuring that they get plenty of rest the night before the tests and proper nourishment before they go to class, and by encouraging them to do the best that they can.

Parents who have questions about the test can contact Sylvia Sapsky, Counselor, at 735-3612.

Commissioners Accept Bid On Truck

The members of the Fisher County Commissioners court accepted a bid for \$5,750 from Truck Town in Abilene for a 1980 Mac truck to be used in Gene Terry's, Commissioner #4 Precinct.

In other action, the commissioners approved a resolution objecting to a United States Environmental Protection Agency guideline concerning solid waste landfill.

Commissioners authorized the purchase of curtains for the office of Marie VanLoon, Justice of the Peace and agreed to accept a bid of \$35 from Teddy Kral for a surplus transaction counter. Commissioners also sold a safe from the Fisher County Tax Office to Herbert Moore.

City Of Rotan Has Night Depository

The City of Rotan would like to notify the residence of Rotan that they now have a night depository.

The night depository is located on the west door of the building. The night depository will make it accessible for those who may need to make a payment after business hours.

The bill, sponsored by Sen. Carl Parker, D-Port Arthur, is intended to push the Legislature toward a comprehensive restructuring of the state's tax system, including possible personal and corporate income taxes.

Parker said his bill would "force us to have the courage to talk about taxes." He said he would hold off seeking final approval of his bill until he could discuss it further with his colleagues.

Parker picked up key support from Sen. John Montford, chairman of the Senate Finance Committee. Montford, a Lubbock Democrat, called Parker's bill "a gutsy idea."

But Sen. John Leedom, R-Dallas, accused Parker of partisan politics.

"It might come as a surprise that you've got one of the most demagogic ideas of all time," Leedom told Parker.

Second Grand Jury Ready

A Travis County grand jury investigating legislative influence peddling ended last week without issuing any more indictments.

District Attorney Ronnie Earle said the investigation will be turned over as early as this week to one or two new grand juries who were seated earlier.

In late December, the grand jury indicted Speaker Lewis on two misdemeanor ethics charges for allegedly accepting an illegal gift and failing to report it on his state disclosure forms.

"The investigation will continue until we have explored all of the allegations that we continue to receive," Earle said.

Meanwhile, prosecutors moved to force a Corpus Christi bank to surrender an assortment of records pertaining to the accounts of Rep. Hugo Berlanga and his company, Berlanga Business Consultants.

In challenging the subpoena, American National Bank said in its filings that to supply the records would cost thousands of dollars and "may well constitute a misapplication of the bank's funds and could conceivably be viewed as a federal crime."

American National seeks reimbursement - up to \$10 an hour for research time and 15 cents a page for copies - to provide the records.

Grand jury terms last 90 days. The current grand jury had its October-December term expanded three months to concentrate on the legislative investigation, which began in early December.

New Restoration Director

In a surprise move, the State Preservation Board voted to strip Capitol Architect Allen McCree of his administrative duties and named a board member to take over agency operations.

Dealey Herndon, an Austin civic volunteer who has served on the board for four years, was named to the new \$65,000-a-year post of executive director.

The agency is in the midst of two projects costing more than \$161 million - the restoration and expansion of the capitol and restoration of the historic

General Land Office Building.

The Capitol project, begun in spite of the deficit, still remains a gaping hole in the ground on the building's north side.

One observer noted that although the Capitol lawn is dotted with monuments, the hole is probably the most fitting; a reminder of the fiscal hole that spendthrift legislators have dug for themselves.

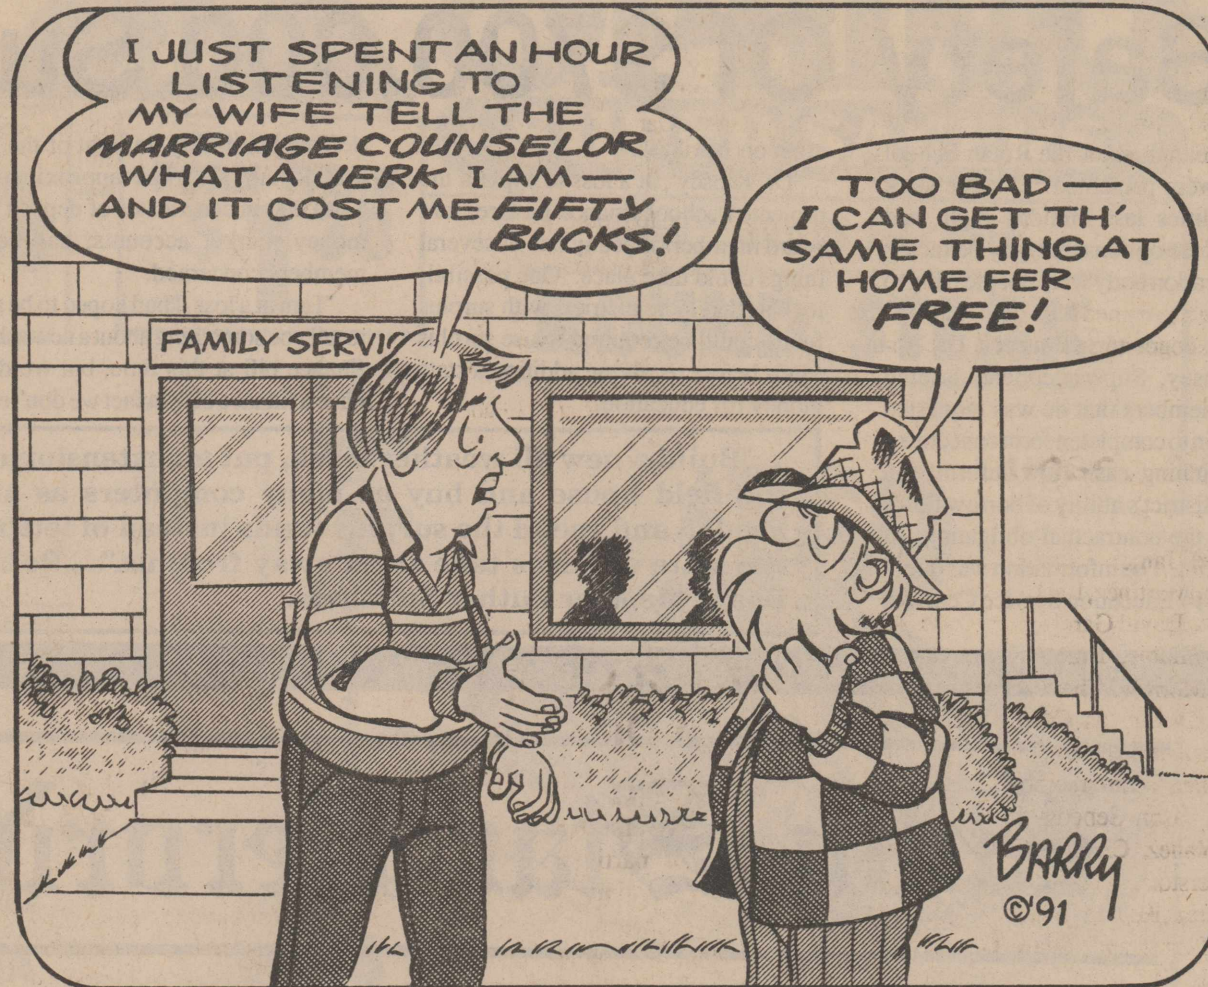

Other Highlights

* The Texas House approved a bill last week to limit the liability of manufacturers and sellers when people are hurt by their products, but consumer activists said they'll work to defeat the bill in the Senate.

* The House approved and sent to Gov. Ann Richards a bill to rename part of Texas 288 the Nolan Ryan Expressway. The highway runs near Alvin, hometown of the Texas Rangers pitcher.

* A Senate panel unanimously passed a bill by Sen. Gene Green, D-Houston, which allows lawabiding citizens to carry concealed handguns.

FROM RAINDROPS TO RAINBOWS

As the rumbling thunder becomes more distant, an April breeze chases away dark clouds, allowing the sun to light up the sky once more. Yet, even as the sun shines, a fine mist of rain continues to fall.

Then, magically, the reflection of the sun upon the rain transforms each drop into a prism of color. As if painted by the Master's hand, storm clouds are replaced by a rainbow.

There is an old cliché which tells us that "into each life some rain must fall." Yet the radiance of God's merciful love allows us to change the rain into rainbows, brightly colored by faith, hope and trust in Him who made us.

1 John:5 assures us that "... God is light and in Him is no darkness at all."

Let the light of God's love deliver you from darkness into the light as you worship Him in His house this week.

Jerry D. Harris Named To Sixth Term As Chairman Of ASCS

Jerry D. Harris, a cotton and grain sorghum farmer in Dawson and Gaines Counties, has been named to a sixth term as chairman of the Texas Agricultural Stabilization and Conservation Service Committee, U.S. Sen. Phil Gramm has announced.

Agriculture Secretary Clayton Yeutter also named Mrs. Hope Huffman of McGregor to her second one-year

term on the panel and reappointed veteran ASCS committee members Dale Hunt of Garwood, D.V. Guerra Jr. of Edinburg, and Keith Spears of Vernon.

"These five leaders bring a wealth of

"Representative Stenholm has proved to be an excellent Whip," said Majority Whip William Gray (D-PA). "His ability to forge policy and legislation while understanding the Members' individual concerns has been extremely valuable to the Leadership. Charlie Stenholm's insight on a wide variety of issues has always been a tremendous asset to the caucus. As we tackle the issues that face us in the 102nd Congress, I believe Mr. Stenholm's leadership will be indispensable."

Stenholm expressed gratification at his reappointment. "As a conservative I will continue to bring that point of view to the negotiating table with the other Democratic Leaders," said Stenholm.

Hunt, D.V. Guerra, and Keith Spears all have done remarkable work in helping to lead the ASCS and I am pleased that they have agreed to continue their service to Texas and America."

Harris is active in cotton ginning, warehousing and marketing as well as operating a 7,000-acre family farm and continuing service on the Board of Governors of Lubbock Christian University.

Also, he is a member of the National Cotton Council, the Lamesa Cotton Growers, the Texas Food and Fiber Protein Commission and the Texas Cotton Ginners.

Mrs. Huffman raises row crops, grain and beef stocker cattle in McLennan and Coryell Counties. She is a member of the Texas Farm Bureau's Labor Advisory Committee and is active in both the McLennan County Farm Bureau and the Waco Chamber of Commerce's Agricultural Committee.

Hunt is a recognized national leader in the rice industry. He has served on the National Commission on Agricultural Trade and Export Policy and as president of the Texas Rice Research Foundation.

TAX PLANNING

REVOCABLE LIVING TRUSTS (What They Are And When To Use Them)

One estate planning technique you might want to consider is a revocable living trust. Such trusts take effect during your lifetime and can be changed or revoked anytime before your death. You can appoint a trustee, or you can manage the trust yourself.

Under certain circumstances, revocable living trusts can provide many benefits.

1. Probate savings and quicker distribution of assets. Assets held in revocable living trusts need not pass through probate upon your death. Because the assets are distributed directly to your beneficiaries, the procedure is quicker and less expensive. You will, however, incur time and expense in transferring your assets to the trust in the first place. The net benefit you receive depends upon probate costs and the value of your estate.

When using the trust, include a "pourover" will to ensure that property inadvertently left out of the trust will "pour over" into the trust upon your death. (These assets will be probated.)

2. Privacy. When wills are probated in most states, the list of the testator's assets is disclosed in court and becomes a matter of public record. With revocable living trusts, the information usually remains confidential.

3. Reduction of challenges. Revocable living trusts are generally more difficult to challenge than are wills. Such protection is especially important if disappointed relatives receive less than they expected and want to sue for whatever they can recover.

4. Protection during incompetency. By establishing successor trustees, you can ensure that your trust assets will continue to be properly managed if you become incompetent for any reason.

These are just the basics. Consult an attorney and an accountant knowledgeable in estate planning to determine whether a revocable living trust is suitable in your situation.

Funeral Services Held For Lucy Alberta Clegg Thomson, Long Time Resident

Lucy Alberta Clegg Thomson, 87, of Rotan, died Wednesday afternoon at Fisher County Nursing Home. Funeral services were at 2 p.m., Saturday, at First Baptist Church in Rotan with Rev. Larry Crumpton, pastor of the First United Methodist Church in Roby, officiating. Burial was in the Cottonwood Cemetery in Northeastern Scurry County directed by Weathersbee Funeral Home.

Mrs. Thomson was born August 29, 1903 near Rocky, Oklahoma, which was Indian Territory at the time. She moved to Fisher County when she was 6 years of age with her parents, J.F. and Paralee Clegg. She married Grundy Thomson, March 29, 1919 at Roby. He died September 3, 1976. Mrs. Thomson was a homemaker and a member of the Church of the Nazarene. She was also

a member of Secret Pals and the Fisher County Senior Citizens. She made her home in the Longhorn Valley area of Fisher County and had lived there longer than any other person.

She is survived by: 3 sons: R.L. of Grove, Oklahoma, Melvin and Perry, both of Roby; 6 daughters: Mary Boydston and Delia Hardin, both of Rotan, Dot Head of Abilene, Thelma Burk of Roby, Lillian Rister of Lubbock,

and Laura Elene Goodrum of LaPlace, Louisiana; 5 brothers: Leo Clegg of Castle Rock, Washington, Jimmy Clegg of Whittier, California, and Luther Clegg of Fort Worth; 3 sisters: Molly Hudnall of Rotan, Naomi Vinyard of San Marcos, and Frances Clegg Ferris of Wayside; 29 grandchildren; 41 great grandchildren; 4 great great grandchildren.

Funeral Services Held For Mrs. Ocie Whitfield McCoy

Mrs. Ocie Whitfield McCoy, 84, of San Angelo, died Wednesday, April 3rd, at West Coke County Nursing Home in Robert Lee. Funeral services were at 10:30 a.m., Saturday, April 6th, at Weathersbee Funeral Chapel with Rev. Joe Vernon, pastor of First Baptist Church, officiating. Burial was in the Belvieu Cemetery of Rotan.

Mrs. McCoy was born June 9, 1906 at Greenville, Texas. She was the

daughter of the late Luther and Billie Belle (Thomason) Puryear, and moved to Fisher County with her parents as a child.

She married Carl Lee Whitfield in 1924 at Rotan. They moved to Bowie in 1941 and he died November 14, 1952. Then she married Alfred C. McCoy in 1964 at Orlando, Florida. Mr. McCoy died May 30, 1982 and Mrs. McCoy has made her home in San Angelo since that time.

She retired in 1968 as manager of a Millinery Store.

She is preceded in death by 6 brothers.

She is survived by: a son: Don Whitfield, and his wife Coleta, of San Angelo; three sisters: Lora Compton of Wichita Falls, Helen Denning of Lexington, Missouri, Laverne Stevenson of Copperas Cove; a granddaughter: Carla Dahlquist, and her husband, Tony, of Baytown; two great grandchildren: Kerrie Elizabeth Dahlquist and Tony Dahlquist, Jr., both of Baytown; a brother-in-law and sister-in-law, Charlie and Marjorie Whitfield of Fort Worth.

Services Held For Eirle O'Donald

Eirle (Red) O'Donald, 80, died Monday, April 8th of an apparent heart attack while at the home of his son, Don, while helping round up cattle.

Mr. O'Donald was a lifetime resident of the Claytonville area.

Services were held at Cate-Spencer-Gallagher Funeral Chapel in Sweetwater.

Survivors include his wife: Mary Etta (McCain) O'Donald, 2 sons: Don of Brad, Ronnie of Wylie; 2 brothers: Ernest of Dublin and Delbert of Abilene; 2 sisters: Orene Minton of Snyder and Pauline Gann of Abilene; four grandchildren and 2 step granddaughters; 1 step great grandchild.

Funeral Held For Hallie Mae Sigures

Hallie Mae Sigures, 68, of Rotan, died Thursday evening at Fisher County Hospital in Rotan. Funeral services were at 2 p.m., Sunday, April 7th, at Weathersbee Funeral Chapel with Rev. John Mathis, pastor of Little Zion Baptist Church, officiating. Burial was in the Belvieu Cemetery.

Miss Sigures was born June 4, 1922 at Rotan and has lived most of her life here. She was a member of the Little Zion Baptist Church and the Women's Missionary Society. She was a retired housekeeper.

She is survived by one sister, Ozeal Conner, of Abilene and several nieces and nephews.

Benefits To Be Reported By April 15th

People who work while they are getting Social Security benefits need to report their earnings by April 15, if their earnings are above certain limits, Glyn Hammons, Social Security manager in Abilene, said today.

For 1990 earnings, the reports are required from beneficiaries who were age 65-69 and earned more than \$9,360, or under 65 and earned more than \$6,840, and received some benefits in 1990. Earnings over those amounts count in determining the amount of Social Security benefits due.

People who were 70 or older during all of 1990 do not have to file an earnings report no matter how much they earned, Hammons said.

The annual report forms were mailed automatically to anyone who indicated they would be working and earnings over the exempt amounts while they were getting benefits. Anyone who needs to file a report but didn't get one in the mail should call Social Security to ask for an Annual Report of Earnings form.

In their earnings reports, Social Security beneficiaries show the exact amount of the past year's earnings and provide an estimate of their earnings for the current year. For 1991, earnings over \$9,720 for people 65-69, and earnings over \$7,080 for under 65, count in figuring the amount of Social Security benefits that can be paid.

For more information about working while receiving Social Security, contact the Abilene Social Security office located at 142 S. Pioneer. The telephone number is 698-1360 or you can call toll free 1-800-234-5772.

Public Notice

Southwestern Bell Telephone (SWBT) has filed an application with the Public Utility Commission of Texas to offer a new optional service called Family Space Listing.

Family Space Listing is a new optional service designed for residential customers. It will give customers the option to list the names or nicknames of household members within a customized space in the white page telephone directory.

The proposed monthly charge for this service is \$7.00. No charge to set up the service is proposed. Customers electing not to subscribe to this optional service will continue to receive their non-distinctive directory listings at no charge. SWBT anticipates this new service will generate sales of approximately \$63,000 in the first year that the service is available. If approved by the Commission, this service will be available beginning May 6, 1991.

This new service will not affect the directory listings that existing residential customers have in SWBT's white page telephone directories.

Persons who wish to comment on this application should notify the Commission by April 26, 1991. Requests for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757, or you may call the Public Utility Commission Public Information Office at 512-458-0256 or 512-458-0221 teletypewriter for the deaf.

Jan Posey was recently one of four Lubbock Christian University women track athletes named NAIA honorable mention All-Americans. The quartet qualified for the NAIA Indoor National Meet in Kansas City, Mo. There, competing against over 500 women athletes from all over the nation they placed 6th in the 2-mile relay and 4th in the distance medley relay. Other members of the team are Idalia Casiano, Hollye Hightower, and Ruth Hamilton.

The men's team from Lubbock Christian won the title of number one team in the nation. The women and men's coach, Darrel Price of LCU, was named NAIA Coach of the Year.

Jan is a junior physical therapy major and was recently granted acceptance into Physical Therapy School at Texas Tech in Lubbock or the University of Texas at Galveston.

Early Childhood Screening

Early childhood screening has been scheduled for April 18 at Roby Elementary School, coordinated by Tri-County Education Co-Op.

Appointments are now being made for the screening for children who will be three years old by September 1, but will not be five years old by that date.

The screening will assess developmental areas such as psychological, auditory, visual, language, motor, and speech.

Children who show a significant deficit on a battery of assessment instruments in one of the areas from the assessment will meet qualifications for the early childhood program at the local school.

This program is for every handicapped child in Texas who will be at least three years old by September 1. The child needs to be three years old before the screening can be administered.

If accepted for the early childhood program, parents will need to provide an up-to-date shot record as well as a birth certificate.

For more information or to make an appointment, contact Roby Elementary, 776-2224, or Tri-County Education Co-Op, 773-3637.

Reductions In Major State Services

The House Appropriations Committee approved an existing-revenue budget on Wednesday that would force drastic reductions in most of the major state services. The committee proposal, which now goes to the full House for debate, brings the dilemma of state financing for this biennium to the providers of service and the tax payers.

Rep. David Counts, (D) Knox City, a member of the Appropriations Committee stated, "we do not have the dollars to provide services that we have been able to provide in the past." He added, "in order to get a handle on state spending we have to work with available funds."

Rep. Jim Rudd, (D) Brownfield, chairman of the appropriations panel, said he has received a lot of anti-tax mail. Rudd said he hoped news reports of the committee's action would help Texans see what this can do.

Legislative budget examiner Albert Hawkins told the panel that the budget would cost the state another \$4 billion in lost federal matching funds, and fall about \$200 million short of meeting the operating costs of 13,000 prison beds under construction. This budget would also be about \$1 billion short of meeting state funding requirements that may be necessary under any school finance bill ultimately approved by the legislature.

Under this budget the state would spend about \$52 billion in state and federal funds over the next two years, an increase of 12 percent over present level of spending.

"The Tempest" To Be Presented At WTC Theatre

"The Tempest" by William Shakespeare will be presented by the Western Texas College theatre April 11, 12, 14 and 15 in the Fine Arts Theatre on campus.

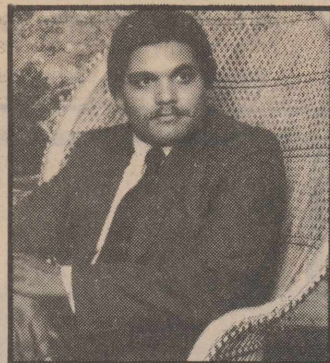

Performances will be at 8 p.m. on April 11, 12 and 15 and at 2 p.m. on April 14. Tickets are \$5 for adults and \$3 for students and can be reserved by calling the box office at 915 573-8511, extension 234.

Shakespeare wrote "The Tempest" in 1610 or 1611. It was the last of his plays and is one of the most popular. Many critics feel that it was Shakespeare's farewell to the stage.

Appearing in the cast will be Richard Lack of Snyder as Prospero, the deposed Duke of Milan shipwrecked on an island; Jeff Hicks of Muleshoe as Caliban, a savage and deformed slave; Amber Adams of Snyder as Miranda, Prospero's daughter; Frank Romeo of Roby as Antonio, brother of Prospero who has usurped his title; Wade Freeman of Snyder as Alonso, king of Naples; Coy Berryman of Snyder as Ferdinand, Alonso's son' Tommy

Reeves of Snyder as Gonzalo, an old counsellor; Brad Vincent of Snyder as Trinculo, a jester; Kenn Kern of Hurst as Stephano, a drunken butler, and Jerry Vizona of Thorndale as Ariel, an airy spirit.

The play is under the direction of Jim Rambo. Galen Price is designing the set and lighting.

Simon Castor, son of Frank and Maria Castor, has moved to Salt Lake City, Utah where he is attending classes at Utah State University and the University of Utah studying for an Associates Degree in Horticulture. He is employed full time at the University for the grounds department.

Aerial Applicators Will Hold Training April 15-19

Aerial applicators who apply chemicals to crops and rangeland throughout West Texas will swarm here April 15-19 for training to update their knowledge and for equipment checks to reduce drift of materials during spray operations.

The fly-in at the Levelland Municipal Airport is sponsored by the West Texas district of the Texas Aerial Applicators Association. Training will be conducted by the Texas Agricultural Extension Service. The program is supported by the chemical companies which supply the materials applied by air.

"Our fly-in has been selected for the pyrethroid drift reduction program that is mandated by the Environment Protection Agency," said Randy Murphree, owner of Murphree's Flying Service in Rotan and TAAA district vice president. Participants can receive as many as three continuing education units for taking part in the training and airplane tests.

The training will begin at 8 a.m. April 15 with an hour of flight demonstrations. Instruction then will focus on reduction of spray drift, new pyrethroids and labeled restrictions for

their use, said Tommy Valco, Extension Service agricultural engineer and specialist in mechanization and safety. Proper aircraft setup, weather factors and drift parameters will be included.

After lunch, individual aircraft will be pattern tested. In these tests, computerized equipment is used to monitor the efficiency and detect any trouble spots with equipment, such as valves operating improperly.

Pilots intending to have their planes tested should telephone Murphree at Rotan (phone 915-735-2266) to be scheduled. The pattern testing will continue for the following several days, as necessary, Murphree said. There is no charge for the tests.

Yellowhammers Boys Have Top Times In District Track

Rotan Head Track Coach Ted Posey has placed himself in pretty good position to get out of the district track meet with several qualifying for the regional meet. His track boys have the top times in the district in the sprint relay; 100 meter dash, 200 meter dash, long jump, triple jump and shot.

"I feel Robert Lee, a winner of the district championship 11 times in a row and a team championship winner at each meet this year is the team to beat. Garden City and Roscoe will be at the tip and hopefully Rotan can be amont

the tip four or five teams, said Ted Posey.

Texoma Farm and Ranch Exposition To Spotlight Agriculture, Home Landscapes On April 12th And 13th

A colorful, two-day exposition April 12-13 at the Wichita Falls Activities Center will focus attention on the region's multimillion dollar agricultural industry. It also will provide valuable information on topics ranging from home landscaping and food safety to estate planning and trade with Mexico.

The Texoma Farm and Ranch Expo

will feature displays of agricultural and home equipment, supplies, and services and public seminars from noon April 12 through the evening of April 13.

The exposition, first in Wichita Falls in 15 years, has been planned by the Rolling Plains Economic Program (R-PEP). This is a regional organization of citizens sponsored by the Texas Agri-

cultural Extension Service to promote economic growth and improved family life. The exposition is being supported by Berend Bros., NCNB Texas, Pierce Sales, Preston Dairy and TU Electric Co.

The exposition salutes the agricultural production of 30 Texas counties surrounding Wichita Falls, and the Oklahoma counties of Comanche, Cotton, Jackson, Jefferson, Stephens and Tillman.

Farming and ranching are important industries in Texoma, contributing more than \$500-million to the area's economy each year," said Stan Bevers, agricultural economist with the Extension Service at Vemon.

The seminars will feature Extension Service specialists from Oklahoma and Texas, professional nurserymen, bankers, commodity group leaders, international trade representatives and other educators and speakers.

The first day's programs include discussions of proposals for free trade between the U.S. and Mexico; issues of

food safety; farm and ranch estate planning; computerized decision aids for farm risk management, and an overview of the Environmental Protection Agency's national survey on water quality.

The second day will offer advice on organic gardening; basic training for a young horse; care of home fruit trees; Christmas tree production; estate planning; pond management; computerized farm risk decision aids; practical home lawn care and vineyard production.

That afternoon will feature a symposium on cotton production, management, marketing, classing and federal programs. An indoor session will look at various aspects of horse marketing. Other topics will include vegetable gardening, landscaping for home security, reducing yard waste, water conservation through use of xeriscaping, proper spring planting techniques, and regional landfills. An evening session on dog training and behavior will conclude the seminars.

Rolling Plains Ext. Homemakers Annual District Meeting

Rolling Plains Extension Homemakers will meet for their annual District Meeting at Anson on Wednesday, April 17. Delegates from eighteen counties in the Rolling Plains area will meet in the Extension Homemaker Building in Anson beginning at 9:30 a.m., according to Elaine Houston, District Extension Director for the Texas Agricultural Extension Service, Rolling Plains - 3 District.

The program will include Charlotte Watson, Treasurer of the Texas Extension Homemakers Association, of Georgetown. Also featured speakers will be Dr. Dan Hale, Extension Meats Specialist, Texas A&M University, who will address Food Safety Issues; Gerry Hollinger from "Lifegift"; and Mrs. Kila Lackey, Jones County Extension Homemaker, who will address Literacy. The meeting will be conducted by Mrs. Fern Maxwell, District 3 TEHA Director from Burk Burnett in Wichita County.

Approximately 200 members of the Extension Homemaker Clubs in the Rolling Plains District are expected to attend. The purpose of organized Ex-

tension Homemakers Clubs is to improve family living, develop leadership skills and to improve human rights. Texas Extension Homemakers Association is a part of the National Extension Homemakers Association, County Women's Council and the Associated Country Women of the World. They are the largest organization of women in the world.

For more details contact your local County Extension Agent. Extension Homemaker Clubs are sponsored by the Texas Agricultural Extension Service, an arm of the Texas A&M University System.

Hustling Around Hobbs

by Joy Walker.....

Last Tuesday it was so windy, and it wasn't very warm both Monday and Tuesday mornings early, but today (Monday) it really seems like it's going to be a hot day although the wind is blowing again, and we still have no forecast for very much rain, and that is what we need most. With spring officially here, the wild flowers will soon be in full bloom, and I know in and around Austin and the Hill Country is ablaze with Bluebonnets and wild flowers, but then they have had too much rain. Wish they could share all

that moisture with us. I don't know how the Bluebonnets are so beautiful around here and on the way to Sweetwater, they must not need very much moisture.

We were pleased to have Mrs. Jerry (Janiece) Stephenson from Abilene with us at church on Sunday. She was with her parents, Mr. and Mrs. Dale Cave. Janiece sang a special for us Sunday morning and it was so beautiful. What a wonderful talent she has. Janiece spent Saturday and Sunday visiting with Dale and Doshia.

We were sorry to learn of the death of Lucy Alberta Clegg Thomson

(Birdie) who passed away Wednesday at a Rotan Nursing Home. Services were held in Rotan on Saturday with burial in the Cottonwood Cemetery. Our heartfelt sympathy goes out to her three sons, six daughters, all of her grandchildren and great grandchildren and to her brothers and sisters and the remainder of the family.

Wayne and Fred Boydston from Mesquite came to Mary and Frank Boydston's Thursday night and they stayed until Sunday. They were here for the funeral of their grandmother, Mrs. Birdie Thomson. Mary's brother,

R.L. Thomson wasn't able to be at the funeral as he has been back in the hospital again. He lives in Oklahoma.

Mr. and Mrs. Wayne Jones and family from Sundown visited over the weekend with the Mike Porters and they also visited with Mrs. Opal Phillips in the hospital on Saturday.

We were sorry to learn that Opal Phillips was taken to the Fisher County Hospital Friday. She is still in the

F. C. Fair And Rodeo Board Holds Meeting

The Fisher County Fair & Rodeo Board met last week at the Courthouse Coffee Room.

The present slate of officers were re-elected to another term. They are Robert Morgan - President, Gary West - Vice-President and Lance McWilliams - Treasurer.

Ricky Gordon was added to the board of directors.

The Rodeo date was set for August 15-17 with Mitch Terrell of Anson as Rodeo Producer.

April 19 was set as the date to give away the registered quarter horse donated by DJ and Beverly Rister of Roby and the 100 gallons of propane donated by Scott Fuel. Chances on these items have been on sale since January.

A Mexican Supper will be held from 7-9 p.m. on Friday, April 19 at the Cottonwood RV Park located 1 mile south of Roby. During the supper the prizes will be given away. Tickets for the Mexican Supper will be on sale at the door for \$5.00 each. Proceeds from all the above will be used to help retire the bleacher note at the Fairgrounds.

hospital as of this morning, and will be taking some more tests today. I talked to Opal on Sunday and she said she was doing very much better, and we hope that she will soon be able to return home.

Mr. and Mrs. David Etheredge and boys from Levelland visited with Jackie Wayne and LaNelle Etheredge Friday through Sunday. Mr. and Mrs. Sam Etheredge visited with them all Saturday and Sunday, also Mrs. Lealon Wilburn, Randy and Vicky Etheredge and their family.

Mr. and Mrs. James Ratliff went to Lubbock all day Sunday with John and Teresa Swofford and they went to the Horse Auction where John was the auctioneer.

Mr. and Mrs. Gary Daniel and Autumn went to Odessa over the weekend last week; they visited with Gary's

parents, Mr. and Mrs. Odell Daniel. Gary's mother has been very sick and is in the hospital in Odessa. We hope that she will soon be well enough to return home.

Levi Parks was also in the hospital in Odessa. He went in last Sunday night and was released Wednesday, and has been pretty sick. He seems to be doing real well again, and we hope that he will continue to feel good.

Saturday I went to Lubbock with Carol and Wilber Gruben and it was such a nice day and the mall was sure crowded. Wilber went to a Limousin Bull sale in Lubbock.

The weeds are sure growing out this way, guess they don't need any moisture either, as we are really dry and could use a good slow rain. Maybe this week we will get some. See you next Thursday.

Public Notice

Southwestern Bell Telephone Company has filed two separate applications with the Public Utility Commission of Texas to introduce two new optional directory services. One service is Directory Assistance Call Completion (DACC) and the other service is Multiple List Directory Assistance (MLDA).

DACC is an optional service that provides customers the option of having their Directory Assistance call completed to the requested number (when they call Directory Assistance for a number) by either the Directory Assistance operator or a mechanized audio response system.

The proposed rates* for fully-automated DACC calls are: \$.30 if the call is sent paid or billed to a calling card, \$1.00 if the call is collect or billed to a third number and \$.25 from a coin telephone.

The proposed rates* for semi-automated (operator assisted) DACC calls are: \$.85 for calls that are sent paid or billed to a calling card, \$1.20 if the call is collect or billed to a third number and \$2.60 for a person-to-person call.

Multiple List Directory Assistance (MLDA) allows the customer to request more than two listing requests per call to Directory Assistance. Customers can either call on "demand" and receive up to 10 listings, or schedule an "appointment" and receive the assistance of a Directory Assistance operator for as long as required. The rates for "demand" MLDA are \$.30 per listing request (after applicable allowances), with a maximum of 10 listing requests per call. The rates for "appointment" MLDA are \$1.00 per minute, with a 15-minute minimum.

The optional services DACC and MLDA are intended for use by both residence and business customers. Those persons who qualify for exemption of Directory Assistance charges because of visual or physical handicaps will be able to use DACC and "demand" MLDA free of charge. If approved by the commission, DACC and MLDA will be available beginning May 13, 1991. First-year projected revenues for DACC are approximately \$9.6 million. First-year projected revenues for MLDA are approximately \$1.7 million.

Persons who wish to comment on these applications should notify the commission by May 3, 1991. Requests for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757, or you may call the Public Utility Commission Public Information Office at (512) 458-0256 or (512) 458-0221 teletypewriter for the deaf.

Southwestern Bell Telephone

*The charges for DACC are in addition to the charge for the Directory Assistance Listing (if applicable) and/or any local or intra-LATA toll charges that would apply to the completed call.

Lawrence Ramirez Runs Marathon In Abilene

Lawrence Ramirez ran the marathon in Abilene, April 6, 1991, after 3 years of training. He ran the marathon in 3:58:26. He says, "I started walking the fitness trail in March, 1988. The first time I walked the fitness trail, it was hard for me. When I got used to walking, I started jogging a quarter mile. I got better and better until I could jog 7 miles. My first race was the Rotan May Fair 5-K run, May 11, 1989. I ran about

6 other races out of town and received 4 first place trophies and 1 2nd place trophy. The next one I entered was the Marathon of the Great Southwest."

Little Dribblers Participate In Tournament

Little Dribblers team Wayn-O's, were in a tournament starting April 1. They had a disappointing first game but went back on Friday and fired up the courts with a dynamic win over Hamlin of 35 to 18. In this game they were plagued with fouls and constant turnovers but the boys kept on the ball and worked hard as a team. Rusty was high scorer with 8 points and Charlie was next with 6 points. Also scoring that night were Chris - 4, C.W. - 4, J.B. - 4, Rueben - 2, Tony - 2, Russel - 2, Michael - 3.

This advanced them into the semi-finals on Saturday. They lost this game by only one point but were congratulated by a lot of the other teams for the excellent job that they did. Chris scored a big 16 points alone. Justin also scored. Even one of the referees told Wayne how good the team looked. Their team had some of the shortest players on them, but the boys were good and played so well that they surprised everyone with their ability. They had a lot of help from many of the mothers by taking the kids to Hamlin and by always being there for them. Wayne Williams coached the team and he said that the boys did very well with only a short season to get ready for the games. When these boys get to High School, watch out, they will be District Champions.

PROPER EGG HANDLING
URGED TO CURB OUTBREAKS**

On Sept. 4, FDA's Retail Food Protection Branch began mailing 3,500 notices of FDA's latest Model Food Codes interpretation to state and local health and food protection agencies and to the food industry, advising them of new recommendations on the handling of eggs.

FDA is recommending that state and local regulatory agencies establish more stringent standards for the handling of eggs to combat an increased risk of foodborne illness from Salmonella enteritidis, a pathogenic organism now thought to be transmitted, in some cases, directly from the mother hen to the

inside of the egg during ovulation, before the egg shell is formed.

The following can be used to answer inquiries:

FDA is recommending that intact shell eggs be redesignated as a "potentially hazardous food." This is a technical designation used to identify foods that require proper refrigeration, cooking and handling, including most meats, poultry, fish, dairy products and cooked vegetables.

Generally, state and local regulatory agencies can establish refrigeration and

cooking requirements only for products so identified. The designation does not imply that a food is inherently unhealthful.

FDA recommends, for example, that retailers be required to keep raw shell eggs refrigerated at 45 degrees Fahrenheit or less until sold or used.

Recommendations for thorough cooking are also made. These cooking times are now suggested by FDA, Cornell University, the American Egg Board and the Egg Nutrition Center:

For scrambled -- one minute at a cooking surface temperature of 250 degrees F.; for poached -- five minutes in boiling water; for sunny-side -- seven minutes at a cooking surface temperature of 250 degrees F. or cook covered for four minutes at 250 degrees F.; for fried, over easy -- three minutes at a cooking surface temperature of 250

degrees F. on one side and two minutes on the other side; for boiled -- seven minutes in boiling water.

(A rule of thumb, FDA advises, is that whole eggs be cooked until the white is completely firm and the yolk begins to thicken but is not hard. Scrambled eggs need to be cooked until firm throughout.)

Other recommendations, particularly to restaurants and other food service operations, include: Do not use raw eggs in uncooked, ready-to-eat menu items; substitute pasteurized eggs and egg products for shell eggs in recipes which traditionally call for raw eggs, such as Caesar salad or uncooked hollandaise sauce; avoid mixing and pooling raw eggs (for scrambling, omelets, French toast and Monte Christo sandwiches, for example) in a container except for immediate use.

Rotan Club Extension Homemakers

The Rotan Extension Homemakers Club met with Hazel Hudnall March 21. Fifteen members and 3 guests attended on April 4 the club met with Oma Long, with Helen Thornburg as speaker on family life and family resources. The program was enjoyed and happy to have her. Thirteen members attended this meeting:

Effie Murphree, Eda Bickerstaff, Wanda Floyd, Aladean Gruben, Bobbie McKinney, Bill Cleveland, Beatrice Hargrove, Ardell Floyd, Callie Shipp, Hazel Hudnall, Hilda Rollins, Mary Posey, and hostess Oma Long. After the business meeting and program, Oma Long served refreshments. The next meeting will be April 18.

Rotan Tennis Team Places In District Play

On April 6 & 8, the Rotan High School Tennis team participated in the District tennis meet held at San Angelo.

Shawna Speck and Vanessa Peek placed second in girls doubles. They will advance now to the Regional Tournament which will be held at Cooper High School on April 24 & 25. Also placing for Rotan were Trey Carrillo and Mark Marshall. They played third in boys doubles.

Others participating on the tennis team are: Debra Martinez, Tiny Carrion, Sharilyn Murdoch, Misty Gruben, Jason Carrillo, Matt Mercer, Ruben Yanez and J.P. Martinez.

THANK YOU

Words cannot express our heartfelt thanks and appreciation for all the kind deeds and well wishes extended to us during the illness and death of our mother and sister Lucy (Bertie) Thomson.

We thank God for the friends who brought food, sent flowers, said prayers, sang songs, and played music. Our special thanks also to the nurses and doctors, the Weathersbees', Rev. Larry Crompton, and our friends and relatives for sharing a memorial for Bertie.

Special thanks to the people who helped serve the food and even those who patted our backs and shook our hands and had a friendly thought for us. We especially appreciate the memorials and the beautiful cards. We love you all and God Bless you.
